

# Baccalaureate Service to Be Held May 20; Exercises Set For May 24

The Baccalaureate Service will be held Sunday evening, May 20, and Commencement on the following Friday night, May 24. Harold Collard, minister of the above named church will deliver the sermon of Baccalaureate.

**Class of 75**  
A class of approximately 75 is now scheduled to receive diplomas of graduation this year.

Programs for both events are still not completed, and lists of

Honor Students will not be completed until next week.

**Senior Trip May 26**  
The annual Senior trip, another graduation highlight, will this year follow the graduation exercises, instead of prior thereto as in the past. The graduates will take chartered buses to New Braunfels and San Antonio, leaving Saturday morning, May 26, and returning on the following Wednesday.

The week beginning May 20, has been officially school designated "Senior Week." During this week,

college representatives will interview graduates; army and navy recruiters will be here to talk with any interested graduates, and Littlefield Rotary will sponsor a Vocational career day.

The 12th grade students now scheduled to receive diplomas subject to last minute changes as listed on the program for the Junior-Senior banquet held Tuesday night are:

Misses Jean Brown, Janie Caldwell, Nancy Campbell, Betty Jo Davis, Barbara Ferguson, Jackie Farr, Patsy Gregg, Jeanne Hill,

Evelyn Jenkins, Ionia Jenkins, Loretta Owens, Lehman Pace, Anna Mae Ward, Martha Merrell, Joan Beauchamp, Mary Jane Coen, Peggy Cook, Betty Clements, Eva Jane Fields, Amelia Flores, Shirley Faver, Lyrlene Hofacket, Lucille Johnson, Wynema Johnson, Sue Minyard, Jo Pickrell, Jo Smith and Patsy Phillips.

## Legionnaires in Meeting Favor MacArthur Policy

Local Legion officials expressed regret and disappointment at the fact that only 25 persons, mostly officers and members or Legion and servicemen and a few non-members were in attendance Friday night at the highly publicized meeting, called by the Legion officials here, at the suggestion of State headquarters, to discuss and recommend on the highly controversial subject of the recall of General Douglas MacArthur as Commander in chief in the Far East.

Everyone of those who did attend however, either voluntarily

express his sentiments and opinions, or was called upon to make an expression.

On a percentage basis the 25 present expressed themselves as follows:

- 97 per cent were in favor of ending the war in Korea.
- 100 per cent favored blocking Chinese Coast for War Materials only.
- 94 per cent favored MacArthur policy (stated) over that of the administration.
- 100 per cent favor bombing Communist air bases in Manchuria.

## Contract Let By School Board for Lunch Room

Elmo Jones, local contractor, this week was awarded the contract for construction of a new school lunch room, to be constructed of tile and concrete and located in the angle "L" and immediately to the north of the new High School gymnasium building, with the cost to be somewhere between the \$12,000 and \$14,000 meeting Friday night, after discussing the matter, approved the building. The School Board in project and ordered the construction contract drawn.

The new lunch room is planned to seat about 350 students and under crowded conditions to accommodate 400. It replaces the present frame structure, generally admitted to be inadequate, and ill-planned and equipped. Average number of students eating lunch daily in the cafeteria is now about 600. School officials think the new lunch room will sharply increase this figure—may double it.

## EIGHTH GRADE GRADUATION EXERCISES MAY 24

Littlefield 8th grade graduating exercises are scheduled for Thursday night, May 24, at 8 p.m. in the High School auditorium.

120 students are scheduled to receive diplomas, conditional of course, on final grades.

The graduating program has not been worked out as yet, but will be presented by the students, D. C. Lindley, principal, said.

Formal attire will be the order of the day for the girls of the graduating class. They will wear inexpensive formal dresses, while the boys will wear, dark trousers, white shirts and ties.

The class officers are: President, Dan Howard; Vice president, Bill Burks; secretary-treasurer, Judy Christain; Bert Howard, reporter; Colors are red and white and the class flower is a rose. The song is "In the Garden of Tomorrow." Mrs. John Richey and Mrs. Lloyd Crosby are sponsors.

## Lamb County Leader's Juvenile Employee Wins In News-Globe's Spelling Contest

Bert Howard youngest son of Mr. and Mrs. C. S. Duncan, is the top Littlefield speller, is the announced result of the Amarillo-News Globe's local spelling contest conducted here last Saturday, he winning the right to enter in the District finals at Amarillo to be held soon and a chance at winning an all-expense-paid trip to Washington, D. C. to compete there in the National Spelling Bee.

The Lamb County Leader has personal reasons for being mighty proud of this young man's achievement, because he is the youngest member of the Leader's mechanical force and is a substantially contributing factor in getting your Lamb County Leader into your hands on Thursday and Saturday mornings of each week.

Maybe Bert realized early in life that one of the prerequisites for being a top-notch printer or newspaper writer, is ability to be a good speller. Be that as it may, he has proved at in the several spelling contest that he is a good speller and in the several months he has been employed at the Leader; he has also proven that he is going to make a good printer—very probably a good all-round newspaper man.

Since primary school days, Bert has doted on printing and printing plants. He formerly lived in Austin and on the occasions when he would come to Littlefield to visit his grandparents, Mr. and Mrs. R. T. Badger, beloved pioneer residents of Littlefield and who now make their home in Austin; whenever an hour or even a shorter period of time was available to him, he would make a bee-line for the printing office, which he seemingly loved; preferring it

BERT HOWARD Budding Young Journalist and Printer

even to playing any and all of the games loved by boys.

And just as soon as he was big enough, he asked for and was given a place on the Leader's printing staff—on the paper which for years and years, was a weekly visitor in the home of his grandparents, his mother and the paper which for years carried the advertising and the printing for the Yellow House Land company which his grandfather, R. T. Badger, and which now is headed by his uncle, Bob Badger of Littlefield.

Of course, Bert is still a beginner, but he never loses an opportunity to "feed" a few sheets of paper into the big press or to probably do the same thing with the folder and the covetous eye he turns toward the job presses and the Kluge, makes it certain that soon he will have a try, his first try at those presses.

We said he loves newspapers. We also might tell you that when he lived in Austin, with the help of one of his brothers, he established and each week issued a little neighborhood newspaper of his own, which he printed himself, on miniature equipment and was also its editor-in-chief and carrier boy.

We're proud of the young man—we're proud that he won in spelling and if he keeps on wanting to be a printer (and he will) we're going to keep on wanting to help him in every way we possibly can.

Oh yes, we almost forgot—Miss Dolores Wall of the 8th grade daughter of Mr. and Mrs. R. A. Wall was second place winner. Judge E. A. Bills did the pronouncing of words and Rev. Carter McKemy and Rev. Chas W. Williams of Spade were judges.

## Amarillo Educator Lists 10 Qualities For Success at Junior-Senior Banquet

R. B. NORMAN

Employing a Chinese theme, in decorations, the dining room of the First Methodist church, made a pretty setting for the formal banquet, held Tuesday night at 7:30 p. m. when members of the Junior class entertained the Senior Class.

The tables arranged in a "U" shape were attractively decorated with pastel shades of snapdragons in low crystal bowls, miniature-chinese umbrellas and gay colored mats. Plate favors were folding fans and at each place was a pretty program, with "Memories," and the date "1951 inscribed in gold on the cover.

The stage was decorated to represent a Chinese garden, with a grass carpet covering the floor. Palm trees, a "wishing well" decorated with "climbing" roses and

## City Legally Cannot Financially Aid Crash Victims; Secretary Street Makes Public Appeal to Citizens

The "letter of the law" of the State of Texas is indeed working a hardship on some of the victims of the collision between the City Fire Truck, and the privately-owned automobile owned by G. L. Powell, several weeks ago, which resulted in the death of his wife, and probably that of her mother, subsequently, and sent fire truck driver, Roy Wade to the hospital.

The hardship is due to the fact that City is legally prohibited from financially aiding the car owner who lost two members of his family in death and also his car and

received severe injuries himself.

Neither is this city or any other city able to carry liability insurance on its fire truck when they are racing to answer a fire call, but the only available insurance is when the truck is returning from a fire, or on parade, or in casual usage.

City officials feel that the City would like to do something at least in a financial way to aid Mr. Powell, but, in order to obey the law are unable to do so.

W. G. Street, City Secretary,

## VISUALINER

IT MEANS SAFER, MORE ECONOMICAL DRIVING  
AS THE SAME EQUIPMENT AS GENERAL MOTORS ARE  
NOW USING TO CHECK FRONT WHEEL ALIGNMENT ON ALL  
NEW CARS COMING OFF THE FACTORY ASSEMBLY LINES.

Shows you graphically the alignment condition of your car.  
Now you can see for yourself why your car steers hard, why  
your tires wear out too soon. The Visualiner magnifies alignment  
faults eight or more times. The amazing optical light ray system  
shows you the exact condition of your car's alignment. It shows  
how to do a faster, better job . . . makes it possible to correct align-  
ment to a knat's eyebrow.

However, this machine will check any kind of car or truck to  
the recommended factory specifications.  
We have just received our complete list of 1951 specifications  
for all model cars and trucks. Anyone may bring his car in to have  
his wheel alignment checked, and there will be no charge unless  
some corections must be made.

### CAR WASHING DEPARTMENT

We have two wash rooms, and a special  
feature of this department's service is the  
new front post lift, which lifts the front end  
of the car up five feet from the floor, thus  
permitting the high pressure washer to re-  
move all mud and dirt from the underside of  
the car. This machine is believed to be the  
first in this area.

### LUBRICATION DEPARTMENT

We have installed a Twin Post Hydraulic  
Lift, which permits the raising or lowering  
of either front or rear of the car allowing com-  
plete access to any part for lubrication pur-  
poses.

### STEAM CLEANING SERVICE

We have equipment large enough to  
clean any kind of machinery or any size car  
or truck.

### WE ALSO HAVE THE— VISIBALANCER WHEEL CHECKING MACHINE

which is used primarily to check car crooked  
wheels, out of round tires, and balance the  
tire on the wheel.

### PAINT AND BODY SHOP

Special feature in this department is  
the Color Eye Paint Mixing machine.  
It will mix any type of lacquer or enamel  
which will take care of any make of  
truck as all cars take either enamel  
or paint.

In Special Paint Room the entire four  
walls have a continuous string of flood lights  
to light the room, so that we can  
do a perfect paint job. To keep all dust or  
lint out an automatic spraying system is  
used to wet the entire room down before  
a car, making certain of no foreign  
matter getting into the paint.

A body man has just completed a course  
in Body Works, who make the bod-  
ies for all General Motors cars.

### BODY PARTS DEPARTMENT

We now stocking Body Parts for  
CHEVROLET CARS and TRUCKS  
FIATS  
MOBILES  
DODGES

### PARTS DEPARTMENT

Carry parts for all General Motors  
trucks.

