

CITY GETS NEW BUILDINGS

WE THINK

What do you think?

BY M. B. D.

UNKIND!
A visitor at the office of the Lamb County Leader asked for the editor-in-chief. The wife was not in the office at the time, so we didn't hesitate to announce that we had something to say about the establishment. Then an unkind act was committed; the visitor picked up our im- pair of shears, and remarked: "You are not the editor-in-chief; I hold in my hand the editor-in- chief."

Well, folks, read what the shears clipped from the Floyd County Hesperian:
"Weep and you're called a baby; Laugh and you're called a fool; Yield and you're called a coward, Stand and you're called a mule; Smile and they call you silly. Frown and they call you gruff; Put on a front like a millionaire, And somebody'll call your bluff. "But on the other hand-- A good thing to remember And a better thing to do, Is work with the construction gang, And not with the wrecking crew."

AND HERE'S SOMETHING ELSE THAT THE SHEARS BROUGHT THE "WE THINK" COLYUM LEADER:

"TAHOKA DEFEATS LUBBOCK HUBBERS"
"Playing their first game of night baseball the Tahoka team gave Lubbock a taste of defeat last Thursday night winning 1 to 0. "Babe" Eyes' Graham pitched for Tahoka, and Willis Knight, has failed to stop the Tahokaites. Each of the ten o. eight times he has stepped into the box during the past two years, was pitcher for Lubbock. The Hub city seemed to be greatly irred because of the fact that Tahoka used two or three out of town players to replace as many of our men who were sick or injured, but forgot the fact that they had and were doing the same thing. Lubbock fans seem to be poor sports when they lose, especially when a small town team defeats them on their home diamond. But Tahoka has beaten Lubbock so many times that this was nothing new to the locals. — Lynn County News."

"My, my, boys didn't the Lynn County News more than pour it on Lubbock? If the Tahoka fans are half as "hot" up about all the alleged "goings on" as that editor in Tahoka we wouldn't want to get within a million miles of a pop bottle in the hand of a Tahoka fan; why, the gosh dang thing might even explode in his hand."

WE THINK—
That if you have doubt in your mind that Littlefield is growing that you should take note of the fact that there is about \$75,000 worth of building underway in the downtown section.

What do you think,
WE THINK—

Power Officials To Be Rotary Club Honor Guests

**Judge I. R. Kelso
Texas Utilities
Head Is In City**

**Arthur P. Duggan To Make
Address of Welcome At
Luncheon**

Judge I. R. Kelso of St. Louis, president of the Texas Utilities company, and Hubert L. Allen of Lubbock, district manager, will be honor guests of the Littlefield Rotary club at today's luncheon.

Judge Kelso has made frequent trips into this territory, and is quite well known in this section.

The Judge has always taken a very considerable interest in the development and progress of West Texas, and the Littlefield Rotary club considers it a distinct privilege to have him as their guest.

President R. T. Badger will preside during the preliminary features of the luncheon, but will later turn the meeting over to Arthur P. Duggan, who will make the address of welcome.

Each member of the Rotary club will bring a business man who is not a member of the club to the luncheon as his guest. This will mean an attendance of more than 60 Littlefield business men to welcome the power company's executives.

**Urge Cutting Of
Weeds In City**

Elimination of weeds within the city, both for the purpose of reducing the annual crop and for the improving of the appearance of Littlefield, is urged by city officials.

It is pointed out that if the weeds are cut at this time, that it will prevent the spread of seed.

The tumble weed was particularly mentioned by a city official. The seed from this weed will start to blow very soon.

"MISINTERPRETING" POLICE SIGNALS TO STOP JUST MEANS TROUBLE

Thursday of last week Officer Fred Hoover received a call from Oklahoma to be on the watch for a party wanted in that state on a felony charge.

With only general information concerning the car in which the individual was supposed to be riding, Constable Hoover, with his deputy, Joe Mabrey, set out in search of the man.

When the car was found there were two men in it. At Fred's signal to stop, the driver must have "misunderstood," and thought that it was a signal to go.

The race was on. After running most of the stop signs, and racing through streets and alleys, with the officers in hot pursuit, the pursued car started out the Pep road, but was soon overtaken and arrest made.

The party wanted on a felony charge was turned over to Oklahoma officers, and his companion, who was driving the car, paid a fine in city court for running stop signs, and a fine in Justice Syke's court for reckless driving.

Mrs. V. H. Matthews and children who have been visiting in Tipton, Okla., for the past two weeks, returned home Sunday.

HAVE EYES ON COUNTY OFFICES

With the county election some distance in the future, considerable discussion relative to candidates for the various offices is already taking place.

A number of names are being mentioned for the various offices, but all discussion is of a somewhat general nature, and, as yet, limited to the more or less intimate friends of the possible candidates.

It is certain that a number of those whose names are being mentioned for offices will make the race.

Announcements will not be made for some time, however.

Mrs. R. C. Crump returned Sunday from a week's trip to Wichita Falls, Fort Worth, Longview, and other points where she visited friends and relatives.

Lloyd Springer, who has been visiting his parents, Mr. and Mrs. T. M. Springer of four miles east of Littlefield left Tuesday by motor for his home in Los Angeles.

J. R. FISHER IS ELECTED HEAD OF SPADE SCHOOLS

OTHER APPOINTMENTS ARE MADE BY SCHOOL BOARD

J. R. Fisher, who was principal of the Spade High school last year, has been appointed superintendent of the Spade school, succeeding B. M. Hays, resigned.

Mr. Hays is now Conoco wholesale agent at Tahoka. The Spade school was first opened last year, and Mr. Fisher came with the school as its first high school principal. He came to the Spade school from Paradise, in Wise county, where he was superintendent of schools for four years.

Mr. Fisher is now visiting in Paradise where Mrs. Fisher and their children have been for the past month. Mr. and Mrs. Fisher and family will return home early next month.

Other appointments made by the Spade school board are:

RAINS BRING ADDITIONAL ASSURANCE OF BUMPER CROP

STATES ASKED TO CURTAIL COTTON BY LEGISLATION

CONFERENCE ON MATTER IS HELD AT AUSTIN

Most of the delegates to the South-wide cotton conference at Austin, asked cotton States to curtail their production by law. They coupled with this a request that the South leave no stone unturned in increasing the use of its chief crop.

