AN OLD YOUTH, RESISTING ARREST, WOUNDS SELF WITH OWN GUN; MAY DIE

A. E. RUSS, 60, FATALLY SHOT AT FARM HOME

Robbery Is Believed Motive; Identity of Slayer Is Unknown

Lamb county officers are searching for an unidentified man, who shot and fatally wounded A. E. Russ, 60-year-old farmer, living near Sudan, Tuesday morning about 1 a. m.

Russ died Tuesday afternoon about 1 o'clock in a Sudan hotel, after being taken to Sudan for medical attention.

Mrs. Russ' version of the affair was that she heard a noise at the back door, and when she looked through a window saw a man prowling outside. She then aroused her husband, asking him to fasten the door. When he reached the door the prowler fired at him and fled. The man did not try to enter the house.

As far as she knew, Mrs. Russ said her husband did not have a single enemy. Robbery is believed to have brought the prowler to the home, as it was believed that a considerable sum of cash was kept at the home, and Mr. Russ was known to pay all bills in cash.

MRS. GEO. LONG BURIED FRIDAY AT ARTESIA, N. M.

MANY GATHER TO PAY LAST TRIBUTE TO BELOVED FRIEND

The Episcopal church of Artesia, N. M., was not sufficiently large to accommodate the large number who gathered there Friday evening at sundown to pay a last tribute of respect to Mrs. Evelyn Long, wife of George Long, proprietor of the Littlefield Variety Store, who died in a Lubbock hospital Thursday at 6:35 a. m., following a several weeks illness.

Rev. Howden, pastor of the Episcopal church of Roswell, officiated, and interment was made in the Woodbine cemetery, Artesia.

Deceased was a member of the Episcopal church and a member of the Order of Eastern Star. She was raised in Artesia, N. M., where she spent most of her life and lived for a year after her marriage. If she had been spared until Saturday she would have been 32 years of age.

The large number of friends and much love and regard everyone held for the deceased was demonstrated by the large attendance at the funeral and the many floral offerings.

Mr. and Mrs. L. C. Grissom and Mrs. Bob Cobb of Littlefield, who had spent a great deal of time with Mrs. Long in the hospital, accompanied Mr. Long to Artesia, returning with him to Littlefield Saturday.

Will Rogers Visits Ranch Near Here

Will Rogers, cowboy humorist, visited Friday and Saturday at the Halsell Ranch. He was roppin' and brandin' missin' and everythin', havin' a real good time, and refusing to answer any telegrams. They do say as how that distinguished ex-cowhand can toss a rope on 'em.

R. G. (Jack) Sudbury, distinguished Earth druggist, who, with J. M. Barlow, went out to look on, spent the greater part of 30 minutes telling the editor of this great family journal all about Will Rogers' ability with the rope.

The editor of this newspaper was tempted to go out to the ranch and see for "hissel" how Will can perform, but clouds were gathering and we knew we would have to account to the wife if we didn't get home pronto.

P. S.—We got stuck in the sand-clay combination in the Sand Hills between Center and Littlefield, slept in the car all night with the dog, and got home about 10 a. m. feeling like we had just got out of the saddle after 10 years in a rocking chair.

Seek Right-of-way For Highway Project

The State Highway department plans to pave No. 7 through Lamb county, but in order that the project may be carried out it will be necessary to obtain a 100-foot right-of-way.

The obtaining of the highway will largely rest with the co-operation which is forthcoming from the property owners in providing the necessary right-of-way.

The obtaining of the right-of-way is to be carried out to a large extent by the roads committee of the Littlefield Chamber of Commerce, of which F. G. Sadler is chairman.

T. Wade Potter has been elected a director of the Littlefield Chamber of Commerce, succeeding J. E. Brannon, who resigned.

TWO INJURED IN PLANE CRASH NEAR ROSWELL

W. A. ALLISON IS BADLY HURT AS PLANE IS DEMOLISHED

When the American Eagle, two-passenger plane, in which he was riding, took a dive Friday morning thirty miles northeast of Roswell, W. A. Allison of Roswell, brother-in-law of Pat Boone, suffered serious injury, including concussion of the brain, badly broken jaw and ear drum, and cuts and bruises. Allison lost two quarts of blood, and it was first thought the doctors would be unable to save him. Wilborn Hodges, a cousin of Mr. Boone, who was also in the plane, suffered a broken nose and minor cuts and bruises.