### MOTOR STORAGE ROOM

CARRY OLDSMOBILE, CADILLAC  
and CHEVROLET MOTORS  
Special equipment featured here is the  
automatic hoist for loading and un-  
loading, which makes it possible to  
store cars up to 11 feet in height  
and still be able to move any  
car of the building without disturbing

### INTERCOMMUNICATION SYSTEM

We just installed an intercommunication  
system which enables us to talk to one another in  
any part of the building. This system has a master  
station and seven sub-stations.

### WE THANK YOU . . . . .

We would be ungrateful at this time if we did not thank our patrons for  
the splendid business extended us during the many years we have been in  
business in Littlefield. We deeply appreciate your patronage and solicit a con-

## Local Rotarians Attend District Meeting in Lubbock

A number of Lubbock Rotarians, with their wives, attended sessions of a three day District Rotary Meeting held in Lubbock the first part of this week.

Rotary Club members attending were C. D. Scam, president; Art Chubb, president-elect; Jack Christian, Jr., E. Woods, Buster Owens, David Koffling, Joe C. Hutchinson, Truman Jones, R. W. Armstrong, Van Clark and C. E. Payne.

Total registration for the conference was 600.

Percy Redwater of Midland was named district governor-elect, succeeding Fred A. Wicks Sr. of Dallas.

Invitations were extended from Odessa and Childress. In all about 1000 to the 1951 conference. Selection of the meeting site will be made in July when the presidents of the clubs meet.

Dr. Ira E. Woods, a past district governor, appeared on the program Monday afternoon when he led a discussion of community service, and gave a speech Monday using as his subject, "Community Service, the Club's Responsibility." Dr. Woods also appeared on the final program Tuesday morning when he pointed out that much more community service can be accomplished if an organization goes ahead with its program disregarding where the credit falls. He presented an optimistic outlook and expressed confidence in the present generation to carry on the services to the communities.

Jack Christian assisted in leading in a group discussion on Vocational service, held Monday morning.

## Cash-Carry Dairy For Economy

BELLEVILLE, Ont. —(AP)— A "cash and carry" dairy where milk will be sold at four to five cents less than prevailing prices is being started here as an experiment. Sixty-year-old George Graham will sell milk at 15 to 18 cents a quart. The regular price here is 20 to 22 cents.

"Milk is a vital food, particularly for children, yet many people can't afford it at the present price," says Graham, a farmer, rancher and businessman. He has been in the dairy business for 25 years and owns a herd of 280 Jersey and Ayrshire cows.

## Indians Run Own Revolving Loans

WINDOW ROCK, Ariz.—(AP)— The Navajo Indians are handling the tribal money with a loan committee just like Uncle Sam.

The money comes from land and other resources. This year the tribal council appropriated \$724,000 to the revolving loan fund.

The loans go to stock men and farmers among the 60,000 Indians and to co-op projects like tribal trading posts, sawmills and small industries.

## First Home Game of Season Here Sunday; Littlefield, Amherst to Play

The Littlefield capital League baseball team, which got off to a bad start two weeks ago, when they lost their opener, 13 to 10 against the Lazbuddy club and glove aggregation and last Sunday, in their second appearance,

tried and failed to stop the Sudan Sluggers at Sudan, score 16 to 12 favor Sudan, will go all-out next Sunday, in seeking to avenge their two previous defeats and at the same time, win their opening game against Amherst.

When the umpire calls "play ball" at the Fair grounds ball park next Sunday afternoon, at 3:00 o'clock, a decidedly strengthened team will be wearing Littlefield uniforms.

Jack Gage, of Whitharal, has been assigned to go opening mound duty for the local team, with Eldon Trotter, who has been doing the hurling the past two games, available for relief or emergency duty. A. C. Bridwell who has been alternating with Guy Brown, behind the plate, will wear the receiver's mitt and mask.

All ten teams of the league have games scheduled for Sunday. Other games tentatively scheduled but subject to change are: Sudan vs. Anton; Lazbuddy vs. Pep, Muleshee vs. Olton; Springlake vs. Needmore.

## Plant Evergreens For Future Security

PITTSBURGH —(AP)— A young Pittsburgh minister thinks the 40,000 evergreen trees he has planted will keep him in his old age.

The Rev. Stewart P. Robinson, assistant pastor of the First Presbyterian Church, and his wife planted 20,000 of the trees themselves on a farm the couple owns near Delhi, N. Y. The other 20,000 were planted by a professional.

Robinson hopes to plant another 100,000 evergreens in coming years. Although he doesn't expect to get rich, he says the trees are a good investment for the future. He adds: "If this inflation keeps on, I can be sure my investment is growing anyway."

COLLEGE QUEEN — Juanita Hendricks, (center) Thordale, was chosen Miss Southwest Texas State Teachers College in San Marcos, Texas at a contest during the school's Frontier Festival. Her sister, Dorothy (right) placed third, Jo Ann Cole (left) of Bertram, was second. (AP Photo)

**WATER, WEEDS, and INSECTS**

By Louise C. Allen

South Plains' 1951 cotton pests got a pre-natal spanking early this spring. The paddle took the shape of an enthusiastic vote to raise money again this year to help pay a full-time entomologist. Welders, mill owners, buyers, bankers, of the paddle were farmers, gin-county commissioners, and others interested in the 1951 cotton crop.

"The money matches a like amount provided by the Texas Extension Service for what would otherwise be a part-time insect specialist in the area. This will be the third year the South Plains has had a full-time man to advise with county agents on insect problem. At first, ginners subscribed the amount needed to enable Entomologist Guy Carpenter to give all of his time to work in the South Plains counties. Last year cotton oil mill owners and others joined in supporting the cause. This is the first year that farmers have had a share in the plan.

"Harry C. Harvey, Jr., of Mercedes is the entomologist who succeeds Carpenter on the district agent's staff in Lubbock. He will advise with livestock farmers, ranchers, homemakers, and others in the South Plains counties on all types of plant and animal parasites, as he has time.

"But during cotton season, his main interest will be advising farmers, through their county agents, on how to fight cotton pests," says District Agent W. H. Jones. "He will go where there is a bad outbreak, or where he is most needed."

"Chances are good that his services will be in demand.

"If it's an insect year, we'll be in worse condition than we were with a 40 per cent crop." This is the opinion of Don L. Jones of Lubbock Experiment Station.

"It's not how much an insecticide costs," says Monroe Waits of Abernathy. "It's knowing how, where, and how much to use. We need to know when not to poison, too."

"Well probably have almost 100 per cent increase in cotton crops over 1950," says K. N. Clapp, South Plains' most experienced "guesstimator." "We had about 1 3/4 million acres in 1950. It looks as if we'll have nearly 3 1/2 million this year. We estimated last year that we lost only 10 per cent of our crop to insects. Yet we actually had more insects than we had one year when we marked off 40 per cent to boll-worms. That shows how much a little know-how on insect control can help. And with twice as many acres, we're going to need all the help we can get."

"Clapp further points out that before 1949, "not 100 formers in the whole area knew the harmful and beneficial insects; and most of us wouldn't have known a flea-hopper if it had lit on the end of our nose." Now, he estimates, about 75 per cent can at least recognize the important harmful insects.

Water conservation district plans are going ahead on the High Plains this spring. At an early March meeting in Plainview, High Plains farmers voted to petition the Texas Board of Water Engineers to be circulated as soon as needs to hold a hearing. Petitions the official map designating the area was received. At the hearing, evidence supporting creation of a district is to be presented. If the district is declared, an election will be held to determine if people want the district formed.

"If we get a water conservation district, we can really start out on a conservation program," says Attorney Arthur P. Duggan Jr., of Littlefield, who has been one of the moving forces in the High Plains Water Association. "It would mean that we could space new wells properly for the best use of the water. Then, too, we could experiment to find economical ways to put water back into the underground reservoir. So far, no individual or group has been able to finance such a study."

"The state law, passed two years ago, authorizing a local underground water district, provides: "Districts shall have the power to regulate the spacing of wells and require a permit for drilling, but cannot prohibit a farmer from drilling a well.

"Districts shall have the power to levy a tax, not to exceed 50 cents per \$100 valuation, for support of the district's project.

"Districts shall have the power to conduct educational programs, prevent waste and pollution of water.

"Weed control depends a great deal on crop rotation, Roger Hamilton of the SCS Experiment Station staff in Amarillo told certified seed growers this spring.

"Anything that encourages a crop also encourages weeds. So if you have an infestation of winter weed annuals, put a summer crop on the land and quit encouraging them." Winter annuals include goat grass, the mustards, and others. Among unwelcome summer annuals are careless weed, cocklebur, and sunflower.

"Careful seedbed preparation, he advised will help keep down weed

**Jim Mangum to Head Lions Club**

Jim Mangum, prominent Littlefield business man, was elected president of the local Lions Club at a meeting held at Wafford's Cafe Wednesday. He succeeds Douglas Howell, who has served as president the past year.

Mangum will assume the duties as president the first meeting in July. Installation of officers will be held the last meeting in June.

**Dr. and Mrs. Wm. N. Orr In San Antonio For Convention**

Dr. and Mrs. Wm. N. Orr plan to leave this morning, (Thursday) to spend ten days in San Antonio, where they will attend a convention of the Texas Dental Society.

Preceding the convention, Dr. Orr plans to attend a two day meeting of the Southwest Society of Denture Prosthesis. This society is made up of only 50 members, and includes members from four states. Members are selected from dentists whose practise must be one-third in making dentures.

A four day dental clinic will be held during the convention, at Brooke Army Hospital. Dr. Orr plans to attend all these important meetings.

Mrs. Orr, treasurer of the South Plains Dental Society, will represent this section at the auxiliary meeting of the Texas Dental Society.

While Dr. and Mrs. Orr are in San Antonio, Phillip Ecklund, laboratory technician for Dr. Orr, will attend a clinic on laboratory technician for Dr. Orr, will attend a clinic on laboratory work to be held in Dallas. He will be accompanied by his wife.

**White Scholastics Lowest In Five Years; Colored Gains**

The number of white scholastics in the Littlefield School District is at the lowest figure in the past five years, is the report of William Brune, coordinator of Curriculum and school census enumerator, at the completion of the taking of a school census the past week. The number showed even a decline from last year. The colored scholastic census showed a sharp increase, however, and this increase is responsible for the fact that the total scholastics for the district total 2,067 this year, compared with 2,065 last year and increase of two.

Broken down, the report shows 1800 white children, compared with 1865 last year and a very decided increase in colored school eligibilities.

The report which will be sent to Austin, is used as the basis for state school aid in all school districts of Texas.

**Continental Oil Establishes New District Production Offices in Brownfield**

Continental Oil Company has established new district production offices in Brownfield, Texas, to serve as headquarters for an area made up of 16 counties that formerly were included in the company's West Texas and New Mexico districts.

Continental will continue to operate its district offices at Hobbs and Big Spring.

