School Board, City Study Traffic Safety Problems

WILDCAT CO-CAPTAINS

LITTLEFIELD High's Wildcats, opening their season Friday night in Plainview, will be captained by Tackle Joe Hoover, Halfback Mike Greer and End Andy Parker. For more information on Littlefield's opening game and details on area action, SEE THE SPORTS PAGE.

U.S. Safety Group Lists Local Needs

Littlefield must provide additional off-street parking, more police officers, additional clerical records and personnel, raise police officers pay scales and expand its driver education facilities for school children if it is to have an adequate traffic safety program.

The analysis, requested by the city, made 22 recommendations that the Council says would bring the city up to desired performance.

The city commission received the report last week and commissioners were given copies for study and possible action at their next meeting.

Divided into seven sections, the report dealt with these traffic safety activities: (1) accident records, (2) traffic engineering, (3) police traffic supervision, (4) traffic courts, (5) school traffic safety education, (6) public safety education and (7) safety organization.

Specifically, the Council said the city should, under the "Accident Records" section, provide sufficient personnel to process records efficiently, maintain complete accident records and keep accident statistics.

Under traffic engineering, the report said that "miles of streets with center lines should be increased."

"Two officers should be added to the force and pay scales should be raised to compare more favorably with those in other cities," the council continued.

Under school traffic safety education, the Council urged "that driver education be expanded to include all eligible students for classroom instruction and practice driving."

The Council stressed that officials and citizens should get together and work toward reducing accidents through a "safety organization."

Student Patrol Idea Is Rejected

Littlefield school board members Monday night rejected a Lions Club proposal to set up a school safety patrol composed of school children after deliberations with Lion President Hubert Henry and Police Chief Lawrence Walraven.

The plan had been presented to Superintendent Ralph Schilling earlier this week by Phil Chapman, chairman of the Lions Club safety committee and also local asst. chief of police.

The board, calling Lion Boss Henry and Chief Walraven in at the close of a regular meeting, agreed that "the plan of placing children on the streets to direct school traffic involves too much risk and the board does not wish to take the responsibility for such a risk."

Walraven had explained before the decision was made that the safety patrol idea had been tried before on one occasion in the past—when the Boy Scouts were given the task—and that the project had not met with success.

Henry told the group that one of the main reasons his organization had entered the project was to develop, through youthful experience, and understanding and a healthy attitude for the law among school children.

The plan submitted by Chapman called for selection of 12 boys in the 7th and 8th grades who would have served as the patrol. Chapman planned on a training program and then would have had the boys direct traffic at the schools under police supervision.

It developed that neither the police department nor the Lions Club favored the project without wholehearted support from the school board.

The board glanced at the past safety record around the school in making the decision. Chief Walraven reported that no injuries had occurred in school traffic in the past.

The Chief said that two patrol cars are on duty at the school during heavy traffic periods.

AMHERST SCHOOLS DELAYED
Amherst Schools will not open until September 24th, it was announced this week. Originally set for Sept. 17, the opening has been delayed due to a new building program.

Soil Substation Meeting Planned

Boosters of a Texas Research Foundation substation for the Phillips area have slated a Littlefield meeting for Monday night, September 24.

Interest Lags In Election Highway 84 Bond Vote Discussed At Meeting

Chamber of Commerce Highway Committee members and the chamber's board of directors discussed the widening of Highway 84 this morning in a breakfast meeting as election day drew near.

One of the meeting's main jobs was to pick up interest in the election, scheduled Saturday, Sept. 22. Interest in the \$275,000 bond election was at a low ebb Wednesday as County Clerk Charles Jones announced that only three absentee ballots had been cast. Absentee balloting closes Tuesday night.

Voters will go to the polls to decide whether funds should be authorized to purchase right-of-way from the east county line to a point four miles northwest of Littlefield. The area actually is the county's Road District 1-A, which includes Littlefield and Spade.

If bonds are authorized, then Highway 84 would be widened to four lanes. A strip from the Hockley County line to a point two miles east of Littlefield would be widened immediately by the State Highway department. The rest would be widened as soon as state funds are available.

If voters in Road District 1-A have the same opinion they had on June 23, when the first bond election over the county failed, the election apparently will favor the improvements. Voters within the district favored modern highways by almost four-to-one.

