

Enochs Echos

Rev. Ross of Lubbock failed to arrive at Enochs Sunday to fill his regular appointment. However, a lively singing was held Sunday evening.

R. H. Williams and Mr. Moore of Hereford were looking after their

farms at Enochs the first of the week. Mr. and Mrs. Lees Austin of Littlefield spent Wednesday night and Thursday with Mr. and Mrs. Ralph Broke.

While helping Mr. Eggott repair the windmill at Enochs Saturday morning Roy Helson received a heavy blow on the upper lip which has proved to be quite painful. One of

the heavy pipe wrenches slipped when the sucker rod broke, striking him in the face, stunning him for a few minutes.

Mrs. R. A. Walker and Mrs. Bybee experienced a thrill on Monday of last week while on their way to Littlefield. When about to cross the Yellow House canyon they came upon a mountain lion, commonly called a cougar, about fifteen feet to the side of the road. The big cat was about to complete his meal, a small pig, which he had secured from some farmer's pen. The ladies spread the alarm to neighboring houses, but by the time men could assemble for the hunt, no trace could be found of the marauder.

Mr. and Mrs. Calvin Henson of Morton and son were in Enochs on Thursday afternoon transacting business.

Mr. and Mrs. Hamerick and family of Levelland were guests at the E. P. Cochran home Sunday.

L. H. Bates, J. J. Hollerman were transacting business in Littlefield Tuesday.

Enochs community received another good rain Saturday evening. Crops are looking fine.

Wade Short and M. L. Hickman drove to Ringgold, Texas, Friday to attend the funeral of Wade's father who died Friday morning at 7 o'clock. Mr. Hickman returned home Monday evening. Mr. Short will remain at Ringgold and will look after his father's business interests there.

Mrs. C. A. Miller and son, Junior, who have been visiting at Altus, Okla., the past week, returned home Friday evening. Mrs. Miller's sister, Mrs. Halvey, of Altus, accompanied her, and made a short visit here with relatives.

J. B. Norman, who has been here several weeks with his daughter, Mrs. C. A. Miller, and family, returned to his home at Altus, Okla., Monday morning.

Ray Barnard and W. T. Jones of Littlefield were visitors at Enochs last Monday evening.

J. B. Sikes of Weatherford, Texas, who has been helping put in his crop at Enochs, received quite a painful injury on his head while plowing one day last week. He received a visit from his sister and family of Amherst Sunday evening.

Mrs. E. P. Cochran has returned from Lubbock where she has been visiting with her sister, Mrs. Robert

Lee and family.

Mr. and Mrs. Doc Oney and small son have gone to Amarillo.

Mrs. H. H. Bowling and children have returned from a week's visit with her parents, Mr. and Mrs. Kimball, at Lelia Lake, Texas.

Mr. and Mrs. Luther Crump and children have returned from Idalou where they had been looking after their farming interests at that place. Mrs. Crump's sister accompanied them home.

Mr. and Mrs. J. B. Fowler have returned to Lubbock after having broken out their farm and seeded it to cotton and feed. Mr. Fowler will be employed there until harvest.

J. E. Skipper has returned to his home four miles west of Enochs after a week's visit with his daughter near Floydada.

Mrs. C. A. Miller and son, Junior, are spending the week with relatives at Altus, Okla.

Jack O'Harrow and his father have gone to Seymour where they have a bumper wheat crop to harvest.

Mr. and Mrs. R. L. Patterson and family moved to Enochs the first of the week, from Crosbyton where they taught in the schools. They have both been hired to teach in the Enochs schools.

Prof. and Mrs. Davis of Weatherford and daughters, Ruth and Sarah, are spending this week in Enochs. Mr. Davis is superintendent of our schools.

Mr. and Mrs. V. C. Hodges suffered the loss of their home in the storm Friday evening of week before last. Hard wind scattered the house and contents to the four winds. Mr. Hodges was at the stable while Mrs. Hodges happened to be in the dug-out when the storm came up. Neighbors volunteered their help and soon had the new home ready for them.

Mrs. Wooldridge of Altus, Okla., is visiting her daughter, Mrs. V. C. Hodges.

Mrs. J. W. Blalock, Osa and Frances, of Littlefield, are staying in Enochs this week. Mr. Blalock, who is still at Fort Worth, is reported as improving very slowly.

The warm weather we are having this week is fine for the cotton crops.

TO THE VOTERS:

On account of serious and continued illness during the past six weeks I have been unable to pro-

cute the interests of my candidacy for the office of County Clerk, Lamb county, and have been deprived of the privilege of personally meeting many of the voters throughout the county. I trust that within the next week or ten days I will be sufficiently recovered to again take up my campaign.

Thanking you for your past favors and earnestly soliciting your future

support, I am,
A. H. McGAVERK, Jr.
9-11c.

GROCERY CHANGES

A deal was closed Tuesday by J. T. Harris purchasing the charge of the business which was conducted under the name of

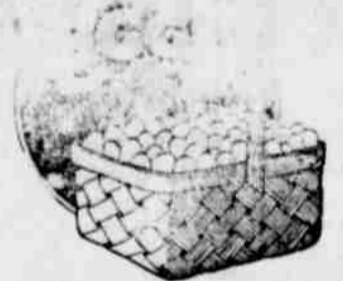

DOCTORS SAY:

"Eat Plenty of Fresh Vegetables"

Their body building qualities are only one of the reasons why they are recommended. For in vegetables as in no other eatable is found nature's medicines. When fresh, well ripened vegetables are eaten in generous quantities they keep your system vigorous and flushed with health.

We carry a generous variety of choice Vegetables at all times. Our water spray system keeps them fresh and crisp at all times.

We pay highest Cash prices for Eggs, or we accept them in trade.

Texas.

East Texas Chamber of Commerce,
will attend the eighth annual con-
vention of the West Texas Chamber
of Commerce at Amarillo as guests
of the West Texans, and for the purpose
of "getting information" for the East
Texas body.

Ranger—Eastland county is enjoy-
ing another oil boom. All over the
country new drillings are under way
and every foot of land is being pros-
pected. Not since 1920 have Ranger,
Eastland and Cisco been so busy. Ho-
tel accommodations are taxed.

Ballinger—The sum of 200,000
pounds of wool is in storage at the
Texas Compress Company's sheds
here. This wool will be placed on sale
June 15th with 10 or 15 buyers here
from Boston, Chicago and Philadel-
phia.

Cisco—The local Chamber of Com-

merce has agreed to pay the railroad
fare for all boys and girls who quali-
fy to attend the farmer's short course
to be held at A. and M. College in
August. The county agent will pass
on the qualifications of the club mem-
bers.

Childress—Childress will soon let
contract for more than 30 additional
blocks of paving. During 1925 the
city contracted and laid 60 blocks of
paving.