District superintendent in the growth and preserve moisture. He recommends using seed of high germination because they can compete better with weeds. He also advises buying good pure seed, and knowing your weed seeds.

"Although pre-emergence treatments have been used to advantage in some localities, he thinks they are impractical on the Plains because of uncertain weather. "If we could accurately predict rains, it might be practical, but since we can't, it's not advisable," he said.

The No. 1 question is, "what to do about careless weeds in cotton?" His answer is "Cultivation!"

**West Texas C. of C. Outlines Projects At Abilene Meet**

Bob Crowell, Littlefield Chamber of Commerce manager, attended a meeting of the Agricultural and Livestock committee of West Texas Chamber of Commerce Tuesday, at Abilene. He reported a fine meeting and interesting talks by President B. P. Bloodworth, Fred Husbands, vice president, the latter the top spot on the day's program.

Mr. Husbands outlined a 6-point musts program which he urged be followed throughout West Texas, as follows:

1. Watch dog function at state and national level to protect agriculture and livestock interests of West Texas.

2. Develop Agricultural activities and projects in co-operation with and in support of local Chambers.

3. Support Soil and Conservation programs at local level.

4. Assist in planning and operation of live stock shows.

5. Support of rural roads development program.

6. Promote community agriculture councils and farm and ranch clubs, to secure close co-ordination between city and country and agricultural workers in the area.

At the meeting it was announced that committees and groups are to be further broken down, so that more area meetings can replace some of the regional gatherings now held.

**Mrs. Charles Swope Buys Littlefield Beauty Salon**

Mrs. Charles Swope announced this week that she has purchased the Littlefield Beauty Salon, effective, Tuesday, May 1.

The shop, established December 19, 1936, has been operated continuously by the former Misses Ida and Rebecca Moore, now Mrs. D. W. Bawcom and Mrs. Lawrence Nickels.

Mrs. Bawcom has been an inactive partner for the past three years, but under the new ownership will be employed each afternoon. Mrs. Nickels is retiring from the business.

The new owner has been employed as operator at the Littlefield Beauty Salon for the past three years.

## Engagement of Sue Easter and Arnold Ashburn Revealed

The engagement and approaching marriage of Miss Sue Ester to Arnold Ashburn was announced at the home of the bride-elects, parents, Mr. and Mrs. Paul Easter at Anton, Saturday afternoon, when Mrs. Easter entertained with an informal tea, from 3 to 6 p.m.

Receiving the guests were Mrs. Ester, Mrs. Joe Ashburn, mother of the groom-to-be, Miss Sue Easter, and the grandparents of the couple, Mrs. R. M. Easter, Anton, and Mrs. G. D. Glenn of Stamford.

**Miss Scott As Register**  
Miss Joyce Scott of Lubbock, presided at the guest register.

Classical and popular piano music was furnished during the entertaining hours by Mrs. L. S. McCarty.

**Pastel Colors Featured**  
Pastel colors were carried out in decorations and floral arrangements consisted of delicate shades of snapdragons.

**Unique Announcement**  
The announcement was cleverly made on the mirror over the buffet, by using a high satin bow, placed at one corner, while three streamers bearing the inscription in silver letters "Sue" "Arnold".

June 3, 1951, were draped across the mirror to the opposite corner.

The refreshment table was laid with a white linen cloth, centered with an arrangement of pink and white snapdragons in a crystal bowl, flanked on either side by a single taper in sterling candelabra.

Mrs. Orville Denson served punch from a crystal bowl. White cocktail napkins bearing the silver inscription, "Sue and Arnold" were also used.

The honoree wore a pretty purple nylon dress, for the occasion. Her corsage was an orchid; a gift

from her fiancé, Mrs. Ashburn, a white gardenia corsage, others in the home.

**Wedding Scheduled**  
The wedding is scheduled to be held in the First Baptist Church in Anton, in the afternoon, June 3.

Miss Easter is a graduate of Anton High School with 1949. She attended Hart College at Abilene last year, where she was classified as a sophomore, majoring in Religion. She takes an active part in church work.

Mr. Arnold is also a graduate of Anton High School, with 1949 and a sophomore at Simmons College, where he is a ministerial student.

George J. Harms of the up Community near the River at San Angelo, week, and brought back of nice fish. He reports a nice time while there.

## Helen Louise Byrne and F. Carl Taylor to Be Married Today

A wedding of interest here, taking place in Memphis today, (Thursday) is the marriage of Miss Helen Louise Byrne, daughter of Mrs. F. E. Byrne of San Angelo, formerly of Spade, to F. Carl Taylor of Odessa. Rev. Roy Shahan, pastor of the First Baptist Church in Memphis and a former pastor of the First Baptist Church here, will perform the marriage ceremony.

The bride is a graduate of San Angelo High school, and is now serving as medical records librarian of Esoter County Hospital in

Odessa. After the wedding, the mother plans to return to Littlefield to make her home.

Mr. Taylor is the son of Mrs. Annie McElroy of Erin, Tennessee and graduated from Erin High school and from Wayne University in Detroit, Michigan. He served with the Navy two and one-half years in the European theater. He is manager of John A. Hoebings and Sons in Odessa.

Following a wedding trip the couple will make their home in Odessa at 401 North Bernice Street.

## Littlefield Garden Pilgrimage Features Anniversary Theme

Blue ribbons were awarded to all six entries in the table arrangements division of the "Wedding Anniversary Garded Pilgrimage," held in conjunction with the annual bulb and flower show, a yearly highlight event of the Woman's Club and arranged and sponsored by the Gardens Division.

The six blue ribbon winners in the table arrangement division were: Silver anniversary table at the George White home; fifteenth anniversary, at the home of Mrs. C. E. Payne; a first anniversary theme was shown at the Allen Hubbard home, fourth anniversary, at the home of Mrs. I. T. Shotwell, Jr., and the golden anniversary table setting at the home of Mrs. Deanna Jones.

**Horticultural Division**  
In the horticultural division ribbons were awarded as follows: single tulip, Mrs. J. D. Hagler, first; Mrs. L. L. Massengill, second; Mrs. M. L. Hall, third; Double tulips, Mrs. George White, first; Ivy, Mrs. George White, first; Mrs. H. C. Nichols second; Mrs. Massengill third; Geraniums Mrs. Harry Williams; Pansy Mrs. Massengill; Violets, Mrs. Massengill, first; Mrs. Williams, second; Iris, Mrs. Lon Campbell, first; Mrs. Marshall Howard, second; Mrs. Williams, third; African evergreen, Mrs. Williams; Dish Garden, Mrs. Massengill; Flowering shrubs, Mrs. C. E. Payne, first; Mrs. M. L. Hall, second; Mrs. J. M. Farmer, third; Snake plant, Mrs. Massengill; Daffodill, Mrs. George White, first; Mrs. A. C. Chesher, second; Cactus, Mrs. Massengill.

**Table Arrangements**  
The silver wedding anniversary table arrangement was on the sun porch of the George White home on the Levelland Highway. Guests who included members of the other divisions of the Woman's club were served refreshments, from a table laid with handsome cloth,

decorated, carrying out a "silver anniversary" theme. Mrs. A. C. Chesher poured and Mrs. Nel Lyne served cake.

A first anniversary cake party table arrangement carrying out the paper motif was held at the home of Mrs. Allen Hubbard, Mrs. J. D. Hagler, Mrs. Mancell Hall and Mrs. C. E. Cooper were on the committee.

A unique fruit and flower arrangement was featured in the 4th anniversary table setting, at the V. C. Cappel home. Assisting were Mrs. Acree Barton and Mrs. L. L. Massengill.

A Mexican dinner table was featured at the home of Mrs. I. T. Shotwell Jr., using straw place-mats, pottery dishes and a fruit centerpiece. It was shown on the sunporch. Assisting on the committee with her were Mrs. Pat Boone, Jr., and Mrs. Fred Underwood.

A formal dinner table setting marked the 15th wedding anniversary theme at the C. E. Payne home, using crystal. The centerpiece was of white Easter lilies, snapdragons and hyacinths. The committee was composed of Mrs. Jack Henry, Mrs. J. M. Farmer and Mrs. A. C. Chesher.

Milkglass and gold on polished mahogany made an outstanding arrangement for the golden wedding anniversary table at the Dennis Jones home. Assisting were Mrs. Herbert Nickels, Mrs. Jean Sproule, Mrs. Allan Hodges, Mrs. J. B. McShan and Mrs. Jones.

Judges awarded the blue ribbons on a point-scale placement basis. The ninth anniversary table at Mrs. Shotwell's home won the highest number of points. Judges were Mrs. R. L. Padgett of Lubbock and Mrs. Carl Morrow of Morton, who judged both the table arrangements and the horticultural specimens in the spring flower show which preceded the pilgrimage.

MISS JOYCE WENDBORN

Miss Joyce Wendborn, of Earth and a Springlake High School graduate, has been chosen queen of the South Plains Lubbock Lions Club, to represent them at the District 27-1 Lions Convention at Hereford, Sunday and Monday. She will also compete later this year for the title of queen of the Lions International at the convention in Chicago. Miss Wendborn was crowned "Miss" Lubbock in 1949.

### Mother And Daughter Vacationing In Hawaii

Mrs. T. A. Henson Sr. and daughter Mrs. Ha Sewell left here Sunday morning, by rail for Los Angeles, where they were scheduled to board passage on the "Matson" Liner, for a vacation in Honolulu.

Places of interest they plan to visit will include Oahu, Hawaii, Maui and Kauai. They will spend 13 days on the Islands. The trip on the ocean will take 5 days.

In California, Mrs. Henson and Mrs. Sewell will visit a daughter and sister, Mrs. Verna Paxton at Hawthorne and also Mrs. Henson's granddaughter, Mrs. Jim Gallagher and husband at Inglewood. They plan to return home the latter part of May.

### Sister Of Mrs. Weldon Findley Visits Here

Mrs. John T. Rogers, Sr., of Quitaque has been a guest in the home of her sister, Mrs. Weldon Findley, for the past ten days, convalescing from a major operation, which she underwent at Clovis, New Mexico. Mr. Rogers came over Saturday morning and his wife accompanied him home that afternoon.

While here, Mrs. Rogers accompanied Mrs. Findley to a meeting of Littlefield Chapter Order of the Eastern Star, last Thursday night. She is associate matron of the Quitaque Chapter.

### Jack Christian Will Be in Charge of Rotary Program

Littlefield Rotary Club will meet today, with Jack Christian presenting the program. He plans to lead a discussion on "Vocational Service," repeating a discussion he led at the District Rotary Convention held in Lubbock earlier in the week.

Last Thursday, Don Hayes presented several band students in ensembles and solos, when he was in charge of the luncheon program.

Guests included Jake Huber and Roy McCreigh, Lubbock, Simon Hay and Edgar Chance, Sudan, Joe Payne, Plainview and T. L. Dunlay, Littlefield.

