## School Proposal Alarms Area Officials

BY NILAH RODGERS  
LEADER-NEWS Staff Writer

Area superintendents have just returned from an Austin meeting where they learned more about the controversial redistricting and re-evaluation of all Texas schools. Governor Connally's Committee on Public School Organization is a bill that will be introduced into this session of the legislature. The package bill proposes that 1218 of Texas' present school districts be consolidated into 353 school districts. The package bill proposes elimination of 800 of the present 1218 school districts in Texas, bringing the total number of districts to 353. These proposed districts would eliminate all schools in Texas with an enrollment of less than 2600 students in 219 of 254 Texas counties. The legislation is on a target date basis for 10 years. Three years of study and \$300,000 has been spent on the proposal.

IF ANY PROPOSAL could be more controversial than the elimination of so many school districts in Texas, the taxation re-evaluation to support this radical change is causing even more furor. Under the present taxation system that

supports Texas schools, taxes are assessed on a percentage basis, or ad valorem.

Proposed legislation will assess taxes on market value. Using Lamb County as an example, the 1966-67 assessed value was \$72,421,000,000.00 as compared to the market value, 1967-68, \$372,723,000.00.

Taxation on the market value rather than the assessed value represents a spread of more than \$300 million taxable dollars for Lamb County alone.

ACCORDING TO SEVERAL area superintendents, taxation on the real market value leaves something to be desired. They say several states who have gone the market value route have had to get off this method because it just didn't prove realistic.

Using the market value method, there are people with tremendous sums in stocks and bonds which cannot be taxed, they argue.

"SOMETHING WILL have to be done regarding the way the state arrived at the market value of the property," said Ray Schultz, superintendent at Olton.

"A tax consultant firm out of Dallas set the market value on the area property. It seems the market value of the land was determined by a few representative samples."

The Olton superintendent said he hoped that a county equalization board would be appointed in the event the proposal passed.

Schultz said he feels there will be some consolidation, but not what the program recommends. He said he feels there is too much opposition for a great deal of change at present.

"I'M A SCHOOL educator and administrator, and I wasn't asked a single question about this report by those hired to take the survey," Bula superintendent M. J. McDaniels said.

"That makes me mad. I wasn't consulted and I'm insulted," McDaniels declared.

"The man who headed the governor's committee isn't even a school man. For 10 years Glen Ivey was head of Texas Research League, the biggest monied agency in the state of Texas.

"I've been in the school business for 19 years and every crisis that has arisen has been because someone is wanting to sell something. Texas Association of Manufacturers is the main backer of this legislation, and they want to sell 3-5 million dollars in school buildings. Right now they aren't making money because school building is at a minimum.

"If this should pass, we're headed for a 6

per cent sales tax and a state income tax.

"I'm not for giving up our local government," McDaniels said forcefully. "We need a waylay station between the state and local schools, I'm for local boards and county boards.

"THIS PROGRAM fits a bunch of non-learning, non-tax paying individuals. It isn't for people in places like Bula where he have never fallen below average academically.

"All this vocational training the proposal stresses is defeating the junior colleges. A student with average intelligence should study academic courses in high school. He can specialize later.

"Comprehensive education is going to be pushed until it is going to break all of the U. S. trying to pay for it. We are going to wake up here one of these days like the people in Youngstown, Ohio, where they didn't have school from October until Jan. 6 and the cost ran up so they refused to pay. California has been taxed until they refuse to vote any more money for educational institutions.

"What do you get in vocational training? Auto mechanics! Everyone can't be an auto mechanic. Bula offers everything in the vocational field a boy needs. In our ag

program we teach electrical training, combustion motors, carpentry and welding.

"Rural America has the best citizens in the world. I'm not worried about them one bit. They are the backbone of the nation. If small schools in the area wanted to consolidate tomorrow I'd be for it. Forty Texas schools consolidated last year; twenty to forty schools per year are consolidating. People shift. I say let the legislature leave it alone," McDaniels concluded. "and let these matters be worked out on the local level."

ACCORDING TO BILL MANN, superintendent of Springlake-Earth Schools, the taxation change of the local fund assignment would mean that residents of the Springlake-Earth school district would be required to pay an additional \$300,000 above the present assessment.

"The impression I received at the Austin meeting," Mann said, "is that if we fight hard enough, put enough pressure on, we can stop the redistricting.

"But it was also my impression," Mann continued, "that it will be extremely hard to stop many of the proposed changes in the state aid or the local fund assignment."

Local taxes are determined by the ability

## Local Man Receives LBJ Appreciation

Floyd Coffman, president of Littlefield Federal Savings and Loan, has been presented with a 20-year pin and certificate of appreciation from President Johnson for serving on the Selective Service Board since 1948.

Sansom is the legal advisor for those meeting with the draft board. Mrs. Roy Wade works with the board as veteran service advisor.

"Some of the boys have the mistaken idea that they must go to Muleshoe," Coffman said. "All they need to do is see Mrs. Wade in the basement of the courthouse."

"Most of the boys I met with were hardship cases and it was my job to decide how badly they were needed at home. We had a few who

## Water Group Elects McCarty

Don McCarty was elected county committeeman by the members of the High Plains Underground Water District in its annual election Tuesday.

McCarty was elected committeeman from Commissioners Precinct No. 3 over W. W. Thompson of Spade. The new committeeman is also a resident of Spade.

In the only other issue on the ballot, the voters okayed the annexation of Crosby County into the district.

# ESCAPEE NABBED!!

## ... It Was A Short Fling At Freedom

The second of two inmates who staged a bizarre escape from the Lamb County jail was back safely behind bars, late Wednesday morning.

Kenneth Ray Richardson, Littlefield Negro, who together with James Floyd Adams escaped early last Thursday morning by greasing their bodies and slipping through small holes cut in the bars, was captured in a Lubbock hotel at 11:10 a.m.

Adams' taste of freedom was much more short-lived as he was captured, also in a Lubbock hotel, only nine hours after the escape. He has since been transferred to the state penitentiary to serve a five-year sentence for forgery.

Acting on a tip from a usually reliable source, Lamb County deputies contacted the Lubbock police department which assigned two patrolmen to help them make a search in the southeast section of the city.

"Patrolmen W. H. Britt and Floyd Price were invaluable to us in the search and we probably would not have found the fugitive without their assistance," Deputy V. L. Smith Jr. stated.

"They set up the search pattern and we finally located Richardson several blocks from where the tip said he would be," Deputy Jerry Collins said.

