With close to \$2,000 in prize money awaiting the winners, Lamb County's annual Junior Fat Stock Show gets underway Friday with 274 entries vying for the coveted division titles and the cash awards.

More than 125 FFA, FHA and 4-H boys and girls from communities throughout the county will compete in the judging.

Friday's proceeding will consist of sifting all the animals entered with the actual judging beginning Saturday at 9 a.m.

Swine entries outnumber all others with 142 head in competition. Sixty lambs are entered along with 45 steers and 27 Shetland ponies.

First division to be judged Saturday will be swine, followed by sheep at 11 a.m., steers at 1:30 p.m. and Shetland ponies at 3.

Trophies will be awarded the first, second and third place winners in each class and to the Grand and Reserve Champion pony of the show.

Grand Champion steer will pocket \$200 with the Reserve Champion getting \$100.

Football Feast Toasts Gridders

Littlefield's 1960 Wildcat gridders will be toasted Saturday night at the annual football banquet in the high school cafeteria.

Preceding the banquet will be the coronation of the year's football queen in the gym. The queen, chosen by secret ballot by the members of the varsity squad, will have her identity kept secret until the time of her coronation. Finalists in the contest for selection of the queen are Kay Martin, Romie Townsend and Rusty Gowan.

The dinner will be centered around a speech by Claude Gilstrap, head football coach and athletic director at Arlington State College. In eight years of coaching at the newly designated four-year college at Arlington, Gilstrap has rolled up an impressive 55-12-2 record and captured the Junior Rose Bowl in 1957.

Police Solve Recent Break-Ins

Most of the recent break-ins were cleared up here Tuesday afternoon and Wednesday morning when three local youths were picked up on suspicion and later confessed their parts in the crimes.

The trio, ages 10, 13 and 14, admitted to the two break-ins at Young's Grocery, and the break-

ins at Furr's, Renfro Bros. Grocery, Nelson's Hardware and Stewart's Fruit Stand, and Luce-Rogers-Nelson Implement Company.

Some of the stolen goods were recovered, including three watches, three guns, one carton of cigarettes and \$6.45 in money. City police and county authorities have been working on a series of break-ins since they began. The last two break-ins occurred this past weekend.

Young's Grocery was broken into again Sunday night but loss was listed as a crescent wrench and two cigarette lighters. The building was entered when a front plate glass was broken.

Also Sunday night Furr's was entered when a hole was broken in a large plate glass window in front of the building. Loss there was listed as three watches, a billfold, a gift set, two boxes of Valentine candy, about \$15 from a soft drink machine, a large amount of trading stamps, 20 to 30 cartons of cigarettes and a barbecue grill, the personal property of the store manager.

These were the latest break-ins but both were solved by the arrest of the three boys. Police said they gave no reason for the break-ins other than to get some spending money.

Another break-in investigated over the weekend was at Campbell Plumbing where culprits broke a door open and hauled off a sewer cleaner valued at \$50.

Also over the weekend city police

Tax Study Discussion Set By C-C

Chamber Of Commerce president Kenneth Reast has called a joint meeting of the board of directors and members of the governmental affairs committee for 7:30 p. m. today in the Reddy Room.

The Committee will present to the board for its approval a proposal concerning the Texas state tax picture.

"We feel as if the state's responsibility is the people's responsibility," Gene Garrison, chamber manager said, "and it is time for the people to let the legislators know how they feel."

Reast urged that all board and committee members be present for discussion.

"Too, we encourage everyone interested in the affairs of the state government to attend the meeting," the president said.

Conservationist Of The Year

U. E. Kelley Nominated For Award

by Bryson T. Kisner
Soil Conservationist
"Conservation pays" says U. E. Kelley, who has been a cooperor of the Lamb County Soil Conservation District since 1949, but practiced conservation farming long before that.

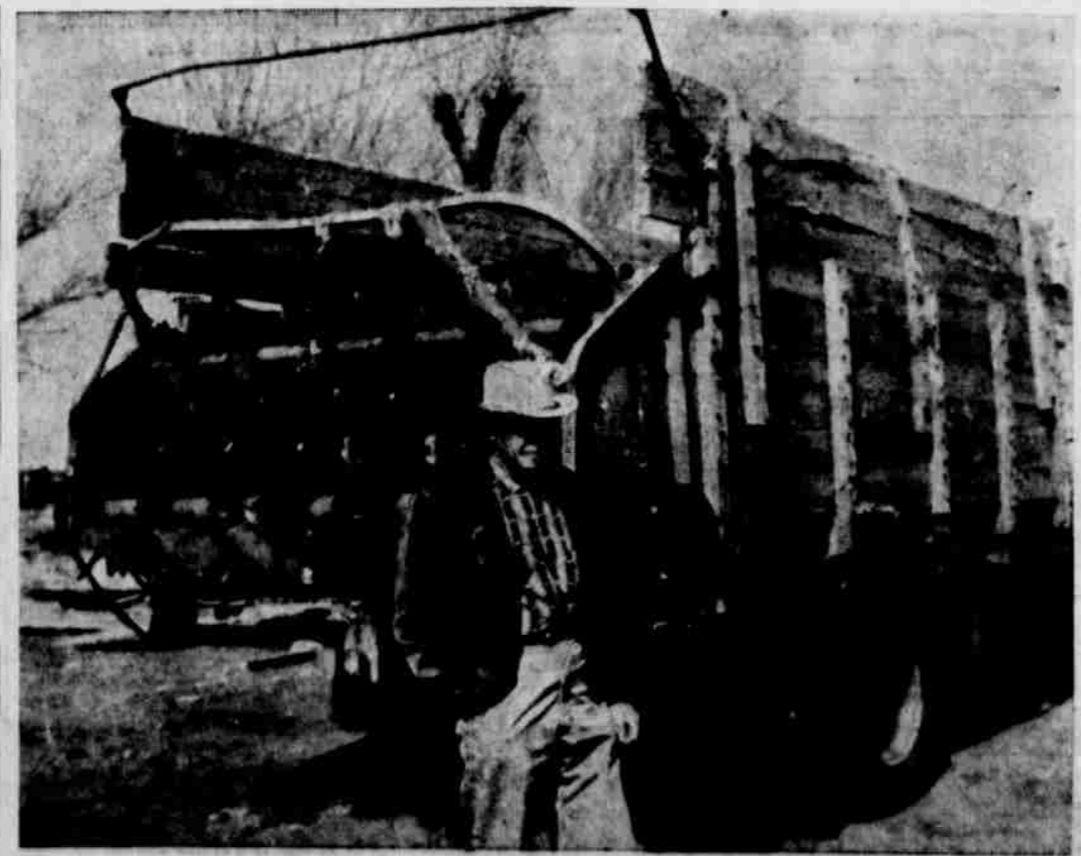

In recognition of his conservation efforts, Kelley was picked by the Lamb County Soil Conservation District board of supervisors as the conservation farmer of the year and has entered him in the Fort Worth Press contest to pick the outstanding conservation farmer of the state.

Kelley was born on a farm in Tarrant County near Fort Worth, Texas. At the age of eleven, his parents moved to Jack County farm near Mineral Wells and farmed there for about twelve years before they moved to a Donley County farm between Wellington and Hedley. There he farmed for about twenty-two years prior to moving to Lamb County on a dryland farm northwest of Littlefield.

About seventeen years ago he bought the farm that he now lives on. In 1945 he drilled his first irrigation well and started bench-leveling the sloping land in 1949.

