Lamb County Ready For A Kick-Off To Raise Big Quota

Pat Boone, Co. Chairman
Talks Over Radio In
Interest Of Big Drive

The 3rd War Loan Drive is on. It started with a bang in Littlefield this morning with the Stars and Stripes displayed over all municipal buildings, as well as in front of private business structures throughout the city, in accordance with a proclamation by Mayor Homer Hall that Littlefield be made a Red, White and Blue Garden of Flags today.

Great preparations have been underway the past several days by Pat Boone, County Chairman, War Bond Committee; C. O. Stone, County Chairman of the Third War Loan Drive; W. J. Chesher, Chairman of the local committee; and the Committee Chairmen of the various communities in the County.

A meeting was held Thursday afternoon last, in the basement of the First Methodist Church, at which Committee Chairman of the county gathered for the purpose of organizing.

C. R. Smith of Plainview, Regional Manager of the War Bond Drive for this area, was present, and addressed the group, offering suggestions and generally assisting in the organization for the drive. Pat Boone, chairman of the War Bond Committee for the County, attended a meeting at Sudan Monday night, and assisted the Sudan Committee in the campaign program.

Tuesday, Mr. Boone, in the interest of the third war loan, addressed the people of Lamb County over KICA, Clovis; also W. J. Chesher, chairman of the local committee, and Joe Salem, in the interest of the Sudan drive, made talks over the radio appealing to the citizenship to cooperate 100 per cent in the War Bond Drive.

Again on Wednesday, Mr. Boone talked over KFYO, Lubbock, in another special address reminding the people of this county of the sacri- (Continued on Back Page)

MAYOR HOMER HALL ISSUES 3RD WAR
LOAN DRIVE PROCLAMATION

Our government is asking Americans for \$15,000,000,000 more in the 3rd War Loan to back the attack. Citizens of Littlefield will do their part in this tremendous task. All of us, no matter what walk of life we come from, are fully aware of the urgency of putting our full weight back of the invasion.

There is an intimate note back of the Third War Loan appeal: Back the Attack with War Bonds. From this community come many young Americans who are doing the attacking. We would not be worthy of them and their sacrifices if we did not lend every dollar possible to our government to keep the munitions of war flowing to our fighting men.

September 9, the date set for the start of the Third War Loan campaign, should be observed as another stepping stone toward V-day and the day when our boys come marching home.

I know I am echoing the feeling of everyone in Littlefield when I ask that the flag be displayed over all municipal buildings on September 9. I urge a similar display over all private buildings and by all homes. When we look at the Stars and Stripes on September 9, I know that all of us will be stimulated to do our duty in backing up our sons and neighbors' sons who are fighting to keep Old Glory flying. I know this community-wide display of the Star-Spangled Banner will stir us anew to do our very best as individuals and as a community in the Third War Loan campaign to help subscribe and oversubscribe this home front objective.

Expected To Arrive Today Or Friday

Johnny Lippard Writes Parents

Granville Smith, 19, Seaman First class of the U. S. Navy, and son of Mr. and Mrs. Bob Smith, serving on the ill-fated Helena when it was sunk in the Solomon Islands area July 5, is expected to arrive home today or Friday on leave.

After learning of the loss of the Helena, relatives here were much concerned for the safety of above Seaman, until they received a message over a week later that he was safe.

Sunday morning about 6 o'clock the parents were pleasantly surprised when H. C. Pumphrey, local Santa Fe agent, in which office the Western Union is located, advised them of a telegram from Granville from San Diego, Calif., stating he was coming home on leave. Later at 9 o'clock he called the family by phone from San Diego, stating he was leaving for home Tuesday morning. He is expected to remain here until he gets an assignment to another ship. Seaman Smith has been in service nearly 2 years, and has been overseas 14 months.

Mr. and Mrs. J. H. Lippard Tuesday received the first personal message from their son, Pfc. Johnny Lippard, since he was taken prisoner by the Japs at the fall of Corregidor.

Some time ago the war department reported Lippard a prisoner of war. But his parents were not certain of his whereabouts until the card was received Tuesday from Mukden, Manchoukuo.