### Emmanuel Church Set Vacation Bible School June 4

Vocation Bible School time at Emmanuel Lutheran, 417 West Third Street, is set for the first two weeks in June 4 through the 15th. As in previous years, children from the pre-school kindergarten through the eight grade are welcome, without exception.

Saturday school, another period of training for the never-dying soul of man while yet in the impressionable period of youth, will have its last session of study on May 19. A special event is being set for May 26.

Present teachers are Mrs. W. T. Mauk, Betty Timian and The Rev. H. A. Heckmann. Mrs. Fred Friday and Martha Neuschwander assisted at teaching during this course of study.

### Mrs. Floyd Seymore Hostess to Club Women Thursday

Members of the Blubonnet Home Demonstration club enjoyed meeting at the home of Mrs. Floyd Seymore, last Thursday afternoon, when the hostess assisted by Mrs. L. Seymore gave an interesting demonstration on "yeast breads."

A variation of the basic sweet dough, including the making of "Swedish" tea ring, cinnamon twists, and fruit rings, was demonstrated, and later served with iced tea, as refreshments, at the close of the program.

Those attending were Mesdames U. E. Thompson, R. J. Moses, Leeman Elms, Leldon Phillips, Lloyd Seymore, Ernest Gaston, A. A. Royal, W. L. Hopper, Joe Foltyn, S. J. Clevenger, Lee Holtkamp, G. V. Smith, Floyd Seymore, H. L. Brandon, Sr., L. G. Fox, and one new member, Mrs. Lela Henson, and three visitors, Mrs. George Kaumalots, Mrs. O. L. Williams and Mrs. Mark Hicks. The next club meeting will be held in the home of Mrs. Leeman Elms, Thursday, May 3, when Mrs. Elms and Mrs. Herschel Mathews will demonstrate flower arrangements.

### Baptist Church Nursery Has Been Enlarged

The nursery department of the First Baptist Church had been enlarged, to make adequate room for the increasing membership in the cradle roll. More equipment has been added and also more workers.

Rev. Lee Hemphill, pastor, announced that the church prefers volunteers.

### Sudan Girl Thrills Home Town Folks With Musical Recital

The program of Special Recitals, which was held in the Sudan grade school auditorium Wednesday night of last week was well received by an appreciative audience. Leota Vincent thrilled her "home town folks" with her charm, poise and wonderful performance as did the other artists from North Texas State College School of Music. Praise also went to Dr. Walter Hodgson, dean of NTSC School of Music who so ably directed the musical program.

The guest artist were introduced by Mrs. M. H. Tolett, vice president of the 1935 Study Club, sponsor of the program.

Following the recital, a reception was held in the home of Mrs. F. E. Miller.

## Helen Louise Byrne and F. Carl Taylor to Be Married Today

A wedding of interest here, taking place in Memphis today, (Thursday) is the marriage of Miss Helen Louise Byrne, daughter of Mrs. F. E. Byrne of San Angelo, formerly of Spade, to F. Carl Taylor of Odessa. Rev. Roy Shahan, pastor of the First Baptist Church in Memphis and a former pastor of the First Baptist Church here, will perform the marriage ceremony.

The bride is a graduate of San Angelo High school, and is now serving as medical records librarian of Ector County Hospital in

Odessa. After the wedding, the mother plans to return to Littlefield to make her home.

Mr. Taylor is the son of Mrs. Annie McElroy of Erin, Tennessee and graduated from Erin High school and from Wayne University in Detroit, Michigan. He served with the Navy two and one-half years in the European theater. He is manager of John A. Roebings and Sons in Odessa.

Following a wedding trip the couple will make their home in Odessa at 401 North Bernice Street.

## Littlefield Garden Pilgrimage Features Anniversary Theme

Blue ribbons were awarded to all six entries in the table arrangements division of the "Wedding Anniversary Garded Pilgrimage," held in conjunction with the annual bulb and flower show, a yearly highlight event of the Woman's Club and arranged and sponsored by the Gardens Division.

The six blue ribbon winners in the table arrangement division were: Silver anniversary table at the George White home; fifteenth anniversary, at the home of Mrs. C. E. Payne; a first anniversary theme was shown at the Allen Hiburn home, fourth anniversary, at the home of Mrs. I. T. Shotwell, Jr., and the golden anniversary table setting at the home of Mrs. Lennis Jones.

**Horticultural Division**  
In the horticultural division ribbons were awarded as follows: single tulip, Mrs. J. D. Hagler, first; Mrs. L. L. Massengill, second, Mrs. M. L. Hall, third; Double tulips, Mrs. George White, first, Mrs. H. C. Nichols second, Mrs. Massengill third; Geraniums Mrs. Harry Williams; Pansy Mrs. Massengill; Violets, Mrs. Massengill, first, Mrs. Williams, second; Iris, Mrs. Lon Campbell, first, Mrs. Marshall Howard, second, Mrs. Williams, third; African evergreen, Mrs. Williams; Dish Garden, Mrs. Massengill; Flowering shrubs, Mrs. C. E. Payne, first, Mrs. M. L. Hall, second, Mrs. J. M. Farmer, third; Snake plant, Mrs. Massengill; Daffodill, Mrs. George White, first, Mrs. A. C. Chesher, second; Cactus, Mrs. Massengill.

**Table Arrangements**  
The silver wedding anniversary table arrangement was on the sun porch of the George White home on the Levelland Highway. Guests who included members of the other divisions of the Woman's club were served refreshments, from a table laid with handsome cloth,

decorated, carrying out a "silver anniversary" theme. Mrs. A. C. Chesher poured and Mrs. Nel Lyne served cake.

A first anniversary cake party table arrangement carrying out the paper motif was held at the home of Mrs. Allee Hiburn. Mrs. J. D. Hagler, Mrs. Manell Hall and Mrs. C. E. Cooper were on the committee.

A unique fruit and flower arrangement was featured in the 15th anniversary table setting, at the V. C. Cazel home. Assisting were Mrs. Acree Barton and Mrs. L. L. Massengill.

A Mexican dinner table was featured at the home of Mrs. I. T. Shotwell Jr., using straw place mats, pottery dishes and a fruit table, p.e.c.e. It was shown on the sunporch. Assisting on the committee with her were Mrs. Pat Joone, Jr., and Mrs. Fred Underwood.

A formal dinner table setting marked the 15th wedding anniversary theme at the C. E. Payne home, using crystal. The centerpiece was of white Easter lilies, snapdragons and hyacinths. The committee was composed of Mrs. Jack Henry, Mrs. J. M. Farmer and Mrs. A. C. Chesher.

Milkglass and gold on polished mahogany made an outstanding arrangement for the golden wedding anniversary table at the Dennis Jones home. Assisting were Mrs. Herbert Nickels, Mrs. Jean Sproule, Mrs. Allan Hodges, Mrs. J. B. McShan and Mrs. Jones.

Judges awarded the blue ribbons on a point-scale placement basis. The ninth anniversary table at Mrs. Shotwell's home won the highest number of points.

Judges were Mrs. R. L. Padgett of Lubbock and Mrs. Carl Morrow of Morton, who judged both the table arrangements and the horticultural specimens in the spring flower show which preceded the pilgrimage.

## Sam Stone Is Taken By Death After Lingerin Illness

Sam Stone 58, was taken by death, Saturday morning, at 5:30 o'clock, at Littlefield Hospital, where he had been a patient for the past two weeks. However, he had been in ill health for several years.

Funeral services were conducted from the new Educational Building of the First Baptist Church Sunday afternoon at 3 p.m. with the pastor Rev. Lee Hemphill officiating. Interment was in Littlefield cemetery with Hammons Funeral Home in charge of arrangements.

Deceased was born February 17, 1893 at Ringold, Oklahoma. He was united in marriage to Miss Clara Brown in 1913 at Childress. Five children were born to the union, three sons and two daughters; Mrs. D. E. Chesshir of Silverton, and Mrs. C. W. Grant of Littlefield, and Leroy Stone, Turkey, Kenneth Stone, Cortez, Colorado and Cecil Stone, Littlefield. Eight grandchildren also survive, as do a number of brothers and sisters.

All of the children were present for the last rites. One sister, Mrs. J. F. Kindle of Childress and a half brother, Al Walker of Mangum, Oklahoma were also present.

Mr. and Mrs. Stone have been residents of Littlefield for the past seven years, and have made their home with their son, Cecil Stone. They moved here from Quitaque, where Mr. Stone was engaged in farming.

Burial bearers were Odell Logan, Muleshoe, Henry Chassir, Morton, Tom Whisenbunt, Olton, Buster Hanna, Turkey and Guy Phillips and Floyd Brown both of Littlefield.

#### Hydraulic Lift

In the greasing or lubrication department they have installed a twin post hydraulic lift, which permits the raising or lowering of either front or rear of the car allowing complete access to any part for lubrication purposes.

#### Mixing Machine

A special feature of the paint and body shop is the Acme Color Eye Paint Mixing Machine. This will mix any type of lacquer or enamel paint, which will take care of any make car or truck.

In their special paint room the entire four walls have a continuous string of flood lights to properly light the room, so that they can get a perfect paint job and to keep all dust or sand from the room a special automatic spraying system is used to wet the entire tire room down before painting a

## Meeting Opens Tuesday, May 1, At Littlefield Missionary Baptist Church

Evangelistic services will begin next Tuesday, May 1, at 8: p. m. at the Littlefield Missionary Baptist Church, XIT Drive and 8th Streets. Dr. Luther C. Peak, pastor of the Central Baptist Church, Dallas, Texas will be the evangelist. Dr. Peak is a nationally known speaker. He has traveled in Europe and the Holy Land and is well posted on the current events of today as they are prophesied in the Bible. Dr. Peak has a radio broadcast on a Dallas station and has had a continuous daily 30 minute broadcast for over ten years. He is vice-president of the Bible Baptist Seminary, Fort Worth, Texas and is a professor in the Seminary. He is a great soul-winner and church builder and is engaged in erecting a half-million dollar church auditorium in downtown Dallas. Dr. Peak is no stranger to the people of Littlefield, having conducted services here about two years ago.

Dr. Weidon B. Meers, pastor of the church extends a hearty invitation to the people of Littlefield and surrounding communities to attend this meeting.

An added feature of the meeting will be a two-day meeting of the Top-Of-Texas Fellowship, May 10, 11. Preachers from the Panhandle, West Texas and South Plains will be in attendance and there will be special singing and preaching both days with Dr. Peak preaching each night.

Dinner and supper will be served by the ladies of the church both days.

Dr. Meers extends also a hearty welcome to everyone to be present for these special services.

## Softball League To Organize May 4

Clarence Lewis and Billy Holder, co-chairman of the Jaycee Softball Committee are calling a meeting of all players in the Softball league to meet at Hayes Coffee Shop, Friday night May 4 at 7:30 p. m. to make tentative plans for the organizing of four additional soft ball teams.