A camper on the roadside, who saw the plane fall, rushed to the assistance of the injured, carrying them about three miles to a filling station, where they were met by an ambulance and doctor and rushed to St. Mary's hospital, Roswell.

Pat Boone was at once notified of the accident and he, Mrs. Boone, and Pat, Jr. left immediately for that

A. P. Duggan opened the meeting, giving the opening address.

LABORATORY TESTS SHOW CITY'S WATER SUPPLY IS FREE FROM CONTAMINATION

Littlefield doctors will be at the City Hall Friday, from 8:30 a. m. on, and will administer typhoid vaccine free of charge to all persons who are unable to pay for such service from their physician.

Every person who is unable to pay for such service from their physician is urged to take advantage of the free vaccine and the services of the medical men as a very advisable precaution against typhoid.

At the first suggestion that there was a possibility of a typhoid epidemic in Littlefield, the City of Littlefield took immediate steps to obtain a supply of vaccine to have administered to persons who are unable to pay for such a health precaution.

Dr. J. R. Coen, city health officer, reported at the Chamber of Commerce Tuesday on the general pro-

gram to combat typhoid fever in this city.

Dr. T. B. Duke reported that there are numerous ways to contract typhoid germs besides drink-contaminated water.

Littlefield's water supply was found to be entirely free of any trace of typhoid germs, according to information released by City Secretary W. G. Street, Monday afternoon.

Twenty water tests were taken last week from water mains at various points over the city, and forwarded to Lubbock for analysis. The tests were analyzed in the laboratories of the Texas Technological college, under the supervision of Dr. D. F. Wulfman, chemist.

The parents of the child, accompanied by Mr. and Mrs. Olliver Burk, took the remains to Dodsonville, Texas, where interment was made Wednesday afternoon, July 6th, at 4 o'clock, in the Burk family burying lot by the side of other deceased relatives.

SCHOOL TAXES CUT 40 PERCENT

LET'S BUILD LITTLEFIELD AND LAMB COUNTY FIRST

(An Editorial)

Let's Build Littlefield and Lamb County First!

That would be an excellent slogan for the residents of this city and county to always have before them.

We do not wish to leave the impression that we are narrow in our viewpoint; that we cannot vision beyond the boundaries of our own county, and that we are not interested in the welfare of our state and nation.

But ours is a heritage that we cannot accept lightly; opportunity is before us, and we must work today as never before in the interest of our city and county.

Dr. Ira Woods, optometrist of this city, who is well acquainted with Rev. Keathley, having been a member and regular attendant of his church in Graham previous to coming to Littlefield several months ago, speaks very highly of him, and says:

"We are assured that a real spiritual treat is in store for the church here and the entire community. He is a minister with whom people of all churches and of no church can work

NEED FOR OPTIMISM

"Ours is the rare privilege of helping to sound in the business world of today a note of optimism and idealism, of faith, of mutual helpfulness, of courage—a note that may be heard outside our crafts, even beyond our communities." This is the keynote of the message of Clinton P. Anderson, newly elected president of Rotary International, writing in The Rotarian magazine for July.

Mr. Anderson's message points out the need today for such organizations as Rotary, Chambers of Commerce, and other civic organizations. "The world today . . . needs every mollifying influence it can claim," he says. "We may not be able to prevent international discord, yet we can stretch friendly hands across borders in an appeal for understanding and tolerance."

To the man whose business may not be paying dividends, he points out, whose investments may be melting away, whose stock of courage may be running low, such an organization as Rotary makes its greatest contribution.

"It warns him that he must not lose interest in those children of human relationships which are born of men working together. It tells him that he must count as an asset the man whose hand he has shaken, as well as the man to whom he has sold goods."

"For a few years we rode the crests. We measured our customers by what they did for us—not by what we did for them. We looked at our neighboring countries in much the same way."

"That was yesterday, and this is today. We will work gradually out of the depression as firms here and there find new formulae to induce the return of profitable trading New firms, new managements are destined to come. Our opportunity is not so much to correct the old as to direct the new."

Mr. Anderson is a former South Dakota newspaperman who now operates a large casualty insurance business in Albuquerque, New Mexico. His age is 36, and he is the youngest Rotarian to be elected to the presidency of Rotary International.

One of the reasons why the third party movement always has failed is the public realization that two can cause trouble enough.

In Sweden a key hung outside the door means the family is out; in this country it would mean nobody home.

EIGHT YEARS AGO IN LITTLEFIELD

(Exerpts from Lamb Co. Leader)

August 1st is to be a red letter day in the history of Amherst, for it will mark the first anniversary of the founding of this little city and the opening of the Sod House pasture for sale and settlement.