A bill has been introduced in the Texas Legislature meeting in special session to prevent the planting of land in cotton two years in succession. Conferees asked that Texas, far the largest cotton producing State, take the lead by enacting this law and asserted they believed other States would follow.

T. Arthur Edwards of Lake Charles, the Louisiana Governor's representative, suggested that a campaign advertising the possible use of cotton be carried on. He said farmer could afford to advertise a product as valuable as cotton if manufacturers found it profitable to ad-

Let's Peddle the Peddler

The time is near at hand for Littlefield's annual crop of peddlers, who toll not with us when dollars are as scarce as roses in Alaska on Christmas day, but who would spin with us when we have provided the material.

They are opportunists; they flit here and there; they spend as little as possible and take out of our city all that they can get their hands on.

The merchants of Littlefield are with us 12 months in the year; they have great sums invested in merchandise; they pay taxes; they support all civic activities; they take the bitter with the sweet.

But the peddler;—the opportunist—he comes in, smiles around for a few days, and if business is good, he stays longer. But if his business isn't good, he curses the city that we are building, calls us all a bunch of tight wads, and moves on to what he hopes may be some place where the pickings are easier.

As citizens of a city that we are building, we should look on the peddler as an evil that we can get along without. We, as citizens of

Littlefield, should remember that every dollar that goes out of Littlefield unnecessarily is a dollar that should stay at home in order that more business may be done here to keep our own institutions busy and thereby provide employment for all our people.

City Marshal W. F. McDaniel is keeping his eyes very wide open for peddlers, and in this service Mac should receive the co-operation of every loyal citizen.

A city ordinance provides that peddling is illegal within an area of 27 blocks from the business section, these blocks extending in all directions. And beyond the area of 27 blocks, a license must be obtained from the City of Littlefield before peddling can be engaged in.

The ordinance does not apply to legitimate Lamb county farmers, who can sell the products of their farms anywhere in the city without a license. But a Lamb county farmer is not a peddler—he is one of us, a citizen of the county, one who is helping us build Littlefield and the great county of which we are all very proud.

LITTLEFIELD GETS 2.17 INCHES OF RAIN SATURDAY

ALL SECTIONS SOUTH PLAINS RECEIVE MOISTURE

Additional assurance of bumper crops in this section and throughout the South Plains developed with the rains of Saturday night and Sunday.

The most outstanding advantage of the rains was the fact that they particularly benefitted a few sections which were beginning to need moisture. However, even in those sections the crops as a whole, were in good condition before the rains.

Saturday night's rains extended from Plainview to Brownfield and from Spur to Roswell.

Littlefield received 2.17 inches of rainfall between 7:30 and 9 p. m., Saturday, according to Z. W. Wells, U. S. weather observer. Mr. Wells also reports that .11 inches fell Sunday night.

Plainview, Muleshoe, Sudan and Amherst report heavy rains. Plainview received about .75 inches, and

Spending More Than \$75,000 In Building Here

Santa Fe Station Is Largest Construction Project Underway

Outstanding evidence of the stability of Littlefield's growth is to be found in the fact that in excess of \$75,000 in new building construction is underway in the downtown section.

More than \$60,000 is being spent by the Santa Fe railway in the construction of a new brick depot, which will be the finest structure of its kind on the Slaton division of the railway.

D. N. Leaverton is general contractor in the erection of the depot. Ohlen Franklin is superintendent for Mr. Leaverton, and Mr. Leaverton's son, D. N. Jr., is representing his father in business matters in connection with the building of the station. T. J. Kiene is building supervisor for the Santa Fe.

The brick work on the new depot is expected to be completed about the end of this week, and the structure will be rushed to completion. The new depot is scheduled to be ready for occupancy by September 15.

New Mercantile Buildings
The Jeffries Mercantile company is erecting a large and modern store building adjoining their present store on West 3rd street, which will be completed in about 30 days, and will represent a distinct improvement to the business section. T. R. Fife is the general contractor.

W. J. (Bill) Chesher is erecting a store building on Phelps avenue, and the John H. Arnett Motor company is remodeling the front of their building, and establishing a one-stop automobile service station.

The store being erected by Mr. Chesher is an important step forward in the providing of additional rental space on Phelps avenue which particularly in the fall of the year, is at a premium in this city.

The one stop service station, which is being established by the John H. Arnett Motor company is scheduled to be opened about August 15, or later. The greater portion of the front of the building will be given over to the station with display room for automobiles immediately at the rear. A line of automobile tires will be carried. The new station will include a grease rack with modern hydraulic lift, a wash rack, which will be located in the rear of the building; a vulcanizing and tire repair

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Lamb County Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

JUST HORSE SENSE

Every time a newspaper reader encounters the daily record of the havoc wrought by speeding automobiles when they run amuck on crowded streets, the phrase "horse sense" takes on a new significance. The horse which prompted the coining of the words may be a vanishing quadruped—in time a museum piece—but the qualities it exhibited in the phaeton era of American life are still worth emulating. As some funster facetiously remarked: "Horse sense is always sure to result in a stable government."

The old reliable horse never took a chance with busy traffic, but slowed down to allow vehicles to pass. The horse keeps to his side of the road, and attend strictly to its business, the hauling of a wagon or buggy to the destination without mishap. Perhaps the horse's slow progress is not keyed to the tempo of our hurrying days, but safety is the sure reward of a plodding gait, and the occupants of the vehicle thus have a better chance to see the scenery and say "good morning" to pedestrians.

To have "horse sense" is to watch where one is going, to stay out of get-rich-quick speculations, to be abstemious in eating, to go to bed at reasonable hours, to say "neigh" to many golden-voiced invitations to desert the high roads for devious by-paths leading to disillusionment and disaster.

Even though the modern man may ride in a high-powered automobile and prefer all the high-g geared mechanism of civilization, he will probably do well to hold fast to some of those old-fashioned virtues of foresight, caution, serenity, and concentration to be found in the words "horse sense."

HITCH-HIKER LAWS

Eight States now have laws making hitch-hiking a misdemeanor. Not all of them are like the bill which has been introduced in the New Hampshire legislature, evidently by a member with a sense of humor.

The New Hampshire bill provides that hitch-hikers using the highways of the State must pay a registry fee of \$3.20 to the Secretary of State and buy a license from the motor vehicle commissioner for \$2.30. Another provision is that each hiker must carry a metal sign announcing his proposed destination, and that he must carry a one-gallon can of gasoline as his contribution toward the fuel expense of anyone who picks him up. If he travels at night, this bill provides he must have both headlight and tail-light.

