VOTE CREATES RUNOFFS FOR SIX COUNTY OFFICES

UTILITIES COMPANY WILL OCCUPY NEW OFFICES THIS WEEK

EXTENSION OF MAINS ARE ANNOUNCED BY CONCERN

The new home of the West Texas Gas Co. has been completed, and will be occupied this week.

The new building is a brick structure, 25 by 80 feet, and is located near the southern end of Phelps avenue.

The structure is owned jointly by J. H. Wells and W. J. Harris, and has been leased to the West Texas Gas Co. Mr. Wells was in charge of the construction of the building.

Plans for the building were prepared by Kerr & Welsh, architects of Amarillo, while the building material was purchased from the Higgenbotham-Bartlett Lumber Co.

The gas company has made rapid strides toward making natural gas quite accessible to the homes of Littlefield. At the present time there are 166 consumers in Littlefield, while Levelland has 90, Amherst 38, Sudan 55, and Anton 10, according to H. S. Brown local manager of the company.

The general offices of the company are at Lubbock, and Littlefield is the central station for the above named towns.

A further extension expected to be made by fall is that of the main leading north along the street just west of the school buildings. Plans are being made to supply Broad Acres addition, and the cotton gins are also expected to be supplied with natural gas by the first of September. Prospective extensions will probably embrace one additional mile.

The lobby of the new building will be 25 by 80 feet, while 30 feet will be partitioned for a stock room. Due to more adequate space, a larger stock of gas supplies are expected to be added.

The building is the first to be erected in Littlefield with gas vents built in the wall whereby any accumulating gas can be taken off by venting through the pipes, which are attached to the wall, and exit at the top.

By six feet to plate glass windows and 11 dome lights and 10 show window furnish sufficient artificial light to the interior.

Two rest rooms, five by seven feet, and equipped and supplied with hot and cold water facilities, have been arranged in the rear of the building.

R. F. Hinchey, vice-president of the West Texas Gas Co. was in Littlefield Wednesday in connection with the opening of the new building.

T. A. Henson returned Saturday from a business trip to points in East Texas.

City Hall To Be Ready For Occupancy In Few Weeks

BIG ACTIVITY IN FARM BUYING AROUND LITTLEFIELD

GREAT NUMBERS OF FARMERS TO COME HERE THIS FALL

REALTY BROKER SEES BIG MOVEMENT FROM LARGER CENTERS.

A big movement of farmers into this section this fall and winter is in prospect.

A number of sales have been made in the last few weeks, and many farmers have visited this district, promising to return as soon as they have harvested their crops, or sold their present holdings. Many of those who contemplate moving into this section are now farming in other parts of Texas and Oklahoma.

Next month will witness the start of the big movement to the South Plains, and farmers will continue to arrive and make purchases until late in the spring.

Agents Report Activity.
"All of our agents report that there are great numbers of farmers who want to come to the Littlefield section of the South Plains, and indications are that there will be more people come into this section this fall, winter and spring than ever before," according to R. T. Badger of the Yellow House Land Co.

The Yellow House company has sold over 1200 farms since the sale of the Yellow House ranch was launched in 1924. There still remains about 65,000 acres in this immense development yet to be sold. This is made up of 100 percent farm land and also combination farm and stock raising land.

In addition to the Yellow House ranch, the Yellow House company also is marketing Spade lands.

J. H. Lucas, manager of the Littlefield office of the Enochs Land Co., also looks for an exceptionally large movement of farmers into this district this fall and winter and next spring.

The Enochs ranch, originally a 64,000-acre tract, is located in Bailey and Cochran counties, 23 miles west of Littlefield. There are now 100 sets of improvements and 17,000 acres in cultivation. Sale of farms (Continued on page seven.)

DRUGGISTS HERE PLAN TO ATTEND LUBBOCK MEETING

CONVENTION OF WEST TEXAS ASSOCIATION AUGUST 12-13

Littlefield druggists are making plans to attend the semi-annual session of the West Texas Pharmaceutical association, which will be held in Lubbock, August 12 and 13.

The Hilton Hotel of the host city, has been designated as head-quarters for the convention.

Le T. Stinson, of Snyder, president of the association, will be on hand to direct the meeting and a full program of business and entertainment has been worked out.

The druggists will be entertained with a banquet and a dance on the evening of the twelfth, while the Behrens Drug Co., of Waco, will entertain the druggists with a luncheon after the adjournment Wednesday, August 13.

E. L. Robertson, president of Lubbock Druggist association, together with other Lubbock druggists are making arrangements for the convention.

Change In Schedule Of Santa Fe Train Set For August 10

A change of schedule of the west bound passenger train over the Santa Fe from 5:48 p. m. to probably 8:30 a. m. will take place August 10, according to H. C. Pumphrey, local agent. An official announcement as to the exact time has not yet been made.

GREAT THROGS ASSEMBLE FOR THE ELECTION EVENTS

LITTLEFIELD GIVES THE DISTRICT RESULTS OF PRIMARY

Many thousands of people were attracted to Littlefield Friday and Saturday through the special program carried out in connection with the election; in fact the two-day event carried itself over into Sunday, by reason of the fact that election returns were received and posted as late as Sunday night. Friday and Saturday night the streets were packed with automobiles.

A great number attended the political rally and chicken barbecue Friday night, which was carried out under the direction of the Chamber of Commerce. People were present from all over the county, and a number came over from Lubbock for the event. G. M. (Gus) Shaw, "champion chicken barbecue artist of America," had charge of the preparation of the fowl.

The election returns Saturday night were posted on an immense bulletin board opposite the First State Bank. E. C. Cundiff was in charge of the information dissemination.

Not in a long time was there so much interest manifested in an election as that of Saturday's primary.

Start Compiling of City Directory Here

Compiling of Littlefield's city directory was started late this week by the Tant Directory & Advertising Co. of Oklahoma City. The information will be gathered, and the directory published within the next few weeks.

Previous to starting preparation of the city directory, the Tant company numbered all houses in Littlefield, and placed street markers at all intersections.

BUSINESS, CROPS BEST IN THIS AREA R. E. McCASKILL VISITS MANY STATES

Business and farm conditions are better in this section than in practically any district throughout the country; at least, they are far superior to those in any area east and northeast of this section, according to R. E. (Bob) McCaskill, manager of the Texas Utilities Co., who has just returned from an extended automobile tour.

Mr. McCaskill was accompanied by Mrs. McCaskill, and their sons, Bobbie and Ed. They left Littlefield on June 25, and visited 27 states, the District of Columbia and Canada. Mr. McCaskill said that the trip was thoroughly enjoyed, but that it

CELEBRATION LIKELY TO MARK OPENING OF NEW STRUCTURE

DESIGN AND LAYOUT ENTHUSIASTICALLY COMMENDED

Littlefield's new two-story \$50,000 city hall, which is under construction in City Park, will be occupied late in August or early in September.

Though no definite action has been taken in the matter, it is probable that a formal opening will be held. This event, it is believed, would bring several thousand people to Littlefield.

Erection of the building was started 90 days ago, and marked progress has been made by Albert Neuenchwander of Littlefield, the general contractor. Practically all exterior work has been done, and there remains very little interior work. Some time will be required, however, to carry out the furnishing of the building and other details incidental to its occupancy.

Butler & Co. of Lubbock, are the architects.

Littlefield's new city hall is an excellent example of a small administration building carried out in almost identical manner with major structures of the kind. This building is not only attractive, but is also laid out in a very practical manner.

It will be a building which other cities of the size of Littlefield, and even larger, will probably seek to duplicate.

The new city hall will have, in addition to regular facilities, a section at the rear and fronting on the park, given over to the fire department.

NEW DEPARTMENTAL STORE WILL OPEN HERE ABOUT SEPT. 1; COBB'S ENTERS LITTLEFIELD WITH BIG, COMPLETE STORE

Littlefield is to have a new departmental store about September 1.

The new business will be established by Tom Cobb, owner of Cobb's Departmental Store at Brownfield, and will be located in the building which has just been vacated by Hogan's Departmental store.

H. C. Smith, formerly of Dallas, will be manager of the local store.

The Brownfield store was established about four years ago, and Mr. Cobb is now opening another store at Lamesa.

The announcement of the new store was made by Mr. Cobb in re-

SIMON D. HAY IS WINNER IN CONTEST FOR CO. JUDGESHIP

G. R. (Bob) Crim to Be County's Next Sheriff

(Complete election returns are published elsewhere in this edition of the Lamb County Leader.)

Littlefield and Lamb County settled down to routine matters this week after two days in which most everybody gave their major attention to voting, then to determining the success or failure at the polls of the large number of candidates for county and precinct offices. Outstanding interest also was manifested in the state contests. Both county and state contests were attended with the usual number of surprises.

