

## 30 Days Old But Premature Baby Will Live Because Of Kind Nurse

HER NICKNAME IS PEANUTS

### Colored Child Now Weighing Three More Ounces Than At Birth

BY DON PERRY  
She is so tiny, dark and almost lifeless and her nickname is "Peanuts," to the nurses who take care of her at Littlefield hospital.

But she had a birthday Sunday and folks at the hospital were just as proud of her as they would have been for the success of a major surgical operation.

For you see it's been a life or death battle for Miss Barbara Dawkins, daughter of Mr. and Mrs. Johnny Dawkins of Anton. She is a premature baby and still that way by normal medical standards even after one month of incubator time.

"Peanuts"—and that name is used only in a loving sense—arrived Dec. 2, weighing 2 lbs. 13 oz. The 30 days that followed showed even more ounce loss in weight but Sunday she hit the scale at 2 lbs. 14 oz.—a gain of three ounces since birth.

And to whom goes the lion's share of credit that the baby is still living? Nurses at the hospital say it belongs to a smiling practical nurse—age 53—who has raised a family of five herself.

The nurse is Mrs. Agnes Johnson, 502 S. Ripley, and her fellow workers say she looks after the baby more carefully than any other.

And Mrs. Johnson admits she gives it more care because as she puts it: "when babies are that way—regardless of race or color—they are so helpless they can't even cry to make their wants known."

Right after birth the baby could only take five drops of milk. But today it is hitting six ounces in an eight hour period and when Mrs. Johnson goes toward the incubator it gives out a faint cry and commences slight arm and leg movements.

"The baby knows and remembers Mrs. Johnson," one nurse said, adding, "it's all we can do to keep her from taking the child home with her and staying up with it all night." The child was delivered by Dr. Claude Ballard.

### Police Sift Olton Burglary

OLTON — County and Texas Rangers were investigating the burglary Monday night of the Cashway store here which resulted in the theft of about \$42 and damage to the building.

Officers reported that entrance was evidently gained through an air conditioner and that the burglars tore off a rear door and did other property damage.

### HAYRIDE SHOW HERE JAN. 14

The Louisiana Hayride show will be held at the Littlefield high school auditorium Friday, Jan. 14 at 8 p.m.

The highly jammed show will feature Billy "Thank You For Calling" Walker, Peachseed Jones, the Travelling Texans, and others.

### FENDER BENT

Littlefield city police reported a fender bending wreck Sunday. According to reports a car driven by Jesse Harrell was struck by a car driven by Sammy Richardson.

Robinson also reported that during the last three months of 1954 the Army had been forced to stop transient relief, with the exception of meals furnished, because of low finances. He reported that 1954 receipts were \$12,110.07 with \$13,107.67 expenditures and some bills still outstanding.

Present for the meeting were Mrs. Farmer, C. A. Miller, Mr. Renfro, Harold Clements and Lt. and Mrs. Robinson.

## Financial Resignations of Salvation Army Board

Financial problems and the resignation of several members of its advisory committee hit the Littlefield Salvation Army this week.

## Worker Hurt in Rig Accident Tues.

Well drilling rig accident Monday morning resulted in a injury for a 26 year old work-

Arts Clinic Hospital reported that Billy Oliver Isabell, 26, was admitted to the hospital treatment about 2 a.m. He is employee of George P. Liver-

According to reports, Isabell while making the Kelly 4-ton section drill pipe off when the end lugs reversed, striking him on the leg.

## Sudan Men Arrested With Burglary

Sudan men waived preliminary hearing and bond was set at \$500 each for district court jury action by Magistrate Glenn Tuesday afternoon they were charged with seizing the farm home of an area farmer.

Attorney Curtis Wilkerson said the men—Leon "Pete" and A. Dewey Sharp, were charged with burglary of C.C. Tomes farm north of Amberst on New Year's Eve and a wrist watch were stolen.

Officer Monday were arrested by Sheriff McLaughlin and L. Randolph Wilkinson.

Statement admitting participation in two other area farm burglaries had been signed. They are still in jail in default of

## It Is Time to Bone Up, Kids

Littlefield high school students will take their final exams on the first semester's work Thursday and Friday, Jan. 13 and 14. Principal Glenn Reeves said yesterday.

He said the first four periods would take exams Thursday and the last two periods on Friday.

D. W. Bawcum spent the past week-end visiting in Hyton, with his parents, Mr. and Mrs. W. L. Wagoner.

# Bank Deposits Hit New Record With 20 Per Cent Local Increase

## Brumbelow To Be Speaker For LHS Football Banquet

Mike Brumbelow, head football coach at Texas Western college at El Paso, has been secured as speaker for Littlefield high school's annual football banquet which will be held Monday, Jan. 17. Principal Glenn Reeves said yesterday.

Reeves said the banquet had been postponed several times both because of the school's extended football season and inability to find an open date for Coach Brumbelow. But he said Brumbelow had confirmed he would be available Jan. 17.

The banquet is sponsored by the school pep squad and football players are recognized. Reeves said jackets may be presented at the banquet in the school cafeteria.

## Olton Lot Sale Averages \$58

OLTON—City Secretary Vaneta Stovall reported that 54 lots sold Tuesday morning in Littlefield by County Sheriff Dick Dyer averaged \$58.25 each.

The lots which were sold for delinquent taxes were taken up in two hours. At another tax sale last month, 41 lots were sold at an average of \$101.25 each.

## Three In Austin For School Meet

A school administrator's meeting which began in Austin yesterday and will continue through tomorrow, is being attended by three men from Littlefield.

Making the meeting are Superintendent Jerry A. Lumsden of county schools, former county superintendent Ernest Jones, and Littlefield Superintendent Ralph Schilling.

## Here's A Good Chance to Help—

### Dimes Drive Donation Cans Distributed In County. Promotions Are Still Needed

Chairman Howard Horne of the Lamb County March of Dimes drive reported this week that a 1955 campaign was "well underway" with the distribution of donation cans throughout the county.

But Horne said there is still a great need for individuals and groups to take the initiative in promoting the Dimes drive through sponsorship of projects which would result in funds for the worthwhile campaign.

"If we can have the ladies of clubs and church groups sponsor March of Dimes coffees, the collections at civic club meetings and generous donations from individuals of help combat this terrible scourge of mankind, then we may feel proud as county citizens

## Earlier Cotton Harvest Brings About Hike; Best Year Since '49 For Farms

Deposits in Littlefield's two banks reached record proportions at the close of business Dec. 31 adding more proof that the county had a bumper agriculture year.

## Spade Road Accident Puts Man In Hospital

Wayne Rudd of Cotton Center was a patient in Littlefield hospital Monday for a fractured collar bone, suffered in an automobile mishap on Farm Road 54 between Spade and Abernathy Monday morning.

