Last Rites Today For Lamb County Plane Crash Victim

Flyer Loses Life When Ship Falls In Bay Near Oakland, California

Funeral services with all military honors will be conducted this afternoon at 3 o'clock at the First Methodist Church, Littlefield, for Lieut. Curtis D. (Buddy) Landrum, who died an untimely death in a plane crash over the bay two miles south of New Ark, Calif., and 10 miles from Oakland, Calif., Municipal Airport, during maneuvers, Wednesday, December 30, about 12:50 p. m.

Lieut. Landrum, with a Fighter Squadron, had been on coast patrol at Oakland, Calif., since receiving his wings in November last, and at the time of the accident was flying a single seat fighter plane. Two other officers were reported to have been flying in formation with him at the time and to have seen his plane crash.

Falling in shallow water the plane became so buried in the earth that the work of lifting the plane from the bay and recovering of the body necessitated the work of 75 army men day and night working from the time of the accident until Friday last, when the remains were taken from the plane. The plane was said to be buried in about 15 feet of mud.

It was necessary to build a dam around the place where the plane lay, in order to carry on the rescue work, and several times the work would build such a levy only to have the waves come up and wash it away, necessitating the rebuilding of such a protection.

Ray Landrum, brother of the victim, went to Oakland over two weeks ago and he joined in the rescue work.

During the five weeks that the rescue work continued, Mrs. S. A. Landrum, mother of Lieut. Landrum, received a number of telegrams from her son's Commanding Officer, Capt. Dave H. Culberson, advising her of progress attained.

The body of Lieut. Landrum was recovered from the plane about noon, Friday last, and arrived in Littlefield Wednesday afternoon by train, accompanied by Ray Landrum, brother, and Lieut. Charles T. O'Connor, of Oakland, Calif.

Fred Wright, commander of the local unit of the American Legion, asked the Leader to urge all members of the local unit of the Legion to meet at the Methodist Church this afternoon (Thursday) at 2:45 wearing their Legion caps, prepared to participate in the military service.

Surgical Dressing Project Here "Best Organized"

Mrs. Harriett Tripplett, Area Supervisor of Red Cross Surgical Dressings, accompanied by Mrs. Glenn Sullivan, Assistant, of Amarillo, visited the local Red Cross room Thursday.

The district over which these women are supervisors, extends from the Panhandle of Texas to El Paso, and in commenting on the splendid work being done at the local surgical dressing room, Mrs. Tripplett said that the local project was the best organized, and had more workers than any place she had visited. In Potter County she reported there is only one unit, located in Amarillo, and the local Red Cross room is reported to have more workers than Amarillo.

While here Thursday, Mrs. Tripplett, Mrs. Sullivan, Mrs. L. M. Brandon, county chairman, Mrs. J. Ernest Jones, Littlefield workroom chairman, and Mrs. R. A. Brotherton, supervisor of the local room Tuesday, were guests at the Rotary regular weekly luncheon meeting.

Death Of Wilburn "C" Brown Is Reported By War Department

Mr. and Mrs. W. W. Brown received a message from the War Department Tuesday morning stating that their son, "Wilburn 'C' Brown died February 3 in the Western European area of injuries received in a fall from a truck."

Inasmuch as their son's name is Wilburn George Brown, Mr. Brown sent two tracer telegrams to the War Department, trying to verify the correct middle initial in the name. However, Wednesday night

Mr. Brown had not received an answer to his telegrams, and both he and Mrs. Brown feel certain that since the "C" and the "G" are so much alike, it is their son who passed away.

Mr. Brown had written his parents from "somewhere in England" since his arrival there several months ago. The last letter received was written December 21.

Prior to going overseas, he was a junior aircraft mechanic at Duncan

Field, San Antonio. He was with a civilian technical detachment of the air forces in the army.

He was born May 10, 1900, in Norman, Okla., and his twin brother passed away when he was six months old. He operated a garage in Oklahoma City, prior to his work for the army air forces. His wife died eight years ago.

