

## County Judge, Treasurer Races Hold Spotlight In Saturday Primary Vote

### Precinct Conventions Set Saturday Afternoon

Lamb Countians are voting Saturday afternoon. Democratic precinct conventions are held, perhaps quietly, in precincts. In some cases, the conventions are held in another part of the precinct. All 16 precinct conventions are set for 2 p.m. Precincts will be open from 8 a.m. to 8 p.m. in all precincts. The precinct conventions represent the grass-roots thinking of the people, will have influence in the 1960 presidential convention of the party. Party precinct conventions are of equal importance with the precincts for the offices of United States Senator and governor.

The contest this year for control of the precinct conventions is between the conservative-Price Daniel forces and the liberal-loyalist-labor faction known as the Democrats of Texas, or the DOT. Whether such a contest will develop in Lamb County was not apparent here this week. Both sides have been quiet here. It could mean that there is little interest, or it might turn out that one side or the other, or both, is planning some surprises.

### Absentee Ballot Total Indicates Interest High

By BILL TURNER  
News & Leader Editor

A nip-and-tuck battle for county judge and a four-way scramble for county treasurer are expected to bring Lamb County voters out in droves for Saturday's First Democratic Primary, despite an apparent lack of interest in balloting for state offices.

High interest in local elections was indicated Wednesday morning in an announcement that 284 voters had cast absentee ballots in the county.

That figure topped the absentee vote of two years ago, when almost 80 per cent of the county's

voters crowded the polls on election day.

The big drawing cards apparently were the races for county judge and county treasurer.

#### Boone vs. Lewis

Incumbent Pat Boone Jr., an attorney, will face Paul Lewis, Littlefield area farmer, in the race for the county judge's post.

Supporters of both men appeared confident of victory this week, but observers felt the race would be uncomfortably close.

The treasurer's race sends incumbent Mrs. Bill Pass against Mrs. Lucy Moreland, Amherst city secretary; L. D. Stanaford and A. S. (Pete) Parrack, Littlefield businessmen.

That race appeared close enough for most observers to predict a run-off.

#### 4,300 Pay Poll Tax

With approximately 4,300 holders of poll tax receipts, plus an unknown number of exemptions, and based on the customary 52 per cent voting Saturday's total vote in the county would be near 2,500.

The county may go higher than that, however, with the increased local interest.

Almost 4,000 voters, about 80 per cent of the total, turned out here in 1956, the presidential election year when poll tax payments were high.

Comparison of absentee balloting indicates interest may be highest in Littlefield's precinct 12, where 164 voters cast absentee ballots. Voting strength of the precinct, largest in the county, is about 1,300 this year.

## Farmer Charged In Area Shooting

A charge of assault with intent to murder was filed here Wednesday morning against Loyal Wooten, 25-year-old Lamb County farmer, following a shooting and robbery at his father's farm home near Bainer Switch, Tuesday morning.

Wooten remained in jail Wednesday, while his wife, Shirley, 23, victim of the shooting, lay in a hospital bed with a bullet wound in her right leg.

Mrs. Wooten, an expectant mother, was described as in good condition by attendants at Littlefield Hospital. She was hit in the right thigh, just above the knee. Wooten was arrested Tuesday morning in Hale Center, less than an hour after the incident.

County Attorney Curtis Wilkinson was studying a possible charge of armed robbery against Wooten. More investigation was planned Wednesday afternoon.

Wooten's father, R. L. Wooten, 49, told officers his son robbed him of \$400 in \$50 bills and took his car, a 1957-model sedan. A three-man county commission race in precinct two, the Earth area, is expected to make the turnout heavier there.

The runners are Clyde Goodwin, Thurlo Branscum and W. W. Powell. Incumbent Sam Cearley isn't seeking re-election.

Two other justice of the peace races round out the contested local votes.

## \$975,000 Suit Filed Against Marietta Co.

American-Marietta Co. of Chicago has been named in a \$975,000 suit charging violation of federal anti-trust laws filed in U. S. District Court in Lubbock.

The suit was filed by Brown Supply Co. of Lubbock and eight other Brown Supply offices, including the Littlefield firm.

American-Marietta does business in Littlefield through Tellyer Pipe Co., which manufactures and sells concrete pipe and metal highway guard rails here.

The plaintiffs charged that American-Marietta operates a "virtual monopoly" and maintains "artificially high prices in the State of New Mexico resulting in greatly increased cost of high-walls in said state."

The suit is founded in anti-trust laws, which provide bars to the lowering of prices by a given firm for the specific purpose of destroying a second firm.

The plaintiff's petition also alleges the defendant made derogatory statements, through its employees about the efficiency and integrity of the complaining firm.

American-Marietta is one of the largest manufacturers of concrete products in the country and has plants in at least 17 states.

### Cotton Crops Riddled

## Hail Hits Area Sunday, Takes 2nd Lick Tuesday

Turbulent weather unleashed crop-damaging hail Tuesday night while the area was still reeling from a wicked blow two nights before that.

The Tuesday night storm dropped hail in an area estimated at five miles wide and eight miles long along a line southwest of Anton through Whitharral.

The damage started about five miles southwest of Anton and ran eight miles southwest through Whitharral.

High winds in the area reached approximately 60 miles per hour, observers said. Sunday night's storm damaged about 1,000 acres of cotton around Hart Camp. County Agent Bill Kimbrough reported.

The strip was about 2 1/2 miles wide and six miles long, he said, starting a half mile south of Hart Camp and running north to the Sandhills. About 40 per cent of that area was planted in cotton, Kimbrough said.

Only hail reported Tuesday night inside Lamb County was a spotted, undetermined area around Sudan, Doc Singer, who

farms northeast of Sudan, said he lost his crop. Billy Chester, who farms west of Sudan, suffered 75 per cent damage to his crop. Highways around Sudan were reported under water Tuesday night

from the heavy rainfall. Highway 84 was under an estimated 10 inches of water in spots between Sudan and Muleshoe. The highway from Sudan to Earth was under water for about four miles at a low spot.

B. F. Elms, who farms southwest of Whitharral, said Tuesday night's hail in his area, looked like "sheets of ice," rather than hail stones.

Heavy rains were reported north and west of Sudan, where an estimated two to three inches fell. Rainfall Tuesday night in Littlefield was .30. Anton received almost an inch, Spade a sprinkle and the damaged area around Whitharral two to three inches. South of Sudan the fall was an estimated 70 of an inch, while the Bainer Switch area got .80.

Among those hardest hit in the Hart Camp area Sunday night were the farms of Dan Puckett, Roy Ostus, J. K. Ostus, Roy Kendrick, J. W. Wells and Junior Muller.

Cotton and feed crops were extensively damaged. Roofs, cars and pickup trucks were also damaged by the hail.

### Officers Seeking Man Who Rifled Cash Register

Officers Wednesday were seeking a man who rifled a cash register at the Truck Terminal Station on Highway 84 Monday about 7 a.m.

An attendant at the station, Harold Brown, told city police Monday that a young man driving a yellow and black Mercury apparently got \$34 from the station cash register.

Brown told police the man stopped for gas, and while Brown was gassing the car, went inside to get a package of cigarettes.