The last two weeks has witnessed a large number of tourists and prospectors in this section, many of them taking preliminary surveys of the county, with a view to locating somewhere on the South Plains this fall.

This week there have been an unusually large number of prospective land buyers in Littlefield, the Yellow House Land company reporting as many as eighteen visiting their office last Monday, some of them making contracts for future buying.

Stokes-Alexander Drug Co. have installed a new and larger soda fountain to accommodate their increased cold drink trade.

Messrs. Souder & Souder of Lubbock, painters and paperhangers, are planning opening a branch office in Littlefield.

Dave Arnold, who underwent an operation for appendicitis and abscess at a Lubbock sanitarium last Saturday, is convalescing nicely.

R. O. Martin of Waxahachie, representing the C. A. Bryant School Supply company of Dallas, is here this week interviewing the local school board regarding the furnishings for the new high school building.

Miss Betty Blattman, who has been private secretary to D. L. Moody, has gone to her home in Las Vegas, N. M. for a two weeks' visit and recuperation. She was recently the victim of an automobile accident in which she received severe injuries.

Mrs. D. F. Beisel, who underwent an operation for gallstones at a Lubbock sanitarium last Friday, is reported improving rapidly, and will be strong enough soon to return home.

Mrs. Charlie Crawford brought two hives of bees from Dallas county with him in the trunk of his car last August, and they gathered enough to furnish them with honey through the winter. Mr Crawford packed them in cottonseed through the winter months. They did fine and swarmed twice in the spring, thus giving him four hives, all in patent gums. They are doing good work, and a good honey flow is on, and an abundance will be on soon as cotton is blooming. Mr. Crawford expects to have honey for the market in August. He is an experienced bee man, having had experience with them before moving to the plains. He also studied Bee Culture while in government training in 1925.

W. Selden Reed . . . business man . . . would repeal useless laws and abolish useless government bureaus. His race for congressman-at-large is made on the pledge to drive the government out of interference with private business.

W. SELDEN REED

AUSTIN, TEXAS, July 13—Driving the government out of competition with the farmer, and the thinning out of the useless government bureaus and payroll parasites, is the principal plank upon which W. Selden Reed, Austin business man, is running for congressman-at-large, Place No. 1.

Mr. Reed, son of M. H. Reed, one of the state's foremost cotton men, is making his first political campaign.

"Abolish the farm board—stop the government from destroying prices of Texas farm commodities; give the farmer a square deal, at least to the extent of letting him alone," is the paramount plank in Mr. Reed's platform.

Government Out of Business

"Take the government out of private business," he pledges as the guiding principle of his service in Washington. "If I go to Washington," he has said, "I pledge myself to do as well as those who are now in office, and I believe I can do better than most of them have done."

"I pledge my best efforts to repeal more laws than are passed. We have thousands of unnecessary and ridiculous laws. As we repeal them, we can, and it will be my aim to, abolish useless boards and bureaus, built up simply to meddle in private business, and to create fat political jobs for the henchmen of politicians in office."

Liquor Question

"I am constantly asked if we abolish the farm board, what have I to offer in its place. When a man has a wart burned off, he doesn't hunt for anything to replace it."

Mr. Reed favors repeal of the 18th amendment, as demanded in the democratic national platform.

The candidate has had life-long experience in farming and ranching. He was born 30 years ago in Marble Falls. He has lived in Austin since early childhood. He is one of the Texas citizens who have developed the new Texas cotton and farming section about Littlefield. Finding this a raw grazing area, he and other buyers of land have made it into one of the finest farming sections in Texas. Mr. Reed was one of the earliest to acquire land in the Panhandle counties and has helped from the beginning to build up the city of Littlefield, and to transform the section into one of the most progressive farming communities of the state.

No Politician

Along with ranch and farming interests in Texas, Mr. Reed, after attending the University of Texas, seven years ago entered the cotton and investment business, in which he has been actively engaged. His experience in cotton growing and marketing has given him vivid insight into the disaster brought upon the cotton farmers of the South by the operation, manipulation and speculation of the federal farm board.

"I am new at politics," he declared, "but in dealing with the federal farm board I shall do so in a clear knowledge of the acute distress it has caused the people of my state. I pledge my strongest efforts to uproot it—to give the farmers a chance, unhampered by the millstone of such a political agency, acting in the name of the government, to grind them into abject poverty, privation and suffering."