At the present time he has

The Woman's Angle

Local Young Woman's Auxiliary Focus Week Set, February 12-18

February 12 thru 18 is Young Woman's Auxiliary Focus Week throughout the Southern Baptist Convention. During these days all eyes of the First Baptist Church, Littlefield, are focused on this organization. The Janet May YWA of the First Baptist Church has achieved a record. This organization has been designated by Mary J. Nethery, YWA director of the State of Texas, as one of the nine most outstanding YWA's in the state. And, according to Miss Nethery, the Janet May YWA has the highest average attendance in the entire state. Because of this, Judy Dale, outstanding member, will be featured on a penit on Saturday morning, Feb. 25 at the state YWA Houseparty at Hardin-Simmons University. Judy is vice president of the local YWA, the YWA of Llanos Altos Association and the YWA of District Nine. The distinction of the YWA was achieved under the leadership of Jo Harmon, who served as president during 1959 - 60, and is continuing in service during the present year, under the leadership of Melva L. Ross, current president. It has a membership of 22 at present, having received 13 new members since October 1. Focus Week activities began on Sunday morning, when the young women, with their director, Mrs. Ralph Nelson, sat together and were recognized in the worship service. Monday morning they met in the home of Mrs. Nelson for a breakfast, featuring a stewardship emphasis. The table were decorated in the Valentine motif with red place mats and napkins, centered with boats filled with roses. Those present were Melva Lynn Ross, Judy Dale, Marilyn Wheeler, Marcia Sullivan, Linda Dale, Patricia Locker, Paula Fields, Linda Walthall,

Jane Dunagin, Joyce Thompson, Linda Williams and Sarah Gentry. Also present were Bill, Jim and Cathy Nelson and Mr. and Mrs. Nelson. Following the meal, Miss Locker, Stewardship chairman, brought the devotional. A table stressed the stewardship emphasis with a cross bearing streamers of green satin ribbon on which were the words, in gold, "I dedicate myself to give." "Nailed to the cross" were tiny gold charms. . . a violin, a heart, a clock and a purse. Beside each, in tiny gold letters were the words, respectively: "my talents. . . myself. . . my time. . . my possessions." Miss Locker was pacing a suitcase in preparation for a Stewardship Journey. In it, with narration, she packed all the things needed as a good steward travels through life, faithful to that which has been entrusted to his care. Tuesday evening, Marcia Sullivan, Community Missions chairman, led a group in a "Sweet heart" visitation of shut-ins. On Wednesday evening the group met in the church basement for rehearsal. Other Focus Week activities included a tea honoring the Mary Francis Nichols Circle which sponsors the YWA on Thursday afternoon at the home of Mrs. Nelson. Friday evening and Saturday morning, the Janet May YWA will serve as hostesses to the Llanos Altos YWA Council Houseparty to be held in the basement of the First Baptist Church, Friday evening, at a formal banquet, Mrs. Bert Black of Crosbyton, District Nine WMU president, and R. B. McAlister of Lubbock will be featured speakers. Saturday morning will include a song service, led by Sarah Gentry, Llanos Altos Council Chorister; a business session, presided over by Shirley Henry, Mulleshoe, council president, at which officers for the year 1961-62 will be elected; and a play, His To Command, presented by the Janet May YWA. The featured speaker for the morning will be Mrs. Hal Harralson of Fort Worth, who served as the first president of the West Plains YWA council which has since become the Llanos Altos Council, Mrs. Harralson is the former Judy Christian of Littlefield.

Layette Shower At Earth Honors Mrs. Powell

EARTH —Twenty-five guests called between the hours of 3 and 5 p. m. Thursday at the home of Mrs. R. S. Cole when Mrs. Duke Powell, Littlefield, was honored with a layette shower. They registered at a table holding an arrangement of small white flowers in a vase fashioned as a baby bootie. Laid with an ecru lace cloth over pink, the refreshment table was centered with an arrangement of pink carnations offset by a white umbrella which shaded a baby doll nestled in white angel hair. Mrs. Clifford Bills, Denver City, presided at the silver coffee and tea service while Mrs. Kenneth Walker, Lubbock, served. Pink and white mints were also served. The white napkins were stamped with the picture of a hand mirror reflecting the image of a sleeping baby. An arrangement of white roses in a small baby cradle decorated the coffee table in the living room and pink peonies were used in the room were gifts were displayed. Mrs. Powell was presented a corsage fashioned of white baby booties, a pink rattle and pink diaper pins on a background of white net and ribbon. Assisting Mrs. Cole were Mrs. H. S. Hickman, Mrs. Bruce Higgins, Mrs. W. H. Kendrick, Mrs. Alfred Dutton, Mrs. Mildred Free, Mrs. R. L. Drake, Mrs. Louis Bolinger, Mrs. Ray Glasscock, Mrs. L. T. Smith, Also Mrs. Kenneth Walker, Mrs. Forrest Simmons, Mrs. Hilbert Wisian, Mrs. Bob Ussery, Mrs. W. C. Maxcy and Mrs. Kenneth Sawyer.

Lott, Carl Reed, Bob Marrow, Edward Phillips, A. L. Polk, A. H. Epperson, and E. E. Pair. Miniature storks dotted the white shower umbrella were set on a styrofoam base which was surrounded with net ruffles and aqua ribbons. The table was covered with white lace. Yellow punch was served with cookies dotted with aqua icing. Out-of-town guests were Mrs. W. A. Pool of Morton, Mrs. Doug Moore and Mrs. Opal Leggett of Lubbock, Mrs. C. E. Myatt of Levelland and Mrs. R. Badger of Littlefield. Sixty called or sent gifts.

BTU Progressive Dinner Has "Sweetheart" Motif

Friday evening, members of Adult Training Union of the First Baptist Church had a Sweetheart party in the form of a progressive dinner. The guests gathered at the home of Mr. and Mrs. D. J. Stafford where an appetizer was served. The salad course was served in the home of Dr. and Mrs. Aaron Williams. Joe C. Arthur, minister of music and education, led the group in singing "Let Me Call You Sweetheart." The entree was served in the home of Mr. and Mrs. Ralph Nelson. The buffet table was laid with white lace over red, lighted with tall white spiral tapers in milk glass holders, surrounded with tiny white flowers. The background arrangement featured large red and white satin hearts adorned with ribbons and flowers. The serving tables were centered with boats of roses. Arthur sang "At Dawning" accompanied by Mrs. Robert D. Longshore. The dessert was served in the home of Rev. and Mrs. Longshore. The table, laid with white, was centered with arrangement of miniature flowers and hearts. Following the meal, Dr. and Mrs. Williams presented a skit based on the song, "Baby, It's Cold Outside." The entire group then took part in a "Battle of the Sexes," in which the men and women alternately sang parodies of familiar tunes. To close the evening on a serious note, Mrs. Loyd Crume sang "O Perfect Love," after which

The devotional was given by Mrs. Arnold Newmann, who also led the group in singing the hymn "This Is Your Life".

A skit entitled "This Is Your Life" was read and acted by Mrs. Elmer Hohle, Mrs. Elder Hill and Mrs. Doyle Alford.

The group divided into groups, the odds and ends, participated in a Bible quiz, the odds, winning.

If You Don't Like It Now, Wait A While

You've heard the saying "If you don't like the weather, just wait a while and it will change". That is just what happened in Littlefield Wednesday.

Early Wednesday morning Littlefield looked like London and most motorists drove with their lights on through the fog.

About noon the sun shone for a short time and then the bottom fell out as rain and hail peppered the area for about 30 minutes.

At times, the hail fell so hard the ground was white with the small pellets. There were no reports of any damage done by the storm which seemed to be confined to the immediate Littlefield area.

Police arrested two persons for drinking while in control of a motor vehicle, three for drunk and disturbance, three for drunk in public, one for drunken assault of an officer, one for investigation and one for failure to appear.

County officers arrested six persons this weekend, two for violation of liquor law, one for bail jumping and three for investigation of burglary.

Lobos Rack Wildcats In Cage Finale

Littlefield's Wildcats wound up their 1960-61 cage season here Tuesday night by dropping a 73-51 decision to Level-land.

It was the Cats' eight conference loss of the season. In other action Tuesday night, Dumas captured the district flag by trouncing Hereford, 67-57 to earn the right to go into playoffs.

Levelland led throughout the game here Tuesday and held a 43-21 halftime bulge. Boots Barker led the bench-thin Cats at the bucket with 21 followed by Jerry Koller and De Pierce with 14 and 13 respectively.

The game was the final high school encounter for Pierce and Koller who are seniors. In the earlier "B" game Levelland downed the locals 36-32.

One auto accident was reported. Melvin Frank Colbert, Littlefield, hit a parked vehicle owned by Harrison William. Damage to the Colbert auto was \$275 and to the William car \$35.