Richardson was

apprehended in an apartment in the Samarie Hotel at 1710 Ave. A.

"He had apparently been moving around a good deal, with his eye over his shoulder, during the short week he was out," Smith said.

When Smith, who is the Lamb County jailer, remarked to him that it was a short vacation, Richardson responded with, "Boy, it sho' was."

Sheriff E. D. McNeese was sought by the Leader-News for comment on the capture, but he was temporarily out of town and unavailable. His prediction at the time of the escape that Richardson soon would be back behind bars had been proven completely accurate.

Sheriff McNeese has stated that he will take the two escapees' cases before the next grand jury and hopes to receive additional indictments against them for the escape.

"This time he will be kept in a maximum security area with no privileges and an extremely small chance for a repeat of his escape," the jailer stated.

Deputies making the capture indicated that charges of aiding and abetting an escaped prisoner will be filed against the operator of the hotel in which Richardson was found in hiding.

There was considerable elation around the sheriff's office when the prisoner was brought in. Sheriff's personnel were celebrating the fact that they had never lost a prisoner permanently from the present jail facility.

There have been four breaks from the jail in the last 15 years but every escapee has been recaptured within a short time.

Richardson, whose probation on a three-year sentence for burglary had recently been revoked, will be transferred very soon to Huntsville to begin serving his term.

Five other prisoners recently sentenced here were transported to Huntsville early Monday morning to begin their terms. They were:

- Richard Duain Rush, 23, Muleshoe, 25 years for murder.
- Oren Odell Howard, 20, Muleshoe, 25 years for murder.
- Cecil Lee Mooney, 24, Sudan, 25 years for murder.
- James Floyd Adams, 33, fellow escapee with Richardson, five years for forgery.
- George Henry Morgan, 20, Littlefield, five years for burglary.

## War Against Measles Has 'Howling' Start

The campaign to irradiate measles in Lamb County got off to what can only be described as a "howling" good start here Wednesday morning. The "howling" is in reference to the noisy bedlam prevailing at the migrant health clinic where the pre-school children were observed in large numbers, protesting vocally as their mothers submitted them to the immunization gun.

The vaccination operation began promptly at 8:30 a.m. and by late morning the number immunized was approaching the 200 mark.

Migrant Health nurses, Mary Sue Chandler and Myrtle Sumrall were administering the vaccinations with a revolutionary new jet injector gun that gives the injections at

a high rate of speed and is all but painless.

Immunizations were to be given beginning at 1 p.m. Wednesday to all requesting them in grades one through five in Littlefield schools.

The vaccinations were to be given under the supervision of Dr. W. C. Nowlin, city health officer, Dr. Larry Shipp, county health officer and Mrs. Claude Oliver Jr., school nurse.

BACK TO THE LOCKUP—Deputy sheriff and jailer V. L. Smith Jr. unshackles Kenneth Ray Richardson preliminary to returning him to a maximum security cell in the county jail after his capture in Lubbock late Wednesday morning. The prisoner, who escaped with another in a bizarre "greased body" jail break last Thursday was recaptured almost exactly one week after gaining his freedom. His partner was captured nine hours after the break.

## Board Approves Extension For Superintendent Jones

Supt. Paul I. Jones received a vote of confidence by way of a one-year extension of his contract at the regular meeting of Littlefield school trustees Monday night.

Jones' contract thus remains a three-year pact, with his salary unchanged.

However, it was noted by the board that his salary would be reviewed in the event of state legislation leading to higher teacher salaries.

The board also gave one-year extensions to Sid Hopping, business manager and tax collector, and Raymond

Birchfield, head football coach. The two men have two-year contracts.

In other activity, trustees set the annual school board election for Saturday, April 5.

Three members will be elected this year, with terms of See Board Page 12

## Understanding Arabs

OUR RELATIONSHIPS in the Middle East are in such a monumental snafu that where 11 years ago the Lebanese asked and got protection by U. S. Marines, today Lebanon is inviting protection by the ships of Soviet Russia.

If it's that much of the mismanagement of all foreign relations derives from a "language barrier," this is especially true when dealing with Arabs.

NASSER SHOUTS, "We will fight to the last drop of Arab blood!" and Wall Street's nervous nellys fall out of bed. This is silly. An Arab sounds like that when he's ordering a taxicab.

Correspondent Charles Arnot, recently six years stationed in the Arab world, explains, "Nasser's most urgent motivation is to save his own face with other Arab leaders."

LOUDLY VOICED bravado, in other words, is a face-saving ploy.

These are, fundamentally, Oriental people in thought and philosophy. Understanding what the Arabs say and what they do requires an understanding of their religion and their historic emotional penchant for martyrdom.

In every Arab village, town and city the most sacred piece of real estate is the street or the square called "Martyr's Street" or "Martyr's Square."

IT IS ALMOST akin to the pre-World War II Japanese belief that "to die for the Emperor is to live forever."

The Moslem religion is based on a belief that, at a certain moment of crisis, Allah will take over and preserve Islam and Moslems.

DURING VISITS to Cairo I have experienced this philosophy which permeates the everyday life of the Moslem. Riding with an Arab taxi driver, stalled in heavy traffic, I have seen him throw up his hands and say, "In-shah-lah."

That translates "If God is willing" or, more precisely perhaps, "Let Allah now take over."

THIS COMBINATION of fatalism and martyrdom governs most all Arab behavior.

When we try to interpret Arab utterances literally, we are likely to be 180 degrees mistaken.

In his swan song as secretary of state, Dean Rusk indicated that there is lack of understanding of the Arabs even among the top echelon of our government. He talked of that area being "on the brink of a catastrophe."

"I AM NOT SAYING that a renewal of large-scale hostilities in the Middle East is impossible. It is presently highly unlikely. Partly because Israel does comprehend the Arab martyrdom complex and has been retaliating for border raids, not by killing people but by destroying Arab planes 13 at a time.

That is hitting where it hurts. Such acts, however unpopular in this era of pulled-punches wars, are a potent deterrent to hit-and-run Arab raids.

IN CAIRO, the semiofficial publication El Ahrm (Its editor is a close, personal friend of Nasser) says, "Time has run out for any peaceful settlement. There will be another full-scale war this year." There won't be.

## This Is Littlefield

Recently installed in front of the Littlefield City Hall is this handsome sign, to point the way for visitors who have business there.

The brick and metal sign is a joint project of the City and Chamber of Commerce.

We are glad to see it there,

along with downtown and other improvements constantly being made here. Little things mean a lot to visitors, and visitors could mean a lot to Littlefield.