In the county contests there will be runoffs for county attorney, county clerk, tax collector, tax assessor, county treasurer and superintendent of schools.

The second primary will take place Saturday, August 23.

There will not be runoffs for county judge and sheriff. Judge Simon D. Hay, incumbent, eliminated his opponent, C. W. Bengel. In the race for sheriff, G. R. (Bob) Crim eliminated his two opponents, J. L. (Len) Irvin, incumbent, and O. H. Brown.

The runoff for various county offices will be between the following:

For county attorney, between J. E. Dryden and Herbert C. Martin; for county clerk, between J. W. (Jake) Hopping and A. H. McGavock; for tax collector, between T. L. Matthews and Gaston Patterson; for tax assessor, between Roy Bilbert and A. A. Whyte; for county treasurer, between M. M. (Jimmie) Brittain and Miss Bessie Bellomy; for county superintendent of schools, between L. D. Rochelle and Mrs. Susie C. Rowe.

In the precinct contests those who were successful are:

For commissioner, Precinct No. 3, C. E. Strawn; for public weigher, precinct No. 4, A. L. Porter; for constable, precinct No. 4, Fred Hoover; for justice of the peace, precinct No. 4, J. B. Sikes.

I. O. O. F. LODGE MEETS

The I. O. O. F. lodge met Monday evening in a short business session, wherein Roy T. Shotwell was received into the lodge by transfer from Sentinal, Oklahoma. Second degree work will be put on at the meeting Monday night.

FEEDERS SHORT COURSE At Amherst August 12-13

Frank Holland, president of the Feeder-Breeder Association; D. Burns, Cotton Seed-Crushers Association; A. L. Smith, animal husbandman of Extension Service, and others will be present to discuss feeds, rations, marketing and other phases that pertain to the program of livestock feeding.

SCOUTS HERE TO ATTEND AMHERST COURT OF HONOR

An invitation has been received by the local Boy Scout troops to attend a Court of Honor to be held in Amherst by the Boy Scouts of that city Tuesday evening.

Scout executive D. T. Jennings of Lubbock, will be on hand to help with the awarding.

In addition to the Court of Honor, stunts and other like entertainment is being planned.

"A large crowd is expected, so make arrangements soon to be present with a large part of your troop as everyone is invited and a special invitation is also extended to the parents to attend," says D. C. Maddox, assistant scout master of Amherst, in a letter to Joe Watson, scout master of local troop number 25.

A call meeting of troop No. 25 was held Monday evening in the First Baptist church basement with Eugene Lattimer assistant scout master in charge of the meeting, wherein plans were formulated to attend the Court of Honor at Amherst.

A meeting of troop No. 25 will be held Friday evening at the First Baptist church, at which time additional officers will be elected. Every scout belonging to the troop is urged to attend.

LEGION TO MEET IN NEW CITY HALL

The Richard New post of the American Legion, together with the auxiliary unit of the organization, met Monday evening at a joint meeting in the basement of the Presbyterian church.

A reading, "When Friends Drop In," by Edgar A. Guest, was given by Miss Helen Rumbach, following which she responded to an encore with a humorous selection, "Betty at the Ball Game."

A clarinet solo, played by D. W. Crain, with piano accompaniment by Jess Mitchell, was followed by a second number in response to a hearty encore.

Refreshments were served, following which the two organizations held separate business sessions.

Mayor Otto Jones was welcomed into the Legion post as a new member. Mr. Jones tendered the organization a permanent meeting place in the new city hall.

Three new members were welcomed into the ladies auxiliary, Misses Nell Evanson, Erna Douglass, and Mrs. Neal A. Douglass.

Stoves Are Given Churches Here By West Texas Gas Co.

The West Texas Gas Company is the donor of perhaps one of the most useful gifts that could be given any organization, which is that of the gas ranges already given to three churches of the city, and the company expects to give each church in the city a stove as soon as they are ready to receive it, and the ladies of the respective churches are given the privilege of selecting the stove of their choice.

The recipients are high in their praise of the company for such a liberal gift and for one of so much value, as already several churches of the city have arranged kitchens in which to serve at any occasion.

Three of the churches of Littlefield have already installed ranges, namely: First Baptist, Presbyterian and Catholic.

Downtown Office May Be Established By Western Union

Littlefield, in all probability, is to have a downtown Western Union office.

Efforts were made last fall to secure a location, in which to move the office from the Santa Fe Station, but no space was available at that time. H. C. Pumphrey, Santa Fe agent, on hearing of office accommodation on the main floor of the Palace Theater Building, is taking the matter up with the district superintendent of the Western Union at Oklahoma City, and hopes to get his approval to the change in location.

Will Leave Sunday On Buying Trip

Mrs. L. Fink and son, W. M. (Bill) Fink, will leave this Sunday for Dallas, where they will spend the week. The trip is being made in order to make extensive purchases of fall merchandise for Fink's Drygoods Store.

CHEVROLET Six-Cylinder Trucks

Bigger, Faster, Sturdier and more economical

In size, speed and durability, the Chevrolet Six-Cylinder Truck is superior to any haulage unit ever built by Chevrolet. Yet, for all these decided advantages, it shows (according to many prominent fleet users) a lower maintenance cost than any other low-priced truck of similar capacity!

These basic facts should be borne in mind by everyone considering the purchase of an inexpensive haulage unit—because capacity,

speed, ruggedness and operating economy are the big points to consider in these days when business men are watching transportation costs.

Many important features of the Chevrolet Six-Cylinder Truck are given below. Study them carefully. Then use them as a basis of comparison—to prove quality—to prove modern design—to prove OUTSTANDING VALUE!

Small Town Dweller's Rules for Happiness

Tale bearing and scandal mongering are two of the surest paths to unhappiness to the person living in a small town, in the opinion of one small-town woman philosopher and another who has spent her entire life in such a locality.

Outlining ten recipes for happiness in the small town, Mrs. Dorothy Walworth Carman of Maplewood, N. J., writing in the American Magazine, considers a sense of humor the most important requirement if the small-town dweller is to know happiness.

"A sense of humor will keep the little events which crowd in on a small-town dweller from seeming calamitous," says Mrs. Carman. "Your day will not be completely ruined because the neighbor's dog tracked up your newly washed porch. Humor is more than a nice thing to have around the house. There is a ministry about it."

Among other requirements for small-town happiness Mrs. Carman lists tolerance, kindness, human interest, discretion, neighborliness, contentment, magnanimity, modesty and interest in work.

"Bear no grudge. If you want to be happy in a small town," Mrs. Carman warns, "Be slow to take offense. Overlook much. And when it comes your turn to forgive, be a good forgiver."

Another fortunate quality for the small-town dweller, says Mrs. Carman, is the possession of a hobby, which, she believes, keeps people absorbed and makes them forget to be touchy."

Close Link Between Farm and Community

Feminine movement and general increase in education may or may not be responsible, but it is certain that the farm barn, long the most carefully built structure on the American farm, today is of no more importance than the house.

This emergence of the farmhouse, for years a neglected feature on many farms, into a carefully designed and cared-for building, is emphasized in a discussion of the residential value of the modern American farm, in Farm and Fireside Magazine. Farmers, as well as their wives, are in many cases realizing that the farm is capable of being an excellent place to live today, and not merely a place of hardship and work without recreation.

"An item of importance," says the magazine, "is the residential value of farms. This concerns the farm as a place to live, for agriculture is today both a business and a mode of life."

Right along with the value of a farm as a productive tract of ground the prospective farm buyer today considers school, church and social facilities of the neighborhood, neighbors and the general healthfulness for his family, says the magazine.

Aiding Home Ownership

There is no evidence of good citizenship more pronounced than home ownership. Throughout this country today thousands of homes are being paid for like paying rent by the operations of these companies. It is estimated fully 1,000 homes have been built in the city of Charlotte, N. C., in the past 25 years, by building-and-loan organizations. The owners are accumulating them—or have already done so—on a nominal monthly rental basis. They opened the only way most of them had for owning homes of their own.

The most worthless scrap of paper in the world is a rent receipt, and especially to a home, pride in the ownership of which stimulates civic pride and pride in accumulation of tangible assets.

The City to Come

Cleveland, one of the greatest American cities, plans to spend \$30,000,000 or more building subways to care for its growing traffic. This is good business and good vision. Thinking citizens all realize that cities of the future—twice as large as they are now—must be different from today's cities. But we are slow to get going. We put off too much for the coming generation. We are not doing our part. We must begin to dig now if we are to make tomorrow's roads broad and straight.—Cleveland News.

Beauty Given Recognition

One city plan consultant, it is on record, noted that in the early days of the city planning emphasis has to be placed only on the economic or money value of the work; the "city beautiful" talk didn't get across with the public. But now, he said, when it comes to consideration of the esthetic "the public has caught up with us and is almost ahead; beauty now is the watchword of business and industry, while the city planners lag."