The card received from Lippard was written on a typewriter and reads as follows:

"I have a chance to write so I am seizing it. I sincerely hope this finds you all well and prospering. I am in good health and spirits. We are allowed to receive letters and packages from home. You may also send a telegram. I'm OK, so don't worry, please. Let my friends know I am all right. Keep your chin up. Hope to see you soon. As ever,

Legion Sponsors Radio Programs

A.E.F. veterans of the first World War came home from France in 1918-19 with the feeling they had been cheated of the opportunity to make the German people truly regret their support of the kaiser. They insist today America must not make this same mistake again. The reasons for this stand will be explained in a radio address to be delivered by Briggs Robertson in behalf of Lubbock Post No. 2466, Veterans of Foreign Wars of the U. S., on Station KFYO at 2:15 p. m. Saturday, September 11.

The address will mark the 34th in a series of monthly "Speak Up For Democracy" programs being sponsored by Post No. 2466 in co-operation with Station KFYO.

ITALY QUITS

Allied headquarters announced Wednesday that Italy had surrendered unconditionally, five days after the British 8th Army stormed across the Messina strait from Sicily.

The commander of the Allied Forces said he had granted Italy a military armistice.

The announcement came as dispirited Italian troops by the hundreds surrendered to British and Canadian troops advancing up the Calabrian peninsula, where the Allies landed last Friday on the heels of a 38-day Sicilian victory which sent the Germans fleeing to the mainland.

The capitulation came from the government of Marshal Pietro Badoglio, who succeeded Benito Mussolini.

With Italy driven out of the war, the Allies presumably will soon be in a position to bomb Germany from the south.

Germany had hoped to make Italy a battleground and it had been reported that tens of thousands of German reinforcements had poured into Italy in recent months.

Lt. Blessing Shot Down; Parachutes To Safety

Lieut. Sam Erwin Blessing, son of R. E. Blessing of 3 1/2 miles north-east of Littlefield, who has been in foreign service about three months, while piloting a B-24 Liberator was shot down July 19, but parachuted to safety (presumably in friendly territory, though that is not known).

Lieut. Blessing wrote his wife, who is making her home at San Jose, Calif., that he was shot down July 19, and baled out to safety; and he also wrote his father that he now was "a full fledged member

of the famous Caterpillar Club" as he had parachuted from the plane.

Ration Points On Fruits Are Raised

The Office of Price Administration Thursday ordered the blue-stamp ration value of four types of canned fruit boosted, effective Sunday, in an attempt to slow down shoppers' demands.

The agency made point changes in 21 food items—13 up and eight down—as the result of a survey of the demand and available supplies of canned and processed foods. All the changes went into effect Sunday.

OPA fixed the ration value of No. 2 (large) size canned apples at 10 points, an increase of three; 16 oz. cranberries at 10 points, up 2; No. 2 peaches at 27 points, up four; and No. 2 pears at 21 points, up six.

The same order returned dried prunes, raisins and currants to the ration list after a summer vacation. They were valued at four blue points a pound.

Point values were raised for canned and bottled beans, pumpkin and squash. Other types of canned beans—fresh shelled, green or wax and fresh soy beans—were reduced.

Frozen fruits and vegetables went up and, OPA said, the "supply is

still far below the buying demand." It explained "a fairly sharp and general upward point revision is necessary in order to syphon off some of the demand into other foods in larger supply."

Following are the new ration values:

Canned or bottled foods:
 Fruits—No. 2 apples, 10 points; 16 oz. cranberries, 10 points; No. 2 peaches, 27 points, No. 2 pears, 21 points.

Vegetables—No. 2 fresh shelled beans (including black-eye peas), 10 points; No. 2 green or wax beans, 10 points; No. 2 fresh soy beans, 5 points; No. 2 canned and bottled beans (baked beans, pork and beans, kidney beans, etc.) 18 points.

No. 2 beets, 8 points; No. 2 carrots, 8 points; No. 2 pumpkin or squash, 21 points; No. 2 tomatoes, 21 points.

Frozen foods:
 One pound all fruits and berries, 12 points; 12 ounces green or wax beans, 9 points; 12 ounces lima beans, 9 points; 10 ounces cut corn, 9 points; 12 ounces peas, 9 points; 14 ounces spinach, 12 points.

