

Welcome these Soldiers of Victory!

The "shock troops" of your Government's 4th War Loan Drive—a drive that will raise fourteen billion dollars to put the punch behind the punch that may make the date of doom for the Nazis—will call on you to buy your personal quota of Bonds. For, of the fourteen billion dollars that must be raised in this drive, ten and one-half billion dollars worth must come from individuals.

Welcome these American men and women—five million of them—who are not only buying their share of bonds but are giving their time to call on you, personally.

Every office, every plant, every home, every individual in America has a quota to meet. Your personal quota is at least one extra \$100 Bond. That's above your regular Bond buying.

DO NOT WAIT TO BE CALLED ON! Make your purchases through a member of the local Bond Sales Committees, or from your Post Office, your Bank, your National Farm Loan Association, in fact, from any duly authorized bond selling agency.

THE MESSAGE ON THIS PAGE IS BROUGHT TO YOU THROUGH THE COURTESY OF THE FOLLOWING FIRMS AND INDIVIDUALS:

Serves 6,500 Daily in Italy

The local Corps of The Salvation Army brought to the Leader office a letter received from the Dallas headquarters giving a copy of a telegram received by Col. Gilks from Brigadier Vincent Cunningham, which gives interesting facts concerning the Salvation Army's participation in a service program in connection with the Italian campaign, as follows:

"MAPLE LEAF, Italy.—This town named in honor of the Canadian maple is a recreational center in which the Salvation Army operates a canteen which serves six thousand five hundred men. There are writing rooms, Chapel gymnasium, Post Office, information bureau, entertainment halls, officers' mess and other attractive club features. Bramwell Welbourn reporting that the Eighth Army leaders are proud of the work done by the Salvation Army and attribute the high morale and low incidents of venereal disease to the auxiliary service en-

deavor. Salvation Army officers who serve with the troops at their first landing include Welbourn, Medlar, Newing, McBeath, Ferris. The Salvation Army equipment was destroyed during the landing operation. The Salvationists attached themselves to beach dressing stations. Wounded soldiers are washed, cables and last messages taken for near relatives, solace was given to the dying, the dead were buried and in each case an identifying wooden cross was erected by the Salvationists who buried them. During their duty hours a number of the wounded men were led to Christ. Salvation Army supervisors share the hardships and battle perils with the troops at the front. They have been sleeping in the open since the Sicilian invasion. During the early Italian fighting the Salvation Army provided the forward troops with drinks and food moving up supplies in commandeered trucks. Army equipment included films and these were used for entertainment features. Forty ragged caped British prisoners were rehabilitated. Italian Salvationists are conducting meetings and maintaining operations. "Brigadier Vincent Cunningham."

Must Endorse Gasoline Coupons

Calling attention to a recent ruling in the Federal Court of Judge W. H. Atwell, Dallas, upholding the validity of the OPA regulation requiring endorsement of all gasoline coupons, J. Doyle Settle (District Rationing Executive) has called on all motorists to cooperate in the new endorsement program designed to eliminate the black market in gasoline.

"We motorists can help the filling station man by endorsing our coupons without his having to ask for it," said the rationing executive. "The filling station operator must have them endorsed without exception as he cannot refill his storage tanks without them."

SUFFERS CUTS TO LEFT HAND

Longhorns Defeat Amherst

In a closely contested game here last Friday night, the Spade Longhorns defeated Amherst boys by a score of 23 to 19. The high point man was Donald Hull of the Longhorns with a 10 point count.

"Toughie" of Amherst was next with a count of nine points. Amherst took the lead in the early part of the first quarter and held it until near the end of the second quarter when Hull made three successive long shots from difficult positions. The scores by quarters were 3, 13, 18, and 23 for Spade; and 5, 10, 12 and 19 for Amherst. Chamberlain, Keesee, Hull, Stokes and Davidson

on Monday, February 7, at 10 a. m. According to officers, the docket is clear of Criminal Court cases.

began the game for the Longhorns with Heard and Whitfield entering as substitutes.

The Spade girls defeated the Amherst girls by a score of 25 to 15 the same night. This was a good game.

Both the Spade boys and girls will enter a tournament at Abernathy next Friday, January 21. The boys will play the Abernathy team at 9:30 Friday night and the girls will play Petersberg team at 7:30 the same night.

This week ends the first semester, and semester examinations are

being taken on Thursday and Friday.

