School Board Joins Plan For Paving Stadium Road

Trustees, County In Joint Move

Littlefield school trustees Monday night joined city and county officials in a project to pave College Avenue—the street that runs by Wildcat stadium—from Highway 51 to Highway 84. Trustees approved the use of \$3,000 as the school district's part in the cooperative plan. County Commissioner Bill Jeffries of Precinct 3, who met with school officials, disclosed that the county's part of the expense will be \$3,350. The county-school project is to pave College Avenue from the city limits to Highway 84. The city already has work under way on the street from Highway 51 to the east city limits.

To Draw Up Contracts

Plans call for the county and school to draw up contracts with Thomason Construction Co., of Denver City. Thomason is doing the city's paving and could lump the rest of College Avenue into his other work here. Both county and school officials hope that the project can be completed before Oct. 30, when the Wildcats play Clovis here in their second home game. Paving of the street would give fans paved access to the stadium. At present, none of the roads leading to the field is paved.

Another Project Discussed

The trustees' decision to join the county in the College Avenue paving project came after long discussion on another paving project. The school board also saw the need for paving the area around the school cafeteria, which stands in water when it rains. Trustees said the paving around the cafeteria is sorely needed and instructed Supt. Ralph Schilling to investigate possibilities of getting the job done this year. Estimates of the cost for the school cafeteria paving project ranged around \$3,600.

'One-Time' Chance

The College Avenue paving decision was made swiftly, however, as board members agreed it was a "one-time" opportunity that might not present itself again. In other action the board authorized Dr. Schilling to have a cable placed at the west end of (Continued on Page 8)

'Spoilers' Meet Again

Cats Trek To Plainview Friday Night For Opener

Littlefield's Wildcats and Plainview's Bulldogs, with their stadium dedications out of the way, collide at Plainview Friday night in the opener for both teams. Both clubs acted as spoilers the past two years.

Littlefield sent Plainview fans away disappointed in 1956, when

the Wildcats scored a three-touchdown victory in the Bulldogs' stadium dedication game. But Plainview came back in 1957 to dole out the same sort of medicine, edging Littlefield 19-14 as the Wildcats dedicated their new stadium.

This year, AAAA Plainview

rates the favorite's role in a ball game expected to be a close one. The Bulldogs are blessed with 16 returning lettermen and may be tougher than last year, when they won seven, lost two and tied one.

The Cats, who won seven and lost three, won't have to deal with Jess McGuire, however. McGuire, the all-state tailback, got his diploma.

Plainview Coach Buzz Warren has a couple of boys who are expected to take up the slack. Tailback Ronnie Stokes and 220-pound fullback Robest Dalton.

Warren, who admits his club will be "more versatile," greeted returning lettermen which included four ends, three tackles, two guards, a center and six backs.

Wildcat Coach Don Williams will counter with his starting line-up: Ends Hilton Hemphill and Lewis Foley, Tackles Bill Wade and Ronnie McWilliams (offense) or Ken Wilemon (defense); Guards Bo Roberts and James Blackwell; Center Landon Roberts; Quarterback Bill Jeffries (offense) or De Pierce (defense); Halfbacks James Pressley and James Goldston (offense) or Ray Minyard (defense) and Fullback Gus Gallini.

Wildcat captains for the game are Hemphill, Wade and Pressley. Williams said he was "pleasantly surprised" after the Cats scrimmaged Andrews there Saturday. The Cats held their own, he said, against a heavy Andrews team, United Press International ranked Andrews fourth in the state in its first Class AAA weekly poll.

UF Directors Set Goal At \$30,729

Lamb County United Fund directors Tuesday night approved a tentative goal of \$30,729 for 1958, with the county-wide drive to start the week of Nov. 11.

The \$30,729 will go to the Red Cross, Salvation Army, Girl Scouts and Boy Scouts, Board President Ralph Schilling said.

UF workers began setting up a headquarters Wednesday in the Pioneer Natural Gas building. Mrs. Odell Matthews will be drive secretary.

Although the big push will get under way Nov. 11, the drive actually will start Nov. 4, when an advance gifts campaign is scheduled, Dr. Schilling said.

After the county-wide drive the week of Nov. 11, an employe drive will be held, starting Nov. 18.

Approval of the goal and dates for the drive came at a meeting of the UF board Tuesday night. The board will meet again Sept. 23 to name chairman for each community and to set goals for each town in the county.

Truitt Sides of Olton will act as county campaign chairman. The goal of \$30,729 for 1958 is \$2,500 more than the goal of \$28,229 in 1957. About \$25,000 was raised in the county last year.

The Red Cross will receive \$9,976 in 1958, if the goal is met. Mrs. Lyle Brandon, executive secretary of the Red Cross, met with the UF board to make her organization's request.

Some \$7,209 will go to the Salvation Army, as requested by Lt. Kenneth Clark and Harold Clements, a member of the SA board. About \$6,000 will be set aside for the Boy Scouts, as requested by Charles Duval.

Another \$3,536 will go to the Girl Scouts. Amos Ward made the request for the Girl Scouts.

About \$2,672 will be set aside for administrative purposes and another \$1,336 will be used as a buffer. The buffer fund would go for any quick-acting emergency, so that no new drive would be required.

GRID CONTEST STARTS TODAY

The News & Leader's first football contest of the year appears inside today's Leader. Contestants can win a total of \$10 in prizes each week.

Headline game of the week is the Littlefield-Plainview clash at Plainview. Area games are also featured in the contest.

Persons who enter can choose the winner in 15 games, then turn their entry blanks at any store listed in the contest. Entry deadline is 6 p.m. Friday.

Receiver Named in Case Over Olton Hospital

Lawyer J. R. (Billy) Hall of Littlefield was appointed as receiver in a case over the partnership of Olton Memorial Hospital here Monday in 154th District Court.

Special Judge Willard G. Street Jr. appointed Hall and later issued a court order in the case of Dr. B. J. Souders vs. Drs. James and Lynn Fite.

Hall was instructed to collect the partnership assets and sell them, dividing the returns among Souders and the Fite brothers. Dr. James Fite will receive 35 per cent, Dr. Lynn Fite, 33 per cent and Dr. Souders 32 per cent.

Annual SCD Field Tour Slated Today

The Lamb County Soil Conservation District's annual field tour will start today at 1 p.m. at the Hampton Gin in Spade.

The tour, rotated among the district's five zones each year, will be held in Supervisor Albert Lockwood's zone this year.

First stop on the tour will be at the farm of C. C. Byers, to observe cotton following alfalfa and cotton following cotton burs.

The farm of James Steffey will be visited on the second stop, to observe a level, closed-end diversion.

The third stop will be at the farm of L. F. Hoelscher, to see the use of vetch as a part of a conservation cropping system.

The farm of Ivan Fowler will be visited as the last stop of the day. Fowler has done some bench leveling on steep land, improving his watering system.

The Calf's Doing Fine Littlefield Man Raising Angus Calf On Goat Milk

Goat's milk has always had a good reputation as a body builder. But it's gaining a new reputation in Leonard Stewart's backyard "farm" at 820 W. 8th St.

Stewart is raising an Angus calf on the stuff, and the calf couldn't be doing better, he says.

Stewart bought the six-week-old calf three weeks ago, after the calf's mother died.

He raised it since with two goats as "mamas."

"I'd always heard that goat's milk was good for babies," Stewart says, "so I decided to try this calf out on it."

Stewart's had the vet, Dr. Charles Nace, checking the calf regularly. Dr. Nace told him that the calf is doing alright on the milk.

When feeding time comes, Stewart strolls out to his goat pen and gets "mama" and the calf together. There's usually a slight tussle, because the calf's always eager and "mama" is sometimes hesitant.

The calf knows his "mamas"

well. Stewart has five goats, but the calf has no trouble picking out the right two.

