CORNER STONE OF THE LITTLEFIELD COLLEGE LAID LAST FRIDAY WITH APPROPRIATE CEREMONIES PERFORMED

The laying of the corner stone of Littlefield college last Friday afternoon was attended by a large crowd. Most of the business houses were closed during the ceremony, the citizens and officials of the school jointly participating in the ceremony. Hon. Otto Jones, mayor of the city performed the initiatory rites of opening the ceremony, and was followed by Judge E. A. Bills in an address wherein he stressed the value of high education and extolled the virtues of the town and community in which the new college had been located. Prof. John R. Freeman, president of the Littlefield college, responded in length, delineating the plans of the college proponents and setting forth some of the aims and ideals of the new institution. Terse addresses in keeping with the occasion were also made by Prof. J. Frank Appeland, faculty member and R. O. Jones, business manager. Following the addresses the first level of mortar in which the corner stone was laid was thrown in by Mayor Jones. Prof. Freeman placing the second shovel, after which about 50 men loaded with spectators participated in a motercade around the 1,416

acre tract which is to contain the college buildings and more than 100 cottage homes of interested citizens. This was officially launched the construction of an institution which is sanguinely believed to mark an epoch in the history of this town and immediate section. Littlefield has always been proud of the character of its citizenry, and with the introduction of this new institution of learning, soon to throw wide open its doors in welcome to the future citizens of America, there is thus added another strong factor in moulding the social moral and intellectual factors toward the ideal of human living. The initial contract of college construction is in the neighborhood of \$500,000, and while the contractors have been somewhat hindered in the prompt erection of designated buildings, three of the dormitories are now practically ready for student occupancy, work is progressing nicely on some of the teacher cottages, and while the administration building will not be ready for use by the opening date, yet temporary quarters have been arranged for, so that the college will begin its first school term September 25th, according to the original plans.

FUNDS FOR LFD. SCHOOLS

The recent action of the State in appropriating the sum of \$15.00 per capita for scholastics will mean that Littlefield schools will receive the sum of \$19,515.00 the coming year. This based on 1301 scholastics in this district.

The taxable returns from property accruing to the district will amount to about \$76,000.00.

There are about \$19,000 due the district in delinquent taxes, which approximates the present indebtedness of the district.

It is believed by the School Board that the district will this year be able to wipe out all indebtedness.

HOBBS WELL RUNS 500 BARRELS WHEN GIVEN FIRST TEST

When placed on a 17 hour test, one day last week, the Mid-West No. 1 oil well at Hobbs, New Mexico, ran 500 barrels through a two inch pipe, then broke loose spraying oil over the derrick and around the country, according to K. F. Allbright, one of the owners of that townsite. Mr. Allbright states that larger pipes are now being laid to the tanks, after which a more complete test of the well will be made.

All the land surrounding the well for several miles each way has been long ago leased, said Mr. Allbright, and it is reported that 15 new locations for wells have been spotted, some of which will begin drilling in the near future.

Lots continue to sell. Twenty buildings are now on the townsite, including a meat market, grocery store, bakery and two hotels.

LFD SCHOOLS WILL BEGIN FALL TERM ON SEPTEMBER 10

The Littlefield Public Schools will open September 10th. High school students are expected to report to the high school building for registration September 6th and 7th. The Juniors and Seniors are asked to report September 6th. Freshmen and Sophomores will be enrolled on the 7th. All high school students are asked to register before the opening of school, because more time can be devoted to the selection of one's school subjects. On the days set aside for registration the Superintendent and the Principal will devote all of their time to assisting and advising each student in the selection of his daily program.

The high school secured 3 1/2 additional units of affiliation last year—2 units in Latin, 1 additional unit in manual training, and 1/2 unit in trigonometry. This makes a total of 28 units now held by the Littlefield high school.

All the teachers have been employed and it is believed that the school will open prepared to do the best work it has ever done. All the Littlefield teachers will attend the institute to be held at Lubbock, September 3, 4 and 5. Following is the list of teachers for the new year:

High School
F. O. Boles, Principal.
John R. Tucker, mathematics and coach.
C. H. Helweg, agriculture.
G. M. Irvin, Manual Training.
Miss Ruth Moore, Spanish.
Miss Louise Thaxton, English.
Mrs. Pat Boc's, English.
Miss Parilee Porter, mathematics and science.
Mrs. M. M. Brittain, home economics.

Big Springs—A six story office building on a site 100 by 90 feet is to be built here at a cost of \$150,000.

ROASTIN' EAR TIME IS HERE

By ZEP

A drive out into the country in any direction and a vision of the thousands of acres surrounding, growing rank and tall with great ears of corn, fully bewhiskered, hanging as pendant juicy jewels, is enough to convince any epicurean that roastin' ear time is here.

