Three members of the class, Robert Rutledge, Bill Orr, and Joe Paul Owens, are not pictured—they preferred going fishing, rather than having a picture made.

Moisture Is General, From 2 to 4 Inches; Downpour Continuing

Rainfall to the extent of .69 of an inch fell Wednesday afternoon after the following story was written, bringing the total received in Littlefield officially measured to 1.74. Reports from elsewhere on Wednesday's additional moisture had not been received, but it is believed that the additional rainfall was general over the remainder of the County as well as in Littlefield.

First published reports of a 6.26 inch rain at Earth were slightly exaggerated, a phone check with M. W. Messer, Earth Drug Store owner, said at noon yesterday, but he confirmed that the moisture measurement exceeded four inches. Small hail was reported over the county, in small amounts, but the hail did little or no damage.

That was the heaviest moisture reported in the county, but every section of the county did get moisture, and here at Littlefield, at noon Wednesday, the official weather station at the Cotton Oil mill, had measured 1.05 of moisture, and shortly after noon it started raining again. Likewise at Earth, it was raining and raining hard when we talked with Mr. Messer.

Mr. Messer said that practically no dry land had been seeded to cotton, but that a big percentage of the irrigated land in that section had been, and will have to be re-planted sixty per cent or more.

The cotton Oil weather station here, had also contacted numerous surrounding towns, and reported moisture at Amherst measuring 2.00 inches, Muleshoe, 2.00;

Sudan 2.00; Clovis 1.00; Plainview 2.00; Olton 2.00.

Other reports received here said that Anton received 1.17; Morton 0.76; Spade 2.00; Fieldton 2.00; Bula 1.16; Colton Center 2.00 and Hale Center 2.00 inches.

A farmer in town from the East Lake section was jubilant. He said he had received three inches (Continued on Page 5)

ash Prizes Totaling \$1,000 Offered In Cotton Lint Contest

argest Class In History Amherst Schools To Graduate Friday Night

highlight of community life in every city and town in Lamb County is the annual Commencement and graduation exercises at Amherst. In no exception in the past, as during the past week, the success of the Commencement activities reach its climax this Friday night, when a class of 35 young folks will be handed certificates of graduation, which they have spent years in earning and ac-

argest class, in history, also shows some exceptionally high grade, high-rank-

class members have responsibility for the arrangement and presentation of the Commencement program, which will take place in the High School auditorium, starting at 8:00 p. m. Gary Bearden, Valedictorian and Benny Shaver, Salutatorian, high honor students of the course have high places in the program, with an address by Bearden. Numerous musical numbers are interspersed into the program. (Continued on Page 5)

The four high ranking students of the Senior Class of Amherst High School, reading from right to left are: Gary Bearden, Son of Mr. and Mrs. G. C. Bearden, of near Amherst, Valedictorian; Benny Shaver, Salutatorian, son of Mr. and Mrs. Dock

Shaver of Amherst; Mrs. Dorman Nell Weaver, third ranking student and Betty Jean Brandstatt, fourth high ranking student. All four have taken an active part in school affairs and are popular with student body and faculty members.

Prize money totaling more than \$1,000.00 is the magnet expected to attract dozens of boy farmers of Lamb and many other South Plains Counties in a contest which has for its purpose the promotion of substantially increased per acre yield of lint on South Plains cotton farms in a 18 county area. Improvement of the fertility and texture of the soil through better cultural practices is the goal of this announced contest sponsored by Texas Extension Service in cooperation with Plains Cooperative Oil Mill and with entry open to (Continued on Page 5)

Individual Students In All Four Classes Of Littlefield High Had Much To Do With Making 1950-51 Banner Year in School

Every freshman, sophomore, junior and senior of the Littlefield High School enrollment for the school year just closing has been a factor in making the school year a successful one. But special credit is undoubtedly due to those who have headed

the various school activity organizations, and faithfully served on committees—and honor is also due those who have been chosen, or given personality and scholastic awards.

In recognition of this fact and of the students themselves, school (Continued on Page 5)

BOBBY REYNOLDS

Pictured are Amherst eighth grade high ranking students. Bobby Reynolds was named Valedictorian of the class, with Jackie Sullivan trailing by a few points and was named Salutatorian.

ian, oBth will have an important place on the promotion program to be presented in the Amherst High school auditorium tonight, (Thursday).

Dickie Hopping to Play On All American Team

Wigwam Wiseman of America
Originators of
The National High School All American
All-Star Football team
Oklahoma City, Okla.
Greetings

DICKIE HOPPING

Dear Dick:

Thanks for your prompt attention in returning the football questionnaire. This is to advise that you have been selected to play in the Third Annual National High School All Star football game. The game will be played in Crump Stadium at Memphis, Tennessee, on Friday night, August 10, 1951.

I want you to report in Memphis on Wednesday, August 1. I suggest that you check with the ticket agent of the airline or railroad station agent and notify me what time you will arrive in Memphis on August 1. I will meet you at the airport or railroad station.

Your ticket will be mailed to the address on your questionnaire unless you notify me to make a change in the address.

You will need your complete football uniform: headgear, shoes, jersey, pants, blocking pads, etc. The university will be used to practice in for the game. Game shell pants and jersey will be furnished for the game.

Arrangements have been made to house you on the campus of Memphis State College and practice will be held on their playing field. It will be warm in Memphis, so summer clothes will be in order.

If you plan to fly, you will be allowed only 40 pounds of luggage so in case your entire uniform and personal clothes will exceed this, suggest that you pack and ship your football uniform in advance. Send the uniform to me in advance.

(Continued on Page 5)

GENE RENFRO

Pictured in his football suit is Gene Renfro co-Captain on the All-Regional team and of the second string in the State. He won the right to play on the North Texas team of the North South game to be played in San Antonio this summer. He is a member of the 1951 graduating class of Littlefield High School.

BOMBERS TO FLY OVER LITTLEFIELD IN MASS FORMATION ARMY FORCES DAY

Eighteen TB-25 Mitchell training bombers will fly in mass formation over Littlefield at 1:17 o'clock on Armed Forces Day, Saturday, May 19.

The fly-over is being staged as part of an Open House celebration to be held at Reese Air Force Base, twelve miles west of Littlefield. (Continued on Page 5)

About People You Know

Mrs. Ross Mayhew of Phoenix, Ariz. arrived Saturday night for a visit with friends and relatives here. Mrs. Mayhew has been visiting in the homes of Mrs. A. L. Hood and Mrs. George Ross.

and son-in-law, Mr. and Mrs. Ellis K. Foreman and daughters, Georgiana and Diantha.

Pfc Glynal McCary has gone to San Antonio after a visit with his parents here. Mr. and Mrs. Sherman McCary, who accompanied him to San Antonio, and have returned home. Pfc McCary is now a teletype mechanic instructor.

Mr. and Mrs. G. M. Shaw of Kerrville arrived in Littlefield Sunday and will spend a few days here.

Mr. and Mrs. J. C. Stovall, Jr., spent the week end with Mr. and Mrs. Gerald Donough at Clovis, New Mexico.

Miss Joyce Ann Cox, 6 year old daughter of Mr. and Mrs. R. L. Cox, West 10th Street, underwent major surgery at Littlefield Hospital, Thursday morning, for appendicitis. She is doing nicely.

Mr. and Mrs. V. S. Cassel left last week for Port Arkansas, where they are spending several days visiting Mr. Cassel's brother and family.

F. S. Flower and Wm. Rumback made a business trip to Tucson, Arizona the past week.

Mr. and Mrs. Paul Chance of Dimmitt are the parents of a son, Steven Paul, born at Amherst cooperative Hospital, Wednesday, May 8. He weighed six pounds, two and one-fourth pounds.

Mrs. W. P. Kirk and daughter-in-law, Mrs. Ivan Kirk, who were injured several days ago in an automobile accident, are still patients at the Amherst Cooperative Hospital. Mrs. W. P. Kirk is still in a serious condition, and will be a patient at the hospital for some time. However, Mrs. Ivan Kirk is steadily improving and is able to be up in a wheel chair a part of the time and will probably be dismissed from the hospital in the next few days. W. P. Kirk, was less seriously injured in the accident and is steadily improving and is able to be out.

Misses Glenda Hulse and Bernita Ross, students at Draughn's Business College, Lubbock, spent the weekend with their parents.

Mrs. George Kirk has been a patient at Amherst Cooperative Hospital the past two weeks, receiving medical treatment. Her condition is improved.

Miss Wanda Lou Presley, who has been a patient at Payne-Shotwell Foundation for the past several weeks, receiving treatment

Mr. and Mrs. J. C. Smith attended the funeral services for Mr. Kimble held at Plainview Monday. Others attending were Mr. and Mrs. A. P. Smith of Chillicothe and they also visited their parents, Mr. and Mrs. A. B. Smith.

QUARTER-CENTURY MARKS CHANGE IN PACE CAR

This 1926 Chrysler Imperial "89" roadster paced the Indianapolis 500-mile race of that year. Standing beside the car are Carl H. Wallerich (left) then, as now, a Chrysler dealer in Indianapolis, and the late Walter P. Chrysler.

This 1951 Chrysler New Yorker convertible will pace the Indianapolis race this year. Shown behind the wheel of the Pacemaker is David A. Wallace, President of the Chrysler Division, and beside him is Joseph A. O'Malley, the Division's General Sales Manager.

It was just a quarter of a century ago that Chrysler, which will have the honor of pacing the 500-mile race on the Indianapolis Motor Speedway May 30, first appeared in this role.

The 1926 Chrysler Pacemaker, a six-cylinder Imperial "89" roadster with a 92-horsepower engine and a wheelbase of 120 inches, was considered the hottest thing on wheels in those days. The late Louis Chevrolet, a famous racing star of that era, was the driver

and with him rode T. E. ("Pop") Myers, an executive of the Speedway, who still is active.

This year, a New Yorker convertible with a 131 1/2-inch wheelbase and the new 180-horsepower V-8 FirePower engine, will do the honors. President David A. Wallace of the Chrysler Division, Chrysler Corporation, will be at the wheel.

The 1926 race was won by Frank Lockhart at an average speed of

95.88 miles per hour. The 1951 Pacemaker must do 90 miles or better for the lap that gets the field of 33 contestants under way. Incidentally, this is more speed than was required to win the first nine races of the series of 34 that began in 1911.

Today's race cars must average better than 115 miles per hour to qualify. The race record is held by Johnny Parsons, who averaged 124.002 in last year's Memorial Day event.

Denison newspaperman, acting Chairman Vol Dawson, the Rev. S. Baxton Bryant, pastor of the church. When the money was rolled up, the still needed about \$4,000.

JIM DOUGLASS WILL ATTEND RETAIL MERCHANTS MEETING AT GALVESTON

Jim T. Douglass, Manager of the Littlefield Retail Merchants Association, will leave here Friday night for Galveston to attend the 51st business conference and credit sales clinic of the Retail Merchants Association of Texas, which opens Sunday, May 20, and continues through Tuesday, May 22. Representatives from Morton, Loveland and other cities in the Panhandle-South Plains area are expected to attend.

Theme of the Convention will be "Operation in a Mobilization Economy." A number of national authorities on credit and collection will be on hand to explain various types of regulations of importance to merchants, businessmen and credit managers he said. Among them will be Harold A. Wallace of St. Louis, executive vice-president of the Associated Credit Bureaus of America; John L. Spafford of St. Louis, manager of the Collection Service Division of the Associated Credit Bureaus of America; Miss Francis E. Rowe of Washington, D. C., president of the Credit Women's Breakfast Clubs on North America and Clarence E. Wolfinger of Philadelphia, president of the National Retail Credit Association.