L. A. Woods Seeks Election to Office State Superintendent

L. A. Woods of Waco is a candidate for State Superintendent of Public Instruction, which office is now held by C. N. Shaver of Huntsville, appointed by Governor Sterling to fill out the unexpired term of the late S. M. N. Marrs.

Mr. Woods is a native Texan, forty eight years of age, having been educated in Texas school and holding graduate degrees from Baylor University, Waco. He began his career as a teacher in the rural schools of Texas, having taught in San Augustine, Newton, Sabine and Jasper counties, and to him belongs the honor of having organized the first rural high school district in Texas and serving it as superintendent. During his experience of more than twenty-five years, he has served as teacher as well as superintendent in the public schools of the state. He has been principal of the Mart High School, taught in Baylor Academy, Baylor University Summer School, Waco High School, and is now serving his third term as County Superintendent of McLennan county.

Mr. Woods offers the following platform as a foundation upon which his campaign is based: (1) Liberal financial support for both urban and rural schools without discrimination; (2) A more practical course of study with greater emphasis given to the essentials; (3) More economical management of affairs in the State Department of Education.

L. A. WOODS

In discussing his platform, Mr. Woods says that the present per capita apportionment of \$17.50 should not be reduced and that the apportionment should be made upon a basis of actual enumeration rather than upon the average daily attendance. He advocates vocational and industrial training for boys and girls in order to better prepare them to earn a livelihood. Mr. Woods pledges to reorganize the State Department of Education in such a manner as to eliminate useless office expense and traveling expenses of unnecessary inspectors. In fact, he advocates the abolishing of the obsolete inspector system, replacing it with an efficient system of school supervision.

ness men, and most generally they offer some advertising scheme that wouldn't sell 10 cents worth of merchandise a month.

The Littlefield Chamber of Commerce, of which Dr. Ira E. Woods is president, is taking active steps in discouraging advertising propositions which are not in the interest of Littlefield, particularly at this time.

The general thought is that Littlefield, in common with virtually every small and large city, is seeking to carry on in the face of conditions that are trying to even those possessed with considerable funds.

The board of directors of the chamber Monday voted disapproval of a radio broadcasting scheme, as not being in the interest of Littlefield business men and Littlefield, at this time particularly.

The merchants and business men would receive no benefits from radio broadcasting; the only people who would benefit would be the owners of the radio station.

Also, Littlefield is well advertised; what we need to do in Littlefield and Lamb county is to support those institutions within our boundaries, and carry on in our regular result-producing channels in the development of our city and county.

In carrying out the program to discourage useless advertising schemes, Dr. Woods has appointed a special advertising committee to look into advertising schemes that are brought to Littlefield.

Merchants and business men, in the interests of themselves and of Littlefield, are asked to refer all advertising schemes to the above committee; also to ask the promoters if they have the approval of the Littlefield Chamber of Commerce to solicit such advertising.

The chamber does not wish to give the impression that the organization wishes to dictate; the organization's only interest is to assist the merchants and business men and to build this city and Lamb county.

Lawn Party Honors Mr. and Mrs. Wade

The home of Mr. and Mrs. Arbie Joplin was the scene of a delightful lawn party and kitchen shower last Thursday evening, which was given by Mrs. Joplin complimenting the newly-weds, Mr. and Mrs. Roy Wade.

Green and white were featured in the color scheme carried out for the occasion.

A very enjoyable program was rendered, including two readings by Miss Margarette Brannen.

Picnic lunch was served on the lawn, after which little Margie Clair Joplin and Margarette Brannen, who were dressed in green and white, presented the gifts to the honorees.

Those enjoying this social affair were mainly the post office staff, including: the honorees, Mr. and Mrs. Roy Wade; Mr. and Mrs. J. E. Brannen and daughter, Margarette; Mr. and Mrs. Leonard Wright; Mr. and Mrs. Eugene Latimer; Mr. and Mrs. Ted Dobbins; Mr. and Mrs. H. C. Martin; Mr. and Mrs. E. G. There are three vacancies in the faculty to be filled.

Entertain With Picnic Sunday

One of the most enjoyable social events of the week-end was a picnic party given Sunday evening by Mr. and Mrs. J. C. Whicker on the E. C. Cundiff grounds complimenting Judge and Mrs. C. H. Curl and Mr. and Mrs. Stillman and son, all of Washington, D. C., who stopped over in Littlefield to visit friends enroute to their home after spending a month in California.

