

TWENTIETH ANNIVERSARY OF LOCAL ROTARY CLUB WILL BE CELEBRATED

Booster Groups Sponsor Christmas Decorations

To Install Gay Christmas Lights On Phelps Avenue Business Houses Asked to Cooperate

The Jaycees and Senior Chamber of Commerce are sponsoring a Christmas decoration and lighting of the business district of Littlefield.

It is pointed out by E. C. Cundiff, secretary of the Senior Chamber of Commerce, that it has been five years since Littlefield has used the Christmas lighting on Phelps Avenue. Mr. Cundiff reported that the city's Christmas lighting equipment has been reconditioned, and work will get underway next week in the putting up of the lights at the different intersections on Phelps Avenue.

Mr. Cundiff, on behalf of the booster groups, is asking the cooperation of all merchants on the main street, and in the business district, in Christmas decorating. According to Mr. Cundiff, it has been suggested that each merchant secure a small tree and put it up on the awning in front of his place of business, or on top of the building, and wire it for lighting, adding that this decoration would not cost much and would add much to the appearance of the downtown area for the holidays.

Overrule Motion For New Trial

SWEETWATER, Texas. — District Judge Albert S. Mauzey Tuesday overruled the motion of Jim Thomas for a new trial on a charge of murdering Dr. Roy Hunt of Littlefield and sentenced him to life imprisonment. Thomas' attorneys filed a notice of appeal.

Thomas, 51, was convicted Oct. 19 for the third time for the slaying of Dr. Hunt and assessed life imprisonment. On two previous convictions of the same charge juries had declared the death sentence should be the punishment.

The bodies of Dr. and Mrs. Hunt were found mutilated and bound in a shed at their residence on October 26, 1932.

First President Of Local Rotary Club

E. A. BILLS
Mr. Bills was the first president of the Littlefield Rotary Club, which was organized November 19, 1926. He is in charge of the program for the observance of the twentieth anniversary of the club, which will be celebrated at a dinner meeting to be held at the First Methodist Church.

Daily Bus Service Hearing Postponed Until December 10

The hearing before the Railroad Commission on the daily bus service on Highway 51 from Lamesa to Hereford, which was to be held this month, has been postponed until December 10. This meeting will be held at the Hilton Hotel, Lubbock.

Directors of the Senior Chamber of Commerce have authorized E. C. Cundiff, secretary, to represent this booster group at the meeting.

Chief Speakers For Rotary Dinner

NEIL WRIGHT

Neil Wright and Dr. Charles Wagner, past presidents of the Lubbock Rotary Club and prominent in Rotary in the South Plains, will be the chief speaker at the dinner meeting tonight of the Littlefield Rotary Club, observing the twentieth anniversary of the founding of the local organization.

DR. CHARLES WAGNER

Mr. Wright, as a representative of Rotary International, set the Littlefield Rotary Club to work, November 19, 1926.

Dr. Wagner was a speaker at the organization meeting of the Littlefield club.

Prominent Rotarians To Be Chief Speakers At Dinner Meeting

Neil Wright and Dr. Charles Wagner of Lubbock, Who Helped Organize Littlefield Club, Are On Program; E. A. Bills Is In Charge of Anniversary Observance

Organized November 19, 1926, the Littlefield Rotary Club will observe the twentieth anniversary of the founding of the local organization, at a dinner meeting at the First Methodist Church tonight (Thursday).

The club was organized at a night meeting in the dining room of the original Littlefield Hotel, now the Batton Hotel.

E. A. Bills, Littlefield attorney, was that night elected the first president of the club.

Tonight he has the official duty of chairman of the program for the observance of the twentieth anniversary of the organization he aided in establishing two decades ago.

Lubbock Rotarians Chief Speakers
The dinner meeting, opening at 7:30, will be attended by Rotary Anns, several guests, and visiting Rotarians. The dinner will be served by the women of the Methodist Church.

The program will be a surprise to some extent, but a number of features have been announced by Mr. Bills.

Neil Wright, a prominent Rotarian and a past president of the Lubbock Rotary Club, will be the chief speaker and his talk will, no doubt, recall some of the events of the organization meeting of the Littlefield club and the early days of Rotary on the South Plains. It was Mr. Wright who, as a representative of Rotary International, set the Littlefield club to work on the night of November 19, 1926.

Another speaker will be Dr. Charles Wagner of Lubbock, a past president of the Lubbock Rotary Club. He was a speaker at the organization meeting of the Littlefield club.

Rotary Anns on Program
The Rotary Anns of the Littlefield club, with Mrs. W. D. T. Storey in charge, will present a surprise feature. The talk by a Rotary Ann will be made by Mrs. Storey.

There will be short talks by a business man who is not a member of Rotary, and by a high school student.

Jack Norman, the newest member of the club, will sing.

Past Presidents Listed
Past presidents of the Littlefield Rotary Club, in the order in which they served, are:

Robbery Suspect Killed by Police

Daniel Herbert Culpepper, 24, of Dallas, suspected with three other men of having robbed a Phillips 66 service station at Anton Sunday night, was shot and killed by City Detective Jack Dorris on a downtown Dallas street Monday morning.

Culpepper married a Spade girl and became a father only two weeks ago, when a baby was born to the couple in a local hospital.

Culpepper is reported to have visited his wife and baby.

Dorris and Detective C. J. Sansone encountered Culpepper, whom they had sought for questioning, on a street with a companion.

The detectives said Culpepper drew a pistol and ordered them to "reach." Dorris shoved Culpepper with his left hand, reached for his gun with his right, and shot twice.

On information supplied by the companion, who was arrested, an abandoned Packard coupe, believed used in the service station robbery, was recovered at Dallas.

The two other youths were arrested at Dallas shortly after the shooting.

Police of this section were notified immediately following the Anton robbery, and Sheriff Sam Hutson and Deputy Sheriff Sid Hopping of Lamb County, maintained a lookout in the event the robbers attempted to escape through this county.

Sheriff Ed Hofacket of Hockley County, accompanied by Deputy Sheriff Jack Anders of Anton, left Monday afternoon for Dallas to bring back the three living suspects in the robbery. Charges of armed robbery had been filed in Hockley County against J. B. Spiegel, 19, and two minors, all of Dallas.

Dallas police said one of the men made an oral statement concerning the service station hijacking.

While one person stayed in the car, three others, one carrying a sawed-off shotgun and one a shiny pistol, entered the Phillips 66 station at Anton and demanded that G. T. Jones, station owner, get them his money and cigarettes.

They took \$35, six or seven cartons of cigarettes and approximately 100 pennies and then left, after locking Jones in the station and snapping off the lights, Deputy Anders said.

Hofacket said the shotgun said to

Miss Jerry Lynch is Bride Of S-Sgt. Charles Cowan, Jr.

