Jim Thomas Is Assessed Life Sentence Saturday

Counsel Gives Notice of Appeal Following Verdict

Jim Thomas, 51-year-old convict, was convicted Saturday in the district court at Sweetwater for a third time on a charge of murdering Dr. Roy E. Hart, of Littlefield, and assessed a sentence of life imprisonment.

On two previous convictions on the same charge, he was given the death sentence.

Following the Saturday verdict, Thomas' counsel gave notice of appeal to District Judge A. S. Maury. Sheriff Sam Hutson, Deputy Sheriff Sid Hopping, and the following witnesses from Littlefield attended the trial at Sweetwater: Mr. and Mrs. L. C. Grissom, Dr. and Mrs. F. W. Jones, and Roy Granberry.

A jury at Plainview first convicted Thomas, who was arrested Oct. 27, 1943, a day after the bodies of Dr. and Mrs. Hunt were found mutilated and bound in bed at their residence. He was tried only in the death of Dr. Hunt. Thomas won a re-trial because of a jury irregularity, and the case then was tried at Lamesa on a charge of venue. The Lamesa jury also convicted Thomas.

After the conviction at Lamesa, Jan. 12, 1945, attorneys for Thomas filed motion for a new trial which got underway at Sweetwater on a change of venue last week. The Sweetwater jury received the case about midnight Friday.

The state rested its case Friday night after the Hunt's eight-year-old daughter, Joan, testified that on the night of the slaying she was awakened by her mother's screams. She went into her parents' room and "a big man, wearing black shoes, picked me up and put me in the clothes closet," she said.

Levi Duncan, a Texas Ranger, Friday identified a picture introduced as evidence as that of an automobile which Red Craig had testified he loaned to Thomas in Amarillo last week. (Continued on Page 5)

Mrs. L. M. Brandon Attends Red Cross Meeting Wednesday

Mrs. L. M. Brandon, executive secretary of the Lamb County Red Cross chapter, attended the conference of chapter chairmen and executive secretaries at the Hilton Hotel Wednesday.

Dr. Ira Woods, county chairman, was unable to attend, due to his absence from the city on account of illness.

The registration opened at 9 a.m., and afternoon sessions were held. The organization and trends of present demands for Red Cross services were discussed. W. C. O'Mara, chairman of the Lubbock County chapter, presided.

A luncheon was held, at which two Technological College students made talks. Robert Pardue discussed his experiences with the Red Cross when he was a service man in the European theater. Ralph Wild of St. Gallen, Switzerland, talked on his former relations with the International Red Cross headquarters at Geneva. Wild, the son of a textile mill owner in Switzerland, is studying textile engineering at Tech College.

If you are looking for a pleasant way to spend the afternoon and evening of Thanksgiving Day, Nov. 28, go out to the little rural community of Pep, Texas. St. Philip's Church is planning a big festival for that day.

Both dinner and supper will be served with an abundance of luscious roast turkey and juicy country sausage, with all the trimmings.

There will be plenty of games, refreshments and entertainment for young and old.

You will have plenty of time to get your dinner (starting at 11:30 a.m.) before the football game starts; and also plenty of time to get back for supper (starting at 5:30) after the game is over.

The festivities will be topped off by a dance in the evening.

Watch for our posters—
 Make it a date! Come early! Stay late!

Hearings on Road Petitions Oct. 31

A hearing on the three road petitions recently presented to the commissioners' court has been set for Thursday, Oct. 31.

Approximately 40 miles of farm-to-market roads in District 1-A have been proposed.

The petitions asked for a bond issue of \$350,000 to finance construction of the roads, in which landowners residing in District 1-A would vote in an election to be called by the commissioners. According to the plan as outlined in the petitions, the bonds would bear an interest rate of 3½ per cent, the payment of which would not exceed 25 years.

The petitions also asked that landowners have the opportunity of voting on the question as to whether or not ad valorem taxes shall be levied on all taxable property within the boundaries of the road district. This procedure, if adopted, would be for the purpose of paying interest on the bonds and to provide a sinking fund for redemption of payment at maturity.

All three petitions presented seven identical road designations which would be included on the program, as follows:

1. The Pep road, extending from Highway 54 south to the Hockley county line near Pep.
2. Beck Gin road, from farm highway 54 north toward Beck Gin, to north line of District 1-A.
3. Amherst south road; runs from farm highway 54 north to north line of the road district to connect with a paved road north of Amherst.
4. Old Mueller place. Connects with the road described in No. 3, and goes east to Federal highway 84.

SPRING LAKE WOLVERINES TO PLAY CATS SATURDAY NIGHT

Wildcats and Pep Squad Enjoy Dance At Legion Hut

Mrs. Esta Mae Shaw was hostess at a dance at the Legion Hut Friday night after the football game, honoring Coach Fikes, Assistant Coach Leo Duffey, the Wildcats, and members of the pep squad.

About 200 attended, including the honor guests, and students of the high school and their friends.

A new record player with loud-speaker just purchased by Mrs. Shaw provided the music.

Assisting Mrs. Shaw in the entertaining were: Mrs. Arbie Joplin, Mrs. Sid Hopping, Mrs. G. F. Hicks and Miss Mary Lytrilla Hicks.

Baskets and vases of lovely dahlias decorated the hall for the occasion, and a special lighting system furnished a soft lighting effect for the party.

Johnson Grass Poison Received

The commissioners' court received this week 40,000 pounds of Johnson grass poison, for use in Lamb County. Each commissioner received a hundred 100-pound cans of the poison.

The commissioners have a power sprayer to help farmers to distribute the poison, although the sprayers will not reach everyone. It would be good for farmers to see them at work to learn how much of the poison to use to get a kill.

This poison, when used at proper rate, will give excellent results. A 100-pound can will kill 60 to 70 spots of Johnson grass 10x10.

Band Fund Reaches \$1204.85

In the campaign sponsored by the Band Mothers to raise funds to buy uniforms, instruments and music for the members of the Littlefield High School band, a total of \$1,204.85 has been raised to date by public donations.

Mrs. T. L. Matthews is president of the Mothers, and Jack Pope is chairman of the finance committee. Mrs. Hugh Rice and Mrs. E. J. Packwood are also members.

The committee wishes to thank all those who contributed to this fund, or in any way assisted in the project.

Central P-TA Gives Six Dollars In Prizes In Contest

Central P-TA met October 9 in the High School auditorium. The fourth grade pupils gave a Halloween play. Arthur Duggan gave a talk on laying the cornerstone.

The P-TA voted to give six dollars in prizes for a poster and an essay contest about the safety campaign.

The following rooms had ten mothers or more present: Mrs. Fogle, Mrs. Woods and Mrs. Storey.

The Spring Lake Wolverines, with only one game lost this season in a full schedule, will meet the Littlefield Wildcats at Seely Field Friday night.

The strong Sudan team is the only eleven which has defeated the Wolverines this season. The Wildcats, undefeated this year, have won 26 games out of 28 played in the last three seasons. When two such fine clubs meet it is doubtful as to what the outcome will be.

The starting lineup for the Cats will be as follows:

Gene McCanlies, left end; Jiggs Walker or Warren Rutledge, left tackle; Bobbie Coen, left guard; Royce Jennings, center; Billy Wayne Sisson, right guard; R. L. Brewster, right tackle; Jack Davis, right end; Travis Price, quarterback; Jackie Shelby, blocking back; Gene Carter, tailback; Sabin Hendrickson, fullback.

The starting lineup for Spring Lake will be as follows:

Behrends, left end; Hestand, left tackle; Dent, left guard; Rex Angeley, center; Parish, right guard; Jack Angeley, right tackle; Cleavenger, right end; Hollingsworth, quarterback; W. Lewis, right halfback; Glascock, left halfback; Truman Lewis, fullback.

Officials: Barrett, referee; Winberley, head linesman; Judd, umpire.

WHITHARRAL VICTOR OVER FRENSHIP BY SCORE OF 19-6

Whitharral kept its slate clean for the season by unlimbering a 19-6 win over Frenship at Whitharral Friday night.

Frenship scored first, when Weldon Wade came back with a 20-yard scoring play for the Whitharral team. Melford Fagan and Dale Hughes scored for Whitharral in the second half. Ken Buck, Marvin Burnett and Raymond McCarty were line standouts for Whitharral.

Large Numbers Attend Meeting At Courthouse

Instructed Group To Attend State Meet At Lubbock Today

A large crowd attended the county-wide mass meeting of farmers, held at the courthouse Tuesday night, for the purpose of cooperating with the Congressional committee now touring the South in an effort to determine what the farmers want in the future farm program.

Lem Weaver, county agent, presided at the meeting.

Congress recently appointed seven of its members as a special committee and this group is now touring the South.

Texas was granted two of these hearings, and one of the hearings will be held in Lubbock today (Thursday).

In view of the fact that the Congressional committee cannot contact all farmers, they determined on a plan through which every farmer could have a voice.

At the meeting a committee of seven, including a chairman, were named to represent the group at the Lubbock meeting today.

The committee is composed of the following: W. O. Hampton, chairman, and L. T. Green, Frank Lehman, E. C. Clayton, Walter Gray, Bill Langford and Walter Martin.

The group voted as favoring or opposing the following provisions, and instructed the committee to vote accordingly at the Lubbock meeting.

Favor 100 per cent of parity.

Parity prices should include and reflect price of farm labor.

Favor control of production to support higher prices.

Favor support prices with reasonable control.

