LAMB COUNTY WOMAN DIES FROM BURNS

F. Z. (Zeb) PAYNE IS CANDIDATE FOR COUNTY CLERK

IS ACCOUNTANT; HAS 20 YEARS BUSINESS EXPERIENCE

E. Z. (Zeb) Payne, a resident of Sudan and Lamb county for many years, Wednesday announced as a candidate for the office of county clerk.

Mr. Payne has 20 years experience in business. He has held responsible clerical positions, and is a public accountant and auditor. He has made audits of Lamb county records, and of other West Texas counties. His work has brought him closely in touch with the routine of county offices, and his general business experience has been of such a nature, he believes, as to qualify him to efficiently discharge the duties of that of county clerk.

HEARING ON T. & P. APPLICATION IS SET FOR FEB. 15 AT WASHINGTON

The oral hearing and argument before the Interstate Commerce commission, on the application of the Texas and Pacific Northern railway to build a road from Big Spring to Vega, with a branch to Lubbock, will open in Washington on February 15.

The recommendation of the examiner was that the road be allowed to build from Big Spring to Brownfield, and a branch to Lubbock. This recommendation was protested, and an effort made to obtain a permit to build the entire length to Vega and to Amarillo, passing through Levelland, Littlefield, Dimmitt, and Hereford.

The hearing will be held before the commission as a whole and the result will determine whether the road will be allowed to build according to the original plan. Considerable encouragement has been given the towns through which the road is to build by the enthusiasm of Texas & Pacific officials who affirm that should the permit be granted, the

road would be built at the earliest possible time, notwithstanding present financial conditions.

Will Ask for Road
Olton will make an effort to have the proposed railway routed through that city.

The Olton Enterprise of last Thursday said:

"Olton will be represented at the commission hearing in Washington, D. C. At the Olton Chamber of Commerce meeting Tuesday night preparations were made to furnish current data to Olton's legal counsel, although it was not then known when the oral arguments would begin.

"Local civic leaders said at the meeting it is Olton's intention to bring the T. & P. extension through Olton if possible, and even if the extension is not granted it is believed to be the best policy for the Olton community to be represented before the commission at all times until need-

Funeral services were held from the First Baptist Church, Amherst, at 2:30 p. m. Saturday, January 23, for Mrs. J. M. Webster, aged 63, of seven miles southwest of Amherst, who died Friday at 6 p. m. at the Lubbock Sanitarium as a result of burns sustained when an oil burner exploded at her farm home earlier in the day.

Rev. Dixon, pastor of the First Baptist church, Amherst, officiated, and burial took place in the Amherst Cemetery, Hammons Funeral Home of Littlefield were the undertakers in charge.

Mrs. Webster was alone in the home when the burner exploded at 11 o'clock, but instead of running from

A. H. MCGAVOCK IS LATEST TO ENTER CONTE

Judge Simon D. Hay Bart Denton Will Be Candidates

The most outstanding development of the past week in politics was the fact that A. H. McGavock, will make the race for county judge.

Judge Simon D. Hay, county judge, will seek re-election but as yet has not officially announced.

Bart Denton also has announced he will be a candidate for the office of county judge, but has not officially announced.

Long Resident of
Mr. McGavock is now in his third term as county judge. He was elected to office for over two opponents, and second term without a contest. The last time he was elected he won out over two opponents. In the last contest his opponents A. M. Holt and J. B. Denton.

ROY GILBERT SEEKS RE-ELECTION AS TAX ASSESSOR

SERVING FIRST TERM; HAS SPLENDID RECORD

Roy Gilbert, who is serving his first term as tax assessor of Lamb county, has requested the Leader to announce his candidacy for re-election to that office.

Mr. Gilbert has lived in this section for the past 23 years, and for six years previous to being elected to his present office he operated a farm six miles northeast of Littlefield.

During his term as tax assessor, Mr. Gilbert has a splendid record of service, and has at all times devoted his entire time to the duties of the office.

