No. 22

RECENT SALES OF YELLOW HOUSE LAND COMPANY TOTAL 4,470 ACRES PROSPECT FOR FUTURE SALES GOOD

That the sale of lands in this vicinity has been good, is the statement of H. Badger, manager of the Yellow House Land Co., this city. Mr. Badger says they have been selling lots of land during the past two months, and if they are to judge from the number of inquiries constantly coming into their office, business in this line will be much greater during the next months to come.

Some how or other, he says, the crops of the fine crops growing on the South Plains this year has gone into the central and eastern parts, and numerous people of whom he has no knowledge at all, are inquiring for further detailed information regarding the merits of Littlefield and surrounding section.

Last Saturday A. C. McNutt, J. H. Watt, C. E. Purvis, and A. F. Weir, all of Throckmorton county, were here, each of them purchasing acres of Yellow House land within the Littlefield school district. These were all bought with intentions of being bona fide citizens, and stated they would move their families out during the coming week and begin improvements on their places immediately.

Other recent sales of Yellow House are as follows:

- A. Keeler, 220 acres, located on the State highway, adjoining the J. M. Blessing farm, paying \$61.00 per acre.
- Albert Volney, Williamson county, 354 acres.
- J. L. Stevenson, Cisco, 354 acres.
- L. L. Trickett, Wichita county, 177 acres.
- Willie L. Johnson, Hall county, 177 acres.
- John Mance, New Mexico, 177 acres.
- G. M. Hines, Littlefield, 354 acres.
- C. E. Denny, Harmon county, Okla., 177 acres.
- G. M. Beasley, Hall county, 177 acres.
- W. E. Burnett, Hall county, 177 acres.
- C. D. Gilley, Littlefield, 177 acres.
- He had previously purchased two tracts of 177 acres each.
- J. T. Baldwin, Hall county, 177 acres.
- Clay Breeden, Williamson county, 177 acres.
- L. L. Shell, Williamson county, 177 acres.
- L. P. Edrington, Williamson county, 177 acres.
- F. P. Breeden, Indiana, 531 acres.
- M. L. Walraven, Bell county, 177 acres, 5 1/2 miles southeast of town. He will move his family here the first of January, making this his future home.

DUCKS ARRIVING EARLY PROMISING GOOD FALL SPORT

Recent indications are that there will be a fine duck hunting around Littlefield this fall and winter as many of the surrounding lakes, already filled with water, are being more and more populated with ducks of various kinds. Some of these lakes now have a thousand or more birds.

Duck hunting in this section is usually good every year, and the migration of ducks this season is by many to mean an early start this fall.

The hunting season for duck, goose and coot, in the north zone of the county is from October 16 to January 31.

Game seasons in Texas are as follows:

- Quail and dove, September 1 to October 31.
- November 16 to December 31.
- December 1 to January 16.
- Turkey, (males only) November 1 to December 31.
- Jacksnipe, October 16 to November 31.
- Wild chicken closed September 30.

Within the county of one's own land is permitted without a license to hunt outside one's own land a license is required. This license may be obtained in Littlefield from J. M. Pope, deputy game warden of Lamb county.

COMMERCIAL BODY HOLD ANNUAL MEET HERE TUESDAY NITE

The annual meeting for election of officers and banquet of the Littlefield Chamber of Commerce, scheduled for Tuesday night of this week, will be held Tuesday night of next week in the old M. System store building. Everyone is urged to attend this important meeting.

Tuesday afternoon it was decided to participate in the Lamb county exhibit to be placed at the South Plains fair, held in Lubbock, beginning October 1st. On account of the lateness of crop development, it was thought not best to enter competition for the prizes, as it was impossible to fill the entire score required; but to place the exhibit for publicity purposes only.

The exhibit will be in charge of D. A. Adams, county agent, and G. H. Helweg, vocational agriculture teacher in the Littlefield schools. Mr. Helweg will be assisted by his agri pupils and a committee composed of T. A. Henson, Ellis Foust, P. W. Walker and C. O. Griffin. T. S. Sales, E. A. Bills, Otto Jones, G. M. Shaw, A. C. Chesher, F. M. Bursleson and T. Wale Potter will have charge of placing the exhibit. Articles for exhibition purposes will be received here at the old skating rink building.

A committee composed of F. M. Bursleson, Acree Barton, Clay Pumphrey, Jake Hopping, P. W. Walker and Pat Boone was appointed to see property owners on the street leading to the school center to obtain their signatures in placing a concrete walk from town to school. Similar action was taken relative to building walks on the east side of Main street and filling in the open spaces on the west side of the same street.

Considerable discussion was held regarding the local enforcement, and an unanimous vote presented to the Commission was to the effect that the City officers take such steps as were necessary to preserve the peace of the city.

A contract for one page of advertising and publicity for Littlefield to be run in the Lubbock Avalanche special fair edition was subscribed by local business men and recommended by the commercial body.

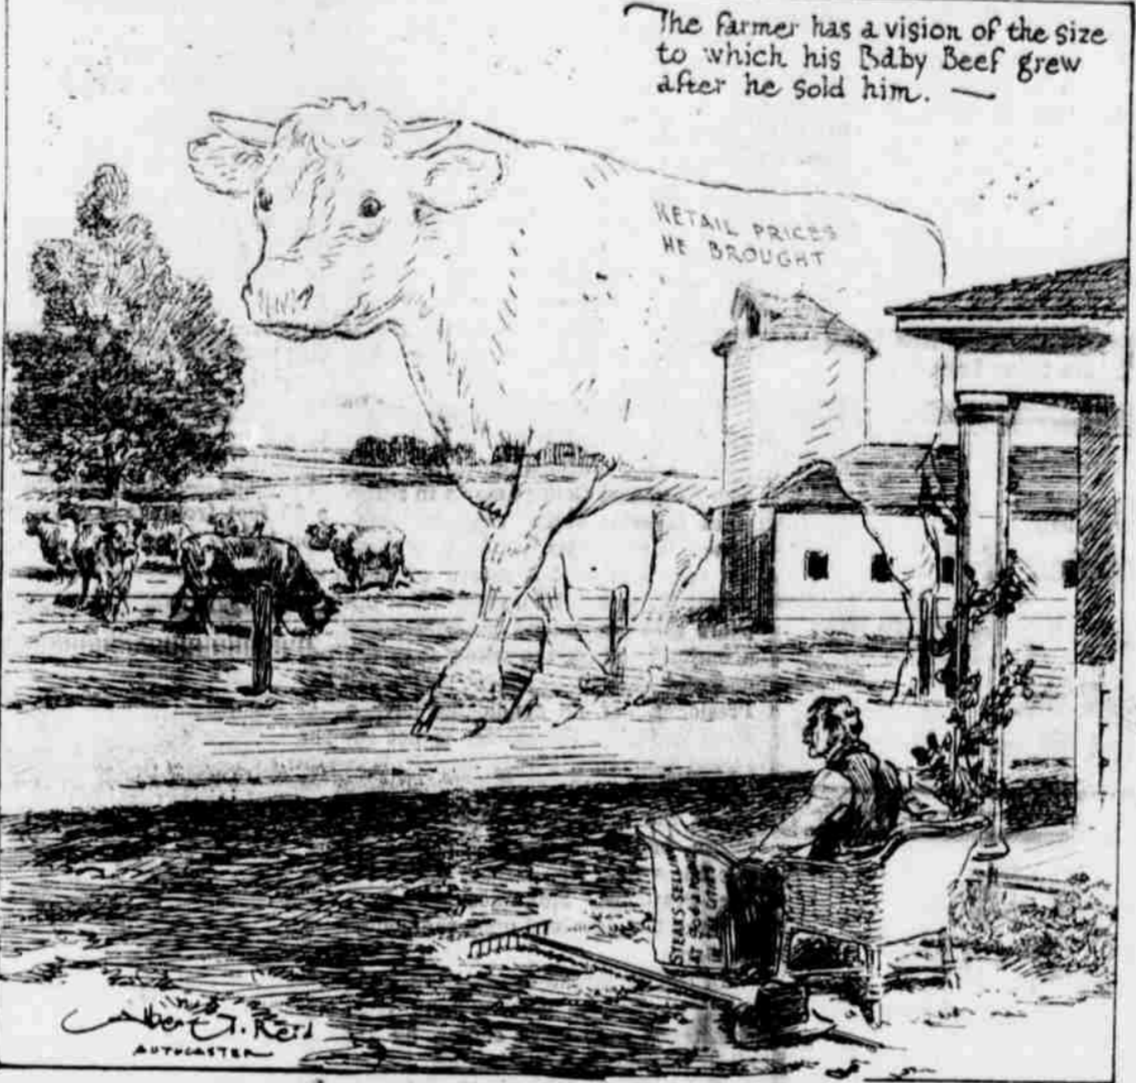

Eats Oysters

Clark of Synoville, his sand tree a month, oysters and clams. It is said that it is the main sustenance for the surrounding sea food.

BIG CELEBRATION OF CARNIVAL RODEO AND BALL GAME WITH FT. WORTH CATS HERE FOUR DAYS

Preparations are in progress for a big fete of pleasure to be held in Littlefield, Tuesday, Wednesday, Thursday, Friday and Saturday, September 18 to 22, at which time there will be carnival and rodeo attractions, and baseball game with a professional team.

The Copper State shows, of Cincinnati, Ohio, have been engaged for the occasion, and will be here during those days with a big assembly of rides and other pleasure and stunt contrivances. Among these attractions are the Merry Mix-up, Ferris Wheel, Merry-Go-Round, Little Kiddies Rides and a miniature steam railroad. There is the Motor Drome, with its daring riders, and numerous shows, such as the Big Circus Slide-show, Congress of Wonders, Smallest Baby and Mother alive and beautiful serpentine dancing. "Tiny" Simons will be here with his bunch of wrestlers and boxers. Prof. Coley, for the first time will show "Hiko" the South African Headman, and there are many other attractions to numerous mention. The show has the reputation of being one of the largest, cleanest and greatest pleasure-giving of any on the road today.