Opposed to domestic allotment plan for cotton production to encourage world free trade.

In setting up marketing quotas, favor allotment be made by cultivated acres.

Favor cotton allotments being made on the land.

Favor government encouragement in growing one variety cotton.

Favor acreage control to cut down on cotton surplus.

Favor U. S. loans to foreign countries with which to purchase American cotton.

Jaycees Meet Tuesday Night

A meeting of the Junior Chamber of Commerce was held Tuesday night at the courthouse.

Members were entertained by the showing by Nig Whitson of moving pictures taken by him of the recent rodeo, which included the parade and views of the various performances on the grounds.

A committee composed of Bob Walker, Gene Williams and "Skipper" Smith was named to arrange a Christmas program.

Plans were also made to stage a dance and dinner party on the night of November 11, probably at the Legion Hut.

Tom Hibben was also appointed secretary, to take the place of Duane Bull, who left last week for Rogers, Ark., to make his home.

RECEIVES LONG DISTANCE CALL FROM PANAMA

A long distance telephone call from Panama Canal Zone was received by Billye Joyce Webb, of Rowe Oone, Amherst, from Cpl. Earl McKeenan, whose home town is Moulton, Iowa, on Saturday last, at 11 o'clock.

NIMRODS BRING PROOF OF GOOD HUNTIN' TRIP

A group of hunters from this area returned Wednesday of last week from a week's deer hunt in Colorado, bringing back with them a deer each. They report a splendid trip, plenty of good hunting, and cold weather with plenty of snow in Colorado. In the group were: H. N. Bennett and G. M. Vaan, both of Spade; Jack Hart of four miles east and half mile north of Spade; and Virgil (Red) Grisham and Junior Grisham of west of town, who spent their time hunting in the vicinity of Rifle, Colo. The party made the trip in a pickup belonging to Mr. Bennett. From left to right in the picture are: Mr. Vaan, Mr. Bennett, Mr. Hart, Mr. Grisham and Mr. Grisham, Jr.

CATS DEFEAT MULESHOE, 45 TO 20, TO WIN ANOTHER CONFERENCE GAME

By CLYDE AKERS
Leader Staff Writer

The Littlefield Wildcats took another conference game Friday night at Seely Field, defeating the Muleshoe eleven, 45 to 20.

Both teams played a good brand of ball throughout the game, even though the scoring was a little high.

The first touchdown for the Cats came early in the first quarter when, after Hendrickson took the ball from the Cats' 30-yard line and raced down to Muleshoe's 10-yard stripe, Price threw a nice pass to Jack Davis, and he went over the goal line.

The next few minutes of the game saw both teams unable to make much headway through their opponents' line. Muleshoe took the ball from their 40 to the Cats' 45, but had to punt when the Wildcats held them to the fourth down. It was a poorly-kicked ball, and only got as far as the Cats' 35-yard mark. Gene McCanlies grabbed a pass and got as

far as the 50-yard line, but the play was called back for a five-yard penalty against the Cats. On the next play, Eugene Carter glashed around right end and, doing some fancy running, led the Muleshoe eleven over their goal marker. He went across again for the extra point. Muleshoe got as far as their 44-yard stripe after receiving the kick from the Cats, but had to punt again when they ran short of downs. It was a nicely-kicked ball and it went out of bounds on the Cats' five-yard line. It looked like the Cats were in a tight spot, but Hendrickson crashed through to the 35 at the end of the first quarter.

The second quarter started with the ball in the Cats' possession on their 35. Travis Price brought the ball to the 40, and then Carter took the ball around right end and streaked down the field for another touchdown. The Muleshoe team had to kick out of danger shortly after receiving the ball from the Wildcats, and the

EISENHOWER HONORED IN EUROPE . . . More and more honors were heaped upon Gen. Dwight Eisenhower on his trip through Europe. With Mrs. Eisenhower, he is shown chatting with King George of England at Balmoral, Scotland, where the Eisenhowers were guests of the royal family. General Eisenhower previously visited the castle which was presented him by the citizens of Scotland. Every city presented him with medals and keys to the city. He was also given freedom of the city wherever he appeared in Scotland and England.

Cats were on the move again, this time from the 50-yard marker. Price made a first and ten for the Cats, and then Hendrickson plowed to the five, and Price to the one-yard line. Hendrickson took the ball on the next play and smashed through the line for another Wildcat score.

Coach Fikes put some of the second team in to kick off to the Muleshoe eleven. Muleshoe got a bad break when they fumbled the ball and Rutledge, a first-stringer, recovered on the 28-yard line for the Wildcats. Billy Arend carried the ball to the 20 and then Lilburn Bales picked up five more yards for a first down. Arend again took the ball and went around right end to the first down. Arend again took the ball and went around right end to the one-yard line. On the next play Johnny Edwards, a freshman, squeezed through the center of the line for a Wildcat score. The Cats again kicked off to Muleshoe, this time Huff taking the ball around the left end and racing down the field for Muleshoe's first score of the game. The Wildcats received the kick on their 20 and returned the ball to the Muleshoe 44 before the end of the half. The score stood at 32 in favor of the Littlefield Wildcats.

The Wildcats kicked to Muleshoe to start the third quarter. McCarty got the ball and reached the 42-yard line. On the next play Muleshoe fumbled and McCanlies recovered for the Cats, but a five-yard penalty was called against the Cats and they didn't get the ball. On the following play Muleshoe again fumbled, and again McCanlies was there to pounce up the ball. The Cats tried a pass on the first play, but the ball was intercepted by Huff for Muleshoe. Muleshoe brought the ball from their 30 to their 35, but had to punt on their fourth down, the ball landing on the Cats' 18-yard line. Jiggs Walker and Billy Sisson did some nice blocking for Sabin Hendrickson on the first play and he raced 82 yards for another Wildcat score. The kick for the extra point was good.

Muleshoe returned the Cats kick to their own 43-yard line. Lowery grabbed a pass and got as far as the Wildcats' 40, then McCarty snagged a pass and got to the 30. It looked like the Muleshoe eleven were on their way to another score when McCarty grabbed another pass and reached the 20 before being stopped. But the Wildcat line tightened up and allowed them only five yards in four downs. The Cats took over on their own 15-yard line and got out of the danger zone when McCanlies caught a pass and just before being tackled lateraled to Hendrickson and he got to the 48 before being stopped. The third quarter ended at the end of the play.

In the last quarter McCanlies again caught a pass and got the ball to the Muleshoe 32 before being stopped. On the next play Hendrickson went off right tackle through a large opening made by the Wildcat line, and went on down the field to score again. The pass for the extra point was not effective.

The Wildcat second string went in again shortly after the Cats kicked to Muleshoe. Muleshoe tried a pass on their first play, but Arend intercepted for the Wildcats. The Cats were unable to make any headway and had to punt. The Muleshoe eleven then started on the move. The Cats were pushed back to their own goal. On the scoring play Muleshoe fumbled the ball and it bounced across the goal and Tibbets fell on it for Muleshoe's second score of the game. The try for the extra point failed. After Tibbets took a pass to the Cats' 10-yard line, McCarty went around left end to score again for Muleshoe. The final score was Littlefield 45, Muleshoe 20.

Leave for Detroit Wednesday Morning

Mr. and Mrs. W. E. Lavender left Wednesday morning for Detroit, Mich., to visit the Chrysler and Plymouth automobile plants.

Both plants have been greatly enlarged and improved, and Mr. and Mrs. Lavender will go through them and view the improvements.

Members of Junior Study Club Meet Thursday Last

Members of the Junior Study Club met Thursday at the home of Miss Laverne Hayhurst, with Mrs. Roy Byers, Jr., in charge of the program.

Mrs. Quinton Bellomy was guest speaker and spoke on Nursery Schools.

Attending were: Miss Alma Allen; Mmes. Dick Carl, Edward Betts, Bill Carter, Roy Byers, Jr., and T. A. Hibbun; Misses Margaret Coffman, Olene Gibson, Ruth Griffin, Laverne Hayhurst, Alma Faye Henry, Erna Mae Hill, Clara Jarman, Dorothy Newgent, Bernice Sanderson, Lucille Smith and Dora Jo Valverde; Mrs. Olley Robbins, and the guest speaker, Mrs. Bellomy.

The club will meet November 7 with Miss Alma Allen as hostess.

Number Enlisting, Reports Dirickson

Sgt. Herman Dirickson has announced 17 enlistments from October 1 until October 17.

He reported that Doil Gene Taylor, 18, of Pelly, Texas, who was visiting an uncle here, enlisted in the Ordnance Department for three years, and James Davis Fuson, 21, of Goose Creek, Texas, enlisted in the Ordnance Department for three years. He left October 17 for Goodfellow Field, San Angelo, to enter the service.

Sergeant Dirickson is in charge of recruiting in Littlefield, with headquarters in the Yellow House Land building.

SOMETHING NEW IN THE DRAPERY LINE!

Something entirely new in the drapery line is now on the market. This week a large shipment of flowered Clopay Lintoned Drapes, made of plasticized cellulose fibre, was received by Onstead's Furniture. Although they are made of paper, they are processed to look and hang like costly cloth, with matching tie-backs, and are flame-resistant. These are truly something new in the drapery line, and very moderate in price.

Altar Society Meets Sunday

The monthly meeting of the Sacred Heart Altar Society was held Sunday, Oct. 20, in the home of Mrs. W. R. Geistman. Mrs. Joe Rietman, the chairman, opened the meeting with a reading, "Take Them As You Find Them."

