

The excitement of Yuletide festivities in Littlefield will be in full swing here Friday and Saturday with the annual Stock-In Festival staged by downtown merchants.

To top it off and make it more exciting for the children, old Santa Claus himself will be on the streets and in the stores from 9:30 a.m. to 5 p.m. both days to pass out candy and goodies and find out what each youngster wants for Christmas.

Santa urges all parents to bring their children to downtown Littlefield where Christmas items and bargains galore will be in dazzling array during the festival.

More sparkle and glitter than ever before will dazzle the eyes of the public as the large assortment of new Christmas decorations on downtown streets greets their eyes. The lights are scheduled to be returned on tonight and will remain to light the holiday season until early January.

Christmas music will fill the air during the gala festival, adding to the mood of seasonal gaiety. The children will be able to interview Santa Claus and tell him of their wishes in a beautiful Christmas setting.

To add further to the seemingly endless plans to make the city more beautiful for the Yuletide season, a window decoration program will get underway soon.

Seven organizations have signed up to decorate the windows which should add additional beauty to the holiday decor.

Those merchants with bargains advertised in the special stock-in section of today's edition of the Leader-News includes:

A&B Office Supply, Anthony's, Bill's Boot Shop, Bill Smith Electric, Chisholm Floral and Cox Furniture and Appliance.

Also Fields Cleaners and Men's Store, Flindley Jewelry, Hart-Thaxton Hardware, H&M Fabrics, J. C. Penney Co., Kirby's Shoes, McAnally Jewelry Co., Mode O' Day, Moss Shoes and Newton's Ladies Apparel.

Also Norma's, Perry Bros., Pratt Jewelry, Roden Drug, E. C. Rodgers Furniture, Ware's Dept. Store, Western Auto Store and Wright Prescription Drugs.

### Quota Referendum Ballots Going Out

Reaction in Lamb County to the 1969 cotton program recently announced by the U.S. Department of Agriculture is running very near to 95 percent in favor, according to one official here.

L. D. Aten, office manager of the ASCS office in Littlefield, stated Monday that an overwhelming majority of area farmers contacted had welcomed the increased production allowance in the program.

He also expects a favorable vote on the quota referendum ballots he is readying for mailing to county cotton farmers.

The ballots number 5,400 and are for the purpose of determining whether or not the cotton producers of the county want the quota system to continue. They have always voted heavily in favor of the system since it was first put to the vote in 1953, Aten said.

Reason for the large number of ballots is that both husband and wife vote, thus doubling the number of farms represented.

The big question now, and one which is causing a great deal of discussion, is how much cotton will be planted in Lamb county in 1969.

The consensus appears to be that between 85 and 93 percent of the allotted acres will be planted next year. This, admittedly, will depend upon a good many factors that can only be determined by time, Aten said.

The question is hard to answer because the 1969 program leaves producers completely free to choose between planting anywhere from 55.5 per cent to 100 per cent of their cotton allotments. It neither encourages nor discourages

plantings above the minimum level.

The only payment included in the program is the price support payment of 14.73 cents per pound on projected yield from the domestic portion (65 per cent) of allotments.

Production from the acreage planted between 65 per cent and 100 per cent of allotments will get no payment but will be eligible for the government loan of 20.25 cents per pound, basis Middling-inch, 3.5 to 4.9 micronaire at average location.

Among the factors that will have to be considered are the availability of land and water, profitability of alternate crops, adverse market conditions at harvest time in 1965, and many others, with perhaps the heaviest influence being exerted by weather condition in the spring.

The reason such a large majority of farmers like the 1969 program better than previous ones is because they will be receiving almost exactly the same payments but can plant 35 percent more cotton, Aten stated.

He foresees, and many producers have made the remark to him, that those with irrigation will probably plant the additional 35 percent as dry land cotton. This will conserve the water supply and will at the same time afford him a reasonable chance of increasing his cash crop with the dry land cotton if the weather should be favorable to the dry land as it was this year.

Everything considered, prospects are looking favorable for a substantially larger cotton crop in the county in 1969.

READING BALLOTS FOR MAILS--L. D. Aten, left, manager of the Agricultural Stabilization and Conservation office in Littlefield, presides over the preparation of over 5,400 quota referendum ballots to be mailed to the cotton producers of the county Friday. The farmers and their wives will use the

ballots to vote for or against the cotton quota program for the county. Aiding Aten in the sorting and addressing of the ballots is J. C. Moreland, center, county performance supervisor and Randy Whitson, right, assistant performance supervisor.

## Local Shoot-Out Planned Against Feathered Bombers

A rooftop shoot-out to repel intruders from the air reminiscent of the battle of Britain reached the planning stage in Littlefield this week.

While no aircraft dropping high explosive bombs are expected, there is a flying menace that, according to citizens with first-hand experience, claim poses a near equal threat.

What is this flying scourge that makes the Red Baron pale by comparison? Well, would you believe pigeons?

That's it folks, pigeons! That seemingly lovely bird when viewed from afar that somehow manages to foul up the local scene far out of proportion to

his seemingly innocuous appearance.

Littlefield city fathers in earnest council Thursday night mapped out a plan of action that should rid the city of this constant threat from the air and make it safe for citizens to walk the streets in daylight again.

So the shoot-out was planned.

In a sand table exercise under command of Field Marshal Chisholm, the tentative plan of operation was outlined by Col. Jim Shearer and concurred in by the joint Chiefs of Staff, Generals McCormick, Harvey, Carmickle and Showell. D-Day was not set immediately but will take place "when all conditions are most favorable to assure our success," the field marshal said.

Of course the entire battle plan cannot be divulged here but, on general terms, it calls for a shooting war on said pigeons. Forces for this barrel-to-bill confrontation will be

LIKE IT'S COLD, MAN--Two hardy souls venture out into the biting cold and first snowfall to hit Littlefield this year. The photo was taken at mid-morning Monday shortly after an authentic "Blue Norther" had struck with icy winds and snow mixed with cold rain. One of them obviously feels the discomfort, but the other evidently came directly from the Yukon territory for all the mind he is paying it.

## Auger Severs Man's Foot

A Pep man was reported in satisfactory condition late Tuesday following loss of a foot in a gin accident Sunday.

Wendel Ray Decker, 28, of Pep, was recovering in the Medical Arts Hospital in Littlefield after losing his left foot in the mishap.

He was reported to have been loading cotton seed when his foot accidentally caught in the auger used in the loading operation.

Leonard Albus, Decker's father-in-law, was working with him at the time and witnessed the accident which took place at approximately 2 p.m. Sunday.

A bus rushed him to the hospital in Littlefield for treatment.

## Eighteen Happy People Free Turkey Winners

The giant free turkey promotion by Littlefield merchants culminated in the drawing Monday that resulted in 18 winners carrying away the big, tasty birds.

The promotion carried on for a two-week period preceding Thanksgiving, by 15 places of business, consisted of registration by an adult for the drawing with any of the participating merchants. No purchases were necessary for the free registration.

It was the second piece of good luck in a week for Mrs. F. H. Barker, who won her turkey at Pratt's Jewelry. At last Saturday's free money drawing in downtown Littlefield, she won \$100.

She was doubly lucky, in that there was no winner of the \$50 drawing the week before and her winnings were doubled.

"These are the first times in my life that I have ever won anything," she said, "but it sure is a good feeling and I hope it keeps up."

The drawing was held on the Monday before Thanksgiving in order to give the winners plenty of time to prepare the bird for the festive dinner.

The winners, together with the business establishment where their names were drawn are as follows:

Mrs. Gay Willis, 106 E. 23rd St., Littlefield, Moss Shoes.

J. T. Owens, Rt. 1, Littlefield, Western Auto.

Mrs. Norma Haltkamp, 721 W. 3rd St., Littlefield, H&M Fabrics.

Mrs. L. C. McFrazier, 1609 Irvin, Littlefield, J. C. Penney Co.

Pauline Vaughn, Box 162, Amherst, West Drug.