Thursday of the festival of fun, there will be a matched baseball game between the Fort Worth Cats and the Littlefield Lions. As is generally known, the Fort Worth ball players are among the leading teams of Texas, having been pennant winners for five years, and for six years leaders in the Dixie series. Littlefield has a team of excellent players, many of whom are ex-league men and promises to give the visiting Cats a big run for their money. This game will no doubt draw a large attendance, many of whom will be from surrounding towns.

Friday and Saturday there will be big rodeo events, consisting of horse racing, saddle horse racing, wild mule race, calf and goat roping, steer riding, etc. Many of these events will carry prizes, the amounts to be announced later by the committee.

The committee, composed of J. W. Horn, L. E. Key, E. J. Foust and J. H. Harless are this week working out the details of the event and distributing advertising matter in the various towns and throughout the country of this section, and indications are, from reports they are receiving, that Littlefield will be a crowded city of visitors during these four days.

HIGGINBOTHAM-BARTLETT TO BUILD IN NEAR FUTURE

C. W. Bartlett was in Littlefield last Friday and gave official sanction to the plans of local manager Wm. J. Harris for the erection of two or more brick buildings on the site of their present yard, beginning at the south corner of the property.

Just when the construction would start, Mr. Harris was unable to say, but probably after crops are pretty well in hand. He also states that he has applications now for the rental of one or more of these buildings and when the company is ready to build, they may decide to put up four bricks the corner building to carry a foundation for two stories. One of the new buildings will be occupied with the office and hardware store of the company.

WEST GRAIN COMPANY BUYS FIRST LOAD OF 1928 MAIZE

Thursday of last week, J. N. Wright of Whitharral, brought to Littlefield the first load of 1928 grown maize.

This maize was bought by the West Grain Co., for \$16.50 per ton. This company took a moisture test, which showed about 18 percent moisture, containing about six per cent too much moisture for shipping purposes.

CUNDIFF DAIRY GROWING CATTLE GIVEN T. B. TEST

E. C. Cundiff, who started in the dairy business about a year and a half ago with three cows, is now milking an average of 25, using an up-to-date DeLaval milking machine and other modern equipment which meets with the approval of his many satisfied customers.

Last week Dr. Akien, state veterinarian, gave the tubercular test to all of Mr. Cundiff's dairy herd, finding no reaction from any individual. In fact, according to Dr. Akien, there is very little disease among cattle on the South Plains. Out of 4,000 head tested by the doctor, only 46 reactions were found, he said.

Cundiff is making special effort to produce milk that is entirely wholesome and sanitary, his product now being rated as class "A." He invites his patrons to visit his dairy at any time and see just how the milk they use is being handled.

OLD TIMERS PICNIC

Several of the older settlers in and around Littlefield are planning attending the old-timers picnic to be held by the Old-Timers Association at the Fair park in Lubbock next Saturday.

NO COMPLAINTS ARE FILED

A meeting of the City Commissioners was held last Friday evening for the purpose of hearing complaints from property owners on Fourth street and XIT drive relative to paving going in on those streets. There were no complaints.

CONDITION OF THE COTTON CROP NOW 60.3 OF NORMALCY

The Department of Agriculture announced last Saturday that a cotton crop of 14,439,000 equivalent 500-pound bales is indicated for this year and that the condition of the crop on Sept. 1 was 60.3 per cent of a normal.

The Sept. 1 condition of the crop which compares with 56.1 per cent, a year ago, 59.6 per cent in 1926 and 56.2 per cent in 1925, indicated an approximate yield of 153.9 pounds per acre compared with 154.5 in 1927, 182.6 in 1926 and 156.3 the 10-year average, 1917-1926.

On the basis of Sept. 1 reports of abandonment after July 1, the preliminary estimate of total abandonment after July 1 is placed at 3.8 per cent of the 46,695,000 acres in cultivation in the United States on that date, leaving an indicated area of 44,916,000 for harvest.

"In the central portion of the belt except Louisiana improved prospects were noted but along portions of the Atlantic Coast and in Western Oklahoma the crop was deteriorated as a result of drought."

"The weevil infestation is quite general and severe in most of the belt in practically the entire coastal plains area and well up into the Piedmont they have punctured a large portion of the small bolls so that in these regions little can be expected beyond the moderate crop of practically mature bolls already set.

"In the delta sections of Arkansas, Mississippi and Louisiana the plants are generally well fruited and in many places are still blooming. Weevil damage in these regions was relatively slight early in the season, but weevils appeared in large numbers at many places later in the season."

ROTARY ENTERTAIN CATS

The Fort Worth Cats who are to play ball here Thursday, September 20 with the local team, will be guests of the local Rotary club at luncheon on that day. A special program of speeches and music is being prepared for the occasion.

The following Thursday the Rotarians will entertain the local school teachers.

CITY INCOME SET AT \$20,120.71 BY CITY COMMISSIONERS

A final meeting of the City tax equalization board was held last week, making complete returns of the year's taxes to the Commissioners.

The valuation of property within the city has been placed at \$1,341,080 which at the tax rate of \$1.50 per \$100, set by the Commission, will bring a total revenue to the city amounting to \$20,120.71. There is also an item of unknown valuation amounting to \$8,640.00, which should bring further revenue amounting to \$1,129.61.

The City now has a bonded indebtedness amounting to \$200,000. Of this amount \$75,000 is for waterworks, \$75,000 sewer system, \$40,000 paving, and \$10,000 waterworks extension, all of which are drawing 6 per cent interest. This interest amounts to \$12,000 per annum. The law requires and the ordinances provide for a certain amount of money to be set aside annually for sinking fund and interest to apply on the bonded indebtedness. However, this has not been complied with during the past, and it is desired by the Commission that this requirement shall be met, at least in part this year outstanding warrants against the city amount to around \$9,000. There is also an item of approximately \$8,500 past due taxes unpaid from previous years.

In consideration of these facts, it will be seen that the tax rate set for the coming year is no higher than needed for the City to meet its obligations.

TRI-STATE FAIR TO DRAW BIG CROWDS WITH ITS FREE GATE

Amarillo, Texas, Sept. 12.—Two of the outstanding entertainment features of the Tri-State Free Fair, September 22 to 29, will be the Schooley and Collins Winter Garden Revue with 80 people participating, including a chorus of more than 30 girls, and Leonard Stroud's Rodeo.

The Rodeo performance offered by Stroud is an annual attraction at many of the biggest cities and fairs in the nation. Included in Rodeo acts are some of the leading cowboys and cowgirls in daring breath-taking exhibitions.

The Winter Garden Revue of 80 people, one of the highest type of revues for big state fairs, will furnish beautiful and rollicking entertainment every evening in front of the big grandstand.

Indian dances, football games and a number of other entertainment features are scheduled. The gate will be free for the first time in the history of the fair.

NEW AUTO STATION OPEN

The Seale-Whippet Co., last week moved their business across the street from its former location into the old theatre building.

A. L. Davenport, well known local mechanic, will have charge of the service and repair department.

Baseball Idol

TEACHING OF THRIFT IN OUR SCHOOLS IS NOW MAKING VERY RAPID STRIDES

By S. W. STRAUS, President, American Society for Thrift in the U. S.

During the school year soon to open far greater attention to the teachings of thrift will be given than at any previous time. Probably no less than 10,000,000 students will then be gaining educational help in thrift.

In some schools no effort has been made in thrift education to go further than the establishment of school savings banks. In others, the bank work is supplemented by certain lessons in thrift imparted by the teachers. In still other schools, real instructions in thrift along correct scientific lines have been adopted. The latter method is the one to which all schools should work.

Near the close of the last school year, the outline of a thrift study course for grades one to eight, inclusive, was completed and issued by the American Society for Thrift after thirteen years of research and study by various educators. This outline

does not provide a separate course in thrift but, by concrete example, shows how thrift can be applied to many of the common branches.

During the Spring and Summer, many schools throughout the country secured copies of this outline of thrift study with a view of introducing the work in the curriculum this year.

We believe very few people today deprecate the value of thrift. Surely one can over-estimate its worth when properly expounded in the classroom.

The work of the school system of this nation has been greatly enriched by the introduction of thrift teachings in this practical form. The nation that teaches thrift to its young need have no fears about its future place among the nations of men.

Bend.—The cornerstone for the new school building here was laid September 4.

Big Lake.—Three new brick residences are being built here.

President of the United States is Chosen in A Curious Way, Quite Unlike Any Method Of Election Used Anywhere Else in World

The President of the United States is chosen in a curious way, quite unlike any method of election used elsewhere. More than that, he is elected in a way that is very different from that which the founders of the Constitution intended. The whole practice of our Presidential elections is an interesting illustration of the possibility of evading or undermining a written and supposedly rigid constitution, whenever the conditions make it desirable to the people.

The original idea of the fathers of the Constitution was to avoid the choice of the President by popular vote. They did not leave the election to Congress, either, as the founders of the present French Republic did. They set up a separate body, which has come to be called the Electoral College, perhaps by analogy with the College of Cardinals that chooses the pope—the nearest electoral body—in theory, at least—to the assembly thus created.

But the College of Cardinals meets all together and remains in session until it has finished business. Our own Electoral College meets in forty-eight separate state capitals, each state delegation by itself. The electors vote and send a record of their proceedings to Washington. If it appears that one set of candidates has a majority of all the votes, they are declared elected President and Vice-President. If no candidates have a clear majority, the matter is not referred back to the Presidential electors. The House of Representatives elects the President, voting not en masse, but by states, each state having one vote. The Senate elects the Vice-President. Not since 1824 have these duties devolved upon the houses of Congress.