Highway Patrolmen Bill Dav-enport said evidently Rudd's car had gotten out of control, skidded and overturned.

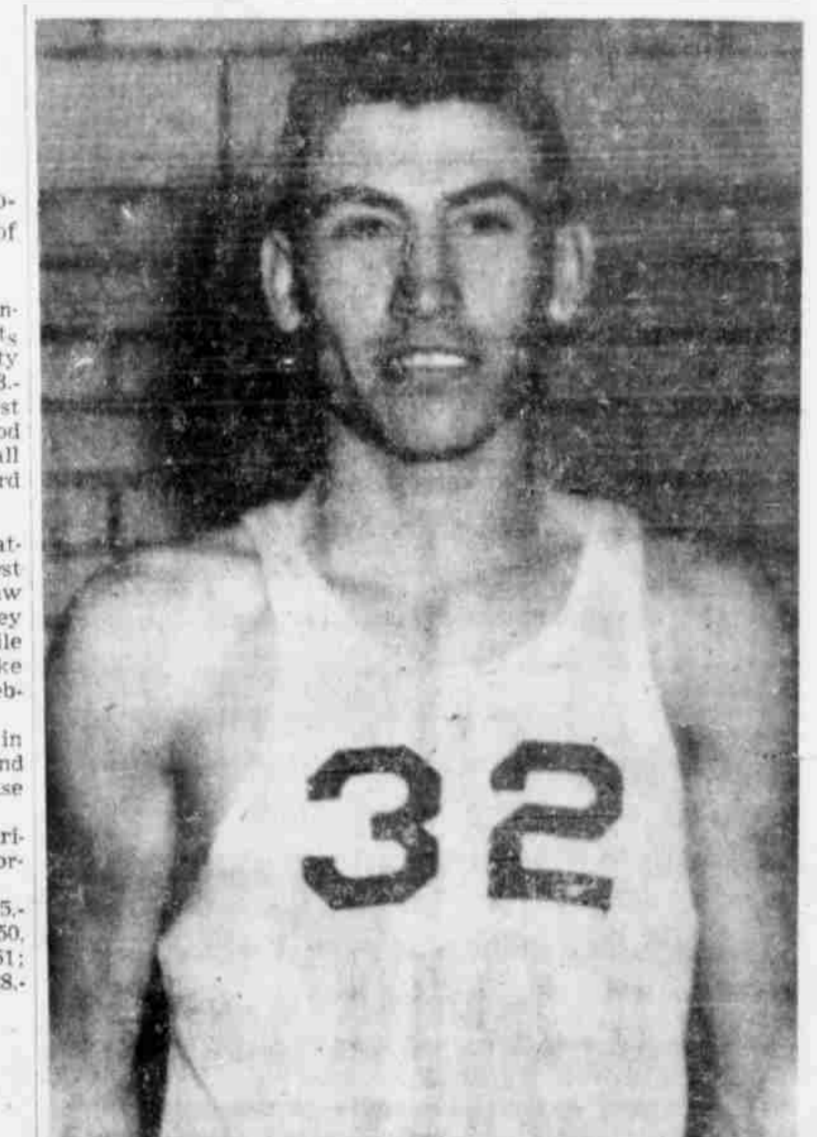

## School Additions Construction Are Jammed By Jams

The classroom additions to the high school and primary buildings this week were in a jam because of jams—if you'll pardon the pun.

School Superintendent Ralph Schilling reported that there has been a delay in the arrival of door jams for the new additions, delaying construction. He said the additions now would probably be ready about March 1. Work had begun in September.

When the building program is completed, some 35 new classrooms will have been added to the school system. The primary addition will have eight classrooms, the high school addition four, and the new building, completion of which is expected before September, will have 23.

Rev. Leslie Huebner, pastor of St. Martin's Lutheran church, returned from a holiday visit with his parents in South Texas.

AT A MEETING of the varsity basketball team Monday the Littlefield Wildcats elected Joe Giddens as 1955 basketball captain. Giddens was named to the all-tournament team last week at Levelland where the Wildcats won one and lost two. He was high point man for the Wildcats in two of the three games. Joe is a senior and was a valuable player on last year's Wildcat "B" team due to an ineligibility rule which kept him off the varsity. Joe is the son of Mr. and Mrs. Willis Giddens.

## Choir Liked By Audience

The program presented Monday by the choir of Eastern New Mexico university before students and faculty of Littlefield high school was enthusiastically received.

Robert E. Page, conductor, commented that he could not decide whether they were music lovers or just did not want to go back to classes, but superlatives such as "marvelous" and "simply wonderful" were floating in the halls after the performance which included spiritual, classical and popular numbers.

The boys will not play in this meet until Friday at six p.m. when they take on the Sundown "B" team. Sundown will be favored to win their own tournament and their "B" team is not an indication of any weakness on any part of the players. Their "B" team is just another way of entering two teams into the tournament.

The Wildcats showed improvement at the Levelland tournament last week and with more practice and play they will probably make a good showing for the school.

Mr. and Mrs. Raymond Woods and children of Greensburg, Kan. were week end visitors in the home of Mrs. Woods sister, Mrs. Ernest Hock.

## Nearly Half Inch Of Rain Recorded Here This Week

Lamb county started the New Year off with a drip this week with 39 one hundredths of an inch of precipitation recorded at the Western Cottonoil co.

Sunday's drizzle accounted for 4 one hundredths and the downpour—accompanied by thunder and lightning—Tuesday night brought down to the parched fields some 35 one hundredths of an inch.

Other spots in the county probably got more moisture than Littlefield with one Sudan observ-

reporting 70 one hundredths here. Figures compiled by Western Cottonoil showed Littlefield far ahead in precipitation for the year with 11.95 inches recorded compared with 11.50 inches. But the bumper moists still 1949 which recorded 11.95 inches. Yours is: colors: Sun Green, others.

# Earth Farmers and Businessmen Form Association To Get Rural Telephones

Twenty-nine citizens of the Earth area formed an association Monday night to promote building a rural telephone exchange in the Dodd area north of Earth. They elected Albert D. Taylor, president, Enos Harper as vice president and B. Campbell as secretary-treasurer.

The club adopted the name "Earth Telephone Association" and said everyone interested in rural telephones is automatically a member and welcome to participate in future actions of the association.

The association's officers were directed to find out from Five Area Telephone Cooperative what it will take to get an exchange built north of Earth, and then to commence efforts to accomplish it. Taylor reported that a substantial sum of money had already been pledged by Earth businessmen to help put the project across.

Before making the decision in favor of an exchange, the group discussed at length two other possibilities. One was building rural lines out from the Earth exchange and the other was to just go ahead and join up with the Lazbuddie exchange, which will be connected to the Muleshoe exchange.