A community continually demonstrating pride in its appearance.....This Is Littlefield.

### Let The People Decide

"It is rare that the public sentiment decides immorally or unwisely, and the individual who differs from it ought to distrust and examine well his own opinion."

---Thomas Jefferson, 1801

THE GOVERNOR'S Committee on Public School Education has one flaw in its proposal to the state legislature which outweighs all others.

This is not to say that all is wrong with the recommendations of the committee. It is doubtful that anyone would want to argue with a goal of better education in the public schools.

But the one large error, in our mind, is the idea the state should legislate out of existence more than 800 small school districts, without these districts, or their people, having a say in the matter.

For many years now, consolidation of school districts has been done by the will of the people.

There had to be agreement between taxpayers of both a smaller district and the larger district into which the little one would be enveloped.

This is as it should be.

FRANKLY, we think the report of the Governor's committee is designed to help large city areas a whole lot more than rural ones.

The one thing that has galled us more than any other is the committee's answer to the rural area complaint of "If you take away our school, you kill our community."

The committee's general answer to that one has been: "If the school is the only thing that holds your community together, then your community doesn't deserve to survive anyway."

This is an extremely poor attitude, and gives one the feeling

even more emphatically that the committee's report is big-city oriented.

We just don't think small towns deserve to die away.

WE ARE, however, in the rural areas, very much in the minority.

The state legislature's make-up is dominated by the state's 10 or 12 largest cities. Regardless of the forcefulness, influence and enthusiasm of our rural legislators, they are sorely outnumbered.

The committee's report stands a chance of being adopted, over and above the ideas, opinions and wishes of the rural areas.

About the only hope of the small school districts is that the proposal may be modified, or action postponed.

IT'S EASY to criticize the methods of the report, but hard to argue with the goals.

We are for better education in the public schools.

But we feel the state may be going about this work in the wrong way.

A better way would be to set the standards where they should be, including higher pay for teachers, better curriculum and other improvements, then permit each school district to decide for itself whether it is willing to meet these standards.

Any school district in the state should be allowed to keep itself intact, if its taxpayers are willing to pay their share of the price.

They should be given this choice.

## THE FARMER'S ... Quite A Contest

By LIBBY MUDD

WANTED TO WRITE about the Indian boy named Namath who quarterbacked his AFL team to a big win in the Super Bowl.

Also wanted to write about the Irish boy named Kennedy who whipped his way into a win as Majority Leader in the Senate Bowl.

JOE NAMATH announced in advance with no reservations that his New York Jets team was going to win.

But then way back there, Teddy Kennedy's big brother Jack announced "I came into politics in my brother Joe's place. If anything happens to me, Bobby will take my place, and if Bobby goes, we have Teddy coming along."

NAMATH'S STATEMENT was utterly ridiculous. The sportswriters were giving the NFL's Baltimore Colts anywhere from 18 to 23 points over the Jets.

But the odds were against anybody going from a junior senator's back-row seat into a leading position, too.

NAMATH MADE GOOD his promise.

Kennedy made good his big brother's.

Namath says he will not be satisfied until everyone agrees that the AFL is as good as the NFL, which means he's number one quarterback.

Kennedy is after number one spot, too.

NAMATH NEVER LOST his cool during the whole Super Bowl game.

Kennedy never lost his during the Senate Bowl upheaval, either.

Namath read in advance every defensive move of his opponents and outmaneuvered them.

So did Kennedy.

IF NAMATH made a mistake, it sure never showed.

Even though Joe Namath was definitely the star of the game, he had his team working like a perfectly tuned machine.

Don't think Kennedy Majority Whip by himself.

IN DEFEATING Baltimore Colts, Joe Namath succeeded in making Quarterback himself, Johnny Unitas, look like a has-been.

In outflanking oldtimer Russel Long, Teddy likewise.

Namath also made the Col. Earl Morrall look like greenhorn.

By wading in where Majority Senator feared to tread, Teddy did the same to Edmond Muskie.

NAMATH HAD DONE his homework. He knew every weakness and every tender spot of his opponents.

Kennedy called or cabled 56 of his Senate colleagues courting their vote for him.

NAMATH PICKED his defenses to pieces with lightning quick pass releases and running attacks from his own team.

Kennedy saw to it that the wavering colleagues whose vote he needed got calls from the home-state party officials and campaign contributors.

NOBODY BUT Joe Namath would have had the gall to publicize his contempt as he did.

Nobody but a Kennedy would have had the gall to attempt the giant step from junior senator to majority whip.

For his efforts, Joe Namath got \$15,000 and a new convertible.

What do you suppose Teddy Kennedy's got?

## DEAR EDITOR

### Likes An Optimist

Dear Ed.:

It has been proven that the best way to raise a general no-good is to talk-up his faults in his presence during his childhood.

People are, generally, what they are expected to be.

You, quite commonly, see parents that talk about their children's shortcomings in the presence of the kids.

"I just can't do a thing with Johnny, anymore," Mom says to a neighbor, while Johnny listens.

Johnny knows he has a reputation to live up to; So?—Mom just can't do anything with Johnny.

"Sammy is a problem child," says Pop, (being overheard by Sammy). "He's into the wrong things very often." So? Sammy stays in trouble all the time. He has a reputation to live up to.

Grown-ups are not exempt from this problem either. "As a man thinketh in his own heart, so is he."

Man gets himself into a lot of trouble simply by his pessimistic attitude. Seldom do you succeed if you don't expect to.

A lack of faith in self leads to defeat—which brings me to a present worry that worries me.

I sit in on, and overhear lots of conversation among our citizens.

For the most part the spirit of defeatism is prevalent.

Seems few of our people expect any form of prosperity or progress for our community.

"Hard times" and "tight money" is the conversation topic most popular now. "Can't make it under a Republican administration," quote our farmers. "Wait and see", is the attitude of the businessmen.

As a result of these attitudes, no, or few businessmen are expanding.

Many farmers are quitting, and our young people keep moving away. ("Nothing here for our Young People" is the quotation.)

All this, while we boast of the highest bank deposits in history! Idle money is of small value. (Not mine; I don't have it!)

If I were an industry, looking for a place to "ind", I think I would look for a place where the people exemplified an optimistic attitude, and showed faith in their town, where people believed in success, and worked for it, a place where people weren't afraid to put their own money to work.

On the other hand, "Littlefield" can keep talking "hard times" and "tight money" and soon the Prairie Dogs may re-take their town.—Sound "Corny"?

