## Local Schools Issue 1372 'A' Rationing Books

### Entire Faculty Register Owners Of Automobiles

#### Majority Of Car Owners Ask For Supplementary Blanks To Fill Out

Under the gasoline rationing registration program, which was underway Thursday, Friday and Saturday last, Littlefield schools issued a total of 1372 "A" books, known as personal use gasoline coupon books, to automobile owners of Littlefield and area.

The entire faculty membership assisted in the registration. In an interview with Supt. F. A. Hemphill Tuesday he stated that about 19 or 20 per cent were issued to negroes and Mexicans, who were temporarily here for cotton picking, and that a small per cent were issued to out of town whites, travelling salesmen, etc., who happened to be here last week end.

Gasoline rationing is scheduled to be set in motion December 1. The "A" coupon book entitles each vehicle owner to approximately four gallons per week, and the gas must be put into that particular car for which the coupon book is issued.

A majority of those registering last week end asked for supplementary blanks, but according to practices in other sections of the United States, it is estimated that not more than 30 per cent of the registrants will be allowed extra gasoline over and above that granted by the "A" ration book.

Supt. Hemphill stated that the above figures only pertained to registrants of Littlefield and area; and that registration was carried out in the other cities of the County.

### County Committee Elected Tuesday

A new county committee, for the farm program of 1943, was elected Tuesday morning at the A.C.A. office in Amherst.

Delegates from 14 communities in Lamb county were present and the committee members elected were: E. C. Clayton of Earth, chairman; B. A. Ball of the Hart Camp community, vice-chairman; Loyd Elms of Littlefield, first alternate, and R. E. Chitwood of Olton, alternate. H. M. Gilbert of Sudan was named a new member.

"Littlefield, Texas

"The government is asking the American farmer to dedicate the remaining weeks of 1942 to an intensified scrap hunt. Steel mills need more heavy scrap and the farmers are one of the best sources of this type of metal. We need your further help in this farm drive, and in aiding our salvage committees to continue this effort throughout the next few weeks. Mats and other material to help you are being prepared and will be mailed soon. All salvage committees are being instructed to continue to make available to the farmer all their transportation facilities and manpower and to cooperate with you in every possible way. The nation is looking to the American farmer. I am sure, with your help, he will come through."

## Last Rites Friday For Mrs. Sam Cates; Dies Thursday A. M.

### High Blood Pressure Causes Death; Confined To Bed Five Weeks

Funeral services were conducted at the First Baptist Church, Olton, Friday afternoon, November 20, for Mrs. Sam Cates, 63, who passed away Thursday morning at her home at Olton following a lengthy illness. High blood pressure was believed to have caused her death, from which she had suffered several years, though she was only confined to her bed five weeks.

Rev. C. C. Griffiths, pastor of the First Baptist Church, officiated; and interment took place in Olton Cemetery.

The large number who attended the funeral services, and the very elaborate and beautiful floral offering indicated the great love and respect held by people far and near for deceased and her family.

According to those in attendance the church was made beautiful by the outstanding arrangement of flowers carried out for the services. Flower bearers were: Misses Treva and Matt Jennings, Evelyn Kingley, and Allie Taylor, and Mrs. Clifton Hines.

Mrs. Cates' husband preceded her in death, passing away July 7 of last year.

Surviving deceased are: five sons and one daughter; Mrs. Atterson. (Continued on Back Page)

Announcement was made Tuesday that the materials for the Surgical Dressing program of Lamb County Chapter of Red Cross had arrived in Littlefield, and work is expected to get started immediately on the project.

## Mrs. F. W. Lichte Dies As Result Of Heart Attack

### Funeral Services At Home And Emmanuel Church Wednesday

Mrs. F. W. Lichte, 70, pioneer of Littlefield and Lamb County, passed away suddenly Sunday night about 10 o'clock, as a result of a heart attack at her home, five miles northeast of Littlefield.

Mrs. Lichte's health had not been good for several years, but relatives said that for the past two or three months she had seemed improved.

Funeral services were conducted Wednesday afternoon at 2:30 o'clock at the residence, and at 3 o'clock at the Emmanuel Church, Littlefield, with Rev. E. H. Riese officiating.

Interment, in charge of Hammons Funeral Home, took place in the Littlefield cemetery.

Pallbearers were: W. G. Street, Gus Shaw, Walter Timian, Herman Timian, John Stockinger and Ernest (Continued on Back Page)

## Assumes Position Of High School Principal Monday

### A. A. Mitchell Is Promoted To Head Of Central School

Supt. F. A. Hemphill announced Tuesday that J. Ernest Jones, principal of the Central School, had been promoted to the office of High School Principal, and assumed his new duties Monday.

A. A. Mitchell, teacher of mathematics in the intermediate grades, has been promoted to principal of the Central School, taking the place of Mr. Jones.

In an interview with Mr. Jones Tuesday he stated that he had been transferred to the high school to help out as best he could. He said, "I have enjoyed my work in the grade school, but that inasmuch as there was someone there who could carry on my work, and the need was greater in the high school, I will do my best to fill the position of principal at the present time."

## Local Schools To Continue Studies Thanksgiving Day

Littlefield schools will not be dismissed for Thanksgiving holidays, as announced by Supt. F. A. Hemphill Tuesday.

Supt. Hemphill, however, stated that he hoped the Board would allow a week's holidays for Christmas, but no official decision has been made by them as yet.

## Checks Totaling \$18,000 Received By Farmers

About \$18,000 in government checks have been mailed to the farmers of Lamb county, directly from Dallas. These checks are being sent farmers who complied with the government farm program.

During the preceding years all government checks have been mailed to the A.C.A. office in Amherst, and mailed from there to the farmers; however, this year the checks will be mailed directly from Dallas to the producers.

L. F. Bain, secretary, A.C.A., stated Tuesday that additional

## Dick Sturdivant Is Instructor At Local Airport

### Paul Pharris Is Airport Manager and Mrs. Henry Clearance Officer

The Littlefield Airport was inspected and made a designated field Tuesday, subject to approval by authorities in Washington, after J. P. Waage, of Amarillo, inspector for the Civil Aeronautics Authority, made an official visit here.

Mr. Waage was in Littlefield most of Tuesday, conferring with members of the local flying clubs, who have recently completed the erection of a hangar, located south of town on the Duggan property.

Paul Pharris, local flyer, was named airport manager Tuesday and Mrs. Quin Henry, whose husband is in the reserve army air corps at Lubbock, taking special courses to become an instructor, was made clearance officer.

A guard, who has been on duty at the airfield 24 hours a day the past two months, will remain on duty.

#### Instructor Locates Here

Dick Sturdivant, certified instructor, is the new flight instructor at the field. He and Mrs. Sturdivant moved to Littlefield this week from Cotton Center. He formerly was an instructor at Dagley Field, Lubbock.

Mr. Sturdivant has his own plane, and with the four planes owned by the local clubs, the Littlefield airport can boast of five planes. The hangar has a capacity of eight planes. Harmon White of Cotton Center plans to leave his plane here.

As a result of the designation, Littlefield will be shown on all aeronautical maps, and any plane can land here. Prior to this time, owners of the planes were obliged to fly their ships to an airfield in Lubbock after keeping them 72 hours.

Three local flyers made application Tuesday for their pilot's license, while Mr. Waage was here. Approximately 20 Littlefield men comprise the membership of the clubs, and it is hoped that more men will become "air-minded" and (Continued on Back Page)

As announced Tuesday by Mrs. Warren Rutledge, cotton statistician for this district, there were 8,907 bales of cotton, counting round as half bales, ginned in Lamb County from the crop of 1942 prior to November 1, 1942, as compared with 907 bales ginned to November 1, 1941.