LOCKNEY and Petersburg, with considerably larger Negro high school enrollment expected, are faced with the same problem. No action has yet been taken by either of these two school boards.

For several years, each of the three schools had sent their Negro high school students to the Floydada Negro high school. Two weeks ago Floydada sent letters to the three superintendents informing them that a \$25 tuition fee per month per student would be charged beginning this fall.

The alternatives seen by school authorities in the areas involved were: 1. Pay the additional cost. 2. Build equal facilities for the Negro high school students, or 3. Integrate their high schools.

WE WELCOME all of Lamb County's FHA-IFHFA youngsters to Littlefield this Friday and Saturday for the annual Jr. Livestock Show. The directors of the show have worked hard on the show facilities and in organizing what should be the biggest show ever.

This issue of the Lamb County Leader carries many pictures of the boys and girls who will be showing their steers, swine, sheep and Shetland ponies.

THERE WERE some doctors and their buddies brought along some seasick pills on the fishing trip to San Carlos Bay, last week.

THE REPORTS I get were that after the first day of fishing, even the old timer fishermen were sorta hinting that they might like to "try" some of the pills.

IN FACT, when the "pill boys" were ready to go home, the balance of the seasick pills were going at a pretty good price!

Well, seasick or not, the 24 fishermen made a good showing, looks like they caught enough to feed the whole town of Littlefield. . . saw a fellow go by the window just now with fins sticking out his back!

NORMAN RENFRO modestly reports that they must have averaged about 200 fish per fisherman! The best proof of a good fishing story is to have a picture to go along with the story, so we believe we have a good showing of proof in some pictures of this fishing trip on another page of this issue.

ORVILLE MURRAY reports that Littlefield has a new bronco buster. It seems that Charlie Calvert went out to borrow one of Orville's old nags (guess, I should say "fine steeds," Orville may want to sell this one) and when Charlie climbed into the saddle, she proceeded to buck. She didn't buck Charlie off, but as soon as she slowed down, he got off and changed his mind about borrowing Orville's "nice old mare."

One of the highlights of the banquet will be the presentation of awards to the outstanding back and the outstanding lineman of the past season. Recipients of these awards will be chosen by the coaching staff from an evaluation of the films of the games.

A third award, the "Fighting Heart Award" will be given the Wildcats who showed the most fighting spirit and desire over the season.

son county. For many months there has been a proportionately large number of men without work in Texarkana. Some 2,975 workers, which is 8.1 per cent of the entire work force there, were unable to find jobs in December. In December, total statewide unemployment stood at 191,500 and increase of 32,100 jobless workers over the 159,400 Texans who were hunting jobs in December 1959. We are fortunate that Texas hasn't had anything like the unemployment of West Virginia, Pennsylvania and other states.

While we are grateful that the situation in Texas is no worse, we must move to assist those who are stricken and be certain that the trouble does not grow. I'm privileged to be one of the Senate co-authors with Senator Paul Douglas of Illinois, one of the Area Redevelopment Bill, Senate Bill Number 1, the Administration's major proposal aimed at helping people in local areas where income is low and job opportunities are few — helping them to develop new industry and to create new jobs for their own people.

Here basically is what this Ar-

ea Redevelopment Bill is designed to do:

1. It will send technical specialists to the affected areas to help plan needed improvement.
2. It will provide low interest rate loans for construction of new plant facilities.
3. It will establish vocational retraining programs for jobless workers with subsistence payment during their retraining period to prepare them for new jobs in the new local plants requiring new skills.

This is a responsible, self-help program that is vital to our national economy. To wipe out these pockets of poverty, we have a choice. We can either seek to stimulate the over-all economy so that those people without jobs can move out of their old home towns to some other place. Or, we can rebuild the economy of that distressed town and help the local people establish and develop new industry to create new jobs in their home town environment — in other words, help local people rebuild a new community using their natural resources and strong deep-felt ties with the past.

The Area Redevelopment Bill will help rebuild these fine areas of Texas and America which time and prosperity have passed.

Unused Cotton Allotments Hurt Community Economy

Cotton is a commodity which circulates through all the avenues of trade and commerce. In the economy, says Cecil Parker, extension economist, because of the other hand, can adversely effect a community's whole economy, points out Parker. For that reason, he adds, unused cotton allotments are a matter of community concern.

Though the dollar's identity may be quickly lost, it tends to

LIPSTICK LOGIC

Finding fault can easily become chronic. When it gets that far along, it infects the personality of its owner more than it hurts the object of its scorn. The next state is defeatism.

Take the case of the husband whose spouse just couldn't please him. One morning she prepared his breakfast exactly as ordered, with "one egg scrambled and one sunny-side up." This time he almost showed pleasure — but soon recovered his usual manner and complained: "You've scrambled the wrong egg!"

Just as bad manners soon possess the possessor, so good manners get rusty from disuse as any other tool or talent will do. The greatest enemies to a pleasant relation with our fellows are tension and fatigue, which eventually lead to fault-finding and a sense of defeat.

A good-looking college youngster hurried by wearing a worried frown the other day: "I've got too many things on my mind, and no time!" he grumbled. We wanted to say "Well drop a few, before the hurry-habit hooks you!" But who wants advice? Especially when he's already tensed up from lack of sleep and carrying around spare troubles, just in case the regular days supply isn't enough.

How often have you encountered an acquaintance at the grocery store who exclaims: "Never get to see you! Guess you're busy, too." Then instead of exchanging a few happy remarks, she launches into a narration of her problems, so that you're glad to escape to the lemons and onions that are neither busy nor worried.

The American enthusiasm for doing things has gradually been translated into stacking up jobs and tensions so that we never have any time to relax and smile. Could it be that our emotions, get scrambled and we forget to keep our personalities sunny side up?

Trustee Election Set At Amherst

Amherst School district board of trustees called a trustee election for April 1. Filing deadline for the election has been set for March 1 at 5 p. m.

Persons desiring to file for the two terms that expire may do so in the office of the Amherst school tax collector.

The terms of Jack Durham and Delvin Batson are the ones that expire this year.

The terms of Jack Durham and Delvin Batson are the ones that expire this year.

These same dates, points out Parker, are also the final dates for producers in the different zones to file applications for additional allotments. That is, acreage in addition to the cotton allotment already established for a farm.

Because of the complex situation which exist on many cotton farms, Parker strongly recommends that producers contact their county ASC office for details on how the release and allotment program can effect their future cotton production plans. Some mighty important decisions are involved, he says.

TIPS for OUTDOORSMEN

by Vera Sanford

Hunting a Broken Quail Covey
 Quail hunters following a brook on a way that lights here and there as singles, often are puzzled to find that their dogs can't locate the birds, or blunder smack dam into them with no chance to stand.

This happens because:
 (1) An alighting quail usually hits the ground running and crabs up a "far piece" from the spot where it landed.

(2) Your dog can't smell such a bird out because the newly grounded quail has air-washed its body odor away in flight.

You can get around this by waiting patiently for about half an hour before going after the bird. This gives the birds time to re-aggregate, distinctive scent the dogs depend on.

Try Stuffed Goose Decoys
 It may be too tough for your pocketbook, but if you own and use a flock of "stuffed" goose decoys, you'll get the geese when others don't.

Some hunters claim fantastic luck when using such decoy substitutes as paper bags, handkerchiefs, etc. but the fact remains that a goose is a sharp-eyed critter and the more natural your decoy appears, the more likely geese are to come down to your bill.

Taxidermist-mounted decoys can't be beat. They must be handled with care, but are worth the extra trouble.

Or you may substitute skins

that you yourself have stuffed with cotton etc. These are inferior to the professional jobs, but they will surprise you by the number of geese they will decoy to your blind.

Stuffed decoys have been used by many sportsmen with great success.

To Find Squirrels-Hunt Nest
 In the South, most squirrels build their nests around a vine, either a grape vine or whatever sort comes handy.

Smart hunters look for these vines, then shake them vigorously. If there is a squirrel in the nest, out it comes into the open.

Hunt Woodcock on Wet Days
 Best woodcock hunting can be had on muggy, humid, or downright wet days. The birds are more active then and the scent lingers longer on the ground for your dog-to-nose out.