Mrs. Foltyn, secretary, read the minutes of the previous meeting.

Plans were made to hold a rummage and food sale at a date to be announced later. Proceeds of the sale will go to the society treasury. The members also will do quilting for anyone who wishes to have quilts made. Three dollars will be the price for ordinary quilts. See Mrs. Kathryn Johnson at Firestone Store, or Mrs. W. Servitius, north of Anton, in regard to the quilting.

Mrs. John Dubec, who is leaving, was given a farewell shower. Eleven members and two visitors were present.

Mrs. Geistman served refreshments of coffee, cake and sandwiches.

The next meeting will be held in the home of Mrs. Joe Macha, Nov. 17. All members please be present.

Kenny Infantile Paralysis Campaign

Plans for the 1946 Sister Elizabeth Kenny Infantile Paralysis campaign, which will run from November 15 to December 7, are proceeding rapidly, according to George C. Francisco, Jr., Houston, state chairman. The Texas quota is \$150,000.

The state campaign is being conducted by counties, with a separate quota for each county. Chairmen are now being selected for the individual county campaigns. Funds from this campaign will be used to send nurses to Minneapolis to train as Kenny technicians, and to eventually build a Kenny clinic in Texas, so that Texas victims will have access to the best known treatment of this dread disease.

Anyone wishing to help in this campaign is asked to contact the Texas Headquarters, Driskill Hotel, Austin, Texas.

Mr. and Mrs. Martin Make Trip by Plane To Mexico City

Mr. and Mrs. Herbert Martin returned home Thursday evening from a trip by plane to Mexico in their Cessna 140, operated by Mrs. Martin.

They report a very interesting trip and a wonderful time.

According to Mr. Martin, the Mexican government was sponsoring a light plane tour to Mexico City celebrating Columbus Day, October 12. They first had the tour set for Sept. 16, Mexico Independence Day, but postponed it until Columbus Day. The purpose of the tour was to encourage light plane flying.

The Martin plane was the fourth plane in the tour to land at Mexico City.

Mr. Martin reports that the Mexico City officials tendered the visitors an extremely friendly welcome, and that their visit in the city was much enjoyed.

They attended a bull fight in the big Mexico City, arena and visited many places of interest, including the floating gardens.

"Mexico City has a population of two million people, and is a wonderful place," added Mr. Martin.

Mr. and Mrs. Martin left here Wednesday morning, October 9, spent Wednesday night in San Antonio, Thursday night in Tampico, Mexico, and arrived in Mexico City Friday noon. On the return trip they left Mexico City Wednesday morning about 10 o'clock, and arrived in Littlefield about 6 p.m. Thursday.

Wayne Brown attended the Tech football game at Lubbock Saturday.

Miss Irma Sue Thrash and Ralph Roberts Are Wed

Mr. and Mrs. J. J. Thrash are announcing the marriage of their daughter, Miss Irma Sue Thrash, to Ralph Roberts Tuesday morning, October 15.

The beautiful single-ring ceremony was performed by Rev. Lee Hemp-hill, pastor of the First Baptist Church, at 11 o'clock, at the parsonage.

The bride wore a blue suit with black accessories. She carried a white Bible and wore a corsage of red roses.

She was attended by Mrs. E. L. Owens, who wore a gold suit with brown accessories.

Mrs. Roberts is a graduate of Rule High School, with the class of 1938, and has been employed in telephone work for the past eight years, five years of which she has spent in the Southwestern Associated Telephone office here.

Mr. Roberts is employed with his brother, Wiley Roberts, in his shoe shop here.

Girl Scouts Plan Program for Week

Girl Scout Week, celebrated annually by more than a million Girl Scouts throughout the United States, will open on October 27, designated as Girl Scout Sunday, and continue through November 2, according to Mancil Hall, president of the Girl Scout Council.

Littlefield Girl Scouts and Brownies and their leaders will meet at the First Baptist Church at 10:45 and will attend church as a group, to hear Rev. Lee Hemphill preach.

Mrs. A. R. Hendricks, chairman of the arrangements for the day, said that if the weather was bad, the Scouts would meet in the hall of the basement of the church.

The Girl Scouts of Littlefield will be joining with sister councils in more than 8,000 American communities in this observance of Girl Scout Sunday.

Girl Scout Week traditionally takes place during the week which includes October 31, the anniversary of the birth of Juliette Low, founder of Girl Scouting in the United States.

Following the major interests of the Girl Scout program, the "seven service days" of Girl Scout Week are devoted to highlighting some special phase of Girl Scouting. Sunday is Churchgoing Day; Monday is Home-making Day, with Miss Alma Faye Henry as chairman, and plans have been made for the Girl Scouts to eat at the school cafeteria at a specially reserved table. Table decorations and napkins will feature the Girl Scout motif. Tuesday is Citizenship Day, and Mrs. J. R. Coen is general chairman, with plans to give a program at the Central School assembly hour.

Mrs. Carl Morrow is chairman of plans for presenting the Brownie program at the primary building.

Wednesday, Health and Safety Day, is under the direction of Mrs. Roy Wade. The girls will work under the supervision of Chief of Police W. L. Walraven, who has been giving assistance in the safety traffic problems at the school building. Mrs. Wade's plans also include an inspection tour, directed by Health Inspector Dr. E. E. Joiner.

Thursday, one girl from each troop will be the guest of President Mancil Hall at the Rotary Club luncheon in observance of International Friendship Day. Mrs. Earl Rodgers is Thursday's chairman in charge of plans and transportation.

Friday, Mrs. O. C. Fox and Mrs. E. C. Caldwell are Arts and Crafts Day chairmen and have arranged for displays of the handiwork from all troops which will be displayed in prominent store windows downtown all week, with Girl Scouts to explain their work Friday. Troops have also been busy making posters at their troop meetings, the posters to call attention to their work. Saturday a "hobo hike" is planned, with Mrs. J. Ernest Jones and Mrs. Elton Hauk general chairmen for Out-of-Doors Day.

On each day of the week, Girl Scouts will make a special effort to show their families, friends and the community what they are doing and what their organization stands for.

A special display of the official Girl Scout uniform and equipment will be featured in the window of the J. C. Penny Co. official outfitters for the Littlefield organization.

Thrill-Packed Drama to Be Staged At Palace Sunday

The courage of a woman defying all the rules of society brought censorial wrath upon James Russell for her performance in Howard Hughes' thrill-packed drama, "The Outlaw," now playing at the Palace Theater for three days, starting Sunday, but it made her the most exciting star of 1946.

A newcomer to the screen, Jane realized that she was called upon in her first picture to portray a woman who violated conventions.

"But I understood her," Jane tells. "She was a woman who lived by primitive law, far from civilizing influences. What she did in flaunting convention was natural to her and completely forgivable."

Jane was the most surprised actress in Hollywood when censors descended upon "The Outlaw" in its San Francisco showing and demanded that one of the most dramatic scenes in the picture, involving her and her leading man, Jack Buettel, be eliminated.

But for the determination of Producer Howard Hughes to preserve the full truth of the film for adult audiences, Jane's scenes as Rio, the fiery girl who is ruled by love, would have been lost forever in censorship's waste-basket. As it is, Howard Hughes has won his long battle to release "The Outlaw" exactly as he produced it, without a single cut.

DAUGHTER IS BORN TO MR. AND MRS. E. M. LITTLE

A daughter was born to Mr. and Mrs. E. M. Little at the Payne-Shotwell Hospital Monday about midnight.

The infant weighed eight and a half pounds at birth, and has been named Caron Ruth.

Mr. Little is the owner and operator of Little's Drug.

VETERANS' NEWS

Aliens who served in the Armed forces of the United States during World War II have less than three months left to qualify for quick citizenship under the Second War Powers Act of 1942, the Veterans Administration warned this week.

The act expires on December 31, 1946, and affects all aliens who enlisted or were inducted into the service before December 28, 1945.

Recent reports indicate that approximately 100,000 service-men and veterans have failed to take advantage of the right to obtain American citizenship as provided under the Act.

Those affected are not required to file the customary declaration of intention, need not have lived in the United States for any specified time, are not required to speak the English language or meet educational tests.

Honorably discharged aliens who wish to take advantage of the law should apply to the nearest office of the Immigration and Naturalization Service or inquire at their nearest VA office.

Six thousand books—all brand-new—are on their way to war veterans in the 11 Veterans Administration hospitals of the Southwest.

Roy E. Eury, Special Services director for VA's Dallas Branch,

said both fiction and non-fiction obtained from the Army are being distributed among VA hospitals in Texas, Louisiana and Mississippi.

These books will boost the number of volumes in patients' libraries to early 50,000 Eury said.

During September, patients in veterans hospitals in the tristate area are checked out 10,140 books and showed a strong preference for fiction, or "escape" reading.

One book-loving veteran at the Legion, Texas, hospital set some kind of record, reading 1,500 books during his two-year stay at the tubercular hospital.

Approximately 9,100 children in Texas, Louisiana and Mississippi, whose fathers died as a result of World War II service, are receiving monthly compensation benefits, VA reported this week. Throughout the country, about 90,000 children are receiving these.

Veterans Administration received more applications for guaranteed or insured G. I. loans during August than during any previous month.

Veterans Administration maintains offices in Puerto Rico, the Philippine Islands, the Hawaiian Islands and in Alaska to serve veterans in those areas.

Approximately 1,536,000 veterans were paid about \$27,000,000 in unemployment allowances for the week ending Sept. 7, Veterans Administration announced.