The Junior Class is working on their class play which will be presented Friday night, Jan. 28. The title of the play is "A Pair of Country Kids."

Candidate For Commissioner Bob Avery of Whitharral, is a candidate for Commissioner of Precinct 4, Hockley County.

Mrs. E. L. Miller and little son, Edward Lee, of Crane, Texas, spent from Saturday until Tuesday in the home of Mrs. Lola Mae Lichte.

THIS is what we've been working for all along. This is the year to hit and hurt the enemy. This is the time when everything you do counts double. If we all get together and do all we can, we'll be over this hurdle and well on our way to complete and crushing victory.

No question about the men in uniform -- they'll go "all out." But can we count on you to back them all the way? Your quota is where you work -- you've got to buy your War Bonds and then buy more, until every last loose cent

you have is fighting. Tough? Of course, it's tough--unless it is a sacrifice you're simply not doing your share!

Make the sacrifice now--buy more than the extra \$100 Bond your country counts on you for--winning the war is worth any sacrifice you make. Besides,

you aren't giving, you're lending to America! You'll get back every dollar you invest in War Bonds, with interest.

An extra \$100 War Bond now is the minimum for everybody--can't we count on you for more?

This sticker in your window means you have bought 4th War Loan securities.

Let's All BACK THE ATTACK!

LITTLEFIELD

With South Plains Men In The Armed Forces

Cadet Henry J. Koke, 24, son of Mr. and Mrs. Will Koke of 9 miles southwest of Littlefield, was transferred last week from Lancaster

Field, Calif., to Williams Field, Ariz., where he is taking advanced pilot training on a fighter plane.

Cadet Koke has been in the Service three years, and overseas ten months with a cavalry division previous to taking cadet training.

The Leader was much pleased to receive the following letter from Pvt. Xon Lyle from the Aleutian Islands. He is the son of Mr. and Mrs. G. E. Lyle of Valleyview Community.

"I received your newspaper, or should I say Ours.

"I am a former Littlefield boy. I attended Whitharral High School. You probably know my parents, Mr. and Mrs. G. E. Lyle, of Valleyview Community.

"I have been in the Aleutians for almost a year, and your paper really keeps me informed of local happenings.

"There really isn't much I can tell of interest which would pass the censor. We have Eskimos in our hut, and they are smart and clean. I believe people are of the wrong impression of Eskimos. They work hard, and one good thing they are used to Alaska weather. If you would like to have a picture of them and of myself I will send one. One thing we do for past time here is taking and developing pictures. I have a good collection of pictures taken all over Alaska and the Aleutians. I am afraid I won't be able to get home until after the war. We can't come home until we get in 24 mos. and that is a long time without any civilization. Yours.

"XON LYLE."

Paul Hyatt, who has been in the Service about two years, and stationed for sometime at Hawaii, has been transferred, and is believed to be in Australia now.

Lieut. Crawford Bates, stationed in Australia, has been ill again with Dingo Fever, and confined to an Army Hospital. According to reports he was very ill for eight days, but is now somewhat improved.

Roy Byers, Seaman First Class, and a Seabee, who was overseas 14 months, has been taking advanced training the past two or three months at Camp Parks, Calif.

Otis Baker, brother-in-law of Roy Byers, who also served overseas 14 months, is also taking advanced training at Camp Parks.

Sgt. R. Lee Gibson, son of Mr. and Mrs. J. F. Gibson of 2 1/2 miles northeast of town, is now at a clas-

sification center at Biloxi, Miss., expecting to be sent to some field for cadet training.

Sgt. Gibson, after spending nine months in the front line of battle as a tall gunner of a fighter plane, returned from overseas last July on a 30 day furlough. After visiting his parents here he was sent to Hawaii, from which he went on a mission to the Gilbert Islands as a waist gunner on a fighter plane, and after

spending three days there, was notified that he had passed his cadet test, and sent back to the U. S. for training as a pilot. After a 20 day furlough, he has been sent to Biloxi, Miss., where he is awaiting a transfer to a training field.

On arriving at Biloxi Sgt. Gibson wrote his parents, among other things, that:

Orleans. Had a good time out at his place. We saw the Sugar Bowl game. Really was good too. 70,000 people saw it—what a crowd.

"Hope you are all well. I feel fine. They say these exams here are really tough. Hope I can go through them. Try my best anyway.