Dried foods:
 One pound prunes, raisins and currants, 4 points; one pound beans, 2 points; one pound peas and lentils, 1 point.

TAX REPORTS DUE SEPTEMBER 15

Many farmers will be among the 15 million Americans who are required to file a declaration of estimated income for 1943 and make a payment on that basis under the "pay-as-you-go" plan which became effective July 1, this year. September 15 is the date for filing declarations, except that farmers, if they wish, may wait until December 15, since they receive the bulk of their income in the fall. Generally speaking, all single persons earning more than \$2,700 a year from wages subject to withholding and all married couples earning more than \$3,500 will be required to file declarations. In addition, individuals or couples with an income of \$100 or more from sources other than wages are required to file, if their total in-

HERSHEY SHOWS ORDER OF INDUCTION

"The selection of men needed for the armed forces and the deferment of men required for agriculture, war production and war supporting activities are much more difficult than in the days when we had ample men from which to choose," said Major General Lewis B. Hershey, Director of Selective Service, in a recent letter to local boards. He said, "Available men will be called for induction in the following order: (1) Single men without dependents; (2) Single men with collateral dependents; (3) married men without children; (4) men with children (nondeferred activities and occupations); (5) men with children."

SOME BOOTS ARE RATION FREE

Certain kinds of rubber boots useful in farming and similar work but no longer being manufactured for general use have been released from rationing by a recent OPA amendment. All olive drab, clay, or khaki colored rubber boots, all over-the-shoe rubber boots and all light-weight ankle-fitting rubber boots which depend upon stretch at the ankle for fitting are included in the order. However, quantities will be small because dealers do not have complete stocks on hand.

TO HELP YOU GET TRUCK TIRES

If you own a truck and have tire rationing certificates but cannot locate the proper tires within your county, you may apply to the nearest Motor Transportation District Office of the Office of Defense Transportation for assistance, the ODT has reported.

PRICE SUPPORT FOR SWEET POTATOES

To encourage farmers to cure and store as much as possible of this year's expected crop of 81 million bushels of sweet potatoes, farmers will be assured a minimum of \$1.50 per bushel for U. S. No. 1 or better grade cured sweet potatoes properly packed in bushel crates, baskets or hampers and offered during January, and \$1.65 per bushel beginning February 1, 1944. Prices of U. S. sweet potatoes containing not less than 75 per cent No. 1 quality will be 15 cents per bushel less than the above prices. Farmers desiring information concerning the handling of sweet potatoes are requested to get in touch with their state or county agricultural war boards.

HOG-CHOLERA SERUM OUTPUT HIGH

The serum used in combating hog cholera is now being made in record-breaking quantities, according to the Department of Agriculture. Output of the protective serum between July 1, and June 30, 1943, was 25 per cent above last year's high output. The current supply represents large-scale protection against hog cholera, the most formidable swine disease, for the vast number of hogs now being raised in the U. S.

Oct. 15 Deadline For Mailing Of Christmas Packages

Postmaster W. D. T. Storey has announced Christmas packages may be mailed by parcel post to men and women overseas only up to October 15. After that date parcels may be mailed only if the soldier has made written request for the article, and this request must be presented at the postoffice with the parcel for mailing. The same is true of Navy personnel.

The vast distances to be covered, and the shifting of fighting forces from one area to another makes these rules necessary, Storey said, if the Christmas mail is to be delivered "on time." Shipments of gift packages often must wait on more important shipments of arms, munitions, medicines, men, and food.

To insure against disappointment of the men overseas, Storey urges parents and friends to buy early and mail early. It now is only about one week until September 15, and it is advisable to begin mailing now, rather than wait for the 30-day period of overseas Christmas mailing—September 15-October 15.

Weeks are required for a ship to reach Alaska, Greenland, Iceland, England, Sicily, Africa, Australia, India, China, South America and many island points in the Pacific—and "we have men in all these wideflung areas on the globe," the postmaster said.

Parcels must not exceed 5 lbs. in weight. No package shall be longer than 15 inches, nor greater than 36 inches in length and girth combined. It should be marked "Christmas Parcel." No more than one package a week may be mailed to the same person. The parcel must be strongly packed, in a strong container, wrapped in strong paper, and securely tied, covered so as to be readily opened by the censor.

