

High School Festival Scheduled For February 14

High School Festival, which will be held at the High School auditorium on Thursday, February 14, is in charge of Mr. Patterson, who has been selected as the Wildcat for the season, announcing that he has resigned here to accept a similar position at Waxahachie in east Texas. He is reported to Waxahachie his new duties. He will leave Littlefield on February 22nd, and the resignation will take effect on that date. Mr. Patterson has said that it is a regret that he sees the Wildcats, they won the championship in 1949.

walks and classes of student activities and endeavors, those elected or selected as top-flight students, athletes, class work, as well as the winner "Who's Who," and the all-Wildcat Girl and Boy, and others are publicly, and first announced, after their selection by student ballot. Also at this time, will be the announcement of those high ranking students who have been selected by the faculty and specially committees as most deserving of scholarship awards. A special Court of Honor has been arranged also, and the three high ranking students from each of the Sophomore, Junior and Senior classes will be feted in the honor court.

Announced will be the faculty's choice of the outstanding boy and girl in the entire High School. Three scholarship awards are to be announced. The Jayceettes will award their \$100 scholarship to the recommended candidate; Rotarians again offer a \$100 scholarship to the chosen honor boy, and the Littlefield Woman's Club offers a \$50 scholarship.

Another highlight event of the Festival will be the presentation of a one-act play, "Thank You Doctor," which will be presented by a cast from the Speech class, taught by Mrs. Mary Ruff. Presentation will also be made of the following: Class favorites: Seniors, Diane Hall and Jack Minix; Juniors, Edwina Schovajsa and Edward Brantley; Sophomores, Sharon Jefferies and James Renfro.

Band Sweetheart, Charlotte Doss; D. E. Sweetheart, La Juana Bishop; Football Queen, Phonnelle Pillion; F.F.A. plowgirl, Helen Harrall; F.F.A. sweetheart, Wanda Walden.

The Skatt staff and Wildcat staff will also be recognized. An admission charge of 25 cents will be made at the door, with the proceeds going toward school "Annual" expense.

March Of Dimes Drive Success; Goal Of \$8000 To Be Reached

LOCAL FFA CHAPTER TO TAKE PART IN JUDGING CONTEST

Littlefield FFA chapter will participate in the district FFA judging contest to be held at Muleshoe all day Saturday, February 16. Two teams will be entered from here—one in Junior chapter conducting and one in Junior Farm demonstrations.

Wildcats Win Consolation Title In Sundown Tourney

Littlefield won the first place consolation trophy by beating Smyer, 44-29, with Whiteface finishing third on a 34-29 victory over Meadow, in a tournament played at Sundown in the High school last Saturday night. Joe Walden of Littlefield picked to the all-tournament team, showed why he was chosen 16 points in leading Littlefield past Smyer.

Bobby Ball Arrives Home Saturday From Korea

CPL. BOBBY BALL

Pictured Above is Bobby Ball, 19 year old son of Mr. and Mrs. Owen Ball of Littlefield, who returned home Saturday from Korea. Young Ball spent 16 months overseas, 5 1/2 of which were spent in a Tokio hospital recuperating from wounds received in action in Korea in November of 1950. He served with the famed 2nd Division of the Eighth Army, while overseas and will return to Fort Sam Houston, Texas March 1st for reassignment.

FFA Chapters To Present Rotary Club Program

At a regular meeting of Littlefield Rotary club today, the local FFA chapter will have charge of the program, and will demonstrate Junior Chapter Conducting, and also Green Hand initiation. Approximately 17 boys and sponsors W. W. Hall and Hershel Potts will be guests of the club.

Above are pictured two Wayland College representatives who will have prominent parts on the annual Chamber of Commerce banquet program here next Monday night. At the right is College President Dr. J. W. Marshall. Left is Sam Allen, vocalist, who is college athletic and publicity director at the college. The plane, in which Dr. Marshall has flown more than 175,000 air miles is shown in the background.

DR. J. W. MARSHALL TO BE GUEST SPEAKER

U. D. Walker Is Chairman On Arrangements

Littlefield Chamber of Commerce officials are highly optimistic that attendance at the annual meeting and banquet to be held next Monday night at the new High School Cafeteria, will equal, if not exceed that at any former C of C gathering, and point to the heavy demand for reservations by both members and others as a sure indice of a big gathering. It was announced this week that the program committee had received confirmation of the acceptance of an invitation to appear on the program from Sam Allen, athletic and publicity director at Wayland College, Ft. Worth, and well known tenor vocalist and soloist at Wayland College, Canyon, and who will come here next Monday evening with Dr. J. W. Marshall president. (Continued on back page)

Patterson As Line Of Wildcats

Mr. Patterson, who has been selected as the Wildcat for the season, announcing that he has resigned here to accept a similar position at Waxahachie in east Texas. He is reported to Waxahachie his new duties. He will leave Littlefield on February 22nd, and the resignation will take effect on that date. Mr. Patterson has said that it is a regret that he sees the Wildcats, they won the championship in 1949.

BAPTISTS WILL BUILD CHURCH AUDITORIUM

Scheduled to begin next on a new \$150,000 church auditorium, the company of Lubbock contractors, it was the building will have a capacity of between 1000. The new building will be on the same grounds where the old one now stands. The new building will be on the same grounds where the old one now stands. The new building will be on the same grounds where the old one now stands.

Local Doctor Has Article Published In Medical Journal

Fredric B. Faust, received signal honor, if not outstanding recognition when the official journal of Southwestern Medical Association and El Paso County Medical Society, "Southwestern Medicine" in its February edition devoted five full pages of this monthly journal to his treatise and medical analysis of "Intra Venous Dialysis and Dialysis" in the conservative management of nephritis, which included a series of five charts, which were drawn and prepared by Dr. Faust, assisted by his office nurse, Mrs. James Cantrell. The article deals entirely with medical terms, and phrases directed to members of the medical profession exclusively and for that reason quotations of all, or any (Continued on Back Page)

It's Here Tonight--Highpockets Jamboree

The traveling musical jamboree is being brought to Littlefield tonight (Thursday), by the Lamb County Home Demonstration Council, and will be staged in the new High school auditorium, beginning at 8 p.m. The proceeds will go towards representative's trips to state and district THDA 4-H club leaders to College Station Roundup and for the annual Dress Revue. Featured on the program are the famous Highpockets, Harker Tortsomoss and the Hootinanie Hot Shots of Lubbock. They present a program at 1:15 o'clock, daily over KSEL, Lubbock, and also the Highpockets Jamboree over the same station, on Saturday nights.

Six Youths Ordered To Report For Induction Into Service

Six youths from the long list of Selective Service registrants residing in the three counties of Lamb, Bailey and Cochran county, were ordered by the board to report for induction into the armed forces on Feb. 14 rather than an unusual form of Valentine—to complete the three-county February draft quota. The six to be inducted are: Steve George Morris, Baileyboro; Billy Gene Vest, Whiteface; Olan Earl Ray, Morton; H. L. Brandon, Muleshoe; Harris Anderson, Peetee; Olton; Orville Lee Bassett, Littlefield. Four additional youths have been mailed "Valentines" ordering them to report for physical examination on February 14. Will in H. Dickerson and Herman B. Rhoads of Olton have been summoned as have Albert F. Richards of Whiteface and Billy Joe Barbee, who registers in Littlefield but who now lives in Amarillo. All four have been ordered to report at Muleshoe, and will receive their physical examinations at Amarillo.

Two Persons Injured In Auto Accident Wednesday Afternoon

An automobile collision, involving two cars, at an intersection on the Spade Hiway last Wednesday afternoon, resulted in sending the drivers of both cars to local hospitals. Mrs. J. O. Bishop of Anton, driver of a 1950 Oldsmobile, who received a badly cut forehead and knee, as well as numerous bruises, and suffering from shock, is still a patient at Littlefield Hospital. She expects to go home today. J. H. Bishop driver of a Plymouth sedan, was seriously injured, suffering several broken ribs and internal injuries. He was admitted to Payne-Shotwell Foundation, where it was reported yesterday that he was improved. Mrs. Bishop's little son Gary, age 5, who was a passenger in the car she was driving, received a slightly cut lip. Both cars were completely demolished it was reported.