The man came back out, paid for gas, and drove away. Brown noticed the money missing when he went to the cash register.

# THE COUNTRY EDITOR

By H. M. BAGGARLY  
Publisher, The Tullia Herald

ONE OF THE most vital races in Saturday's Democratic primary is that of State Senator. There is much more involved than mere personality. Since the issues have been clouded by gossip, slanders, false rumors and even defamations of character, the voter has a tremendous responsibility to sift truth from fiction, prejudice from objective appraisal, and fact from fancy.

WE ARE NOT supporting Senator Andy Rogers, the incumbent, because we think he is perfect, because he has pleased us all the time, because we think he is the only resident of the 30th Senatorial district capable of serving with ability and integrity. We are supporting him because he towers head and shoulder above the other two men, in our opinion, that we would have to scratch both names if the name of Senator Rogers did not appear on the ballot.

HERE ARE SOME of our reasons for having to support Rogers. He is the incumbent, having served only one complete term in the Senate, and it is our belief that an incumbent deserves re-election unless there is a good reason why he should not be re-elected. In the case of a Senator, seniority is of utmost importance. It would be extremely unwise for a district to throw its seniority in the Senate to the wind. Senator Rogers already has the job. We owe nothing to a person, even a friend, who covets the job of his neighbor.

Secondly, anyone who studies Rogers' record carefully will soon find that he thinks like the typical resident of the 30th district. We have not always seen eye to eye with Rogers on every issue that has come up, in fact, on occasion we have attacked some of his decisions editorially—but we have approved his actions in a huge majority of cases. In voting, our choice is not to select the perfect candidate, according to our own specifications—our choice is to vote for the man who most nearly reaches perfection.

While Senator Rogers' batting average is the Senate is high, in our opinion, the voting records of his opponents are completely unpalatable in too many instances.

ONE OF ROGERS' opponents has represented big business interests, including the utilities monopoly, much more effectively than he has represented the farmers and smalltown businessmen of the 30th district.

The other man in the race, when he was in the Legislature, voted for exempting utility companies from the license fee (required of other appliance dealers) for the privilege of selling gas and electric appliances, parts and repairs in towns of 3,000 or less. He voted for a two per cent gross receipts tax on soft drink bottles which Gov. Shivers offered. It was adopted 15-14, so his was the key vote. Later, the Senate reversed itself and killed this tax. He also voted to table Aikin's effort to reduce this bottle's tax to one per cent. Then Aikin tried to exempt milk from the bottle's tax and this candidate voted not to exempt milk.

THIS CANDIDATE introduced a bill to give the state a first lien on any property owned by old-age assistance recipients and to require that it be foreclosed on their deaths and the state welfare department would get back all they had been paid. This idea has been pushed by anti-pension folks ever since. He also introduced a bill regulating sale, distribution or possession of oleomargarine which hurts every cotton farmer. And most objectionable of all he supported a TWO PER CENT STATE INCOME TAX PROPOSAL.

This is to say that Senator Rogers, the incumbent, is much better qualified to serve an agricultural district than either of his opponents. Ask any informed farmer who is familiar with REA and other major farm problems. Ask informed leaders of any farm organization who have had occasion to make trips to Austin in the interest of farm problems.

IN THE THIRD place, we would have to vote for Andy Rogers because the special interests groups, the gas pipeline group, the utilities monopoly, the antifarm group, those who would like to have federal and state control of underground water, those who do not want practitioners of the healing arts controlled or licensed by the state, those who have proved themselves enemies of the Farm to Market road program, those who adhere independent thinking, those who try to tell legislators to get on their team or else they will have to sneeze them, all have combined to try to move heaven and earth to defeat Senator Rogers. Rogers has been threatened by these interests which warned him not to run. He was told to be a good boy, to go back to Childress and settle down, and he wouldn't be hurt by the character assassins and gangsters who have a great deal of influence in Austin.

Perhaps Rogers would have retired to go back to Childress and make a living for his family had he not been threatened as he was. But there is something in a red-blooded American that causes him not to yield to gangster tactics. So Rogers defied the warnings.

We need more men like Rogers in Austin, men who will put principle above politics, men who will not sacrifice honor for expediency. Men like Rogers are and will be in a minority for sometime, but at least they will speak out against corruption so we can hear. To fail to re-elect Rogers would not be a step in the right direction.

AND FINALLY, even if we did not have the reasons mentioned above for supporting Rogers, even if we did not believe him to be the best man intellectually, morally and spiritually, we would have to support him because of the campaign techniques used by his opponents or supporters of his opponents.

This race, from the time it started with the mailing of anonymous smear literature, has been one of the filthiest races in the history of Texas politics.

We have had "Port Arthur" type stories in circulation almost weekly since early spring. Some of the false stories planted here and there have been petty. Others have been outright libelous. They include, for example, the testimony of a former medical doctor who lost his license, who has served numerous terms in penitentiaries in several states including Florida, Maryland and Oklahoma, who is at present under indictment for performing an abortion in a Dallas tourist court, who perjured himself when under oath he voluntarily made statements a week apart in direct conflict, who was convicted three times for being a confidence man.

Yet there are those having an interest in getting Rogers out of the Senate who produce a completely false statement signed by this character in trouble up to his neck which they expect people to believe in preference to the word of Senator Rogers, other members of the Legislature, official records in Austin, and even newspapers and public officials who have not been particularly friendly to Senator Rogers. And, strangely enough, one of the men attempting to unseat Senator Rogers served on the House investigating committee and would have had access to the official records which, had they contained information adversely affecting the senator, would have made a perfect rope with which to hang Rogers. Yet, instead of bringing about the prosecution of Senator Rogers, had there been any basis for doing so, he does nothing about it. Either this man is guilty of negligence of duty or the whispered charges against Senator Rogers are complete fabrications.

ALL OF THESE false stories, planted and distributed, appeal only to "the moron vote" because of their utter absurdity.

As a Tullia pastor told us when we showed him some of the smear literature now in circulation against Senator Rogers, "When I see something like that, it spurs me on to vote for the man who has been slandered and wronged."

ARE WE to assume that Rogers' opposition has so little to offer the voters of this district that they must base their campaigns on such things as the testimony of an ex-con and a several-times loser, and also other stories of equal veracity?

Andy Rogers' life is an open book. If there exists adverse information concerning his character not available to the public, certainly it has been available to those trying so hard to discredit him. They have proved during this campaign that they have keys to many doors in Austin.

The issue in this race is Andy Rogers and his record Vs. a cesspool full of slanderous accusations. Let all honest men and women of the district turn a deaf ear to vile gossip brought out during the closing hours of a political campaign.

Don't fall for literature and whispered reports published for morons.

making up your mind who to vote for please consider the following:

Judge O. M. Edwards handled all duties of this office for approximately 20 months during the illness of the late Judge G. S. Glenn. During this time Judge Edwards received very little pay.

After Judge Glenn's death Judge Edwards was appointed to fill the unexpired term.

This is the first time Judge Edwards has ever asked for election to public office.

Judge Edwards treats all persons coming before him with respect and impartiality.

Judge Edwards has lived in Spade, Hart Camp and Littlefield for the past 16 years.