Cornball Blevins.

'Can't Hear A Thing With All That Racket!'

## THE ABUNDANT LIFE Dismal Distortions

By BOB WEAR

WE CONTINUE to make the naturally little things big things; and the naturally big things little things.

We seem almost completely enslaved to a dismal distortion.

WE ELEVATE the non-productive and the superficial to the highest levels and downgrade, even to the point of contempt, much that is productive, useful and meaningful. Many areas of essential work and service have been so downgraded, that they have become the source of some of our social headaches.

THE PRESENT-DAY dismal distortions are causing suppression and dissipation of our collective strength and energy.

When we honor persons who are little more than parasites, and ignore or even downgrade people who do necessary work, and render useful service; we are creating more misery and trouble for everybody.

WE WILL ATTAIN SOCIAL balance, and general well-being when we give the proper credit to people for their faithful performance of the essential work they do.

Our foolish ways create the unbelievable situation of looking upon many persons who are our most useful and substantial people as being inferior.

CONVERSELY, others who are unworthy, because of the uselessness of their actions, are highly honored, widely publicized and often rewarded with great riches.

Herein we find one of our greatest sources of disturbance and dissatisfaction.

THE PEOPLE WHO carry the load of daily work and service are often forced by these dismal distortions into a state of discouragement and distress.

We need nothing more than a clear and a true perspective of the human experience.

IN THE PRESENT social distortion, there is widespread dis-orientation and imbalance. Good, substantial workers are

made to feel unimportant and unsuccessful.

The non-productive, artificial and superficial are often made feel important and successful.

OUR COMMON GOOD needs nothing more than a proper recognition and appreciation of essential work and service.

We cannot afford the loss that is caused when thousands of useful people are made to feel they are second-rate persons.

It is common knowledge that many essential vocations and trades are being shunned by the most capable young people. They have been made to feel the stigma of inferiority that would be given to them if they entered the fields of endeavor.

The obvious loss in this unfortunate condition is frightening.

THERE IS AN ALARMING scarcity of truly dedicated people. This is distressing because much of the unhonored and unappreciated work requires dedicated persons. This is another of the penalties of our continuing distortions.

In our highly competitive society, unjustified emphasis is placed on rising in the world. There is, of course, a proper place for reasonable competition, but this has become so distorted that everybody is suffering loss.

MUCH OF THE TALK about which job is more important is little short of subversion. Out of this is coming much of the unrest and disorder which threatens us today.

We must restore the view that all work and service that is necessary is important, and the people involved are important.

"PEOPLE SHOULD BE GIVEN CREDIT for work well done, and not have so much emphasis placed upon rising in the world." There is nothing better for us to do than "give honor to whom honor is due, and respect to whom respect is due."

PRESENT-DAY dismal distortions must be overcome by deliberate movement toward balance and good sense.

MRS. J. E. WADE  
299-4267

MR. AND MRS. Lawrence Green of Dimmitt were Sunday guests in the J. E. Wade home. Mrs. J. E. Wade, Mrs. Wade, Mrs. Green and Mrs. Wade are cousins.

DON AVERY left for San Antonio by plane Monday, to attend a special seminar presented by the insurance company with which he is associated. Avery returned home late Tuesday evening.

THIS IS "Dead Week" or "Dead Semester" exam week at the Whitharral schools, so the group attending the junior high basketball games in Whiteface Monday evening was rather small. Making the trip to watch the exciting girls conference with Whiteface were Mr. and Mrs. Jimmie Hisaw, Mr. and Mrs. Roy Howard, Mrs. Bob Grant, Mrs. J. E. Wade, Mrs. Don Avery, Sharon Wade, Cynthia Avery, Sharon Dukatnik and Coach Jack Bell. The girls won their game by a narrow margin of one point. The final score was 32-31. The junior high boys' team did not fare so well. They lost to Whiteface by 23 points—the final tally of that game. Whiteface 39 to Whitharral's 16 points. The junior high basketball coaches are Coach and Mrs. Otis Summers.

VISITING in the A. P. Grant home over the holidays were their granddaughter and her family of Santa Barbara, Calif., the Jim Reeds, Mrs. Reed is the former Lenora Grant, daughter of Mr. and Mrs. Buck Grant of Littlefield.

MRS. J. W. BORDERS of Enosie spent several days in Whitharral this week visiting friends. She was a house guest in the Alvin Doshier home during her visit. The Borders are former residents of Whitharral.

WHITHARRAL BUSINESSES sponsoring bowling teams that began league play last Wednesday at the rebuilt Lobo Lanes in Levelland include the Whitharral Gin, with Mmes. Ernest Kristinek, F. J. Bryson and Clifford Williams on the team. Whitharral Co-op Gins, with Mmes. L. L. Overman, John Williams, Ralph Wade, B. E. Hayes, and Alvin Doshier; and Waldens Grocery team, consisting of Mmes. Jack Bell, Don Reding, T. C. Wade, Don Overman and Bob Grant. Since these teams have not been organized long enough to have received their 1968-69 International Bowling Congress

cards, it makes them ineligible to bowl in the State Bowling Tournament which is to be held in Lubbock this year, beginning in February and running through April. Those from Whitharral, having joined leagues in Lubbock back in August and September, in order to be eligible to bowl in the State Tournament are Mrs. David Mitchell, Mrs. J. E. Wade and Mrs. Bob Grant. They drive to Lubbock each week to bowl.

THE WHITHARRAL High School student body selected Monty Rodgers and Shari Throckmorton to represent them as Mr. and Miss W. H. S. JIMMY PENCE and Gayle Burrus were chosen as the Most Popular boy and girl.

THE CUTEST boy was Hoelscher and Rita Avery was chosen cutest girl.

CHOSEN Best Citizens of W. H. S. were Johnny Graham and Karon Johnson. For most athletic boy they chose Monty Rodgers, and Kathy Lynn Williams represented the girls in this capacity.

ATTENDING the 4-H County Council meeting, held at the Party Room of the First National Bank Building in Levelland Thursday evening, Jan. 9, were Kathy Thetford, council delegate and Cynthia Ann Wade, alternate council delegate from the Whitharral 4-H Clubs. Mrs. J. E. Wade, 4-H Leader of the Whitharral Stepping Stones attended the Hockley County 4-H Adult Leaders meeting held immediately after the 4-H Council meeting. John Pellam, a 4-H specialist of College Station, spoke to the group on "Reasons and Responsibilities for being an Adult Leader". Bill Taylor, Hockley County Agent interpreted the 4-H Council Requirements and Rules for participation in competitive County events and presentation of Awards. It is a requirement that any 4-H County exhibitor (entering county competition) whether it be in the fat stock show, favorite foods show, etc., must have attended at least 1/2 of the local 4-H meetings, before he qualifies.