In the beginning the electors, even when chosen by popular vote (and sometimes they were chosen by the state legislatures, so that the people had no voice whatever in the selection of a President), were not pledged to any candidates. They were supposed to be men of special character and intelligence, who would use their own judgment in the choice of a President. There was no reason why the votes of each state should not be divided among several candidates—and they often were. So far as the law and the Constitution goes, that is the same today. The obligations of an elector to vote for his regularly nominated party candidate is purely moral. If he choose to violate that obligation and vote for someone else, he would be quite within his legal rights.

But the rise of great political parties soon changed the actual practice of the Electoral College. For a time, party candidates were put up by a caucus of the members of that party who had seats in Congress, or proposed by the state legislature of various states. That method did not work well, however, and for almost a hundred years we have used party conventions, the delegates to which are elected for that special purpose by party caucuses or primaries in the various states. When such conventions have made their nominations the party becomes pledged to the support of the candidate so named, and the members of the Electoral College elected by the people in November, are equally pledged to cast their votes for the same candidate. Accordingly, it is now the rule that all the electoral votes of a given state are cast for the same candidate, either Republican or Democrat. The only exception is when the vote of the people is so evenly divided between the two parties that some electors from one ticket and some from another manage to get a plurality.

Only three times since 1860 has a third Presidential candidate received any electoral votes—General Weaver, the Greenback candidate, in 1892, Mr. Roosevelt, the Progressive, in 1924, and Senator LaFollette, also Progressive, in 1924. In none of these cases was the third-party strength sufficient to prevent a choice by the Electoral College.

OLTON BREAKS GROUND FOR NEW SCHOOL BLDG.

Ground was broken last week at Olton for the erection of a new \$45,000 high school building, and work of construction will be rushed forward as rapidly as possible.

The new building will contain eight class rooms and library.

Marshal Cavett to Build
Marshal Cavett, Olton, last week let contract for a brick building, according to Architect G. S. Glenn, this city. It will be 26x60 feet, and the contractors are Murphy & Murphy, this city.

Have your printing done at home.

INSTALL NEW MACHINERY

The Littlefield Bakery last week installed a new bread moulding machine of the latest type. It is electrically operated and will mould loaves from six to 18 inches long.

This is the first of the other new and modern equipment which is to be installed by Sam Rumbach, proprietor in the new building, when completed.

BREAD WAR SATURDAY

Following the handling by some local concerns of bread made in Lubbock, the local bakery last Saturday cut the regular price to three loaves for 20 cents. Dealers of the imported bread followed the lead by reducing the price to six cents per loaf. The local bakery dropped its price still lower, to five cents per loaf.

It is reported some citizens took advantage of the price war to lay in a supply to last for several days.

Floydada.—A 150 foot building with a 25 foot frontage is under construction here.

THREE INJURED IN WRECK WHEN AUTO GOES INTO DITCH

While driving between Littlefield and Amherst Monday afternoon, the automobile in which James Norman, Misses Olga Reed Henson, Estelle McNutt and Mary Nell Keithley were riding, left the road, turning over a couple of times in the ditch alongside.

It is said the car was being driven about 30 miles per hour, when it hit a bump in the rough road and became unmanageable. Young Norman was struck by the steering wheel in the stomach, and back also injured. Miss Henson received a severe gash on one knee requiring 18 stitches to close.

Miss McNutt received bruises and slight back strain, while Miss Keithley escaped practically unhurt. The top of the car was demolished and the windshield broken.

A girl isn't necessarily timid because she jumps at a conclusion.

An Unpleasant Subject

All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from Stokes & Alexander Drug Co.

The new Buick is the New Style

Graceful contours instead of straight lines—the gleam and sparkle of brilliant colors and chrome plating instead of drab effects... the most beautiful bodies ever built... Buick's masterpiece bodies by Fisher

At a time when motor car beauty was practically standardized—when imitation was the vogue—when there was a glaring lack of originality in body design—Buick has swept far beyond the commonplace and achieved a style which the entire country is acclaiming as the most distinctive and beautiful ever shown!

Fisher, the world's foremost builder of automobile bodies, has cooperated with Buick, the world's foremost builder of fine cars, to create a new mode—a new fashion—and so luminous is the result and so eagerly is the public welcoming it that Buick's great factories have reached new production levels in an effort to keep pace with an ever increasing demand!

Inside and out, the new Buick bodies by Fisher are the most beautiful ever built. Together with the wonderful new standards of performance introduced by the Silver Anniversary Buick, they are winning the greatest demand and the greatest preference ever enjoyed by any fine car!

The new Buick is the new style! And by that is meant, not merely a new type of beauty—not merely a thrilling turning point in body design—but a great country-wide vogue!

DON'T MAKE YOUR HOME TOWN THE GOAT!

Those who think of their town only as a good place to sleep in should wake up to a full realization of what COMMUNITY COOPERATION really means. How it will benefit them and help make them more prosperous.

The prosperity of YOUR TOWN means YOUR PROSPERITY!

As your town grows, opportunities broaden. If your town stands still, you stand still. COMMUNITY PROSPERITY means INDIVIDUAL PROSPERITY; community growth means individual growth.

You can't grow a giant oak in a flower pot—you can't expect a whale to live in a puddle—and you can't grow more prosperous in a town where the people do not cooperate in fostering community growth!

When you buy elsewhere you are not fair to YOUR OWN HOME TOWN.

You are impeding its progress!

Keep YOUR MONEY in YOUR OWN HOME TOWN where it will do YOU the most good. The success of YOUR LOCAL MERCHANTS means as much to YOU as it does to them.

Catch the COMMUNITY BOOST SPIRIT!

Every little penny spent with YOUR OWN HOME TOWN MERCHANTS helps YOUR TOWN to grow in strength and prosperity.

When you allow the benefit of your purchasing power to accrue to other communities, YOU ARE MAKING YOUR TOWN THE GOAT.

Keep the Home Dollars Home!

**PERSONALITY IN FALL BUYING SHOWN
IS INDIVIDUALISTIC STYLES CREATED
FOR MILADY WHO'S PARTICULAR CHOICY**

"Styles in dresses and coats are not greatly different this fall from that of last year, but the sky line for hats has been considerably modified," says Mrs. T. S. Sales who, accompanied by Mr. Sales, have recently returned from Chicago and other eastern markets where they went to lay in a fall stock of goods for the Cuernod's store.

"Dresses," said Mrs. Sales, "are largely along plain lines, mostly self-trimmed, some of the more youthful models having flare tendencies, while others have pleated ruffles and ripple skirts. The predominating colors are Mocha-bisque, sherry, brown, navy, black and Choahula red. The materials are largely satin, satin back crepe chiffon and printed velvets.

"In coats practically everything is fur trimmed, many of them with heavy shawl collars. Coats of the ordinary grade are trimmed with mink fur, while others of better quality have raccoon, Canadian wolf, red and gray fox and black squirrel.

"Perhaps the greatest fantasia is noticed in the hats," remarked the lady buyer. The black chapeau, so much in vogue last fall, still cast their shadows, but this year they are of hatter's plush, fur, velvet or solid, giving a softness extremely flattering and feminine. Golden brown, rich reds, burnt orange, deep brown and henna are acceptable colors. The untrimmed hat is practically unknown the many are self trimmed. Hats of personal and individual charm seem to be fadish. In other words, a hat to be proper this season, must have its own color, material, peculiar cut, trimming or ornamentation. Most brims are off the face this season, turban, cloche and swathed types abound and crowns seem lower. Brims are more or less irregular, no matter their peculiar cut or twist. Spanish and Persian styles are affected. Sumptuousness in trimming abounds; feathers, fancies, choice ornaments of fur in some instances, ribbon, velvet, lace and braid all having their place.

"Daytime hats contrast stunningly from night wear. Colorful feathered turbans of gold and silver sequins, or colored metal lace are quite the thing

for evening wear. Exotically stunning is the picture hat of gold colored velvet with a Spanish bandeau of ceru lace for special occasions, while just as tasty for more general wear is a head creation of black fur and white felt, wound handkerchief style with slashed ends falling from off the right side.

"Taking it all in all, the woman of exceptional taste and ideas has a better opportunity of finding full expression in her millinery and ready-to-wear buying this fall than for some time past."

WOMEN'S STUDY CLUB

Thursday afternoon of last week, the Women's Study club held their first meeting of the season 1928-1929 at the home of Mrs. John Arnett. Eighteen members answered to the roll call by narrating the most outstanding event of the summer. Much merriment was caused by these stories which described events ranging from pleasure trips to household experiences.

This being President's day, Mrs. A. P. Duggan, the incoming president filled the program with a very delightful talk on the club work among women in America, and the anticipated pleasure and good to be gained from the work of this club during the

**Over a Billion Deadly Germs
in a Single Drop of Water**

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borozone, to kill the germs, and then dust it with Borozone Powder, to hasten the healing. Liquid Borozone costs 30 cents, 60 cents, \$1.20 and \$1.50; Borozone Powder, 30 cents and 60 cents, and can be had at Stokes & Alexander Drug Co.

coming year. She very gracefully introduced her assisting officers, receiving in reply from each of them a promise of cooperation during her administration.

After the adjournment of the meeting, Mrs. Arnett served a delightful ice course to the ladies, who departed full of enthusiasm for the coming year.

The officers for this year are: Mrs. A. P. Duggan, president; Mrs. B. M. Harison, first vice-president; Mrs. C. O. Stone, second vice-president; Mrs. F. G. Sadler, recording secretary; Mrs. W. O. Stockton, federation secretary; Mrs. John Arnett, treasurer; Mrs. G. Street, parliamentarian.

A DELIGHTFUL TEA

Friday afternoon from four to six o'clock, Mrs. Charles Harless and Mrs. Charles Cooper were hostesses at a

lovely tea, given at the home of Mrs. Harless.

The house was a profusion of many colored flowers artistically arranged in baskets and bowls, turning the rooms into a regular flower garden. During the calling hours, Miss Helen Romback, very charmingly read a number of poems to musical accompaniment for the pleasure of the guests.