They discarded the Lazbuddie idea because they wanted to be connected to Earth, and they dropped the rural lines idea because it was too costly and because it would be almost impossible to add new homes to the lines after they were built. The government had previously

turned down the co-ops' request for an exchange near Dodd on the grounds that it would not pay out. However, if local people paid a part of the cost of construction, thus reducing the government's loan, and if enough additional subscribers can be obtained, it is believed that the exchange might be approved for an RTA construction loan.

No one knew just what amount might have to be raised but the figure of \$15,000 was considerably in the discussion. Taylor was of the opinion that this amount could be raised, if it would do the job.

The meeting followed by two weeks a conference between Earth civic leaders, an organization president, and officials of the co-op program.

The subject series up for consideration tonight will be "Great Men and Great Issues in our American Heritage." Members of the group will decide whether they will pursue this course of study during future meetings. The group recently completed studying the series of "World Affairs Are Your Affairs."

A film on Andrew Jackson will be shown and will be discussed. Membership in the Adult Education group is free of charge and it is hoped that many new persons who are interested in participating in the discussion, will attend tonight's meeting.

Mrs. C. A. Joplin reported that Littlefield's Education group had been requested to submit three nominations, in addition to herself, to attend the Tech forum. Theme of the forum will be "What Makes West Texas A Region?" and an attempt will be made to form a West Texas Council on Adult Education.

LITTLEFIELD HIGH SCHOOL'S 1955 VARSITY BASKETBALL team which will enter the Sunday tournaments this week end is shown with Coach Gene McPhail. ### Put Up Pickles And Relishes For A Big Family Treat

By CECILY BROWNSTONE  
Associated Press Food Editor

**FOLLOW A TRADITIONAL AMERICAN** kitchen custom—put up some pickles and relishes. You don't have to make them in the huge quantity your mother or grandmother did—row on row of shining jars to fill ample storage bays—three to six pints—and shelves. You can put up a small batch—three to six pints—and have old-fashioned satisfaction and wonderful eating.

Open a jar or two to serve with sliced ham and thin slices for a cold buffet. Hoard the other jars to use when company comes for winter suppers. You'll enjoy announcing that they are homemade; your family will beam with pride; your guests will feel specially honored!

**SWEET PICKLE CHIPS**  
Ingredients: 4 pounds pickling cucumbers (3 to 4 inches long), 1 quart distilled white vinegar, 3 tablespoons salt, 1 tablespoon mustard seed, 1/4 cup sugar, 3/4 cup sugar, 1/4 cup sugar, 3 1-3 cups distilled white vinegar, 5/8 cups sugar, 2 1/2 teaspoons celery seed, 1 tablespoon whole allspice.

Method: Wash and prepare cucumbers thoroughly, scrubbing with a small vegetable brush; do not peel. Mix with 1 quart vinegar, 3 tablespoons salt, mustard seed and 1/4 cup sugar in large saucepan; simmer, covered, for 10 minutes. Drain; discard liquid. Place cucumber slices into hot sterilized jars. Meanwhile heat 3 1-3 cups vinegar, 5/8 cups sugar, celery seed and allspice together; stir until sugar is dissolved, then allow mixture to reach boiling point. Allow to simmer while filling jars to within 1/2 inch from top. Be sure vinegar solution covers vegetables. Seal each jar at once. Makes 5 pints.

**SOCIAL SECURITY DISCUSSION MONDAY**  
A representative of the Lubbock Social Security office will conduct a question-answer period on farm Social Security matters, Monday at 7 p.m. at the county courthouse, Manager Mickey Stephens of the Lamb County Farm Bureau, sponsor of the meeting, announced.

Jesse Owens still holds five Western conference track records.

**Amherst Couple Has Car Wreck**  
AMHERST—Mr. and Mrs. Harry Phelps received minor injuries when their automobile was demolished last week while returning from a visit with relatives at Maritou, Okla.

Their car was involved in a collision with another at Vernon during a snow storm and the Phelps had to purchase a new one.

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

AUSTIN, Tex. No one envies the job of the Texas legislators who convene here on the 11th. They must solve the state's biggest financial problem in years. Cut out for them is the task of: (1) providing more money for increased enrollment in public schools, (2) finding additional funds for public welfare and (3) locating constructive dollars to maintain and enlarge highways.

A heavy load of students due for the next two years will add \$24 million to school expenditures.

Public welfare increased by a November constitutional amendment will take \$16 million more over the same period.

An estimated \$50 million per year is needed for highway maintenance and construction.

Education, public welfare and highways already take 90 cents of each tax dollar. And there is pressure for more money from other quarters.

In the general fund is slightly more than \$12 million.

**WHAT TO DO?**  
A two-cents per gallon increase in the gasoline tax, one proposal. Present tax is four cents state and two cents federal. That would meet highway needs.

Adding \$2.75 per barrel to the present \$2 per barrel beer tax is another proposal. This would bring in an estimated \$10 million annual revenue.

College fees may be asked to increase the present \$24 per semester tuition fee to \$50. That would bring in \$3.5 million more per year.

Legislators are giving national gas production a 1954 tax law allowed a levy on the market value of the well with a one percent tax reduction each following year.

Mrs. F. O. Holder of Borzer visited his uncle and aunt, Mr. and Mrs. Jim Gray and other relatives during the New Year week end. They attended the ball game at Lovellland while here.

Charles Parker who is in the service is home on leave visiting his parents, Mr. and Mrs. Hobb Parker.

**GO TO PARWELL**  
Mr. and Mrs. Jack Grace visited Mr. and Mrs. Curtis Jones at Parwell Sunday.

Dorman Shacklevy has returned to Louisiana after spending the holidays with relatives at Anton.

Johanne Horner Jr. spent the week end with his parents, Mr. and Mrs. Johanne Harper, Sr. He is attending college at Decatur.

**STUDENT HOME**  
Ronald Herrin, visited friends and relatives at Anton over the week end. He is attending Baylor university at Waco.

Mr. and Mrs. Thelbert McRenolds visited at Smver Sunday evening and attended church there Sunday night.

They may vote to cancel the reductions. By so doing the state would keep \$14 million per year of the tax money.

**VETERANS LAND SALES**  
Hearings will be resumed next week by a Senate Investigating Committee looking into "block" land sales made to the state under Veterans Land Program.

Testimony during the first two-day session showed that individual land sellers had made as much as \$200,000 on a single deal.

Indicated by the committee were suits to cancel some block sales to veterans, criminal prosecution in other cases, and changes in the law.

Investigations were being held at the request of the Veterans Land Board itself. All its members, Land Commissioner Bascom Giles, chairman Governor Allan Shivers, and Attorney General John Bon Sherrard, testified.