He is a partially disabled veteran of World War II.

Judge Edwards has served his apprenticeship and with the valuable experience gained should even make a better justice in the future than he has in the past.

Judge Edwards has a reputation of "staying on the job" and being available 24 hours each day when needed.

# Littlefield PONY League Stars Triumph At Hereford

## Lewis Hurls All-Stars Past Pampa

The Littlefield PONY League All-Stars, paced by the hurling of Tom Lewis, broke a 4-4 tie and went on to down Pampa All-Stars 8-5 in the Area I PONY League play-off at Hereford Monday night. Lewis fired a classy four-hitter as he went the rout.

Pampa jumped to 2-0 lead in the top of the first inning as they put a Littlefield error with two singles and a stolen base to score two runs.

Littlefield bounced back to tie the score in the home half of the inning however when Van Ashley led off with a walk and Hall Hudson, Tony Estrada, Ronnie Schroeder and A. M. McGowan all followed up with singles.

Pampa scored one run in each the third and fourth innings, but Littlefield tied the score again in the bottom of the fourth. Johnny Blair and Lewis led off the inning with singles. Van Ashley then followed with a booming triple to score both Blair and Lewis.

Lewis held Pampa scoreless in the fifth inning, and the stage was set for the big Littlefield rally in the bottom of the fifth.

Hudson singled to start things off and Tony Estrada followed with a timely double to score Hudson. Estrada was retired on a fielder's choice and McGowan followed with a strike out, but Ronnie Rice, who was pinch hitting for Roy Gene Edwards, slammed a clutch hit to score Schroeder. Blair walked, and both Rice and Blair scored when an infielder overthrew first base on Lewis' grounder. Clark, Pampa's second relief pitcher, then forced Pote of the sixth inning.

Pampa scored one other run off Estrada to ground out to end Lewis, an unearned run in the top Hospital at night.

The All-Stars' tournament game with Borger for Tuesday night was postponed because of rain. It was reset for Wednesday night.

The tournament at Hereford is a double elimination tourney. Finals are to be played tonight at Hereford. The winner of this Area tournament will advance to the

## Levelland And Morton Advance In LL Tournament

The Levelland National All-Star team and the Morton All-Star team advanced into the finals of the Area II Little League tourney at Levelland Tuesday night. The winner of this contest will move into the District meet at Canyon, and will play the winner of Area II at 8:00 Friday.

Action in the Area II tourney will be completed in Littlefield tonight.

Morton defeated Sundown; Levelland Nationals defeated both the Levelland Americans and Ropesville to make the finals.

## Plainview Clubs Floydada 5-0 In First Round

Plainview's All-Star Little League team, paced by the hurling of Teddy Davis, downed Floydada 5-0 in the first round play-off game of the Area II eliminations at Little League Park Monday night. After Plainview had used three Floydada errors to score three unearned runs in the third inning, they were never headed as Davis proved effective in the clutch on the way to a classy one-hitter.

Neither team could get a rally started in the first two innings. Davis and Wilson, Floydada's starter, both retired the side in order.

In the top of the third Plainview struck to take a 3-0 lead. Sawyer led off the inning with a single and Davis reached base on a fielder's choice. Jurcal followed and tapped an easy grounder to Wilson, but all hands were safe as the pitcher overthrew second in an attempt to force Davis. Sawyer and Davis crossed the plate when the catcher's pick-off throw to the third baseman sailed into left field. Jurcal scored seconds later when the shortstop overthrew the first baseman after fielding Leach's grounder.

Plainview added single runs in each of the fourth and fifth innings. Pierson scored in the fourth for Plainview when he singled and scored on Hoehendorf's single.

Gerald tallied in the fifth. He reached base on the shortstop's second error of the game, and scored on a wild pitch.

Floydada threatened only once during the game. In the bottom of the fifth inning, Johnson led off with a single and Owen and McNeil followed with walks. Floydada's lead-off batter Teeple followed however by striking out for the third out.

The defeat eliminated Floydada from the tourney.

cumbent L. H. Randolph is opposed by W. A. (Bill) Corzine and J. L. Walker.

In precinct five at Sudan, incumbent J. M. Shuttlesworth faces G. W. Davis.

Biggest of higher races in Lamb County appears to be the battle between William Blakley and U. S. Senator Ralph Yarbrough.

Also attracting some interest is the race between State Senator Andy Rogers of Childress and his opponents, Leroy Saul of Kress and Karl Lovelady of Muleshoe.

Only two of the four gubernatorial candidates, Sen. Henry Gonzalez and Joe A. Irwin, appeared in the area this year, and interest in the race apparently is low here.

Other candidate in the race with Governor Price Daniel is the perennial runner, W. Lee O'Daniel.

Candidates Listed  
Here is the ballot:  
For Governor: Henry B. Gonzalez of Bexar Co.; Price Daniel of Liberty County; Joe A. Irwin of Dallas County; W. Lee O'Daniel of Dallas County.

For Lieutenant Governor: George Nokes of McLennan Co.; Ben Ramsey of San Augustine Co.  
For Attorney General: Will Wilson of Dallas County.

For United States Senator: William A. Blakley of Dallas County; Ralph W. Yarbrough of Travis Co.

For Associate Justice of Supreme Court, Place No. 1: Wilmer B. Hunt of Harris County; Robert W. Hamilton of Midland County; J. Edwin Smith of Harris County.

## Farmer Charged

(Continued from Page One)  
Plainview, where Lamb County Deputies Elson McNeese and V. L. Smith picked him up just before noon.

Officers pieced together this story of the incident:  
The younger Wooten was working in the fields at his father's farm about three miles east and one north of Bainer Switch.

Mrs. Wooten said from her hospital bed that her husband came in the house and said he was leaving, that she would not see him again. He gave no reason, she said.

Mrs. Wooten said her husband and his father wound up in a fight in the ensuing argument.

Later, Mrs. Wooten ran from her husband and he fired a shot at her, officers said. The bullet hit her in the right leg.

She continued running and made it to a neighbor's house. Loyal Wooten's younger brother, Delmer, followed her to the neighbor's and called officers and an ambulance.

Wooten, officers said, then turned on his father and forced him to give him the keys to the car and the money. Young Wooten then fled, heading east, officers said.

## Watson New Superintendent Of Amherst School System

AMHERST—Elmer C. Watson, who has served the past two years as Amherst High School principal, has been elected superintendent to succeed John H. Criner, who has accepted the position as superintendent of O'Donnell schools.

Before coming here, Watson had served nine years as math and history teacher and in other positions of the Meadow schools.

Prior to that he served as principal of Sunnyside School in Castro County and was superintendent of the Mattson Rural High School.

Officers said.  
Less than an hour later, Wooten was arrested by Keffer in Hale Center, and later returned to Littlefield. Officers counted \$395 in money they found on Wooten.

Keep labels with washing instructions from garments that need special care. Tack to a bulletin board near the washing machine and label with a description of the garment they refer to.

## Negro Woman Jailed On Liquor Law Violation

A Littlefield Negro woman was jailed here Saturday night on a charge of violation of the liquor law.