Miss Jerry Lynch, daughter of Mr. and Mrs. V. T. Lynch of Shallowater, formerly of Spade, and S/Sgt. Charles S. Cowan, Jr., son of Mr. and Mrs. Charles S. Cowan of Milledgeville, Ga., were married in a double-ring ceremony in the post chapel at Fort Bragg, N. C., at 6 p.m. Oct. 26. Chaplain Lowell F. Sodeman officiated.

Chrysanthemums and palms decorated the altar. Wedding music was played.

The bride wore a winter white woolen suit with black accessories and an orchid. She carried out the tradition of wearing something old, new, borrow and blue.

Mrs. E. L. Sheeping of Dallas was matron of honor. She wore an aqua blue wool dress and a corsage of rose carnations.

Sgt. E. L. Sheeping was best man. Mrs. Cowan was graduated from Spade High School in 1942. She served 25 months in the WAC as a staff sergeant and received her discharge Aug. 30.

S/Sgt. Cowan was graduated from Hapeville High School, Georgia, in 1941, and attended Georgia Military College in Milledgeville three years. He has served in the Army almost

Hornets Smash Abernathy Line For Touchdowns

Snodgrass Stars For Inexperienced Antelope Losers

Sudan added Abernathy's scalp to their collection last Thursday night by downing the oft-beaten Antelopes, 61 to 0, to remain in the undefeated ranks with Littlefield.

Spectacular runs were not as frequent as usual against the green Antelopes, but they were still unable to cope with the hard-driving Hornet backs, who made yards every time they carried the ball.

Sudan started scoring early in the first period and continued to drive them across in every quarter. Kelton Doty was the main spark for Sudan, but he had the very able assistance of Waymon Bellar, Jim Eddings and Ralph Maes, who were good at carrying and blocking. Therin Hill aided with nice runs and good kicking for those points after touchdowns.

The Hornets went just about the route they chose in collecting their score. Fullback Jim Eddings had a field day going over all positions in the Antelope line.

Quarterback Bellar turned in the first exciting performance for the evening in the first period when he gathered in Riley's punt and returned 60 yards to pay dirt for the second tally.

Bellar was the star on the third scoring jaunt, carrying the oval to the two in a series of plays, but Maes went over from there. Inexperience cost the Antelopes another score on the kickoff after the third one. The ball went over the goal, where it was left untouched until a Sudan player fell on it for a score.

Doty refused to let his teammates do all the scoring when he intercepted a pass on the Antelope 25 and returned it for a tally. This ended the scoring for the first half.

Sudan's first string got only a couple of minutes to play in the second half before Coach Francis Smith sent them to the shower, with the exception of Maes, who stayed for a few more plays.

From here on the second- and third-stringers did the scoring and gave Abernathy a chance to show a little offense for the first time. However, the Antelopes weren't able to put a score over the scrappy subs.

Y. F. Snodgrass was a man without a good team in turning in the best performance for the Antelopes. He was the main spark in the offense, although he gained all the yardage with hardly a bit of blocking. His defensive work was commendable; however, his teammates showed an improved defense in the secondary over the Littlefield game. The Antelopes didn't let the Hornets loose for as many long gains as they did in Littlefield, but Sudan's power made up for that difference.

Abernathy staved off three Sudan thrusts within the shadow of their goal and threatened the Hornet pay stripe once themselves.

Turkey Day Clash Takes Football Spotlight in County

Tahoka Here Today; Olton Battles Sudan Tonight

All Lamb County, and especially Littlefield and Sudan, are counting the days until the Turkey Day clash between the Wildcats and Hornets for District 5-A championship and a crack at bi-district playoff.

Both teams have "breathers" today and tonight when the Cats take on Tahoka, a weak 6-A member, at Seely Field this afternoon, and Sudan tackles Olton in a conference game at home-tonight. The Cat game was originally scheduled for Friday, but was set up to today.

Thanksgiving Day the Cats will go into the clash with Sudan as a favorite on paper, having rolled up a total of 363 points with no losses or ties. Sudan has also gone thus far without a blemish on their record, but haven't piled up the margin the Wildcats enjoy. Their total for the season was not available at deadline.

Speed and deception have accounted for the local team's high total for the season. Long runs for touchdowns which have pushed up the score have not helped the first down statistics.

Sudan, in their exhibition against Abernathy, showed both power and deception, and some fine running material in Kelton Doty, Waymon Bellar and Jim Eddings. Ralph Maes is also a constant threat on offense.

Gene Carter, spectacular Wildcat back, is probably the shiftest runner in the conference or on the South Plains. His "snake-hipped" goalward journeys, many of them from 80 to 95 yards, have been a big factor in running up the huge total.

Sabin Hendrickson possesses that rare characteristic of being a hard-plunging fullback and good in the broken field. If anything, he is a better runner in the secondary than going through the middle of the line. But the point is, he usually gets where he started.

All the credit is not due the ball-

nathy, 4.

Passes, Sudan attempted 7, completed 3; Abernathy attempted 7, completed 1.

Intercepted passes, Sudan 2; Abernathy 0.

Levelland Falls Before Wildcat Power, Deception

Carter Takes Kickoff For Touchdown To Start Slaughter

Eugene Carter, the lad with the well-oiled hips, put the scorekeeper to work last Friday afternoon on the opening kickoff with his 80-yard jaunt for a touchdown and the beginning of the end of any threat the Lobos of Levelland may have had to keep the Wildcats out of a district championship battle with Sudan.

The Lobos deserve credit for their stubborn fight against the superior Cats. They were outclassed from the start, but it never dampened their fighting spirit although their dreams of conquering their old rivals were soon shattered to bits.

Leading at the half by a score of 27-0, the Cats came back in the second to pile up 19 more points and let the Lobos score against their second-stringers for a total of 46 to 7.

Pacing the running attack for the day besides Carter, were Travis Price, Sabin Hendrickson and Jack Davis, who scored at least one each. Hendrickson, smashing fullback, accounted for two.

Levelland's score came in the closing minutes as Bobby Blundell broke loose for a 30-yard touchdown gallop.

First downs, Littlefield 14; Levelland 1.

carrier. Both the Littlefield and Sudan forward walls are plenty tough and could easily be the deciding factor in the Turkey Day game.

Today's games may be more interesting than the statistics indicate. Tahoka, blasted 32-6 last week by Andrews in a 6-A contest, may not have any idea of beating the Cats. But it would give them a great pleasure to scare the life out of them by holding them to a very few touchdowns.

More is at stake in the Sudan-Olton game, which is a family affair. What would be more heartening to Olton and embarrassing to Sudan than a defeat for the Hornets?