Four teams organized to date, include W. O. W. Maytag, Anton and Oilmill.

After the teams are organized, they will be self supporting. Heretofore the Jaycees have supported the teams, Mr. Lewis said.

The committee expect to have a schedule of games worked out in the near future. Playing time will probably be three months, Mr. Lewis, said.

## Scrimmage Grid Game Brings \$145

One hundred and forty-five dollars was the proceeds of the scrimmage football game played last Friday afternoon on Seely field, between the Littlefield exes, and next years team. The proceeds will be used in helping to defray expenses of the Senior trip.

The score at the end of the game was 26 to 13, in favor of the exes.

## Contract Let

(Continued From Page 1)  
was also discussed and tentatively arranged for. Most of the present equipment will be utilized and moved to the new building, but this will be augmented by such things as a walk-in ice box, modern dishwasher, folding chairs and tables and greatly improved ventilation. The building is planned for completion at the opening of the fall term of school.

It will be 50 x 150 feet overall in size, or 7500 square feet of floor space. One of the reasons for the decision to build the new lunch room now, was the fact that the present lunch room was considered to be a fire hazard, adjacent to the new building, no longer possible to be ignored.

## City Legally

(Continued from page 1)  
has taken cognizance of the matter, however and believes that all citizens will want to do something, collectively and individually which the city, legally, cannot do. He has written and we are publishing his letter of appeal to all Littlefield citizens.

"Almost every one is familiar with the fact that on February 5, 1951, there was a collision on the streets of Littlefield involving one of the city fire trucks and an automobile driven by Mr. G. L. Powell. This collision resulted in the death of Mr. Powell and her mother, Mrs. Pinson, who were occupying the car with Mr. Powell at the time of the collision.

Mr. Powell was confined in the hospital for a number of weeks, causing great expense for doctor's and hospital bills in addition to funeral expenses. He has been doing his best to meet these expenses by selling some of his household furniture and applying the proceeds on the bills. Due to his physical condition he is unable to work and earn any money and it is possible that another operation will be necessary for him.

At present Mr. Powell is in urgent need of about \$800.00 which he owes the hospital, doctors and funeral home. If any one cares to assist Mr. Powell, it will be greatly appreciated if you will send your contribution to either Lamb County Leader or the City Hall. If you prefer to do so, you may telephone the City Secretary's Office and your contribution will be called for."

Big Spring, arriving Tuesday morning.

Funeral services were held at the Hammons Funeral Chapel, at 11:29 a.m. with Rev. Lee Hemp-hill, pastor of the First Baptist church, officiating. Burial took place in Littlefield cemetery.

Mrs. Jenkins was born March 31, 1886 in Alabama. She came to Texas with her parents, when a small child and lived near Bonham until grown. She was united in marriage to J. A. Jenkins in December, 1904.

Mr. and Mrs. Jenkins lived 11 miles northeast of Littlefield for more than 25 years, until his death April 6, 1943, when Mrs. Jenkins moved to Littlefield.

Survivors include two brothers, James A. Allred of Gainesville, and David M. Allred of Shreveport, Louisiana, and two sisters, Mrs. C. A. Rowland of Quanah and Mrs. R. E. Thomas of Roswell, New Mexico. All were present for the funeral.

A large number of nieces and nephews also survive.

## Youth Arrested

(Continued from page 1)  
Bessie Harrison, 46, here early Sunday morning.

The young man arrested at his home later Sunday, was accused of driving the car which struck down and instantly killed the woman, who had been knocked down only moments before by another car.

The youth posted bond of \$1,000 set by Justice of Peace Sam Farquhar following a hearing Monday.

The car allegedly involved in the fatal accident was traced through the vigilance of W. O. Jenkins of Littlefield who obtained a description of the car. He had stopped to help the woman when she was first hit.

The young man reportedly told officers he "knew he had hit something but was afraid to stop."

The driver of the car which first struck the woman still is being sought. Her death was the 31st traffic fatality recorded on the South Plains this year.

A delightful menu was served by the Altar Society of Sacred Heart Catholic Church, consisting of: Fruit Cocktail, creamed chicken in noodle nests, English peas, scalloped potatoes, hot rolls, iced tea and angel food cake.

Troy Armes, principal of Littlefield High School gave the invocation. Toastmaster Freddy Howard gave the welcome, with Bobby Cox giving the response, Bob Irby, music teacher, sang, "A Slow Boat to China," followed by the class "Will" by Robert Rutledge, a member of the senior class. Freddy Howard and Patsy Phillips rendered a vocal duet "Tea for Two," followed by the class prophecy by Joe Walden, junior class member. The toastmaster introduced the speaker for the evening, R. B. Norman, guest speaker. Supt. Joe Hutchinson gave the benediction.

Mr. Norman, principal of the Amarillo High School, made an entertaining, inspirational and humorous talk. He gave ten qualities for success and said that each one was worth a million dollars. He listed them as follows: personality, good voice, poise, dependability, sympathetic understanding, sense of humor, good hand loyalty and faith.

Approximately 150 attended and included faculty members, board members and wives and members of the junior and senior classes.

## CARD OF THANKS

Words cannot express our thanks and appreciation to our good friends and neighbors for their many acts of kindness and expressions of sympathy extended during the illness and at the time of death of our precious son and brother.

We especially wish to thank those who contributed to the beautiful floral offering and those who prepared and brought food to our home the day of the funeral and to each and everyone whose thoughtfulness and kindness made our sorrow a little easier to bear.

May God bless you all.  
Mr. and Mrs. Robert D. Stokes and Larry Bob

# April Is Designated Cancer Month

April is designated as the month in which the American public is urged to become aware of cancer, its causes, and some of the ways of preventing it. Mrs. Eloise T. Johnson, family life specialist with the Texas A. and M. College Extension Service lists some of the causes as outlined by scientific research: over-exposure to sunlight; action of certain chemicals; constant irritation of warts, moles, or sore places; and prolonged exposure to heat.

She says people who work in the sun are particularly susceptible to skin cancer on hands, face, and neck. Statistics show that in Texas, which gets 300 of every possible one hundred thousand develop skin cancers; in Michigan, which gets half as much

sunlight, the rate is 24 per hundred thousand. Not every person who works in the sun gets skin cancer. Mrs. Johnson says farm people who work in the sun can be aware of the possibility and follow up any indications of the development of cancer of the skin.

One ray of hope, the specialist adds, is that specialist adds, is that science refuses to give up in finding a cure for this disease. Mrs. Johnson points out, also, that 95 per cent of all cases of skin cancer are curable if taken early enough.

Periodical physical check-ups by the family doctor are recommended. Persistent hoarseness, unexplained coughing, changes in color or size of warts, moles or birthmarks, should be noted by a physician.

# Farm Land Ownership in the Southwest

COLLEGE STATION, April 24—Who owns the farm lands in the Southwest?

This question was the basis of a recent study conducted by John H. Southern, agricultural economist with the U. S. D. A. Bureau of Agricultural Economics, stationed at the Texas Agricultural Experiment Station. The study covered five states—Texas, Arkansas, Louisiana, Mississippi and Oklahoma.

Southern found that most of the farm land is owned by individuals. They owned four farms out of five—83 per cent of all farm lands.

Corporations, primarily land and cattle companies, held nearly 11 per cent of the land in 1946. Almost 16 per cent of the farm land in Texas is held in corporate ownership.

Only 3.6 per cent of the farm land was publicly owned, and this was confined almost entirely to

Texas and Oklahoma.

Of the individual land owners, the farm owners operators account for nearly 50 per cent of all the owners in the Southwest. However, they own only 23 per cent of the farm land, with an average of 192 acres each—valued at \$7,674.

Twenty-five per cent of the owners in Texas held less than two per cent of the land; on the other hand, 20 per cent of the owners held 80 per cent of the land.

This Study is reported in S. W. R. B. No. 3, which was published by the Arkansas Agricultural Experiment Station for the Southwestern Land Tenure Research Committee. Copies of this bulletin are available from the Publications Office, Texas Agricultural Experiment Station, College Station, Texas.

## BULL LAKE PHILOSOPHER NOT WORRIED OVER DECREASE IN NUMBER OF FARMERS IN THE U. S.

Editor's note: The Philosopher on his Johnson grass farm on Bull Lake discusses farming this week, which he has to do mostly from theoretical side, if you ask us. Dear editor:

I read in a copy of the *Avalanche Journal* in which my neighbor had wrapped up some fresh vegetables in and brought me, a good neighbor with a good garden is hard to beat. I'd raise one myself but there ought to be somebody left for neighbors to take fresh vegetables to or too many greens would go to waste, where the experts in Washington have been studying the census figures and have discovered only 16 per cent of the nation's population is now farm.

According to them, this is a fine tribute to the ability of farmers to produce more per man, but is a serious thing in that not enough young men are being drawn back to the farm. "It takes farm life to build a nation's moral fibre," the experts said, which ain't necessarily borne out by the facts, as I understand most office-holders come from farms or at least claim they do.

But I am frank to say I ain't disturbed and I will appreciate you gettin word to them experts not to worry about the number of farmers while they still got Korea on their hands. You give a expert a situation like that—the sudden knowledge the number of farmers is decreasing—and he'll come up with a solution that will wreck the country. First thing he'd want to do after gettin his bureau established is artificially increase the number, whereas the number of farmers is determined by economics, what city jobs are payin, how hot the sun is, etc. You take this farm of mine out here, the last thing it needs is somebody else to support. It ain't half supportin me like it is.

### MANY INDIA NATIONALISTS LEAVE BURMA—NEW DELHIA

—(P)—During the past two years, nearly 75,000 Indians left Burma for India for unknown reasons. Deputy Foreign Minister B. V. Keskar told Parliament. It might be because of the troubled conditions in Burma or the policy of the government of releasing non-Burmese personnel from public service, Keskar added, replying to questions. The Government of India, at its own expense, repatriated 13,411 Indians from Burma during the same period, he said.

### HUNGARIAN INNOVATIONS BUDEPEST—(P)

—(P)—Hungarian industries have announced that they plan to use "ersatz" materials to an increased extent in manufacturing. For example, automobile bodies will henceforth be built out of "refined wood," and engine parts will be made of steel substitutes.

The number of farmers in this country ought to be left up to nature, the same as the number of barbers is. Some times a given town will have too many barbers, some times not enough, but either situation don't last long, something which no expert could figure out because it's too simple takes place, and before long the thing has leveled off, either some barber takes up farm or some farmer takes up barberin, whichever way the situation is leanin in. The same thing is true of blacksmiths and five-and-ten-cent stores and beauty parlours and fillin stations and meat markets and school teachers and candidates for county office.

I don't care if 16 per cent or 2 per cent of the population is still farmers, we can still raise more stuff than most town birds can pay for.

Yours faithfully,  
J. A.

### Malay Curfews Used Against Reds

JOHORE BAHRU, Malaya—(P)—The State of Johore has joined others in the Federation of Malaya in enforcing curfews with the idea of breaking up Communist terrorist activities.