Rep. Carr Is Speaker
Among persons from the Panhandle-South Plains on the program, Mr. Douglass said, will be Rep. Waggoner Carr of Lubbock who will talk on "Hot Check Legislation in Texas." Rep. Carr is the author of a "hot check" bill which passed the House on April 25 by unanimous vote and is now before the Senate.

Meeting jointly with the Retail Merchants Association of Texas will be the Retail Credit Executives of Texas, Collection Service Division of Retail Merchants Association of Texas, Associated Credit Bureaus of Texas and the Lone

JIM DOUGLAS

Star Council of Credit Women. Panel discussions will also be held for credit executives in such specialty fields as automotive and finance, building materials, furniture, home service, jewelry, medical and dental, utilities and wearing apparel.

Country Club Stock Increase Approved

Official word was received this week from the office of Secretary of State John Ben Sheppard, that the recently voted amendment to the charter of Littlefield Country Club, authorizing an increase in stock from \$10,000 to \$12,500, had been officially and legally approved.

Directors have been holding up sale of the additional stock, pending receipt of official state approval.

Emmanuel Lutheran Church To Stage Church-Wide Visitation Sunday Next

Believing that there is a field of work of particular interest to every person, over a dozen visitors, members of Emmanuel Lutheran Church, will seek to aid their fellow-members in finding their area of special interest and ability as they conduct a church-wide visitation, Sunday, May 20, beginning in the afternoon. The morning hour of worship, now set at 10 a. m. for the remainder of the summer, will take particular notice of the day's special activity.

The last details were taken care of Thursday night in a special meeting of all visitors at the school of Emmanuel Lutheran, 417 West Third Street. This entire program, designed to help those five more for Him who bought them, is under the supervision of the Stewardship Board of the congregation. Members are Albert Lorenz, Herman Synatschek and Otto Zuber.

In line with the idea of serving, Waltham Leaguers of Emmanuel Lutheran plan a canvass of part of Littlefield in the interest of the forthcoming Vacation Bible School. The latter to be held at 417 West Third Street will run from June 1 through the 15th.

PARENTS OF A GIRL

Mr. and Mrs. Jack O. Garlington of Madison, Wisconsin are the parents of a baby girl born to them yesterday, (Wednesday) May 15. She has been named Jane Ann and weighed 6 pounds. She is their second child and first daughter. They have a son Joe, age 2.

The mother is the former Miss Dorothy Newgent, daughter of Mrs. E. J. Newgent of Littlefield.

The father, is the son of Mr. and Mrs. J. O. Garlington of Lubbock, formerly of Littlefield. He is an English professor in the University of Wisconsin and is also working on a Ph. D.

Father of Mrs. Hector Mackey Taken By Death

Funeral services for Dr. James M. Gordon, 75, of Lubbock and father of Mrs. Hector Mackey of Littlefield, will be held this morning (Thursday) at 10 a. m. at the First Presbyterian Church in Lubbock. Dr. Jack Lewis, pastor emeritus of the First Presbyterian Church will officiate, assisted by Rev. Don Harris, pastor of Lamesa First Presbyterian Church and a former pastor of the First Presbyterian Church here.

Dr. Gordon passed away at 11 p. m. Monday in Amarillo where he had been living with a son. He had been seriously ill several months.

The educator was dean of Arts and Sciences at Tech for 20 years and dean emeritus the past several years. After his retirement as active dean, Dr. Gordon continued to teach in the foreign language department at the college for about two years, retiring in 1947.

Survivors besides the above mentioned daughter, are four sons, Dr. J. M. Gordon, Ardmore, Oklahoma; Harold Gordon, Amarillo; Gerald Gordon, Colorado City and Rev. Lynn Gray Gordon, Fawn Grove, Pennsylvania.

Missionary Baptist Revival Will Close Sunday

Revival services at the Littlefield Missionary Baptist Church will continue through this week, closing with a special service Sunday afternoon at 3 p. m., instead of the usual night service, due to conflicting with the annual Baccalaureate sermon to be delivered Sunday night.

The meetings are being well attended with near capacity crowds each evening. Dr. Luther C. Peak, pastor of the Central Baptist Church in Dallas, is bringing the messages.

The public is invited to attend each service, including the service on Saturday evening. Dr. Weldon Meers, local pastor said.

Petitions For New Water District Are Mailed in Area

Sixteen county water groups are taking the initiative in circulating petitions seeking creation of the High Plains Underground Water Conservation District No. 1.

The petitions, prepared by Arthur P. Duggan, Jr., of Littlefield, were mailed to officers of the 16 member associations of the High Plains Water Conservation and Users association.

The member groups are in 15 counties, Deaf Smith, Lubbock, Parmer, Bailey, DeLam, Lamb, Crosby, Castro, Hockley, Cochran, Randal, Swisher, Brisco Hale and Floyd, plus the Petersburg Water Conservation association, which takes in the corners of three counties in the Petersburg area. Dalam County is not included in the district.

Besides these, other counties included in the 21-county underground water conservation district recently designated by the State Board of Water Engineers are Armstrong, Garza, Lynn, Oldham, Potter, Terry and Dickens.

The petitions will be called in by the end of May and sent directly to the State Board of Water Engineers, which is expected to call a hearing soon afterward.

District 7 VFW Meeting May 19-20

Lubbock Veterans of Foreign Wars, Post 2468, will be host again this year to the annual District seven VFW convention, Saturday and Sunday May 19-20.

LITTLEFIELD HIGH CHALKS UP SUCCESSFUL YEAR IN SPORTS

While Littlefield High School Wildcat footballers, were unable to repeat as State Champions this year, as they rated in the 48-49 final tabulations and did not repeat a previous year record of exclusively being rated District Champs, nevertheless they did set an enviable record in the school year just closing by dividing District Championship.

Summing up, faculty, athletes, coaches and students are satisfied and very proud of the achievements and victories chalked up by their athletes, as individuals and in team competitions.

They point with pride to the fact that Dickie Hopping star Wildcat center and back, has just been selected to play in the "Little All-American" game at Memphis, Tennessee, this summer. With Gene Renfro, Arlen Wesley, George Heard and Bobby Cox, all were placed on the Coach selected All-District team.

Gene Renfro was chosen co-Captain on the All-Regional team and of the second string in State. He won the right to play on the North

Texas team of the game to be played in this summer. In basketball, the team fare so well, placing second in district competition, but lost down consolation trophy in the state tournament. The team succeeded in defeating rivals at Levelland, for time in twelve successive and are laying plans for performance dear to the entire student body for works for next year. In track our schools can be satisfied with Tommie Meers was placed in the 220-yard. Walden placed third in the "Not the best year in athletic history" seasonal coaches, but certainly do better next year and gymnasium is going to be a mighty big help. The days of the named after gods in nology.

SWIMMERS SCRAMBLE FOR PRIZES—Hundreds of bathers in the Gulf of Mexico off the Galveston, Texas, beach scrambling for prizes as plastic balls containing prizes are thrown from a low flying helicopter. Other hundreds watch from the sea wall in

the background. The part of Splash Day, the ing of the island city's season.

Chas. A. Guy, editor and publisher of the Lubbock Avalanche-Journal will present the keynote address at the District luncheon Sunday. Guy, president of the Associated Press Managing Editors Association of Texas and dean of South Plains columnists, will speak on current events of national importance observed during a trip to Washington and New York last month. His column, "The Plainmen," is a popular feature of this city's daily newspaper.

District Commander William Earl Creel issues an invitation to all posts in the area to send delegates to this meeting which covers 19 South Plains counties.

The convention program will get under way with registration of delegates at 1:30 p. m. Saturday. Member of the VFW auxiliary will meet in a business session at 3:30. Saturday's activities will close with a dance at nine p. m. Josh O'Neal and his all-colored orchestra will play for the dance.

Counties represented in VFW district seven are: Crosby, Cochran, Dawson, Dickens, Gaines, Garza, Hockley, Lynn, Lubbock and Terry.

New methods of canning strained fruits and vegetables are expected to retain all the original flavors and nutrition.

CHAS. A. GUY
V. F. W. Convention Speaker—Chas. A. Guy, "The Plainman" to thousands who follow his column in the Lubbock Avalanche-Journal, will address the delegates to District Seven V. F. W. convention at Lubbock, May 19-20. Guy is president of the Texas Associated Press Managing Editors Association.

JUST LIKE HOME—Pfc Lawrence K. Finley (right), a member of the 40th Infantry Division in Japan, doesn't feel quite so far from his home in Austin, Texas, (1012 West 23rd St.) when he finds an Austin Avenue in Sendai. Finley left the small Texas flag on the signpost as a

reminder of the company Texans. Two days later still there. Pfc John E. of McCamey, who lives on a McCamey Avenue, Avenue was good enough loyal Texan.

Pictured above are newly elected officers of the Ex-Student association of Wayland College. From left to right, they are Neil

Record of Tulla, president; Welfe of Amarillo, secretary; and Ruby Brown, view, secretary.

program, which will also include presentation of diplomas by the School Board President, W. F. Birdsong and presentation of attendance and scholarship awards by V. P. Osborn, High School principal. W. D. Kay, School Superintendent will make the announcements.

Five high ranking students were announced this week, each of whom has made an average of above 90, in their four years in High School. They are:

Gary Bearden, son of Mr. and Mrs. G. C. Bearden of near Amherst, averaged 92.77 and high among his school accomplishments has been as President of FFA the past year.

Benny Shaver, is a son of Mr. and Mrs. Dock Shaver, of Amherst, who graduates with a 4-year average grade of 92.71. He is president of the Senior class and was active in the publication of this year's High School Annual "The Growl."

Mrs. Dorman Nell Weaver, third ranking student, with an average of 92.03, is one of the school's activities included the editing of the School paper, "The Kennel." She was married during her school year to W. T. Weaver of Amherst and is a daughter of Mr. and Mrs. G. A. Jenkins, formerly of Amherst.

book. The Reese-based planes are to be augmented in the afternoon showing by displays and exhibits from active and reserve components of the Army, Navy and Marine Corps in this area. The main gate opens at 11:00 a. m.; the Open House program is slated for one to 5: p. m.

General Robert J. Smith, Dallas, president of Pioneer Air Lines, will be the principal speaker for the Open House ceremonies. He recently returned to his civilian post after serving in a defense capacity in Washington.

Latest U. S. aircraft, seldom seen in this area, will be brought to Reese and displayed to the public. A Navy PBV, from Memphis, Tenn.; jet fighter F-80's, furnished by Nellis AFB C-97 will be part of the aircraft exhibit on the ground and in the air. Parts and equipment displays will be set up by Reese officials and shown in the hangars.

Aerial rockets and a 250-pound bomb will be shown by representatives of the Texas Tech ROTC unit. Artillery troops from Fort Sill, Okla., will demonstrate the radio-controlled firing of artillery by two planes. Four artillery pieces, including 155 mm. and 165 mm. cannons, are to be among the Army displays.

The 514th Air Force Band, from Reese, will furnish martial music for the program, and will perform in an afternoon concert. Snacks and refreshments will be available at concessions on the flight line.

Funeral For A. C. Inklebarger Held Saturday

Funeral services were conducted Saturday afternoon at 2:30 o'clock for A. C. Inklebarger, 31, at the First Methodist Church with the pastor Rev. Frank Beauchamp officiating. Interment was in Littlefield cemetery, with Hammons Funeral Home in charge of arrangements.

Deceased was born October 19, 1919 at Vernon. He passed away at the Payne-Shotwell Foundation, Thursday night, May 10th.

Surviving are his father, J. M. Inklebarger, of 3 miles east of Littlefield, with whom he made his home and four sisters, Mrs. Irene McCurry, Falfurrias, Mrs. Louise Merrifield and Mrs. Onita Brown both of Littlefield and Mrs. Margene Sanders of San Antonio.