The Angus makes a beeline for one of the mamas' when it's feeding time.

Stewart says he's already had several offers for the calf. He's not ready to sell it yet, he says, but he plans to later.

He and Mrs. Stewart have never worried about being among the first to try something.

So when it came time to try out the calf on goat's milk, Stewart was all for it.

Back in 1944, Mrs. Stewart set up Virginia's Beauty Shop at her home. It was the first to be put in on the outskirts of town, she says. She's still operating it.

Says Littlefield's Master Planner . . .

"Clothes don't make a man, but they can break a husband."

MRS. LEE BOYD MONTGOMERY JR.
(Formerly Gwen Nix)

Miss Nix-Montgomery Exchange Wedding Vows

Following a trip to Ruidoso, N.M., Mr. and Mrs. Lee Boyd Montgomery Jr. are at home in Sudan, where he is hand director, while his bride will continue her studies at Texas Tech.

The bride is the former Gwen Nix, daughter of Mr. and Mrs. E. G. Nix of Crane. The groom is the son of Mr. and Mrs. L. B. Montgomery Sr. of Littlefield.

The wedding took place at 7 p.m. Aug. 28, at the First Methodist Church in Crane, with Rev. Watt Royal reading the double ring service.

Given in marriage by her father, the bride wore white imported rose point Chantilly lace, decorated with a fitted bodice, pointed in front and back, with long pointed sleeves, and a square scalloped neckline, edged with sequins and pearls. The softly gathered skirt flared into a bouffant fullness and swept into a cathedral train. A tulle of sequins and seed pearls held the fingertip veil, which was bordered by Chantilly lace and gold wedding tulle lace points. For something hand belonging to her maternal grandmother, she carried yellow ostrich on a white Bible, with yellow streamers.

Ushers were Miss Helen Stiel of Crane, maid of honor; Miss Marlow Douthett, Avoca, Tex.; Mrs. Gordon Lee, Lubbock, and Miss Sandra Russell, Crane, bridesmaids.

They wore yellow taffeta, princess style dresses with lace bodices, princess skirts flared to a gathered bouffant back. They wore yellow net circular veils held by yellow taffeta bows and shades of yellow satin dyed to match. They carried bouquets of bronze pom pom mums on a bronze heart. The maid of honor carried a double heart bouquet.

Jimmy Snell of Eunice, N.M., was best man, and ushers were Bob Ray and Gordon Lee of Lubbock, and Doyle Montgomery, Littlefield, brother of the groom. Candles were lighted by Mickie and Duke Montgomery of Littlefield, brothers of the groom. The bride's mother wore aqua

lace dress with mauve accessories, and a pink rose bud corsage.

The church was decorated with yellow tapered candles, a wedding arch covered in huckleberry, and wedding bells in the center, with an arrangement of yellow gladioli.

The reception was held following the ceremony at Mountain View Hall.

In the house party were Mrs. E. G. Nix, Mrs. Jim Tom Butler, Miss Nancy Wilmoth of Crane, Mrs. Bob Ray, Lubbock and Mrs. S. S. Oxford of Odessa.

A cutwork tablecloth with crystal appointments, and yellow candles were used on the bride's table. Bridesmaids bouquets were used as table decorations. The three-tiered yellow and white wedding cake was topped by a miniature bride and groom.

For travel, the bride wore a dark blue printed cotton suit with a blouson blouse, black accessories, and a yellow rose corsage from her bridal bouquet.

Barbeque Supper Given By Smiths

The back lawn of the J. D. Smith home at 109 East 11th St. was the scene of a barbeque supper Sunday evening. Mr. and Mrs. Smith and J. R. Chamberlain were hosts for the event.

Barbeque with all the trimmings were served to some thirty three guests.

Earth Study Club Invites Local Clubs

The Town and Country Study Club of Earth has extended an invitation to all Federated Clubs in Littlefield to attend a meeting in Earth Thursday night at 7:30 p.m. Mrs. A. T. Coconaugher, president of the 7th District, will be guest speaker.

The meeting will be held at the First Baptist Church in Earth.

All Day Workshop Held By Anton Garden Club

ANTON—The Garden Club members met Thursday at 1:30 p.m. in the home of M. S. Paul Tullis for an all day workshop on flower arranging.

The group heard three lectures pertaining to flower arranging by national judges before going to the workshop. Mrs. Jack Grace talked on "Containers, Mechanics and Preparing Your Materials." Mrs. Roy Carden gave a talk and demonstration on "Color in Relation to the Principles of Design." Mrs. W. M. Alexander explained the importance of following the schedule of a flower show.

The president, Mrs. Paul Tullis, welcomed three new members into the club, Mmes. D. C. Roberts, Jim Holgood and Gene Bourland.

The club voted to keep Mrs. John Fry on the roll as an honorary member, after her letter of resignation was read.

Mrs. Harry Campbell presented the new yearbooks. The theme for this year is "Planning Today's Gardens for Tomorrow's Flowers."

At the close of the program

the group met in the dining room for lunch. The table was laid with a cloth of linen cutwork, with a centerpiece of yellow gladioli. The appointments were in silver, china and crystal.

Following the luncheon they gathered in the garage where work tables, flowers, containers, mechanics and materials were set up. Each member made from one to three arrangements with Mmes. Grace, Carden and Alexander.

Mrs. Harry Campbell made the under helping. The most outstanding arrangement, which was composed of pink roses, celosia and small berries, arranged in a grey urn in a bogarth line.

The meeting adjourned at 3:30 to meet Sept. 25 at 9 a.m. with Mrs. Ashley Cox in Lubbock for a coffee. Mrs. E. E. Louthan, an authoritative speaker, will show slides and lecture on landscaping, and report on a flower show she attended this spring in New York. Fourteen members and one guest, Mrs. Ralph Campbell attended the meeting.

Nine, Not Seven, Is Lucky Number For Helen Wicker

"Nine" was the magic number Saturday for young Helen Wicker, daughter of Mr. and Mrs. Jack Wicker of Littlefield.

She celebrated her ninth birthday — three days ahead of schedule.

Had it not been for school, she could have had her ninth birthday on the right day — the ninth day of the ninth month.

She was born in 1949 at 9 a.m. She weighed, you guessed it, nine pounds at birth.

Of course, she knew just how many guests she wanted for her ninth party.

They were Barbara Jean Quigley, Betty Sanderson, Ann Yarbrough, Ann Farmer, Nancy Keeling, Connie Keeling, Sally Duggan, Judy Ford and Rene Gagnon. (Count 'em, there were nine.)

Mrs. Stephens Presides For Toastmistress

The Littlefield Toastmistress Club met Monday noon at Mack's Downtown restaurant with Mrs. Mickey Stephens presiding in the absence of the president, Mrs. Margaret Murdoch. There were eight members present.

Mrs. Bess Coen was Toastmistress and Mrs. Emma Reeves was topic mistress. Extemporaneous speeches were made by Mrs. Ella Lindley, Mrs. Bess Atkinson and Mrs. Pearl Brandon.

Table topics were on Littlefield progress. Each person present evaluated the talk of the person on the right.

Those present were Mrs. Stephens, D. C. Lindley, Atkinson, J. R. Coen, Reeves, Ann Rutledge, Norman Frey and Minnie Matthews.

The next meeting will be in the Red Cross office in the Court House Sept. 15th at noon. Members will bring a sack lunch and all are urged to be present.

Forum Club Holds Annual Breakfast Sunday Morning

The Forum's annual breakfast was held Sunday morning in Thornton's Cafeteria.

The table was beautifully decorated with autumn flowers in gold and white. The committee in charge of arrangements was composed of Mrs. J. S. Abernathy, Miss Clara Jarman, Mrs. Lula Dickerson and Mrs. W. D. Smith.