The authorized capacity of Veterans Administration hospitals was increased by 1,882 beds during August, mainly because VA began operations that month in three hospitals acquired from the Army.

The number of veterans reported to be in on-the-job training or in schools at the end of August was 1,249,022, an increase of 8 per cent over the July 31 figure, Veterans Administration announced.

Two-thirds of the veterans who had terminated their training under the new G. I. Bill up to August 31 had made arrangements to resume their training at a later date, Veterans Administration said.

The Armed Forces Leave Act of 1946 authorizes Veterans Administration to accept "terminal leave" bonds in lieu of cash for the payment of premiums on all forms of National Service Life Insurance.

GEMS OF THOUGHT

ENRICHING THE NATURE

Every man feels instinctively that all the beautiful sentiments in the world weigh less than a single lovely action.

J. R. Lowell

Any one may do a casual act of good-nature; but a continuation of them shows it a part of the temperament.

Searse

Human affection is not poured forth calmly even though it meet no return. Love enriches the nature, and elevating it.

Mary Baker Eddy

Serene will be our days and bright,

And happy will our nature be When love is an unerring light, And joy its own security.

Wordsworth

It is not so much being exempt from faults, as the having overcome them, that is an advantage to us.

Alexander Pope

You will find it less easy to uproot faults, than to choke them by gaining virtues

John Ruskin

If one lives rightly, every effort to hurt one will only help that one; for God will give the ability to overcome whatever tends to impede progress.

Mary Baker Eddy

VETERANS DRAWING DISABILITY PENSIONS OR COMPENSATION

The number of veterans receiving disability pensions or compensation practically doubled during the first year following the surrender of Japan, Veterans Administration officials reveal. In August of 1945 there were 1,103,000 on the disability compensation rolls. One year later, the Veterans Administration was paying disability claims to 2,073,000. This increase is shown graphically above.

Saturday, Nov. 9, Will be Poppy Day in Littlefield

Saturday, November 9, will be Poppy Day in Littlefield, and Poppy Day will be sold by members of the American Legion Auxiliary on the streets of this city on that day.

It is customary each year, the Auxiliary will purchase poppies from the growers and sell them, and the proceeds will be used towards the relief of needy veterans or their families.

It is expected to sell 1500 poppies this year.

The idea of the poppy as a memorial flower for the World War I soldier sprang up as naturally as the wild flower itself grows in the fields of France and Flanders. The poppy was the one touch of beauty which survived amid the hideous destruction of World War I. Along the edges of the trenches, beneath the tangled barbed wire, about the ragged shell holes and over the fresh earth it raised its brave red blossoms. It seemed to be the one important thing in that region where death reigned. The soldiers of all nations came to look upon it as the symbol of the sacrifices of the dead comrades.

When the American Legion Auxiliary was organized in Kansas City in 1919, one of its first official acts was to make the poppy its official memorial flower, and adopted the following resolutions:

Resolved, That the poppy be made the memorial flower of the Legion Auxiliary, and the wearing of it by citizens on Memorial Day be encouraged; and that its sale be promoted for the sole purpose of aiding veterans' relief work.

The poppies are made by disabled men in Army hospitals. The making of them is a true God-given gift to many hundreds of disabled men. They are paid for the poppy shape, and if not too disabled, can earn a fair day's pay without exerting themselves to any extent.

Wearing the poppy on Poppy Day means honoring the dead and helping the living.

Wear a Poppy Saturday, Nov. 9!

THOMAS---

(Continued From Page 1)
before the Hunts were slain. The case was taken by Aubrey Fawver, block identification officer.
Fawver testified that car tracks in alley near the Hunt home correlated with tire marks on the Craig road. He also identified pieces of metal as having been sawed from a wheel of the same car. He said they were scratched and indented as if by a blow from a hard object. He said pieces of concrete in the Hunt alley

showed that a car had backed into it. On cross-examination, Defense Attorney Farmer of Waco read from the transcript of Duncan's testimony at Thomas' previous trials to show that the Ranger had not mentioned the picture, the concrete block or pieces of metal.

Other witnesses were Mr. and Mrs. S. L. Veazey, who said Thomas stayed in their Amarillo home a while before the slayings. Mrs. Veazey had said Thomas left about 4 p.m. Monday and returned "around 8 o'clock Tuesday morning," the day the bodies were found.

Veazey, Amarillo garage man, was called back to the stand Friday to testify concerning the visits of Texas Rangers to his garage following the killings.

He said a six-inch emery wheel and a six-inch wire buffer used in repairing inner tubes had been removed from his shop and he had not seen them since. He testified further that neither instrument would leave the kind of marks found on a pair of basketball shoes belonging to his son, Alvis. The state contends that the shoes were worn by the Hunt murderer and were later buffed off to obliterate the design.

Anton Lions Club To Stage Auction

As announced by H. C. Richards, president, the Lions Club is sponsoring a campaign to raise money to remodel and improve the stage of the Anton high school auditorium, and in this connection will hold an auction sale Saturday, opening at 10 o'clock a.m., at Anton, when livestock, farm implements and farm equipment of all kinds, and household goods, which have been donated to the cause, will be auctioned off. All the proceeds of the sale will go towards the school project.

Anyone wishing to donate articles to this sale may do so, and it will be much appreciated by both the Anton Lions Club, and also the school.

J. S. Bridges is superintendent of Anton school.

Mrs. Aubrey Loyd Honored at Shower

A layette tea shower was given Tuesday afternoon at the home of Mr. and Mrs. Leo Duffey on West-side Avenue, honoring Mrs. Aubrey Loyd.

Hostesses for the occasion were: Mrs. Duffey, Mrs. Wilma Alexander, Mrs. R. C. Loyd and Mrs. Maurine Dunn.

Guests were registered by Mrs. Alexander White, while Mrs. Loyd and Mrs. Dunn poured tea during the tea hour.

Mrs. Ewing Thaxton assisted in the dining room.

The tea table was laid with lovely linen embroidered cloth, and centered with white tube roses and pink carnations, attractively arranged.

The honoree was the recipient of a lovely array of gifts.

Those attending or sending gifts were: Mes. Maude Street, Geneva Parker, C. O. Griffin, Bill Stubbs, Lorene Miller, Quinton Bellomy, Mary McKee, Mary Walker, Gladys Roberts, A. L. Henderson, Ab Beckner, W. C. Thaxton, H. L. Atwood, Katie Green, Louise Rodgers, Gloria Crow, C. O. Robbins, Jennie Parker, Tom Matthews, Durwood Howell, Olene Gibson, W. E. Owens, H. L. Parker, Nell Jensen, Cal Harvey, Wilma Colbert, S. H. Russell, Arbie Joplin, Viggo Peterson, Acrey Barton and Stacy Hart, and Betty Thaxton.

H. O. BIGHAM ESTABLISHES BIGHAM'S BROILERS ON WEST FOURTH STREET

Bigham Produce has moved the new Bigham building on West Fourth Street to its former location on West Third Street, next to Lyman's Food Store, and will handle the retail end of the business. At this location they will handle eggs, cream and eggs, and sell including Ayres Feeds. The new building, H. O. Bigham, owner, is establishing a wholesale broiler business, which he will operate under the name of Bigham's Broilers. Bigham is installing batteries to take care of 5,000 chicks, which he will buy when small and raise to market, which he will sell wholesale to grocery markets, restaurants, etc. In an interview Tuesday, Mr. Bigham stated that he would get started about two weeks. Otha "Skipper" Smith is manager of Bigham's Produce.

