BRINGING THE KITCHEN UP TO DATE OF 1927 By Miss Grace Smith

"Bringing the Kitchen up to Date." was the subject of a short talk by Miss Grace Marian Smith, at the Agricultural Short Course held in Litng, afternoon and night. tlefield the first of this week "In the old farm home," she said,

"the kitchens were large because near 100 people turned away for ly everything was done in the kitchen-cooking, weaving, spinning, ironing, washing, even visiting."

She said that the kitchen should be place for only one thing, the preparing and serving of food, and it hould be so planned that it will be easy to do the work in.

It is sometimes advantage to have a diningroom, she declared, as it enables us to get away from the heat while dining. When men on the farm come into the kitchen and take off their outer clothing, the dust scatters and that is unsanitary. They should have another room for that purpose. "Many matters must be considered in deciding the size of the kitchen." she said. "If the kitchen is too large

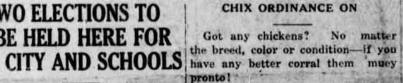

and a laundry room and so make things more convenient." With the assistance of a chart, nimintal farm at Lubbock, Miss Smith outlined the work that program Tuesday, giving must be provided for in deciding the address on "What to location of the sink, stove, storage and When to Plant It." | room, garbage receptacle, table, etc., the fact that the experi- so as to save steps in preparing a under his charge was meal and in washing the dishes and

WICHITA FALLS, Mar.7. Detailed plans for the West Texas Chamber of Commerce convention May 16th and 17th are rapidly being completed by the staff of the Wichita Falls Chamber of Commerce and the West Texas Chamber of Commerce. While the program proper is for two days. a three-day program is being prepared. As the convention comes on Monday and Tuesday, Wichita Falls is expecting thousands of viritors on Sunday preceding, and a program for that day is being arranged. From present indications this convention ninth in the history of the West Texas Chamber of Commerce, will be the biggest ever held. Wichita Falls is planning to entertain 50,000 visitors. An unique feature is plannad for this year's convention in that a Congress of Nations is being pr uned. It is planed to have as many cities or towns of West Texas com : to represent some foreign nation , to dress in correct costumes and to care ; the flag of the nation represented. Wichin a few days the countries to be assigned will be announced. If the colors of the nations are carried out properly, the big convention parade will be staged Monday, Mag. 6t) will be one of the most colorful parades the convention has ever seen. This parade has always been a but fea ture. At the Amarillo convention last year it was more than these miles long, and forty-two uniformed bands marched in the procession. It is expected more than 50 uniforned bands will attend this year and take part in the contest for which \$5,000 have been offered.

Several prominent national incuces will deliver anthresses during the con-ON \$25,000 BOARD vention. The Hon. James J. Days, United States Secretary of Labor, has ed before the City Commission at its Falls Chamber of Commerce to at-Hon, Nita day Lone ing charged for telephones in Little- worth and wife. PROGRAM A SUCCESS

The program given by the young people of the Baptist church at the regular preaching hour last Sunday night was a great success.

The subject for the ovening was "Building Character,' 'and everyone taking part acquitted themselves with credit.

A feature of the evening was the music from a male chorus of 47 volces.

CITY TO ENFORCE ORDINANCES FOR MORE SANITATION

That the city officials of Littlefield are determined to make a cleaner and better looking city of this one is clearly evident by the numerous warnings that have been given out to various involved citizens during the past week.

Every property owner and business man on Main street has been notified to clean up his premises under penalty of the exactments prescribed by Ordinance No. 13, according to City Clerk E. C. Cundiff. Warn ing has also been issued against the burning of trash without being within duly required containers, as recited by the same ordinance. In the residence district property

owners are also being notified to make a thorough cleaning of their premises; to place the gathered trash in convinient piles and the city garbage man will call for and haul it off. The ordinance covering this clean up program states that every property owner is responsible for the cleanliness of half way across every street and alley adjoining his property. Officials declare that on account of the near approach of summer time and the expectancy of plenty of flies and other insects of an injurious na-

ture in the near future, this ordinance is going to be promptly and strictly enforced, and those failing to duly comply with its tenets are going to find themselves in the toils of the law with appropriat fines affixed for their negligence:

LUM'S CHAPEL

There was a large crowd present to hear Rev. Dickson preach Sunday morning and night.

Miss Alma Ramsey gave a Sunday school entertainment at her home Saturday night. After discussing the coming Sunday school lesson, refresh ments were served to a number of friends and pupils present. Mr. and Mrs. C. O. Robbins, of Lit-

tlefield were guests in the Humphrey home Sunday. Among those from Whitharral to attend our singing Sunday were Mr.

and Mrs. Edd Langford, Mr. and Mrs. Floyd Keeny. Mr. and Mrs. Hersheal Barker and

Alma and Addlie Hamsey were the guests of Mrs. Crow, Sunday. Desmar Wren, who has been with his sister, Mrs. Fred Newsome for the past year, has returned to his home at Brady.

