LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, JANUARY 7, 1965

NUMBER 35

8020 ESTIMATED

## City's Growth Rate Continues

Littlefield's population continued to creep up in 1964, as the year ended with an estimated head count of 8,020.

The population estimate was gotten by using the number of water, gas, and electrical meters in the city, adding the three, then dividing by three and multiplying by 3.5, which the United States Chamber of Commerce estimates to be the size of the average American household.

The next official census will not be taken until 1970, with the figures being released in December of that year.

While the 8,020 figure is purely an estimate, most utility and city officials feel it is close to being the actual count, and coincides with the pattern of growth established in Littlefield. Since the official census in 1960, all utilities have shown a yearly increase.

While some of the growth has come from annexed areas, the bulk has been due to people leaving the farm, and moving into the city limits to build new homes.

This migration from the farm is following the national trend and the rural population of the country is becoming smaller each year. Without the aid of an official census it would be very difficult to estimate the population of Lamb County, which in 1960 was fixed at 21,896.

Broken down yearly, Littlefield has shown constant population gains since '60. In 1961 the city estimated its population at 7,527, in 1962 at 7,662, 7,757 in 1963, and 8,020 in 1964. The biggest jump in the city's population was recorded in the year just closed out, when an estimated 263 additional persons moved into the city.

The constant city growth is reflected in the record building permits, as well as the increased utilities and services.

Littlefield's building permits last year exceeded \$2 million dollars for the second consecutive year. In addition to the gross figure, the largest percentage of the total permits was issued for the construction of homes, with 86 new units, costing approximately \$1,347,057 being started. Other optimistic signs appeared in the year with the beginning of the new Security State Bank building, plus the construction and remodeling of numerous other commercial locations.

Projecting into the future, if the current growth continues for the next five years, the city could record a 1970 population of close to 10,000.

Most merchants, city leaders, and civic workers feel Littlefield could very well hit the 10,000 figure, as the working of the Industrial Committee of the Chamber of Commerce, the Downtown Park-and-Shop Committee continue to bear fruits.

In recent years the trend has been away from the highly congested city areas, and with the completion of the Highway 84 bypass, Littlefield would be in a fine position to pick up the overflow from the nearby city.

### Insurance Review Tops Council Agenda

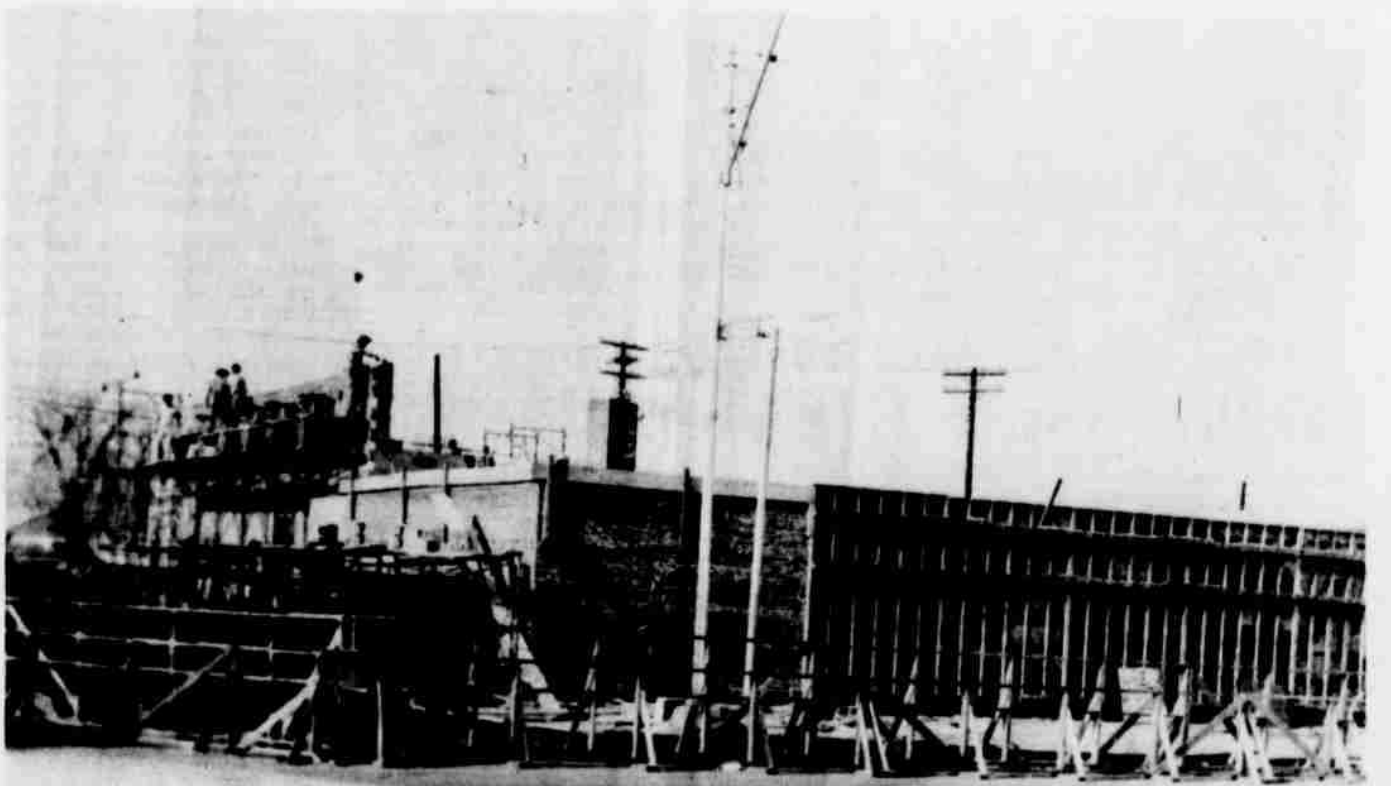

From all indications, the first city council meeting of 1965 will be light, late Wednesday afternoon. City manager J.W. Harrison had only two items listed on the agenda.

The top item for discussion is the review of the city's insurance program.

Several weeks ago Mayor Bill Armistead appointed a committee of insurance men to look into the city's insurance coverage, and make a full report, with recommendations to the council. After compiling data the committee recommended the city investigate a common expiration date for the insurance now in force, and that the city extend its coverage for workers in several departments. The council will take action on the committee's report at Thursday's meeting.

The city will also open and let bids for the purchase of new water meters, authorization for their purchase was given in December. Harrison said there are only two items listed on this time, but felt like several more could be added prior to the meeting tonight.

Mr. Talburt is in Dallas with her husband, and also his sister, Mrs. Forrest Lattimer of Olton.

WORK PROGRESSES—Work on the new home of the Security State Bank picked up in tempo this week, as workers put to good use the fine outdoor working conditions. Brick was

being laid this week, and the finishing touches to the vault were being completed, if the weather holds, it shouldn't be long before the top will be going on. — Leader Staff Photo

## County Taxes Hit \$350,476.14

Lamb County tax collections this week hit \$35,476.14, as the county went into its final days of payment, before a penalty is assessed.

County tax assessor/collector, Herbert Dunn reported the collection is running about even with other years, as 79,075 percent of the tax rolls have been collected.

The county is the only political sub-division in the area that gives a discount on taxes if they are paid before the end of January. The county offers a 3 percent discount for taxes paid in October, 2 percent for payments made in November and 1 percent for December payments. All taxes paid in January are at the gross figure, and if payment is not made by January 31, a penalty will be assessed.

