School Group Votes Against 10-Month Year

Members of the Lamb County Hale-Aikin Committee Tuesday night lodged a protest against the state committee's proposal for a 9½-month or 10-month school year.

The county committee, headed by Dr. Ralph Schilling, Littlefield superintendent of schools, met here to discuss the tentative draft of a final report by the state Hale-Aikin Committee.

Eighteen members of the Lamb County committee were on hand for the session, representing

every school in the county except Olton.

The county committee took issue with only two proposals set forth by the state group.

The first was the state panel's proposal that each "public school should provide a full twelve-grade program of education of not less than 9½ months per year; with a minimum of 180 days of classroom instruction and a minimum of five days for formal in-service education programs for teachers and staff members."

The state proposal also suggests that "local districts may elect to operate a 10-month program with a minimum of 190 days of instruction and a minimum of five days for formal in-service education programs."

The county committee, on a motion by Pat Boone Sr., voted for the nine-month program which the schools now have.

Under the present program in Lamb County schools, 175 days of instruction are provided.

In going on record against lengthening the school year, members of the county committee said people they had talked with in their school districts were against the proposal.

One petition against the 10-month school year was presented at the meeting. It was signed by 24 members of the Spade P-TA.

The other proposal by the state committee which was criticized by the county group was one calling for a change in rules governing the transfer of students.

Present statutes provide that a pupil may be transferred from the school district in which he lives to another school district in the same county or to a connecting district in an adjoining county by order of the county school superintendent upon written application of the child's parent or guardian.

If the transfer of the pupil is protested by either the school district of the child's residence or the district receiving the transfer, the county board of school trustees either approves or recommends that the city issue a show

District Crown At Stake As Cats Go After Lobos

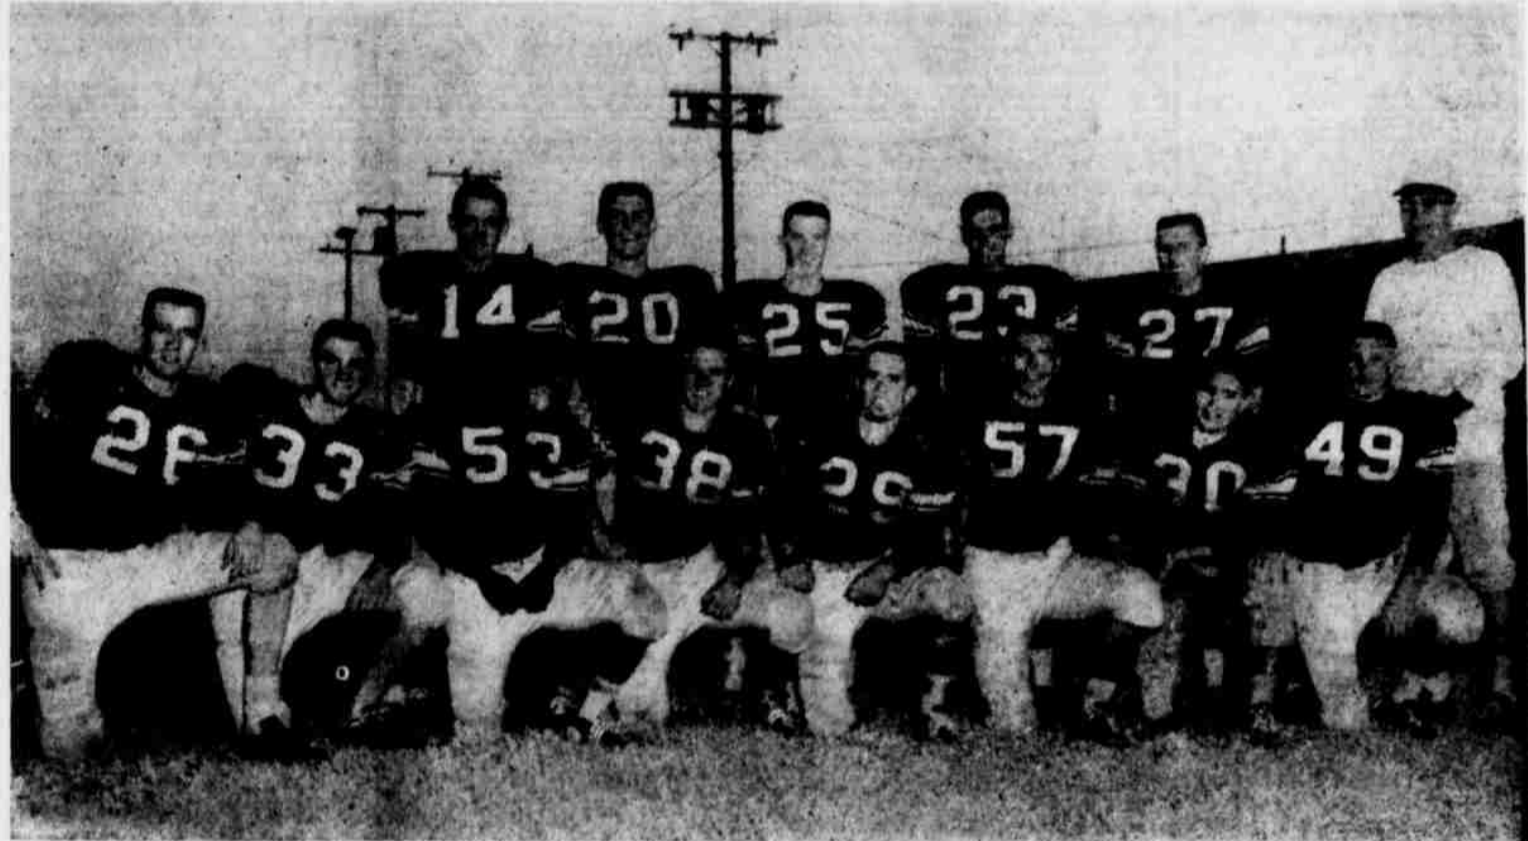

Levelland Two-TD Favorite

By ALEX DUGGAN
Time: 8 p.m. Friday, Nov. 21.
Place: Lobo Stadium, Levelland.
Stakes: District 1AAA crown.
You know the event.

Never in the history of District 1AAA has the same team repeated as champion two years in a row.

That old tradition will be in danger Friday when Littlefield's Wildcats will collide with Levelland's Lobos. Experts generally concede that the Lobos are a 12-point favorite.

Coach Don Williams said, "We'll give it all we can; we're going

District Game Farwell, Idalou Tie Here Friday

The key to the Farwell success is the way the youngsters, the underclassmen, have played together as a unit. Six starters have been missing from the Steer line up throughout the season, and four will miss action against Idalou Friday.

Senior quarterback Johnny Lovelace leads the Steers on offense. Against Springlake last week, Lovelace scored two touchdowns and passed for two others while Farwell was ripping the Wolverines, 52-16.

Also in the Steer backfield is Phillip Berry, another leading ground gainer.

Senior ends Owen Huffaker and Morris Reed bolster the Farwell line. Robert Carell and James Burleson, both underclassmen, are solid defense men at the guards and tackle slots.