Judge and Mrs. Curl formerly lived in Littlefield, Mr. Curl being Judge of Lamb county for several years. A number of old-time friends of the Washington visitors were guests for the evening, and brought baskets, the contents of which were served in picnic style, while genial conversation prevailed.

Those enjoying this delightful outing were: the honorees, Judge and Mrs. Curl, and Mr. and Mrs. Stillman and son; Mr. and Mrs. R. S. FOR STRICT ECONOMY AND LOWER TAXATION VOTE FOR ARTHUR P. DUGGAN The Lamb County Candidate for State Senator

ARTHUR P. DUGGAN

Because

He is a West Texas man; has worked for the interests of West Texas, and knows the needs of West Texas.

He will work for Economy and for the Reduction of all Governmental Expense, and for Lower Taxation.

He has the Training, Qualifications, and Ability, as well as the energy and initiative to make us the best representative possible in the State Senate.

We know he will not swerve from a course he deems right and to be in the interests of the State as a whole and for West Texas, in particular.

MR. DUGGAN HAS LIVED MOST OF HIS LIFE IN WEST TEXAS, DURING WHICH TIME HE HAS WORKED UNTIRINGLY FOR THE INTERESTS OF THIS SECTION OF THE STATE. ONLY LAST FALL, MAINLY THROUGH HIS INITIATIVE AND EFFORTS THE FARMERS OF LAMB COUNTY ALONE WERE SAVED FROM \$20,000 TO \$25,000 IN FREIGHT RATES. THE INTERSTATE COMMERCE COMMISSION, AT THE INSTANCE OF A COMMITTEE NAMED BY MR. DUGGAN, REDUCED FREIGHT RATES 25 CENTS PER BALE ON COTTON SHIPPED FROM LAMB COUNTY AND SURROUNDING TERRITORY. AS A RESULT OF HIS EFFORTS MANY, MANY THOUSANDS OF DOLLARS WERE SAVED THE FARMERS OF THIS TERRITORY.

We therefore think that you should vote for a Lamb County Man—one who has a personal interest in serving this immediate section. This is Lamb county's only opportunity to elect a high state official. We should lay aside all petty prejudices and jealousies and work together for the election of Arthur P. Duggan, our home man whom we know to be able and worthy of our confidence and trust.

Study His Platform and Then Vote for the Good of West Texas!

FOR
Second Term

AS
COUNTY ATTORNEY

WILL BE VERY GRATEFUL TO YOU FOR YOUR SUPPORT

A Statement of My Record

TO MY FRIENDS AND VOTERS OF LAMB COUNTY:

As the duties of my office have demanded my time and the date of the election is drawing near, it is going to be impossible for me to see and talk with each of you, and for that reason I am taking this method of rendering unto you a report of my stewardship as your county attorney. The various offices of the county belong to the people and it is their right and privilege of demanding as to how the same has been conducted and what has been accomplished; if an office holder should fail or refuse to give you this information he has no right to expect your vote for another term for any office.

What has my office accomplished? In answering this question I am going to refer you to the records of the County Court and the various Justice of the Peace Courts, which cannot be impeached; these records are open at all times to the inspection of any citizen of this county; they are public records.

THE RECORDS OF THESE COURTS SHOW THAT MORE THAN HALF AS MANY CASES HAVE BEEN FILED AND DISPOSED OF AND MORE THAN ONE-HALF AS MANY CONVICTIONS HAD DURING MY ONE YEAR AS YOUR COUNTY ATTORNEY AS THERE WERE IN THE TWENTY-THREE YEARS PRECEDING MY ADMINISTRATION; OR IN OTHER WORDS I HAVE ACCOMPLISHED MORE THAN HALF AS MUCH IN ONE YEAR AS HAS BEEN ACCOMPLISHED BY THE VARIOUS COUNTY ATTORNEYS WHO HAVE PRECEDED ME IN THE TWENTY-THREE YEARS THIS COUNTY HAS BEEN ORGANIZED.

I am not making this statement for the purpose of reflecting upon any of my predecessors, but this is what the records of these courts show and they speak for themselves. I do not pretend that I am gifted with any more ability than any of the county attorneys who have preceded me, but these accomplishments are the results of my having been on the job at all times and having given you my full time and the best of my ability. I am going to divide the credit for which this office has been responsible with the various officers of this county with whom it has been my pleasure to work. I am indeed very grateful for their co-operation. I am also indebted unto the citizenship of this county who have served as jurors and witnesses in the courts in which it has been my duty to prosecute those charged with crime. I want to thank each one for their co-operation in helping stamp out crime in our county.