THE 4-H COUNCIL has received the food concession stand and the hay concession at the fat stock show which will be held March 5, 6 and 7. Mrs. Wade was one of three members placed on the food concession committee.

RECILL FENNEL was rushed to a Lubbock hospital by the local ambulance last Wednesday morning. Fennell suffered a stroke and is in a critical condition.

WE ARE SADDENED again today by the tragedy of a former resident of this community, Miss Opal Kitrell was found shot to death in her home in Clovis, N. M. Sunday morning. Opal had taught school in Clovis for a number of years. She was a high school graduate of Springlake-Earth school and had taught in the local school system.

WE STILL HAVE several cases of flu in the community, but seems to be slacking off some. There isn't so many absent from school as was 10 days ago.

WE ARE STILL concerned with our school situation. We are hoping things will be worked out so all will be better served by our school systems and no one will be hurt in any way. We still don't want to lose our school from the community.

MY NEW YEAR'S resolution: to try to gather more news than I did last year, and to love all people more.

**School Proposal**

to pay. Area superintendents are in general agreement that it will be the land owners that will bear the brunt of the taxation burden if taxation is changed from the percentage basis to market value basis.

AREA SUPERINTENDENTS also are in agreement that it is the small schools that oppose the changes most.

"Larger schools won't be affected drastically," said Paul I. Jones, Littlefield superintendent.

According to Bill Mann, many of the large schools will save millions in tax money should the proposals pass.

"Houston will save about four million," he said. "San Antonio will save about \$475,000 and Lubbock will save around \$200,000."

"It looks like our taxes would be about four times what they are now," said Archie Sims, superintendent of Whitharral schools. "I believe systems with only eight grades will be the first to go," Sims stated. "There are many school districts maintaining elementary systems in the East Texas area with the primary purpose of reducing taxes."

Sims gives as a reason for lower taxes in small schools the fact that small areas do not have the costly services that must be maintained in cities.

"Whitharral doesn't have garbage collection or police protection," he said. "Our physical education students furnish their own towels, typing students pay typing fees, and we have asbestos tile where some larger plants use terrazzo."

He said that there is efficiency without these.

"At the same time," Sims added, "I don't know of any of our students who have become beatniks or hippies, that are on welfare, or that have been sent to prison or to a reform school."

WHETHER ELEMENTARY schools will be retained in existing area schools in the event of the vast consolidation is a matter of opinion.

"I would think," said Littlefield superintendent Jones, "that if there were enough children left in an existing area school that these facilities would be used as primary schools."

"I would say the chances of Anton having grades one through eight," Joe Cummings of Anton said, "would be very good 10 years from now. Our chances of having 12 grades in the future depends on several variables. If the bill is soundly defeated, I believe the legislature will lay off for five years or so. On the other hand, if it is narrowly defeated, I feel like the supporters of the bill will try again soon."

"I found more superintendents at the meeting that felt like the bill will pass in compromise form than I had expected," Cummings added.

Cummings said he feels that the school reorganization is of more concern in his district than the tax increase. He feels the people wouldn't mind the tax increase so much if they can keep their school.

"Our tax evaluation is 35 per cent now," he said.

COY I. KEAHEY, Pep superintendent, said he feels the Pep community can adjust to take care of the taxes to keep their school.

Keahey said he feels the bill is too ambitious and will make too many people unhappy to pass in the present drastic form, but he said he expects a less drastic change to pass this session of the legislature. Whitharral superintendent Sims shares the opposite view, however.

"If part of the school goes, the whole thing goes," he said.

Determination of the use of present facilities, modifying, improving, accepting or rejecting the plan will be done by a county board of five appointed by the state school

board. Any proposals by the appointed board is subject to approval by the state board, according to Paul I. Jones.

UNDER THE Governor's Committee on Public School Organization there will no longer be a local elected school board.

If the appointed five cannot make a recommendation of change improving upon the governor's recommendations, the program will be accepted as proposed initially.

Superintendent of Spade schools, Joe Bailey, said he doesn't expect the package bill to pass, but expects some of the eight points in the bill to be isolated and passed.

"Our community is concerned about the prospect of losing its school, but when the people find out how much their taxes will be raised, they will be even more concerned," Bailey said. "Within two or three years taxes here will be three times as much as they are now," he said.

W. E. HANCOCK, superintendent of the Sudan Schools, said he is expecting some adjustments in the bill. Hancock said he feels administrators in general aren't in favor of the proposed changes, but adds that the legislators, not the administrators and people in the school districts, are doing the voting.

"There are more people in the large schools and cities that are in favor of the bill than in the smaller communities," Hancock said. "What I'm afraid of is that the representatives will favor the cities. But still I don't think the bill will pass as it is now."

According to Hancock, school taxes at Sudan would go up 20 per cent the first year and gradually go up each year thereafter. "I look for some of the tax proposals to be in effect in the next few years," he said. "The cost of education is getting out of hand."

"MY CONCENSUS is that the bill won't be passed in the drastic form of the governor's report," said L. B. Kelley, Amherst superintendent.

"There are a good percentage of students in any school that we have a hard time keeping in attendance," Kelley said. "These students won't attend a large county school."

"Our taxes would be increased \$22,000 the first year under the proposed plan," Kelley said, "and increased more every year until 1979."

Paul Jones said the Littlefield school board is watching the proposal closely, adding that it is only a proposal at this time.

He said the board will adopt the action that it feels is in the best interest of the community.

## Biology Students Delve Into Study Of Plants And Insects

STEVE BERRY AND VICKI COOK examine slides of protozoa under the microscope. This study of cells is a very important part of biology.