Mr. and Mrs. Brown have another son, Mac MaGrane, who resides in (Continued on Page 5)

Sudan Resident Killed Instantly

Mrs. Johnnie Lou Rake, daughter of Mrs. H. B. Gibson of Sudan, was one of four persons killed instantly Friday in an explosion at the Chemurgic Chemical Company at Richmond, Calif.

It was believed that a nail driven accidentally through a box of railroad torpedoes caused the explosion which also injured nine other persons.

Lieut. Ivor De Kirby of the U. S. Army Ordnance District said he believed a packer had pierced a torpedo with a nail while boxing a shipment when the explosion occurred.

Mrs. L. M. Brandon, as Home Service Chairman for Lamb County, received the following telegram Saturday from Naval Air Service, Moffett Field, Calif., which she delivered to Mrs. Gibson by telephone:

"Johnnie Lou Rake," daughter of Mrs. H. B. Gibson, tragically killed plant accident, Richmond, Calif. Her husband, Seaman Second Class Everett Rake, taking body to his home in Oregon; Casket cannot be opened. Sister in San Francisco informed of all plans. Will probably write mother details."

On receiving the message Saturday Mrs. Gibson left Sudan for Richmond, Calif.

Mrs. Rake had been employed in war defense work in California for over a year prior to her death. Further particulars regarding the funeral, etc., were not available.

POST WAR PLANNING IS OF VITAL IMPORTANCE

Meeting In Amarillo Soon

One of the most discussed topics today is Post War Planning. This is a very timely topic and is one in which every community and town is interested. Your interest, wherever you may reside, will, to some degree, have a direct bearing upon conditions in your particular section for years to come.

Post War Planning is simply the development of ideas to help keep the wheels of industry turning after the war. To do this we must start now to make plans. How many men are in the armed forces from your county? How many of these men will be able to obtain employment with their former employer? Where will the others work? What is being done to keep the farmer, the dairyman, and the rancher prosperous after the emergency? These are just a few of the questions that every town and county may well ask itself today.

An opportunity to participate in Post War Planning is presented in the proposal that a Panhandle Planning Committee be created. The Amarillo Chamber of Commerce, in order to get Post War Planning before the people, is sponsoring a meeting in Amarillo on Friday, February 19, to discuss all phases of this matter. The meeting will be held in the Amarillo Hotel, and will start at 11 a. m.

"Now the important thing," says a letter from the Amarillo Chamber of Commerce to the editor of the Leader, "is for us to have a good attendance. We want every town and county represented. We want a Panhandle audience to help discuss the advantages and disadvantages. Please bear in mind that no organization has been perfected. It might be that the group would decide against going into a for-

mal organization. At any rate we can study the problems after which a final decision can be made."

Lamb county should have representation at the Amarillo meeting, and at other gatherings of the kind BECAUSE POST WAR PLANNING IS IMPORTANT TO THIS COUNTY.

Praises Salvation Army

This letter, written by Mayor Homer Hall, and praising the work of the Salvation Army in Littlefield, was published in the January 17 issue of the War Cry, official publication of the Salvation Army:

"In the past few years, since a Salvation Army Corps became a reality in Littlefield and this County, as the Mayor of the city, I have been in very close touch with the various activities.

"I wish to say, unhesitatingly, that the Salvation Army has done, and is doing, a fine work among our people. Not only along the lines of charity, but in religious work, they do untold good, and are able to reach people whom, I am sure, no other denomination can or does reach.

"It has come to my attention that your organization is now conducting a campaign, along the lines of both the Spiritual and Evangelistic themes known as the 'Crusade to the Cross,' and I feel that nothing but good can come from this campaign. I know that it will, and wish to add that I will be pleased if I can assist, locally, at least in any and every way.

"We in Littlefield do hold in high regard the high aims and faithful service and devotion to duty of the Salvation Army and its workers.

"Yours very truly,
"HOMER HALL, Mayor,
"Littlefield, Texas."

Brother quit being so human!

Remember 1933--- When Times Were Tough?

Maybe you didn't have a job. Maybe you and your wife and kids didn't eat too well—dress too well—have too much fun. Maybe you swore then that if things were ever different, you'd make up for it.