In a statement made to the Leader Mr. Gilbert said:

"I wish to thank my friends and the voters of the county for electing me to the office of tax assessor two years ago. I have striven to serve the people to the best of my ability.

"With the past two years experience in the office, I feel more capable of performing my duties and should the voters see fit to re-elect me I assure you an even more satisfactory service. I will consider it a pleasure to be of any special service to the people of Lamb county at any time I am called upon.

"It is my intention to see each voter in the county personally. However, should I miss anyone it will not be intentional, and I will appreciate their support and influence."

A. H. MCGAVOCK TO SEEK ELECTION AS COUNTY JUDGE

PROMISES TO FOSTER ECONOMY IN OPER- ATION OF COUNTY

A. H. McGavock, who is now county clerk, Wednesday announced as a candidate for county judge.

One of the best known residents of Lamb county, Mr. McGavock has served Lamb county for several years. The aspirant for county judge of this county is now serving his third term as county clerk.

Born at Abilene, Mr. McGavock has been a resident of the South Plains since 1916, when he moved to Floyd county. He came to Lamb county in 1923 and has resided here

TO GET PART OF SHOW PROCEEDS

TO MEET LEVELLAND SATURDAY NIGHT, LUBBOCK WEDNESDAY NIGHT; BOTH GAMES WILL BE PLAYED AT LITTLEFIELD

Three stiff games are scheduled for Coach Tucker's and Hopping's Fighting Wildcats within the next few days in their determined drive to re-establish their title as "The South Plains' leading basketball team", a title they cherished throughout the early days of the season.

Irvin Denies Rumor That Will Not Enter Race for Sheriff

Len Irvin, who some time ago stated unofficially that he would be a candidate for sheriff of Lamb county, Wednesday reiterated his intentions of seeking the office.

"I have been informed that a rumor is in circulation that I will not be a candidate," he said. "This is untrue. I have no other plans than that of asking the voters of this county to elect me their next sheriff."

"I will make an official announcement in the immediate future, and, in the meantime, I would appreciate it very much if those of you who hear the false rumor will say in my behalf that it is untrue."

The locals established themselves unofficially at the top of the South Plains ladder by carrying off first honors at the Sudan tournament, but were defeated by Shallowater lads in a tournament held at Lubbock Friday.

On Friday night the Wildcats journey to Olton and return for a game with the Levelland Tigers at the local gym Saturday night. Next Wednesday night they will meet the Lubbock Westerners here in another stiff game.

The Levelland crew rates well with the Shallowater team and will give the locals tough opposition in reclaiming their crown.

The game with the Westerners will by no means be a one-sided affair. They possess a legion of heavy weights—some six footers—who are by no means students in the game. Among their crew are two Lamb countyites, Wilkins, formerly of Sudan, and Robert Stone, who was with the Littlefield team last season.

POINTS TO RECORD IN ASKING VOTERS FOR RE-ELECTION

J. E. DRYDEN, COUNTY ATTORNEY SEEKS RE- TURN TO OFFICE

J. E. (Bert) Dryden has authorized the Lamb County Leader to announce his candidacy for a second term as county attorney, subject to the action of the voters to be expressed at the Democratic primary.

Mr. Dryden expresses his sincere appreciation for the support given him two years ago when he made the race for county attorney, and for the co-operation he has received from the citizens in the administration of the affairs of his office.

In asking re-election, Mr. Dryden does so solely upon the record he has made during the one year he has served as county attorney, and in this connection says:

That since Lamb County was organized in 1903, there has been 1064 criminal cases filed in county court that 859 of these cases were filed during the 23 years prior to the time he assumed the duties of county attorney, and that 205 cases have been

41 MILES without Water

Conoco Germ Processed Oil Saves Motor

When Walter H. Freed reached Pueblo, Colorado, after a 41-mile drive from Colorado Springs, his car was so hot it had to be put into gear before it would stop!

He had plenty of Conoco Germ Processed Oil in the car. No steam was coming from the radiator, so he did not suspect the cooling system.

But a garage man found not a drop of water in the radiator! The 41 miles had been driven without water in the radiator—only the oil to keep the motor from burning up.

