ON WELCOMING TOMORROW

(From The Rotarian Magazine)

When psychologists recently studied sleep habits of 136 girls at Skidmore College, they found one girl with a perfect sleep score. She went to sleep promptly and invariably slumbered soundly all night.

Yet, questioning revealed, she did all that we are taught one wooing "sleep that knits the ravel'd sleeve of care" should not do. She nibbled at chocolates incessantly. She indulged in midnight lunches. Examinations worried her before and after. And seldom was she physically tired upon going to bed.

According to popular ideas of sleep technique, this young lady should have been the victim of relentless insomnia. But she wasn't. After much investigation, the psychologists decided that the reason for her ability to slumber soundly was her habit of looking forward, with pleasure, to the next day's round of events.

And therein, perhaps, is a moral of broad application. If a mental attitude of tip-toe expectancy for the next day can bring strength-impacting rest to a weary body, is it not reasonable to think that a courageous looking ahead would benefit business.

After all, the future isn't so black. It was Owen D. Young, international banking authority, who recently remarked that "the time is not far off when buying will have to be resumed. Then the surpluses will disappear, bringing a new upswing of production." Certainly, though that is obvious, some panicky prophets overlook it entirely.

Mere Pollyanna optimism is to be avoided, for it is insidiously harmful. But surely a more general understanding of the essential soundness of our economic structure and a courageous readiness for come-what-may would be as conducive to healthier business conditions as an attitude of pleasurable expectancy is to sleep.

FIRE PREVENTION

Fire Prevention Week is to be observed this year from October fourth to tenth.

As in the past, a comprehensive program of education on fire prevention activities has been devised. Members of fire departments will conduct inspections and make talks to school children, public officials will take part in the program and call upon citizens to participate, newspapers will give the week publicity, theatres will make announcements concerning the week, insurance agents will make addresses, prepare window exhibits, conduct essay and poster contests, etc. Business men, churches, civic organizations, clubs—all will strive to make the week produce results.

If the experience of other years is duplicated the week will be successful, so far as lowering fire losses during that brief period goes. Citizens absorb the lessons taught them during the week and then return to careless, fire-breeding habits, although each year this educational week causes some advance in permanent fire prevention activity.

It should be the aim of every individual to make fire prevention an ever-present, personal duty and thus help save the greater part of ten thousand lives and a half a billion dollars worth of property each year.

EIGHT YEARS AGO IN LITTLEFIELD

Littlefield public schools opened last Monday with a large increase in attendance over last year.

In the opening exercises Prof. R. L. Speight extended greetings to the large number of patrons present. Rev. C. B. Meador, of Abilene made the principal address, speaking on "What is Education and Why Do We Need It?" Arthur P. Duggan, president of the school board, also gave an address upon the theme "Playing Square the Game of Life."

The congregation gathered at the Methodist revival meeting Monday night was greatly surprised when, just as the evangelist was about to close about forty members of the Klu-Klux Klan, robed and hooded, marched into the building, presented the minister with a check, and occupied the pulpit platform.

The leader asked permission to say a few words, and upon this being granted, called upon one of the members to pray. The leader thereafter removed his mask, and introduced himself as W. S. Arms of Fort Worth, member of the Fort Worth Klan No. 101. He also stated that he was a 32nd Mason and Shriner, a Knights Templar and member of the Eastern Star and a deacon in the Baptist church.

Last Thursday evening, September 8, Alpha Wright and Miss Lynn Yantis stole a march on their friends and hied away to Lubbock, where they inveigled Rev. P. Still, Christian minister, to unite them as man and wife. They were accompanied by Misses Wilma Barber and Dixie Yantis, and Luther Hargrove and Morris White. Following the ceremony the newly weds took the midnight train to Sweetwater, where they will make

temporary residence. The bride is the daughter of Mr. and Mrs. O. K. Yantis, and one of the prominent young ladies of her home town. She graduated from the local high school last year. The groom is the son of Mr. and Mrs. T. P. Wright, and for some time has been employed with his father in well drilling operations.

Mr. and Mrs. F. G. Sadler of Lubbock were in Littlefield last Friday and closed a deal with the Shaw Furniture company, whereby they take over the lease of the room next to the Leader office, and will open there in a modern and up to date drug store.