Mrs. F. H. Barker, 707 E. 16th St., Littlefield, Pratt's Jewelry.

Opal Pierce, 215 E. 15th St., Littlefield, Newton's.

Mrs. Paul Hyatt, 205 E. 13th St., Littlefield, Connell's Office Supply.

Mrs. W. E. Savage, Rt. 1, Littlefield, Anthony's.

Frank Simmacher, Box 7, Pep, Bennett's Firestone.

Levi J. Coble, 711 E. 15th, Littlefield, John Nail Studio.

Mrs. Jessie Condren, 305 E. 8th, Littlefield, Kirby Shoes.

Halley Rodriguez, Cotton Center, Buster's Grocery.

W. D. Hall, P. O. Box 735, Littlefield, Foust Food.

Mrs. Lloyd Champion, 1205 W. 4th St., Littlefield, Pioneer Supermarket.

Mrs. W. V. Douglas, 321 E. 20th St., Littlefield, Fields Men's Store.

Leroy Mansfield, Rt. 1, Box 353, Amherst, Dairy Mart.

Y. C. Holmes, 147 N. Wicker, Littlefield, Leader-News.

### STARTING TIME, ROUTE CHANGED

## Parade Plans Finalized

Monday in Littlefield will continue the holiday season festivities that will have begun with the Stock-In Festival Friday and Saturday. That is the day of the big Christmas parade.

Several more entries have swelled the list of floats to where a giant-size spectacle is assured. Confirmations have been received by the sponsoring Chamber of Commerce on many bands and other organizations from over the area.

Time and route of the parade have been changed to more nearly conform to school hours and to increase the distance of the

route to avoid crowding of the participating units.

At the request of Paul I. Jones, superintendent of schools, the time of the parade was changed from 3 p.m. to 3:30 p.m. This will not conflict with the schools as much as the earlier time and will enable more school children to view the parade.

The route of march of the parade has now been definitely set. The participating units will assemble at approximately 3 p.m. on S. Phelps Ave. south of the county court house. At 3:30 p.m. the route of march will take them around the court-

house and north on XIT Dr. to 3rd St.

They will turn right onto 3rd and proceed east to LFD Dr., south on LFD to 7th St., west on 7th to Phelps, then north on Phelps to 2nd St. The parade will disassemble in the lot behind the Littlefield Federal Savings and Loan building.

One additional feature of the parade, added this week, is a sally containing Santa Claus, which will bring up the rear of the marchers.

The long weeks of planning appear to be bearing fruit that will result in a gala occasion

## Basket Bids Sought

The Salvation Army will begin taking applications for Christmas baskets on Friday, Nov. 29, it was announced Tuesday. Applications will be taken Monday through Friday from 10 a.m. to 12 noon and 2 to 4 p.m.

### THE ABUNDANT LIFE

#### Maximum Maturity

BY BOB WEAR

AUTHORITIES say that no one is fully mature. Even so, we can attain the maximum maturity of which we are capable.

We can become responsible beings, with all that being responsible embraces. We must be sure to do this.

WE USUALLY THINK of individuals as mature persons after they have reached a certain chronological age.

We know, however, that growing older is no guarantee that we are becoming mature in our behavior.

Maturity is more than this.

IT IS GENERALLY ADMITTED that willingness to accept responsibility is maturity at its best.

It seems evident that many of our personal and social problems are caused by immaturity, by our unwillingness to accept responsibility.

THERE IS WORK TO BE DONE, there are opportunities for service, and there are wrongs that should be made right. We want the work done, we would like to see the service performed, and we are eager for the wrong to be made right.

Many times, however, we are not willing to accept our share of the responsibility.

WE WANT SOMEBODY ELSE to do the work, perform the service and right the wrong. Too many of us are too busy with our own selfish interests, and willing for others to assume the responsibility that we should accept.

Too many of us, in a very immature way, are too selfishly concerned with our own personal interests. We refuse to accept even a reasonable share of responsibility in work and service affecting the common good.

This means that many important needs are not being met, or that they are only partially filled.

MANY OF US ARE LEAVING too many things to other people, or to no one at all. We, the people, must accept the blame for for many of the undesirable situations which plague us today.

Everything about which we know supports the conclusion that general conditions will be no better until all of us accept our of the responsibility for making them better. In our refusal and reluctance to push toward maximum maturity, we are making ourselves part of the problem; and pushing the solution farther beyond reach.

IN THE STATE OF IMMATURETY, we are inclined to be satisfied with pointing out the mistakes of those who are willing to accept responsibility.

There may be justification for pointing out these mistakes, but we must go beyond calling attention to mistakes. We must do what we can to help correct them.

TOO MANY OF US ARE SAYING, "Why don't they do something?" This may point up one of our greatest weaknesses. We should be saying, "Why don't we do something?" Or better, "Let's get busy."

Why should we expect others to do our work, render our service, guard our rights, develop our resources, preserve our heritage or be concerned about our posterity? There is great need for intelligent and courageous action in assuming our full share of responsibility.

EACH ONE OF US CAN MAKE some worthwhile contribution to the certain preservation of the principles and ideals which seem to be slipping away from us.

WE MUST BE MATURE in our thinking, our judgment, our plans and our actions. Nothing less than maximum maturity will enable us to meet the present-day challenges. We must be busy doing our honest best.

## This Is Littlefield

"I will give thanks to the Lord with my whole heart; I will tell of all Thy wonderful deeds. I will be glad and exult in Thee, I will sing praise to Thy name, O Most High." Psalm 9:1-2

As we gather around the Thanksgiving table with our loved ones, we pray that every home in America may be blessed with the good things in life: the enjoyment of material needs, the warmth of family affection, and faith in the Creator from Whom all good things come.

### PAUL HARVEY

## Gamble To Lose

THE COMPULSIVE GAMBLER thinks trying to win. In fact, he is trying to lose. What psychologists have long suspected being confirmed: the gambler wants to lose!

TODAY'S HEALTH, an American Medical Assn. publication, has published a study of the strangest addiction. Because compulsive gambling causes men and women to lose families, steal, fault on bills, risk jobs, pass bad checks, it is categorized as a health menace.

Where there are six million Americans addicted to alcohol, there are an equal number addicted to gambling--and the health effects adversely toll one of our entire population!

ONE WHO HAS NEVER lived without around a helpless alcoholic or a compulsive gambler cannot easily comprehend anguish which such persons suffer and endure.

Dr. Edward Silverberg, Brooklyn psychiatrist, says gambling "consumes the compulsive gambler; nothing less matters, his children, family. He would not go to his daughter's wedding if he could gamble."

Group-therapy sessions suggest a solution. The gambler is convinced he wants to win. He must be made to see that he is actually trying to lose.

PROOF? A compulsive gambler never stops when he is ahead.

A recent book about Wall Street called "The Money Game" offers further evidence that gamblers--even in the stock market--play to lose.

The book cites a specific industrialist, most of us know many like him, who does not buy the rising stock of his own company.

THE HEIR to Avon Products bought much of his stock in that company from Schering, Avon thereafter multiplied in value 10 times over. Schering increased only a fraction as much.

Why did he not leave his money on the table he knew was winning? That, he explained, "was like shooting in a barrel--like making love to a prostitute." He did not want a sure thing.

DR. SILVERBERG would say he wants TO LOSE.

Another familiar for instance: Caribbean islands are populated by American investors who get rich dreaming of a Caribbean island.

Yet, as soon as they get the island, they resume almost daily contact with the stock brokers and are soon again giving full time to the "money game" and hardly any time to the expensive toys they had thought they wanted.

MASS MASOCHISM? Is the gambler trying to punish himself? I don't know. There is no consensus among psychologists.

Also, the compulsive gambler is not to be confused with the 50% of our population who wagers on sporting events or Saturday night bingo, or, indeed, the majority of stock market investors.

But he does describe the popularity of commercial game tables, Mathematics, logic and experience all agree: "You can't win. Yet Americans of large and small estate annually pay \$60 billion to prove it."