The biggest single day of tax collections came on October 28 when the tax office received a check for \$92,877.91 from the Southwestern Public Service Company, as payment for Plant X. The tax rate is 95-cents per \$100 valuation, and is based on an estimated assessed valuation of \$27,521,601, which is approximately 25 percent of the true market value of Lamb County property.

The county's budget this year (1964-65), calls for an estimated expenditure of \$78,972.40, a boost of \$2,600 over the 1963 budget.

The estimated bond indebtedness of the county on January 1, 1965 was \$617,000. During the year the county will make payments totaling \$46,212.50 in principal and interest payments to help retire the indebtedness.

As has been the case in the past several years, it is expected the county will end the year with a healthy surplus.

### Services Held For Hospital Administrator

AMHERST — Services for Norman Snyder, 63, administrator of South Plains Hospital-Clinic in Amherst, were held at 4 p.m. Wednesday in Longview. Burial was in the Longview Cemetery.

Mr. Snyder died in the Methodist Hospital in Lubbock early Monday morning. He was stricken while attending the Cotton Bowl game in Dallas Friday and spent the night in a Dallas hospital. He returned home Sunday evening and was admitted to Methodist Hospital Sunday night.

He moved to Amherst about eight years ago from Longview. He was a Mason.

Survivors include the wife and a son, Norman Snyder, Jr., both of Amherst.

Amherst residents attending the funeral were Dr. and Mrs. J.W. Charwell, Mrs. Elizabeth Rey, Mr. and Mrs. Eugene Priddy, Mr. and Mrs. Lloyd Pryor, Mr. and Mrs. Allan White, Mr. and Mrs. George Harmon.

## Lamb Records First 1965 Traffic Death

Lamb County, which last year had 10 traffic deaths, recorded its first traffic fatality of 1965, Saturday night, with the year not 48 hours old.

Killed in the two vehicle smashup was Mrs. Virginia Munos, 20-year-old expectant mother from Olton.

Highway patrolmen Weldon Parsons and Bill Angel reported Mrs. Munos was riding in the front seat of the 1964 Volkswagen on FM 168, about 7:45 Saturday night, when the small foreign car attempted to pass a 1961 Chevrolet truck, driven by Carl Mills of Olton.

Parsons said the Munos vehicle's right front fender struck the left front fender of the truck, throwing the small car into a spin, and throwing Mrs. Munos out of the car and onto the pavement. Mrs. Munos husband,

David driver of the car, and the driver of the truck, were uninjured.

Investigators said a doctor at the Olton Community Hospital reported the car had apparently overturned on Mrs. Munos, crushing her chest and rupturing her body, before coming to rest 60 feet away from the impact point.

Patrolman Parsons said investigation of the accident is still in progress, and no charges have been filed.

In 1964, Lamb County did not record its first traffic death until February 24, when Mrs. Louis Hammond was killed in a two car smash-up five miles west of Olton.

### Area Farm Meeting

Billy L. Lynch, local office manager of the Texas Employment Commission, stated today: "That all farmers and growers of the area are invited to a meeting this evening at 2:00 p.m. in the auditorium of the South Plains Cooperative R.E.A., located at 110 North Amarillo Highway, Lubbock, Texas.

Henry Leblanc, Chief of Farm Placement, of the Texas Employment Commission, and a representative of the regional B.E.S. office in Dallas will preside over the meeting. The purpose of the meeting is to explain the "Crash Recruitment" program necessitated by the expiration of Public Law 78 and which is now underway throughout the United States.

Lynch also stated that an explanation of the requirements and regulations involved prior to attempting to secure foreign workers under Public Law 414 would be given.

He urged all farmers and growers interested to attend and obtain the information "first-hand" and participate in the meeting.

### County Auto Registrations Drop

County Tax Assessor/Collector, Herbert Dunn, this week reported the auto registrations for 1964 fell off by 626, falling from 5,721 in 1963 to 5,095 in 1964.

One of the big reasons for the drop, Dunn feels, was the General Motors strike of the early fall. Dunn said this drop in registration is experienced each time a motor company goes on strike.

During the registration which began April 1, 1964 and ended until March 31, 1965, 73,884 tags have been sold as of January 1. During the same period last year the county had recorded 24,695 tag sales. During the entire 1963 tag sales period the county sold 25,584 tags.

Of the total \$683,723.94 brought in by the sale of tags, the county received \$175,000.00. The money received from the sale of tags goes into the county's road and bridge fund.

## June in January In Lamb County

Lamb County residents woke up Sunday morning in a brand new world as spring-like weather invaded the county to bring on the most ideal conditions for working outdoors.

The balmy conditions were welcomed by the farmers of the county as they poured into the fields to break the fields and cut stalks in preparation for the planting that will take place after the expected rains.

The warm sunny days are receiving much attention among the residents, some have even reported that plants in their houses are trying to sprout and bloom four to five months early.

The shirt sleeve type weather has brought about the thoughts of outdoor clean-up and fixing up.

The long range weather forecast calls for more of the same type conditions until the week-end. The U.S. Weather office has predicted the county will receive more than the usual amount of moisture in January and the increased rain fall will carry over into February.

Meanwhile, residents continue to enjoy the balmy weather. The city is putting the favorable sunshine to good use as they give the recently leased Slurry-Seal machine a good workout on re-topping city streets.

The farmers, while taking advantage of the nice weather are still wanting moisture, saying it will be needed by planting time, if we are to have a good yield in the fall.

### Area Farmer Is Shot By Ricochet Bullet

Johnny Talburt, a farmer in the Hart Camp Community, was to undergo surgery Wednesday in Baylor Hospital, Dallas, for the removal of a 22 bullet, which lodged in a muscle of his heart in a freak accident at his home Sunday.

Mr. Talburt was watching television in the living room of his home while his son, Mike, age 12, was shooting at sparrows in the yard with a 22 rifle. A bullet, aimed at a sparrow, hit a butane tank, ricocheted, going through a wooden door and a chair, before entering Mr. Talburt's chest.

He was taken, first to Littlefield Hospital, then to Methodist Hospital in Lubbock, where he stayed until Monday morning when he was flown to Dallas.

Doctors were very optimistic about his condition, though open heart surgery might be required for the removal of the bullet.

Mr. Talburt is in Dallas with her husband, and also his sister, Mrs. Forrest Lattimer of Olton.

From Naps's Desk

Well we have once again proved to be wrong, referring to our copy of the county's cotton production in Sunday's News, we had, ASC agent Lamar Aten, estimated the crop to be 198,000 bales. Lamar quickly told us that was wrong, he said he, back in August, went out on a limb and estimated 177,000 bales, and said the only reason for the estimate at that time was, one else would make a "best estimate". So to you Lamar, I apologize, and chalk our statement up to wishful thinking.

The first of the year has come and gone, and with it the first 1965 city-wide Dollar Day. From all indications it was one of the most successful in recent months and had the look of another Christmas shopping season, with free parking and no parking places. The dollar day experience of limited parking, points up the dire need for the hastening of the all-important Park-and-Shop project. In talking with Dr. Bill Orr, we find the progress is very encouraging, and all systems are "go". Orr says the committee will have a general meeting before the end of January.

It is always with a great deal of pleasure, that we welcome new businesses into our community, and the establishment of the Securities Investments Corporation's office in the 400 block of Phelps is no exception. We are proud that our community has shown the type of progress that will draw new business into the area. The coming of this new office, in our opinion, another optimistic sign for Littlefield.