Neither Littlefield nor Sudan are likely to lose. However, football is a hard game to figure out this year.

Byers Feed Installs New Grinding And Mixing Service

C. V. Hatch, district manager for the Ralston Purina Company, whose headquarters are at Plainview, was in Littlefield Monday and Tuesday, getting the grinding and mixing service at the Byers Feed Store installed and into operation.

According to Mr. Hatch, this is a new service Byers Feed Store is rendering the public. "They have in operation formulae for any combination of grains to be mixed into any type feed," added Mr. Hatch.

The Byers Feed is installing a grinder and mixer for the purpose of using local grains and Purina concentrates in the manufacture of any feed required by the feeders of Lamb County. This equipment was installed Tuesday.

Byers Feed Store is handling a full line of Purina feeds.

Plainview Caravan To Visit City

A caravan from Plainview will arrive in Littlefield Wednesday, Dec. 4, at approximately 12 o'clock noon, on a goodwill tour. This caravan will consist of 100 automobiles and several hundred visitors from Plainview who wish to establish post-war friendship with your town.

An entertaining program is planned for all.

There will be music and favors from distribution to children. This program will last about 20 minutes.

Last Rites Held For Sister of Mrs. J. C. Chaney

Funeral services were conducted for Mrs. Alpha Tuttle of Salina, Oklahoma, sister of Mrs. J. C. Chaney of this city, at the Baptist Church, Salina, Monday afternoon, November 11, at 2 o'clock. Burial took place in Prior, Okla., Cemetery.

Mrs. Tuttle passed away Friday morning, November 8, at 5 o'clock, as a result of a heart attack, which followed a paralytic stroke.

Mrs. Chaney left here Saturday following her sister's death, and returned to Littlefield Sunday last.

Mrs. Tuttle is survived by her husband, four daughter and one son. The daughters are: Mrs. W. W. White of Oklahoma City; Mrs. John McClay of Salina, Okla.; Mrs. W. W. Coffman of Pryor, Okla.; and Mrs. Carey Long of Oklahoma City. The son is Wilson Tuttle of Idaho.

Besides Mrs. Chaney; she is also survived by four sisters and three brothers.

Rev. Lee Hemphill Elected Executive Board Member

Executive board members elected Thursday night by the Baptist General Convention at its closing sessions at Mineral Wells included several from the Plains area.

Those chosen from the South Plains included Rev. Lee Hemphill, Littlefield, and Rev. Hope Owen, Plainview, one year terms; Rev. L. A. Doyle, Floydada; Rev. A. A. Brian, Brownfield, and F. E. Swanner, Levelland, who are to serve three-year terms; and Rev. C. A. Morton, two-year term.

Jaycees Hosts To Wives at Dinner And Dancing Party

Members of the Junior Chamber of Commerce were hosts Thursday night to their wives at a dinner at the Starr Drive-Inn, with a dance following at the Legion Hut.

The affair was given in appreciation of co-operation by the wives of the Jaycees in connection with the recent rodeo.

About 25 couples enjoyed dancing following the dinner.

Zachary Bros. furnished the automatic record player, which supplied the music for the dance.

Attend Plainview Church Meeting

Methodist Church pastors, Sunday school superintendents and district stewards will be in attendance at an all-day meeting at Plainview today (Thursday) at the First Methodist Church in that city.

District Supt. Hinds is scheduled to preside at the session.

The purpose of the meeting is to outline work for the coming year.

Attending from Littlefield are: J. T. Elms, Sunday school superintendent of the local church; J. Ernest Jones, district steward; and Rev. W. M. Dunnam, local pastor, and Mrs. Dunnam.

customers to visit them and view their large new building.

The structure is of stucco construction, decorated in white, both interior and exterior, and offers floor space 40 by 60 feet. Of this space, 32 by 40 feet is given over to display room and office space, and 28 by 40 feet for shop and storage rooms.

The interior is painted white with light gray fixtures to take care of the repair parts carried. The floor, which is of cement, will be painted light gray.

The partners in G & A Plumbing are L. E. Gross and L. H. Adams, who organized this business in September, 1945. Mr. Gross came here from Canadian, Texas, and Mr. Adams

from Houston, Texas. They first located on Highway 84, where they continued to do business until last week, when they moved to their new structure.

The G & A Plumbing handles Rheem Floor Furnaces and Hot Water Heaters, Norco Water Softeners, Crane Plumbing Supplies and Fixtures. They do plumbing and heating contracting and repair work.

They moved to their new location Monday of last week.

Mr. Gross and Mr. Adams asked the Leader to express their thanks and appreciation to their many customers in Littlefield and over this territory for the splendid business extended them since they opened their shop in this city over a year ago.

With their much larger and more convenient quarters they will be in a much better position to serve their increasing number of customers.

MAY ASSIGN TERMINAL LEAVE BONDS ON GI INSURANCE

Veterans who wish to assign their terminal leave bonds to the Veterans Administration as payment on their GI insurance should get the necessary assignment forms from the nearest VA office.

Although VA does not issue the terminal leave bonds, under the Armed Forces Act of 1946, the law authorized VA to accept the bonds as insurance payments.

When a bond is used for insurance premium payments, it must be assigned in its entirety, VA said. Any balance above the amount necessary to make the desired payment will be credited to the veteran's account and will be used to pay future premiums unless otherwise requested.

Last Rites Held For J. H. Lippard

J. H. Lippard, 72, passed away at his home, 805 East Sixth Street, Littlefield, Tuesday night about 10:35, following an illness of several months' duration. Mr. Lippard suffered a stroke of paralysis two weeks ago, and had been seriously ill since that time.

Funeral services were conducted at 4 o'clock Wednesday afternoon at the First Methodist Church of this city, with Rev. J. H. (Jim) Sharp of Colorado City officiating, assisted by Rev. S. M. Dunnam, local pastor.

Entombment, in charge of Hammons Funeral Home, took place in the Littlefield Cemetery.

Mr. and Mrs. Lippard were married at Dilly, Texas, March 25, 1906, the union being born eight children, one, Mrs. Nancy Salmon, passing away April 14, 1946.

The Lippard family have been residents of Littlefield for the past 12 years.

Surviving deceased are his widow, Mrs. Edna Maude Lippard, and seven children, four sons and three daughters.

The sons are: D. D. Lippard of Marlin, Texas; Sam Lippard of Craig, Colo.; Pfc. Sgt. John B. Lippard of Corpus Christi; and Calvin Lippard of Littlefield.

The daughters are: Mrs. Neva Ellis and Mrs. J. E. Taylor of Littlefield, and Mrs. A. B. Stevenson of Stinnett, Texas.

Mr. Lippard is also survived by his mother, Mrs. Allie Lippard; a brother, Lee Lippard, of Craig, Colo.; five half-brothers; and two half-sisters, and nine grandchildren.