The curfew imposed here means that all persons must remain indoors from 6 p.m. to 6 a.m., until further notice, unless especially authorized to be out. All persons are required to buy their essential foodstuffs inside their own towns, villages and resettlement areas. They will not be allowed to carry any foodstuffs out of these areas. This is to make it impossible for Communist terrorists to obtain food from these sources.

### Singapore Short On Medical Services

SINGAPORE—(P)—The chief surgeon at Singapore General Hospital says medical services in this British crown colony have "lagged behind the times."

The surgeon, Mr. B. M. Jones, asserted it was "fantastic" that in a colony like Singapore with more than 1,000,000 people there was only one ear, nose and throat specialist to serve the entire island, the Federation of Malaya and surrounding territory. Jones said there was a tremendous demand for medical services but his department could hardly cope with the situation because of lack of staff and facilities.

As they scrape against that film, those bumps damage it, which in time can lead to partial or complete blindness.

Trachoma can also lead to disfiguring as an untreated case may pull the eyelid up unevenly, creating a deformity of the lid.

## HOLE - IN - THE - GROUND CHEF

AP Newsfeatures

STILLWATER, OKLAHOMA—Clay Potts can feed 1,000 persons as easily as a housewife can feed her brood—and for a stove he needs nothing more than a hole in the ground.

Potts, whose name is synonymous with barbecue and trimmings for any number of hearty eaters.

The 57-year-old cook is director of short courses at Oklahoma A. and M. College. He arranges barbecues strictly as a hobby.

While Potts has pleased more than 500,000 persons with his barbecues the past 20 years, he reached the peak of the social scale last year. He handled a barbecue for Washington dignitaries. It was sponsored by Oklahoma senator Robert S. Kerr and was an all-Oklahoma feed—even down to the onions.

His hobby started back in 1930 when he found that a full slate of important speakers was not enough to hold a crowd at a college or extension division activity.

Potts decided food would do the trick and that barbecue was the answer. He set about studying all methods and a system for serving a large, hungry crowd quickly.

Potts reasoned that no matter how good it is, the meat won't taste right if serving is too slow. Thirty minutes is long enough for anyone to wait in a chow line.

Now he can serve 4,000 persons in 40 minutes—all with hot barbecue and the trimmings.

Potts decided the meat would taste better, too, if the folks know and like the waiters. So wherever he handles a barbecue, he makes sure all the prominent citizens including Chamber of Commerce officials, bankers and preachers help

prepare and serve the meal. He's the kind of executive who delegates authority but is always ready to take over in case something goes wrong.

There are two schools of thought on barbecue. One contends the meat should be cooked with the sauce. The other favors slowly cooking the meat in its own juices, then letting the hungry diner add the sauce. Potts favors the latter method.

He digs a trench and burns hard wood until there are 18 inches of

coals. The meat is wrapped with parchment crinkle paper, then burlap and soaked in water to keep from catching fire. It is

placed on the coals and covered for seven hours. When it is taken over the covered meat is brown but a light golden color makes you want to eat it. Potts has improved his barbecue method of roasting corn in the hole that is used for the meat out tender and juicy in the coals for about

## Fire Destroys Grass On Halsell Ranch

A little over a thousand acres of grass was burned recently in a fire on the Halsell ranch seven miles north of Amherst.

Luckily the wind was in a south easterly direction which carried the flames toward the highway and with the aid of tractor and plow it was brought under control about 7:30 that night.

Johnny Murrell, foreman of the Halsell ranch stated that if the wind had been in the south or south west nothing could have stopped it from burning clear across the sand hills to the north side of Earth.

Mrs. Naomi Burris, 14 year old daughter of Mr. and Mrs. J. E. Buris of Sudan was admitted to Payne-Shotwell Foundation last Wednesday, and is in a critical condition. She has been in ill health for more than a year.

to the next step. But colds can be thrown off by just that simple routine, and it also has the advantage of keeping it from spreading to others.

One argument against that method is that you don't always know when you have a cold. That's quite true; but the rest and diet isn't going to hurt anything that you do have.

You don't always know when you have pinkeye, either. Colds, runny noses, pink and watery eyelids, and many other signs of disease are frequently caused by hayfever or allergies of one sort or another. But the differences in them is that allergies aren't contagious, where as colds and pink-eye are.

Contagious catarrhal conjunctivitis is the formal title of pinkeye, one of the most contagious of the virus diseases; it is an inflammation of the wet lining that forms the rims and underpart of the eyelid. It may come along or with other diseases; the flu is usually associated with red rimmed eyes. Gonorrhea also is frequently marked with an eyelid inflammation.

Since pinkeye can be mistaken for other much more serious diseases, it is always advisable to have it checked. Granulated eyelids, known as trachoma, is one of the more serious of the eyelid afflictions caused by a virus, and it, too, is contagious. Trachoma can even lead to blindness.

Instead of just a redness of the eyelids, trachoma is a roughness, the lids looking like grains of salt

## Navy Galleys Produce Bountiful Meals

United States Navy ships have galleys equipped to serve bountiful portions of nutritious food. Here the chef has breakfast cooking on the range surface while the poultry for later in the day is already in the ovens.

This all-electric cooking equipment made by Hotpoint is in the galleys of more than 90 per cent of Navy ships. Meanwhile, these kitchens as spotless as in your own home are being placed in leading restaurants, hotels, hospitals and schools throughout the nation.

Hotpoint is now producing this equipment in bright colors with complete thermostatic control of all cooking units. It formerly came only in black. Just as in the home, where thousands of the domestic models of these all-electric kitchens are in use in restaurants they become "show places" where assembly-line food production meets speed requirements. The kitchens of this leading manufacturer have been used by the Navy continuously since 1914.

2. The fight of the security forces has been facilitated by a noticeable stiffening of public morale. This has led to an increased flow of information to the authorities which has resulted in an increased number of contacts between security forces and the terrorists.

## Stockraisers Are Warned Against Rare Disease, Athropic Rhinitis, in Swine

Veterinary authorities today expressed fear that a previously rare swine disease called infectious athropic rhinitis may cause heavy losses to many farmers in 1951.

The American Foundation for Animal Health reports today that the disease continues on the increase following serious outbreaks last year.

"Infectious rhinitis does not kill many animals outright," the Foundation says, "but it may stop gains to the point where hog raising is no longer profitable. Affected pigs fail to put on weight."

"Diseased baby pigs sneeze frequently and their snouts later become 'pushed in' or twisted due to the shrinkage of the bones of the nose. Scours, unthriftiness and pneumonia may follow."

"In many instances, farmers have mistaken infectious rhinitis for 'bull nose.' The two conditions appear alike, but bull nose starts from an injury and infection with barnyard germs. It is not contagious. However, infectious rhinitis is caused by an unknown spreading agent, which says in the herd season after season. It is very contagious."

"Careless buying of breeding stock and feeder pigs is an important factor in spreading the disease to clean premises. Once on a farm, the entire herd may

One of the marvels of the new field of electronics is a machine that "thinks"—a complicated mechanism that can quickly select the right answer to a highly involved mathematical equation. But in the creative branches of science, of which pharmacy is one, no machine made can ever match the skill and dexterity of the human hand which is guided by a trained intelligence. Only a trained and experienced pharmacist can compound your prescribed medicine exactly as your doctor intended it to be.

## CITY OF PARIS PARIS, TEXAS

April 14, 1951

The Honorable Pierre DeGaulle  
Mayor of Paris  
Paris, France

Dear Mayor DeGaulle:

The City of Paris, Texas sends you and cordial good wishes to you and to the people of Paris, France on the occasion of your 200th Birthday Celebration.

As the official representative of Paris, "North Star of Texas," once a part of the Nation, I extend personal felicitations to you and to your people.

The rich heritage associated with the City of Paris will continue to inspire our best efforts to improve our city that, when we celebrate our 200th Birthday, we too may be known as a "City of Paris."

The bearer, Mrs. Mary Cooke Ellis, Official Representative and a Distinguished Parisian. She has graciously agreed to present this letter and the small token to you. The token is emblematic of the Great State of Texas.

Cordially Yours  
J. O. Atwell  
Mayor

### CALVIN C. HAMILTON RETURNS TO STATION

This trip home may last long enough for Calvin C. Hamilton, torpedoman's mate, third class, USN, of Littlefield, Texas, to become reacclimated with the States. His ship, the aircraft carrier USS Valley Forge, returned to the United States for overhaul last December but was ordered back to the Far East when the Chinese Communists entered the Korean conflict.

The Valley Forge had been in the Far East for nine months and was the first carrier to launch her planes against the invading North Koreans.

The ship is now at her home port at San Diego, California.

### Mrs. Joe Cowan In Serious Condition At Denver Hospital

S/Sgt. Joe E. Cowan with the armed forces, stationed in Hawaii, was granted an emergency furlough, to bring his wife and two children to the states, due to the serious illness of his wife. Mrs. Cowan is the former Miss Lena Martha Truelock, daughter of Mr. and Mrs. Truelock of Earth and a sister of Mrs. Leonard Gilmore of Earth. She has been admitted to Fitzsimmons General Hospital at Denver, Colorado and is said to be in a serious condition. The children are with her sister in Dallas. Mrs. Cowan became ill about three months ago and Lamb County Judge, Otha Dent, and Mrs. Lyle Brandon, Red Cross Secretary, have been trying to make arrangements for their return. When all arrangements had been made the military transferred S/Sgt. Cowan to Lowry Field, near Denver.

### Pfc Glynel McCary Spends Several Days With Parents Here

Pfc. Glynel McCary accompanied by Cpl. Gene Landrum of California, spent several days here with the former's parents, Mr. and Mrs. S. M. McCary the past week. The two boys have been stationed at Fort Francis E. Warren, Wyoming, where they have attended Teletype Schools, and are now transferred to East Kelly Air Base, as Instructor Teletype Mechanics of the Training Wing Department. Both boys were selected for the school due to their high grades made.

Mr. and Mrs. McCary accompanied them to San Antonio Sunday and spent a few days there. Enroute home they visited their daughter and son-in-law, Mr. and Mrs. Glenn Gainer and family at Temple. They returned home Sunday.

## Farmers Urged to Use Green Tag Method In Marketing Their 1951 Cotton Crop

Texas cotton farmers are urged to market their 1951 cotton crop by the green tag method. According to John L. McCollum, manager, PMA's southwest area cotton branch, U. S. D. A. Dallas, the green tag signifies that the bale has been classed by U. S. D. A. cotton classers and the tag carries the grade and staple length for the bale.

Demand promises to be strong for this year's crop, says McCollum and the grade and staple information will enable the farmer to get the best price for his cotton.

Last year 107,819 Texas farmers took advantage of the U. S. D. A.'s Smith-Doxey cotton classing program and marketed 1,389,150 bales under the green tag system. Farmers can get the same service again this year without cost by making application for it, says McCollum.