ECONOMY

Economy should be the watchword of every one holding public office and more particularly so at the present time. The burdened taxpayer is going to have to have some relief from some source or our farmers whose life savings are invested in an equity in a small piece of land, he and his family call home, are going to be compelled to lose it for the reason he cannot pay the taxes that are now being placed upon him under present conditions. To alleviate some of the

present burden I heartily indorse a drastic reduction in all salaries of public officers and to this extent I shall support for the Legislature only such candidates whose platforms embody a drastic reduction of all high salaried office holders and an economy plan in general.

When I first entered upon the duties of this office more than a year ago I made an effort to make it self-sustaining, with the following results:

During the past five years you have paid your county attorney the sum of \$6,000.00, including one year of my administration, or in other words you have paid \$1200.00 a year to your county attorney. The records do not show what was paid the county attorneys during the 19 years previous to this time, or since the county was organized in 1908, but take for granted that you did not pay even half that much per year or only the sum of \$500.00 per year, that would aggregate the total sum of \$15,500.00 you have paid your county attorney in the past 24 years.

OF THIS AMOUNT YOU PAID ME \$1200.00 FOR DOING MORE THAN HALF WHAT YOU HAVE PAID THE VARIOUS COUNTY ATTORNEYS PRECEDING ME THE SUM OF \$14,300.00, OR IN OTHER WORDS I HAVE GIVEN YOU MORE FOR YOUR MONEY FOR \$1200.00 THAN YOU GOT PRIOR TO MY ADMINISTRATION FOR \$7,150.00. DOES THIS NOT SHOW THAT I HAVE GIVEN YOU AN ECONOMICAL ADMINISTRATION? AND THIS IS NOT ALL; I HAVE BEEN INSTRUMENTAL IN HAVING MORE THAN \$700.00 PAID DIRECT INTO THE COUNTY TREASURY IN THE WAY OF FINES. THIS AMOUNT TAKEN FROM THE AMOUNT PAID ME RESULTS IN THIS OFFICE COSTING THE TAXPAYERS THE SUM OF ONLY \$500.00 FOR THE FIRST YEAR OF MY ADMINISTRATION.

Yes, I, as well as some other officers, receive fees in criminal cases, but not one cent of these fees comes out of the taxpayers pocket.

ASKING FOR SECOND TERM

I sincerely believe that I have merited it on the record I have made and

upon that alone I am asking you for a second term as your county attorney. It is unusual for one holding office for one term only and who has conducted himself and the office in a manner that meets with the approval of the citizens to have to spend of his time and money for a second term. The right of a second term is a Democratic principle which has been recognized since the establishment of our government. George Washington, our first President, set this precedent and it has been followed to the present day. Of course, there are exceptions to most all rules, and there are exceptions to this one.

If my moral conduct or deportment had been disgraceful, then I should not have been entitled to have served the one term. I cheerfully invite an investigation as to the kind of life I have lived and into all of my acts both public and private.

Another exception to this rule would be a lack of ability to perform the duties of the office. In answer to this I cite the record of accomplishments while serving you.

I made the race for this office six years ago against my friend, Mr. Potter. Mr. Potter was your choice at that time. I bowed to your wishes and did not make the race against him for his second term. I believed he was entitled to his second term without having to spend his time and money for it and I believe that was the will of the people.

MADE GOOD MY PROMISES

I have made good every promise made you two years ago and have exerted every effort to render you an economical and efficient administration, and sincerely believe that I have been successful in this respect. It is the duty of every citizen to vote for the best interest of society and not to let friendship alone control but vote for the man who is best fitted for the place and who will render the service to which you are entitled. I shall be satisfied with your verdict on election day for I know that the citizenship of this county believes in fairness and justice and that you will not give ear to some false rumor that may be put out on the last day or two and when time shall not permit of its answer. I am confident that you believe in rewarding one who has proven himself faithful, who has fulfilled every promise made you, one who has given you all of his time and the best of his ability, one whose accomplishments far exceed any of those who have preceded him, also that you believe in the old established Democratic principle of rewarding those with a second term of office who prove themselves deserving.

If elected, I assure you the same kind and courteous treatment that you have received in the past in your dealings with this office.

