## BIRTHDAY BALL FOR PRESIDENT HERE JAN. 30TH

### Wade Potter Again Appointed Chairman For Littlefield

President Franklin D. Roosevelt again consented to lend his birthday, January 30th, for another nationwide series of birthday balls for the benefit of Infantile Paralysis sufferers.

Wade Potter, Littlefield Attorney, has been notified of his appointment by National Committee, as chairman for this city. Mr. Potter held in this capacity last year.

The President has approved the plan that 70 per cent of the funds raised by each local Birthday Ball be retained in the community to be disbursed to local Infantile Paralysis cripples, as the local committee decides. This allotment was first made last year; the plan worked well, and has been approved throughout the country. Thirty per cent will be turned over to the National Committee for delivery to the President to be presented by the Georgia Warm Springs Institution, for the continuation and expansion of its part in the national fight against Infantile Paralysis.

Final steps are being taken for the holding of another Birthday Ball for the President here January 30.

## Library Project To Officially Get Started Monday

The WPA Library project will officially get underway Monday next, Mrs. Valma Lowe as Librarian. Approval of this project was received a couple of weeks ago, and Mrs. Etta Griffith was appointed Librarian, but as she did not accept the post, the project was delayed. The Library is located in the High School and will be open five days a week.

Dr. Coffman, Superintendent of Littlefield Hospital, has been ill confined to his bed with "flu" the past four days. Reports are that the effect he is improving.

## Littlefield Section Gets Inch And Quarter Of Moisture

Littlefield and the South Plains in general were visited Monday and Monday night with a heavy downpour of rain.

From an inch to an inch and a half is reported over this section, the official weather reporter, L. C. Cawthon, announcing one and a quarter inches for Littlefield.

Early Monday morning a mist began falling, and it with a slow rain fell all day, which developed into a downpour by evening, which continued into late at night.

On account of the nature of the rainfall, it is believed to be especially beneficial to the soil at this time.

## Will Represent Local Schools At Teachers Meeting

## SEWING PROJECT GETS UNDERWAY HERE WEDNESDAY

750 Pounds Material Arrives; 20 Sewing Machines Enroute Here

The WPA Community Sewing project got underway here Wednesday morning in charge of Miss Lula Hubbard, Superintendent, with Mrs. George Wallace of Spring Lake, Assistant.

Seven Hundred and fifty pounds of sewing material arrived Wednesday morning, and twenty sewing machines are reported to be enroute here.

This material will be made up for the purpose of supplying the needy with wearing apparel.

Twenty local women, whose names are taken from the relief rolls, will be employed by the Lubbock office direct, to work on this project.

Miss Hubbard was in Lubbock Tuesday obtaining the rules and regulations governing the work.

W. E. Jeffries was on business in Clovis Thursday and Friday of last week.

## NEW BLEACHERS, STEEL FENCE TO BE ERECTED

### School Board Must Raise \$600 Before Project Proceeds

The \$6000 WPA project for the improvement of the Littlefield School's Athletic grounds, and the building of bleachers, steel fences around the field, etc., has been approved, but as yet no funds are available to proceed with the work, announced H. C. Arnold, School Secretary.

This information was assured Mr. Arnold on a visit to the office of WPA Administrator at Lubbock Thursday.

It will be necessary that the school Board match the Federal funds with approximately \$600, which it will be necessary to raise, before the project can be proceeded with.

## To Start Sanitation WPA Project Monday

Supt. Hudgins of Lubbock and A. B. Cherry of Plainview, N. R. S. Supervisor, were in Littlefield Monday and Tuesday laying plans to actually get the WPA Sanitation improvements started in Lamb County next Monday.

A number of men were signed up for work on the project.

Several orders by home owners have already been received by officials in charge of the work, which includes replacement of open toilets with fly proof and odorless buildings and replacement of cesspools with septic tanks and drain tile.

The program is sponsored by the Texas department of health, in cooperation with the U. S. bureau of health, and also by the Commissioners' Court.

## 16,825 BALES GINNED

According to Warren H. Rutledge, Cotton Statistician for Lamb County, there were 16,825 bales of cotton ginned in this county prior to November 14, 1935, as compared with 10,206 handled to November 14, 1934.

# Borah Vs. Roosevelt In 1936, Choice of Voters as "Next Presidents" Poll Ends

## Democratic "Next President" Poll Choice

Franklin D. Roosevelt

## Republican "Next President" Poll Choice

William E. Borah

New York, Nov. 27.—More than a quarter of a million voters in small towns and rural America have spoken. They have registered their choice of candidates for the 1936 Presidential election in a nation-wide poll.

The majority of these voters want President Roosevelt as candidate on the Democratic ticket and Senator Borah of Idaho as banner bearer on the Republican ticket.

Exactly 243,282 ballots were cast in this nation-wide "Next President" poll. The poll was conducted by newspapers located in small towns throughout the country, of which the Leader was one. The poll was started in late September and brought to a close on November 18th, at the end of the eight weeks of balloting.

The state by state tabulation of the national vote was compiled by Publishers Autocaster News Service of New York, a newspaper service company that serves the thousands of newspapers which cooperated in conducting the poll.

Results of the Poll In summary presentation, here are the results of the poll.

Roosevelt leads in popular vote 119,387 to 104,851 for all Republican choices.

Republican choices lead in twenty-three states to twenty-two states for Roosevelt.

In electoral votes the poll ends in a tie, with Republicans 261 to 261 for Roosevelt. Nine electoral votes remain unplaced. They are; Arizona 3, Delaware 3 and Nevada 3. No vote was recorded from those three states.

### C. A. Cobb Predicts Thirteen Cent Price On Cotton

Forecasting 13 cent cotton, C. A. Cobb, chief of the AAA cotton section, Friday expressed the belief that the larger part of the 4,450,000 bale controlled by the government under 12 cent loans would be moved to market this season.

“The demand for cotton is strong,” Cobb said, “and the European stocks of American cotton have been exhausted. The price has seemed fairly steady recently above 12 cents.”

AAA records showed that on November 1, a total of 4,450,678 bales were held under loans of 12 cents a pound. Title to this cotton is still held by the farmers, who obtained the loans, and before the cotton may be sold, officials said the price would have to equal the amount of the loan, plus interest and carrying charges.

It was estimated unofficially that before the loan cotton could be marketed, the price would have to be 13.50 cents a pound.

Cobb said he was “very optimistic” about the outlet for cotton. Most of the current cotton crop is moving out to market rapidly, he added, and records disclosed that on November 1, only 32,628 bales of cotton had been placed under the 10-cent loans being made this year.

The 12-cent loans made last year are due February 1. Officials said they believe that the December 8 cotton crop estimate would be slightly below the November estimate of 11,141,000 bales.

Cobb asserted he believed the movement of the 12-cent loan cotton would not have any material effect upon the market. An extension of the loan is expected, and Cobb said he believed that the farmers would

### MOUNTING ORDERS SPEED HUDSON AND TERRAPLANE PRODUCTION

Mounting orders pouring into the Hudson factory as a result of automobile shows at New York, Detroit and other centers are pushing production at the Hudson Motor Car Company far above the figures originally estimated by its executives. William R. Tracy, Vice President in Charge of Sales reports sales at the automobile shows to be averaging 100 per cent above those of last year and at both New York and Detroit this figure was exceeded.