Head Coach J. D. Atwell, a graduate of Howard Payne, has led Farwell to nine victories against one defeat.

Farwell defeated Bovina, 38-2. (Continued on Page 8)

Whitharral Meets New Deal Tonight In Bi-District

The champion of District 3B, Whitharral, will vie tonight at Levelland with New Deal, District 4B champ, in the first bi-district game of the 1958 season. The game will start at 7:30 p.m.

Whitharral, paced by a strong backfield which includes the highest Class B scorer on the South Plains, Billy Theford, and a combination of capable stars, takes a 6-4 won loss record into the fray.

The record includes victories over Bovina, New Home, Hart, Meadow, Amherst and Ropesville. The Panthers have lost to Lorenson, Anton, Cooper and Whiteface.

New Deal Lions won eight and lost two during the course of the season.

Willard Hedges, the Panther coach, has guided his team to four victories in the last five outings and three straight district wins.

Competition Rough As Mann, Hutson Win Football Contest

The first time this year, it is correct to guess this week the Leader's weekly football contest.

The right answers to the weren't enough for several, however.

Answers were nip and tuck battle for the top three spots out on top were Al Mann and Hutson, both of Littlefield.

Both were picked for first by pinging names correctly and tying the tie-breaker score. Both Littlefield to win by 26-20 tie-breaker, four points.

Final score of 26-18, Littlefield.

The third place was Eldon also of Littlefield. Trotter

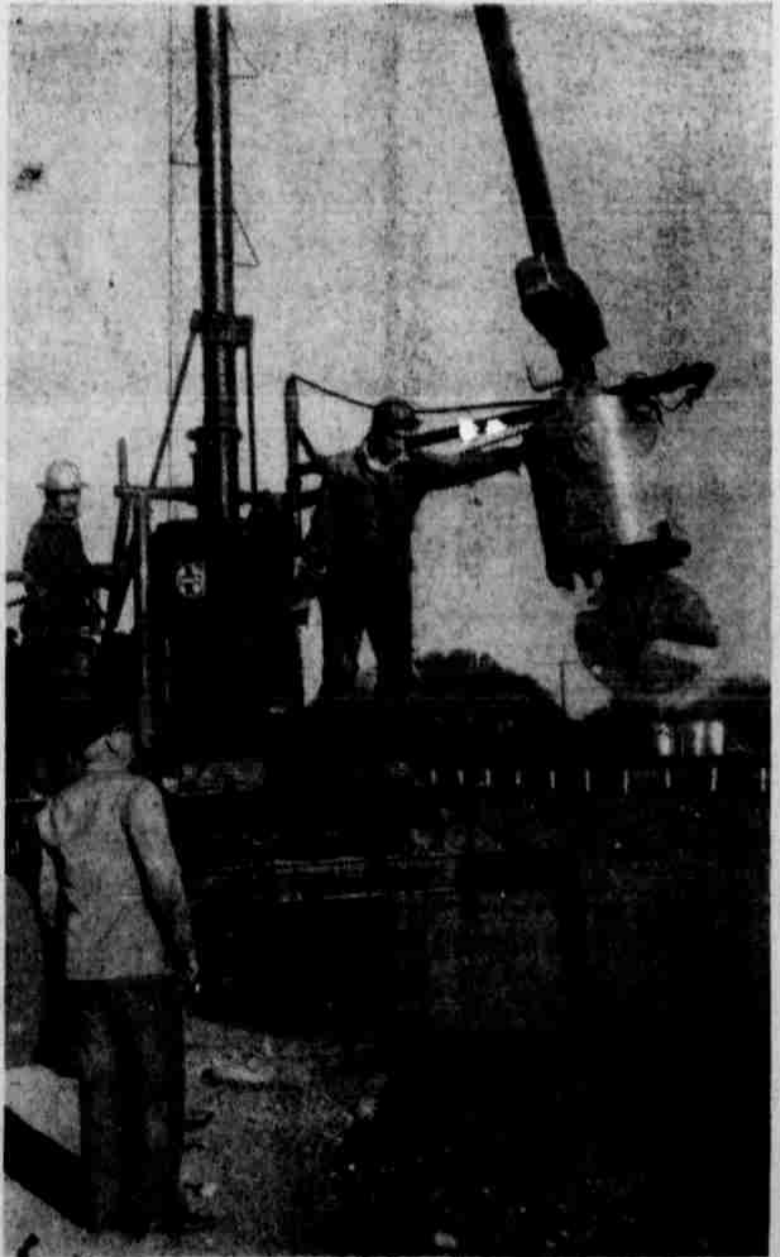

picked all 15 games and was five points off the tie-breaker with a guess of 22-15, Littlefield.

Mann and Hutson will receive checks for \$5 each and Trotter will get \$2 for third place.

Finishing just out of the money in a tie for fourth were Ed McCannies and John M. Clayton III both of Littlefield. They also guessed all 15 games right, but both were seven points away from the correct score on the tie-breaker.

Several others also picked all 15 games right but were too far off on the tie-breaker to reach the winners' circle.

The last contest of the year appears in today's Leader, with the game between Littlefield and Levelland featured as the tie-breaker.

Bid To Cut Phone Rate In Spotlight Tonight

Rates charged here by the General Telephone Company will be shoved into the spotlight tonight at a regular city commission meeting, when City Attorney Bill Street plans to ask commissioners to demand reduced rates because of "poor service" here.

Street said Tuesday he is going through with his plan to "recommend that the city issue a show

cause order as to why rates should not be reduced here."

Last week, he revealed that he had written the president of the company to that effect. In the letter he said:

"In my opinion, if the people of Littlefield are subjected to deuce rates for a one-party line, it is in receiving telephone service, then it seems to me only fair that they should only be charged accordingly."

He said he had been reporting the "poor service that I have been receiving here" for several months.

The city attorney said he has prepared a chart showing rates charged in 26 West Texas cities.

Two Jailed Here On DWI Charges

Two men were arrested on charges of driving while intoxicated by county officers Sunday and Monday.

Jailed Sunday was Garlin E. Altman of Lubbock, who later entered a plea of not guilty to the charge and went free on \$1,000 bond.

Jailed here Monday was Ray McCowan, a Muleshoe Negro. He entered a plea of guilty to the charge and was fined \$150 and costs and given three days in jail.

"For instance," he said, "look at the rates on the one-party line for a residence."

"Of the 26 rates in this category, Littlefield is fourth from the top. Only Brownfield, Dalhart and Tahoka have higher rates for a one-party line," Street said.

The chart shows Brownfield's rate as \$6.35 per month, Dalhart's as \$5.55 and Tahoka's as \$5.50. Littlefield's is \$5.25.

Lubbock's rate, as shown on the chart, is \$5.00, as are the rates of 11 other cities on the chart. Six cities have rates of \$4.50. Lowest rate on the chart is \$4.25, at Borger.

"The business rates also show that Littlefield is close to the top," Street said.

Littlefield's rate for a one-party business line is \$11.00 per month. Above that are Brownfield, \$13.00; Tahoka, \$12.50; and Lubbock, \$12.25. Snyder, Vernon, Plainview and Big Spring also have \$11.00 rates.