VACATION TIME IN TEXAS

This season brings with it the vacation period of the Southwest, and under present condition many feel that they cannot afford the usual trip and rest. There are, however, many substitutes that persons may make for the annual vacation if finances will not permit, and many can have fairly satisfactory vacations near home, or easily within the State.

Don't miss your vacation. If you stay at home, take periodic outdoor picnic suppers, take advantage of all outdoor sports available, and enjoy the great outdoors with your family and friends. The mental refreshment will be great and at a small cost.

COTTON IN THE TALKIES

Cotton paper has gotten into the talkies. Because ordinary paper handled before the microphone camera, registered on the sound films with a noise like a riveting machine in operation, movie experts tried out the new paper made from cotton. It solved the problem, and now when the heroine on the screen takes the fatal letter from its envelope and unfolds it, it means that more cotton is being used. In the Eastern society centers, this new paper has been taken up by society for its correspondence.

All this means a wider market for the cotton grower.

EIGHT YEARS AGO IN LITTLEFIELD

Friday afternoon, between the hours of three and four, it is requested that all places of business be entirely closed in memory of Warren G. Harding, deceased president of the United States.

Lubbock was unanimously awarded the Texas Technological College, Wednesday afternoon by the official location board in session at Fort Worth.

During the past few weeks about the busiest place in town has been in and around the office of the Littlefield Land Co. Scores of prospectors and land buyers have visited the local land office during the past week. Many have entered into contract for future delivery, and a large number have closed deals for land. Among the sales reported by this company the past week, are: J. W. Kelsey, Runnels county, 177 acres; A. A. Morgan, Runnels county, 177 acres; J. E. White, Runnels county, 177 acres; A. F. Hamilton, Dawson county, 177 acres; J. E. Kevil, Runnels county, 194 acres; and E. M. Runnels county, 24 acres.

Friday night a number of guests met at the home of Miss and motored to picnic, as guests of enjoyable evening.

ring was had.

Last Friday on the Rogers diamond, the local ball team won a fast game with the Rogers aggregation, reputed to be the fastest amateur ball team in Eastern New Mexico. It was the occasion of the annual Old Settler's Reunion, and the first time in thirteen years the Rogers team had come to defeat. Rogers made their only score in the first inning when Piannon muffed a short fly to right field. In the seventh, Blackburn came to bat for Littlefield with three men on bases, and swatted the ball over right field for a home run, scoring himself and the three men on bases. The final score was 7-1 in favor of Littlefield.

1931 Wheat Crop Estimated Lower Than Last Year

The agricultural department in its latest summary of 1931 prospects estimates a world wheat crop for this year of from 250,000,000 to 300,000,000 bushels less than last year.

Canadian wheat production reduced somewhat by drouth, may be 150,000,000 bushels below 1930, while acreage reductions in Argentina and Australia together may bring about a further reduction of 100,000,000.

The picnic shoulder is one of the cheapest cuts suitable for slicing cold—Potato salad goes well with cold sliced ham.

ANOTHER TAKE OFF

"HONEYMOON LANE," OFFERING A NEW TREND IN TALKIE PRODUCTIONS, TO BE PRESENTED AT PALACE THEATRE

There seems to be a trend, among the newer productions of Hollywood, toward simplicity and charm in talkie plots, a trend toward warm and appealing "heart interest."

Eddie Dowling gives a splendid example of this seeming vogue in "Honeymoon Lane," his first picture since "The Rainbow Man," which will be shown at the Palace theater Saturday midnight matinee, Sunday, Monday and Tuesday.

"Honeymoon Lane" is far, far removed from the blood-curdling, or jazzy films of a few months ago. It is brimful with romantic fervor, seasoned with plenty of chuckles and outright laughs, and played by a brilliant cast of actors, including Ray Dooley, Raymond Hatton, June Collyer, Mary Carr, Corliss Palmer, Noah Beery, George Kotsonaros, and Ethel Wales.

The story is one of how young love and faith calmly over-ride the machinations of plotters, thugs and even ill circumstances. It's the romance of a young modern fellow and the girl of his heart. Her uncle, a gambling house operator tries to break up the affair, but the faith of "Mother" Murphy, owner of a hotel which runs in opposition to the gambling house on lines of clean dealing bolsters the lad's courage. Good luck takes a hand when a visiting monarch, incognito, seeks rest at "Mother" Murphy's—and just when things seemed darkest, fortune turns and the lovers and "Mother" win out. Eddie Dowling, who as a brilliant

Hotton, a sure-fire comedian, assisted by that former wrestling champ, George Kotsonaros, appear as a couple of side-splitting gambling house bouncers. Noah Beery is the villainous uncle—and Ray Dooley, comedienne of "The Follies" for 10 years, provides much fun as a sort of flibbertigibbet around "Mother" Murphy's hotel.

Put large buttons and not too many of them on small children's clothes so they can learn to dress themselves.

SCHLOTTMAN—MACHA

The charming wedding of Mr. Joe Macha and Miss Laura Schlottman, daughter of Mr. and Mrs. O. L. Schlottman, was solemnized at a nuptial mass by Father Charles Dvorak, at Sacred Heart Church.

The bride was attended by Miss Fronie Yohner, and Mr. Rudolph Elect, friend of the groom, acted as groomsmen.

The bridal party entered the church to the strains of the wedding march.

The bride wore a frock of pastel blue chiffon with hat and accessories to match. The groom wore a dark blue suit.

After the ceremony the wedding breakfast was served to the bridal party and a few friends and relatives at the home of the bride's parents.

Immediately after the wedding breakfast, the couple left on a honeymoon for West Texas and other points. On their return they will make their home here.

AMHERST

News has reached here of the accidental death recently of B. P. Murphy, aged 60, formerly of this city, who was accidentally hurt at Bethany, Okla. The accident occurred when Mr. Murphy stepped from the back porch into the open basement door, falling ten steps downward onto the basement cement floor, crushing his skull, bruising his body, and inflicting internal injuries, of which he died two days later.

Mrs. E. S. Williams was hostess Sunday of last week to a surprise birthday dinner in honor of Miss Jessie Fern Williams and Mr. Dick Schmitz.