Bula And Enochs Sponsoring Polio Party Friday Night

To raise funds for the March of Dimes, a "Polio" party will be staged at the Bula School cafeteria, Friday night, February 8, with Bula and Enochs community, sponsoring the party. Games of canasta and dominos will be played during the evening. Refreshments of sandwiches, cake, pie, coffee, hot chocolate and cold drinks will be served. Admission to the party will be \$1, which will go toward the March of Dimes fund. Everyone is invited to attend.

BRITAIN'S KING DIES . . .

LONDON, Feb. 6.—King George VI died today after 15 years on the throne. His daughter Elizabeth, 25, became queen. The word reached her in an African colony, one of the remnants of empire. She sobbed as she received the news, and then made arrangements to fly home tomorrow. George VI—The steady sort of monarch the Britons love—died in his sleep at Sandringham, the royal estate in Norfolk where he was born 56 years ago. It is believed a blood clot—coronary thrombosis—was the immediate cause of the King's death. Last September, a surgeon removed one of his lungs as cancerous and the King had looked ill for a long time. But even his immediate family did not know death was so near. Princess Elizabeth was in the first stages of an around-the-world trip but planned to fly home immediately from Kenya in East Africa. Unwillingly, George VI became king by a whim of the fates—when Edward VIII (now the Duke of Windsor) abdicated rather than give up the love of the American, Mrs. Wallis Simpson. Now Britain has her first queen in 51 years. The last was Queen Victoria, who ruled from 1838 to 1901. And Britons believe firmly that the country waxes prosperous under a woman's reign.

Poll Tax In Hand -- Now Get Out The Vote

The biggest community political job in Lamb County's history is over. The voluntary poll tax selling campaign surpassed in scope and enthusiasm any similar movement ever undertaken.

But it is well to realize that the job is only half finished. What all this work accomplished was to "qualify" part of the potential electorate to vote.

The next selling job—and it must be voluntary, and on an even larger scale—is getting the polltax

holders to the polls. A voting receipt unused is worthless.

Lamb County in the last state election in 1950 had 4900 poll tax holders, but only 1850 voted in the general election that year.

Responsibility will have to be aroused and reaction reactivated. This is a tremendous job—getting on the vote—but it is a challenge for every civic organization in this country. It is time to build the framework to face that challenge.

Best Friend -----

A house becomes more of a home when a dog is around for wholesome diversion and to spread his kindly spirit. Some dogs howl too much, but a dog, when treated well, repays human kindness with genuine animal affection.

For the last several years, says a dispatch, the dog population has been outgrowing the human population by about 30 per cent. At latest count—and

counting dogs, like counting cats, can be an inexact science—the there were 29,000,000 dogs in this country. Dog owners spend 200 million dollars a year on dog food alone and another sizable sum on clothes and gadgets.

This is not ridiculous. It is a good investment. A lot of people simply are putting their money in friends not likely to turn sour on them.

The Lincoln You Know

AP Newsfeatures

Abraham Lincoln lived when photography was in its pioneer stage. There were no candid cameras and taking a picture meant a "sitting." The need for these formal sessions immobilized his features and his friends said that many qualities of the man failed to get through to the photographic plates. But the Lincoln you know is in large part derived from about 125 photographs which exist today. Here are some of them. The big picture may be the most familiar. It is the one on the \$5 bill. The others were taken between about 1848 and 1865, the first when he was a member of Congress, the last a few days before his assassination.

National Life Insurance To Begin Paying Regular Dividends To Veterans

Veterans Administration today announced it will pay a regular dividend of \$200,000,000 beginning March, 1952, to approximately 3,394,000 holders of National Service Life Insurance.

Policy holders who wish to receive their 1952 dividend in cash must so notify VA under Public Law 28, 82nd Congress.

Policy holders who do not so notify VA under this law will not receive their dividend in cash. Instead, it will be used by VA to pay the premiums becoming due after the dividend is payable, if the policy holder fails to pay such premiums.

VA said it is mailing a special form to all eligible policy holders which they may use to request cash payment, if that is their desire. However, any type of written request for cash payment will be acceptable, VA said; but, in such cases, the policy holders are cautioned to give their full name and address and their insurance numbers so that their accounts may be identified easily and quickly.

The dividend is payable to policy holders whose policies were in force under premium-paying conditions for three months or longer between the 1951 and 1952 anniversary dates of their policies.

Policies of persons in active service since April 25, 1951, which are under waiver of premiums under Public Law 23, 82nd Congress, will not earn dividends for the period of the 1952 dividend that their policies are in such waiver status.

The same dividend rates that were used in computing the special three-year 1951 dividend will apply to the 1952 dividend. This schedule involves approximately 3,000 different unit rates for the computation of dividend payments.

Generally speaking, those who received the full three-year payment of the special 1951 dividend will receive approximately one-third of that amount in the regular 1952

dividend, provided their insurance was in force for the full 1952 dividend year.

It is expected that the first payments will be made in March, 1952. Future payments are planned to be made as soon after the anniversary date as is administratively possible, VA said.

The 1952 dividend for policy holders who are not in active military service and who apply for payment in cash will be paid by the VA District Offices to which these policy holders pay premiums.

Eligible policy holders in active military service who request the dividend payment in cash will be paid by Central Office in Washington, D. C.

This represents a further change in the manner of paying dividends because the first two dividends were paid entirely by Central Office, VA said it believes the change will speed payments to eligible applicants.

Although Public Law 36 requires only that policy holders who wish to receive their dividend in cash must so notify VA, the NSLI Act of 1940, as amended, provides policy holders with two other options:

1. On permanent plans only (such as ordinary life, 20-pay life, 30-pay life, and endowment policies), policy holders may request VA in writing to place their 1952 dividend on deposit at interest, with the aggregate to be included in the calculation of cash value at time of lapse.

2. Any policy holder may request VA in writing to apply his 1952 dividend as an advance payment on premiums falling due after the 1952 anniversary date of his policy.

The latter two options apply for the first time because the 1952 dividend is the first regular dividend declared on NSLI. The two previous dividends were special dividends.

In all of these options, VA is stressing that policy holders should write to the VA office to which they are paying their premiums.

The first special dividend (known as the 1944 dividend) covered an 8-year span. It amounted to \$2.3 billion and was payable to nearly 16,000,000 policy holders who held some 20,000,000 policies.

The second special dividend (known as the 1951 dividend) covered a 3-year span. When all payments under this dividend have been made, the total will amount to \$455 million. This dividend is payable to about 6,000,000 policy holders who held some 7,200,000 policies.

The 1952 dividend, which is the first regular dividend, covers a one-year span. The 5,000,000 policy holders, who are entitled to the \$200 million dividend, have nearly 6,000,000 policies.

Where an insured has no insurance in force, any 1952 dividend becoming payable on a lapsed or an expired policy will be paid in cash, with or without an application.

Car Inspection Deadline Extended To September 6

Automobile inspections under the new law, which was passed at the last legislature, and brought an avalanche of protests to the Governor, the State Highway Department, as well as to the individual stations making the inspection, are going steadily forward and onward at the several appointed stations in the county, but the requirements to successfully have a car pass the test have been substantially lowered, as well as has the edict been dropped that a car inspection certificate was necessary before a 1952 license plate could be issued.

Ed Packwood, first to be authorized to make inspections in Littlefield, stated yesterday that they are inspecting six or eight cars each day.

He added that new instructions for making the inspections have been received from the State Highway Department, charged with enforcement of the law, and which was responsible for setting up the drastic inspection rules, which have now been substantially modified.

"The car inspection has been made much easier," said Mr. Packwood. "No longer is it necessary that one or more wheels must be

removed to make brake inspection; emergency brake not now required, but car must be able to stop in a prescribed distance; cracked windshields do not have to be replaced unless they definitely interfere with visibility.

Those are the high points of the order received here Thursday modifying the inspection requirements, but other changes have also been made.