Some of the lower rates for a business one-party line are Hereford, \$8.50; Seagraves, \$8.50; Kermit, \$8.75; Borger, \$3.00 and Canadian, \$8.00.

"Economists say that telephone companies are one of the few types of concerns whose costs go up as volume increases," said Street. (Continued on Page 8)

Chamber Sets '59 Banquet For Jan. 22

The Chamber of Commerce's annual banquet for 1959 has been set for Jan. 22 at 7 p.m. in the school cafeteria. C-C Manager Jack Lacy Jr. announced this week.

The speaker will be Mrs. Joe F. Coffee of Amarillo, described by the Chamber as the "most dynamic speaker in Amarillo."

Theme of the 1959 banquet, and of the 1958 Chamber program as well, is "Community Unity—The Challenge of the Space Age."

Lacy said the 1959 banquet is being planned as the most elaborate ever staged here. Many special effects will be used to set the space age theme, he said.

Mercury Drops To Low Of 25

Temperatures dipped to 25 degrees here early Wednesday, the lowest recording here this fall.

But the weather had warmed up to 58 degrees at noon Wednesday, with clear skies.

County Agent Bill Kimbrough said the latest cold spell probably helped cotton along by speeding up defoliation. Winds which reached as high as 50 miles per hour here Tuesday failed to do much damage, he said.

They're Strangers No Longer Strangers Often Meet, But Not Like This...

When Henry Hukill, 67, of Littlefield met Mrs. Lennie Ingram of Texico, N.M., here recently, it was the surprise of his life.

They had never met each other before.

Nothing so unusual about that, you say?

There wouldn't be — except that Hukill and Mrs. Ingram are father and daughter.

It all happened this way: Hukill and Mrs. Ingram's mother were separated soon after their marriage, before Mrs. Ingram was born 45 years ago. Hukill, who lives at 520 W. 8th, had tried to locate his

daughter for many years.

Mrs. Ingram had hoped to see her father, but had no idea he was only 50 miles away.

Mrs. Ingram's mother lives in Washington state and had no idea of the father's whereabouts.

Hukill's cousin and his wife, Mr. and Mrs. Talmage Hukill of Muleshoe, knew that Hukill had a daughter he had never seen. They, too, had no idea she was only 50 miles from Littlefield.

But they happened to stop at the Ingram home while checking on some real estate in the Texico area.

After the Hukills introduced themselves, Mrs. Ingram asked if they knew a "Henry Hukill."

"Know him? He's my cousin," Hukill answered, "and I can take you straight to him."

Together, they planned the surprise for the father, and dropped in on him unexpectedly here Nov. 2.

"And you never saw such huggin' and kissin'," said relatives of the meeting.

The father and daughter are keeping close contact now.

"Henry's been up to Texico to see her two or three times since then," said relatives.

Says Littlefield's Master Planner...

"Some old fashioned mothers who can remember their husband's first kiss have daughters who can't remember their first husbands."

Stanleys Honored On Golden Wedding Anniversary Nov. 2

The home of Mr. and Mrs. Tom Stanley, nine miles south of Sudan, was the gathering place of relatives and friends Sunday afternoon, Nov. 2, to help Mr. and Mrs. Stanley celebrate their Golden Wedding Anniversary. The home was decorated

throughout with flower arrangements. The registration table held a large picture of the honored couple taken on their wedding day, Nov. 1, 1908, when Miss Esie Stringer became the bride of Tom Stanley. They were married in the home of H. R. Patterson, minister of the Church of Christ in Kerens, Texas.

The serving table was laid with a lace cloth over gold and crystal appointments. The floral arrangements were yellow full blown roses, flanked by gold colored candles in crystal holders.

The four-tiered wedding cake, baked by one of the daughters, topped with a miniature bride and groom, was served with golden colored punch. Granddaughters and grandsons honored their grandparents with the table service and registered the guests in the business meeting.

JACK WICKER

Wicker Heads Fund Drive For ACC

ABILENE—E. J. (Jack) Wicker, president of the Security State Bank and member of the Abilene Christian College Board of Trustees, has been named chairman of the Littlefield campaign among friends of ACC as part of a wide-spread drive to raise \$500,000 for the construction of a new classroom building.

The new building will be created as a south wing to the Hardin Administration Building and will be designated as the Citizenship Center. In appearance, the south wing will match the Bible building, erected by friends of the College in 1955 as a north wing to the administration building.

The proposed building will serve 727 students at one time and will contain about 20 classrooms, 48 faculty offices, and a closed-circuit TV system to be used in coordinating work of the Education Department. College officials say the building is a vital need in face of record enrollments the past five years. Current enrollment is 2456.

Tips On Winter Driving Given By Safety Official

AUSTIN—Technique in driving, as in any field of activity, is developed to the point of perfection only after many practice and experiences, it was declared this week by J. O. Musick, General Manager of the Texas Safety Association.

"The stars in sports, music and on the stage did not develop their talents overnight," he said. "Neither does a driver become a real pro at the wheel without knowing the rules of safe driving and following them faithfully."

The safety official called attention of Texas motorists to the five fundamental tips for safe driving during winter months:

1. IT'S UP TO YOU. You know that driving conditions are less favorable during the winter. It's up to you to winterize your car, to winterize your driving techniques—and to winterize your determination to avoid accidents.

2. KEEP WINDSHIELD AND WINDOWS CLEAR. Be sure that your blades, your heater, and your defroster are operating properly. Clean frost and ice from the windshield and from all windows of your car. Ventilate to keep the inside of your windows from fogging.

3. GET THE "FEEL" OF THE ROAD. In order to avoid unintentional sliding or spinning of your wheels, occasionally try your brakes or gently press your accelerator while driving slowly and as traffic and highway conditions permit. Then adjust your speed to road and weather conditions.

4. FOLLOW AT A SAFE DISTANCE. Keep well back of the vehicle ahead so that you will have plenty of room to stop. It takes three to twelve times as far to stop on snow and ice as it does on dry pavement. You may find it hard to explain why you couldn't stop when the other fellow did.

5. PUMP YOUR BRAKES. The best technique for stopping on slick roads, while maintaining full control of your car, is a fast up-and-down pumping of your brakes. Jamming and "freezing" on your brakes is almost certain to lock your wheels. This is likely to throw your car into an uncontrollable and dangerous skid.

"Faithful adherence to these rules will help even the newly licensed driver to become proficient in operating his vehicle under hazardous conditions," Musick declared. "The person who conscientiously applies these rules will develop driving techniques that will move him from the clumsy skidding and stalling class into the expert class."

Funeral Services For Mrs. Scott Held Wednesday

MULESHOE—Funeral services were held Wednesday at 2 p.m. for Mrs. Mintie Scott, 83, in the First Methodist Church here.

The Rev. L. W. Baker, Halfway Methodist Church minister, officiated with assistance from Rev. Edw. Hall, pastor of the Muleshoe First Methodist Church and Rev. J. E. Moore, retired Baptist minister.

Mrs. Scott died Tuesday in the West Plains Hospital here.

A native of Dardanelle, Ark., Mrs. Scott was married to M. M. Scott Sr. in 1898. They celebrated their 60th wedding anniversary last Thursday.