By JUNNIE GRAY  
Biology is the science dealing with the study of all living things. This course is taught at LHS and is taught by Mrs. Charlene Reast. She has five classes with a total of 110 students.  
Mrs. Reast teaches her students about the cell which is the basic unit of structure for all living things. They also study the plant world, which consists of stems, leaves, roots, flowering plants, fungi, bacteria, mosses, and ferns. They also study the animal world. Here they study one-celled animals such as sponges, flat, round and segmented worms, insects, flies, amphibians, and also animals. The students learn about the human body, his systems, human behavior, and heredity.  
Mrs. Reast has the students turn in a bug collection at the first six weeks. The purpose for this is to study the variety of insects, their shape, coloration, beauty, and to encourage a greater appreciation for some of the creatures in man's world. Insects happen to be man's greatest competition for food, so he should know something about them. Brenda Cline made the highest grade on the bug collections this year.  
Mrs. Reast also has her students hand in a leaf collection. This collection is designed to encourage an appreciation for the trees, field crops, flowers, vegetables, and even the weeds that are man's world. Man depends on the green plants not only for food he eats, but for the very oxygen he breathes. They also study the shape of the leaves, the margin, venation, and coloration. The top grades for the leaf collections were made by Wayland Hutto, Oleta Mercer, Dena Reast, Brenda Cline, and Dand Roden.  
There is also dissecting in which the students participate. The purpose of this is to learn by actual observation and intensive study, the increasing complexity of the anatomy of various organisms leading to the study of man himself—which is the most complex of all the animals. It is hoped that from this study the students will gain a greater appreciation for all the creatures in his world. The students dissect the earthworm, starfish, crayfish, grasshopper, clam, fish, and the frog.  
Mrs. Reast requires that the students learn the kingdoms of each of the animals and also the scientific names of almost everything they do. The purpose of this is to have all things organized in order to avoid confusion which is called the classification system which is devised for Biology.

## Off Season Means More Work For Grid Aspirants

This article is for those persons who do not know what the Littlefield High School football players do during the off-season if they do not participate in basketball.  
Two simple, but meaningful, words answer this question—they work.  
To begin with, the football players do those dreaded, but

### AND the BEAT GOES ON \*\*\*

By DANNY GOWEN  
Man is a monster. You read it right. It's a funny way to put it, but it's true.

To prove this statement I would like to draw a portrait of the average man. First look at his hair—it's long and often used as a character reference. Look into his one eye, which too often sees only what it wants to and is blind to the true meaning of the law. See his ears, which are long and pointed, always eager to hear of destruction and madness, but closed to those who fight for goodness. Also note that his nose is long and ugly and seems to find the business of others more important than his own. His throat is blue cold because of the heartless and icy blood which flows through his jugular vein. Notice his chest which is old and caved in because of the heavy burden on his back. His arms are longer than his height and he too often reaches for the moon when he should be working for his hands on earth. His hands are lily white from laziness and bloody from a form of legalized murder called wars. See his fingers, only one on each hand, which is used to point an accusation or to pull the trigger on the gun. Notice his extremely large stomach, which can hold murder, insanity, injustice, and declining morality without any pain whatsoever.  
Man is truly an ugly monster with a very unusual mind. He is willing to spend 24 billion dollars to put himself on the moon when that amount of money could feed and clothe the starving children of a small nation.

This column ends with a warning—don't look in a mirror for what you see may displease you.

## Teacher Will Go Back To School

Mr. John Nail, high school journalism teacher, will be leaving the teaching staff of LHS at the end of the first semester. Mr. Nail will leave LHS next week to attend Texas Technological College and work on his Master's Degree in Journalism. He closed the John Nail Studio Saturday and will devote his time to studying.

After spending four years in the United States Air Force, Mr. Nail came to Littlefield in March of 1946 and by September had opened the John Nail Studio. He graduated from Texas Technological College in 1939 and afterwards served as reporter and later as news and sports editor of the Clovis News Journal. While in the Air Force, Mr. Nail earned the rank of Captain and served as a public relation officer for two years. He has also been the editor of the County-Wide News.

Of all these accomplishments probably the most important one is his career as a teacher, in which he has gained the admiration of all his students here at LHS. His students here at LHS would like to wish Mr. Nail the best of luck in the future.

THE NEW JOURNALISM TEACHER, Miss Joella Lovvorn, discusses plans for future editions of the SKAT with editor Milynda Morris. Miss Lovvorn is also editor of the COUNTY WIDE NEWS and LAMB COUNTY LEADER.

### SKAT STAFF

The SKAT is edited by the first period Journalism students of L.H.S. and published each Thursday by The Leader-News without expense to the school or taxpayers.  
The SKAT invites other media to use stories or articles therein.

Editor, Milynda Morris.  
News Editor, Danny Gowen.  
Sports Editor, Roy Bolton  
Feature Editor, Laqua Graham  
Reporters, Junnie Gray, David Roden and Juanita Samaniego.  
Advisor, Mr. John Nail.

## Students Given Praise For Contribution

Mr. Beryl Harris, LHS Principal, received the following letter last week from the Texas Institute for Rehabilitation and Research in the Texas Medical Center, Houston, Texas.  
January 3, 1969

Beryl D. Harris, Principal  
Littlefield High School,  
Littlefield Public Schools  
Littlefield, Texas 79339

Dear Mr. Beryl D. Harris:  
On behalf of the board of Trustees and the Staff of the Texas Institute for Rehabilitation and Research, I wish to thank you and the students for the generous contribution you sent to us recently for the Libbie Ries Memorial Laboratory for Cystic Fibrosis Research in memory of Miss Jo Ann Grissom.

The objective of the laboratory is to carry on research and extend our knowledge in all aspects of this disease. Your contribution will be used for the purpose of purchasing equipment and materials needed in the laboratory.

I wish to highly condone and commend your student body for their effort in raising this money for research. It is only with the support of concerned and dedicated citizens such as the students in your school that we can hope to extend man's knowledge and abilities in these very complicated areas of medical research.

We hope you will be able to visit us so that you can see for yourself just how much your contribution has meant to us.

Sincerely,  
G. M. Harrison, M. D.  
Director, Cystic Fibrosis Care, Teaching and Research Center  
Baylor University College of Medicine.

## Transcripts Can Be Requested

To all seniors: It is time to pick up your student request forms for transcripts in Mrs. Jo Ann Jordan's office. Requests should be turned back to Mrs. Jordan by next week. The counselor will then send semester grades to the colleges designated on the request forms. Mrs. Jordan stressed that students need to give all information asked for on the form.

## Recap Of News Given On First Semester Of LHS School Year

By JUANITA SAMANIEGO  
The first day of school, September 3, we checked out our books and we had a "Howdy Day", "Howdy Day" was designed for the students to become acquainted with one another. The friendliest person was to be given a prize the following day at the assembly. Stacy Carr was the winner of the Howdy contest and his prize was a long string of bubble gum.

The following days were composed of the making of the 1968-69 school year. Many organizations had their first meetings and began to plan their activities for the year. Such organizations as the National Honor Society, the Future Farmers of America, the Future Homemakers of America, the Industrial Arts Club got underway.