Dinner was served buffet style to the following guests: Misses Vera Bench, Lucille and T. O. Collins, Yolann Knox and Doris Nicholson, Messrs Montie Graig, Walter Coulson, and Bill Linderson and J. D. Thomas of Sudan.

SUDAN

At a meeting of the school trustees recently, it was decided to open the Sudan schools on September 7.

According to information received from Mr. Stool, new owner of the Bargain Store here, fire of unknown origin destroyed his store at Portales, N. M., recently. Included in the loss was considerable merchandise boxed up ready to be shipped to his Sudan store.

Miss Ruby Mince of Dawson, who is visiting her sister, Mrs. Vestus Patterson, was painfully burned recently while canning green beans. When in the act of tightening the lid of one of her jars it exploded, spilling the boiling liquid on her arm and shoulder. First aid was given at once, and she is recovering nicely.

ANTON

A meeting of the members of the Texas Cotton Co-operative association was held at the High school auditorium here Friday afternoon last.

Denman Morgan and Emory King have recently joined the army, having taken the first examination at Lubbock, and gone to Fort Bliss, at El Paso, where they will take the final.

Barto Shockley and sisters, Mrs. Sallie Ballentine, Miss Emma Shockley and Mrs. Lizzie McCraney and son, Alton, of Newton, Miss., all returned to their home last week after attending the funeral of their brother, W. I. Shockley.

MULESHOE

A revival meeting is under way here under the auspices of the church of Christ. Rev. Lester W. Fisher, of Memphis is doing the preaching.

O. N. Robinson has been appointed field man for the committee, which is gathering farm fruit and garden exhibits for the Lubbock and Amarillo fairs this fall. Anyone having suitable specimens for exhibit are asked to get in touch with Mr. Robinson.

Mrs. E. R. Hart, and Mrs. Neil Rocke and daughter, Miss Melzine Rocke, were hostess at a miscellaneous shower Wednesday afternoon, July 22, complimenting the bride Mrs. Jack McIntosh, formerly Miss

CV Crawford, W. M. McCreely, Sudan; Sam Cearley, Earth.

OLTON

Drivers of sixes never want less

because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable

CHEVROLET Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled.

Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its silence. Throw in the

clutch, shift into "low"—and feel that smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you always get are six-cylinder smoothness, six-cylinder flexibility. Annoying vibration is gone!

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is better in every way—and they would never be satisfied with less!

Twenty beautiful models, at prices ranging from \$475 to \$675
All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy G. M. A. C. terms.

Mr. and Mrs. Emzy Hobbs and children took dinner with Mr. and Mrs. John Nance, Sunday.

Miss Mary Kate Lightsey spent Saturday night with Miss Lois Hodges.

Miss Ethel New has returned to her home at Quitaque after spending a week with friends here.

Earl Jackson took dinner with Melvin Theford, Sunday.

Bennie Nobles visited relatives at Sudan, last week.

Rev. Booth and Beatrice spent Monday night with Mr. and Mrs. Darwin McCarty.

Kenneth Kasserler, Morris Pierce, Misses Valarie Humphries, Marie Banks, Iris New, Ruby McCarty and Inez and Myrtle Nance took dinner with Choice and R. C. Malone, Sunday.

A new and strictly modern grocery and fruit and vegetable market will be opened in Littlefield Saturday, August 15, by J. N. Hopkins, who until recently, was in business in Hobbs, N. M.

The new business will be located on West Third street, just off XIT drive and adjoining the XIT filling station. The building has been leased from Mid Seal.

Mr. Hopkins announced Wednesday that the business will be operated on the self-service plan. The walls will be lined with well-stocked shelves, a portion of the front of the store will be given over to fruits and vegetables, a wrapping counter will be located in the center of the store, and baskets will be furnished customers in order to aid them in making their purchases. The new store, according to Mr. Hopkins, will carry a big stock of staple and fancy groceries. Eggs will be purchased, or taken in exchange for groceries.

Mr. Hopkins was in business in Hobbs for 18 months, and previous to going to Hobbs was in business in Lubbock for four years. He operated a fruit and vegetable market in Lubbock and a grocery and market in Hobbs.

Complete details concerning the merchandise Mr. Hopkins will carry in stock, together with facts concerning his business policy, will appear in an advertisement in next week's issue of the Lamb County Leader.

Pep Paragraphs

A very much needed 2 1-2 to 3 inch rain fell here Saturday night, crops were still looking good before the rain and this will assure a fine crop.

NEW AIR CELL RECEIVERS USING "BREATHING BATTERY" SOLVE FARMERS' RADIO PROBLEMS

At last the farmer is to have a radio receiver which in appearance as well as in performance is equal to modern electric sets. Above are shown three of the new air cell sets exhibited at the recent radio trade show in Chicago.

A radically new type of battery operated receiver designed to bring satisfactory radio reception to the 6,000,000 families living beyond power lines and who cannot use electric sets, was displayed for the first time by ten of the country's leading set manufacturers at the 1931 Radio Trade Show in Chicago recently.

The "air cell" sets—so-called because of a revolutionary "breathing battery" they employ for "A" current—do not require

storage batteries, manually operated rheostats, filament voltmeters, and other features which caused the failure of all previous sets designed for farm use. In appearance and performance they are like modern alternating current sets, ranging in style from midgets to elaborate consoles. They snap on and off with a simple switch.

The new battery which made the sets possible literally breathes the life-giving oxygen from the air

through a special carbon "lung" to maintain constant voltage over a long life. It will run a seven tube "air cell" set for well over 1,000 hours, or in the average household for approximately a year.

Some of the sets are equipped with dynamic speakers, while all of them use the latest circuits, and are considered by industry leaders to be the final solution to satisfactory radio reception in rural sections.

General Motors to Erect New Building To Display Products

Detroit, Mich.—Signing of contracts authorizing the erection of a special building at construction cost of close to \$1,000,000 to be devoted exclusively to the display of General Motors products at Chicago's International Exposition in 1933, is announced by W. S. Kudsens, president and general manager of the Chevrolet Motor Company.

Albert Kahn, architect, is now drawing up plans for the structure which will have 100,000 square feet of display space and will be strategically located on the lake shores opposite 31st street.

LAMB COUNTY H. D. CLUB HOLDS ENCAMPMENT

The Lamb county home demonstration club encampment is being held August 5, 6, and 7. The encampment is solely recreational. The club woman will have 3 days of rest and fun. Every club woman owes it to herself and family to get away from home and family for a few days. All work and no play makes women dull the same as it did for Jack in the proverb.