The deadline date for having cars inspected originally set for April 1, has also been extended to September 6, and there is to be no interference (for lack of an inspection) with the issuance of 1952 plates. Unless the law is changed, it will, probably be mandatory in 1953.

Dress up small boiled potatoes by rolling in melted butter or margarine, then in grated cheese; brown under the broiler.

Next time you make Jelly Roll sprinkle with jelly filling with finely chopped pecans and raisins for extra goodness.

Add finely chopped celery and stuffed olives to a basic tomato aspic; serve on salad greens with

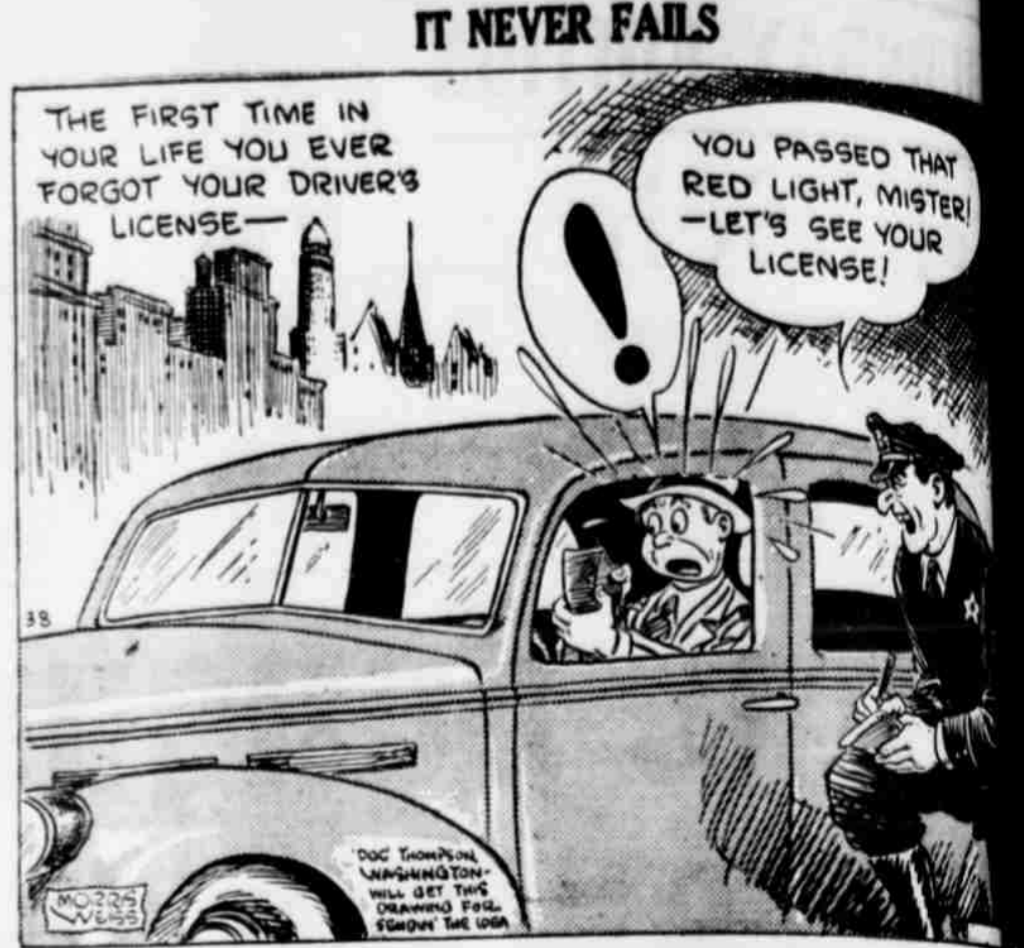

a cheese souffle, a shrimp or with cold chicken or turkey.

Slices of boiled or baked good reheated in a savory cause to which canned tomatoes have been added.

Expert Service men say:
"I got the story on
'50,000 Miles-No Wear'
and changed to New Conoco Super Motor Oil"

"I tested Conoco Super", says A. E. Stanbridge, Garageman, Salt Lake City. "My engine never performed better"

"Believe me, this '50,000 Miles-No Wear' story is all you say it is!" - Harry W. Brown, Okaloosa, Kan.

"Conoco Super is the finest motor oil on the market" - T. S. Young, Young Motor Company, Walsenburg, Colorado.

"Checked out 39,000 miles on Conoco Super" - Jos. H. P. St. Paul, Minn. "I saw so little wear"

"I've driven 80,000 on Conoco Super" - Nick Motzner, Falls, Idaho. "23 miles per gallon"

"After over 80,000 Super customers" - R. K. Comstock, Omaha City.

"50,000 Miles-No Wear!" Proved Here-

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Amazing proof: factory finishing marks were still visible on piston rings!

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that Conoco Super, with OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

ATTEND FORT WORTH STOCK SHOW
Mr. and Mrs. Sherman Rushing and Lavillis, Mr. and Mrs. Vernon Qualls and Henrietta attended the Fat Stock show at Fort Worth last week.

JANE JORDAN VISITS HERE
Miss Jane Jordan of Lubbock spent Sunday with her parents, Mr. and Mrs. J. E. Jordan. She plans to enroll in Wayland College, Plainview in the near future.

LET'S GO BACK FIFTEEN YEARS
Taken from the Lamb County Leader files of the issue of February 11, 1937:

Mancill Hall, president of the Littlefield Chamber of Commerce returned from Amarillo Thursday night, where he was a guest of Amarillo Chamber of Commerce on its trip by special train over the new Santa Fe line to Denver, Colorado.

As a courtesy to her daughter Joan on her fourth birthday, Mrs. L. L. Thornton entertained with a party. Guests were Jackie Farr, Billie Orr, John T. Street, Frances Johnson, Ellen Massengill, Warren Rutledge, Katherine Lewis, Don Dale, Jeannine Burleson, Don Baker, Roy Norman Teeters, Eddie Jones, Tommie Lowe, Malcolm Stokes, George Porcher, Billy June Chesher, and Patricia Whitmore.

Mrs. J. H. Barnett, deputy grand matron of the Order of the Eastern Star was honored by the local chapter, when they entertained with a Valentine tea. Mrs. W. D. T. Storey was in charge of arrangements. In the receiving line were the elective officers, Mrs. J. G. Singer, Mrs. Arbire Joplin, Mrs. Storey, Mrs. F. O. Boles, and Miss Lula Hubbard and the honor guest, Mrs. Wm. Rumbach presided at the guest register.

Work started Monday on a brick home on East 9th street for L. B. Stone.

R. E. McCaskill began work on a Spanish type stucco home on East Ninth. (Now owned and occupied by Mr. and Mrs. O. P. Wilmon.)

The President's ball was an outstanding success—a total of \$50.45 was cleared after all expenses had been paid. \$35.32 was retained here for the purpose of aiding victims stricken with paralysis in Littlefield section and the balance sent to National Headquarters towards the fund for further search of the dread disease.

In W. J. Aldridge's grocery ad, prices on grocery items included 10 lbs. sugar, 55¢; Coffee, lb. 28¢; Super Suds, pkg. 7½¢; P. & G. Soap, 5 bars, 19¢.

Revival Services Each Night At Assembly Of God

The Assembly of God revival meeting continues through this week, the pastor, Rev. H. M. Reeves announced. He also reports a good attendance at all the services and extends a welcome to all to attend. Rev. Eddie Hundley, Evangelist is doing the preaching. A special feature of each meeting is the gospel singing, at all of the services, held each evening at 7:30 p.m.

COLD SHEETS???

SWITCH TO WARM Electric Sleeping!

You may never catch a cold from a cold sheet, but you'll admit that warm sheets on a cold wintry night are far more inviting. And that's the way it is with modern electric sleeping. You merely set the control on your electric blanket (or electric sheet) a few minutes before retiring. You snuggle into a pleasantly warm bed and in no time at all you're in a sound, restful, pleasantly warm sleep. What's more you've no "weather worries" from then on. Your electric blanket maintains the temperature TO YOUR LIKING. It's a modern day... it's time for modern sleeping, at YOUR home.