The theme of the program was "A Dream Comes True," presented by Mrs. T. J. Jones. She gave an account of the highlights of her recent tour of Europe. She visited in the home of the Ernest Strasilla family who lived near Berchtesgaden, Germany.

Mrs. Jones told about how she two families corresponded for a number of years and as a result of this correspondence a son, Ardo, came to live in her home and

is now in school at Texas Tech. On her flight from Dallas to New York, Mrs. Jones met Joan Parraack who was hostess on the plane.

Mrs. Jones gave vivid descriptions of places she visited, such as Paris, France; Vienna, Austria; Venice, Italy; Berlin, Germany; Amsterdam, Holland; London, England; Brussels, and the World's Fair.

She was impressed with the United States exhibit there as well as that of Russia and other countries.

She brought a bag of articles necessary for a trip abroad. Mrs. Jones gave an interesting account of her tour of Europe.

The new yearbooks were presented to the members by the president, Mrs. W. D. Smith.

Mrs. Ralph Wade Hostess For Northside Club

WHITHARRAL — Mrs. Wade was hostess in the Thursday afternoon meeting of the Northside Club.

THE BIBLE SPEAKS
BY DR. KENNETH J. FOREMAN

God In Business
Lesson for September 14, 1958

WHERE can we find God? In church, yes; in the great out-of-doors, yes. In prayer in the quiet room, or under the mighty far-off stars, God is everywhere.

But is God in business? We don't mean, is God doing business? He always is, of course. We mean, is God in the business life of our time? Is he on the stock exchange, is he in attendance at board meetings of great corporations, is he in the little country stores, is he in horse trades or on used-car lots? "The Economy" is a phrase used so often nowadays that even teen-agers must know in general what it means. "The Economy" is today's jargon for all the financial doings that keep our industrial and agricultural wheels going, the word includes those four pillars of all business anywhere any time: production, marketing, accounting and finance. Is God in the economy of America?

Dr. Foreman

Simple Honesty

Now it might be that not a reader of this column is a "business man." For all that, every reader is engaged in business some way or other part of the time. "Money isn't everything, but money's into everything." If we live, breathe and eat groceries, we are connected, more or less, with the vast web of buying, selling, owning, renting, earning, spending (yes and wasting, which is economics gone mad), all of which we lump together under the head of "The Economy" or just "economic life." Let us think not of something big, something a congressman might plan for. Let us think of economics on Main Street, at the supermarket, on the bus, maybe our few dollars at the bank. Let's forget about the hundred-dollar bills and think about small change.

Are we honest about all these things? Does our religion affect the way we price what we have to sell (if only a few eggs or bales of hay)? Do we make honest statements about what we buy and sell? The command of God is: "Thou shalt not steal." Nothing said about "Thou shalt not steal a whole lot," or "Thou shalt not steal unless thou canst get by with it!" Taking any kind of advantage of any other person (or corporation, for that matter) so that they are the poorer for what you did, is stealing.

Is it a sin to be rich?

There are so many condemnations of rich people in the Bible, that some readers of it have the impression that God condemns rich people just because they are rich. This is not true. A more careful reading shows that whenever a wealthy person is denounced in the name of God, it isn't because of his wealth, by itself. There are too many highly-praised persons of wealth in the Bible to allow us to believe that wealth is a sin, period. The point is not: How much do you have? or, What is the amount, in dollars, which is the limit a good Christian can have? The point is: How did you get what you have? Jesus' brother James calls down doom on certain rich farmers, not because they had money but because their wealth was gained by underpaying their hired men. Making money by making men poor is stealing, and sin.

Is this spirit possible?

Saint Peter gives us what is better than a rule: he tells us the right kind of spirit that a Christian ought to have. Our gifts, he writes, are to be employed "for one another;" service is to be rendered in such as to glorify God. We all feel that this is the right spirit for "church work." But is it practicable to take this same spirit into business, into our economic life? Is it possible, in business transactions, to serve one another for the glory of God? This is a vital question. If we have to say No, it is not practicable, then we are saying that we can be Christian only in our leisure time, not our workingtime. If we want to live as Christians around the clock, throughout the week, then we shall have to think out ways in which we can carry this spirit of devotion to God and man into the dollars-and-cents world. Can it be done? Each reader is challenged to make the experiment.

this is the Quad...

The Quadrangle at the University of Pennsylvania . . . here live hundreds of freshmen from towns and cities all over America. For many it is their first great venture into the world of responsibility and temptation. It is a crucial year . . . and they live it in a community all their own, surrounded by the teeming millions of a great city!

An important part of their life is the Christian Association, augmenting the programs of the campus churches. There are wholesome social activities, challenging discussion groups, services of worship, opportunities for community service.

Here, as on almost every college campus, the Church is on the job. Its specially-trained leaders are guiding our sons and daughters in their adjustment to college life and the complicated world of opportunity and danger.

Are you helping the Church in its far-reaching ministry? Are you providing the religious home life and church-centered spiritual training that a boy and girl need BEFORE THEY GO OUT INTO THE WORLD?

Copyright 1955, Keltner Adv. Service, Strsburg, Pa.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Spade Longhorns Banking All Eight Area Grid Teams On Eight Senior Gridders Swing Into Action Friday

THIS WEEK In Washington

With CLINTON DAVIDSON

Farm program administrators in Washington this week are trying to solve the farm law puzzle which the 85th Congress tossed into their lap just before leaving town.

The new law calls for changes in programs affecting corn, cotton, rice, oats, barley, rye and grain sorghums. It sets up a whole new set of rules and regulations for growers of those commodities.

Agriculture Department officials have not, so far, been able to make an estimate of how much the new program will cost, or how much it may add to already large surpluses. It may be weeks before an official interpretation of the law is available.

The program involves many compromises. Congressmen we have talked with do not agree on just what the program is intended to do. They voted for it because they felt it was the best that was proposed.

Corn Allotments Out
The new program abandons efforts, after many years, to control the acreage planted in corn. There will be no corn allotments, starting in 1959. The support rate, to be set by the Secretary of Agriculture, will apply to all corn grown.

The law says, however, that no supports shall be less than 65 per cent of parity. That will be somewhere near \$1.15 a bushel in 1959. It provides that other feed grains — oats, barley, rye and grain sorghums — shall be supported at prices "fair in relation to the feed value of corn."

Congress left it up to the Secretary to make the decision as to the support rate that would be "fair." Support officials estimate that will be "about" 88c a bu. for oats, \$1.25 a bu. for barley, \$1.70 a bu. for rye and \$2.50 a cwt. for grain sorghums.

Two Cotton Programs
The law calls for a 16-million-acre-cotton allotment, starting in

All eight of the area football teams will bounce into action this week after a rather disappointing week for most of them last week.

In a big game involving two area squads, Whitharral will journey to Anton to take on Coach Dave Smith's potent Bulldogs. The Olton Mustangs will be trying to make it two in a row in the early season Friday when they travel to Floydada to clash with always tough Floydada.

Sudan, after losing a tight one to Morton, collides with Muleshoe of Class A Aat Muleshoe Friday.

Springlake's Wolverines, still hurting from last week's loss to Dimmitt, will meet another test in Idalou against that town. Amherst, who fell to Anton last week, will meet the Friona Chiefs at Amherst.

Two area teams will be opening the season Friday. Both are six man teams, and both will be favored to win.

Bula will host Pettit in the opener for both teams.