Snyder—The membership committee
has been busy the past three weeks
soliciting members for the new Scur-
ry County Chamber of Commerce.
A nice monthly budget has already
been subscribed.

Lubbock—George Briggs, Secre-
tary at Eastland, and J. T. Peters,
Secretary at Cisco, will be two of the
principal speakers at the convention

of Texas commercial secretaries to be
held here July 22-24, inclusive. This
conference is the 20th in the history
of the organization, and is considered
a school for commercial secretaries.

Colorado—The Colorado band, of-
ficial band of the West Texas Cham-
ber of Commerce, will make its jour-
ney by auto-caravan to the West Tex-
as Chamber of Commerce convention
in Amarillo, with a number of con-
certs rendered in the larger cities en-
route.

Cisco—R. Q. Lee, president, West
Texas Chamber of Commerce, has just
completed the "Heart of Texas" diver-
sification tour, which included Cole-
man, Brownwood, Brady, San Saba,
Mason, Fredricksburg, Llano, Bur-
nett, Marble Falls, Goldthwaite, Ham-
ilton and Hico. This is his last tour
as president of the organization.

Wichita Falls—Bob Penick has
been elected chairman of the ON-to-
Amarillo committee of the local Cham-
ber of Commerce. Wichita Falls will
operate a special train and will contest
with San Antonio and Lubbock for
the 1927 convention.

Decatur—Almost a car load of
sheep has been made up for distribu-
tion in Wise county. This idea was
suggested and is being sponsored by
the local Chamber of Commerce.

GOLF PLAYERS HERE
Lubbock Compliments Local Players
on Excellence of the Course.

Several golf players were here
Thursday afternoon of last week for
a few games with Littlefield enthus-
iasts on the local course.
Following the tournamnet and ex-

cellent chicken dinner and other re-
freshments were served the guests
on the G. M. Shaw lawn.

The men from Lubbock were all
excellent players, and while here, ex-
tended to the Littlefield members an
urgent invitation to return their
visit.

TAKE EXAMINATIONS.
E. G. Courtney, A. Alford, W. L.
Allen, J. E. Brannen, W. C. Squires
and A. Timian took the civil service
examination at Lubbock last Satur-
day for the postmastership in Little-
field.

AMARILLO—Fifty bands, a total
of 2,000 musicians, will take part in
the band contests here during the
West Texas Chamber of Commerce
convention here June 21, 22 and 23.

QUALITY AT LOW COST

Community Building

Community Building in State of Virginia

A community must lift itself by its own bootstraps. That is the keynote of the Co-operative Education Association of Virginia as sounded in its latest annual report which says that the genius of the organization is to develop the citizens and the community from within, and not superimpose some plan from without.

The association promotes better schools, roads, recreation, health, farms, homes, citizenship, and community leadership. It works under the direction of the governor, the state departments, higher institutions of learning, and a group of citizens. Its machinery of organization includes senior and junior leagues and a county council whose object is to bring the workers of the county into closer co-operation.

It has grown from a few leagues in 1904 to 1,833 in 1924—1,302 senior and 531 junior. Its membership is 62,575—37,107 senior and 25,468 junior. Last year the junior and senior leagues together raised \$165,126 for local improvements. Most of this money was spent upon the public schools. The reports show that these gifts cover about every phase of school improvement from furnishing a broom to guaranteeing a school board \$1,200 for the 1924-25 school budget. Either through public meetings or material accomplishments 3,787 pieces of definite work were reported for schools, health, roads, agriculture, civic and recreational improvement. The association is financed by the state and by donations from various corporations and individuals. Its receipts for the past year amounted to almost \$24,000.

Room for Improvement in Country Schools?

H. O. Dietrich, superintendent of the schools of Norristown, speaking before the National Education association, declared that half of the 15,000,000 children of the public schools are in the hands of teachers partially or wholly unqualified to teach them, says the Philadelphia Ledger. Forty-five per cent of the teachers, he said, are without normal school training and 54 per cent have had so little experience as to be almost helpless in the face of their classes.

United States Commissioner of Education John J. Tigert said that half the school population of the country is rural and had to put up with the shortcomings and inefficiencies of the small rural school. He appealed for more government control to enable the city school to share some of its advantages with the country school, declaring that the rich cities should bear more of the financial load of rural education than they do. In spite of the great advancement of education in all lines, the leaders at the convention see things in our educational system to find fault with, and probably they are right.

Garden Color Schemes

Many large gardens have long borders where color schemes could be wrought with annuals or perennials, or with both. Remember two points which may be called fundamentals: White is the one great neutralizer or harmonizer in flowers and gray performs a similar office in foliage.

Borders in which flowers and gray foliage heavily predominate may have any and all colors in harmony so long as they do not mix, but have between them a mere touch of white. Such a peace-maker is often more necessary between shades closely allied than in marked contrasts.

Thus with two shades of pink the lighter appears washed and faded in close comparison with a deeper and therefore stronger hue. Even great masses of white relieved by an occasional touch of any color never appear monotonous.

Clean Town Is a Winner

In spite of the best efforts of the householder dirt will accumulate during the winter, and a municipal cleaning is as necessary as the domestic cleaning. Yet much can be done in the way of keeping clean that will mitigate the rigors of the cleansing, whether in house or city. The habit of cleanliness is easily acquired, and it is one that should be coveted and cultivated.

Nothing does more than dirt to give a town an unprosperous appearance, as is no doubt understood by those who are planning to make known the merits of Indianapolis. It does not require much imagination to visualize a clean, shining and even glittering city, and this we can have if we only have the will to strive for it.—Indianapolis News.

Measurements of Metals

Iron is measured by avoirdupois weight at 2,240 or 2,000 pounds to the ton, depending on the laws of the state in which sold. Gold is measured by troy ounces even though the amount runs into thousands of ounces.

Oil Wastage in Coal

It is estimated that 8,000,000,000 gallons of oil a year, besides numerous valuable by-products, could be recovered from the coal mined in the United States.—Science Service.

DID YOU EVER STOP TO THINK?

By Edson R. Waite, Secretary, Shawnee, Okla., Board of Commerce.

THAT before the advent of modern advertising we bought our soda crackers in bulk, receiving them in a paper bag. Today we ask for Uneeda Biscuits and get them in an air-tight cartoon, fresh, sweet and clean.

THAT advertising added the word Kodak to the English language and nowadays we rarely hear one speak of a camera.

THAT advertising has made Seal-sweet mean grape fruit; and "Good to the Last Drop" means a delightful breakfast to millions of people every morning.

THAT when you say Ostermoor you need not mention the word mattress, and the shrieking notes of Big Ben bring millions of people back to the stern realities of life every morning. THAT advertising has made Hart, Shaffner and Marx three of the best know men in America. Manhattan means shirt and Arrow means collar to most everyone, nowadays.

THAT Ford, Buick, Chevrolet, Essex, Hudson and many others are not the names of famous men of history, but automobiles.