No Reason For Anxiety Over Soil Blowing States County Agent Eaton

Three well known West Texas County Agents, D. W. Sherrill of Lubbock, David Eaton of Lamb, and Artie Forehand of Hockley county, issued statements this week, admitting that there has been some damage by blowing dust throughout West Texas recently, but were rather scornful that damage being done by wind and dust storms was equal to the devastating storms of the early 1930's.

The reason for their optimism is the fact that this section received rather generous moisture about the turn of the year. Actually there is more moisture than at this time in either 1950 or 1951.

David Eaton estimates that 75 per cent of the land in Lamb county likely to be seriously damaged by soil blowing has been plowed, and that none of it has been damaged. The other 25 per cent could be easily protected by the up-turning of a few clods, and there is sufficient moisture for plowing.

They term talk of a new "dust bowl" as unfounded and premature, and see little or no indication of the return of serious dust bowl

conditions at this time.

There have been several dust storms the past few weeks, but none of the severity of many past years, and with the exception of one duster which continued all day and night, all have been of short duration, and not too much intensity.

More moisture would be welcomed here by farmers, but this is a usual expressed hope during the early weeks of nearly all of the past year.

Most farmers feel that moisture will come in time in ample quantities, and are going ahead with farm work and plans, unruffled and unworried. One with whom we talked said, "It looks like a good crop year to me."

Miss Pauline Young, local Western Union Manager, returned to Littlefield Monday after spending three weeks at Lamesa, where she was relieving at that Telegraph office. Mrs. John Alford was in charge of the local Western Union office in Miss Young's place.

Sorghum Variety Tests Made On Dry And Irrigated Lands

Caprock milo produced the highest average yields in the grain sorghum variety tests conducted at Lubbock on dryland, 1947-50, and on irrigated land, 1948-50.

These tests, conducted at the Lubbock unit of the Texas Agricultural Experiment Station, included 21 commercial varieties and experimental strains of grain sorghum.

Caprock was outyielded on dryland by an experimental selection of Plainsman, which ranked fourth in the irrigated tests. An experimental strain of Combine kafir produced the second highest average yield under irrigation, followed by Combine kafir-60.

On the average, irrigation increases yields by approximately 110 per cent, according to E. L. Thaxton, Jr., agronomist with the Lubbock substation.

Thaxton reports that, when normal seeding rates are used, the late maturing varieties have a higher average yield than those of medium or early maturity.

"CAR" INSPECTOR STUMBED
—One San Antonio inspector who is checking cars in the Texas motor vehicle inspection set-up wasn't helped at all by the extension in deadline recently granted. This lumber carrier must be inspected somehow, but

the inspection station says it can't issue a sticker. All four wheels turn so alignment can't be checked. Eight-foot high headlights don't fit the rules either. And there's no windshield wiper. But, the brakes checked out perfectly. —AP Photo

- February 13: Beans and chili, wilted lettuce salad, spinach, whole fresh apple, crackers, chocolate milk and fruit cake.
- February 14: Beef roast, and gravy, creamed potatoes, green beans, celery and nut salad, bread, orange juice, milk and Valentine cake.
- February 15: Salmon croquettes, scalloped potatoes, english peas, lettuce wedge, hot rolls and margarine, chocolate milk and honey.

Five New Scholarships Announced By Texas Tech Committee On Awards

Amherst Junior Study Club Held Monday Night

Members of Amherst Junior Study club enjoyed meeting in the home of Mrs. Charles Daniel, Monday night. Mrs. R. P. Jeffry was co-hostess. A program on "health" was presented.

Five new scholarships, worth a total of \$4,000, were announced this week by the Texas Tech committee, Lubbock, on scholarships and awards.

Four of the scholarships, worth \$750 each, were in the engineering division. The largest, a \$1,000 award, is in the horticulture department.

Frank Goldthwaite, Fort Worth owner of Texas Toro Co., makers of power mowers and grass-cutting machinery, set up the \$1,000 scholarship for the 1952-53 school year to help a junior, senior, or graduate student studying horticulture and park management. The recipient becomes ineligible for any other scholarship during the year.

The Southwestern Public Service Co. established two annual scholarships of \$750 each for mechanical and electrical engineering students. They will be awarded for the 1952-53 session to the junior or senior mechanical engineer and the junior or senior electrical engineer meeting the scholastic, financial, and character qualifications.

Don D. Herrington, Amarillo, president of the Panoma Corporation and a member of the Texas Tech Foundation Board of Directors, set up two other \$750 scholarships for freshmen engineering students. The awards may also go to high school graduates who will enter engineering training at Texas Tech and meet the qualifications. All awards are made only upon application.

Mrs. E. J. Foust, Sr. of Littlefield and Mrs. Hershel Carthel of Lockney left Monday for Beaumont to visit their sister, Mrs. J. B. Scott, who is seriously ill. Mrs. Scott underwent major surgery Tuesday for gall bladder trouble. Her other sister, Mrs. J. I. Carrell, was unable to go due to the illness of Mr. Carrell, who is suffering from arthritis, but is some better at the present time.

Radiant Blushes For The Valentine Bride

By BETTY CLARKE

All eyes are on the bride at any season of the year. But the girl who plays queen of hearts on Valentine's Day must sparkle. Even if she skips the fuss and feathers of white, and makes her vows in a business suit, she must look radiant to please Dan Cupid.

Here are some pointers to aid the busy bride-to-be:

1. A permanent wave should be done several weeks before your wedding day. If you do not attend to your curls then, have your hair cut and set before the wedding day, and have your permanent done after the honeymoon. It is sad to get a permanent wave a few days before the wedding, discovering that neither the style nor wave suits you, and that your coiffure looks unbecoming beneath your wedding veil or hat.
2. Your hands will be up for inspection after the wedding ceremony. Pay special attention to fingernails. If they have a tendency to be brittle, trim and shape them, massaging cream around the cuticle each night at least several weeks before the wedding. Your hands, like your fingernails, will

be in special focus when you show off your wedding ring and that diamond. Put your hands in good shape with a hand cream or a homemade lotion of glycerin and rosewater. Scrub your hands frequently to erase dirt, stains and grease or oil which might work into crevices of the skin, particularly if you have a factory job.

3. The wedding day is an occasion of great excitement. Few girls can remain calm while a dotting family gets into a frenzy over the prospects of the wedding. It is important, therefore, to use an anti-irritant and put good sturdy arm shields in your wedding gown to keep sweet and lovely during the hectic hours that precede the wedding reception.

4. Get your trousseau organized weeks before the wedding. If you do not have the room in your home to take over a large area so that things can be stacked carefully, clean out one or two bureau drawers, and put hosiery, lingerie and trousseau accessories in neat little stacks. Then when you are ready to pack for your wedding trip, you will have everything at hand to facilitate packing.

5. Use a clear foundation cream or liquid of some sort, instead of a heavy makeup which would not be flattering to a bride. Use the minimum of lipstick and rouge necessary to bring a glow to your cheeks and lips, and select a light instead of a dark hued rouge whether orange or pink.

Health Talks

Prepared by the State Medical Association of Texas

Life begins with the nose. In a pinch—a pinched nose—that life can be diverted to mouth breathing, but without nasal breathing there is usually some diversion from good health.

So the nose obviously has some reason for the jutting out appearance it creates in the middle of your face. When a nose assumes larger than normal proportions, such as that of Jimmy Durante, it is usually comically referred to as a proboscis, a word which literally means "a way of providing food." In Jimmy Durante's case, his proboscis may be considered his means of a livelihood, his nose is his fortune.

Everyone's nose might well be considered his fortune, however, and the interpretation that it is a means of getting food might fit in to the picture of health, with the nose in the middle. The original Greek word from which "proboscis" was taken meant leading to pasture, painting a picture of a shepherd taking his flock into fields where they could eat and gain strength.