### Elbert's A Real Little American

ELBERT DWAIN GRAHAM

Three-year-old Elbert Dwain Graham says his new \$50 War Savings Bond will buy some clothes for one of Uncle Sam's nephews, who is helping to make the United States a safe country for little boys who can't shoot guns!

He is the son of Mr. and Mrs. H. Graham, who operate a furniture store here, and in the picture above he is shown with his \$50 bond he has just purchased. Elbert Dwain, who always saves a service man when he sees him, had been saving nickels to purchase a bond. He made his nickels by selling his father pieces of used furniture, he would find around the store. He's learned young in life to be a trader, and when he sees anything that looks worth a nickel, he immediately sells it to his "Daddy."

After his parents purchased a bond last week, he declared that his nickels should go to help buy a soldier some clothes. He purchased the bond at the First National Bank in Littlefield, and as he and his father came from the bank, Elbert Dwain immediately declared that he wanted to show it to Mr. and Mrs. B. D. ## Lowest Temperature For This Season Reached Sunday

The temperature readings according to West Texas Gas Co. this week were: Thursday, low 54, high 61; Friday, low 54, high 78; Saturday, low 32, high 44; Sunday, low 30, high 54; Monday, low 45, high 61; Tuesday, low 37 and high 76. The lowest temperature for the year was recorded between 7 and 8 o'clock Sunday morning, when the low of 23 degrees was registered.

## Elmer McKnight To Receive Wings Thursday

Cadet Elmer McKnight, 22, son of Mrs. Loredo McKnight, of the Air Corps, stationed at Midland Field, will be graduated from the Flying School there Thursday, and receive his commission as a lieutenant.

His mother, accompanied by Cadet McKnight's aunt, Mrs. Bertie Davis, of Arzac, N. M., left Littlefield Wednesday to attend the ceremony, which will take place at 11 o'clock Thursday morning.

Cadet McKnight enlisted in the Air Corps in February last; was at Ellington Field, near Houston, in

training for some time, and was later transferred to Midland.

He was graduated from the Littlefield High School with the 1937 class; played football with the local school team; and attended St. Mary's College, San Antonio, for three years. He also was an ace player on the St. Mary's College team while in San Antonio.

Cadet McKnight spent from Friday night until Sunday with his mother and other relatives here.

Besides being a cadet he is also trained as a bombardier.

checks would be mailed about the 16th of December.

**On The Home Front**

"Now we know where our rubber is going — it is attacking up and down the coast of Africa, carrying some of the finest fighting men in the world on their job of opening a second front."

Thus spoke Price Administrator Leon Henderson while visiting in Dallas last Friday.

"The rubber that attack rides on is rubber we DIDN'T use here," he declared. "The ultimate victory we shall attain is in the rubber that you and I and all civilians DON'T use. And that, simply, is the story of nationwide mileage rationing."

Although the price control and rationing boss said he anticipated fullest cooperation from everyone on the mileage rationing program, he sounded a warning to the few who are sitting up nights trying to figure a way of evading the regulations.

He said: "I want to say that the man who deliberately, for financial profit, engages in the business of violating the rationing rules, who bootlegs gasoline, or who sells tires in a black market, is a saboteur as dangerous to our country as those German spies we recently executed for their projects to blow up our power plants and war industries."

"We have as great a duty to trap such criminals as we have to stop a murderer, for they sacrifice the lives of our own soldiers under fire for the dollars they can steal."

OPA's mileage rationing program received a healthy shot in the arm during the past week with the

announcement that through November 7, 1,483,800 idle passenger-type tires had been turned in to the Defense Supplies Corporation. These tires will be turned back into trade channels shortly where they will be rationed to the country's motorists on the basis of essential mileage. It is a major factor in the government's plan to keep all the nation's passenger automobiles rolling.

Because the armed forces and Lend-Lease were getting less meat than they needed, OPA has taken another 10 per cent off the civilian beef quota for the period from October 1 to December 31. OPA's action was taken at the direction of the WPB's Food Requirements Committee, which has received reports from military and Lend-Lease authorities that they were unable to obtain the full supply of beef required. At the same time, OPA warned that quotas cannot be increased. Therefore, it is imperative that slaughterers spread deliveries under their civilian quotas uniformly throughout the entire three month allotment period. Unless civilian deliveries are spread evenly the government will be handicapped now in making its purchases, and, toward the end of the quarter, there will be an acute scarcity of meat for civilians.

But the 2 1-2 pounds of meat per person per week which has been allotted for Americans is far more meat than other countries are permitting their people. For instance, Herman Goering, the chubby Nazi luftwaffe chief, promises extra Christmas rations to the people of Germany. In addition to the regular rations each German will get sometime in December "a half-pound of wheat flour, 200 grams of meat, a quarter-pound of butter, one-eighth pound of cheese, a half-pound of sugar, a quarter pound of sweets, a quarter pound of peas, 50 grams of coffee, a half-ounce of brandy," Goering promises.

Uncle Sam is not trying to "sugar coat" any civilian production restriction pills for the American people. The warnings have been sounded long and often that we are in a total war and restrictions must be expected. Mr. Henderson explains it well. When asked by a reporter when he thought we could have more sugar and coffee, the Price Administrator stated that the whole problem hinged on shipping. "Personally," Mr. Henderson said, "I would rather see them use those ships to carry arms and supplies to our boys opening a second front. I hate these restrictions as much as anyone. They are darned inconvenient, but there are a lot of things more important than having a second cup of coffee or having all the sugar you want."

**ODT MILEAGE RATIONING POSTPONED**

Since nationwide mileage rationing has been postponed to December 1, ODT also has postponed its mileage rationing program for commercial motor vehicles from November 15 to December 1. This will give commercial motor vehicle operators an additional 15 days in which to obtain their certificates of war necessity. District offices of ODT are remaining open from 8 a. m. to 8 p. m. to aid commercial motor vehicle operators in the last-minute rush to obtain certificates of war necessity. Offices will also remain open all day Sunday, November 22. Certificates are required to obtain gasoline ration books and for the purchase of gasoline, tires or repair parts.

**WALLPAPER PRODUCTION CUT BY WPB**

A drastic cut in wallpaper production, including reduction of the number of styles and colors, has been ordered by WPB. Under L-177, no manufacturer shall purchase or put in process paper stock in excess of 50 per cent of the total tonnage used by him for making wallpaper in the period July 1, 1941 to June 30, 1942. War-time restrictions on private house construction was one of the factors considered in determining the extent of the curtailment.

**FEWER NEW UMBRELLAS TO BE MADE**

Production of approximately one-third of the number of umbrellas made in 1941 will be permitted under a new WPB limitation order. About four million men's and women's umbrellas will be made in the next twelve months, of generally uniform size, shape and weight.

**FOOD COSTS SHOW SLIGHT RISE**

Food costs climbed an average of 2 1-2 per cent in the six-state Dallas OPA region from September 15 to October 13. This information was contained in a report made to Region OPA Administrator Max L. McCullough by Dr. Arthur A. Smith, regional Bureau of Labor Statistics director. His report indicated that the greatest

increase in food costs during the period occurred through price rises in eggs, dairy products, and fruits and vegetables, commodities which went under price control on October 5 by OPA order. Prices of canned fruits and vegetables also advanced as a result of OPA adjustments permitted for the new pack reaching market. The report showed the highest increase in food prices for the region at New Orleans, with a 4 per cent jump. Houston was near the bottom, with a 1.6 per cent increase.