Mr. Inklebarger had served in the Marine Corps in World War II four years. He joined the armed services February 18, 1942 and served overseas two years and was stationed at New Guinea.

Since he returned home he had been associated with his father with farming interests.

Mrs. Max Wood To Graduate From SMU Law School

Mrs. Max Wood, daughter of Mrs. S. R. Rumback, and a sister of William Rumback of this city, who is a senior law student at Southern Methodist University, Dallas, was recognized for high scholastic achievement at the annual Southern Methodist University Honors Day program May 2.

Each year SMU honors students whose grades are high enough to make them eligible for listing as University Scholars.

Mrs. Woods is a member of Kappa Beta Pi and is editor of the Law Review. She attended St. Mary's of Notre Dame and graduated from the University of Texas, before going to Southern Methodist.

Upon completion of her work at SMU in June, Mrs. Wood plans to join her husband at Perryton, where he is practicing dentistry. Dr. Wood formerly had dental offices here, before going in to the service at the beginning of World War II.

Itinerary of Sgt. Cutshall Is Announced

Two additional counties, Cochran and Bailey, have been added to the local U. S. Army and U. S. Air Force recruiting station here in Littlefield, T. Sgt. Gerald F. Cutshall local recruiter announced here today.

Sgt. Cutshall also announced that a new itinerary to conform to include cities and towns that he will visit, for purpose of those interested in enlisting in the Army or Air Force or having questions in regards to the Military, starting Tuesday, May 22, 1951, and every Tuesday thereafter. Sgt. Cutshall will be in—AMHERST, 8:30 a. m. to 9:30 a. m.; SUDAN, 10:00 a. m. to 11:30 a. m.; MULESHOE, 12:00 noon to 1:30 p. m.; and MORTON, 2:30 to 4:30 p. m. Starting Thursday May 24, 1951 and each Thursday thereafter, Sgt. Cutshall will be in SPRINGLAKE, 9: a. m. to 10:00 a. m.; OLTON, 10:30 a. m.; DIMMITT, 12:30 p. m. to 3:00 p. m.; and EARTH, 4:00 p. m. to 5:00 p. m.

Due to the fact that Sgt. Cutshall is the only recruiter assigned to the Littlefield recruiting station, the local recruiting station will be closed on Tuesdays and Thursdays. The recruiting office at 110 W. Fifth Street will be open Mondays, Wednesdays, Fridays and Saturdays 8:00 a. m. to 5:00 p. m.

RETURN TO KERRVILLE
Mr. and Mrs. G. M. Shaw returned to Kerrville Wednesday afternoon after spending a couple of days in Littlefield. Mr. Shaw was attending to business at the Ware's Store here.

The highest point in New Jersey is Kittatinny, 1,805 feet in altitude. It is located near the Delaware water gap.

COY D. EVANS IS AWARDED MEDAL AT REESE AIR BASE FOR HUMANE ACTION

S/Sgt. Coy D. Evans, Littlefield, the Berlin airlift "Operation Vitt" was awarded the Medal for Humane Action in a ceremony at Sergeant Evans was a member of the 513th Medical Group at Reese Air Force Base, Texas, May of the 513th Medical Group at 12. Fossberg, Germany, a Royal Force.

The award was made to airmanstation. Sergeant Evans was active and officers who participated in the airlift during most of 1949.

Plans are progressing for the 30th annual nation wide poppy sale by the veterans of foreign Wars Saturday, May 26.

Jimmie Chapman has been appointed chairman of the drive in Littlefield and will be assisted by the Legion Auxillary.

In announcing the drive Commander Earl Drerup of the local post said:

As in previous years, the Buddy poppy symbols of the fields of Flanders, will be sold by a group of volunteer young girls and women, assisted by Gold Star Mothers.

"Most of the money that we collect in this sale will remain right here in our own community, to help finance the relief and welfare work which we have undertaken in behalf of our own veterans in need and their dependents."

"The balance of the proceeds of the annual Buddy Poppy sale is used to help maintain the nationwide rehabilitation service of our organization," he added. "For example, we contribute one penny for each Buddy Poppy sold to the operation of the V. F. W. National Home for widows and orphans at Eaton Rapids, Mich. This is the only home of its kind in the world. It was founded in 1925. Since then hundreds of orphans of veterans have been given the opportunity to become healthy, self-supporting citizens."

"We are going to need the additional funds that will be made available if we have a sufficient number of workers to help us sell a greater number of Buddy Poppies this year," Drerup explained.

Accepts Call To Littlefield Church

Ernest Hock has accepted the call of the First Baptist Church Littlefield, as Director of Music-Education. His acceptance was telephoned to the pastor, Rev. Lee Hemphill, Wednesday morning and he plans to move on the field the first of June. He and his wife and one daughter will reside at 416 E. 7th Street.

A Unanimous call was extended Mr. Hock on Sunday night, May 6. He was with the local church at both services on that date. He comes to Littlefield from Orange, Texas where he has served for the past two years. Before going to Orange, he served four years and nine months with the First Baptist Church, Big Spring, working as an associate of Dr. P. D. O'Brien.

Mr. Hock is a graduate of Southwestern Baptist Theological Seminary, Fort Worth in the field of Music and Education. He has had fifteen years of experience and is recognized as one of the best Educational Directors in Texas.

Mrs. Hock is an accomplished musician. She plays both the Organ and the Piano and sings. She also has her degree from Southwestern Baptist Theological Seminary, Fort Worth.

The membership of the local church rejoices over their coming to Littlefield.

Drenching Rain

(Continued from page 1)

or more of rain and every inch of it had soaked right in where is belonged—his land was ready for planting.

David Eaton, County Agent estimated 30,000 acres in the county would have to be re-planted, but his estimate was only preliminary and may have to be revised upward. Practically all of the irrigated land in the county had been planted and much of it was up, or breaking through. There were only a few isolated instances of dry land having been seeded. Re-planting will cost Lamb farmers upwards of \$100,000, but rain benefits will total millions.

The rains broke a drought, or near drought of nearly six months duration, excepting for showers last week.

Farmers were becoming pessimistic, fearing a repetition of last year. When planting rains didn't come until early July, they were already laying plans for diverting cotton acres to grain sorghums, were seeking grain sorghum seed and watching a scarcity grow and the price advance.

There is believed to be no acute shortage of cotton seed in this area. Best estimates a few weeks ago were that there was ample good seed on the plains to seed an average of two and one-half times.

Despite the heavy rains, which came in sheets at some places Tuesday the local office of the Highway Department, reported all highways in the county open, but many dirt roads were quagmires, with bar ditches running full.

After studying reports from over the area, it would seem that Lamb county was the favored spot in Texas, by the weatherman. If an inch of rain at planting time is "worth a million dollars," Lamb county as a whole received several million dollars worth of moisture.

Coming at almost exactly the right time, as mid-May is considered ideal for cotton planting, the County will beyond all doubt exceed all past cotton planting operations—may seed as high as 400,000 acres to cotton. Certainly it will exceed the prophesied 300,000 acres.

The rains here came in on the wake of a three-day wind, at times high and bringing dust storms from the South.

Local Couple Wed In New Mexico

Miss Salla Rodman of Littlefield, daughter of Mrs. W. T. Rodman of Denver, Colorado and Johnnie Farrell, son of Mrs. Jess Farrell were married at Fort Sumner, New Mexico Saturday morning, with Rev. J. J. Cole, Baptist minister officiating.

The bride is a graduate of Henrietta M. King High School at Kingsville and attended the University of New Mexico. Mr. Farrell attended Littlefield schools and served in the U. S. Navy and Air Force.

Walther Leaguers To Observe Their Anniversary May 20

With fitting celebrations the country over, Walther Leaguers will remember the birthday of their organization in this area with a banquet at the Hilton in Lubbock, Sunday May 20 beginning at 7:30 p. m. Arrangements for the evening are in the hands of the young people from the Walther League societies in Plainview and Lubbock. The closing candle-lighting ceremony with fitting remarks is in the hands of the pastor of Emmanuel Lutheran Church, the Rev. H. A. Heckmann.

The Walther League, founded in 1893, seeks to provide Bible Study, wholesome recreation and in general train tomorrow's leaders today for a better, more active and informed church.

League president is Eugene Hill, son of Mr. and Mrs. E. C. Hill of Littlefield.

Local Couple Wed In New Mexico

Mr. and Mrs. A. F. Jones returned Friday afternoon from Abilene, where they visited Mrs. Jones' sisters, Mrs. Ella Bright and Mrs. Sallie Payne. They were gone four days.

Dairy farmers in many parts of the United States are now milking their cows in open barn rooms which are called "milking parlors."

Card of Thanks

To all the many friends and neighbors who in our hour of sorrow and bereavement of the death of our beloved son and brother—the many acts and words of sympathy—the beautiful flowers—to all the ladies who brought and served the fine foods and other acts of kindness—and to the VFW members whose many acts of kindness will long be remembered—we wish to extend our everlasting gratitude and thanks.

We also wish to thank Rev. Frank Beauchamp for his wonderful words of encouragement and his many thoughts of kindness—to the Hammons Funeral Home and to everyone who helped us in our greatest hour of need. May God bless each of you for your words and acts of kindness.

Second Farm Dinner Set For Thursday May 31

A second of a series of Farm Dinners, sponsored by the local Chamber of Commerce will be held at Yellowhouse Switch, Thursday night, May 31, at 8 p. m., according to Harry Kline, chairman of the Agricultural Committee.

Members of the Yellowhouse Home Demonstration Club will serve the dinner, and Mrs. A. F. Weidel, president, will be in charge of arrangements.

Tickets will go on sale at the Chamber of Commerce office in the next few days.

Former Resident Sustains Stroke

Word was received here Wednesday morning by Rev. Carl Schulte, pastor of St. Martin's Lutheran church notifying him of the serious illness of G. W. Neinaast of Mineral Wells who suffered a stroke of paralysis at his home Tuesday night.

Rev. Schulte immediately notified the son G. W. Neinaast Jr., and also a brother, W. P. Neinaast both of Hart Camp.

The Neinaast family moved to Mineral Wells last fall. They were residents here for a number of years.

Local Couple Wed In New Mexico

Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headache and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

"Dangers of Mixed Marriages" Is Lutheran Topic

"Dangers of Mixed Marriages" was the which Emmanuel Lutheran's young people heard and discussed last Sunday night at their regular business and topic meeting for the month. Part of the evening's business included hearty approval of a resolution to pay for the traveling expense of the leaguer who will be the local leagues delegate to the state Walther League Convention, June 23-26 in San Antonio.

"Dangers of Mixed Marriages" will be the topic also for the June 10 meeting.

An electronic fuel gauge for the U. S. Air Forces measures gasoline in pounds rather than in gallons.

KUALA LUMPUR—(P)—Communist terrorists are now kidnapping youthful Chinese to serve in their war of murder and sabotage against the British in Malaya. A British army spokesman said that in some parts of Malaya the Communists could not enlist re-

placements to fill the gaps of those killed and wounded in clashes with British security forces. He added that the Communists have resorted to kidnapping young Chinese, spiriting them off to the dense jungle and forcing them to fight against the British.

LAMB COUNTY LEADER

VOLUME XXVIII

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, MAY 17, 1951

No. 23

OPS To Make Surveys Of Eating Places

Surveys of restaurants and other eating establishments in West Texas to determine their compliance with Office of Price Stabilization regulations have been launched by the Lubbock district office on orders from Edward P. Morgan, national OPS Director of Enforcement.

The surveys are being made simultaneously with similar OPS checks in other parts of the country.

The investigators in the Lubbock district, which includes Lamb County and adjoining counties, began their survey in the northern half of the district, which reaches from the Oklahoma Panhandle on the north to the Big Bend and El Paso on the south and west, early this week. Upon completion, they will move into the southern half to complete their survey.