THAT advertising has made it possible to market soap "Made from Trees" and thus enable everyone to take a bath equal to those enjoyed by the famous Cleopatra.

THAT "That School Girl Complexion" and "The Skin You Love To

Touch" carry a world of meaning to the readers of advertising.

THAT when you say "Five out of Six Have..." you really don't have to say the last word of this popular phrase because everyone knows it is Pyorrhea.

THAT such popular slogans as "I'd Walk a Mile for a Camel" and "They Satisfy" mean cigarette.

GEN. MALONE TO BE JUDGE OF THE BAND MENUVERS

AMARILLO, June 16.—Something of the military will be injected into the band contests during the West Texas Chamber of Commerce conven-

tion here June 21, 22 and 23. It won't be any sham military element, either, because real, flesh and blood army generals will do the judging.

Not so bad at that, however. It simply means that a brigadier general of the United States Army will be one of the judges of the bands—judging appearance of the various groups, and that this brigadier general, in company with a major general and a brigadier general of the Texas National Guard will be seen upon a reviewing stand with President R. Q. Lee and other officials of the West Texas Chamber of Commerce, while all bands participating in the contests will pass in review before them, drum majors saluting and all tactics carried out according to proper military procedure.

Brigadier General Paul B. Malone, U. S. A., will be one of the judges while, according to present plans, will stand with Major General A. Hulen and Brigadier General J. A. Wolters, of the Texas National Guard, President R. Q. Lee, and other officials and distinguished guests upon the reviewing stand when they pass in parade formation before the stand.

AMARILLO—All West Texas sheriffs are being invited to the T. C. C. convention in Amarillo, 21, 22 and 23 by Sheriff Wiley T. Lard of Potter county.

AMARILLO—San Antonio will bring 5,000 to the W. T. C. C. convention here June 21, 22 and 23.

NO-NOX

MOTOR FUEL

STOPS KNOCKS

Turns Mountains into Mole hills

FOR many years mechanical engineers struggled to build automobile engines of higher compression. As compression is increased the power line goes up and the fuel consumption line goes down—ordinary gasolines would not withstand this higher compression without knocks, clicks, or detonations—accumulated carbon deposits increased this compression by decreasing the size of the combustion chamber—and the audible sounds of the engine distress grew louder.

It has been our good fortune to produce a gasoline that positively eliminates clicks, pings, and knocks.

Gulf No-Nox and Carbon are Power Twins

GULF No-Nox Motor Fuel withstands compression to a high degree; carbon, increasing the compression of the engine, ceases to be a nightmare as long as it does not interfere with valve action. In other words, it puts carbon to work. More power and greater efficiency is thereby accomplished, resulting in greater mileage.

With GULF No-Nox Motor Fuel in your tank—step on it—you will get the story better than we can tell it.

This Guarantee goes with it

GULF No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more harmful to man or motor than ordinary gasoline—that it contains no dope of any kind—that the color is for identification only—that it positively will not heat the motor summer or winter.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than ordinary gasoline—and is worth it.

The Orange Gas—At the Sign of the Orange Disc
GULF REFINING COMPANY

SHERIFF'S SALE.

OF TEXAS, County of Lamb. is hereby given. That by a certain Order of Sale, issued of the Honorable District Lamb county, on the 8th

day of June, 1926, by M. R. Cavett, Clerk of said Court, for the sum of Two Thousand One Hundred Forty-Seven and 49/100 \$2,147.49 Dollars, and costs of suit, under a judgment in favor of D. C. Beebe in a certain cause in said Court, No. 171, and styled D. C. Beebe, plaintiff, vs. J. W. Bennett, defendant, placed in my hands for service, I, Len Irvin, as Sheriff of Lamb county, Texas, did, on the 8th day of June, 1926, levy on certain Real Estate, situated in Lamb county, Texas, described as follows, to-wit: A part of Labor No. 5, and all of Labor No. 6, in League No. 660, and all of Labor No. 1, of League No. 661, of the Capital Syndicate Lands, and levied upon as the property of J. W. Bennett, and that on the first Tuesday in July, 1926, the same being the 6th day of said month, at the Court House door of Lamb county, in the town of Olton, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. W. Bennett. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lamb County Leader, a newspaper published in Lamb county. Witness my hand, this 8th day of June, 1926. (SEAL)

LEN IRVIN, Sheriff,
Lamb County, Texas.
(June 10, 17, 24, 1926)

J. C. Brigance, who lives on the W. O. Gray place, was taken by the Burleson-Mason Company to a local hospital in Lubbock. He is reported in a very serious condition.

OUR MOTTO: Better Than Ever.

FUTURE BECKONS YOUNG AMERICANS

Achievements of Past Only Show
Great Opportunity Ahead.

Great events of the past quarter century which lead some young men to complain that all the big things have been done, leaving no opportunity for them, as a matter of fact only go to show that even greater opportunity today lies ahead of them. F. N. Shepherd, Executive Manager of the American Bankers Association, recently told members of the American Institute of Banking in New York. After reviewing the outstanding accomplishments in science, industry and finance during the last twenty-five years, Mr. Shepherd emphasized the reward given men of achievement in America, especially in the financial field.

"The achievements of the past are the groundwork for the opportunities of today and tomorrow," he said. "There never was a time when so great were the potentialities of the individual. The world was never so ready and able to pay well for what it wants. For superior service to society under competitive conditions, whether through invention or production or organization or distribution of useful articles, no reward is begrudged, particularly here in America.

"Adding to human comfort and human needs, these things make life finer and better. The world has shared, but it is in America that they have reached their highest develop-

ment and utilization. The American spirit of useful enterprise, however, does not confine itself within our own borders. It permeates the entire world and renders great service to peoples other than our own.

"Let us pass over America's service to humanity in the war and consider what is being done now. Largely to rebuild the economic life of a world shattered by the war and its devastating after effects, America has, since the war, loaned other peoples over ten billion dollars. Last year alone a billion and a half in foreign financing was consummated in the United States. American financial genius has so far readjusted our banking machinery to meet enlarged international obligations that stupendous foreign loans, such as the \$100,000,000 Dawes plan credit to Germany, are concluded and the books closed after being open to public subscription only a few minutes.

"With our new world viewpoints we in America have many great things yet to do. These things are typical of the broadminded world viewpoint of American finance. It shows the vision necessary to the men who guide our business affairs today. Certainly there is an inspiration in this and the great opportunities which await us."

Bankers and business men of the leading towns of Taylor county, Texas, employed a county agent last spring, and requested that he vigorously promote boys' and girls' club activities. As a result of his work over 300 club members were enrolled. Work is being concentrated this year on poultry culling and grain sorghum seed selection. This fall there will be exhibits and contests, for which the business men are contributing generous prizes.