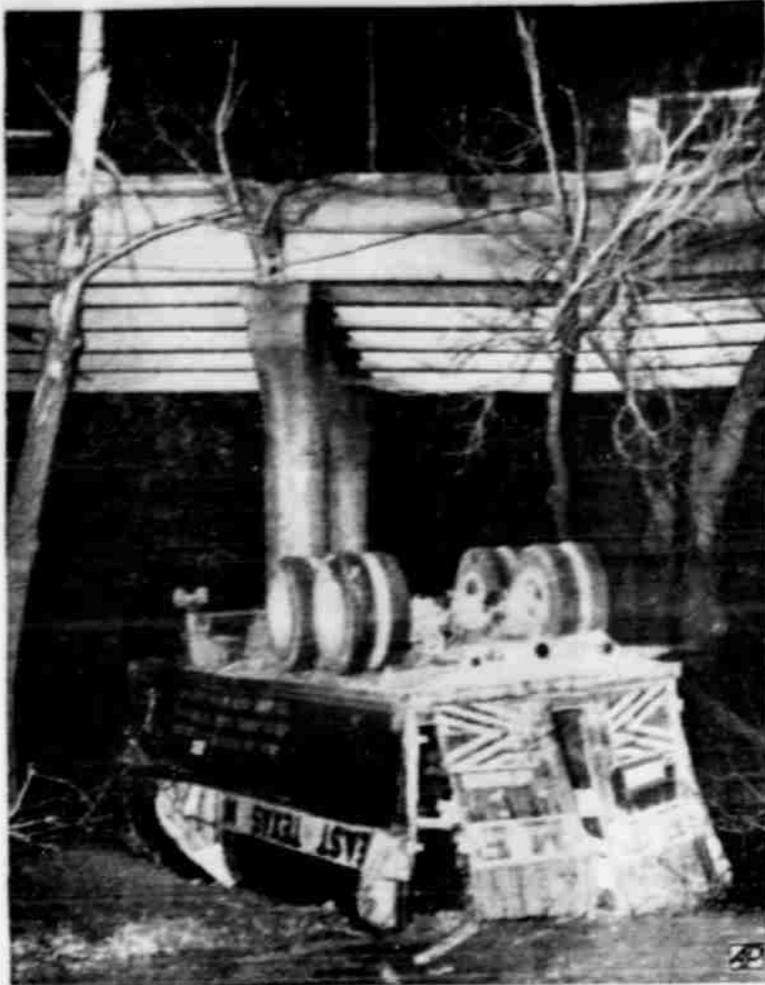

The nose can be well considered the shepherd of the body, and a

good shepherd it is. The flock would be all those organs inside of you, each part of you that requires the food from the air that the nose pulls into the body. No good is your shepherd's nose, however, that your flock stays put, more or less, and the shepherd sees that the food gets where the flock is tethered.

What does the nose do about the food it picks up in the air? In the first place, it guards against impurities by thousands of little hairs, sticky little hairs which try to catch and cleanse the impurities before they get started to the organs of the body. There are many impurities in the air, of course, and the nose has two scrub teams working hard all the time, one in each nostril, just scrubbing and washing to beat the band.

With so much action going on in the nose, the air is also heated so that the "flock" of organs that will receive nourishment from the air won't get a cold blast from the outside. The good shepherd takes care of everything.

Some things have no place among the flock that the nose guards. Take pepper, for instance. That is a fine fodder for the flock

FATAL WRECK—A motor freight truck van loaded with about forty thousand pounds of live ammunition, collided with a city street sweeper and then plunged off a 45 foot railroad overpass in Nacogdoches. Truck

driver James Harold Palmer, 30, of Texarkana was fatally injured. The cab of the truck, behind the van in the picture, caught fire and burned but insulation and packing was credited with having kept the shells and ammunition from exploding. —AP Photo

that the mouth feeds, the organs of digestion. But pepper evidently does the respiratory flock, which is fed by the nose, no good; so when the nose gets hold of some pepper, it sends a signal down the line that a "wolf" is at the door, and the whole flock of respiratory organs gets up to shoo the wolf away—it comes out more "ker-schew" than "wooo" however.

There are several oven-like jobs adjoining the nose, back inside the face. These are the sinuses, which might be considered the depository for real stubborn impurities that the normal scrubbing doesn't clean up enough for the flock. They are also lined with sticky hairs but since they are enclosed within the body they could provide a little more heat for the impurities and maybe "get" a few more bugs than the normal nasal channel could catch. Maybe they could be considered to do a scabbling job after the air has already been washed.

The hard palate, the arched top of your mouth, is the floor of the nasal cavity. From the nose, the air goes through the nasal cavity with all its sinuses, they hit a downward dip called the pharynx, which is the throat.

The pharynx may be pictured as something like a lighthouse. The dome of the pharynx is jammed up against the bottom of the skull, the bone that encloses the brain. The dome is right at the beginning of the downward dip from the nasal cavity, called the nasopharynx, the spot noted for the growth of adenoids. Since that light in the dome of the lighthouse hits the air as it passes but has no connection with the food that goes through the mouth, it may be considered as the electric eye that tells the air food it's supposed to head off for the forward track down the way, going down the windpipe or trachea instead of taking the backward track, the gullet or esophagus, which is the route of food from the mouth.

Anyway, however, it knows what to do, the air swishes past the uvula opening (there by the tonsils) and takes out for the epiglottis, that trapdoor that flaps over the windpipe. This epiglottis does not open for solid foods under normal conditions though it seems that kernels of beans and corn often have a way of getting off the back track and going into the front track, the trachea, where they don't belong, and causing much consternation.

From the epiglottis, the air skids down the moistly lined larynx, past the voice box, splitting off into various branches at the bronchial tubes and finally landing up in the lungs.

All of this life-sustaining process started from the nose. Air can certainly get to the lungs from the mouth. But since the nose is known to be a purifier and warmer of air, then the air breathed through the mouth is not as good fodder for the respiratory organs as the air that has been filtered, scrubbed, baked, scalded, and guided by all those gadgets that make up the upper respiratory tract, starting with the nose.

Glamorize baked apples! Top with sweetened whipped cream mixed with finely cut dates and flavored with grated orange rind.

Use turkey bones in a delicious soup; cover them with water and add a carrot, an onion, celery tops, bay leaf, salt and peppercorns. When the soup has cooked down to a rich essence, flavor with a little cooking sherry and serve as is or with the addition of cooked rice or fine noodles.

T. E. McGee Establishes Garage, Welding And Blacksmithing Shop At Bula

T. E. McGee, formerly of Lubbock, purchased lots, and constructed a building at Bula, and last week established a garage and blacksmithing and welding shop in that location.

The shop is located one half block north of Texas Station at Bula.

Mr. and Mrs. McGee have three sons, Tony Phil, Oran Framor, and Curtis Eugene.

Mr. McGee has been in the wood working business at Lubbock.

Among those from here who attended the Fort Worth Fat Stock show last week included Mr. and Mrs. J. D. Smith, Mr. and Mrs. Harry Kline, Mr. and Mrs. O. P. Wilmon and family, Mr. and Mrs. Alvin Barwell, Ed. Fowler and A. C. Chesher.

Mrs. George White was to members of the Thursday noon club, at her home on the land Highway, last Thursday, entertained with a luncheon, followed by games of

TRIP
 Carl McMaster returned from a trip to A&M College for the

last semester's work.

Three Former Wildcats Letter On McMurry Team
 Three former Littlefield gridmen are among the 39 football players at McMurry College who have been recommended to receive a letter for the '51 season, according to Wilford Moore, Athletic Director. Sabin Hendrickson, one of the Texas Conference's leading rushers all season, Stephen Brock, another back, and Billy Sisson, guard were the three Littlefield men named. Hendrickson, a senior, played his final season for the Indians, as did Brock, who dropped out of school at mid-semester. Sisson, a guard has another year of eligibility.

Two Breakins At Anton Recently
 There were breakins at two places in Anton last Sunday night, which makes it five Sunday nights in a row. Mr. Vincent reports that the door to the city hall was forced open, and prowlers entered the building. However nothing was missing. He said he had left no money on the premises. White King reports some prowling at his grocery store. The screen to the rest room was cut, and the window broken out, but they had locked the door from the rest room into the store, and the would-be burglars had not gotten beyond the rest room. One man informed the Anton News a prowler at his place left just in time to escape a charge of bucksot.