Mr. Sadler was a former druggist in Littlefield, opening the first drug store in the office room now occupied by Attorney E. S. Rowe, and Judge Hopping.

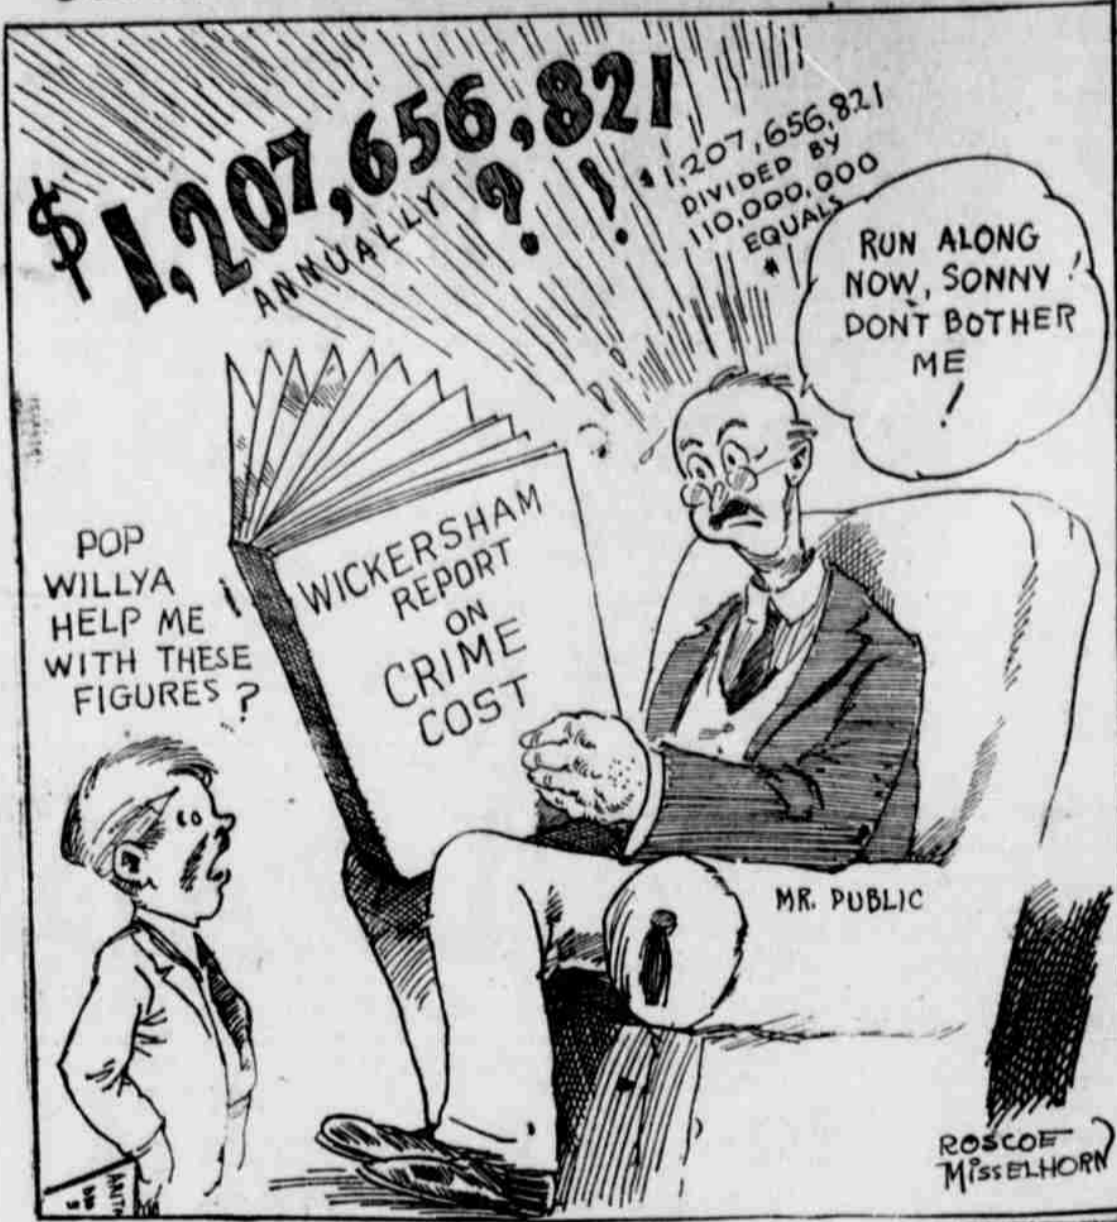

Wednesday morning was received the sad news announcing the death of Earl Brannon at Park City Utah. He met his death by being run over by a construction train. At the time of going to press details of his death have not yet been received. The remains will be brought to Dickens City for burial, the funeral service being next Sunday.