**RATION BOOK HOLDERS WILL GET COFFEE**

OPA region officials announced that consumers who have registered and secured War Ration Book No. 1 will not have to register again to get coffee when rationing begins on November 29. Stamps No. 17 through 28, used in reverse order, will be used to get coffee. Because of its position in the book, Stamp No. 27 will be detached for the first pound of coffee purchased. To consumers who still are unable to get sugar because of excess amounts on hand, local boards will issue ration books with the first sixteen stamps torn out, so that they may purchase coffee under rationing.

**WPB REQUISITIONS OKLAHOMA RAILS**

Using its requisitioning power for the first time in the Southwest to acquire abandoned rails, WPB has taken over street car rails in Dewey, Oklahoma, after failure to reach an agreement with Dewey city officials. As removal of the rails and resurfacing will cost more than sale of the scrap metal will bring, D. M. Tyler, prominent citizen of Dewey, has offered to assume the expense of tearing up the rails and resurfacing the street, and has arranged to sell the salvaged material to War Materials, Inc.

**Anton Boy Makes Record; Pulls 1152 Lbs. Cotton In Day**

Lloyd began at 9:15 in the morning of one day last week, took 30 minutes off for dinner, and quit at 6:30 in the evening. When his work had been figured up, it was found that he had pulled 1152 pounds in 8 hours and 45 minutes.

The dinner was prepared in honor of a son home on furlough, Cpl. Wilson Sisson, of Fort Knox, Ky.

A bountiful dinner was served at noon and several group pictures were made.

Those present for the affair were Cpl. and Mrs. Wilson Sisson and daughter; Mr. and Mrs. H. C. Sisson and son; Mr. and Mrs. Wiley

Foley and family; Mr. and Mrs. Jack Sisson and son; Mrs. T. J. Sisson, Lawson Sisson, John Sisson, Tommie Sue Sisson; Mr. and Mrs. Glen D. Young, Mr. and Mrs. Dude Altman and family; Mrs. S. D. Pinkerton and Bessie Ancinea.

Mrs. Sisson's family was all present except one son, Private Mitchell Sisson. His station is not known.

**Tires Deposited At Office Of Rationing Board**

The local office of the Railway Express Company not having the necessary forms for shipment of surplus tires to the government, it became necessary this week for those having more than the five tires allowed for each car, to store their surplus tires in the offices of the local Rationing Board, City Hall, and a large number of tires were therefore accepted for this purpose and labelled with the owners' names awaiting arrival of the necessary forms.

A large number of scrap tires, adjudged of no operating value, have been deposited this week with the local service stations and garages. This latter program was necessary in complying with the Government's decree that no owner under gas rationing may have more than five tires.

To The  
American  
Boys  
In The  
Armed  
Forces

THE HISTORY OF AMERICA is one long story of the overcoming of threats to a peaceful existence. Since the Pilgrims, practically empty handed, battled the rigors of climate and the onslaughts of hostile savages to found the nation we now know and love, we have been faced time and again with the necessity of defending a way of life that we revere far beyond the mere thing of it. Ever content to mind our own national affairs, and to devote our energies toward the development of America's greatness along the lines of peace and individual and collective happiness, we now must turn to total war to protect this wonderful thing called "The American Way of Life." And total war must be, for the forces arrayed against us are far greater and stronger than we have ever faced before.

REALIZING THE DANGER that faces America today, and realizing how much depends on the stout hearts and keen minds of our armed forces, it is with deepest sense of importance of the task America has undertaken that we commend these boys of the United States upon the grave responsibility they have undertaken in accepting the challenge of protection of Faith in God.

WITH EVERY BRANCH of the armed forces . . . with all phases of the defense industry . . . and in every war effort, whatever it may be, you will find your telephone company enthusiastically cooperating. We regard it as an honor to be of special service to our country.

A hearty welcome is extended to all who will to worship with us at any of these services.

## CHRISTIAN SCIENCE SERVICES

Thanksgiving Day services are held by The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches throughout the world. The order of service includes the reading of a Lesson-Sermon on the topic of "Thanksgiving." Opportunity is also afforded those present to give testimonies of gratitude appropriate to the occasion.

The Golden Text is: "I will praise the name of God with a song, and will magnify him with thanksgiving" (Psalm 69:30).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Give thanks unto the Lord, call upon his name, make known his deeds among the people—Give unto the Lord the glory due unto his name: bring an offering, and come before Him: worship the Lord in the beauty of holiness" (1 Chronicles 16:8, 29).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech" (page 3).

## NEW ANTON PASTOR TAKES OVER NEW DUTIES SUNDAY

The newly appointed pastor of the Anton Methodist Church, Rev. Binkley, occupied the pulpit at Sunday's services. Rev. Binkley comes to Anton from Nolan near Sweetwater.

Rev. Will N. Culwell, former pastor, has gone to the Methodist Church at Turkey.

# THANKSGIVING

On this great Day of Thanksgiving... we are not unmindful of the good things that have come our way... valued friendships... the large volume of business we have enjoyed through the years.

And—this year—it is with enthusiastic pride that we pay tribute to the men in the Armed Forces of our Uncle Sam, ready and willing to protect our land against unpardonable enemies... to preserve our American Rights... For all this we are devoutly thankful.

## CARD OF THANKS

Words cannot express our thanks and appreciation to our many friends and kind neighbors for their many acts of kindness during the long illness, and at the death of our loved one.

We thank those for the lovely flowers, and especially do we thank Dr. Shotwell and his nurse for their services and kind words.

May God bless each of you in His own way.

## War Bond Presented Gold Star 4-H Girl

The Springlake Home demonstration club presented a \$25.00 Bond to Betsy Sigman Wednesday, complimenting her outstanding achievements in Lamb County 4-H work.

Betsy was yard demonstrator last year and awarded the coveted Gold Star for her accomplishments. The presentation was made by Mrs. A. C. Barton.

Mrs. Herman Haberer was hostess to the club at their annual club dinner in her lovely and spacious new home north of Earth. Twenty-four guests were served at the bountiful buffet luncheon. Friendship gifts were exchanged and prophecies for '43 were read for each guest.

A beautiful tribute was paid to Mrs. Lena Hite, who was recently presented a Distinguished Flying Cross by the War Department for her son, who participated in the Tokyo bombing.

Mrs. Jim Nix presided at a short business session when plans for the coming year were discussed. The next meeting will be the first Saturday afternoon in January at the home of Mrs. Lena Hite.

Group singing closed the days festivities with Mrs. George Wallace at the piano when many old war songs were recalled and rehearsed.

Present were Mesdames: J. J. Aldridge, E. L. Bock, C. W. Terry, Arthur Miller, R. L. Drake, Bill Clayton, E. R. Hawkins, A. C. Barton, Truman Hite, Jim Nix, S. E. Hite, George Wallace, Lena Hite, Betsy Sigman, W. H. Sigman, Ed Hestand, Lloyd Cupp, Sam Jones, Woodrow Shipley, J. W. Barlow, Bill Rudd, Mr. and Mrs.

## May Secure Ration "A" Books In City Hall This Week End

E. C. Cundiff, clerk of the County Rationing Board, announced Tuesday that anyone who did register at the school house week end may secure their "A" books at the Ration Board office Friday or Saturday.