Conoco Germ Processed Oil is this ordeal! Inspection of this revealed no damage done.

Convincing evidence of Germ Processed Oil's stability, of its protection under the most trying conditions. Proof that Conoco Germ Processed Oil offers you the safest lubrication for your car.

The oil that protects motor parts in such ordeals will lubricate your car better in every-day driving. For peace of mind, for economy and for long life, change now to Conoco Germ Processed Oil at the sign of the Conoco Triangle.

We neither encourage nor guarantee experiments nor guarantee all conditions. But we do guarantee that this and hundreds of other tests of Conoco Germ Processed Oil run of ten to over fifty crankcase empty.

A COMMENDABLE MOVEMENT

One of the most commendable movements which has come to our attention in some time is that of the West Texas Chamber of Commerce, which has launched a five-year beautification campaign designed to make West Texas "a planned land of trees, shrubs and parks."

In an article appearing in recent issue of West Texas Today, monthly publication of the West Texas chamber, the five-year plan of beautification is outlined by Houston Hart, San Angelo, chamber president, and Lee M. Jenney, landscape architect in charge of the campaign.

It is the plan of the Chamber of Commerce, through a central beautification committee, to stimulate planting for beautification purposes throughout West Texas during the next five years. Emphasis will be given to certain phases of the planting.

Particular attention will be given to the planting of trees and roses the first year, hedges and vines the second year, evergreens the third year, shrubs the fourth year and flowers the fifth year. It is not the intention of the West Texas chamber to dictate what types of plants shall be used, but a suggested list of trees, plants and flowers adapted to the West Texas section will be provided.

Another important service the chamber expects to render is in the purchase of the plants, particularly the specialty plants recommended by the campaign architect. It is the intention of the central committee to invite nurserymen to submit bids each year. After the prices are listed the information will be furnished to the various towns so that they may deal directly with the nurserymen. The idea is to give the towns the benefit of central purchasing power.

The services of Jenney will be available to the local committees on beautification. He will furnish information on care and planting by correspondence as a free service. His services also will be available to any community in planning and planting for public parks or grounds around public buildings. Each town is requested to form a beautification committee which shall be charged with the responsibility of planting the part its community will have in the five-year plan.

Jenney made it clear in his outline of the campaign that the work of the West Texas organization is not meant to interfere with the business of local nurserymen and florists, but, on the other hand, is expected to stimulate business for them.

In his suggestions for planting, Jenney recommends the pecan tree as the best tree for West Texas. It not

Fruit cake, which was baked in November, and coffee, was served to a large body of members and to a number of friends of the hostess, who gathered in honor of her birthday.

Small Per Cent Of Lamb County Grain Crop Moved

Not more than 15 per cent of the Lamb county grain sorghum crop has been sold and moved, it is estimated by P. W. Walker of the P. W. Walker Grain & Seed Co.

Low prices for all kinds of grain has been a big factor in the holding back of the crop. "Grain sorghums have run from 35 to 60 bushels to the acre," he explained. "The white grains, such as kafir, have had the best yield. I know of some kafir that has yielded 65 bushels to the acre."

"Red grains have not been quite as high in yield. That is milo and cane" The grain sorghum crop is estimated at between 100,000 and 125,000 tons. The yield is the largest in the history of Lamb county.

Farmer Living Near Sudan Averages \$10 a Ton on His Feed Crop in Past Season

G. W. Benton, a farmer-stock feeder living near Sudan, estimates he averaged \$10 a ton for his feed crop this fall.

Mr. Benton recently shipped two car of cattle to the market and got a top price at Fort Worth of six cents. They had been fed since early fall and averaged 580 pounds.

The calves cost Mr. Benton \$20 a head, the purchase being on that basis. After the sale Mr. Benton figured his gross at \$34 a head.

"My feed crop brought me \$10 a ton or better on the basis I fed the calves on," Mr. Benton said. "I am more than satisfied with what I got for the stock, considering market conditions."