In the dining room at the tea table, lovely in its silver and sparkling glass, the guests were served through out the afternoon to a delectable repast. Those assisting at the table were Mrs. W. G. Street, Mrs. Billy Harris, Mrs. Clyde Hilbun, Mrs. John Arnett and Mrs. Homer Snowden. At the punch bowl Mrs. Jim Harless and Miss Sota Hilbun presided, while the guests were met at the door by Mrs. F. G. Sadler who presented them to the hostess.

The occasion was pronounced one of pleasure by all who participated in it.

BLANCHE WITH TILE

Ordinary drain tiles 3 or 4 inches in inside diameter and one foot in length are very good for blanching

celery in the home garden. The bunches should first be tied together with string and the tiles slipped down over the tops of the bunches. Drain tiles are especially desirable because they produce celery of good flavor. If heavy paper is used for blanching, it should not contain tar or creosote, as these will injure the flavor of the celery.

CHIROPRACTIC

Internal disturbances cause sore throat, It's a sign some sickness you're apt to promote. So don't neglect it, but get at the cause. This can be done by observing health laws. Spinal adjustments are just what you need. Nature then restores your health at full speed.

A SUCCESSFUL SIX NOW WINNING EVEN GREATER SUCCESS

is proving it "Chief of the Sixes"

In the tremendous success which Pontiac Six is enjoying is ample reason for designating this great General Motors car "Chief of the Sixes." Never has any new car risen so rapidly in the estimation of motor car buyers for during the first six months of 1928, over 136,000 Pontiacs were sold—the largest volume ever achieved by any car during the first half of its third year in production! This great public acceptance tells more of what Pontiac offers at \$745 than even the most complete listing of such features as Fisher bodies, 186 cu. in. engine, the G-M-R cylinder head, cross-flow radiator, foot-controlled headlights, coincidental lock, etc., etc. Come in for a ride today and learn why its sales sweep ever upward.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Limousine Sedan, \$875. Oakland All-American Six, \$1045 to \$1265. All prices at factory. Check Oakland Pontiac delivered prices—they include license handling charges. General Motors Time Payment Plan available at minimum rate.

THE ARNETTS ENTERTAIN

Mr. and Mrs. John Arnett entertained a few friends at bridge last Thursday evening.

Three tables were in play during the evening, resulting in a high score for Mrs. Charlie Cooper, who received a set of lovely ice-tea tumblers as a

prize. Those participating in the play with Mr. and Mrs. Arnett were Mr. and Mrs. Clyde Hilburn, Mr. and Mrs. W. O. Stockton, Mr. and Mrs. F. G. Sadler, Mr. and Mrs. C. S. Harless, Mr. and Mrs. Charles Cooper and Miss Sota Hilburn. After delicious refreshments had

been served, the guests departed expressing their pleasure in the evening's entertainment.

Here's a good menu for a company lunch at this season: chicken loaf, asparagus, hot Sally Lunn, ice cream with strawberry sauce, angel food cake.

PERSONAL ITEMS

E. H. Williams was in Lubbock on business, Friday.

Mick and Dick Ratliff are in Cisco, on business this week.

Henry Cuenod, of Levelland, was here Sunday, visiting friends.

Guy Hughes, of the Lubbock Avianche, was in Littlefield, Monday on business.

Mr. and Mrs. P. W. Walker and daughter, Virginia, were in Lubbock, Friday.

Barney Davis, of Idalou, spent the weekend here with his brother, H. H. Davis.

Misses Lois Farquhar and Vesta Henson were in Lubbock, Wednesday shopping.

Earnest Jones, living five miles north of Littlefield, is putting up a five room residence.

Mr. and Mrs. Sam Chandler, of Quanah, were last week guests of Mr. and Mrs. T. A. Henson.

M. M. Brittain, T. Wade Potter and Sheriff Len Irvin were in Olton, Monday, on business.

Bud Fraley is in Ralls, looking the town over, as he expects to buy a cafe and move his family there soon.

Mr. and Mrs. John Porter and Mrs. Payne Wood, of Portales, New Mex., spent Sunday here with friends and relatives.

Mrs. E. H. Williams and daughter, Miss Doris, returned Friday night from a week's visit with Mrs. Herring Lance at Dalhart.

Contractor Joe Wells began work Monday on a six room and bath brick veneer residence building for Paul Vanse, in Broad Acres addition.

Chester Cochran, of Enochs, is this week hauling out lumber for a four room house with basement to be built at Enochs.

Mr. and Mrs. Ed Belew, of Winters, after a few weeks visit with their daughter, Mrs. Roy Blessing, returned to their home Friday.

Mr. and Mrs. F. H. Lawson, after a visit with Mrs. Lawson's sister, Mrs. F. M. Burleson, returned to their home in Dallas, Sunday.

Mr. and Mrs. C. E. Clearley, of Haskell, and Mr. and Mrs. Sam Clearley, of Earth, were Sunday guests of Mr. and Mrs. Roy Blessing.

Mrs. R. H. Bates of Dallas, and Thad Blessing, of Fort Worth are here this week visiting their parents, Mr. and Mrs. J. M. Blessing.

Mr. and Mrs. Len Irvin and son, Billie, and Mr. and Mrs. Jim Harless were in Lubbock, Sunday, visiting N. H. Dalton, in the sanitarium.

Mr. and Mrs. C. O. Griffin and Mr. and Mrs. Lon Campbell were in Lubbock, Sunday, to see Mr. Dalton, who is in the Lubbock sanitarium.

C. F. Atchison and family, of Stanton, spent last week in Littlefield. They have purchased a 10 acre tract from the Littlefield college and expect to move here. Before returning, Mr. Atchison ordered a subscription to the Leader sent to his address.

Bert C. Cochran, of Throckmorton was in Littlefield last week looking after business interests. He is president of the Chamber of Commerce in his home town, owns 17 acres of choice land near Littlefield, and is doing some good missionary work in bringing new settlers to this favored section.

B. D. Gariasi, of Ada, Okla., was here last Saturday, with a view of purchasing city property for business purposes. He was much pleased with the prospects found here, and will probably locate in the near future. While here he purchased the Fleming property of A. F. Wright, which is located one block south of the Leader office.

The Leader for printing.

PREPARING TO DRILL FOR OIL

A standard derrick, 90 feet high, has been erected about 18 miles southwest of Farwell, in Roosevelt county, New Mexico, and an oil test is to be made on the location, which is in section 5, township 1 south, range 36 east.

It is reported that John Keagan, who made the test in the Hale Center well a few months ago, will have charge of the drilling. A lease of more than 3,000 acres has been obtained, according to reports.

Texas produces large quantities of lime stone. The annual value of the product is about \$2,500,000.

Confidence is seldom lost, but it is often sadly misplaced.

A family jar is never used in preserving peace.

Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at Stokes & Alexander Drug Co.

FALL OPENING

We have just returned from the markets where we purchased a dazzling array of Fall Goods, Ready-to-Wear and Novelties. Our various departments are full of overflowing and everything the very latest in style, trimming and color. We can furnish you with full and complete equipment, and invite you to inspect the excellent values we have purchased for you.

READY-TO-WEAR DEPARTMENT

We invite you to visit this department knowing full well you will be more than pleased with our selections. We specialize in Ladies and Misses Coats, Dresses and Hats, and carry the largest stock of these to be found in this part of the country.

Dresses from \$4.95 to \$27.50
Coats from \$12.00 to \$75.00
More than 250 choice Hats bought on the low market, prices running from \$2.50 to \$6.00

DRESS AND STREET HATS

Come and see the new Fall Millinery. Never have there been such beautiful hats, made to fit the head as a glove fits the hand. Dozens of distinctive, beautiful new fall hats that will entrance you. In all colors, sizes and styles.

Our \$2.50, \$2.95 and \$3.95 Hats are better values than can be obtained at other stores at from \$4.00 to \$6.00.

LADIES NOVELTY SHOES

We have a full line of Ladies and Misses Novelty Shoes, all the latest vogue. They come in pump, strap and ties, in patent leather, satin and kid, priced at \$4.75 to \$6.95. Be sure to see them!

Also, a nice line of Dress Shoes for Men, both high and low cut, in black and tan colors. We have some of the best Work Shoes to be found. Shoes for the boys, girls and little tots, too.

YARD GOODS DEPARTMENT

Our Yard Goods department for Fall is filled with delightful colors and designs—highest quality dress goods that will make superior garments—suitable for frocks to be used on all occasions. See our wool serges and suitings for the school dresses. We have a great variety of yard goods from which you may make your selection. Notice our beautiful wool flannels in all colors, and let us show you our choice line of Prints, Peter Pan Gingham, etc.

MEN'S AND BOYS' CLOTHING

We carry a big line of goods for Men and Boys. We handle the "Korrek Klothes" line, priced reasonable. Let us fit you for this fall! There is no reason at all why one should not be neat and stylish when clothing can be bought so reasonable as at this store.

No one in Littlefield has a classier line of Hats for Men than may be found at the Fair store. Here you will find just what style and custom demand.

Men's for dress and regular wear, at— \$8.50 to \$11.50

Boys' for dress and regular wear, at— \$3.75 to \$8.50

New Fall Gloves that will accentuate the beauty of your hand—when you wear these you need not say "pardon my glove." In all colors and designs. Some beautifully decorated. They defy comparison in quality and price.

Every department of our store is chock jam full of Fall creations, very attractive to the eye and very desirable. Before beginning your Fall shopping you owe it to yourself to see our goods—price and quality will both be pleasing to you.

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

For the love of money is the root of all evil.—1 Tim. 6:10.

If you make money your god, it will plague you like the devil.—Fielding.