We are unable to figure out this West Texas weather, and seem to be suffering from spring fever in January, having been around the Lone Star State now for close to 30 years, nothing should surprise us, weather-wise. Carl Beckum, the smiling KZZN leg man, was telling us the other day, he stopped to help a visitor from Illinois, who had a flat tire out near the station.

**MAKE PLANS FOR NEW YEAR** — Officers of the Yellowhouse Home Demonstration Club, shown above, made plans for their year's activities during the club meeting held Tuesday afternoon in the home of Mrs. Marie Hamilton. Mrs. W. B. Jones, president, second from left, and Mrs. Fred Duffy, secretary, discuss plans while Mrs. Roy Hutsen, left, and Mrs. Sam Tindal look on. Mrs. Hutsen is the vice president and Mrs. Tindal is the council delegate. Mrs. Don Tindal, reporter, was not present.

## Mrs. Hamilton is Hostess to Yellowhouse HD Club Meeting

Plans for the year's programs and activities was the order of the day for the meeting of the Yellowhouse Home Demonstration Club Tuesday afternoon in the home of Mrs. Marie Hamilton. This was the first club meeting of the year.

### EXERCISE, POSTURE ARE IMPORTANT

Exercise keeps you alert and adds to your beauty.

Swimming is one of the best forms of exercise. It builds up your chest, trims your waistline, and slims your legs.

Run all you can. Running stretches your muscles and adds to your physical fitness, as do skating, cycling, tennis, softball, and other sports.

Your gym teacher has taught you the exercises that help build good figures. Exercise daily - even at home.

And don't forget good posture. You wear your clothes better, look better, and even feel better when you stand tall and walk tall.

Walking correctly is a necessity for the well-groomed young lady. Point your toes straight ahead, and as you take a step, put your heels down first. The weight of your body rolls forward from heel to toe as the other foot takes its step. Let your arms move naturally with the rest of your body. Don't swing your hips.

And when you sit, sit tall. Even when sitting, the poised young lady keeps her chest up, tummy in, and knees together.

All poised young ladies do these things.

## Church Youth Attend Winter Retreat At Glorieta, N.M.

"Worship Christ the King" was the theme for the fifth annual Glorieta Winter Youth Retreat held at Littlefield Lodge, Glorieta, N.M., for the young people of the First Baptist Church December 28-January 1.

A group of 50 left Monday for Glorieta by bus and cars. The ground was covered with snow when they arrived at 2 p.m. Tobogganing was the order of the day.

The program, planned and compiled by Mrs. Ralph Nelson, carried out the general theme with a special sub-theme at each service, "Christ...King of My Thoughts" was Monday's theme. Program personnel included Miss Linda Williams, who led a Call to Prayer period; Miss Nelda Walker, who brought the Call to Worship; Randy Huson, student feature; Miss Charlene Walthall, who led the devotionals; Buddy Duggan, chorister; Ann Farmer, organist; Carol Tubbs and Martha Naylor, duet; Diana Walker, Glenda Cunningham, and Cheryl Reast, who assisted with the Call to Prayer; Doug Yarbrough, scripture reader; Bill Jones was the retreat pastor.

Other themes for the week were "Christ...King of My Talents", Tuesday morning; "Christ...King of My Quiet Time", Tuesday evening; and

"Christ...King of My Desires" Wednesday evening.

Mrs. John Abbott of Espanola, N.M., was the featured speaker Tuesday morning. She challenged the young people to a dedicated life and told of her missionary work. Mrs. Abbott is a missionary to the Spanish speaking people.

The group toured Santa Fe, New Mexico's capital city, Wednesday, visiting San Miguel Mission, the oldest church in the United States; the oldest house in the nation; the Convent of the Sisters of Loretta, where they viewed the famous Miraculous Staircase; the Palace of the Governors; and the Museum of Fine Arts. That afternoon they visited the "Sanctuario" Cathedral in Santa Cruz, and the world renowned Ortega Weaving Shop, known for its beautiful Chimayo blankets. They had dinner in the home of Mrs. John Abbott and presented the afternoon services at Templo Bautista, where Mr. Abbott is pastor. Following the services they were guests in the home of Miss Precilla Herrera, a student at Wayland Baptist College.

Thursday was spent at Santa Fe Ski Basin. That evening the group had dinner at La Cocina in Santa Fe. They returned home on Friday.

Those attending the Youth

Retreat were Misses Charlene Walthall, Pat Steed, Linda Williams, Diana Walker, Paula Davis, Linda McCormick, Pearl Durham, Ann Farmer, Stella Bussey, Carol Tubbs, Martha Naylor, Glenda Cunningham, Frances Hampton, Sue Roland, Nelda Walker, Kin Harp, Brenda Cunningham, Jeannie Gibson, Sandy Penn, Cheryl Reast, Kathy Hill, Diane Starns, Martha Steed, Gail Williams, and Cathy Nelson; Buddy Duggan, Doyle Dean, Doug Yarbrough, Randy Huson, Dale Thompson, Mike Perkins, Larry Carter, Fred Koonz, Kevin Huson, Bill Bennett, Terry Ross, Bill Nelson, T.J. Herring, Billy Wright, Mike Stafford, Tommy Henson, and Lon Allen Williams; Bill Jones, Mrs. Ralph Nelson, Butch Gerber, Rev. Robert D. Longshore, and Mr. and Mrs. Aaron Williams. Attending a portion of the retreat and returning home with the group were Misses Herrera and Miss Sofia Aguillo of Ojito, New Mexico, also a student at Wayland Baptist College.

As a conclusion to the week's activities, the final climactic program was presented at the First Baptist Church during the Sunday evening worship services. The theme for the evening was "Christ...King of My Heart." Closing the service, Miss Diana Walker and Bill Nelson sang "How Great Thou Art," which is the traditional theme song for the retreats.

Idea in cakes and so delicious it doesn't need frosting! what you will say about this fabulous new cake made only 4 ingredients: a cake mix, an instant pudding, eggs, butter. It's so easy to make... and there are so many combinations — as many as there are flavors of instant cake mix flavors. Serve this version with tall glasses of coffee, the regular or instant decaffeinated. You'll find it great together.

"Tell Your Neighbor" Banana Fudge Cake  
package Swans Down fudge coconut cake mix\*  
package (3 3/4 oz.) banana cream instant pudding  
cup plus 2 tablespoons water\*  
eggs, unbeaten  
Confectioners' sugar

1 cup plus 2 tablespoons water when using fudge cocoa mix and chocolate chip cake mix. For the other cake use only 1 cup water.

Combine ingredients in large mixing bowl. Blend at low speed just to moisten. Then beat 8 minutes at medium speed in wooden spoon.

10-inch tube pan on bottom with brown paper; do not grease. Pour batter into pan. Bake at 350° for 50 to 60 minutes, or until cake tester comes out clean. Cool right side up 15 minutes; then remove from pan. Cool thoroughly on wire rack. Sprinkle with confectioners' sugar, sprinkling through a paper doily if you like a design.

The world's leading acoustical experts made the test.  
The U. S. Auto Club certified the results:  
at 20 mph... at 40 mph... at 60 mph...

## The 1965 Ford rides quieter than a Rolls-Royce!

## ...and now let's talk about some other Ford surprises...

Test-drive a Ford—and you're in for some surprises. Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines rode quieter than a Rolls-Royce. These tests were certified by the U. S. Auto Club.