Complaints have been received in other land transactions besides the 11 now under investigation.

These too will be investigated say officials in the Department of Public Safety, the State Auditor's Office and the Attorney General.

Veterans to whom the land was sold by the state testified that they didn't know they were buying the land. They thought they were getting a cash bonus or prolonging their rights to buy land on credit, or "selling their signatures" and waiving their rights for \$100 to \$300 each.

**DUVAL COUNTY**  
Attorney General Sherrard is turning over the investigation of Duval County affairs to District Attorney-Elect Sam Burris.

Sherrard, who forecast recovery of some \$500,000 in stolen public funds, said he is in complete agreement with Burris.

The transfer brought to an end a two year personal investigation of the county's affairs by Sherrard.

**MOTOR VEHICLE TAX**  
A bill to abolish the ad valorem property tax on motor vehicles will be presented to the Legislature by State Rep. Douglas E. Bereman of Dallas.

His bill also would propose a one-third increase in the registration (license tax) fee.

Another Bergman bill would allow banks to close Saturdays.

A third bill would permit judges to deny bail on second felony indictments when the accused is out on bond for a previous felony charge.

**CROP INCOME UP**  
A cheerful note from the U. S. Department of Agriculture.

The USDA office in Austin reports that the value of Texas crops for the year reached \$1,036,000,000 despite the drought. That's \$67 million higher than the preceding year.

**CONSTRUCTION UP**  
Brightest spot in an already bright 1954 business year was the construction industry.

Building permits issued during the first 11 months of the year ranked 26 per cent higher than a like period in 1953, reports the UT Bureau of Business Research. Their findings were in line with

Mrs. Taylor is making her home with her parents while her husband Pfc. Taylor is serving as a helicopter mechanic with the Air Force in Japan.

Mrs. John A. Webb left by train Tuesday morning for Fontana, Calif. where she will visit with the family of her daughter, Mrs. Ben J. Camp. She plans to return in about a month.

**REV. PEARCE GOING TO YOUTH SEMINAR**  
Rev. Bill Pearce, associate pastor of First Methodist church of Littlefield, plans to attend the Brownfield District Pastor's seminar on youth work tomorrow at Lovellland.

Pastors attending will study the youth situation within local churches and what the churches should be doing about it.

Mr. and Mrs. C. E. Lewis and daughter, Mrs. Glendell Taylor of West Ninth street, have returned from a two week trip to visit relatives at Marshall, Ark. and Springfield, Mo.

A U. S. Department of Commerce estimate that new construction in the USA reached an all-time high in November—eight per cent above November, 1953.

**INDUCTIONS DROP**  
Texas' draft quota for February will be the smallest since June, 1952.

Selective Service Headquarters has called for 587 men during the month.

No men will receive pre-induction physical and mental exams during the month as draft boards have an ample backlog.

Miss Sue Hukill Marries  
Lubbock Man On Dec. 24

Miss Sue Hukill, daughter of Mr. and Mrs. T. H. Hukill, became the bride of William Hammett, son of Mrs. I. N. Hamilton of Lubbock, in a ceremony performed at the home of the bride's parents, Dec. 24.

The ceremony was held at 10 p. m. in the home of the bride's parents, Mrs. I. N. Hamilton, 1006 18th st., Lubbock. The bride wore a white gown with a large floral corsage. The groom wore a dark suit with a white shirt and tie.

The ceremony was officiated by Rev. Harry Vanderpool, pastor of the First Presbyterian church. The bride and groom were accompanied by their parents and several other relatives.

The bride's bridesmaids were Misses Mary Ann and Betty. The groom's best man was Mr. Hammett. The ceremony was a private affair with only close relatives and friends present.

## Mrs. Haupt Leads Presbyterian Study

The Women's Auxiliary of the First Presbyterian church met at the church Monday afternoon to hear a study "Christ is the Way" led by Mrs. Henry Haupt, Mrs. Mackay Gower brought a devotional along the same trend of thought.

In her discussion Mrs. Haupt stressed "lay visitation" among newcomers in the vicinity, stating that if this program is carried out in a spirit of neighborliness that increased church interest and increased membership will follow as a natural thing.

Because minutes of the auxiliary for the past four years were destroyed in the fire which destroyed the home of the secretary Mrs. J. D. Harker it was necessary to start anew.

## Tuesday Bridge Club Meets At Boyd Robertses

## Olton Baptist Scene Of Moses-Huff Wedding

Miss Gloria Zane Moses, daughter of Mr. and Mrs. Robert L. Moses of Olton and Billy Don Huff, son of Mr. and Mrs. W. O. Huff of Longview, were married Sunday, Dec. 19, at 5:30 p. m. in a candlelight ceremony at Olton Baptist church.

Minister Hubert Setliff of the Plainview Church of Christ, read the double ring ceremony before an archway of greenery which was flanked by baskets of white gladioli. Tall white tapers lighted the scene.

Jack Fuller, organist, played traditional wedding music and accompanied Mrs. Sybil Jones as she sang "Because," "I Love You Truly," and "Indian Love Call."

The bride's cousins, Donnie King of Amarillo and Jimmy Jones of Olton were candlelighters. Parley Myers and Charles Sullivan served as ushers.

Miss Cheryl Poteet, flower girl, wore a gown of turquoise taffeta and nylon tulle adorned with pink rosettes at waist and shoulder. She carried a basket of red rose petals.

Mrs. Charles Sullivan, sister of the bride served as matron of honor. Bridesmaid were Mrs. Ralford Daniel, Jr., of Olton and Miss Doris Cannon, Manfield.

The brides attendants wore identical gowns of turquoise velveteen and tulle over taffeta. Strapless bodices, covered in abraded tulle and outlined with tiny ruffles, ended in deep plints at center front. Very full, waist-length skirts of tulle and net over taffeta were topped by tiny velvet-holers made with roll collar and short sleeves.

The honor attendant wore a headpiece of imported lace and white carnations and all three carried cascade bouquets of white carnations.

Given in marriage by her father, the bride wore an original gown of white innocente Chantilly lace and sleeveless tulle over net and taffeta. It was decorated with a strapless bodice topped by a lace bolero with unstanding collar and beaded sleeves. The fitted bodice of lace was outlined with anemones and from this stemmed an immense skirt of pleated nylon tulle with circular cut lace socks ending with appliques at knees.

She wore a Juliet cap of abraded tulle adorned with seed pearls and silver beads. She carried a white orchid tied with white satin streamers and showered with confetti.

For something old, the bride wore the pearl earrings and wedding band worn by her mother on her wedding day. A new gift of her maternal grandmother was in her sinner.