Near East, Central and South America, Cuba the Bahamas, and  
more recently to Singapore. The Baker Brothers are well  
known for several hymns and gospel songs they have written and  
composed the music for, and some have been translated into  
several languages.

**School Bus Safety  
Rules Given Drivers**

Ten suggested safety rules  
for unloading and loading school  
buses are being sent to su-  
perintendents across the state by  
the Texas Education Agency.

These safety rules were  
drawn up with one objective;  
to cut the number of accidents  
involving school buses on Tex-  
as city streets and country  
roads.

The need for greater school  
bus safety is underlined by the  
accident statistics, Richard M.  
Cummins, Agency director of  
school transportation, points  
out.

"Four children have already  
been killed this year in accidents  
involving school buses, all of  
them little tots in the first three  
grades," Cummins adds.

School buses were involved  
in a total of 209 accidents dur-  
ing 1967-68, including eight fa-  
talities and 48 injuries, accord-  
ing to Department of Public Safety  
records.

Nearly half a million children  
ride school buses 481,475 miles  
each school day in Texas trav-  
elling along 7,755 routes from  
big city neighborhoods to the  
scattered farms and ranches.  
A total of 399,040 of those daily  
miles are ridden on surfaced  
streets or highways while the  
remaining 82,435 extend along  
dirt roads.

vention in Amarillo, which they  
attended in October.

The meeting was called to  
order by the president, Mrs.  
Gaulbert Demel. Rev. Stanley  
led the opening prayer. Roll  
was called with each member  
answering by the name of their  
favorite saint.

The standing Committees re-  
ported on their projects.

Mrs. Demel read a thank you  
letter from the Children's Home  
in Panhandle, for the donation  
of the Society sent. Also, one  
from Mrs. Paul Albus, in which  
she thanked the ladies for all  
they had done for her during her  
recent illness.

The Christmas party and play  
was discussed, and the date was  
set for the evening of Thursday,  
Dec. 19.

Rev. Stanley thanked the lad-  
ies for the get well cards sent  
him during his recent stay in

OFFICIAL LHS NEWSPAPER

## On Any Given School Day These Office Girls Help

Meet the fourteen bundles of enthusiasm who keep the office going, our LHS office girls. They are Jeneane Huffman, Dona Seay, first period; Gay Nicholas, Beverly Chisholm, second period; Marion Andrews, Peggy Dean, third period; Carla Chambers, LaTonya Dangerfield, fourth period; Mary Hobrartsch, Elaine Tiller, fifth period; Dusty Angel, Candace Porcher, sixth period; and Pat Hinds, Jane Hyatt, seventh period. All of them are Seniors at LHS.

The office girls' jobs consist of answering the telephone, picking up absentee slips and recording them, delivering messages, running errands for Mr. Harris and Mrs. Mangum, typing stencils and letters for the teachers, making announcements if any, putting stamps on letters, and doing odd jobs, such as typing falling lists and schedule cards.

"It's great! I like the work and it's lots of fun," is Jeneane's opinion of being an office girl. Jeneane is a senior of LHS who passes her time by working crossword puzzles and listening to good music. Her favorite food is Mexican food and she picks yellow as her favorite color.

Dona's opinion of being an office girl is, "It's really great! Sometimes we work pretty hard but most of the time we just have a good time." Dona's favorite food is anything and everything, as long as it's eatable. Her pastime is listening to the radio and to her stereo. Blue is Dona's favorite color.

Gay's pastime is riding horses or anything that pertains to horses. She enjoys Mexican food and blue is her favorite color. "It is a good experience and I enjoy working as an office girl," is Gay's opinion of being an office girl.

Just sitting around, talking, and listening to the radio or records is Beverly's pastime. Yellow is her favorite color and she enjoys eating filet mignon at Embers or Mexican food at El Monterrey. Her opinion is "I enjoy working with Mrs. Mangum and helping out if I can. The only bad part is picking up slips out at the Ag building or gym on a cold rainy day."

Marion may be seen in green because this is her favorite color. She likes Mexican food, and enjoys going places and eating. "I really enjoy being an office girl. Mrs. Mangum helps to make the office an enjoyable place in which to work," Marion stated.

"I really enjoy being an office girl. The work is not very hard but I have a feeling of being in a responsible position. I really enjoy working under Mrs. Mangum and Mr. Harris," is Peggy's opinion of being an office girl. She lists music, riding around in her red Chevy, making, and passing senior English as her pastimes. Olive green is her favorite color and she loves charcoaled steak, strawberry shortcake, fried clams, and Mexican food.

Pizza and Mexican food are Carla's choices of food and blue is her favorite color. She lists cooking popcorn balls, listening to Johnny Rivers and the Righteous Brothers, and having a good time as her hobbies. "I enjoy the job. It gives me an opportunity to know what's going on and get to know the faculty of LHS."

"I like being office girl and I enjoy greeting people with a smile, a friendly 'hello', and a friendly 'May I help you'," stated LaTonya. She likes barbecue, spanish food, and her favorite color is hot pink. LaTonya lists listening to records and cooking as her hobbies.

Mary's favorite food is spaghetti and meat balls with garlic bread and her favorite color is baby blue. Her hobbies are waterskiing and just goofing around. "I think being an office girl is fun. Sometimes we wonder if we're going to get everything done, but I really do love it," is Mary's opinion of being an office girl.

Elaine's opinion of being an office girl is, "Working in the office is the most enjoyable class period I have. I love the work I do and it helps me to become acquainted with the school work and the activities connected with it. I have the opportunity of meeting many new people and experiencing many new things. I love the people I work with and spend an enjoyable hour each day in

the office," Elaine's favorite food is Mexican food and blue is her favorite color. Her spare time is spent cooking and going places.

Dusty craves catfish and fried potatoes. She likes any shade of blue and passes her time with horses and anything that concerns them. Her opinion of being an office girl is "I enjoy being an office girl. It gives me a chance to meet many students, and also helps me understand somewhat how an office operates."

"I like it because it has enabled me to see how an office works. I have also learned a great deal about how our school operates," stated Candace when she was asked her opinion of being an office girl. She passes her time by playing the piano, painting, and reading. Her favorite color is blue and she likes all foods.

Pat likes reading a good book. Pink is her favorite color and her favorite food is fried chicken. When asked her opinion of being an office girl she stated, "I love it! I think it's great working in the office isn't all work—we have some fun, too."

Jane's favorite color is pink and she likes anything to eat. Her opinion of the office girl is, "I like it. We really don't have to do very much, so we have plenty of time to do homework or anything else."

## FHA Sponsors Product Sale

The Future Homemakers of America will be selling Stanley products for the next two weeks. This is one of the main money projects of the year. Mrs. Ethel Gregson, who is the Stanley products salesman, has drawn a plan for the purpose of encouraging the FHA girls to sell more products. The girls are working for prizes. There are three prizes to be awarded. The girl with the most amount of products sold will be the winner of the first prize, which is a watch. The girl with the next highest amount of products sold will receive a pair of electric scissors. The next prize is a sewing kit, and it will go to the girl with the third highest amount of prizes sold.

The orders for the Stanley products will be sent in December 2, and the merchandise will be delivered December 11. The girls are working for money for their year's budget by selling other things also. They sell cookbooks, pepper, and vanilla.

One of the main projects that keep the girls going are the merit points. The girls may earn them by attending meetings, working on committees for certain things, or simply carrying out the goals and plans of the organization. The number of merit points earned by the girls to November 22 are:

Tonya Bingham, 358; Kay Burk, 255; Nancy Henson, 154; Rosanne Funk, 108; Pernecia Savage, 107; Joey Batson, 75; Dianne Perkins, 52; Carolyn Lumsden, 50; Cheryl Lasiter, 45; Vicki Wimberly, 30; Vicki Cook, 20; Patricia Sanders, 20; Jackie Sims, 20; Connie Wimberly, 20; Sandra Carter, 10; Gayle Clayton, 10.

The Patsy Lively Chapter will have a Christmas supper December 2. It will be at Mrs. Frances Jones house at 6:30. The supper will be given for anyone who wishes to attend.