W. H. Heinen is this week putting the finishing touches to his adobe building. The building is 23 x 35, with a full basement beneath, stucco and pebble-dashed outside and plastered inside. It is the first building of its kind in town. When completed it will be occupied by D. T. Gaultney.

We are now handling Stafford's products, including inks, carbon paper, typewriter ribbons, etc.—Leader office.

Home demonstration clubs of Childress county, Texas, are canning wheat for use as food in place of macaroni, rice and other cereals. After being allowed to soak in water over night it is salted and canned.

SOME TALL FIGURING OF HIS OWN

"Laughing Sinners," New Joan Crawford Picture, Heads Palace Program

Joan Crawford is starred in "Laughing Sinners," which will open at the Palace Theater Saturday midnight, show as a new Metro-Goldwyn-Mayer presentation.

This is Miss Crawford's second straight dramatic role, her first, having been in "Paid," in which she scored an emotional triumph. In the new picture the star is directed for the fourth time by Harry Beaumont—one of filmdom's foremost box-office directors, who first brought her to stardom in "Our Dancing Daughters." He also screened "Our Blushing Brides" and "Dance, Fools, Dance," Joan's last film.

Adaption from Stage Hit The dramatic feature is an adaptation of the stirring Kenyon Nicholson play, "The Torch Song," which was an outstanding hit on Broadway last seasons. Additional dialogue was supplied by Martin Flavin.

In the new production Miss Crawford again sings a song number, the first she has rendered in a picture since the tuneful "Montana Moon." The number is "What Can I Do—I Love That Man," and was written especially for the star by Martin Brookes and Arthur Freed. The song is by no means a musical interpolation or "theme song" but plays an important part in the motivation of the dramatic plot.

Sharing leading man honors in the picturization of the stage success are Neil Hamilton and Clark Gable, the former playing the part of the traveling salesman lover and the latter cast as the devoted Salvation Army sweetheart of the capricious roadhouse singer who turns to religion to obliterate a sinful past, only to yield to temptation when the old love comes back in her life. Hamilton recently was seen opposite Norma Shearer in

"Strangers May Kiss" and Gable last played in "The Secret Six."

Big Names in Cast The supporting cast is one of unusual prominence, headed by Marjorie Rameau as Ruby, and including Guy Kibbee (a member of the original stage cast) as Cass Wheeler, Cliff Edwards, Roscoe Karns, Gertrude Short, George Cooper, George F. Marion and Bert Woodruff.

Story in True Story Magazine Awarded \$5,000 Cash Prize

Awarded the first cash prize of \$5,000 in True Story Magazine's manuscript contest conducted for non professional writers, a story entitled "My Wife's Secret" is published complete in the new October issue of that periodical which carries also "My Sacrifice and His," winner of a \$1,000 cash contest prize, and a dozen other biographical revelations.

The locale of "My Wife's Secret" centers about a government house set on a rock-bound island miles from the nearest town. Other true stories take the reader of this issue into the American prairies with the hardy pioneers who opened up the country, around the world with a runaway lad who shipped before the mast, into a Turkish harem with an Armenian captive girl who escaped to tell of the horrors she lived through, across the South African veldt with a harassed Boer settler, and into milltowns, villages and cities in many sections of the nation.

Second sheets while present shipment lasts at 40 cents per 500 sheets. 75c per 1000. We have a limited amount.—Leader office.

RAYMOND RENFRO

NORMAN RENFRO

Norman and Raymond Renfro, known throughout Littlefield and section as "the Renfro Twins," established their grocery and market on September 11, 1929. They have enjoyed a very large volume of business, and are constantly making new friends and customers.