Trees to Avoid

Such trees as poplars, box elders and soft maples usually are undesirable in the home grounds. They are fast growing and likewise short lived. They attract many insects and their roots plug the drains. They do mind so much from the soil that it is difficult to grow anything else near them.

TO THE VOTERS OF PRECINCT No. 4 LAMB CO.

Permit me to take this method of expressing to you my deep appreciation of your confidence in me as demonstrated by your vote in Saturday's primary. If it were possible, I would like to express my appreciation to you individually. By your vote you returned me to office as public weigher for a third term. I will continue to exert my best efforts to serve you well.

Sincerely,

To The Voters Of Precinct Three, Lamb County:

The confidence of one's friends and neighbors is one of life's greatest satisfactions, and the overwhelming vote of confidence tendered me by the citizens of Precinct Three, this county, in the Democratic primary last Saturday, can not be measured in words or phrases. From the very depth of my heart I herewith publically express my thanks and most sincere appreciation.

The further honor accorded me in the big barbecue given in my favor last Monday night by the citizens of this precinct is a distinct tribute which it shall be my constant endeavor to ever hold inviolate.

During the recent campaign there were many unfortunate rumors and misstatements circulated, all of which has no visible effect upon the majority voters of Precinct three. I personally conducted my own campaign, and have nothing for which to make apologies.

I am your obedient servant for another term, and it shall be my constant aim to give you the very best, most sincere and efficient service possible. Let it be understood that no one member of the Commissioners' Court can control its actions. I am one member out of five, and I am very sure that the citizens of this Precinct and of the county in general will at all times find me lined up for the very best interests of the county in every department of its activity.

Again heartily thanking you for your loyal support and pledging you my very best services in the future, I am,

Most sincerely yours,

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Section 16, which shall read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

Painting Farm Machines Is Economical Practice

If farm machinery which is constantly exposed to the weather is to be protected from its ravages, then the surface must be painted to prevent rust. The paint forms a protective film that keeps out the moisture which causes iron to corrode and wood to rot. A coat of paint on the machinery each year is an insurance against rapid deterioration.

Metal preservative paint should be used on all metal. A good primer may be a paint which will prevent rust and any good exterior paint may be used for the finishing coat. Before painting, the surface of the implement should be cleaned of all rust, grease and scale and the iron should be free from frost or moisture. One coat of paint should be allowed to dry thoroughly.

TAKE IT FROM DAD

By Frank H. Cheley

Is College Worth the Price?

"Dad, we had another hot argument around the lunch table. Think we better organize a debating society. Why there simply isn't anything upon which many people agree, is there? Why, if never occurred to me in the world but what every fellow that wanted to get anywhere would go to college but there was a third of that gang today who said, 'Nothing doing, it simply does not pay. That's their stand.'"

"That's right," commented Mr. Smith without looking up from his paper. "College is not for all boys. It depends upon the boy and what he is going to do. Many a boy wastes four years in college and a deal of his father's money to absolutely no avail. He would have been a heap more self-respecting and happier, too, if he had gone to work instead of to college."

"Humph, that doesn't sound much like the line you peddled me when I wanted to quit school and go to work."

"Yes, but you're a mere kid. Every boy in the land should have a high school education. If it has been the right kind and he has tended to his knitting he ought to be able to make a good living for himself whether he goes on to college or not—that's a minimum necessary to get on in our ever more complicated modern society. From that point on it's a matter of—"

"Whether college is worth the price?"

"Exactly, my boy, provided you do not insist upon interpreting entirely in terms of money for there are other prices involved. If education is anything it is an investment. An investment of four prime years of life, plus a cash outlay of some four thousand dollars, plus a tremendous amount of nervous and mental energy. All of these items are a young chap's stock in trade—his capital. If his investment is going to bring returns in technical or professional training which will in turn, open larger opportunities for self-realization as well as income, then a thoughtful boy is justified in attempting the investment."

"Every boy, whether or no, with the exception of the few ultra rich who do not count anyway, must sometime come to stand on his own feet; fight his own way and be an independent individual. Usually at best that involves a certain amount of experimenting—trial and error. Then too, Bob, without casting any aspersions upon anyone, we are forced to recognize that some men have a much greater ability and aptitude to study and research than others. Many men are motor minded and exceedingly practical. They must be doing things instead of thinking things, to be happy."

"Bob, it is largely a matter of individual temperament, circumstance and attitude. I firmly believe in higher education. I just as firmly believe that a large number of the nearly half million boys in colleges are largely wasting their time at a very large expense and emerge handicapped the rest of their lives with expensive tastes and habits with no conception at all of work and with a very late start in the big battle of life."

"Turn a minute to your Ready Reference there again, Bob. Look under education. See if it doesn't give you some facts and figures to think about?"

"Education—Costs of—Advantages of—DOES AN EDUCATION PAY?"

Aha, here we are, let's see—

"DOES AN EDUCATION PAY?"

Does it pay to fit one's self for a superior position?

Does it pay to get a glimpse of the joy of living?

Does it pay for a chrysalis to unfold into a butterfly?

Does it pay to learn to make life a glory instead of a grind?

Does it pay to open a little wider the door of narrow life?

Does it pay to know how to take the dry, dreary drudgery out of life?

Does it pay to taste the exhilaration of feeling one's powers unfold?

Does it pay to push one's horizon farther out, in order to get a wider outlook, a clearer vision?

Does it pay to learn how to center thought with power, how to marshal one's mental force effectively?

Does it pay to acquire a character—wealth, a soul-property, which no disaster or misfortune can wreck or ruin?

Does it pay to have expert advice and training, to have high ideals held up to one in the most critical years of life?

Does it pay to make life-long friendships with bright, ambitious young people, many of whom will occupy high places later on?

Does it pay to become an enlightened citizen, able to see through the sophistries of political claptrap and note intelligently on public matters?

Does it pay to change a bar of rough iron into springs for watches, thus increasing its worth to more than fifty times the value of its weight in gold?

Does it pay to experience the joy of self-discovery, to open up whole continents of possibilities in one's nature which might otherwise remain undiscovered?"

Bob closed the book with a slam.

"Anyhow, dad, I'm going to college 'cause I'm going to make it pay."

"I believe you will, son—I hope so."

CROP REPORT

The State crop report for July, giving conditions as of July 15, has been received in Littlefield. It includes reports from more than 200 counties.

The cotton report by districts is as follows:

Eastern district, 49 counties, acreage 92 per cent, condition 78 per cent; northern district, 22 counties, acreage, 94 per cent, condition 79 per cent; western district, 44 counties, acreage 93 per cent, condition 76 per cent; central district, 44 counties, acreage, 95 per cent, condition 81 per cent; south western district, 37 counties, acreage 96 per cent, condition, 82 per cent, north western district, 58 counties, acreage 97 per cent condition 78 per cent; average for state, acreage 94 per cent, condition, 79 per cent.

Texas harvested 17,968,000 acres last year. A reduction of six per cent this year, including abandonment, leaves 16,889,920 acres, or in round numbers 17,000,000 acres in cultivation.

Forty percent of the cotton crop is late, planted since May 15, and much of it is not blooming, and not any of this late crop is assured, and it is impossible to estimate the outcome of the cotton crop.

Hot dry weather is reported in every district, and cotton is failing for lack of moisture. Only a few counties report any rain in July. Cotton is reported good in only a few counties. Very little insect damage is reported. The southwestern district reports some damage by boll weevil.

It now looks like the crop may be as short as last year. A short crop would seem to be the only hope for better prices this fall.

Corn is reported good from Austin south to the coast, and some counties of central and north Texas report good corn. The average yield per acre of corn and oats is estimated to be 20 bushels.

Wheat is poor, generally, because of the extreme drought in March and April. The estimated yield is eight bushels per acre.

Grain sorghum and hay have been increased in acreage and the condition is fairly good, but the late hay crops will be short unless general rains come soon.

Clothing Contest

(Received too late for last week)

July 12th, the Lamb County Clothing contest was held at the Baptist church in Amherst, 57 wash dresses being entered by club women who had made them according to principles learned in club work. The dresses as a whole were well made, and of good material and design.

Miss Myrtle Murray, District Home Demonstration agent, from College Station, gave the judging demonstration at 2:30 p. m. to a group of 87 women.

The dresses were scored according to the following:

Suitability of garment to purpose	10
Material and trimmings	10
Originality and beauty of design	15
Workmanship	15
Appearance on person	35
Laundering possibilities	5
Pressing	10

Total ----- 100

Mrs. J. B. McCrory of the Amherst club won first place on her house dress. For this she received a \$2.50 prize given by F. A. Loyd of the Loyd Dry Goods company, Amherst.

Mrs. Johnnie Graham of the Amherst club won second place on her dress and received a 50c prize, given by L. G. Grimes of the Grimes Dry Goods company, Amherst.