HERE ARE FOURTEEN EFFICIENT OFFICE GIRLS who do their best in helping Mr. Harris and Mrs. Mangum. They are Marion Andrews, Candace Porcher, Donna Seay, Peggy Dean, Elaine

Tiller, Mary Hobrartsch, Gay Nicholas, Janie Hyatt, Pat Hinds, LaTonya Dangerfield, Dusty Angel—back row, Carla Chambers, Jeneane Huffman, and Beverly Chisholm.

## AND the BEAT GOES ON \*\*\*

BY DANNY GOWEN

I've lived in Littlefield for a long time now and about all I've heard out of it's citizens are complaints. So I've decided to say a few words in the defense of our town. And the best way to do that is to give an account of the typical day in one of Texas' larger cities.

You wake up about five o'clock to give yourself time to get to work. After gathering your courage you decide to tackle the first joust of the day, you step outside and smell, and take a deep breath of the factory made air. You step out in the yard and challenge your new neighbors to a fight over whose papers are whose. When you return to your breakfast of hot water and instant coffee you find your time is gone and you must hurry to work.

Then comes the second test of the day, the freeway, it's called that because you get a headache free along with traffic tickets and other things. Then finally you're off to your job in upper downtown or lower uptown depending on whether you are a grayheaded old man or grayheaded young man. After facing the first twenty miles of bumper to bumper traffic and the first 2,000 unfriendly oncoming signs, you reach the parking lot only twelve blocks from your office.

After several unfriendly looks from the secretary because you didn't shave this morning you face the third trial of the day, the cafeteria-grab-the-goodies-game. After your feast of cold rare hamburgers you feel like continuing that newspaper you've been reading at work all day. All's quiet on the western front as everyone waits impatiently for five o'clock, then it's time to go home but you have to get your car out of the parking lot building yourself because the parking attendants are all on strike.

Now ask yourself wouldn't you rather live in a town like Littlefield?

## Thirteen Wildcats Hang Up Gear The Last Time

Friday night's game brought to a close the football season of Littlefield High School for 1968-69. For some the game also brought an abrupt halt to their high school football days.

This one fact brings about mixed emotions. Perhaps the first emotion is happiness. One is happy at the thought of not having to go through all that hard work and sweat and blood and go home so tired and sore from practice that he can hardly get up once he's gotten down.

Perhaps the second emotion is sadness. One is sad at the thought of no longer playing a football game for LHS. He can no longer put on that Maroon and White and then go out and play football for this school and these colors. He can no longer feel the pride one gets when he works and sweats together with his teammates in order to attain the goal of victory on a Friday night.

But one can still take pride in the fact that out of those more than seventy boys he started out playing football with in the seventh grade, he is one of the thirteen left. Of those seventy, some have moved, some have had to quit, some have had to work, and others have just lost interest.

These are the ones that made it: Windell Ashley, Roy Bolton, Roy Burk, Dennis Cawthorn, Dennis Chambers, Travis Danford, Jerry Fudge, Harold Lowery, David Perkins, Bruce Timian, Kenneth Twitty, Randy Walker, and Steve Webb.

Roy Burk weighs 155 pounds and played quarterback and safety until his leg was broken. Roy was one of the tri-captains. This was his sixth year of football and his third year on Varsity, where last year he received an All-District Honorable Mention defensive guard. He does not plan to play football in college.

Windell Ashley weighs 158 pounds and played offensive and defensive guard. Last year Windell was an All-District Honorable Mention defensive guard. He was one of this year's tri-captains. This was Windell's second year on Varsity and his

## Bake Sale Nets DE Club Profit

The D. E. students held a bake sale Saturday. There were cakes, cookies, and brownies for sale at various prices. The D. E. members sold their goods in Piggly Wiggly and Furr Foods starting at 8:30 a.m. The members hoped to raise enough money to send delegates to state and to the national contest.

The following students placed their goods at Furr's Food: Lynn Powell, Kay Harp, Carol King, Nancy Downs, Terry Doshier, Debbie Barton, Randy Mitchell, Pam Ward, Sherry Cook, Scarlett Hatley, James Ivey, David Chronister, Rene Klerce, Bobby Wood, Randy Brestrup, and Linda Harlan. The following students placed their's at Piggly Wiggly's: David Sevier, Terry Hobbs, Vicki McKinnton, Rodney Richardson, Brian Noble, Georganne DeBusk, Dan Harrell, Lajuana Witcher, Koleta Giles, Jerry Nipp, Tonya Kelly, Keith Overland, Steve Parker, Randy Aduddell, and Betty Jenkins.

Keith Overland and Betty Jenkins worked at Piggly Wiggly's starting at 8:00 and Scarlett Hatley and Debbie Barton took over at 10:30. Mrs. Joycelyn Henry and David Chronister worked at Furr's Food starting at 8:00 then at 10:30, Sherry Cook and Linda Harlan took their places.

## ATHLETICS IN ACTION

BY ROY BOLTON

Friday night the Littlefield Wildcats ended the 1968-69 football season in winning style, 28-26 victory over the City Wolves.

The Wolves apparently thought that anyone who could play a football game in a low dragon had to be a "whimp."

But the Wolves soon found out as the Wildcats scored a 6-0 deficit to jump to a lead 7-6. And the Cats in the lead the rest of the game.

The Wildcats score a pass from tailback Kenneth Walker, junior end, Steve Owens, junior Walker kicked the point.

The Wildcats defense held the Wolves 37. Holt passed Twitty for a 22 yard Walker kicked the extra point.

Another Wildcat touchdown was set up by a fumble recovery by the Wildcats. Dennis Cawthorn on the 39. Holt passed to Walker screen pass for the six yard extra point attempt blocked.

The next Wildcat score on a one yard plunge over the Wolves 37. Holt passed Twitty for a 22 yard Walker kicked the extra point conversion.

Outstanding defensive was turned in by Harold Lowery, Monte Trotter, David Kins, Windell Ashley, C. Holt, and Randy Walker. Captions were made by W. Danford and Holt.

The Wildcats ended the season with a 3-7 record same as a year ago. Big Colorado City, the W. Downed Lovelland 31-6 and View 49-16.

With the end of the football season comes basketball. Basketball team started out Saturday and have first game tomorrow night at the Littlefield High Gymnasium.

Tip off for the B-team is 6:15 and immediately following will be the Varsity. Let's support the basketball team as much as the football team and don't let up great school spirit.

## Future Teachers Hear Report On Mexico Trip

Mrs. Charles Duval spoke to FTA members on the recent trip to Mexico City. FTA meeting last week.

Dona Seay, chapter president introduced Mrs. Duval, edial reading teacher in Littlefield Primary Schools. Duval, a former SPA teacher, told members of three weeks stay in the city. She commented on the main difference in the Spanish that we learn in school and language that is spoken in Mexico. We speak much more than the native Mexican.

After hearing Mrs. Duval's chapter held a business meeting. Items on the agenda included speech topics for and Miss FTA contests and a pointment of voting date for the district convention held in Olton. Those selected Littlefield's votes: Dona Seay, Jean Keeling, Deane, Judy Diersing, and Oldham.

COACH JAMES DUNCAN and Charlie Holt make plans concerning the basketball season which officially began last Saturday morning when the first practice session was held. The Wildcats will meet to play Tullia in the first game of the season tomorrow night in the High School gym at 7:30 o'clock.

DAVID SEVIER pauses for a moment at the bulletin board in Mrs. James Duncan's room to remind himself of the very first Thanksgiving Day. We all should take time to remember the first Thanksgiving Day.

## Reason We Celebrate Thanksgiving

BY JUANITO SAMANIEGO

We rush, we plan, and we work for the coming of Thanksgiving. We gather all of the decorations, and try to have the most plentiful meal of the year. We try to make everything look extravagantly beautiful. All of our relatives gather at one particular place and there the big meal is shared by everyone. But do we ever stop to think of the real meaning of this nationally celebrated holiday?