**Renfro Bros.
Feature Everlite,
Gold Crown Flours**

One of the features of Renfro Bros. Grocery & Market is the standard nature of products carried.

For example, in flour, this store handles Everlite and Gold Crown, products of the Harvest Queen Mill & Elevator of Plainview. These are Texas products, made from Texas wheat, and have found big favor with customers of Renfro Bros. Their flour business is gaining daily.

Two hundred sample bags of Everlite flour will be given away free during the anniversary sale.

The greatest display of agricultural products ever assembled from one state will be seen at the State Fair of Texas, Oct. 1 to 25, when more than 80 per cent of the 253 Texas counties will be represented in the Agricultural show, according to J. A. Moore, superintendent of the department.

Opened Grocery and Market In Littlefield Sept. 11, 1929, Have Made Good Progress

Renfro Bros. Grocery & Market, which was opened September 11, 1929, will celebrate their second anniversary Friday and Saturday of this week with a gigantic food sale.

Raymond and Norman Renfro, known throughout Littlefield and this section as the "Renfro Twins," established their business firm in the faith that Littlefield and this section were without peer in offering an opportunity to young men in business.

Throughout the two years of their business life they have never lost sight of the fact that success in business comes only through honesty in dealings and a continued active interest in serving the public.

There is one thing that everybody knows is true of the Renfro Brothers. They work early and late in serving their customers.

These young men were employed by Littlefield grocery concerns previously to entering business for themselves, coming to the city about five years ago from McKinney, Texas.

When the opportunity was presented the Renfro Brothers purchased the business, which they now own and operate, and immediately launched on a program of daily determining how much better they could serve their customers. This zeal in business led to the continual adding of new lines of merchandise, improvement of their store in every way, and the adding of new departments.

Today they have a well stocked grocery, one of the finest meat markets in the city, and a feed and seed department, which was added several months ago.

The adding of new lines naturally called for additional space, and with the establishing of the feed and seed department, Renfro Brothers leased store space adjoining their building on the south.

A capable staff assists the progressive Renfro Brothers in the operation of the business. The large meat department is in charge of Harry C. Smith, who has been a meat cutter for thirty years.

Bradley Welborn, who came from McKinney to join the Renfro Bros., with the opening of their store two years ago, assists in all departments

of the grocery and seed and feed section. And in addition when the store is unusually busy, the regular staff enjoys the capable assistance of Mrs. Raymond Renfro, Mrs. Norman Renfro and Mrs. Welborn.

This very capable personnel brings to the Renfro Grocery & Market an organization which renders very prompt and efficient service.

The large stocks of merchandise in all departments, the character of the merchandise and the excellent service to customers, has not been developed without large expenditure. Today Renfro Bros. have a very large investment in a business, which is growing in volume daily, and making numbers of new friends as it grows.

Too much cannot be said of the Renfro organization's enthusiasm to meet and anticipate the requirements of their customers in a zealous and courteous manner.

HALL OF CHAMPIONS

The Hall of Champions, in which will be housed all of the championship animals selected at the 1931 State Fair of Texas, Oct. 10 to 25, will contain some of the finest animals in America before the fair is over. Just as soon as a champion is declared by the judges it will be moved into this new hall of fame which will be located in the dairy products building.

MEAT MARKET IS OUTSTANDING DEPARTMENT OF RENFRO BROTHERS BUSINESS

HARRY C. SMITH IS IN CHARGE OF THIS DEPARTMENT

HAS THIRTY YEARS EXPERIENCE IN MEAT CUTTING

One of the outstanding departments of Renfro Brothers is the market, which is in charge of Harry C. Smith, who has been a meat cutter for thirty years.

Mr. Smith came to Littlefield from Wichita Falls, and has been with Renfro Brothers since they opened business on September 11, 1929.

The Renfro Bros. market is well stocked with the finest of meats, butter and many other requirements of the modern table.

Cleanliness is an outstanding feature of the market. A few months ago a large Viking display case, equipped with electric refrigeration was installed. This case enables the market to keep all meats enclosed, which ensures customers of the strictest sanitation in all products.

In addition to the Viking case a large walk-in cooler is also used in housing the immense stock of meats that are carried in the market.

This market would do credit to a city much larger than Littlefield.

Large Number of Farmers Trade At Renfro Bros.