As a result a second production line is now being put into full production at the Hudson factory. Employment is rapidly increasing as employees are being recalled for duty and a busy winter is in prospect. “Our car, being entirely new for 1936, is being produced with the latest and most modern equipment,” states Mr. Tracy. “The plant press which forms and trims the all steel tops for the new bodies is a 90-ton unit capable of 90 tons an hour. The entire body assembly line is new as is the trim line. All of these departments are in full swing and it is very apparent that our earlier estimates on production for the balance of this year will be materially exceeded.”

### Highway No. 28 Is Being Hardsurfaced

With 40 men put to work, actual construction has begun on Highway 28, which is to be hardsurfaced six miles west from the Hale county line.

Mr. Barnhill of Plainview, who has the construction contract, has built a corral at the rear of the building occupied by Shepard Chevrolet company in north Olton and has opened an office in the building.

The road has been closed to travel and the contractors say it will remain closed until the job is finished.

### Turkey Show To Be Held At Plainview December 4, 5, 6

One thousand of the finest dressed turkeys in the Southwest will be offered for sale to the highest bidder at the annual sale of the Southwestern Dressed Turkey Show at Plainview, December 4, 5, and 6. The sale will be held in the City Auditorium on Friday afternoon, December 6.

Buyers representing business firms in the territory served by the Show will be on hand at the sale to see that the bird produced in their respective counties receive premium bids. Various organizations are making small pools to be used in bidding on birds produced by farmers in their communities. One Amarillo representative will purchase a large number of birds for Amarillo firms. Buyers are expected from Lubbock, Silverton, Tulla, Floydada and Muleshoe.

County Agents and turkey producers are already commenting on the improvement in the grade of turkeys offered the market in this territory is a result of the first show held last year. Business firms are realizing the value of encouraging the production of turkeys, and chambers of commerce and luncheon clubs are joining the movement. The first sale resulted in an average price of 29 1-2 cents per pound being paid the producers.

### My Planned Pantry

By Mrs. G. E. Bohner

“I was very interested in finding that the canned foods in my planned pantry came out so evenly. I did not run out of one thing and have a surplus of another,” stated Mrs. G. E. Bohner, 2nd year farm food supply demonstrator of the Olton Home Demonstration club, at the Achievement event held in the home of Mrs. Chas. Reynolds, November 8.

Mrs. Bohner planned her canning budget last year according to the recommendations of the Extension Service which are as follows: Leafy vegetables, 120 containers; starchy vegetables, 100 containers; other vegetables, 80 containers; (if you store turnips and carrots in the garden and 140 if you do not); Fruit and fruit juices, 150 containers; tomatoes and tomato juice, 125 containers; meats, 52; hominy, 26; preserves and jellies, 52; pickles and relishes, 52; miscellaneous, 60; also 60 pounds cheese, 50 pounds bacon, 50 pounds lard, and 60 pounds syrup and honey. This plan was for a family of five but any family would need the same number of containers, but not the same size. Choose the size of your container to suit the size of your family.

### F. H. Davenport Dies At Residence Near Whitharral

F. H. Davenport, aged 75, of near Whitharral passed away at the family residence Monday, November 18, following an illness of several weeks with an internal trouble and the infirmities of old age.

He was born in Alabama, but had lived in Texas for many years.

The body was shipped to Dallas, his former home, where interment took place.

He was survived by his wife and several children.

## ELECTRIC ENERGY COSTS IN THE LOW PRICE FIELD

The average budget during the last few months has met with any number of adjustments — The low figure of electric energy costs has been outstanding among the numerous items which appear in the average budget — More people are realizing daily that the trend of electric rates has been steadily downward for several years — even prior to the last few months — Better and improved methods of electric generation as well as the increasing number of useful means to which electric energy may be put have both contributed largely to this downward trend.

In line with a well established policy of this company in the way of adequate facilities and reasonable rates every customer has benefitted materially through the use of electric service. The most recent contribution in making the service more available has found an increasing number of homes taking advantage of the company's ultimate rate for residential consumption. We are confident that you will find it to your interest to become better acquainted with how you may be benefitted.

## THE DIVORCE COURT MURDER

BY MILTON PROPPER

### FIFTEENTH INSTALLMENT

**SYNOPSIS**—Barbara Keith, wife of a prominent Philadelphia business man, was murdered as she waits in a room to testify in the divorce case of Rowland vs. Rowland—She had testified for the husband, who was defendant in the action—Detective Tommy Rankin is assigned to the case from headquarters—His preliminary investigation disclosed that both Mr. Rowland and his wife had gathered evidence against the other of infidelity—The will of Mrs. Rowland's husband directed her lawyer, Mr. Willard, to handle the case until she remarried when the husband was to come into control—Detective Rankin finds motives of evidence of guilt for the murder of Mrs. Keith, leading to the two Rowlands, Mr. Willard Keith, husband of the murder-

ed woman, Hugh Campbell, partner of Mrs. Rowland, and his underworld confederates—NOW GO ON WITH THE STORY:

"Well, Rankin, here it all is," said the lieutenant. "You can have and in going through it, if you need it. What are you particularly interested in?"

"Every bit of it," Rankin returned. "I'll want to make a thorough search. But first, have you found a picture of Dennis among his belongings?"

Becker shook his head. "There wasn't any, or our hunt for him might have been more successful."

"I suppose a description of Dennis will have to do then," Rankin observed. "Of course, you obtained full details of his looks from Miss Trent."

"Yes, it's right here—as exact a picture of him as she could give us."

Disappointingly, however, the record was not overly practical for

identification; it might have applied to thousands of similar youngish, attractive men.

"What about his fingerprints?" the detective queried. "He must have left plenty in his quarters on the articles he handled."

Lieutenant Becker produced an ink-smudged paper. "These are the ones we found on his furniture."

"I'd like a copy of these," Rankin requested.

The detective reached for a suitcase. "I'll start going through Dennis' things," he said. "If you'll get some one to open these other bags, lieutenant, and help me sort their contents, it won't take long."

Instead of summoning assistance, Becker lent Rankin a hand himself. There were three bags altogether, the one on which Rankin began his examination being brown leather, oblong and held together by straps. The second was a roomy black satchel, somewhat old and frayed, while the third was a patent-leather overnight case. None bore traveling tags, and only the last a manufacturer's imprint; though on the suitcase, the name of the retailer, a well-known department store in Chicago, was stamped.

Mr. Lewis watched the detective, with admiration and wonder at his thoroughness. Careful to miss no item, the detective examined the band of a crushed felt hat and a gray cap, both size 7 1/2, seeking a clue as to where they were bought. He also searched for hairs from Dennis' head that might cling to them. Similarly, he scrutinized his safety razor shaving kit, which was unmarked. The fagi-

tive had three inexpensive but sporty suits. The miscellaneous contents of the pockets included a small revolver, loose change, a handkerchief, a ring of skeleton keys, and a flask.

"Say, Becker, look at this belt! What do you make of that?" said Rankin suddenly.

Abruptly, after his excited exclamation, he broke off and extended the article in his hands. As he was repacking it into the suitcase, he happened to study it more closely. It was a finely grained, strong belt of shining brown leather. Smooth and wide, the usual holes were punched at one end; at the other, a heavy brass buckle still glittered brightly, after years of storage and neglect.

Rankin's eyes shone, as though at

He turned it over. "Well, what about it, Rankin?"

An unexpected inspiration, causing Becker to take it with a bewildered frown.

He turned it over. "Well, what about it, Rankin?" he returned. "It's an exceptionally fine piece of leather, I'll admit; but it's just a belt as far as I can see."