PLAINS DAIRY SHOW HEADS TO MEET

Directors and officers of the Panhandle-Plains Dairy show are to be called to meet at Plainview about the first of February to make final plans for the fifth annual show, to be held here April 11-14, according to Grady Shipp, manager.

"There have been more inquiries about the show this year than ever before, especially at this time. I have heard from a number of farmers who will bring one or two animals to the show, who have never before shown a desire to exhibit their cattle."

Stirring romance under Cuban skies; melodies more haunting than the exotic story of love unfolded on the screen, tense drama and thrills in "The Cuban Love Song," Lawrence Tibbett's newest appearance on the talking screen. The new Metro-Goldwyn-Mayer pictures opens with a mid-night matinee at the Palace Saturday and runs through Sunday and Monday.

"The Cuban Love Song" is essentially a love story. Tibbett is seen as a swashbuckling marine who, stationed in Cuba, meets and loves a little Cuban peanut seller. A war, duty, and fate conspire to break a romance and kill a love that was really only a memory. Tibbett as the dare-devil hero, proves that in modern roles he is as colorful a figure as in costume and uniform. His singing of "The Cuban Love Song," "The Halls of Montezuma" and other musical incidentals is superb; his acting is gripping. Then, too, there are the lighter moments, as when Lupe Velez teaches him "The Peanut Vender." The Fiesta, with its strange Cuban orchestras, with the fiery Lupe doing the Rumba, and the wealth of color that is Havana's are specially interesting.

W. S. Van Dyke, of "Trader Horn" fame, directed the picture, and injected many deft human touches into drama of love and high adventure.

Comedy is taken care of by Ernest Torrence and Jimmy Durante, as Tibbett's two fighting marine companions, and Louise Fazenda scores as "Elvira," who becomes Jimmy's devoted but belligerent spouse.

ally if properly handled when killed
and cured. Many times more cured
meat could have been sold at the
Lubbock Meat Show than was avail-
able for sale.

"To produce a high standard quality
cured product, hogs should be
killed on a clear, cold day. They
should be allowed to hang over night
to allow the meat to cool out well,
thus making the carcass firm before
cutting.

"The most attractive and best shaped
hams, bacons, shoulders, and loins
can be cut by splitting the hog down
the center of the backbone. The pieces
to be cured should be trimmed free
of all excessive fat and made to look
very smooth.

"The cure White used was the La-
mous old sugar cure method. Eight
pounds of salt, two pounds of sugar,
and two ounces of salt peter was used
for each 100 pounds of meat cured.
The cure was mixed well and then
one-half rubbed on the meat. For
best keeping the meat was then packed
in a barrel with the skin side
down. In just a week the bacons were
taken out, but the remaining meat
was rubbed with the rest of the cure.
In just 30 days from the time the
hams were salted, they were taken
out of the cure and soaked in water
to remove the surface salt. These
hams were salted, they were taken
each pound in the piece as they weigh-
ed just 12 pounds.

"Pecan wood was the handiest
wood that Smith's neighbor had, so
he used that to smoke his cured meat.

His smokehouse was almost crack-
proof so the flies and dirt could not
get on the meat. For attractiveness
the meat was almost perfect. It smell-
ed most appetizing with a rich red-
dish-brown color.

"Bill's neighbor proved to many of
his near-by friends that it paid to sell
hogs as prepared meat rather than as
live hogs."

A TRIUMPH FOR PEACE

The naming of Mary Erma Woolley
to American delegation to the arms
conference at Geneva is hailed
throughout the country as a triumph
of feminism. We believe it very
probably can be heralded as some-
thing immeasurably more, another
victory for the forces of peace.

We do not know the attitude of the
woman delegate toward international
politics, toward war, or toward dis-
armament, but we do believe that the
advent of women into international
affairs holds the promise of progress
toward peace.

At least there need be no fear that
anything is to be lost. Men have ac-
complished little in the improvement
of international relations during the
last decade. We thought we had when
the League of Nations, World Court
and the Kellogg pact seemingly were
gaining support, but now that they
have failed to settle amicably, or
even retard the progress of an ag-

gressor nation through a country at
its mercy, we begin to realize that we
have been deceiving ourselves.