"This is a pretty place here. A beautiful drive from New Orleans to Biloxi. Only 90 miles."

Miss Billye Jean Hukill And Sgt. E. M. Monnington Are Wed

Miss Billye Jean Hukill became the bride of F-Sgt. E. M. Monnington in an impressive Military wedding ceremony, at 6 o'clock Saturday evening, January 1, at the Army Chapel, Childress, Texas, with Captain Paste officiating.

Sgt. Harper sang "I Love You Truly," and Military Arms and an airway of bombs served to carry the military theme.

The bride was attired in a light blue suit with brown accessories, and carried a white Bible topped with an orchid. The bride's only attendant, Mrs. Alice Wallace, of Childress, chose a light pink suit with black accessories.

The bride was given in marriage by her father, C. E. Hukill.

Attending the groom was M-Sgt.

Edgar Steck.

The bride is the daughter of Mr. and Mrs. C. E. Hukill of Fieldton, Texas. After graduating from Spade High School, she attended Lippert's Business School at Plainview. For the past year she has been employed at the sub-depot supply at the Childress Army Airfield.

Sgt. Monnington is the son of Mr. and Mrs. William Monnington of Overton, Nebr. He has been stationed at Childress Army Air Field for several months, where he is First Sergeant of the Ordnance Department.

Relatives and close friends were present for the ceremony. Following the wedding a reception was held at the home of Sgt. and Mrs. Wallace, and the couple left on a short honeymoon trip.

Mrs. George H. Pittman
Texas, if the history of infantile paralysis runs true to form, faces a second polio epidemic. This warning is sounded by Mrs. George H. Pittman, Dallas, Texas representative of the National Foundation for Infantile Paralysis, in a communication to the 223 county chapters within the state urging all-out support for the celebration of the President's birthday. The fund driving campaign opened in Texas Jan. 18 and will close Jan. 28. The Foundation is sending many thousands of dollars into the state at this time, she said, and is supplying great quantities of supplies, many technicians and doctors, iron lungs and hot packs. It is establishing six training centers for the instruction of nurses in the application of the Sabin-Kennedy treatment. Funds raised through the celebrations finance this program.

This Is Your "Battle Flag" Here at Home

Every patriotic American will want to display this emblem at home—on his front door or in his window. It is the red, white and blue sticker that says you have done your part in the 4th War Loan.

DISPLAY YOUR COLORS NOW!

During this 4th War Loan Drive you are again asked to do something extra to help smash the Axis. Your part is to invest in at least one extra hundred dollar Bond. But don't stop there if you can do more. For remember—no matter how many Bonds you buy—no matter what denominations they are—you get back on maturity \$4 for every \$3 you invest. And that's on the word of Uncle Sam, creator of the safest

investment the world has ever known. So before you look into your wallet—LOOK INTO YOUR HEART. Lamb County has been given a quota of \$690,000. Do your part to help meet this quota. And remember, millions of America's fighters are waiting for your answer, your pledge that you are backing them to the limit.

Looks To Newspapers And Advertisers In 4th War Bond Drive

Newspaper and newspaper advertisers have an important part in bringing before the public the various features of the Fourth War Loan, according to a letter received by the Leader from Secretary of the Treasury Henry Morgenthau, Jr.

Newspapers and those who sponsor newspaper advertising are declared by the Government to have done an outstanding job in all previous war loans in presenting the need for these loans, particularly what they will accomplish in the interests of Victory. In the Fourth War Loan Drive, the Government is looking to the newspapers and their advertisers for a much increased effort in the cause of Victory.

"Again in the Fourth War Loan, we are going to depend heavily upon the newspapers, and upon the businesses who sponsor newspaper advertising, to carry our urgent message to the American people.

"As in the past, these industry-sponsored advertisements will again prove the backbone of our promotional campaign.

"I hope you will pass this information along to those businesses and industries in your community who can and will help sponsor this vital local newspaper advertising.

"The job gets more and more difficult as we increase the amount of money to be raised from individuals. We must reach and convince an increasing number of citizens. We need the help of a good newspaper campaign more now than ever."

Attend the Annual Membership meeting of the Lamb County Electric Cooperative to be held Monday, February 7, opening at 10 a. m. at the Palace Theatre, Littlefield.