"I wonder," the other's voice rang with enthusiasm. "That's just it; it's too good and strong for an ordinary civilian belt. It looks to me very much like a russet belt—a fair leather belt is the slang for it in the service."

"Service?" Becker repeated, obviously startled by the suggestion. "You mean this is an army belt?"

"Either that or a marine belt, lieutenant," Rankin directed his explanation more to Mr. Lewis than to the officer. "No doubt you've noticed service men in the winter—particularly soldiers and marines—wearing heavy khaki overcoats; they put these russet belts around them on the outside. They're something like the Sam Browne belts officers wear about their uniforms."

The lieutenant inspected it carefully. "But there's nothing on it to indicate that it's part of service equipment," he objected. "I always supposed the stuff was marked—either stamped with the name of the corps or the initials of the army or navy punched on."

"You'll generally find the name of the depot that issued it," Rankin agreed. "But it's usually placed on a small loose leather strip, inside; that connects the buckle with the loop for the end of the belt, to keep it from flapping. And that's easily removed. If Dennis didn't want the fact known that he had been in the service, he could slip off that strip. I enlisted during the war, and from my training camp days I recall that much about my uniform."

The lawyer also examined it. "It's very likely this is a service belt," he then agreed, "only you mustn't jump to conclusions. It is possible this didn't come from a post, but from an army and navy store; I understand they can be purchased there quite easily."

For an instant this idea took Rankin aback, then his confidence in his theory reasserted itself.

"That's a chance I'll have to take," he replied. "But one thing is certain," he added with enthusiasm and excitement. "If Dennis was ever in either military branch, we'll be making genuine progress. They maintain a complete record of their men, and we should get valuable informa-

tion about him."

Despite the optimism he expressed about the clue from Fred Dennis' suitcase, Tommy Rankin fully realized the slenderness of the thread on which he depended.

Nevertheless, having progressed as far as possible in his investigations at Fort Wayne, he looked hopefully toward his next step. Indeed, he had no other avenue of approach. In uncovering Dennis as a likely suspect, as the murderer of Barbara Keith, he had been favored.

The detective caught the Manhattan Limited, New York bound; that necessitated a change at Harrisburg, for the most direct route to Washington. In the nation's capital he knew were lodged the record of all enlisted men, as far back as the American Revolution. Eager and alert, he nevertheless retired, and for the second night in succession, slept aboard a train. So far as he could predict the pursuit of Fred Dennis had just begun; through six years and in many places, because of the precarious life he led, he must trail the wanderings of the culprit. There was no judging how long the chase would take him or how far afield.

In the morning the detective disembarked at the Union Station in Washington.

Offhand, he could not be certain exactly which bureau housed the information he sought. Rankin decided to cover the possibility of Dennis having been a marine, and instructed a taxi to drive him to the Navy Building.

Within his official card speedily gained him the intelligence, at the information desk, that the records of enlisted men were in the charge of the adjutant-inspector's office.

Once he proved his bona-fides, Rankin anticipated no difficulty in gaining access to the records he re-

#### Seventeen Awards To Be Made Winners In Tourney

A girls' basket ball tournament will be held in Anton on Friday and Saturday, December 13, and 14.

There will be trophies awarded to first and second place winners; consolation award; medal for high point man in one game; medal for high point man of the tournament; individual awards for the first and second all-tournament teams, making seventeen awards for the tournament.

Last year there were 16 teams entered in the tourney. This year it is expected to have as many as twenty-four or twenty-five. The winner of last year's tournament was Ropesville, Anton, second place and Pettit won the consolation. The following are expected to enter this year: Idalou, Lorenzo, Friendship, Anton, Circle Back, Roosevelt, Spade, New Home, Littlefield, Sudan, Rails, Amherst, Ropesville, Pettit, Hale Center, Cotton Center, Petersburg, New Deal, Whitharral, Shallowater, Dimmitt, and several others that will signify their intentions at a later date.

At this time it is rather hard to select a tournament favorite. The three best bets now are Shallowater, Ropesville, and Littlefield.

A public address system has been installed for use at the tournament. Great success was had last year in running of the tournament.

### Teachers Win Over P. T. A. Mothers

Plenty of "wim vigor and vitality" was in evidence Thursday evening when the P. T. A. mothers and lady teachers swept the onlookers off their feet by their fast and furious playing. Although both teams played a good peppy game the teachers came out with the big end of the hour with a score of 26 to 14.

Coach Ernest Jones refereed the game in his highly efficient manner. Other officials were Coach Bill Sanders and Miss Almata Edwards.

### Pep Squad Entertain At Picnic Wednesday

Littlefield Pep Squad members had a picnic Wednesday, November 20 at the seventh period. The picnic took place on the football field. "Plenty to Eat" was the expression that was given by the members. Pictures of the football team were taken by some of the members. While the girls were in formation, Miss McFarland snapped their picture.

### Brownfield Romp To 43-6 Victory Over Post Team

Brownfield, Nov. 22.—(Special)—Scoring in every quarter and laying the offensive stuff on thick to wind up their scheduled season, the "Fightin' Cubs" of Brownfield High school romped to a 43-6 victory over the Post High school Antelopes here this afternoon in a Class B conference game of District 5.

Post tallied in the first quarter running back a punt 60 yards to score. Try for point was blocked by a charging Cub line.

Brownfield scored all but one touchdown on running plays, but tossed several mid-field passes. One counter came on a long pass.

The playing of Tankersley and Kendrick in the backfield and Pharr and Price in the line featured the Brownfield offensive and defensive. Tholoman and Burnett were others in the Brownfield backfield, Burnett providing a thrill once when he took a lateral and scampered 40 yards to score.

Elliott and Price played ends, Carpenter and McCloud tackles, Pharr and Pickett guards and McGowan center.

### Local Citizens To Attend S. M. U. And T. C. U. Game Sat.

A number from Littlefield are planning on attending the S. M. U. vs. T. C. U. football game at Dallas Saturday.

Mr. and Mrs. Arbie Joplin will leave Thursday and visit Mrs. Joplin's sister and brother-in-law, Mr. and Mrs. H. F. Uery at Decatur; spend some time with Mr. Joplin's sister and brother-in-law, Mr. and Mrs. C. W. Olive at Dallas, and attend the game Saturday, returning home Sunday.

Pat Boone, E. C. Cundiff, Bill Pass and D. G. Hobbs will leave here Friday, and will be joined by W. T. Hones of Hermligh, returning home Saturday night.

### Baby Cats Defeated By Lubbock Cowhands

Although Littlefield Baby Cats put up a good fight they were defeated 26 to 6 in their game with Lubbock Cowhands on the opponent's field last Thursday.

Loyd Bostick, Olan Walker, Aubrey Landrum, and Earl Burleson were Littlefield players that did efficient work in the line. Backfield men who worked hard for the Baby Cats were Edward Anderson, Jesse New and "Rip" Elms. Nolan Walker, F. H. Glazner, Avary Sullivan, Junior Walraven, Maxey McKnight and Durwood Yantis also did some good work for the Littlefield squad.

### OLTON AND SLATON MEET TODAY IN DISTRICT GRID CLASSIC

As a result of the Olton-Levelland 13 to 13 tie last Friday afternoon, the Olton team are winners in the north half of this district high school grid classic.

Olton is scheduled to play Slaton, winners of the south half of this district. Today will determine the district championship.

### Faculty Vacancies To Be Filled At Monday's Meeting

The members of the Littlefield School Board met Monday afternoon with the Insurance adjusters in an effort to arrive at a settlement of the loss from the hail storm of June, last, but were not able to arrive at any settlement of the claim.