Shot Size is Important
 When hunting turkeys on the wing use No. 2 shot in a modified barrel—12 gauge, or 20. The gauge makes little difference.

If ground shooting, best results are obtained with No. 6 or 8 shot, aiming for the head only.

Rifle hunters should use a Hornet, or 22 long rifle loads.

Shoot for head, if you are confident, and save good meat.

Cooking Rabbit-Texas Style
 Ever eat rabbit fixed Texas style? If not, you are in for a treat.

Cut up two choice cottontails

as you would a frying-size chicken. Season well with chili powder and brown in olive oil. Put pieces in well-greased casserole. Season with salt and pepper, parsley, and chopped onion. Cover with fine white wine, and bake slowly until most of the wine is soaked up or until the meat is thoroughly done.

Make a gravy by thickening sauce left in casserole with flour and cream.

For Easier Loading
 Harden the tips of your rawhide shoe laces by holding them over the flame of a match, until match burns out, or until the rawhide is thoroughly charred. You'll find they lace much easier.

To Cut Glare From Sights
 Smoke the front and rear sights of your rifle to overcome glitter that could spoil your aim at a crucial moment. Pass sight several times through the flame of a burning match.

You have an emergency glue right in camp.

Use condensed milk! It will glue just about everything—wood, paper, plastic, etc. Just apply and let dry as you would actual glue.

Crow hunters—here's a novel decoy.
 Stretch old black socks over wire coat hangers. Twist hangers to resemble crow's shape, stretch on spools, then hang here and there on tree limbs around your blind.

Hangers and socks are easy to carry and are very effective, especially when used in conjunction with a good crow call that is expertly used.

Boil all water of which you are not absolutely sure. Five minutes

is sufficient for safety.

To save time, and should boiling not be practical, treat water with chlorine. Used as directed, it makes water safe for drinking. Carry a bottle of chlorine tablets with you.

Madden Drug Interest Sold

Catherine Wright has purchased half interest in the Madden-Wright Drug Store, announced this week. She purchased the interest from Mrs. W. H. Madden. The name of the establishment will be changed to Wright Prescription Drug with Miss Wright and her father, Fred Wright, managing the store. The store is located in Littlefield since 1924.

Miss Wright has been employed in Dallas with Southland Life Insurance for the last 12 years, moving to Littlefield about three months ago.

Miss Wright is a graduate of the University of Texas at Austin, where she received her Bachelor of Science degree in 1948. She is also a member of the American Red Cross and the Littlefield Chapter of the Order of the Eastern Star.

Blue Star Home Open House Set For Sunday

The Pioneer Gas Company and the Wilson-Crump Lumber Co. will be showing a new "Blue Star"

From Your Chamber Office

By GENE GARRISON

This week is the Lamb County Fat Stock Show. The business and professional men and women of Littlefield, who make up the Littlefield Chamber of Commerce are very proud to participate in this fine county-wide project.

The future of Lamb County obviously will be related to our agricultural economy. As this program grows we will all have the potential growth.

In the short two months that I have been a resident of Lamb County, I have heard three programs that emphasized the fact that livestock can play a very important part in our future.

The agricultural economist and animal husbandry experts agree that our grain profits can be greatly increased by feeding out stock for the market.

Another factor influencing this potential is our location in relation to the ever-increasing West Coast Market. The population trends indicate that soon the far West will be the largest urban population in the United States. They will provide a rich market tomorrow for the FFA and 4-H students who are learning to feed business today.

The purpose of the show is to entice to youngsters who will be competing for the market in years to come.

Cash prizes are given as an incentive to encourage the students to follow the best practices available.

We should be grateful to the men who have worked diligently, contributed money and work to make this show possible. They have made a realistic investment in our future.

The people of Littlefield welcome all of you neighboring communities and towns to visit with us this weekend. We hope you enjoy the show and the town; we know we will enjoy your fellowship.

gas home in Crescent Park the next two Sunday afternoons.

The public is invited to visit the home which is located at 118 East 19th from 2 to 7 p. m. each Sunday.

The home was built by Wilson Crump Lumber Co. Requirements of the Blue Star home according to Pioneer Natural Gas are that it must have all gas equipment... gas built-in range, clothes dryer, (or combination washer-dryer, refrigeration,

U. E. Kelley --

(Continued From Page One) bench-leveled approximately thirty acres and he lacks about ten acres of field leveling which is planned for this fall, his entire farm under a surface irrigation system. To accomplish this, he drilled another irrigation well last fall and has installed a total of 4871 feet of underground irrigation pipe.

Soil is something like people, if you treat it with kindness it is more than likely to respond with a helping hand," Kelly said, so he has been applying cotton burs at the rate of three tons or better per acre each year for the last fourteen years.

Besides applying the burs he adds any other mulches that are available. He interplants cowpeas with his grain sorghums and plants small grains for cover and green manure crops, plus applying commercial fertilizer based on soil analysis. This fits in with his crop rotation of cotton, grain sorghums and alfalfa.

He plans to plant some perennial grasses for livestock use. As soon as he can get the grasses well established, he plans to get a few head of cattle to utilize the grass.

Last year, Kelley and his son started a partnership farming, and they plan to graze some livestock using perennial grasses, alfalfa for hay and irrigated small grain cover crops for fall and winter grazing in conjunction with supplemental feeds.

He bought the dryland farm about three years ago and in 1959 he installed a complete terrace system and contour farming with a conservation cropping system of grain sorghum and cotton,

central heating, bathroom heater, water heater, forced airers, patio char-broiler, incinerator and gas lights.

The home is brick veneer with vertical paneling adding style to the front. Attached carport on the west with storage to the rear are modern and convenient.

The home is located just a block from Crescent Park which now is completely landscaped has a new tennis court and playground equipment.

The grain sorghum stubble is left standing through the critical wind erosion period. The cotton is overseeded with a small grain cover crop planted with a broadcast seeder with the last cultivation.

Kelly stated that he would like to try bench leveling on dryland to see if it pays as well as other conservation practices he has applied such as conservation cropping system, cover crops, crop residue use, mulching, land leveling, terracing, contour farming, improved water application and proper irrigation use.

"And if it does," he says, "I may just bench level all that is seeded on the dryland."

When asked about his crop yields, he said that they were above average, displaying the modesty that shadows what he says and does.

Kelley has three children, Mrs. E. S. Turner who lives in Spokane, Wash.; Mrs. Winston Barton who lives in Tucson, Ariz.; and Bill of Littlefield who has a business of his own plus partnership farming with his father; and one son, Lloyd, who was killed during World War II.

'Wheels' Climbs In Disc Survey; Number Eight

"Wheels" and the String-A-Longs shot up to number eight this week in the Top 100 records and paved the way for their first album, "Pick A Hit," released last week.

Jim Torres, Littlefield member of the group, sent his parents a copy of the new album. The album has also been received by Pat's Record Center.

Lamb County Area Considered Good Soybean Growing Region

BY PETTY
 sially on the irrigated field of the High Plains, which includes Lamb County.
 County farmers, backing up Extension Serv-Hodges' claim, produced an estimated 160,000 bushels of the

high -protein legume crop from some 8,000 acres that were under cultivation.
 Soybeans shot into prominence in the U. S. agricultural picture during the Second World War when

an inexpensive and easily produced substitute for high - protein foods and certain oils were needed.
 Researchers took a page from the Oriental farmers manual