Mrs. L. L. Massengill of the Littlefield club and Miss V. O. White of the Sod House club tied for third place and honorable mention.

County Rally

Saturday, July 19th., the first Lamb County club rally was held at the Methodist church, Amherst. This was a social get-together and was enjoyed by about 250 people. At 11:00 o'clock Miss Marie Tarwater, county home demonstration agent of Hockley county, spoke to the women on "Food for the Pre-School Child." The pre-school child includes those from two to six years of age. Miss Tarwater stressed the importance of feeding a correct diet showing that the health of the adult and their capacity to enjoy life and be free from many ailments is determined at this early age by the food given.

At noon a delicious lunch was served in the basement of the church. Ice cold lemonade was served to all present. This was made possible

through the efforts of the Amherst home demonstration club women and the generosity of the Amherst business men.

Afternoon a round table discussion of the various phases of club work was held for the women. At this time the following women made reservations for the Short Course to be held at College Station July 28th to August 1st: Mrs. M. M. White, Sod House Club; Mrs. J. E. Holland, Fieldton club; Mrs. J. B. McCrory, Amherst club; Mrs. R. H. Shaffer, Sudan club; Mrs. L. L. Massengill, Littlefield club; Mrs. J. Y. Kisinger, Circle club; Miss Neva Moody, Circle club; Mrs. W. E. Logan, Blue Bonnet club; Mrs. I. V. Fent, Sand Hill club.

Rev. R. S. Watkins, pastor of the Methodist church, gave an interesting talk on the various phases of cooperation, that was thoroughly enjoyed by all present.

This was followed by a play period in which relays and games were directed by Mrs. L. L. Massengill of Littlefield and Miss Willie White of the Sod House club.

At 7:30 p. m., a bountiful picnic feast was spread and served to the entire group. There was plenty of lemonade and iced tea to quench thirst.

At 8:30 p. m., Dr. Grandberry of the Texas Technological college, spoke on the importance of doing worth while things. He very cleverly and originally presented these

thoughts under the title of "Tree Sitting."

Fair Dates Set

The directors of the Lamb County Fair Association have announced the dates of the 1930 fair as September 18, 19, and 20th., to be held at Amherst. All club people and other interested will please govern themselves accordingly. Club people let's have uniform exhibits throughout. Use square glass jars with the glass tops for all fruits and vegetables.

Child's Bookcase

An inexpensive bookcase is a necessary touch for the child's bedroom or playroom. It will interest him in reading and in the care of books. Insist upon his returning the books to their proper places after having been reading and you have also instilled orderliness in him.

Where Fish Abound

Grunt, goggle-eye, Jew fish, hound fish, snapper, amber fish, yellow tail black fish, king fish, hog fish, bonefish jack, margate and grouper are among the numerous kinds of fish eaten by the inhabitants of the Bahamas.

Make Own Viewpoint

We view the world with our own eyes, each of us, and we make from within us the world which we see.—Thackeray.

Nugget of Wisdom

It is well to have visions of a better life than that of every day, but it is the life of every day from which elements of a better life must come.

Lions Hear Reports Of Denver Meeting

The Lions club met Friday noon at their regular luncheon at the Methodist church with 24 members and several visitors present. Lions Dr. McCoy, president of the Lubbock Lions club, and Rufus Scarborough, also of Lubbock, who were delegates from that club to the Lions' convention recently held in Denver, Colorado, were in charge of the program, and made very interesting reports of the convention. Several songs were sung by the members and visitors with Miss Ruth Courtney at the piano. Visitors present were: V. C. Walden, formerly of Littlefield, but who now resides in Pecos, Dr. McCoy, A. C. Litten, and Rufus Scarborough of Lubbock, Miss Ruth Courtney and J. F. Bumpass.

TO THE VOTERS OF LAMB COUNTY:

It is with a great deal of pleasure that I take this opportunity to express my appreciation at the vote which you gave me in Saturday's primary. I feel that I would be unmindful of assistance given me if I did not make special reference at this time to my group of loyal workers in the campaign. As I enter the second primary contest, I feel that the same liberal support which was accorded me in the initial contest will be continued. I especially appreciate you who did not support me in Saturday's primary, and to reconsider my qualifications for the office of Tax Collector. However, I would not ask for the most minute investigation into my record as a citizen of Lamb County. Sincerely,

THIS WOMAN IN FOUR WEEKS LOST 19 POUNDS OF FAT

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America.
"Gentlemen: I first saw your advertisement in a Billings, Montana, paper and decided to try Kruschen Salts.
I started taking them every morning as directed as I was very much overweight and wanted to reduce. I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 256 lbs. and at present, which has been just four weeks, I weigh 239 lbs. And I must say, I feel better in every way, besides looking much better. Kruschen Salts had a decided effect upon the quantity of food I took and stimulated my desire to greater activity. I have recommended Kruschen Salts to many of my friends, in fact, have a number of them taking Kruschen Salts.
May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince any one.
A bottle of Kruschen Salts that lasts four weeks costs but 85c at the Eagle drug store or any drug store in America.—Adv.

TO THE VOTERS OF LAMB COUNTY:

While I was unsuccessful in Saturday's primary, I wish to express to the voters of Lamb County my appreciation of their support of my candidacy for the office of Tax Assessor. I will continue to work in the interests of our county—the best on the South Plains.
Sincerely,

BUILDING LITTLEFIELD

The Woman's Study Club deserves enthusiastic commendation for having made possible a Better Yards and Garden Contest for Littlefield. Every citizen of this progressive and rapidly growing city should co-operate with the Woman's Study Club to the fullest extent.

A stranger judges a city by its appearance. He frequently asks himself: "Would I like to live here; would this city be a pleasant place for my family?" If the fringe of the city is untidy, his first impression is not good. If the downtown section is old, dirty and dingy, he is doubtful as to that particular place as a location in which to engage in business. If the residential section is not unlike the business section, then, no doubt, consideration of that particular city as a business location or a place in which to live is abandoned.

Littlefield is a modern, beautiful, and progressive city, one which any person should be proud to call home. But we cannot bask in the sunshine of past accomplishments; we must go forward, making big gains as the months and the years go by.

The women of Littlefield are enthusiastic for the success of their city. They stand shoulder to shoulder with their husbands and brothers for the advancement of Littlefield, and their projects should and do receive enthusiastic support.

Let us all work together for the success of the Better Yards and Garden Contest.

BUSINESS IMPROVING

According to the political and business prophets who were so full of optimism last Winter and Spring, the nation ought at this time to be beginning to feel the pulsations of returning business activity.

Signs of the expected upturn are noted by several observers, and there is a general feeling among those who make it their business to watch events that the lowest point of the depression has been reached.

Perhaps the most reliable reports are those made to the National Conference of Business Paper Editors and the Associated Business Papers. According to these 150 publications which are intimately in touch with as many different lines of business, there is no line in which there are now stocks on hand in sufficient quantity to carry on even sub-normal business for very long. Buying must begin within a few weeks, these ob-

servers report. As soon as buying begins, factories must increase production.

It is interesting to note that in some lines of business there has been no falling off this year as compared with last, but a definite increase. While some lines have suffered a 40 percent shrinkage, the consumption of electric current for the first six months of 1930 was 2 percent greater than in the same period of 1929.

It has been a curious sort of a business crisis, in that consumer purchases in general have not been greatly curtailed and wages have been reduced in only a few cases. In spite of all the talk about unemployment, there is no evidence of poverty nor any general economic distress.

Wall Street reports that many large foreign loans will be made in the early Fall. The proceeds of those loans will be used abroad to purchase American goods, thus stimulating export trade. Home mortgage loans are reported easier in some sections and home building is picking up. Bank credits are expanding, indicating that idle money is being put to work.

Nobody can predict the future with certainty. If we could, we would not be running a newspaper but playing the stock market or dealing in grain or cotton futures. But in the long run we pin our faith, as we have always done, on the future of the United States of America. We believe that this country is still moving forward toward the goal of universal and continuous prosperity for everybody and that any set-back can never be anything but slight and temporary.

A VACATION TRIP

It is becoming more and more the custom for people on their summer vacations to go back, for a brief visit at least, to the homes of their childhood. Perhaps that is because automobiles and motor highways make it easier to do that than it used to be; perhaps it is because city folk are beginning to realize that the country towns they came from are changing, growing themselves into cities, and that soon the old landmarks will be gone, swallowed up by the relentless maw of Progress.

One of the vanishing landmarks is the old fashioned country school. The old schoolhouse—we don't know why people refer to it so often as "the little red schoolhouse," for most of them that we have seen were painted white—is one of the places nearly all of us like to look up when we go "back home." The memories of childhood cluster more thickly about it than any other structure except the old homestead itself.