All operators of restaurants and other eating and drinking establishments—except those specifically exempt by Ceiling Price Regulation 1—were required to file basic reports with OPS by April 30. This report includes a base period statement of food costs per dollar of sales.

The enforcement officers were instructed to give warnings to operators known to have failed to file the report required under the ceiling price regulation. In case of willful violations, action looking toward injunctions has been requested by the Washington office of Enforcement.

Meanwhile, price officials said that the reports continue to come into the district office, Broadway Building, 1202 Texas Avenue, Lubbock, Texas. Operators who have not filed are urged by price officials to do so immediately.

Most European cabbage is grown in the Balkans and Italy.

Evidence is that the cabbage originated in Asia Minor.

Smallest Graduating Class Since Pioneer Days Will Graduate In '52

Next Week, Graduation Week, has everything and everybody around the Littlefield schools in a high fever, high spirit pitch, as seventy-three of our young folks complete their high school careers—say goodbye to school days, though, of course, there are many who will enter colleges.

In the rush of graduation days, nobody pays much attention to the under-graduates, the Freshman, Sophomores and Juniors, who will be the graduates of tomorrow, of next year and the two years succeeding. Yet, they are important too.

In the case of this year's Junior Class, who automatically become next year's Seniors, here in Littlefield High School—it has at least one distinction—it is the smallest Junior Class, in numbers, almost since the pioneer days of the school, numbering exactly 32 members and unless there are additions through new enrollments, between now and graduation time next year—Littlefield High School will graduate probably its smallest class in 1952 since pioneer days of the school—considerably less than half the number of graduates who will receive diplomas a few days hence—the class of 1951.

The smallest of the class needs no explanation to the faculty, nor to the school patrons who have lived here through the last ten years. But to outsiders, and to many newcomers in this community, it may seem odd, next year, that Littlefield, after doubling in population during the past few years, next year, has its class of graduates cut by more than half. As a matter of fact, it is an odd situation, but one easily explained and explainable.

Back in 1941, (and prior to that year, only eleven grades were offered in Littlefield schools) the school board voted, at state insistence, to add a twelfth grade, now a state requirement for high school graduation.

It was not just merely a matter of adding an additional grade at the end of the then prevalent school term, but it required a complete reshuffling of grades down at the lower levels.

In actuality, the added grade was injected into the school system at the Primary school level, or at the third grade level.

Between the then 2nd and 4th grades, a new class or grade was injected, or inserted into the school system. Pupils for the new grade, were the top-ranking half of the class, who theoretically, were permitted to jump a grade, into the newly created grade—a division of that class into two grades. The changeover to a 12-grade system was actually just that simple.

Through these ten succeeding

Springlake Seniors Leave Saturday On Colorado Trip

Members of the Springlake senior class will leave on their Senior trip Saturday, May 19, at 6 a. m., by chartered bus for a dude ranch near Mason, Colorado.

Accompanying the group will be Mrs. Bill Thorne, a sponsor of the class, Sup. Leo Duffey, and class parents, Mr. and Mrs. W. F. Rudd and Mrs. Orbie Armstrong.

They are to spend Saturday afternoon and night in Santa Fe where a sightseeing tour is planned.

Sunday is to be spent traveling to the ranch where the party will vacation four days. They will leave the ranch on Thursday, May 24 and visit Colorado Springs two days and return home the following day. Members of the Springlake Senior class will leave on their senior Saturday.

UNDERGOES OPERATION
Mrs. Carl Duke of Ft Sumner, N. M., underwent major surgery last Thursday morning at Payne-Shotwell Foundation. She is a former Littlefield resident, and was employed at Southwestern Public Service Company several years ago.

years, it has hardly been noticeable in the school system, but it will become apparent and noticeable to the public next year at graduation time, when a graduating class of 32 members, which represent the divided class of 10 years ago, the smallest class in years, will be eligible and receive diplomas.

The following year, also, there will probably be a smaller than average class of graduates, but after that the discrepancy will have been erased.

Actually, the class of 1952 will be the last class to graduate from Littlefield High with only eleven years of schooling—future classes will have completed 12 full years. And, on the whole, average age of future graduates will also be a year older at graduation.

And not the least strange and unusual feature of it all, is the fact that Littlefield's fine, greatly enlarged new \$150,000.00 high school building, due to open next fall, will graduate one of the schools very smallest graduating classes in its first year of operation.

But despite the smallest of numbers, by comparison, faculty members are proud of this class and remind that in education, as in many other things—its quality, not quantity, that really counts.

Let's not detract from the glory and honor for and to the graduating class of 1951, one of the finest in Littlefield High School history, but we all, also hope for a year of success for that "smallest" class of 1952, which is composed of: Orlan Akin, Freddy Briggs, Curtis Carlisle, Freddy Howard, Manuel Kessler, J. T. Stewart, Joe Walden, Barbara Banks, Angela Cook, Billie Fair, Pat Grant, Norma Hanes, Alberta Miller, Margaret Nickelson, June Robertson, Danny Theford, Roy Briggs, Danny Bussanmus, Robert Hill, Clarence Holmes, Waymon Messer, Gayle Selfres, Garland Anzeline, Gwendolyn Colson, Lucille Dunn, Francis Fair, Diane Hall, Mavis Lewis, Wanda McAlister, Wanda Owens, June Tidwell and Pauline Taylor, Taylor.

Billy Wiseman Named Valedictorian Of Eighth Grade Graduating Class

Billy Wiseman has been named valedictorian of the 8th grade graduating class of Sudan Schools with an 8.00 grade point average. He is the son of Mr. and Mrs. A. C. Wiseman.

Salutatorian, with an average of 7.83 grade points, is Charles Lynch, son of Mr. and Mrs. Logan Lynch.

These grade points which have been used this year instead of percentage averages used in former years, are equivalent to an A- average, according to school officials.

Three other boys in the 8th grade followed closely in rating. They are Stanley Otwell 7.73; Lindy Ford, 7.50 and Leon Hill 6.96.

BILLY W. SQUIRES GOES TO VENEZUELA

Billy W. Squires, son of Mrs. W. C. Squires of 2209 Tenth, left Lubbock Thursday for Caracas, Venezuela, where he will be employed by Sinclair Oil company as an engineer in the department of geology.

Squires as a graduate of Littlefield High School and received a degree in geology from Texas Tech College in 1949.

His wife, the former Mattie Erle Savage of Littlefield, will join him when housing is secured.

Gift FOR PRINCESS—Sir John Wise, deputy commissioner of the Liverpool Raw Cotton commission, admires little Sue Sanders of Edinburg, Texas, as she models a cowgirl outfit to be sent to Princess Anne in England. The Britisher was guest at a barbecue party in Edinburg. He received a cowboy hat and said he considered himself an honorary Texan. (AP Photo)

Student Council Officers Elected

Student Council officers for the 1951-52 school year were elected Tuesday at Sudan High School. Alton Atkinson was named president.

Other new officers are Ray Sebring, vice President and Johnny Miller, secretary-treasurer.

BROOD—Banty, a hen owned by John D. [unclear], Texas, keeps a brood for her five "children". The hen [unclear] for the five [unclear].

Nell Rudd Is Valedictorian In Graduating Class For 1951

Nell Rudd has been named valedictorian of the Sudan graduating class of 1951. She has an average of an A.

She is the daughter of Huey Rudd, and the daughter of Mr. Sterling Reece. Both have an average of an A.

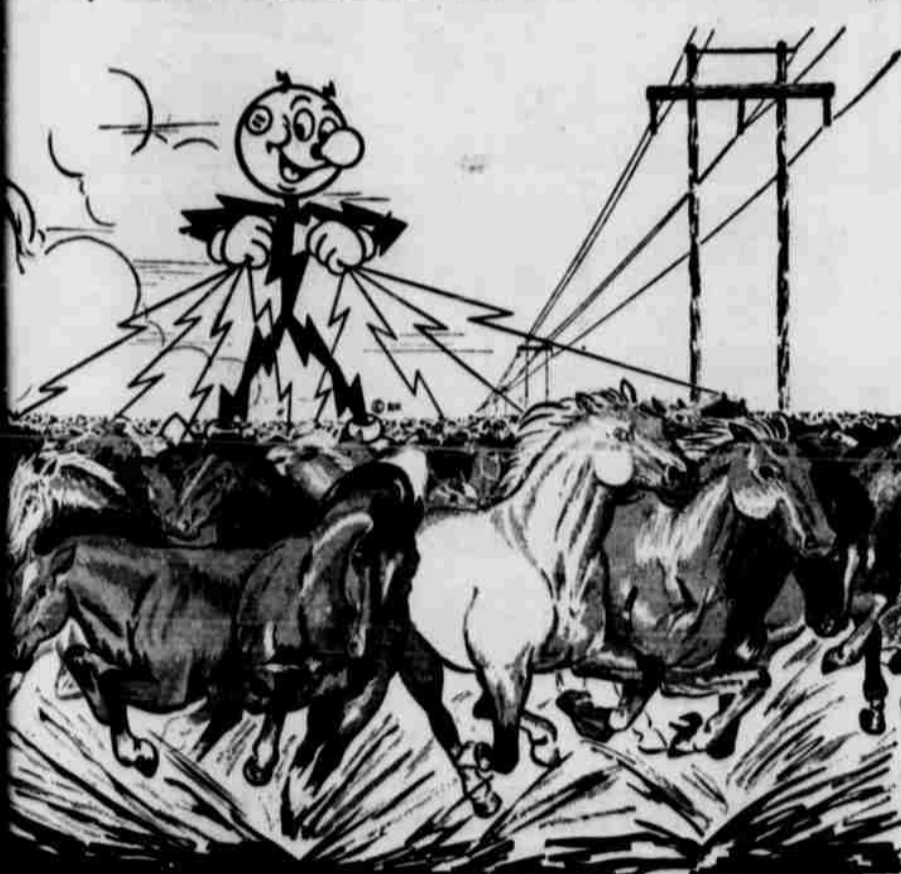

The principal, Max [unclear], has an average of 8.5. The students have an average of 7.83.

Her grade points average 8.5. She had an average of 8.5. She had an average of 8.5.

When asked if she was going to make the trip she replied, "Just watch me!" She said she had already got the road map and looked over the route which the Lubbock Chartered bus will take.

This is a wonderfully nice trip and it is a nice gesture on the part of the Club in sending a Lion and his wife to the Convention.

475,000 Horses Ridin' Your Way

... to serve you electrically. The homes, the businesses, the industries of the great Panhandle-Plains-Pecos Valley-Eastern New Mexico area are assured of plenty of electric power to serve their growing needs. Reddy Kilowatt has more than TRIPLED his generating capacity since 1943. And there's more dependable, low cost Reddy Kilowatt power on the way—more, Reddy's expansion program for the next two years calls for 200,000 more horsepower more by the middle of 1953. You can be assured of electric power to meet your needs. Sure, because a business-managed electric light and power company serves you.

America has 5 times the electric power of Russia, and 100 times the electric power of China. Business-managed, tax-paying companies have DOUBLED the amount of electricity in the past 10 years . . . and still kept electricity as the biggest bargain in your family budget.

HOW TO MAKE A WILD MAN

Community and Home Improvement

The outstanding trend in farm and home management and improvement in 1950 was toward unified action in matters of common welfare and away from piecemeal methods. Two important factors which contributed much to stimulate the trend were Community Improvement programs and Farm Unit demonstrations.

Specialists in home management for the A. and M. College Extension Service in cooperation with county Extension agents trained 2,562 leaders and committee members in 358 communities organized to work jointly upon improvements. Training was in methods of working with groups on a community-wide basis. Success in community-wide undertakings encouraged many families to make improvements on farms and in homes which otherwise might have been neglected. At the same time communities obtained benefits which perhaps would not have been possible without unified action.