Chances are, today, things are different. You've got a job. You're getting good money. And you'd naturally like to have a little fun with it. You'd like to buy some of the "extras" that you and your family never had during the hard times. It's only human to feel that way. But night now—we've got to quit being so human!

Right now, over in England, a bunch of fellows are getting ready to tackle one of the bloodiest jobs ever given an army. In the Pacific, another bunch is playing hide-and-seek with an enemy that thinks the right treatment for a wounded prisoner is a bayonet through his guts. Others are sweating in Africa—still others are on cold, dreary fog-bound islands near the Bering Sea.

That's their job.

But it's our job to give them the tools they need to win—by buying War Bonds!

Our Government will use the money invested in War Bonds to furnish the equipment for these boys . . . who are so courageously fighting to preserve the American Way of Life! . . . So you and I can have these "extras" that are so human after the war! Have you bought any Bonds or Stamps today?

FARMERS, FARMERETTES BEST BALL PLAYERS, AMHERST LIONS DECIDE

Members of the Amherst Lions Club and their wives challenged the Farmers and Farmerettes to a basketball game Saturday night at the high school gym.

The Lions and their wives were losers, too, according to reports for those farmers and farmerettes "had what it took" to run up the score in a big way. The farm women led with a 12 to 4

score, and the Lions wouldn't even talk about how badly they were defeated.

Net proceeds totalled \$31.75, which the Lions Club will use for their charity funds.

No serious accidents occurred—just skinned knees, and bruises to one the players, but some of the spectators almost had to receive medical treatment suffering from

"laughitis." Several members of the Lions Club were seen using canes to assist with their walking, for several days after the game. But their wives suffered no ill effects at all!

Steel Trap Wanted, Skunk Is Costly; Who Will Oblige?

WANTED — Steel trap, large enough to catch skunk. See W. E. (Edd) Nicholson, of northeast of Amherst!

Mr. Nicholson accompanied Lester Rogers to Lubbock Tuesday night to a school meeting, and while he was gone a skunk got into his chicken house and killed four big, fat hens. He finds that steel traps are out for the duration, but he would like to borrow one, since Uncle Sam doesn't permit them to be sold anymore.

He reported that he had 190 hens, and he's really after that skunk — eggs are high now, too!

Club Boys Will Not Have Year Books This Year

New Loan Program Reported On Cotton

College Station.—Cotton farmers will receive loans at 90 per cent of

parity on this year's cotton crop. Based on 15-16 middling, loans will be made on all growths of Upland cotton during the 1943-44 marketing season which begins August 1, 1943.

Purpose of announcing the program at this early date is to give cotton farmers an opportunity well ahead of planting time to secure sufficient seed of varieties that will produce the longer staples needed in wartime, and thus take advantage of the increased rates offered for the longer staples.

In addition to receiving increased rates for longer staples, grading middling or better, farmers also will be given special consideration on essential farming materials and labor and consideration from draft boards in proportion to their production of the type of food and fiber needed in the war program.

This Week National 4-H Mobilization Week In Lamb Co.

Club Members To Show What Slogan "To Make The Best Better" Means

This week is National 4-H Mobilization week, and County Judge I. B. Holt has proclaimed the same week 4-H Mobilization Week in Lamb County.

What is the purpose of 4-H Mobilization Week? Why, it's a chance for 4-H members to step out and show their neighbors what that motto, "To Make The Best Better" means. You're evidently doing the best work you've ever done. You've produced more food than ever before. But Uncle Sam says we need more men to fight—more men to work—more food to eat. So 4-Hers

let's fall in line and get all the other folk you can go along with you. Through your everyday work at home you are a mighty important part of Uncle Sam's forces.

Did you know that if every 4-H Club member in the county could produce enough food for himself and two others it would be a sufficient quantity to feed the Lamb County 4-H Army and the Lamb County men and women who are in Uncle Sam's Army?