Signing across the back of coupon with the name of the license number of the registered vehicle for which the gasoline is purchased is a "must" in forthcoming mileage rationing program, effective Dec. 1, it has announced. Holders of "A" books should take notice of the requirement, which will enable them to more quickly and easily obtain gasoline, officials said.

This will be necessary as a means of preventing theft or fraud in event of loss of coupon books was explained. Along the streets of Littlefield about one car out of four is with the "A" signs on windshield. This does not indicate the number of cars registered, since many owners are withholding placing stickers on their cars until they get the outcome of their application for supplemental gasoline. In event their pleas are granted the rationing boards for more "A" will be removed either a "B" or "C" sticker will place the "A" mark on their shields.

## Coffee Rationing Starts November

Retail sales of coffee stopped midnight Saturday to give keepers one week to stock shelves in preparation for rationing on Nov. 29.

Thereafter the greatest coffee drinking nation in the world limit itself to one pound every two weeks for each person over 17 of age—approximately a cup a day.

Rationing will mean a 30-cent cut in sales of coffee to 80 per cent of the adult U. S. population who drink it and have it the national beverage. But Americans will still drink much more than Europeans who get only an ersatz concoction of acorns and grains.

The rationing program was instituted by a cut of 25 per cent in coffee imports since Pearl Harbor.

Coffee to be rationed includes roasted coffee whether ground in the bean, as well as decaffeinated products and those mixed with ory, cereals, or other substances. Consumers will not be permitted to buy green or unroasted coffee home roasting is out.

Varieties of "instant" coffee not rationed.

War ration book number ready in use for sugar rationing will be used in buying coffee.

The first ration period runs five weeks from Nov. 29 to Jan. 3, 1943, when each book will be 15 years of age or older and will chase one pound of coffee for number 27. Coffee stamps are number 28 down to 20 but because arrangement in the ration book, first stamp is 27, the second is 26.

Other ration periods will be announced later.

Where lack of transportation facilities makes it difficult for a consumer to buy coffee a pound at a time, he may apply at his ration board for a certificate to buy up to five pounds. Stamps will be moved to cover such arrangements.

Haberer, and Mr. and Mrs. Kins.

Ten per cent of your pay in War Bonds will help build the planes and ships that will insure defeat of Hitler and his Axis partners.

## THANKSGIVING ..1942..

Never have we, as Americans, been able to recall with more profound gratitude . . . and reasons for . . . our observance of Thanksgiving. This Thanksgiving Day is an occasion for us to rededicate ourselves to all those ideals which the Pilgrims came to these shores in search of, and made our most precious heritage.

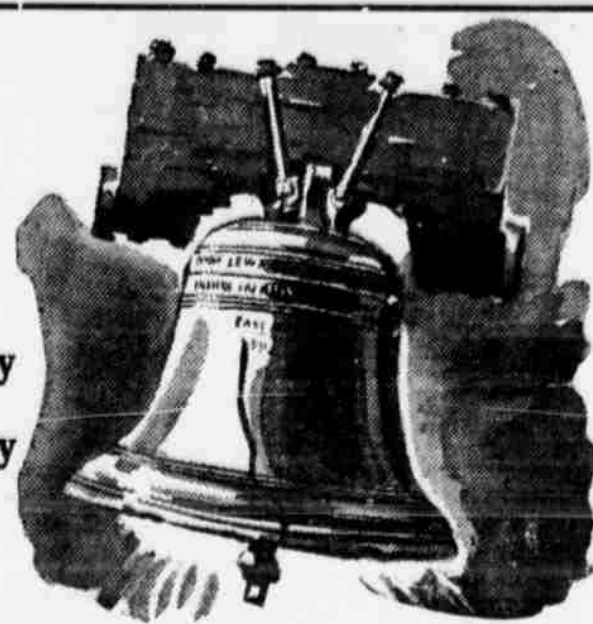

Today we again give thanks for the way of life that is America . . . the free and Democratic Way!

A group gathered at the S. Tucker home last Sunday evening for preaching.

The College Heights Prayer Meeting, which was scheduled to be at the home of Mr. and Mrs. J. M.

Garrett last Friday night, was called off due to the bad weather and so much sickness. Everyone is invited to attend the meeting next week at the home of Mr. and Mrs. Van Edoms, located south of the Bart Ramsey Grocery store.

Mr. and Mrs. Jerrell Littlefield and children visited Mr. Littlefield's parents of Brownfield last week.

Mrs. Jessie Lee is visiting her husband, who is stationed at Wichita Falls, this week.

Jewel Nichols and family of Oklahoma moved to the home of his mother, Mrs. Julia Nichols, Monday. They will make their new home there.

Mr. and Mrs. Guy Bagart and granddaughters of Clovis, N. M., are visiting her mother, Mrs. W. T. Anders, this week.

Mrs. Clay Anders received word from her sister, Mrs. Gus Gundlach, who recently moved to Amarillo, stating that her son, Billie, has been ill since they moved to that city.

Seaman 1st Class W. P. (Pinkey) Johnston, son of Mr. and Mrs. J. C. Johnston of this city, who volunteered for naval construction October 4, is now stationed at North Fork, Va.

Jessie Smith, son of Mrs. J. T. Spruling, is in training at Fort Sill, Okla.

**Stock Of Groceries  
And Fixtures Sold  
To Lubbock Man**

The deal was consummated last week whereby Jack and Carl Alexander disposed of the stock of groceries and fixtures of the Alexander Food, to Mr. Winingham of Lubbock, in exchange for Lubbock property.

Mr. Winingham will take possession Monday next, and assisted by Mrs. Winingham, will operate the Alexander Food Store.

In the deal the Alexander brothers also traded a residence property on West Second Street and a farm of 177 acres west of town for the Lubbock property.

In an interview with Jack Alexander Monday he stated that their plans for the future had not been completed.

The deal was handled by a Lubbock real estate agent.

**Presbyterian Ladies  
Meet At Home Of  
Mr., Mrs. Hamilton**

Mrs. J. E. Hamilton was hostess to members of the Women's Auxiliary of the Presbyterian Church Monday afternoon at her home on Seventh Street.

Mrs. G. M. Shaw presided over the meeting. Following a brief business session, Mrs. Warren Rutledge read the devotional from the 26th and 27th Psalms, after which Mrs. Ben Porcher gave an interesting lesson on the Highland people of Tennessee, assisted by Mrs. E. A. Bills.

After the usual benediction refreshments were served to Mesdames Alice Douglass, A. B. Haynes, E. A. Bills, G. M. Shaw, J. S. Hilliard, H. R. Shelby, W. H. Rutledge, Ben Porcher, Selma Yohner, and the hostess, Mrs. J. E. Hamilton.

**THANKSGIVING**  
... 1942  
Finds Us A  
United Nation  
In One Great  
Cause—  
**VICTORY**

To the Axis nations the U. S. A. must seem to be a queer land of inquiring reporters, of quiz programs, and of pops. A land where people are free to think and say what they please, and actually govern themselves. Freedom to express their own viewpoints, freedom to criticize one another, the freedom of a political campaign.

It is from the freedoms we enjoy that America draws its greatness and strength. Greatness which offers education and information to all the people. Strength which in peacetime promotes the welfare of all; and in war safeguards us with resourcefulness and ability which only an educated and informed people can possess.