Graduates As Combat Navigator

As one of the 1944's first class of combat navigators to be graduated from the huge AAF navigation training base, at Hondo, Texas, David A. Keithley, 26, son of Mr. and Mrs. J. W. Keithley of Littlefield, received his wings Saturday, and was commissioned Second Lieutenant.

Lieut. Keithley's parents and his sister, Mrs. A. R. Hendricks, and her daughter, Kay, all of Littlefield, and Mr. and Mrs. Harold Roberts and young daughter of Brownwood, Texas, sister and brother-in-law, and niece of the service man, witnessed the graduation ceremonies at Hondo Saturday.

With today's accent on air power and long-range bombing, the role of the navigator in the invincible team of navigator-bombardier-pilot assumes a position of unprecedented importance. With each AAF-trained navigator an authority on combat trail-blazing, the airways to Berlin and Tokyo will become more and more familiar to United States airmen as raid after raid lays bare the vulnerable heart of the Axis.

Mr. and Mrs. Keithley, accompanied by their son, Lieut. Keithley, and his wife, arrived home Monday night. Lieut. and Mrs. Keithley will spend a week here, before leaving for California, where he expects to be stationed.

Mr. and Mrs. Keithley enroute to Hondo were joined at Brownwood by Mr. and Mrs. Harold Roberts, who accompanied them to Hondo. They report bad weather on their entire trip, stating it snowed all the way from Post to Brownwood, and to San Antonio; that Central and South Texas experienced the worst snow storm in 50 years; and that the snow was between seven and eight inches at San Angelo.

Log Rollers Assn. Elect Officers

The Annual Log Rollers Association for Camp 3871 of Littlefield Woodmen of the World, was held Monday, January 17, with C. R. Hamilton of Dallas, State Log Rollers Director, in charge of installing the 1944 officers. The program for the evening was as follows: Presentation of the flag, and then the pledge to the flag; music was played on violins and guitars by a group. Following this, officers installed were: A. McDonough, Casual Commander; W. E. Yearly, Advisor Lt.; O. G. Lichte, Banker; W. D. Chapman, Escort; Ollie Davis, Watchman; C. C. Mauldin, Sentry; J. C. West, Team Captain; H. N. West, Secretary; Bob Cox, Floyd Collins, and Jack Smith, Auditors; and W. D. Chapman, Fieldman of District 7. Following the installation of officers, the camp was presented with a picture of Farrer Newberry, President of the Woodmen of the World, for W. D. Chapman selling the second most insurance in the State of Texas. An "old time barbeque" was enjoyed.

Pat Boone—

(Continued From Page 1)

on our county over-subscribing our quota in the drive. He made this statement: "You may think that the boys in Service are not noticing what their home towns are doing in the purchasing of war bonds, but they are, and with this spirit behind us we will never lose."

"I have received other letters similar to these, and I have talked with many boys who are back from the battle zones. They all make similar statements.

"Many people have asked me about cashing bonds which they have purchased. If they buy these bonds, can they cash them when it becomes necessary? Any time after sixty days "E" Bonds may be cashed. Any time after six months F and G Bonds may be cashed. I take great pride in reporting that the 19th Congressional District of which Lamb County is a part has cashed less than 1 1/2 per cent of all bonds purchased, which is the best record of any Congressional District in the Nation. The Nation as a whole has cashed over 6 1/2 per cent.

"Mr. Stone, who did extraordinarily good work in the last drive will again act as Special Drive Chairman of the Fourth War Loan Drive.

"Again I want to call on all of my chairmen with their committees to start their drive at once and complete it as early as possible.

"I also want to ask every person in Lamb County to make his plans for participation in this Fourth War Loan Drive. Let us back the attack with Bonds."

Mr. Cheshier also made an interesting appeal to the people of this area to buy Bonds; Mr. Yarbrough addressed the Amherst residents over KICA; and a number of patriotic songs between the talks were rendered by the KICA Personality Girls, with Nelva at the Piano.

Women of America IT'S UP TO YOU!

OUR ENEMIES have boasted that American women are pampered, luxury-loving morons who would be of no help to our fighting men at war. But — they were wrong. American women everywhere are doing a bang-up job—in the service, in industry, in business, on the farm and in the home.