The half-brothers are: Victor Lippard of Tokio, Texas; Spencer S. Lippard of Portales, N. M.; L. B. Lippard of Abilene; Alfonso Lippard of Beaumont, Texas; and Lincoln Lippard of Dublin, Texas.

The half-sisters are: Mrs. Charlie Fields of San Angelo, and Mrs. Gus Elenevinkle of Merkel, Texas.

New High School Will Not Be Built At Present Time

There has been some talk that the Board of the Littlefield Independent School District contemplated taking steps leading to the early erection of a new high school.

In the setup for the Littlefield schools purchases of land have been made in the past in sufficient area to provide for additional school buildings, but new structures are not contemplated for the present time.

Dr. Wm. N. Orr, president of the board, said that the matter of a new high school had been discussed by board members on numerous occasions and in a general way, but such a project is not planned for the near future. Scarcity of materials and other conditions make it advisable to defer indefinitely such a project, Dr. Orr said.

Part of the realty holdings of the school district is a large area extending along First Street from the grammar school to the Catholic church. This location has been talked by the board as a possible site for a new high school.

AIRPORT NEWS

By MRS. "TEX" CROW
Well, three new students have started flying under the GI Bill, and more have applied for their eligibility papers so that they may begin.

Mrs. Ruth Martin's daughter stopped in Littlefield on her return from Arizona and flew Mrs. Martin's Cessna to Fort Worth.

Lots of visitors Sunday. Mr. J. C. Hall of Dallas stopped in Littlefield on business Sunday afternoon and his twin-engine UC-78 really caught lots of eyes. Call again, Mr. Hall.

Sam Halle took his first flight the other day with Jim McGuire and spotted a few ducks. Sounds as if he may be planning a hunting trip. How about bringing us a few if you do?

Mr. Potter from Levelland finally bought a Taylorcraft and was over Sunday showing it off at Duggan Field. He invited all the gang to inspect it then took off for home.

That's all for now, folks. Run out to see us whenever you get the urge.

Mrs. Ina Harlan And Raymond Rhoten Married Recently

The Marriage of Mrs. Ina Harlan and Raymond Rhoten, both of Littlefield, took place here Saturday, November 9.

The single-ring ceremony was read by Rev. Lee Hemphill, pastor of the First Baptist Church of this city, at the parsonage, at 11 a.m.

Following a short wedding trip to points in New Mexico the couple are now at home six miles north of Littlefield, where Mr. Rhoten is in the grocery business.

Lamb and Hockley Farmers Meet at Anton Friday

A group of about 100 irrigation farmers from Hockley and Lamb counties met in the auditorium of the Anton High School Friday night to discuss the prorotation of water for irrigation.

K. W. Wells was elected as temporary chairman, and J. S. Bridges was elected as temporary secretary. The water question was discussed freely, with many farmers speaking against any regulation of irrigation. Among those speaking were S. N. Twilley and Ed Bigler. When the question was put to the group, the vote was unanimous against any prorotation or regulation of irrigation.

A motion was offered to form a permanent organization to be known as the Hockley and Lamb Counties Irrigation Association, which motion was carried. Then K. W. Wells was elected secretary of the permanent organization.

A resolutions committee composed of H. G. Richards, S. N. Twilley and Elmer Hall was appointed. The following resolution was offered by the committee and approved by the association by unanimous vote:

"Inasmuch as there has been agitation for the regulation by law of the use of water for irrigation on the high plains of Texas, and inasmuch as there is no evidence that the water

supply underlying said high plains section is being depleted; therefore, be it,

"Resolved, That we are opposed to any law that in any way tends to regulate the use of this natural resource for irrigation."

Farmers from almost every part of Hockley County, the southern part of Lamb, and some whose farms are over the line in Hale and Lubbock counties, went into the organization.

Z. O. Lincoln, Hockley County judge, and Dave Sherrill, Hockley county agent, attended the meeting and took part in the discussions.

Robbery Suspect—

have been used in the robbery was found buried at Olney.

Dallas police said the men were wanted for questioning in connection with the holdup of a night clerk in a hotel in that city.

FIRE DEPARTMENT CALLED

The fire department was called to the home of Mr. and Mrs. Elmer Linton, west of the Littlefield school buildings, Friday afternoon late, when fire from a defective stovepipe caught on the roof of the house, causing some damage. The fire was extinguished by the fireboys.

MECHANICAL MIXING

Helps You Get Best Results From Your Grain!

(Shovel Mix)

(Machine Mix)

TWO things are necessary to cash in on the full feeding value of your grain. First, select the proper supplement for the kind of stock you intend to feed. Second, mix the supplement so thoroughly with the grain that every quart of mixed ration is in the same balanced form as every other quart. This is absolutely essential when correct feeding is so vital to the cause of capacity food production today.

Shovel mixing is tedious and cannot possibly provide the necessary uniformity. But accurate mechanical mixing — such as is available to you through our NEW Approved Purina Custom Mixing Service — makes the mixture much more uniform and dependable.

Our Formulas are thoroughly tested and proved for turning your grain into balanced feeds for poultry, hogs, cows and steers. Our grinding and mixing machinery is operated by trained men. Bring in your grain for proper balancing to help step it up to capacity feeding value.

Maid of Cotton Title At Stake in '47 Contest

MEMPHIS, Tenn.—Six months of preparation as a fashion model and good-will ambassador lie ahead for some fortunate girl who is to become the 1947 Maid of Cotton.

The winner will spend three weeks in a modeling school in New York next January and tour the principal cities of the United States, from coast to coast.

She will model a cotton wardrobe designed in highest fashion by leading American stylists, and at every stop she will meet federal, state and local dignitaries, to whom she will bear messages of good will from the Cotton Belt.

The 1947 Maid of Cotton will have followed her traditions set by eight previous Maids who have brought the

contest to an event which captures the interest of the entire Nation. For the first time since the imposition of wartime travel restrictions, the 1947 Maid will visit the West Coast, where she will get attention from Hollywood and the California fashion apparel colony.

All her expenses on the trip to New York and the five-month tour will be paid. She will be the guest of honor at dozens of receptions, luncheons, dinners and fashion spectacles, and she will be the subject of literally thousands of newspaper and magazine stories, photographs and newsreels.

Any girl born in a cotton-producing state, who is between the ages of 18 and 25 and who has never been married, is eligible for the Maid of Cotton contest.

Now women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic pain. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion. It also helps build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Entries are already being accepted by the National Cotton Council, Post Office Box 18, Memphis (1), Tenn. The council will send entry blanks upon request. Entries will close at midnight, December 20, and the final selection will be made of a Maid and two alternates in Memphis Jan. 13.