Yet it is not roastin' ear time after all; but a boiled ear that reaches from ear to ear as one greedily grasps it in the middle with the dental spikes of his facial orifice. True, corn was once roasted, hence the name. That was a good many days ago when the primitive settler was short of cooking impedimenta, or the hunter could not be burdened with a pot, and plunged the husked ear direct into the ashes. Yum, yum! The one who has never tasted an ear of corn fresh from the ashes and embers of a camp-fire doesn't yet know what they have missed.

Here's to corn on the cob, the golden grain of the gods, plentiful enough for the poor man's pocket, and tasty enough to occupy first place on the tables of the rich. Fresh, sweet and juicy, its nectareal ment appeals and is appealing to the appetite of all mankind, regardless of the disposition of some who would pervert its health-giving virtues by flowing the juice through a copper tube.

It matters not how you bite it or how thickly you butter it. It makes no difference how you grasp it, for in this wrestling match of eating roastin' ears no holds are barred. In fact, toe-hold and head-lock are the favorites, and any strangle hold that will loosen the nutritious grains and start the delectable juicy fruit of the field flowing down the neck (inside) of the fortunate feeder is desirable. The dainty picker who, a slave to etiquette, peeks away fastidiously in fear of getting a little butter on his ears or a few grains of salt up his nostrils hasn't yet learned the real joy of eating roastin' ears. This is one feat in which there is no art, and when forgets their boyhood days long enough to cut the corn from off the cob, that minute a big chunk of happiness begins passing out of their life.

The books of manners put out by the epicureans and table de hote experts may contain numerous prohibitions and admonitions from these experts. There may be certain rules a la boyle per nicety for enveiling the juicy grains from nature's cob through the rosy lips and past the pearly teeth of milady, but with us men folks just boil 'em and butter 'em, salt 'em and pepper 'em, and then holding an end in each hand let us bite into 'em, and we'll work across the little rows of golden, milk-filled grains as smoothly as a new six cylinder motor.

No one should mind appearances when eating roastin' ears; the effects will wash off. Just forget everything else and be thankful that it's roastin' ear time, the happiest time in the entire vegetable season.

CITY COMMISSIONERS ORDER CHANGES IN CITY WATER LINES

At a meeting of the City Commissioners held last week, Engineer Ray Jones was instructed to make the necessary surveys and establish grade posts for property owners desiring to place walks in front of their property.

The State Highway Department having asked for a location on which to erect a shed to house the tools, tractors and graders used in this district, the secretary was instructed to write for more definite information before further action was taken.

A deed for the unused portion of the lot occupied by the city water tower was ordered made to Pat Boone as per agreement entered into by the City September 8, 1925.

It was ordered that a two inch water line between blocks 25 and 26 be replaced with a standard four inch line, together with proper copper connections this action being necessary on account of the paving being done on Fourth street.

It appearing to the Commission that due to the paving of certain portions of Fourth street and X I T drive, it is imperative that water and sewer connections be made with lots on those streets, the secretary was instructed to have the city attorney prepare contracts to be executed by the individual property owners along those streets in which said property owners would agree to reimburse the city for the expense of making such connections, said reimbursement to be made at any time in the future that the property owners should make the connections with the city water or sewerage.

City Marshal Fred Hoover applied for leave of absence for eight days, which was granted, and E. G. Courtney was appointed to serve during his absence.

COMMERCIAL BODY PLANS ANNUAL MEET FOR SEPTEMBER 11

At a meeting of Littlefield chamber of commerce directors held Tuesday, it was decided to hold the annual meeting and election of officers Tuesday night, September 4th. A committee consisting of F. G. Sadler, F. M. Burleson, T. S. Sales and Jess Mitchell was appointed to make arrangements for the occasion.

It was reported that about 2,700 pounds of calcim arsenate, for cotton worm poisoning was in possession of the organization, and would be sold to farmers needing it at the cost price of 7 1/2 cents per pound. It may be obtained at Sadler's drug store.

The following resolution was adopted and ordered published in the local newspaper.

Resolution
WHEREAS, the Littlefield Chamber of Commerce is an organization for promoting the general welfare of the community as a whole, and
WHEREAS, said organization does not take action upon any question or matter in a specific manner as may relate to individual or secular benefit; but always as it may effect the community at large, and
WHEREAS, it has come to the attention of the officers of this organization that a religious debate is being arranged to be held in the City of Littlefield in the near future.
RESOLVED, that this body go on record as not in favor of such debate at this time, for the reason that it believes such argument at this time to be incompatible to the general welfare and harmonious order of the town generally and surrounding community at large.
By order of the Board of Directors Littlefield Chamber of Commerce, September 28, 1928.

HAVE DINNER PARTY

Mr. and Mrs. Bob Bush, of Wichita Falls, were host and hostess to a few of their friends at a dinner party Wednesday evening of last week at the Amherst hotel.