Perishables, such as fruits, are prohibited. Inflammables, matches, lighter fluids, and poisons are prohibited. Cutting edges of sharp instruments must be protected. Glass should be well packed. Shipment of any food items are discouraged, and the same is true of clothing. Addresses must be written clearly, and completely.

Controversy Called Propaganda By Gen. J. Watt Page

General J. Watt Page, State Selective Service director, recently made public a digest of his remarks at a headquarters staff conference on the subject of the induction of fathers. He said:

"I am asked many times every day—and I know all of you are—about the drafting of fathers. If I could be given one convincing argument that the 18, 19 or 20 year old boy, unmarried, owes a greater moral obligation to fight for his country than the father of children, then I'd be glad to go over to the camp of those who think fathers should not have to serve in the Armed Forces.

"This is a young man's war. The

older men cannot stand the terrific strain of present-day combat duty. The man in his thirties may stand up to the gaff for two or three or four days, but after that he becomes a liability instead of an asset in the front lines. That does not mean, however, that there are not thousands upon thousands of other jobs in the armed services which can be handled by the older men.

"This drafting-of-fathers controversy, of which so much has been made, is a potent weapon in the hands of those who are most interested in slowing up our war effort through creating confusion and unrest among our people. It has even been used to strike a glancing blow on the heads of some of our lawmakers.

"We should analyze carefully the sources from which emanates all of this disturbing propaganda concerning fathers. The great hue and cry does not come from fathers them-

selves. From my personal observations I am convinced that the vast, vast majority of the fathers feel it is not only their duty but their privilege to take their place in the Armed Services in this war to preserve everything which is precious to us. Thousands have already done so. If fathers should not be taken now, then what real right have we to retain in the services those fathers already there? What would the discharge of all fathers now serving mean? It would mean the disruption, in a greater or less degree, of our fighting teams—our fighting units; it would mean prolongation of the war; it would mean

that many hundreds of boys who would otherwise come back to their homes will not come back—ever."

PEACE TO REPAY FOR LEND-LEASE

"The Congress in passing and tending to Lend-Lease Act made plain that the United States was no new war debts to jeopardize coming peace." President Roosevelt declared in his letter transmitting Congress the eleventh report on Lend-Lease operations for the period ended July 31, 1943. "Victory and a secure peace," the President added, "are the only coin in which can be repaid."

3RD WAR LOAN DRIVE STARTS TODAY (THURSDAY, SEPTEMBER 9) FORWARD MARCH! LAMB COUNTY

The members of our armed forces are throwing everything they have into a fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds... EXTRA Bonds this month. Our county's quota in the Third War Loan Drive is \$999,400 which means that every one of us must invest in War Bonds this month to the very limit of our financial ability. A few bond purchases cannot get the job done... it's going to take all of us, our united effort, to attain our county's quota.

Pair of Native Sandals Received from Africa

Mrs. Judd K. Abernathy of Lubbock, and a daughter of Mr. and Mrs. C. D. Campbell of Littlefield, recently received an interesting gift from her husband, Lieut. Judd K. Abernathy, who is stationed somewhere in Northern Africa.

The gift, sent from Northern Africa, was a pair of native women's sandals. The soles are a thick, light wood, and the uppers are fashioned from bands of straw braided and sewn, something in the manner of manufacturing a straw hat. They are tied with a red cord.

No ration stamps were required to claim the gift.

In telling of sending the sandals, Lieut. Abernathy said that he would send some more gifts "more peculiar than these."

these dressings are not urgently needed because we run out of supplies along. Just remember that it is an enormous job for the factories to keep the material supplied, and that while goods are scarce now. Let us not fail on our part of the job.

The workroom will be open on Thursday nights as usual with Mrs. J. H. Ware supervising.

One soldier boy, Leon Gray, home on leave from North Africa, said if the people had any idea what the Red Cross was doing for them at the battlefield, we would not fail to do everything possible here.

The Red Cross in our county is making a drive for costume jewelry to be sent to our boys overseas. We are told the service men are able to hire the native to dig fox holes and to trade it for fruit or eggs and almost anything they may need.