Thanksgiving is on the fourth Thursday in November, a day set apart as a legal holiday in the United States in commemoration of and deriving from the harvest of the Pilgrims in 1621. The Pilgrims then gave thanks unto God for the bounteous crops and survival of the colony during the first year of its existence.

The other day I asked a friend of mine if he was going to work on Thanksgiving day. I told him that no one was really supposed to work on Thanksgiving because it was a day to thank

God for everything we had. He replied that he did not have anything to give thanks for. Everyone has something, or more important, someone to thank God for. If it were not for God, we would not have one single thing. I told him that he had a mother, a father, sisters, brothers, and friends, and that was the most important thing. If someone has just one friend, that friend will be that person's greatest asset.

We also need to thank God for the good attitudes that we have toward everything and ask forgiveness for the things which we have not approached in the correct manner. The way we act has much to do with the paths that we take and the manner in which we live our lives.

We stumble, we fall, and we get up again. And who do we have to thank? God, no one else. He helps us through everything. If we stopped to think of all that we have to give thanks for, we would end up with everything.

## Why Say 'Thank You'?

Have you ever taken Thanksgiving seriously? I hope you have at least thought about the fact that Thanksgiving is a holiday with a reason. The word "Thanksgiving" means just exactly what it says; giving thanks for our countless blessings.

Many years ago, long before you or I, long before anyone alive now, a large number of people sat down at an open feast and said, "Thank you, God, for our numerous blessings." Their thanks meant more than most people of today because theirs was unselfish and came from the very depths of their hearts.

The people I speak of above were the Plymouth colonists. The ones attending

the gathering had just barely survived the dreadful winter which preceded these days of prayer and feasting.

Since the first Thanksgiving, the people of America have received many blessings. First was our independence. We have conquered enemies with our strong belief in liberty and freedom. Right now at this very moment, there are men in Viet Nam fighting for our freedom in future years. We should say "thank-you" to these men for their courage to fight for what they believe is good and right.

With our independence came many freedoms, which I consider blessings.

We have the freedom to worship the way we choose. Does it matter to you which way you worship?

We have the freedom of speech. Would it be awful if you could not speak your mind?

We have the freedom to choose our occupation. Would you want someone to say you have to be a writer, so write?

Not!!

Your parents had the freedom to choose the place where they wanted to raise their family.

The younger set of America has free public schools to attend. What would we do without school to entertain us?

Anyone 21 or older has the right to choose our country's leaders. This is a very im-

portant responsibility. Could you face this challenge?

These are only a few of our country's blessings. Let us not only think of our country's blessings, but of blessings which belong to each living person here today.

Each and everyone of us has the gift of life. We all have the chance to try to make America a better place to live. We owe it to everyone to try to do this.

Each of us has the chance to learn something new each day. We should take advantage of the chance and try to better ourselves.

We have it in our power to make people around us happy or sad. This is an extremely delicate gift. Use it very carefully.

We have the right to make friends and to be a friend to anyone of our choice. Try to be a good friend.

I could go on forever, but would you keep reading? Do you really care? I can honestly say that I don't care as much as I should.

I want everything to go right. This is impossible, but if we strive each day for a better life and keep our faith in God strong we can make it.

Sometime before you go to sleep tonight, say "thank you" for your countless blessings.

This course of action decided upon when it was revealed that the usual extermination of the birds would cost in excess of \$100,000 and be guaranteed for a year to 18 months. This is what an extermination firm estimated it would cost to complete a full program to rid the city of the birds. The plan would include baiting, trapping and the repeated application of repellents to keep the population returning and re-building.</p> <p>According to information released by Shearer late in the year a local gun club president had been contacted and is presently organizing the pigeon shoot.</p> <p>It was pointed out that experienced bird shooters had been best time for the operation. When the birds are on the roost, shooters will be on the roofs of downtown buildings under close supervision and allowed to shoot at birds as they can get in sight.</p> <p>"The shoot will be open to the public, but only for organized clubs under strict rules of safety," Shearer said. "The interest of safety and liability," he added.</p> <p>The action to rid the area of the pigeons was with reluctance by the city council, and only after repeated complaints from merchants and private citizens who had experienced difficulties with the birds. Some of the complaints have been writing and some of them have been put very strongly, according to statements made by Mayor and others at the day meeting.</p> <p>So, if you should be in the vicinity of downtown Littlefield some evening soon and hear him popping and banging, do not be alarmed. It is only the local Municipal Pigeon Repelling Unit.</p> <p><b>Shower Stated</b> MISS CONNIE KENZIE, bride-elect of Gary Shaw, will be feted with a bridal shower Wednesday, Dec. 4, at 6 p.m. in the Dewayne home. Friends and relatives are invited to attend.</p>

**OPEN LETTER TO COTTON PRODUCERS**

The Wall Street Journal, in a recent article, stated that one large South Carolina mill is converting from 100% Cotton to polyester-cotton blends. This mill group, which has been using about 20,000 bales of South Plains cotton per year, has gone from 24% blends in 1965, to 60% in 1969.

To you, the producers, who have worked so hard and spent so much to furnish the kind of cotton the market demands, this must be discouraging news.

It Certainly is to us.

Why is this happening? What can be done to slow down the loss of markets for our cotton?

The mills say, it's because of the lack of a stable supply of usable cotton at reasonable prices.

The supply situation can only be solved by realistic legislation, which will allow increased production when the market can absorb it.

We believe you, as producers, have done or doing all you can to produce usable cotton within the limits imposed by Mother Nature.

As to price, we once again urge you to sell for the free, consuming market whenever possible. If a reasonable price is not available, use the Form A loan until the market improves. Form A proved itself last year to be the most valuable mechanism for selling your equities.

BUT SELL IF AT ALL POSSIBLE. KEEP YOUR COTTON MOVING. A BALE SOLD TO AN INDEPENDENT MERCHANT IS A BALE USED, AND THE BEST INSURANCE YOU CAN GET THAT COTTON WILL STILL BE A ROUND NEXT YEAR.

# Hornets Gear For Title Test

Sudan's proud young Hornets will be going for another rung on the state championship ladder Saturday night at Borger, when they tackle the speedy Gruber Grayhounds.

With the kickoff slated for 7 p.m. in Borger's Bulldog Stadium, the Hornets will try to repeat their reign as the champions of Region 1, the title they gained last year by defeating Clarendon 13-8.

Sudan won the right to compete in the regional this year by dumping a much larger club last week in Lubbock. They put down Ralls, champs of District 4-A 20-12 for the bi-district trophy.

Coach Jim Cain told the Leader-News Tuesday evening his club was 100 per cent healthy, including fullback Larry Hanna. The junior workhorse is recovering from a hip pointer that kept him out of last week's contest. When he plays Saturday, he will be in his first

playoff contest. Hanna missed all the post season games in 1967 with a broken leg.

Gruber, coached by Bill Mayfield, brother of former Littlefield mentor Gene, has an 8-2 record for the season. The losses, however, have been to AA clubs, Spearman and Stinnet.

Mayfield formerly coached at Farwell and Plainview before going to the northeastern Panhandle school. His brother is currently coaching a championship club at Odessa Permian.

Coach Cain described the Grayhounds, which he has seen only by means of two game films, as a well-balanced club that is uniform in size and speed. Gruber runs basically from a

Wing T formation with a split end.

"The line moves well and has good speed," he said.

Gruber plays good defense, passes well and has a good running game, Cain described the club when he said it was well balanced.

Friday night, Sudan's scouts will be watching the Region 2 title contest between Sonora and Coahoma, which will be their next opponent, should they be able to get past the Grayhounds.

A large crowd is expected to be at Sudan's field house at 12:30 Saturday afternoon. A giant pep rally is planned prior to the team's departure for Borger at 1 p.m.

SPARK WILDCATS--Littlefield basketball coach James Duncan is shown with his two returning starters, Joe Ross, left, and Roy Burk. The Wildcats open their 1968-69 season Friday night here against Tulla, but without the services of Burk, who is recovering from a leg. The 'Cats also have two more home games before hitting the road. They host Mesquite Saturday and Hereford Tuesday.