When the road is widened through Littlefield, it will follow a bypass route to the south of the city. The present route of 84 would also get improvements, with plans now indicating that the in-town part of the road would be four lanes, but without a center divider. The rest of the highway's course would be four lanes divided in the center in a boulevard manner.

Mr. and Mrs. Bob Hubbard were present with a daughter, Dusty Gwen, Sunday at the Medical Arts Hospital. The new little girl weighed 6 pounds and 14 ounces. Time of birth was 2:22 p.m.

None of the children speak English except Roberto who acquired it in the past year spent at Tech. The girls attend a French Boarding school in Lima and Cesar attends an American School. Women Are From Ica, Peru South Americans Visit Littlefield

Guest visitor in Littlefield was Carmela Villa Garcia, a Peruvian. She arrived in the latter part of May to her husband, Roberto, a student at Tech College.

She is the friend of the son of the Littlefield couple, Mr. Bob Cannon who also has been friends since she came to Texas. Mrs. Cannon has been spending her summer with her three children, Bill, Bob and Carol in Littlefield.

Senora Garcia, who speaks almost no English, was surprised at the cordiality and hospitality she received on her first visit to the United States. She was accompanied by her son through the acquaintances in Lubbock. Together Senora Garcia and her son visited the Western

and a customer of Anderson Clayton Oil Mills and Gins of which Bob Cannon is manager. Cannon plans to join his family in Littlefield in October and will return with them to Ica in January.

Mrs. Cannon reports that there are only three American families in the area where they live. Spanish is the language spoken in Ica, which is in a desert-like valley. Some eight years ago, farmers began irrigating and brought in modern machinery to use in cultivation of their crops. Now the town is populated with prosperous farmers.

In Ica, a town of approximately 20,000, the residents are almost entirely Catholic. The Cannon family must drive 200 miles to attend worship services at the Union Protestant church at Lima. "Although it's not as bad as it seems," she laughingly remarked Mrs. Cannon, "the road is a paved highway and we can drive it in about three-and-a-half to four hours.

"Houses are quite a contrast to those in the states," she continued. "There are no yards; only patios instead. There is considerably more room. An average house, for in-

Charges Filed In Latin-American Stabbing Friday

Charges of assault with attempt to murder were filed by Olton Justice of the Peace Friday in the slaying of a Latin-American man.

Demasio Salazar Rangel was released on a \$1,000 bond. Formerly of Olton, Rangel moved to Littlefield Tuesday, according to the County Sheriff's office.

Rangel accused his victim of having made a remark about Rangel's daughter-in-law. The stabbing occurred on Olton's main street about noon Friday.

The victim is not believed to be in serious condition, at the Olton Memorial Hospital.

Lamb Sheriff, Dick Dyer returned Tuesday from Huntsville where he accompanied Henry Carter, Negro male, convicted of burglary charges. Carter received a four year sentence in the state penitentiary.

Wildcats Play At Plainview Friday

Tough Contest Is In Front Of Locals

Coach Gene Mayfield will lead 26 fighting Littlefield Wildcats into a busy Friday afternoon for the trip to Plainview to meet a team of the same name against the Plain-

view team for the first time for the Wildcats to participate in Class AAA ball but they will be going against the Class AAAA Bulldogs of Coach Buz Warren.

Most Littlefield fans and West Texas fans alike will also be watching the game close to find out what the newly integrated Wildcats will have in store for their opponents this season. Three colored boys will be making their debut in football as far as Littlefield High School is concerned.

Coach Mayfield said Wednesday that all of the 26 players on the "A" team were in good condition for the season opener except Andy Parker's shoulder and halfback Wayne Willard was suffering with a pulled muscle in the back. Both boys are expected to be ready to play by Friday night.

Tuesday afternoon, the team of selected Tr-Captains for the opening game and this method will be followed before each game this season. Elected for the opening game was tackle Joe Hoover, end Andy Parker and halfback Mike Greer, all returning starters from last season.

The starting team for the opening game will average 151 pounds in the backfield and 168 in the line. Six returning starters from last season will be on the starting team but two will be at a new position. Roger Lowe, who played guard last season, will start at center and big Max Morris, who was a starting halfback in 1955 will play on this campaign at the fullback slot.