Alabama Town Awake

Anniston has just incorporated a new foundry company for the manufacture of gray iron castings of miscellaneous type. The company will employ 50 men and already has large orders on its books. All of which is an interesting news item to Alabama, but the most interesting thing about it to us is the fact that Anniston citizens subscribed all of the \$15,000 stock necessary to create this new industry, thus showing that they have faith in their town and its advances as a manufacturing center. It is a habit that is making Anniston citizens rich. They keep at home all of the profits of their industry and thereby create permanent and lasting wealth for Anniston.—Gadsden (Ala.) Times.

Wisconsin Cities Zoned

Fourteen Wisconsin cities have adopted city planning and zoning ordinances within the past four years, says Prof. L. S. Smith, professor of city planning in the University of Wisconsin.

Professor Smith has prepared planning and zoning ordinances for Appleton, Waukesha, and Oshkosh, two of which have been adopted. The Oshkosh ordinance is expected to be adopted soon inasmuch as its passage has been recommended by the present city planning commission and various civic bodies.

Tree Planting in Fall

Many trees should be planted in the late fall or just as soon as they become dormant. This planting results in better growth in the spring, the tree rooting in its new location better than if moved after it has begun to show signs of life. Very few types of tree cannot be moved at this time, and the home owner who is desirous of adding to his landscape should not put off his work too long before deciding upon the trees he wishes to plant.

CANDIDATES SPEAKING.

County Aspirants Go to Amherst Monday for Celebration.

Practically all the political candidates of Lamb county attended the Trades Day at Amherst last Monday and made speeches in behalf of their respective offices desired.

Want Ads.

FOR SALE

FOR SALE: Duroc Jersey pigs, 7 weeks old. Price reasonable.—Herbert Mueller. 9-3tp

The people from the country were so busy with crops that the attendance was light. Several citizens from Littlefield were present.

BRIDGE PARTY.

Mrs. J. E. Whicker gave a bridge party to a number of her friends last Saturday afternoon. Those present were Mesdames Clayborne Harvey, A. C. Chesher, P. W. Walker, R. S. Thomas, Otha Key, Earl Hopping and Miss Dessa Key. Miss Key and Mrs. Chesher were high score players. Refreshments of date pie and coffee were served by the hostess.

Mr. and Mrs. T. T. Garrett, baby and little son, Kenneth, returned Fri-

day from Fort Worth and Mineral Wells where they visited a couple of weeks. On their return trip, near Haskell, the Dodge car they were driving took a header for the ditch, turning over and breaking a collarbone for Mr. Garrett. None of the other occupants of the car were seriously injured, though they were all badly scared and shaken up. It took about \$60 to put the car into running condition again so they could continue their trip homeward.

Mr. and Mrs. William Pace, of Winters, are visiting this week in the home of Mr. and Mrs. Jim Blessing, returning from an extensive tour of the northwestern states.

Buy it in Littlefield.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

National Editorial Association, MEMBER Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

A THOUGHT FOR THE WEEK

Let every man be swift to hear; slow to speak, slow to wrath.—James 1:19.

If anger proceeds from a great cause, it turns to fury; if from a small cause, it is peevishness; and so it is always either terrible or ridiculous.—Jeremy Taylor.

READ IT FIRST

The small town often seems the easy mark of the grafter. Seldom a week goes by but some one attempts to work some graft or other, and generally gets by with it. We are speaking more particularly now of petitions. They come frequently and oftentimes without genuine cause. Last week there was one, and a very doubtful one as to its worthiness.

The Leader has often advocated the advisability of a committee being appointed to investigate such matters before public subscription is allowed; but no one seems willing to protect themselves or their fellowman. Apparently about the only relief is for everyone to quit signing every petition that is passed around. Some even sign them without reading them, alas, often to their sorrow.

One thing that makes our government so costly is the fact that thousands of people sign petitions for referendum, recall, bond issues, special elections, to say nothing of the one hundred and one other calls for charity of different kinds that have not been fully investigated. Furthermore perhaps half of the people who are passing petitions now days are doing so at the request of someone who is going to benefit thereby.

When a stranger offers you some-

thing to sign, or even when it is handed you by a resident of Littlefield take time to read it carefully. Taking the petition-passers word for what it is all about isn't always safe; there may be a "sleeper" in it somewhere that you won't learn about until too late to correct your mistake. Take time to inform yourself before placing your name on any document and you'll save both money and annoyance.

What makes life so hard is that the fellow with the small salary always has big bills to meet.

VISITING THE POLE

All of us are interested in any new and daring stunt, no matter who participates in it. Most of the people of this western country have more or less of the daring spirit of the pioneer in them, else they would not be out here craving from the face of nature these many magnificent homesteads and moulding these numerous happy and prosperous towns. We can not help but be interested then when we read that after many attempts man has been able to fly over the north pole in both airplane and dirigible balloon, and we immediately find ourselves wondering what they will try to do next.

There has always been more or less of a mystery about the north pole, and the discovery and final familiarity with that particular spot on our globe may be of some value to the scientist and geographer. It seems to be a part of human nature to be inquisitive and want to solve mysteries. But now that this one is solved we naturally wonder what our explorers and dare-devils will tackle next.

What is left for them to discover?

We know of nothing at all, unless it would be to center their attention on Littlefield and Lamb county and see if they can't discover some means of making all of us forever satisfied with our tax assessments and the state of the weather all the year round.

The first thing to do when going into a restaurant is to forget the time when you could get a square meal for a quarter.

COMING BACK STRONG

We are glad to notice in a number of exchanges reaching our office that the old family reunion and picnic is coming back strong, and we hope it spreads to this community until we have more of time this season than ever before.

Littlefield has never been much of a town for picnics before, nearly everyone has been too busy to take time for them. This year it ought to be different, and there is no better means for the new settlers to get acquainted than through the community gatherings.

The auto enables folks living at the greater distances to get to and from these sociable occasions without loss of time and insures a fuller representation, and there is scarcely anything that will serve to break the monotony and grind of everyday work like the renewing of the ties of family and friendship, talking over "old screams," and picking up new acquaintances—all of this taking place in the world's finest diningroom-out-of-doors.

In the matter of advice, most men believe that it is better to give than to receive.

WILL IT HAPPEN?

The declaration of City Marshal Wynn to demand an observance of traffic laws within the city limits sounds encouraging. We now wait to see who will be the first to feel the toils of the law.

The Leader has frequently called attention to the laxity of law observance in this town. There is more than one city ordinance that is violated daily, yet apparently the city authorities know nothing of it or else just let it go by without correction. If an ordinance is worth passing, it is worth enforcing; if not, then it should be repealed.

The Leader has no desire for undue criticism, it much prefers to commend, and if Marshal Wynn can inaugurate a movement for the closer adherence of our important city ordinances it will indeed be commendable and the columns of this newspaper are always open for any assistance in that direction.

The bed bug is the low brow of the insect race, but there's no record to be had of one of them ever starving to death.