There will be absolutely no cost for the camping grounds. Each woman will provide herself with two quilts, a pillow if desired and enough food for herself during the stay. This is an unusual opportunity for the women to learn to know each other better, and to really enjoy themselves for a few days.

In most homes, every one takes a vacation but mother. Her work is usually heaviest in the long hot days of summer. The United States stands highest among nations of the death rate of mothers. Many, yes, most of these deaths are due to overwork and neglect. Every home should insist that the mother have a few days vacation each year of course she should be considered every day in the year; but she should be given some time of her own where she can be free from the worry and care of the home and family.

Let each of us insist that the club mothers get away from home a few days and help to make it possible for them to have one really good time free from the care and worry of the family.

We can surely care for the little ones while mother has the pleasure of a camping trip.

CARD OF THANKS

We wish to thank our many friends and neighbors for the kindness bestowed upon us during the illness and death of our beloved wife and mother.

Mr. S. H. Sadler and children.

WEST TEXAS! HERE WE COME!

Some indication of the fame of farm lands in the Littlefield territory is gained in the fact that 8 farmers, all living in one community in Alabama, recently arrived in this city to look over land.

They made the trip from Alabama in a truck, using chairs in order to provide necessary seating accommodation.

Home Demonstration Notes

By Mrs. L. A. Robinson, Fieldton, Texas

When they came to look at my living room the first time I had a bed dresser, piano, stove, and some old rockers that the cushions need covering in my room.

What I did was to take out the bed and dresser and as it was April 30th, when they came to score the room the second time I had taken the coal heater down as we always take it down then and put it up in October, and I did not change the doors and windows. My room is a south-east with the front door in the west end of the rooms goes into the dining room and 2 doors on the north enters bed rooms. We already had good light by day, and had installed a carbon light plant last year, so we had 2 drops in the living room and the artificial lights were good, but the floor was bare and the paper awful and I never had put any curtains at the windows. So I began by papering the room that cost \$1.15 and I used moulding in place of border and it cost 95c, and we had a little paint that had been stuck in a closet for five years so my oldest girl painted the moulding with it then we stained, varnished and waxed the floor, put a 9 x 12 congolem rug on the floor covered the 2 rocking chair cushions, varnished three chairs and a library table that was in another room re-arranged the piano, took the old window shades and took them off the rods, hemmed the tops and put the old used at the top so they looked nice as new then I put some curtains at the windows, and curtained the French doors also put a curtain over the glass in the front door. My mother had given me 2 pillows so I put them in 2 of the chairs to help rest tired backs and she had also given me a fern, and some few that I had in the room and the flower stand a neighbor lets me have, and I had a bouquet of tulips that Mrs. Pipes had brought over from Plainview to the church and given to me afterwards.

Texas Will Levy Tax On Cigarettes After August 22

In obedience to an act of the 42nd Legislature, which places a tax on all cigarettes sold in Texas, subsequent to August 22, 1931, J. A. Donnell, chief of cigarette division of the treasury department of the State, has arranged with the First National Bank and First State Bank of this city to handle an initial supply of these stamps until permanent arrangement can be made for their distribution.

No further information relative to this cigarette tax is available at this time.

OLTON

Officers of the Olton Lodge, A. F. & A. M. were installed at a recent meeting.

W. B. Smith was installed as worshipful master; I. B. Holt, senior warden; J. A. Carruth, junior warden; H. W. Koen, secretary; H. G. Walker, treasurer.

Succeeding Mrs. Esther Tuttle, who moved to Plainview, Mrs. Pauline Kuykendall of Colorado City, Texas, assumed charge recently of the Southwestern Associated Telephone company, as chief operator.

Miss Beula Hammer and Lewis Randolph were married in Clovis, N. M., Sunday afternoon, July 19. They left immediately for the mountains of New Mexico.

Miss Hammer has lived in Olton for the past seven years. Mr. Randolph is a farmer and stockman of Lockney, Texas.

Miss Verena Robinson of Tahoka visited Mrs. Carl Jordan Monday.

Commissioner of Agriculture Says Terracing Important

College Station, Texas, Aug. 5.—Stressing the need of more attention to proper rotation of crops and terracing of farm lands as measures to protect and conserve soil fertility, Commissioner J. E. McDonald of the state department of agriculture, speaking at the Farmers Short Course at Texas A & M college Wednesday, of last week, urged adherence to a state-wide program of soil conservation as a matter of great importance to agriculture in this state.

"Our soil is our greatest natural resource," said Commissioner McDonald, "and the alarming rate at which we are permitting our farm land to become impoverished through improper rotation of crops and failure to terrace is a matter that should challenge the attention of all. The impoverishment of these soils is clearly evidenced by the continued decline in quantity and quality of yields of our major crops and we should endeavor to establish a program for soil conservation which will be state-wide."

Commissioner McDonald also stressed the need of establishing some means of regulating production of major crops so as more nearly to conform with consumption.

Chevrolet Production Making Good Gains

Production of Chevrolet cars and trucks in June totaled 84,597 units as against 78,472 in the same month of 1930, W. S. Knudsen, president and general manager announced today.

The June figure brought the output of the company for the first six months of the year to 522,232 units, Mr. Knudsen said.

Production during June compares with 113,852 cars and trucks built in May, which was the highest month's output since July, 1929.

Of the volume during that month 78,734 units were built for the domestic market as against 70,160 a year ago, a fact which Mr. Knudsen interprets as further evidence of improvement in the United States in retail buying over a year ago, at least as far as Chevrolet is concerned.

The margin of difference by which production in 1930 exceeded that of 1931 has gradually narrowed month by month this year, and with the output curve intersecting last year's during the May-June period, sales in every remaining month this year are expected to exceed the corresponding months of last year, Mr. Knudsen stated.

Tuesday is better than Monday for a wash day. A day is needed in most after Sunday's relaxation, to look over the clothes, mend them when necessary to prevent larger tears, remove unusual stains, and put the white clothes to soak. Then an early start can be made on the work on Tuesday.

Mr. and Mrs. Jim Blessing were host and hostess to a number of friends Friday evening at a singing party at their home three miles south east of Littlefield.

Guitar music, several piano numbers and songs were enjoyed.

