THE NEW FORD FALCON WAGONS

COME SEE ALL SEVEN WONDERS OF THE WAGON WONDERLAND FROM

America's station wagon specialists complete the world's largest wagon family with TWO NEW-SIZE wagons. They're Falcons in size and and full-fledged Ford wagon wonders when it comes to work! With 2 feet less car to manage, you're a genius at solving, traffic problems-a past master at parking. Falcon Wagons are priced up to \$154 less than other 6-passenger

compact wagens. The 2-door model is America's lowest-priced 6-passenger wagon.*

Falcon gives the best gas mileage of any American-built wagon, on regular tuel. You can go up to 30 miles on a gallon of gasoline!

You get other Falcon savings, too. Repairs cost less. Change oil only once in 4.000 miles. And the Falcon's aluminized muffler normally lasts twice as long as the ordinary kind.

Longest load floor in the compact field is yours in a Falcon. It's over 7 ft. long, with cargo space totaling more than 76 cubic feet!

Full-six-possenger room, too, because Falcon Wagons are built for people. There's room for hats, hips and legs. Come see these newest wonders from the Ford wagon world' rosp Division, Tind Meter Company.

BOMB LAW ATTACKED — Λ law prohibiting possession of a bomb or conspiracy to bring about a bombing is under attack in a case before the Court of Criminal Appeals.

Defendant in the case is accused of having mastermined a bombing of the premises of a non striking employe of a Dallas industrial plant during a union walk-out. Two persons who were convicted of having thrown the bomb in the victim's driveway said they were carrying out the defendant's instructions.

Attorney for the defendant called "dangerous" a law that makes it a felony to possess items from which a bomb could be made. CRIME TOLL MOUNTS - An average day in Texas sees 3 mur-

Sandhills Philosopher Long Senate Sessions Li Round-The-Clock Farmin

Editor's note: The Sandhills Philosopher on his Johnson grass farm may be misconstruing what's been hap pening in Washington, his letter this week reveals. Dear editar:

A man can go along for years without getting recognition for an idea, but when the United States Senate suddenly ad opts his idea, he feels like his efforts haven't been in vain.

What I'm talking about is the Senate's round - the - clock working sessions which have been in the newspapers and on television lately

That's exactly the system I've been using out here on this Johnson grass farm for years, and den't have to be run I congratulate the Senate. lines all the time. As I understand it, the Senate had an unusually hard problem to tackle, so it decided to stay in session till it was solved. And the first thing it did was bring in a lot of cots and mattresses, ordered the Senate restaurant to stay open all night, rolled up its sleeves, and went to work. CAREFUL This almost parallels the system I've used out here for years, COMPARISON with the execption of the restaurant; that's a refinement that's one up on me But the general idea, that you can work around the clock and PRODUCTS still take time out to stretch out and rest, sleep, and eat, is part of my basic procedure. Now, when I get tired of going up one row and down another and get off my tractor and stretch out

under a shade tree laint year, and somebody an at lam, out there lash he ought to be working I point out that he's not civing me, he's critican Senate of the United St America. The idea that i hus to be on his trait leg if he's worlding, or i has to be on his feet a he's Senatoring, is not diste

UTILITY PAYMENTS AVAIL-ABLE — Citics and private utility companies can now get reimbursement for money spent moving utility lines to make way for new interstate highways.

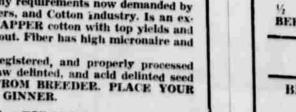

State Highway Commission said it is now ready to begin making payments under a law that was held constitutional by the State Supreme Court earlier this year.

Cost of the utility moving, as well as construction costs for the interstate system, comes 90 per cent from federal funds, 10 per cent from state funds.