Charged with transporting beer was Cleo Risby, who was arrested about 9:30 p.m. Saturday by Liquor Control Board Agent Loyd Dunlap and Deputies V. L. Smith Jr. and Elson McNeese.

Dunlap said the woman's penalty would be enhanced by a prior conviction. She could be given up to two years in jail and fined \$2,000 if convicted of the latest charge, he said.

The woman sent free on \$1,000 bond after entering a plea of not guilty to the charge.

Officers said they arrested the woman in the back yard of a home at 1323 E. Griffin in the Flats. They said she was carrying two sacks. Six pints of whiskey were found in one and six pints of wine in the other, the officers said.

Money is the name of a town in Mississippi.

## Mrs. Dickenson And Daughter Touring East As Students

Mrs. Lula Dickenson and her daughter, Jerolyn, both of 123 E. 14th St., are among 27 North Texas State College geography students now touring the Eastern United States.

They are both working toward the master's degree.

Members of the class left Denton July 17 for a 4,200-mile, 24-day trip by chartered bus through 22 states and the District of Columbia. Robert A. Miller is the instructor.

The students will receive six semester hours' credit for the work, which will include study of the natural, agricultural, and economic features of the areas visited. Upon their return to Denton Aug. 9, members of the class will be required to write a report on their observations.

Under study will be such areas as the cotton and tobacco regions, truck farming, major industrial areas, and such historic sites as Mount Vernon, Gettysburg, Valley Forge, and others. The tour will include visits to the federal buildings in Washington and ma-

## Bainer Mexican Nabbed On Liquor Law Violation

Liquor Control Agent Loyd Dunlap and Hockley and Lamb County officers teamed up last Friday to arrest a Bainer area Mexican on a charge of liquor law violation.

The man, Joe Garcia, who lives south of Bainer Switzer, was jailed in Hockley County jail at Levelland. He went free on \$1,500 bond Saturday, after he pled not guilty.

The officers stopped Garcia on a country road and found 120 24-ounce cans of beer in his auto, they said.

Officers in on the arrest were Dunlap, Sheriff Weir Clem and Deputy Pat McCullough of Hockley County and Deputies Elson McNeese and V. L. Smith Jr. of Lamb County.

### 23 Indictments Returned By Lamb County Grand Jury

Twenty-three indictments were returned here Tuesday as a Lamb County grand jury ended a two-day session.

The indictments included nine for forgery and passing, four for violation of the check law, three each for theft and burglary, two for fraud and one each for child desertion and statutory rape.

Foreman of the grand jury was J. H. (Dick) Carl of Littlefield.

These are the 23 indictments returned by the jury, with names withheld where suspects are not in custody or free on bond:

Forgery and passing — J. W. Wormley of Littlefield, two cases; Cecil Gray of Littlefield, one case; Mendes of Littlefield, G. E. Langford of Littlefield, John R. Robinson of Slaton and three unnamed cases.

Check Law Violation — W. L. Hancock of Morton, Ralph Lopez of Littlefield and two cases against J. B. Roberts of Hale Center. Roberts also was indicted on a count of theft on each check law indictment.

Theft — Billy Don Knight of Shallowater and Delbert Jackson of Littlefield, one case; Ralph Powers of Olton and one unnamed case.

Fraud — W. L. Hancock of Morton and one unnamed case.

Statutory Rape — Tim McQuarters and Wesley Swonger, both of Lubbock.

Child Desertion — one unnamed case.

### Mrs. Murdock Is Hospitalized After Car Wreck

Mrs. E. L. Murdock was hospitalized at the Medical Arts Hospital Monday after she was involved in a car accident in Olton.

Mrs. Murdock is being treated for a broken nose, cuts and bruises.

She was driving a 1957 model car in downtown Olton Monday when she collided with a pick-up truck.

The accident occurred at 5:30 p.m. after Mrs. Murdock had taken her daughter-in-law and now grandchild home from the hospital.

### Duval Released From Hospital

Charlie Duval, who was injured in a baseball warmup July 11, was returned to Littlefield last Saturday following surgery in Lubbock.

Duval underwent surgery Thursday in the West Texas Hospital. The insertion of metal plates to support the shattered cheekbones and some plastic surgery was required. Doctors report that the eye itself suffered no injury.

Duval was injured when he was helping some Little League warm up and was hit by a hard-hit line drive.

### Man Arrested On Check Charge

An Alamogordo, N.M., man was transferred to the county jail Tuesday from Abilene by Sheriff Dick Dyer on a charge of a felony check law violation.

The man, Edward Wicker, pled not guilty to the charge and later went free under \$1,000 bond. The complainant is Rodney Balke of Sudan.

## Space Man Gets Earth Welcome, Goes To See Ike

**NEWS SPACE TRAVELER**—Earth Chamber of Commerce President Ted Borum interviews DeVon Smith, the space-traveling hitchhiker after Smith arrived in Earth aboard a simulated Saturday afternoon. Several hundred Earth people turned out to get a glimpse of the "Man." Smith has spent the summer touring 17 "planet towns", like Venus, Nebr., and he hitchhiked about 12,000 miles this summer. (STAFF PHOTO)

**ABOUT IT**—DeVon Smith, the "World's Champion Hitchhiker," doesn't need a paper on the news. He can look at Mrs. Ross Middleton's shirt, which had the news of his trip printed on it. Mr. and Mrs. Middleton, publishers of the Earth News-Sun, made a special shirt for Smith. The hitchhiker says he'll wear it when he goes to see President Eisenhower. (STAFF PHOTO)

**JOIN THE WELCOME**—Among the crowd welcoming DeVon Smith Saturday were Earth beauties, from left, Pattie Mann, LaRue Glascock, Janice Prather and Polly Johnson. They're shown holding a 15-foot scroll which the hitchhiker carries with him on his travels. It contains the names of people he has met on his travels. (STAFF PHOTO)

### Champion Hitchhiker Thumbs To Washington

EARTH—DeVon Smith, the self-styled "World's Champion Hitchhiker," thumbed his way out of Earth Sunday afternoon, headed toward Washington and the climax of his 12,000-mile trip around the planets.

He walked out of Earth on the Springlake Highway, dressed in his favorite red and packing his lone suitcase.

He'll go to Washington the same way he's traveled the last 12,000 miles — via thumb.

Smith pulled into Earth Saturday afternoon about 2:30, aboard a simulated rocket prepared by the Earth Chamber of Commerce.

He's spent the summer visiting the "planets". His trip has included stops at places like Venus, Nebr., Jupiter, Fla., and Mercury, Tex.

He wound up on Earth Saturday after coming here from Star, Tex., near Brownwood.

From here, he took off to see President Eisenhower. He's taking along a souvenir from Earth for the President.

The hitchhiker has a certificate with postmarks of all the planetary towns he has visited. He plans to present it to the President.

Earth Postmaster Marshall Kelley's stamp on the certificate signalled the end of Smith's planetary visits.

Smith was greeted by several hundred persons when he came to Earth.

He was presented with honorary Earth citizenship papers by Mayor Marcus Messer.

Chamber of Commerce President Ted Borum presented him with a plaque and two globe-shaped trophies filled with "a little bit of Earth." One of the trophies is the souvenir that Smith will present to the President.