Mrs. W. D. T. Storey is heading this for Lamb County. You may either take it to her or bring it to the Red Cross.

Mrs. Lyle Brandon, Executive Secretary, Lamb County Chapter.

1st Sgt. Elbert Bell who went to service January 19, 1942, and was stationed at Fort Benning, has been transferred. He is the son of Mr. and Mrs. Wess Bell of Littlefield.

1st Sgt. Bell, also a son of Mr. Wess Bell, has been promoted to the rank of Corporal. Cpl. Bell is stationed at Camp McCain. He has turned his jeep over to the Army and was injured badly in a crash landing. Cpl. Bell is recovering nicely. Cpl. Bell was in service in February of 1943.

1st Sgt. Taylor, Seabee in Navy,

stationed at Camp Peary, Va., left Thursday after spending from Monday here visiting his parents, Mr. and Mrs. M. C. Taylor. He was accompanied by his wife, who will make her home here in her husband's absence.

Cpl. Thurmon Dobson, who has been overseas since May and stationed in England, is now believed to be in Sicily. He is a member of a service squadron in the Air Forces.

Technical Sergeant Bobbie McCaskill spent a short time in Littlefield Saturday enroute to his base

in Kansas.

T-S McCaskill was on a ten day layover. He has been in foreign service about 20 months, and at one time was in the RAF, but it is understood he got a transfer to the American Air Forces. From Littlefield Saturday he was going to Lockney to visit a short time.

T-S McCaskill had just arrived in the United States from overseas.

Sgt. McCaskill was formerly owner of a butane plant in Levelland. Enroute to Littlefield he visited in Levelland, and in a news item regarding Sgt. McCaskill in the Hockley County Herald last week, that publication stated:

"Sgt. Robert E. McCaskell, who is stationed somewhere in England, thinks the Red Cross is doing such a fine job looking after American soldiers overseas that he's made out \$10,000 in government insurance to the organization.

"Sgt. McCaskell, formerly owner of a butane plant in Levelland, is doing technical work for the Army. He was pictured in a recent paper being served cake and sandwiches by Edith Barbee at a Red Cross club in England."

Lloyd L. Schroeder, stationed with the Fifth Ferrying Group, Love Field, Dallas, Texas, was promoted to Master Sergeant September 1.

Mrs. Schroeder is the former Miss Ruth Wells, and the daughter of Mr. and Mrs. J. H. Wells, Littlefield.

Pfc. Hollis Gee, son of Mr. and Mrs. E. S. Gee, in the Leader last week was inadvertently reported as being stationed in Australia, but it is his brother, Pvt. Elmo Gee, of the Army, who spent sometime in Australia, and was sent to New Guinea, and is now back in Australia, while his brother, Pfc. Hollis Gee is connected with the Coast Guard, and stationed in Puerto Rico.

Both Pfc. Hollis Gee and his brother, Pvt. Elmo Gee have been in foreign service about 15 months. Pvt. Elmo Gee was a cook in the Army, but it is not known if he is still at that work or not. They are sons of Mr. and Mrs. E. S. Gee.

M-Sgt. James Hamilton, who has been stationed at Seattle, Wash., is home on a 15-day furlough. He is in the Medical Corps, and arrived Friday on a 15 day furlough to visit his wife, who is making her home with her parents, Mr. and Mrs. Fred J. Newsome.

Robert W. (Babe) Hammons, son of Mr. and Mrs. Pryor Hammons, of the Marines, has just completed a radio and aviation school course at Jacksonville, Fla., and is being transferred to an aerial gunnery school, according to a recent letter received by his parents.

Aviation Cadet Bruce Wren, Jr., of the Air Corps has been transferred from Nashville, Tenn., to Maxwell Field, Ala.

Cadet Wren attended college at Knoxville; was then sent to Nashville for classification, and after being classified as a pilot, was sent to Maxwell Field, Ala., last week, where he is taking pre-flight training. This is a nine weeks' course.

After notifying the Leader of his change of address for the mailing of the newspaper, Aviation Cadet Wren wrote as follows, which may be of interest to his many friends:

"This phase of our training is more or less to be considered an officers candidate school since our progress here will be the determining factor when we graduate. However, much of our training is to prepare us for our flight instruction later.