Three colored boys will be among the 26 hopefuls but none are on the starting eleven. Coach Mayfield however, indicated that most all of the boys going to Plainview Friday will see action.

Mayfield was well pleased with the line play and defensive but said that the offensive team just couldn't get their timing down on their plays right. He had high praise for three tackles, Joe Hoover, Wallace Lee and Davis Lee Williams. Both Hoover and Williams was on the "A" team last season while Wallace Lee played on the "B" squad. Lee has come through so good this year that he will be the starting right tackle in Friday night's game.

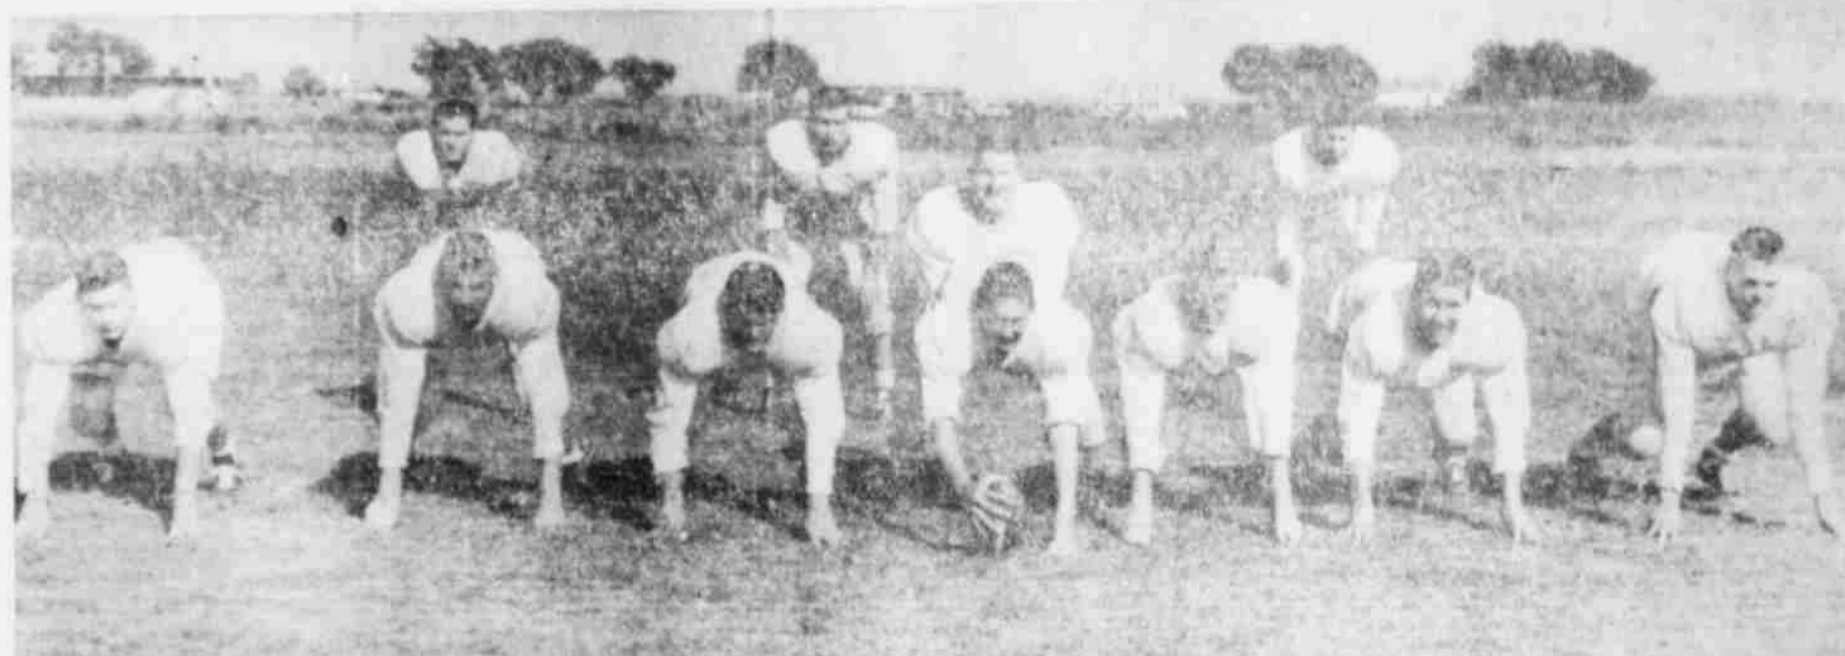

Plainview will be "all new" to the Wildcats this season. They will be dedicating their new stadium Friday night, playing under new coaches and new formation.