Ross and Polly Middleton, publishers of the Earth News-Sun, gave him a shirt with the front page of the paper's special space traveler edition printed on it.

The Middletons distributed their special edition when Smith rode into town on the rocket float.

Smith started his 12,000-mile jaunt on May 26. He's walked exactly 309 miles of it.

A 32-year-old bachelor, he spent the last two months hitchhiking and walking between 17 stops. He's spent only \$191 in that time.

Since he won \$500 on the Groucho Marx TV show just before the trip, he's still showing a profit.

Although he's driven about 900 miles for other fellows while hitchhiking on his trip, he's had to purchase only \$1 worth of gas.

His plans after a riving in Washington were to go to a newspaper and tell his story.

He'd like to get his story in Life Magazine, and he's taken along a camera to record both the scenery and the welcomes at his stops.

Smith said he'd taken almost 200 pictures since he started this summer's trip.

After he sees Ike, he wants to find a way to go to South America and try his hand at hitchhiking there.

Smith, a long, lean happy traveler, has spent his summers hitchhiking for the past nine years.

He says he's traveled more than 157,000 miles in that time, visiting 15 countries, Europe, Canada and Cuba.

He always travels dressed in red, because it helps him attract notice. His suitcase carries a sign of his slogan: "Have Thumb, Will Travel."

During the winters, Smith is employed at a General Motors plant in Los Angeles.

### Yohner Named Soldier Of Month For Battalion

Army PFC Francis E. Yohner, son of Mr. and Mrs. S. E. Yohner, 410 W. 5th St., Littlefield, recently was named as the Soldier of the Month for the 507th Signal Battalion at Fontaine Bleau, France.

Yohner was selected for his soldierly appearance, knowledge and performance of duties, and military courtesy.

The 21-year-old soldier entered the Army in July 1957 and completed basic training at Fort Carson, Colo.

He was graduated from Littlefield High School in 1954, from Texas Christian University in 1957 and is a member of Kappa Sigma fraternity.

Yohner was employed by International Harvester in civilian life.

CANYON — Group leaders for the sixth annual Reading Conference, scheduled July 29-31 at West Texas State College, have been announced.

The group leaders and committees assist with various activities of the conference, which features addresses by three reading improvement authorities, group discussion periods, and recreational activities.

Speaking daily will be Dr. Roy

### Jones Makes Statement On Candidacy For Re-Election

Charles Jones, candidate for re-election as County Clerk of Lamb County, this week issued a formal statement to the voters. His statement follows:

"Several months ago I placed my candidacy before the citizens of Lamb County, for your consideration for re-election to the office of County Clerk. I did so with a full realization of the debt of gratitude due the people of this county for the excellent vote they gave me when I was elected to this office, and for the encouragement you have given me since then.

Since I have no announced opponent, I feel that the people want to allow me to continue as County Clerk. I wish to express my sincere appreciation to the people of Lamb County for the confidence you have placed in me. I have not and I shall not break faith with the people who elected me to serve them.

I have tried to do the best job

### Duggan Named To State Bar's Grievance Panel

Littlefield attorney Arthur P. Duggan this week was named to the Texas State Bar's grievance committee for the 18th Congressional District.

The appointment, for a three-year term, was by President Leo Brewster of Fort Worth. The committee works with the district functions are to investigate and grievance prosecuting group. Its prosecute cases of alleged professional misconduct of lawyers.

Richard F. Stovall of Floydada, State Bar board member, representing lawyers of Lamb County, was named ex-officio member of both committees.

### Cowell Serving On USS Hornet

Tillman T. Cowell, airman, USN, son of Mr. and Mrs. H. M. Cowell of Dimmitt, and husband of the former Miss Betty S. McClure of Springdale, arrived at San Diego, Calif., July 2 aboard the aircraft carrier USS Hornet after six months in the Far East.

During the overseas tour the Hornet took part in training operations as a unit of the U.S. Seventh Fleet. She visited ports in Japan, Okinawa and the Philippines.

The Hornet is scheduled for conversion to an anti-submarine carrier at Bremerton, Wash., this coming fall.

Only about 10 per cent of the land area of China can be used for farms.

I could as County Clerk, and this is my pledge to continue to put forth my best efforts for the good of Lamb County and its people."

Charles Jones.

## EDITORIALS

### Editorial For Children

It's not often we address an editorial exclusively to the younger generation. But right now we have an urgent message for your parents and we thought you youngsters and grandpa could help.

Sure, we know you're occupied with the long summer vacation, the swimming and ball games and camp and all the rest. But this also happens to be the favorite season for polio!

Chances are most of you have started your Salk shots. Maybe you've completed the full series for top protection against the crippler.

But what about your Mom and Dad? The odds are they haven't even thought about getting the vaccine for themselves. At least 30 million adults between 20 and 40 years haven't had a single shot yet. So—here's where you can help. Tonight at dinner, or any time you get a chance, ask your parents if they've started the anti-polio shots.

Maybe they'll say that polio is a kid's disease. Well, you tell them it isn't so. Last year, for example, one out of every five persons who went to the hospital with polio was over 20.

You can also tell him that polio hits hardest at adults. Of all patients using iron lungs and other respiratory aids last year, 61 per cent, or three out of five, were over 20 when they got the disease. A lot of these patients were parents. They had children they loved, children to take care of. But you can't do much about that from an iron lung, can you?

Maybe your parents think THEY'RE safe because YOU got the shots. It doesn't work that way. The vaccine doesn't kill the virus. There is no evidence that it stops the chain of infection, from one person to another. What Salk shots do is to create immunity in the person who gets them—and no one else.

So, if your parents haven't been vaccinated yet, tell them it takes only a few minutes—but paralysis from polio can last a lifetime.

### Grassroots Opinion

WEST POINT, MISS., DAILY TIMES LEADER: "Companies with an aggregate of more than 5 million workers have turned to self-help programs to pull themselves out of a recession. Those putting more money in research, promotion and advertising report sales up, and profits expectations higher. By the same token, pessimists are those who have pulled the shutters after them in the storm. These are some of the findings of the American Management Association, which polled its members as they gathered for the economic mobilization conference to exchange views on restoring prosperity."

LE ROY, ILLINOIS, JOURNAL: "Down through the years newspapers, and their editors and publishers, have been accused of a good many things not excluding libel, dishonesty, tactlessness, sensationalism and lack of principle and ethics. But one thing of which they haven't been accused is not being out-spoken. One of our favorite examples of that last trait comes from a paper out in Oklahoma where personal journalism is featured as a virtue and not a crime. Under the athead the editor says: 'If you feel you have been stabbed, come in and we will take it back, unless the stabbing was intentional.'"

WILDWOOD, NEW JERSEY, LEADER: "If a potential customer comes and looks and does not buy, it simply means that in all probability he has found some fault with the merchandise or with the price at which it is offered for sale. That may not be the fault of the merchant. It may be the fault of the distributor or the manufacturer, factory management, or labor unions or labor leaders—all of which probably figure in the economic maladjustments which so plainly exist."

BELLINGHAM, WASH., HERALD: "A proposed curfew law would make parents responsible for their children. Then here might be consideration given to a law to make parents accountable to their children."