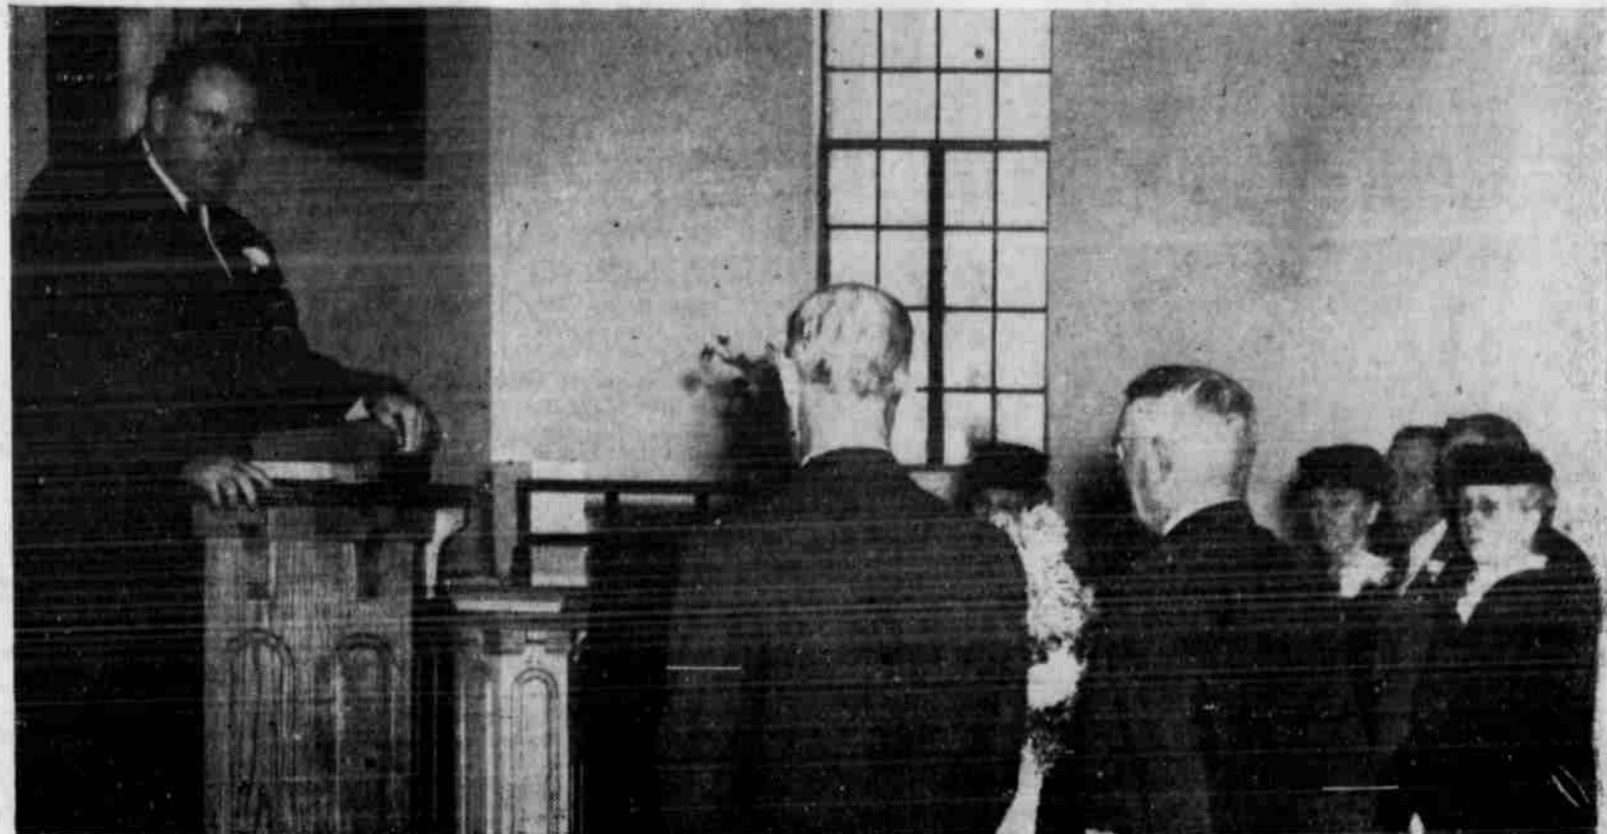

Spade School Closes For Cotton Picking

Spade school was let out Friday for two weeks to allow the students to assist in the gathering of the cotton crop. There is also a possibility that the school may stay out longer than two weeks. Announcement will be made at the Spade Churches. Considerable cotton is reported in the Spade vicinity, one gin handling 105 bales in two days.

Livestock and Feed Prices Soar As Others Fall

Livestock and feed went up as cotton, grain, eggs and poultry went down last week, while most vegetables, rice, peanuts, butter and milk held steady at Southwest markets, USDA's Production and Marketing Administration reported this week. Cotton tumbled about \$25 a bale last week. The trade associated this drop with speculation regarding decontrol of cotton textile prices and uncertainty as to outlook for sales of cotton textiles. Also, seasonal heavy movement of the crop into trade channels may partly explain the break.

Hog prices took one of the biggest jumps on record last week when ceilings came off and soared \$8 to \$10, but later declined \$2 to \$4 a cwt. as receipts increased. Friday's quotations for good and choice butchers stood at \$22 a cwt, San Antonio; \$22.25, Oklahoma City; \$22.50 to \$23, Fort Worth; \$23 to \$23.50, Denver; and \$23, Wichita. Higher prices brought out 16,050 hogs at six southwest markets, compared to 7,545 for the corresponding week last year, and 4,850 for the previous week.

Decontrol of meat brought a rush of cattle to market last week. Receipts at six southwest terminals totaled 90,490 compared to 82,000 for the corresponding week last year and 55,375 for the previous week. Cattle advanced \$2 to \$4 a cwt. at southwest markets in contrast to gains of \$5 to \$10 at midwest markets. Friday's prices quoted here were down from the week's peak. Houston sold common and medium steers and yearlings at \$13 to \$15 a cwt. and good beef cows \$12 to \$13.50. Medium and good cows brought \$12 to \$16, San Antonio and Ft. Worth; good cows \$15 to \$16.50, Wichita; and Denver. Oklahoma City quoted medium and good steers and yearlings \$12 to \$23 and top beef cows at \$20.

Southwest sheep and lamb markets reported advances of 50 cents to \$5 a cwt. on lambs and 50 cents to \$1.50 on ewes. Friday's prices were somewhat lower than the extreme highs following meat decontrol. Common and medium lambs brought \$13 to \$15.50, San Antonio; medium and good fat lambs \$17.50 to \$21, Ft. Worth; good and choice lambs \$22 to \$23, Oklahoma City; and \$22, Denver.

Trading in domestic wools was nil last week. Prices were up 3 to 5 per cent under the new schedule. Finer grades of sorted mohair could be readily sold as soon as offered.

Most grain prices started down grade last week. Sorghums and corn lost the most ground. However, feed markets were unsettled as a result of the end of price control and restrictions on the use of by-products and mixed feeds. No prices were quoted, but the trade expected urgent demand for tight supplies would push prices well above former OPA ceilings.

Rough rice flowed in good volume to millers last week and brought mostly ceiling prices. Milled rice markets became more active. Buyers were anxious to contract as far ahead as possible and demand was quite active.

Colorado onions and potatoe producing areas reported light shipments last week due to a freeze. Demand and prices were better for both. Most haulings of Louisiana and Texas sweet potatoes went into storage. Improved demand increased prices to \$2.75 a bushel for U. S. No. 1 washed Porto Ricans compared to \$2.03,

the ceiling this time last year. New Mexico carrots were barely steady at midwest consumer markets. Light apple offerings from New Mexico, Kansas and Arkansas held about steady at most southwest markets.

Southwest egg and poultry markets felt the impact of meat decontrol. Demand sagged and prices dropped about 2 cents a dozen on eggs and about 3 cents a pound on fryers and hens.

War Assets Officer To Visit Lubbock

J. M. Rogers, representative of War Assets Administration, Fort Worth, will make a two-day visit to Lubbock on Oct. 31 and Nov. 1, to familiarize automobile and parts dealers, veterans' service garages and fleet owners with surplus automotive parts the WAA has for sale. Rogers has for interested parties a National Consolidated Inventory, giving the number, name and price of

all surplus automotive parts available in the entire United States.

Repair shops and garages receive a 50 per cent discount from the manufacturers' current list price; fleet owners receive 45 per cent discount; dealers, both automotive and parts, receive a 55 per cent discount, and wholesalers and distributors receive a 75 per cent discount. Veterans in any of the above categories receive a 75 per cent discount.

All purchasers, except veterans, must place a minimum order of \$500 net. Veterans, in an emergency, can buy automotive parts without any minimum.

During his two-day stay, Rogers will be located at the American Legion Home, 910 Texas Ave., Lubbock.

There are 42,000 more honeybee colonies in Texas this year than last year.

WHO SAYS THERE'S A MEAT SHORTAGE . . . With retail butcher shops closing in most cities, this is a rare scene at the Reevytown, N. J., abattoir, where owner, John Martiniuk, ex-G.I., decided to sell retail at OPA prices his big supply of all kinds of meat. Martiniuk, who employs 12 butchers, all veterans, opened his slaughterhouse to the public in order to keep his men on the job and at the same time give meat hungry customers their favorite cuts.

Control of Insects Being Demonstrated to 4-H Club Boys

Use of DDT Is Explained To Ninety-Six Boys

Demonstration To Be Given To All 4-H Clubs in County

County agent Lem Weaver and Asst. Agent W. K. Frey demonstrated 96 boys of the Junior and senior 4-H club at Littlefield Thursday on the use of DDT in the control of flies, fleas and lice.

Mr. Weaver placed four level tablespoons of 50 per cent DDT in a pint of water, mixed it well, and sprayed it on a cow to show the boys how to control flies. Mr. Frey explained to the boys that one spraying would not only control flies on cattle for about two weeks but would also kill lice and fleas on hogs, cows and dogs; and if all cattle on a farm were sprayed, the lice would be eliminated until more lice were brought in by other cattle.

Besides the demonstration, the boys also were shown how to eliminate large roundworms in hogs. One level tablespoon of 90 per cent Sodium Floride was put in two pounds of grain, and then shaken up and mixed well. This was then given to one of the boys, Jimmie Hair, to give to his registered Duroc Gilt.

Mr. Frey explained that the pigs should be moved to clean ground after the worms are expelled, so they will not be picked up again. A second treatment may be given to the hogs in about six weeks if necessary.

Mr. Frey explained that this demonstration will be given to 4-H Clubs all over the country.

DR. JACKSON SPEAKER AT ANTON LIONS CLUB RECENTLY

Dr. Doyle D. Jackson, head of the department of education at Texas Tech, was speaker at the banquet of the Anton Lions Club with the teachers of the Anton schools as special guests.

The club presented Past President Ed Hart with a gift, as a token of its appreciation of his service as president of the club during the first year of its existence. H. G. Richards, president of the club, called up Vice president K. W. Wells, who made the presentation to Lion Hart.

Dr. Jackson, whose address was on "Lionism", made a hit with the sixty-members and teachers present. Lion Bob Burdette introduced the speaker.

The address by Dr. Jackson was one of many talks made to the local club by prominent men since the organization of the club.