A FLOOD OF LAWS

Within a few months the majority of state legislatures will again be in session, and as a consequence there will come forth during the winter a flood of new laws, even though we are not in need of them. There are already so many laws that no lawyer regardless of his standing in the profession, can tell off-hand what the law is on any given subject or issue.

We wonder how many taxpayers around Littlefield have paused to consider that in this country there is a congress passing laws for the nation, legislatures passing laws for all the states, city councils enacting laws to govern their residents, and below them townships, villages and town boards enacting more and more local regulations. Yet it is a rule of law that "ignorance of law excuses nobody." How any individual can ever hope to find his way safely through the flood without violating some rule calling for action or inaction, nobody, including the lawyers and the courts, is in position to say.

What the country needs is not more laws but more repeals of old and foolish laws. It needs many of the laws it now has re-written in plain and understandable English. Yet virtually every legislator will soon be jumping to his feet with a pet measure he wants enacted into law, thus adding to the confusion already created by an over-abundance of them. It isn't more laws we need as much as we need enforcement of the ones we already have. And no one recognizes that more forcibly than the taxpayer who has to pay for every new one created.

One usually can tell a failure by the amount of advice he gives others on how to succeed.

HENRY FORD'S CHARITY

Fault-finders have for a long time been criticising Henry Ford on the ground that he never gave huge sums to charity, as Rockefeller and numerous other millionaires are doing. We've even heard a few Littlefield people declare that Ford's only thought seems to be of making money.

But now comes a newspaper story out of Detroit, and it is well verified, to the effect that Ford has 2600 former convicts working for him, and that 95 per cent of all such men he has hired have "gone straight." Incidentally, he has given a black-eye to the old delusion that most former convicts are by nature crooked and prefer crime to decent living. "Uncle Henry" seems to be building men as well as machines, and doing it so quietly and successfully that he is, after all, giving to the world something that is worth far more to it than gifts of money or monuments.

HOW GOLF HELPS

Many home-owners who don't know a single term in the game of golf are going to benefit now in a way by this sport that has grown into such wide popularity within recent years. Golf's demand for a perfect grass carpet has led to the development of grass mixtures which will insure healthy, thick lawn-grass for home-owners everywhere. Even now

it is being marketed by some of the country's largest seedsmen. It is also declared to be weed-proof, and dandelions will not thrive in it. Mixed with white clover it is said to make a velvety lawn and one that will withstand hard rains and "washing" better than the ordinary varieties of grass. And the price is said to be most reasonable. Some of us, who have been looking a little lightly on the game of golf, seem to have here pretty good reason for changing our mind. Maybe it is, after all, a blessing in more ways than one.

One thing about the average auto mechanic, he is not a low-brow. He'd as soon wipe his greasy hands on a costly seat cover as a cheap one.

MAKE CONNECTION NOW!

About three months ago the City Commission, hoping to get a larger patronage to the local sewer system, thereby insuring better sanitary conditions, cut the cost of service half into. Since then some have made connections, still there are a large number who have not done so.

It would seem that no argument is needed in behalf of such connections. The general sanitation of the premises the elimination of surface toilets, always breeders of flies and disease, and the general family convenience of such connections are all justifiable reasons for such connections.

Every citizen is paying his pro rata part for the sewer system, and ought to be getting his own money's worth from it. Every citizen is desirous of good health for himself and family, and should co-operate with other citizens toward that end. The sooner the surface toilets are done away with, that sooner will some of the disease hazards of the city be annulled.

LITTLE LEADERS

The Littlefield citizen who has nothing to do can always find plenty of fellows ready to help him.

An optimist is any Littlefield man who thinks that after mother and the girls have learned to drive the car he can have it any time he wants it.

Another thing you can't make Littlefield children understand is how grown people can get up in the morning without being called.

Why is it a Littlefield man usually acts like he was conferring a great favor on you when he pays you back the money he owes you?

Along about this time of year the average Littlefield mother gets most of her comfort out of the fact that fall brings school days.

Show us the Littlefield man who always wants to be on the right side of everything and we'll show you a man hard to satisfy.

It doesn't pay to borrow trouble in Littlefield unless you have the knack of shouldering it off onto someone else.

One can tell by looking at some Littlefield couples whether or not the only thing that's sweet in the house is the sugar.

Littlefield women are now wearing dresses of a material called "banana cloth." They should make something nice to slip on when you're in a hurry.

There's nothing a Littlefield man likes more than having a woman make over him, and nothing he likes less than having one trying to make him over.

DOCTOR FRANK CRANE SAYS

WATER-TIGHT COMPARTMENTS

Every once in a while we hear a man say, "Business is business," or that he follows "art for art's sake," or that he as a scientist cares only for the truth, not for its practical results, and so on. But the fact is humanity is not put in water-tight compartments.

Everything you do affects all parts of your nature.

What you do in business reflects on your art, what you do in art colors your business, and what you think in religion has much to do with your scientific conclusions. Mankind is one, one organic whole, and its various departments of activity have merely been listed for convenient reference. They do not exist in reality.

If your religion is ugly and cruel your business will be immoral.

If your business is heartless and vindictive your whole life will show it.

The scientist must pay some attention to the practical bearings of his investigations, for it would be foolish for him to spend his whole life on investigating some perfectly useless matter.

Business must be beautiful. Art in some way must rest upon a business basis.

A man cannot have his whole head submerged in literature, he must have sense enough to market his wares.

The beautiful works of art of past generations had their influence upon believers in religion and religion is what it is owing to a thousand other causes within itself.

Much recent art shows contempt for any but aesthetic values. Such art is transient, and will give place to a greater art, in which beauty of thought and expression will confer enlarged values.

The total of all values is what counts.

This result can be achieved not by preaching in art nor by making science "practical," but by universal education in values so that artist, business man, or scientist will express himself in synthesis of all values.

If you are able to forget fancied injuries you have learned one of the roads to real happiness.

JESS' JOSH

New assistant in local store: "Gentleman wants to know if this flannel shirt will shrink."

Gus Shaw: "Does it fit him?"

"No, it's too large."

"Yes, of course it will shrink."

It is reported that a woman brought her little boy to school on the opening day last Monday. During registration of the youthful American, it is said she told Prof. Chisholm: "My little boy is quite delicate. If he is bad—and sometimes he is—just whip the boy next to him; that will frighten him and make him behave."

Campbell Duggan, former Littlefield citizen was over from Lubbock a few days ago, telling about the fine new boy he has at his house. He is anxious for him to develop into a great musician. He stated to the editor of this newspaper that he was already showing talents in that direction, especially along the line of vocal music. Campbell, who sings soprano very nicely, said he would like for his heir, when grown up, to have a voice that was rich, round and resonant. We suggested feeding the youngster tadpoles, then when he grew up he would have a big base voice like a bull frog.

The man who says he wants but little here below, is usually the fellow who is too lazy to go after more.

LIVESTOCK FOR SALE!

I have some select Jersey milk cows with young heifer calves for sale.

These cows are some of the best in this part of the country—the \$100 kind.

For details of their quality see—

H. C. ARNOLD, at the BELL-GILLETTE CHEVROLET CO.

Littlefield, Texas

"M" System stores buy their Groceries in the largest lots possible, thus obtaining the very lowest quantity prices, and taking advantage of all trade discounts. This puts us in a position to furnish our customers their provisions at a considerable saving without interfering with our regular margin of profit.

You may never find the "pot of gold" at the end of the rainbow, but trading at the "M" System will keep much of your already earned gold in the pot for future needs.

Littlefield, Texas

This Week's Poem

TEMPER

When I have lost my temper I have lost my reason too. I'm never proud of anything which angrily I do. When I have talked in anger and my cheeks were flaming red, I have always uttered something which I wish I hadn't said.

In anger I have never done a kindly deed or wise, But many things for which I felt I should apologize. I'm looking back across my life, and all I've lost or made, I can't recall a single time when fury ever paid.

So I struggle to be patient, for I've reached a wiser age, I do not want to do a thing or speak a word in rage. I've learned by sad experience that

when my temper flies, I never do a worthy deed, a deed or wise.

 John Arnet and W. T. Duke were in Dallas the latter part of last week driving home two new Ford trucks.
 J. L. Pate, and daughter, Miss Lillian, and Miss Esta Mae Connell, were shopping in Lubbock, Saturday.
 Mr. and Mrs. W. A. James and children, of Cisco, are visiting Mrs. James' parents, Mr. and Mrs. L. A. Ratliff.
 T. H. Buckingham was in Lubbock Tuesday attending to business in connection with the Littlefield Produce store.
 Gene Armstrong, of Amarillo, and Bruce Bryan, of Denver, Colorado, spent Sunday here with their friend, Bill Jeffries.
 Mr. and Mrs. L. R. Crockett and children, formerly of Littlefield, but now of Wichita, Kansas, are moving to Lubbock this week.
 Mr. and Mrs. Frank James and children moved here last week from Artesia, New Mexico, to put their children in school this year.
 A. W. Ray has made several trips to Lubbock this week to see a specialist about his eye, which he hurt, while working at the Ford garage.
 Meslames A. E. White, G. C. Shirley, J. G. Berryman and J. O. Connell attended the Baptist association meeting held at Lubbock last Thursday.
 Mr. and Mrs. Bill Valles, formerly of Littlefield, but now of Hobbs, N. M., were here Tuesday on business. He is putting in a modern cafe at Hobbs.
 Mr. and Mrs. R. D. Roberts announce the arrival of a baby girl,