Plainview have four ex-off of the Texas Tech coaching staff and are expected to run the S-B-T to near perfection. Buz Warren took over the coaching duties at Plainview during the spring and brought along with him as assistants, Allen Wesley, former Littlefield Wildcat and Tech Star and Elmer Wilson and Jo Jo Bryan, also from Tech.

Plainview is a member of the "Little Southwest Conference", District 3-AAAA.

Coach Mayfield said that the Bulldogs looked awfully good in Spring Training and scored a lot of touchdowns.

The Wildcats starting lineup for the game Friday night will find Andy Parker, 150 and Leslie Bevel,

In the backfield are Mike Greer, right halfback, Max Morris, fullback; James Pressley, quarterback and Buddy Jones at left halfback. (Staff Photo)

Picking The Winners..... Sudan-Muleshoe Clash To Be One Of Best For Area Teams

The Sudan-Muleshoe clash at Muleshoe could be one of the best games in the area this Friday night, judging by last week's contests.

The Hornets used Denver City lumbies to beat the Mustangs while the Mules had an easy time of it at Pteriles beat the Rams.

To top it off, the clash is an annual grudge game between the two schools, with the Class A Sudan Hornets usually beating the Class AA Mules every year.

The Olton Mustangs will probably have their hands full also, going to Flovinda to play the District 2-AA Whitehorns their lost to powerful Canyon last Friday.

In their encounter last Friday, the Mustangs scored a touchdown and six seconds left on the clock to beat another District 2-AA eleven, the Abernathy Antelopes, 20-13.

All nine teams in the Littlefield area will be seeing action this week after Littlefield, Anton and Spade enjoyed an open date last week. Bula will be playing their last non-conference game of the season against Roaring Springs there.

Littlefield fans will also be watching the outcome of the other four teams in District AAA as all will be seeing action over the weekend.

Power-laden Levelland journeyed to Brownfield for a game with the Cubs Friday night. Hereford takes on Canyon at Canyon, and Phillips takes on the Childress Bobcats at Childress. Dumas waits until Saturday night to open their campaign, playing Palo Duro in Amarillo Saturday night. The Dismos of Coach John Whinnery are the dark-horse of Dist. 1-AAA. They lost only one game last season, a 32-14 encounter to the Hereford Whitefaces, though they won seven and tied mighty Phillips and Canyon.

Below is a schedule of the games in the area this week with our picks of winners appearing in capital letters:

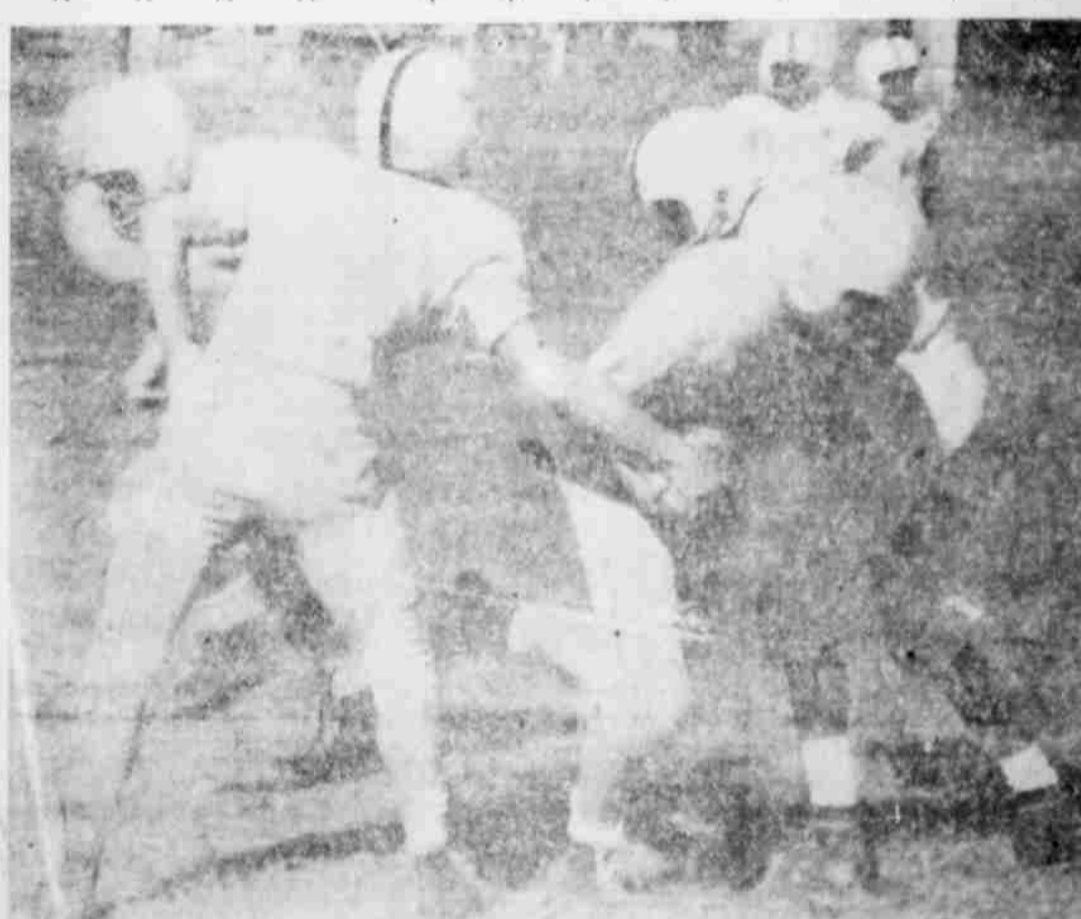

- LITTLEFIELD at Plainview
- LEVELLAND at Brownfield
- PHILLIPS at Childress
- HEREFORD at CANYON
- DUMAS at Palo Duro

- SUDAN at Muleshoe

Mighty Mitt Tangles With Giegel At Au

Two wrestlers from Littlefield Sports Arena Friday night to try to win the title of "Mighty Mitt" and Lou "Stomper" The prize money was to other pastures after a beating at the hands of Guerrero and Bob Greer week's tag-team event arena.

In fact the German and his faithful coach left town with heads having their wrestling agreement arrived at the start of last week's match both teams agreed would burn his chest.

Guerrero may have est battle of the double slated for this week, a giant newcomer, John towering Greek from Greece. Tollas is not as size as was big Bob recently appeared in a big man in every word. He towers 6'7" the scales at a solid 250 lbs. They meet in the main event. The scheduled for the best falls with a one hour limit.

Popular Bob Greer for the third straight takes on a newcomer appeared here only once. His opponent is the "su", Japanese friend who recently appeared in his own country. He is currently holder of a "Rising Sun Trophy" on the card in Littlefield this summer meeting.

The Japanese name he classed as a "Judo" than Tokyo Joe in his every trick in the book decision. He and Joe a formidable team together in tag-team in other West Texas past month.

Tollas, a really handsome! Greek my favorite here. He is either clean or dirty and Guerrero may win as he is primarily a terrific grappler.

Hereford stood on the threshold to becoming the nation's salad bowl this week as momentum picked up in the harvesting of some 3,000 acres of carrots and lettuce growers appraised unusually fine stands, probably to be harvested around Oct. 1.

"We have barely begun to harvest the 1956 carrot crop," said one large handler, who estimated that around 85 percent of the current yield remains to be gathered. THIS WEEK

—In Washington—

With

Clinton Davidson

to a county fair you would have enjoyed the Republican National Convention in San Francisco. If you like to go Everybody was in a holiday mood and there was enough excitement to give you a real thrill.

You would have gotten the impression that the Republican Party didn't have a worry in the world. It was in San Francisco to whom it up at a sort of family reunion and, incidentally, nominate Dwight D. Eisenhower for another four years in Washington.

Crow Palace, where delegates assembled to sing, cheer and vote, had all the gaiety of Midway at a county fair. Banners, flags, bands and parades added to the festive atmosphere. The contrast between that and the Democrats at Chicago was strident.

The Democrats were taking their politics in dead earnest. They had been out of power in Washington for four years, for the first time since the 1932 convention. They were so eager to do battle that they even fought among themselves.