When you feel a 1965 Ford in action—with the strongest Ford body ever... a revolutionary new frame that "tunes out" vibration... new ultra-soft coil spring suspension—you're bound to be impressed. But the ride is only one of Ford's surprises...

■ New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower for extra foot room. ■ Trunk has more space than ever—holds four 2-suiters standing upright. ■ Handy new "reversible" ignition key—works either side up.

■ Hot, but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models. ■ Smooth, thrifty all-new Bix Six in other models—the most powerful standard Six offered by any car in Ford's class. ■ V-8 options to 425 hp.

■ All Ford automatic transmissions have three speeds, not two as in some competing cars. Result: you pass faster, shift smoother, save on gas. ■ Fully synchronized manual transmissions—you can even shift down to first without clashing gears. ■ New Ford LTD 4-door hardtops have 10 courtesy lights, 5 ash trays. Upholstery treated to keep its beauty with Scotchgard® stain repellent. ■ Luxuries you'd expect only in the highest priced cars.

Surprised? You will be... when you visit your Ford Dealer, and test-drive the Quiet One. Do it soon!

## 4-H and HD Clubs Active in County

From the beginning of 4-H Club work some 50 years ago, members have enjoyed moral and financial support of thousands of individuals, firms and organizations. The awards available to 4-H members now cover 142 different projects and activities. But the main objective of 4-H Club work is to develop leadership talents and work toward the broad objectives of character and effective citizenship.

Home demonstration clubs offer information to help one solve family problems, to improve skills in some specific area and for social contact. The needs of homemakers are different, due to interests, desires, size of family, place of residence, emotional maturity and many other ways. But the county program building committee is being used as they work with groups, organizations and individuals to help meet the changing needs of people.

In Lamb County, approximately 400 boys and girls are enrolled in 4-H Club work trying "To make the best better," the title of their national motto.

4-H members and home demonstration club members are working on result demonstrations which is a demonstration conducted by a homemaker or 4-H member under the direct supervision of the Extension

agent to show the value of a recommended practice. Some of the demonstrations were conducted in housing and furnishings, home management, clothing, food and nutrition, family life and recreation.

As a result of the food and garden program, 163 families reported they produce 1/2 more of the vegetables they need for their family.

A series of meetings was held during the summer on the value of foods in the diet. These were presented by professional home economists and was an educational program for the public.

Through the organized home demonstration clubs, members gave information they had received to 276 non club members. They also enrolled 9 new members this year.

The Home Demonstration Agent made 131 home visits, received 546 office calls and 773 telephone calls during 1964. Twenty training meetings were conducted for adult and youth leaders.

Eight meetings were conducted on civil defense and 18 women reported they had prepared an emergency food supply.

For further information call on your County Home Demonstration Agent.

## OUR HEALTH

by J. M. Amberson, M.D.

Practical Tips  
Here are some practical tips which are valid all winter, but should be especially remembered during the holiday season.

1) Most important: Relax! Holidays are to enjoy, not a time to work like a beast of burden. Plan your activity and stick to the schedule.

2) Bundle up if you are going outdoors. It may take just a minute to string the outdoor Christmas lights, but that minute can mean a severe cold or other upper respiratory illness unless you dress warmly.