A data processing course was added to the business department and we had several new teachers.

Representatives from the various organizations of LHS spoke at the "Howdy" assembly to encourage enrollment and participation in the respective organizations.

Carol King was elected as Wildcat Mascot and David Roden was chosen to be bellringer.

On Sept. 20, the Littlefield Wildcats played their first football game of the year. In spite of the great spirit shown by LHS students and players, the Wildcats lost the game by a wide margin against the Estacado Matadors. But then as we all know now, the Matadors are now the District 3-AAA state champions.

The next game that came up was the traditional rivalry between Littlefield and Levelland. This was one of the three games that the Wildcats won. Then we lost a game to Brownfield by ten points. The

next game played was a fantastic one against San Angelo Lakeview. The Wildcats won by a score of 31 to 6. The football season came to a close on Nov. 22 with a victory over Colorado City.

On October 12, fourteen students from LHS attended a U. I. L. workshop at Odessa College.

Later in October Vicki Elliot was chosen as sweetheart of the VICA and Koleta Giles was selected as sweetheart of the DE Club. Dianne Perkins was elected as the Industrial Arts Club Sweetheart. Gay Nicholas was chosen as sweetheart of FFA and Nancy Hall was chosen to be the plowgirl.

The juniors ordered their senior rings in November. The ring committee decided to keep the ring worn by seniors at the present time for at least two more years.

The Scholastic Aptitude Test was given on Nov. 2 to about 45 students. It lasted approximately three hours. The purpose of the test was to have a measurement of one's scholastic ability for college entrance.

A short time after that test was given the Preliminary Scholastic Aptitude Test was given to juniors and to some National Honor Society members.

A new club was organized at the first of November. The Kat Klub was organized as a service club to help boost spirit and to promote enthusiasm among the students throughout the entire year in all activities. The Kat Klub won first prize in the Homecoming parade of organizational cars.

Homecoming activities were a large part of the first semester activities. There was a bonfire, a parade, a coffee for the seniors held by the ex-students, and of course the selection of the 1968-69

Homecoming Queen. The candidates were Carla Chambers, Nancy Hall, and Koleta Giles. Koleta Giles was chosen as the queen and was presented a crown and a dozen roses. Although it was very cold on Nov. 8, many people attended the Homecoming Game.

Pat Hinds was chosen as Band Sweetheart and was disclosed during the Slaton game.

December 5 and 6 the juniors and seniors took part in the Anthony sales. The seniors won by a margin of approximately \$500. The proceeds of these sales were to go to the Junior-Senior Banquet.

On Nov. 29 the Basketball season was officially underway. So far the Wildcats have not had a very good season.

So now we are at a crying time again. Semester examinations will be given this week. However, we have Friday to look forward to; we do not have to go to school.

### STUDENT VOICINGS

QUESTION: You've all heard the saying, "Love makes the world go round." What in your opinion makes the world go round?

Kay Harp (Sr.)—"Atlas holds the world up and spins it around on the tip of his index finers."

James Griffin and Wendell Ashley (Sr.)—"In our opinion the world does not go around, it's the sun that moves. It's always at a standstill in a soulful stage."

Beverly Chisholm (Sr.)—"Snap, crackle, pop!"

Lanet Gilley (Sr.)—"I'm not sure, but whatever it is isn't working too well right now."

## Kat Klub To Try New Way To Boost Sp

The Kat Klub Wednesday to discuss support the basketball Locker boosters, a pep cheerleaders, and jacket emblems were some things in which they discussed.  
A committee composed Dianne Perkins, Judy D Koleta Giles, Rene Kiere Keeling, Cyd McKinnon, McBride, Jane Hyatt Lanet Gilley was put in of the locker boosters.

Milynda Morris, Mills, David Roden and Ford were put in charge finding waist jackets in the club may purchase wear.

Members discussed themes for each home For example we would hat night, or a tennis night or something to effect.

## ATHLETICS IN ACTION

The Littlefield basketball team ran into a heat trouble over in Morton Friday as the Varsity dumped 89-39, and the 56-36. Leading scorer for Wildcat Varsity was Owens with 10. Leading for the B-team was Kim who also had 10.

Tuesday night the played last year's State runner-up Dunbar to district play. Tomorrow they take on Lubbock Estacado in Lubbock. Tuesday they play Level here.

Saturday in the Littlefield basketball tournament, Littlefield teams were defeated in the morning by Abertonia with 59-57. The B-team was defeated 52-37, with Kim Hill leading the locals in scoring with points. The freshmen defeated 65-46. Leading scorer for Littlefield was Ralph who had 16 points.

In the night games Littlefield B-team was defeated 61-32 by Muleshoe. Leading scorers for the Wildcats were Pat Boone with 8 and Al Sanchez, who also had 8.

The Littlefield freshmen were defeated in a close one Dimmitt by the score of 59-57. Leading the Littlefield team scoring were Dayton Kenne with 17 and Ralph Funk with 14.

In the B-team division Dimmitt came out champion by defeating Abernathy 46-43 in championship game. In freshmen division, Abernathy became champion by defeating Muleshoe 47-37.

THIS SCENE has been common around LHS as semester test time has drawn nearer. Most students have settled down to diligent study for tests in at least two solid subjects.

## Finishing Test

Kathy Turner

Once again, a bomb is hitting the students of L.H. This week is a drudgery for all of us. It is a week of WORK, WORK, WORK! For many of us, it may also be a DULL week. Some may be "confined to quarters" for a whole week. You can't go out; you just stay home and STUDY!

And this six weeks, we do study—harder than ever. The way things are running in our classrooms now is pretty rough. A typical classroom might sound like this:

English Teacher: "My, you students really are in a grippy mood!"

Student (in a low whisper): "Well, you're not so jolly yourself!"

Teacher: "This test isn't going to be nearly as hard as you make it."

Student: "Oh, yeah? It ain't gonna be so easy neither!"

To sum up this introduction, this is a DULL week. It is a lazy, grippy, dull week which requires study and work.

So, strive on, dear students!!!

As we understand, several of the students are unhappy with the schedule changes during our tests. The idea of staying at school when we don't have tests may have proven to be a very good one.

It's not nearly as bad as it sounds. If we use the extra periods, such as band and choir, to study instead of taking advantage of Mr. Brawley's idea, then many of us may improve our grades because of the additional "study halls".

Think about it!

A couple of weeks ago, Mr. Dusek ran an ad in the paper which stated:

WANTED: Someone to work on nuclear fissionable isotopes, molecular reactive catalysts and three-phase cyclotronic quantum photosynthesizers. No experience required.