And, did you know that the following amount of food is required for a man in Military Service for a period of one year:

"Annual Food Budget for a Man in Military Service"—food item and amount per person per year: Cereals, 323 lbs.; Milk, 200 quarts; Meat (live weight), 720 lbs.; Butter, 27 lbs.; Eggs, 30.4 doz.; Chicken, 63 lbs.; Tomatoes, 61 lbs.; Citrus fruits, 105 lbs.; Dried fruits (fresh basis), 272 lbs.; other fruits, 110 lbs.; Dried legumes (beans and peas), 96 lbs.; White potatoes, 228 lbs.; sweet potatoes, 14 lbs.; Leafy, green and yellow vegetables, 190 lbs.; Strained honey (jams and jellies), 5 lbs.; Sugar, 73 lbs.

4-H boys and girls, let's make this our goal and show Uncle Sam that we are in the 4-H Production Army and are marching on to Victory.

With South Plains Men In The Service

Mr. and Mrs. H. R. Ferguson received a card Monday stating that their son, Roy, of the U. S. Marines, had landed safely overseas. He was formerly at Camp Elliott, the Marine Base at San Diego, Calif. He visited his parents during the Christmas week.

Sgt. Ray Smith, who is in the Army Air Force, stationed on Trinidad Island, South America, recently sent his wife a bottle of perfume and two white handkerchiefs for her birthday. He also enclosed a bottle of perfume for his mother, Mrs. Bob Smith. The gifts arrived Saturday.

Mrs. Ray Smith is believed to be the first person in Littlefield to receive a permit from a commanding officer, permitting her to send gifts to her husband. She received the permit from the government last week end.

Second Lieut. and Mrs. Tom Hilburn left Friday for Roby for a visit with his parents before going to Austin. They visited Lieut. Hilburn's uncle and aunt, Mr. and Mrs. J. C. Hilburn here. Mrs. Hilburn is the former Miss Nettie Belle Batton.

Robert Weidon (Babe) Hammons, 18, son of Mr. and Mrs. Pryor Hammons, who enlisted in the Reserve Corps of the Marines some time ago, received his orders to report at the Marine Base in San Diego Saturday. He will leave Lubbock Thursday morning.

Robert had been attending Tech College, but quit at the end of the first semester and asked for active service.

Mrs. Brandon Reports On Red Cross Work

"Dear Friends: We finished our 14,400 quota of 4x8 sponges although we were short 100 pieces of material we will have to make up. We began making 8x10 combination pads Monday and have 22,000 of these to make. They are much faster than sponges.

"This week I'll tell you about our night supervisors. "First, I want to announce we will work only two nights a week after this week, Tuesday and Thursday nights. We are not having enough night workers to pay us to stay open. Mrs. Eugene Latimer was appointed for Monday night supervisor, but owing to ill health has not been able to come all the time. Some of the other women have been substituting for her. Among them are Mrs. J. E. Jones, Mrs. Brantley Welborn supervises Tuesday nights. She is little and sweet and loyal. She not only supervises at night but helps out through the day quite often.

"Mrs. H. R. Bilderback supervises Wednesday nights. She is nice and pleasant and very efficient and works here a lot besides supervising.

"Mrs. R. A. Brotherton has been supervising Thursday nights as well as all day Tuesdays along with Mrs. York. I told you about her before. She can always be depended on.

"Mrs. Van Clark is the Friday night supervisor. She is a very nice person and a good worker.

"The area supervisor complimented us on our nice group of workers. She said we had more workers than any place she had been and that included Amarillo and Lubbock. Her district reaches to El Paso.

"If anyone has a typewriter we could rent or borrow we sure need it here at the Red Cross Room.

"We surely thank everyone for their wonderful cooperation and we want to urge you to keep coming to work. We met our first month's quota but we are still behind.

who made the selection for the Lamb County 4-H Gold Star Girl for 1942, when Allyne came bounding out to the car to meet the women. Allyne was expecting the committee and she had her things ready to show.

"The committee was invited into the living room which Allyne had just recently helped the other members of the family paper. Allyne first displayed the following garments which she had made: smock, bonnet, apron, gloves, pajamas. Her sewing box was complete with the necessary equipment for the good seamstress. For the care of her clothing she had a drawer for folded garments and in her closet she showed the shoe trees, hat rack, shoe rack, hangers and red which she provided and made. And she told the women that she repaired her own clothing.