The objective of the farm unit demonstration is to put Extension teaching on a family basis rather than an individual demonstration. County Extension agents help families to plan for current and long time goals. In planning, consideration is given to all phases of a family's welfare—security, reaction, health, and its contribution to community improvement. In pursuing the program, 440 farm unit demonstration families were helped by Extension Service personnel with farm and home planning in 1950. Meanwhile, 4,933 other families adopted improved practices patterned upon farm unit demonstrations.

Among the specialists' major goals in the housing field was assistance to women and girls co-operators toward making improvements which would contribute to satisfactory housing. Accordingly, 2,824 families in 182 counties were assisted in constructing houses and 5,556 in 195 counties in remodeling houses. Large numbers too were assisted in installing home improvements like heating, water and sewage systems; while 20,725 families in

176 counties were assisted in obtaining such home equipment as ranges, refrigerators, washing machines and freezers. Other types of new or renovated home furnishings and accessories, as well as interior improvements of homes, also reached large total.

During the year the Extension specialists in home management conducted eight conferences on house planning with groups considering construction or remodeling of homes; 11 on kitchen and six on living room improvement. Meanwhile, six meetings were held in conjunction with the State Health Departments and Farmers Home Administration. The main purpose was to acquaint the several agencies concerned with housing with the standards of environmental hygiene and sanitation of the Health Department. Another objective was to inform the county health unit personnel regarding the housing work being done by the Extension Service and FHA. A further Extension Service teaching activity was instructing all county Extension agents at 14 district meetings upon the details and procedures of the rural housing program under the Housing Act of 1949.

During the year the specialists and county home demonstration agents trained 1,898 adult and 604 junior and adult 4-H leaders in work simplification. In turn these gave training to 29,489 home demonstration club members and 15,920 other homemakers. Among the household jobs which volunteer leaders and Extension personnel demonstrated could be done in a newer and simpler way were making a bed, washing dishes, laundering, ironing, preparing meals, and cleaning the house. Reports from county home demonstration agents indicates the effectiveness of this schooling in reporting that 27,111 homemakers over the state applied work simplification methods in 1950. To this end, 5,871 women added labor saving ironing equipment to their homes, while 10,640 adults and 2,698 4-H members lightened their house work with other types of labor-saving equipment.

COTTON BRINGS \$21 MILLION TO FARMERS EACH WORK DAY

Cotton meant approximately \$21,695,996 in cash income to Cotton Belt farmers each working day during the 1950 growing season, the National Cotton Council reports.

Cash value of cotton lint and seed in the 13 major cotton-producing states totaled \$2,329,440,000, making cotton America's greatest cash crop.

Texas Farmers

Farmers in Texas made approximately \$6,222,700 each working day last season, accounting for 29.6 per cent of the combined cotton farm income of the top 14 states. Mississippians totaled \$2,862,730 per day and accounted for 13.6 per cent of the total cotton income

while Arkansas producers earned \$2,351,400 daily, or 11.1 per cent.

Based on a Belt-wide estimate of 10 working days during the season, the Cotton Council estimates that California farmers made \$1,981,360 per day and received 9.4 per cent of the total cotton income. Alabama and Georgia were other states making more than a million dollars a day from cotton, grossing \$1,212,300 and \$1,058,180 respectively, or 5.7 and 5 per cent of the total value of the crop.

Other Incomes

Income per day for the other leading cotton states and their percentages of the total for the 14 top states were: Arizona, \$946,820 and 4.5 per cent; Louisiana, \$921,

360 and 4.4 per cent; South Carolina, \$855,910 and 4.1 per cent; Tennessee, \$851,820 and 4 per cent. Missouri farmers made \$545,820, claiming 2.6 per cent of the combined cotton income; Oklahoma, \$494,090 and 2.3 per cent; New Mexico, \$405,590 and 1.9 per cent; and North Carolina, \$385,910 and 1.8 per cent.

Cotton in Arizona brought the highest value per acre, averaging \$381.50 for the 1950 season, the Council notes. California was second in value per acre at \$377, followed by New Mexico grossing \$260.

The Australian wool industry began in 1804 with introduction of Merino sheep from the flock of King George III of England.

New Jersey has voted Democratic in all but four presidential elections since 1872.

AUTHOR Of the Week

By W. G. ROGERS

ROBERT TERRALL, Author of "The Steps of the Quarry," has written before, principally three successful mysteries and some short stories for magazines, but this is his first novel. Born in a silver-mining camp in Montana, he now lives in Connecticut. He has lived in every part of this country, he tells his publishers, and traveled for two years in Europe and the middle East on a fellowship he received after graduation from Harvard. Some of the places he then visited on his own he later went to again while with the 65th Infantry Division in World War II.

Texas Jersey Wins Place In "Thousand Pound Club"

May 9, 1951—Another star is glistening in Texas' ever growing milky way. The star is Volunteer Winsome Victory, a 5-year-old registered Jersey cow owned by Victory Jersey Farm, Tulla, Tex.

A Register of Merit record of 18,362 pounds milk containing 1,174 pounds butterfat made by this cow has earned her a Medal of Merit award from The American Jersey Cattle Club and won her membership in the Jersey "Thousand Pound Club". To be eligible for the latter, a cow must produce 1,000 pounds butterfat or more during a lactation while on ROM test.

Volunteer Winsome Victory has been given an official type classification rating of Excellent. Her outstanding production record is the highest for Belair Excellent cows of the Jersey breed. She was milked twice a day during her lactation record.

The owners of Victory Jersey Farm, Mr. and Mrs. J. Chester Elliff, have had four other cows to produce over 1,000 pounds butterfat on ROM, one of which was a former butterfat champion of the breed. Their latest "thousand pounder" is sired by Observer Blond's Signal, a Senior Superior Sire with a rating on 32 tested daughters of 11,938 pounds milk and 667 pounds butterfat, and is out of Frangipani Fawnette, a Tested Dam with a rating of 13,495 pounds milk and 814 pounds milk on four daughters.

Nine Students Graduated From Circleback School

Graduation exercises were held at Circleback school Wednesday, May 16, with nine boys and girls graduating from the 8th grade.

This year's graduates are: Don Hall, Harvey Amy, Quanah Pierce, Frank Harper, Billy Shafer, Mary Caldwell, Janet Williams, Gereta Gage, salutatorian, and Laqueda Moore, valedictorian.

Music was given by Mrs. Cunningham, Rev. Cunningham delivered the address. Diplomas were presented by Principal Sim H. Whittaker.

FROM HOCKEY TO TOBACCO

MONTREAL—(AP)—Leonard Patricki (Red) Kelly, winner of the 1951 Lady Byng Memorial Trophy, one of the highest awards in professional hockey, helps his father run a tobacco farm during the off season. Red also plays a lot of baseball during the summer months.

Texas has produced many top producing Jerseys and presently leads the nation in the number of Jersey transfers and registrations.

TEXANS IN WASHINGTON

BY TEX EASLEY
AP Special Washington Service

WASHINGTON, May 2—(AP)—Pheasants raised on the 40-acre farm of a Texas congressional secretary and her lawyer husband are served regularly in Foreign Embassies here.

The dual role of farm wife and Capital Hill aide is played by Mrs. Elizabeth Reves Meyers, who grew up in Birdville and attended North Fort Worth High school before going to T. C. U. and the University of Texas.

Graduated from the State University in 1937, she came to Washington in 1941 to work for former Congressman Fritz G. Lanham. In that job she succeeded her present boss, Rep. Wingate Lucas of Grapevine, who was a congressional secretary for several years.

Mrs. Meyers' brother, incidentally, was a boyhood friend of Lucas. He is R. M. Reeves, now a teacher in the Corpus Christi Public Schools.

After her marriage here several years ago to R. Baldwin Meyers, a Justice Department attorney, the couple looked for a home in the outlying suburbs of Washington.

"We found just what we wanted in the place we bought in Virginia 20 miles from the capital," she said.

"It's near the community of Vienna, just a mile off a hard-surface road. It's grand, except sometimes in the winter we have to get a bulldozer to get us through the snow."

The couple got the idea that raising pheasants would be profitable, and not too much trouble.

From a modest beginning, they have expanded in the past five years until they now own 250 hens and 50 cock birds as their breeding flock. They keep a 1,400-egg incubator going during the laying season, from about February to June or July. The eggs hatch in about 25 days.

The young fowl are raised in a two-acre tract that is enclosed by chicken wire. When the hens and

cocks get about six months old they are ready for sale, at \$7.50 a pair, or "brace" as they are called, or \$4 for the cock.

Their farm chores eventually got too much for the Meyers, so they now have a family of displaced persons to help them. A 30-year old Ukrainian and wife and their two small children occupy a tenant house on the farm.

Much to her surprise, Mrs. Meyers said, she found that the foreign embassies and fashionable hotels here were eager to have her supply them regularly with pheasants.

Another Texas woman congressional secretary also has a bent for the country.

She is Stella Watson Merrill, aide to Rep. Ed Gossett of Wichita Falls. As a girl she grew up on a farm 19 miles from Tyler.

Driving one Sunday in nearby Virginia, she spotted an old abandoned stone house. She soon bought the house and the seven acres that went with it. The place is just two miles from the confluence of the Shenandoah and Potomac rivers near Harpers Ferry, W. Va., and about 55 miles from Washington.

The house, about 115 years old, was in excellent condition. Spending a few hundred dollars in addition to her original \$1,200 investment, she now has a rustic Shenandoah Mountain Retreat, with modern equipment, in which to spend week-ends and vacations.

Safer Cough Relief

When new drugs or old fail to stop your cough or chest cold don't delay. Creomulsion contains only safe, helpful, proven ingredients and no narcotics to disturb nature's process. It goes right to the seat of the trouble to aid nature soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or druggist refunds money. Creomulsion has stood the test of many millions of users.

CREOMULSION
relieves Coughs, Chest Colds, Acute Bronchitis

White Collar Turnabout For Good Cause

MEADVILLE, Pa.—(AP)—Have you ever impishly dreamed of seeing your banker, doctor or the professional man getting his hands dirty at some manual job? If so, you should have been at the William Gates Service Station in this small town recently. Nearly 50 professional men took over the duties of attendants for a full day.

On that eventful day you could have watched a prominent dentist filling gas tanks instead of cavities. Or you could have overheard a former patient say to his doctor:

"Better check the oil, Doc. And, oh yes, would you wipe the windshield, please? It's a little dirty."

The project was a campaign designed to raise funds for youth activities of the Meadville Exchange Club. All profits from the sale of gasoline was turned over to the club.

The YMCA was founded in London in 1844.

The Salvation Army operates in 92 countries and territories of the world.

NOMINEE — Robert M. Turpin, prominent Midland attorney, is a nominee for president of the State Bar of Texas at its election in May.

The United Nations flag was adopted by the General Assembly on Oct. 20, 1947.

Singapore To Send War Criminals Home

SINGAPORE—(AP)—Japanese now serving sentences in Singapore island prisons for war crimes are going to be sent to Japan to complete their time. G. E. W. W.

Bayly, commissioner of Prisons, announced the move as part of a general Far East policy to send all Japanese criminals home. The 144 Japanese prisoners here will leave Singapore as soon as ship transportation is arranged.

NOTICE IRRIGATION WORKERS

There has been a new medicated lotion developed by a registered druggist to use on your hands and face while working with your irrigation or any type of out-door work. The name is Cotton Pickers Medicated Lotion.

When applied to hands and face 2 or 3 times daily forms a film-like coating on the skin that gives hours of protection. It is guaranteed to keep hands from getting sore or cracking while doing any type of out-door work. Contains over 10 different chemicals and ingredients, to make it the only medicated lotion of its kind on the market.