Immediately following the ceremony, a reception was held in the home of the bride's parents. The bride's table was laid with lace cutwork cloth and centered with a miniature bride and groom figurines and gladioli. Punch was served by Miss Betty Veach, Floydada. The three tiered wedding cake, bordered by pink rosebuds and inscribed with the couple's name, was served by Miss Carolyn Jones.

For her daughter's wedding, Mrs. Moses chose navy blue crepe

with pearl trim and black accessories. Mrs. Huff, mother of the bridegroom, wore a brown ensemble. Both wore white carnation corsages.

For a wedding trip to New Orleans, the bride chose a charcoal and pink two-piece jersey dress, with black accessories and an orchid corsage. The couple is now at home at 1906 18th st., Lubbock.

Mrs. Huff, a 1951 graduate of Olton high school, attended Drughon's Business college, Lubbock. Huff is an airman second class at Reese Air Force base. He is a graduate of Longview high school and Kilgore Junior college.

**Sudan**—The West Zone Training Union of the First Baptist churches met Sunday afternoon with the Longview Baptist church.

Ninety were present representing seven churches of the zone. The message was brought by Rev. Alton of the Circleback church.

During the meeting an efficiency banner was awarded to the West Camp church for the highest monthly grade. The Circleback church received the attendance banner.

Attending the meeting from Sudan were Homer Morris, Dexter Baker, and Rev. Wayne Perry.

## Posting Maps On Proposed Improvements

**OLTON**—Mayor F. Hollingsworth reported that about four maps which would show the location of proposed new sewer and water improvements to the city, would go up soon.

The city will have a referendum Jan. 11 on a \$175,000 water-sewer-street improvement bond issue. The maps will probably be posted at the barber shop, Spear drugs, the lumber yard, and at the Cashway store.

Copyrights are of two types: Common Law and Statutory. In general, the common law copyright protects unpublished works and the statutory copyright protects published works.

The United States copyright statutes give to authors, composers, and artists the exclusive right to their published works for a period of twenty-eight years.

Under works that may be protected under our copyright laws include books (not only bound volumes, but also pamphlets, leaflets and even single sheets); periodicals (newspapers, magazines, reviews, bulletins, proceedings of societies, serial publications, etc.); which appear at regular intervals of less than a year; contributions to periodicals; lectures, sermons or addresses prepared for oral delivery; musical compositions and dramatic or dramatic-musical compositions.

Also maps; works of art; models or designs for works of art; published three-dimensional works of art; reproductions of works of art; drawings or plastic works of scientific or technical nature; pictorial illustrations including prints (advertisements) or labels used for articles of merchandise; motion picture photographs and motion pictures other than photoplays.

The principal steps to be taken in securing a statutory copyright include (1) properly marking the work with a notice of copyright, (2) publishing the work, and then (3) filing with the Register of Copyrights in Washington an application for registration of the copyright. A relatively small fee and a specified number of copies of the work must accompany the application.

It should be noted that the marking must precede publication, and that both of these steps must precede the filing of the application. Failure to incorporate the notice of copyright before publication or to get it up in proper form or to place it in the proper place on the work will result in abandonment to the public of the claimant's rights.

Requirements vary in respect to the form of the notice, and the place on the work at which it should appear—depending on the nature of the work, whether they are published or unpublished, and other factors.

On some works it is mandatory that the notice contain the word "Copyright" or the abbreviation "Copr.," on certain other works, the letter "C" enclosed within a circle may be used instead.

ROBERT WILSON of Spade is shown with two souvenirs of a recent trip he and his wife made to Florida and Cuba. The lemon is eight hefty, hitting the scale at 1 1/2 pounds. Mr. and Mrs. Bill Barber of Battle Creek, Mich., accompanied them on the trip which included stop overs in Texaco, Montgomery, Ala., Florida cities, New Orleans and Havana where they visited many historic spots.

## Sudan Wins Leveland Hoop Tournament Sat.

**LEVELLAND**—Powerful Sudan downed Hale Center, 65-43 here Saturday night to win the Leveland Invitational Basketball tournament.

Leon "Podd" Hill netted 23 points which included nine free throws for Sudan, followed closely by 20 points made by Charley Lynch.

Area players chosen on the all-tournament team were Hill and Lynch of Sudan, and Joe Gliddens of Littlefield.

"Copr.," on certain other works, the letter "C" enclosed within a circle may be used instead. On some works the notice must include the year in which the work was first published.

**MUST BE IDENTIFIED**—In every notice the copyright claimant must be identified. In some cases the full name of the claimant is required; in others the initials or monogram, or an identifying mark or symbol, is sufficient. The name or mark may be that of the creator of the work, or of one to whom the copyright has been assigned.

Here is an example to show the effect of a copyright: A copyright on a map of Texas does not preclude another from publishing a map of Texas, provided he gets his information from original sources. The copyright does preclude another from copying the map protected by copyright.

Further, the copyright law does not normally protect ideas, but rather the copyright grants the right to preclude others from copying an expression of an abstract idea.

TOOTH PASTE **GLEEM 50c SIZE 30¢**

**VELVEETA STAR CASSEROLE**  
 4 slices bread, crumb trimmed  
 1 1/2 lb. Velveeta (partially melted)  
 Process Cheese Food  
 2 tablespoons Fat-free Margarine or butter  
 Prepare 2 sandwiches using the bread and one-fourth of the Velveeta. Cut each sandwich in triangular quarters. Make a cream sauce with the margarine or butter, flour, milk and seasonings. Add the remaining Velveeta which has been sliced; stir until the Velveeta is melted. Add the well drained vegetables. Pour the Velveeta sauce and vegetables into a casserole. Spread the sandwiches in it, with the points up. Bake in a moderate oven, 350 to 400 degrees, until the sandwiches are lightly browned.

**CARAMEL CHIFFON PIE**  
 1 1/2 lb. Kraft Caramels (25 caramels)  
 1 cup hot water

 1/4 teaspoon salt  
 1/4 teaspoon vanilla  
 2/3 cup evaporated milk, chilled until ice cold  
 1 cup chopped pecans  
 Baked 8-inch pastry shell  
 Place the caramels and hot water in the top of a double boiler. Heat, stirring frequently until the caramels are melted and the sauce is smooth. Soften the gelatin in the cold water and dissolve in the hot caramel sauce; add the salt and vanilla. Chill until slightly thickened. Whip the chilled milk until fluffy. Fold in the caramel mixture and 1/2 cup of the chopped nuts. Pour into the pastry shell and sprinkle the top with the remaining chopped nuts. Chill until firm.

### You can lead a double life - Electrically!

### ... you enjoy ONE while Reddy works ONE!

Gone are the days when it was all drudgery, and was rightly called houseWORK. Now, with modern electric appliances, it's homemaking, and that means you have time for fun and your family.