Perhaps a woman's sympathy for
all humanity, her instinctive recogni-
tion that it is her function to give life
rather than take it, and her delicacy
of touch will bring to international
conferences a viewpoint long needed
in the interests of humanity.—Re-
cord, Vernon.

EIGHT YEARS AGO IN LITTLEFIELD

(Excerpts from Littlefield Leader)

The Littlefield Wildcats met the
Muleshoe cagers at Sudan last Fri-
day in a pair of closely contested
games for the championship of Lamb
and Bailey counties. As a result of
this dual encounter Littlefield re-

The Littlefield gin record shows
550 bales of cotton ginned to date,
according to J. C. Baker, proprietor.
Mr. Baker estimates there are prob-

ably 250 bales more to yet be ginned.
It has been conservatively estimated
but for the hail last spring there
would have been perhaps 2,500 bales
ginned this year.

butcher, is this week putting up a
building adjoining the restaurant,
which, when completed, will be occu-
pied by his meat market, carrying a
full line of fresh and cured meats.

was the victim of an attack from a
wild bronco Saturday morning. The
animal reared up, struck him in the

face, breaking the bridge of his nose,
and cutting the upper lip thru to the
teeth, necessitating six stitches to
close the wound. He was attended by
Dr. Weaver.

Last Friday the Yellow House Land
Company closed a contract for the
services of J. C. Whicker as their
general local salesman.

J. T. Harmon and son, C. V. Har-
mon, have purchased seven labors of
land near Amherst. They are now
putting up five sets of improvements
on this.

C. H. V. Earl of Follett, Texas, an
old time friend of Ye Editor and E.
G. Courtney and family, is here this
week to improve a fine tract of land,
just east of Littlefield.

Mr. and Mrs. N. T. Dalton have
moved into Littlefield, taking light
housekeeping rooms in the W. H. An-
derson home. Mrs. Dalton has ac-
cepted a position as saleslady with
the Lamb County Mercantile com-
pany, while Mr. Dalton will become
night watchman in the business dis-
trict.

Twenty new pupils were enrolled in
the Littlefield schools Monday morn-
ing, bringing the total enrollment up
to 280.

L. L. Shadden of Hialou and D. S.
Lane of Blackwell, shipped in a car
of household goods each last Satur-
day.

The Leader is authorized to add to

the honor roll of the public school
names of Friona Johnson and A.
Tremain, 3rd grade, and Uelen
1st grade.

received a big carload of International
farm implements. Monday they
received a carload of flour, J. E.

new comers with first class im-
plements and feed them well while

Today's Working Man

ENJOYS LIFE BETTER THAN

YESTERDAY'S MILLIONAIRE

Fifty years ago only a rich man could afford to burn 25 candles to
read by—and, if he burned them, he got no more light than the
man of most modest means gets from one electric lamp today.

Fifty years ago the best entertainment available to rich men
could not remotely compare with the Electric "movies" and the
Electric Radio that practically all can afford today.

Fifty years ago Electricity was just an experiment. Today it
is the biggest single convenience in life. So widespread is Elec-
tricity's application today that without it the wheels of the world
would stop.

Are you letting Electricity do for you what it is ready and will-
ing to do?

Electricity is the cheapest thing—considering how much you
can do with it—you can buy today.

Last Sunday was a most delightful day at the Methodist Church. We are expecting that next Sunday will be even a better day in the Church work. As Christians God is counting on you and me to carry on his work in the world today.

The subject for the morning hour next Sunday will be "the Waiting Crowns."

The subject for the evening will be "On the Old Man's Trail."

Did you ever try to win a soul to Christ? Well if you have you know what that means, and if you have not tried may you start out to accomplish that most worthy task. You bring the one next to you, and I'll bring the one next to me, we'll work together, in all kinds of weather, and win them

W. M. U. LADIES TO SERVE LUNCH TO B. Y. P. U. TRAINING SCHOOL

The W. M. U. of the First Baptist Church held their regular monthly business meeting at the Church Monday at 3 p. m. with seventeen ladies present.