Mrs. Roan, music teacher in the Anton school, directed her pupils in some musical numbers. And the Burdette boys, James and Robert, gave a "horse dance".

FISHERMEN DISPLAY THEIR CATCH

Clyde Hogue, of the Bula section, is a good farmer, a good carpenter, and a good fisherman.

Several times each year, Mr. and Mrs. Hogue and their two children, Arlis and Arlene, spend a vacation at Elephant Butte Dam, where Mrs. Hogue's mother, Mrs. Lottie Beauchamp, resides. Mrs. Beauchamp is

a former resident of Bula.

The fish were biting good on a recent trip to Elephant Butte, and Mr. Hogue and Arlis had their picture taken with a 35-pound cat, just to let the folks back home see the evidence of the fish stories that Clyde has been circulating in the Bula community.

Two Elections Will Be Held During November

Lamb County residents will vote in two state elections next month, one on November 5, and the other one November 7.

The November 5 election will be the general election in which candidates nominated in the primary election will be voted on. The other election will be held two days later on a proposed constitutional amendment calling for a state land fund to be used in purchasing land to sell to veterans of World War II.

Also to be voted on in the general election will be three proposed constitutional amendments. One of the proposals calls for taxation of petroleum products for the purpose of obtaining highway funds, another calls for the appropriation of \$75,000 to pay claims incurred by John Tarleton Agricultural College, and the third proposed amendment provides for retirement, disability and death compensation fund for state appointed and county appointed employees.

It was at first thought by election officials that the Veteran's Land Fund proposal would be voted in the general election, but a ruling from the Attorney General's office stated that the two separate elections would have to be held.

An electric cooperative organization at Tahoka, Texas, has received a loan of over \$400,000 for system improvements and for 431 miles of line serving 751 rural consumers.

Last Rites Held For E. T. Stephens

Funeral services were conducted Thursday afternoon at 3 o'clock at the First Baptist Church, Sudan, for Elliot Thomas Stephens, 53, who passed away suddenly as the result of a heart ailment Tuesday, October 15, at 4:30 P. M.

Rev. W. L. Brian, Pastor, officiated at the services, and interment, in charge of Hammonds Funeral Home, Littlefield, took place in the Sudan Cemetery.

Mr. Stephens was born July 11, 1893, at Webb City, Arkansas.

He had been in ill health for the past 14 years. He was a World War I veteran and made his home with his sister and brother-in-law, Mr. and Mrs. Claud Gage, and family.

Another sister, Miss Frankie Stephens also survives him, as well as other relatives living in Arizona and Oklahoma.

The HIGH COST of NEGLECT

An ounce of prevention is better than a pound of cure—and it costs a great deal less! Many a sickness that could have been cured quickly in the early stages can develop into a long and costly illness if symptoms are neglected. So, in the interests of your health, time, money, and comfort—see your doctor at the very first indication that all is not well within you. He, and he alone, is qualified to diagnose your symptoms and determine their cause and effect on your health. Carry out his instructions faithfully. And should he prescribe for you, bring the prescription to MADDEN & WRIGHT DRUG for safe, letter-perfect compounding.

Can your eyes "take" 24 pictures per second?

When you watch a "movie", you are really looking at a series of "still" photographs, which flash before you at the rate of 24 per second. That's a complex job for your eyes, especially when it is added to a day's work in office or shop. If you have difficulty concentrating on the screen, if the pictures are blurry or if your eyes feel itchy at the movies, that's a warning sign. It means that your eyes need professional help.

Modern eye care can help you to see comfortably and efficiently, but that does not mean merely "getting a pair of glasses." The services listed here are all essential to the correction of faulty vision. It is for these professional services — not for glasses alone — that you pay a fee:

CASE HISTORY — A complete study of your complaint and your needs.

VISUAL SKILLS STUDY — To see how your eye habits meet your requirements.

VISUAL ANALYSIS — To reveal the cause of your difficulty.

PRESCRIBING — To select the method of correcting your difficulty.

PROGRESS REPORT — To check up on the success of the care prescribed.

SERVICING — To assure correct adjustment of carefully styled glasses, if they are prescribed.

Rid Highways of Hazards

A mine disaster, and the nation clamors for more mining safeguards. A plane crash or a railroad wreck calls for searching investigations. The public looks with horror on a restaurant, hotel or theater fire and demands that something drastic be done about it.

Highway traffic accidents kill and maim tens of thousands each year, and cost millions in damages, lost time, doctor bills, hospitalization, insurance, and such items. The figures on this death toll are appalling, but the average citizen refuses to be shocked by them as he is by a dozen miners trapped in a shaft.

There are several things he can do. Drive carefully at all times is one. Observe all traffic rules is another. But there is a third vital element in the famous safety combination of Education-Enforcement-Engineering.

In an address before the Eno Foundation in New York, Charles M. Upham, engineer-director of the American Road Builders' Association, cited what had been done in New Jersey. Here it was demonstrated that by separating traffic streams; providing at least two broad traffic lanes in each direction; eliminating all highway and railroad crossings; providing firm wide shoulders excluding pedestrians; introducing specially designed access and exit facilities; utilization of the "freeway and parkway principle," and adequate design standards to take care of present speeds and allow for increases in the future, made possible a 76 per cent reduction of traffic accidents.

Thus, the engineer, by removing highway defects that contribute to accidents, more than offsets the peril of the careless, drunk or reckless motorist and the car that's fated for a smash-up.

Plains Cotton Growers Handicapped

High Plains cotton growers each year lose money because they can't have their cotton harvested before the first frost.

Superintendent D. L. Jones and Agronomist H. D. Lynn of the Texas A. and M. Agricultural Experiment Sub-station No. 8 at Lubbock say that this condition may be remedied if cotton farmers will accept three recent developments — power-driven cotton strippers, storm-proof cotton and chemical defoliation.

The experiment station men point out that only half of the Plains cotton is harvested when the frost comes around November 4, the 35-year average frost date. Since Plains farm units are large, the grower must depend largely on migratory labor to pick his cotton and, when frost and colder weather set in, the labor moves South, leaving the cotton farmer "holding the sack."

Power-driven strippers will allow the grower to harvest his cotton just as soon as it is sufficiently mature, Jones and Lynn predict. In connection with mechanical stripping, chemical defoliation would kill the leaves of the plant in late October, and allow harvesting without having to wait for frost to defoliate the plants.

Apparently the fellows who have been shouting "Down with Socialism, Fascism, Communism and Capitalism" are now down with rheumatism.

Fata Morgana is a form of mirage in which images of objects such as ships, houses or men are suspended in the air over the object or on water.

IDENTICAL TWINS RE-ENLIST IN ARMY

Master Sergeant James McNeill, the Recruiting Sergeant at Midland, thought he was seeing double. Standing before him to re-enlist were identical twins of Midland, Lowest and Elmer Adams.

SUPERIOR GENERAL OF DOMINICAN ORDER... Father Emmanuel Suarez of Spain, professor of canon law, newly-elected superior general of the Dominican order pictured following his arrival at Castelgondolfo to be received by the Pope.

The twins with their wives have lived in Midland about 15 months following their previous military training.

They were born in Tyler, October 12, 1917, as war babies of World War I. They fought together in World War II. Now they are going back into military service—together as usual.

They enlisted first in Dallas in January 1941. For six months they served side by side in the infantry. Then finished out their tours in the army air forces.

They made Corporal on the same day in June 1941. They were promoted to Sergeant the same day in September 1942; and together went to Staff Sergeant the same day in January 1943.

They went overseas together in July 1942 and were together in the Mediterranean and European theaters. Both were armors in the 57th Fighter Group of the 65th Fighter Squadron in the ETO.

Naturally, Rovert and Elbert lived in the same barracks, ate at the same table, and were constantly

together.

The army does not separate twins. They took passes and furloughs the same time. They were inseparable.

Both were discharged from the service on June 1, 1945, and came to Midland.

Now they are enlisting again together. They will be sent to Good-fellow Field together and will be enlisted there. Both are returning to the service in the grade of Staff Sergeant.

Yes, they intend to stick together this hitch.

RETURNS FROM OVERSEAS

Noah Spencer, son of Mr. and Mrs. John L. Spencer of near Dimmitt, returned recently from overseas and Japan.

Mr. Spencer is a brother of Mrs. Clyde Akers.

Spencer was attached to a Cavalry division, went to Japan last October, spending some time with the army of occupation. He is now on terminal leave, and expects to receive his discharge in about a month.

USO's the Place They Go

WHETHER they're teen-age inductees getting accustomed to Uncle Sam's Army or experienced veterans returning to civilian life, the USO's the place they like to go, as this pictorial evidence from Seattle, Washington, clearly demonstrates. USO is now campaigning for funds with which to serve both the veteran and the GI through 1947.

FOR example, youthful Private William Baker of Wichita Falls, Texas (left), is decorating the dance hall of Seattle's Second Avenue USO with hostess May Hanson; while ex-Sergeant Norman M. Shaffer of West Medford, Massachusetts, gets the help of Mrs. Pearl J. Kendrick in sewing on his "ruptured duck" at the Army-Navy USO

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it about stimulates appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

ENROLLED IN TECH

A son of the governor of Texas is enrolled at Texas Technological College for the first time in Tech history.

Mark Smith, son of the Lt. Gov. John Lee Smith, who is acting governor this week while Gov. Coke Stevenson is out of the state; is a freshman pre-law student. The 17-year-old lad earns extra spending money by working in the fountain of a Lubbock drug store.