"I will remain at this base for a period of nine weeks before going to Primary.

"Enclosed is our squadron song. Perhaps you would like to print it.

"Tune: 'THIS IS THE ARMY'
"We are the sons of Uncle Sam,
Fighting defenders of our land
Winning our wings to a war-time
tune
And we'll be over there pretty
soon.

"We take our braces with a groan
Cuss them to Hell when we're
alone,
Upper and lower, we're all alike
Getting giggered when we're wrong
while we're right.

"Chorus
"Give us this Air Corp routine,
Zombies and Mistars, we're all on
the beam.

"We'll give the Sons of Heaven Hell
We'll do the job and do it well;
Those Japs and Nazis will under-
stand
Squadron H is the best in the land."

Engaged in the last phase of his

training before he actually gets behind the controls of an army plaine, Aviation Cadet Charles E. Heathman, son of Mr. and Mrs. W. E. Heathman of Littlefield, is among the 401 young men from the State of Texas who are now stationed at the Army Air Forces Pre-Flight school for pilots at the San Antonio Aviation Cadet Center, the nation's largest pool for air crew trainees.

Upon completion of their pursuits at the pre-flight school, the cadets will be sent to a primary flying field, there to take up a new phase in their training as potential combat pilots. Basic and advanced courses will follow.

Word comes from Rock Island, Ill., that Staff Sergeant Everett R. Miller, son of Mr. and Mrs. Henry Miller, Jr., of Olton, has arrived at Augustana College, for course of Army Air Force instruction lasting approximately five months prior to his appointment as an Aviation cadet in the Army Air Forces. During this period he will take numerous academic classes, as well as elementary flying training.

Upon completion of the course he will be classified as a pilot navigator or bombardier and go on to schools of the Flying Training Command for training these specialists.

Cecil Smith of Olton was inducted into the U. S. Army on August 23. He was granted a 21 day leave before going into the service. Mrs. Smith, the former Exin Rose Pinkerton of Olton, will make her home for the duration with her parents, Mr. and Mrs. Austin Pinkerton, at Plainview. Their home is at 810 Columbia.

Another class of skilled tank mechanics, trained to keep the big General Shermans, General Grants, and their little brothers, the light

tanks, roaring into combat, had been graduated today from the Armored School Tank Department, Fort Knox, Ky.

Graduates, announced from the offices of Maj. Gen. Alvan C. Gillem, Jr., Chief of the Armored Command, included: Cpl. William Wesley Eudy, of this city.

During their training in the tank department the soldier students worked with the same tools issued to field crews and under the conditions they are likely to encounter in the field. They studied the mechanisms of the various tanks, from track to turret, tearing them down to learn how to keep them moving in combat.

The Armored School, one of the largest technical institutions in the world, is commanded by Brig. Gen. Joseph A. Holly. It graduates many times more students each year than

the largest civilian universities or colleges.

files being made on the battlefield, that the need for money is greater than ever; that the government must have it to provide the fighting forces with the necessary guns, planes, ships, and tanks and other war materials and carry them through to Victory; and that those buying bonds are not giving anything, but making the safest and best investment in the world.

G. M. Shaw, Advertising Manager of Ware's Dept. Store, Littlefield, acted as Master of Ceremonies; and following the address of Mr. Boone, J. Ernest Jones, Littlefield, County Superintendent of Schools for Lamb County, also made a talk over KFYO.

The total quota for the county in the Third War Loan is \$999,400, with the quotas for the various cities and communities worked out on a basis of two and one-third times the quotas in the Second War Loan, as follows:

Littlefield—\$348,737; Sudan-Beck Gin—\$163,333; Amherst-Sod House-Rocky Ford—\$158,666; Olton-Circle—\$161,333; Spring Lake-Earth—\$46,666; Spade-Anton—\$46,666; Fieldton—\$33,000; Hart Camp—\$14,000; Bainer-Lum Chapel—\$23,333; Sunnydale—\$11,666; Pep—\$7,000.

Today, Thursday, the 3rd War Loan Drive opens. Everyone is asked to back the fighting forces to the very limit of their resources. They are asked to go all-out for invasion by investing in extra War Bonds—more War Bonds than they perhaps ever thought they could possibly afford.