Enjoy the double life you lead electrically, with modern worksaving, pleasure-giving electric appliances in your home.

Reddy's range is automatic - no more gas-watching or overcooking. Just set the control and forget it - take the meal out when you're ready to sit down to eat.

Clothes-hanging is real drudgery, but electric clothes drying is real luxury - at low cost. Why worry about weather, the weight of the clothes, or the long walk to the line, when you can dry clothes for 2 cents a load, electrically.

Turned here the house quiet when last minute guests come in during the pre-Christmas days. No problem now, just reach into your freezer and have a hot-foam meal on the table in a matter of minutes.

Electric water heating's big reward is peace of mind. No flame, heat, or vent worries when you heat water electrically. Economical, too, with Reddy's new cast water heating unit.

Elvis Walker is proud of the Cadillac and Chrysler stationary engines which he sells for irrigation pumps because he feels that they are the finest industrial engines made. However, he also supplies his customers with any other make of motor they wish.

His firm, Walker Battery and Electric at 9th and LFD Drive, also stocks a number of small stationary engines, and again they have the finest makes—Wisconsin and Briggs & Stratton.

Walker Battery's staff of seven install these motors and services them at the well site. They also repair everything from motor scooters (they have a good looking used one for sale) to automobiles and tractors.

And they have all the accessories and parts needed to go with that service. For instance they have the largest stock of batteries in this area. Big ones, little ones—all kinds. They have famous Seiberling tires and the Panhandle's own Shamrock gasoline, oils and greases.

In other words, they're just pretty good folks to know if you own or need anything with a gasoline engine in it.

What's in it for you?

Every Texan profits in a large way from every barrel of crude oil and every cubic foot of natural gas produced in the State.

Directly. Taxes paid by the petroleum industry to support all agencies of the State Government, including schools, old age assistance, and welfare institutions, totaled \$170 million in 1954, more than a third of all the taxes collected by the State. And, in addition, the industry pays millions in other taxes to counties, school districts, and municipalities.

Indirect profits are even greater. Industry employees receive and spend about \$850 million a year; royalty and lease payments to landowners add up to \$500 million. Most of this money passes promptly into trade channels.

As a result, you'll find oil dollars on every

balance sheet in Texas and in every bank account, including your own.

... But you can't figure profits in money alone.

The chief profit from the production of oil and natural gas rests in what these fuels do: In the miles you cover with your car... in heat for your home... in the usefulness of articles made from petroleum hydrocarbons... in the power that moves long trains across the continent and turns the wheels of the large industrial plants.

This profit Texans share with all Americans. It is reflected in the American standard of living, which is the world's highest; and it provides a dividend of national security, because a well developed, efficiently operated petroleum industry is one of the major resources in the U. S. arsenal for national defense.

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

AUSTIN, Tex. — A Texas Supreme Court labor dispute in an El Paso case may clear up a two year old strike in Port Arthur. Reversing a prior decision, the court that state courts have jurisdiction in cases similar to that in Port Arthur one. No state action in the coast town had taken because of an earlier court ruling that jurisdiction with federal courts under Taft-Hartley legislation.

He said he hoped to find an end to the long dispute while he was in Texas. At the same time he expected Sheppard "to use his influence" to bring about a settlement.

He stated that he and other Shivers were willing to go anywhere at any time with management representatives to seek a settlement of the dispute.

While the CIO set aside \$10 million to finance continuation of the 13-month-old labor dispute.

**LAND BOARD**  
Decision on what to do about 758 of South Texas land said to be fraudulent was made by the State Veterans Board.

South Texas land commission had offered to assume liability that amount of land which the firms produced during the last four years.

General John Benning, who said the land sales were evidence of fraudulent presentation, told the Land Board that acceptance of the offer would violate the State Constitution.

Board agreed to a one-investigation period before making its decision.

**MENTAL TB PATIENTS**  
Increase of 1,100 beds for TB patients and betterment of mental cases has urged by Governor Shivers.

Other steps advocated to a hospital advisory committee members included:

Making provisions for at 50 beds for children under suffering from tuberculosis.

Abolishing procedure of trial jury to determine a person's right with admission to mental hospital based instead on medical examination.

**TURNPIKE FUNDS**  
As Turnpike Authority members have authorized the issuance of \$33,500,000 in revenue bonds to cover the Dallas-Fort Worth road.

Members voted to make an offer to the Republic National of Dallas to be one of the trustees for the bonds.

After approval by the Attorney General the bond issue is expected to undergo a Texas Supreme Court test to determine its legal validity.

**OIL MONEY**  
Financial problems facing the legislature have been eased by oil production.

\$27,207 barrel increase permitted for January in oil allowances brings to about 400,000 barrels the total boosts allowed for October.

As a result state tax revenue is \$1,500,000 a month higher.

**OIL OUTLOOK**  
Prospects have never been better for the state's oil industry than in 1955, says Railway Commission Chairman Ernie O. Thompson.

Thompson said that heavy demands for gasoline and distillate were responsible for the optimistic outlook.

**MARRIAGE BAN**  
Enactment of Common Law marriages in Texas has been asked by a State Bar committee meeting in Austin.

Changes on the executive committee of the Bar's judicial section said the law would reduce the number of illegitimacy and help save welfare funds.

**INSANE PEOPLE**  
Not all the insane people are in the asylums" says Mrs. Rich-

and Frank Ikard of Wichita Falls will move from their seventh and sixth floor offices in the "new" House Office building to adjoining suites on the third floor. Rep. Jack Brook of Beaumont will move from the "old" to the "new" House Office building, on the fourth floor just above Rogers and Board.

**LOCATIONS ASSIGNED**  
The five new Texas congressmen who will join the state's delegation in January, have been assigned office space as follows:

Joe Kilgore, McAllen, Room 335, John Bell, Cuero, Room 142 and Bruce Alger, Dallas, Room 138, all in the "old" building. J. T. Rutherford, Odessa, Room 1608, and Jim Wright, Weatherford, Room 1628, both in the "new" building.

Bonham's veteran Rep. Sam Rayburn, the "dean" of the House by the virtue of seniority of service over all colleagues, also faces a switch again with the outgoing speaker, Joe Martin of Massachusetts. They have suites close to each other in the center of the Capitol itself; the more elaborate is assigned to the speaker and the other to the minority party leader. Rayburn thoroughly dislikes the process of moving, but he's expected once again to return to the office he has twice succeeded to Martin.

**OFFICES ON SENIORITY**  
The 435 House members, aside from the speaker and the minority leader, get offices on the basis of seniority. The veterans thus have a choice in either of the House office buildings, across the street from each other and with the Capitol a block away by subway.