In San Francisco it was different. You got the impression that Republicans regard the election in November as a mere formality. They were very pleased with the way they have been running the Federal government the past four years, and certain that most voters felt the same way.

Joseph W. Martin, Jr., minority leader for the House, told us that "for more than 40 years it has been my privilege to serve the American people in public life. Never before has the faith and hope of our people been directed more intently upon the Republicans."

For all of the optimism and safety it was a well-organized and efficiently run convention. The expression most frequently used to describe the convention was "it's going just like clockwork." And it was, too.

The women may have had something to do about things being both gay and orderly. Women delegates and party officers played a far greater part in the conventions this year than ever before. In 1900 only one woman was a delegate to one of the conventions, but this year the same convention had 555 women delegates and alternates.

Mr. Carroll D. Knerris, President of the National Federation of Republican Women, was one of the outstanding personalities of the convention. Referring to the spirit of aggressive optimism that prevailed, Mrs. Kearns told us "the eyes and ears of the world are directed to this gathering. It is the American people themselves who give real significance to the accomplishments of this convention."

Republicans put on their Sunday manners for the whole country to watch over television, and for news photographers and newsmen. It was especially attracted by the 20-foot high platforms on which cameramen were perched. The long camera lenses looked like stovepipes. Some of them were 4 and 5 feet long. Camera-men sent down film and received replacements by means of a canvas bag on a rope.

There was little of the suspense that prevailed at Chicago; no frantic campaigning by managers for different candidates; no bargaining for the votes of delegates. Everybody knew in advance whom they would nominate. The whoopee it up for Eisenhower and Richard Nixon, but that was what they came to San Francisco for.

THE PATRIOT RIDES AGAIN
ON JULY 2, 1776, JAMES RODNEY OF DELAWARE, DESPERATELY ILL LEFT HIS BED AND RODE 50 FRUITLESS MILES THROUGH A THUNDER STORM TO THE CONTINENTAL CONGRESS TO VOTE THE CREATION OF A FREE AND INDEPENDENT AMERICA.

LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS
AS "DELAWARE" WAS CALLED—RODNEY STAGGERED IN AND SHOUTED, "WE'RE HERE! THEN FELL EXHAUSTED TO THE FLOOR. THE PATRIOTIC COURAGE AND SELF-SACRIFICE OF OUR FOREFATHERS DEDICATED TO FIGHTING "EVIL" AT HOME OR ABROAD HAS MADE AMERICA "THE LAND OF THE FREE AND THE HOME OF THE BRAVE."

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—Conservative and Liberal Democrats are battling each other. Republicans are active. But the Constitution Party of Texas now is in the spotlight.

At their Austin meeting the Constitution Party grabbed headlines by naming, as their nominees, prominent Democrats who have been active in recent campaigns. Their choice included W. Lee O'Daniel for Governor; J. Evetts Haley for Lt. Governor; Reuben Senterfitt for Attorney General; Warren G. Harding for State Treasurer; and Ross Carlton for the Court of Criminal Appeals.

Congressional candidates will be chosen later. Secretary of State Tom Reavley challenged the Constitution Party's right to nominate any candidate who had been defeated for the same office in the recent primaries.

Joseph M. Rummel of Houston is state chairman of the Constitution Party. Their presidential nominee is Democrat T. Coleman Andrews, former Internal Revenue Commissioner of Richmond, Va. Former Republican Congressman Thomas Werdell of California is their vice presidential choice.

Major plank in the party's platform is elimination of federal income taxes.

ARTIFICIAL RAIN—Possibility of moistening droughty Texas by artificial rainmaking may be debated in the next Legislature.

After hearing state and federal weather experts at an Austin meeting, the Texas Water Resources Committee voted to dig deeper into the subject. If findings are favorable, the committee indicated it would recommend legislation and appropriations for a long-range, statewide project.

Scientist were cautious in their claims before the committee. Much is yet to be learned about what makes rain, they said, and previous experiments have not yet been thoroughly evaluated. But they agreed prospects were promising enough to merit further research.

"SOAKER" WANTED—Scattered showers have helped, but most Texas farmers still are scanning the skies for a "fall soaker."