Mrs. L. A. Daniels Returns From New York
 Mrs. L. A. Daniel of Amherst returned last Saturday morning from New York, where she accompanied her daughter, Mrs. Roy McCrory and three children. The McCrory family boarded a plane from Fort Hamilton, New York for Germany where they joined Capt. McCrory, who is stationed there. Mrs. McDaniel went to Killeen where her daughter and family were living, and joined them there. They left for New York, January 16, taking the southern route, visiting scenic and places of interest enroute, including Richmond, Va., and Washington, D. C. Mrs. McDaniel had planned on remaining in New York for a more extended visit, but due to inclement weather returned home only after a short stay. She stopped off in Chicago where she shopped at Marshall Fields & Co., and also spent a day or two in Kansas City.

Arlen Wesley, Former Wildcat Player, Among Red Raiders Receiving Letters

LUBBOCK, Feb. 4—Only nine seniors are among the 42 Texas Tech football lettermen announced today by Coach DeWitt Weaver. Graduation will deprive the Red Raiders of three all-conference (Associated Press) performers—quarterback Junior Arterburn of Ranger, center Aubrey (Red) Phillips of Fort Worth, and tackle Jerry Price of Brownfield. Price, captain, who also made the AP All-America second team, played in the East-West Game. Phillips, alternate captain, made the Blue-Gray Game. Besides knocking off Texas Christian University, Southwest Conference champion, 33-19, the Red Raiders marched through five Border Conference opponents—while losing four non-league tilts—to the Sun Bowl. To cap the debut of Weaver and his staff, the Raiders downed College of Pacific 25-14 and gave Tech its first bowl victory in history. Senior lettermen (previous letters won in parentheses after each name): tackle—Price (2); guard—Jack Cockburn (1) of Denison; centers—Phillips (2) and John Paul Jones (1) of Lubbock; backs—Arterburn (1), Pete Edwards (1) of Vernon, Bobby Close (2) of Shamrock, Frank Graves (1) of McKinney, Bill O'Grady (1) of Fort Worth. Juniors: ends—Alton Linne of Monahans, Lewis Crossley (1) of Eastland; tackles—Marland Ribbie (1) of Fort Worth, Hollice Davis of Fort Worth; guards—Vernon Barron (1) of Temple; backs—Jim Turner (1) of Olney, Charles Welton (1) of Fairmont, West Va. Sophomores: ends—Billy Wright of Lubbock, Bill Tillman of Surrency, Ga., Paul Erwin of Odessa; tackle—Richard Duke of Fort Worth; guard—Gene Hammill of Shamrock; backs—John Thompson of Brownfield, Bobby Cavazos of Kingsville, Don Lewis of Quitaque. Freshmen: ends—Ronnie Cordell of Oklahoma City (Central), Dean White of Lubbock, Bill Bryan of Pecos, Ken Kummer of Detroit (Catholic Central); tackles—Arlen Wesley of Littlefield, Kenneth Elmore of Carlsbad, N. M., Paul Barrington of Chippewa Falls, Wisc. (Subiaco Academy, Ark.); guards—Vernon Whitaker of Batesville, Miss., Bobby Hunt of Altus, Okla., Bill Whitted of Hot Springs, Ark., Ray Howard of Childress; centers—Barton Massey of Bowie, Ralph Martin of Fort Worth, Don Funk of Chickasha, Okla.; backs—Pete Rinaldi of Orange, N. J., Elmer Wilson of Pampa, Jerry Johnson of Hale Center, and Rick Spinks of Kermit. A letter also went to manager Phil Cook, sophomore from Dallas. Texas Tech's starting backfield at the Sun Bowl consisted of two animal husbandry majors—halfback Bobby Cavazos and fullback Sandy Welton—and two business management students—quarterback Junior Arterburn and halfback Jim Turner.

Pep Residents Called To Munday To Attend Funeral

Mr. and Mrs. A. G. Jungman of Pep returned home Sunday night from Munday, where they attended funeral services for Henry Mitchell sr., a close friend who passed away last Friday, February 1. The services were conducted Saturday morning at 10 a. m. from the Catholic church there.

RECIPE OF THE WEEK

By Mary Lee Taylor

Juicy Meat Loaf

1 lb. ground lean beef
1/2 cup Pet Milk
1/2 cup rolled oats
2 1/2 tablespoons finely cut onion
1 teaspoon salt
1/4 teaspoon pepper
2 slices bacon, cut in half
4 medium onions, cut in half crosswise

Mix well beef, milk, oats, onion, salt and pepper. Dip hands in water and shape mixture into a loaf. Put in greased pan. Place onions around loaf and bacon slices on top. Bake in moderately slow oven (350) 30 minutes then turn onions and bake 30 minutes longer, or until loaf is brown. Serve hot or cold. Makes 4 servings.

Variety Store Burglarized Five Thousand Dollars

Variety store, at Morton, operated by James St. Clair, was robbed of between \$5,000 in cash Friday morning. Burglars, apparently, took their business. About \$1,000 in cash, checks and bonds were ignored and only \$4,000 was scooped up. A tangible clue was a key in an alley. Law officers said it was the job they had seen

in "several days." The store owner, who is also a director in the First National Bank of Morton, said he always kept about that amount of money in one of two safes in his office at the variety store. "I have cashed a lot of checks here at the store," St. Clair said. In totaling his loss late Saturday night, St. Clair said, "about \$1000" of the money was his personally, and that he had no insurance on such a loss.

The officers who investigated said the burglar apparently climbed a light pole in an alley to get onto the roof of the store. Once on the roof, he ripped a trap door open and climbed down inside via a ladder which had been placed there for air conditioning servicing. Closing the door to the office he went to work on the old model safe which is about four feet tall and two and a half feet square. It was one of the largest such cash hauls over the South Plains in the past few months. Joe Simmons identification officer of the Lubbock Police department said the safe combination was "knocked" with only one blow and that two or three more had served

to open the box. The officers questioned several persons in Morton but reported no further progress Saturday night. St. Clair who was away most of the day and didn't know of the burglary until late Saturday afternoon, said the store had been broken into several times previously but no one made an attempt at the safe, mostly confining their activities to the cash drawers. St. Clair said he has owned the store since 1934. Tapioca cream is delicious spooned into tart shells and topped with bannan slices and whipped cream.

Brother Of Earth Woman Dies In Michigan Hospital

Mrs. L. O. Langley of Earth attended funeral services for her brother, Charlie Woods, 59, of Buchanan, Michigan, which were held at Slaton Monday afternoon at 4 p.m. Interment was in Slaton cemetery. Mr. Woods passed away last Thursday at University hospital, at Ann Arbor, Michigan. He was formerly an electrician for the City of Lubbock several years. He was reared at Crowell.

Local Youths Place In Judging Contests At Pampa Monday

Four Junior Vocational Ag. students, three delegates and one alternate, were accompanied to Pampa, and the Top of Texas Livestock Judging contest, by their instructor, Hershall Potts, Monday, and were entered in Junior judging competitions along with similar groups from 35 other surrounding schools.

The boys making the trip were: Eugene Watts, Bobbie Foley, Eddie Wallace and Keith Davis (alternate).

The show was staged by the Texas Hereford Breeders Association, and a banquet by the Chamber of Commerce of Pampa followed in the evening.

Livestock judging was in six classes, including steers, bulls, fat lambs, rambouillet ewes, fat barrows and breeding gilts. The local group placed tenth in the entire judging contests.

Eugene Watts, 15, son of Mr. and Mrs. Jess Watts of the Littlefield team, was high point honor getter in the Littlefield delegation, and scored 2nd high in two classes of sheep judging, and 3rd place individual winner in the total contests, judging in competition with 104 others.

They returned home late Monday night, making the trip by car.

Pneumonia Fatal To Mrs. Eudora Watson, Aged 84

Funeral services are being held this afternoon at 2:30 o'clock from Hammons Funeral chapel for Mrs. Eudora P. Watson, age 84, who died early Wednesday morning, February 6, at the home of her son, J. M. (Boss) Watson and family, 1109 E. 9th street. Rev. Frank Beauchamp will officiate and burial will be made in Littlefield cemetery.