named Willie Kate, and weighing eight and one-half pounds, born last Thursday.
 Mr. and Mrs. Talmage Lowman and son, Joe Irl, returned to their home at Iraan, after visiting in the home of J. H. Lucas and W. J. Baugh.
 Mrs. D. A. Alford and daughters, Misses Dorothy and Joy, are moving to Lubbock Wednesday. Miss Dorothy will attend the Tech college this winter.
 B. C. Perry, after a short visit with his daughter, Mrs. J. O. Connell, returned to her home in Hubbard City last week.
 Osa Blalock left Tuesday for Fort Worth, where he will attend business college again this term.
 G. E. Broach and P. D. Harris were in Plainview, Monday, on business.
 Emil Timian left Monday for Fort Worth, where he will work and also attend business college.
 Dr. and Mrs. W. H. Harris and Mr. and Mrs. G. E. Broach left Tuesday for an extended trip through the Rio Grande valley.
 Mrs. Lester Hallabaugh, of Vernon, is visiting her mother, Mrs. Page and sisters, Misses Lorena and Ruby Joseph.
 Mr. and Mrs. W. M. Pool and children, Miss Arbie Dee, Lee and Harvey, of Dallas, visited friends and relatives here Tuesday.
 Mr. and Mrs. H. H. Bernard, of Plainview, were Littlefield visitors, Sunday.
 Mr. and Mrs. T. S. Sal were in Lubbock Monday, looking after business interests.
 Mr. and Mrs. Jack Henry visited friends in Lubbock, Monday.
 O. K. Yantis and family visited their daughter, Mrs. A. L. Wright in Mountainair, N. M., last week.
 Mrs. J. S. Hilliard and daughter, Bettie Ann, were in Lubbock last Wednesday, shopping.
 J. W. Miley, of Plainview, was in Littlefield, Tuesday on business.
 Mr. and Mrs. J. H. McGowan, of Baird, visited Mrs. McGowan's brothers, W. C. and M. D. Thaxton, last week.
 Mr. and Mrs. W. T. Teal, of Idalou, are visiting their daughter, Mrs. Carl Arnold, this week.

WHAT IS DOING IN WEST TEXAS

Balmorhea.—A jury of view has been appointed here to lay out a road from Balmorhea to Fort Davis.
 Ozona.—Five thousand head of Crockett County lambs were sold here this week at 11c a pound.
 Tahoka.—The T-Bar school has sold their recently issued \$15,000 school bonds.
 Junction.—Contract has been let for the paving of the streets in Junction.
 Fort Stockton.—The Lions Club here may sponsor the planting of old elm trees as a civic development.
 Turkey.—A great number of men are working on \$100,000 school building and the \$30,000 sewer system.
 Plainview.—A city Air Port is being planned by the Board of City Development.
 Stratford.—This town is to have a modern steam laundry, which has been needed for some time.
 Lockney.—A deal has been made and contract drawn for a new \$5,000 hotel here, construction to start at an early date.
 Lubbock.—The largest herd of registered cattle belonging to one person was purchased by the Lubbock County agent recently.
 O'Donnell.—Trades day was celebrated here for the first time September and was featured by distribution of \$100 in gold.
 Roswell.—The Roswell, N. M., new roof garden is situated on top of the White office building at corner of Main and Third.
 Del Rio.—This years buildings receipts almost treble last years, being \$803,935, for eight months, which is \$191,332 more than twice the total for 1927.

SWEETEN WITH HONEY

Ice cream manufacturers are experimenting in the use of a honey for sweetening their product, and some are using it regularly, especially for sherbets. When cane sugar is used in sherbets it precipitates rather quickly, so the product must be used promptly. Honey is an invert sugar and does not crystallize when mixed in sherbet.

If you have a pressure cooker you can cook wheat in it for a breakfast food. Cover the wheat grains with one and a half times as much water by measure, soak overnight, and cook under 20 to 25 pounds pressure for one hour or longer if very soft grains are desired.

EXPERT WORK AT REASONABLE RATES

That's our motto!
 You may need the services of a plumber only once in a great while, but that once it is important for you to get prompt, efficient service, which is just what we give.
 Pipes will leak. Pipes will burst. Whenever anything like that happens, all you need do is call us, and a man equipped to make the repairs will be at your place in a jiffy.
 How about some new installation? Water or sewer connections? Let us figure the job for you!
 Any time you need a plumber just call on us and give us a chance to make good our claims in this advertisement.

THE KITCHEN CLUB had a full attendance on the afternoon that it met with Grandmother Lovett, for the members could always be sure of getting from her, new ideas tempered with the experience of fifty years in the kitchen. Grandmother remembered the time when tomatoes were called "love apples," were grown in the front yard as ornaments, and were considered rank poison! Grandmother had raised five sons to stalwart manhood long before calories or vitamins were ever heard of! Grandmother had loved and lived with her family long enough to know that her kitchen had the greatest influence of any room in the house.

"Many a time," she would say, "I'd want to tell Mr. Lovett and the children, 'For goodness' sake, get out of this kitchen and let me do some work!' But I didn't. After all, I was glad they wanted to stay around me and my cooking."

"But, Mrs. Lovett," protested one of the club members, "My husband says he doesn't want me doing the cooking. You don't think a woman should spend her life in drudgery, do you?"

"No, daughter; but look at that fine man and those splendid children; realize that their bones are strong, their blood pure and healthy, their eyes bright, because you're giving them the right sort of food—then you know that your work is not drudgery. It's art."

"Get all the labor-saving devices you can get into your kitchens, girls. Make your kitchens beautiful and easy to work in. But don't begrudge the time you put into them, for you're painting pictures out of flesh and blood, and a whole lifetime isn't too much to give, if necessary. . . . Sermon's over, girls. What do you want me to tell you about this afternoon?"

"Left-overs, Mrs. Lovett. What do you do with them?"

"I don't have many," replied Mrs. Lovett. "It's a confession of poor planning if you always have left-overs to contend with. If I have them, I usually put them in the garbage. It's far better to have your family know that they're going to get something good at your table than to give them bread puddings and hashes if they detest them. I'd rather preserve my family's appetite than a little dab of food. Besides, left-overs always call for other ingredients to make them fit to eat, and there's no use in throwing good ingredients after bad. I'll give you a few recipes for left-overs that I have found good, but there's not a bread pudding among them."

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

I think we managed to make a modern kitchen for Grandmother Lovett without taking away the delightful home-iness of the one she had. It will have a gray linoleum floor, light-gray walls, white woodwork, light-gray cabinets, refrigerator and table, light-gray chair with a lavender cushion in it, lavender curtains, silver-gray oil stove, lavender lacquered bookcase, a china clock in purple and white, and a foot-stool covered purple.

Keeping Meat Fresh

"We didn't always have ice when I was a young housekeeper," said Grandmother Lovett. "And so we made our meat stay fresh longer in this way: instead of putting it flat in a pan, we set it on a grill, so that it didn't rest in its juices; we covered it, but not tightly."

Left-over Biscuits

Sprinkle cold biscuits with hot water, or dip them in hot water for an instant. Then set in the oven to dry and heat.

Children will love biscuits cut in two, each half with a dab of butter on it, put in a pan with syrup poured over the whole and cooked for a few minutes.

Meat and potatoes in one dish.

Meat Omelet

Shred or run through food chopper left-over roast, beef or steak. Heat in double boiler or in container over boiling teakettle. Fold into mashed potatoes. Make a smooth mound of the mixture, brush it over with white of egg and brown in oven. Mashed potatoes should always be mixed with hot, not cold, milk.

This kind of rolling helps to keep a pretty figure.

Table on Rollers

"I'm not so fond of taking steps as I used to be," says Mrs. Lovett. "So I had a small table put on rollers. I keep this at my outside kitchen door. The delivery boys put their packages on it without having to come in to the kitchen with their muddy feet. Then I roll it to the refrigerator. At meal time I use it to collect dirty dishes."

HOW'S YOUR SOD CROP?

"How's your sod crop this year?" "Fine!"

That seems to be the customary question and answer among newcomer farmers meeting on the streets of Littlefield. There are lots of newcomers in this section and they have broken out hundreds of acres of virgin sod which has been planted in feed and cotton. None of them seem to have any poor crops this year, and all are rejoicing over the excellent prospects for fall gathering. Being their first year here, naturally they are greatly delighted with the county.

As a matter of fact, sod crops, no matter what has been planted, are especially fine this year, owing largely to the more than sufficient rainfall and other favorable crop conditions. In some places it is actually difficult to tell the difference between old and sod crops, so far as the growth is concerned, and there are a few places where the sod actually seems better than the old land crop, because the cotton not growing quite so rank has put on better fruit.

At any rate, with a favorable market, looks now like all the farmers around Littlefield are going to have a glorious Christmas and happy New Year.

Junior Endeavor Program, Sept. 16

Subject, "Jesus telling others about God."

Scripture lesson, Matt. 10:7.
Leaders talk, Dorothy West.

How is Jesus talking to His Father helpful to us in prayer?—Mary Helen Harris.

What are the first words in the prayer He taught His disciples?—Betty Ann Hilliard.

What did Jesus teach about forgiveness in this prayer?—Winifred Crow.

What does this prayer teach us about temptation?—Eunice Coley.

PRESBYTERIAN AUXILIARY

Mrs. E. A. Bills entertained the ladies of the Presbyterian auxiliary at her home Tuesday afternoon.

They completed their arrangements for the bazaar and turkey dinner to be held December 8th, the second Saturday of the month.

Mrs. Maynard Cobb was in charge of the devotional, after which the ladies devoted their time to sewing for the bazaar.

The hostess served a dainty ice course to the following present:

Mesdames Clements, Miller, Stockton, Rutledge, Wynn, Cheager, Barber, Hilliard, Wharton, Cook, Yohner, Smith, Cobb, Miss Hubbard, Mrs. Underwood, a new member, and Mrs. Taylor, a visitor.

CITY GARAGE

When front auto wheels aren't lined up right

The way tires wear out is a sight. This is a cause often forgotten. That makes one think good tires are rotten.

We'll adjust your wheels so they'll run true. So tires will not wear uneven for you.

Business Men Deplore Delay in the Annual Chamber of Commerce Banquet for Reasons Affecting Local Business and Professionals

Religion has the right of way over business in Littlefield, consequently the banquet and annual meeting for election of officers for the local Chamber of Commerce was not held as per schedule, although the date was named and published several weeks ago.