Large Bottle for only 50 cents on a money back guarantee.

Made in Littlefield, Texas.

Sold at Local drug stores.

Here's Where the Pounds Pay Off

FIRST thing that people notice when they take over a Buick is the sure-footed stance this fine automobile has on the road.

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel—your car holds its level course.

A lot of things account for this beautifully poised performance, but it starts with stalwart structure and ample weight—plenty of pounds where pounds are needed.

Please don't get us wrong. This isn't

"deadweight." Though a Buick like the one pictured here tips the scales at more than two tons, it's as nimble as an antelope at play.

It has a generous hoodful of valve-in-head Fireball power—packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflo Drive*—a lightness of steering that's gently responsive to a lady's hand—a front-end geometry that's pure genius—the finest brakes ever put on a Buick.

And every wheel rides on shock-eating coil springs that are carefree and trouble-free for the life of your car.

You'll also find—by a few moments of simple arithmetic—that the pounds in this bounteous beauty pay off in another way. On a cents-per-pound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon—like the first thing tomorrow—and let us show you why you and your budget will both be happy with this Buick?

Equipment, accessories, trim and models are subject to change without notice.

"Smart Buy's Buick"

No other car provides all this:

- DYNAFLOW DRIVE*—saves strain on driver and car
 - FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
 - PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
 - WHITE-GLOW INSTRUMENTS—provide greater clarity at night
 - TORQUE-TUBE DRIVE—steadies ride, improves driving control
 - 7-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
 - DUAL VENTILATION—outside air fed separately to right or left of front compartment
 - SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
 - DREAMLINE STYLING—tapered, car-length fenders, gleaming sweepers on most models
- Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher
- *Standard on ROADMASTER, optional at extra cost on other Series.
- When better automobiles are built BUICK will build them

Springlake To Graduate Class of 17 In Exercises Friday, May 18

The Springlake High School will graduate a class of 17 seniors this year in the commencement exercises which are to be held Friday, May 18.

The seniors in review are: Jimmie Burgess—The son of Mr. and Mrs. F. E. Burgess; was born at Earth, May 31, 1934. He started school at Springlake and is now finishing this year here. He has been president of his class two years. He was runner up for Best All Round both his junior and senior years. He has been in F. F. A. for four years and president of it this year. He is also president of the Student Council. A few of his likes are: pineapple up-side-down cake and dressed up cars. A few of his dislikes are: Some girls and spinach.

He will attend Texas Tech. Donnie Dent—Son of Judge and Mrs. O. F. Dent. He was born at Springlake, April 11, 1934. He started school at Olton and moved to Springlake in the 6th grade. He has been vice-president of his class two years. He has lettered in football three years and basketball two years. During his Junior year he was runner up for best All Round and voted Best All Round his senior year, also class favorite. When he was a junior, he was elected Prince Charming of F. H. A. He has been in F. F. A. for four years. A few of his likes are: pretty women and everything (almost) to eat.

He plans to attend W. T. S. C. or Texas Tech.

Juanell Crawford—Daughter of Mr. and Mrs. Floyd Crawford was born at Springlake June 1, 1934. She has gone all her school days at Springlake. She was runner up for Carnival Queen in her Freshman and Junior years. She was runner up for Best All Round during her Senior year, also voted Most Beautiful of her class. She was a majorette of pep squad for two years. She was a cheerleader when a Freshman. She was editor of the school paper this year and president of FHA which she has been a member of for four years. Her main likes are: People and ice cream. Her main dislikes are: Some boys and coconut.

She will attend Abilene Christian College, Abilene. Joyce Armstrong—The daughter of Mr. and Mrs. Orbie Armstrong, was born at Hart, August 4, 1934. She came from Sunnyside to Springlake in the 4th grade. During her senior year, she was business manager of the annual, also runner up for Best All Round. She has been in Pep Squad four years, also FHA. Joyce is reporter for the senior class this year. A few of her likes are: friendly people and fried chicken. Her main dislikes are: nosy people and chocolate.

After graduation she plans to go to college at West Texas State. Etta Mae Ellis—Daughter of Mr. and Mrs. H. N. Ellis, was born at Stonewall, December 4, 1932. Etta Mae has been a member of pep squad and FHA for four years. Her senior year, she was drum major of pep squad. A few of her likes are: Cherry pie and bowling. Her main dislikes are: hateful people

and fried chicken.

After graduation she plans to go to Beauty School at Lubbock.

Billy Wayne Barlow—Son of Mr. and Mrs. J. J. Barlow, was born at Earth, October 9, 1934. He started school at Earth, October 9, 1934. He has been a member of FFA for four years. He was runner up for best All Round during his senior year. Some of his likes are: ice cream and Anna Ruth Parker. His main dislike is: greens.

After graduation, he plans to go to farm.

Laqueta Kelley—the daughter of Mr. and Mrs. Guy Kelley was born at Earth, May 14, 1934. She has spent all of her school days in Springlake School. She has been a member of FHA and pep squad for four years, president of pep squad this year. She was a cheerleader her junior year. When a Sophomore she was Carnival and class favorite. Her senior year she was Student Council. Her main likes are: Having fun and lemon pie. Her main dislikes are: Watermelon and conceited people.

After graduation, Laqueta is planning to attend Baylor University.

Roney Smith—Son of Mr. and Mrs. L. T. Smith, was born at Earth, June 24, 1933. He has played basketball four years, run track three and played football three years. He has lettered in football one year. Roney has been a member of FFA for four years. His main likes are: All food and girls. His main dislikes are: Hateful women and fishing.

After graduation he plans to farm.

Dorothy Harris—The daughter of Mr. and Mrs. A. L. Harris, was born at Plainview, August 14, 1934. She came to join the present senior class from Marlow, Oklahoma, in her sophomore year. She has been a member of Pep Squad and FHA. She was Carnival Queen in her senior year. Her main likes are: Chocolate pie and Blue Ponds. Her main dislikes are: Spinach and school. She is undecided as to what she'll do after graduation.

Betty Ann Williams—The daughter of Mr. and Mrs. Ed Williams, was born at Earth, Texas, January 1, 1934. Betty Ann was annual artist this year. She has been a member of FHA and Pep Squad for four years. A few of her likes are: Chocolate pie and playing softball. Some of her dislikes are: driving a car and liver.

After graduation depends upon whether or not Raymond gets a leave.

Lois Cleavinger—Daughter of Mr. and Mrs. N. F. Cleavinger, was born at Plainview, August 7, 1934. She has acquired all of her education at Springlake School. She was a cheerleader when a sophomore and president of pep squad. Her junior year was made successful by being voted Class Favorite and Best All Round, she was also elected Best All Round this year. She has lettered in basketball three years. Lois was crowned Football Sweetheart of 1950. A few of her likes are: Clothes and strawberries. Her main dislikes are: Two-

faced people and turnips. After graduation, Lois plans to go to college at Tech and get a degree in Home Economics Child Development.

Marie Howell Winders—Daughter of Mr. and Mrs. G. F. Howell, was born at Olton, July 20, 1934. She came to Springlake from Muleshoe in the 8th grade. She was a majorette of pep squad two years, a member of pep squad for four years, also FHA. She lettered in basketball two years. Marie was runner up for Best All Round two years and editor of the annual this year. Marie's main likes are: fried chicken and playing basketball. She says her main dislikes are: Superior acting people and asparagus.

After graduation she plans to go to Albuquerque to be with Dale.

Dalora Whitford—Daughter of Mr. and Mrs. O. B. Whitford was born at Earth, the 23rd of August, 1931. She has been a member of FHA and pep squad four years. She was cheerleader one year. She was also pep squad treasurer this year. She is also salutatorian of the senior class. Her main likes are: Skating and fried chicken. Her main dislikes are: Snobby people and spinach.

After graduation she plans to go to college and finish some day at T. S. C. W.

Duane Barrett—Son of Mr. and Mrs. Cecil Barrett, was born at Earth August 7, 1933. He started school at Springlake but moved away to Colorado. He returned to Springlake in his freshman year. He was class favorite when a junior. During his senior year he was runner up for best all round and voted Most Handsome of his class. He has lettered in football three years, basketball four years and baseball four years. He has run track three years. Duane has been a member of FFA for three years. A few of his likes are nice girls and chicken fried steak. His main dislikes are: Conceited people and onions.

After graduation he plans to go to college but is not sure where yet.

Lucy Brown—The daughter of Mr. and Mrs. B. F. Brown was born at Dimmitt June 20, 1934. She has acquired her entire education at Springlake School. She was a member of FHA for four years, also pep squad. She was a majorette of pep squad one year. She has lettered in basketball two years.

After graduation Lucy plans to attend Draughts Business College at Lubbock.

Myrtle Lee Rudd—The daughter of Mr. and Mrs. W. F. Rudd, was born at Bovina, October 12, 1933.

She started her school career at Springlake and is now finishing her senior year here as valedictorian of her class. She was typist for the annual staff this year. Also in her senior year she was runner up for Best All Round. She is senior class treasurer. She has been a member of Pep squad and FHA for four years. Her main likes are: Roller skating and fried chicken. Her main dislikes are: spinach and convertibles.

After graduation she plans to go to T. S. C. W. and get a degree in accounting then teach commercial subjects in high school.

Roy Dale Underwood—The son of Mr. and Mrs. E. G. Underwood, was born at Lubbock, May 4, 1932. He has been a member of FFA for four years. He has lettered in football and basketball two years. His main likes are: pean pie and Ford cars. His main dislikes are: Spinach and conceited people.

After graduation he says he plans to go home!

Anton Garden Club Installs Officers

Installation of officers for the 1951 Anton Garden Club was conducted at the home of Mrs. Lynn Anderson Saturday, May 5, at 8 a. m.

Mrs. Anderson, retiring president, presided over the meeting. New officers were installed by Mrs. Kenneth Alexander. Mrs. Roy Carpen was elected President; Mrs. Jack Grace second Vice-President; and Mrs. L. A. Turner third Vice-President; Mrs. W. M. Alexander Treasurer; Mrs. H. M. Christian, Parliamentarian; Mrs. Howland Denson, Librarian; Mrs. Ashley Cox, Reporter and Jim Hobbgood out of town reporter.

A final report was given by Mrs. Ashley Cox.

It was voted to continue the club sessions during the summer by meeting only once a month.

The house was decorated with spring flowers. The table was laid a light green cloth and decorated with Iris.

Mrs. L. A. Turner presided at the silver service with 22 members and one new member, Mrs. Jerry Biffle, attending.

Pluto, through observation with the 200-inch telescope, appears as the second smallest planet, and measures 3,550 miles across. An invisible dust of sand coated with radio active poisons collected from the waste of atomic furnaces has been cited as a possible mystery weapon which could wipe out the populations of large cities.

HAIL DAMAGE — Otis G. Avery of Wichita Falls, Texas, sticks his head through a hole in the torn top of his convertible to get a better look at hail damage to the car. Hail, the size of hen eggs, caused damage in the Wichita Falls area.

TEXAS MOTHER FOR 1951—Mrs. M. L. Ramey, of Denton, holds her son, May Gen. Roger Ramey. She was chosen Texas Mother for 1951 by the Golden Rule Foundation. "I'm mighty proud of Roger," she said, "but I'm just as proud of my other three boys." Joe and Marvin are in Houston and their son, Marvin, lives in...

Three Free Sewing Machines — GIVEN AWAY —

Second Prizes Worth Over \$2000 in Value Given Away Free
Nothing to Buy! Everyone Can Enter! No Obligation

CAN YOU UNSCRAMBLE THESE TOWNS?