Mrs. Watson was visiting in the home of her son when she became ill. Cause of death was said to be pneumonia. She had been a guest in the Watson home about two weeks. She had made her home with a daughter, Mrs. R. M. McCurry at Yellowhouse Switch community, for the past 26 years.

Deceased was born in Miller County, Arkansas, Nov. 5, 1867. She was united in marriage to Joseph Thomas Watson, in October, 1892, who preceded her in death July 11, 1938.

Nine children were born to the union, four daughters and six sons. Three of the children preceded their mother in death. The survivors include: Evan T. Watson, Van Buren, Missouri; Mrs. R. M. McCurry, of Yellowhouse Switch; J. M. Watson, Mrs. W. H. Covington, and Roy B. Watson all of Littlefield and Fred S. Watson of Texas. All were present for the last rites. A number of grandchildren and great-grandchildren also survive.

Four of the nation's top five rushing leaders were met by Texas Tech's Red Raiders last football season—Hardin-Simmons' Dumble Gooch, Tulsa's Howard Waugh, Houston's Gene Shannon, and College of Pacific's Tom McCormick. Only the No. 1 rusher, Ollie Matson of San Francisco, did not perform against the Border Conference champs.

Shannon, fourth ranking runner, did the best against Tech, amassing 126 yards on 35 carries for an 8.4 average. Gooch made 49 on 15 tries; Waugh raced 195 on 29, and McCormick, in the Sun Bowl, chalked up 59 yards on 33 carries. Shannon was the only one to score.

CARD OF THANKS

We wish to express our heartfelt thanks for all the kindness, gifts, prayers, and words of comfort from God's word with which so many of you, our dear friends, helped us during our recent days of sorrow, when God called our precious daughter and sister, Janice. And to those who assisted us so faithfully through the days at the hospital, we are most grateful.

We especially wish to thank the ladies who assisted at the house so faithfully too, and for all the food that was brought, and for the many beautiful flowers.

May the Lord Jesus, our Saviour who comforted us, bless each of you, and strengthen your faith in Him, so that some day we may all receive that great and glorious victory.

"For me to live in Christ, and to die is gain." Phil 1:21.

Mr. and Mrs. T. E. Howard

Annual Heart Fund Campaign Is Announced

Funds for a more extensive campaign to combat the nation's No. 1 killer, heart disease, are being sought in the annual Heart Fund appeal of South-Plains Heart Association.

Heart and circulatory diseases cause approximately 44 per cent of all deaths in the United States, said Dr. W. H. Gordon, Lubbock heart specialist who is chairman of the fund campaign. Deaths from those diseases numbered 745,000 in 1950.

The fund campaign opened Feb. 1 and will continue during the remainder of February. Donations may be mailed to Heart, care of your local Postmaster. A total of \$25,000 is being sought.

Dr. Frank C. Goodwin of Lubbock is president of the Association. Howard Walker and J. Orville Smith are co-chairmen with Dr. Gordon of the fund campaign.

More than 100 members of the South-Plains Life Underwriters Association met in the Hilton Hotel in Lubbock Saturday to help inaugurate the drive. Underwriters will assist in the campaign, along with various other civic groups.

Funds from last year's campaign financed lectures by four widely known doctors. Dr. Bill Sodaman of Tulane University, Dr. Howard Hyre of Southwestern Medical School of Dallas, Dr. Howard Jones of the University of California School of Medicine and Dr. George Herman of the University of Texas. They presented lectures for doctors from throughout the area and appeared in a public forum attended by approximately 700 persons.

Purpose of the campaign is to obtain funds for research, education and definitive care. Funds for care of indigent patients have been limited to considerable extent, but leaders expressed belief that funds should be available for medical care for children suffering from congenital heart diseases whose families are unable to pay for medical care.

Of funds received, 60 per cent will be used in the South-Plains area, 25 per cent will go to the American Heart Association for research and grants for study, and 15 per cent will go for state wide education, research and services.

Dr. F. B. Faust contacted Dr. Gordon at Lubbock, Tuesday afternoon, in regard to the local angle of the fund campaign and he was advised that Howard Walker, co-chairman of the drive over the South Plains will be in Littlefield in the near future to work out plans for Lamb County.

Local Student On Honor Roll

Sabin Hendrickson, senior student at McMurry College from Littlefield, is one of the fifty-eight students named to the honor roll the first semester at McMurry College, Abilene.

Only the upper ten per cent of the student body academically make the honor roll.

Official Income Tax Guide Available

The new edition of the Bureau of Internal Revenue's official guide to the nation's income-tax payers—Your Federal Income Tax—is just off the press and has been placed on sale in El Paso at the U. S. Department of Commerce office in the El Paso Chamber of Commerce Building. The booklet, one of Uncle Sam's all-time best sellers, is priced at only 25 cents per copy.

The current issue of the tax booklet incorporates the important changes in the Federal income tax laws which were recently enacted in the Revenue Act of 1951, weaving them together with the older provisions which remain in the Federal income tax laws which were recently enacted in the Revenue Act of 1951, weaving them together with the older provisions which remain in effect from the Revenue Act of 1950 and earlier laws, in order to provide the average taxpayer with the information he needs to complete his 1951 income tax return.

T. U. Purcell, District Manager for the Department of Commerce in El Paso, says that the booklet will prove to be of real value to every citizen who files an income tax return. "All taxpayers," Mr. Purcell pointed out, "should ask themselves these questions—Am I sure I am taking all the exemptions and deductions I am allowed by law? If there is any question about my tax return, do I know what to do to protect my interests?"

Today's Birthdays

Joseph Hudson Short Jr., born Feb. 11, 1904, in Vicksburg, Miss., son of a lawyer. White House press secretary. Short was appointed by President Truman to succeed the late Charles G. Ross. A reporter for 25 years, Short was with The Associated Press for 10 years and was with the Washington bureaus of the Chicago Sun and Baltimore Sun immediately preceding his appointment in December, 1950.

David Kirkpatrick Este Bruce, born Feb. 12, 1898, in Baltimore, son of William Cabell Bruce who was a U. S. senator. David Bruce was appointed U. S. ambassador to France in 1949 and recently was appointed as the next undersecretary of state. He is a lawyer, served as an artilleryman in World War I and chief of the European Office of Strategic Services in World War II.

Blair Moody, born Feb. 13, 1902, in New Haven, Conn., as Arthur Edson Blair Moody, Senator from Michigan, he was appointed to serve the unexpired term of the late Sen. Vandenberg. He is the first Washington correspondent to serve in the Senate. He had represented the Detroit News in the capital since 1933, except during the war when he was a foreign correspondent for his paper.

Edward Theodore McCormick, born Feb. 14, 1911, in Phoenix, Ariz., son of a builder. President of the New York Curb Exchange, second largest securities mart in the nation, he had served the U. S. Securities and Exchange Commission since its organization in 1934. He worked as a newsboy to earn money for school, was graduated from U. of Arizona, got an M.S. from California and a doctorate in economics from Duke.

Alfred Carlton Gilbert, born Feb. 15, 1884, in Salem, Ore., son of a banker. Famous mechanical toy as the manufacturer of Erector sets. Gilbert got his idea watching the New Haven line install girders for electrification. At Yale he won many athletic honors and broke records in Olympic Games. He became a physician, but his hobby for magic turned him to toys.

Katharine Cornell, born Feb. 16, 1895, in Berlin, daughter of a physician who turned theater manager. This famous actress, now appearing in the New York revival of "The Constant Wife," made her debut at 20 in a stock company in Buffalo. Married to Guthrie McClintic, director, she first appeared on Broadway in "Nice People," but made her hit in Sydney in "The Bill of Divorcement."

Locals Defeat Muleshoe 33-31

R. L. Rhoten's long push shot in the last four seconds of play gave the Littlefield Wildcats a 33-31 upset victory over the Muleshoe Mules in a District 7-AA basketball contest here tonight.

The score was tied at 31-31 with the clock ticking away the final seconds when Rhoten scored his game-winning two-pointer. He finished as high scorer for the winners with 12 points, while teammate Frank Fry scored 10 points.