Requirements include membership in a group which has been organized to promote the improvement of cotton, adopting a variety, filling an application, arranging for sampling and meeting other requirements.

In addition to the official classification, farmers will also receive free the market news service, which shows current prices at nearby markets. By checking the grade and staple length on the green tag against the price for the same kind of cotton listed on the market news sheet, the approximate price of each bale can be determined, points out McCollum.

Information may be obtained from your local county agricultural Agent on the Smith-Dixon classification service.

## FORMER EARTH GIRL IS NAMED QUEEN OF LUBBOCK LIONS CLUB

Miss Joyce Wendborn, 21, daughter of Mr. and Mrs. Wendborn of Earth, was chosen queen of the South Plains Lubbock Lions club Thursday at a weekly luncheon at Mexican Inn.

She will compete at district 27-1 Lions convention at Hereford April 29 to May 1. The winning queen at district convention will compete later this year for the title of queen of the Lions International at an international meeting in Chicago.

Miss Wendborn is a graduate of Springlake High School. For the past four years she has been living in Lubbock at 2414 Twenty-fourth Street, and has been employed by Service Pipe Line company. She is 5 feet 6 1/2 inches tall and weighs 125 pounds. Her measurements are: hips, 36 inches; waist, 24 inches; and bust 36 inches.

In 1949 she was crowned "Miss Lubbock."

## Cleo Hood, 13, Gets Radio Operator's License

Cleo Marie Hood, daughter of Mr. and Mrs. George Hood of Tucson, Arizona has become the youngest girl in Arizona to win an amateur radio operator's license.

Cleo is a niece of Mr. and Mrs. Lee Payne, Mr. and Mrs. Allan White of Amherst, and Mr. and Mrs. John Crawley of Littlefield. She is the granddaughter of Mr. and Mrs. Sid Morris of Littlefield.

Cleo is 13 and an eighth grader at Amphitheater junior high school in Tucson.

Her permit is class B amateur license: her call letters are WT-PEF. In "ham" language she is known as YL that stands for young lady. Married women are known as XYL.

The transmitter that she uses is a Hammerland 4-20 transmitter and an S20R receiver operating on a 10 meter phone band and 80 and 40 meter code bands.

She received her training in code and radio theory through a club at her school. In the club membership are 11 boys and Cleo.

Here is the joker: She got interested in radio because her father was. Both of them took examinations at the same time and the results were recently announced. Papa Hood didn't make it.

Cleo and her mother and father and little sister have visited in Amherst many times, the last being at Christmas time of this year.

## Extension of Anton Pool Is Likely

The Anton Irish-Clear Fork pool of Hale and Lamb counties may soon lap over into Lubbock county.

Seneca Development company is attempting to make the spread at its No. 1 Superior-Nelson, located immediately south of the Hale-Lubbock county line.

Seneca Development company is mout from Phillips Petroleum corporation and Superior Oil company on a two-mile strip bordering the south edge of the pool. Seneca hopes to make as many productive wells along the strip as possible.

Geologists watching the project say it has a better than average chance of producing, but that it is definitely on the flank of the paying structure.

The No. 1 Superior-Nelson, located 330 feet from north and west lines of the east half of section 29, block DT, was drilling last week at approximately 6,000 feet. Offset Staked

Apparently Seneca is optimistic about the No. 1 Superior-Nelson's prospects, for the Dallas concern staked a west offset, the No. 1 Phillips-Baumgart, last week.

The 140-well Anton Irish field was discovered in 1944. The Lamb county portion was opened in December of that year by Humble Oil and Refining company No. 1 Jackson. Stanolind Oil and Gas company spread the pool into Hale county at its No. 1 Lee Irish in 1946.

Operators in the field are: Anton Oil company (which took over Humble interests) Stanolind, Gulf Oil corporation, The Pure Oil company, Hunt Oil company and A. E. Herman of Amarillo.

About three-fourths of the 140 wells are making the daily per well allowable of 40 barrels. All the producers are on the pump.

Other Rigs Operating Besides the Seneca project, two other rigs are operating in the pool Gulf Oil corporation is drilling its No. 13 Hufstедler in the southeast quarter of section 16, block DT. Gulf has nine undrilled locations on the Hufstедler lease, which probably will be drilled out in the near future.

Stanolind has a rig working on the south edge of Hale county portion.

Her mother and father were married here and her mother spent a greater part of her girlhood in Amherst, her father spent a portion of his boyhood here.

## Rev. Ingram to Preach Baccalaureate Sermon to 35 Amherst Seniors May 13

Announcement has been made that the Amherst high school baccalaureate sermon will be given on the night of May 13 at 8 o'clock in the Amherst Baptist church.

Rev. E. R. Ingram, pastor of the Parkview Baptist church will deliver the sermon to 35 seniors.

## Pickup Damaged By Fire at Sudan

A pickup truck belonging to the Morton Machine shop of Sudan was badly damaged Wednesday of last week at 6:30 p.m. when the acetylene drum on the rear of the truck exploded.

A leak in the line caused the blast and the fire backlashed through the torch. The upholstery on the cab of the truck was badly burned and damage was estimated at \$150. The Machine Shop carries insurance for such emergencies.

Pete Thompson, the operator, received a slight injury on the left arm.

At the time of the explosion and fire, the truck was engaged in repair work at the Shannon Compression of the field.

Stanolind has a rig working on in working up a gas-injection unitization project for the Anton Irish area. The majority of the operators and 50 per cent of the royalty owners already have agreed to the unitization, which probably will be started sometime this summer.

By injecting gas back into the field, operators hope to get an additional oil recovery by extending its producing span.

## Earth Purchases New Fire Truck

Earth's dazzling, new, red fire truck made its debut into town last week with a \$8,200.00 price tag on it.

The truck manufactured by the Howe Manufacturing Company is mounted on a Chevrolet chassis with a 500 gallon storage tank. All the modern furbelows known to the trade decorate it; fog nozzle, spotlight, siren and red warning signal lamp.

The fog nozzle, a new fire fighting accessory, carries 300 lbs. of pressure forced through a nozzle opening smaller than a pencil. 1,000 feet of fire fighting hose is aboard to reach locations that far from fire plugs.

Mr. Kickenhauler of the Howe Manufacturing Company was at Earth Wednesday of last week giving the city instruction on how to operate the new gadgets.

## Sudan Basketball Girls Get Jackets

Sixteen members of the Sudan girls basketball team received new jackets on Monday. The jackets are gold satin with bars on the black "S" representing the number of years the wearer lettered.

Those receiving jackets include Laquita Williams, Yvonne Chisholm, Margie Messamore, Sue Glover, Ann McWhorter, Almeda McWhorter, Pat Hanna, Wanda DeLoach, Wanda Henderson, Billy Lynn Vereen, Donna Ribinson, Patsy Gore, Nadine Quisenberry, Freda Patterson, Louise Maxfield and Barbara Preston.

## DAUGHTER IS BORN

Mr. and Mrs. Jarvis Angeley of Earth have a new daughter born at the South Plains Hospital, Amherst, Tuesday, April 17, weighing 8 pounds 11 ounces.

Mr. and Mrs. Angeley have one other daughter and two sons.

## SON BORN

Mr. and Mrs. Robert Lee Barnett are the parents of a son, Donald Paul, born Monday, April 16 at Payne-Shotwell Foundation. He weighed 8 pounds, and 10 ounces. The father is a lineman for Southwestern Public Service Company.

Mrs. Valentine had been a resident of Hockley county for 21 years. She had been in ill health several months.

Survivors include her husband; three brothers, W. H. Foster, Sr., Kilgore, O. L. Foster, Littlefield, and Claud Foster of Louisiana; three sisters, Mrs. W. E. Fielder of Big Spring, Mrs. Joe Wells, Texas City and Mrs. F. O. Eichenburger, Sweetwater.

## Fishing At Brownwood

Raymond Melton and two sons, Jimmy and Ronnie, accompanied by Norah Young of Spade left Monday morning for a few days visit with Mr. Melton's parents, Mr. and Mrs. J. R. Melton, who live on the shores of Lake Brownwood. While the men are there they plan to do some fishing. Mr. and Mrs. Melton are former Littlefield residents.

Cincinnati's first game in the National League was played April 25, 1876. The Red Stockings won over St. Louis, 2-1.

Elected To Membership E. J. Stone of Spade, elected to membership in American Aberdeen Anglers' association at Cincinnati. Stone was one of the bred Aberdeen Anglers elected from Texas to membership in organization.

Dick Bradley, Boston City's hockey goalie, elected for park commissioner of Watertown. He was a slim margin.

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jimenez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez says she is always going to have HADACOL on hand for Floyd.

Here is Mrs. Jimenez's statement:

"My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just

recovering from a siege of a bad cold.

He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could no longer see an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Men, women and children of all ages are praising HADACOL for supplying Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-down Feeling" drag you down—HADACOL can help you, too, if you suffer such deficiencies. Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25 large family economy size, \$3.50.

Just "Can't Get Over" Easy's Fence

Few years ago, Easy Roberts took a lot of kidding when he planted that hedge of Multiflora roses — along his property line. Folks said he was getting pretty high-falutin'.

But today plenty of people who laughed at the idea slow down when they drive by Easy's place — just to look at those roses. Most beautiful sight you ever saw.

Practical, too! The hedge is a good four foot high now, and at least five foot thick—even a shoat couldn't get through that prickly mass of shrubbery. Best of all, it cost less than ordinary fencing. (Might be well worth your while looking into.)

From where I sit, there's no sense in looking down on something just because it's different from what we like. For instance, some people think ice-cold lemonade's the best "cooler-offer" on a hot day. Some of us would rather have a glass of beer. The important thing is not to "hedge ourselves in" against other people's ideas and preferences.

**MILE RELAY TEAM**—Abilene Christian College's mile relay team is building a fine record this season. It won at the Border Olympics, Fort Worth Invitational and Texas Relays. Left to right, the runners are: Leon Lepard of Big Spring; Pete Ragus, Campbell, Calif.; Sam Volpe, Akron, Ohio; and Buddy Garnner, Tulsa, Oklahoma. The best time this season was 3:19.8 in the West Texas Relays at Odessa. In 1950 the Abilene Christian speedsters won their event in the Kansas Relays. (AP Photo)

## Women's Soft Ball Team To Be Organized Friday

A woman's soft ball team will be organized at the home of Mrs. Dan Heard, 514 W. 6th Street Friday night, at 6:20 o'clock. All women who are interested are urged to attend the meeting.

T. L. Dunlap, who sponsored the team last year and furnished uniforms, and equipment, will again sponsor a team, providing enough interest is shown, Mrs. Heard, said.

A captain and other officers will be elected Friday night.