National Review reports that the United States has the highest per capita debt of any nation—\$1,591. Great Britain is close behind with \$1,496. All other nations have debts far under these figures.

### HERE'S HOW...

#### MAKE A SAFETY-GATE FOR SMALL CHILDREN

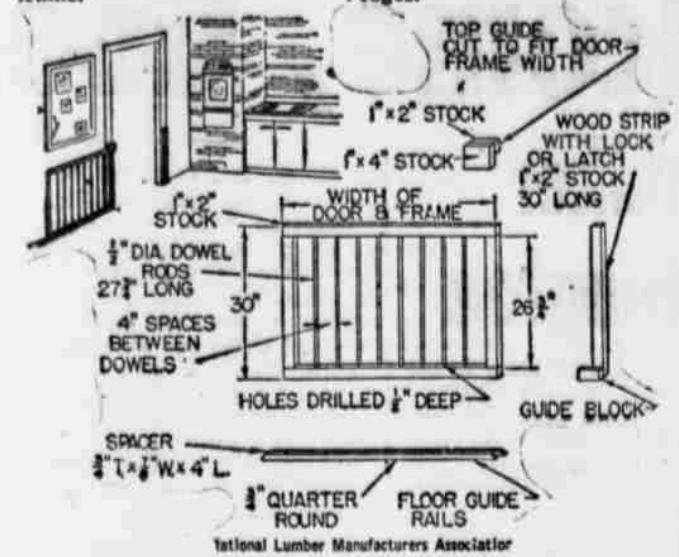

A safety-gate to protect small children is made of 1 by 2-inch lumber and 1/2-inch dowel rod.

Make the frame 30 inches high and long enough to span the doorway.

Cut the dowel rods 27 1/2 inches long to allow 1/2-inch insertion in the top and bottom frame members. Use glue and dowsels or screws to fasten the frame.

Guide rails for the floor are made of 1/4-inch quarter-round moulding, separated by a 1/4-inch spacer, and fastened to the floor with 4-penny finishing nails. The upper guide block is a piece of 1 by 2; the lower one is a 1 by 2 block fastened to a 30-inch post. Use a latch or lock to hold the gate closed.

Sand smooth, rounding all edges.

AND  
**Sidelights**  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Focus of interest in Texas this week is not on the State Capitol.

It's all over Texas, in a school building or a fire station or a church house — wherever a man stands in a little pasteboard booth with a piece of paper and a blunt pencil.

In the booth is a man who looks like an average, un-important sort of guy. Chances are he's not very rich, not very interested in politics, as a rule. But John Q. Poll-Tax-Payer is the most important man in Texas this week. With a few strokes of his pencil Saturday, he'll decide who'll be who in Texas for the next two years or more.

When John Q. glances down the ballot, he may see a number of names he's never heard of. He'll pause, scratch his head, wonder which name "sounds best," finally shrug, make a mark and go on.

Such a possibility gives office-seekers the cold shakes. For fear their names may yet be unknown to some, they'll try to be everywhere at once this week.

In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct convention. Gov. Price Daniel, supported by moderate-conservative party officials, is asking him to come and vote for "majority rule." Opposing the governor are the liberal Democrats of Texas who want John to join their tribe to assure that "only real Democrats shall participate in Democratic party affairs."

Nobody can positively predict what John will do. Past records show that some years he feels liberal; some years, conservative. And some years, both ways at the same time.

OIL QUOTA UP AGAIN — Texas oil allowable for August will be 328,185 barrels a day more than for July—a hopeful sign for an industry that's been "in the dumps" for more than a year.

Railroad Commission set next month's allowable at 2,978,058 barrels daily. Number of producing days will be increased from 9 to 11. Last month production rose from its all time low of 8 days.

Reason for the increase was not so much the disturbance in the oil-producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels.

INSURANCE BOARD UPHELD — State Insurance Board finally scored a technical knock-out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the Insurance Board.

Board had appointed C. H. Langdeau as state liquidator Judge Betts said he did not regard Langdeau as acceptable. He named Taylor receiver for cases in his court.

Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and Insurance Department over insurance company liquidation has been a source of disension for years.

50-50 PLAN — State Highway Department will reimburse cities and counties half the court costs of securing land for state and U. S. highway building.

Up until last year costs of obtaining right of way borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost with cities and counties.

At first this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to in-

### DOWN MEMORY LANE

(From the files of the Lamb County Leader, July 27, 1944)

About 2,900 votes were cast in primary; there will be no run-off in any county office. Sam Hutson was re-elected sheriff. Mahon was re-elected as congressman from 19th District.

One of the most outstanding and enjoyable events ever to be staged in Littlefield was the roping program put on at the Ernest Sanders farm Sunday afternoon, which was attended by about 1500 people.

Mr. and Mrs. Ernest Connell returned Wednesday of last week from Dallas, where they spent since Saturday previous on business.

Cpl. and Mrs. Stacy Hart arrived in Littlefield Wednesday of last week for a visit with her parents, Mr. and Mrs. W. C. Thaxton and their little daughter. Cpl. Hart is stationed at Camp Pickett, Va.

clude half of court costs and appraisers' fees.

CITY TAX PROPOSALS — City officials are laying plans to ask the net Legislature to extend and adjust city taxing powers.

Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.

2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

SCHOOL FUND FIGHT — A rough-and-tumble time can be expected next year when lawmakers consider just how permanent the permanent school fund should be.

Rep. Louis Dugas of Orange has announced he will introduce a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert 1 per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million-dollar endowment. They compare it to "eating the seed corn."

REPORT ON 'RAINY DAYS' — Texas Employment Commission's report for the first half of this year showed that 185,000 Texans received jobless benefits.

Payments totaled \$38,164,378 for this period. Average claimant was eligible for 19.8 weeks of assistance, but drew for only 12.7 weeks.

"This proves that unemployment compensation serves as a rainy day lifeline between jobs," commented TEC Chairman Maurice Acers, "and not as a prolonged dole."

Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits.

### Sandhills Philosopher

## He's Studying Timetable On Farm, Foreign Policies

Editor's note: The Sandhills Philosopher on his Johnson grass farm is discussing either the foreign policy or the farm policy of this country this week. It's hard to tell which.

Dear editor:

According to a lengthy, thoughtful newspaper article I read last night, there more than likely won't be any new farm legislation this year, and I was discussing this with some of my neighbors this morning and one of them said it was a good idea.

"That's fine," he said. "There's no use in passing brand new farm legislation every year. Don't hardly have time to get used to the one we got when they bring out another one."

I can't agree with this idea. In the first place, it's unfair to the farmer, or rather its unconsiderate.

As I see it, the farmer is just as important, if not as expensive, as foreign countries, and you don't catch this country trying to get along on the same foreign policy year after year, do you?

I'm not saying the farmer is entitled to as many changes in the farm policy as the world is to changes in our foreign policy, which as I understand it changes on the average of once every day and twice on Sundays, but what kind of people would the world think we had in Washington if we wound up on the last day of December with the same foreign policy we started out with the first day of January. The foreign policy we started from Monday to Friday.

