# PLAN NEW ROAD PROJECT

MORTON WILL MEET WILDCATS FRIDAY C. OF C. ACTS TO

## LOCALS EXPECT STIFF CONTEST

Littlefield Wildcats Defeat Olton Team Here Last Friday

The Littlefield "Wildcats" took their second victory of the season from the Olton "Mustangs" in a slow game on the local field Friday afternoon. The locals continually out-kicked the visitors and kept them well against their goal line. The Olton boys eld several times when the local boys were threatening. However during the second quarter of the game Elwood Dow ran 15 yards in a broken field for the only counter of the game.

During the entire last half of the game the Olton team attempted to gain by pass attack but failed to net counter. Both teams fought hard but continued to show their inexperence. The local team showed some improvement in organization in the backfield. Interference was somewhat better than at the last game. Blocking and tackling were fair but not so much improved. The local line failed to hold at several points. The Olton ne seemed to hold a bit better but was unable to hold at the crucial mo- 51 1-2. ment. The score for the game was 6-0. Coach Barksdale is drilling hard 1.:ter-51 1-2. is week on the fundamentals of botball in preparation for the game with Morton Friday of this week. The Morton team is a bit lighter than the Wildcats" but also a bit faster, it reported. The Morton team is also emewhat inexperienced but it comes ground that they play a good brand of ball and will tax all we can muster for a victory over them Friday. The rame will begin promptly at 2:30 p. z. The admission will be 25 cents adults, 15 cents for high school, and 10 cents for grammar grades. e out and see the boys in action.

# OFFICE OPENED

A. B. Cole Returns Here as Tuesday mornings of this week. Manager for This Section

H. L. Gantz, organization director f the Lubbock district for the Texas otton Cooperative association, was a Littlefield Wednesday, and in an sterview with the Leader said that bey are expecting all forms incidentd to handling advances on government loans by Monday of next week. A. B. Cole, who managed the local office of the Texas Cooperative here at season, arrived in Littlefield Monmy last, and is in charge for this sea-

As stated by Mr. Gantz, the Texas otton Cooperative will act as agents making government advances of 10 onts per pound on 7-8 inch staple cotcents per pound on less than low ddling and less than 7-8 inch staple cotton produced this season. These advances will be made only

the producers, to non-members, as as members of the association.

We Do Our Part

#### PATIENCE IS THE WORD

The evidence increases from day to day that business is picking up everywhere, in almost every line. Producers, whether of food-stuffs, of manufactured goods of all kinds, are getting better prices for their products. More men and women are back at work, money is beginning to circulate more freely, all the evidences that the upturn has begun are at hand.

Yet we hear many people grumbling, declaring that the president's re-covery program is a failure, because it has not performed a miracle over night. No sensible person who has stopped to think about it ever imagined that this great nation could jump back instantly into its former prosperity. It took us nearly four years to slide down the hill; we cannot hope to leap back to the top in one bound. We do not believe it will take four years, or anything like it, to get back on Prosperity Peak; but we do feel sure that it will take more time than some of the kickers are willing to allow.

It is hard to be patient when one is up against it for ready cash and the means of livelihood. But patience is the word that needs to be impressed upon everybody in these days. If the return of prosperity has not made itself manifest to any particular reader of these lines, be patient, for it is surely or the way. Of that we have not the slightest doubt.

And if we wanted to pose as prophets, which is rather useless, not to say thankless, sort of endeavor, we would hint that the next peak of prosperity is going to be even higher and more attractive than the last one was.

#### THE GOLDEN RULE

An exceedingly sensible, sane editorial appeared in last week's issue of the Portales Valley News under the caption, "The Golden Rule." Too few in this world give thought to the advisability, the decency, and the wisdmo of living by the Golden Rule. Moreover, living by the Golden Rule brings a greatstate and lasting joy. Each of us should strive day by day to live by the Golden Rule. If you have been slipping lately along these lines, try making the Golden Rule YOUR RULE and GUIDE.