"When she began displaying the canned vegetables which she had canned there were greens, creamed peas, squash, beets, butter beans, pork and beans, corn, cucumber pickles, and tomatoes, and tomato juice, cherries, three kinds of plums and peaches. She had her own potato holders and dish towels for use when canning.

"Allyne then invited the committee to the poultry yard to see the flock of chickens which she and her mother care for. Allyne was poultry demonstrator until last year when she became garden demonstrator. And then she displayed her frame garden in which she had her shrub cuttings, and in which there were no fresh vegetables but she told of her plans to plant in the near future. The family agreed that they enjoyed the vegetables she served from her garden. Allyne also made some hand lotion to use after working in the garden.

"The offices she has held in her clubs are: chairman of the finance committee, vice-president last year and vice-president this year. For keeping records she has a club book made of three-ply wood with a large green 4-leaf clover on the front cover. On the inside front cover is a copy of the Victory Demonstrator's Pledge which she signed last year and which she is fulfilling. The club girl next in line with Allyne and who deserves much credit and praise for her work and who was visited by the committee as a nominee from her club was Louise May, Amherst."

A SOLDIER'S PRAISE TO GOD

By H. R. Woodruff

Thank God, tonight, out here—alone, Five thousand miles away from home, My pew a rock; my church the sky;

That I can sing and pray and cry.

Thank God for Mom and Dad, so true,

Thank God for the Flag; Red, White and Blue; But best of all, I want to say,

Thank God, for Christ—He made the way.

And come what may, to live or die, With blood soaked earth and bomb-filled sky; I'll trust His word what e'er betide, His promise is, the Lord will provide.

Rebecca Moore And Lucy Shore To Leave For WAVES

Miss Rebecca Moore, who has been associated with her sister, Miss Ida Moore, in the operation of the Littlefield Beauty Salon the past six and one-half years, will probably report at Hunter College in New York City next Wednesday, February 17, for training in the WAVES.

Miss Moore enlisted in the Women's Naval Reserve in Dallas December 19, and received a notice this week to appear in New York City. She will leave Amarillo Monday morning.

Both Ida and Rebecca left Wednesday morning for Mexhoma for a visit with their parents, Mr. and Mrs. C. R. Moore. Mrs. Edgar Graham and Mrs. Fannie Belle Smith are working this week end in the Beauty Shop.

Miss Lucy Shore, daughter of Mr. and Mrs. B. B. Shore, who enlisted in the WAVES January 15, has also been ordered to report to Hunter College, New York City. She will probably report to Amarillo Friday, and will accompany another group of WAVES to New York City.

These young women have a host of friends in Littlefield and vicinity who send best wishes as they go to the service of their country.

Susie Houk And Farrah Beckner Enlist In WAAC's

Misses Farrah Beckner and Susanna Houk enlisted in the Women's Army Auxiliary Corps in Lubbock Saturday, and returned to Littlefield Saturday night to wait for their call for basic training.

Miss Beckner, a daughter of Mr. and Mrs. A. J. (Ab) Beckner, was graduated from the local high school in 1937. She then attended Draughton's Business College, Lubbock, before being employed as bookkeeper and stenographer at Ware's Department Store, which position she has held the past four years. She has three brothers in the service, Clayton of the U. S. Navy, stationed at Miami, Fla.; Roy of the Navy who is somewhere in the Pacific, and Lee of the Army Air Force, who is in Scottfield, Ill.

Miss Houk, also a 1937 graduate of the Littlefield High School, is the daughter of Mr. and Mrs. Jimmie Houk. She was employed at Fink's Dry Goods, which later became Salem's Dry Goods, almost six years. For the past eight months she has been employed as bookkeeper at Higginbotham-Bartlett Co.

These two girls, who have been pals and friends since childhood, have a host of friends here who wish them good luck in their new adventure.

W. G. STREET CONFINED IN LOCAL HOSPITAL

W. G. Street was admitted to the Littlefield Hospital Monday morning for treatment. He was reported by Mrs. Street to be much improved Wednesday, who stated they hoped to be able to take him home today (Thursday).

Miss Alice Lynn Street, who is employed by the U. E. Employment Service at Amarillo, arrived Monday night, and is remaining at her father's bedside.