Farmer Jones came slowly down the lane, swinging his hatchet once again, and stopped where the sun was shining warm. By the old barn door to greet the "torm." He talked of the poultry and wondered whether Old Dame Chicken would moult or feather. And the gobler answered, looking down at his own fat ankles bare and brown. At last, the man a raz-zee made, to grab the old bird by the leg, when like a flash—our bird was gone, and he was left at the barn alone. The Tom looked back as he climbed the hill and saw the farmer standing still. "Thanks," said the bird, "Escape more grand. By mortal fowl was never planned. And that modest answer and graceful air shows me wise as heck and hard to scare." But—among the guests, a different trend in conversation seemed to blend. ## Funeral Services Tuesday Afternoon For A. R. (Dad) Hays

Passes Away Sunday  
Afternoon As Result  
Of Heart Attack

Augustus Reece Hays, 83, known to his many friends in Littlefield and area as "Dad" Hays, passed away about 5 o'clock Sunday afternoon, at a rest home in Plainview, as the result of a heart attack.

Mr. Hays suffered a stroke of paralysis on November 1, and was confined in the Payne-Shotwell Hospital about three weeks, following which he was taken to a rest home at Plainview.

Funeral services were conducted at 3 o'clock Tuesday afternoon at the Presbyterian Church, Littlefield, with Rev. A. B. Haynes, pastor, officiating. Interment, in charge of a Lubbock Funeral Home, took place in the Littlefield Cemetery.

Pallbearers were: Dr. Ira Woods, W. G. Street, Lester Walters, Jimmie Brittain, G. A. Staggers, and Ben and Bruce Porcher.

Mr. Hays was born April 6, 1859, at Rome, Georgia, and came to Texas in 1878. He located near Fort Worth, where he lived until 1900, when he moved to Clarendon, where he made his home for two years. Locating at White Deer, Texas, in 1902, he lived there for 20 years, coming to Littlefield in 1923, where he had continued to make his home.

He became a Christian and joined the Presbyterian Church when a young man.

His wife passed away 30 years ago.

Surviving deceased are: two daughters and two sons. The daughters are: Mrs. Vera Cowles of San Francisco, Calif.; and Mrs. Lela Engman of Redwood City, Calif. The sons are: A. B. Hays of Littlefield, and G. F. Hays of Serofina, N. M.; and ten grandchildren and one great grandchild.

Among the out of town attendants at the funeral services were: G. F. Hays of Serofina, N. M.; Mrs. Lela (Hays) Smith of Lubbock; Mrs. J. W. Wood of Sudan; and Mrs. E. R. Billingsley of Lubbock.

Several local women have expressed a desire to become pilots, and it is probable that they will soon start taking instructions.

### Mrs. Sam Cates—

(Continued from Page One)

Rogers of Olton; Shelby Cates of Floydada; Horace of Olton; Clyde of Oklahoma City; and Lee and Dee Cates, twins. Dee Cates is planning on leaving Olton Dec. 7 for military service; and Lee is in the Medical Corps, stationed at Will

Rogers Field, Oklahoma. She was also survived by her mother, Mrs. Lona Dodson, of Emerson, Ark., who is 90 years of age; and by eight grand-children, and one great grand-child.

Mrs. Cates was born at Emerson, Ark. She was married to Sam Cates at Floydada, Texas, where they lived for several years. The Cates family have made their home at Olton for the past 12 years.

Lee and Dee Cates have both made their home in Littlefield a number of years; were employed by the Jeffries Gro. & Market; and have a large circle of friends here, as well as at Olton, who will regret very much to learn of their bereavement.

Attending funeral services from Littlefield were Mr. and Mrs. W. E. Jeffries.

### Mrs. F. W. Lichte—

J. Brandt.

Flower bearers were: Dorothy Timian; Elyne Manthey, Marilyn Stockinger, Lillie Neuenschwander, Mary Helen Hill, Mary Louise Brandt, Betty Timian, Bobbie Jean Friday, Nadie Spann, Melba Griffin, Bonita Ross, and Carmoleta Solesbee.

Mrs. Lena Ida Lichte, the daughter of Mr. and Mrs. Jacob Bangert, was born on July 7, 1872, at Basel, Germany. In 1880, at the age of eight years, she with her parents came to the United States. Until the time of her marriage she lived in Illinois, Iowa, Nebraska, Arkansas and Kansas.

On March 19, 1896, she was married to F. W. Lichte at Wichita, Kans. Five years later they moved to Blackwell, Okla., where they resided for 14 years, locating in Littlefield in 1915.

For seven years the Lichte family lived on the Ed Key farm on Oklahoma Avenue. During this time Mr. Lichte worked at Blacksmithing in Littlefield. In 1922 Mr. and Mrs. Lichte moved to their present home, five miles northeast of this city.

Deceased was a member of the Lutheran Church throughout her life. She and her family affiliated with Emmanuel Lutheran Church in Littlefield in 1923.

Surviving are: her husband, F. W. Lichte; three sons, Arthur, Otto and Fred; one daughter, Mrs. W. J. Will, all of Littlefield. One son, Albert, preceded her in death on Dec. 8, 1907. Four brothers, Oscar Bangert of Lawton, Okla.; Gus Bangert of Blackwell, Okla.; Jacob Bangert of Wichita, Kans.; and Ernest Bangert of Abilene, Kans.; and seven grandchildren also survive.

Sheppard Field, near Wichita Falls, Texas, is one of the many schools in the Army Air

Forces Technical Training Command which trains the specialist technicians who maintain our bombers and fighter planes in perfect combat condition. He now is eligible to become crew chief on a bomber and to win a rating as corporal or sergeant.

Before entering the school he was trained at one of the basic training centers of the Air Forces Technical Training Command and learned to fight the Axis with other things besides the tools of his trade. Men trained by the Command are versed in the art of protection and offense as well as repair.

Pvt. Herman T. Roper, son of Mr. and Mrs. J. T. Roper, has completed the thirteen weeks of training as anti-tank gunner at Camp Roberts, Calif., and has been transferred to Camp Butler, North Carolina. He volunteered in the U. S. Army on July.

R. L. Mitchell, formerly of Littlefield, but later employed by an automobile parts company in Lubbock, enlisted in the Air Corps recently, and after spending a short time at Fort Sill, Okla., has been transferred to the Glider School at Lubbock. He is the son of Mrs. W. C. Parkey of Hart's Camp community.

Mr. and Mrs. W. W. Brown received a cable from their son, Wilburn George Brown, who is in England doing mechanic work, Saturday. He said he was well and liking his work fine. Wilburn left San Antonio about August 25, and since that date he has received only one letter from home. However, he did receive the cable his parents sent him last Saturday.

### Funeral Services For Olton Girl

Funeral services for Virginia Margaret Nafzger, 13-year-old daughter of Mr. and Mrs. Arthur Nafzger, were conducted Thursday afternoon, Nov. 19, at 4 o'clock at the Olton Methodist Church. She died at the Plainview Sanitarium Wednesday morning, Nov. 18, at 6:15 o'clock. She had been in ill health for the past two years and was taken to the hospital early Tuesday night

following a heart attack. Rev. G. T. Naumann, pastor of the Plainview Lutheran Church, of which Miss Nafzger was a member, officiated. Interment was made in

the Olton cemetery. Virginia Margaret was born October 8, 1929, at Olton, and is survived by her parents, and a sister, Katherine Nafzger, of Plainview.

## COFFEE RATIONING

Coffee rationing, under which every person in the country over 15 years of age will be entitled to 1 pound of coffee from the grocer every five weeks, will start at midnight, November 28.

All sales of coffee at retail will be frozen at midnight, November 21, for the week before rationing starts, in order to permit retailers to stock their shelves for the beginning of rationed sales.