A five course dinner was served to Messrs and Mesdames M. M. Brittain, K. F. Allbright, J. C. Hilbun, M. W. Etter, Floyd Hambricht, J. C. Houk, Sam Romback and Miss Helen Romback and the host and hostess.

500 PEOPLE FROM NINE STATES AND 56 COUNTIES IN TEXAS ATTEND THE BIG CAMP MEETING HELD HERE LAST WEEK

More than 1,500 visitors attended the first camp meeting of the Church of Christ held in Littlefield, and which closed last Sunday night. The visitors and participants came from nine different states, and there were representatives from 56 different counties in Texas. Elder R. L. Duckworth, of Dallas, editor of the Apostolic Way, local church organ, had charge of the meeting, during which there were more than 65 addresses by church members, and about 80 different songs were participating in the program. The principal purpose of the meeting was the stimulation of doctrinal teaching and the discussion of matter pertaining directly to the church organization and the new educational situation which is being fostered in this city.

It is stated by leaders of the church that they were all in unison praise of the location decision made by the Board of Education regarding the new college. While here many of the singing members not only expressed

in the highest terms their approval of the work being carried on here, but backed their approval in the purchase of college certificates aggregating the total sum of nearly \$50,000.00.

Sunday night, the closing service was in charge of Elder Duckworth, who delivered the sermon, stressing the particular points of doctrine as upheld by this church. The big tabernacle was practically filled with eager and interested people, many of whom had come hundreds of miles for the occasion.

At the last service it was announced that another meeting of this character would again be held here at approximately the same time next year.

It was a notable fact that the meeting was largely attended by citizens in and around Littlefield, never a service being held but many of them were present to participate and enjoy the fruits of the occasion. That the event was one duly appreciated locally is clearly evidenced by the numerous favorable remarks that have been freely expressed during the past week.

JEFFRIES BUYS A LOT OF CITY FOR NEW BRICK BLD'G

E. E. Jeffries last week purchased a lot just opposite the Bell-Gillette Hotel Co. place of business, of the City, the consideration being \$200.00.

Mr. Jeffries states that he contemplates in the near future erecting on the lot a brick building 40x120 feet to be used for mercantile purposes. It is understood, also, that J. T. Ramsey, owning the property just north of this lot is contemplating the erection of a brick for his poultry grain business, the two structures probably to be erected at the same time.

MISS HEMPHILL GETS DEGREE

Miss Dahlia Hemphill, Littlefield, received the bachelor of arts degree from Texas Technological college last Friday when President Paul W. Jones conferred degrees of master arts and bachelor of science and bachelor of education upon 40 students at the commencement held following the close of the session of Tech college. Miss Hemphill was a teacher in the Littlefield schools last year, and has been employed as teacher for the coming year.

ROTARY CLUB MEETING

The members of the Rotary club met in their weekly luncheon Thursday in the basement of the Presbyterian church, with 14 members and a visitor present.

CONGRESS AMENDS BENEFICIARIES OF VETERAN PENSIONS

Commenting upon legislation enacted by the last Congress, Brig. Gen. Frank T. Hines, director of the Veterans bureau has stated that there appears to be some misunderstanding among the veterans as to their present privileges in naming the beneficiaries of their insurance.

"The amendment to the World War Veterans Act, 1924, approved May 29, 1928, removes all restrictions as to who may be named beneficiary under Government Life (converted) insurance policies," said Gen. Hines, "therefore, the holder of such a policy may designate any person, firm, corporation or legal entity as beneficiary to receive the proceeds of his U. S. Government life (converted) insurance." This will, of course, allow a veteran to designate a bank or trust company to receive payment of the proceeds as trustee in accordance with an agreement between the corporation and the insured.

Formerly, the permitted class of beneficiaries was restricted to relatives by blood or marriage, and the change in the law is in response to the desire of many policyholders to include their Government insurance in life insurance trusts along with other insurance granted by commercial companies.

"This amendatory legislation is applicable to 672,781 policies now in force, with a total value of \$3,182,347,311," Gen. Hines stated, "and it is anticipated that many of the veterans will take advantage of the fact."

EDITOR TAKES DOSE OF OWN MEDICINE

The editor of this newspaper had heard so many favorable comments from customers regarding results obtained from little want ads run in this newspaper that he decided to try one himself a couple of weeks ago. He had 160 fruit pars which friend wife said she didn't need and he put a little three line ad in the paper.

Any results? Why, he had enough answers to have sold 1,000.

This newspaper can guarantee the same results to anyone who has something they don't want, but some one else does. Try it and be convinced. The cost is small, but they get results.