After reports from all standing committees were made a plan for visiting the sick and unenlisted was presented and discussed. Two ladies were appointed from each circle to serve in this capacity.

Plans were made for serving lunch each evening during the week to those of the B. Y. P. U. Training School.

During the meeting several needy people called for clothing from the Church. The benevolent Chairman requested that all the ladies bring used clothing at the earliest possible date, and replenish the chest, so that the less fortunate may be cared for.

There being no further business, the meeting adjourned to meet next Monday at 3 p. m. in Circles.

M. E. LADIES TO OBSERVE WORLD DAY OF PRAYER

The Methodist Missionary Society met at the Church Monday afternoon in regular session. The president, Mrs. W. W. Gillette presided. The devotional was led by Mrs. A. G. Hemphill.

It was decided to observe World Day of Prayer, the date to be announced later. Items from the January "Bulletin" were given by a number of women in a very interesting way.

Mrs. W. H. Gardner led the lesson from the first chapter of our mission study, "Methodism and the World Need," by C. A. Bowen, assisted by Mrs. Gillette and Mrs. Boyd. Their subjects were "China," "Korea," and "Japan." This book comes to us from the first chapter of our mission and is intended for all the church. If you will join us in this study you will have a lesson each Monday until the book is finished. Members present for the meeting were: Mesdames F. E. Beard, A. G. Hemphill, O. G. Hobbs, J. J. Methodists Enjoy All Day Fellowship Meeting Here Sunday

The Methodist Church was the scene of a happy fellowship Sunday. Sunday school was well attended, and then followed the morning worship. The Spirit of God was present as the people joined in the singing, scripture reading and prayer. Hearts were lifted to the presence of the Divine as Mrs. McQuatters sang as a special, "List to the Voice of the Divine." The attention was striking as the congregation listened to the message of the hour, "The Bible, The Lost Book." Immediately following the sermon, Mr. J. T. Elms was called to the platform, and after a very touching mention of the beginnings of Methodism in Littlefield, lead the people in worshipping God through material offering. The needy causes of our church were mentioned including the Methodist Orphanage at Waco, our school, McMurry College at Abilene and others. The people gave cheerfully and liberally, and the causes of the church will be greatly blessed by the offering. After dismissal, an old fashioned fellowship was enjoyed as members of the family of God gathered around tables that groaned with good things to eat. After the noon meal the congregation reassembled and the roll was called. Miss Phelps rendered a choice selection on the violin, Mrs. T. Wade Potter accompanied at the piano. Mrs. E. G. Courtney in a pleasing way told us of the first organization of the church and a brief review of her history. Then our thoughts turned to the paths of unselfish service that Christ has marked out for us as Mr. B. M. Harrison led in a Tribute to Our Life Service workers. The names of Kenneth Hemphill, who is now in S. M. U. and Luther Kirk, who leaves this week for McMurray College, were fondly mentioned. The day ended with the happy thought, let's make this Loyalty Day an annual affair, and be more loyal throughout the year.

The night services at the Methodist church will long be remembered. Bro. Luther Kirk preached to his relatives, friends and guests. He very touchingly told how God had called him to the work of the ministry and turned hearts to God as he reminded them of their BROKEN VOWS. After the benediction the crowd lingered in fond good-bye and parting prayers of hope and joy for this choice young man with his loyal wife and much loved family.