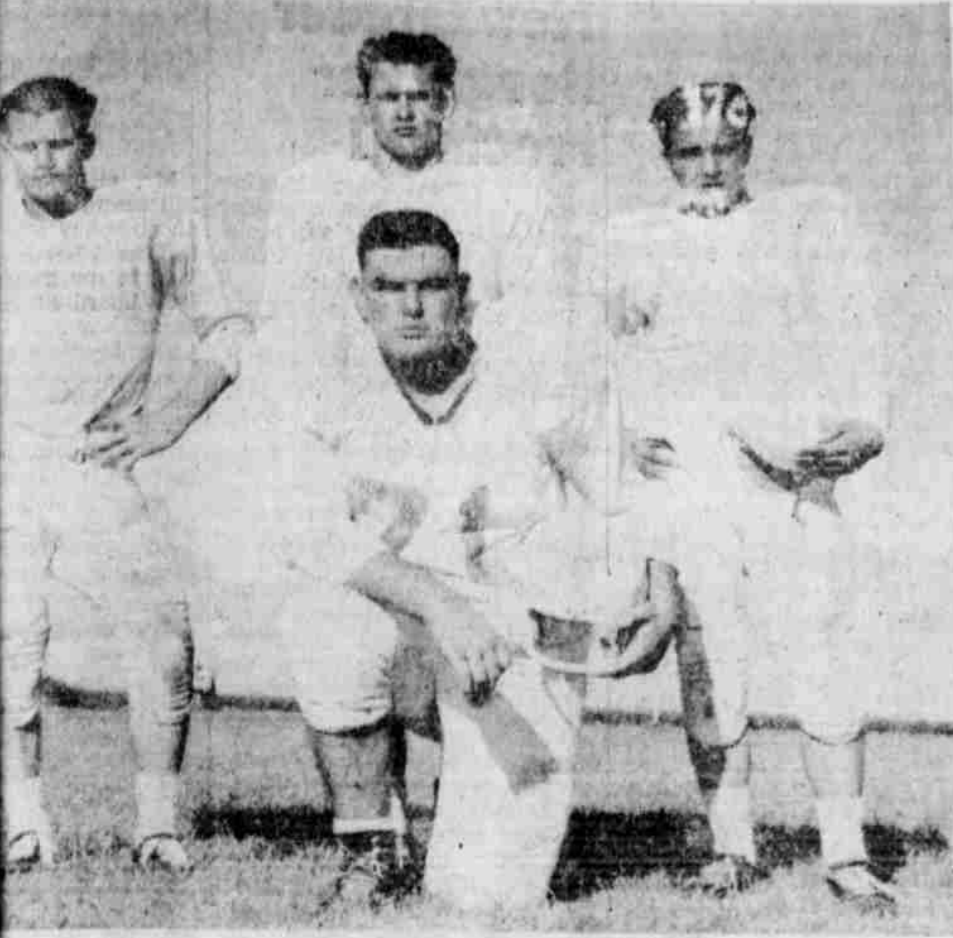

Spade will tangle with Nazareth in the lid-lifter at Nazareth.

1959. That's about 10 per cent under this year. Growers will choose between two very different programs in 1959 and 1960.

Program "A" says that if they plant within their allotment the government will buy their cotton at 80 per cent of parity, a national average of about 36 cents a pound. Program "B" permits them to over-plant their allotment by up to 40 per cent and get price supports at 65 per cent of parity, about 31c a pound, in 1959 and 1960 only. After 1960 all growers would have to plant within their allotments to get supports at 170 per cent of parity in 1961 and 65 per cent thereafter.

The rice program continues the national allotment at 1.6 million acres and permits the Secretary to set supports anywhere between 75 per cent and 90 per cent of parity in 1959 and 1960, then drops supports to 70 per cent of parity in 1961 and to 65 per cent of parity in 1962 and thereafter.

County Red Cross Chapter Makes State Meeting Plans

Plans to attend the third annual state meeting in San Antonio Nov. 14-15 were made Friday in a meeting of the Lamb County Chapter of the American Red Cross.

J. E. Chisholm of Littlefield, a member of the board of directors, is vice-president of the state convention.

In other action, Mrs. Larry Messer was welcomed to the Crapper board as Junior Red Cross chairman for the county. County Chairman Truitt Sides of Olton presided at the meeting.

A report on the water safety program was made by Mrs. Lyle Brandon, the executive secretary, who stated that 46 certificates had been awarded in the county.

Couch Boyce Elam, in his first year as coach of the six-man Spade Longhorns, displayed optimism. "We have a lot of seniors with hustle and desire. I have high hopes that we will fare pretty well this year," Elam commented. Of the fifteen boys who reported to Elam, eight were seniors. In all, nine lettermen will be playing for the Longhorns.

Veteran quarterback Tommy Bush will be leading Spade, which lost only three games last year. Spade is running from the single-wing this year.

Besides Bush in the backfield Elam named Phelix Sipes at fullback and Ernest Young at halfback as probable starters in Spade's opener against Nazareth at Spade Friday night.

Holding down the ends for the Longhorns this year may be Bobby Nelson, senior letterman and Bobby Williams, also a senior letterman. Try out for end who Elam mentioned as a corner is Sam Nichols, a senior playing his first year of football.

Richard Ramage, the only sophomore starter, is to be center for Spade this season.

Complete Spade roster is listed below: Ends: Bobby Williams senior, letterman; Bobby Nelson senior, letterman; Sam Nichols senior, no experience; Jim Mouser junior, letterman; Melburn Keener, sophomore, no experience. Centers: Richard Ramage sophomore, letterman; Timmy Cantrell sophomore, no experience. Quarterbacks: Tommy Bush senior, letterman; Jerry Neel junior, letterman. Halfbacks: Ernest Young senior, letterman; C. W. Hunt senior, no experience; Kenneth Hutchins junior, letterman; Larry Lockwood junior, letterman. Fullbacks: Phelix Sipes senior, letterman; Wallace Holly freshman, junior high.

Manager for Spade this year are Lee Leonard and Marcus Ramage. Spade is in the same district as Bula, Threeway, Cotton Center, and Nazareth. The district teams will play a double round robin. Two Littlefield men were injured Monday afternoon in a one-car traffic mishap a mile southwest of Balner Switch on Highway 84. The men, brothers W. O. and Cecil Walker, were hospitalized at Littlefield Hospital.

W. O. Walker, the driver of the car, was being treated for chest injuries. Cecil Walker suffered multiple lacerations about his head and a broken ankle. Officers said the Walker car, headed toward Littlefield, ran off the road and into a culvert. Damage to the car was estimated at \$400.

A charge of driving while intoxicated was filed by highway patrolmen against W. O. Walker, the driver.

Anton Mexican Charged In Hit-Run Mishap

An Anton Mexican was charged with failure to stop and render aid after a traffic mishap on Highway 84 near Roundup, Sunday about 7:30 p.m.

Highway patrolmen said the Antonio Duque of Anton, left the scene after his car hit an auto driven by Warren Coker of Wolf-orth. The Coker car turned over twice, but he was not injured.

Coker, officers said, was driving southeast in the outside lane of the highway and started into the inside lane. Deque attempted to pass and his car hit the rear of the Coker auto. The Deque car was found later in Anton, officers said.

Car Total Loss In Mishap Here

A 1951 model auto driven by T. J. Short of Littlefield was a total loss in a traffic mishap here Tuesday about 4:30 p.m. Officers said Short's car struck a parked pickup owned by Marlene J. Horton of Amherst. The accident occurred on Highway 84 near the Dairy Mart. Damage to Horton's pickup was estimated at \$120.

Railroads were the biggest users of diesel fuel in 1956, consuming more than 45 per cent of the more than 183 million barrels sold in the country.

West Texas State To Open 49th Session On Sept. 15

CANYON—West Texas State College will open its 49th session here Sept. 15, and like most colleges throughout the nation, will expect a record enrollment. Well over 2,000 students are expected to enroll for the fall semester.

Activity around the campus will get under way Sept. 12, when the Student Senate will open conferences to plan student affairs for the year. The 12 class senators and representatives of campus organizations will meet with DeWayne Noel of Friona, student body president, to set a social calendar and to arrange activities for "the first," or "Get Acquainted" week.