For Muleshoe, lanky Glenn Harlin chalked up 17 points to take scoring honors for the contest. Muleshoe won the girls game, 70-22, with Jo Dean Wagener tallying 39 points. Polly Alexander's 14 counters paced Littlefield.

And in the junior varsity tilt, Muleshoe banged out a 32-21 victory. Bill Jones, with nine points, paced Littlefield, while Gaede marked up nine for Muleshoe.

County Council Meets Tuesday

The meeting of the Lamb County council, PTA which met at Spade Tuesday afternoon was well attended, with a good representative from each PTA unit in the county.

Mrs. Ray Hulse, president of the council presided during the transaction of business. Supt. Haire of the Spade Schools gave the welcome address. Piano selections were rendered by Barbara Mouser and Betty Byers, both of Spade.

Mrs. F. E. Yohner acted as secretary at the meeting in the absence of Mrs. Lee Hemphill who was unable to attend.

This was the first meeting that Spade and Fieldton PTA units have attended, as both have been organized in the last few weeks. Other units attending were Olton, Springlake, Amherst, Sudan, and the two Littlefield units.

During the business session Mrs. Hulse urged all units in the county to have representatives at the annual spring conference which will be held in Brownfield the latter part of April. Each unit reported on the activities during the past year. Mrs. Balford Rochelle was appointed as radio chairman, and asked to secure a tape recording of all main addresses delivered at the State Convention.

During the social hour, cherry pie, and spiced tea was served by the Spade group. A Valentine theme was carried out in decorations. The tea table featured a centerpiece of red roses.

Attending from here were Messrs. L. H. Reams, Virgil Roberts, Jack Brooks, Ray Hulse and F. E. Yohner.

Local Doctor

(Continued from Page 1) part of the article in other than a medical journal would have, or serve no useful purpose. Reproduction of any part of the article other than by a medical journal would probably be out of place in view of the fact that it is directed to members of the medical profession and it would be little understood by any other class of reader, and we therefore are making no quotations therefrom.

Dr. Faust is not a "new comer" or novice in the field of medical writing, as this article on the management of nephritis is the third article on medical matters which he has prepared in recent years and which have been sufficiently highly rated in the medical profession to warrant publication in leading recognized medical journals.

Dr. Faust, as well as the personnel at the Foundation have every reason for feeling proud in the recognition of this work from the pen of Dr. Faust. He in turn has reason to feel proud that his treatise on which he has worked conducting experiments, etc., for the past two and one-half years has been given splendid recognition among Southwestern Medical Institutions and medical men.

Large Attendance

(Continued from Page 1) dent of the same college, who will be guest speaker on the program. The program committee considers itself very fortunate in being able to secure both of these well known Wayland College men. They have now completed all of their program arrangements, and have announced that President Nelson Naylor will preside, and during the evening will introduce a choriette, composed of three young High School lady vocalists, Minnie Faye Weschke, Mignon and Charabeth Theoford as well as some surprise features.

The banquet which will preface the program, will be served at 7:30 p.m., by the Altar Society ladies of Sacred Heart Church, and the menu will consist of chicken fried steak, potatoes, buttered corn, black eyed peas, combination salad, apple cobbler with whipped cream, hot rolls and coffee.

U. D. Walker, general chairman for the big C of C evening, stated that he expected a large delegation of out-of-town guests from throughout the area, who will be especially anxious to hear the talk by the chosen guest speaker, Dr. Marshall. During the past two years, Dr. Marshall has flown a total of 175,000 miles in his own private plane, and has visited numerous foreign countries as well, and will be able to bring to his Littlefield audience his point of view obtained from personal visitations and interviews with high-placed officials in China, Formosa, Japan, and other far east trouble spots of the world of today.

He is a forceful speaker, seemingly tireless, and frequently makes two or more talks in a single day. Banquet tickets are now on sale at \$1.75, and can be secured by calling the Chamber of Commerce offices. As is customary here, ladies are also invited, and will be present in large numbers.

Bud Durham, son of Mr. and Mrs. R. W. Durham, formerly of Lamesa enrolled in the Littlefield Junior High school Monday morning, and is a member of the 9th grade. The family are now residents of Littlefield, and Mr. Durham is associated with the R. & W. Supply Co.

Dr. F. B. Faust Elected President Of Medical Society

Dr. F. B. Faust was elected president of the tri-county medical society, at a meeting held at Payne Shotwell Foundation, last Tuesday night. Other officers include Dr. W. W. Monk, Morton, vice-president; Dr. W. C. Nowlin, secretary, treasurer, and Dr. Vernon Edgar, Levelland, county representative to the state society. They will serve for the ensuing year.

Dr. Wm. C. Nowlin, on the staff at Littlefield Hospital, showing a scientific film following the election of officers.

The newly elected president is on the staff at Payne-Shotwell Foundation.

The tri-county society, includes Lamb, Bailey and Hockley counties. The next meeting will be held in Levelland, February 26.

Sudan C. of C. Elect Officers For Coming Year

Members of the Sudan Chamber of Commerce held their annual election of officers Tuesday night in the grade school auditorium. Wayne Brown, prominent Sudan implement dealer, was named president to head the organization for the coming year. Earl Minter, Sudan dry goods dealer, was elected vice president and Esther Ruth Allen was named secretary. Miss Grace Robertson was elected as assistant secretary of the organization.

The group voted an expression of appreciation to retiring president O. L. Shannon for the good work done by him during his tenure of office.

The group started formulating plans to interest every business

man in Sudan in a membership in the organization. A membership committee composed of Dr. E. B. Knollhoff, Arnold Reed and Geo. Reinhardt Jr. was appointed by Brown.

Meeting dates of the organization were changed to the first Tuesday night of each month. The next meeting date will be Tuesday, Feb. 5.

Plans to affiliate the organization with the West Texas Chamber of Commerce were discussed and final action on the question will be decided at the next meeting.

Of interest to many Sudan businessmen was a resolution adopted limiting the time of any chamber meeting to one hour.

Funeral Held At Sudan For C. A. Daniel Wednesday

Charles A. Daniel age 83 of Graham formerly of Sudan passed away early Tuesday morning in the South Plains Co-Op Hospital at Amherst. He had been a patient for the past two weeks, but had been in bad health for several months.

Funeral services were conducted from the Church of Christ at Sudan, with the local minister officiating assisted by Walter Billingsley, minister of Amherst Church of Christ. Burial was in Sudan cemetery, with Hammons Funeral home in charge.

Deceased is survived by his wife, Mrs. Hester Irene Daniel, and two sons, Lawrence of Amherst and Carlisle of Portland, Oregon and also one daughter, Mrs. Hal Merritt of Amherst, and two stepdaughters.

Mr. Daniel had made his home at Sudan a number of years, and at one time served Lamb County as a commissioner from that precinct. He moved to Graham about two years ago on account of his health. He was born May 29, 1868 in Rhoxton, Texas.

Last Rites For Prominent Business Man

A. L. Atkinson, prominent business man, and president of the Payne-Shotwell Foundation, was pronounced dead in the Payne-Shotwell Foundation Tuesday night, February 6, which he suffered just before he rushed to the hospital. Funeral services were conducted this afternoon at 2 p.m. from the First church in Lubbock, with Rev. Crandall officiating. Burial will be in the graveyard service at the cemetery, where interment made.

Survivors include his one son, Armar L. Atkinson, who is an architect in San Antonio, and his wife, Mrs. Atkinson. He was 67 years old. Three grandsons survive. They are Jack of Cleburne and Perry of Atkinson of Lubbock.

Former Sudan Passes Away

William F. (Zece) Croxby, former Sudan resident, Croxbyton, Jan. 21, 1952, heart attack. While in Sudan, he was secretary of the Union Congress and recently manager of the Union Congress in Croxbyton.

Mr. Croxby was a Louis Browns baseball player later was a scout for the Dodgers.

Survivors include his wife, Louise; one daughter, Mrs. Lewis of Venezuela; and J. Clayton of Waxahatchee, granddaughter.