To meet the quota of \$999,400, every individual in the county who

earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one extra \$100 War Bond. Those who can must invest in more bonds—hundreds and thousands of dollars more.

To pay for invasion—to get the money to keep the fighting machine going, every man and woman in America is asked to invest in extra war bonds in September.

The Slogan of the Drive is:
"BACK THE ATTACK . . . WITH WAR BONDS."

suddenly become cleansed of the Prussian lust for war and conquest," warned Mr. Robertson.

"They will beg for peace just in time to keep their own soil free from invasion by the Allies. They will try to save what they can with the secret hope they can launch a new war when Germany has had a chance to replenish its resources in the years to come.

"We veterans want America to be on guard against Nazi propaganda invented to gain our sympathies and to capitalize upon our anxiety to end this war as quickly as possible," Mr. Robertson continued. "We must not quit this time until we are sure the Germans are thoroughly licked and rendered incapable of starting a new war 25 years from now."

and all war materials can be provided for our boys that they may continue to be the best equipped Army in the world.

"There are only two ways to do this: one is by taxation and the other is by the voluntary purchase of war bonds. The boys on the battlefield are wholly dependent upon us to provide—just as they were

when they were little boys under our watchful care in our homes. They are more than doing their part. Are we here on the home front going to fail?

"To our people in Lamb County I will say that you have done everything that your Government has asked you to do in the war effort, and even more than you were asked to do.

"You are the grandest, most patriotic people that I know. You not only met your quota in the preceding War Bond Drive, but you bought more than was asked for.

"Our quota last time was \$428,000. You bought over one-half million.

"The War Bond Committee in Lamb County believes that you are now ready to respond, and I ask you to not wait for a member of the committee to come to see you, but that you come in and make your purchase and volunteer your services to help put over the biggest War Bond Drive of our nation."

Mr. Boone made a similar appeal over KFYO, Lubbock, Wednesday.

G. M. Shaw, Advertising Manager of Ware's Dept. Store, Littlefield, acted as Master of Ceremonies; and following the address of Mr. Boone, J. Ernest Jones, Littlefield, County Superintendent of Schools for Lamb County, also made a talk over KFYO.

War Loan Offers Big Opportunity For Service

The Third War Loan thrusts upon every American a unique obligation of self-appraisal.

The cash assets and current incomes of all individuals must be examined in the light of their true relation to the war today and the nation tomorrow.

Every person who possibly can do so will be asked to buy at least \$100 more than his usual purchases in War Bonds during the 15 billion dollar drive which opens today.

Before resolving to meet or exceed that quota, each of us must face and answer the question: "What is my solemn duty?"

It involves, above all, our duty to the men on the fighting fronts, the men who cannot measure sacrifice as one ladles out a portion, but must stand ready to spill the whole of their life's blood in the cause which is our common faith.

Our primary obligation is to back those men to the hilt. To strip the cushions of luxury from our own lives that we may in some degree ease their arduous task. To pour every available dollar of our resources into the common fund which will insure them these rights—the rights their deeds have earned:

(1) Adequate materials of war, without stint and in quantities sufficient to overwhelm the enemy.

(2) An orderly financing of the war, to check rising prices and thus assure the stability of America today and the America to which they will return.

Each civilian on the home front is a trustee of the future. Sharing in the increased prosperity of war times, we must spend only what is needed for the simple necessities of life, holding the remainder in trust, insuring a sound, stable nation for fighting men who cannot taste of these rewards until the war is won.

A War Bond is the seal of a faith well kept.

That faith is a belief in the victory that is to come—and a willingness to shoulder, each of us, more than our share of the burden and the price.

It is a belief in the principle that the nation can be great and whole only as its men and women are great at heart, standing solidly, unencumbered, ready to shape the days of peace into

Texas Will Observe Centennial Of Statehood

History conscious Texans are asking the question "What is being done on behalf of a state observance of the centennial of Texas Statehood?"

The answer to this is there is perhaps being done as much as could possibly be done during the stress of war to plan for an appropriate patriotic and cultural statewide observance in 1945 and 1946 of the admission of Texas as the 28th state.

There's an official Centennial of Texas Statehood Commission now being fully organized.