Shortly thereafter, the new Maid will leave with a chaperon for New York City for a three-week training period, during which the Maid will receive modeling instructions, pose for fashion photographs, and be fitted with an all-cotton wardrobe. Top-most stylists will create these garments which she will display at style shows across the country.

Announce Trial Of Japanese Matsujiro Nakasai

The Leader is in receipt of the following interesting report on the trial of Matsujiro Nakasai from the general headquarters of the supreme commander for the Allied powers, legal section:

On November 1, 1946, Matsujiro Nakasai was brought before an Eighth Army military commission to stand trial for the beatings of 27 American prisoners of war.

Legal Section's chief prosecutor for this case, Mr. Allan R. Morrison, called Binsei Ikeda to the stand as his first witness. Ikeda is Hawaiian by birth, and has lived in the islands for the first 19 years of his life. In 1937, he came to Japan to attend school. After completing his formal education, he prepared to stay and acquired Japanese citizenship. On December 12, 1942, he accepted employment as an interpreter at the Nagoya Prisoner of War Camp No. 1. He served there in this capacity until the end of the war. He has requested reinstatement as an American citizen, but was refused.

Ikeda, under oath, recalled the day of the mass beatings of 16 Americans during the spring of 1945. The camp had a general inspection of the prisoners' barracks. During this inspection rice was found in a room in which prisoners were quartered. The 16 were taken to an office in the camp where they were cross-examined and beaten. They were then taken outside where the guards continued the beating with kendo sticks, bamboo swords used in Japanese fencing, paddles, wooden rifles and whatever came handy. They were then put in the guard house for three days. Ikeda didn't know whether the prisoners were allowed to keep their clothing or not while in the guardhouse.

When the men were released, there was a deathly black pallor about them and their faces were so badly swollen that they could hardly open their eyes wide enough to see.

Legal Section prosecution staff has submitted numerous affidavits sworn to by former prisoners at this camp that they were stripped of all clothing when locked into the guardhouse. It is alleged that at the time the temperature was below freezing.

During the cross-examination of the witnesses by the defense panel, it was brought out that an affidavit sworn to by Joseph D. Waller, Mt. Creek, Alabama, and submitted as evidence by the prosecution, revealed that Ikeda beat Waller when he caught him with a canteen of maize which he had taken for food. On further interrogation by the defense, Ikeda admitted to two other beatings.

Grange, Tenn., 1941; Camille Anderson of Memphis, 1942; Bonnie Beth Byler of Lepanto, Ark., 1943; Linwood Gislard of Donaldville, La., 1944; Jennie Erle Cox of West Point, Miss., 1945; and Gwin Barnwell of Gastonia, N. C., 1946.

Miss Barriwell, the present Maid, visited 35 cities during the first half of the year.

The contest and tour are being sponsored again this year by the National Cotton Council, the Memphis Cotton Carnival Association, and the cotton exchanges of Memphis, New Orleans and New York City.

Finds Answer to Building Material Shortage; Gets Cans From City Dump

HEREFORD.—At least one enterprising Herefordian has found a fool-proof solution to the house-building problem in these days of building material shortages.

J. R. Daniel, Hereford florist, is building a modern five-room house and garage in West Hereford, almost entirely out of non-critical materials, and almost every major motor oil producer in the country has been an unwitting contributor to the Daniel home.

This is the house that cans built. Every wall and partition in the modified Spanish-style dwelling is built of quart size oil cans, imbedded in concrete.

There are 11,779 oil cans in the walls, according to Daniel, who counted 'em, plus a small number of beer cans used to fill up the chinks.

The amount of lumber in the house has been reduced to an absolute minimum—floors, rafters, door and window facings accounting for practically every board foot.

The walls will be plastered inside, stuccoed on the outside, and a green shingle trim will be used around the top.

The oil cans are laid in rows, side by side, and embedded in concrete. Reinforced concrete pillars support the corners and partition joints.

The cans were collected from the city dump, Daniel said, and burned to remove all traces of oil, which might soak through the plaster walls. The only expense involved was in collecting and hauling nearly 12,000 cans.

Daniel, who planned and built the house himself, started actual construction on the project in June, although it has been in the planning stage for more than two years, and expects to have it ready for occupancy some time this winter.

Total cost of the materials in the five-room house and garage will be in the neighborhood of \$2,000 when

the project is completed, Daniel estimates. He charges himself nothing for his labor.

On an adjoining lot, he is constructing a modern greenhouse—of conventional glass and steel—and is currently rushing that project to completion in order to get a large bed of carnations, which are ready to burst into bloom under glass before the first freeze.—Hereford Brand.

Benefit Show For Band Scheduled For November 28

Plans are under way by the Band Mothers and members of the High School Band to sponsor a benefit midnight preview Thanksgiving, November 28.

This benefit is being planned to raise further funds with which to buy uniforms and other needed equipment for the Littlefield band.

The program, which will be held at the Palace Theater, will feature the film, "The Bowery," starring Wallace Beery and Jackie Cooper. The band will receive 40 per cent after the government tax has been deducted, it has been reported.

The showing of the film is sched-

uled for approximately 11 o'clock, immediately following conclusion of the regular show. The benefit is being staged through courtesy of Bill Chesher, manager of the Palace and Ritz theaters.

Advance ticket sales will be conducted between now and Thanksgiving night. They may be secured from band members or at the high school office.

Loy Dalton, brother of Mrs. Francis Lankford, who is suffering from a hand infection, went to Lubbock for consultation with a skin specialist.

29 Additional Buildings to Be Moved to Tech

Twenty-nine additional buildings will be moved to the campus of Texas Technological College, Lubbock, by the Bureau of Community Facilities, Federal Works Agency, according to Senators Tom Connally and W. Lee O'Daniel, and Congressman George Mahon.

The structures, which are surplus war installations, will be moved to Tech and Camp Bowie and Hondo Army Air Field. Under the program the college will provide building sites and utilities, and the FWA will move the buildings.

Among the items approved by the FWA for Tech are seven classroom buildings, space for four laboratories for general science, mechanical and electrical engineering, three ROTC buildings, a dispensary, a clinic, a cafeteria, a faculty office building, a building for book storage, and six other storage buildings, two maintenance shops, an auditorium and a veterans' guidance center.

The FWA has also made tentative assignment of some \$6,000 worth of classroom and office equipment that may be made available to Tech at a 95 per cent discount of cost.

NOW ENTITLED TO GI BENEFITS

Information that those young men enlisting in the U. S. Marine Corps before the war is officially declared over will receive benefits in the GI Bill of Rights was received this week by S/Sgt. H. C. Lindsey of the Marine Recruiting Office in Lubbock.

Brig. Gen. W. E. Riley of Washington, D. C., who is in charge of Marine recruiting, sent the announcement.