Anybody can lay out a satisfactory foreign policy on peaceful days, just as it's easy to have a satisfactory farm program when prices are high, the weather

good, and you've got an ample market for all you can grow. You have no idea how it is to lay out a foreign policy in the morning and change it by the time the newscast comes out. The wrong with our foreign policy is just that the rest of the world isn't made to fit it.

Washington has already told that what its intelligence told it today can be one per cent wrong tomorrow.

friendly dictator who told million dollars today. A red grin can turn up after with an empty pocket. Naturally we're able to change our foreign policy to meet such a situation, wise we'd naturally be a being caught napping.

"The ELECTRIC home freezer is a necessity, not a luxury for us!"

says MRS. R. L. HENRY, 255 NORTH 17TH ST. SLATON, TEXAS

"There are 5 in our family," says Mrs. Henry, "and they come and go, so you can see that our frozen foods are necessary to make quick meals. We bought our freezer to save work and to save money. We've had it now for over a year and a half. The freezer has our blessing on both counts — it does save work and it does save money. It's wonderful for making use of extra food. That's why I'll cook more than we'll eat at one sitting — I freeze the 'extra' food for later use — you can freeze it and know that the original tasty flavor will remain."

## Farm Bureau Sets Meets On Control Of Brucellosis

WACO — The Texas Farm Bureau will sponsor a series of meetings early this fall to explain the brucellosis control program to all segments of the livestock industry. It is expected that representatives from the U.S. Dept. of Agriculture and the Texas Livestock Sanitary Commission will conduct the meetings.

Approval for holding the meetings was given by the Texas Farm Bureau board of directors meeting in Waco July 15-16. A 39-member commodity advisory committee had recommended that the meetings be held to help start a brucellosis control program in Texas.

## Plainview Farmer Gives Land Tract To State Baptists

DALLAS — A Plainview farmer who had to drop out of school as a youth to help meet family expenses has transferred a 653-acre, \$65,000 tract of land at Sunray to the Baptist Foundation of Texas, leaders said this week.

He is James Burton Craig, a deacon in the College Heights Baptist Church of Plainview and a Wayland College trustee for several years. A trust fund to be established through the transaction will benefit Wayland College. Under the agreement, Mr. and Mrs. Craig will receive a monthly income for their lifetime and for the lifetime of the survivor of them, said Dr. George Shearin, endowment secretary for Texas Baptists.

After the death of both Mr. and Mrs. Craig, the foundation will establish and administer a permanent endowment fund consisting of the principle of the trust estate. The fund will be known as the "James Burton and Annie Claire Trust."

Arrangements for the land transfer were completed through the endowment department of the Baptist General Convention of Texas.

## THE STEAL OF YOUR UNDERGROUND WATER THAT FAILED

Records show that in 1953 Senator Andy Rogers of Childress and Senator Grady Hazelwood of Amarillo introduced legislation in Senate Bill 126 which would permit cities such as Lubbock, Plainview, or Amarillo to condemn one acre of land on any farm, including yours, Mr. Farmer, and drill a well.

THEY COULD SUCK THE WATER FROM UNDER ALL YOUR LAND! AND... THERE WOULD HAVE BEEN NO LEGAL WAY YOU COULD STOP THEM!

REPRESENTATIVE LEROY SAUL of Kress, and JESS OSBORN of Muleshoe saw the danger and removed this deadly provision from the bill before it reached the House floor.

The conference committee backed them up. And That Is The Reason That Senator Rogers' Effort To Steal Your Underground Water Failed!

A vote for Leroy Saul... to the Senate, 30th district is a vote for a man who will represent

## Legal Notice

NO. 4433 MARGIE NELL ROBINSON VS. JIMMY LEE ROBINSON IN THE 154th DISTRICT COURT OF LAMB COUNTY TEXAS PLAINTIFF'S ORIGINAL PETITION

TO THE HONORABLE JUDGE OF SAID COURT: COMES NOW Margie Nell Robinson, hereinafter called Plaintiff, complaining of Jimmy Lee Robinson, hereinafter called Defendant and praying for a divorce and for grounds would show the Court as follows:

I. Plaintiff and Defendant were married in August, 1954 and continued to live together as man and wife until on or about the 15th day of August, 1955, since which time they have not lived together, although the marriage bonds still exist.

II. Plaintiff is and has been for more than twelve months next preceding the filing of this petition an actual bona fide inhabitant of the State of Texas and she has resided in the said Lamb County, Texas where this suit is filed for more than six months next preceding the filing thereof. The whereabouts of the Defendant is unknown to the Plaintiff at this time, although she has made diligent effort to locate him. Plaintiff verily believes that the Defendant is out of the State of Texas, inasmuch as she has attempted for the last two and one-half years to locate him and has been unable to do so. Plaintiff asks that the Defendant be served by publication, as the law directs.

III. At all times while married to the Defendant, Plaintiff has conducted herself with propriety, doing her duty as a wife and has at all times treated the Defendant with kindness and forbearance and has been guilty of no act bringing about or causing the hereinafter described acts, omissions and conditions on Defendant's part.

Shortly after the marriage of Plaintiff and Defendant, the Defendant did, without cause or justification, commence a course of excessive, cruel and ill treatment of and toward Plaintiff and be

cause of the Defendant's conduct, Plaintiff was forced and compelled to separate from the Defendant on the date alleged above. Such conduct on the part of the Defendant toward this Plaintiff was and is of such a nature as to render their further living together as man and wife insupportable in law. The Defendant has on numerous occasions physically assaulted this Plaintiff by hitting her with his hands and did on one occasion, shortly before the separation of Plaintiff and Defendant, attempt to kill her by choking her with his hands. Because of the acts of the Defendant as hereinabove alleged, Plaintiff has become very nervous and upset and suffered great pain and anguish, as well as physical abuse, resulting from the acts of the Defendant.

IV. There were no children born to the marriage of Plaintiff and Defendant, no children have been adopted during the marriage and the Plaintiff is not expecting a child at this time.

V. There is no community property which has been accumulated during the marriage.

VI. Before the marriage of Plaintiff to the Defendant, her name was Margie Nell Harris and it would be to her best interest and welfare to have the name of Margie Nell Harris restored to her.

WHEREFORE, premises considered, Plaintiff prays that Defendant be cited to appear and answer herein; that upon final hearing Plaintiff be granted judgment of divorce from Defendant; that the name of Margie Nell Harris be restored to Plaintiff, for cost of Court and for such other and further relief, in law or in equity, as Plaintiff may show herself entitled.

## Justice Of Peace Edwards Makes Statement To Voters

O. M. Edwards, 818 East 6th Street, Littlefield, who is presently serving out the unexpired term of the late G. S. Glenn as Justice of the Peace for Precinct 4, has authorized the County Wide News to announce his candidacy for that office, and in connection with his announcement has made the following statement:

To the citizens of Justice Precinct 4:

I came to Lamb County in 1941 from Fannin County, Texas where I was raised. I first settled in the Spade Community and lived there for around seven years, other than for the time I spent in the Army during World War II; then

Tres Ritos, N.M., Tuesday. Sunday night following the regular service at the Amherst Church of Christ, Mrs. Adele Cole showed colored slides made as she visited the Holy Land recently.