The guest list included: Mr. and Mrs. T. S. Sales, Miss Minnie Pratt, Mr. and Mrs. Price, Mr. and Mrs. Vaughan, Mr. and Mrs. O. Smith, Mr. and Mrs. Belve Flannigan, Mrs. Bob Miller and daughter, Opal, Mr. and Mrs. Zed Robinson, Mr. and Mrs. Roy Blessing and family, Mr. and Mrs. E. A. Bates.

Miss Anna Bontke Becomes Bride Of J. G. Henkel Sunday

Sunday noon the Lutheran church was the scene of an impressive wedding, when Miss Anna Bontke, whose parents reside 3 miles north-west of Littlefield, was united in marriage to Mr. J. G. Henkel of Kress, Texas. The altar was attractively decorated, arranged with a gateway leading to an arch, trimmed with white and pink roses.

Rev. Walter J. Lueck, pastor, officiated. The wedding march and the exit march were played by the former pastor of the bride, Rev. Heckmann.

The bride was charmingly attired in pink taffeta and carried arm bouquet of roses. The maid of honor Miss Jewell Copeland, was dressed in green organdie. The bridesmaids Ellen Osborne and Louise Fuller, wore frocks of blue and orchid organdie respectively, and carried arm bouquets of white daisies. The little flower girl Ernestine Lichte, was dressed in yellow organdie. Mr. Marion Springer of Kress served as groomsmen.

An excellent dinner was served the guests at the home of the bride's mother. Music was furnished by the Rev. Heckmann and the Bontke brothers.

The out of town guests for the wedding were: Rev. and Mrs. Heckmann and family of Reisel, Texas, George Bontke and family, and Mr. and Mrs. Louise Bontke and family of Abilene; and Mr. Joe Bontke and family of Kress. Due to muddy roads several out of town relatives, who had planned on attending, found it impossible to come.

The young couple will reside at Kress, Texas, where the bride has a teaching position in the grade school.

Mr. and Mrs. Gardner
Return From Fishing
Trip to Creed, Colo.
Mr. and Mrs. W. H. Gardner and
Mrs. Frances Williamson, who have
been enjoying a fishing party for the
past two weeks in Creed, Colo., re-
turned to their home here Sunday.
According to Mrs. Gardner they had
a most enjoyable time, and caught
plenty of fish during the first week
of their trip, but found fishing not
so good the last few days.
Mrs. Gardner said they fished at
the head of the Rio Grande river, at
the fork of three rivers, and that the
scenery was beautiful. On their re-
turn trip they came by way of Santa
Fe, and visited Taos, N. M., and
although it rained during their whole
trip through New Mexico, Mrs. Gard-
ner said the gravel roads were good.
Mr. and Mrs. D. G. Hobbs, Mr.
and Mrs. A. G. Hemphill and Mr. and
Mrs. J. E. Norman, who were also
in the party, went on to Lost Lake
to try their luck there.

Underpass 770 Feet
Long Is Dedicated
Amarillo, July 31 — The largest
underpass in Texas and the south-
west was dedicated here last night in
the presence of 10,000 people. It
extends under the Rock Island and
the Burlington railroad systems,
unites two main parts of the city and
carries traffic of five federal and
eight state highways.
The dedication was by Mayor Er-
nest O. Thompson. Wilbur Hawk,
president of the Tri-State Fair asso-
ciation responded on behalf of the
people. The Rock Island railroad
was represented by Hal S. Ray, of
Chicago and the Burlington by Gen-
eral John A. Hullin, L. M. Hogsett,
and F. D. Daggett of Fort Worth.
Construction is of steel and con-
crete, which consumed 300 carloads.
The underpass is 770 feet long.

Spade Resident
Injured Monday
While working on the North Spade
gin late Monday afternoon, the son
of W. H. Simpson of that commu-
nity fell twelve feet, suffering pain-
ful bruises to his head and should-
ers. He was rendered and remained
unconscious for some time. He is
said to have been getting birds out
of the gin at the time of the acci-
dent.
Dr. J. D. Simpson, who treated
the young man, said he did not be-
lieve his injuries were serious.

CHURCHES

to all to attend.

SUNBEAM BAND MEET
MONDAY AT CHURCH
The Sunbeam band, of which Mrs.
Norman Renfro is leader, met at
regular hour, 3:30 p. m. Monday, at
the First Baptist church. Five new
members were added at this meeting
making 21 present.
The Sunbeams are doing fine
work, and they extend a hearty in-
vitation to other boys and girls of
the city to come and work with them
next Monday.

LUTHERAN CHURCH
Sunday, August 9, 1931
Sunday School—9:45 a. m.
Morning service—10:30 .
Evening service—8 p. m.
Last Monday was general clean-up
day at the Lutheran church. The la-
dies thoroughly cleaned the Luther-
an church. Later the floor was var-
nished. The men cleared the property
of weeds, and repaired the privies ac-
cording to the new city ordinance.
Walter J. Lueck, pastor.

Sunday, August 9
Sunday school at the usual hour
—9:45.
Mr. F. O. Boles, the superintendent
of the men's class. Mrs. Pat Boone
will assist with the young people's de-
partment, until Mrs. McCaskill is able
to attend to her church duties.
As Rev. Joe F. Grizzle, the pastor,
is conducting a revival at Anton, the
pulpit will be occupied Sunday morn-
ing by a visiting preacher.
The B. Y. P. U., will meet at 7:30
p. m.
The ladies of the W. M. U., will
have charge of the evening service.
A revival meeting, conducted by
Dr. R. C. Campbell of Lubbock, as
evangelist, will begin in the First
Baptist church, on Sunday, August
23.

AT THE METHODIST CHURCH
Sunday, August 9, 1931
The pastor has been at Amherst
for a part of two Sundays in a re-
vival, but will be in his pulpit at
both services next Sunday. We hope
all members will be at both services,
and this will assure us of a good
day. Our services are well attended,
which always inspires the preacher to
the best that is in him. At the morn-
ing hour we will have special music
and at night our theme is "The Prodi-
gial Boy Came to Littlefield and

How He Went to the Bad." We pro-
pose to discuss this in a very live
way. We hope to say some things
that will help our young men to a
better grip on life. Remember the
young people's meeting at 7:45 p. m.
Sunday school at 10 a. m. You are
cordially invited.
—C. B. Meador, Pastor.