Teachers to fill the two vacancies incurred in the School Faculty from the resignations of Morgan Layfield and Earl Hobbs will be elected at the next meeting Monday evening, H. C. Arnold, announced.

In the mean time Mrs. B. L. Cogdill and Mrs. Roy Young are acting as substitutes.

### WPA Sewing Project Opens At Olton

A WPA community sewing project has been inaugurated at Olton, by Mrs. Albert Walker, District supervisor of Women's work, and was officially opened Wednesday.

This project will represent an appropriation of \$4,530.80, employing 11 women for a year.

### Announce Engagement At Dinner Party Wednesday Evening

The engagement and approaching marriage of Miss Fannie Belle Graham of this city and Ernest Smith of Carlsbad, N. M., was announced at a dinner party Wednesday night, at which Miss Venita Seely was hostess at the home of her parents, Mr. and Mrs. Ed Seely, 717 Littlefield Drive.

The unique placecards, which were miniature grooms and brides, announced the wedding date as of Sunday, December 22, at Littlefield.

The bride to be has been a resident of Littlefield for number of years, and is one of the most popular among the younger set of this city. She is the daughter of Mr. and Mrs. C. B. Graham.

Guests at the dinner party were: Mesdames J. G. Singer, Jim Davenport, Ed Graham, Ray Sutteth, J. C. Hawthorn, J. B. DuBose, L. B. Stone, Raymond Erwin, Glynn Simmons, J. L. Walraven, B. F. Nanny, Mich Ratliff, Beaman Phillips, Joe Walters, and Misses Doris Legg, Joe Flemister, Babe Hukill, Inez Jackson, Mary Duncan, Katie Lena Carey, Roberta Walraven, Edith Ratliff, Butsy Ratliff, Sonny McNutt and Maurine Irvin.

### Cats Win Over Amherst Gridsters Friday Afternoon

The Wildcats of Littlefield High School went to Amherst last Friday and defeated those boys by the score of 26-0. Hoping to get into the championship playoff in the event of Levelland defeating Olton, Coach Sanders did not play boys which had already been in 9 games as they are allowed to play only 10 games in one season.

However Levelland disappointed everyone excepting Olton, of course, and the Wildcats are ending their football season by attempting to get a post-season game with some team.

Several members of the squad will not be present next year when the roll is called at football practice. The Wildcats will be seriously hurt by graduation.

W. H. Badger, manager of the Yellow House Land Co., will return to Littlefield next week. He has been transacting business in Austin and South Texas for several weeks.

time during Thanksgiving week. The Indians play Tatum, New Mexico in a non-conference game in Morton November 22. This is a return engagement, Morton winning the first game 19-0 in Tatum in an early season encounter.

### Kitties Win First Basketball Game

Fighting a very hard game, the Littlefield High school Kitties won their first basketball game of the season, by a score of 36-34. The game was played in the local gym Wednesday night, November 27, against the Sudan High school Hornets.

Leading all the way up until the last quarter, the Kitties then fell one point behind in the last period, but managed to struggle ahead in time to save the game just before the final whistle.

### CATS TO OPEN BASKETBALL SEASON

Littlefield high school boys' ball team will play their first game in the 1935 season Friday night they meet the Anton high team in the local gym. A return match will be played the teams at Anton Tuesday.

## HOME MEETING

A business meeting of the members of the home room voted to buy a new room for room ten. The room to be raised by a donation from each member. Geoertz had charge of the weekly program. Club program given by Elsie Henson. "Case Dismissed", was read by Dell Barton, and Bennie Dunn led the group in the reading of a number of songs.

## SCHOOL RESIGNS SUPERINTENDENCY

Hanes, principal of grammar school has resigned to take place as superintendent of Littlefield Schools. Hanes, who has been principal of the grammar school the past year, was superintendent at Littlefield for six years, before coming to Littlefield. He is leaving the student body and faculty very sorry to see him leave, but they wish him many new friends and success in Bernleigh.

## VISITORS DAY WELL ATTENDED IN PRIMARY SCHOOL

More than sixty patrons registered in primary school on visitors day which was Wednesday, November 13. Parents were quite pleased with the quality of the work on display and of the general school conditions throughout the entire school. Plans are being made to designate certain days throughout the year as special visitors days and on those particular occasions those inspect the school. Every patron is welcome, however, to visit any time that is most convenient.

## THIRD GRADE NEWS

Miss Rutherford's third grade room has organized a citizenship club. The purpose of the club is to help us become better citizens. The president is Edgar McCallis, the vice president is Nellie Carter, and the secretary is Raymond Ferguson. Other officers are Mark Walraven, Jr., Lorene Stripe, Stanley Smith, Gertie Lee McGann, Dan Denton, Betty Joe Pinkerton, and Billy Rob-

ertson. We have elected a host and hostess for our room. Their names are Mark Walraven, Jr., and Modena Hutson, and their duty is to welcome visitors and new pupils. Our new pupil is J. R. Chamberlain. He came from Haskell.

We have made two new book-cases for our room. Edgar McCallis and Carl Filler painted one, and Raymond Ferguson and Dan Denton painted the other.

We had a visitation day, Wednesday, November 13. Six mothers came to P. T. A.

We had a candy sale Friday Nov. 15. We are going to use the money to pay for the paint that we bought for our book-cases.

Next week we are going to start our study of cotton and cotton gins.

Our room has deposited 55 cents in the bank. We have spent 50 cents which leaves us 5 cents.

## THE DRAMATICS CLUB

Plans for the production of the play "Detour Ahead" were discussed at the last meeting of the dramatic club, which is sponsored by Miss Mary Perkins.

After a short business meeting a very interesting program was given that consisted of a song by Katherine Hulse. Poem by Mildred Smith. Songs by Mattie Henderson and Claudine Campbell. A talk on dramatics by Joyce Griffin and jokes by Junita Chaney.

## Court Rules on Wet Precincts in Dry Counties

The state supreme court has held that a wet precinct was not permitted in a county which had voted dry by local option, according to an Austin dispatch to the Lubbock Journal.

"The court determined a policy in decisions on two cases involving construction of the local option clause in the 1933 constitutional amendment legalizing sale of 3.2 per cent beer," says the dispatch.

Judge S. H. German of the commission of appeals, who wrote both opinions, held:

"Local option within a county as a whole cannot be repealed by piecemeal."

Littlefield, Amherst, and Sudan, in Lamb County, Crosbyton, Brownfield, and Plainview have permitted sale of 3-2 beer. All are in counties which as a whole have voted dry, says the Journal.

County judges of Lamb, Terry and Hale counties told the Evening Journal that on the face of Associated Press reports of the court ruling beer seemingly had been outlawed in the five towns. They will study the ruling as soon as it is available to determine officially the status of the cities.

A petition is being circulated in Littlefield asking the city commissioners to order an election so that the voters may pass on the question of the sale of liquor in this city.

## Garden Theater Installs RCA Sound System

Formal opening of the Garden theater at Sudan, immediately following the installation of the RCA High Fidelity Sound System, and the carrying out of many other improvements, including the complete redecorating of the interior, will take place tonight. The RCA sound system is declared to be of the very highest type, and is the same as used in the Palace and Ritz theatres in this city. New treatment of the interior includes new wall lights and new rugs.

Wiring of the installation of the sound system was done by Homer Baker, who is connected with the Palace and Ritz theaters in this city. The equipment was installed by a representative of the RCA factory.