Regretting that I will be unable to see you personally, due to the fact that my official duties detain me at the office, and thanking you in advance for your support in the coming primary election on the 23rd day of July, I am,

Sincerely,

J. E. (Bert) DRYDEN

"In Business for Your Health"

To the Voters of Lamb County

The 30th Senatorial District comprises 24 counties, with approximately 50,000 voters. It is therefore impossible for any candidate for State Senator to see and talk with every voter. Since I have spent the past 20 years in Lamb county, dealing and associating intimately with the people of this county, and since they therefore know me, have a personal knowledge of my ability, and the things that stand for, I have made no personal solicitation at home. But I, nevertheless, solicit and will appreciate the votes and active support of the people of Lamb county. I wish to thank the large numbers of people who have so loyally supported me in the race so far.

MY PLATFORM IN BRIEF

Being one of the large taxpayers of the county I have a very personal interest in reducing the cost of government in its many branches—school, county, state, and national. As your State Senator I would work earnestly to that end. Economy in government is the only solution to the tax problem. It would do no good to shift the burden from one thing to another.

I would work hard for a Square Deal for West Texas, which is something we have not enjoyed in the past. I do not think that it is fair for Lamb county to educate its own children and then contribute from \$10,000 to \$15,000 annually for the education of the children in other parts of the state, which is now being done. State aid should be granted counties in some fair proportion to the amount of their local school taxes.

I am against bond issues for building roads, or for any other purpose at this time, and will so vote as your senator.

HAVING BEEN BORN AND RAISED IN WEST TEXAS, AND HAVING LIVED ALL MY LIFE IN THE WESTERN PART OF THE STATE, I KNOW THE NEEDS OF THE PEOPLE AND OF THE COUNTRY; I HAVE AN EARNEST DESIRE TO SEE THAT THESE NEEDS ARE MET, AND I WILL PUT ALL OF THE ABILITY AND ENERGY I HAVE INTO SEEING THAT WEST TEXAS GETS A SQUARE DEAL.

Feeling that I have the qualifications for the very high office of State Senator; believing that I have the ability to meet the tremendous responsibility which that office entails, and knowing that I have the earnest desire to serve this district, I am making this personal appeal to the voters of my home county, not only to vote for me, but to actively support me in this race.

Sincerely, Your Friend,

ARTHUR P. DUGGAN

TEXAS RAILROADS PAY SUBSTANTIAL PART OF STATE'S TAX BURDEN

● Taxes is one of the large fixed charges connected with the operation of Texas railroads. From the standpoint of the welfare of state, counties and communities, railroad taxes are of much importance. This annual obligation must be met from the earning capacity of the rail carriers.

In 1931 the railroads of Texas paid a total of \$8,303,108.47 in federal, state, county, municipal and miscellaneous taxes. The distribution of this amount to the various tax funds is shown below:

	Amount Paid	Per Cent of Total Tax Paid
U. S. Government.....	\$ 61,270.13	.74
State	1,954,435.47	23.54
County	1,146,669.97	13.81
Roads	1,699,764.15	20.47
Improvement Districts.....	175,606.87	2.12
Schools	1,437,152.74	17.31
Cities	1,792,994.61	21.59
Miscellaneous	35,214.59	.42
Total	\$8,303,108.47	100.00

It can thus be seen that railroad taxes represent an important and indispensable factor in the economic life of our state. They help in a large measure to pay the expense of our state, county and municipal government, build and maintain highways, pay the cost of drainage and other improvements, and support our schools and educational institutions.

It is the desire of Texas railroads to extend this helpfulness to Texas counties and communities in carrying this heavy burden. However, their ability to meet these obligations as they become due depends upon their ability to earn sufficient revenue with which to pay this and other heavy expenses connected with their operation.

● RAILROADS HAVE ALWAYS SHOULDERS THEIR SHARE OF RESPONSIBILITIES TO THE NATION, THE STATE, AND THE CITIES AND COMMUNITIES THEY SERVE, AND WILL CONTINUE TO DO SO TO THE EXTENT OF THEIR ABILITY.

A. B. MARTIN

Judge Martin Is In Race for Election

A. B. Martin, of Plainview, present Associate Justice Court of Civil Appeals of the Seventh Texas District at Amarillo, appointed April, 1932, is a candidate to succeed himself at the coming Democratic primaries.

made at the time of his recent appointment:

"... his decisions in style and texture and force won for him a high place among the lawyers and litigants of Texas. In his boyhood he brushed his way through the snow to the little red school house miles from his home where he obtained the first rudiments of an education and in time became one of the scholars and successful lawyers of the land that was a wilderness when his father first invaded it to wrest from nature its virgin soil and to build a home for his dependents and those who came after him."—The Austin American.