AGRICULTURE NOTES
By D. A. Adam, County Agent
All persons in the county wishing
to have their dairy herds tested for
T-B, should get in touch with the
county agent at once. There will be
a veterinarian in the county soon un-
der the direction of the agent to do
the work. It is being endeavored
to work up about 60 head or more,
and as soon as we reach that amount
the veterinarian will come in to do
this work.

The county agent is doing butter
fat testing for his dairy demonstra-
tors. Any other farmer who is inter-
ested in finding out the butter fat
test of his dairy cows, can do so by
bringing a sample of milk to his of-
fice the morning of the 19th of this
month, and he shall conduct a test
for you.

Roy B. McQuatters, of Littlefield,
dairy demonstrator, produced butter-
fat during the month of July for 7c
per pound. He is feeding a ration
that is balanced, and has plenty of
Sudan pasture, attributing the cheap-
ness of this production to good pas-
ture.

The Feeders Short course will be
in Amherst, at the high school build-
ing, August 20-21. The main part
of the program will be on the 20th.
There will be on the program the fol-
lowing men from the A & M college:
A. L. Smith, animal husbandman, ex-
tension service; John Jones, chief in
charge of experimental feeding of
beef cattle; A. L. Barnes, with the
Texas livestock marketing associa-
tion, and A. C. Magee, of the experi-
ment station, who will discuss the
outlook, and the class of cattle to
feed. Also, there will be other vis-
itors here at that time who will be put
on the program. This is an impor-
tant meeting, and all farmers and
their wives are urged to attend.

The county agent in visiting the
experiment station during the short
course found swine experiment going
on in feeding, and after the first
fifty days of feeding it was found
that there was practically no differ-
ence in cost, and gain of pigs on
feed, where whole wheat and cracked
wheat fed with cotton seed meal and
tankage were put in self feeder.
This is the first of such experiments
During the past few years it has been
conclusively proved that it does not
pay to grind kafir when fed to hogs
in self feeder. Moral: If hog is fed
by free choice, in other words with
a self feeder, let him do his own
grinding.
Farmers having early crops of
beans, peas, or other crops, please

bring or send in sample to the coun-
ty agent's office, for the county ex-
hibit which goes to Amarillo, and
Dallas.

Rev. J. F. Grizzle
Is Conducting a
Revival at Anton
Rev. Joe F. Grizzle, pastor of the
First Baptist church here, opened a
revival meeting at Anton in the large
Tabernacle erected for that purpose,
Sunday evening.

Mr. Dick Webb is leading the sing-
ing. Considerable interest is being
shown, and good attendances report-
ed at the meetings, which will con-
tinue for two weeks.

Blackey & Blondy
Cafe To Re-open Soon
The Blackey & Blondy Cafe will
be reopened for business on August
15, according to Harvey Moore, one
of the partners in this establishment.
The interior of the building is be-
ing redecorated and remodeled
throughout.

All the arguments and persuasions
in the world won't make some per-
sons like spinach if it is "mushy"
and brown, which are signs of over
cooking. Cooked spinach should be
green and chewy which makes it at-
tractive to the eye and pleasant to
the palate.

vertise commodities worth 5 or 10 cents.

A resolution indorsing laws to enforce cotton acreage reduction was among those adopted by the conference just before they adjourned. They also requested President Hoover "to have careful study given to the question of the general effect of tariff barriers and of war debts on the cotton industry. Speakers had contended the tariff and intergovernmental debts had crippled the export market.

Another resolution asked the Federal Farm Board to make one of its activities the finding and promotion of new uses for cotton. The conference expressed its "heartily dissent" from the request of the railroads for a 15 percent increase in freight rates.

Industrialization of the South and "all sane" forms of effort in the direction of co-operative marketing were the other recommendations. The conference asked the Governors of each of the cotton States, to appoint a member of a committee to continue the work of "this convention."

The only discordant note was sounded when Representative Lawrence Westbrook of Waco offered a resolution to request the Farm Board to withhold its 3,500,000 bales from the market until after Jan. 1, 1933, and then dispose of the cotton in small amounts. The Farm Board would have been allowed to dispose of some of it only by replacing it immediately from the current mar-

ket. Littlefield and district are being entertained this week by the J. George Loos Shows, which are exhibiting in the downtown section of the city.

Showing under the auspices of the Littlefield Fireman, the J. George Loos organization has a great variety of entertainment which is attracting many people. There is plenty of amusement for all, and in great variety.

A carnival is something that attracts. The youngsters get a thrill out of all that goes on; youth enters into the activities with the enthusiasm of which only youth is capable, and those who have reached more mature years attend to renew the days of their youth when they were known to carry great pails of water to the elephants, for long periods, for an admission ticket to the "big top."

The Loos Shows haven't any elephants, but there's plenty of entertainment and activity.

There's the Merry-go-round, the Ferris Wheel, the Mix-Up, the Whip, Milo Anthony's circus side show, Dixieland Minstrels, Capt. Miller's Athletic Arena, the Palace of Illusion, and other attractions too numerous to mention.

The shows open at 7 p. m. daily and Saturday at 1:30 p. m.

The Littlefield fire department is a volunteer organization, and in order to raise funds, carries out various events, one of which is the bringing of the J. George Loos shows to Littlefield.

shop and a complete oil and gasoline service. Texaco products will be sold.

Equipment of the John H. Arnett company already includes a battery station. J. H. Wells is the general contractor.

Mr. and Mrs. E. B. Webster Move Here From Memphis, Tex.

Mr. and Mrs. E. B. Webster, of Memphis, who own several farms in the immediate vicinity of Littlefield, moved last week to this section, and are living eight miles south of town. These people are very enthusiastic about this section, and great boosters for Littlefield and district.

Miss Rosalie Littlefield of Elida, N. M., returned to her home Wednesday, after spending a few days as the guest of her cousin, Pat Boone, and Mrs. Boone.

The resolution was voted down 16 to 14, notwithstanding the support of Governor Ross S. Sterling, who called the conference. Opponents took the view that such a resolution would be an attempt to tie the hands of the Farm Board and might interfere with the board's contracts. One opponent said he would be willing to support it if it were so amended that all holders of the cotton surplus had to announce when they would place cotton on the market.

Gets Big Return From Want Ad

Miss Margaret Beard, daughter of Mr. and Mrs. F. E. Beard, lost a valuable pocketbook recently.

Her father inserted a small ad in the Classified Section of the Lamb County Leader at a cost of only 25 cents.

Lost on Wednesday the purse together with contents was returned to Mr. Beard, on Friday.