The school was a democracy of our own kind. Except for the teacher, who was only one against many, we children had things pretty much our own way. We lived in a world of our own for a few hours a day. We were among those of our own kind, who thought the same thoughts, spoke the same language, looked on the world from the same perspective.

There is no manner of doubt that the modern consolidated or union schools are far better for their avowed purpose of inserting something we call "education" into the minds of the young. But those who have had the good fortune to begin their educational careers in such schoolhouses as the one which Henry Ford has preserved at Sudbury, Mass., the veritable school to which Mary's Little Lamb followed her, where one carved one's initials on the rough board desks, will always feel a certain superiority over those who never had such advantages.

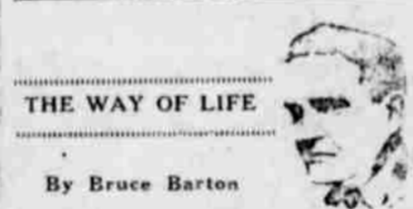

Somehow the old fashioned country school seems in perspective closer akin to the pioneer spirit which is the spirit of America, than any modern structure with its graded classrooms,

"Cut Behind!"

By Albert T. Reid

steam heat, electric light and wholesome ventilation. But, like the ox team and the covered wagon, it is disappearing. Our advice to every reader who ever attended such a country school is to take a good look at it this year, for next year it may be gone forever.

THE WAY OF LIFE
By Bruce Barton

WHAT'S IT ALL ABOUT?
I have a friend who, after many years of hard work in subordinate positions, found himself suddenly near the top of a big business. To his own surprise his income jumped to more than a hundred thousand dollars a year.

A whole new world opened out before him. As if by magic all his dreams began to come true.

Did it change him? I cannot see that in any essential characteristic it changed him at all. Not long ago when we were alone he "opened his heart."

"Here I am with a new house, and money in the bank, and all my five children in college, and three automobiles. And down underneath I am the same simple guy that used to get eighteen dollars a week, and took three years to pay for the piano. Somehow it doesn't seem real. I have to get myself off in a corner once in a while and ask, what's it all about?"

I know some other things about him that he did not tell me. I know that he is supporting fifteen or twenty people who haven't had such lessons on the fiddle, which has been good luck. I know that he is taking a secret ambition for years. And I know that on Thanksgiving Day he marshals his whole family and matches them down to church.

Sinclair Lewis named him, and others like him, Mr. Babbitt. They are more like Jim Bludsoe, the Mississippi River engineer.

Bludsoe didn't know what it was all about either. He just did the day's work, running the steamboat back and forth, raising his family, and living his life. One day when a fire broke out he did the simple normal thing of sticking to his post.

"I'll hold her nozzle against the bank 'Till the last galoot's ashore."

He was not a deep thinker, nor very religious, often profane. But John Hay ventured the guess that "The Lord ain't going to be too hard on a man that gave his life for men."

My friend is rough like Bludsoe, and by no means a saint. "What's it all about?" he asks and he will never know the answer any more than the rest of us. But he has done his job with courage; he stayed simple. He gives freely. He has a humble sense of gratitude, and he has kept his heart young.

Those qualities have been enough for this world. Somehow I think they'll be enough for whatever other worlds may be.

BETTER HOMES IN LAMB COUNTY WILL NOW BE URGED

MRS. W. H. GARDNER TO HEAD COMMITTEE OF CITIZENS

Mrs. W. H. Gardner of Littlefield, has been appointed to head a committee of local citizens for the purpose of planning a Better Homes campaign in Lamb county.

The appointment was made from the National office of Better Homes in America in Washington, D. C., which each year sponsors a nationwide program for the improvement of housing conditions. The organization is headed by Secretary Wilbur who succeeded President Hoover. Mr. Hoover now serves as honorary chairman.

Littlefield is justly proud of having Mrs. Gardner appointed in this capacity, due to her capability in the planning of more convenient homes.

In keeping with the rapid development of various activities of Littlefield and surrounding territory is the building situation in and around the city. During the past year many new homes have been erected that would do credit to a city many times the size of Littlefield.

Conveniences equal to those of towns many times the size of Littlefield are being enjoyed, the last of which is natural gas, being now enjoyed by a large number of residents and others who will receive the convenience in the near future.

Better Homes in America is a non-commercial, educational organization which has for its object the improvement of housing conditions and promotion of the wholesome type of home and family life. The program is adapted to local needs by each of the thousands of committees which have been established in cities, towns and villages throughout the country. Through these campaigns families

of modest means are encouraged toward home ownership and are shown how a house of good design and construction can be built at a cost within their means. There are also demonstrations for prospective home owners to receive many helps and suggestions for the planning, purchase or building of homes, and many families are inspired to make necessary improvements in their homes.

In addition to the many new homes of Littlefield, is the improvement and starting of lawns since the beginning of spring. More interest has been manifest along civic lines than in previous years.

**PLANS UNDERWAY TO HAVE LITTLEFIELD
FOOTBALL SQUAD ENTER TRAINING CAMP**

Coaches Tucker and Hemphill are negotiating and making plans for a pre-season training camp for the Littlefield football squad. With the return of enough letter men to form a nucleus, and the addition of Kenneth "Andy" Hemphill, Teeh athlete, to the coaching staff, a good team for the year 1930 is anticipated. It is the plan of the coaches to take the squad to some nearby place where swimming may be had as well as plenty of training ground for a period to last something like 10 days. This is new to most of the local high school athletes but it is an essential to a winning club's success, and is being looked forward to by most of the fellows that have been let in on the plans. All expenses of those making the trip will be paid by local subscriptions and donation on the part of business houses thus keeping none out of the camp from lack of funds. The district in which Littlefield is located is divided into four sub-districts. Littlefield being in Sub-district No. 1. The championship of sub-district No. 1 must be determined by November 5, therefore, if some form of pre-season training is not had the other teams will take the advantage of the local club in the early games. This year promises to place Littlefield in the limelight in football if nominal success is met, in as much as the hardest teams and the best for the coming year will be out of this sub-district. As usual the Wildcats will be ready to go, but after the loss of many lettermen it is going to take the support of the entire town to produce the winning team that every school and town wants. It has been a long time since Littlefield had a winning high school team. It only takes 11 men, but the support is unlimited in numbers needed. Lets begin now and boost till the last game is played.

**SO MANY FISH, FISHERMAN WEARIES OF
LOOKING FRISKY RASCALS IN THE FACE**

A. G. Hemphill and family returned Saturday from an extended vacation of which four weeks were spent at Hemphill's fishing headquarters in the mountains in the vicinity of Creede, Colorado. "We caught so many fish that we got tired looking the rascals in the face," Mr. Hemphill said. Mr. Hemphill was accompanied by Mrs. Hemphill, two of their sons, Gayle and Daniel Boone, two daughters, Dahlia and Addie Mae, and Miss Gladys Wales. The trip was made by automobile, the party driving 5000 miles and visiting California, Utah and Colorado. California was entered by the Grand Canyon, and among the cities visited in the coast state were Los Angeles and Sacramento. The Hemphills were joined at their fishing headquarters by Mr. and Mrs. Harry Wiseman and family. Mr. and Mrs. Wiseman and family returned home with the Hemphills Saturday. Mr. and Mrs. W. H. Gardner, who returned home from a Colorado vacation recently, were guests at the Hemphill fishing headquarters for two weeks. Mr. Hemphill reports that the orange crop in California is short, and that choice oranges are selling at 75 cents per dozen at fruit stands. Scarcity of moisture is responsible. Mr. Hemphill also reported a shortage of water for irrigation purposes in Colorado, due to high falls of snow.

**Littlefield Scouts

Lubbock, Texas, July 31.—Each scout who attended the annual encampment at the C. W. Post Memorial camp near Post, during the first 20 days of July, received a number of merit badges and other honors. The following Littlefield boys were present at the encampment: Marshall Burleson, Cecil Hall, Lenton Smith, Carson and Emory Glass.

TO THE VOTERS OF LAMB COUNTY:

I want to express to you my earnest appreciation of the splendid vote which you gave me in last Saturday's primary, and again to assure you that it is my sincere desire to serve my county efficiently. Let me at this time offer my appreciation of the loyal group of supporters who were of very material aid to me.

I ask the voters of Lamb County again to extend me their vote and influence in the second primary.

Sincerely,
M. M. (JIMMIE) BRITTAIN

**Why We Do
What We Do**
By M. K. THOMSON, Ph. D.

WHY WE DISLIKE TO WAIT

IT IS not pleasant to wait. We get impatient if a friend is late for an appointment, or if we have to wait very long at a railroad station. Time passes ever so slowly and not at all pleasantly. It makes us feel insignificant, as through our time were of no consequence. The person who comes late offends the whole company because his act indicates that he regards himself as of more importance than any other member of the group. Hence if a celebrity is late he is forgiven, although he will be too polite to take advantage of this privilege.