If a man enlists before the war is officially declared over, he is entitled to part of the benefits under the GI Bill of Rights, said Sgt. Lindsey. He receives no benefits if he enlists after the war ends. If he serves even as much as one day, however, he receives 12 months of schooling and a month is added for each month he serves before the end of the war is officially declared, provided he completes 90 days' service in all and is discharged under conditions other than dishonorable. The 90 days' required service for the benefits may be after the official termination of the war except for the one day prior service necessary for the benefits.

The explanation of benefits to those enlisting before official close of the war was given originally by Gen. Omar N. Bradley, veterans administrator.

Aeronautics Assn. To Meet Nov. 22-24

The annual convention of the Texas State Council of the National Aeronautics Association will meet in Lubbock November 22, 23 and 24, according to Fred H. Lindall, San Angelo, president of the council.

Among the topics to be discussed by the convention is the establishment of a state headquarters for the Council with a paid manager to co-ordinate the activities and efforts of, and to serve the local groups. Adequate financing of such a comprehensive program will also be taken up. Other topics which will be brought before the gathering are examination of proposed state legislation pertaining to aeronautics, adoption of a policy of action of the part of the council in this legislation, discussion and formulation of plans for a proposed state aviation organization designed to combine the activities and strength of all Texas aviation organizations, promulgation of a uniform aviation effort for the common good, and election of

state council officers for the coming year.

Each chapter in the state will elect or appoint a delegate to vote and speak for the group.

High School Band Takes Part In Program, Nov. 11

The Littlefield High School Band took part in an Armistice Day program Monday, November 11.

The program opened with the student body singing "America," accompanied by the band. Then a minute's silence was observed as tribute to the "Unknown Soldier" of World Wars I and II, during which taps was played by Bill Spencer on a cornet. The program was ended with the singing of the "Star-Spangled Banner" by the student body, and accompanied also by the band. The program lasted about fifteen minutes in all.

A short speech was given by Eugene Carter in honor of the "Unknown Soldier."

The band will make many other appearances through the remainder of the year.

BETTER CROP OUTLOOK

"Reasonably favorable weather during the 1947 season should result in larger plantings and also favor higher yields. A more favorable labor situation and increased machinery supplies are expected to facilitate higher production. Present prices, if sustained, would allow cotton to compete more effectively with alternative enterprises."—1947 Outlook Issue U.S.D.A. "Cotton Situation."

also Mrs. Butler, and Mrs. Phillips, of Amherst.

Those sending gifts were: Mmes. Armstrong, Parker, Mueller, Carl Osthus, L. M. Kirby, T. O. Mote, L. Sullivan and W. O. Hendricks.

Everyone enjoyed the sandwiches, cookies, coffee, cocoa and punch.

BROTHER OF MRS. P. E. BOESEN PASSES AWAY

Mrs. P. E. Boesen of Sudan has disclosed news of the death of her brother, P. B. Snealson, on November 3, at Great Falls, Montana. Snealson, a former newspaper man and postmaster in Montana, had visited in Sudan on several occasions, and was known to several local residents.

The Great Falls Tribune commented, upon the occasion of his death, as follows: "P. B. (Pete) Snealson, one of the best known newspapermen in Montana, former managing editor of the Tribune and former Great Falls postmaster, died at a local hospital Sunday evening, November 3. He had been ill for several years, during which time he spent the winter months in Arizona, hoping sunshine and change might help to regain his health.

"The past year was spent alternating with periods at the hospital and recovery sufficient to return home for a time. He was taken to the hospital Saturday, November 2, after a relapse from a heart ailment, which was the cause of his death."—Sudan News.

Why Bert Won First Prize

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimnings" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that belong with the enjoyment of a wholesome beverage of moderation.

And Andy, of course, is a whole-hearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly.

From where I sit, people like Andy also rate a "First prize." Not just for the quality of the product—but for the "trimnings" too.

More ELECTRIC POWER TO MORE PEOPLE

—AT A LOWER COST THAN EVER BEFORE

Thousands of hands in this entire area reach out to bring the magic of low-cost electricity.

A flick of a switch and safe, dependable, low-cost electric power is at the command of old and young folks alike.

Today, in our 22nd year, a pioneer in building ahead for the future, we're seeing these switches installed in homes by the hundreds. Our 12 million dollar expansion program is bringing electrical living to more and more people.

And, more important now than at any time during our history, we're keeping the cost of electric power at the bottom of your budget. Electricity is coming to you at a lower cost than ever before.

COTTON MOVES BACK TO 30-CENT LEVEL; WHEAT, SHEEP, HOGS GAIN

Cotton took the spotlight at most southwest markets last week as it moved back to the 30 cents per pound level. Also wheat, sheep and hogs made small gains, but other farm products were steady to weak, according to USDA's Production and Marketing Administration.

Cotton went up to \$17.50 per bale last week as market activity in cotton textiles increased following the end of price controls. Spot market prices strengthened a little in relation to March futures. However, country buyers' prices were generally low in relation to central and futures market prices.

Turkeys were about steady at 35 to 38 cents per pound for hens and 26 to 28 cents for young toms at most southwest markets last week. Some rural prices were 3 to 5 cents per pound below these. Hens and fryers held about steady, too, although demand was weak. Eggs reversed recent trends as expected holiday demand began to strengthen prices.

Cattle prices went up and down last week at most southwest markets despite active trading. However, no great losses or gains were registered. Top quality slaughter classes were steady to higher. Common and medium steers and yearlings brought \$12 to \$15 per hundred at Houston, and \$11 to \$18 at Fort Worth. San Antonio quoted common and medium grass fat steers and yearlings \$14.50 to \$16.50. Medium and good steers brought \$18 to \$20 at Oklahoma City, while medium light steers realized \$16 to \$18 at Wichita. Medium to good steers ranged from \$17.50 to \$25 at Denver.

Last week saw hogs move gradually higher under active trading at most southwest markets. Friday's quotations for top butchers stood at \$24.50 per hundred pounds at San Antonio; \$24.50 to \$24.75 at Wichita; \$25 at Denver; \$25.25 to \$25.50 at Oklahoma City; and \$25.50 at Ft. Worth.

Southwest sheep and lamb markets registered increases of 25 to 50 cents per hundred last week as good demand quickly absorbed light supplies. San Antonio quoted common and me-

dium grades lambs at \$12 to \$14.50, ewes at \$6.75 to \$7.75 and goats \$5.25 to \$6.75. Medium and good fat lambs brought \$17.50 to \$20 at Ft. Worth. Good and choice lambs realized \$23 to \$23.75 at Denver and \$22.25 to \$22.75 at Wichita.

Trading in domestic wool was less active last week due to the advance in prices effective November 11. Decontrol order stimulated buying in foreign markets.