Read what the Portales Valley News says:

"Were the Golden Rule applied to all business, the government and the individuals, there would be no need for the NRA movement, but so long as human nature enters into every element of business, just so long will greed exist.

"Politicians become mad with power, and the public suffers the conse-

The short sighted business institution looks only to immediate profits, and the future of the community is lost sight of till it is too late.

"The individual looks to his own selfish interests and forgets that the greatest good to the greatest number is the paramount issue.

"Do unto others as you would have they do unto you, is the greatest sentence in the English language, and by so doing all worries would be past.

## HOW ABOUT YOUR ELECTRIC LEAK?

Electricity is cheap, but even so, we are eager that you receive full service from very bit of electricity used. Electricity-using hours are now longer and small leaks that you've neglected this summer will show up more on your winter electric bills. Dusty and blackened light bulbs waste electricity. So do many "off-brand" light bulbs which are appearing on the market today. They may look like standard brands . . . but they waste electricity without your knowing it. Buy standard American-made lamps. They cost slightly more but give you full benefit of electric current consumed and really save money. Your lamp dealer will be happy to assist you in selecting proper Amercian-made lamps. Don't waste electricity, (even though it is one of the smallest items in your family budget.)

COLD WEATHER NEVER DELAYS

Ann: "Betty would be late on our first air trip, but as usual when it gets cold, it's to be expected." Jim: "You mean that temperature actually has an effect on her promptness?" Ann: "Yes, she is very prompt ordinarily—it's a case of car trouble in cold weather. Bill doesn't see that the difficulty is in his choice of gas and oil." Jim: "Well, Ann, you couldn't expect everybody to buy Conoco, could you?" Ann: "If everyone knew how Conoco oil and gasoline protect both you and your motor against the difficulties of cold weather driving they would!" Jim: "Guess I'd better get Bill on the phone and see what the delay is!" Ann: "Please do!"

Betty: "We had the most awful time, Ann! We were ready to leave in plenty of time, but when Bill tried to get the motor started, it wouldn't budge. After running down the battery he rolled the car out of the garage and got some one to push it till it started—and just in time. The car just doesn't seem to work right." Ann: "It isn't the car, Betty, it's the oil and gas Bill buys. Why don't you tell him to get Conoco Germ Processed Motor Oil and Conoco Bronze Gasoline—they are more economical and have cold weather performance that gives us instant starting and 'Hidden Quart' protection." Betty: "I'm sold!—and Bill will be too just as soon as I get to him!"

#### "Hold Your Man" To Be Shown at Palace Saturday

Clark Gable, the swaggering heartsmasher and Jean Harlow, a one-man woman will appear in their latest picture "Hold Your Man," at the Palace Theatre, Saturday midnight, Sunday

He thought he was tough and so did she. But the tougher they are the harder they fall-and how they fall for each other in "Hold Your Man." He thought he could let her suffer for his sake - she knew she could do it and smile! And what a climax! To the thousands who were thrilled by "Red Dust" it's great news that Clark Gable and Jean Harlow are together

It's the rousing story of a smart aleck crook who escapes everything but love. In the supporting cast appears Stuart Erwin, Dorothy Burgess and Muriel Kirkland.

#### CORRECTION

Through a misunderstanding an item was printed in last week's issue of the Leader, stating that Tilden Wright was visiting his mother. Tilden left Littlefield on June 3rd, going direct to Austin. He entered summer school immediately on arrival in Austin, stayed with his work between summer school and the long term, and is now hard at work doing some sophomore work in the university, and has not been back home since leaving on

## OWN A FARM

### The EASY Way

The Bale of Cotton Per Acre Plan Over a Long Period of Time

Tenant farmers can own their own farms through this easy plan-the land owner can enlarge his holdings-and the homeseeker of other sections can come in and start a home. We have many improved and unimproved farms in the South Plains section. These rich, fertile lands are capable of making abundant crops. The prices are right.

This bale-per-acre plan is simple and easily understood. See or write us TODAY for information on the plan and on available farms.