The congressmen have to walk. The senators have an electric monorail car shuttling through the subway connecting their office building with the Capitol.

The "old" House Office building was erected in 1906, the "new" in 1932. Although most of the older legislators choose suites in the new, some prefer the old building because of its high ceilings and carpeted floors or because of more convenient spots within the building itself. Since each structure occupies an entire block, the location of the office suite can mean a shorter walk to the House chamber in the Capitol proper.

**Get Near Committee Rooms**  
Exercising the privileges of seniority, the older members also move from time to time to get nearer the lay-out of rooms occupied by the committees on which they serve.

After all the re-elected congressmen were given their choice

of remaining in their present offices or moving to a vacated suite, the incoming freshmen legislators drew for space.

Their names were placed in a hat and drawn one by one. In that process, Mrs. Celia Hare Martin won third choice for the Rio Grande valleys incoming Congressman Kilgore. She is now secretary to Rep. Lloyd Bentsen.

McAllen and is to remain on in that job with Kilgore, who succeeds him.

## Archery Is Fun And Is Family Affair

By DION HENDERSON  
AP Newsfeatures

Warrior-style hunting can be fun, especially when you don't have to depend on it to feed the family.

Twenty years ago the bow and arrows was all but forgotten.

Last year, says the National Field Archery Assn., more than 100,000 archers were issued licenses for bow hunting in the 26 states that have recognized the sport so far, and the boom is on.

This renaissance for Robin Hood's apparently follows the growing trend toward hobbies in which the whole family can take part. Most state game officials, in opening more and more liberal

opportunities to bow hunters, pitch the proposition at the fun angle.

Thus, most special seasons are arranged not for the best hunting conditions but for the most pleasant camping, hiking and such.

What you need to take advantage of this splendid new excuse for weekends in the woods—in addition to regular autumn outfitting togs—is (obviously, a bow and arrow.

And since while bowhunting you may occasionally come around a bush and stare a deer or bear in the eye, you'd best start with a bow "weighing" 30 pounds or more. Forty is better and some of the 15 big game states have legal minimums. Fifty pounds, however, likely will be too much to draw for a reindeer.

When you get into the store, you'll find bows are relatively inexpensive. Simple lemonwood items can be had for under \$10, and the very best in laminated wood-and-glass are under \$50. Hunting arrows can be had for between \$10 and \$15 a dozen. Big game arrows will have broad razor-sharp heads with two or

three blades. Small game arrows may be without barbs, or even completely blunt depending on concussion for effect. There are also special arrows for fish and fowl shooting.

Otherwise you'll need only a shooting glove to protect your tender fingers from the pull of the string, an arm guard to protect your arm from ditto, and perhaps a quiver in which to carry your arrows. After that, just find a place to pitch the tent where the scenery is favorable.

# Support Rates For Oats, Barley, Rye And Sorghums Set At 70 Per Cent Parity

AMHERST — Support rates for the 1955 crop of oats, barley, rye and grain sorghums were announced this week by Charles Hill of the Agricultural Stabilization and Conservation office here.

Hill said that Commodity Credit Corporation price supports for these crops will be at levels reflecting 70 percent of the parity price as of Nov. 15, 1954.

**70 Percent of Parity**  
He said the national average "dollars and cents" supports for 1955 reflecting the 70 per cent of parity are:

Oats, 21 cents per bushel for Grade No. 2 or better; Barley, 94 cents per bushel for Grade No. 2 or better (except mixed barley); 170 3/4 cents per bushel for Grade No. 2 or better or No. 3 on test weight, but otherwise grade No. 2; grain sorghums, \$1.78 per hundred weight for Grade No. 2 or better (except mixed grain sorghums).

Hill pointed out that price support levels for these small grains were not set in past years. The highest which have been in effect were 85 per cent in both 1952 and 1954. Before that date the approximately 15 years when supports have been used for this group supports have at most been as low as 65 per cent of parity for oats, 65 per cent for grain sorghums, 69 per cent for oats, and 38 per cent for rye.

**Desirable Relationship**  
The support rates announced for 1955 production are aimed at promoting a more desirable relationship between the production of these four crops as a result of the overall utilization of feed.

Hill said production of these grains in 1954 was substantially higher than in 1953, and there will be no restrictions on their production in 1955. Indications are that much more of them will be placed under price support this year, and with high level price supports this trend could have continued next year. The lower supports are expected to encourage better adjustment and freedom of the four grains into feed.

Eligibility requirements and operation provisions are substantially the same as those for 1954, with a modification in bar that raises the minimum requirement from Grade No. 5 to Grade No. 4. Support will be tied throughout Commodity Credit Corporation farm storage, warehouse loans and purchase agreements.

These will be available through utilization centers or offices from date of harvest of 1955-crops through January 31, 1954. Oats, rye and sorghum will continue to be available through utilization centers.

April 30, 1956 and grain sorghum loans on March 31, 1956, earlier maturity dates will be announced later for some because of local storage facilities or early harvests.

**Eligibility Requirements**  
Minimum eligibility requirements for obtaining price support on these four crops follow: Oats, Grade No. 2 or better; Barley, Grade No. 4 or better; Rye, Grade No. 4 or better; Sorghum, Grade No. 4 or better.

Grade No. 4 smaller or better containing not more than 13 percent moisture rye (Grade No. 4) or sorghum (Grade No. 4) will be eligible for price support.

**National Average Prices**  
The national average prices for 1954-crops (reflecting 70 percent of parity) of 75 cents per bushel of oats, \$1.15 per bushel for barley, \$1.43 per bushel for rye and \$2.28 per hundred weight for grain sorghums are relatively greater than in previous years support levels due to the fact that the price level is lower this year. The shift to new parity formulas in the controlling legislation had not yet been completed for grain sorghums. Sorghum parity is 50 percent in the "transitional parity" provisions of this legislation. The small grain had completed their "transition" to the new parity before this year.

**Control Removal**  
The Department of Agriculture has announced the removal of previously proposed controls on the production of these crops in 1955. The action, aimed at greater operation for farmers, is possible by changing the compliance requirements for individual crop agreements will not be in effect in 1955. (Under regulations announced last June, a

## Quarantine Barriers Set Up Against Grain Pest Beetle

AUSTIN — Quarantine barriers have been set up along the state borders to protect Texas grain from a new pest which arrived in this country from the Orient a little more than a year ago.

Although no infestations have been found in Texas, the Khapra beetle has been located in grains stored as close to the state line as Clovis, N. M.

A native of India, Ceylon and Malaya, the beetle has been ranked as the most serious threat to stored grain and grain products in every country where it has been known to occur.

First discovered in southern California in November, 1943, it has spread eastward across Arizona and into New Mexico, infesting an estimated 12 counties in the three states. If the insect invades Texas it can cause tremendous damage to the grain industry.