One of the reasons for the success of the Renfro Bros. is the fact that, in addition to a large city trade, they enjoy the patronage and confidence of a great many of the rural residents of Lamb county. They endeavor in every way to give the farmers of this section a service that is unexcelled.

The farmers especially appreciate the establishing of the feed and seed departments. This enables them to buy their grocery, feed and seed requirements from one concern, which they find advantageous in many ways.

CARD OF THANKS

Words cannot express my sincere thanks and appreciation to my many friends and neighbors and also the Sisters of the Order of Rebekah lodge for their many acts of kindness and courtesies extended me, and care given me during my recent illness from burns. I am glad to say I am now getting along nicely.

HART'S CAMP FIRST COMMUNITY FAIR IS OUTSTANDING SUCCESS; MANY ATTEND

PERSONALS

Mrs. Max Touchon, who burned herself while canning a week ago is able to be out again.

Miss Rosa Mae Butler of Oklahoma City, who has been visiting Miss Irene Meador for the past week, returned home Tuesday. Clark and Miss Irene Meador accompanied her as far as Plainview, and drove on to Floydada and spent the balance of the day.

Don't forget to buy a Paddle Pop.—Eagle Drug Store.

Mrs. George Long and little son "Sunny" left Friday for Artesia, N. M., to visit her mother, Mrs. M. A. Newcomb, who is seriously ill.

Mr. R. T. Badger and son, R. W. returned Thursday night from a trip to Gonzales, Corpus Christi and Houston. Mrs. Badger also accompanied them to Houston, and will stay a month visiting her daughter, Mrs. J. A. Howard and Mr. Howard.

Mrs. R. B. Freeman and daughter, Naomi, left Abilene Thursday for Silver City, N. M., to be near Mr. Freeman, who is in a government hospital undergoing treatment.

Pat Boone, who has been on the sick list for the past week is much improved.

Bruce B. Meador returned to Abilene Saturday to resume his studies at McMurray college, where he is a senior this year, after a week's visit with his parents, Rev. and Mrs. C. B. Meador.

Hart's Camp school house was the scene Tuesday, September 1, of the first community fair to be held in Lamb county.

Judging from the comments on the fair and the number of people that attended the fair, it was a huge success. Excellent exhibits were made in every class, including the Boys' agricultural club exhibit, and the general home economics department. The Hart Camp club women also had an exhibit.

It was estimated that at noon more than 1,000 people were fed. Two beefs and several muttuns were barbecued for the dinner. Also basket lunches were brought. The beef was prepared by Mr. Van and the mutton by Mr. Giles. The bread was furnished by Littlefield merchants, and one beef was furnished by Mr. C. E. Strawn and the other beef and muttuns by Mr. Ellwood. In the afternoon a watermelon feast was had. The Hart Camp community furnished the melons.

The day's program consisted of speeches, music furnished by the Anton band and local talent.

At the close of the day everyone expressed themselves as wanting another fair next year.

A large number attended from Littlefield.

Mrs. C. O. Stone and Mrs. J. S. Hilliard attended P. T. A. lecture by Dr. Phipps at Lubbock Tech. Monday.

LEVELLAND WILL PLAY LITTLEFIELD SUNDAY AFTERNOON

The Hockley county capital is sending their baseball team to Littlefield next Sunday to give the locals something to think about.

The Levelland boys have been playing some first class teams this year and came out winners in the Wolf-orth baseball tournament staged two or three weeks ago. They handed the Hubbers a sound beating recently to the tune of 10-4.

A number of other clubs have cited the Levelland nine as worthy opponents for any fast amateur club. Since they have not had a chance to show their playing ability to the fans here this season, they have called and declared themselves in readiness for such a meeting.

There is no doubt but what some interesting baseball will be displayed by the visitors in this section. They well remember a severe trouncing handed them last year on a single engagement staged here.

The game will start promptly at 3:30 and all baseball fans are urged to attend. This may be the last game staged for this season on the home lot.

Mass Meeting

Owing to the many requests of Littlefield citizens to the City Commission, for a more concerted effort to lower public service rates, the commission invites all those interested in same to meet with them Tuesday, September 15, at 8 p. m. at the City Hall, for a general discussion.