She had been a member of the First Methodist Church for 71 years.

Survivors include her husband; three daughters, Mrs. Joe R. Baker, Friona, Mrs. Cliff Odom and Mrs. J. W. Johnson, both of Muleshoe; three sons, M. M. Scott Jr., Needmore; J. B. Scott, Brownfield; and D. B. Scott, Friona; three brothers, Harve Sterling, Amherst; Walter Sterling, McAlesker, Okla.; and Elbert Sterling, Muleshoe; 12 grandchildren and 10 great-grandchildren.

Two Latin Men Escape Unhurt In Sunday Mishap

Two Latin American men escaped uninjured Sunday about 6:15 p.m. when their cars collided in a mishap on Highway 51 near Springlake.

Highway patrolmen said the accident occurred about 200 yards north of Highway 51's intersection with Highway 70.

Involved were cars driven by Jose Gutierrez of Weslaco and Rosalio Perez of Springlake. Damages were \$100 to each car.

Officers said the Perez car, traveling north, straggled into the lane of the Gutierrez auto, coming south, and Gutierrez pulled to the left to avoid a crash. Perez then pulled back into his lane and his car collided with the Gutierrez auto, officers said.

Perez called highway patrolmen, but left the scene before they arrived, officers said. A charge of false report to a governmental agency was filed. Perez reported to the highway patrol office here Monday.

BOSTON ARTIST TO PAINT RANCH—Hugh Cabot III is shown as he stands by his sign in front of his studio at Fort Stockton. Texas Tech Meets Porkers Saturday

LUBBOCK—Fast-finishing University of Arkansas meets Texas Tech in the Red Raiders' homecoming in Jones Stadium at 2 p.m. Saturday.

After a slow start, the Razorbacks have won over Texas A&M 21-8, Hardin-Simmons 60-15, and Southern Methodist 13-6. Arkansas is 3-6 for the season.

Texas Tech has a similar, 3-5 mark, but the Raiders won their first two contests and didn't pick

up another win until two weeks ago, 33-6, over Arizona. Tech bowed by a field goal to Tulsa for the third successive year, 9-7, last week.

Tech's chances depend a lot upon whether quarterback Jerry Eell is available. The Red Raider captain suffered a concussion in the first minute of the second quarter against Tulsa and never regained consciousness until after the game.

Although this is Tech's last home contest, the Raiders do not conclude their season until they meet Houston there next week.

Garden Club Meets With Mrs. Jack Grace

ANTON—Mrs. Jack Grace was hostess to the Anton Garden Club Thursday afternoon with 12 members present.

Mrs. Paul Tullis, the president, held a short-business session and had each member answer roll call by showing a wild flower or a seed pod from a wildflower and letting the others guess the name of it.

The leader, Mrs. Claude Campbell, announced the theme of the conservation program to be "Landscaping and Wildflowers." She presented the first speaker, Mrs. Harry Craig, who spoke on "Wildflower Conservation and Texas Wildflower Law." She told that there are five different wild flowers in Texas.

Mrs. Brantley Stephenson spoke on "Naturalistic Plantings in Landscaping"; Mrs. Tullis continued the discussion from the same book "Gardens Design" by John and Carol Grant by giving chapter 15 and 16 on Garden Color and Foundation Plantings.

Mrs. Earl Glass brought an arrangement suitable for a buffet table. Mrs. Joe Garner brought an arrangement for a dinner table and Mrs. Tullis brought one for a tea table. They were judged by Mrs. Harry Craig, W. M. Alexander and Harry Campbell.

Names were drawn for the Christmas party which will be held the next meeting on Dec. 11 at the home of Mrs. Fay Gilliam.

Refreshments of salad, crackers and coffee were served to the group.

Spade 4-H Club Holds Meeting

SPADE—The girls 4-H Club met in the homemaking cottage Nov. 13 at 7:30 p.m. with Diane Cook, president, presiding. Frances Casarez led the 4-H pledge and motto and Gloria Villarreal led the 4-H prayer. Roll call was answered with "my favorite salad."

Diane gave a report of the planning meeting and announced that Linda Joe Jarnigan and Vanetta Mouser would bring the opening exercises at the next meeting which will be at 7:30 p.m. Dec. 11. Each girl is to bring something which she has made that is suitable for a Christmas gift and tell the others how it was made.

Diane Cook, Vanetta Mouser, Billie Cook and Patricia Mitchell exhibited a first aid kit which they had assembled since the last meeting.

Billie Cook gave a demonstration on making a fruit salad and Gayla Peel gave a vegetable salad demonstration.

Those present were Evelyn Spencer, Gloria Villarreal, Fran-

Views From Pleasant Valley

Mr. and Mrs. C. W. Calhoun
 were in Lubbock Sunday to visit
 Mr. and Mrs. Leslie Calhoun and
 see their new home they have re-
 cently completed.

Mrs. Bonnie Haberer spoke
 Tuesday night at the Parkview
 Baptist Church for their Broth-
 erhood family night. She spoke on
 her religious impressions of her
 European tour. Mrs. C. W. Terry
 of Earth accompanied her to
 Littlefield.

Sunday dinner guest of Mrs.
 Bonnie Haberer were Mrs. John
 Haberer, Mrs. C. W. Terry and
 Mrs. Golden Green of Earth.

Several from this community
 attended the grandmother's show-
 er Friday for Mrs. Jarvis Ange-
 ley. Everyone brought gifts for
 her new grandson in Alaska.

Guests of the Dub Hardins over
 the weekend were Mrs. A. Har-
 din, and Mr. and Mrs. E. L. Car-
 roll of Amarillo. Mr. and Mrs.
 W. P. Stone of Amherst and Mr.
 Horace Hutton and family of
 Threeway.

Mrs. Lillie Wuerflein and Ed-
 ward attended the Wayland Col-
 lege 50th anniversary homecom-
 ing at Plainview over the week-
 end. Martha and Frank Wuerflein
 are both attending college there.
 Martha was a queen nominee
 from the speech class and was
 one of the girls on the float which
 won first place in the parade.
 Saturday night they all attended
 the football game between Way-
 land and O.B.U. of Shawnee, Okla.
 Shawnee was Mrs. Wuerflein's
 home town.

The Recreation Club met Satur-
 day night at the community cen-
 ter. The group enjoyed square-
 dancing and other games. They
 voted to have a Thanksgiving sup-
 per on Wednesday night Nov. 26
 at 7:30. Everyone is invited to at-
 tend and bring a covered dish.
 About five couples were present.

The Pleasant Valley Social Club
 celebrated its anniversary last
 Monday night by having a turkey
 supper at Hotel Clovis and mem-
 bers attended a movie afterwards.
 The most outstanding member of
 the year was revealed. She was
 Mrs. Hazel West, who was secre-
 tary of the club. She was present-
 ed with a gift from the club for
 her outstanding work and achieve-
 ments. There were about 20 mem-
 bers present, two honorary mem-
 bers which were Mrs. Katie Roub-
 inek and Mrs. Bonnie Haberer.
 Two guests were also present.
 They were Mrs. Cleo Moffitt of
 Lubbock and Mrs. Leo Dubin of
 Tahoka. Mrs. Dubin helped to or-
 ganize the club about 10 years
 ago.