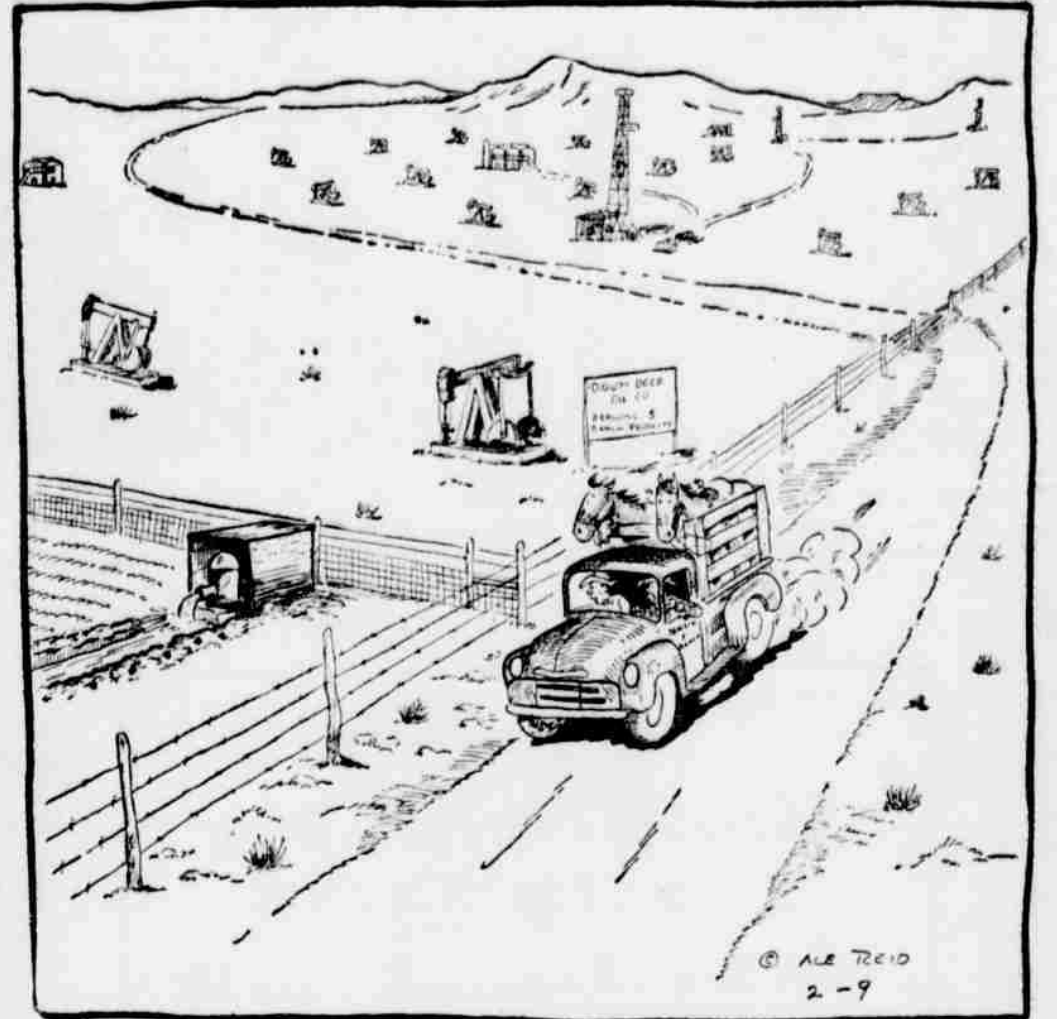

LAMB COUNTY SOYBEANS
 ... grown by Ed Dawson

when they came up with soybeans as the substitute crop because Asians have depended upon the crop for over 5,000 years as one of their basic subsistants. Meal, vegetable oil, vegetable cheese milk, curds and coffee substitute are only a few of the major uses of soybeans in the Orient.
 Soybeans, today, are used in this country not only as a food additive and as cattle feed, but also are used in the manufacture of glycerin, paints, soaps, linoleum, ink and synthetic rubber.
 The beans are adapted to about the same general soil and climatic conditions as corn or cotton and do well on properly drained, mellow fertile loams and sandy loams when adequate moisture is available.
 "Texas farmers tend to plant soybeans too early for best results," Hodges said. "Soybeans should be planted after the minimum soil temperature reaches 65 degrees F. and after the effective daylight period reaches or exceeds 14 hours."
 Using this formula for planting, the most effective dates in this area would be between June 1 and June 15.
 Seedbed preparation for soybeans is identical to that for cotton or grain sorghum and therefore, can be used as a skip-row crop. It is recommended that the seed bed should be free of all weeds since the young plants start slowly.
 In harvesting soybeans, they should be gathered when fully matured and before the first pods begin to shatter.
 Harvesting before the pods are fully mature causes the seed to wrinkle on drying and increases the storage problem. Delays in harvesting result in serious losses from shattering even when using shatter-resistant varieties.
 The soybean plant defoliates naturally as the beans approach maturity. After the leaves turn yellow and drop, the beans should be harvested.

Springlake FHA Banquet Spotlights Nightclub

EARTH—The Springlake School Cafeteria was decorated as "The Top Hat Night Club" to provide a setting for the annual "Best Beau" banquet held at 7:30 p.m. Saturday by the Springlake Future Homemakers of America.

The entrance to the cafeteria was topped with red and white striped canvas cover. A huge banner with the name "Top Hat Club" was draped on one wall. Separate tables were centered with black top hats sprinkled with glitter. Candles provided lighting for the occasion.

Carrying out the night club motif, were champagne buckets holding bottles of raspberry, pineapple punch beside each table. Camilla Wheatley, FHA president of schools, Janette Ray, emcee. The invocation was offered by Bill Mann, Superintendent of schools, Janette Ray, vice president of the FHA welcomed the group with Ronnie Dent, FHA buddy, responding. Delivering the main speech of the evening was Leon Dent, a member of the school board. His topic was, "Learn to Work". Following Dent's speech, Irene Angeley, FHA secretary, was in charge of entertainment. She introduced the Accidental, a combo composed of Sandy Sanders, Ross Morris, Leslie Lewis, Bobby Sloan, Dale Dent and Janis Cowley which played "Honky Blues" and "Lonesome Whipporwill".

appearance of the "Melody Makers" ladies trio made up of Mrs. Marvin Sanders, Mrs. Howard Cummings and Mrs. Cecil Slover. Their selections were "Let Me Call You Sweetheart" and "Yes, Sir, That's My Baby."

Mrs. Cecil Slover, FHA advisor then presented red roses to chaparrants, Mr. and Mrs. Ray Stansell, Mr. and Mrs. W. G. Williamson and Mr. and Mrs. Marcus Messer.

The following girls also received single, long stemmed red roses in recognition of outstanding FHA accomplishments: Camison, Peggy Stansell, Jean Sawyer, Jeanette Ray, Linda Elmore and Alica Acevedo.

Ronnie Dent, FHA Buddy, received a rose also.

Highlighting the evening was the revealing of the new "Miss FHA". Gaye Northcott. She was introduced by "Miss FHA" for 1960-61, LaDon Messer.

The banquet menu consisted of fried Chicken green beans, tossed salad, stuffed baked potatoes, hot rolls, butter, parfait, pie and punch.

"The FHA Prayer Song" led Sharon Been served as the benediction.

Approximately 95 persons were in attendance.

Texas Tech's 88-67 win over Southern Methodist attracted 9,800 fans to the Lubbock Coliseum. It was the largest crowd in the Southwest Conference this season.

Raiders Collide With Razorbacks In Crucial Game

Texas Tech engages University of Arkansas in a game bearing heavily on the Southwest Conference championship in the Coliseum at 8 p. m. Saturday.

Arkansas, along with Texas A & M was given the nod as a pre-season favorite because of the Razorbacks' returning experience.

By contrast, the Red Raiders have only three returning lettermen — Del Ray Mounts of Pertyton, Roger Hennig of Mathis and Mac Percival of Vernon.

Therefore, it started the cage world last week when the Raiders managed to upset the Razorbacks' 72-66 in Fayetteville. It was the first loss for the Razorbacks in the state of Arkansas this season.

To gain the victory the Raiders, behind 41-38 at halftime, had to overcome a 14 - point deficit. Arkansas led 52-38 in the second half before the Raiders could begin to roll.

A triumph here Saturday night would bring Texas Tech's mark with Arkansas to 6-5. Already, the Raiders' record is the best accomplished by any other out-west Conference team against Arkansas.

In the 6 p. m. preliminary the Texas Tech freshmen play the C&I Life team of Lubbock. The Picadors have lost Sid Wall of Dallas for the season because of a knee injury.

Good Soybean --

(Continued From Page One) dry on the plant until the moisture content is no higher than 14 per cent.

Defoliating soybeans with chemicals to hasten maturity reduces yield and bean quality, according to Hodges.