The Garden Theatre is owned and operated by Mr. and Mrs. G. W. Chesher, who have been in charge of the business since they moved from Littlefield in 1928. This theater was opened in May, 1925, by A. C. and W. J. Chesher of this city, sons of Mr. and Mrs. G. W. Chesher.

The feature picture for tonight will be "The Case of the Lucky Legs," starring Warren William and Patricia Ellis.

Today is the 40th wedding anniversary of Mr. and Mrs. G. W. Chesher. They were married in Henrietta, Clay county, 40 years ago today. A very large number of friends will wish Mr. and Mrs. Chesher many, many more years of happiness together.

### FIRST AIDS GIVEN BY P. T. A.

P. T. A. furnished both grammar school and high school with a first aid kit. This kit will enable minor injuries to be taken care of properly. Since the students live some distance it is especially necessary that some measure be taken to care for the situation.

### TEACHERS COMPLIMENTED AT THEATRE PARTY

Mr. W. J. Chesher, manager of the Palace and Ritz theatres, complimented the entire school faculty with a theatre party last Friday evening, November 22.

The entertainment of teachers has become an annual habit with Mr. Chesher, much to the enjoyment and gratification of all the faculty members.

### JOKES

Mr. Jones: "Charles, why were you late with that exam paper?"  
 Charles: "Oley wouldn't speak loud enough."

Miss Cooper, in speech class: "Clinton, how do you obtain a good posture?"

Clinton, a farm boy: "Keep the cows off of it and let the grass grow."

Edwin: "You're the first girl I ever met whom I loved with all my heart, soul, and mind."

Dorothy: "Oh, yeah!"  
 Edwin: "Well, skip it, you're the first that ever doubted it."

## Ford Enters New Field With Lincoln-Zephyr V-12

The V-12 Lincoln-Zephyr, product of the combined resources of Ford and Lincoln and newest entry in the medium-price field, is announced. Its exterior appearance and engineering design are considerably advanced, principles being utilized which have never before been put into actual motor car production.

It is the most completely streamlined car ever built in production on the American continent to have no orthodox chassis or chassis frame.

The car comprises an all-steel "bridge truss" body of extraordinary strength in which the engine is mounted and to which the running gear is attached. Its body design is like that of the new streamlined trains.

Two-door and four-door sedan types are offered initially. Center of gravity is unusually low. Center poise spring suspension is used. The wheelbase is 122 inches, spring-

base 133 inches. The Lincoln-built is rated at 110 horse-power. Transmission has quiet, helical gears in all speeds.

The floor of the car is at curb level. There are no conventional running boards.

The Lincoln-Zephyr is handled through the Lubbock Auto Co., Lincoln dealers for this territory, with the Hall Motor Co. as local sales representatives.

The proper treatment for a bilious child

ANY mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

### REV. A. A. BRIAN SPEAKS ASSEMBLY

"Seeking the Treasure of Life," was the subject used by Rev. A. A. Brian, pastor of the First Baptist church, in a talk before the student assembly recently.

Students were warned to seek the treasure of life diligently and not rightly evaluate such a gem when discovered. Man sometimes spends a lifetime in search of a coveted treasure only to discover all too late that he has trampled under foot that for which he had been searching, the speaker declared. In conclusion students were admonished to

heed the voice of the Master Teacher when he said "seek and ye shall find; knock and it shall be opened unto you."

## An OVER-DRIVE for Your FORD V-8

SAVE FUEL! SAVE YOUR MOTOR!  
 WITH THIS NEW TWO-SPEED AXLE!

Drop in today and let us explain the advantages of having this new two-speed axle installed in your Ford V-8! Let us explain how it will increase economy, decrease wear, and afford a new phase of performance.

With the use of the two-speed axle it reduces the number of revolutions without reducing car speed. This means with 60-mile-an-hour car-speed your engine speed is only 43-miles-an-hour. In other words, the regular V-8 engine turns 4.11 times while the wheels turn once — and with this new two-speed axle the engine turns only 2.94 times while the wheels turn once.

## HERE'S TRUE ECONOMY

Says the *Cosden Traffic Cop*

Whether you believe it or not, a high anti-knock gasoline is the MOST ECONOMICAL fuel you can use in your car or truck.

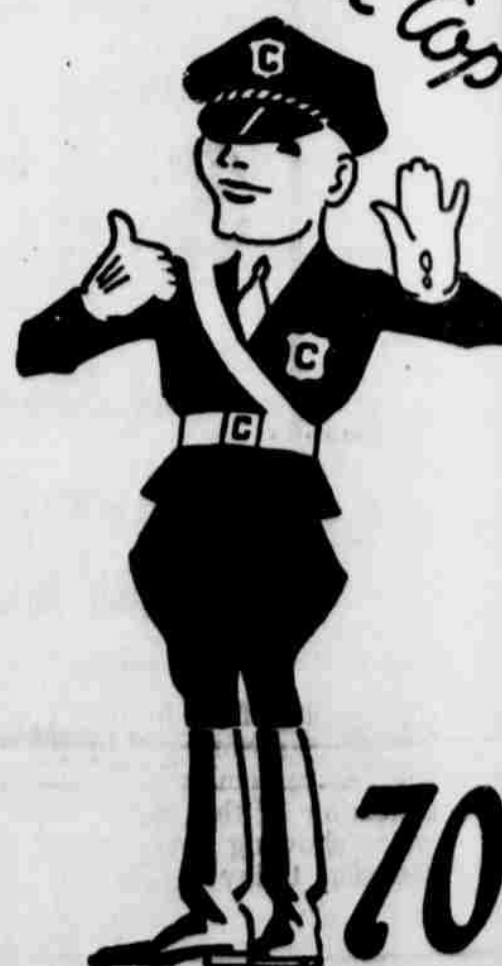

True, the first cost may be a few cents more... BUT when you consider the wear and tear on your cylinders... slow pick-up... carbonized spark-plugs... loss of power and miles per gallon... an anti-knock gas will really SAVE YOU MONEY.

And the PEER of anti-knock gasolines... the gasoline that is refined to 70 OCTANE rating without the use of any adulterants or artificial stimulants is COSDEN HIGHER OCTANE GASOLINE

Watch for the *Cosden Traffic Cop* and the **COSDEN HIGHER OCTANE** sign... drive in and fill up the tank today and you'll really experience "true economy" in motor fuel.

### The Cosden Traffic Cop sez:

Watch railroad crossings carefully—remember, any time may be train time and the right-of-way belongs to the train—DON'T TRY TO BEAT THE TRAIN TO THE CROSSING—you can lose this sort of a race only once.

### Truck Line Asks Permit For Six Days Service

Johnny Graham, operator of the Graham Truck Line, and Clyde Calhoun, attorney of Amarillo, were in Littlefield last week in the interest of giving Littlefield and the other towns and communities on the Graham Truck route a six day service. Mr. Graham is petitioning the State Highway Commission asking that his present permit for a three day a week service be reviewed to read that he be permitted full six day service between the points on his present route and Amarillo. A number of local merchants were interviewed, who expressed their willingness to cooperate with Mr. Graham.

### MEDICAL TOPICS

#### HIPPOCRATES

Hippocrates is called the father of medicine. He was the first real physician; up until his time the treatment of disease was shrouded in superstition. Charms were used by the priests to drive out the evil spirits that were thought to cause disease.