BETTER BOYS

We believe every father and mother in Littlefield will be interested in a statement made by "Uncle Joe" Cannon a few days ago, and now going through rounds of the press.

"Uncle Joe," for many years leader of the lower house of Congress, says the world is growing better because records of institutions for the correction of juveniles show a steady decrease in population. He has studied the reports from not only his own state, Illinois, but from many other states and finds that fewer boys are being sent to reformatories, industrial schools and houses of detention than at any time in recent years.

"Uncle Joe" argues that this reflects better home conditions and also a more general determination on the part of the parents to see that their boys are not permitted to spend all of their time in idleness when they are not in school. He feels sure parents are coming to realize that it is their duty to encourage their boys in learning a trade, with the result that more and more of them are showing a desire, at an early age, to earn money.

"Uncle Joe" is optimistic, and sees a generation far more skilled in industrial life than any generation that has gone before. That certainly ought to be good news to fathers and mothers who have boys growing up to take their place in the ranks of that generation.

We've noticed that about every two

CUT THE WEEDS.

Right now is a good time to begin the summer onslaught against weeds. The plentiful rains of the spring have been exceptionally favorable to their rank growth and every street, alley and vacant lot is now infested with them.

Not only are they unsightly, but after a while they will go to seed, and the winds will scatter them far and wide for next year's maturity. Really, a city-wide campaign of weed-cutting would be in order right now. It would benefit the entire town.

There wouldn't be so many divorces if women were as unselfish about other things as they are about giving their husbands a piece of their mind.

PAVEMENT PICKUPS

"Why is it," asks our linotype operator, "that beauty and work are never close companions?"

Alex Reeves suggests that maybe the reason why women cry at weddings is because they're married themselves.

Judging by the way they like to keep money in circulation, says Prof. Chisholm, "there are mighty few misers among the growing generation."

"If every woman was as keen about keeping sweet as she is about keeping young," declares T. Wade Potter, "divorce lawyers would soon starve to death."

Charley Harless, who is a great student of human nature, says "when the average man's wife insists on his going to market with her he knows it is not his company she wants as much as it is some one to carry the market basket for her."

LITTLE LEADERS

The season is now here when the Littlefield man who can't afford to travel enjoys it more than the man who can.

It doesn't take an ad in a matrimonial paper for some Littlefield girls to let everybody know they want a husband.

Another thing we dare any Littlefield man to explain is why a Ford run-always darts around like it was anxious to bite a piece out of a five-ton truck.

Maybe the reason you don't see some Littlefield men with their wives oftener is they never know where to locate them. Also, the same rule will apply to some husbands.

We suppose the time will never come when the average Littlefield wo-

THE PROGRESS OF TEXAS AS MEASURED BY PUBLIC UTILITIES

A glance backward and a look ahead which business men always take at the beginning of a year shows that Texas has been making progress during 1925. It shows that the prospects for further advancement during 1926 is good.

And in every phase of the review and prospect is seen the progress of the several essential public services upon which growth and achievement have depended.

The service of the telephone in this community is one of the items that have made for development here and without which the development of the past year could not have been accomplished. In the outlook for the present New Year this company is expecting to be a major factor in the building of this community to still better service to the people.

The service of the Panhandle Telephone system and the growth of this community go hand in hand. Our aims and ambitions, if they are right, are identical.

Panhandle Telephone System

Littlefield, Amherst, Sudan, Anton, Papp, Marton, Lehman
Long Distance Connections All Over the United States

When night comes or fog descends—the LIGHT HOUSE guides the ships safely on their way.

When financial storms and dark hours encompass—then look for that ever friendly light—THE BANK, which will guide you safely through to better times.

Men with experience will tell you that a Bank account is your best friend. They know!

When you are prosperous or have plenty, friends are many, but when hard times or old age decreases your earning power, then you will find that money in the bank, where you can lay your hands on it when you need it, will be your best friend—your great source of happiness and peace.

SHERIFF'S SALE.

TEXAS, County of Lamb. I hereby give, That by certain Order of Sale, issued by the Honorable District Court of Lamb county, on the 8th day of June, 1926, by M. R. Cavett, Sheriff, for the sum of Seventy-two and 26/100 Dollars, and costs of suit, judgment in favor of R. M. Cavett, in said Court, and styled R. M. Smith, vs. E. W. Hookings, Jr., defendant in my hands for service, as sheriff of Lamb County, Texas, did, on the 8th day of June, 1926, levy on certain real estate in Lamb county, Texas, and being lots Nos. 10, 11, 12, 13, in block No. 60; and 3 in block No. 75; and lots 2, 3, 4 in block No. 66; and lots 9 and 10 in block No. 6; all town of Littlefield, Lamb County, Texas, as shown by the map of said town recorded in Volume 500-502, Deed Records of Lamb county, Texas, and levied upon the property of E. W. Hookings, Jr., and Mrs. E. W. Hookings, Jr., and on the first Tuesday in July, the same being the 6th day of the month, at the Court House door in Lamb county, in the town of Olton, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and Order of Sale, I will sell said described Real Estate at public sale, for cash, to the highest bidder, as the property of said E. W. Hookings, Jr., and Mrs. E. W. Hookings, Jr.

ings, Jr. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lamb County Leader, a newspaper published in Lamb county. Witness my hand, this 8th day of June, 1926. (SEAL) LEN IRVIN, Sheriff, Lamb County, Texas. (June 10, 17, 24, 1926)

THE STATE OF TEXAS, County of Lamb.

To the creditors of J. M. Hughes, doing business as the "Little Drug Store" in Littlefield, Texas: You are hereby notified that J. M. Hughes of the county of Lamb on the 12th day of May, A. D., 1926, executed a deed of assignment, conveyed to the undersigned, all of his property for the benefit of such creditors as will consent to accept their proportional share of his estate and discharge him from their respective creditors, and that the undersigned accepted said trust and has duly qualified as required by law.

All creditors consenting to said assignment must within four months after the publication of this notice, make known to the assignee and consent in writing, and within six months from the date of this notice, file their claims as prescribed by law, with the undersigned, who resides at Lubbock, Texas, which is also his postoffice address.

Witness my hand, this 27th day of May, A. D., 1926. N. R. MORGAN, Assignee. June 3-10-17

W. H. Gardner and niece, Lou Burke, returned Friday night from a trip to Liberty Hill and Austin. They were accompanied back by Miss Maxine Connell, who will spend the next

America Leads Nations In Use Of Ice Cream

If any one food may be considered as America's national dish, it is ice cream.

Ice cream is a food particularly adapted to the needs of individuals of all ages, giving as it does the best type of nutrients for the repair of bone, teeth, blood and muscles and for energy.

Today thousands of housewives make their own ice cream. As a consequence, the making of this highly nutritious food at a reduced cost, yet without in any way impairing the product, is of importance.