Alexander Hamilton and Robert
 Fulton are buried in the Trinity
 Church graveyard near New
 York's Wall Street financial sec-
 tion.

Latin Man Dies In Olton Hospital

Augustine De La Cerda died Monday at 4:30 p.m. at the Community Hospital in Olton. Cerda had been a resident of Olton the past nine years.

He was born May 5, 1923, at Del Rio. Services will be conducted today at the Trinity Baptist Mission with the Rev. Glenn Golscey officiating. Parsons Funeral Home is in charge.

Survivors include his wife, Maria, seven daughters and seven sons, four sisters, and seven grandchildren.

Phone Rates

(Continued from Page 1) Street. "If this is true," asked the city attorney, "why should Littlefield's rate be higher than Lubbock?" Littlefield's present rates were approved by the city commission in March, 1954.

Prior to that time, the rates here were \$8.50 for a one-party business line and \$4.25 for a one-party residence line. "What is tragic," said the city attorney, "is the fact that Lubbock's rates from October, 1951, to September, 1957, were \$10.00 for one-party business line and \$4.25 for a one-party residence line. "In Littlefield," he said, "our rates were \$11.00 and \$5.25 during three and one-half years of that period. We've had these rates since March, 1954."

Latin Wangles \$25 From Farmer; Jailed For Theft

A Littlefield Latin American was jailed Saturday and charged with misdemeanor theft after he conned a farmer out of \$25 by promising him a crew of cotton workers.

County authorities said the man gave a false name and told the farmer that he was in charge of a crew of workers and could bring them to work later.

Meanwhile, the Latin told the farmer he needed \$25 to buy meals for the workers. The farmer gave it to him.

When the men didn't show up for work, the farmer took his complaint to the authorities. The Latin was jailed on the misdemeanor charge and fined \$24.50.

Sudan Man Jailed On Liquor Charge

A Sudan Negro was charged with violation of the liquor law Monday after officers found six fifths and six pints of wine at his home.

Charged with possession of wine for purpose of sale was Matthew Leonard of Sudan. He entered a plea of guilty in County Court-at-Law and was fined \$150 and costs. Leonard was arrested by Sudan Deputy Homer McLaury.

Homecoming Set By Spade Church

SPADE — Homecoming at the Methodist Church will be held Nov. 30. All former members, pastors, and district superintendents are invited.

A former pastor will preach at 11 a.m. and an old-fashioned basket dinner will be served in the annex at noon. Singing is scheduled in the afternoon.

Narcotics Charge Filed On Latin

A 17-year-old Latin American boy was charged with possession of narcotics after his arrest Saturday night at a Mexican dance at Earth.

The youth was Jimmie DeLana of Hereford, a former resident of Earth.

Officers said they found a tobacco can filled with marijuana on the youth.

Thanksgiving Supper Is Planned At Enochs

ENOCHS—The Annual Thanksgiving Supper sponsored by the Woman's Society of Christian Service will be held in the fellowship hall of the Methodist Church at Enochs Nov. 20.

Chokkon, dressing and all the trimmings will be served from 5:30 to 9 p.m.

Plates will be \$1 for adults and \$.50 for children.

BIG YAM—Bonnie Wren, young daughter of Mr. and Mrs. Roy Wren of Munday, holds a 6 1/4 pound yam grown by neighbor Hubert Partridge.

Christian Named Best Speaker

Jack Christian was the best speaker of the evening and Bill Street the best participant at the regular dinner meeting of the Toastmaster's Club Tuesday night.

W. W. Hall was the topic master and Henry Banks was the toastmaster of the evening.

Speeches were made by Christian, Wendell Tolley, and Frank Angeline. Street was the general evaluator.

"The Legislature should make provision for each school age child who is a resident of the State of Texas to attend school in any school district in the State when approved by the receiving district and have his attendance count toward the district's eligibility for state financial assistance."

Members of the county committee felt that the proposal would endanger the smaller schools, making transfers to larger districts easy to come by. They also felt that the proposed ruling could lead to "too much switching during the school year."

Vash Young and the 52 PHONE CALLS

In his book, "The Go Giver", Vash Young tells of making a telephone call to one prospect for 52 consecutive weeks before he got results.

Vash Young is one of the all time great insurance salesmen. He used tact, diplomacy, intelligent presentation and persistence. In this particular instance he telephoned a prospect for an appointment. The prospect put him off until the next week. And then he put him off another week and another and another until the telephone calls got to be sort of a game.

Vash Young kept right on calling every week without ever getting an appointment. On the 52nd call he was startled when the prospect told him of another man who wanted to buy a substantial amount of insurance. Vash Young followed the lead and took an order for the largest policy he had ever sold.

If Vash Young had given up after the second or third call he would never have sold the big order. And so it is with newspaper advertising. It takes more than one or two "calls" to the potential customers to get the best results. It is the consistent, persistent advertiser who eventually gets the "big order."

ons Do It Again...500 Out For Annual Flapjack Fry

UPPER LEFT—Flapjack flippers Earl Rodgers, C. M. Lance and Dr. Glenn Burk, from left, get set for another turn at the griddle during the Lions Annual Pancake Supper in the school cafeteria Friday night.

UPPER MIDDLE—Lending a hand with the food preparation were Ron Davis, left, another flapjack flipper, and Buster Owens, who's watching the bacon.

UPPER RIGHT—On the serving line as the crowd came through were, from left, Lions Gene Pratt, Tommy Mauk, Joe Wilson and Elam Caldwell.

LEFT CENTER—The man behind it all was Tom Hilbun, the Lion who mixed up all the pancake batter.

CENTER—Leaving the serving line after getting a plateful of pancakes and bacon are Arnold Neumann and son.

RIGHT CENTER—Lion Ed McCantles, right, was on hand to see folks get their cups and silverware before they headed for tables.

LOWER LEFT—Little Carla Hilton, 3, daughter of Mr. and Mrs. Bozo Hilton, got an Aunt Jemima pancake hat—and her share of the pancakes, too.

LOWER RIGHT—The tables were full in the cafeteria, as shown here. In the background, people are shown waiting in line to be served. About 500 were served.

3 weekly public service features from Dr. Henry A. Wolfe, M.D., Commissioner of Health

If you're looking for something to be thankful for in these ominous times, consider this:

More than one-half million Texas babies were born hale and alert during the two-year period between September 1956 and August 1958. That adds up to an average of some 685 new babies per day.

For the same time period 147,000 Texans died—representing a ratio of more than three births for every death, a fact clearly worth being thankful for.

The figures are revealed in an advanced look at the State Health Department's biennial soon to be published.

The excess of births over deaths during the two years added some 360,000 people to Texas' population. That increase, together with the influx of newcomers now making their home in Texas swelled the population past the 9.2 million mark.

Since 1936, infant deaths during the first year of life have dropped from 71 per one thousand to less than 30 per thousand today. During that same period, maternal deaths have been cut from 9 per 10,000 to less than 15 per 10,000 for this year.