**HERE AGAINST TULLA**

## Wildcats To Open Basketball Season

When the Wildcat varsity basketball team tips off in its first game of the season here Friday night against Tulla, only one returning letterman will be on the court.

Hit heavily by graduation last spring, Coach James Duncan's squad actually has two returning starters, Joe Ross and Roy Burk. But Burk is still on crutches from a football injury, and will miss action for a few more weeks.

The two returners were on one of Littlefield's better basketball teams of the past few years, though having only a 10-14 record.

Duncan is seeing that his

squad gets a testing for experience early in the season. He has another game set for here Saturday night, against Morton.

Friday's opener will be preceded by a junior varsity game, starting at 6:15. They will play at the same time Saturday, as well.

Led by Burk, who averaged

10.3 last season, and Ross, average, the Wildcat stars will be chosen from among Hutchins, Gary Nace, Stevens, Charles Carter, Jeff Griffin, Eddie Hickman, Charley Holt.

Hutchins and Nace are tallest of the club, measuring 6-4 and 6-3, respectively, are juniors.

All seven are up from year's junior varsity that four of 19 starts.

Two other seniors who played last year are out this season for the varsity, also. They are Norman Kisner, who stepped for the B team as a sophomore, and Johnny Reese, with no high school experience.

Members of the junior varsity include Steve Maner, Bert Sanchez, Keith Woody, Hill, Windell Horn, L. D. Pat Boone, Phil Chambers, John Tucker.

Burk broke his ankle during the football season playing against Lamesa. The injury was taken from a cast Tuesday but he will be on crutches at least two more weeks. It is not known how long after that he will be in condition to play basketball.

First road game for the Wildcats will not be until Dec. 1 when they enter the three-team Slaton tournament. They will be here next Tuesday before going on the road.

MONTY RODGERS

### Rodgers On Honor Team

Monty Rodgers has been named offensive half-back on the All-District 1-B eight-man football team, according to Otis Summers, head football coach at Witharrai.

Monty is a junior. Five other players were named honorable mention All-District selections.

Terry Rodgers, a senior, received honorable mention offensive and defensive guard and also was chosen as an alternate All-Star.

Loyd Hoelscher was picked honorable mention offensive end. Loyd is a junior student. Wayne Hoelscher, a senior, received honorable mention defensive half-back.

Jim French was picked as honorable mention linebacker. Larry Gage, another junior student, was chosen for honorable mention offensive end.

The 1-B district includes Witharrai, Smyer, Bula, Cotton Center and Three-Way.

## Cotton Bowl Tickets On Line This Week

You can believe Lloyd Pollard and James Walker have been studying this week's football contest well before submitting their final week's entry.

Pollard leads Walker by only three games. The winner is rewarded with two free tickets to the Cotton Bowl's New Year's Day football classic in Dallas.

Walker gained two games on Pollard in last week's judging. He won the weekly cash prize of \$7.50, as he had the best entry, though it had two misses.

Pollard missed four, and now leads 143-140. Maylon Smith has been gaining rapidly on Pollard. He won second place money because of his tie breaker scores, narrowly nosing out third-place Floyce Pierce. Don Hevern of Amherst also had three misses, but he was further off in his score guesses.

Smith now trails by six games. That may sound bad, but have you seen the games to be decided on this final week's contest yet? It could go any way.

One point of interest on last week's contest. Only one entrant gave Littlefield any sort of chance to win, and that was by a prediction of a 20-20 tie. All the others had Littlefield losing to Colorado City.

Twelve-year-old Kenny Sharp was the guesser, and Littlefield won its final game of the season, upsetting the Wolves, 28-26.

## Wolverettes Turkeys, Hams Take Victory Won At Shoot Here Sunday

Springlake-Earth and Hale Center split a tri-feature card Monday night. The OWs winning 46-39 and the Wolverettes 62-52.

Pete McDaniel had 12 points to lead the Class AA Owls, while Eddie Jones was high for the Wolverettes with 14.

All-state Marsha Dawson was the big noise in the girls' game, canning 30 points. Judy Townsend had 23 for Hale Center. Springlake-Earth's girls' B team also won, a 34-32 nudger.

Stacy Carr, Ace Bridwell and Clovis Bridwell were the principal winners in a turkey shoot held at Littlefield Sunday.

Each of the three won two rounds in the shoot and took home either turkeys or hams, according to their tastes.

Other winners of single rounds and their prizes included J. W. Bimler, turkey; Kenny Carr, turkey; John Freeman, ham; and Jenel Haberer, turkey.

Approximately 50 persons participated in the shoot which was sponsored by the Littlefield High School Chapter of the Future Farmers of America.

Approximately \$125 was collected in receipts which will be used to further various FFA projects, Stacy Carr, vice-president and spokesman for the chapter, stated to the Leader-News.

A Christmas turkey shoot will be held in the same location, 1/4 mile west on the Bula highway (FM 34), on Dec. 8, Carr said.

### Olton Wins

Olton's Jan Carson scored 23 of Olton's 39 points as the Blue and White feds bested their hosts, Farwell, who had only 28 counters.

Ellen Herrington had 16 for Farwell.

Olton also won the B game, a 27-22 affair.

PROUD YOUNG HUNTER--David Morehead, 8, grandson of Mr. and Mrs. Virrel Roberts of Littlefield, poses proudly of his first bagged sandhill crane. The Denver City youngster went hunting this past weekend with his grandfather and bagged the big 'un southwest of town.

### THURSDAY AGAINST JAYTON

## Amherst Guns For Bi-District

Amherst's Bulldogs will be shooting for the bi-district title this evening at Lubbock when they take on high-scoring Jayton.

The Bulldogs will be the home team in Lowery Field, and their fans will sit in the west stands. Kickoff is at 7:30 p.m.

Jayton is a big team, according to Amherst Coach Bert Grimes, averaging about 180 pounds per man. Amherst's average is only about 163 pounds.

The District 6-B champions have averaged just under 32 points per contest in amassing their 8-2 season record, and their defense has held their opponents to only 114 points.

In conference play Jayton was undefeated, outscoring Herma-

leigh, Roby, Wilson, Sands and New Home by 215 to 56 points. Last week's title clincher was a 27-6 win over Wilson.

Martin Garcia is Jayton's leading scorer, with 20 touchdowns for 120 points. Three other players are among the conference's top 10 point makers. They are Joe Alvarado, 61, Ricky Hall, 54, and Kim Nichols, 46 points on three touchdowns and 28 extra points.

Jayton runs well from the "I" formation. Not much has been seen of their passing game, as they've not had to use it often.

The Bulldogs, on the other hand, would like a dry field as

much as their turkey dinner for Thanksgiving Day. They count heavily on their passing game to loosen the defense for the runners to break loose.

Amherst's passing game is headed by quarterback Royce McAdams. The senior returning starter at that post does pretty well at scoring, with 94 points to his credit for the season.

McAdams' favorite target is junior end Mickey Johnson, who has scored 61 points on aerials from his play maker.

The Bulldogs, who have scored 237 points while allowing 231 through their 6-4 season, sorely miss 173-pound junior halfback Gary Robinson. He underwent a knee operation, his third, for a calcium formation prior to Amherst's game last week with Whiteface. He's out for the season.

Tommy Kelton, 140-pound senior, has taken Robinson's place on offense, and Rodney Maxfield is kicking off in Robinson's stead.

Other than the injured half carrier, the Bulldogs are in good physical condition, Coach Grimes told the Leader-News Tuesday evening.

The Bulldogs went through District 5-B competition with a 4-1 record, losing only to Meadow. Against conference foes, the 'Dogs' scored 134 points while allowing only 88.

Tickets for Thursday's game, which will be sold only at Lowery Field's gates, are \$2 for adults and \$1 for students.

### Spade Teams Still Winning

Spade varsity basketball teams continued their winning ways Monday night, defeating Class A Crosbyton in a double-header.