Home economists have found a means to this end in the use of evaporated milk. There are three important reasons why evaporated milk

makes the best ice cream, they point out. Because 60 per cent of the natural water in evaporated milk has been removed by evaporation, there is over twice the percentage of solids present in this type of milk than there is in ordinary market milk—and, since it is the solids that give ice cream its pleasing flavor, this fact is of moment.

Then, the composition of evaporated milk is constant, for the reason that it has been put through an homogenizing process, which breaks up the fat globules into tiny particles and distributes them evenly throughout the milk. This attribute makes for an ice-cream mixture of uniform quality and fine texture.

Finally, experts agree that the use of evaporated milk in ice cream contributes to its hygienic qualities, for the reason that evaporated milk is entirely sterile. Health authorities believe that milk and cream should be heated to a heat of 100 degrees F. for half an hour in order that a perfect sterilization be produced from bacteria.

Evaporated milk is prepared at 240 degrees for 30 minutes, and, therefore, its introduction into an ice-cream mixture increases its safety in proportion to the amount of evaporated milk used.

Effective But Simple Dishes Now In Vogue

Something simple yet effective is the housewife's ideal for week-end dishes.

During the warm summer weather, women should not be compelled to spend hours in the preparation of meals, when minutes would accomplish the same purpose. Planning week-end menus should be a congenial task, not a bore. At this time of the year there are a variety of nutritious vegetables and fruits to choose from in preparing meals and the modern house manager takes advantage of them. The housewife plans her summer menus so that they will suggest coolness, while at the same time taking into consideration their dietary value. A delicious cream soup made from fresh vegetables, or an omelet, a fresh fruit dessert, or a custard, a dish of ice cream, or a pudding, are nourishing items that should find high favor in the week-end menu.

The home manager enjoys her week-ends 100 per cent more when she has a few moments of leisure. And in this connection the following recipes may prove an aid.

Creamy Salad Dressing.
1 cup bottled or milk dressing 1/2 cup cream
1/2 cup vinegar 1 tsp. sugar
1/2 cup evaporated 1 tsp. fruit juice
Combine evaporated milk and cream, chill and whip. Add sugar and juice, then fold into salad dressing. Especially nice for fruit salads.

Chocolate Velvet Cream.
1/2 tsp. gelatin 1 tsp. butter
1 cup cold water 1/2 tsp. salt
1 egg, beaten 1 tsp. flavoring
1/2 cup evaporated milk combined with
1/2 cup sugar 1/2 cup whipping cream, chilled
1/2 cup evaporated milk diluted with
1/2 cup water
Soak gelatin in water five minutes. Mix beaten egg yolks and sugar, pour heated, diluted milk over slowly, put in double boiler with gelatin, butter and salt. Cook until the mixture thickens. This takes about 15 minutes. Strain, beat 2 minutes, let cool. Melt the chocolate over hot water, let cool a little, then add the chocolate and vanilla to the mixture after it has cooled. Fold in the stiff egg whites, then the whipped cream. Turn into a mold and chill at least 2 hours. It may be chilled in indi-

AMARILLO—San Antonio will try to bring 5,000 to the W. T. C. C. convention here June 21, 22 and 23.

\$60,000 IS VOTED FOR NEW SCHOOL BLDG. AT BLEDSOE

Bledsoe, the new town at the terminus of the Santa Fe railroad out of Lubbock, is making great strides toward modern municipality, according to report of some of its citizens in Littlefield this week.

Business interests there have recently completed an ice and electric plant which is housed in a brick building 50x100 feet. A big bore well was put down, insuring an abundance of water for ice-making purposes. It is stated that so far no dry holes have been dug in that country.

The Magnolia Oil Company have just completed an oil station there, and the Texhoma people have purchased lots for oil station purposes. Several new residences and business buildings are now in the process of erection. The International Harvester Company have just completed a large warehouse with trackage running to it, which will be used as a distribution point for New Mexico consumption of their farming machineries.

Last week \$60,000 bonds were voted for the purpose of putting up a new school building, and the issue went over without a single dissenting vote. Plans are being made for a big celebration July 12th, that being the first anniversary of the townsite.

That Bledsoe is attracting the business and patronage of a wide circle of surrounding territory is well proven by the fact that several cardinal highways are now leading into the town. There is one road built along side the Santa Fe railroad from Lubbock to Bledsoe, another from Morton to Bledsoe, still another from Goodland to Bledsoe, and work is now in progress on highways from Tatum, New Mexico, to Bledsoe and from Millsand, New Mexico, to Bledsoe.

Crops of that section are said to be excellent, with many new farmers and homesteaders arriving weekly, and still a larger number preparing to migrate there during the early fall months.

AMARILLO—Between 75 and 100 towns will participate in the Spanish Fiesta to be given during the W. T. C. C. convention here.

CHILDRENS DAY OBSERVED.

Interesting Program Given by Members Presbyterian Sunday School.

There was a good attendance at the Childrens Day program given at the Presbyterian Sunday School last Sunday morning at the 11 o'clock hour. The program rendered was as follows:

SPANISH FIESTA PROMISES TREAT AT CONVENTION

AMARILLO, June 16.—The Spanish Fiesta which will form one of the major attractions of the West Texas Chamber of Commerce convention here during June 21, 22 and 23, and which will take place on Tuesday evening, June 22, at the City Auditorium, is already undergoing rehearsal, under the direction of Hal C. Worth, one of the leading directors of the Southwest.

The pageant is remarkable, not alone in the magnitude of the production or the methods by which its effects are to be achieved, but in ambitious theme along which it is built.

Mr. Worth says of it:

"Let's go back many years, say back to 1541. Not one of us alive can remember back that far, so let us use our imagination. Indians are encamped on the lonely prairies of Texas, and soon Coronado and his brilliant cavalcade approach on their spectacular march across the plains. Then years later the trapper and hunter led by adventure, braved the wilds. Soon came the pioneer, with his family; settlements were built, and amidst their hardships, they at night underneath the stars enjoyed themselves in their humble way.

"Then came the railroad, with its progress and development. Thousands from far and near turned out to see this monster of the steel rails,

while step by step history way until we find ourselves in a luxurious Auditorium on June 22, 1926, viewing the Fiesta of the West Texas Chamber of Commerce convention.

producer lead his audience back through the trail of and picturesque scenes to the day, and in this production mules, soldiers, pioneers, wagons, dogs, chickens, and every conceivable property, this as realistic as can be.

"No one can afford to miss historical Spanish Fiesta, close with song, music and at the Auditorium, the second of the convention, June 22, 1926.

AMHERST WOMAN ARRESTED

A woman giving her name as LaSever was arrested by Sheriff Irvin at Amherst on a charge of disorderly conduct, fighting and language, according to Irvin.