Correspondents with entomologists in countries where infestation is widespread reveals that wherever it exists the Khapra beetle is hard to control. If the insect invades Texas it can cause tremendous damage to the grain industry.

In one California warehouse the pest destroyed 300 tons of grain in a matter of weeks. The insect continued to multiply, even after normal fumigation methods had been practiced.

Restricted commodities listed in the new quarantine include all grain products, dried seeds and seed products of vegetable crops, beans and bagging, dried milk, dried blood, fish meal, meat scrapes and other articles which constitute a hazard to Texas agriculture by spreading the beetle.

Quarantine regulations may be producer would have been required to comply with all crop allotments established on his farm for 1955 in order to be eligible for any crop price support.

Previously proposed limitations on the use of acreage diverted from allotment crops to produce commercial vegetables, potatoes, and sweet potatoes will not be in effect for 1955. (Under a proposal announced last September the 1955 harvested acreage of this vegetable - potato group could not have exceeded the 1952-53 average on farms crop allotments were established without loss of all crop price support eligibility.)

## Put Up Pickles And Relishes For A Big Family Treat

By CECILY BROWNSTONE  
Associated Press Food Editor

**FOLLOW A TRADITIONAL AMERICAN** kitchen custom—put up some pickles and relishes. You don't have to make them in the huge quantity your mother or grandmother did—row on row of shining jars to fill ample storage shelves—three to six pints—and shelves. You can put up a small amount with old-fashioned satisfaction and wonderful eating.

Open a jar or two to serve with sliced ham and thin slices for a cold buffet. Hoard the jars to use when company comes for winter suppers. You'll enjoy announcing that they are homemade; your family will beam with pride; your guests will feel specially honored!

**SWEET PICKLE CHIPS**  
Ingredients: 4 pounds pickling cucumbers (3 to 4 inches long), 1 quart distilled white vinegar, 3 tablespoons salt, 1 tablespoon mustard seed, 1/4 cup sugar, 3/4 cup mustard seed, 1/4 cup sugar, 3-1/3 cups distilled white vinegar, 5% cups sugar, 2 1/2 teaspoons celery seed, 1 tablespoon whole allspice.

**Method:** Wash and prepare cucumbers thoroughly; scrubbing with a small vegetable brush; do not peel. Mix with 1 quart vinegar, 3 tablespoons salt, mustard seed and 1/4 cup sugar in large saucepan; simmer, covered, for 10 minutes. Drain; discard liquid. Place cucumber slices into hot sterilized jars. Meanwhile heat 3-1/3 cups vinegar, 5% cups sugar, celery seed and allspice together; stir until sugar is dissolved; then allow mixture to reach boiling point. Allow to simmer while filling jars to within 1/4 inch from top. Be sure vinegar solution covers vegetables. Seal each jar at once. Makes 5 pints.

**OLD FASHIONED CHOW-CHOW**  
Ingredients: 1 quart (1 1/2 of a medium head) chopped cabbage, 1/2 pound (3 medium) onion (chopped), 1 quart

ONE MAN'S FAMILY—Mrs. J. S. Spencer of Tigertown, Texas, is shown with 14 of her 17 living children. There are both twins and triplets among the children. Thirteen of the children still live at home. Two of the children were not at home when the picture was made and Pop Spencer and one of the boys refused to pose. The children range from 20 months to 25 years old. (AP Photo)

## Gola Set For Greatest Year

AP Newsfeatures

**PHILADELPHIA**—Anyone tackling the job of writing something new about Tom Gola is likely to wind up with a good case of frustration. It seems everything already has been said about the twice All-American from La Salle.

And Tom's collegiate career with the NCAA champion Explorers still has a season to run. So the sportswriters will be put to the test of inventing new cliches

to describe the 21-year-old 6 foot 7 son of a Philadelphia patrolman. Barring serious injury, Gola figures to lead the race for All-America honors again this year. His performance, plus that of a team which went all the way last season with a crew predominated by sophomores, certainly puts the Explorers in the position of favorites to at least make a serious bid for repeat honors in the NCAA.

Even as a high school star, Gola was touted as a potential college basketball great. He's an all-around player, who combines a scoring penchant (23 points per game average last season) with a fine rebounding skill and potent defensive abilities.

As a freshman, Gola figured in the Explorer team effort which brought the National Invitation Tournament title to Philadelphia for the first time in 14 years.

As a sophomore again as a junior he was picked for All-American. Last year the Explorers were figured as a one-man crew

and they were until the Christmas holidays, with Gola carrying the team on his sloping shoulders. But they picked up experience in winning seven and losing three and went on to the title.

Gola is primarily a hook shot artist, but he has the speed of a sprinter (he has fared rather well running the quarter mile for La Salle's track squad) and his driving layups cause opposition defense to stay fluid, allowing his teammates to show their scoring ability.

That's what coach Ken Loeffler likes about Gola.

"He's an all-around ballplayer without a real serious weakness. That's the secret of his greatness. The other team must concentrate two men on him constantly so he won't beat them single handed and that opens the way for the others to score.

"And best of all, Tom's a team self when he makes a mistake. He's easy to coach and he's not shy about criticizing him-

Ho's the greatest player I've coached."

Gola has been named most valuable player in the NIT, NIT and Kentucky invitational tournaments. He holds the La Salle scoring record and the record for assists.

What happens when Gola sues from La Salle? "Don't even mention it," Per says. "Let's just play season and see what happens."

Birdie Tebetts was a star in his bow as a major league manager. His Redlegs won games, most Cincinnati has since 1944 when the team won 89 games.

The official nickname of Virginia University teams is "Mountaineers."

Bill Skowron, Yankee first man, led the Big Ten team getting 20 safeties in 40 games for 500. It was the best made in the conference.

## PREPARATION

By Tommy Williams, Minister

The origin of the story of the following conversation is not known, but it certainly contains valuable food for thought:

"Sam, they say ole Massa is dead."

"Yes, he'd dead."

"Don't you think he's gone to heaven?"

"No, sah, I think not."

"Why, wasn't he a good man?"

"Oh, yes, he was a good man."

"Then why don't you think he's saved?"

"Well, always befo' when he go on a journey, he talk a long time about it and make a good deal of preparation, but this time I nevah did heah him say a word about heben, nor make any prep-

paration." Anotherwise man has said, "This life is only a training school to purify and make us more meet to the heavenly community among whom we expect to dwell."

Surely, unless we use this life as a time of preparation for a greater one, we make life's chief purpose. What mistake it is for those who come to the end of this life without any thought have been given to continuation beyond the grave.

"For here we have no continuing city, but we seek one to come" (Hebrews 13:14).