**Roy Gattis to Undergo Eye Operation Friday**

Roy Gattis is scheduled to undergo surgery tomorrow, (Friday) for the removal of cataracts from his eyes. The operation will be performed at North West Hospital, Amarillo, with Dr. W. O. Murphy doing the operating.

Accompanying him to Amarillo will include his wife, and his daughter and son-in-law, Dr. and Mrs. B. W. Armistead.

## Dimmitt Carries Away Honors In Region 1, Class B, Track Meet

Dimmitt's Bobcats walked away with first-place honors in the Region 1 Class B track and field meet at Tech field Saturday.

The Bobcats compiled 31 5/6 points, nearly 11 points ahead of White Deer, the nearest rival with 21 markers. O'Donnel was third with 19 and Farwell took fourth place with 13 points.

Dimmitt was paced by Gene Easley, who won the 100 and 440-yard dashes and ran on the winding mile relay team. Teammate Raymond Crum captured firsts in both the 200-yard low hurdles and 120-yard high hurdles.

**Imel Breaks Mile Mark**

The outstanding performance of the entire meet, however, was the brilliant mile run by Dale Imel of White Deer, who chalked up his ninth consecutive triumph of the year in breaking the old mile mark.

He ran the four-lap race in four minutes, 34.2 seconds, knocking 18 seconds off the old record which he had set in 1949.

White Deer was strong in the long races, placing two runners in the 880 and taking the top two spot in the mile run. But the small Panhandle town couldn't compile any points in the dash and was weak in field events.

**Five Meet Records Topple**

Five old records toppled and another was tied in the annual meet. In addition to Imel's mile, Easley's 52.3 seconds in the 440-yard dash was a new mark, as was the winning time of White Deer's Cofer in the 880. He ran the two-lap affair in 2 minutes, 5.1 seconds.

Other marks set were in the discus and mile relay. Julian of Canadian Tossed the discus 129 feet, three inches, bettering the old mark by better than 10 feet; Dimmitt won the mile relay in 3

## FROM THE GRANDSTAND

By WILBUR MARTIN  
Associated Press Staff

Jack Corbett, former El Paso baseball club owner, has finally filed the suit he threatened last year. It could wreck baseball.

Corbett's suit, filed in Cincinnati, attacks the reserve clause in baseball contracts. This is the clause that binds a player for life to the club that holds the contract. He can't break it. If he jumps it, he is banned from organized baseball. The only way he can be free is to be given his outright release. He can be sold at will, to a higher or lower classification league. He doesn't get any say—or money—on the sale.

This suit stems from a ruling last summer by minor league commissioner George M. Trautman which voided seven contracts by El Paso players. Trautman contended Corbett has signed the players from the Mexican league in violation of an agreement between U. S. and Mexican baseball.

Similar suits have been filed in the past. The most celebrated, probably, was that by Danny Gardella, former New York Giant player. Gardella, who jumped to the Mexican League, was suspended, then reinstated in baseball, dropped the suit. There were reports he was "paid off." He has faded from the baseball scene.

These suits contend that baseball is interstate commerce and that the reserve clause in the contract violates the anti-trust laws.

Some say the contracts are illegal, and predict the time will come when players will be signed to long-term contracts, like movie actors.

Baseball lives in fear of these suits. The reserve clause is rock upon which the organized baseball leagues are built.

It doesn't know the courts would rule such a clause illegal. But it apparently is scared to death to make the test. The Corbett suit may force one. If it doesn't, someone eventually will file such a suit, and carry it through to a decision, one way or another.

Ken Church, leading rider at the Hialeah Meeting, has been having his ups and downs. Within five days he was spilled twice—once at the starting gate and once at the eight pole.

## It makes your dollars talk great good sense!

When you look at the times we live in . . . and then take a look at this new Chrysler Windsor . . . you might almost think we'd had advance information and special-built this car just to fit these times!

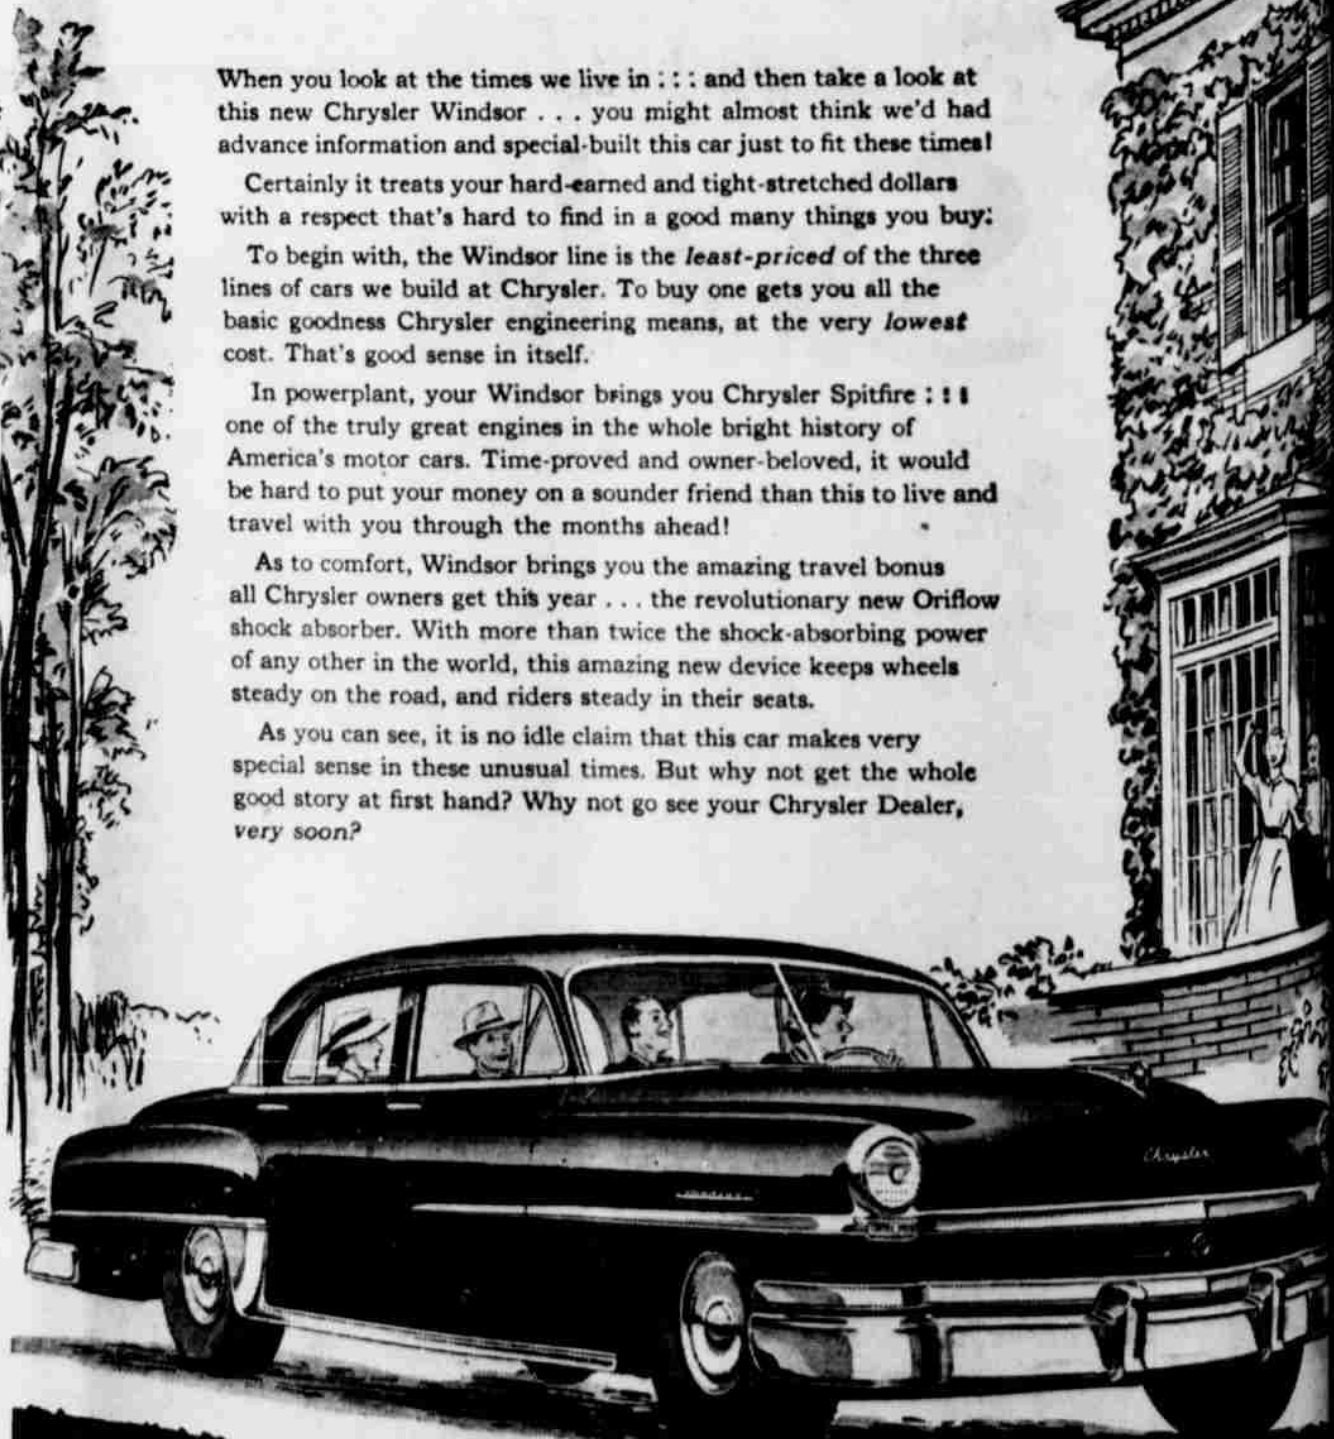

Certainly it treats your hard-earned and tight-stretched dollars with a respect that's hard to find in a good many things you buy:

To begin with, the Windsor line is the *least-priced* of the three lines of cars we build at Chrysler. To buy one gets you all the basic goodness Chrysler engineering means, at the very *lowest* cost. That's good sense in itself.

In powerplant, your Windsor brings you Chrysler Spitfire . . . one of the truly great engines in the whole bright history of America's motor cars. Time-proved and owner-beloved, it would be hard to put your money on a sounder friend than this to live and travel with you through the months ahead!

As to comfort, Windsor brings you the amazing travel bonus all Chrysler owners get this year . . . the revolutionary new Oriflow shock absorber. With more than twice the shock-absorbing power of any other in the world, this amazing new device keeps wheels steady on the road, and riders steady in their seats.

As you can see, it is no idle claim that this car makes very special sense in these unusual times. But why not get the whole good story at first hand? Why not go see your Chrysler Dealer, *very soon?*

Beautiful to look at! . . .  
Beautiful to drive!