U. S. Dept. of Agriculture's latest crop report reflected increasingly critical conditions. Examples cattle, "forced to market"; peanuts, "past redemption"; dryland cotton, "extremely short"; vegetable planting, "limited." Only irrigated cotton was reported "flourishing heavily."

GI LOAN PAYMENTS UP—Delinquencies on veterans land loans have dropped 19 per cent since 1954, said Land Commr., Earl Rudder.

Payment failures ran 20 per cent on loans made under his predecessor, Bascom Giles, said Rudder. Under the new administration they have dropped to one per cent.

Lawville (Cass County), Houston Christian School, New Hope (Wood County), Scranton (Eastland County), Strong (Shelby County) and Sacred Heart (Cooks County).

These schools are ineligible to receive state money for vocational programs and superintendent pay. The graduates must take entrance exams to enter college or another school.

NEW COURT ASKED—Texas lawyers have been asked to help persuade the 53rd Legislature to allot Travis County a fourth district court.

District Judge J. Harris Gardner pointed out that he and the other two judges face hopelessly jammed dockets.

In addition to local cases, Travis courts get almost all suits brought by and against state agencies.

SHORT SNORTS—William H. Wood of Midland has been appointed by Gov. Allen Shivers to the State Board of Pharmacy. Wood succeeds Shine Phillips of Big Spring.

Eight more Texas counties have been designated drought disaster areas by the U. S. Dept. of Agriculture. They are Cass, Delta, Fannin, Gregg, Harrison, Marion, Smith and Upshur.

Furniture manufacturing is one of the fastest growing industries in Texas, expanding 10 times as fast as population. University of Texas Bureau of Business Research reported the state's furniture output increased from \$23,000,000 in 1929 to \$38,000,000 in 1953.

Texas will have 1964 new lawyers after next Monday when the Supreme Court will officially license those passing the most recent bar exam.

A \$16,000,000 increase in Texas farm income for 1957 has been predicted by the Texas Agricultural Stabilization and Conservation Committee.

permitting consolidation of Smithville and Waco offices.

Unique aspect of the case was the "all-star" legal line up. A former Supreme Court Justice, James P. Hart, represented Smithville. Former governor Dan Moody represented the railroad.

INSURANCE CODE IN FULL EFFECT—Texas' new "model insurance code" now is in full force and effect.

Last measure to be activated requires companies to have a minimum of 100 policyholders and \$200,000 insurance in force.

An insurance Commission spokesman called the requirements "actually very easy to meet" and predicted almost 100 per cent compliance.

Target of the law are companies which, for tax purposes, have created one type business under the guise of insurance firms.

Sand Hills Philosopher
Editor's note: The Sandhill Philosopher on his Johnson grass farm is hunting for something to worry about, his letter this week reveals.

Dear editor: I was out here on my farm the other cloudless afternoon looking at the sky and wondering when it was gonna rain, although understand I wasn't worrying about it.

There are two things I never worry about because I figure they're out of my hands, one is the weather and the other is how people are going to vote in November, at any rate, while I was watching the sky I stumbled over a newspaper, or rather I didn't stumble on it.

I wasn't moving, a puff of wind wrapped it around my legs while I was standing still, and I pulled it off and sat down under a tree and the first thing I noticed was a news article on the plight of city people in the big drought areas of this country.

According to it, lawns and shrubs and flowers are dying in some cities for lack of water, and people are seeing a lifetime of pains-taking effort lost in one dry spell.

I know this is a tragic thing, but my advice to city people is they'll just have to tighten their belts, store their lawnmowers turn on their television, and tough this thing out. The loss of a carefully tended lawn is a serious blow, but as a man who has seen a fine crop disappear the same way, I'd say it won't be fatal.

However, I have long recognized that some city people spend more per square yard on their lawn than some farmers spend per square acre on their farm, and the lawn investment in America must

run into the hundreds of millions of dollars. Therefore, I am sure neither of the two things I come out with a plan covering this. It seems to me city people needs a plan for lawns and shrubs. I don't want to discourage them. The more land there is the less there is in it. I mean, and the more they work in their yards, the more they take a few million dollars commission and the more they will pile up worse than the city lawn is one of the things a farmer has, and if he would bring his mind to this angle, I believe he could with a plan for a Lawn Program. Will you please let me hear from you to his attention?

Yours faithfully,
J. A.