But—bigger incomes are tempting some women to buy luxuries they've wanted, perhaps for years, but which they don't really need now. Every true American woman prays that the war will end—soon. But you've got to do more to hasten

victory, for 1944 is the year of decision. You've got to do your full duty by our boys at the front by keeping up your regular purchases of War Bonds by buying at least one extra \$100 Bond during this Drive and by saving every cent you can in the world's best investment—War Bonds of the Fourth War Loan.

When the war is over, you'll have a lot more money to buy what you want. Meanwhile, you can exult in the knowledge that you are fighting for your country in the most effective way possible. Women of America—it's up to you!

This sticker in your window means you have bought 4th War Loan securities.

Mrs. Mike Brewer was admitted to the Payne-Shotwell Hospital Monday suffering from a deep cold. She was reported Saturday as doing fine, and was released from the hospital.

Pfc. Travis W. Jaquess, son of Mr. and Mrs. L. W. Jaquess of Earth, and brother of Mrs. Lyle Brandon, who is with the 11th Medical Corps, "somewhere in Italy," which follows the infantry, wrote the following interesting letter to his wife:

"They told us we could report about being in action so will try to tell you a few things about what I have done and not about the division. I guess you know by now that I made the invasion. I guess I was lucky because I didn't have any trouble at all until after daylight. The first shell that hit close to me wounded a Lieut. and one Pvt. It was a pretty good size German shell of some kind. The Lieut. was hurt pretty bad, one arm broken, two head wounds and several small ones. The Inf. boys came running back and hallowed for Medics. I was the only one close so I went up and went to work. I was a little nervous to start with I'll admit. He was my first casualty so I didn't know just how to start. A Sgt. came along and helped me. You know I am supposed to be a liaison man but we didn't have our collecting station set up so there wasn't much for me to do except first aid work. About 30 minutes after that a German half-track came along and I dropped in an irrigation ditch until it passed. Then I heard the Infantry boys calling me again. The halftracks had shot a Captain and a Cpl. They weren't so bad so I took care of them myself. I wasn't even nervous but I got a little sick about 30 minutes later. I don't know why. I found Short and his ambulance about noon and worked the rest of the day with him on the ambulance. We found the Co. a little before dark and we sure were proud to see the boys.

"A bomb hit about 20 yards from Dysart's and my foxhole one night. We had decided to take our chances together. It tore a hole about 20x20x15 and rolled dirt in on us. We dug Dub Lewis, the cook, out and sent him to the hospital. He is getting along fine. You should have seen Dysart and I shaking in our Foxhole that night. Those German 88 artillery shells will make any

one dig in. They sure do whistle and everyone sounds like they are coming right into our foxholes. Since Uncle Sam has got set good in Italy though most of the bombs have been falling on the Germans. They don't seem to digest our bombs and artillery very well. They won't let us write about dates, places or deaths yet. It was a little rough though. So far I haven't got a scratch and don't expect to. Please don't worry about me. The Lord is taking care of me. DON'T WORRY.

"All My Love,
 "TRAVIS."
 Mrs. Travis Jaquess is a member of the Spring Lake School Faculty. Pfc. Jaquess is with the Medical Corps which follows the Infantry which Dick Stansell is with.

Pfc. Stephen T. Hammock, son of Mrs. Lillie Pearl Hammock of near Sudan, recently completed an intensive course in radio operator-mechanics at the Technical School, Army Air Forces Training Command, Sioux Falls, South Dakota. In addition to attending school, he went through a rigid drilling and physical training program in order to be fully prepared to take over an assignment in a combat area, if necessary.

He is now prepared to join the crew of a bomber, or to take up any other radio duties to which the

AAF Training Command may assign him.

Second Lieutenant Alvin R. Gerik, Navigator on a heavy bombardment crew, is completing his last phase of combat training at the Alamogordo Army Air Base, Alamogordo, N. M., and expects to be soon sent overseas. He is the son of Mr. and Mrs. J. F. Gerik of Pep, Texas, and attended Pep High School. He was graduated from the Selman Navigation School at Monroe, La., Nov. 13, 1942.

S-Sgt. Elbert Bell, 27, another son of Mr. and Mrs. Wess Bell, has been in service since January, 1942; is a cook in the Army, and is now "somewhere in North Africa."

Suggestions For Peace

American thinking, in respect to world affairs, will show an increased maturity when there is a broad realization that a nation or people need not imitate another political or social structure in order to get along with them as friends.