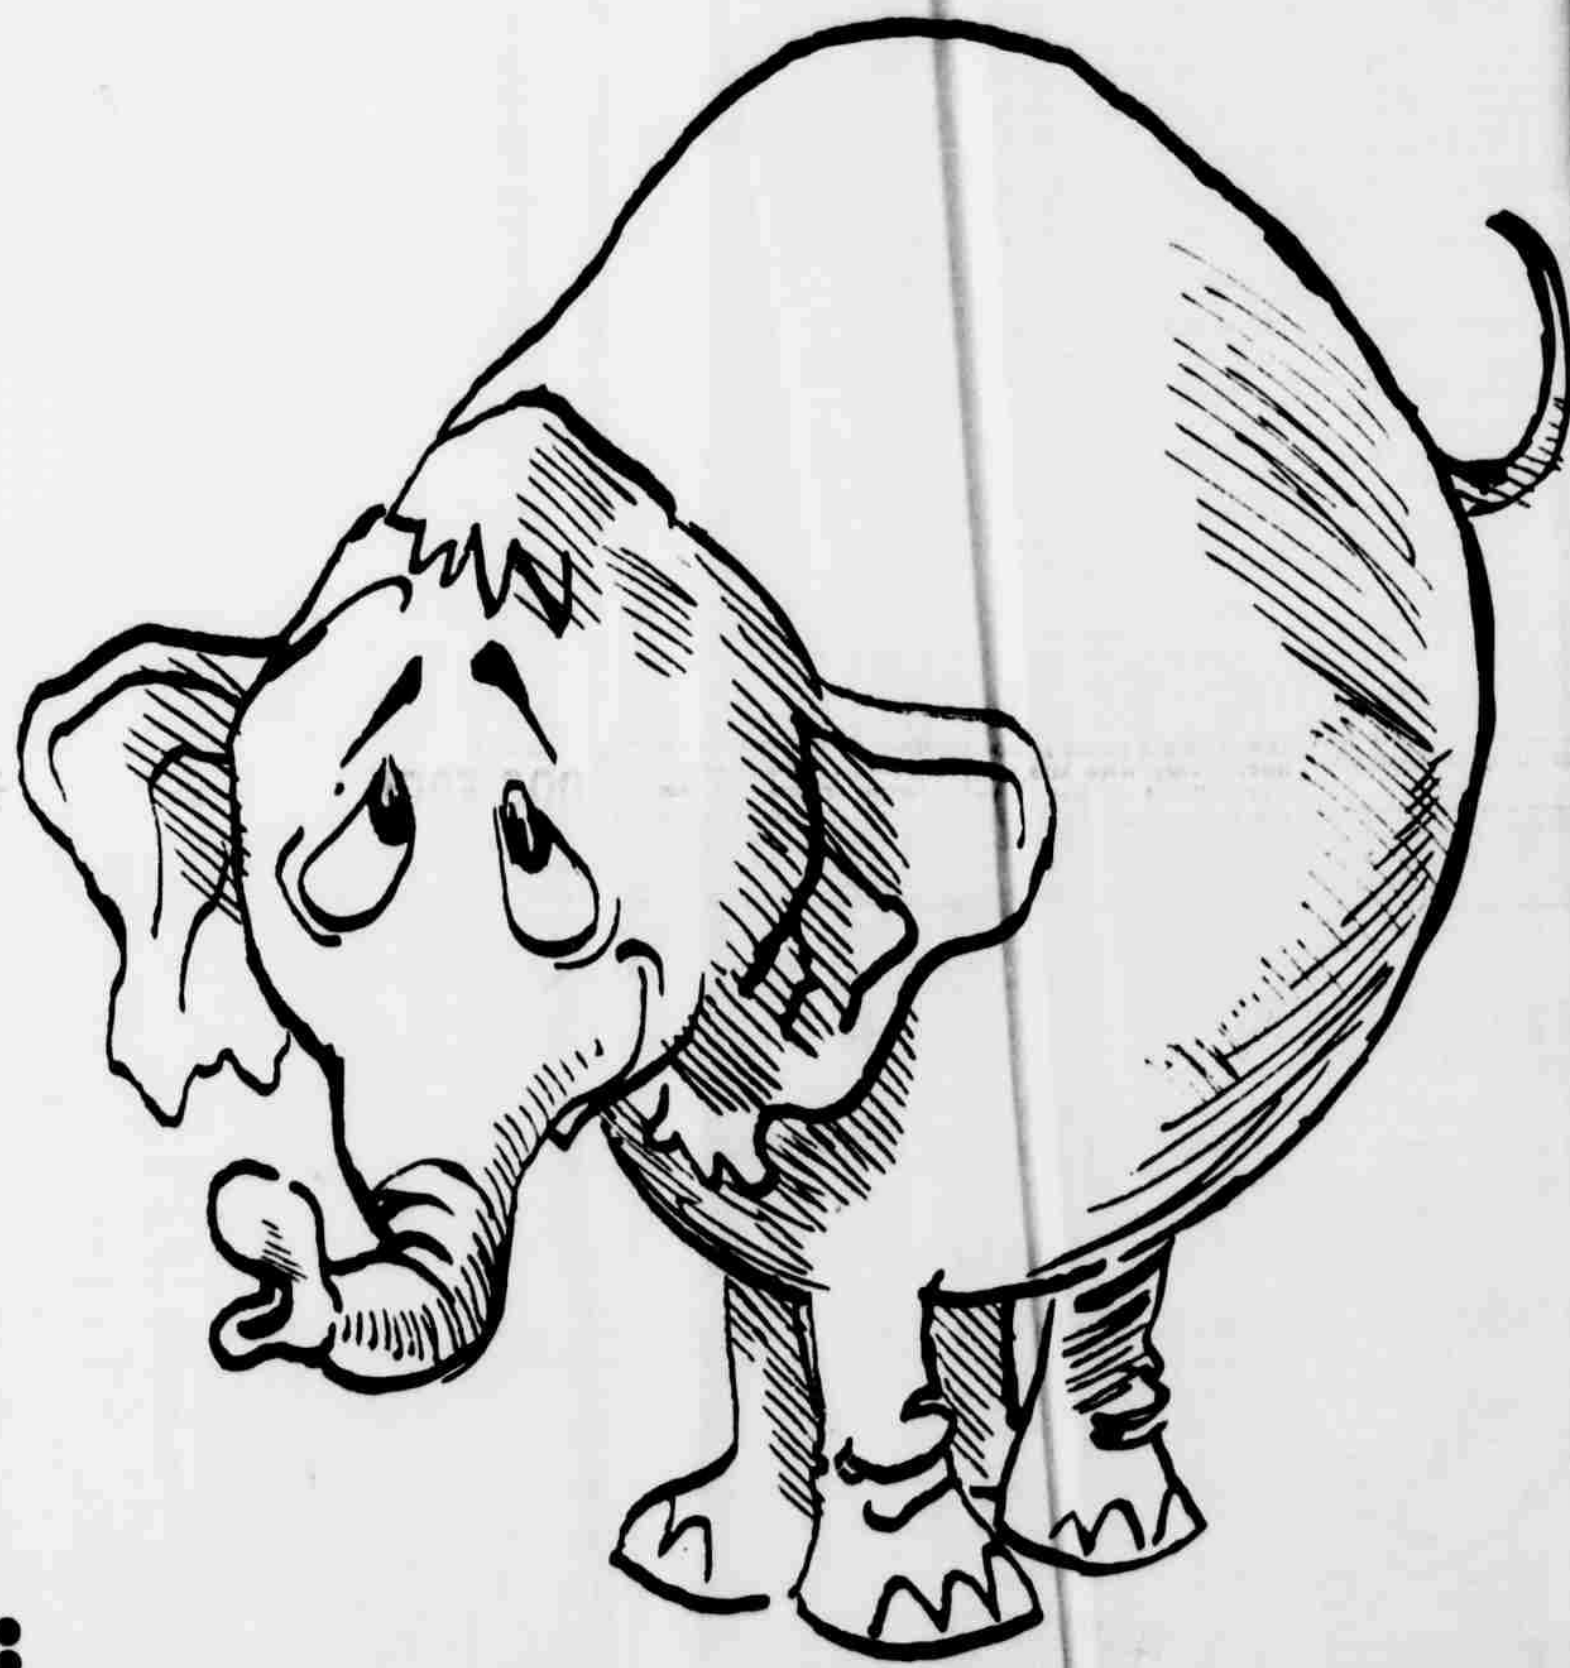

3) Don't act like Hercules. Extraordinary efforts like lifting very heavy packages or working round the clock put a potentially dangerous strain on your heart and muscles.

4) If you don't know what you are doing, don't do it! This applies to everything from assembling Junior's toys to splicing electrical wires. Some toys, unfortunately, have sharp cutting edges before they are assembled, so you should be cautious.

Sore Throats  
Many people suffer from minor sore throats at this time of year due to excessive talking and shouting, smoking, or colds. To say nothing of sardine like contact with other holiday shoppers who may have colds and sore throats. To relieve the pain and discomfort of a minor sore throat, Chloraseptic, a non-prescription oral solution may be used. Sprayed or gargled, Chloraseptic promptly relieves minor sore throat pain, usually within seconds, according to clinical studies. If you have a fever, or if the sore throat lingers on, see your physician.

Tinting Gold  
The natural yellow color of gold can be changed, for use in jewelry, by additions of other metals. Alloying with silver gives gold a greenish tone, copper gives it a reddish color, while nickel and palladium have a whitening effect.

continuous operation since that date.

J.D. Bernethy, now owner, has been associated with the company since 1948, first as an employee, then as a lease and buyer. Lamb County Abstract Co. is located at 401 Phelps Ave., Littlefield and has been since 1948. Here J.D. and Mrs. Bernethy conduct all the requirements that a first class abstract company should. Complete tract indices covering all lands located in Lamb County, Texas, are filed here. Title insurances are furnished for Dallas Title and Guaranty Company, Kansas City Title Insurance Company, and Louisville Title Insurance Company.

Free estimates are given on Abstract work and they render a complete line of photo copy work.

As many land transactions are made after the first of the year, it behooves one to know that the title is clear. To be sure, take it to the Lamb County Abstract Company for a thorough examination.

Mr. and Mrs. Bernethy reside at 102 E. 23rd, Littlefield. They are the parents of three children, Sharon, a junior at Littlefield High School, Brenda, 9th grader at Littlefield Junior High, and Gary, a freshman at Texas Tech.

Here is a composite picture of the Spudnut Shop operation that opened in November at 702 W. 10th, Littlefield.

Cecil Rundell has had the Spudnut franchise for Littlefield and Muleshoe for the past seven years. Until recently, he centered his activities in the Muleshoe operation, building up a very nice business.

November 29th, he opened the Spudnut Shop at the above address just across the highway from Perry's Laundry and Foust Food Store.

The Spudnut franchise has been sold throughout the United States. Their patented mix in making

Spudnuts and Spudies has taken hold throughout the country and "those who like donuts will love Spudnuts" are the claims made by thousands who buy Spudnuts.

Spudnuts and Spudies come in many flavors. Cecil Rundell, at present, is baking three choices, plain, cherry and chocolate. At his drive-in, he serves cold drinks and coffee and many drop in on their coffee break.

After school hours, you will note many younger merchants carrying a basket full of sacked Spudnuts, calling on residents in their allotted territory selling fresh Spudnuts. These

young merchants are selling a product that is enjoyed by everyone and the writer's commitment is "Spudnuts are really delicious."

Cecil Rundell and co-worker, Mrs. Willie Dasher, cordially invite the public to visit the Spudnut Shop and prove for themselves what an enjoyable eatable Spudnut is.