Wheat went up a penny or more per bushel last week, while corn lost 3 to 4 cents and sorghums around 7 cents per hundred. Bran, shorts and soybean meal dropped \$3 to \$6 per ton, too, but other feeds stood at recent high levels. Widespread snow and rain increased demand for hay and strengthened prices.

Rice continued to sell at top OPA levels with the heavy movement from the new crop unable to meet the urgent demand.

Deliveries of farmers' stock peanuts from southwest area was light last week and most sales were at the support level.

Citrus, apples and most vegetables brought about steady to slightly stringer prices at southwest markets last week. Only potatoes and onions were easy. Louisiana potatoes went up as haulings decreased and brought \$2.65 to \$2.85 per bushel crate.

REPLIN'S

HERE ARE THE REASONS why you have had to wait for delivery of your NEW CHEVROLET

RECONVERSION

Restoring plants for civilian manufacture—getting machinery, tools and other needed equipment.

STRIKES

General Motors strike—steel strike—coal strike—continuing strikes in suppliers' plants.

SHORTAGES

Shortages of pig iron, steel, copper, lead, cotton—of almost every needed material and part.

MANPOWER PROBLEMS

High turnover of labor, increased absenteeism, retaining former workers, training new ones.

NATURALLY, you and all other buyers of new Chevrolets are eager to secure delivery of the cars you have ordered from us; and we, in turn, are equally eager—equally determined to do everything in our power—to make delivery at the earliest possible time.

Why, then, must you continue to wait for delivery of your new Chevrolet?

You will find the reasons displayed for you here. . . Reconversion difficulties, strikes in many different fields, material shortages, manpower problems. . . All these explain why Chevrolet production, like all automotive production, has been delayed—why shipments to us and to all other Chevrolet dealers have been limited—and why you are still waiting for your new car.

And so, even though Chevrolet has succeeded in building more cars and trucks during the first ten months of 1946 than any other manufacturer, production

is still far below peak levels—may continue so for many months—and we, your Chevrolet dealer, must continue to express our regrets, ask your indulgence, and thank you for your patience in awaiting delivery of your new Chevrolet.

You may rest assured that we'll do all we can, despite these difficulties, to speed delivery of your new Chevrolet—giving Big-Car quality at lowest cost.

The new Chevrolet lists for \$100 to \$140 less than any other car in its field—enough to pay for many a service check-up on your present car!

Meanwhile—until you secure delivery of your new Chevrolet—may we re-emphasize the wisdom of safeguarding your transportation by bringing your present car to us for skilled service, now and at regular intervals. . . And again, thank you!

FFA NEWS

***By BILLY GRAY**
The agriculture classes visited the Texas Experiment Station recently. We were shown through the place by Mr. Box.

First he showed us the weather station where they find how much water evaporates there each day. Next were the instruments that registers the wind mileage and temperature each 24 hours.

He then showed us the new and improved cotton, grain surghums, and pastures. We also saw new farm machinery unfamiliar to this country, such as potato diggers and miniature cotton gins.

After lunch, which we ate at McKenzie State Park, we returned to the station to look at more machinery and equipment used there. After that we saw the experimental crops, and returned home.

Eleven-Year-Old Girl Is Proud Of Her Pig Project

Polly Lou Alexander, aged 11, daughter of Mrs. W. R. Alexander of near Littlefield, is really proud of her pig project, and no wonder! She has already cashed in to the extent of \$160, and going strong!

This is how it happened:

A friend, D. E. Dyer of Hart Camp, presented Polly Lou with a little pig, which she fed and which grew, and produced a litter of five pigs. Polly Lou sold the mother pig for \$70, and gave Mr. Dyer one of the little pigs to repay her debt to him, and kept the other four. Recently two of her gilts presented Polly Lou with nine little pigs, which she sold last week for \$90.

Now, Polly Lou, is the richer by \$160 and still has two sows and two hogs to boot.

Polly Lou is surely proud of her project!

She was also proud of the quick results a classified ad in the Leader brought her. She advertised the pigs for sale, and her mother, Mrs. W. R. Alexander, reports that the "Leader was hardly out" when she sold her pigs. Mrs. Alexander said: "It surely brought results to advertise in the Leader."

To Build Cold Storage Plant At Anton, Texas

Work on the Anton cold storage food locker plant will begin immediately, according to Boyd C. Glover and B. F. Glover, who are establishing this business.

The Glover brothers, who are long-time residents of Lamb County, and are well and favorably known in the county, have a permit to build and install the locker plant at Anton. The plant is to be housed in a 40x60 foot tile building, and will be of 500 locker capacity.

The location for the plant had not been definitely decided upon, but two sites are under consideration. They expect to have the plant ready for operation by January 1, 1947.

USO Drive Opens In County Dec. 2

A final drive for USO funds will be launched in Lamb County Monday, December 2, R. A. Johnson, regional director, announced recently. A quota of \$1925 has been set for this county and quotas for various communities will be disclosed at a later date.

Johnson visited Sudan recently to confer with Joe Salem, county chairman for this drive. W. H. Lyle will act as treasurer for Lamb County, and H. G. Hull has been designated as publicity chairman.

PREDICT 4,000 BALES COTTON FOR ANTON

The Anton gins are reported to be running day and night, with fair weather affording workers an opportunity to get into the fields for a good day's work.

One prominent ginner has predicted that Anton would gin around 4,000 bales.

Sudan School Gets Two New Buses

Two additional new school bus chassis for Sudan arrived Saturday, Supt. of schools Perry Mooring has announced. These will complete Sudan's school fleet of six new buses, he pointed out.

One spare bus, not new, is also maintained for emergency use. W. L. Rice is bus foreman and has charge of servicing all seven vehicles as well as driving a bus route. Other drivers are Kelton Doty, Claude Pope, Melvin Presley, Delmar Gann and T. C. Wiseman.

Five of the new buses were delivered by Meadows Chevrolet, Clovis, and one by Crow's agency at Muleshoe since the opening of school in September.

PROVIDE FACILITIES FOR DEAF VETERANS

The Veterans Administration will provide the most modern facilities to aid deafened and hard-of-hearing veterans, according to an announcement this week by VA's medical director.

The program is designed to aid these veterans in rehabilitation, economic independence and adjustment to society and their own communities.

Dr. Norton Canfield, associate professor at Yale University, will be in direct supervision of the program. Dr. Canfield was closely connected with the hearing program of the Army in the Surgeon General's Office during World War III.

There are already 36,000 veterans of World War II who are ear casualties. About 12,000 veterans of World War I are still receiving compensation because of deafness. VA anticipates that there will be about 300,000 veterans in need of attention due to impaired hearing, within the next 20 years.