THE STATE OF TEXAS To the Sheriff or any Constable of Lamb County—Greeting:

You are hereby commanded to summon D. D. Skelton, Mrs. Anna E. Bradley, S. E. Bradley, John H. Arnett, C. R. Kemp, Alice Dyer, and Mrs. E. L. Bennett, a feme sole, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 64th Judicial District, to appear at the next regular term of the District Court of Lamb County, to be holden at the Court House thereof, in Olton, Texas, on the 4th Monday in February, A. D., 1932, the same being the 22nd day of February, A. D., 1932, then and there to answer an amended petition filed in said Court on the 23rd day of December, A. D., 1931 in a suit, numbered on the docket of said Court No. 817, wherein Houghton Brownlee and M. H. Goldsmith are Plaintiffs, and D. D. Skelton, Mrs. Anna E. Bradley, S. E. Bradley, John H. Arnett, C. R. Kemp, Alice Dyer and Mrs. E. L. Bennett, a feme sole, are Defendants, and said petition alleging as follows, to-wit: Plaintiffs allege that on the 26th day of January, A. D., 1928, defendant D. D. Skelton made, executed and delivered his series of eight promissory notes, dated January 1st, 1928, numbered Nos. 1 to 8 inclusive; Notes Nos. 1 to 7 inclusive, for the sum of \$300.00 each, and Note No. 8 for \$3100.00, payable to the order of plaintiffs at Littlefield, Texas, on or before January 1st, 1929 to 1936, respectively, bearing interest from date until maturity at six per cent per annum, and from maturity until paid at the rate of ten per cent per annum, interest payable annually on January 1st of each year as the same accrues; said notes providing for ten per cent attorney's fees to be placed in the hands of an attorney for collection, and further provides that in the event of default in payment of principal or interest, or either, shall, at the option of the holder immediately mature all of the remaining balance due thereon; whereby said defendant became liable and bound to pay said notes according to the tenor, effect and reading thereof. That Notes Nos. 1 and 2 of said series have been paid, and all interest paid on all of said notes to January 1st, 1930. That said notes were given for a part of the purchase money of Labor No. 18, in State Capitol League No. 661, Original Grantee Abner Taylor, containing 177.1 acres of land in Lamb County, Texas; which said land was on or about January 26th, 1928 conveyed by Arthur P. Duggan to defendant D. D. Skelton by his deed of writing of said date in which was retained a vendor's lien on said land to secure the payment of said notes. That thereafter the defendant D. D. Skelton sold and conveyed said land to defendant Mrs. Anna E. Bradley, and in which deed the said grantee assumed payment of said notes. That on all dates mentioned herein in a seven room frame house was situated on said land; that on or about Dec. 15th, 1931, defendants Mrs. Anna E. Bradley and husband, S. E. Bradley, moved or caused to be moved said house from said land above described, and moved or caused the same to be moved to and placed on that parcel of land lying and situated in Southmoor Addition to the town of Littlefield, in Lamb County, Texas, known as Lot No. 11 in Block No. 4, of said addition according to the map or plat thereof recorded in the Deed Records of Lamb County, Texas, reference to which is here made for a more particular description thereof; that said house was and is of the value of \$3,000.00. That defendants John H. Arnett, C. R. Kemp and Alice Dyer have and claim some right, title, interest and estate in said last named lot of land; that defendant Anna E. Bradley and husband S. E. Bradley are the real and true owners of said lot; that defendant Mrs. E. L. Bennett, a feme sole, is claiming and asserting some right, title, interest and lien against the above described tract of 177.1 acres of land; that any such interest held or claimed by her is inferior and subordinate to the lien and claim of plaintiffs, that the claims of defendants John H. Arnett, C. R. Kemp and Alice Dyer to said Lot. No. 11, in Block No. 4, of Southmoor

Addition, and to the seven room house moved thereon and above described is inferior and subordinate to the claim and vendor's lien held against same by plaintiffs herein, and that plaintiffs have a prior and superior vendor's lien on the same, superior and prior to the claim or lien of defendants or any other person or persons.

Plaintiffs pray for a temporary writ of injunction restraining defendants and each of them from executing and delivering any deed or deeds to said last named lot of land, and from selling or attempting to sell, and dispose of the same; and from moving or attempting to move, and from selling or mortgaging or attempting to sell or mortgage said house and said lot, pending the determination of this suit; for judgment for their debt, \$4600.00, interest and attorney's fees; for foreclosure of their vendor's lien on said land and on said house moved therefrom; for all costs of suit and for general and special relief.