Hippocrates taught that sickness had a physical basis such as excessive food and drink, lack of proper sunshine, rest, etc. For many centuries, doctors have endeavored to find the cause and cure for disease. In many instances this has been accomplished. There are some diseases, however, for which neither the cause nor the cure has been found; nevertheless, following the suggestions of the first physician who lived four hundred years B. C. to avoid over eating and drinking and get plenty of rest and sunshine will be conducive to health and happiness.

### Find Out

Your Doctor "Pain" Remedy Take Is Safe.

Trust Your Family's Being to Unknown Preparations

Do you take any preparations you don't know all about, relief of headaches; or the rheumatism, neuritis or ask your doctor what he says about it — in comparison with Bayer Aspirin.

Do this because, before the discovery of Bayer Aspirin, most "pain" remedies were administered by physicians as being harmful to the stomach; or, often, for the stomach. And the discovery of Bayer Aspirin largely changed medical practice.

Thousands of people have taken Bayer Aspirin year after year without ill effect, have proved that the medical findings in its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the finest medicines ever discovered for the relief of all common pains and all common ailments and is safe for the average person to use regularly.

Do not get real Bayer Aspirin at drug stores — simply by never buying it by the name "aspirin" but always saying BAYER ASPIRIN when you buy.

# THANK YOU, AMERICA,

## for more than a Million cars in 1935

This year Chevrolet has two very good reasons for saying, "Thank you, America."

One reason is that people have bought so many Chevrolet cars that production for the year will reach 1,040,000.

And the other reason is that they have placed a record number of orders for new

1936 Chevrolets during the first few weeks they have been on display.

Chevrolet is indeed happy to say, "Thank you, America," and to pledge continued adherence to the manufacturing and service policies which have won and held the friendship of the nation.

RED CROSS ROLL CALL UNDERWAY HERE; MAKING COMPLETE CANVASS

At a meeting called at the office of Dr. Ira Woods, County Chairman, Tuesday afternoon, plans were made for the annual Red Cross Roll Call here.

A committee was appointed to direct the membership drive, and the city divided into five sections for the purpose of making a complete canvass.

This committee was composed of Morris Morgan, Sam Batton, Jimmie Brittain, W. D. T. Storey, J. W. Keithley and A. B. Sanders, who appointed sub-committees to assist in the work, and the campaign got underway Tuesday afternoon. It is expected to be fully completed by the end of this week.

Will Rogers—

(Continued from page 1)

Thursday night, at which was selected a local executive committee to conduct the campaign in Littlefield and vicinity. Members of this committee are J. W. Keithley, Man-cil Hall, A. B. Sanders, Dr. Ira Woods, G. M. Shaw, Morley B. Drake, J. A. Price, J. O. Garlington and F. O. Boles.

Mr. Chesher and Mr. Shaw Friday visited the various cities and communities in Lamb County, and appointed sub-committees, who are in charge of their particular town or district.

Committees appointed were: Field-ton, Chairman, L. A. Wells, Supt. of Schools; Spade, J. D. Webster, Supt. of Schools; Hart's Camp, Clif-ton Patterson, Supt. of Schools; Earth and Spring Lake, Chairman, Supt. M. J. Weaver, and Marshall Kelly and Mr. Parrish; Olton, Supt. H. P. Webb, Chairman, and Guy Willis, C. E. Bly, Jack Silcott and W. R. Scott; Amherst, Bill Rowan, Chairman, and Rogers Willett, Frank Rogers, Mrs. Lester LaGrange, and Walter Dufraim; Sudan, Joe Salem, Chairman, and Clyde Barron, Mrs. L. E. Slate and G. W. Chesher.

Mr. Chesher and Mr. Shaw, en-route to Olton, called on the Mashed-O Ranch, and interviewed Ewing Halsell, who promised that the Ranch headquarters would be represented 100 per cent in Lamb County donations. W. D. Gaither at the Ranch was appointed Chairman to allow the boys there to contribute.

Mr. Halsell, who is a member of the National Committee, promised every cooperation in assisting local committees in raising this fund, on account of his friendship for the late Will Rogers, and an effort is being made to have the Centennial Committee install a marker on the Plainview-Muleshoe highway, in front of the Mashed-O Ranch in commemoration of Mr. Rogers.

The First National Bank and Lamb County Leader are acting as depositories for the fund, and any contributions left at either of these establishments will handed over to the proper officials.

The Kelly Drug Store at Earth have agreed to act as a depository for the fund for that section.

According to Mr. Chesher, to assist in the fund, various theatres in the county are putting on benefit shows.

The Palace Theatre is contributing the proceeds of a show the evening of Wednesday, December 4, featuring James Dunn in "Welcome Home."

On Thursday evening, December 5, a benefit program will be run at the Garden Theatre, Sudan, of which G. W. Chesher is manager. The picture featured will be "Silk Hat Kid."

Tuesday and Wednesday evenings, December 3 and 4, the Amherst Theatre will run "Here Comes Cookie" as a benefit show.

On the evenings of the benefit shows there will be open admission, each one being allowed to contribute whatever they wish.

Mr. Chesher stated that Olton and Earth had not decided just how or what method they would

use in raising funds to contribute to the cause.

The Superintendent of the schools in every city and community visited agreed that he would offer an opportunity to each student to contribute to the Will Rogers fund.

Efforts are being made to hold a benefit dance during the week of December 1-7, in each of the cities, Littlefield, Amherst and Sudan.

According to Mr. Chesher, the date for the closing of the campaign was set for November 27, but due to Mr. Chesher's late appointment as chairman, the date has been extended until December 15th, when all moneys will be forwarded to the National Committee.

WPA—

(Continued from page 1)

G. M. Shaw, one of the local committee, thoroughly canvassed the county, calling on all the towns, and communities, and appointing committees in each place, also soliciting the cooperation of the superintendents of the various schools who promised their utmost support.

He also reported that the time of closing the campaign had been extended until December 15.

Dr. Ira Woods reported that he was calling a meeting of his committee for 2 o'clock Tuesday afternoon at his office for the purpose of getting started on the Red Cross Roll Call, which he expected they could complete Wednesday evening.

When asked to report on the school stadium project, Mr. Sanders said the only assurance he had was that the last time he was in Lubbock the officer in charge said he had already asked for the money to be allocated, and that he had sent written request for the money, so that the project could be started, and that if it was not forthcoming he would renew the request.

Mr. Sanders said Monday morning marked the beginning of the school library project, when Mrs. Ellis Bradley, Librarian, had taken over the duties.

Pat Boone stated that the Government setup were signing up workers here; that twelve men had been engaged, and 95 men would be put to work soon, stating he believed the various WPA projects would be underway at an early date.

G. M. Shaw reported on Trades Day, stating that there was a decided increase in business at the Jeffries Mercantile last Saturday over other week ends.

Morris Morgan, on behalf of J. H. Ware Dry Goods, stated that he believed Trades Days a big help to the merchants, and that they should continue, suggesting cooperation on the part of all business establishments in the retaining of Littlefield Trades Days.

Joe Hale reported that a cleanup campaign was being sponsored by the B. & P. W. Club, who would attend the Chamber of Commerce luncheon meeting next Tuesday and make plans for the project.

He also reported that the Commissioners will meet at Olton Monday to hear the citizens of the County discuss the road bond issue, and urged all citizens possible to attend, pointing out that those objecting to it would be there, and if there were not sufficient people in favor of it the County might not get the roads in question.

J. S. Hilliard also pointed out the importance of a large delegation from this section attending the public meeting on the bond issue Monday.