Most foolish worrying will be dispelled when Americans accept the fact that one need not be a Communist to affiliate for purposes of peace with Communist Russia. Any more than one need to be Chinese in order to cooperate with China, or Moslem to work with the Turks, or Dutch to be friends of Holland.

Soviet Russia is ideologically no more attuned to the United States than Capitalistic America is to Russia. Nor for that matter, was republican United States kin to Czarist Russia in the old days, or vice versa. The important element in international affairs, which makes for peace, is not a slavish adoption of another nation's political, religious or social forms, but the recognition that in certain sectors some nations have an identity of interests with other nations.

Russia's form of government, particularly its form of economic structure, may be anathema to the United States, but as long as the Russians stay within their own spheres of influence and agree to let the United States do the same, Americans have no plausible reason to complain.

In any event, it is plainly to the interest of the American people that the 180,000,000 Russian people remain on their side in the event of possible international controversies, rather than go over to some coalition of enemies. The same may be said for the 500,000,000 Chinese who belong, by tradition and friendship, at America's side in the postwar concern of nations.

An important consideration is that if the United States does not have the good sense to accept the 180,000,000 Russians as friends it may lose the 500,000,000 as well! In which case this country would be starting off with some 680,000,000 hard fighting people in an opposite camp which, particularly if supplemented by the 350,

Good Neighbor Policy

Elders and chieftains of the Gilbertese on Abemama have formally ratified the Marines' occupation of their island.

Abemama—"Land of Moonlight"—lies only 80 miles from Tarawa, but it is difficult to imagine that they are in the same world. Tarawa today lies a blasted shell with hardly an inch of its coral soil unmarked by the surge of battle.

Abemama is the Hollywood director's dream, the perfect South Sea Island. One expects to find a movie star back of each waving coconut frond and to hear the tinkle of soft guitars from the beach of each lagoon.

Twenty-five Japanese defenders—a handful isolated by the annihilation of their main garrison on Tarawa—chose hari-kari before the Marines arrived, so that not a shot was fired as the men waded ashore. They were met by grinning native families, eager to become friends.

Major G. L. Holland, British director of education for the Gilberts, who returned to his post with United States troops, told assembled native chiefs: "The Japanese told their men the Marines could not drive them out in 100 years. They were right. They are still there." The natives, whose sense of humor is highly developed, laughed and applauded for fully five minutes.

The natives quickly set up the Gilbertese equivalent of a soft-drink stand. A 13-year-old brown-skinned boy rapidly climbed a coconut tree and began throwing fruit to the ground. One of the women set up a sharp stake in the ground and quickly stripped the coconuts of their husks. Another cracked them open with a single deft blow of a native hatchet and passed out the open cups for the Marines to drink their fill. The Marines gave the natives chewing gum, cigarettes, malt drops—whatever they could find in their rations. It was the good-neighbor policy at its best.

000,000 now on-the-fence Hindus, would be an all but irresistible force.

With South Plains Men In The Service

G. W. (Uncle George) Rodgers of Littlefield has two grandsons and one grand-daughter (all children of his daughter, Mrs. J. R. Rodgers of Covington, Texas) in the service, of which he is rightfully proud.

Lieut. Horace C. Rodgers has been awarded the Distinguished Flying Cross in England. The decoration was in recognition of his participation in a bombing raid over France in August last. He previously was awarded the Order of the Purple Heart for wounds sustained in that raid, in which he was a co-pilot on a B-26 Marauder Bomber. He was released from the hospital in September and returned to duty.

Lieut. Rodgers entered the service in November, 1940, the same year he was graduated from Ranchvale High school. He received training at Randolph Field, Mitchell Field, N. Y., Philadelphia and Baltimore, Md., before receiving an appointment for cadet training. Flight training was received at San Antonio, Brayton Flying School, Cuero, Texas, Perrin Field, Sherman and at Ellington Field, Houston, where he received his wings and commission, December 10, 1942. He left for overseas duty in May of last year.

The following appeared in the "Stars and Stripes," printed in England, regarding Lieut. Rodgers' trip over France, in which he was taking the place of a missing Co-Pilot, but he is a Pilot and Captain of his own crew:

A. U. S. MEDIUM BOMBER STATION, England, Sept. 5.—With a three foot hole in what there is of a B-26 wing, the Marauder Idiot's Delight II came back to England after a raid over France last week.