She has been the guest of her mother, Mrs. Mary Britt, the past four weeks and plans to return to Ankara, Turkey, Friday where she has a civil service position. She had spent the past 18 months in Turkey.

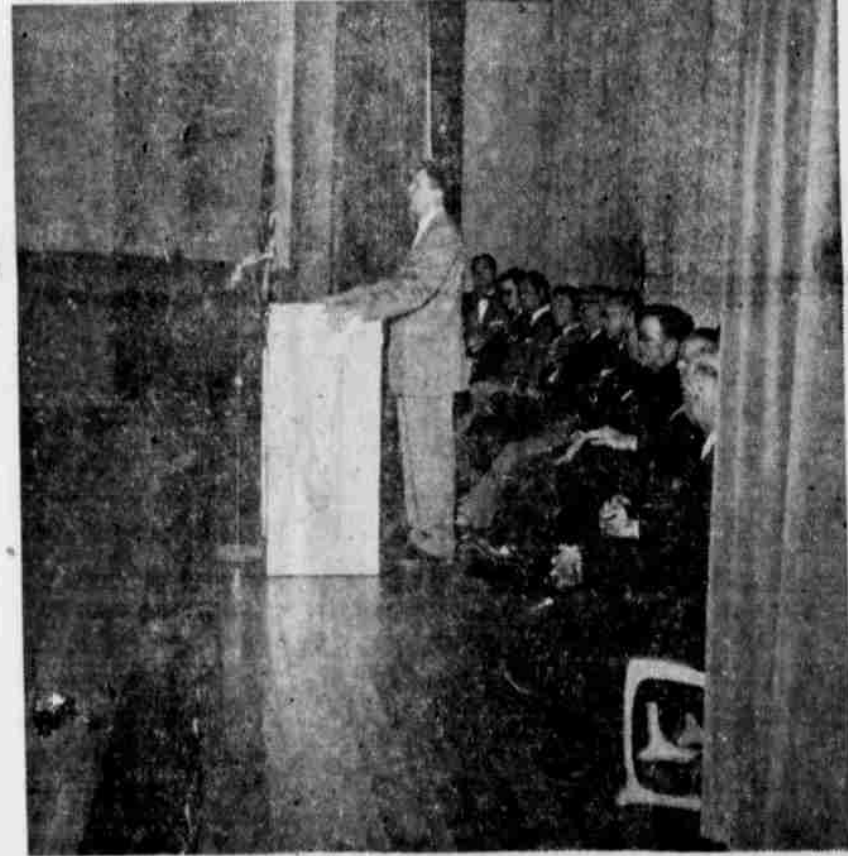

After the late Judge became ill I took over his office, and in that capacity have lived ever since. Upon Commissioned County saw fit to fill his unexpired term. I have in the past been your Justice since July now asking that you give me my first term. I will sincerely appreciate your consideration of my means of earnestly and sincerely.

# KNOW YOUR SENATOR! 900 Attend Program And Tulia's Biggest Banquet

Citizens from a broad area of the High Plains produced what many termed an unprecedented show in Tulia, March 31st. The area -- the fifteen county Thirtieth Senatorial District of Texas. The "Show" -- an Appreciation Dinner-Program honoring State Senator Andy J. Rogers of Childress. 30 to 100 persons from each of the 15 agricultural coun-

ties turned out for the evening-long program in the cafe and auditorium of Tulia High School. 75 business and leaders from outside the district joined in the "Chorus Thank You's" to the Senator. A majority of the Panhandle South Plains Representatives and Senators, also two daily newspaper representatives were present.

## 'SIX - ROW POLITICAL TRACTOR' WHO THEY ARE: WHAT THEY ARE SAYING:

**INDEXING**

By MORRIS HIGLEY

Andy Rogers may be defeated some day. He may not run for re-election. At least he has not announced.

But win, lose or draw, Andy Rogers has something to remember that is fine and wonderful.

His most memorable moment must be the Appreciation Dinner and program given Monday night at Tulia.

I have never seen anything like it in my life. I do not think anyone who attended has ever seen anything like it.

—Mr. and Mrs. N. D. Rogers, along with Georgia Ann and, of course, Andy must have felt wonderful Monday night. And still do.

The idea for the Appreciation Dinner did not originate in Childress. In fact, as far as I know, Childress residents did not have anything to do with it.

And when Andy heard about the proposal, he said that it could not be done.

Andy was wrong. And I imagine right now he is happy that he was wrong. I would be.

**Jimmy Willson, mayor of Floydada, in charge of Program Arrangements. Dr. Harlan Harris, Pastor First Baptist Church of Plainview. Dr. Claude Killingsworth, State VFW Surgeon. Rev. Joe Allen, First Baptist Church, Senator Rogers Pastor, Childress. L. Dean Butler, past President Swisher Farmers Union. Judge Luther Gribble, Presiding Judge of the 7th Supreme Judicial District. John Stapleton, District Attorney and Master of Ceremonies. Joe Cowan, Insurance man, State Democratic Committeeman 30th Senatorial District. Leo Purvis, President Hale County Teachers Association. Claude Wells, Owner and Publisher Memphis Democrat, Past President Panhandle Press Association. Joe Sooter, Past President Bailey County Farm Bureau. Paul Spillman, Past State Vice Commander American Legion.**

A dozen leaders in the district were programmed to speak. Typically, represented a cross-section of Plains life.

One was the Senator's pastor. He lauded the honoree for his stand against liquor, narcotics, and lewd literature. "Senator Rogers always on the right side of every moral issue," said the church pastor. "He wants and works for a high moral atmosphere to prevail in our community."

A county teachers' association president called attention to the Senator's work in behalf of public education. A Memphis district leader related that Rogers has always had an "open ear" for the business man.

A district judge praised the quality of legislation introduced and supported by the Senator. A mayor and insurance man emphasized the value of Andy Rogers' fight against corruption in Austin particularly in connection with the insurance investigations.

Said an official of one of the veterans' organizations: "Andy Rogers for a long time there was serious trouble in the veterans' program. He was right. And when this was cleaned up, Andy Rogers had to see that this good program was not scrapped."

A newspaper editor and publisher, a former president of the Panhandle Press Association, observed: "This is the first time I ever heard of people traveling so far just for a state senator. It's fitting," he added, "for Andy Rogers for a job well done."

Spokesmen for the major farm organizations expressed appreciation of the Senator's record on farm-to-market roads, local overhauls of underground water, rural electrification, and other legislation of concern to agriculture. Said the farm spokesman who read the program:

"In view of all Andy Rogers has done for agriculture, I'm sure to hear from the other speakers here this evening that he's had some effective work for so many others, too." The farmer concluded:

"Andy Rogers must use a six-row political tractor!"

The Senator acknowledged the praise-filled evening with a gracious humility. He spoke humbly, too, of his "close personal relationship with a fatal heart attack there a few minutes earlier."

To the series of "thank you's" which had been expressed during the evening, Rogers responded:

"What's been accomplished, you've done. The credit belongs to you, to my parents, and to my wife who have all supported me strongly. I really feel like I owe you all an appreciation dinner."