"When he moved to Austin he resigned from the board of regents of the state teachers' colleges, on which he had served for ten years. He brought to that board a broad understanding of the problems of the boys and girls from the homes of the common people of Texas. His struggle for an academic education and for preparation for the profession of law was not forgotten by him while he served the state on the board of regents of the teachers' colleges. In 1920 he created a loan fund at West Texas State Teachers' College for the use of poor boys and girls, retaining supervision of the fund during his life time. It has grown to approximately \$3,000.00, has aided more than a hundred deserving boys and girls."—The Plainview Herald.

"Selection of Hon. A. B. Martin of Plainview as associate justice of the Court of Civil Appeals of the Seventh Texas District at Amarillo, is a pleasing one to South Plains people. A former commissioner of Criminal Appeals at Austin, as a practicing attorney and a prominent citizen of

Plainview and this area, Mr. Martin has made an enviable record. He typifies the right kind of man for the post to which he succeeds."—The Lubbock Avalanche. (Political Advertisement)

THE STATE OF TEXAS

To the Sheriff or any Constable of Lamb County, Greeting:

You are hereby commanded to summon by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lamb County, to be held at the Court House thereof, in Olton, Texas, on the first Monday in August, A. D. 1932, the same being the 1st day of August, A. D. 1932, then and there to answer a petition filed in said Court, on the 29th day of June, A. D. 1932, in a suit, numbered on the docket of said Court as No. 713, wherein A. T. Bontke is Plaintiff, and E. H. Flynn and F. L. Flynn are Defendants, and said petition alleging:

TO THE HONORABLE JUDGE OF SAID COURT:

NOW COMES A. T. Bontke, plaintiff in the above styled and numbered cause, and with permission of the court first hand and obtained, filed this his first amended original petition, and complains of E. H. Flynn, F. L. Flynn, defendants herein, and represents to the court:

I. That plaintiff resides in Taylor County, Texas. That the defendant E. H. Flynn resides in Okmulgee,

Okmulgee County, Oklahoma, and that the residence of F. L. Flynn is unknown to this plaintiff.

For cause of action plaintiff represents: That heretofore, to-wit, on or about January, 1929, he was lawfully seized and possessed of the simple title to lot Two (2) Block Seventeen (17) of the town of Littlefield, in Lamb County, Texas, as shown by the map and plat of said town, recorded in Vol. 6, page 500 of the Deed Records of Lamb County, Texas.

That thereafter on or about the same day the defendants unlawfully went into possession thereof, and ejected the plaintiff therefrom, to plaintiff's damage in the sum of One Thousand (\$1,000.00) Dollars.

Plaintiff alleges that he has been deprived of the possession of said lot for a period of about three years and that the rental value of said property is \$500.00 per year. Plaintiff further alleges that by virtue of such ejection, this plaintiff has been unable to sell said lot, although he has had several purchasers for same and has entered into written contracts for the purchase of said lot only to be found that defendants have clouded the title to said property, which prevents plaintiff from giving possession to the purchasers, thereby resulting in a failure to consummate such sale, and that by virtue of being unable to sell said property plaintiff has been damaged in the sum of \$1,000.00.

Plaintiff further alleges that defendants have erected and possess and maintain a house on part of said property, and have failed and refused to remove same.

WHEREFORE, plaintiff prays for

the issuance and service of citation upon the defendants as required by law, and he prays that upon final hearing he have judgment for the sum of Three Thousand (\$3,000.00) Dollars, and for a mandatory injunction removing said building above referred to, and for the right, title and possession of the premises, and for a writ of restitution, for costs of suit, and for such other and further relief to which he may be entitled either at law or in equity.

Cox & Hayden, Attorneys for Plaintiff. The State of Texas, County of Lamb.

I, M. W. Etter, District Clerk in and for Lamb County, Texas, do hereby certify that the above foregoing is a true and correct copy of Plaintiff's First Amended Original Petition filed in cause No. 713, styled A. T. Bontke vs. E. H. Flynn, et al., now pending in the District Court of Lamb County, Texas.

Witness my hand and seal of said Court, at office in Olton, Texas, this 29th day of June, A. D. 1932.

(Seal) M. W. Etter, District Clerk, Lamb County, Texas.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Olton, Texas, this the 29th day of June, A. D. 1932.

M. W. Etter, Clerk, District Court, Lamb County. (Seal) 13-4tc