1. B L U K O B C—Hub of West Texas
Answer _____
2. A C W O—Cotton Center
Answer _____
3. N A S T I U—Educational Capitol
Answer _____
4. L D L A S A—State Fair Town
Answer _____

BAPTIST LEAVE HOME—These Baptist and religious workers are on an eight-day tour of ten countries in Europe and Asia. They posed before boarding a plane for Paris at New York's International airport (May 8). At extreme left is Dr. John M. Price, director of the School of Religious Education at Southwestern Seminary, Fort Worth. (AP Photo)

Must Post Their Ceiling on Beef by June 4, Says OPS

...actions of the Office of Stabilization are unfair to consumers by stabilizing prices at production, the Lubbock District Office points out. It says that the task of inflation and setting prices begins at the mine "crop," the OPS states. ...of the task of American public fair insurance against the threat of inflation. ...group of beef price regulations, including order and live-...ers are now in effect. ...ers are required to selling prices on beef in 1951. Consumers are to see these prices, and what they should pay. The prices are those of any levels when all frozen. ...sh this retail beef been necessary to re-...er cent the prices at...nters may buy beef...e will be two further...a livestock prices and...and retail beef prices...October 1 consumers...aying around seven to...ound less for their...ing on grade and cut...e livestock prices will...ound 125 per cent of...er per cent above the...dered fair to the farm-

and other lower prices of things consumers buy. While most things consumers buy have been sold under the general ceiling price regulation issued last December, OPS has considered this only a stop-gap or hold-the-line measure. The objective now is to develop regulations that fit the exact methods of individual industries and businesses so that actual costs and prices can be more firmly controlled. These controls generally provide for reflection of actual increases in production costs since June 1950, or pre-Korea, after which the inflationary forces became very strong. Under this system the consumer is expected to gain benefits and the problem of stabilization tackled from "the mine up." Consumers can expect prices to range from about present levels to lower prices as their retailers replace present stocks with new merchandise that has been made under the regulations issued this spring and summer.

"It is a job as big as all America," says OPS. "But all America is threatened today with a destructive inflation that will grow more damaging if uncontrolled as defense demands intensify in the coming months. Everything the consumer can do to cooperate in keeping America prosperous will help. Summed up, the consumer can help most by buying wisely, by buying only actual needs and by paying no more than ceiling prices. Save the dollar by saving dollars." If the earth's axis were perpendicular to the plane of the earth's orbit around the sun there would be no change in seasons.

Health Talks

Prepared by the State Medical Association of Texas

If the bug family of rod-shaped germs were compared to the Three Bears, the bacteria would be Daddy Bear the virus would be Baby Bear and the rickettsial would be Mama Bear, about midway in size between Daddy and Baby Bear.

These rickettsial germs get around to mankind mainly by means of ticks, lice, mites or fleas as these insects feed upon persons or animals who have disease and then latch on to you. Rat fleas spread the rickettsial disease known as murine fever and ticks are the source of such diseases as Rocky Mountain spotted fever, Q fever and Bullis fever.

Typhus fever is frequently confused with typhoid fever, both in name and in symptoms of the disease. They are two distinct illnesses, however, with the most common distinction perhaps in the rash that they produce; with typhoid when the rash breaks out, it stays broken out when you push on it; with typhus the rash turns white and disappears for a moment when you push the skin in.

You have a real bad headache with typhus fever, a headache that lasts the whole two or three weeks of the disease. It's the kind of headache that makes you want an ice cap on your head all the time and since you usually run a pretty high fever that may lead to delirium, the ice cap is a good idea. In addition to bed rest and such treatment as might relieve the ch-

ing head, your doctor will probably prescribe one of the new medicines such as aureomycin to carry you through typhus with minimum discomfort. There isn't much danger of any complications with typhus if sensibly treated and one good thing about the disease is that once you've had it, you're immune.

Spotted fever, sometimes called by its full name of Rocky Mountain spotted fever, is a more serious illness than typhus and in times past has had a high death rate. The new drugs have not only cut down on the complications which can arise from spotted fever but also seem to be cutting clear down on that mortality rate.

Spotted fever is caused by tick bites and is common all over the world. You usually get sick very suddenly with this disease, just developing awful headache, muscle and joint aches, shaking chills and fever, hurting eyes, upset stomach and maybe even blindness, your hair suddenly falling out. You have a high fever and you do feel real sick.

The rash from which spotted fever gets its name usually appears after the second day of the illness, first breaking out around the wrists and ankles and then spreading all over the body, even on the palms of the hands and soles of the feet.

Since ticks are more common in rural areas than in towns, spotted fever is more common in the coun-

try. Every tick is not infected, of course, but knowledge of a recent tick bite, followed in 2 to 14 days by a sickness such as described above would perhaps speed up your doctor's diagnosis and permit him to start treatment early.

Wood ticks, rabbit ticks, dog ticks and the Lone Star tick which is often called the cattle tick are the brands which spread spotted fever by their bite.

The Lone Star tick also carries around the rickettsial germ that causes Q fever, a disease much milder than spotted fever and without a rash. The Lone Star tick can infect cattle with Q fever and the germ may be carried to humans through the raw milk from an infected cow even though the cow doesn't seem to be ill. That's why pasteurization of milk is so essential.

Q fever epidemics have occurred among those in contact with cattle such as dairymen, packing-house, slaughterhouse and laboratory workers.

Though some of the symptoms of spotted fever may also mark Q fever, they are usually much milder; Q fever nearly always has some of the symptoms of pneumonia accompanying the disease, such as chest pains and cough.

Bullis fever flared up at Camp Bullis during the training of servicemen for World War II. Those afflicted with the disease were invariably from other parts of the country. The Lone Star tick was considered responsible for this inhospitality to visiting servicemen, which laid them up with fever ranging from 102 to 105 degrees for about a week or two and then went away.

Morton Okays School Bond Issue

Morton voters Saturday approved, by a count of 89 for to 12 against, a \$150,000 school bond issue which will be used to add several classrooms and make improvements on the existing building in the Morton school system.

Carl Macon, superintendent of schools, said plans call for eight new classrooms, a possible band hall and additional improvements. The new rooms will be added to the elementary school building. Macon said. Balloting was conducted in Room 3 of Morton Senior High School.

W. A. Wood was the presiding judge and T. T. Smith the associate judge.

Epidemic Information

SINGAPORE—(AP)—A neat, two-story office in Singapore is the hub for a vast network of communications which sends information on smallpox and typhus epidemics to 52 countries and 310 sea and air ports. It is the office of the epidemiological intelligence station of the World Health Organization. Its director is Dr. W. W. Yound. The area the office services includes all countries and territories bordering the western Pacific and Indian Ocean. The office collects and collects epidemiological intelligence from national, central, local and port health administrations. This information is distributed by wireless and cable.

Is This the 'Typical' U.S. Auto?

Dividing its registrations into equal North-South and East-West parts, Chevrolet spots this 1941 sedan as the country's "typical automobile." It is owned by Don Sobkoviak, shown above with his wife, in Watseka, Ill., the approximate center of all cars in use in the United States. Sobkoviak, an employe of the Iroquois Farm Bureau, bought the car third-hand. It has 107,000 miles on its speedometer. The 1941 model represents the average age of all Chevrolets in service.

Tailor Your Budget To Your Own Household

LUBBOCK, Tex., (AP)— Making out a household budget? If you are, be careful. Budgets can cause short tempers around the house. An impractical budget can discourage you forever from planning future expenditures.

Students in the foods and nutrition department of Texas Tech College here have been studying budget-making. In the belief the high cost of living may be prompting homemakers to plan budgets, the college has issued a guide:

1. The budget should not be too rigid.
2. Plan the budget for your own family; don't use someone else's financial plan.
3. Plan for unexpected costs—the bugaboo factor which often throws a budget out of kilter. This means regular contributions to an emergency fund.
4. Plan menus a week in advance. This will allow planned use of left-overs, volume buying, and most of all will allow you to estimate food costs.

The Texas Tech experts had some other suggestions: Plant a garden if possible. Plan to do some home canning and preserving—or freezing.

"A budget tailored to your family, if flexible, can be fun and workable at the same time," says the college. "It will save tempers and money."

DR. T. M. SLEMMONS - SCOUT LEADER FOR AMHERST

Dr. T. M. Slemmons is the new Boy Scout leader for Amherst. He will be assisted by J. D. Adeox and C. K. Albertson.

The scouts met Monday May 9 in the legion hall. Glenn Brandstatt was elected Senior Patrol leader and Frank Gonzales a troop scribe.

Eddie Foust, Hudson Cantrell, Donnie Bowman, Mike Duffy, Glenn Vaughn, Senn Slemmons, Don Gonzales, George Cabera, Jr., Bill Adams and two mentioned above are the enrolled members of the Scouts.

The Boy Scouts are sponsored by the Amherst Lions Club and meet every Monday night.

Earth Fire Dept. Is Organized

Earth's City Fire Department was organized last week in a meeting held at the Community Building. L. R. Tarpley was elected Chief of the organization and Wayne Rutherford, Assistant Chief. A number of volunteer fire fighters will be on the ball in case of an emergency with the new fire truck which is efficient and well equipped.

Two practice runs were held last week causing much excitement among the town citizens many of whom have never witnessed a fire in the City of Earth.

Old timers state that the only fire causing considerable damage here happened April 3, 1939 when the R. E. Barton hotel building burned and the Ray Kelley Grocery store and Ollie Robnett Furniture Store was completely wiped out.

Head cabbage appears to have been developed in Europe in the 500s.

Verble Baker Goes To Artesia, N. M.

Verble Barker recently resigned the position of manager of the Amherst Producers Co-Operative, Amherst and has accepted a position with Alfalfa Growers at Artesia, New Mexico. He took over his new duties May 1.

Mrs. Barker and two children, Verble, Jr. and Toressa will join Mr. Barker at Artesia after the closing of schools.

Springlake High School Graduation Exercises Friday

Springlake High School will have its graduation exercises Friday night at 8 p. m. in the school auditorium.

Myrtle Lee Rudd is Valedictorian of the class and Delora Whitford is Salutatorian. Myrtle Lee's grades for the four year term average grade of 89.

Jimmie Burgess made the highest average in grades of any boy which was 86 1/2.

Baccalaureate services for the graduates were held Sunday at 3 p. m. in the Earth Baptist Church. Rev. Carl McMaster delivered the message to the eighteen members of the graduating class.

Rev. Wayne Perry To Give 8th Grade Graduation Talk

Rev. Wayne Perry will give the address at the 8th grade graduation exercises which will be held in the Sudan High School auditorium on Thursday, May 17 at 8:00 p. m.

The program as announced by school officials is as follows:

Processional - Margie Messamore
Invocation - Rev. U. S. Sherrill
Salutatorian - Charles Lynch
Valedictorian - Billy Wiseman
Address - Rev. Wayne Perry
Presentation of Pupils to High School - Mr. Rodney Cathey, elementary principal.
Reception of Pupils into High School - Mr. Max Steger, High school principal.
Awarding of Diplomas - Mr. Cathey.
Benediction - Mr. Herb Swinney.
Recessional - Margie Messamore.

Texas is the largest sheep raising state of the United States.

chips, about two cups and the hot soup alternately. Put the pimientos and seasonings in the hot soup. Place the casserole uncovered in 350 degree F. Perfection Electric oven. Let the mixture cook until bubbling, approximately 20 minutes, then to the casserole with whole potato chips (sprinkle garlic salt on top of potato chips, if desired and continue cooking approximately 10 minutes. At serving time arrange thin rings of green pepper over the top. Serve over Meads Toast points.

SPRING STEW IN RICE BORDER OR RING

Brown 1 lb. Keeton's beef stew meat and 1 large onion chopped. Add 1 can cream of mushroom soup and 1 can of water. Simmer until tender. Add 1 cup diced carrots, 1 cup diced celery (bite size), 1 cup green beans (cut). Serve in Uncle Ben's rice ring. Top with soy sauce, if desired.