Postmaster W. D. T. Storey reported that the Postoffice was going to be allowed an additional regular clerk, who would be appointed from the Civil Service list of eligibles, who have previously taken examinations; one regular substitute, and possibly a temporary substitute. He stated he expected the appointment

RFC To Provide Funds For 45 Cent Corn Crop Loan

The Reconstruction corporation Monday committed \$100,000,000 to the commodity credit corporation to enable it to make a 45-cent loan on the 1935 corn crop.

Loans will be made only to producers on corn under seal on the farm, who have executed the 1935 corn-hog contract and whose contract has been in force throughout the contract year. Borrowers will be required to agree "to cooperate in any general corn-hog program offered by the secretary of agriculture in 1936 and to sign such agreements as may be put forth by the secretary."

The interest rate to producers will remain at four per cent and the RFC said it was anticipated that most of the paper will be carried by local banks.

The Littlefield Hospital Is Filled To Capacity

Owing to the large number seeking treatment, both medical and surgical, at the Littlefield Hospital, the living quarters of the hospital staff have been converted into hospital rooms, according to Floyd Coffman, Superintendent. The house is now filled to capacity.

Mrs. F. Elliott of Fieldton, who has been in the hospital for the past ten days for treatment, is slightly improved, but is expected to be confined in the institution about another week.

Floyd Youngblood, colored of north of town, who suffered a broken right arm Friday when he fell from a wagon, had his arm put in a cast at the hospital.

Kenneth Staggers of Littlefield underwent an operation for the removal of his tonsils Saturday.

## Sales On Hudsons And Terraplanes Show Increase

Reports of increased sales from the leading cities where automobile shows already have been held show that retail sales for 1936 Hudsons and Terraplanes are running from 2 1-2 to 4 times greater than those reported a year ago, according to W. R. Tracy, vice president in charge of sales of the Hudson Motor Car Company, who has just returned to Detroit from the Chicago Show. "This marked increase in retail orders," stated Mr. Tracy, "is reflected in the stepping up of our production schedule to 33,500 cars for the last quarter of this year, which is 11,000 cars greater than the first three months' shipments of 1935 models.

## Another Roosevelt-Hoover Contest Is Being Predicted

Democratic spokesmen have invited another Roosevelt-Hoover contest for the presidency. Climaxing a week of quickening politics, Chairman Farley and Senator Guffey of Pennsylvania each singled out the former president as symbolizing the major opposition of the Ned Deal. "Bring him on," they said in substance.

Neither referred to the growing indications that a storm is gathering over Mr. Hoover's head in his own party. The Republican leadership has this possibility to contend with, as few now dispute the readiness of Senator Borah of Idaho to carry his opposition to that leadership into the presidential primaries.

## Centennial Projects Are Now Underway

Dallas, Texas, November 27.—Texas, greatest building project for 1935 and 1936 is now well under way at Centennial Exposition Park with half a dozen major Exposition buildings under construction. Giant steam shovels are ripping up earth, towering pile drivers smash concrete plugs deep into the soil, rumbling tractors, speeding trucks and immense swinging cranes all add their mechanical drive toward the speedy building of the Exposition.

The grounds formerly occupied by the State Fair of Texas are no longer recognizable as the old exhibition site. Every roadway and sidewalk has been torn up. Most of the old buildings have been utterly demolished. New steel and concrete structures are rising in their place amid the din of machinery and the rattle of riveting air hammers.

Where 1,200 men are working now, there will be 5,000 by January 1, according to William A. Webb, Exposition Manager. Soaring bank statements reflect the pressure of this additional employment. The boom is expected to extend through the state with the influx of millions of visitors next year who will visit historic shrines and places of interest throughout Texas.

Building in progress on the Exposition grounds at present totals \$3,000,000. Contracts for \$1,500,000 worth of additional structures will be awarded before the middle of December. Construction work is on schedule and the Texas Centennial Exposition will be ready to open its gates June 6.

## Highway Work Gets Underway At Morton

Grading and erection of drainage structures on highway 34 from Morton west to the New Mexico state line and laying of a caliche base concurrently with road building operations was started Monday. The Cochran county road improvements will be made with the aid of \$48,555 in federal funds, with other money furnished by the sponsors, the state highway department.

## THE TRADITION— Of Thanksgiving

Throughout the development of this nation, tradition has played its part. Advancing frontiers brought our holidays with them — mileposts in an advancing civilization. Among them has been Thanksgiving — a holiday that is really our own. It has contributed in no small measure to the happiness and prosperity of America, and other traditions have contributed equally. Through troubled times — wars and floods and panics — they have been remembered, standing for all that we in this nation hold dear. They are worth keeping, and guarding carefully — time tested traditions that can still serve us well.

We, of the South Plains, are especially thankful for the better crops — the greatly improved financial condition of this section of the country and the entire nation — the progress and development which is taking place in this part of the state.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may appear in the columns of the Lamb County Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

## RECOVERY ON THE WAY

President Roosevelt's first words on landing at Charleston after his long cruise were: "We are on our way back."

There is a great deal in the record of business conditions to back up that statement. Compared with the time of his return from Hawaii in 1934, business is certainly better. Carloadings, always regarded as an excellent index of business activity, are nearly 25 per cent greater. The stock market average price of the 50 best stocks was \$110 a share when he landed at Charleston, as against \$79 a share the year before, when he got back from Hawaii. The excellent general business index compiled by The New York Times stood at 88.8, as compared with 79.8 a year ago. Industrial employment has increased; as, of course, it was bound to do with improvement in business conditions. On the whole, the President's statement that "we are on our way back" seems entirely accurate.

Mr. Roosevelt amplified his statement by adding "We are coming back solidly because we planned it that way, and don't let anybody tell you differently." Nevertheless, conceding the fact that business is better, the Opposition is sure to contend that it would be lots better than it is, if it had not been for plans emanating from Washington.

Here we have an example of one of those differences of opinion, without which, as Mark Twain remarked, there would be no horse races.

## COMMON SENSE FROM MR. FORD

Whenever Henry Ford can be induced to comment on public affairs, he usually says something that reeks with sound common sense. To an interviewer the other day, who had suggested that economic affairs are out of gear, Mr. Ford replied:

"How long has it been since everything was all right? In what year was everything working perfectly, or pretty nearly so?"

A great deal of loose thinking and loose talking about the condition of the world and of our own section of it seems to be based upon the false and foolish notion that it was not so very long ago that everything was perfect. Everybody had a job with good wages, all businesses were prosperous, all banks were sound, all brokers were honest, crime was practically unknown and all the farmers were making money and keeping out of debt! Then something, perhaps manipulated from Wall Street, happened, to throw the whole economic system into chaos.

That is about the way a great many people look at present conditions. They think they were brought about by some malignant outside force. It does not take a long memory or more than ordinary common sense to realize that that point of view is utterly absurd. As Mr. Ford put it:

"We always imagine ourselves to be the poor innocent victims; we seldom think of ourselves as part of the guilty cause."

Try thinking that over for a while.

We are endeavoring to get every department of our Worship to running smoothly and gaining ground rapidly. Every member of the Sunday School and B. T. U. is urgently requested to "push up a bit" and be on time. Plan to attend every ser-

vice of the church and find yourself receiving the special blessings certain to come.