BUREAU ELECTS OFFICERS

A meeting for electing officers of the Cotton Bureau gin was held in Littlefield Tuesday afternoon, attended by about 50 members. Directors were elected as follows:

J. T. Elms, chairman, Littlefield.
W. L. Castelbery, Littlefield.
R. N. Carpenter, Amherst.
F. H. Glazener, Littlefield.
J. G. Berryman, Littlefield.
W. H. Gardner, Littlefield.

Work on the gin is progressing nicely, and will be ready for service within the coming 30 days or when needed for crop service.

ROBERTS TO FIGHT FRIDAY NIGHT AT AMHERST

Kid Roberts, of Littlefield, welterweight champion of Oklahoma, and Battling Hutchinson, of Lubbock, undefeated champion of the South Plains, will mix it here on Friday night, August 31, in a fast 6-round boxing match.

Several good preliminaries will be sponsored by the Amherst Legion Post of Amherst.

These two boys are the best in this section of the country in their weights and they are expected to do some real fast milling. Fight fans are promised one of the best fights on this night of the entire year.—Amherst Argus.

Levelland.—Contract has been let for a modern brick two story, 50 by 122 feet business building here.

JONES-TEURMAN

Tuesday afternoon, at Elmore hall on the Littlefield college campus, Otis T. Jones and Mrs. Allie Mae Teurman were united in Marriage. Oliver A. Burk, minister of the Church of Christ, officiated.

Mr. Jones whose home is at Rosston, Oklahoma, is an excellent Christian man, and an active church worker. The bride is an excellent Christian woman and is beloved by all who know her. She numbers her friends by the thousands. For the past five years she has taught art in Gunter college. It is understood that her marriage will not cause her to resign her position as teacher of art in Littlefield college. Mr. and Mrs. Jones expect to make their future home in Littlefield.

GETS BOOZE MAKERS

Wednesday, of last week, Sheriff Len Irvin invaded the home of W. K. Wilson, obtaining 40 bottles of beer, according to his statement. Wilson paid a fine of \$29.40.

Last Sunday Irvin clamped down on a negro and his wife, living in Sudan, and transported their place of abode to that of the county hostelry at Olton. The negro gave the name of "Cadillac George." One hundred and fifty bottles of beer, and 32 gallons of beer in bulk were confiscated by the officer.

GROUND BREAKING CEREMONY

Ground breaking ceremony for the new Methodist church will be held on the church lot Thursday evening, beginning promptly at 6:00 o'clock, to which everyone is invited to attend. Rev. Geo. Turentine, pastor, states that the subscriptions for the new edifice are coming in nicely, and enough money has already been assured to warrant starting the structure.

A program is being arranged for this meeting.

HUNTING SEASON OPENS

Hunting season for doves and plover opens September 1 and lasts until October 30, inclusive, the daily limit being 25 birds.

Hunting of prairie chickens is permitted from September 1 to 10, inclusive.

Hunting license may be obtained from the county clerk at Olton.

Plenty of MONEY To Loan!

I make loans on Improved Farms at 50 per cent of their value. Our loan limit, so far, is \$60.00 per acre on farms, and city property, based on it's actual value. I will take up and extend Vendor's Lien notes or loan you money to help build a home. Our plan of payment is easier than rent. If you need money to put over any legitimate proposition I will be glad to discuss it with you.

Traveling Public

Who use the Sunset Stage Line from Lubbock to Clovis and Intermediate Points:

I have recently purchased this Bus Line and am adding some new Busses and expect to add new ones as they are needed to take care of the traveling Public. I want to serve each and all of the towns and communities through which I pass to their entire satisfaction, and take care of all their needs, and if you are not getting Service and Courteous treatment by my operators, please call my attention to the lack of such attention and service.

I want to give you the best Bus Service in Texas, and with your help, co-operation and support, I can give you such service.

Please call on me and my drivers for your needs.

Ride the Busses and leave your car at home, it is cheaper for you.

Yours very truly,

Mr. and Mrs. Herbert Beurt, of DeQueen, Arkansas, are spending the week here with their parents, Mr. and Mrs. W. A. Burt.

J. B. Sikes returned Sunday from a business trip to Fort Worth.

Mr. and Mrs. C. C. Hunt and children, of Bington, Okla., were prospecting in Littlefield last week.

In one minute all the mosquitoes in a room can be killed. Simply take a FLY-TOX Hand Sprayer, fill with FLY-TOX and fill the upper half of the room with the fine atomized spray. It will slowly settle to the floor killing all the insects in the room. Spray the ceiling, hangings and closets where the mosquitoes hide, and also spray on the screens. FLY-TOX will not stain the walls, draperies or the most delicate fabrics. It has a pleasing fragrance, is absolutely harmless to people but sure death to insects. Does not matter whether windows and doors are open or closed. FLY-TOX is the scientific product developed at the Mellon Institute of Industrial Research by Rex Fellowship. Every bottle guaranteed.—Adv.