Special rehabilitation centers for the deaf and hard of hearing will be set up throughout the country at strategic locations. Here, veterans will be trained and provided with the latest in hearing devices.

SOCIAL EVENTS

Olton Man Marries Girl From Paris

The auditorium of the Baptist Church in Olton, Texas, was the scene of a pretty, informal wedding Sunday afternoon, Nov. 10, when Miss Micheline Richingnieux of Paris, Miss Micheline Richingnieux of Paris, Texas were married.

The altar was tastefully decorated with lighted tapers, baskets of chrysanthemums and fern, the candelabras were festooned with maidenhair fern. Music was furnished throughout the ceremony by Mrs. H. G. Wilson, pianist; Miss Margaret Ann Self sang "I Love You Truly." Brother Guy Self, minister of the Baptist Church, read the impressive double ceremony, before a large crowd, which had assembled to witness the culmination of a war-time romance which began in France.

The wedding party consisted of Messrs. James Cowart and James Self, ushers; Misses Ouida Cavett and Rosalyn Scheier bridesmaids. They were attired in rose-colored wool crepe dresses, with sweetheart rose corsages.

Miss Wanda Silcott, maid of honor, wore a dress of smoke-tone wool with gold hob-nail trimmings, and carried a bouquet of miniature chrysanthemums tied with cream satin ribbon.

The bride entered to the strains of the wedding march, on the arm of Mr. C. S. Silcott, who gave her in marriage.

She was attired in a lovely aqua blue frock, with black accessories, wearing a large picture hat of Parisienne model, and carried a bridal bouquet of white gardenias tied with white satin ribbon.

For "something old," she carried a white Bible, the property of Mrs. Ray Granberry, and for "something borrowed," wore Mrs. J. E. Fuller's watch.

The groom was attended by his cousin, Mr. Joe Blythe.

Mrs. J. E. Fuller, mother of the groom, wore a dress of smoke-tone wool and had a talisman rose corsage tied with rust-colored satin ribbon. Mr. L. D. Bartlett, grandfather of the groom, was among the honored guests; also Mrs. T. C. Fuller, the maternal grandmother, was present. Her home is in Wellington, Texas.

The happy couple left following the ceremony for their home in Amarillo.

School Classes Present Indian Operetta Thursday

Mrs. Woods and Mrs. Storey's groups of the fourth grade presented an Indian operetta in two performances Thursday morning and afternoon, the title of which was "The Inn of the Soldier Cheese."

The characters were: Peggy Austin, Deloris Wall; Tom Austin, Milton Vaughan; Joy Austin, young brother, Keith Hayhurst; Grady Austin, Mary Helen Miller; Traveler, Arlin Johnson; Anne, neighbor girl, Beva Gene Ray; John, neighbor boy, Harold Colbert; Smiling Eye, Painted Chief daughter, Marsha Jean Berg; Periwinkle, negro boy, John Fields; Chief Painted Feather, Gordon Joiner; Indians, Marline Miller, Tommy Shelby, Bob Murdock, Emma Ruth Carter, Tad Carlisle; Chorus, children from both rooms, directed by Mrs. McClair, assisted by Nina Jo Dunn.

This was taken from a play of 1700 in a Southern Pennsylvania home, in the kitchen of Master Austin's home.

The children certainly showed wonderful acting and lots of hard work had been put into the play.

Girl Scouts Hold Meeting

The Girl Scouts met in Mrs. Gilmore's room at the school Thursday afternoon at 4 o'clock and, following a business session, went on a penny hike, after which they played games at the home of Mr. and Mrs. Weldon Findley, and the meeting was adjourned.

Next meeting will be held at the home of Mr. and Mrs. Roy Wade.

Those present for the meeting were: Jean Onstead, Madelyn Wade, Vinita Roberts, Billie Ruth Redwine, Darla Vene Walker, Julia Martinez, Diana Hall, Barbara Ferguson, Laura Taylor, Kathleen Squires, Ray Russell, Charlotte Doss, Ophelia Cottom, Wanda Chappell, Wanda Harrell, Jana Lou Hollingsworth, and Patricia Grant.

**Social Security
Official to Visit
Littlefield Nov. 27**

Elliott Adams, manager of the Lubbock office of the Social Security Administration, will be in Littlefield Wednesday, November 27, at 9:30 a.m., at the post office, for the purpose of assisting persons who have questions regarding social security; discussing possible benefits and taking claims from persons who seem entitled to benefits; and taking applications for social security account number cards.

High school boys and girls who have been working in business or industrial jobs and who have returned to school are urged to take care of their social security account number cards. Students will need their cards again when they take other jobs during holidays, during next vacation and throughout life. The card is the key to an insurance policy with Uncle Sam, and only one number may be used by every worker throughout life. Wage credits, on which future benefits will be based, are posted to each worker's individual ledger sheet under both his name and number since many people may have the same name but no two can have the same social security number. More than one number may cause some loss of the wage credits.

**Predict Cotton
Crop of 8,487,000
Bales for 1946**

The Agriculture Department has reported that this year's cotton crop is indicated at 8,487,000 bales of 500 pounds grossweight.

Production was forecast at 8,724,000 bales a month ago. The crop totaled 9,015,000 bales last year, and 12,553,000 bales for the ten-year (1935-'44) average.

Cotton ginned from this year's crop prior to Nov. 1 was reported at 5,724,926 bales, compared with 5,151,873 to the same date last year and 8,282,768 in 1944.

The yield of lint cotton per acre was reported at 229.2 pounds, compared with 235.6 pounds estimated a month ago, 251 last year and 243.2 for the ten-year average.

**Tech On Approved
List of Association of
American Universities**

LUBBOCK. — Texas Technological College has been approved for inclusion on the accepted list of the Association of American Universities, according to word just received by President W. M. Whyburn of Tech from Frank H. Bowles, secretary of the association committee on classification of universities and colleges.

Graduates from Texas Tech, the youngest major educational institution in the state, may now enter graduate schools of any leading university in the nation without penalty, President Whyburn said. He also pointed out that many organizations carrying national recognition make membership in the AAU a prerequisite to forming chapters on a college campus.

Dr. Whyburn stated: "Approval by the Association of American Universities represents the result of 23 years of careful thought and closely coordinated effort on the part of all members of the college organization. It constitutes a recognition of our college, particularly with reference to activities in the field of scholarship, which is of highest significance.

"The careful examination into all phases of the organization, instruction and operation of the institution which precedes action on an application for approval, makes favorable action a strong endorsement and a great asset of the institution. With this momentous achievement of Texas Technological College, our future as one of the great American higher education institutions is recognized. In it is inspiration for students, faculty and administrative officers to redouble their efforts with the full knowledge that the value of these is known throughout the country."