Cook 2 cups Uncle Ben's Rice according to directions on package. Turn into a well buttered mold and pack rice so it is firm. Place ring mold in pan of hotwater and heat with heat turned to simmer for 10 minutes. Unmold on chop plate or platter. Or empty rice directly from pan onto platter and shape into ring with spoon. Fill center with Spring Stew. Garnish.

Meat's Luncheon Sandwich

Place a slice of chicken and a slice of baked or boiled ham between two slices of Mead's Fine Bread. Trim crusts slightly. Put in a shallow baking dish or individual baking dishes. Pour a cheese sauce over sandwich and place in a 325 degree F. oven approximately 20 minutes or until heated through. Garnish with paprika and parsley.

CHOCK CARPENTER NOW STATIONED INCHON, KOREA

Scout Shows Excitement Over Rookie

FORT WORTH, Tex.—Frank Bridges scouts for the Brooklyn Dodgers but he's really excited with the showing of Jim Busby, Chicago White Sox rookie.

It isn't treason at all. It's just the pride of a fellow who assays diamond gold.

Bridges signed Busby to his first professional contract. Frank was a scout for the White Sox then—three years ago while Busby was a student at Texas Christian University.

Pfc George Kirk Home On Leave Wednesday

Pfc. George Kirk, son of Mr. and Mrs. George Kirk, sr. who is stationed at Roswell, New Mexico, at Walker Air Base, spent last Wednesday here with his parents. He has been stationed there since last February. He completed basic training at Lackland Air Base, San Antonio, and was sent to Omaha, Nebraska for a three weeks special training course, before being sent to Roswell.

Anton Pupils to Be Presented In Recital Tonight

The Annual Spring Recital by the pupils of Mrs. L. S. McCarty will be at 8 o'clock in the Anton High School Auditorium, Thursday night May 17.

Highlights of the program will be the playing of two piano selections that were included in the Ensemble Recital at Tech Auditorium. As usual, two new pianos in the stage furnished by the Adair Music Co. Lubbock, will make the recital an exceptional one. The public is cordially invited to attend.

Club Women From Sudan and Amherst Attend Meeting

Among the Club women from this area who are attending the General Federation of Women's Clubs national convention, which is convening at the Shamrock Hotel in Houston from Monday until Saturday of this week, are Mrs. W. V. Terry and Mrs. E. J. Stone of Sudan of the 1935 Study Club and Mrs. Lester LaGrange of the Amherst Study Club.

The "woolsock," seat of the chancellor of the House of Lords once symbolized the importance of wool trading to Britain.

Alton Actkinson Named President Sudan High School Student Council

The Sudan high school student council, which has proven popular with both faculty and students, elected new officers for the coming year in an assembly meeting Tuesday morning after extensive campaigning and speech making. Alton Actkinson was elected president, defeating Margie

Messamore; Ray Sebring was over Dolly Cook for vice-president and Johnny Miller was elected secretary-treasurer over Sue Glaver. School officials have repeatedly commended the student council in its projects during the past semester under the capable leadership of Odell Wilkes, sponsor of the group.

American Legion Boys Go Into Intersquad Play At Fair Grounds

Intersquad play by the Junior Legion boys is getting underway this week at the Fair grounds, according to Vernon Hofack, team manager, with practice each evening of the week except Saturday. A good turnout is reported by Hofack, who reports 25 boys meeting each evening.

Eight Former Players
Eight boys are returning to play from last year's team. They are: Bill Jones, pitcher; Joe Walden, first base; Travis Hampton, infielder; Douglas Perkins, infielder; Glen Bob Barnett, outfielder; Jerry Dunn, outfielder; K. L. Rhoten, infielder; and Freddie Briggs, outfielder.

Mr. Hofack also reports that there are about the same number of good prospects in the new player group.

District Meeting Friday
At a District Baseball meeting in Lubbock Friday night, at which Legion representatives were present from Muleshoe, Plainview, Olton, Littlefield, Lubbock and Ta-

hoka, it was decided that a double round robin, same as last year, would be played and the two top teams in each half of District would meet in Lubbock in July and determine the District Champion from these four teams.

Joe Holmes Chairman
The meeting elected Joe Holmes of Lubbock as District Chairman for District 2.

It will be remembered that Lubbock last year went into the quarter finals for the State Championship and won it, and went on to the quarter finals at State Playoff at San Antonio when they lost to Waxahachie.

District 2 includes 18 counties, which are: Bailey, Cochran, Cottle, Crosby, Dickens, Floyd, Garza, Hale, Hockley, Kent, King, Lamb, Lubbock, Lynn Motley, Stonewall, Terry and Yoakum.

Each boy playing with the Legion Junior Team must get a copy of his birth Certificate; and players have to be certified by June 10 in order to play in the League.

SPORTS

No. 2 Hobgood Is Completed As Producer

Humble Oil and Refining Company No. 2 J. J. Hobgood and others has been completed as a new producer in the Anton-West field on Northeast Hockley county.

It was completed for a 24-hour pumping potential of 149.52 barrels of 25.9 gravity oil, fifty per cent of the recovery was water.

The new oiler was completed from the perforations between 6,560 to 6,610 feet plugged back depth.

No 2 Hobgood is 660 feet from south and east lines of labor 10, league 693, State Capitol land survey and six miles west of Anton.

Sunray Oil Corporation No. R. M. Loper estate, a one location south offset to the discovery well of the Anton, West-Clear Fork field of Northeast Hockley county, has reached total depth of 6,577 feet in the Clear Fork. Operator drilled cement plug and then conditioned the hole to the total depth.

Q Could I get a GI home loan to buy an apartment building which I would completely rent out?
A No. The GI Bill specifies that you may not get a GI home loan unless you intend to live in the property yourself.

Q I have just finished college under the GI Bill and I have four months of entitlement remaining. May I use those four months to take a short course in a different field of study? I have never changed fields before.
A Yes, provided you begin your short course before the July 25 cut-off date or four years from your date of discharge, whichever is later.

250,000 TRACTORS IN TEXAS
Some 250,000 tractors with allied equipment were in service on Texas farms at the end of 1950. This power was used to plow 85 per cent of the land and 88 per cent of the small grain were harvested with power equipment.

LEARNING TO SEW
In the dressmaking and children's clothing programs, conducted by the Texas Agricultural Extension Service, 255,545 dresses and 237,436 garments respectively, were made at home by home demonstration club members and co-operators.

MISSING PICTURE—Edinburg, Texas, held a special celebration to receive an autographed portrait of Princess Elizabeth and Princess Anne. The gift was in appreciation of a bale of cotton sent Princess Anne by the Texas City. A crate arrived just in time to be opened

at the party. But it contained only excelsior. The surprised men unpacking the crate are (left to right) Frank Brackney, Doc Boyle and Dale Austin, all of Edinburg. The missing picture turned up later in London and is being sent to the Valley city. (AP Photo)

Springlake Defeats Pettit to Win 4-B Crown

Springlake took advantage on nine Pettit errors to wrap up a 6-1 victory and the District 4-B baseball crown at Pettit Friday.

Weldon (Bob) Arthur hurled brilliant ball for the losers, limiting Springlake to two hits and striking out 15. He hit one batter and walked two. But his teammates gave him faulty support in the field.

Springlake scored four runs in the third inning without getting a hit. Arthur hit the first batter, walked two more, and four Pettit errors combined to hand the winners the four tallies. Arthur struck

out three batters in the big bottom of the third with their lone run. With two away, Tommy Wood singled. Arthur reached first on an error and Charles King singled woods home.

The winners added another pair in the fourth for good measure, getting one hit and cashing in on two Pettit fielding miscues.

Pettit had three hits, all singles, and three Springlake errors didn't help the losers' cause at all. Sixteen Pettit batters went down swinging and the losers had three walks—none of which figured in their scoring.

Whitharral Junior, Senior Banquet Thursday Evening

The annual Junior-Senior banquet of the Whitharral High School was given at Wayne's restaurant Thursday evening.

The banquet room decorations carried out the class colors of blue and white and the school colors of red and black.

The centerpiece of the T-shaped table was a miniature May Pole and dolls in pastel colors. The place cards were graduates in gowns and caps of black, standing on red cards.

The menu consisted of tomato juice cocktail, fried chicken, gravy, creamed potatoes, green beans, vegetable salad, cranberry pie and ice cream, coffee, milk and ice tea.

Glendal Ray Taylor was toastmaster. Dan Throckmorton gave the invocation. Lowell Westmoreland responded to the welcome given by June Hoelscher. Audrey Moore gave the class prophecy and Jane Hudson read the class will. Class and school songs concluded the program.

Members of the Senior Class are Dan Throckmorton, Lowell Westmoreland, Mildred Bryant, Jane Hudson, Glenn Hughes, Lucille Legate, Ronald Smathers, Velma Doshier, Yvonne Callis, Coy Howard, Coy Mills, Jo Nell Hewitt, Nellie Jo Collins, Calvin Billings, Foy Mills, Audrey Moore with Mrs. Gilbert Bryant, sponsor.

Members of the Junior Class are Glenna Mae Taylor, June Hoelscher, Tomi Bridwell, Wanda Vinyard, Thelma Jones, Larue Christian, Opal Green, Mary Christian, Nedra Hawks, Rhea Morgan, Dyphine Collins, Glendell Ray Taylor, Donnie B. Simpson, Bill Gage, Dale Hewitt, Doyle Hewitt, Bobby Grant and Don Hale with Mrs. Floyd Oaks, sponsor.

SPADE NEWS

OLDEST TOURING COUNTRY—Age and distance don't bother these 84-year-old travelers. Mr. and Mrs. H. F. Hiescher of Seattle, Washington, visited Dallas in their 1923 Model-T Ford. Traveling leisurely, they plan to be in St. Paul, Minn., where they were married, to celebrate their 60th wedding anniversary June 10. For the past 23 years the car license plate has carried the figures of 1866, the year of their birth. (AP Photo)

Information For Veterans

Q I am a disabled veteran training under Public Law 16, and I received an additional disability while I was in training. Would I be eligible for further Public Law 16 training on the basis of this second disability?
A No. You may, however, be entitled to compensation and medical treatment for the injury received in training, provided it resulted in an additional disability and was not the result of your own willful misconduct.

Q I was a British subject serving with the British army during the war, and I recently moved to the United States and have applied for citizenship papers. Would I be eligible for GI Bill benefits once I receive my citizenship?
A No. Under the provisions of the GI Bill, a veteran whose claim is based on service with an ally must have been a United States citizen at the time he entered service with the allied forces, in order to be eligible for benefits.

Now Available to Local Farmers The Greatest Agricultural Discovery of the Century

Calfide 104

"Natures Own Soil Conditioner"

DIRECT FROM THE HEART OF THE ROCKIES TO THE FARMERS OF THE NATION

When Properly Applied

Releases locked up plant food—Induces spectacular plant growth—Breaks up adobe soil—Not burn most tender plants—Speeds germination—Sweetens acid soil—Helps retain moisture—Calfide produces a healthy plant which helps repel aphids and other insects—Sure death to weeds

Signed Statements Testify That

1. CALFIDE 104 will neutralize alkaline soil.
2. CALFIDE 104 will break up heavy and adobe soils.
3. CALFIDE 104 modifies both the physical and chemical nature of the soil.
4. CALFIDE 104 releases plant food which has been locked up in the soil.
5. CALFIDE 104 speeds germination.
6. CALFIDE 104 Greatly improves soil tilth and retention of moisture.
7. CALFIDE 104 furnishes many essential mineral elements.
8. CALFIDE 104 will not burn the most tender plant.
9. CALFIDE 104 assures a better yield and higher quality crop on any type soil.
10. CALFIDE 104 is free from weed seed and has a lasting effect on the soil.