Sometimes people are late for effect. This is especially true of political gatherings whose purpose is to land the candidate for office. It would never do for the "big shot" to get there on time and absolutely fatal to get there ahead of time. He is reserved for the psychological moment. This moment is preferably sometime after the meeting has started and several speeches have been made and everyone is pepped up for the great event. Then the high and mighty makes his appearance with due formality and everybody rises to give him a royal welcome.

We do not mind waiting under those conditions. But for anyone less than a celebrity, we dislike very much to wait. It hurts our pride and self-esteem.

Another reason we hate to wait is that an act once begun must be carried through to its logical conclusion or a dissatisfied state of mind is created. This is a fundamental fact in the working out of all our impulsive acts. To act when we are ready to act is pleasant; not to act or to have the act interrupted in any way is decidedly unpleasant.

**LITTLEFIELD WILL
HAVE STANDARD
WEATHER BUREAU**

Littlefield will have a standard Federal weather bureau immediately. This valuable service for Littlefield and territory has been brought about by the Chamber of Commerce. The station will be located at the residence of Z. K. Wells. Mr. Wells has been registering the rainfall, and with the installation of the new station he will also record the daily temperature. His findings will be published in the daily newspapers. Arrangements also will be made to publish this information each week in the Lamb County Leader.

Back Quit Hurting

"I was in a very weak condition from a serious sickness," writes Mrs. I. Leonard, 571 Joseph St., New Orleans, La. "I was so weak, I wanted to sleep all the time. I did not have strength to do anything. My back ached nearly all the time. I was just in misery. My mother told me I must arouse myself from the sleepiness, and take something to help get my strength back. She had taken Cardui and had been helped, so I decided to take Cardui, too. After my first bottle, I could see that it was helping me. I took four bottles at this time. My strength came back and I gained weight. Pretty soon, I was my old self again. My back quit hurting, and I haven't had any more trouble since I took Cardui."

ENOCHS MAN DIES

S. P. Elliot, age 58 years, died at the family home four miles southwest of Enochs Monday night at 11 o'clock.

The deceased is survived by a wife and four children.
Funeral services were held Tuesday afternoon at three o'clock and interment was made in the Sudan cemetery.
Hammons Brothers, undertakers, were in charge of arrangements.

**C. of C. to Banquet
Winning Candidates**

Successful county and precinct candidates in the second primary will be entertained at a banquet in their honor, which will be given by the Littlefield Chamber of Commerce on August 26. This action was taken on motion of E. A. Bills at Tuesday's meeting of the chamber.

R. E. McCaskill, president, who has just returned from an extended vacation, presided at Tuesday's meeting, and initial plans were made for carrying out a number of projects in the interests of the growth and development of Littlefield and Lamb county.

J. W. Hale, secretary, made an extended report, in which he declared that the number of inquiries from prospective business concerns, who wish to enter Littlefield, far exceeded the supply of available space. He declared that the business outlook for fall was exceedingly good.

**Littlefield Band
To Play Concert**

The Littlefield band will play a concert at 5 p. m. Sunday in front of the Eagle Drug Store. This is part of a special series of concerts which are being rendered by the local musical organization in front of Littlefield business houses which are open on Sunday.

The program for this Sunday's concert follows: "National Emblem," march; "Line-Up," march; "Alakazam," waltz; "Days of Youth," march; "On the Field," march; "Washington Post," serenade; "A Night in June," march; "Gipp's Land," march; "Summit," grand finale; "The Old Grey Mare."

**Protracted Meeting
At Church of Christ**

A protracted meeting is to commence at the Church of Christ at 721 West 9th Street tonight, Thursday, July 31, to which everybody is cordially invited by the members of the church.

The preaching is to be done by L. W. Hayhurst, who has done considerable preaching in this part of the country, and is well and favorably known to many people living in and around Littlefield.

Make arrangements to attend this meeting and enjoy the fine lessons and the good singing. Services at 10:30 each morning and at 8:30 each evening.

**Spend Two Months
At Summer School**

Misses Eva and Ada Ruth May, daughters of Mr. and Mrs. T. E. May, arrived in Littlefield Sunday evening from Boulder, Colo., where they attended summer school. Miss Eva May will enter Lubbock Tech this fall, while Miss Ada Ruth May will remain in Littlefield, having determined on a business career.

Both young women have been living in Lubbock, the former home of the Mays. They report that they enjoyed very much the two months spent in the summer school.

Mr. May went by automobile to Amarillo and met his daughters on their arrival Sunday in that city, enroute home from Colorado.

Mrs. John Porter, from Snyder, is here this week visiting her mother and little son, Jedon.

In the JUNGLE

With Cheerups and the Quixies
By Grace Bliss Stewart

THE NERVOUS GNU

IT WAS a very trying moment for Mr. Gnu. He had just begun to wonder what kind of an animal he really was. All his friends were quite sure which family they belonged to. There was Mrs. Ostrich, Raffy Giraffe, Swift the Antelope, Springy Gazelle and Zippy Zebra, his jolly neighbors on the Great Plain. Each knew without a doubt where he belonged in the Animal World.

"But here am I," grumbled Mr. Gnu, "with the head and horns of a bull, the mane and tail of a horse and the body and legs of an antelope; just a mixture like patchwork. It's most embarrassing."

He took a sudden leap into the air, alighted on the ground and began to paw and wheel about like a frisky horse, which is a funny way Gnus have of doing when they are excited about something.

"Don't Be Alarmed," Called a Voice From the Palm Leaf Roof.

and disturbed. Then, kicking up his heels and flourishing his long tail, the Nervous Gnu scampered across the Broad Sunny Plain at top speed. Soon the Great Trees and Twisted Vines of the edge of the Jungle loomed before him. Their cool shade looked very inviting to Mr. Gnu.

"I haven't been in there for a long time," thought he. "I wonder what's going on in the Jungle these days. The same old Lions and Leopards are there, I suppose, and they would like a nice juicy something-or-other like me for supper. But I can't help that; I've just got to go in and look around for myself. It's so mysterious and exciting."

Now the Nervous Gnu is about the most curious animal in the world, so he lost no time in trotting down the Winding Way into the heart of the Jungle. He was timid and suspicious, of course, but his curiosity quite got the better of him.

"Oh, what's that?" whinnied he with a jump, as he came suddenly into the clearing and saw Cheerups' little house standing there. "I don't believe it means anything good, whatever it is and yet I should like to see."

"Don't be alarmed," called a merry voice from the peak of the small palm leaf roof. "I know it looks queer, but I just got up here on top of my house for a change and a better view of things. I'm Cheerups; is there anything I can do for you today?"

"Why—why—yes, sir, there is," stammered the Gnu, remembering all of a sudden the knotty question which had troubled him that morning. "I'd like to know what I am. Now there's a poser for you! You see my chums, Raffy Giraffe, Mrs. Ostrich, Springy Gazelle, Swift the Antelope and Zippy Zebra, all know who they are. We are very happy and sociable out on the Broad Plain, sir, but I am bothered about my family tree."

"What is your name?" asked Cheerups kindly.

"They call me the Nervous Gnu, Mr. Cheerups, because I am so easily flustered. But who wouldn't be if he had the head and horns of a bull, the mane and tail of a horse and the body and legs of an antelope, and didn't know at all what he is and who are his relations? It's confusing, I say."

"Now don't be disturbed, Mr. Gnu," said Cheerups, smiling and nodding his topknot merrily. "There isn't a bit of doubt in my mind what you are. You are an antelope. Don't you see that your body and legs—the greater part of you—are like those of the antelope family? So there you are! The question is settled as neatly as can be."

"Oh, I hadn't thought of that," gasped the Gnu. "It's funny how you don't think of things, isn't it? I see now that you are perfectly right, Mr. Cheerups. That's really a wonderful idea. How you have relieved my mind! Thank you, thank you!"

"Now you can go back to your happy little neighborhood on the Broad Plain and know just where you stand, Swift the Antelope and Springy Gazelle are your cousins, remember! But please do be careful about being curious, Mr. Gnu," called Cheerups.

"Curiosity carries you far and teaches you much, I hear. But caution tells you not to stray where danger is lurking near."

"I'll try to remember all you have told me, Mr. Cheerups," cried the Nervous Gnu, kicking his heels jocularly in the air, and with a final twitch of his tail he made off at top speed in the direction of his friends on the Broad Plain.

DRYING PEACHES WITH HOME FACILITIES

Cookstove Driers Make the Work of Drying Quicker and Much Easier.

(Prepared by the United States Department of Agriculture.)

Peaches are usually dried unpeeled, although a superior variety is made by removing the skins. Select peaches for drying which are ripe but not soft. Wash, cut in half, remove stones and place in trays with the pit side up.