With South Plains Men In U. S. Service

Mrs. Vernie Wright handed to the Leader Tuesday a copy of a letter written by an English woman, in whose home in England Major Tilden Wright is billeted, to Mrs. Tilden Wright, who is making her home, in her husband's absence, with her mother, Mrs. Cecil Shane, at Blytheville, Ark. The letter, which is of interest to the many friends here of Major Wright, is as follows:

"Dear Mrs. Wright:
"I think you might like to hear from me, as your husband has been with us now for some little time. He was very poorly when he first

came, with his broken finger and very bad cold, but he is very fit and well now. He goes off to work about 8:30 a. m. and we seldom see him 'til about 8 in the evening .
"You should have been here to see his delight at receiving Chip's photos. What lovely ones they are of you both. They have been framed and decorate his mantelpiece and everyone is shown them.
"Your lovely box of sweets arrived today and my daughter and I have enjoyed them.
"Your husband constantly talks about you both. It is hard lines he has not seen his little son as yet.
"The war news is much better and we feel very cheered up. Life is difficult, and so much work. We can get no domestic help, but it is just wonderful how well we get along, and we really get all the food we need. I am lucky, as I have fat fowls, so get plenty of eggs, and having lived here all my life the tradesmen are very good to me. Village shops are so much nicer to go into than the big stores. The very old, and women who live alone, or the young mothers with children have the worst time.
"The ration boards are splendid,

as you know what you will get. We do not keep our houses as warm as you do. The Americans shriek out against it and say they are frozen. We say they are great babies. Your husband has an electric stove in his room and he is far exceeding his fuel unit allowance.

"We look after his clothes, and we are all a very happy little lot here.
"We hope your husband will have Christmas dinner with us, when my son and his wife and two dear little girls, three and six years old, will be here also, so he will not be quiet.
"If we have any air raids we shall drag your husband into our dining room, 'grannie's safe room' as my grandchildren call it. We used to go into our shell pit in the yard, but it was too cold and I had my dining room reinforced. Some nights when the Blitz was bad we slept five in this room. I am thankful to say we have had no sirens for months. My married daughter who lives near the coast gets them constantly still, and she has to do much fire watching and ARF work. How lovely it will be when it is all over.
"I hope the little son will continue to get on well and will grow up to be a joy to you and your husband.
"Yours sincerely,"

"Confidence in the Youth of the Nation"

4-H Club organizations mean a lot to the future development of the Nation. Uncle Sam realizes that the youths "behind the lines" are doing a tremendous job... helping to supply the men at the front with proper food. It is with sincerity that we congratulate the clubs of Lamb County—the members who will be the men and women who carry on the ever advancing resources that we have at our command.

Uncle Sam Issues A New Order Governing the Retail ---SALE of--- Petroleum Products

Littlefield Service Stations --Will Appreciate-- Your Friendly Co-operation

Petroleum Directive No. 62, issued by the Petroleum Administrator for War, prohibits the retail sale of gasoline and other petroleum products on credit.

The order, which is now in effect, forbids retail marketers to "grant or accept or participate in the granting or accepting, directly or indirectly, of credit in connection with the sale of any petroleum product."

This means that your service stations cannot sell unless payment is made at the time of the sale by cash, check, or by coupons taken from coupon books which are issued by some companies. Coupon books cannot be sold on credit.

Exceptions to the no-credit rule include commercial vehicles displaying "T" ration stickers, and federal, state, and local governmental operations.

WHOLESALE SALE OF PETROLEUM PRODUCTS IS NOT AFFECTED BY THE NEW ORDER. For example, farmers can continue to purchase at wholesale on a credit basis, under the same plans which have been in effect.

Under another government order, which became effective recently, Littlefield service stations are open only 72 hours weekly. They are being operated 12 hours daily . . . 8 a. m. to 8 p. m. . . and are closed on Sunday.

In announcing the new government regulations, your Littlefield service stations ask and will deeply appreciate your friendly co-operation. We would have been glad to continue credit courtesies and remain open longer hours for your convenience, but our Uncle Sam has decreed otherwise at this time . . . and we all feel that he is acting in the best interests of us all . . . our entire nation.