Mr. and Mrs. Zed Robinson, of Littlefield attended the singing here lact Sunday. Quite a number from here attended the Short Course given in Littlefield Monday and Tuesday. After all, the Independent Stores sell 77 per cent of the merchandise, a direct result of service.

BAPTIST TRAINING SCHOOL

The Sunday school training class of the Baptist church, under the direction of Prof. Jerry Cox, was started Wednesday night, and will continue two more nights this week, also, Monday and Tuesday nights of next week.

The class is for the training of officers of the Sunday school relative to their various duties. There are about 90 now in attendance. A goal of 400 has been set for Sunday school attendance on March 20th. On that Sunday evening the revival will also begin.

Use of Winter Months Very often some civic body or other organization, with a great deal of community spirit, will be the start of a home beautiful campaign, or a committee of individuals from a given street or section will start the ball rolling.

In beginning such a campaign, it is a wise plan to start the work during the winter, that people might have a chance to think and talk ever the plans of the coming campaign, and the committee has plenty of, time to get their well-arranged plans in proper shaps. The plan will then have time to reap the benefits of the news feature of the local papers, and by word-of-raouth advertising.

DIRE PREDICTIONS

A noted teacher of the University of Moscow, now on a visit to this country, is getting a lot of newspa ult of a paper he rece as the re

atly read before a grou of New the health of the children at this time York scientists. He dealt with "sun because a todeh of warm sin is apt spots," explaining his theory of how y are caused and what effect they "ared that war has always come when "sun apote" were plainly visible. and that the spots first discovered a few years ago will become most bril-liant during 1927 and 1929.

We are not printing this with view of upsetting the tranquility and ace of anyone around Littlefield. out if there is a war coming it's a and thing to have a little previous give us a chance this time to carry two guns instead of one. Next time America gets into war we'll need one run to fight the enemy and another to shoot the prefiteers.

> Int the stille of M

Seldom a week goes by but one or the country is now turning out laws more solicitors of some kind or other hits Littlefield business men. Fre-

quently they represent enterprises priced itself on having passed 411 either not worthy or not compatable Hard times are those in which the laws. Just what there is about it to with local interests. If, before, pat-

ronizing them, Littlefield business men would refer them to the local Chamber of Commerce for a thoro examination and recommendation of their proposition, it would frequently be found advisable.

more than enough federal laws, and A Habit is a terrible taskmaster, and there are also more state laws than the citizens of Littlefield who get the habit of pessimism are to be pitied. There are a few of that kind here. It has been our experience that if one wants business to be good they should talk business in a favorable manner, not discoursing constantly on the subject of hard times to every person that comes along. It is poor chology, to say the least. The fel psychology, to say the reading crepe on his doors, who goes about with a map of misery on his physiognomy,

always expressing doubt and contin-ually magnifying the troubles and evils of the day is of no value what-ever to the community in which he lives. No doubt about that!

Laceums and chastauquas stadually dying the death to which they are entitled under the manage-ment most of them obtain. Several who attended the last number of the Littlefield lyceum last week spoke of it in a very depreciating manner, some going so far as to declare it "rotten." For the past three years st of the talene coming to Little-

field in these programs has been very mediocre, some of it could be better than, duplicated by local citizens and high school pupils. Yet for this "high class" entertainment the company putting it on must always have a financial guarantee from local citi-sens who invariably become the "goat" at the end of the series. Lit-thefield appreciates and will gladly patronize a lyceum of real talent, but

that won't come to town on its own

TURNER, IDALOU MAKES 43 MILES A GALLON IN FORD

C. Turner, of Idalou, whs winner in the district Ford mileage test, held out of Lubbock last Friday, Battling a stiff breeze all the way, Turner made 43 miles in his Ford car on one gallon of gasoline. J. E. Bowman, of Levelland, made practically the same distance, lacking only about a car length of winning first money. S. R. Haile, of Littlefield, driving a Ford rondster, won third place, going 38 miles on a gallon of gasoline. Ford vaporizer, an invention now All cars were equipped with the new

coming as regular equipment on all ord cars, and which it is claimed will increase the mileage of all these cars at least one-third. The race covered the highway

course from Lubbock to Post. Sixteen cars were entered. The carburetors of each were drained, tanks and hoods sealed and a single gallon of ordinary gasoline placed in each tank, and every car was followed by a car containing judges and observerse, who were present to make a check of the contest car's mileage as soon as it came to a stop.

John H. Arnett, manager of the ldcal Ford dealer concern, declared that the new Ford vaporizer has done more toward putting Ford cars into a distinctive class to themselves than any other improvement during the past five years. The vaporizer, he says, breaks up the molecules of gasoline, causing an almost perfect com-

bustion, cutting down the cost of running from 30 to 50 per cent. Don't be disappliated with mail AUTOCASTER