The Statehood Commission is cooperating in every way possible with the war effort on behalf of an early victory.

Karl Hoblitzelle of Dallas is chairman of the Statehood Commission; Jesse H. Jones, U. S. Secretary of Commerce is the chairman of Federal Participation; Paul L. Wakerfield is the executive secretary; W. Lois Hodges is executive assistant and treasurer; A. Garland Adair is the commissioner, and headquarters have been opened at 612 Norwood Building, Austin.

No funds have been appropriated by the Texas Legislature for the work of the commission. Voluntary subscriptions are going to be depended upon to carry on the program which has been divided into three divisions: preparation, legislature, and participation.

The program in prospect calls for the cooperation of the entire citizenship and the patriotic, civic and commercial organizations, fraternal bodies and historical societies, and is meeting with most gratifying response. Many commissioners, both men and women, are to be added just as rapidly as it can be done and entirely with cooperation with the war effort uppermost.

fruitfulness.

It is a belief in the new generations, in the need for saving to educate them, in the need for rolling back the upward surge of prices that they may never see their country disordered, chaotic, with values distorted.

It is, finally, a belief in the power of the individual, and groups of individuals, acting freely, to determine the destiny of a state. That is democracy.

We wish to thank the farmers of the Bula territory, who so kindly planted and took care of my crop during the time I have been ill and confined in the hospital. It was mighty good of you to do this, and your kindness will ever be remembered. When I was down and not able to look after the planting and working of the crop, you good neighbors came to my rescue. You helped a friend in need, and may God bless you all.

I especially also wish to thank Vi Demmington, who supervised the work.

MY JIMMY NEEDS YOUR HELP!

Jimmy's over there now, fighting our enemies to keep the Stars and Stripes flying.

"Before he left, he told me they are going to need more equipment, more ammunition and more food for INVASION of enemy lands.

"The more bonds the folks at home buy—the more they'll be helping us fighters to win." That's what Jimmy said.

The 3rd War Loan of 15 billion dollars must produce the money to pay for these essentials to victory.

Buy at least one EXTRA \$100 Bond besides your

regular bond purchases—many will have to invest thousands!

Don't think that what you do isn't important. It will take all every individual in America can raise to put this 3rd War Loan over the top. So buy more bonds out of your pay—out of extra income—out of "rainy-day" funds!

The quicker you do that the more you'll help Jimmy and our other boys smash through to Victory.

What do you say? It's the safest, soundest investment you'll ever make! Let's go!

The Bakery Operated 20 Years By Rumback Family Sold To Amarillo Men

Home Bakery, established by Rumback in May, 1923, and operated by the Rumback family for the past 20 years, was sold last week to M. W. Messer, Painter of Amarillo, who took possession late Saturday night. Rumback and family moved to Littlefield from Granger, Texas, where they had operated the bakery, arriving here on May 1, 1923. After purchasing the lot on which the Home Bakery building is located, they had erected a new building in which they operated the Home Bakery. In the fall of 1929, the business was moved to its present location in the brick building also owned by Sam Rumback.

Rumback died as the result of an automobile accident on June 1, 1931. At that time his son, Wm. Rumback, owned, and with the assistance of Mrs. Rumback, was operating a bakery at Levelland, Texas. He sold four months later and moved to Littlefield to take over the management of the local bakery. Mr. Rumback and his sister, Max Wood, were graduated from Littlefield High School. Rumback will remain here to operate as usual the Rumback bakery and take care of her other interests, while her son, Wm. Rumback, has purchased a home in a bakery at Clovis, Texas, where he and his wife and children will move in about a week.

3RD WAR DRIVE

OPENING THURSDAY, SEPT. 9

Everybody's Help Will Be Needed To Raise Lamb County's Quota of \$999,400

Back the Attack with war bonds in the Third War Loan Drive. In purchasing bonds you will not only be helping our country as directly as if in uniform, but you will hasten day and hour when all our boys come home again, and fight start going on again—all over the world.

Bonds are a seal of faith. We realize by now that we must have money to successfully prosecute the war on battlefields entirely around the world. We know, too, that the only way of life can only be preserved by responding to the needs of our government in this, the darkest hour of our history.