The past biennial also produced these developments:

Some 115,000 Texans, whose births were not registered at the

time, found it necessary to file delayed certificates of birth through probate courts to prove age, parentage, and citizenship.

Most of these births occurred prior to 1903, the year the Texas vital statistics law was passed to require birth and death registration.

Nine hundred persons change their names during the two-year period, and court-ordered amendments to birth certificates were duly attached.

Almost a quarter of a million people asked for certified copies of their birth records. Just to process these requests required more than 550,000 trips to the files, which now contains more than 11,370,000 records of births and deaths.

And finally, since marriage of parents of an illegitimate child subsequent to its birth legitimates the child, 1,750 new birth certificates based on legitimations and paternity determinations were prepared and filed.

If being able to prove age, parentage and citizenship isn't worth being thankful for, nothing is. A weekly public service feature from the Division of Health Education, State Health Department.

Homecoming Set At Tech Nov. 21-22

LUBBOCK—Texas Tech will celebrate its 29th annual homecoming Nov. 21-22 with a full schedule of fellowship and football.

Thousands of exes are expected to return for a homecoming queen and coronation and appearance of Comedian Bob Hope

Friday, Nov. 21, and a homecoming parade, luncheon, Tech-Arkansas football game and dance Saturday, Nov. 22.

Mixed with the major features will be dozens of receptions, teas, parties and class reunions.

First event will be a meeting of the Ex-Students Assn. executive board at 10:30 a.m. Friday.

The Ex-Students Council—made up of general officers, chapter presidents, and district representatives—will meet at 1:30 p.m.

New general officers will be elected and 1958-59 activities planned. Exes President Curtis Sterling of Brownfield said.

Crowning of the homecoming queen at 7 p.m. will highlight ceremonies dedicating the new Saddle Tramps Circle, a pep rally center near the new Tech Gym. A ginat rally will follow.

Class reunions Friday will include the "old timers," classes '26 through '38, at 9:30 p.m. in the Caprock Hotel; classes of '39-'49 at 8:15 p.m. in the Faculty Club, and classes of '50-'58 in the Rec Hall. Bob Hope will appear in a special show at 8:30 p.m. in Lubbock Municipal Coliseum.

The homecoming parade through downtown Lubbock will begin at 10:45 a.m. Saturday.

A huge luncheon for exes will begin at 11:45 a.m. in the old gym. Tech's Red Raiders will meet the University of Arkansas Razorbacks at 2 p.m. Festivities will be climaxed with a homecoming ball for exes at 8 p.m. in the Lubbock Hotel.

Two Firms Offer 'Gifts By Wire'

Local representation in the new national Gifts By Wire organization was announced this week by the Roden Rexall Drug and Staggs Service Drug.

Gifts By Wire is a national network of bonded retailers offering the public new facilities for sending and receiving of gifts to every occasion through the mediums of telephone, telegraph and other means of communication.

Consumers can avail themselves of this new service by phoning or visiting either drug store to select from a catalog including nationally-advertised gift items.

WSCS Meets With Mrs. Mayes

ANTON—The Wesleyan Service Guild met in the home of Mrs. Marion Mayes with Mrs. Edith Terrall, a district officer, as the guest speaker. The W.S.C. members, Meses. Paul Tullis, W. M. Alexander, Jim Bridges, Harry Craig, Joe Garner and Roy Carden were guests also.

Mrs. Terrall told of her trip to St. Louis, Mo., to the Fifth Assembly. She gave an inspiring description of her visit to this meeting of 10,000 women, all working together for the glory of God.

The president, Mrs. David McVey had charge of the business session, and Mrs. C. F. Bryce gave the devotional. Mrs. Harry Campbell arranged the attractive worship center.

Mrs. Ralph Campbell closed the meeting with a prayer, and refreshments of chocolate pie and coffee were served to the group.

Social Security Acts Explained

"People who work for themselves on a farm or in a business trade, or profession should keep complete and accurate records of all of their business transactions," John G. Hutton, manager of the Lubbock social security office pointed out this week.

Maintaining complete and accurate records is good business from many standpoints and these records are particularly valuable when income tax time rolls around.

For these businessmen, federal tax returns are not only used to report the amount of their income for income tax purposes but are also used to report the self-employment income for social security credits. This means that

the eligibility to social security benefits for these individuals and the amount of their monthly benefits are dependent upon the accuracy of their tax returns and the accuracy of the basic records upon which these returns have been prepared.

Hutton commented that in many cases his office is required to verify the income reported on the self-employment tax returns. The lack of good records has in some instances caused considerable delays in awarding claims for benefits. So don't gamble on losing what you may be entitled to—keep an accurate and complete record of all your business transactions.

Rogers To Speak At Sudan Banquet

SUDAN—State Senator Rogers of Childress will be principal speaker Friday p.m. at the second annual business banquet at the school cafeteria.

The banquet is sponsored by the Senior Class of Sudan School, Sponsors of the Sudan King and Odell White. Rogers will speak on the interest to both the business and the community.

He will be in Littlefield today a.m. at the County Chamber of Commerce to assist in all matters pertaining to Social Security.

Four big reasons why FORD IS OUTSELLING ALL OTHER '59 CARS

AT THE BRUSSELS WORLD'S FAIR, the '59 Fords were awarded the Gold Medal for handsome new styling elegance by the Comité Français de l'Élégance.

The world's best-selling car is the car with Thunderbird elegance

In the greatest styling decision of the year, the American public has already shown a clear preference for the new Fords. Ford sales are way ahead of all competition. Why? One reason is the classic simplicity of their Thunderbird-inspired design—clean, crisp lines that are pure automobile! And Fords are built for people—to sit in, to drive, to ride in—with comfort.

ANYONE CAN FIT IN A FORD: Our cars are built for people—full-size people who want space to stretch out. And all passengers ride in deep-cushion comfort.

The car in hottest demand across the land has greater roominess and comfort

Thousands of customers have bought the new Ford over all competition for another compelling reason—it's a true six-passenger car. (The only four-passenger car we recommend is the Thunderbird!) All six Ford passengers get plenty of every kind of room—from leg and head to elbow and hip. Rear seat passengers don't feel like they're riding with their feet in a bucket!

YOU'LL BE THANKFUL EVERY TANKFUL if you buy the new Ford, for you'll save up to a dollar a tankful with new engines that run superbly on regular gas.

The No. 1 car in sales saves money on gas, on oil, on maintenance bills

A new Ford will save you up to 5¢ a gallon on gas. That's because both standard engines—Six or Thunderbird V-8—thrive on regular gas. And Ford saves on oil, too, with a Full-Flow Oil Filter as standard equipment. Drives 4000 miles between oil changes! And you can forget about waxing your car. Ford's Diamond Lustre Finish stays gleaming bright without waxing—ever!

THE FAMOUS FORD LOW PRICES have already made a hit, because only in Fords will you find value and beauty coming together at down-to-earth prices!

The most popular American car is priced as much as \$102.75 lower

Ford costs you less right down the line than the competition. Compare price tags and you'll see that the manufacturer's suggested retail price of a Ford, equipped with radio, heater and automatic transmission, is as much as \$102.75 less than the major competition! And on an air-conditioned car, you can save up to \$219.55. So compare and save on a 1959 Ford!