"Perhaps it is just as well," remarked a local business man, who was probably speaking from the standpoint of economy and freedom from dyspepsia. "It's been a good while since a big banquet of any kind was pulled off in this town," he continued, "though doubtless that money has been long ago spent for something else that may have been as beneficial to the druggists."

Another devotee of the "feed your face" fraternity, deplored the continued deferring of this important business matter, and issued the reminder that the business of local physicians was also being curtailed because of the delay of chronic customers visits on after-banquet occasions. Grocery merchants likewise, might come in for their share of complaint because

of postponed business. "Of course, a banquet staged in a town the size of Littlefield is never so expensive as some city affair," remarked a third citizen, "but it costs nearly as much in neuresthetic, torpid liver, gastric disturbances and sometimes heart complications. Rich sauces, heavy meat courses and perfumed desserts, coming at that time of night not infrequently produce insomnia and a lack of application to business affairs for the next day or two."

"Of course," he continued, "in the cities a banquet per plate, is generally more expensive to begin with, than in the small town. Then there is the cloak room tip, the taxi ride from the hotel, the extra shoe shine, and various other expenses that frequently occur before and after the feast, all of which have their negative and depleting influence upon one's pocketbook." At any rate the banquet has been deferred, and the annual meeting of the Littlefield Chamber of Commerce will be held at some future date not yet announced.

IMPROMPTU BRIDGE PARTY

Three tables of bridge were in play at the home of Mr. and Mrs. C. S. Harless, Friday night, the affair being quite impromptu, but very enjoyable.

Those present were Mr. and Mrs. F. G. Sadler, Dr. and Mrs. M. V. Cobb, Mr. and Mrs. Clyde Hilburn, Mrs. John Arnett, Miss Sota Hilburn, Mr. and Mrs. C. E. Cooper, and Mr.

and Mrs. C. E. Harless. Refreshments were served at the end of the play and all departed in a happy frame of mind.

OLTON MAN IN BANKRUPTCY

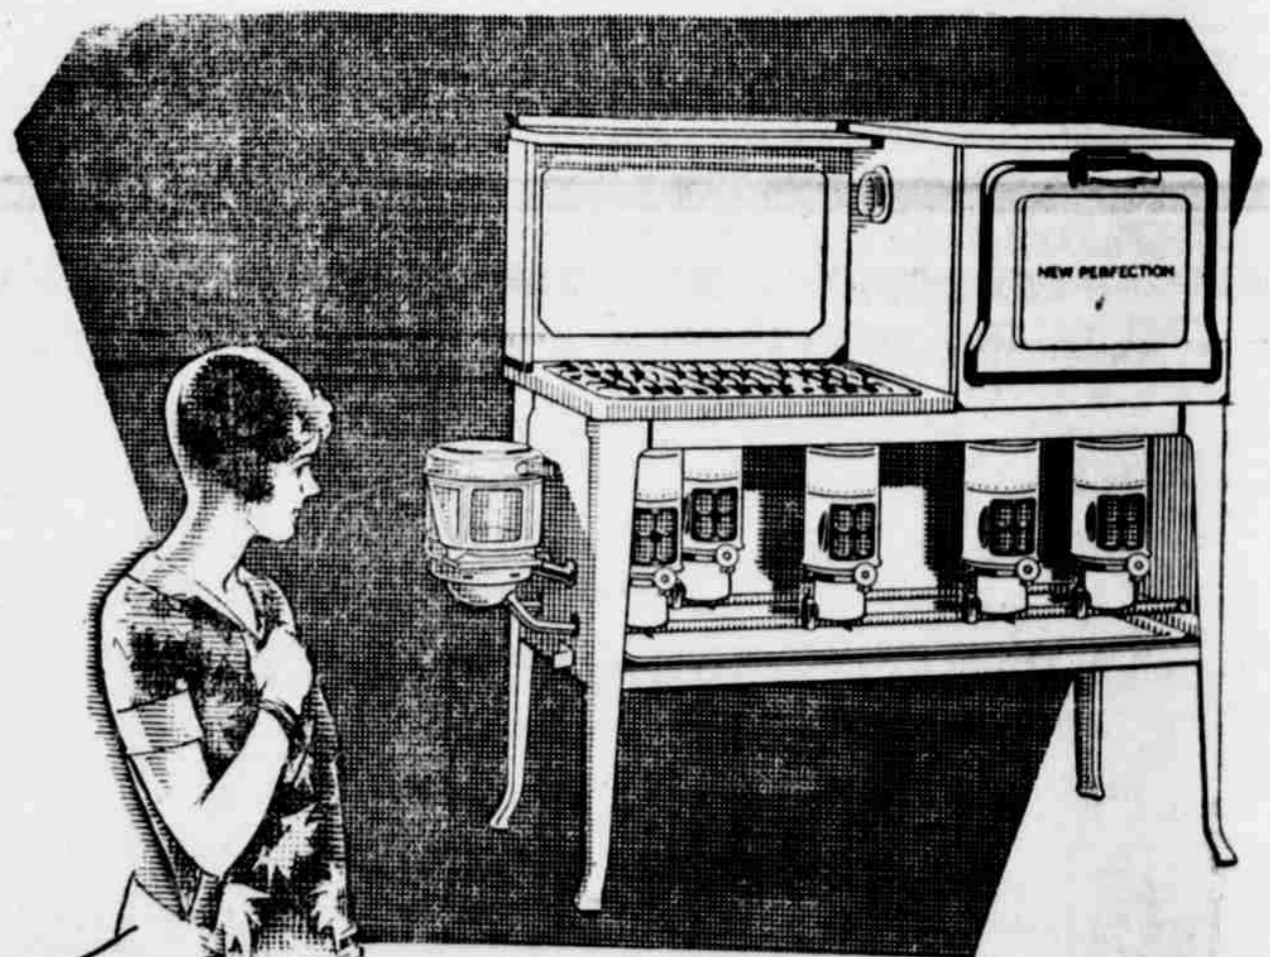

John Rufus Jones, merchant at Olton, entered a plea of bankruptcy in the Federal court at Lubbock last Thursday.

His assets were listed at \$10,325, with exemptions of \$9,325; the liabilities being placed at \$4,388.26.

LITTLEFIELD LIONS WIN HIT GAME FROM SOUTHLAND'S TEAM

The Littlefield Lions crossed bats with the Southland nine on the home last Sunday and batted their way to another victory, despite the fact that four of the regular men were out of the lineup.

The visitors were rated as being a very stiff club when at their best, and with the Littlefield lineup crippled, the game proved to be anybody's until the last half of the eighth inning when the Lions got their bats to working, driving in five runs.

Jack Knight, youthful hurler from Brownfield, kept the visitors hits well scattered, while John Deaver was at the receiving end. Deaver caught the best this season for the locals and well in the pinches.

For the visitors, Cummings B. Gregory and T. Gregory formed the battery. Cummings lasting only two innings when he was greeted with a double, single walk, a home run by Duke Altman, a three bagger by Al Deaver—in all sending five tallies across. He was replaced by Gregory.

There were many errors on both sides, hence the game was long and drawn out, but there were also close and exciting plays pulled off. Al Deaver led the hitting for the locals with three hits, two doubles and a triple out of five trips, while Fox and Muller were next with two each. The locals are due to return a game with the same club next Sunday at Southland.

SELF PRESERVATION OF NATURE HARD ON M. D.

Everybody seems to have it in for a doctor nowadays.

First, some one coined the phrase "out ice cream, that 'a dish aday will keep the doctor away," then the pom-pom changed it and made it apply an apple with the same beneficial effect. "Say it with flowers," used to apply to funerals, but now it is become applicable to sweethearts and brides, on the theory that folks about breath don't really appreciate very much these charming boasts, while the living get an increased heart palpitation and new zest of life from such gifts.

by friend wife that he is spending entirely too much on golf, he doesn't cut down his expenses at all; but just counters with the statement of what the game means to his increased longevity and more perfect physique, at the same time considerably curtailing the doctor bill.

Littlefield College Will Open Sept. 25

Several small houses have been constructed on the College campus for the temporary use of teachers, also one for the cafeteria, and the tabernacle has been partitioned off into eight class rooms and a library room. The dormitories are about ready for the furnishings, and the president's home is nearing completion. The remainder of the foundation and the basement floor of the administration building is soon to be poured, and it is hoped to push the work on this edifice to the extent that the roof may be on before the first of the year.

L. A. Gastinel and wife arrived from Dallas a few days ago, and are to have charge of the cafeteria. They expect to have it in operation in a few days, and ready for the opening of school. These people come highly recommended for this kind of work, having had many years experience in work of this kind for the schools of Dallas and Oak Cliff.

The College is to open its doors for its first session here Tuesday, September 25, and a fairly good enrollment is in prospect.

Some of the teachers are here, and the rest of them are expected within a few days.

All information regarding school work can be obtained from Dean Oliver A. Burk, whose home is on the college campus.

COOKED FOOD HAS BIG VALUE

Cooked rice has a good many uses besides being served for dinner in place of potato or as a breakfast cereal. Put it in soups; combine it with baked and stewed dishes; use it in waffles, spoon bread, muffins, cookies, and even in sponge cake; use it in salads; make it into desserts, such as farmers' pudding or custard rice pudding, or rice with stewed fruits or preserves.

takes an expensive summer trip, she invariably comes back so wonderfully refreshed that she is confident if she hadn't gone the money would have had to be paid the doctor, so she might just as well had the enjoyment of it. And they both have no trouble agreeing that a new car is absolutely necessary for the health and well being of the entire family, so they might as well junk the old model and have a new one, thus driving the doctor a few steps nearer to the poorhouse.

Of course, "self preservation is the first law of nature, and folks in applying that law don't really do it to spite their family physician; but it sometimes seems that the Chinese who pay their doctors to keep them in good health, and who stop paying when they get sick, are wiser than some of us Americans, and that the doctors over here may have to adopt that policy for their own self preservation.