Many housewives use a lye solution for removing the skins. Dissolve two pounds of commercial concentrated lye in 10 gallons of water. When boiling hot, place the peaches in a wire or wooden basket and plunge into the solution for one to two minutes, moving the basket up and down to hasten contact with the lye.

Lift from lye when fine cracks or checks in the peel appear. Plunge immediately into cold water and move about to wash off the lye. Remove the skins by rubbing between the hands or with a brush. Wash to remove the adhering lye. Halve, take

out pits and place on the drier, cavity side up.

If peaches are dried in the sun, cover with muslin or mosquito netting to protect from insects the same as with other kinds of fruit. In an artificially heated drier the temperature at the beginning of drying should not be more than 120 degree F. This may be gradually increased to 160 degrees. When the pieces are pliable and leathery and no moisture can be pressed out of the freshly cut surface, the product is sufficiently dry. Transfer from the drier to large, clean wooden or pasteboard boxes and cover with muslin which will admit the air and exclude insects. Place the box in a warm room in a rather dark spot. Stir until the fruit is in a uniform condition, after which pack in permanent containers.

Apricots and nectarines are treated in precisely the same way.

PRODUCTION OF POOR EGGS EASY BUT EXPENSIVE

College Station, Texas.—It is easier to produce poor eggs than good ones, and more expensive, Ross M. Sherwood, chief of the poultry division of the Texas Agricultural Experiment Station, told poultry raisers at the Farmers Short Course here Monday afternoon.

"If one is to have quality eggs for sale one must first have a flock of hens bred to lay eggs weighing 24 ounces a dozen, and must produce infertile eggs whenever possible," Mr. Sherwood explained. Other points important to observe, he said, include the use of feeds that will produce good fresh eggs and good eggs for storage; plenty of nests and clean nesting material. Eggs must be gathered twice daily and kept in the coolest place available until marketed and eggs must be taken three times a week in warm weather, he concluded.

S. J. R. No. 19 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

The Legislature shall meet every two years at such time as may be provided by law and at other times when convened by the Governor. When convened in regular Session, the first thirty days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this state qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930.

TO THE VOTERS OF LAMB COUNTY:

Being very appreciative of the vote cast for me in Saturday's primary, I wish to take this opportunity to express my deep appreciation to those who supported me. May I also express my gratitude to the group of workers in my behalf.

As I enter the contest in the second primary, I hope that those who did not support me in the initial voting will reconsider my candidacy and vote for me in the run-off. Your vote will be much appreciated, and I pledge myself to perform the duties of the office I am seeking to the very best of my ability.

Sincerely

J. W. (Jake) HOPPING

Candidate for County Clerk, Lamb County

To The Voters of Lamb County:

Since it would be impossible for me to see you all individually at this time, I take this opportunity to express to each and all of you my appreciation for the wonderful support given me in last Saturday's primary election. It shall be my duty and my pleasure to render you such service in the sheriff's office as you have a right to expect from my campaign promises.

Lamb County is settled, in the main, with the best people on earth, and they are entitled to full protection under the law. As far as lies in my power, and with the co-operation of our citizens, I will see that all laws are enforced and all people of the county are protected in their rights as citizens.

Again thanking you all for your overwhelming vote of confidence, I remain, most gratefully yours,

FIRST BAPTIST W. M. U. MEETS WITH MRS. BRANNEN

The W. M. U. of the First Baptist church met Monday afternoon in their regular weekly meeting at the home of Mrs. J. E. Brannen.

After the devotional, Mrs. Wayne Heathman gave the lesson and a splendid talk on "Prayer," following which the teacher, Mrs. G. G. Hazel, took charge, and the book of Exodus was completed. At the next meeting the book of Leviticus will be studied. Much interest is being manifested by the ladies in the Bible study, which is increasing the spirituality of the union.

Miss Vesta Brannen gave, in her own appealing way, the lovely poem by Father Ryan, "The Song of the Mystic."

The meeting Monday will be in the home of Mrs. G. G. Hazel.

Delicious refreshments were served to the following: Mesdames F. O. Boles, Wayse Heathman, H. J. Jordan, Lena Howard, J. R. Coen, J. L. Pate, C. H. Henderson, G. G. Hazel, Mid Seale, Wylie Morgan, J. G. Hardberger, R. E. McCaskill, H. J. Gibbs, Ike Griffin, W. I. Gilliland, Pryor Hammons, Joe F. Grizzle, J. T. Baldwin and the hostesses, Mrs. J. E. Brannen and Miss Vesta Brannen.

Mrs. Thomas of Lubbock was a guest at the meeting.

A party of Littlefield people enjoyed an outing at the Lubbock park Sunday evening. In the group were: Messers and Mesdames T. P. Wright, W. H. Rutledge, T. S. Sales, Arbie Joplin and daughter, Marjorie Claire; Mrs. C. A. Joplin; Misses Margie Gardner and Lila B. Haley of McGregor; Jennie Rutledge of Anson; Erna Douglass; Messers James Allen of McGregor; Tilden Wright and Morris Morgan.

PRESBYTERIAN AUXILIARY

The ladies of the auxiliary met on Tuesday afternoon at the home of Mrs. T. P. Wright.

Business meeting was opened with prayer by Miss Lula Hubbard and song, "The Way of the Cross Leads Home."

The ladies were divided into two sides, the X's and O's for the purpose of visiting new people who come to town. At the end of a given period of time the losing side will entertain the winners and their husbands with a picnic. Mrs. E. A. Bills and Mrs. H. B. Speck were appointed chairmen.

Everyone present enjoyed a short social hour and those having birthdays received a gift from their resubud.

Refreshments of sandwiches, punch and angel food cake were served to the following: Mesdames Charles Barber, E. A. Bills, Mike Brewer, C. C. Clements, J. S. Hillard, Irwin Miller, F. G. Sadler, W. G. ENTERTAIN IN HONOR OF GUESTS

Mr. and Mrs. J. H. Cain entertained Thursday evening of last week at their home in honor of their guests, Mr. and Mrs. W. C. Fuller of Wilson, Oklahoma.

A number of rounds of bridge were enjoyed followed by refreshments of cake and cream.

The guests were: Messers and Mesdames J. C. Hillburn, J. H. Arnett, C. L. Harless, Pat Boone, Jim Etter, Miss Pearl Hule, of Sweetwater, J. W. Hale, the host and hostess.

GIVES PARTY IN HONOR OF HUSBAND

Tuesday night of last week Mrs. Glen Young entertained with a "tacky" party in honor of her husband's thirtieth birthday.

After several games had been played, Mrs. L. F. Fitzgerald and Wilson Sisson received the cake for being the best dressed.

At a late hour, refreshments of ice cream and cake were served to the following: Mr. and Mrs. L. F. Fitzgerald, Mr. and Mrs. Roudy Kasseroler, Mr. and Mrs. T. J. Sisson, Mr. and Mrs. Wiley Foley and Misses Kate and Zora Mae Morgan, Modine and Mildred Fitzgerald, Lee Dunn, Joe and Ray Morgan, Kenneth and Dutch Kasseroler, H. C., Jack and Wilson Sisson, and Mr. and Mrs. Glen Young.

MISSIONARY UNION MEETS WITH MRS. COGDILL

The Woman's Missionary Union of the Methodist Church met Monday afternoon with Mrs. B. L. Cogdill at her home, with Mrs. J. T. Elms as joint hostess.

A reading by little Miss Maurine Igou was enjoyed, and Mrs. W. H. Gardner led a very interesting lesson, assisted by Mesdames Zack Isabell, D. G. Hobbs, Egan and Igou.

Those present were: Mesdames G. S. Glenn, Igou, D. G. Hobbs, J. W. Keithley, E. G. Courtney, Henson, Zack Isabell, Egan, R. A. Daxis, J. L. Low, Speck, C. C. Hammons, E. H. Williams, W. H. Gardner, W. C. Thaxton, Smith, A. G. Hemphill, Pate, Matthews, B. L. Cogdill and T. M. Thaxton of Panhandle.

ENTERTAINS IN HONOR OF SISTER

In compliment to her sister, Mrs. R. V. Bailey of Abilene, Mrs. W. C. Thaxton entertained with a party at her home Friday afternoon.

Tables were arranged for bridge and "42" wherein a pleasant hour was spent, at the close of which refreshments of sherbet and cake were served.

Those playing bridge were: Mesdames Bailey of Abilene; L. A. Corbell of Plainview; J. H. Cain, W. W. Gillette, R. A. Davis, B. L. Cogdill, Van Clark and W. H. Gardner. Those playing "42" were Mesdames J. T. Elms, G. S. Glenn, J. W. Keithley, and J. D. Gentry.