### MONDAY, DEC. 2—

W. M. S. Circles—2:30. Circles will meet at the church in the Foreign Mission Week of Prayer, preparatory for the Lottie Moon Christmas offering. Services will be held every afternoon, except Wednesday, through Friday. A joint service with the Prayer Meeting will be held Wednesday evening and a special program will be given by the men of the church. Extensive preparations are being made and an unusual week of work is expected to come to pass. Help make it so!

### Worker's Conference To Be Held Nov. 26

The Worker's Conference of the West Plains Association met with the First Baptist church of Amherst, Tuesday, November 26. The attendance was large and a program unusually good. No subject was given the speakers, and each was left to his own selection and leadership.

Rev. Rex Ray, a returned Missionary from China was the principal speaker and brought some messages packed with information and interest to the folk assembled. A Young Ladies quartet from Wayland College gave several splendid messages in song, in fact it was all good and more of our people should get the habit of attending these fine inspirational meetings.

The pastor and his people at Amherst entertained the visitors in a most hospitable way, proving how it could be done in the old time western way.

Those from the First Baptist church attending included; the pastor and wife, Mrs. Acree Barton, Mrs. Viggo Peterson, Rev. Jackson, Rev. and Mrs. O. L. Oldham, Mr. and Mrs. O. S. Sullivan, Mr. and Mrs. Sterling Sullivan, Mrs. W. E. Heathman, Mrs. Homer Sewell, and Mrs. R. T. Badger. The next meeting will be held with the First Baptist church of Sudan, Tuesday after the fourth Sunday in January.

### Divorce Court Murder—

(Continued from Story Page)

But I've also brought his fingerprints to compare with those on file. You take the men's fingerprints, I believe?"

"Oh, yes, that is included in the description." Mr. Roche extended his hand. "Give them to me and I'll arrange to have the record examined now."

"And what about photographs?" Rankin spoke a bit anxiously. "Have you pictures of your men as well?"

The secretary shook his head. "We don't take them as a regular part of the enlistment process. But whenever recruits have to undergo a preliminary training, they are usually photographed in training camp, and their pictures put in their record book. There is a space for it."

The detective produced the data he brought from Fort Wayne; and quickly scribbling a few notes, Mr. Roche rang a bell on his desk. To the orderly who answered it he passed

Rankin produced the data he brought from Fort Wayne.

ed both the papers and the message. He was gone for more than a half hour, fraught for Rankin with intense suspense and anxiety. He had no other workable clue to Dennis' trail; so much depended on his uncovering facts about him in one of the two military divisions.

He sighed in secret relief when the orderly returned with more papers than he had taken with him.

"There were several Fred Dennises in the files, sir," the man reported briskly, "but none of them answers the description of the chap you're after. On the other hand, I've also had the prints traced from their general pattern; Mr. Gorgas, in the Bureau, says they fit some one named Steve Harmon. So I've brought his record along."

Mr. Roche waved his hand. "Good, Carson. Put them down on the desk, and thank you."

He waited until the orderly left the office before inspecting the record with Rankin.

"Steve Harmon," he read aloud, "age twenty-two, height six feet one inch, eyes blue, weight a hundred seventy, thin, broad-shouldered, hair dark — that appears to fit your description. I suppose there's no danger some one else has similar prints."

"Not a chance in ten million of their being duplicated," Rankin asserted. He bent over the ink marks intently. "Yes, these agree exactly with those the authorities have, he pointed out, "those lines and that broken curve. And note the ovals along the upper ridge."

"Well, here is his complete history." The secretary opened a pamphlet and turned its pages. "He enlisted in April, nineteen-twenty-five, at San Antonio, Texas, and was sent for preliminary training to the San Diego Marine Barracks. Has no family ties or responsibilities. Was assigned to the U. S. S. Wyoming in June — Hmm, he was a pretty poor specimen of a marine and needed plenty of disciplining. Insubordination, A. W. O. L. and petty thieving of clothes; he was leniently let off with a month in the brig. And he ended by deserting in October."

### GOSPEL PROGRAM GREATLY FAVORED

The "Littlefield Gospel Crusaders" who are heard each Sunday, from one to two o'clock, over KFYO, are eliciting an unusual amount of interest and favorable comment among radio listeners of all denominations in and around Littlefield.

Evangelist Jno. R. Denning, under whose direction these programs are presented, is receiving cards and letters of appreciation and blessing, as well as inquiries concerning salvation, from every quarter of the Plains, and into East New Mexico.

The quaint presentation of the songs, and the convincing manner in which the Evangelist delivers his messages, are truly remindful of the old "Brush Arbor" days.

## THE VERY LATEST

Designs in Sizes: 14, 16, 18, 20; 32, 34, 36, 38, 40 and 42. Size 16 requires 1 5-8 yards of 54 inch material for packet and 1 3-4 yards for skirt.

### TWO-PIECE DRESS

Patterns 8630—A casual, comfortable two-piece wool frock for these brisk days of fall is something every woman needs, whatever her age, occupation or state of mind.

We are presenting the model sketched as one which will be perfect for the street; smart, serviceable, sporting and casual.

The separate blouse is sufficiently like a jacket so that one can wear a little soft shirt waist under it, and remove the jacket at will. But worn with a scarf, the costume is complete.

Your color combinations can be very intriguing.

## SUNNYDALE

Our entire community is grieved over the death of the beautiful little baby girl of Mr. and Mrs. Forrest Powell, which occurred on last Wednesday night.

Interment was made in Littlefield cemetery where Rev. A. A. Bryan, pastor of the Littlefield Baptist church conducted the funeral services. Bring beautiful words of consolation to the relatives and friends of this fine young father and mother. Song services was under the auspices of Sunnydale community.

Heaven is nearer and dearer to each of us, because of the passing of this sweet little one, "budded on earth to bloom in Heaven," and we are sure that the bereaved father and mother feel a much greater interest in the Heavenly Home since their lovely little babe is there awaiting their coming.

We extend our very deepest love, prayers and sympathy for the bereaved and commend them to Him who "comforts when all else fails, Jesus blessed Jesus" and who said, "I go to prepare a place for you—and will come again and receive you unto Myself—That where I am, there ye may be also."

Written by their friends; Mrs. C. E. Toney and Mrs. H. C. Brown of Sunnydale, Texas.

## SUDAN 4-H GIRL PRODUCES 373 LB OF VEGETABLES

The contribution made to a demonstration club by Mr. Jim pleton, father of Oleta Templeton, garden demonstrator of the 4-H club, played a very important part in the development of the demonstration.

The garden spot had been rolling to water successfully, when Oleta became demonstrator her father leveled the garden and all of it could be irrigated. To supply a sufficient amount of water to the most remote corner overhead tank was erected. Water was piped into the garden and was also piped into the house yard. Mr. Templeton did not provide a means of raising garden but dug the cellar and put in plenty of shelves to accommodate the products to be used from the garden.

With all this help Oleta by most of the planting and hoeing self and helping with all the tilling, produced 373 pounds of tables, used fresh and 297 cans, besides furnishing her perhaps one-third that amount canning.

# Co-Operation--

At this, Thanksgiving Time, we pause to consider the accomplishments of our own section of the country and that of our nation.

Underlying all our progress, we find that CO-OPERATION has been by far the most important factor.

Knowing full well what may be accomplished by co-operative effort, farmers in all parts of the country have engaged in a variety of co-operative programs for the good of each and for the good of all.

The Littlefield Farmers Co-Operative Gin represents the latest program of the farmers of this section for the good of each and for their mutual good.

We, of the Co-Operative Gin, wish at this time to especially thank our members and non-members for their splendid co-operation in the program which we are co-operatively carrying out.