The purse, containing four \$1 bills, was dropped from an automobile on Phelps avenue, was picked up immediately, and the finder decided to wait until the Leader was published Thursday before making a special effort to find the owner.

Here's the ad which the finder of the purse read in the Leader: "LOST—Hand-made black purse embroidered in colors. Will pay reward for return to Margaret Beard, Littlefield."

The next time you find or lose an article, remember that the Leader will help you find the lost article, or will help you find the owner of the article you find.

A. P. Duggan Talks On Railway Project At Rotary Meeting

The program at last Thursday's luncheon of the Littlefield Rotary club was in charge of Clarence Grow.

A talk was made by Arthur P. Duggan, relative to the work underway at this time in Lamb county, in obtaining deeds to the proposed T. P. & N. railway right-of-way.

Morley B. Drake made a short talk describing International Headquarters at Chicago, which he visited on a recent trip north.

Several piano numbers were rendered by Piano Playing Johnson, a colored entertainer.

The program at this week's luncheon will be in charge of Mr. Duggan.

Dollar Day Is Outstanding Success

Littlefield's second Dollar Day of the present year, which was carried out last Monday, was an outstanding success, the patrons of the stores receiving extra good value for money expended and the merchants doing a large volume of business.

Dollar Day has come to be an important event of the month. It is proving highly advantageous to both buyers and merchants.

The next Dollar Day in Littlefield will be Monday, September 7.

WILL ENGAGE IN STOCK FARMING IN THIS SECTION

Jim T. Douglass, formerly of Littlefield, but who has been ranching in Eastern New Mexico for the past several years, moved his family back here last week, and says he is here to stay.

Mr. Douglass first left Littlefield in 1923, returning in 1925, leaving again in 1926. He plans on stock farming in this section.

LITTLEFIELD H. D. CLUB GUEST OF SPADE CLUB

The Spade home demonstration club entertained members of the Littlefield club Wednesday afternoon, at the Spade Baptist church.

Miss Richter and Mr. James R. Curtis, state health workers, were principal speakers for the afternoon. After the program, a social hour ensued. Cake and punch was served to eighteen members and fifteen guests.

Later a call meeting was held and the business of the previous meeting was attended to.

The next meeting will be with Mrs. W. E. Bentley, August 19.

Mr. and Mrs. J. H. Ware and sons, Kenneth and James, left Wednesday for Hollis, Okla., where they will visit with Mrs. Ware's mother, Mrs. Abernathy, and Mr. and Mrs. J. B. Ellis. They will be absent from the city for a week.

Takes Charge Of Magnolia Service Station Here

Ralph McGhee, formerly of Lockney, Texas, has been placed in charge of the Magnolia Service Station on Highway No. 7, a short distance east of Phelps avenue, by L. R. Crockett, local Magnolia agent. Previous to coming to Littlefield Mr. McGhee was employed at a Magnolia station in Lockney.

TABERNACLE BAPTIST CHURCH Sunday, August 9

Pastor Roy A. Kemp, of the Tabernacle Baptist church is assisting Rev. Moore and the church at Baileyboro in a revival campaign.

In his absence Sunday morning, Pastor W. A. Reed of Amherst, will occupy the Tabernacle pulpit. Give him a large crowd and pray for the service. The pastor will return and fill the pulpit Sunday evening.

—Roy A. Kemp, Pastor.

Rain—

(Continued from Page 1)

Hale Center reported about one-half an inch. Moisture estimated at one-half an inch fell at Lubbock and vicinity. Brownfield also reported a light shower. Tokio and Plains received good showers and Crosbyton and Ralls were visited by light showers. Slaton and Post also received some moisture.

Muleshoe was visited by a light shower Saturday night, but Sunday night received 1.77 inches of rainfall. Thursday night the Bailey county capital received .10 inches of rain.

We Think—

(Continued From Page 1)

The railway has a very loyal employe.

For example: Clay will take time, any time to tell the folks about the wonderful stone, and other materials that are going into the construction of the new Santa Fe depot.

No use asking you what you think; we know that you know Clay is a booster for John Santa Fe.

WE THINK—

That the program whereby the Boy Scouts of Littlefield will occupy civic offices for the day, is an excellent opportunity for the boys to become well acquainted with the duties of such officers.

That it is another step forward in their training for good citizenship.

That the youths who as Boy Scouts occupy civic offices, will, in all probability, some day be elected to a civic office.

That the citizens of Littlefield should enthusiastically support the program in connection with the scouts occupying civic offices.

That the Rotary club, and those who are working with the club, in connection with the coming great scout event, should be highly commended on their undertaking.

What do you think?

J. T. BELLOMY CONTRIBUTES— (J. T. Bellmy returned recently from a ten days' fishing trip to Cor-

pus Christi, Point Isabel and Aransas Pass.) There is always someone ready to say Did you let the biggest one get away Or when you are telling what actually occurred They will listen and laugh and not say a word.

Now such remarks always will make you feel blue When you know that the story you are telling is true, So in order to prove each statement I make I brought home some pictures you can not mistake.

Some of these pictures of Tarpons you see Are very small fish in the Tarpon family. But it makes no difference the size of the lad It will give you a thrill you have never had.

But the first one I hung I was sure as could be, That the whale that swallowed Jonah was still in the sea, And when I landed him safe on shore The gulf went down three inches or more.

Now this was my prize catch, he weighed eighty pounds, Measured five feet eight from his tip to his crown I thought he was a dandy, a whopper, you know But the people who live there did not think so.

I have told you only of the fish that I took But the big fish was captured by cousin Mrs. Cook. It was six feet nine, weighed a hundred and ten pounds Gosh, if I had caught that one I might have been drowned.

But she knows her business as sure as can be And I think she could land any fish in the sea, For she never gets excited whether large or small But simply and surely she lands them all.

Now the fish I brought home as some of you know For catching and eating are the best fish that grow They are King fish by name, their body is round Twenty four inches long, weight about five pound.

In fishing for King fish you use no bait But troll with a spoon hook at a rapid gait And when they strike, Boy, Howdy Do

You will have some sport before you are through. Now if any of my friends care to make this trip Come over and see me I will give you a tip

For the people who run these fishing resorts Had real good health when they came to the port.

But if you are a good sport not afraid to invest, They will certainly see that you get the best And when you think they don't know their stuff Just try by your self you will soon get enough.