Fruits and vegetables grown in Texas require from two to seven days by rail to the central markets. By cargo plane, perishables can be on any market in the country within 10 to 12 hours after packing.

Cpl. Wayne D. White At Hardy Hospital

Cpl. Wayne D. White U. S. M. C., better known as "Punk", son of Mr. and Mrs. J. E. White of this city, is reported to be slowly recovering at Hardy Sanatorium, Ardmore, Oklahoma.

Having been in an unavoidable car accident near Ardmore, the night of September 29, while he and a buddy, Wm. Mason, whose home is at Tahoka, Texas, where enroute home for the weekend.

William, driver of the car, received a fractured spine and Wayne received internal injuries, which proved to be very serious. They had gotten on the wrong road, and it being late, they decided to return to camp, so while driving back towards Ardmore, they came upon a blind curve, which was almost a complete L. William thought it meant to go straight ahead, in doing so they turned over into a seven foot gully. The front wheels were resting on Wayne's stomach.

Both boys will be sent to McAlester, Oklahoma, where they are stationed as soon as well enough to be moved; then will be moved to a marine hospital in Tennessee, where they will be given best of care until given a medical discharge.

Cpl. Wayne has been serving in the Marine Corps since June, 1945, having taken boot training at Parris Island, S. C., and spent several months at Dover, N. J., as a baker. He re-enlisted and was sent to McAlester Marine base, where he was serving as assistnat cook and a baker.

A FARMER TOLD ME
"Electric Service is my BEST Hired Hand..."

It's no wonder that farmers praise the advantages of electric power. Electricity has scores of uses on a modern farm and provides reliable, efficient power at extremely low cost.

For milking, incubation and brooding, light to work by, power for a work shop, there's nothing to match it. And today, electricity is cheaper than ever before. It's always ready 24 hours a day and doesn't register on the meter when not working for you.

We're proud that in our 22 years of service we've been a pioneer in building ahead for the future. Our 12 million dollar expansion program is bringing the advantages of dependable low-cost electric power to more and more farmers in the entire Panhandle-Plains Pecos Valley area.

A PIONEER IN BUILDING AHEAD FOR THE FUTURE!

Information For Veterans Q. Does the veteran's right to obtain government guaranty or insurance on loans continue indefinitely? A. No, but guaranty or insurance may be had when obtaining a loan if within 10 years from the officially declared termination of World War II, so the right will continue for a long time. Q. What will happen if loan payments are not made? A. That will depend upon the terms of the loan, the attitude of the lender and the laws of the State where the veteran and security are located. If payments are not made when due the loan is in default and the lender may take such action as is provided in the loan agreement, is permitted by the State Law and by the regulations for guaranty and insurance of loans. Q. Are there any charges for guaranteeing or insuring loans? A. No, and commission, brokerage or similar charges may not legally be made against the veteran for securing a guaranteed or insured loan. Of course, customary out-of-pocket fees usually borne by borrower, such as appraisal, title examination fees and other costs and expenses incident thereto may be charged against the veteran by the lender. Q. Are there any circumstances under which the guaranty may exceed 50 per cent of the loan? A. Yes. Where a Federal Agency has made, guaranteed or insured, or is to make, guarantee or insure a loan for any of the eligible purposes and the veteran needs a second loan to complete the purchase price, the second loan may be fully guaranteed. (a) The amount involved is not in excess of the veterans guaranty. (b) The loan is not in excess of 20 per cent of the purchase or cost. Q. May several veterans use the guaranty to acquire property jointly? A. Yes, but the total amount guaranteed may not exceed 50% of the loan or the total entitlement for guaranty of the veterans, whichever is lesser. No loan may be guaranteed or insured by a Federal Agency. An evenaged stand of timber often produced two or more times the volume of lumber than a stand of many-aged trees.

ended Saturday, October 12.
 In view of the rather poor employment prospects locally due to drouth conditions the past two years and the scarcity of consumer goods and materials, this is a very good showing, E. R. Williams, manager of the Littlefield U. S. Employment Service, said.
 The assistance and co-operation of local employers in this special employment program for the handicapped was splendid and greatly appreciated, Williams said.
 "We want especially to express gratitude for the aid and assistance given by Mayor A. C. Chesher of the County-Wide News and the Littlefield County Leader," he added.
 Guests in the home of Mr. Mrs. T. H. Dobson over the week were: Mrs. Guthrie and son, Earl, of Wichita Falls, Texas, who so visited other relatives here.

STUDENTS STRIKE OVER G.I. RULING . . . Students of Glasscock, N. J., high school are shown picketing after they went on strike over a school board rule forbidding students 19 years old to play on the school football team. The rule directly affects students who enlisted when they were 17 and have now come back to finish their education. Striking students want the ruling changed so that the veterans again can play football.

Lt. E. G. Boyles Awarded Air Medal

Lt. Ellis Griff Boyles, USNR, husband of Mrs. Pauline A. Boyles of Route 1, Sudan, Texas, has been awarded the Air Medal by Secretary of the Navy James Forrestal for the President.

Lt. Boyles earned the award for achievement as a pilot participating in air strikes against the Japanese held Turk on April 29-30, 1944.

Text of the citation is as follows: "For meritorious achievement in aerial flight as pilot of a fighter plane in Fighter Squadron Eight, attached to the USS Bunker Hill, during operations against enemy Japanese held Turk on April 29-30, 1944. Skillfully conducting three daring strikes against hostile forces in the face of intense anti-aircraft fire, Lt. (then Lt. (jg.)) Boyles relentlessly attacked two Japanese cargo vessels and contributed to their destruction, a result of fires from repeated strafing and

an-accurately placed masthead bomb drop. By his valiant airmanship and an accurately performed duty throughout, Lt. Boyles assisted materially in making these vital operations successful. Lt. Boyles reflected the highest credit upon himself and the United States Naval Service".

Goods Roads Assn. Commends Leader

The Leader is in receipt of the following letter from Charles E. Simons, Executive Vice-President of Texas Good Roads association, commending this newspaper:

Mr. Morley B. Drake
Publisher
Lamb County Leader
Littlefield, Texas
Dear Mr. Drake:

I was deeply gratified to note in your September 26 issue the item devoted to the Good Roads Amendment and I am aware that this is only a small part of the work which your paper has done in this effort.

Your cooperation in supporting the Good Roads Amendment has lightened our burden and we sincerely hope we shall continue to receive your assistance in giving this measure the publicity it deserves in order that your readers shall be fully informed of its merits.

Should you desire more information data or news stories on the Amendment, please let us know and we shall be more than glad to comply.

With warmest regards,
Charles E. Simons.

Mexican Child Burned to Death

Margarite Hernandez, 8 months old Mexican infant, was burned to death in a blaze which destroyed the three room frame home of her grand-parents, Mr. and Mrs. Pedro Hernandez, in the northwest part of Littlefield Thursday morning about 10:30 A. M.

The child was sleeping in the house at the time. The infant's grandmother was out in the yard washing when the fire started; and the grandfather was picking cotton at Fieldton.

Alfred Oldfield, who lives about a block southeast of the Hernandez home, went through a window and carried the infant out. The child, however, was burned beyond recognition.

Parents of the infant live in Oklahoma. She had lived with her grand-parents since soon after her birth.

Burial took place in the Littlefield Cemetery at 5 P. M. Tuesday, with the Hammons Funeral Home in charge.

The cause of the fire has not been definitely determined. It is thought the blaze may have been caused from either defective wiring or from a kerosene stove.

Frank Serna of Southeast Littlefield took up a collection Friday morning among the business concerns for the Hernandez family.

Lubbock Cowboy Whites Down Abernathy Team

Lubbock's Cowboy Whites overcame a stubborn Abernathy B team 12-6 at Abernathy Thursday, with Melvin Lindsey and Bobby Davis pacing the Cowboy attack.

Lindsey counted first for the Lubbock team, racing 15 yards on a double reverse in the second period. In the fourth quarter, End Bobby Davis scooped up an Abernathy fumble and ran from the midfield stripe for the second touchdown. Both Cowboy tries for the extra points went awry. Jerry Golden, hard charging White guard was easily the line star of the game, turning in a majority of the Lubbock tackles.

Skeeter Smith punched over from the five-yard line with minutes left to play in the final period for the lone Abernathy counter.

FARM WELDING PROGRAM UNDERWAY

A farmer's welding training program, set up by a Texas A. and M. College Extension Service in cooperation with a Houston welding equipment company, is underway in Texas.

The welding schools are being carried on now in Northwest Texas, where four training sessions were scheduled this month in Seminole, Oct. 9-11; Lamesa, Oct. 14-18; Post, Oct. 21-23; and Snyder, Oct. 29-31.

Each of the schools lasts from three to five days, and enrollment is limited to no more than ten farmers. While enrollment is restricted now to farmers who have had some welding experience, schools for beginners may be added to the program later, Vice Director Prewitt says. He also states that results of the schools already held have been "very gratifying".

In November, the mobile unit will move into South Texas for school Counties.

Soil fertility is the foundation of profitable farming.

March of Dimes Director Named

George D. Wilson

George D. Wilson, of Houston, has been named Texas State Chairman of the 1947 March of Dimes, Basil O'Connor, president of the National Foundation for Infantile Paralysis, has announced.

A prominent civil and religious leader, Mr. Wilson was formerly president of both the Board of Trustees of Houston University and the Board of Education of Houston's Public Schools. He is vice chairman of the Harris County Chapter of the American Red Cross and is one of the Houston chairmen of the National Conference of Christians and Jews.