The address again is 702 W. 10th. Phone 385-5670, Littlefield.

**FABRIC CLEARANCE SALE**  
Mr. & Mrs. Jones, owners of the Fabric Sale, 420 Phelps Ave., who have only high quality fabrics are having a big sale this week. Now is the time to stock up on heavy winter and dark fabrics. Big saving for you. Big rack of mixed buttons in the offering at half price.

## Junior High 4-H Club Meets

The Junior High 4-H Club met Monday in the Junior High auditorium with 39 students present.

Shelia Phillips opened the meeting with the 4-H pledge and motto.

A program was presented by Karen Birkebach and Lady Clare Phillips on citizenship.

### Stainless Sheepskin

The venerable sheepskin, traditionally the material on which degrees and diplomas have been printed, may be replaced by nickel stainless steel. A technique for reproducing on nickel stainless steel anything which can be photographed is making such a plaque-diploma popular.

### Big And Little Coins

The world's largest pure nickel coins, each weighing nearly one ounce, are the Belgian 20-franc pieces minted in 1931. The smallest are the current 10-cent pieces of the Netherlands, each weighing one-twentieth of an ounce.

# Accent on Health

J.E. PEAVY, M.D. Commissioner of Health

There's a one to five chance your youngster needs a major teeth straightening job, since an estimated one-fifth of the nation's children suffer from "malocclusion," or improper alignment of teeth.

A generation ago, parents of young children with teeth which did not meet properly were usually advised to "let them alone and nature will correct the situation."

Today we know better. Malocclusion is a condition to be corrected by a dental specialist known as an "orthodontist." Nature by herself is a very poor straightener of crooked teeth.

Although the public is just now becoming aware of the health significance of malocclusion, experience has taught dentists that crooked teeth contribute to decay, faulty speech, and malnutrition. One of the worst results of malocclusion is the psychological stress borne by

a child singled out for ridicule by his friends because of "buck teeth."

A child with facial deformities such as those caused by misshapen teeth may develop traits of indecision and begin to doubt his ability to cope with problems in his environment, psychologists say.

What causes teeth to erupt irregularly? Dentists agree that heredity is probably one important cause. Another is persistent thumbsucking and abnormal pressures against the jaw. Living bone, contrary to popular thought, is not always hard and unyielding. The entire jaw structure can be molded by gentle, persistent pressure.

In the case of thumbsucking, dentists believe that if the habit can be broken before age 5, there is a good chance the teeth may return to normal position without harmful effects.

Another cause of maloc-

clusion is prolonged retention of baby teeth. Permanent teeth which follow are then prevented from arranging themselves properly.

ignment. Sometimes it may be necessary to extract teeth to make room.  
(A weekly feature of the Health Education Division, State Health Department.)

On the other hand, when primary teeth are lost too early, adjoining teeth may tend to tip and "migrate," crowding into spaces where permanent teeth should erupt.

There are different methods of bringing teeth into proper al-

## World Champ, Lou Thez, Wrestles Here Saturday

With World Champion Lou Thez making his first visit to Littlefield Saturday night, the Littlefield Sports Arena will launch its 1965 wrestling schedule in grand style.

The appearance of the burly Thez, heavyweight title-holder for over a decade, will mark his first time in history that a World Champion has appeared in Littlefield. Co-promotes Johnny and Eleanor Usery have gone to considerable expense to bring local wrestling fans the best in wrestling talent, and the appearance of Thez culminates years of hoping and negotiating. It will be the inaugural show for the new managers, following the sudden and unexpected death of promoter John Usery during the Christmas holidays.

Thez will be featured in a tag-team match, an event practically unknown to the champion since he emerged as King of the Grunt-and-Groaners. In fact special permission had to be secured through the State Wrestling Commission for Thez to appear in a tag-team event.

The Champion will team with always popular Spanish wrestler, Jose Lathario, muscular favorite of local fans. Lathario has made many appearances in the Littlefield ring and has always been a crowd-pleaser. The two don't exactly have an easy assignment as they have been matched against Art Nelson, 255 pound co-holder of the world tag-team title, and Duke Hoffman, a 265 pound block-buster new to the Panhandle area. Plenty of fast action is assured in the main event slated for the best 2 of 3 falls with

a 60 minute time limit. The semi-final event, scheduled for the best 2 out of 3 falls with a 60 minute time limit.

The semi-final event, scheduled with a 45 minute time limit, features the Panhandle's own Dory Funk, Jr. against the "Lawman". This match also should provide thrills aplenty.

A one fall warm-up match scheduled for 20 minutes will open the card. It pits Hoffman against Lathario.

Additional ringside seats are being installed in anticipation of a packed house. In order to be assured of a good seat, fans are urged to make reservations early by phoning 385-4112.

There will be no increase in prices according to the promoters. Ringside seats sell for \$1.50 with general admission seats \$1.00 and children 50 cents. The matches are scheduled to start at 8:30 p.m.

### Research On Nickel

The world's largest and most modern laboratory dedicated to research on nickel and its alloys was recently opened at Sterling Forest, New York, by The International Nickel Company, Inc. International Nickel also operates extensive laboratories in Canada and in the United Kingdom.

Alaska, as well as Continental United States, is divided into four standard time zones.

## Wildcats Lose Two Cage Games to Brownfield Cubs

The Littlefield Wildcats dropped their first District

WORLD'S HEAVYWEIGHT wrestling champion Lou Thez, will make his first appearance before local fans Saturday night when he teams with popular Jose Lathario to tangle with Art Nelson and Duke Hoffman.

3-AAA basketball game Tuesday night to the Brownfield Cubs, 49-43 when the teams met at Brownfield.