LAWN PICNIC ENJOYABLE AFFAIR

The following party enjoyed a lawn picnic at the home of Mr. and Mrs. Arbie Joplin Wednesday evening of last week: Messers and Mesdames T. S. Sales, Roy Blessing and son, Samuel, Ray, B. Jones and son, Bob, W. H. Rutledge and Arbie Joplin, Mesdames J. M. Moore and Neal A. Douglass; Misses Margie Gardner and Lila B. Haley of McGregor, Gladys Moore and Erna Douglass; Messers Morris Morgan, J. W. Moore, Shelby Dalmont and James Allen of McGregor.

Meeting the Needs of Millions of People

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women.

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business — design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improve-

ment in the methods of the day before. Hard work usually finds the way.

Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. But fair prices to the public demanded that wasteful methods be eliminated. Finally the way was found.

A better way of making axle shafts saved thirty-six million dollars in four years. A new method of cutting crankshafts reduced the cost by \$500,000 a year. The perfection of a new machine saved a similar amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was installed at the Rouge plant. This conveyor has a daily capacity of 300,000 parts weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand, it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car.

All of these things are done in the interest of the public — so that the benefits of reliable, economical transportation may be placed within the means of every one.

Dear Fatso—
Your letter received and I have not read it yet 'cause I could not make it out. Down here on the farm I'm havin' a good time and lots of fun. We went swimmin' in the swimmin' hole yesterday and while I was under the water I listenin' to another boy crack stones a kid tied my clothes into knots and I couldn't untie them. So I had to go to the house with nothing on me but a frown and my clothes on my arm. It would have been all right if when I got home if Mom—

and the other ladies hadn't been talking to the minister who had called for a visit. Mom turned red as a beet and grabbed a curtain and draped me like a statue. Later she unveiled me and I wished that I had been a statue—I wouldn't have felt it like I did. Yes she used the same brush—and she found the same place—with less trouble. Your sore friend,

"ANDY" HEMPHILL IS NEW ADDITION TO COACHING STAFF OF LITTLEFIELD HIGH

Word comes from the local school board that Kenneth R. "Andy" Hemphill, a stellar basketball player and well known athlete in the Plains section, has been added to the coaching staff of the High School. Hemphill graduated from Texas Technological College in 1928, and coached the following year at Spur, where his teams met with success in that section.

Hemphill will assist Coach Tucker in all departments. With this combination at work, and with the usual wonderful spirit of the Wildcat aggregations, it looks like a good year for the club.

SHERIFF ELECT LEAVES ON EXTENDED VACATION

G. R. (Bob) Crim, who will be Lamb county's next sheriff by virtue of his majority in Saturday's primary, left Wednesday, accompanied by Mrs. Crim and their son, Edwin, to spend four weeks in Colorado and California.

VISIT IN NORTH

Mr. and Mrs. J. T. Bellomy have just returned from a month's vacation in the north. While away they visited their son and daughter-in-law, Mr. and Mrs. F. R. Bellomy, of Detroit, Michigan, and made extended motor trips through the northern states and Canada, visiting Toronto, Canada, Niagara Falls and Buffalo, and many other prominent cities. Mr. F. R. Bellomy is in the government lighthouse service.

One Favorite Recipe for Stuffing Green Peppers

Almost everybody has a favorite recipe for stuffing peppers. The filling generally consists of rice or bread crumbs or macaroni—a starchy material—flavored with chopped onion, butter, salt, pepper, sometimes meat or chicken, and almost anything else the cook decides to put in or has left over. The recipe for stuffed peppers below is from the bureau of home economics, and has been tested for excellence of flavor.

- 4 green peppers
- 2 cups flaky cooked rice or bread crumbs
- 2 lbs. butter or other fat
- 2 cups ground cooked meat
- 1 small onion, chopped fine
- 1/2 tsp. salt, or to taste
- 1/4 to 1/2 cup chili sauce, catsup, or meat gravy
- 1/2 cup buttered crumbs

Cut off the stem ends of the peppers, remove the seeds, boil the pepper shells for 5 minutes in lightly salted water, and drain. Stuff the peppers with a mixture made from the other ingredients, cover with the buttered crumbs, and bake in a moderate oven for about 30 minutes, or until the peppers are tender and the crumbs are brown.

RESUMPTION OF TRADES DAYS IN SEPT. IS PLAN

PROMOTE GOOD WILL BETWEEN MERCHANTS AND CUSTOMERS

Trades Day in Littlefield is to begin again the first Monday in September, and will be held the first Monday in each month as in previous years, according to Col. J. W. Horn, auctioneer and local Trades Day enthusiast.

The Trades Days are held for the purpose of promoting good will and friendship between the merchants and their customers. They also furnish a good opportunity for friends to meet, and for the making of new friends.

Previous Trades Days in Littlefield have been very successful in the past and prospects are flattering for a still better Trades Day in the city, due to the number of new people in both town and territory since the last occasion.

The Littlefield Chamber of Commerce has always sponsored the Trades Days. An effort to make the appointed days worthy of the time spent by the visitors has been the main objective of the merchants of the city.

PREPARE PLANS FOR DRIVE IN AID OF BOY SCOUTS

D. W. Jennings, Boy Scout executive of the Plains area council, was in attendance this Thursday at the Rotary club meeting for the purpose of discussing plans for the annual membership drive for the Boy Scout movement.

The Rotary club members together with a number of additional citizens of Littlefield, have greatly assisted the Boy Scout organizations the past year. However, the financing of the movement has been quite an undertaking, and a part of the responsibility is hoped to be shared with other citizens of the city, in order that the work may be carried on even more successfully than in the past.

At the regular weekly luncheon of the Rotary Club Thursday noon of last week at the Methodist church, 22 members, also a number of visitors, were in attendance.

T. S. Sales president of the club, presided, and talks were made by Rotarian Gaither of Altus, Oklahoma, and J. W. Hammock of Sudan.

Pryor Hammons who was in charge of the program, called upon H. S. Brown, song leader, who rendered two songs with Miss Ruth Courtney at the piano, following which the members and guests joined in singing a number of songs led by Mr. Brown.

Guests in attendance were: H. W. Bailey and Bryan Havens of Levelland; Gaither of Altus; J. W. Hammock of Sudan; Mrs. F. G. Sadler and Miss Ruth Courtney.

Ladies Bible Class Of Church Of Christ

The Ladies' Bible Class of the Church of Christ met Tuesday at the regular hour with Mrs. Edd Biesel at the home of Mrs. G. W. Hargrove.

An interesting lesson on the Destruction of Sodom and Gomorrah was very ably led by Mrs. Pace, after which a business meeting was held.

Before leaving, the ladies were invited to the dining room and served refreshing lemonade.

Those present were Mesdames Claude Clark, Sid Jackson, A. James, E. Wallace, A. L. Hood, S. L. Adams, Enloe Smith, Clyde Hilburn, C. O. Stone, J. W. Hale, Sid Pace, J. M. Hollowell, T. L. Kimmell, G. W. Hargrove, Ross Mayhew, Bill Collins, Edd Biesel and Miss Inez Jackson.

The next meeting will be with Mrs. Claude Clark Tuesday 3:30 p. m. You are invited.—Reporter.

TO THE VOTERS OF LAMB COUNTY:

It is with a heart filled with deep gratitude that I take this opportunity of expressing my sincere thanks and appreciation to the citizens of Lamb county who so ardently supported my candidacy for the office of County Treasurer in the Democratic primary last Saturday. There were three of us in the race, and their opposition was fair and gentlemanly.

Now comes the deciding vote in four weeks, when the second primary will be held. I earnestly solicit the continued support of those who voted for me last Saturday, and I also urge the favorable support of those who voted for my opponents in the primary just closed.

I have endeavored to personally see every voter within the county, and to present to them my qualifications for handling this particular office. I am confident I have the ability and the business experience to meet your greatest desires and to fulfill every duty in an acceptable, satisfactory and efficient manner.

Again expressing my appreciation for your past support and thanking you one and all for your votes in the coming primary August 23rd., I am,

Sincerely yours,
—MISS BESSIE BELLOMY.

Marvelous Progress of the LITTLEFIELD -- LEVELLAND SECTION of the South Plains

U. S. Census Figures

Population	1920	1930
Lamb County	1175	17,449
Littlefield	225	3,218
Hockley County	137	9,297
Levelland	none	1,661

The major portion of this great increase has taken place in the past six years, and the government figures tell the true story of development.

All That is Necessary

at this time for the homeseeker or investor to decide as to the true worth of this section, is to be on the ground, open his eyes, take the authentic records of development, yield of crops, as well as many other advantages, and use his judgment.

FROM THE 1928 CROP

Lamb County ginned about 32,000 bales of cotton, and the town of Littlefield alone shipped over 1700 carloads of grain, not mentioning the large amount hauled out by truck of which no record was made.

FROM THE 1929 CROP

Lamb County ginned over 51,000 bales of cotton, which was the second largest production of any county west of Fort Worth. In addition, large shipments of grain were made.