Mr. O'Connor, in making known Mr. Wilson's acceptance of the chairmanship, revealed that in coping with the 1946 outbreaks of infantile paralysis the National Foundation sent to its chapters in the field more than two and a half million dollars in epidemic aid up through September.

"Many of this year's polio patients," Mr. O'Connor said, "will require hospitalization and care for a long period of time. The after-care of these patients will be more expensive than treatment in the acute stage of the disease. The high cost of epidemics points up the real need for the services of public-spirited men such as Mr. Wilson. His efforts will prove of great value in the forthcoming appeal."

Mr. Wilson is also Chairman of the Harris County Chapter of the National Foundation and was formerly County Chairman of the 1945 and 1946 March of Dimes.

From where I sit... by Joe Marshall

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a lot more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

Joe Marshall

Saving for THE "LEAN" YEARS

In years of abundant crops, surplus grains and food are saved for the lean years of crop failures.

So, too, the individual needs to save part of his earnings during his most productive years, to meet emergencies and provide for his needs when disability or old age reduce his earning power, or death deprives his loved ones of his support.

That's an important part of the valuable service you receive as a member of the Woodmen of the World. For while you build financial security with Woodmen life insurance protection, you also may enjoy the "plus" benefits of Woodcraft's fraternal and social activities.

There's a type of Woodmen insurance certificate that exactly meets your needs. See the local Woodmen representative . . . let him show you how with small monthly payments you can provide this protection for yourself and your family.

Improvements Are
Planned by Phillips
Petroleum Company

Extensive improvements are plan-
ned for the warehouse facilities of the
Phillips Petroleum Company in Little-
field, according to W. E. Heathman,
Littlefield wholesale agent. The size
of the warehouse will be doubled, giv-
ing a building approximately 30 by
40 feet, and an additional storage
tank will be added.

A date for the starting of these
improvements has not been announc-
ed by the Phillips company, but they
have been approved by Phillips offi-
cials.

Makes Dress From
Korean Kimona

T/5 Clyde Yeary, who is stationed
at Seoul, Korea, which is the capital
of Korea, recently sent his mother,
Mrs. E. W. Yeary, two Korean kim-
onas. From one of these kimonas,
of a gray twill material, Mrs. Yeary
has made herself a nice tailored dress.
The other kimona is of lovely silk
material, striped navy and red, with
red silk lining.

Yeary also sent seven other kim-
onas to his aunts in the States.

Besides the kimonas, he sent his
mother a number of other things, in-
cluding a set of dishes, set of chop-
sticks in beautiful case inlaid with

pearls, and an opium ash tray.
T/5 Yeary has been in the service
since September 26, 1945, and ex-
pects to be discharged on July 6,
1947.

Sgt. Travis Allen, son of Mr. and
Mrs. J. E. Allen, after being in the

service 20 months, was discharged
Saturday at Camp Polk, La. He has
been stationed at three different
camps, Camp Leonard Wood, Camp
Crowder, and Camp Polk, La., in the
Medical Corps. Sergeant Allen sent
his parents a telegram to the effect
that he was being discharged Satur-
day, and would enroll Monday in the
Abilene Christian College.

AIRPORT NEWS
By MRS. "TEX" CROW

Lots of news this week. Best of all—the Veterans Administration has approved Duggan Field and GI's have already begun flying at Uncle Sam's expense. The following are the names of those who were standing in line waiting to begin flying when the VA gave the "Go" signal: Billy Zachary, Leo Clark, Jim Smith, Hubert Beauchamp, Guy Gage and Alvin Mann.

Thursday the local fifth grade class visited the airport on a field trip. Come back again, kids; we're always glad to have you.

Well, the Plainview gang really did have their breakfast Sunday — and quite a break it was, too, from all ac-

counts. Seven airplanes from Littlefield took off about 7 a.m., carrying the following to the funfest: Mr. and Mrs. Floyd Farrington, Mr. and Mrs. Hugh Rice, Mr. and Mrs. Herbert Martin, Mr. and Mrs. Jim McGuire, Bill Gage, Clarence Grant, Dick Standifer, "Tex" Crow and Curtis Malone.

The earliest pilot to arrive was awarded a cured ham. He was T. L. Holland of Ralls and was the envy of the group. Being the youngest (and oldest) licensed woman pilot present, Mrs. Herbert Martin of Littlefield received an identification bracelet and nylon hose. E. H. Lindsey of Canyon was the youngest licensed pilot and was given sunglasses. The ugliest man there managed to conceal his identity, but Jim McGuire and James Miller came in second and third for that distinction. Mr. McElroy made the best spot landing. Mr. Lowe from Lubbock was the best dressed pilot, and the earliest Plainview pilot to arrive was Mr. Stone. There were several drawings and Mrs.

LEGION AUXILIARY HEAD . . . Mrs. Dorothy W. Pearl, Detroit, Mich., who was recently elected president of the American Legion Auxiliary, succeeding Mrs. Walter G. Craven, Charlotte, N. C., at the national convention.

Fred Harvey received a watch. They say the food was delicious and the whole affair can be called a success.

You have a standing invitation to come out to the airport and look around. Why not make that one of your stops when you're driving around Sunday afternoon?

At The Littlefield Hospital—

Mrs. Ola Mae Goodman of Littlefield was dismissed Saturday after being a patient for medical treatment a week.

Mrs. D. L. Free of Earth was admitted October 13 for treatment for gall bladder trouble. She is still a patient at the hospital.

Mrs. Doyle Sweet of Littlefield was released Friday after four days' medical treatment.

Arthur Edmondson underwent minor surgery Monday of last week, and was released the next day.

Mrs. S. A. Foust was admitted Thursday for medical treatment.

Kenneth Tipton of Valleyview Community was admitted Thursday for an injured back. He had lifted something heavy and strained his back. He went home Saturday.

A. L. Elkins has been a patient since Thursday, also with an injured back.

Venice Barber was admitted Saturday for a few days' medical treatment.

A son was born to Mr. and Mrs. Carl Reed of Anton Tuesday, Oct. 15, at the hospital, weighing six pounds, 15 ounces. He has been named Gary Wayne Reid.

Approved For GI Training

The McGuire & Miller Flying Service announced Saturday that they were approved by the government as a GI school, and are inviting those men eligible to the training to bring in their papers and take instruction in flying.

James McGuire, one of the partners in the project, left Sunday for Fort Worth to purchase a new plane, an Aronca Champion trainer.

WEEKLY SURPLUS WAA NEWS

Nearly 5,000 veterans bought consumer and capital goods from the Assets Administration amounting in cost to the government to \$9,856,307 from July 1 through Sept. 30, July was the heaviest month in dollar value, when \$6,000,000 worth of material was sold. More veterans purchased in September, but for a lighter dollar value.

Texas schools and colleges will be given top preference and bargain prices in the purchase of surplus machine tools and classroom laboratory equipment for use in training veterans enrolled under the GI Bill of Rights. WAA will sell to eligible buyers at a fraction of original cost—5 per cent of the fair value (plus shipping charges). Electrical and woodworking machinery, heating equipment, electronic devices, furniture, optical instruments, engineering instruments and apparatus are among the items listed for sale. Applications should be sent to the nearest Federal Works Agency, which, after screening and certification, will forward orders to the WAA to be filled.

More than 1,500 flying jackets of various types are being offered for sale by WAA. Prices range from \$2.62 to \$5.98 each. The jackets are all used, but usable without repair. Minimum quantities are: To wholesalers and large retailers, \$5,000, small retailers, \$200. The sale ends Oct. 31.

Steel airplane landing mats now have a new use—for conversion into temporary corn storage cribs. A national sale of 4 million feet suitable for that purpose is located at Kanakee, Ill., and will be shipped from there to purchasers FOB in carload lots. Offers to purchase from the Kanakee stockpile for corn storage, will be considered if they reach the Materials and Supplies Sales D. C., by Oct. 25th. For more information, if desired, write WAA office, T and P Bldg., Fort Worth.

A fifty million dollar stock of surplus capital and producers goods has come on the market through the New York regional office. The stock is divided among machine tools (\$3,000,000 inventory), industrial equipment, metals, and electrical equipment. The right to purchase is open to all buyers. Prospective purchasers who have specific requirements for machine tool equipment

are invited to submit their inquiries to Lee Brewer, chief, metal working equipment sales division, WAA, T and P. Bldg., Fort Worth.

EAST TEXAS YAMBOREE TO BE HELD OCT. 24

Gilmer, Texas, Oct. 20—Several thousand East Texas school children will march in a colorful all-school parade during the East Texas Victory Yamboree celebration here October 24-26. Friday, Oct. 25, has been designated as All-School Day.

State Superintendent L. A. Woods will review the parade, which will include representatives from every school in the county. A county-wide holiday will release all the students as participants or observers.

Since Upshur County is observing its 100th anniversary this year, the parade theme will be a centennial one. Each school will portray an era of early Texas life, either as a marching unit or mounted float. A colored G. I. school float will bring up the rear.

Gordon E. Irons will be marshal of the parade. County Superintendent Frank Smith is in charge of the all-school activities.

KING OF PICKERS . . . Eugene Chinault, 41, of Memphis, Tenn., grins delightedly at the \$1,000 first prize which he won as champion picker at the National Cotton picking contest at Blytheville, Ark. He picked 109 pounds in two hours.