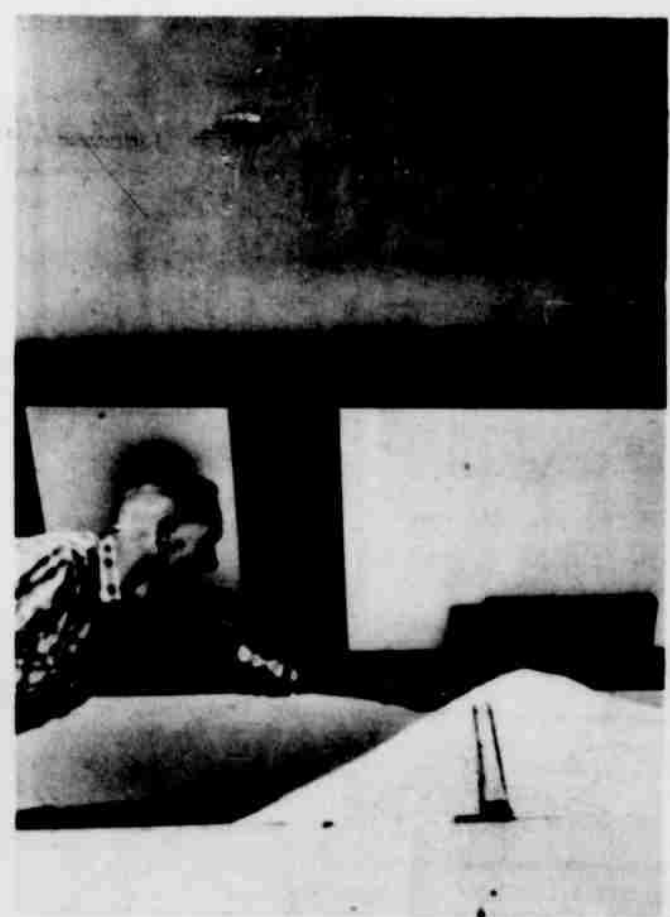

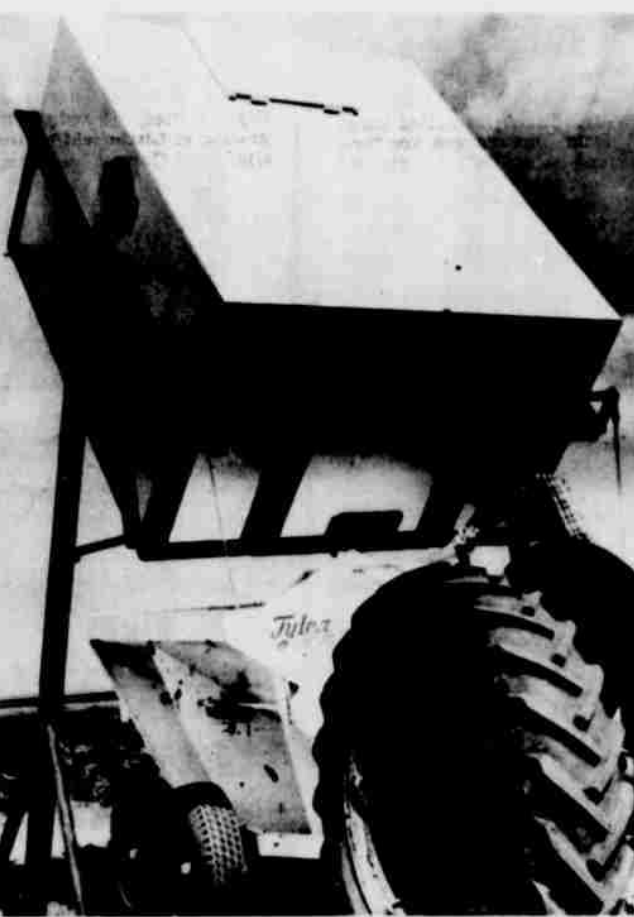

Littlefield led 13-10 in the first quarter but the scrapping Cubs rebounded to take a 22-20 half-time edge and then increased the margin to 37-32 going into the last frame.

Lamar Pollard tossed in 10 points for the Wildcats, while Roy Piers meshed 11 and Terry Hyatt 10. Byron Turnbough scored 13 points for the Cubs, with David Sherrard dropping in 10.

Brownfield won the B game, 63-43, as Jerry Timmons had 20 points and Fred Koomz was high point man for the Wildcat B team.

Burial was in Olton Cemetery under the direction of Parsons Funeral Home.

A resident of Olton and Springlake for 39 years, Mr. Simmons died Saturday morning in the Olton Community Hospital.

Survivors are the wife, Mrs. Minnie Simmons; three daughters, Mrs. A. Hollingsworth, Springlake, and Mrs. Dessa Williams and Mrs. Betty Nix, both of Lubbock; three sons, Robert, Springlake, Ollis, Phoenix, Ariz., and Walton, Baker, Calif.; four brothers, G.L. Simmons, Pampa, D.L., Pampa, H.H., Wichita Falls, and R.J., Miller Grove; a sister, Mrs. P.M. Gamble, Hobbs, N.M.; six grandchildren; and four great-grandchildren.

Palbearers were Sidney Allen, Malcolm Ogletree, Delmer Gliven, Don Spain, J.W. Dean and G.H. Bley.

**Relative of Lfd. Resident Dies Sunday**

Services for Thomas Romey Cannon, 44, longtime resident of the Cotton Center community, and brother-in-law of Mrs. Judd Walker of Littlefield, were held Tuesday at 2:30 p.m. in the First Baptist Church of Cotton Center, with the Rev. Claude Tugwell, pastor, officiating.

Burial was in Center Plains Cemetery, Cotton Center, under direction of Hale Center Funeral Home.

Cannon died at 3 p.m. Sunday at Hi Plains Hospital in Hale Center after sustaining a gunshot wound at his home about two hours earlier.

A native of Oklahoma, Cannon had lived in the Cotton Center area 36 years. He was a member of the Cotton Center First Baptist Church and a veteran of World War II.

Survivors include his wife, Ava Nell; two daughters, Judy Gale and Connie Ray Cannon, both of the home; his mother, Mrs. Myrtle Cannon, Cotton Center; five brothers, James Paul and Wallace Cannon, all of Plainview, Don Cannon of Hale Center, and Lonnie Cannon, Cotton Center; five sisters, Mrs. Ollie DeL Guidice, Elko, Nev., Mrs. Ruth Nichols, Alpine, Mrs. Ruby Campbell, Mount Pleasant, Mrs. Dorothy Belcher, Arlington, and Bonnie Cannon, Cotton Center.

HIGH - HILARIOUS fun is created by Emil, played by Bryan Russell (with arm over railing) and a band of self-appointed detectives in Walt Disney's Technicolor comedy-thriller, "Emil and the Detectives."

**'Emil and Detectives' Is Family Film Fare Filled with Funny Surprises**

Family movie buffs who like their film fare on the highly original and suspenseful side — and who don't — have something of a surprise to look forward to in the way of excitement now that Walt Disney's comedy adventure, "Emil and the Detectives" opens today at the Palace.

The picture, in color by Technicolor, stars Walter Slezak and youngsters Bryan Russell, Roger Mobley and Cindy Caswell, and is based on the famous Erich Kastner story that has fascinated readers all over the world for close to forty years. This, incidentally, is the second Kastner novel that Disney has adapted to the wide screen. Three years ago he based his smash hit, "The Parent Trap," on another of the author's works.

All the wonderful ingredients that made the earlier attraction such a hit have been incorporated into this one.

The picture was filmed in West Berlin where the story takes place, and is the first of a non-political nature to be made in that city since World War II. Its background provides the necessary atmosphere for Emil's exploits as he chases about the area, like a boyish James Bond, trying to locate the crook that lifted him of a large sum of money. In his travels he stumbles upon a more sinister plot that involves a trio of notorious and most-wanted masterminds of the Berlin underworld who are out to raid a bank.

Emil links up with a brush street urchin, Gustav, who offers the services of his band of young detectives to help him. Unable to convince the police of the planned robbery, the children set to work to trap the thieves, and in doing so get involved in a series of almost unbelievable cliff-hanger adventures.

**Nickel Cast Irons**  
Nickel is the most widely used element in the production of alloy cast irons. Addition of nickel to cast irons helps to harden and strengthen the casting and increases its density and pressure tightness.

**Coloring Crockery**  
Nickel oxide, in conjunction with iron, chromium and cobalt, is used to produce black, olive green, and brown colors in quality earthenware.

**TAKE NO CHANCES WITH YOUR EYES**

Most people do not give their eyes the best possible care. To further complicate the danger, some unscrupulous promoters offer eye products that delay proper treatment, even though causing no immediate harm. Be wary of mail-order medicine men.

Don't be misled by claims that "magic" salves or drops will dissolve cataracts. You ultimately save no money when getting improperly fitted glasses by mail. Depend on your local licensed supplier. And, if your eyes need treatment let no one but a physician tell you what to do.

**YOUR DOCTOR CAN PHONE US** when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

## Discover the difference in the '65 Chevrolets

(As different from other cars as they are from each other)

CHEVROLET - As roomy a car as Chevrolet's ever built.