BOVINE T. B. LOWER

What is considered a heavy infection of bovine tuberculosis now exists in only 3.5 per cent of the total area of the United States, according to the fourth biennial survey of the U. S. Department of Agriculture. This figure indicates a great reduction since the last survey was made. The salvage now paid is larger than formerly. During the ten months ending in April the average State indemnity \$29.83; the average Federal indemnity, \$18.65 and the average salvage \$38.00.

STATE OF TEXAS COUNTY OF LAMB

To the resident freeholders and legally qualified voters under the constitution and laws of the State of Texas, of the hereinafter described subdivision and territory of Lamb County, Texas,

TAKE NOTICE that an election will be held on the 6th day of Oct., A. D. 1928, within the limits of the subdivision and territory of Lamb County, Texas, hereinafter described by metes and bounds, to determine if said subdivision and territory shall have a Stock Law, in obedience to an election order entered by the Commissioners' Court on the 13th day of August A. D. 1928, which is as follows:

STATE OF TEXAS COUNTY OF LAMB

On this the 13th day of August A. D. 1928, the Commissioners' Court of Lamb County, Texas, convened in reg-

ular session, at the regular meeting place at the Courthouse at Olton, Texas, all of the Commissioners and members of said Court being present except S. D. Hay, to-wit:

E. N. Burrus, County Judge,
H. G. Walker, Commissioner of Precinct No. One (1)
C. A. Daniels, Commissioner of Precinct No. Two (2)
C. E. Strawn, Commissioner of Precinct No. Three (3)

and wherefore came on to be heard and considered the petition of J. W. Duke, and twenty-one others all resident freeholders and qualified voters under the constitution and laws of the State of Texas, of the hereinafter described subdivision of Lamb County Texas, for the purpose of determining the following proposition:

Whether or not horses, mules, jacks, jennetts, cattle, hogs, goats and sheep shall be permitted to run at large in the hereinafter described subdivision and territory of said County, and State to be effected by said election being described as follows to-wit:

Beginning in Lamb County, Texas at the North-east corner of Section 1, League 657,

Thence East along the North line of Sections No. 46, 47, 48, 49, 50, 56, T. A. Thomson to the Lamb and Hale Counties' line,

Thence South along the Lamb and Hale Counties line across Sections 55, 54, 51, 50, 46, 45, 40, 39, 34, 33, Block I-R. M. Thomson and across Section 118 Block A-R. M. Thomson to the Southeast corner of Lamb County Texas,

Thence West across sections 118, 119, 120, 121, 122, 123, 124, and 125, along the South line of Lamb County to the Southwest corner of Section 125, Block A-R. M. Thomson,

Thence North along the West line of Section 125, Block A-R. M. Thomson Section 6, 5, 4, 3, 2, 1, Block I-R. M. Thomson and Section 68, 57, 56, block T, T. A. Thomson and Track 240, 209, and 208, of the Subdivision of State Capitol League No. 652, Abner Taylor Original Grantee, to the North-east corner of Section, League 657, the place of beginning.

And it appearing to the Court that said petition is signed by twenty-two resident freeholders, and qualified voters, under the Constitution and laws of the State of Texas, and that said petitioners reside within the subdivision and territory of Lamb County Texas, above described,

And it further appearing to the Court that the above described subdivision and territory is situated and lies wholly within the territorial limits of Lamb County Texas, and does not overlap or embrace any part of a political subdivision or defined Stock Law District that has heretofore been established or incorporated, in a Stock Law District, and that a Stock Law has not been voted, and at this time a Stock Law is not in force on any part of said territory.

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said subdivision and territory on the 29 day

of September, A. D. 1928, which is not less than thirty days (30) days from the date of this order, at which election the following proposition shall be submitted:

"Whether or not horses, mules, jacks, jennetts, cattle, hogs, goats, and sheep shall be permitted to run at large in the hereinafter described subdivision and territory of Lamb County, Texas.

The said election shall be held under the provisions of Chapter 5, Title 121, of the Revised Statutes of 1925, of the State of Texas.

All persons who are resident freeholders and qualified voters, under the Constitution and laws of the State of Texas, of said hereinafter described subdivision and territory, shall be entitled to vote in said election, and all voters desiring to support the proposition above stated, shall have written or printed on their ballot, the words:

"For the Stock Law"

And those opposing shall have written or printed on their ballot the words:

"Against the Stock Law"

The polling place and presiding officers of said election shall be, respectfully, as follows:

At Jack Fowler's home Lamb County Texas.

Election Judges J. W. Duke and J. W. Beckham.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections when not in conflict with the provisions of the Statute hereinbefore referred to.

The notice of said election shall be given by publication thereof for thirty (30) days before the day of election, in some newspaper published in Lamb County Texas.

The County Judge is hereby directed to cause said notices to be published as hereinabove directed and further orders are reserved until after the returns of said election are made by the duly authorized election officers and received by this County.

E. N. BURRUS, County Judge of Lamb County, Texas.

Sept. 13, 20, 27, Oct. 4, 1928.

This Tag is Your Assurance of Honest Used Car Values

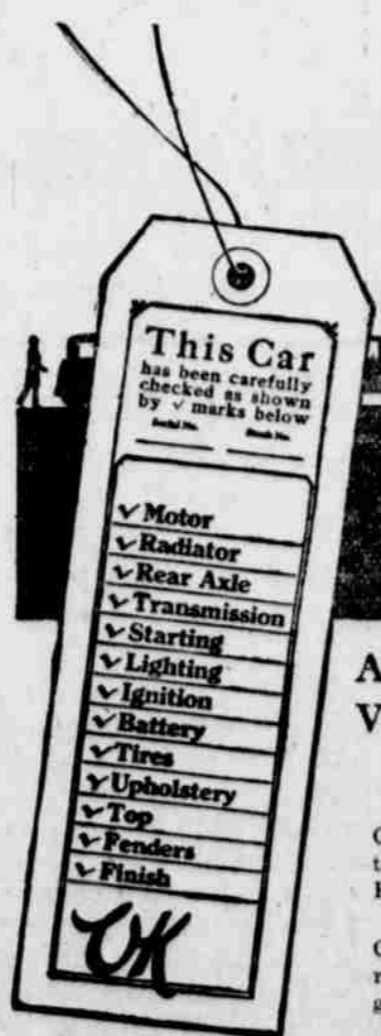

If you are in the market for a used car—come in and learn how completely we protect your purchase when you buy a used car from us!

Our used car department is operated under the famous Red O.K. Tag system—developed by the Chevrolet Motor Company to protect the used car buyer. Under this plan, we attach to the radiator caps of all our reconditioned cars the famous Chevrolet Red O.K. Tag—showing

exactly what vital units have been checked O.K. or reconditioned by our expert mechanics.

We believe that no fairer system of used car merchandising has ever been worked out—for it assures the customer honest value as well as a dependable, satisfactory car.

Come in today and inspect our stock of O.K.'d used cars. You are sure to find the car you want, at a price that will please you—and our terms are exceptionally easy.

USED CARS

SAWDUST AND SPLINTERS

Vol. 1 September 13, 1928 No. 22

Published in the interests of the People of LAMB COUNTY by **CICERO SMITH LUMBER CO.**
L. K. WHITAKER, Manager

EDITORIAL.

Littlefield is especially fortunate this year in the fine corps of teachers which the school board has selected. Not all of the old ones are back, but we are sure the new ones will fill their places with credit to themselves and the community and we want to take this occasion to welcome them and assure them of our support.

"That's the guy I'm laying for," said the hen as the farmer hove in view.

A MOUTHFUL.

The news that a tooth was recently extracted from the ear of a New Jersey girl suggests the probability that someone tried to bite off more than he could chew.

To the school boy, nothing succeeds like a recess.

Woman didn't wait until she got into politics to become speaker of the house.

Pity the Poor Scot

who took his children out of school because they were compelled to pay attention.

Be it ever so small there's no place like your own home town.

The real trouble with our youth of today is that they were out most of the night before.

BUILD A HOME FOR YOUR CAR

A neat substantial garage always increases the value of a property more than the garage costs. That's why—

A Garage Is a Good Investment

It adds to the value and desirability of the property. It lowers the upkeep charges on the car and preserves the new, handsome appearance. It's good for the car, the owner and the property, and it's surprising how little a garage now costs to build of lumber.

See Our Garage plans

We invite you to call and talk to us about your building.

FIRE ACCIDENT THEFT

"It is better to be always prepared than to suffer once."—Latin

CAUTION IS THE PARENT OF SAFETY!

Think of the tremendous odds against you, if you do not protect yourself with insurance.

Insurance is your safest protection against all hazards. The cost of Fire, Theft, Accidents and all kinds of Insurance is mighty small, compared to the benefit derived and the feeling of safety and protection it provides.

Phone 142 for full information.

Your business will be appreciated!

ANOTHER STATION IS ADDED

Saturday the 15th, Mr. J. E. Allen will open a drive-in filling station at FIELDTON through which he will dispense CONOCO GASOLINES AND OILS, exclusively. Mr. Allen will be pleased to serve you with any product-carried in an up-to-date filling station.

He will supply you with FREE AIR from a new Curtiss air compressor, and will have plenty of FREE WATER for you, too. This will be considered part of his service to you.

To the motorists from Littlefield we say: Buy your gasoline and oils in Littlefield, for we can take care of your requirements here. We believe in trading at home, but if you happen to be near Fieldton and need anything in the filling station line call on Mr. Allen. To the folks in the Fieldton community we say: Give Mr. Allen a chance to serve you, and we believe you will become his regular customers. Mr. Allen will not handle a competitive line in connection with the Continental line. This will assure you that you will get 100% CONTINENTAL GASOLINES AND OILS. Tests will prove their superiority.