Pep Paragraphs

Mr. and Mrs. M. A. Burt are rejoicing over the arrival of another grand-daughter born to Mr. and Mrs. Harvey Burt, of Littlefield Sunday, August 30.

Mr. J. E. Stengel took a small load of wheat to Abernathy, Texas, Tuesday. Several of the neighbors secured some wheat from Mr. Stengel and had him to exchange same for flour for them.

Mr. and Mrs. G. C. Keith and family spent Wednesday with Mr. W. O. Fortberry and family at Monroe.

Mr. and Mrs. Francis Murphy and son Jack arrived in Pep Thursday. They came in their Chevrolet from Dubuque and other places in Iowa, where they spent their summer vacation with homefolks. The entire community extends them a cordial welcome. Mr. Murphy will again be connected with the Pep school faculty. He has taught here in the High school the last 4 terms, and we understand that he will be principal this term. They report a splendid trip with very few mishaps. Mr. Murphy said that things are not so good along the entire roads and that the South Plains has by far a better crop than anything they saw.

Mr. G. C. Keith and Mr. Lee Cooney went to Fort Sumner, N. M. Friday on business and returned Saturday.

Mr. Jerry Silhan had the sad misfortune of losing his residence and most all of their household and clothing by fire Saturday at noon. The fire was caused by an explosion of their oil stove, upon which Mrs. Silhan was finishing the noon meal. As Mr. Silhan came in from the field for dinner, his wife remarked that the stove was not burning so good, and while he was washing, the thing exploded throwing fire all over the room. However no one was hurt. As luck would have it no one happened to be near enough to the stove when it exploded. The flames spread so fast that only some bedding and other little things that happened to be near the door were removed. It was partly covered by insurance.

Mr. James J. Lynch of Grundy Iowa, arrived in Pep Sunday evening. Mr. Lynch is employed as teacher in the pep High school department for the coming term. According to Mr. Lynch's conversation he encountered some difficulty in locating our big city, this being his first visit to the Plans of Texas. We are indeed glad that Mr. Lynch arrived, as he comes very highly recommended as a first class school teacher and gentleman.

Mr. Tom Burt and family and Mr. Bill Burt all of Littlefield spent Sunday evening with their parents, Mr. and Mrs. M. A. Burt.

Mr. M. A. Burt and daughter, Mary Bell will leave for San Antonio Wednesday of this week, where Miss Mary Bell will enter Our Lady of the

Lake college for young ladies. We are sorry to see the young lady leave our community, but wish her the best of success in her undertaking.

Building For The Future

SCHOOL DAYS are here. They are days of preparation for the useful, profitable and happy life which bring greater contentment to the men and women of the future. Impress upon the children of today the value of an education to them in playing the game of life, urging them now to build for the future. Those who enter the grades, high school or college, realizing the bearing education may have on their future will enter joyously into their school work.

Texas Utilities Company looks to the future, envisioning a greater field of service, and is constantly building in preparation to adequately serve the fast developing empire of the South Plains, and through such construction as the vast plant at TUCO keeping at all times facilities for serving far ahead of the demands which can be made upon the company for electric lighting and power.

We extend our hearty congratulations to Renfro Bros. Grocery & Market on the occasion of their Second Anniversary.

Last Rites Held For Charles R. Melton Sunday

The First Baptist church was filled to capacity Sunday afternoon when funeral services were conducted at 3:30 p. m. by Rev. Joe F. Grizzle, pastor for Charles R. Melton, aged 39, farmer of 10 miles west of Littlefield, who died at 4:45 a. m. Saturday at St. Anthony hospital, Amarillo.

The deceased had been on a trip to Addington, Okla., to visit his parents, Mr. and Mrs. W. M. Melton, and was returning to Littlefield when his death occurred. It was necessary for him to change trains at Amarillo, and it was while waiting for the train to bring him home that he collapsed near the depot, and was found in an unconscious condition by one of the police force in Amarillo. He was taken to the St. Anthony hos-

pital where he was found to have ulcerated stomach, and underwent an operation. Peritonitis set in soon however, and death followed.

Deceased was born March 10, 1892 at Hillside, in McCullough county, Texas, and was married to Miss Mattie Shadden of Bowie, June 4, 1912, where he lived for a number of years. He has been a resident of this section for past seven years, and was a member of the First Baptist church, Amherst. Loved by his family, neighbors and friends, and a citizen to be proud of, he was held in the highest esteem by all.