The soil-improving effect of a soybeans crop harvest for seed is of questionable value, says R. D. Staten, assistant agronomist at the extension service.

However, the beans leave the soil in a loose, friable condition which is beneficial for succeeding crops. This may be due to the protection afforded the soil by the thick leafy plant growth during the growing season and by the incorporation of plant residue after the harvest.

Sandhills Philosopher
Philosopher Likes Letting Court Decide Economy

Editor's note — The Sandhills Philosopher on his Johnson grass farm discusses economic this week, a subject he may be as well qualified on as any other, if you follow us.

Dear editor:

You couldn't call me an economist, although I have one qualification a good many of them have — I have more ideas on economics than I have credit at the bank — but I have been puzzled lately by what the experts are saying about the state of national economy.

As I understand it, the experts are split. One group says the country is in pretty good shape, nothing to worry about; the other groups says we're in rather serious shape, there's plenty to worry about.

Now personally I have never had to wait on a group of experts to tell me whether I was well off or not, I have never based my economic position at any given moment on what a national survey has found out about me. No doubt it takes a group of experts to find out what the national economic growth rate is, but in my case all I have to do is look out the back door with a view of this Johnson grass farm and remember what my last bank statement showed.

However, I recognize that what my economic position is and what the national economic position is, are two different things. I don't reflect the country as a whole, and I hope the country as a whole doesn't reflect me. The situation couldn't be that serious.

But it does seem pretty confusing to have the experts in Washington on whether the country is well off or not, it's not fair to have Congress not knowing whether to raise taxes because a booming country can afford it or to lower them because a declining country can't, and therefore I have hit on an idea for settling the matter.

The thing to do is to let the Supreme Court decide it. Let some lawyer bring suit, I don't know who against, the United States Treasury, I guess, claiming the country is in bad shape and therefore taxes ought to be lowered. He could start the suit in a local court, work it on up through the state court and finally on up to the Supreme Court, and along about this time next year, or the year after, the court would rule, and its opinion would thus become the economic law of the land. Then

we could all settle down and look back and know for sure that back in February, 1961, the country was either well off or bad off, by a five to four decision of the Supreme Court.

Yours faithfully,
 J. A.

Plainview Man To Head Sales Tax Effort Here

Jess West of Plainview, vice president of the Texas Pharmaceutical Ass., has been appointed a member of the executive committee of the "Citizens for a Sales Tax" campaign and will direct activities in 15 counties of this area for enactment of a broad-based sales tax to solve the State's financial woes and also provide financial assistance for education, welfare and other State needs.

He will supervise activities in State Senatorial District 30 which covers Armstrong, Bailey, Briscoe, Castro, Childress, Collingsworth, Deaf Smith, Donley, Floyd, Hale, Hall, Lamb, Motley, Palmer and Swisher counties.

His appointment was announced this week by Tom Sealy, Midland attorney who is state chairman of the "Citizens for a Sales Tax". Former State Senator Searcy Bracewell of Houston is vice chairman.

Formation of the statewide committee, with each senatorial district of the state having a member, is the outgrowth of a meeting of civic and business leaders in Dallas last fall.

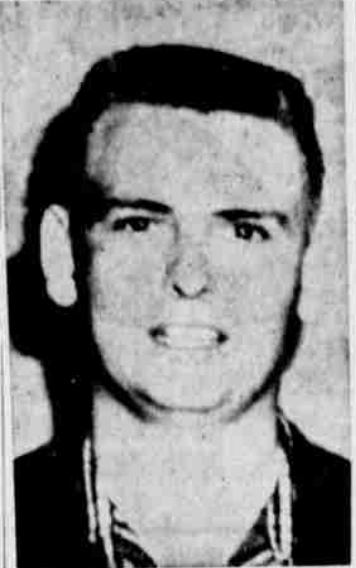

"Members of the committee are convinced that a majority of Texas citizens prefer a sales tax as the best way out of a bad financial crisis in state government," Sealy said.

"It is not the purpose of this committee to try to dictate to the Governor, the Legislature or to the people of Texas," he continued. "We respect the view of those who favor another solution."

"We are, however, going to present, as honestly as we know how, the case for a sales tax. We think this is the best answer to a knotty problem, and that a majority of Texas citizens feel the same way. We are only asking a chance to be heard."

Sealy said that by adoption of the sales tax, the state would be able to give a \$800-a-year salary increase for public school teachers, adequate support for higher education and medical aid for person receiving Old Age Assistance.

"We are opposed to unnecessary taxes. But in this case, we are willing to face up to the fact that the State must have additional revenue, and that the only equi-

talbe long-range solution to the State's financial problems is a sales tax.

He said a sales tax would preserve a good climate for industrial development of the state and at the same time would grow with the economy, thus eliminating additional tax levies every year or two.

Sealy said members of the 31-member executive committee would serve as supervisors in a county-by-county organization in each of the state senatorial districts. Information explaining the advantages of a sales tax over other types of tax plans will be distributed through county organizations in the near future.

upon his physical well-being when he becomes old enough to play football and other strenuous sports. Help him to see that strength and health depend upon whether or not he follows a few simple rules in his daily life.

Rules of Cleanliness. Help your boy make a simple chart on which he can record his progress in following the rules of cleanliness. He'll be more enthusiastic about this matter if you show him that there is a payoff on following these simple rules. Good health means that he will be stronger and strength means more fun.

CUT ON HAND. Once there was a Cub Scout who thought he had to cut his fingers in order to show what to do for a small cut on his hand. Perhaps your boy won't be so realistic in his reading of the Cub Scout achievement go through the simple motions as though he had cut his finger. Naturally if he does come running to you some day with a cut finger, that is an opportunity. However, before the cut comes prepare him in what to do.

HEALTH Checkup by a doctor. This is NOT required of your boy for passing the Keeping Well achievement. However, the age of eight is not too soon from him to learn the importance of having a health checkup each year. Explain to him the reasons for this. It would be fine for dad to accompany his son on a visit to the doctor.

Post Office Receipts Show Increase in postal receipts. While the postal increase was only about \$75, the money orders increase amounted to about \$1500.

Information obtained from the city secretary's office shows there is now \$40,000 worth of building going on in Littlefield. The money is also reported some \$10,000 worth of other building that is to begin within the next two weeks.

According to the figures given out by the Bureau of Census, Lamb County has gained 11,877 bales of cotton. It is thought the total ginning will finally run to nearly 13,000 bales.

Two weeks of bargains began at Cuenod's Dry Goods with such buys as Virginia Hart Dresses for \$1.95 and Men's Suits for \$17.50.

Pat Boone Jr. who has been suffering from the measles is now able to be out again.

One man three barrels or 150 gallons of mash, nine empty barrels, a stove, 45 gallon still, copper coil and other moon-shine making apparatus were cap in a dugout on the old Oscar Smith homestead, nine miles southeast of Portales last Saturday night by Deputy Sheriff Coleman Pendley and Prohibition enforcement officer Leroy VanLehn.

At the Palace Theatre this

week you could see Buster Keaton in "Battling Butler" Gary Cooper in "Shooting Irons" and "Bessie Love in "Going Crooked".

The total enrollment for the present long term in Texas Technological college has reached 1620 at the last report from the office of the registrar, E. L. Dohoney. This is a very substantial increase over the enrollment at this time last year.