## to Be Moving Fast

According to H. C. Humphrey, local Santa Fe agent, about eight or ten cars of cotton have moved to the gulf ports from Littlefield this season. He stated, however, as cotton is opening up fast, it is expected that cotton will be moving pretty fast by Monday next.

Mr. Pumphrey said, "We don't have as much acreage as we had last year, Cotton of this year's crop ginned but a lot better cotton, and I be-prior to October 1 was reported Mon-lieve we have as much cotton to gin lieve we have as much cotton to gin as last year."

## To Our Friends and Customers:

The City of Littlefield has seen fit to clear the side walks in the business section of all obstructions that will hamper traffic of people. It is our desire to cooperate in this matter, and we are always glad to do our part. In doing this it has caused us to move our produce department to the back of our store and we are going to ask the buying public to continue to give us their support in this department, that we might continue to furnish you with tomatoes, potatoes, apples, sweet potatoes, green peppers, cabbage, and other canning items at less than wrolesale prices. Our volume on these items has always been large due to the fact that we were large buyers and deal direct with the growers.

Friday, October 13, school will dismiss for cotton picking for one month. This is done in order to aid the farmers and to give each pupil an equal chance to make his grade.

The grammar school football boys who are coached by Mr. Hobbs, were defeated in a game with the Amherst freshman team last Thursday. The score was 13 and 2. Their next game will be played with the high school freshmen team Thursday, 12th, at

P. T. A. met Wednesday at 4:00. The program was on "fire prevention." The primary and grammar schools were awarded prizes to the pupils who had the best fire prevention posters. Wednesday at 3:15 the mothers who were interested in organizing a ':Mothers Singing" met with Mrs. Shaw.

The teachers from the grammar school who attended the lecture, "The American Indian," delivered at the city hall by Dr. Holden of Texas Technological college last Wednesday night, report that many interesting facts were given them by the speaker.

Tuesday, Mr. Clow showed many interesting and queer things from South America. He also had a movie on South America which he had taken himself. Half of the money which was received was given to the grammar school to be used as desired.

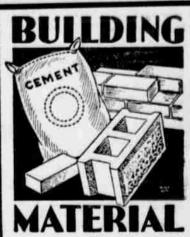

Friday during the last period, the upstairs pupils are going to give a play entitled "The Extra Guest."

RETURNS TO LITTLEFIELD Tommy Branan, who has been in Amarillo and Clayton, N. M., has returned to Littlefield and again employed at the Home Bakery. Mrs. Branan and Bobby Lee will arrive in Littlefield in about a week

# WE THANK YOU

## For the Liberal Response You've Given Us During Our First Week

Butterfat has come in steadily all this week and is fully up to our expectations. It proves to us the need of a creamery plant in this fertile agricultural county.

We have established two cream routes in the county. They are being handled by Cyphus Glover and Reuben Price. Other routes will be started as the demand grows. Others connected with the creamery are R. E. Coulson, bookkeeper, Tom Lowe, Clifford Brazeal, and Bill Cooper. You already know these boys-so come in and make yourselves at home.

## We Pay Top Market Prices for Cream

Watch for our route men or bring it in to our plant located across the street from the West Texas Gas Co., Littlefield.

#### **Business Improving**, Survey Reveals

Austin, Texas-Despite the complex problems which continue to cloud ne outlook of industry and commerce in their national and international relations, it is gratifying to note that several business indexes show definite improvement along a number of lines, according to Dr. F. A. Buechel, assistant director of the University of Texas Bureau of Business Research.