NOTICE

TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREINBELOW MENTIONED PORTION OF STREET IN THE CITY OF LITTLEFIELD, TEXAS, AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY:

The Governing Body of the City of Littlefield, has ordered that the hereinbelow mentioned portion of streets be improved by raising, grading, and filling, and installing concrete curbs and gutters where adequate curbs and gutters are not now installed on proper grade and line, and paving with reinforced concrete paving, and contract has been made and entered into with Dozier Construction Company for the making and construction of such improvements. Estimate of the costs of such improvements for said streets has been prepared. The portion of said streets to be improved, together with the estimated cost of improvements, and the amount or amounts per front foot proposed to be assessed against the abutting property and owners thereof on said portions of streets, are as follows:

On Fourth Street from its intersection with the East property line of Farwell Avenue to its intersection with the East property line of X I T Drive. The estimated total cost of improvements is \$5,566.64; the estimated amount per front foot to be assessed for improvements exclusive of curb is \$5.0784; the total estimated amount per front foot to be assessed is \$5.5284.

On X I T Drive from its intersection with the South property line of First Street to its intersection with the South property line of Fifth Street. The estimated total cost of improvements is \$18,210.85; the estimated amount per front foot to be assessed for curb is \$0.45; the estimated amount per front foot to be assessed for improvements other than curb is \$5.0492; the total estimated amount per front foot to be assessed is \$5.4992.

A hearing will be given and held by and before the Governing Body of the City of Littlefield, Texas, on the 7th day of September, 1928 at 8:00 o'clock P. M., in the City Hall in the City of Littlefield, Texas, to all owning or claiming any property abutting upon said portions of streets and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property or interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on said streets, and concerning the regularity, validity, and sufficiency of the contract for, and all proceedings relating to such improvements and proposed assessments therefor, and concerning any matter to which they are entitled to hearing under the law in force in the City, and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and owners thereof, and such assessments when levied shall be a personal liability of the owners of such property and a first and priority lien upon the property as provided by Law in force in the City and under which the proceedings are taken, being the Act passed at the First Called Session of the 40th Legislature of State of Texas, and known as Senate Bill 68.

Of all said matters and things, all owning or claiming any such property or interest therein, as well as all others in any wise interested or affected, will take notice.

Done by order of the City Commission of the City of Littlefield, Texas, this 21st day of August, 1928.

W. G. STREET, City Secretary, City of Littlefield, Texas. Aug. 23, 30, Sept. 6, 1928.

Mr. and Mrs. James Foster returned last week from California, where they spent the past month visiting relatives.

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers — washing every cut, no matter how small, thoroughly with Liquid Borosone, the safe antiseptic. You can get Liquid Borosone at Stokes & Alexander Drug Co.

R. F. Stone of Parker county, is here visiting his son, C. O. Stone and family.

Miss Lavada Davis left Saturday for Lubbock where she will enter the business college.

New high pressure fueling ... and New high speed carburetion

Supplementing the amazing abilities of Buick's improved Valve-in-Head engine—providing brilliant new efficiency and effectiveness at all engine speeds—are two wonderful new Silver Anniversary Buick features . . .

A new high-pressure gas pump—completely eliminating the old fashioned vacuum tank—assures a steady flow of fuel under all driving conditions; and a new high-speed carburetor—the most expensive employed on any motor car—produces unrivaled ease of starting, smooth operation and maximum economy.

The world-famous Buick engine—with these two new features—attains the highest degree of efficiency of any automobile engine . . . and attains that peak efficiency with any grade of fuel—low-test, high-test or in between!

Half-trigger acceleration! Dazzling new swiftness! Matchless hill-climbing! Unrivaled ability to maintain a high pace hour after hour and day after day!

Take this new Buick out on the highway. Test it to the limit. Prove to yourself—it's the great car of the world!

JESS MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Set thine house in order.—Isaiah 38:1.

The friend of order has made half his way to virtue.—Lavater.

SCHOOL DAYS

The long vacation, a hot but happy one, is about over for school children, and Littlefield mothers are engaged in getting their little charges ready for another battle with their books. Dresses and suits and shoes are being looked after so that there can be no possible alibi for tardiness when the school bell again peals forth. Teachers throughout the community, too, are running over their text-books and polishing up a little here and there—the reopening of school is a big time in their lives the same as it is in the lives of their pupils.

We are proud of the schools in this community, and we hope every taxpayer feels the same way about them. There are two things in the community we cannot afford to neglect—Churches and schools. The better they are, the more progressive and widespread their interest and influence the better will be everything else in our community life. We can rise no higher than our churches and schools; the community of the future can be no better than the educational advantages of today.

Make it a point to speak a good word for our schools at every opportunity. Encourage and cheer the teachers wherever you meet them. It's the kind of co-operation that pays big dividends because it serves to strengthen the institutions on which the community's future depends. No man ever lost anything yet by taking pride in his schools, or in seeking constantly to make them still better and still more progressive.