### BUT WE CAN GET MORE OUT OF A POUND

In discussing the rationing, which will set the amount of the beverage available to the coffee drinker at home and in restaurants at about 38 percent less than his average of the last five years, Paul M. O'Leary, OPA deputy administrator in charge of rationing, pointed out that the cut need not be so sharp, because proper conservation measures in the home will make coffee go considerably further than in the days of unrestricted use.

OPA was directed to undertake coffee rationing by WPB after it becomes apparent that coffee in retail stores was insufficient to meet demands. This, the WPB said, was largely due to excessive buying by consumers.

### LACK OF SHIPPING IS THE TROUBLE

Lack of shipping cut off a large part of our imports of coffee from Central and South America this year, and great quantities had to go to the armed forces, leaving less available for consumption by our civilian population. When the coffee shortage became apparent to the public, many persons began hoarding it, which meant that many others had difficulty in buying any coffee at all.

The amount of coffee consumed in this country has been steadily increasing during the 5 years before we got into the war. Our consumption went from about 1 billion, 400 million pounds in 1937, to 1 billion 700 million pounds in 1941. Some of the increase was due, of course, to increase in population, some to our increased use of the commodity. Coffee drinkers in the 5-year period used an average of 21 pounds each per year.

### HOW RATIONING WORKS

The individual ration beginning November 28 is 1 pound for 5 weeks, which is at the rate of 10.4 pounds per year. Adding the amount of coffee consumed by the public through res-

taurants and other institutions the average American coffee drinker, under rationing, will use it at the rate of about 13 pounds per year. The ration, of course, may be changed from time to time to meet varying conditions of supply.

Restaurants and other institutions consume about one-fifth of all the coffee sold in the country, and OPA plans to apply about the same reduction to them as to the individual under rationing.

Consumers will get their first coffee ration by surrendering the last stamp of their War Rationing Book No. 1—the book now used for sugar rations. Subsequent rations of coffee will be on coupons taken in sequence so on toward the center of the book. Specifically the stamp numbers are 28 down to 19. No book on which the age of the holder is stated at 14 years or younger will be valid for the coffee ration. Use of the book for sugar will continue as in the past.

### CONSUMERS TOLD HOW TO SAVE COFFEE

Although the amount of coffee available for the consumer has been cut 38 percent, extreme care in the use of this ration of coffee can lighten the restriction considerably, OPA said. Most people use more coffee than is necessary to obtain the amount they actually drink, OPA studies show.

Here are some of the things that can be done in the home to make coffee go further, and still have coffee of good quality:

1. Use fresh coffee. Buy less each time, and more frequently.
2. Keep your coffee in a tightly covered container.
3. Keep it in the refrigerator or some other cool place. It deteriorates less rapidly when cool.
4. Keep your coffee pot immaculately clean.
5. Keep your coffee ground as fine as possible for the pot you intend to use. Finely ground coffee goes further than coarsely ground coffee.
6. Use accurate measurements instead of "heaping tablespoons."
7. Don't boil coffee. It drives off the very elements you want.
8. Serve the coffee.
9. MAKE ONLY THE EXACT AMOUNT YOU WANT TO USE. Left-over coffee is wasted coffee, though it can be stored in the refrigerator for use as flavoring — or for a cup of warmed-over coffee, if you like it that way.

## Sweet Potato Recipes

With the approach of winter and with the season for sweet potatoes at hand and since the Texas Food Standard recommends a serving of sweet or Irish potatoes each day, Beatrice McCurdy, County Home Demonstration Agent, A. and M. College, Extension Service offers these recipes.

### YAM PUFFS

4 large boiled yams.  
3 eggs.  
1 t. salt.  
1-4 c. pineapple or other fruit juice.  
(This serves 6).  
Mash yams, add beaten egg yolks, salt and fruit juice. Beat until fluffy. Fold in well-beaten egg whites. Pile into mounds on a baking sheet and brown in the oven or under broiler. Mounds may be placed on pineapple slices or fried sausage cakes.

### YAM VICTORY PIE

1 1-2 c. mashed yams (boiled or baked).  
1 t. ginger.  
1 1-2 c. sweet milk.  
1-3 c. sorghum molasses.  
1 t. nutmeg.  
Combine in the order listed. Heat to slight simmering point. Add 2 t. butter, 1-4 t. salt and 2 whole eggs beaten. Bake in whole wheat pie crust (unbaked) at 450 degrees F. for 10 minutes, then reduce heat to 350 degrees F. and bake until firm.

### GRATED YAM PUDDING

1 lb. yams grated raw.  
1-2 cup syrup or honey.  
2 eggs beaten.  
2 t. butter.  
2 t. sugar.  
1 t. cinnamon.  
1-2 t. salt.  
1-2 t. nutmeg.  
1-2 t. ginger.  
2 c. sweet milk.  
Mix all the above ingredients and turn into a buttered baking dish. Bake in a slow oven one and one half hours, stirring occasionally.

**Age Draft Law Into Effect**

Following are answers, based on official statements and estimates, to questions on the teen-age draft bill:

How many 18 and 19-year-olds will be eligible for military service?

Approximately 2,400,000 registered last June 30 and another 800,000 who have reached 18 then or will do so during the next year will probably be eligible for military service.

Will they all be drafted?

No. Many of the registrants

have already reached 20 and been inducted, many more have volunteered for the Army, Navy, Marines or Coast Guard or enrolled in reserve units, many are physically unfit, and some will be deferred on occupational or dependency grounds.

Q. How many actually will enter the fighting forces?

A. About 800,000 to 900,000 physically fit men who have not volunteered are left over from June 30 registrations, and about 1,175,000 other physically fit teen-agers should register during 1943. Most of them are expected to enlist or be drafted.

Q. How far will they go toward satisfying the foreseeable requirements of the military services?

A. They should furnish more than 2,000,000 of the 4,500,000 men needed by the end of next year to give the United States an Army of 7,500,000, a Navy of 1,500,000 and a Marine and Coast Guard strength of 700,000, making our total fighting forces 9,700,000.

Q. When will they start drafting 18 and 19-year-olds who already are registered?

A. That depends upon what advance preparations local draft boards have made to meet calls with older men and how quickly the boards classing teen-agers as ready for services. Selective Service Director Lewis B. Hershey estimated inductions could begin generally in 30 to 40 days after the president

signed the bill.

Q. What about the 18-year-olds who haven't been registered and those who become 18 later?

A. Regulations for their registration will be issued by the president, who may set specific registration dates or provide that each youth shall register within a designated time after he reaches 18. After that, they will be subject to induction at the call of their draft boards.

Q. Will youths be taken out of school for the armed services?

A. Those in high school who are called during the last half of the school year may be deferred until next July 1 if they ask it to finish out the year. Collegians in reserve units will not be drafted, but will remain subject to call to active duty at any time. Other collegians who are physically fit will be subject to induction.

Q. What will be the effect upon the colleges?

A. This hasn't received official clarification yet. Rep. Sparkman (D-Ala) said the Army would put selected men through college courses of nine to 27 months at government expense, making the selections after these men have been inducted. The Navy has not revealed its plans. Nearly 50 small colleges closed before the teen-age bill passed.

Q. What effect will the teen-age draft have on married men?

A. It will lessen the number of them drafted to the extent to which teen-ages are taken to meet army calls. This could mean interruption or postponement of the calling of married men for two months or more, or greatly ease calls upon them for that period and lighten such calls indefinitely. Generally speaking, it will practically assure married men with children that they will not be called before Oct. 1, 1943, at the earliest.

**To Announce Food For Freedom Goals**

Sign-up of Texas farmers in their second year of wartime production will get underway the latter part of December.