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. More room for shoulders and feet. So, besides the way a '65 Chevrolet looks and rides and is powered, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

CHEVELLE - The most popular intermediate-sized car you can buy.

Of all the cars its size, Chevelle is the biggest seller. Why? Because of its Full Coil suspension ride. Because many models come with thick carpeting, vinyl interiors. Because you get so much for your money.

CORVAIR - The only rear engine American car made.

You should read what the car magazines say. They think there's nothing else this side of the Atlantic that can touch Corvair's styling and ride. They say that a Corvair with 180-hp just has to be tried.

CHEVY II - An economical a car as you can own, but...

But those rust-resisting rocker panels and self-adjusting brakes have never been in more beautiful surroundings. Come see what expensive looking styling and yards of luxurious upholstery can do.

CORVETTE - The only true sports car America makes.

Now everybody claims to have a "true" sports car. But other dealers can't say they have one available with a fuel-injected V8, as Corvette does. Or with 4-wheel disc brakes. Or with a clear conscience.

Drive something really new - discover the difference at your Chevrolet dealer's

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Just one year and four months ago, the state law establishing the office of Regulatory Loan Commissioner — called the "Loan Shark Law" — went into effect.

Opening of that state office marked the end of more than 36 years of legislative battles over regulatory control of loan companies.

Actually, that part of the law which provides for the licensing of those making loans of \$1,500 or less, once they meet rather rigid licensing standards, didn't become effective until December 23, 1963.

Since that time, some 1,800 loan offices have been licensed. Commissioner Frank Miskell says that 22 examiners have made a thorough check of the books and records of 724 offices.

Also, the agency's enforcement division has investigated 154 complaints by individuals against lenders. According to Miskell, 72 of the complaints involved alleged overcharges or refund shortages. But most of the investigations revealed that borrowers had not been overcharged. "They just woke up to the high cost of borrowing money."

Forty of the complaints involved charges of harassment or unreasonable collection efforts. Investigation of these led to the discovery that some complaints were unjustified. Also, some were beyond the jurisdiction of the Loan Commissioner. These have been referred to district courts.

Other complaints ranged from hip-pocket (unlicensed) lenders to concealment of facts that should have been revealed in license applications. At the close of the agency's first year of operation, all but four of the cases were classified as "settled."

Miskell says that the "big ones" — the complaints that will be subject to public hearings and possible revocation of license — will be coming up early in 1965.

EGG PRODUCERS GET REMINDER — Agriculture Commissioner John C. White reminds egg retailers and industry men that after January 1 all egg containers bear the license number of the grader-packer.

Number identifies eggs and fixes responsibility for grading or labeling violations. White said. Also it is aimed at preventing out-of-state firms from shipping eggs into Texas without paying required fees.

Producers who sell eggs from their own flock on an ungraded basis do not have to have a license number.

New provision of the law was passed by the Texas Egg Marketing Advisory Board last summer. License numbers were assigned on September 1 when the annual re-registration period began.

BOB HOPE TALKS TEXAS — A special premiere of a film designed to tell the "true story" of Texas will be held in Austin on January 13, when "Bob Hope Talks Texas" will be shown to Gov. John Connally, members of the Legislature and other State officials.

Film was produced through efforts of the Texas Industrial Commission. It was financed by 14 industries and chambers of commerce. Purpose is to sell persons in other states and other countries on Texas and its business, industry and tourist attractions.

E. B. Germany, chairman, said the commission hopes that the film will have some impact on plant location decisions — and that it will "hit at the image that Texas is all cowboys, Indians and sage brush."

TAX ESTIMATES DUE — R. L. Phinney, administrative officer of the Internal Revenue Service, reminds farmers and ranchers that Friday, January 15, 1965, is the final day for filing their estimated Federal income tax returns for 1964. That is unless they have arranged to file their final return on or before February 15.

Phinney said that farmers and ranchers who do file estimated returns on January 15 and pay the tax due on the estimate have until April 15 to file final returns and pay balances of taxes due.

Tax law defines a farmer or rancher as one who earns two-thirds or more of his gross income from farming or ranching.

OPTIMISTIC NOTE FOR OILMEN — Dr. Robert B. Williamson, research associate with UT's Bureau of Business Re-

search, says Texas oil producers have grounds for cautious

optimism concerning 1965. He notes that while mid-December stocks of Texas crude were at the lowest point in 16 years, prospects for greater demand were in view. State crude oil production allowable for January was raised to the highest level in two years.

Williamson reports that the U.S. Defense Department, an important oil and gas customer, plans to increase its military purchases of petroleum fuels by three per cent during the fiscal year ending in June, 1965. He points out that crude pro-

duction rose one percent the first 11 months of 1964, and oil and gas well completions also were up fractionally.

INAUGURAL INVITATIONS — Some 40,000 Texans have received invitations to the two big state political-social events of the season — the gala Democratic victory dinner on January 25 and the inauguration of Governor Connally and Lt. Gov. Preston Smith on January 26. Party leaders hope to set new attendance and financial records at the \$25 a plate dinner. Speaking will be limited to a

minimum for political functions, probably confined to Connally, Smith and House Speaker Byron Tunnell.

REINTEGRATING DELAY? — High Texas political leaders have not given up on thwarting federal court-ordered legislative redistricting on the basis of population alone.

Connally, Smith and Tunnell all have made known their support of efforts to amend the U.S. Constitution permitting state senators to be selected with

consideration given to geography, as well as head count. Tunnell was chairman of the resolutions committee, at the recent General Assembly of the States, which called on all states to petition Congress for a constitutional convention on reapportionment.

Look for two resolutions to be introduced on this subject during the 1965 session of the Texas legislature.

One will call for a constitutional convention to consider an amendment reserving to states the right to determine makeup

of their subordinate political subdivisions.

Another version may simply urge Congress to submit such an amendment for ratification by three-fourths of the states. Actions by 34 state legislatures would be necessary to require Congress to call a federal convention. Apparently, a simple vote of Congress could set the convention in motion. A two-thirds majority in Congress is necessary for outright submission of an amendment to the states.

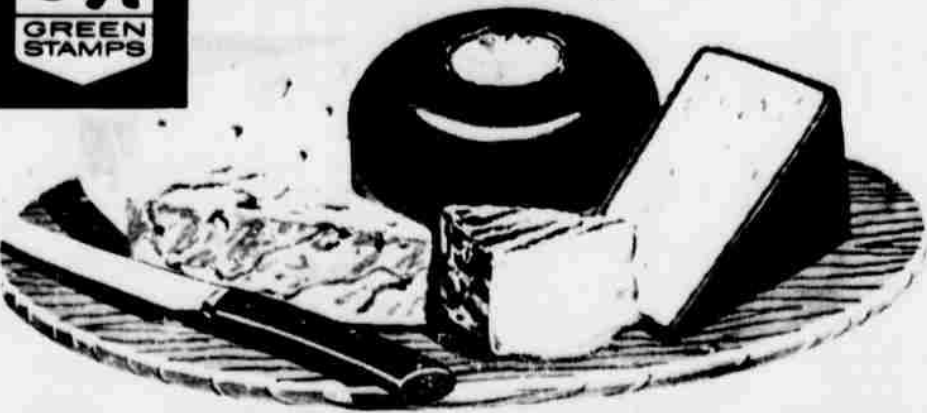

Under a federal court deci-

ion, Texas lawmakers August 2 deadline in the face of congressional redistricting. Nevertheless, some hope that they will get out through a constitutional amendment.