Aside from the fine public schools, Littlefield students will this year have the privilege of attending college at home, and many of the local high school graduates are contemplating taking advantage of this opportunity. The college buildings are rapidly assuming proportions, an accredited junior curriculum has been announced, and the initiatory term is to open September 25.

Some women have a knack of making a fool out of a man and then

are smart enough to work him off on to some other woman for keeps.

ARBOR DAYS NEAR

Arbor Day is observed in many states early in the fall. It is growing in popularity and special days for its observance are now officially appointed in nearly every state by the governor or some other state official.

There should be exercises in every school—exercises accompanied by the planting of one or more trees by every class, and we would profit much if every school pupil in Littlefield and surrounding community would plant a tree this year.

The American Tree Association, of Washington City, will send you a tree program for a stamp. Where there is opportunity to do so whole schools should participate in planting quantities of trees on suitable areas.

In fact, such tree planting and exercises should not be confined to schools alone. Local and state organizations have no better activities than the planting of memorial trees along the highways, city streets, or a special plot of ground picked out for that special purpose.

We can't have too many trees in this prairie country!

ARGUING RELIGION

Argument of any kind probably has its proper place, but it is the belief of the Leader that generally they are not productive of much definite result nor radical changes in ideas. They are more or less like sheet lightning; they dazzle, but never kill.

One may drive another into a corner in an argument from which he cannot escape, yet he may sink, and sink he invariably will before he will yield. There is considerable of the Missouri mule in the most of us. Draw up all the battering rams of mental artillery at command and storm the cerebral stronghold of the enemy, and he generally resists to the last shot, when otherwise he may often be won over or at least reconciled as a worthy friend in a common cause by simply wheeling to the side-door of his heart with a few cupid darts in a brotherly desire for co-operation.

The Leader has been told that a religious debate has been slated to be held in Littlefield sometime during the month of December. We believe such is ill advised. This town has generally been quite free from serious controversy. It has been noted for its spirit of unity and co-operation, and at this time we do not believe a debate of this character compatible to the better interests of the community as a whole.

Differences religious, political and otherwise, will always exist, and there may be times when such differences should be given an airing; but at this time the Leader sees no definite good to be derived from a religious debate in our midst. It is sincerely hoped by a large number of interested citizens that the proponents of the proposed argument will see fit to recall the combat.

LITTLE LEADERS

Why is it that when a Littlefield man wins a \$10 bet he tells everybody but his wife that he was betting a hundred.

This is a good year for weeds and even the Littlefield man who "knows his onions" has a hard time locating them.

How many Littlefield women can remember when they hoped the first one would be a girl so she could help take care of the balance of them.

Did you ever stop to think that maybe the other Littlefield fellow's faults you see so plainly are only reflections of your own.

Still another hard thing to accomplish, is to make a Littlefield woman understand that shoes should be a little bit larger than the feet that are going to wear them.

Remember when the members of Littlefield families used to group on the front porch on Sunday afternoon for a kodak picture? Try to get them grouped since the auto arrived.

You can't find a Littlefield man so foolish as to think his wife married him for his faults, but many a one decides she married him just to be able to tell him about them.

Nothing is more disappointing to a Littlefield motorist than to drive 10 miles into the country to visit a friend and then find his chickens are not large enough to fry.

ISN'T IT FUNNY?

Isn't it funny that a man who thinks he is a business man will get up in the morning—from an advertised mattress, shave with an advertised safety razor, with advertised soap, and put on advertised underwear, advertised hose, shirt, collar, tie and shoes, seat himself at the table and eat advertised breakfast food, drink advertised coffee, put on an advertised hat, light an advertised cigar and then go to his place of business and turn down advertising on the ground that it doesn't pay?

Isn't it funny that if he goes to buy a cake of soap, or his wife tells him to bring home a can of baking powder there are but about two names of these two articles he can think of, and he learned these only through reading advertisements? It is funny, and yet it is pathetic.

It's pathetic to think a man can do all these things and then be stubborn enough to argue that advertising doesn't pay.

**BAPTISTS BEGIN
 REVIVAL MEETING
 SUNDAY MORNING**

A revival meeting of the Baptist
 church, Rev. Roy Kemp, pastor, do-
 ing the preaching, will begin under a
 tabernacle located on Main street,
 Sunday morning, services being held
 indefinitely at 10:00 a. m., and 8:30
 p. m., each day. Beginning at sun-
 down each day an electric grafanola
 will play for one hour.

Rev. Kemp will be assisted in the
 meeting by Prof. and Mrs. J. L.
 Blankenship, of Dallas, who will have
 charge of the music during the ser-
 vices. Prof. Blankenship is
 a veteran of 21 years, with evangelis-
 tic service in 41 different states and
 more than 500 meetings, during which
 time he has witnessed 35,000 people
 taken into church membership.