State production goals, which will be announced at Memphis, Tenn., December 7-9, will be allocated to counties and individual farms immediately. B. F. Vance, chairman, Texas USDA War Board, said this week. Critical bottlenecks, such as labor, equipment and transportation were cited by the chairman as reasons why goals would be more difficult to reach in 1943 than in 1942 when agricultural problems hit an all-time high.

"At the same time we're running into these shortages, demand for food has increased, not only for our boys in the armed forces, but for Lend-Lease requirements as well," he said.

To date, only two production

goals, winter vegetables and hogs, have been announced under the 1943 program.

**Isoversion Changes Products Into Those Needed For War**

More 100 Octane aviation gasoline for the allied air forces and more vital synthetic rubber for war needs can be made as the result of a revolutionary new catalytic process, Isoversion, recently discovered in Phillips Petroleum Company's research laboratories. Isoversion, according to a statement released today by Frank Phillips, changes petroleum products formerly of almost no value in the war program, into products which are vitally needed in large quantities to make 100 octane gasoline, synthetic rubber, and other critical war materials. Secrecy, said Mr. Phillips, prevents the release of any definite data concerning the process or the extent to which it will increase the supply of this valuable and essential war material. He was able to say, however, that Isoversion will substantially increase the total potential supply of this product and thus will be

extremely important in alleviating from the increasing tempo of aerial any shortage which might result warfare.

## Deputy Grand Matron Guest Local Chapter At Dinner And Program

Mrs. Naomi Wood of Plainview, Deputy Grand Matron, was honor guest of the local Chapter of the Order of Eastern Star Friday evening when she made her official visit.

With Mrs. J. D. Dodgen, Worthy Matron, presiding, dinner was served at 6:30 p. m. at the Batton Hotel. A bowl of beautiful red chrysanthemums formed the centerpiece for the dining table, and hand painted Eastern Star place cards were used.

Besides the honor guest, Mrs. Wood, guests present from Plainview were: Mrs. Elizabeth Treavor, Mrs. Minnie Woodall and Mrs. Frances Anders.

Local Stars attending, besides Mrs. Dodgen, were: Mr. and Mrs. G. M. Shaw, Miss Lula Hubbard, Mrs. Pryor Hammons, and Mrs. Pat Boone.

A program was enjoyed at the Masonic Hall, opening at 8 o'clock, as follows:

Drill; Opening of the Chapter; Presentation of the Flag; Presenta-

tion of Grand Officers, and song, "Star of the East," by Mrs. G. M. Shaw.

Mrs. Boone delivered a lovely Thanksgiving address, which was followed by an address by Mrs. Wood, giving her instructions to the Chapter.

At the close of the program, Mrs. Pryor Hammons, on behalf of the local Chapter, made the presentation of a gift to Mrs. Wood, with a very appropriate talk expressing the appreciation of the group to the Deputy Grand Matron for her visit to the Littlefield Chapter.

## What becomes of the miles you don't drive?

**Today undriven miles are war weapons.**

The rubber you don't use is airplane tires, antitank-gun treads, machine-gun mounts, life rafts, tank-interior pads, pontoons, and hot water bottles for field hospitals.

The gasoline you don't use is fuel for fighter and bomber planes, for jeeps and tanks, for motor torpedo boats and armored cars. And more, the magic of the new petroleum chemistry takes the material, which formerly became gasoline, and Aladdin-lamps it into precious synthetic rubber and devastating high explosive.

### U. S. Army Booklet Outlines Protection For Dependents

The War Department has announced publication of a booklet entitled "Personal Affairs of Military Personnel and Their Dependents." The purpose of the booklet is to acquaint every member of the Army with the provisions made under law, army regulations and instructions for the welfare, protection and security of their dependents.

Every member of the Army will have access to the 46 page booklet. The booklet was printed by the United States Government Printing Office. Dependents and others desiring copies of the booklet may secure them by writing to the Superintendent of Documents, Washington, D. C. and enclosing ten cents (10c) to cover the cost of printing.

Among subjects covered in the booklet are transportation of dependents of military personnel and shipment of household goods; allot-

ments of pay and deductions; pay, allowances, and allotments of personnel reported missing, missing in action, or captured by the enemy; joint bank accounts; power of attorney; wills; automobiles; estates; safety deposit boxes; medical attendance and hospital facilities for dependents of Army personnel; chaplain services to military personnel and their dependents; burial if death occurs in the service; six month's pay gratuity, and arrears of pay—collection of accrued military pay, if death occurs in service. In addition, the booklet deals with many other phases of benefits, acts, relief, etc.

To assist military personnel in arranging their personal affairs, the booklet contains suggestions for necessary preparations. If the advice of legal counsel may be necessary, the booklet lists persons from whom such advice may be properly sought.

The booklet also lists the problems that may arise and tells what should be done to meet these problems.

### Meat Important Item Of Food

Meat is an important food in the diets of most of us. Principally because it is good to eat, and also because of its nutritive value. Meat makes five outstanding contributions to the diet. This information comes from Beatrice McCurdy, C. H. D. A., A. and M. College, Extension Service. Even though the government is asking all of us to limit our weekly intake of meat to two-and-one-half pounds per week, our diets shouldn't

suffer as few of us eat more than that. The thing is that we should choose our food wisely.

Take protein for example. Meat is an outstanding source of protein, but it's relatively easy to replace or supplement. Eggs, milk, and cheese also contain proteins of high quality. So do soybeans and peanuts.

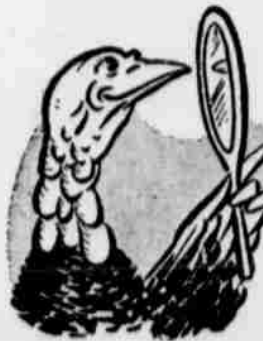

Next comes iron. Perhaps one of the easiest ways of supplementing the iron from meat is by use of whole grain products; potatoes, wark green vegetables, dried beans and peas, dried fruit, molasses, and nuts. Now for Vitamin B one (thiam-

ine). The sources are those to those for iron — potatoes — then dried peas, beans and nuts. You will find it too in grain wheat and cereals and ed flour.

The fourth contribution is niacin, principally found in whole grain products. You can be sure you are getting what you need if you eat whole grain products.

Finally comes Vitamin B6 (flavin). The best sources are other good sources are eggs, poultry and legumes.

### Registration For Youths Set For 3 Weeks In December

President Roosevelt Wednesday ordered registration for selective service of all youths who have turned 18 since July 1, 1942. The registration will be spread over the last three weeks of December.

This will make perhaps 500,000 more 18-year-olds eligible for service under the new draft law.

Mr. Roosevelt issued his order shortly after national selective service director Lewis B. Hershey had set in motion machinery which will bring some 'teen-age youths into the armed services, probably within 40 to 60 days, and defer essential farm workers. Hershey acted under the recently-passed 'teen-age draft law.

Mr. Roosevelt's order provided for the continuing registration of those who attain their 18th year after Jan. 1. They will register on their birthdays.

For those who become 18 after July 1, the following schedule was set:

Youths born between July 1, 1924, and Aug. 31, 1924, will register during the week beginning Dec. 11. Those born between Sept. 1, 1924, and Oct. 31, 1924, will register between Dec. 18 and Dec. 24. Those born between Nov. 1, 1924, and Dec. 31, 1924, will register between Dec. 26 and Dec. 31.