It's the Law in TEXAS

IDEA FOR A LAW
A bill before Congress is an idea for a law.
Who thinks it up? A congressman, the home folks, the President, almost anybody.
How does it become a law?
1. The congressman calls on the Congressional Legislative Service to cast the idea into legal language.
2. He drops his bill into a legislative hopper. The clerk numbers and passes it to the Speaker of the House of Representatives. He refers it to a committee. There it may "die" unless the sponsor asks for action.
3. If he does, the committee may consider the bill or assign it to a subcommittee to consider the bill. Usually, either the committee or the subcommittee will hold hearings, study the merits of the bill, and prepare a report on it to be submitted to the House.
4. At long last the committee votes on it. If most members support it, it goes "out of the committee" to the House.
5. It gets on the calendar and the House Rules Committee says how, when and for how long the House may review the bill.
6. The Speaker sets a time for debate with equal time to both sides.
7. Afterwards the House votes

If passed, the bill becomes an "act" and goes to the Senate.
8. The Senate President refers the act once again to a committee which may "table" it, or report it out with or without changes.
9. The Majority Policy Committee sets the time for debate on the bill, and a member asks to have the act considered. If this motion is carried, it calls for debate, perhaps amendments and a vote.
10. Often, if the Senate (or the House) amends the bill, it goes back to the House (or Senate) for another vote. Failing that, the bill goes to a "conference committee" of both houses (as a rule seven members from each) to iron out differences. Result: often a compromise. Should the conference committee disagree the bill dies.
11. If it agrees, the Act goes back to both houses for a final vote.
12. If approved, the Act goes to the President. He may (1) sign it and make it a law; (2) veto it (Two thirds of both houses may override his veto); or (3) neither sign nor veto it.
13. If he does not sign it, the Act becomes law in 10 days if Congress is still meeting. If Congress has gone home, the Act dies by "pocket veto."
14. Bills starting in the Senate must go the House of Representatives and thence to the President.
This newfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should every apply or interpret any law without the aid of an attorney.

I have heard a lot of people say a lot of things for and against alcohol (the drinking kind) but most of them, as far as I am concerned were just theorists. Sunday night, I heard a man talk on the subject who is a real expert. The very first thing he told his listeners was that he is "alcoholic" and was a drunkard for 25 years. How many of us would have the nerve to stand up

before a group of people and tell the truth about our lives? Would you?

I mulled this question over in my mind and came up with several conclusions. The first is sort of theory that I have about people. Take them as they are today regardless of what they were or did yesterday or the day before that. Most all of us have something we would like to forget and many of us make mistakes. What really counts is how we overcome our mistakes or how they overcome us.

If our mistakes have caused us to grow and have a better understanding of life and in turn made better persons of us then we have benefited from our mistakes. If however, our mistakes overcome us and we in turn crawl into our hole of self-pity and let the world shame us for our mistakes then we have not overcome anything but have become overcome.

The pressures of today's world cannot be answered by a bottle, yet today there are 6,000,000 "alcoholics" that are known in the

Most of us snub the drunk, his family and anyone who tries to help him. Alcoholism is still to most of us nothing more than the failure of a man's will-power to resist alcohol. The truth of the matter is that most alcoholics do not want to drink, do not want to hurt anyone, but the chemistry of their bodies is such that alcohol does things that nothing else can do.

House Revenue and Taxation passing out two unopposed bills to speed up and cut down the paper work of tax collecting. More sand will be stirred up with the February 15 hearing of a bill to levy a two-factor franchise tax on interstate corporations.

Two other committees are the focus of tax interest. Proposal for a referendum on broad-based taxes at the April 4 election was referred to State Affairs Committee. Its chairman, Rep. Bill Hollowell of Grand Saline, has shown no great eagerness to get to it.

Constitutional Amendments Committee, however, moved with unusual speed. It passed out a measure that would allow the people to vote on whether they want a constitutional ban on state income and payroll taxes.

Among new money measures introduced are a 2 per cent sales tax on items costing more than \$50 and a 3 per cent excise tax on utility companies selling gas, electricity, telephone or telegraph service. Both are Rep. Tony Korioth of Sherman.

WATER BILLS HEARD — Two bills aimed at making more money available for water projects met no opposition before a House committee.

One would raise from \$5,000,000 to \$15,000,000 the maximum amount the State Water Development Board could lend for a water project. Another would allow the Water Board to invest funds on hand in government securities.

Both bills, which were recommended by Gov. Price Daniel's water advisory committee, were sent to subcommittee.

INVESTIGATING PANEL — House State Affairs Committee unanimously approved a resolution to create a new House General Investigating committee.

Previous investigating committee, which made headlines in Beaumont and Amarillo, expired with the start of the new session. Col. Homer Garrison Jr., Director of the Department of Public Safety, and numerous Jefferson County people appeared in favor of a legislative group to watch for places where local law enforcement fails to cope with crime.

Names to the committee by Speaker James Turman are: Rep. Charles L. Ballman of Beecher, chairman; Reps. Bill Hollowell of Grand Saline, DeWitt Hale of Corpus Christi, Bill Pieratt of Giddings and Menton J. Murray of Harlingen.

MORE ELBOW ROOM — Building of new state building is relieving the always-cramped conditions under which legislature has had to work.

Under a bill adopted by both houses, the Senate will get the third floor Capitol space vacated by the Court of Criminal Appeals. House members are to

have offices where the Supreme Court used to be. Both courts and the attorney general have moved over to the new Courts Building.

When the second new state office building is completed, the State Pardons Board and Agriculture Department are to move there, leaving still more Capitol space.

Also under way finally is the new state insurance building. Contracts totaling \$1,227,000 were let by the State Building Commission.

MENTALLY RETARDED SCHOOL OKAYED — Long range plans to build a new state school for mentally retarded persons in the Gulf Coast area gained Senate State Affairs Committee approval.

More than 1,200 children are now on the waiting list for state school space, Raymond Vowell, State Hospital Board executive director, told the committee.

Rep. A. R. Schwartz of Galveston is sponsoring the bill which does not appropriate money for the school but authorizes the board to go ahead with planning, accepting gifts, etc.

IN THE MIXING BOWL — Among the now hundreds of measures on the legislative assembly

lines are proposals to: Require state agencies to use American-made compact cars. State Police excepted. By Rep. Paul W. Curington of Corsicana.

Outlaw use of trading stamps. By Rep. Bill Rapp of Raymondville.

Provide for arbitration committees to iron out wage-hour disputes between firm and city officials in towns of 10,000 or more. By Reps. Obie Jones of Austin and Robert Hughes of Dallas.

Allow part of the \$400,000,000 permanent school fund to be invested in corporate securities, the same as the University permanent fund. By Sen. Hubert Hudson of Brownsville.

Protect farmers from the misbranding of commercial fertilizers. By Sen. George Moffett of Chillicothe.

EARTH NEWS by Frankie Faver

Local Talent Art Exhibit Shown At Earth Study Club Meeting

A local talent art exhibit was shown at the Thursday evening meeting of the Town and Country Study Club which gathered at 7:30 in the home of Mrs. H. S. Sanders. The roll call was answered by members giving an artist whose work they appreciate most.

In keeping with the theme, "Education Through Art", Mrs. W. M. Messer showed a group of colored slides of the American National Gallery of Art at Washington, D. C. Narration was by Mrs. J. A. Littleton, Jr.

The refreshment table was laid with a white, hand made, lace cloth. A valentine made of a large heart trimmed with red roses formed the centerpiece.

During the business meeting the group voted to sponsor a free public showing of the film on cancer entitled, "Especially of Women". A committee headed by Mrs. J. L. Hinson and composed of Mrs. Carra Morgan, Mrs. Wayne Rutherford, Mrs. Lottie Orteg, Mrs. H. S. Sanders, was appointed to be in charge of arrangement.

Mrs. Clinton Fry, Mrs. Casey Jones and Mrs. W. M. Messer attended the meeting as guests. Members present were Mrs. L. Z. Anglin, Mrs. B. Campbell, Mrs. Lena Hite, Mrs. J. L. Hinson, Mrs. H. F. Hodge, Mrs. M. E. Kelley, Mrs. John Laing, Mrs. Carra Morgan, Mrs. Lottie Orteg, Mrs. Dora Terry, Mrs. J. A. Littleton, Jr. and Mrs. H. S. Sanders.

The club meets again Feb. 23 in the home of Mrs. Earl Parish at which time Mrs. Earl Parish and Mrs. George Laing will present a program on the theme, "Education Through Music".

For the second consecutive week Springlake FFA boys took top honors with their swine.

In competition with 1,250 animals shown last week at the San Antonio Livestock Show, the 33 head shown by local boys netted the following honors:

Charles Astell - First place light weight Berkshire and reserve champion of the breed;

Don Curtis, First place heavy weight Berkshire;

Jimmy Smith - Third Place light weight Berkshire;

Ronnie Johnson - Fourth and Sixth place light weight Berkshires.