Mrs. Harry Wiseman entertained seven tables of Bridge last Friday afternoon at her home on East Eighth street, honoring Mrs. Chas. Cooper, who has been spending the summer here from Orlando Fla. The reception suite was made gay with fall flowers which were attractively arranged in baskets. Score pads and tallies were paper butterflies, in pastel colors. Dresden china novelties filled with India nuts were placed on the tables, the novelties afterwards being used for cut prizes.

Mrs. T. Wade Potter was awarded a 6-piece cosmetic set for high score. Mrs. Ray Jones received a china fruit extractor for consolation. Mrs. Cooper was given a private telephone directory as guest prize, and the ladies receiving high and low prizes also presented her with their gifts.

Sheer organdie covers of pastel shades were used on the tables and a delicious refreshment plate, still carrying out the pastel color scheme, was served, consisting of lime ice, aspic salad, angel food squares, dainty toasted crackers, India nuts, colored popovers and iced tea.

Mrs. Wiseman was ably assisted during the afternoon by her two small daughters, who were charmingly attired, and lent their touch of youthful color to the occasion.

Local Postmaster And Family Enjoy Bear Hunt And Fish

Mr. and Mrs. Brannen and family returned Sunday afternoon from several days' visit with their son, Huron Brannen at Parkview, N. M., and bear hunt in the mountains.

Mr. Brannen on being asked where all the bears were, said "I caught nothing but a cold. I got within a quarter of a mile of a bear, and that was as close as I could get to him. It is a great country. We rode on horseback 18 miles from my son's home into Rio Arriba county, N. M., where we did the hunting."

The Brannen party had some good fishing in the Brazos Canyon, and caught 74 rainbow trout.

En route back the Spanish Fiesta at Santa Fe was in full swing, and they stopped a short time to enjoy this popular event.

Mr. and Mrs. Mat Glover and daughter, Jewel, and Mr. and Mrs. E. L. Newgent and daughters, Mary Ruth and Dorothy, spent Sunday in Plainview.

PAINS QUIT COMING

"When I was a girl, I suffered periodically with terrible pains in my back and sides. Often I would bend almost double with the intense pain. This would last for hours and I could get no relief.

"I tried almost everything that was recommended to me, but found nothing that would help until I began taking Cardui. My mother thought it would be good for me, so she got a bottle of Cardui and started me taking it. I soon improved. The bad spells quit coming. I was soon in normal health."

DO YOU OVERHAUL

These Machines Too?

The kitchen range, heaters and other Natural Gas burners are machines — machines that cook our food and keep us warm. Like the automobile, they will give us 100 per cent service only when kept in repair and overhauled at least once a year.

The range may be spotless on the surface, but inside the burners dust particles have collected and perhaps rust has set in. All this retards the flow of gas and results in larger gas bills.

Summer time when gas is used less, is the best time to examine and repair gas burners in your home. If you wish, a trained service man will come to your home to inspect and adjust your appliances.

Cotton Legislation—

(Continued from Page 1)

and concluded by Friday night, but the senate rejected this resolution, deciding separate committee hearings would be more practicable.

Farmers surged about the streets in Austin, assembling for a huge mass meeting Wednesday night to impress legislators with the seriousness of their plight, the greatest financial crisis cotton planters have faced in many years.

Bills both to prohibit planting cotton next year and to reduce acreage about 50 per cent already had been introduced in both legislative houses.

Besides the two factions supporting these respective measures, a strong third bloc was determined to ward off any legislation, contending such a measure would infringe upon property rights and privileges.

Misses Alma Busher and Irene Cox returned Monday from Palisade, Colo., where they had been visiting Mr. and Mrs. Geo. Cox for the past four weeks.

Pledge Support—

(Continued from Page 1)

the splendid cooperation extended them this fall.

Mr. Harrison pointed out that according to the census last March there was a total of 1847 scholastics of the school age in the Littlefield Independent school district, and that since 1129 was the total enrollment on Monday last, this would leave 718 boys and girls in this district of the school age who have not enrolled.

He impressed on the pupils the necessity of taking good care of their school supplies, using covers on their books, making their own exercise books, and gave them a general lecture on economy.