"New pasenger car registrations in the seventeen most popular counties trailer with high side-boards for of the state showed an increase of 11 three days. See Claude Curtis at per cent over July and 119 per cent per cent over July and 119 per cent over August, 1932," Dr. Buechel said. 'Charters granted during August to new firm permitting them to do business in Texas indicated a slightly better than normal seasonal gain. Commercial failures were the smallest in FEED CUTTING-Let me cut your number for any August since 1920 ex-

orded, against 33 this year. "September employment conditions in Texas show a marked improvement both over August, 1933, and September, 1932. For the week ended September 16, a total of 911 establishments reported 71,250 employes, against 68,243 for the same firms in August and 64,391 in September, 1932, showing a gain of 4.4 per cent and 10.7 per cent respectively. While the rate of pay has shown practically crease in buying power represented by the sharp rise in number of work-

ers should be material. "Department and clothing store sales during August showed by far the greatest percentage improvement of any August since the records of the bureau of business research began in

#### Races to Employ Over 4,000 Men

Between 4,000 and 5,000 men will be employed at Arlington Downs during this year's racing meet, Trav Daniel told members of the Lion's club at re-employment of a million or more the Texas hotel, Dallas, recently. Conis being held out by statisticians to attendants, special police, program hawkers and ushers will add another thousand men to the working forces.

"Jockeys make an average of \$5,000 a year and trainers receive between \$6,000 and \$30,000 a year for

There will be restrictions as to the time of sale to prevent a runaway body can determine for himself what market. For example, if the price he may or may not plant on retired reached 15 cents, farmers would be

statement, Secretary Wallace

"Loans will be ten cents a pound at the warehouse on cotton classing low middling or better as to grade, 7-8 inch or better as to staple; and eight cents per pound on cotton classing low middling or better as to grade and under 7-8 inch as to staple.

"The loans will be available to farmers who agree to abide by the reguations and cooperate with the secretary of agriculture in the 1934 cotton acreage reduction program, provided a reduction of not more than forty per cent average will be required of any farmer. Farmers who sign and fulfill contracts to cooperate in the program will get their benefit payments in addition to the loans."

The loan will be steped up at the rate of 45 ce nts a bale for each month after October. This will cover carrying charges and interest. The interest rate to farmers will be four per cent."

#### Cotton Growers To Be Paid \$3 To \$11 Rentals

Rentals of from \$3.00 to \$11 an acre will be paid cotton growers to let their lands lie idle next year in the government's newest program for trimming surplus farm production.

The scale of payments will be based on the potential yields of the land untoday by the farm adjustment administration which aims to bring plantings down to 25,000,000 acres in 1934 as compared with about 41,000,000 this year.

It was estimated that the cost would be about \$100,000,000. This will be met by continuing the processing tax of 4.2 cents a pound for another year.

Farm administrators said they intend to launch within two weeks their campaign to obtain agreements for reducing the plantings. The first step will be organization of county associa-

tions of growers. Speed is necessary to make the control campaign parallel the government's program of making loans of ten cents a pound on cotton held by farmers. The latter will be put into proved by President Roosevelt, with loans being extended by a commodity credit corporation to farmers who agree to join in next year's reduction

In addition to rental payments, producers joining in the 1934 control plan will be paid a benefit on the domestically consumed portion of their erop if the average price during next season is below the "parity" price for the staple based on pre-war averages. Any rentals that have been advanced

by that time will be deducted from leased the land and have no right the benefit payments. About one half use the contracted acres at all in of the cotton produced is ordinarily

required for domestic use. The administration completed distribution Monday of \$71,706,035 in so many farmers need more land year's program by plowing up from 25

In all 661,060 checks have been mailed and 832,000 of 1,010,000 certificates of performance providing proof that the grower did plow up a definite portion of his crop, have been As many as 48,000 checks are now being issued each day.

Rental payments will be paid next year for land producing as little as 75 pounds of cotton per acre. In this year's program land producing less than 100 pounds was not eligible for consideration.

The schedule of payments in the 1934 program follows:

For land producing approximately 75 to 125 pounds per acre, a rental of not over \$3 an acre; from 150 to 200 pounds, a maximum of \$5! 225 to 300 pounds, a maximum of \$7; 325 to 400 pounds, a maximum of \$9 and for land producing 400 pounds and over, a maximum of \$11.

#### Commercial Crops Forbidden On Land Retired

"Subsistence" crops may be plantbut "commercial" crops are forbidden. The effect of the loans will be to This is the interpretation given the lege extension service.