Student conferences will be held at 2 p.m. Friday and Saturday in the student union building. A faculty breakfast and business session will be held at 8 a.m. Sept. 13, and dormitories will be opened for students to move in on Sunday, Sept. 14.

Students will come back to WT's campus again this year, as they have for the past few years to see continued construction on major buildings. A new fine arts

Two Mexicans Charged With Drunk Driving

Two Mexicans were charged with driving while intoxicated after their arrests Sunday and Monday by county officers.

Officers picked up Moses Bryant, a Muleshoe Mexican, on a drunk driving charge Sunday. Bryant entered a plea of guilty in county court and was fined \$150 and given three days in jail.

Oscar Saliz, a Plainview Mexican, was arrested Monday and charged with DWI. He was fined \$50 and costs and given three days in jail after pleading guilty in county court.

In other activity, a Littlefield Negro, Ralph Smith Jr., was arrested Monday on a forgery charge.

building, a capacity-doubling addition to the science building, and new stadium are under construction and are expected to be completed in the fall of 1959.

WT's freshmen will start orientation at 8:30 a.m. on Sept. 15, continuing through the day with freshman tests, and will be given counseling Sept. 16 before evening registration, along with sophomores that afternoon. Freshmen and sophomores continue registering in the morning of Sept. 17, while juniors, seniors and graduates complete registration Sept. 18.

Downtown Tokyo is very cosmopolitan. At the Imperial Hotel almost every language is spoken, off the beaten track, are the fast, little sidestreets of Tokyo, crisscrossing places. There the old customs are still predominant, shops are very small, and everything is very crowded and noisy.

From Japan we flew to Okinawa (I talked to some friends I knew at Tech) and then on to Manila. We spent very little time there—flew on a Viscount turbo jet to Hong Kong—and felt as if we had "arrived" at last.

Hong Kong is everything you could possibly imagine. A few parts are rather continental (English and tourist influence), but most areas are very Chinese, shopping is unbelievable. I had shoes custom made in the finest factory, for \$10.00! And their tailors can make absolutely anything.

Actually the main city is divided into two parts, Kawloon and Long Kong, by a broad channel. Ferry service leaves about every 15 minutes, and costs about two American pennies. Both sides are hilly. Above the city are the hills with many fine "view" apartments. And beyond the hills, on the other side, is beautiful Repulse Bay. I saw a quite continental, has beautiful beaches and magnificent homes, an Oriental Riviera—and here are countless bays, each swarming with sampans. Those people spend their entire lives on these tiny boats, and are perfectly happy to do so.

"\$7.34 invested in ammonia netted \$40.56 in wheat"

W. H. Jackson, successful High Plains farmer, says: "Phillips 66 ammonia proved to me it can help me make more money. The irrigated wheat I fertilized with Phillips 66 Agricultural Ammonia gave me a 25 bushel-per-acre increase over an unfertilized check plot. This netted me \$40.56 per acre."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields... and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

According to the U. S. Bureau of Advertising, ADVERTISING ranks first with women, over all other newspaper content, for interest and readership! Women actually read ads in preference to anything else in the newspaper. (For that matter, ads rank third with men for readership!) And reading the newspaper is a favorite habit with American women.

So, if you have a product to sell—display it in an ad in your local newspaper. If it's for the home, write it to the housewife's point of view. For, more than anyone else, she'll read it. And, more than anyone else, she's the one who does the buying for the family!

Of Rights For Athletes'

Heavy and growing emphasis on sports in our country has inevitably increased the chance of injury. That has led the American Medical Association's Committee on Sports to prepare "A Bill of Rights For the College Athlete," the Committee observes, "has the responsibility to play fair, to give his best, to keep in training, to himself with credit to his sport and his school. In the right to optimal protection against injury, to be assured through good technical instruction, regulation and conditions of play, adequate health

importance of good coaching cannot be minimized. Instruction leading to skillful performance helps in the incidence and decreasing the severity of injury. Good coaching includes the discouragement of either the rules or the spirit of the rules, increase hazards.

Specializing is another need. Rules to protect players to promote enjoyment of the game should be understood by all involved, and be enforced by qualified officials. Equipment and playing facilities are major defenses against injury. The use of cheap, worn out, outmoded or false economy.

Good medical care is another essential. The Committee lists three elements. Participants in sports given a thorough physical examination—many occurring each year result from unrecognized health problems. A physician should be present at all contests and available during practice sessions. And in all matters, the physician's authority should be absolute.

Simple stipulations. Following them can minimize the hazards of any sport to the minimum.

And Opinion

Butte, Montana, Standard: "... A Hoover task force discovered three years ago that the element is among other things, the largest electric user in the country, the largest insurer, the largest and the largest borrower, the largest landlord, the largest tenant, the largest holder of grazing land, the largest holder of timberland, the largest owner of grain, the largest warehouse operator, the largest shipowner and the largest truck-fleet operator. These conditions still prevail three years after the Hoover Commission recommended that the government get itself out of business."

STATE CAPITAL

Highlights

AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—How best to educate Texas children—and how to pay for it—will be a key issue in the upcoming legislative session. Problems were spotlighted when the Hale-Aikin Committee made its first report. Included were 12 recommendations for improvement or expansion of public education.

Several proposals reflect the concerns of the times. In an age of mounting traffic death tolls and almost universal availability of high-speed cars to teenagers, state-supported driver education was urged. In the face of widespread reports of the superiority of educational systems in other countries, the committee recommended state aid for classes for the "academically gifted." It also proposed increasing the school year from a minimum 175 days to 180 days plus five days for teacher training.

Other proposals were to provide state support for (1) more principals, (2) assistant superintendent in large districts, (3) pre-school teaching of children unable to speak English, (4) larger allowances for maintenance, (5) replacing school buses and paying drivers (6) buses for city children living more than two miles from school, and (7) state and local guidance services.

It also suggested basing teacher-pupil ratios on current attendance rather than figures for the year before and urged setting aside of TV channels for future educational use. Final decision on other recommendations was postponed until Sept. 15. These include raising the minimum pay for teachers \$395 a year (from \$3205 to \$3800) and releasing state property taxes to allow for more local district collections.

Hale-Aikin Committee is a 24-member study group of lawmakers and private citizens set up by the last legislature to study public schools and make recommendations to the 1959 session. Grass-roots discussion has been going on for nearly a year in cities and counties over the state. Proposals being made now result from sifting and weighing of hundreds of ideas used by educators and interested citizens.

Committee members are not blind to the likelihood of stiff legislative resistance to the additional money-spending called for by most of the proposals. Cost of the state minimum foundation program for the present school year is estimated at \$49,416,000. H.A. Committee's "enrichment" suggestions could add from \$50,000,000 to \$150,000,000 to that figure.

Most lawmakers already are feeling financially gloomy because of a predicted \$140,000,000 gap between state revenue and cost of present programs—without any kind of improvement anywhere.

One committee member suggested that, while all the proposals might not be put into effect right away, they could serve as "a pattern for years to come." WHAT NOT HOW — Greater emphasis on what to teach, rather than how to teach will be reflected by this year's college graduates maturing in education. A law passed in 1955 requires future teachers, beginning with

the seat swing in place and plane or trim as necessary. Assemble the shelves and the bench, using glue and 6-penny finishing nails. Then assemble the whole unit on the dowel, and locate the position of the shelf on the wall. The lower end of the dowel fits into a pipe flange. Fasten the shelf to the wall with long screws, through the separators, into the studs.

DOWN MEMORY LANE

(From the files of the Lamb County Leader, Sept. 11, 1940)

Cotton Parity Payments for 1941 in Lamb County total about \$30,000, Aubrey Bingham, secretary of Lamb County ACA reported Wednesday.

With more than 100 persons present, the Littlefield National Farm Loan Association held its 24th annual membership meeting in High School Auditorium in Littlefield.