He then proceeded to encourage the pupils to put forth their best efforts, saying he wanted them to feel free at school, didn't want them to feel that they couldn't bat an eye, that he wanted them to feel the school was their home 8 hours a day.

He said he thought athletics were just as necessary at school as English or algebra, not that they should take the place of these subjects, but that it was just as necessary that they have this training as anything else.

Prof. Harrison then called on the coaches of the football squad, J. R. Tucker and Sid Hopping, who in turn called the boys and lined them up across the front of the auditorium. The squad is composed of the following: Loyd Reid, Burch Cook, Lester Teeter, Cecil Hall, Gilmer Eagan, Rayburn Carpenter, Joe Hale, Charlie Miller, Glenn Woody, Elwood Dow, Russell Wimberley, C. L. Harless, Marshall McCurry, Conney Powell, Preston Brazille, Sam Williams, La Verne Stevens, Royce Beebe, Gordon Roberts, Darrell Hemphill Maurice Brantley, James Norman, Jesse Denton.

Coach Tucker, after introducing the boys, gave them instructions on football, commended them on the fine work done last year, and encouraged them to do even better this year. He also asked for the cooperation and support of the whole school.

Coach Hopping spoke on the benefit the boys had derived from the practice work put in during the three weeks they camped before starting to school. He expressed his appreciation for the splendid cooperation the squad had received in the past, and asked for the support of the school for this year.

Mr. Mallory Etter, who was called

next, complimented the Coaches on having such a fine "bunch of players" and said he was "behind the boys" always.

Mayor Sales then gave a short address, pledging the fullest co-operation on behalf of the city, and himself, personally, to the football squad.

J. H. Ware, in his short address, said "If there is one thing I lose my head over, it's football," and assured the boys that he was behind them one hundred per cent.

Jim Etter followed expressing pleasure at being at the gathering, and pledged the football squad his cooperation at all times.

Deputy Sheriff Miller then made a short address, saying he would always do his part, that he was "the boy's friend, and a football fool."

James Norman was the next to be called. He said Coach Tucker called the squad "his team," but he said "I call it mine." He told of the great interest he took in the boys, said they had such a fine spirit this year that they were bound to win—that they were not going to lose any games. He also said he was for the boys 100 per cent.

Van Clark followed Mr. Norman, saying that "football is my favorite game, and I'll be at all the games."

C. L. Harless said the town was 100 per cent behind the squad; and impressed on the boys that their grades come first, and training second.

D. G. Hobbs said the boys looked good to him, and that the whole town was behind them.

Ross Mayhew, another football fiend, said "I believe we have a winning team, but what I am anxious to know is if they have a game for this Friday."

Sam Hutson was the next to make a talk. He assured the boys that he would see all the games this season and added he was proud of the schools of Littlefield and also the teachers, and also was proud of the football team this year. He said that he was always glad to do what he could for the football squad.

W. J. Chesher also spoke pledging his full support and cooperation to

W. J. Hale gave an interesting talk on football, saying that instead of the speakers being there to give inspiration he believed they were receiving inspiration instead, commencing on the splendid coaches and football squad in attendance.

He compared football to the games of life, saying there was no game in all the world as much like the game of life as football.

J. C. Hilliard, secretary of the Independent School District, made a

splendid talk, assuring the football squad that he believed in them, and was behind them 100 per cent. He explained that he worked 14 hours a day in the financial end of the school system; that the school problems were very near to him. He said "I myself feel I am a part of this school and the young people. That is what keeps me young. I wish I knew every pupil by his or her first name. I am glad for them to speak to me, and glad to know they are getting along. We have a fine bunch of football players, and want them to know my heart is with the boys."

He then proceeded to impress on the pupils that all of the nineteen school trucks left each school day at 4:15 p. m., and that all pupils be ready to go to their respective homes at that time, pointing out that many parents were nervous when their chil-

dren were late arriving home. Miss Irene Hobbs, leader of the Pep squad, also gave a short talk promising her cooperation and support to the football squad.

F. O. Boles, principal of the High school, then gave a short and inter-

esting address on football, winding up with the announcement that the first home game would be Friday September 18, and advised all students to get busy and earn enough money to buy tickets, so that they might all attend.