It was alleged she was carrying long dirk knife and had threatened the lives of several men and was residing at Amherst. She is believed to have paid a fine of \$40 before W. L. Gentry, and shortly after left town.

Mr. and Mrs. A. A. Reynolds in Idalou and Floydada. They were accompanied by Miss Louise Richey, of place, who has been in Littlefield a visit.

WE'LL BUILD IT! YOU CAN OWN IT!

Throughout the community stand many homes and buildings—enduring proof of the quality of our building materials and our qualifications to erect that home for you.

Can't afford a home of your own? Certainly you can! Come in, tell us what you want and we'll gladly assist you in arranging terms and finance plans to suit.

That "home of your own"—that home you have always dreamed of having, can be made to come true—NOW! See us today! House plans free.

"SERVICE WITH A SMILE"
 Littlefield, Texas.

WHERE WILL YOU BE?

Out of 100 average healthy men twenty-five years of age, forty years later—

ONE will be rich

FOUR will be well-to-do

FIVE will be supporting themselves by work

THIRTY-SIX will be dead

FIFTY-FOUR will be dependent upon friends, relatives or charity

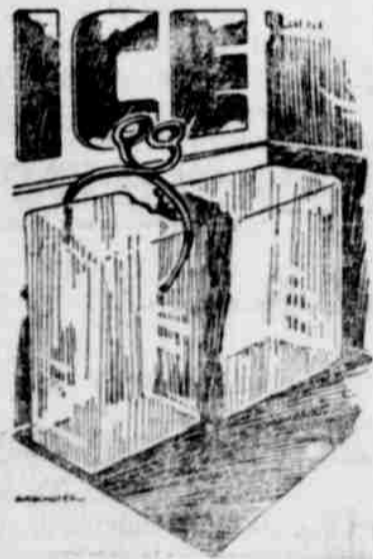

Are you allowing your affairs to drift so that you will be one of the Fifty-four? When you come toward life's end will you have enough to provide yourself with the comforts of life, or will you be one of the Fifty-four on the charity list?

We can show you in a few minutes how a small deposit in this bank now and a little every week will keep you off the charity list.

"COURTESY AND SERVICE"

GET HAIL INSURANCE!!

In the papers of last Sunday we read of a disastrous HAIL STORM in the City of Dallas that caused an estimated loss of \$500,000. Littlefield and community could and might be next in the path of the destructive HAIL. HAIL INSURANCE costs little in comparison to the safety it provides. It is a legitimate production cost when you live in the HAIL belt. It should be reckoned and counted in every year just as regularly as you buy the seed.

WHAT IS THE USE IN MAKING A CROP FOR THE HARDY HAILSTONE TO HARVEST unless you are sure that someone is going to pay for that crop? And if HARDY HAILSTONE reaps, there is just one person who will pay for your crop—he is your INSURANCE MAN.

NOW is the time to talk to him. It won't cost a penny more to invest in hail insurance now than it will to wait a month, and it may mean the difference in debt and prosperity.

CAN YOU AFFORD TO TAKE THE CHANCE?

Co-operative Advertising!

CO-OPERATION IS THE JOY OF LIFE AND SUCCESSFUL BUSINESS.

The time was when competition was considered "the life of trade," and the business man who could heckle his fellow-tradesmen most was considered the most successful. A generation ago the hard rule of business was "dog eat dog," and personal prosperity was sought by outwitting or destroying of rivals; but that spirit is being changed today.

Instead of fighting to undermine competitors, men are now co-operating to promote the general prosperity of the whole, and the growth of this habit of mutual helpfulness is becoming one of the remarkable developments of American life. It is a great discovery that there is room in the world for all business men—it is one of the epochal advances of human history.

Forty years ago many business men were possessed of the idea that they could prosper only as they took business away from their competitors, but now that they have learned different, both they and their competitors are better off.

No town in West Texas today dare boast of more spirit of co-operation among business men than does Littlefield. Here the spirit of "live and let live" is dominant. This fact is demonstrated by the advertisements on this page. These men, in different lines of business, have pooled their various interests in announcing special prices on their various wares. Each business concern offers something different from the other, giving a wide variety of selection to their various patrons—and all at great money-saving prices.

Various lines of business are represented on this page, meeting many needs of the household. It will be to your interest to read them carefully. You may not find all you desire at one store; but there is something profitable of purchase at all of them. Each of these advertisers will appreciate your business—they will all have a good word to say for their fellow advertisers, and they are glad to co-operate with their customers in making these special prices on seasonable merchandise. Catch their spirit of co-operation—you will enjoy it—and they and you both will be better off for the interchange of good will and the barter of worth while commodities.

FIELDTON NEWS

Mrs. W. D. Shackelford's father and mother are visiting her.

There was singing at Mr. Huckle's last Sunday night.

Mr. Ball and family have gone to Young county to see about his wheat crop.

The Fieldton canning club met last Friday with Mrs. Elridge, and will meet with Mrs. L. A. Robison the 25th. All present spoke of how they wished they had Miss Grimes to help us this year.

The Fieldton baseball team played Anton Saturday at Fieldton.

There has been lots of rain in this section and crops are now looking fine. Farmers would now enjoy some dry weather.

There is to be a meeting at the store Saturday to see about building a community church which we surely need.

Elmer Mitchell and family visited L. A. Robison and family Sunday.

W. D. Shackelford and family visited at Anton Sunday.

Some of the farmers of the west side of this community were hailed out Tuesday of last week and more were damaged.

Mr. and Mrs. J. Pickeral spent the night last Thursday with L. Wells and family near Olton.

(Thanks, come again Fieldton. We enjoy your items.—Editor.)

AMARILLO—Three thousand cots have been ordered by the Chamber of Commerce here to help take care of visitors to the W. T. C. of C. convention June 21, 22 and 23.

AMARILLO—Such celebrities as John B. Kieby, W. S. Farish, General Paul B. Malone, J. W. Carpenter and others will be here during the W. T. C. C. here June 21, 22 and 23.

C. J. Duggan returned Saturday from a two week's trip at Dallas and Amarillo.

SMITH OBSERVED

Mr. and Mrs. C. M. Smith, 72 and 71 years, respectively, celebrated their golden wedding last Thursday evening, at their home place three miles west of Littlefield. There were about one hundred guests present to partake of the festivities of the occasion and extend congratulations to the aged couple who have journeyed together so long through life.

Mr. and Mrs. Smith are both natives of Mississippi, the one born April 8th, 1857, the other August 10th, 1856. They were married in June, 1876. Later they moved to Milam county, Texas, then to Robertson county, Texas, and later to Oklahoma where they lived for 25 years, coming to Littlefield about a year ago, and are now living on a farm which they purchased at that time. Mr. and Mrs. Smith have never had any children of their own; but they have raised a family of seven other children, all of them being unfortunates who lost their own parents.