Focke-Wulf 190s attacked the plane 15 miles off the European coast, shot away its tail turret, aileron control cable and half its rudder surface, punctured a gasoline tank, knocked out the fuel transfer pump and blew the big hole in the right wing.

One 20mm. shell penetrated the cockpit, injured the co-pilot and started a fire among flares. Smoke filled the cockpit and the pilot couldn't see the instruments.

"With my rudder and ailerons gone, I started to reach for the alarm bell, but then waited to see if I could control the ship," F-O Frank M. Remmele, of Roswell, N. M., the pilot, said after he had brought the plane down on an emergency landing field solely by manipulating the throttles. Before coming in to land Remmele asked if anyone wanted to bail out, but he received no reply and the entire crew stayed with the ship.

CARRIED WATER IN HANDS TO PUT OUT FIRE!

With Remmele fighting to keep the plane in the air, the co-pilot, Second Lieut. Horace R. Rodgers, of Covington, Texas, and S-Sgt. Ralph Morrine, of Philadelphia, extinguished the flames. Morrine put some burning flares, which had been ignited, in his helmet, chopped a hole in the rear bomb bay and dropped them out. He then extinguished another fire by carrying water in his hands, and later administered first aid to Rodgers.

After the bombs were dropped, the bombardier, Second Lieut. Ross H. Buk, of Herndon, Kans., took over the co-pilot's duties. The plane was forced out of formation, but

was protected by Spitfires until it reached the emergency field.

Crew members explained that the fighter plane that shot off the tail turret came within 150 yards of the ship. S-Sgt. Chester N. Manning, of West Medway, Mass., said, "He came right through my fire. It started me to look out there and see nothing where the plexiglass, sight and ammunition were before."

A brother of Lieut. Rodgers, Sgt. G. W. Rodgers, named after the Littlefield man, is with the ground crew of the Army Air Forces in Italy; and his sister, Cpl. Johnnie Robert Rodgers, serving in the Army Air Force WAC detachment at Boca Raton Field, Fla.

Sgt. G. W. Rodgers finished Ranchvale High School in 1940, and enlisted at the same time as his brother. He received training at Randolph Field, Chanute Field, Ill., Jefferson Barracks, Mo., Freno, Calif., Will Rogers Field, Okla., and Langley Field, Va. He went overseas in October, 1942, and served in North Africa and Sicily before going to Italy. He is a propeller specialist.

Cpl. Johnnie Rodgers was graduated from Abernathy High School in 1935. She entered the service Feb. 15, 1943, and took basic training at Des Moines, Iowa, before going to Boca Raton Field.

The Rodgers family resided at Abernathy from 1924 until December, 1935.

Pvt. Everett Bell, 20, son of Mr. and Mrs. Wess Bell, in the Service since February, 1943, went overseas in August, and is now "somewhere in Italy." He is with a tank division, and writes that he likes Italy fine.

Pfc. Clib T. Whisenhunt has been in the service two years, and overseas connected with an Infantry Division 19 months. He has participated in at least three major battles, in Guadalcanal, Russell Island and Villa Lavella Island, located in the Solomons area.

"Guinea Gold," Soldier Newspaper, Interesting

Lieut. Bill Street, with the Army Postal Service somewhere in New Guinea, has sent his parents, City Secretary and Mrs. W. G. Street, a copy of "Guinea Gold," soldier newspaper published "In the Field." This is a four-column tabloid size newspaper with five pages devoted to news and three pages to features. The copy of "Guinea Gold" received by Mr. and Mrs. Street was dated Sunday, December 12. Developments on all war fronts are given outstanding prominence, but there is a wealth of other news from many parts of the globe, including the United States. The magazine section, a part of which is printed in colors, includes colored comics. Well Edited Publication "Guinea Gold" is a well edited publication and is packed with in-

formation. Though small in size, "Guinea Gold" contains more information and in greater variety than most publications many times its size. The editors of this publication are worthy of the highest commendation for the excellence of their publication.

Here's a glance at some of the headlines on the front page: "Spectacular Russian Gains Inside Dnieper Bend," "Kiev Bulge Position Stabilized," "Nazi Line Cracked," "Stalin Gives Churchill New 'Victory' Sign," "Turmoil In Bulgaria Following Heavy Assault on Sofia by Allied Bombers," "Arrests in Denmark," "Girl, Aged 15, on Bigamy Charge."