In the Durac show, Tony Haber placed sixth with a light weight hog and Jerrell Hadaway received first place honors in the heavy weight division.

Ribbons received in the light weight Poland China show were:

Don Curtis - third, Charles Astell, fifth, Jerry Jones - seventh, Jimmy Smith - ninth, Tony Haber, twelfth, and Dale Montgomery fourteenth.

Medium weight Poland winners were Jerrell Hadaway, third and eighth and Vicky Coker, thirteenth.

The greatest honor came to Jerry Jones who showed the first place Hampshire which was also named champion of the breed and reserve champion of the Junior show. Jones remained in San Antonio in order that his hog could compete Monday for reserve grand champion of the entire show.

Also in the Hampshire division, Jimmy Smith, showed the sixth place, medium weight animal.

Making the trip were Vicky Coker, Tony Haber, Charlie Jones, Jerrell Hadaway, Don Curtis, Charles Astell, Shelby Bozeman, Jimmy Smith, Jerry Jones, Dale Montgomery and the following adults: Curtis Smith, Pat Montgomery and E. G. Gaston agriculture advisor.

Haber, Bozeman, Hadaway, Jerry Jones and Charlie Jones, also Gaston remained in San Antonio for Monday's events.

Under the direction of Mr. Price Hamilton WMU President, the Baptist GA's held their coronation service at 7 p.m., Sunday at the church.

"The World in Our Hearts" was the theme used for the service with Mrs. W. T. Clayton and Mrs. Harlon Watson, Springlake assisting.

The front of the church was decorated with a huge red heart on which was placed a map of the world. Other decorations carried out the Valentine motif.

As the girls filed into the church each carried a white heart and a red rose.

Included in the service were the following girls: Jo Angeley, Annita and Donita Kelley, Girls accomplishing the Maiden Step were Brenda O'Hair, Pat Bryant, Linda Gregory, Beverly Pruther, Diana Gregory, Carol Kendrick, and Carolyn Kelley.

Shirley Walker and Norma Kelley are Ladies in Waiting and Jill McCord accomplished the step of princess.

Crowned queen was Joan Sanderson, eighth grade student, the daughter of Mr. and Mrs. W. G. Sanderson. Miss Sanderson has been very active in GA work for the past several years.

Connie Kelley served as flower girl at the coronation and Kirby Kelley was crown bearer.

Mrs. W. G. Sanderson is GA director. Assisting her as counselors are Mrs. Edwin O'Hair, Mrs. Jerry Kelley, Mrs. Bill Bryant and Mrs. Donald Kelley.

Jay Winters, Earth, spoke on "Gardening and Landscaping" at a meeting of the Altrui Study Club Thursday evening in the home of Mrs. Doug Lewis.

Mrs. Lynn Glascock presided over the business meeting in which a letter from Carroll McDonald, chairman of the local March of Dimes Drive, was read expressing his appreciation for the club's sponsorship of the Mother's March.

The ladies decided to visit shut-ins as their participation in an "Action for Friendship" program which is being conducted on the district level. Mrs. George Laing was appointed to make arrangements for a spring style show to be given by the club.

A white styrofoam heart outlined with red roses and trimmed with red lace and capids made the centerpiece for the serving table.

Refreshments were served the following: Mrs. Bob Belew, Mrs. Lynn Glascock, Mrs. Donald Runyon, Mrs. Clinton Green, Mrs. George Laing, Mrs. Charler Garbie, Mrs. Carroll McDonald, Mrs. Charles Dunn and Mrs. Doug Lewis.

the Lawrence Sloans,

Drivers Reminded Of State Inspection Sticker

Of the 13,969 registered motor vehicles in Lamb County only 29 per cent had been inspected to date, according to Captain Alan Johnson, Motor Vehicle Inspection supervisor of the Texas Department of Public Safety.

Drivers are urged to have their vehicles inspected early to avoid the last minute rush. This time of the year is noted for adverse weather conditions which may predominate during the next two and one half months. As a result the number of inspection days will be cut down since stations cannot inspect vehicles under these adverse conditions.

"Texas law requires all registered motor vehicles in Texas to display a valid inspection sticker," stated Johnson. All motorists not displaying a valid inspection sticker will be subject to a fine of \$1 to \$200 plus court cost.

Captain Johnson further advised that all licensed trailers having a gross weight exceeding 4,000 pounds are required to be inspected.

"By having your vehicle inspected today, you will be driving a safer vehicle," Johnson pointed out.

About Your Health

She had heard how x-ray might affect the health of her grandchildren. They were healthy youngsters she explained, and she wanted to keep them that way. The incident has become a classic example of a disconcerting misconception about a radiant energy.

Just for the record, the physician would have thought long and seriously before ordering x-ray if the patient had been an expectant mother. But it could hardly have been dangerous for

grandchildren who lived where up north at the time. Radiant energy is like fire or electricity. Used wisely it can kill or maim. Used with caution it becomes man's servant, bringing him fabulous benefits.

For decades, radiation devices in the hands of skilled persons have been tools of unparalleled importance in medicine and dentistry. X-ray and fluoroscopic machines, properly operated, actually permit a physician or dentist to photograph the interior of the human body. "Aimed" beams of

deep-penetrating rays — sometimes pushed by two million volts of electricity — may efficiently treat cancer in practically any body organ.

Within recent years industrial uses of radioactive isotopes — another type of radiant energy — have grown to enormous proportions. More than 400 individuals and firms in Texas are presently registered to use them under State Board of Health rules and regulations.

With isotopes oil men can locate underground leaks, and en-

gineers can detect flaws in structural steel or measure the life of cutting tools. The thickness of a sealed can, the effectiveness of a washing machine, the wearing quality of floor wax can thus be gauged.

These endless advantages are the reasons for possible peril. It is simple arithmetic; the more you use anything, the greater is the chance for misuse.

But the very fact that danger exists is a sort of safety factor. Persons engaged in peacetime uses of radiation equipment and

LUCKY OR UNLUCKY? — Don Caylor, former Littlefield resident, is either the luckiest or unluckiest person in these parts. His luck started back in 1957 when he flipped his automobile. He was not injured, but the front windshield of the car was popped out and as he drove the car back to town he met a truck that threw a rock striking him in the face and causing serious facial damage. Then just last summer he was run over by a motor boat after he fell while water skiing and cut a gash across his mid-section. Sunday he and two other men were involved in a plane crash (pictured above) near Levelland. He suffered a lacerated lip and was bruised in the crash. Looks like he can't win by land, sea or air.

ANTON NEWS by Mrs. Estelle Grace

Senior Class Honored At Banquet In Church

The members of the Senior Class were honored guests at a banquet in Fellowship Hall of the First Baptist Church Monday night, Feb. 6, 7:30 p. m.

The invocation was given by Rev. John Williams. The welcome by Mrs. Richard Grace and response was by James Grace, senior class president.

"What is the aim of your arrow" was the theme of the banquet. The valentine motif was carried out in the banquet room with cupid's atop blue clouds floating from the ceiling.

The head table featured a white star and red red carnations and other tables had red cupid and white and red carnations.

Jim Dewese was speaker for the evening and his talk was based on the theme of the banquet.

James Cathey, high school principal, gave the benediction. Mr. and Mrs. Reginal Stephens are the parents of a daughter born Feb. 4 in Methodist Hospital in Lubbock. She weighed 8 lbs. and 10 oz. and was named Lori Camille.

Grandparents are Mr. and Mrs. Richard Grace, Anton, and Mr. and Mrs. Marvin Stephens, County Line.

Great Grandparents are Mrs. Ida Richardson, county - line, J. E. Bollinger, Paris and Mr. and Mrs. Jim Grace of Anton.

The Anton P-TA met Tuesday at 2:30 p.m. in the school cafeteria.

James Cathey, high school principal, had charge of the program on "Time - How is it used in our High School". Several departments of the high school demonstrated how their time is used.

A short business session was held following the program. Mrs. Edith Whitfield appointed a nominating committee for the coming year. They were Mrs. Cecil Motl, Mrs. Louis Boothe and Mrs. Will Pylant.