Emitt McCall, who has been visiting his aunt and uncle, Mr. and Mrs. I. T. Shotwell, Sr., the past few weeks returned to his home in Palestine Monday.

Members and guests of the Junior Study Club enjoyed dinner at the Mexican Inn last Thursday night, when the first meeting of the club year was held.

federal aid to education program. Texas would be eligible for some \$9,000,000 to bolster the training of teachers, scientists, mathematicians and other kindred purposes. PHOTO FINISH — Race for sneaker of the House seems stalemated with the likelihood that the winner will not be known until all 150 members convene and vote in an all-exits-barred showdown.

Both Rep. Joe Burkett of Kerrville and incumbent Sneaker Waggoner Carr of Lubbock claim a majority. But each says he does not have permission from the signers to show all his pledge cards.

There are rumors that several House members, wanting to be agreeable, pledged support to both candidates, never dreaming that the contest would be so close as to bring a "judgment day."

If and when the two candidates sit down together and compare notes there may be a number of representatives with red faces. Some speaker candidates have done just that, in the past. Then they jointly telephoned the representatives whose pledges were "in question" ... to settle the matter then and there.

FATTER WELFARE CHECKS—An across-the-board increase of \$5 per person in checks to the aged, needy blind and disabled begins Oct. 1.

Gov. Price Daniel said the increase was made possible by liberalization of the Social Security Act during the last session of Congress.

Under the new formula, maximum checks to the aged will be \$65, for the disabled, \$63.

WATER WELLS IN REVERSE—State Highway Department will try out a plan of digging wells to put water into the ground, rather than take it out.

Purpose is to drain the "wet weather lakes" which sometimes block highways for days or weeks at a time. Such lakes are not uncommon in the Plains area after a rainy spell has filled low places.

A side benefit of the plan, noted Highway Commission Chairman Marshall Formby, would be the re-charging of underground reservoirs.

LABOR LAW ARENA—Another legislative slugfest, for which ammunition is already being stacked, is foreseen in the area of labor union regulation.

Sen. George Parkhouse of Dallas, longtime champion of restrictive labor laws, has announced he has some more in mind. He said his proposals were prompted by abuses reported to him by union members. Parkhouse said he would sponsor bills to (1) provide state regulation of union pension funds, (2) prohibit union assessments for political campaigns, (3) require public disclosure of union spending and (4) correct practices whereby, according to the senator, union leaders prevent some members from getting work.

Jerry Holleman, State AFL-CIO president, stated that organized labor would welcome state regulation of pension funds. The other proposal, Holleman said, are taken care of under existing law.

About 47 per cent of U.S. fruits and vegetables move to market by truck.

Sandhills Philosopher

World Responsibilities Too Much For Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm tries some international thinking this week, but not very successfully.

Dear editor: I have no idea how it got here. It's had to explain, like some men got to Congress or how some women married, but yesterday morning I was out here on my farm walking around not doing anything when I found a copy of a newspaper caught on a fence post and when I worked my way over to it and opened it up I discovered it was a copy of the London Daily Telegraph.

How a London paper got out here on this Johnson grass farm is beyond me, could have fallen out of an airplane or been dropped out of a car by some tourist, but if you think too hard on some things you get no where, most newspapers aren't made to think about, just to read, so I opened it up and read it, and what appeared to me was an editorial on the United States.

According to it, "the internal stability of the United States is of paramount concern to her allies," and the paper went on to say that "the American people are not yet first whereas any world thinker of their world responsibilities." It argued we ought to:

Now I can go on along with this British paper's concern with our internal stability, in a financial sort of way, but when it comes to thinking in terms of world responsibilities, I don't see how we can swing it.

That is after a man gets through thinking about his immediate responsibilities, then his city and county responsibilities, then his state and federal re-

sponsibilities, he hasn't got over ten or fifteen minutes left for the rest of the world. I know when I get to thinking for example about whether I ought to grow more of this or less of that, I ought to be thinking in terms of world responsibility, but actually what I'm thinking about is which one of em can I make the most money out of and how much will that lack in meeting my family responsibilities.

In fact, I could give more attention to my world responsibilities, would be glad to, if I could bring my family around to taking the same viewpoint. But the trouble with this country is that accustomed to thinking in terms of self, whereas any world thinker knows English families ought to come first, or Egyptian families, or Indian families or any other kind. I recognize we've got responsibilities to others parts of the world, but just for once I'd like to find somebody in the other parts who figures he's got some responsibilities towards me.

Yours faithfully,
 J. A.

By DR. A. L. SPERRY,
Optometrist, Freeport, Texas,
Chairman Public Education Committee The Texass
Optometric Association

We would like to dwell a little longer on the problems of myopia (nearsightedness) because it is such a puzzle to many people. Last week we looked into some of the various effects, consequences, and viewpoint of the parents of a myopic child, school authorities, and the child himself. Now we think you might have a better understanding of myopia if we discussed some of the problems the optometrist faces in dealing with the myopic case.

Number one problem is that no one yet knows and there is no test to determine for sure what causes myopia. Several theories and schools of thought have been around for a long time and each has its followers among the professional eye practitioners. They decide to believe thus and so theory because of personal opinion and preference. The most widely accepted theories as to the causes are: (1) it is inherited—it does seem many times to run in families; (2) it is a result of excessive near work—we certainly do see it in many of the highly educated people who spend much time in school and at desk work; (3) it is a result of an imbalance of the endocrine gland system—many times there are evidences of this particularly in thyroid disturbances; (4) it is a result of dietary and nutritional deficiencies

and in many cases it may be connected with or aggravated by a general illness or state of poor health. These theories are greatly generalized and condensed here

because most are saddled with ifs, and, buts, and ors. There are many other theories which have grown less popular with the professions as knowledge of myopia increases with research and practice.

What all this means to the optometrist consulted by a parent with a myopic child—and I repeat that myopia usually starts in children ages 6 to 16—is that the optometrist has a choice of theories on which he can base his prescription and recommendations to the parents. Therefore a parent may be told one thing by one professional man and something different by another and he soon may be thoroughly confused while wondering if anyone really knows what he's talking about.

However, in knowing that there may be several intermingled causes, and there is no way to say if one or all are present in the beginning myope, modern optometry usually tries to see that the

most likely possibilities are investigated and cared for. This means that (1) distance vision, the most noticeably affected, should have the ideal lens prescription for clear, effortless vision. (2) the near vision should have the most ideal correction and this is not always the same as the distance correction. Now I can hear someone say "What's he talking about? Two pairs of glasses?" No, it's easier than that—we simply use a double vision

lens. To be discussed further in later columns, suffice it to say now that this form of treatment has been recommended by many of the best research authorities in our universities. Actually the very latest treatment for arresting the progress of myopia is to fit contact lenses at the first sign. Researchers have found that the myopia almost invariably stops at once. More about this in later column. (3) The beginning myope is sometimes referred to the

family physician for physical examination if any glandular or nutritional problems are suspected by the optometrist. Careful attention is also given to the condition of teeth and tonsils. (4) It is certainly not necessary or desirable to eliminate reading and indoor activities entirely, and we don't advise neglecting the required school reading and studying. But we do advise eliminating unnecessary reading and indoor activities with more concentration on outdoor activities.

If the above recommendations are complied with they will provide the myopic child with proper control, however, that control difficult to achieve it becomes possible. It is one's own choice one's own fear that this will remain. Presented in the column by the Texas Optometric Association, Inc. Copyright

SPADE NEWS

Sherman Fielden, son of Mrs. Bill Fielden of Littlefield, returned to his home last Wednesday after spending several days in the Methodist Hospital in Lubbock following leg surgery.

Mr. and Mrs. Arthur are vacationing in New Mexico.

The county H.D. agent and the assistant county agent will meet with the 4H girls and boys from the 5th through the 8th grades each first Tuesday during the noon hour.