This is the sixth registration ordered by the president. The last was on June 30, when 18-and-19-year-olds were first registered. At that time, however, the 18-19 year class was not subject to call for military duty. Mr. Roosevelt signed legislation permitting their drafting for military service.

Hershey issued directions to state selective service headquarters to guide local draft boards in carrying out provisions of the new law. He ordered:

Deferment of all men who registered before the age of 45 who have since passed their 45th birthday. Exceptions may be made when men in this age group consent to induction.

Deferment of farm workers of all ages subject to the draft who are necessary to and regularly engaged in work in war - essential agriculture.

Deferment of high school students in the 18 - 19 year class, if the student requests it and they are in the last half of the autumn-to-spring school year.

Hershey set up two new draft classes — 2-C and 3-C — for deferred farm workers. Those without dependent wives, children or other grounds for dependency deferment will go in 2-C, those with dependency into 3-C.

President Roosevelt meanwhile sent a memorandum to heads of all government departments and agencies directing them to request cancellation of any draft deferments given their employes because of their government jobs — He also specified that no request for deferments by reason of employment should be made either by the agency or the employe.

Selective service also disclosed that local boards had been instructed to reclassify all registrants heretofore deferred because of conviction of crimes. No more defer-

ments are to be made on this ground unless the registrants "are completely disqualified morally and are not eligible for waiver under the new Army standards," the boards were told.

Waivers have been authorized by the Army in meritorious cases for men who have criminal records, even including treason, murder, rape, kidnapping and other "heinous crimes," if their conduct has been fitting for at least six months after their release from confinement. The boards were told to ask waivers for these men and others with less serious records, if they are otherwise available for military service.

Hershey's directives made it plain that draft boards would retain the last word on whether a farm worker is to be inducted or not. Local boards may seek the advice of the agriculture department and county agricultural war boards, as to what farms are essential to the war and what jobs on them are classed as "necessary." But, it was emphasized, actual deferment of any men will be up to the draft board.

Students eligible to request postponement of induction are those attending "any institution giving the usual courses of study in the 9th, 10th, 11th and 12th grades of education and applies only to those grades in such schools," Hershey said. It does not embrace the 9th and 10th grade in junior high schools and includes junior colleges and colleges only with regard to the 11th or 12th grades.

### Bird Apartment Cage Interesting Equipment At T. J. Watson Home

Something of interest viewed by a Leader reporter Saturday last was a bird apartment cage, now being used by Mrs. T. J. Watson in the housing of her canaries. Raising of birds and the growing of flowers constitute a hobby of Mrs. Watson. Sometime ago Mr. Watson had found a discarded gin distributor and brought it home. It was made of circular wire, with metal at both

ends. Mrs. Watson at once promoted her husband into making her a bird apartment cage out of it.

Standing it on end, a wooden ceiling and floor replaced the metal; three other partitions were installed in the cage, making in all four apartments. Doors and feeders were installed for each apartment, and legs built, as well as rollers installed, so that it can be moved

around. The structure was then painted white.

According to Mrs. Watson, about 100 birds could be housed in the one apartment cage, which is truly a work of art, and a wonderful invention and convenience to one so interested in birds as Mrs. Watson.

Mrs. Watson said Saturday that her husband's hobby was woodworking and raising rabbits, while her's consisted of raising flowers and birds.

### Several Property Transfers Made

Several property transfers have been made the past week.

P. W. Walker purchased the George White residence in the Dugan Addition, and the Walker family moved to the newly acquired property Saturday. Jerry Thompson acted as real estate agent in the deal.

T. J. Watson sold his apartment property, on West Third Street, part of which has been occupied by he and Mrs. Watson since 1935, to W. H. Walker, farmer of 2 miles south of town. Mr. and Mrs. Walker will move to this property about December 1.

Mr. Watson purchased the Sam Hutson residence on East Sixth Street, and plans to occupy same about the end of this week.

Mr. Watson first built a cottage on West Third Street, and moved to this property, adding apartments to the project each year, until the structure includes a number of apartments. Since buying the Hutson property he has torn down an old garage building, and is using the material to build a woodworking shop, with the assistance of A. H. Lollis, which he will operate.

Sheriff and Mrs. Hutson have purchased the P. W. Walker residence on Westside Avenue, and moved there Tuesday.

George White, who has been a reserve officer in the Cavalry unit of the U. S. Army, has applied for a commission in the Marines, and is awaiting his call to service.

### PROGRESS SCHOOL RE-OPENS AFTER 3 WEEKS' VACATION

Progress school re-opened Monday last after a three weeks' vacation for cotton picking.

Mrs. H. W. Wiseman and Mrs. Jack Johnson, both of Littlefield, and members of the Progress School Faculty, returned to their duties at Progress Monday.

### TRUCKERS ASKED TO SIGN UP TO INVEST 10 PER CENT OF INCOME

The trucking industry of Texas will be asked to sign up all employees from executives on down in an agreement to put at least 10 per cent of earnings into the purchase of war bonds.

This announcement was made by

Ed Sproles, president of the Texas Motor Transportation Association. This Association will throw its full weight into a one-week National drive beginning November 30 and extending through December 6.

### MELVIN DUNNAGIN HAS FRACTURED RIGHT ANKLE

Melvin Dunagin, 15 year old son of Mr. and Mrs. A. M. Dunagin, was unfortunate enough as to suffer a fracture of his right ankle

Friday morning, when he was helping move a box car at the Lowell Watson farm near Spring Lake, and a truck ran over his foot. He was brought to the Littlefield Hospital where Dr. J. R. Coen put his foot in a cast, in which he will have to keep it about two or three weeks.

### ANTON SCHOOLS RE-OPEN

The Anton schools re-opened Monday at 10 a. m., with a new superintendent in charge, Oliver A. Burk, who has been with the Anton school for six years. Paul H. Nixon, for-

mer superintendent, tendered his resignation at a recent meeting of the Board of Trustees. The date of opening of school was changed to 10 o'clock Monday.

### Thanksgiving . . . 1942

Finds Us A Nation Bound Together Closer Than Ever Before by The Ties Of Patriotism And Love Of Country.

And we are proud of the honor and privilege of offering a tribute to our Lamb County and South Plains men in the armed forces of our country. These men are our hope . . . our guarantee . . . of continued liberty . . . our assurance of countless Thanksgivings down through the ages. Words are inadequate to express the greatness of their valiant service in behalf of humanity . . . freedom . . . and our own people and country.

### A Thanksgiving Message To The People of Littlefield And Territory

Thanksgiving is of special significance to us . . . the date is so close to the anniversary of the formal opening of our new Hospital and Clinic . . . December 4, 1938.

In the time which has elapsed since the establishing of our institution, it has been our privilege and honor to administer to many of the sick of Littlefield and territory, and to provide them with those adequate services and facilities so necessary for their best interests.

We are thankful for the trust which has been placed in us . . . and we will never knowingly violate it. We wish for you and yours a Happy, Joyous Thanksgiving.

### - 1621 - THANKSGIVING - 1942 -

When the Pilgrim Fathers came to America . . . they brought with them the idea "To Live and Let Live" . . . That phrase was woven into our Constitution by our first great leaders . . . It is the foundation for all of our Democratic Principles.

For this we Give Thanks . . . on this Great Day of Thanksgiving . . . We're thankful we live in America . . . to enjoy the many privileges that are ours.

On this Day . . . we salute the men who are serving in the armed forces . . . those men who are on the front lines, fighting for our American Way of Life.

And—we wish to express our thanks to our many friends and customers for the loyal friendships . . . and the splendid volume of business we have had the past year. May we continue to serve you through the years to come.