Fifth Freedom

Four freedoms, made famous during World War II as the philosophical base of Allied purposes, were these: free worship, freedom of speech, freedom from want, and freedom from fear.

A fifth freedom, as important as any of the others, should be added to the list: freedom of choice.

This is the point of a leaflet issued by the American Medical Association. It adds: "This philosophy of free choice should be on every phase of your daily life. Certainly not the least is your basic right to choose your line of work, your neighborhood in which you live, the church you attend, and the physician in whom you have the greatest confidence."

The AMA is concerned, and rightly so, with a recent downward trend in which the physician is chosen for his or her small moment whether such programs are in industry, government, by a labor union, by an enterprise, or by other kind of organization. They deprive you of free choice, and they may lead to inferior medical care. You do not have the freedom to choose your own physician. Individual physical and emotional needs may be neglected—because you and the physician have not had the opportunity to develop a feeling of mutual understanding and trust.

At high time we stressed the fifth freedom—in every phase of human life.

Pushed Out Of Jobs

According to U. S. News & World Report, a union-owned newspaper in Stockholm recently ran this headline: "We want higher wages." The reason is that Swedish firms have been losing out in export markets, largely because of high wages. As U. S. News puts it, the unions "prefer to see their workers pushed out of jobs."

One expects our own unions to ask for lower wages. At a time they thought in terms of restraint in wage demands. American business, no less than foreign business, can be priced out of markets. If and when that happens, the workers are priced out of jobs.

The formula for success is simply putting the right man in the right jobs and then sitting on the sidelines and watching the damned good cheerleader."—A. Marshall Jones.

Root Opinions

OLD TOWN, ME., PENOBSBOT TIMES: "Hunters and their 'great outdoors' throng to the eighth annual Old Town Hunters Breakfast. This is a pleasant event each year, and local residents and visitors from near and far share in the excitement of the last pre-dawn hours before the opening of the deer-hunting season, while enjoying a hearty meal and swapping stories of adventures in the woods."

But the main significance of the Old Town Hunters Breakfast—the big reason why the first Breakfast was planned years ago—is to remind hunters, before they set out to the wood after that big one, to use their wits while in the woods, so they will not become lost or have accidents. Their enjoyment, and, above all, to make sure that their motion, bit of color, or rustle of sound is a deer being shot at it...."

ELAH, WN., INDEPENDENT: "A welfare state is a state in which the government is the benefactor of everyone but the taxpayer."

ALTERBORO, S. C., PRESS AND STANDARD: "In a few weeks a rash of senseless bombings of houses, churches and schools has taken place throughout the South. The people should rise up and demand that the culprits, when captured, should be severely punished for these heinous attacks. If allowed to go unchecked these groups would be the Methodist, Presbyterians or even the Catholics, should be eliminated. Terror tactics are never justified and only prove the cowardice of the perpetrators."

WILMINGTON, KANSAS, REFLECTOR-CHRONICLE: "It is an unhappy news for taxpayers that of 18 state legislatures that met to approve budgets this year, two-thirds of them increased taxes or changed collection procedures to get more money...."

40 YEARS LATER—Gabriel Garcia, 68-year-old San Diego farmer who was unknowingly carried as an Army deserter for 40 years, had medals pinned on him at Veterans Day ceremonies at the Alamo in San Antonio. Medals included the Distinguished Service Cross, Purple Heart and European campaign ribbon for Garcia's World War I service. (AP Photo)

STATE CAPITAL
Highlights
AND
Sidelights

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Texas state colleges and universities should concentrate on doing the best job possible of one thing—higher education.

To do this, some other things—like student medical services, intramural athletics and certain extension services—will have to be cut loose from tax support. This is the gist of a report to be presented to the next Legislature by the Commission on Higher Education. Reached after prolonged study and discussion, the Commission's recommendation, if adopted, would be a significant and far-reaching step toward directing state spending on higher educational institutions toward "pure academic pursuit."

The Commission will ask the Legislature for the largest appropriation in history, about \$67,000,000 annually, for the state's 18 tax-supported colleges and universities. This would be \$10,000,000 a year more than is presently provided. Extra money would be used to provide more teachers, better faculty salaries, improved library and research facilities.

On the other hand, the Commission turned thumbs down on the conducting of a number of extra-curricular activities at state expense. Things which the Commission recommends the Legislature NOT include in the higher education budget: (1) intramural athletics, (2) free or low-cost medical services for students, (3) the 17-year-old Cotton Research Council and the Rodent and Predatory Animal Control Service, (4) a bureau of business research at Texas Tech, (5) Texas A&M's Texas Transportation Institute and (6) operation of museums as a part of five schools.

LEGISLATIVE HORIZON—Beginning of the 56th Legislature is a little more than seven weeks away. Each week brings forward more touchy problems the lawmakers will have to wrestle with.

Some are new; some have been chewed over in many previous sessions. Examples:

CITIES vs. CITY EMPLOYEES—Texas League of Municipalities recently voted to ask the Legislature to step out of the field of regulating city employees' salaries, hours and benefits. It's a

should be. MORE SCHOOL DAYS—Less fishing and more studying time may be in the offing for Texas school students.

State Board of Education voted to recommend to the Legislature that the present 9-month school year be extended to 10 months. Earlier this month the Hale-Aikin study committee decided to recommend 9½ months of schooling.

A spokesman for the Texas State Teachers Association said he thought teachers were generally favorable to a longer year. More will be known after TATS has its annual convention in Fort Worth over the Thanksgiving holidays.

Among groups that already have More will be known after TATS ators of summer camps and resorts. A longer school year would mean less time for them to be in operation.

Other questions sure to be raised are the extra costs coming at a time of financial strain and the possible ineffectiveness of study during hot weather weeks.

But probably the sharpest division of thought will be between parents (for) and children (against).

CREDIT RATES UPHELD—State Insurance Department's

drastically reduced credit insurance rates are back in effect again.

Last spring the Department issued an order which, in effect, cut in half the legal rate that could be charged for credit insurance. Cosmo Ins. Co., Amarillo, and others sued in an Austin district court and obtained a court order preventing the Department from enforcing the new rule.

But the Fourth Court of Civil Appeals reserved this. It held that Cosmo was entitled to a court hearing as to whether the new rates were just and reasonable. Meanwhile, they're in effect.

ICT SUIT RE-FILED—A suit charging scores of well-known persons and financial institutions with a share of the blame for ICT's ill-fated history has been re-filed in an Austin district court.

It was originally filed last June when V. F. Taylor was receiver for the case. Then there was a complicated shake-up and turnover in the liquidator-receiver's office, bringing in an almost all-new team.

Now the suit has been filed again with the name of the new receiver, C. H. Langdeau, substituted on the papers. This probably is the granddad-

Sandhills Philosopher

Don't Fix Tax Loopholes. Point Them Out To Him

Editor's note: The Sandhills Philosopher on his Johnson grass farm has taxes on his mind, his letter this week indicates.