The local adult leaders, Mrs. Bayne McCurry, Mrs. Joe Prater and the Junior leader, Patricia Mitchell, will meet with the 4-H girls at the school Sept. 11 at 7:30 p.m. while the PTA has its regular meeting. Any of our girls who are nine years old or older and are interested in 4-H are welcomed to attend the night meetings.

Marcus Ramage was dismissed from the Littlefield Hospital Monday morning.

Howard Harvey was still a patient in the Littlefield Hospital Monday. He had planned to return home early Monday.

The Harvey's daughter, Mrs. Bob Wisocki, of Amarillo visited them the latter part of last week.

Mrs. W. M. McCurry is spending several days visiting relatives in Oklahoma. Mr. McCurry returned home last Saturday.

Mr. and Mrs. Donald Cadwell have moved from Aztec, N.M., to his father's farm northwest of Spade.

Mr. and Mrs. O. T. Ryan have moved from Lubbock to Shiprock, N.M. He taught in the local school year before last.

Mrs. Ray Huston's aunt from Brownfield has been visiting in her home. They were all dinner guests of Mrs. Huston's brother and family. Mr. and Mrs. Reuben Brock of near Littlefield last Thursday.

The local football boys will play Nazareth here Friday at 8 p.m.

Mr. and Mrs. Ernest Savage and their daughter and family, Mr. and Mrs. F. H. Glazener and Jan of Lubbock spent Sunday with his brother and family. Mr. and Mrs. Curtis Savage of Sudan.

Mr. and Mrs. Carl Richardson and son are visiting relatives in Oklahoma this week.

Mr. and Mrs. Thomas Trull and family of Arlington are visiting his mother, Mrs. P. T. Trull and other relatives in the area.

The outgoing citizenship committee of the Texas Home Demonstration Association will appear on "Hospitality Time," KCRD-TV Thursday. They will also speak on Bob Stevens' farm program on KFYO radio between 8 and 9 a.m. Saturday. Mrs. Bayne McCurry of this community is a member of the group. They are reminding the public that Sept. 17 is National Citizenship Day.

About Your HEALTH

1 weekly public service hearing hour
The Texas State Department of Health • HENRY A. WOLFE, M.D., Commissioner of Health

Many mothers have misgivings this time of year, but just as many fathers begin to feel a little proud, because it is football time again. Worrying mothers have a justification for their feelings as well as Dad who likes to see Junior plunge through for a touchdown.

A study of 4,000 football players at 62 colleges showed that three out of four players during a season sustained injuries severe enough to make it necessary to suspend sports activity for at least four days.

In 601 football games played by these 4,000 athletes, 753 teeth were chipped or knocked out, 578 ankles sprained, and 53 knees strained. This seems like a staggering total, but on the most

part these injuries are not permanently disabling and serve only to harden a youth for the rigors of life ahead.

However, there are measures that parents can undertake to hold injuries to a minimum for their sons if they are inclined towards heavy contact sports such as football.

Ideally, every athletic team, especially a football team, should have a team physician assigned to it. He should preferably be a man who has had some personal experience with athletics. Thorough and repeated medical examinations and evaluations of the athlete's physical fitness should be mandatory.

The team physician, the trainer, and the coach in any athletic pro-

gram should be equally interested in the prevention of injury and in the supervision of the smallest detail, such as the proper fitting of athletic shoes or the design of protective uniforms and pads.

In communities unable to afford a team physician, parents should seek out a doctor of examinations, at least to be present at football games, and to make suggestions which might prevent an athletic injury.

Pre-teenagers are especially vulnerable to dislocations and resultant deformities from athletic injuries. They should be matched carefully in any competitive athletic program not only in regard to size, age, and body build, but also in regard to stage of development, emotional maturity, and judgement.

If properly supervised, tough football in this age group is far less dangerous than tackle football. Approximately 60 per cent of football injuries occur when the player is being tackled.

Perhaps the greatest aid in preventing sports injuries is the maintenance of a state of physi-

cal fitness. Insist that he keeps in the best of health. Don't allow him to get fatigued or suffer chronic injury.

Mr. and Mrs. Victor Reynolds and Mr. and Mrs. Arwood Shelly of Earth returned home Sunday after a weeks fishing trip to Sugar Lake and Falcon Dam and the Gulf Coast. They repored good luck, but that most of the fishing was done between showers, due to "Hurricane Ella."

Rev. and Mrs. Lee Roy Baker were in Plainview several imes to visit his nephew, Curtis Dale Baker, who was critically injured in a car accident Saturday night, near Petersburg. His companion, Dick Burnette Brown was killed in the accident. Curtis Dale is the 18 year old son of Rev. and Mrs. Luther Baker of the Halfway community.

Mrs. Gene Kindred and Debbie are leaving today for Atlanta, Ga., their new home. Mr. Kindred had gone to Georgia in late August, and they spent the past several days with their parents and grandparents, Mr. and Mrs. Allan White.

Mrs. Erwin Parks was in Hobbs, N.M. several days last week. Her sister returned home with her.

Lindon Joe Cupp of Lubbock visited Mr. and Mrs. A. C. Bearden last week.

The new office of the Amherst Grain Company is modern in every respect. It is located near their elevators at the Santa Fe railroad station. Mutt Hufsedler is manager.

Mr. and Mrs. Homer Harper visied her cousins, Mr. and Mrs. Woody Johnson in Seymour recently. While there they fished at Lake Kemp and hunted on the opening day of the dove season.

Relatives of A. W. Messmore had a reunion at the home of his son, Harvie, Aug. 31. Twenty-two attended including his niece, Mrs. Verlie McLary of Tulsa, Okla.

Mr. and Mrs. G. C. Bearden have received word that their son, 1st. Lt. Gary Bearden of the U. S. Air Force, stationed in Korea the past year, expects to be home within a month. He was on leave, in Hong Kong when they heard from him last week. He will be stationed at Shepard Air Force Base, Wichita Falls, as an instructor. Gary is a graduate of Texas A. and M. College.

PRETTY—Whether you're looking at the watermelon or the girl, "pretty" is the word. The girl is June Hicks, daughter of Mr. and Mrs. Jack Hicks of Bala. The melon is an 88-pounder, grown on dry-land at the Hicks farm three miles east and one north of Bala. It's the largest melon reported in Lamb County this year. The melon was grown in a patch of two rows about a block long, and the only "special treatment" it got was hoeing by Miss Hicks. June is a 1958 grad of Littlefield High School, will attend college this year at Lubbock Christian College. (STAFF PHOTO)

Registration Set Earlier For Tech Evening Classes

LUBBOCK — Residents in the Lubbock area who plan enrolling in evening and Saturday classes at Texas Tech will sign up earlier this year, the registrar's office has announced.

Registration of evening and Saturday-only classes will be held from 4 to 6:30 p.m. Sept. 17-18 and from 8 a.m. until noon Sept. 20.

This is almost five days earlier than previously when the night class enrollees signed up only after Tech classes were under way.

This fall Texas Tech is offering 59 courses in everything from accounting to zoology for part-time students and adults desiring to do specialized or general work toward a degree or for professional advancement.

Texas resident tuition fees are \$15 for three semester hours or less and \$19 for a four semester hour course. Non-resident students will pay \$50 for a three semester hour course or less and \$67 for four semester hours. A \$7 refundable property deposit is required of all who enroll at Tech.

All of the evening and Saturday-only courses will begin meeting the week of Sept. 21. A list of courses may be obtained from the Tech registrar's office.

Aspiring accountants have eight courses to choose from — elementary principles to CPA review. Weaving, silk screen printing and wood sculpture are three applied arts courses offered while agricultural education offers a problems course.

One business education course and three business law courses, including insurance law and oil and gas law will be taught by the School of Business Administration. One principles of economics course and a course in business correspondence are also scheduled.