Mrs. Blankenship is familiarly
 known throughout the South as "the
 lady with the double voice," as she
 possesses two distinctly separated and
 highly trained voices. She has stud-
 ied with some of the foremost teachers
 of America, recently being a pupil of
 the late Frederick W. Root, Chicago.
 Both are past masters in choir direc-
 tion, and in addition to their effective
 solo and duet work are adepts in de-
 veloping congregational singing and
 organization among young people and
 children.

Everyone is cordially invited to at-
 tend these meetings.

COLLEGE NEWS

Prospects are bright for a good
 opening of the college September 25.

Herman Gregg and wife, of Roscoe,
 accompanied by Verner Gregg, minis-
 ter of the Church of Christ, were
 pleasant school visitors Monday.

The Littlefield college catalogues
 are being distributed rapidly. Those
 desiring catalogues or information
 should write R. W. Jones, secretary-
 treasurer, or Oliver A. Burk, dean
 and registrar.

President Freeman and Dotson G.
 Lewis, our dean of students, and
 professor of education and philosophy
 contemplate moving their families to
 Littlefield about the tenth of Septem-
 ber.

President John R. Freeman left
 Monday for his home at Gunter. He
 was accompanied by his mother-in-
 law Mrs. E. J. Stone, and his sister-in-
 law, Miss May Stone, of Gelina. Mrs.
 Stone and daughter have been visit-
 ing her son and daughter, John B.
 Stone and Mrs. Oliver A. Burk of this
 city.

Oliver A. Burk, wife and son,
 Glen Stone, have recently moved to
 Littlefield and now have rooms with
 C. H. Grow at the old Wright place
 about three blocks east of the Baptist
 church. Mr. Burk as dean and regis-
 trar of Littlefield college, would be
 pleased to meet all prospective stud-
 ents and assist them in the matter of
 classification.

More new buildings were started on
 the college campus this week, among
 which are the president's home, a
 temporary kitchen and a cafeteria. It
 has also been decided to construct
 several small residences on the cam-
 pus for temporary use of teachers
 and patrons who wish to come here
 this fall. The excavation of the ad-
 ministration building has been com-
 pleted and construction will begin
 this week.

The following faculty members of
 Littlefield College were in attendance
 at the camp meeting just closed: John
 R. Freeman, president; B. Angie
 Boyle, professor of English; Oliver A.
 Burk, dean and registrar; Mrs. Oliver
 A. Burk, professor of mathematics;
 J. Frank Copeland, professor of Voice
 and vocal music; Mrs. Allie Mae Teur-
 man, teacher of art; and, Wesley W.
 Jones, teacher of intermediate grades.
 The teachers were pleased to shake
 hands with a number of their old pu-
 pils and were also pleased to make
 the acquaintance of a number of
 prospective pupils.

**MEN'S CLASS ORGANIZED
 AT METHODIST CHURCH**

The members of the men's Bible
 Class of the Methodist Sunday School
 met Wednesday night, August 22nd,
 in social session at the home of Van
 Clark, at which meeting an organiza-
 tion of the class was perfected.

B. L. Cogdill was elected president.
 The class was officially named "The
 Brotherhood Class," and a charter ap-
 plied for.

This class realizes that the main re-
 sponsibility of building the new
 church will fall on their shoulders
 and each one has signified his willing-
 ness to carry his task to completion.
 Each has appointed himself a commit-
 tee of one to see that the men who
 have been members of this class in
 the past and who are not now attend-
 ing Sunday School are gotten back on
 the roll. An invitation is extended to
 men who are not now attending Sun-
 day School to come in and enjoy the
 brotherhood of this group.

A social meeting will be held on
 the fourth Monday night of each
 month, and a pleasant evening is as-
 sured all who attend.—Reporter.

**SHALLOWATER LOSES TO
 LITTLEFIELD, SCORE 1-0**

The game last Sunday between
 Shallowater and Littlefield was one
 of the hottest contests of the year.
 Embert Mueller pitching his first
 game since his return from Tyler,
 met up with S. Scott, Shallowater ace
 twirler and engaged in one of the
 best pitching duels seen for some
 time. Dick Ratliff was at the receiv-
 ing end and conducted himself in a
 very pleasing manner, while Brock
 was the catcher for the home club
 there.

The game was played in record
 time and errorless coupled with snap-
 py umpiring by Jimmie Brittain for
 the home club.

In the eighth inning Dick Ratliff
 lead off with a double to right center,
 advanced to third on Herb Mueller's
 grounder to first. Embert Mueller
 smashed a Texas leaguer in to left
 field with Scott, left fielder, muffed,
 Ratliff scoring. The next two batters

went out in order. The best Shallow-
 water could do towards scoring was
 to get two runners as far as second
 base. The rest were either retired
 at first or went the strike-out route.