Dear editor:

Yesterday afternoon I was out here on my farm wandering around hunting for something to read—some people think when I'm wondering around I'm just loafing but if you're going to let what people think influence what you do, you'll wind up tired and the other people no better off than they were to start with. In fact I see so many ways I could improve myself I have very little time left for improving somebody else, although on the whole I'm like most people, I'm fairly well satisfied with my own conduct and if there's any changing to be done it's up to the other people to do it—at any rate, I finally found a newspaper lodged in a fence corner under a pile of leaves and drifted back home and sat down and read it.

One article in it burned me up. According to it, a group of Congressmen, looking around for something to do in the next session in January, have decided they're going to launch a drive to close what they called some major tax loopholes.

This is what burned me up. Close some tax loopholes? Thunder, I don't want 'em closed, I want 'em POINTED OUT.

If there are any major tax loopholes, and these Congressmen know about them, and they want

to be popular with me, just let them send me a list right away. What this country needs is not fewer tax loopholes, but more.

As I understand it, these Congressmen are out to prove they're not a bunch of spendthrifts, and by plugging up these holes they'll prove it and still get more money for the government. This may be economical for the government, but it's not economical on me. If there's a loophole I can squeeze through, and I'm calling on you right now to drop whatever you're doing, if you can recall what it was, and get to work on this list of loopholes. I think it'd be the most popular, most thoroughly read news item you ever published.

Yours faithfully,
J.A.

DESIGNED AS THE NATION'S most modern combined Diagnostic Clinic and Hospital this \$10,000,000 building project has been announced by the board of the Scott and White Memorial Hospital of Temple, Texas. It will provide 279 beds and facilities for 50,000 clinic and hospital patients annually. An innovation for care of the critically ill will be a special observation unit on each hospital floor. Four hospital bed floors in the shape of a cross (A) and two clinic floors (B) rise above the first two floors and basement, which contain diagnostic and research laboratories, surgical and X-ray departments, rehabilitation therapies and other jointly used facilities. A Nurses Residence (C) will help meet the shortage of nurses in the Southwest by increasing student nurse enrollment from 60 to 85. The structure marked (D) is a future building for educational purposes. Target date for starting construction is June 1, 1960. As a non-profit institution, Scott and White serves patients from all parts of the Southwest.

NO COMPARISON - NO INJURY
In explaining sight, the eye is often compared to a camera. This is an insulting comparison because the camera which will do the things done by the common ordinary everyday eyeball does not exist. If it did, it would be such a rare piece of mechanical genius that it would be priceless.

TRF Stresses Soil, Water Conservation

Conservation of soil and water is receiving major attention in the research program at the High Plains Station of the Texas Research Foundation. A new phase of this program was initiated last week with bench leveling of the sloping land around the lake getting underway.

This is a cooperative program with the Soil Conservation Service and the Floyd, Hale, Lubbock, and Terra Blanco Soil Conservation Districts. J. E. Hancock Manufacturing Co. of Lubbock, Plains Machinery Co. of Lubbock, and West Texas Equipment Co. of Amarillo are assisting in the layout and development of the bench area.

The project is designed to compare the efficiency of water usage on irrigated slopes (1 to 3 per cent) in contoured rows, level benches, and rows running down the slope. Measurement will be made of applied water (both rainfall and irrigated) and water lost by runoff. Cost of production, yields, soil erosion loss, and the effective use of water will be factors considered in this experiment.

The Advisory Council of the High Plains Station considers the use and conservation of water as the "number one" problem of the irrigated High Plains. Harold Hinn, chairman, stated this week.

"WE WERE AMONG THE ROLLING STONES last year—the 32 million Americans who pulled up roots and moved. Our company, you see, opened a new branch office. We not only moved—we moved half-way across the country.

"Actually, though, it was no hardship. We had learned before that the quick way to put down new roots was through our church and community activities and financially—by making friends down at the bank.

"Our bank has played a big part in helping us settle here. We started by opening checking and savings accounts. Later we got a loan and

used other family bank services. Again we found that we were building credit and standing in the community that we couldn't establish in any other way.

"We seem to get together for so many things that now 'family banker' has the same warm meaning to us as 'family doctor.'"

You can do more with your money by using your family bank's many services:

- 1 Earn guaranteed interest on your savings, confident that you can withdraw them whenever you want.
- 2 Save time and money—and have a permanent record—when you pay your bills by check.
- 3 Build, buy or improve your home with a loan at low bank rates.
- 4 Meet other family needs—the new car, college tuition, emergencies—through confidential personal loans.
- 5 Help the growth of your business—whether farm, industrial, commercial or professional—through easily arranged loans and experienced counsel.
- 6 Build personal and financial standing in the community through your bank relationship.

THIS WEEK

In Washington

With CLINTON DAVIDSON

Now that the election excitement has died down in Washington, farm issues are shaping up as one of the toughest problems which the new Congress will face when it convenes in January.

Agriculture Secretary Ezra Benson will insist that farmers be given more freedom to plan and market as they please. The new Congress will be equally concerned with "protecting" farmers from excessively high production and damaging low prices.

The most pressing farm problem with which both Congress and Mr. Benson must deal is that of mounting surpluses. Government holdings of farm commodities may reach, and possibly exceed, \$10 billion by early next year.

The government is now spending at the rate of more than \$4 billion a year in an unsuccessful effort to reduce surpluses through (1) acreage allotments and direct payments to producers and (2) subsidized disposal of as much of the excess as possible.

Soil Bank Flop

The billion dollar a year Soil Bank under which farmers have been paid to retire 25 million acres from production has failed to stem the rising tide of surpluses. The costly Soil Bank acreage reserve program is being discontinued after this year.

Total crop production this year will top any previous year by more than ten per cent. This record has been set with fewer acres in cultivation than any year since the 1880s, and by a third fewer farmers than there were 25 years ago.

The government is spending more than \$1 billion a year to cover losses and storage costs on surpluses. It is spending another \$2 billion a year in financing surplus disposal, mostly through what amounts to a give-away program abroad.

Gigantic Stockpile

Our stockpile of wheat, corn, sorghum grain, soybeans and barley is at an all-time record high. Wheat supplies in October were more than two billion bushels; enough to fill two freight trains with their engines in New York and their caboose in San Francisco.

Farmers are harvesting a record 3.8 billion bushels of corn to add to an already record 1.5 billion bushels left over from previous crops. It would take five across-the-country freight trains to carry that much corn.

The next Congress must face up to the problems of how to stem that tide of excess production. It will find urban taxpayers pressing it for a good reason why the government should continue to spend billions of dollars a year on programs about which both farmers and city people complain.

Mr. Benson's proposal is simple: Ease government planting restrictions and lower price supports to the point where there will be a market for everything farmers produce. Lower prices, he argues, will result in increased exports and in new uses for farm products in this country.

Congress, in the past, has contended that this would drive prices so low that two million farmers would be bankrupt within three years. Mr. Benson retorts it would be better to bankrupt two million farmers than to continue an unsound program.

The next Congress will be pressured, both by Benson and by city taxpayers, to reduce the cost of farm programs. That may be the big farm issue.

Rural women in Turkey, those who worked in the fields, once wore veils only on holidays and similar special occasions.

On the banks of the waterway leading to Leige in Belgium, following the Meuse River, there are now huge steel mills, a university and a helicopter port.