The boys nudged the Chiefs by a 38-33 margin, led by Raymond Sewell's 17 points. Phil Morris had 16 for the visitors.

Belinda Thompson's big 45 points, her high for the season, eased the girls' challenge from Crosbyton, and Spade went on to win 74-57. Deborah Brown had 22 for the losers.

### Six-Man Tag Team Match Saturday

A six-man tag team match headlines the action Saturday night on the wrestling card of the Littlefield Sports Arena.

Two other matches are also on the card.

Your first thought is that Chevy is a good looking pickup . . .

1/2-ton Fleetside pickup

Here are some second thoughts:

work truck

playmate

second car

camper

We could add hobby hauler to the list. Chevy trucks are great for rock hounding. Collecting antiques. Etcetera.

The point is: They're as versatile as anything on the road. Or off. Especially, four-wheel drive versions. They go anywhere.

Wherever you go, you go in style. Sleek front end features a new aluminum grille. In back, there's a new 8 1/2-ft. box on some models. Great for big campers.

Great under the hood, too. Six or V8. Standard on V8 models is a big 307 cubic-incher.

Under the rugged chassis, coil springs take care of bumps. Inside, thick foam seats take care of you.

There's a lot more. And more you can order. Like: power steering and air conditioning. See your Chevrolet dealer for all the facts and the good word on low price.

Chevrolet is more truck . . . day in, day out, day off!

# Believe In Beauty Superstitions

YOU MAY NOT INSIST on bathes in crushed strawberries like one famous queen did, but chances are you hold at least one beauty superstition.

Have you ever eaten beets for rosy cheeks or garlic for sparkling teeth and shining tresses? Maybe not, but there is food for thought in many a famous and some infamous beauty concoctions!

THE WOMEN of both Greece and Rome anticipated Theda Bara by about 20 centuries when they painted their faces with a white lead foundation and then applied chalk powder for a "vamp" look.

The juice of strawberries was thought, at one time, to be good for getting rid of freckles and for whitening and preserving the skin.

Marie Antoinette owed her peaches and cream complexion, some say, to the fact that she insisted on taking baths in crushed strawberries!

NOT ALL BEAUTY practices were as harmless as Marie Antoinette's strawberry baths, however.

For example, one 16th-century inventor of a process for preparing carbonate of lead for rouge and lip salve described how the men working with the substance became dizzy, had headaches and often went blind.

This information was kept secret from the public, though, and the women went right on using the make-up.

EVEN THE LEMON JUICE that is still used occasionally today by women who want to lighten their freckles can be harmful, because the harsh citric acid can cause eruptions to break out on sensitive skin. But while some beauty practices have been hazardous, others were far ahead of the scientists.

THE RECIPE for Helen of Troy's famous facial included such ingredients as ground-up narcissus bulbs, powdered hart's horn, honey and gum.

Apparently it worked—for historians estimate that Helen was 60 years old when Paris abducted her and touched off the Trojan Wars!

The narcissus bulbs, hart's horn and honey lost their popularity somewhere along the way, but certain vegetable gums are still used in the manufacture of a variety of cosmetics.

EUROPEAN PEASANT WOMEN of a few centuries back thought their kitchens were the best source of cosmetic aids. They powdered their faces with plain, everyday flour and used beet juice as rouge. Now if you think this has more to do with baking than beauty, you're wrong! A new beauty aid has recently come out of grandma's kitchen.

Would you imagine that corn cob dust is so fine that it makes into a face powder that can't clog pores? The odd fact is that it works.

Corn silk is such an improvement over ordinary powder, say fashion models, that it's hard to believe that the peasant ladies were on its trail centuries ago while the modern miss puffed away with coarser powder that even turned her orange (instead of beet red).

RINSING THE FACE with red wine was a surefire way to save your skin—or so thought many ladies of Queen Bess's time.

One woman of the day, who apparently thought that it was impossible to have too much of a good thing, was Mary Queen of Scots.

When she ruled, she asked for and received a regular government allowance of wine with which to bathe.

BUT WHILE WINE was a cosmetic fit for a queen, most of the ladies of the court had to content themselves with milk baths.

Before long, milky skin caught on all over town, and tubs throughout Europe started filling up with the white, foamy beverage.

TAKING MILK BATHS has soured as a beauty "must" but for many modern women, bath-time plays as important a role in their beauty programs as it did for Marie Antoinette or Mary Queen of Scots.

The latest in royal treatment for women who prefer to take a scientific, rather than a superstitious approach to their beauty treatment is a moisturizer after the bath.

One contains the moisture-retaining properties of the cactus-like Aloe Vera plant, plus proteins and other ingredients to keep skin looking and feeling soft.

HAIR CARE has also come a long way since Cleopatra tinted her tresses with henna. When golden curls became the fashion in ancient Greece, women who wanted to light-

en their locks sat sunny-side up with a sticky mixture of honey and hard-boiled egg yolk draped on their locks.

WOMEN IN THE LATE 19th century also used egg yolk in homemade shampoos, and today, egg is still in as an ingredient of many shampoos on the market.

Victorian ladies used dyes derived from lead, iron and walnut juice. But today, women can cover the gray or even change the color of their hair with much less harsh potions thanks to the advances that have made a wide variety of effective, easy-to-use rinses, tints, dyes and color shampoos available.

Superstitions still prevail, however, and you're not alone if you believe the old adage, "Pluck out one gray hair, and seven will grow in its place," or avoid covering gray, because dyed hair looks "hard."

ANOTHER SUPERSTITION that got its start a few centuries ago and is believed by some people even today is that women who retire after midnight will develop a pale haggard look.

Going to bed early is still referred to as "getting beauty sleep."

WHETHER OR NOT you believe any of these beauty superstitions—or have some of your own—separating fact from fancy and not sleeping on the job when you set up your own beauty program, may work like magic to create a new, more glamorous you.

BEAUTY SUPERSTITIONS can be puzzling, if you don't recognize them for what they are. If you think that there's not much you can do to retard the aging process of your skin...that eating beets will give you rosy cheeks...or that garlic can make your teeth gleam, there may be

more witchcraft than wizardry in your beauty program. Women once tried to lighten their hair with honey, and one famous queen took strawberry baths to keep her skin soft and snowy white.

# Can You Identify This Object?

WHAT IS IT?—Two views of an unidentified non-flying object are shown here in an effort to learn its identity. Probably some old-timer will come up with the answer straight away, but if so, it won't be any of the large number of old-timers that have already been interviewed on the subject and failed completely. The tool,

or utensil, or whatever, was put on display at the City Barber Shop by Babe Banner after he found it in an old storm cellar on the Bill Sibley farm near Fieldton around the first of this month. A great many people from all over the High Plains have seen it and none, be he old or young, can come up with an identification, Banner claims. So,

if you can identify this little handy-dandy, would you please telephone or drop by the barber shop or the Leader-News and relieve us all of our burning curiosity and deep misery?

# Nelsons Make Visit To Bermuda

Mr. and Mrs. Ralph Nelson and Mr. and Mrs. Jim Nelson, of Luce and Nelson Implement Company, have returned from Bermuda, where they were guests of Deere and Company.

Traveling by chartered plane from Amarillo, they were entertained at the Princess Hotel, one of the showplaces of the Islands.

Opened in 1885, the Princess was named for Princess Louise, daughter of Queen Victoria, who was one of the early guests at the hotel. Massively renovated in 1964, the Princess still retains its Victorian decor. Its pink and green color scheme, prevalent throughout the islands, comes from the oleander, the state flower.

While in Bermuda, the Nelsons visited the aquarium, the perfume factory, and many other

places of scenic and historical interest. They heard the "Teachers", an American singing group, saw Calypso, limbo, and voodoo dancers, and heard the Esso steel band.

They made a boat cruise from Hamilton Harbor to the Island of Saint George, and shopped in the quaint and interesting atmosphere of the Bermudan shops.

The Jim Nelsons rode a Honda over the islands, one of the most common modes of travel. They fished out on the coral reefs off the islands and swam in some of the famous secluded beaches.