The education department has 11 courses scheduled for area school teachers. They range from elementary education curriculum development to graduate seminars.

Tech's English department is offering six courses and the government department is presenting two American government courses. Two history courses are also scheduled.

Six math courses—from elementary algebra to differential and integral calculus—are slated. One course in music education "Music for Children" is scheduled.

Those interested in the why's of human behavior have four courses in psychology available. These include an introductory course in three graduate-level courses.

Tech's speech department is offering four courses — ranging from radio and TV broadcasting to classes in persuasion. Scheduled on Tuesdays and Thursdays are lectures and lab work for zoology.

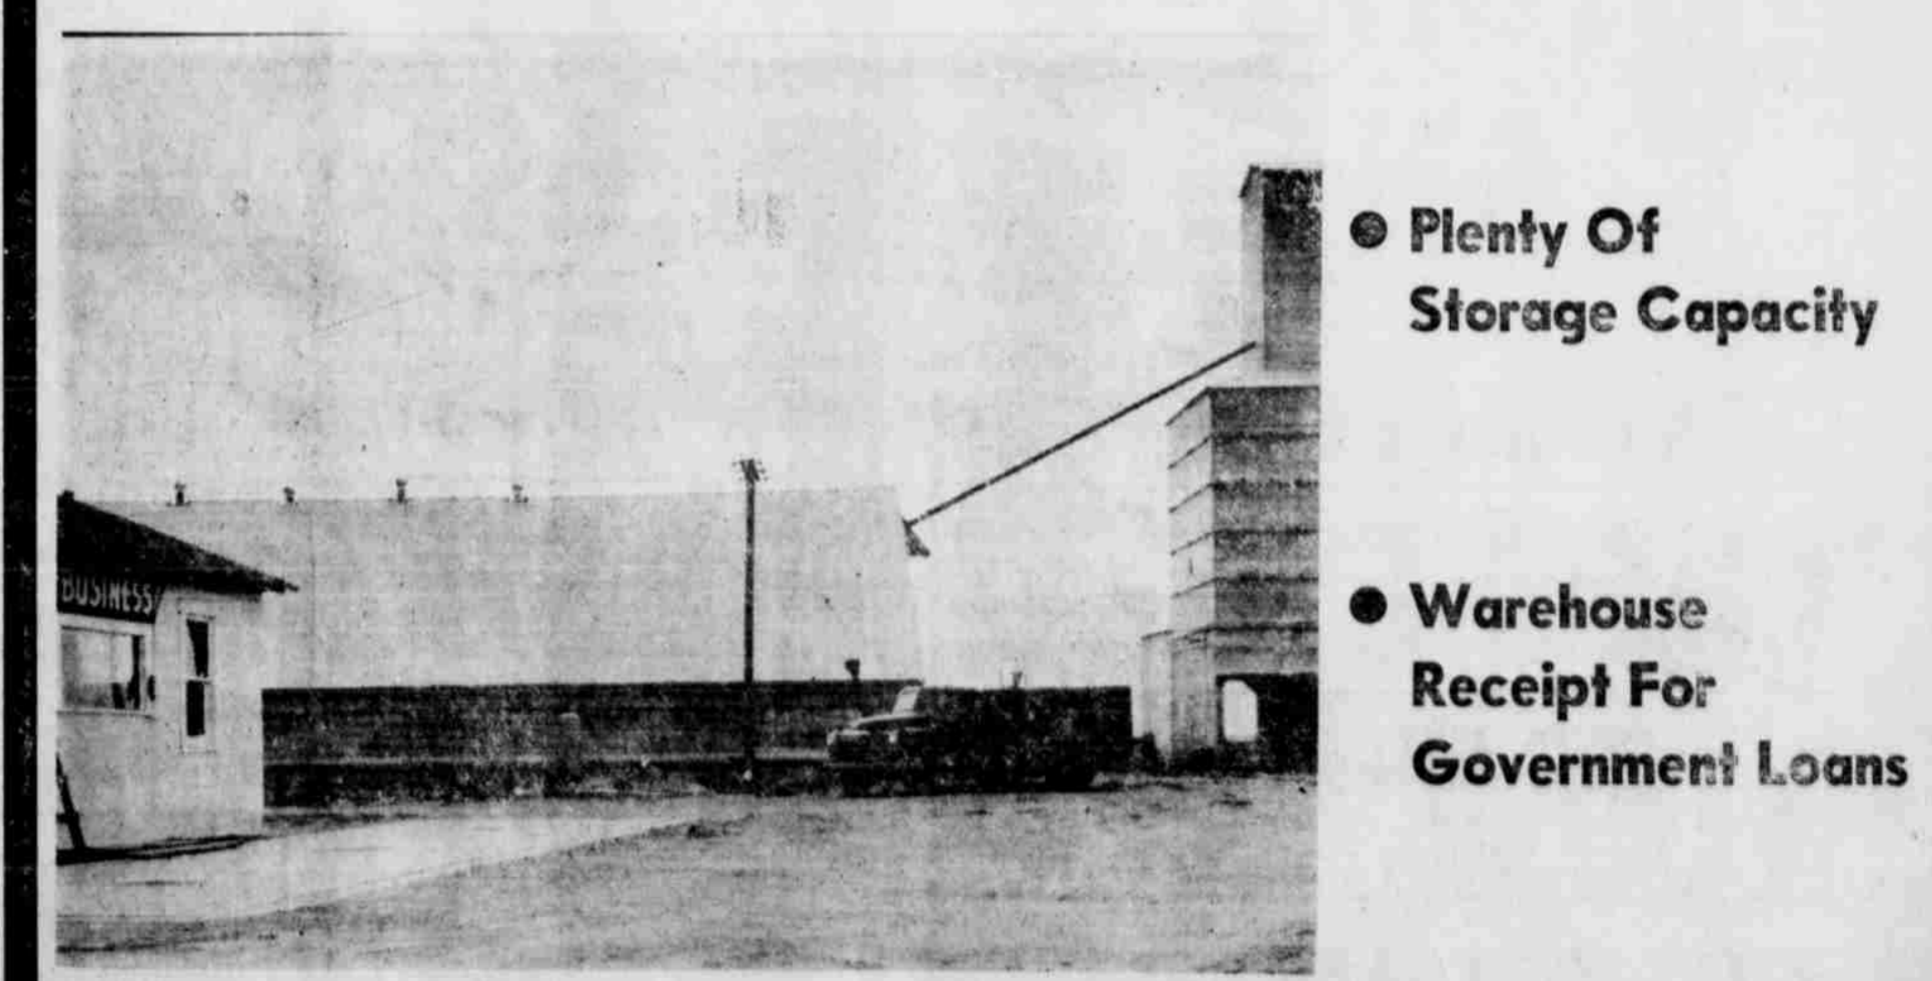

Cadet Stage Band Named At Olton

OLTON—The Cadet Stage Band has been organized. Fred Stockdale, OHS Band director announced that the band was composed of 7th and 8th grade students. The group plans to play popular arrangements.

In the saxophone section are Phillis Hair, Sylvia Nicholas and Souders, George Jones, Gerald Cheryl Potect; cornets, John Dale, Richard Hall, George Ann Redinger and Clyde Gallaway; trombonists are Barry Prestidge, George Phillips and Neil Andrews, and drums, Rusty Sherman. Diane Smith will accompany the band at the piano.

The Olton Jr. High elected their cheer leaders. They are Diane Smith, Barbara Fancher, Wanda Traylor, Tommy Witten and Cheryl Potect.

Woman Arrested On Liquor Charge

The arrest of a Hockley County Mexican woman on a charge of transporting beer last Friday was reported this week by Loyd Dunlap, liquor control board investigator.

Dunlap said he arrested Josefina C. Medina near her home west of Bainer Switch. He also confiscated her car.

The woman went free on \$1,000 bond after pleading not guilty in Hockley County Court.