The second page is devoted chiefly to news from Australia and America; the third page features a full figure photograph of Betty Grable "whose position as the U. S. Army's No. 1 'pin-up' girl is challenged by Rita Hayworth; the fourth and fifth pages are chiefly given over to comics; the sixth page to news comment; the seventh to war news, general news and horse racing, and the back page to war and general news, with the activities of Canadian troops featured in several of the headlines.

In every way, "Guinea Gold" is an interesting publication, not only to the man in uniform, but to civilians.

Plenty of Fresh Vegetables

In a letter received from Lieut. Street by his parents, written on Christmas Day, Lt. Street said that one couldn't believe that it was Christmas . . . that it had been pretty and clear all day . . . and that they were "suffering from a drouth because it hadn't rained for four days. It usually rains every night in New Guinea, the Littlefield man advised.

Lieut. Street reported in a recent letter that the military authorities had planted 140 acres in vegetables for service men, near where he is stationed, and that they were having plenty of fresh vegetables.

With South Plains Men In The Armed Forces

Lieut. Samuel Ervin Blessing, with the Air Forces, stationed "somewhere in England," has been promoted from a Second Lieutenant to a First Lieutenant, according to a letter received by his cousin, Mrs. O. K. Yantis, Jr., Christmas Day.

Aviation Cadet Herbert Martin, Jr., has passed the class examinations at Santa Ana, Calif., and classified as a Navigator, has been assigned this week to the B-N (Bombardier-Navigator) School.

A-C Martin has been in the service since May, 1943. He took his basic training in Amarillo, and while there passed his aviation Cadet examination. He took his preliminary work at Tempe, Ariz., and was then sent to Santa Ana for classification, and there he was classified as a Navigator. He expects to be at Santa Ana eight weeks, following which he will take gunnery.

Sgt. H. W. Bradley arrived Friday on a three day pass, visiting his wife and mother, Mrs. H. W. Bradley, Sr.

Sgt. Bradley is a mechanic in the ground crew of the Air Forces, stationed at Roswell. He left Monday morning to return to his airfield. Sgt. and Mrs. Bradley have a

young son born at the Amherst Hospital December 5, whom they named H. W., Jr.

Mrs. Bradley is making her home with her parents, Mr. and Mrs. W. M. Weatherley, at Spade, in her husband's absence.

Private First Class Ed E. Hestand, son of E. A. Hestand, Star Route, Hart, Texas, has completed training and has been graduated from the school of the Army Air Forces Training Command, at Chanute Field, Ill. While attending this Army Air Forces Training Command School he received instruction in the machinist course and in various technical phases vital to the maintenance of the country's fighting planes.

Aviation Cadet Auda Elbert Luttrell, 23, son of Mr. and Mrs. William H. Luttrell of Sudan, has completed basic pilot training in the Army Air Forces at Chico, Calif., Army Air Field.

Cadet Luttrell has been transferred to Douglas, Ariz., Army Air Field for advanced pilot training. Upon completion of advanced training he will receive his wings.

Aviation Cadet Kenneth O. Robertson, amateur boxer and former high school football star at Littlefield, has forsaken the gridiron and the squared circle, temporarily at least, as he bends his efforts toward winning those silver wings.

Robertson, 19 year old son of Mr. and Mrs. Don B. Robertson, Route 1, Sudan, is now stationed at the San Antonio Aviation Cadet Center, receiving his preflight training.

Winner of varsity football awards in 1941 and 1942, Robertson also punched his way to a District Golden Gloves championship at Lubbock in 1942.

Mr. and Mrs. A. F. Jones of Littlefield recently received the following letter from their son, Sgt. Volos Jones, formerly of this city, cotton buyer:

"Just a line or so to say hello. Nothing much new happening. Still rains plenty in Africa. Just like it was last year when we got here. My oh my, but that was a sad case. Got off the boat about one o'clock in afternoon and hiked until about two next morning before we could find a suitable place to pitch camp. Had a full pack on my back that got heavier every step. Had no means of transportation except walk. Camped on side of steep hill in mud and rain and was almost cold enough to freeze. Didn't bother to pitch my tent. Just fell down and went to

sleep. Oh, well, guess plenty of boys have had much worse than that, though.

"Love,
"VOLOS."

Pat Boone made a trip to his ranch near Elida, N. M., Friday returning the same day. He reports losing four calves in the last cold stormy spell in that area.