T. WADE POTTER, Attorney for Plaintiffs, Houghton Brownlee and M. H. Goldsmith.

Herein fail not but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Olton, Texas, on this 16th day of January, A. D., 1932.

M. W. ETTER, Clerk, District Court, Lamb County, Texas.

"Other leaders said it is the community's set determination to bring a railroad here. Olton has tried for many years, they said, to get a railroad, without having yet succeeded. The Olton territory is one of the richest and most populous in Texas to be without a railroad."

The Enterprise further said that a committee has been appointed to attend to the details in connection with the presentation of Olton's case before the Interstate Commerce commission at the forthcoming hearing. The committee consists of L. S. Kennedy, H. P. Webb and J. M. Forbes.

The latest aspirant to the office of county judge has been a resident of Lamb county since 1923, coming to this county from Floyd county. Mr. McGavock was born at Abilene, and has been on the Plains since 1916. He was engaged in the banking business for seven years prior to becoming county clerk of Lamb county.

the house at once, she extinguished the flames and then ran into the yard and tore off her burning clothes. Her cries attracted neighbors, who went after Mr. Webster who had been to Amherst, and whom they met about four miles from his home. The Hammons ambulance was summoned and the injured woman taken to Lubbock for treatment, arriving about 2:30 o'clock.

Twelve years ago Mrs. Webster put out flames after a gasoline stove exploded, first tossing the gasoline tank from the house and then the stove. She was injured only slightly then, her husband said. The Websters were renting the B. F. Foster place.

Could Have Escaped

According to the story told her husband, Mrs. Webster lighted the oil burner in a heating stove in their front room and sat down to read. A few minutes later the whole room appeared to be in flames she said. She told her husband that she believed she could have escaped without injury had she ran from the building at once.

Besides her husband, she is survived by two brothers, W. M. Atkinson of near Amherst, and John Atkinson, Chickasha, Okla., seven grand children and four great grandchildren. The Websters came to Texas in 1926 from Durant, Kansas.

BUSINESS VISITOR HERE

J. L. Ryan, superintendent of the West Texas Gas Co., was a business visitor in Littlefield Friday.

A. Z. Payne—

(Continued from Page One)

Lamb county have had business dealings with Mr. Payne, know him personally, and are of the opinion, it is stated, that he would make a very efficient county clerk.

"I will make a personal canvass of the county, and present to the voters my qualifications for the office which I seek," Mr. Payne said. "I will greatly appreciate your vote and support in the forthcoming election, and I assure you that I will at all times, if elected, discharge the duties of county clerk in a manner which will bespeak of efficiency and a willingness to serve to the very best of my ability."

A. H. McGavock—

(Continued from Page One)

ever since that time.

Previous to becoming county clerk of this county, Mr. McGavock spent seven years in the banking business.

In announcing for county judge, Mr. McGavock said that it had been a pleasure to serve the people of Lamb county and that he had at all times striven to give the best and most economical service. He said that he appreciated the very liberal support which had been extended him in previous contests for the office of county clerk and that he would appreciate a continuance of the splendid support which had been accorded him in the past, in the forthcoming election.

"I believe", he said, "that the extensive experience which I have gained in the business world and in serving the people of Lamb county as their county clerk will enable me to efficiently discharge the duties of county judge. I will endeavor at all times to conscientiously discharge the duties of the office, carrying out my work with only one idea in mind, that of fair and impartial treatment of all matters which come before me."

"I fully realize the responsibility which would rest in me as your county judge and I will at all times place duty of office before everything else."

"I fully realize that this is a time in which special care should be taken to operate our county on a very economical basis. If you elect me your county judge I will make it my especial duty to affect all economies that are possible, in order that as little burden as possible may be placed on the taxpayers."

"I have briefly stated to you my platform in general, and I will welcome any suggestions which any of the voters of the county may make in their desire to economically operate Lamb county."

"I will appreciate your vote and support in the forthcoming election and I pledge to you that I will never fail to serve you to the best of my ability and knowledge."