Everywhere the Smiths have lived they have been prominent in the social and religious events of their community. Mr. Smith has for many years been an ardent song leader, and since moving to Littlefield community his home has been hospitably thrown open every Sunday evening to the neighbors who have gathered there for an evening of song and social enjoyment.

The company that gathered last Thursday in celebration of the 50th year of their marriage was composed mostly of neighbors who hold them in the very highest esteem, also a few acquaintances from Littlefield. There was a delightful supper spread on the lawn, the neighbors all bringing in boxes and baskets of delicious meats, whopping big cakes, fat pies, and all the other tempting stuff that goes with it—enough to feed four times the number who were fortunate enough to partake of it. After the feast there was a half hour of singing, in which everyone took part. Such songs as "Silver Threads Among the Gold," and "When You and I Were Young, Maggie," being the popular numbers. There was a reading by Miss Rose Scherer, talks by E. A. Bills and Jess Mitchell, and, finally the song, "God Be With You Till We Meet Again," and many congratulations and best wishes to the happy old couple who apparently are good for another 50 years to come.

SOMETHING TO THINK ABOUT

By F. A. WALKER

MENTAL INERTIA

IT IS the fine solid sort of man or woman, who by power or will alone can overcome the various imp or inertia which habitually cross his or her path, or stand on the highway of life like a common bandit and shout out: "Stand up and deliver!"

It matters not what course we may be pursuing in business or among professional callings, we are pretty sure at some time of another to come face to face with this form of sluggishness and drag along for days and days under its strange spell in spite of all the energy we can summon or all the good intentions we can muster to help us out of our difficulty. And when we finally emerge from the torpor, we realize that we have been in the clutches of an inertia that had slowed us down and frightened us until we were not our normal selves.

There is always in such a state as this, the nice critical moment of finding our bearings, breaking the heavy fetters and regaining again our old-time vitality and aggressiveness.

From timidity to boldness is but a short jump, but the man or woman who can make the leap, confident in his or her strength, is certain to land on solid ground, ready to fight the way to victory.

Those dull, blunt and passive persons whose mental faculties function slowly from habit can in a little while by well-directed, persistent effort become forcible, active and energetic.

But when they once set their faces toward an active life of usefulness they must not be persuaded to turn back to the old disease, or they will never get an inch beyond the boundary line that separates success from failure.

In point of fact, mental inertia is one of the most formidable obstructive and destructive forces with which the world has to reckon.

It creeps in upon the mind like a thief in the night. It lures its victims to delightful hopes and dangerous illusions and later taunts them for their lifeless incapacity.

Nor does mental inertia preach what it practices, for in its deplorable work it is ever alert in the pursuit of unsuspecting dupes, and never a moment during the fleeting years of time does it discontinue to de throne and destroy.

(© by McClure Newspaper Syndicate.)

Again America has lifted one of England's most coveted sport titles—the British Amateur Golf crown. Jess Sweetser, former American Amateur Champion, a full fledged Yankee, won the tourney at Muirfield, Scotland, defeating the best talent the Emerald Isle could pit against him.

WORK ON SEWER SYSTEM WILL BE STARTED MONDAY

Roy Irick, of the Roy Irick Construction Co., Plainview, was in Littlefield Monday and stated to Mayor L. R. Crockett that he was ready to begin work of putting in the Littlefield sewer system.

Irick stated that a big ditching machine would be loaded this week, also all other tools necessary for the work would be shipped immediately, arriving here so that work would be started next Monday.

It is understood that the contractor will begin work first on the disposal plant, then coming into town to lay the sewer pipes. Irick stated that he would be able to use at least 25 local men on the job to begin with.

It is estimated that four months will be required to complete the job.

CARPENTERS COME ACROSS.

A check for \$25.00 was received Wednesday morning from H. W. Teeters, secretary of the local Carpenters Union, according to Clayborne Harvey, of the Chamber of Commerce.

It was sent as a contribution toward the expense of the convention trip to Amarillo. The accompanying letter said: "Please accept the inclosed check from the Carpenters' Union of Littlefield as an expression of our appreciation of your efforts and the good you are doing for the community. The carpenters are always ready to help the Chamber of Commerce—we are all pulling for the same thing—a bigger and better Littlefield. Hurrah for Duggan!"

The Chamber of Commerce greatly appreciates the assistance of these men and a letter of appreciation has been forwarded them by the secretary.

DUCK CAUGHT ON STREET.

"Getting to be a terribly wet country," remarked A. H. McGaveck Wednesday morning. He had just discovered a young wild duck, scarcely feathered out, parading in front of the First National Bank.

Mac declares the bird was headed for Lon's Lunch counter, and was just trying to get a little money from Dugbar to pay for the feed.

Mr. and Mrs. T. M. Springer returned last Saturday from Hardeman county where they went to visit a daughter. They were accompanied home by their son, Lloyd, who has been attending the North Texas Agricultural College at Arlington.

Mr. and Mrs. Otto Jones and family left Tuesday for Munday. Mrs. Jones and children will go on to Goree, where they will visit her parents. Mr. Jones will return here.

BIRTHDAY PARTY.

Monday afternoon Mrs. R. E. McCaskill entertained with a lawn party, honoring her son, Boverly, who was 9 years old on that day. He was the recipient of many nice gifts. Several delightful games were played by the children and refreshments of ice

The guests included Mrs. Phipps, Veris Deaner Roberson, Mary Beth Knox, Wanda Tooke, Ellene Vouse, Dorothy West, Ricky Cundiff, Marshall Burleson, Gayle and Dan Boone Hemphill, John Claude Lowmore, Earl Gustine, Rev. Phipps and Vellie Dalton.

Mrs. Ray B. Jones charmingly assisted in the entertaining.

MOODY MEETING AT LUBBOCK.

Littlefield Will Send Big Delegation of Supporters.

Plans have been laid for a big delegation of supporters to attend the political meeting to be held at Lubbock next Saturday evening, at which time Dan Moody, of Austin, candidate for governor of Texas, will speak.

It is desired that all those who desire to attend the speaking will meet at the bank corners Saturday evening, promptly at 6 o'clock. Conveyance will be provided for those who do not have cars.

GOLF OFFICERS ELECTED.

R. E. McCaskill, Famous Arctic Explorer, Will Supply Ice Water.

A meeting of the members of the Littlefield Golf Club was held in the Burleson-Mason Co. Funeral Parlor Wednesday morning at 9 o'clock, and the following officers were duly elected: B. B. Liles, president; Ralph Dunbar, vice president; R. E. McCaskill, secretary; F. M. Burleson, treasurer; A. R. Hendricks, director. Membership committee—Chas. Harless, chairman; G. M. Shaw, Clyde Willis.

It was unanimously decided to raise

money to pay 25 cents each time they play. The course is now in fine shape, the fairways having just been mowed and the greens worked over. Mr. McCaskill was duly appointed to see that plenty of ice water and various other beverages were kept on the course at all times.