The Nelsons were only a part of the more than three thousand John Deere dealers and executive staff visiting the islands

during the months of October and December. The Ralph Nelsons were from Nov. 11 through Saturday after five days of islands.

## Rural Carrier Applications Sought

Examination for Rural Carrier for the post office at Littlefield will be open for applications until December 17, 1968, the Commission announced today.

Qualified applicants will be considered for appointment without regard to race, religion, color, national origin, sex, politics, or any other non-merit factor.

Complete information about examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be

filed with U. S. Civil Service Commission, Washington, D. C. 20415, and must be received

or postmarked not later than the closing date. Applicants must:

Take a written test and have resided within the delivery of the office for one year immediately preceding the closing date of the examination.

They must have reached their 18th birthday on the closing date for acceptance of applications. There is no maximum age limit. However, persons who have passed the age of 70 may be considered only for temporary limited appointments of one year.

**PAYING HIS RESPECTS**--Lamb County sheriff-elect E. D. McNeese was unable to attend the ceremonies when a Texas historical marker was placed at the grave of Franklin O. Loyd, an early sheriff of the county, so decided to pay his respects at the earliest possible time. McNeese, who was elected Nov. 5 and will take office Jan. 1, 1969,

hopes to emulate the earlier sheriff's record of service. The marker was placed on Loyd's grave by the Texas Historical Society Nov. 17, as a part of the program in progress by the society to honor outstanding lawmen in early Texas history. Loyd was shot to death in 1937 by a man he was attempting to arrest.

## National Farm-City Week To Be Observed Locally

### KEEP BOILED EGGS

Eggs are an excellent protein buy. One good way to get extra eggs into the diet is to keep a supply of hard cooked eggs in the refrigerator. These are handy for deviled eggs, sandwiches, salads, casserole dishes and other occasions.

President Johnson has designated the week of November 22-28 as 1968 National Farm-City Week, according to Joe Blevins, Lamb County Work Unit conservationist in the Soil Conservation office here.

Many communities throughout America will be having special observance programs. The week is sponsored nationally by Kiwanis International in cooperation with soil and water conservation districts.

"Farm-City Week this year focuses attention on the quality of our resources--our environment," Blevins said. "While resources are of special concern to conservation districts, these elements of our natural environment are of critical importance to all people whether they live in the city or the country."

Blevins said the event is an example of the recognition given by civic clubs and other town and city groups to the interdependence of farm and city people.

### Family Night Supper Held

Special events have been planned by the Lamb County soil and water conservation district. Blevins noted that President Johnson, in his proclamation of National Farm-City Week, said the quality and quantity of our resources in the next century depends on planning for uses of the country-side and developing town and country economies.

OLTON--Approximately 100 attended the annual Thanksgiving Family Night Supper at the United Methodist Church Wednesday night.

"Individual lives will be shaped, too, by whether our core cities are restored--and whether suburban growth is translated into durable and desirable forms of community development," the President said.

Turkey and dressing with all the trimmings were served to the group. Serving tables were decorated with "Horns of Plenty" filled with fruit.

"Our major tools for achieving these goals are: an agricultural capacity for abundance never before attained by any nation; and a vigorous economy with a gross national product this year of around \$850 billion dollars, the largest in the world," the President said.

The Children's Choir, under the direction of Rev. Tommy Nelson, local pastor, presented the following special hymns: "To God Be The Glory", "For The Beauty of The Earth", "Praise Him, Praise Him", "Oh, How I Love Jesus", and a choral reading of "The 23rd Psalm".

The group also enjoyed the film, "A Chance to Grow".

Blevins suggested that Farm-City Week events might include joint efforts by farm organizations, civic and business groups youth and women's clubs. Orderly development of Texas's urban open spaces, pollution control, flood prevention, rural recreation and nature areas, highway beautification and wildlife protection were listed by Blevins.

Community resource projects need local action, he said. "Such projects involve town

## Baylor Medical School Ties Covered By BGCT

Baptists have sadly, severed official ties with Baylor University College of Medicine at Houston, so that the institution might, as a son of age, make its own way in the world and compete successfully with its peers.

The decision was the high point of the 53rd annual session of the Baptist General Convention of Texas last week at the First County Convention Center.

The proposal met little opposition as it threaded through the administrative machinery. It was generally considered the best solution for the problem, which draws only one

per cent of its more than \$21 million budget from the Cooperative Program and is under strong pressure from the state of Texas to double its enrollment.

A sum of \$137,478 was earmarked as the last cooperative program allocation for Baylor College of Medicine.

BOH E. GILYARD

Seaman Apprentice Boh E. Gilyard, USN, 18, son of Mrs. Doyle Collins of Route 2, Sudan, participated in "hunter-killer" anti-submarine warfare exercises in Hawaiian waters aboard the antisubmarine warfare aircraft carrier USS Hornet.

Hornet and other ships of the United States and Canada recently participated in the joint exercise as part of an operational readiness evaluation for the U. S. ships prior to a Western Pacific deployment.

Canadian Escort Squadron Two, consisting of destroyer escorts HMCS Mackenzie, Columbia, and Yukon, assisted the U. S. in the searching and screening operations. Also participating was the Canadian submarine HMCS Grilse, and Royal Canadian Air Force Maritime Squadron 407.

The coordinated effort, which was staged by the U. S. Anti-submarine Warfare Group Five, provided a realistic situation in which the participating U. S. and Canadian units could evaluate and perfect ASW methods. Hornet is presently operating with the U. S. Seventh Fleet in the Western Pacific.

LEE C. SIMMONS

Lee C. Simmons, son of Mrs. Jeri Zeissel, 716 W. Delano, Littlefield, has been promoted to sergeant in the U. S. Air Force.

Sergeant Simmons, a fire protection specialist at Bergstrom AFB, Tex., is a graduate of Littlefield High School.

His wife, Robinette, is the daughter of Mr. and Mrs. Robert Trotter, Rt. 1, Carrollton, Texas.

The sergeant's father, Oliver L. Simmons, resides on Lake Baca Drive, San Diego.

LEWELLEN JONES JR.

SP-5 Lewellen Jones Jr., son of Mr. and Mrs. Lewellen Jones Sr. of Anton, arrived in Anton Wednesday, Nov. 13, after a year's tour of duty in Vietnam.

Following a 45-day leave, he will go to Savannah, Ga. to complete his training.

## Methodists Host Community Service

OLTON--Ninth Annual Community - Wide Thanksgiving Service was held in the United Methodist Church Sunday evening.

The annual worship service is sponsored by the Olton Ministerial Association.

Participating in this year's service was Rev. Tommy Nelson, pastor of United Methodist Church; Rev. R. H. Campbell, retired Methodist Minister; Rev. John E. Lewis, pastor of First Baptist Church; Rev. Bill Burton, pastor of the Church of the Nazarene; Rev. Fred Palmer, pastor of First Assembly of God; and Rev. W. J. Patton, pastor of Hopewell Baptist Church.

Mrs. Delmer Givens presented the prelude on the organ.

A choir, composed of singers from the various participating churches, under direction of Mrs. Owen Norfleet, gave "The Call to Worship" in song. Rev. Tommy Nelson gave the invocation.

Responsive reading No. 589 was led by the Rev. W. J. Patton.

As special music, the choir rendered "This Is My Song", accompanied at the piano by Mrs. Jennie Lynn Allford, and at the organ by Mrs. Delmer Givens.

Rev. Fred Palmer led in the "Prayer of Thanksgiving"

Audience and choir sang "How Great Thou Art".

Mrs. Allford and Mrs. Givens played the offertory, then Rev. R. H. Campbell led the Dedication of Offering Prayer.

The audience sang "O Beautiful for Spacious Skies".

Rev. Bill Burton brought the Thanksgiving message.

The audience and choir sang "Come, Ye Thankful People, Come".

Rev. John E. Lewis gave the benediction.

Immediately following the service, all high school students were invited to attend fellowship hour in Fellowship Hall of United Methodist Church. Approximately 35 attended and were served refreshments.