The game was played in one hour
 and twenty minutes, and was exciting
 all the way. The same two teams
 will play in the Littlefield park at
 3:30 p. m. next Sunday, Sept. 2nd.

The support of all fans will be
 greatly appreciated to help the home
 boys win.
 The score was 1-0.

Have your printing done at home.

KITCHEN KOOK
 THE WORLD'S FASTEST COOK STOVE

Cook With Gas

Kitchenkook brings to rural and suburban homes
 and city homes outside the gas limits, every convenience
 of city gas. In fact, it is a gas stove, with its own gas
 plant built right into it. Makes and burns its own gas
 from common gasoline, producing the fastest known
 cooking fire. Kitchenkook is different from any stove
 you have ever used. It has all the fine features of gas
 with none of the objectionable features of common liquid
 fuel stoves; no wicks or chimneys; no smoke, soot or kero-
 sene odor. Takes less than a minute to light; then all
 burners are ready at once. Turn them on or off as
 wanted, just like gas. Kitchenkook is the biggest im-
 provement in fine cook stoves in the past quarter century.
 It's the sensation of the industry. Don't fail to ask for
 a demonstration of this wonder cook stove. Made in 16
 attractive models.

MRS. CALHOUN had attended all the meetings of the Kitchen Club, and had listened eagerly to the planning of widely different kitchens. She had seemed especially interested in Mrs. Foster's "sunshine" color scheme. She had heartily approved of the way Mrs. Allen had made her kitchen express the thing she loved best. And so it was no great surprise to the members of the Kitchen Club when Mrs. Calhoun invited them in to see her "daffodil" kitchen.

"I wanted a kitchen that would be becoming to me," she said. And it was. Her black eyes, black hair and rosy cheeks could have hardly showed to better advantage than in the yellow, black, white and pale green color scheme she had chosen. Green and white tiled linoleum floor, cream walls, black lacquered table and chairs, trimmed with yellow, white refrigerator and cabinet stenciled in yellow, white shelves lined with yellow, white oil range, pale green curtains stenciled with yellow daffodils. Some yellow, some black and some white pots and pans. A crowning touch was a bird cage on a tall stand at the window. Cage and stand, black, with a canary bird as the last touch of yellow. It was easy to see where Mrs. Calhoun got her color scheme!

A kitchen as becoming as a Paris hat LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

We got some interesting recipes from Mrs. Calhoun—easy ways to cook several different dishes.

The Easiest Way to Cook Chicken

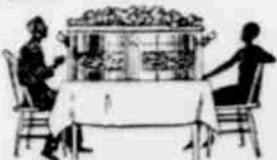

Split a dressed and cleaned chicken down the back. Lay breast down in a deep pan, preferably a roaster. Season with salt, pepper and a lump of butter. Sprinkle with flour. Lay strips of bacon over it. Pour hot water over it, enough to be an inch deep in the pan. Cover with lid and put into oven. Cook without turning for a half-hour. When brown on top side, turn and allow breast to brown. Replenish water if necessary. When brown on other side, remove and serve. Gravy is already made. This is old-fashioned "smothered chicken," a Southern recipe, the easiest to cook and the most delightfully flavored of any chicken dish.

The Easiest Way to Cook Mushrooms

Cut into small pieces and wash a pound of mushrooms with their stems. Put on to cook with a cup of water in a covered stew pan. When water is almost cooked out, season with salt, pepper and a big lump of butter. Remove lid. Cook until water is entirely gone. Serve on toast.

The Easiest Way to Bake Ham

Wash and trim a half-inch thick slice of ham. Place in medium-sized frying-pan. Cover with milk. Cook in oven until milk is boiled out. Pepper and serve.

An Easy One-Dish Meal

Cook two cups macaroni until tender. Put a thin layer of it into a baking pan. Add a layer of crumbled American cheese—fresh. Another layer of macaroni, another of cheese, until top of pan is reached. Pour over the mixture one can of tomato soup. Cook for ten minutes in oven. This is a most filling dish, and with bread, butter and dessert makes a full meal.

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from Stokes & Alexander Drug Co.

Grow Knows His Amalie

Other people know CONOCO AMALIE OIL is good oil, too, because four of the six automobile dealers in Littlefield service their cars exclusively with CONOCO AMALIE OIL. These dealers want their cars to perform perfectly and experience has taught them that the best oil they can use will not only give the best results but will give more miles of service.

Tractor owners, too, are rapidly turning to Conoco Amalie Oil and are cutting down their lubricating costs and finding that their tractors are running better, keeping cooler and lasting longer than when they were using other oils.

If you have not yet begun using Conoco Amalie Oils you are not getting the most value out of your automobile or tractor. Give us a trial, let us convince you.