The Future Homemakers of America met Tuesday for their monthly meeting. The girls worked together and started on their junior degrees. The workshop was very helpful to the girls.

Their next meeting will be held Feb. 4.

Ms. Blackmon: "This composition, 'My Dog,' is word for word the same as your brother's."

Kelly Pratt: "That's right. It's the same one."

Several of the band students are still working very diligently for all-regional band. Tryouts will be held this Saturday in Lubbock.

Refreshments of Cokes, candy and cake were served by Sheri Demel and Terri Gerik.

Attending the meeting were Ann Albus, Kathy Decker, Teresa Duesterhaus, Betty Albus, Terri Gerik, Vivian Green, Sheri Demel, Joyce Albus, Susie Bishop, Karen Green and Mrs. Owen Young, advisor.

President Ann Albus, presided for the meeting, and members decided to go to Lubbock to see different furniture styles, and made plans to see "Camelot" Jan. 18.

# Wildcats Fall Before Dunbar

**Steers Edge Sudan 58-54**

The Sudan Hornets were edged Tuesday night by Farwell, 58-54, but the Hornets won their portion of the evening's competition, 52-47.

Farwell is the pre-season favorite in District 3-A this year, but the Steers had to pull all stops to win the conference opener. Hornet sophomore David Weaver had 14, and Billy Ford and Steve Martin contributed 11 and 10 points, respectively.

Cathy Fisher burned the nets with 24 points to lead the Hornets scorers. Linda Meeks was high for Farwell with 23. Farwell won the girls' B game, 34-28.

refused to serve for religious reasons, and there were some who seemed to have excuses rather than real reasons, and you can't read a person's mind."

Unpleasant remembrances are when a young man had to be turned over to the Department of Justice, the FBI, or declared delinquent, Coffman said.

Most of these situations were passed to a higher board, he said.

"As a whole, serving on the board was very pleasant," Coffman said. "Of course we heard more complaints than compliments, but occasionally we had a boy to come by the office and say he was glad he was drafted."

Coffman has been a resident of Littlefield 34 years. He was superintendent of the Littlefield Hospital for 15 years and now serves as president of Littlefield Federal Savings and Loan. Coffman serves on the official board of the Methodist Church. He enjoys fishing and traveling for hobbies.

The Coffmans have two children, a daughter, wife of Dr. Edgar Renegar of Levelland, and a son, Edwin Coffman, who farms west of town.

### Local Youth Tabbed For Academy Exams

A Hart Camp youth will be among ten Panhandle men who will compete for appointment to the United States Merchant Marine Academy, Cong. Bob Price has announced.

Steven Ross Burleson, 18, of Star Rt. 2, has been nominated by Price to take the examinations for the school located at Kings Point, N. Y.

### S-E Drops Kress Clubs

Springlake-Earth posted a double victory in its District 3-A opener.

The Wolverines, leading by only 19-14 at the first official rest stop, improved as time ticked and emerged with a whopping 77-44 final. Perry O'Hair was high for the victors with 20 points. David Hart led the Kangaroos with 16.

Defending state champions, the Wolverettes, lambasted Kress, 63-26. Vicki Gregory poured 29 points through the nets, while Sherry Smith produced 12 for the losers.

Kress' girls won the B game, however, 43-40.

### Amherst Wins

Amherst varsities opened District 5-B play with twin victories over Hart Tuesday night.

The Bulldogs, worried prior to the game because of Longhorn victories over larger schools, found the going easy, winning 65-45. Royce McAdams and Mickey Johnson led scoring with 19 and 18 points, respectively. Hart's Rex Henderson had 18.

The Amherst fems romped to a 45-38 decision behind Christi Batson's 26-point performance. Kay Futrell had 19 for Hart.

Burleson is a two-year All-District football performer for Olton High's Mustang championship team. He was also named on the All-South Plains team this year as a tackle.

Price announced that his nominees will compete on a state-wide basis for the fourteen appointments allotted the State of Texas by the Merchant Marine Academy. Those appointed will begin training at the academy the third week of July 1969.

The Congressman also said that he would announce his nominees to West Point, Annapolis, and the Air Force Academy by the end of January.

### Wins Tourney

Abernathy walked off with all the big hardware here Saturday, when both its freshman and junior varsity copped first places in the one-day tournament.

The Abernathy freshmen beat Muleshoe 47-37 in the finals Saturday afternoon, immediately followed by its junior varsity edging Dimmitt 46-43.

Both Littlefield teams lost in the consolation finals.

The freshmen were edged, 59-52, by Dimmitt. Kennemer had 17 and Funk 14.

In the junior varsity game, Littlefield lost to Muleshoe 61-32. Boone and Sanchez each had eight.

Monday night Levelland walked over the Littlefield junior high teams with respectable ease.

The eighth grade score was 54-24. Lee Roy Danford and J. E. Johnson each had nine for Littlefield.

Levelland walked away with the ninth grade score, 93-38.

### Play Estacado Friday

On the basis of score comparisons, the Dunbar Panthers might just be the nation's best high school basketball team.

Last year, the Panthers edged Littlefield in the District 3-AAA opener by only nine points, and went on to become the second-best club in the state, losing in the tournament finals.

Tuesday night, they swallowed the Wildcats 74-29. On that basis, they'll not only win state, but beat about any schoolboy club in the nation.

It was all Panther night in Wildcat Gymnasium Tuesday. Their point spread was matched by their command of the boards, where they captured 60 rebounds to Littlefield's 18.

Dunbar's outstanding junior returning starter Mark Wilson pulled down 18 rebounds by himself, and scored 15 points for the evening. But Allen Newman was high for the evening with 16, with Earnest Davis trying Wilson.

Neither team was especially hot in the shooting department. The Wildcats hit on 12 of 34 field goal attempts for a 35.3 percentage, and five of 12 free shots, 41.7%. The Panthers canned 41.6 percent of their field goal attempts, 30 of 72, and 14 of 20 at the foul line, 70%.

Dunbar wasted no time in establishing superiority in the game. The Panthers rolled to an 18-3 first-quarter lead, and held a 39-15 halftime command.

Max Hutchins led the Wildcats in scoring on four field goals and two free shots, 10 points.

Tomorrow night the

Wildcats travel to Lubbock Estacado, where they'll do battle with the Matadors.

Estacado opened its conference slate Tuesday with a 69-56 victory over Slaton, bringing the Matadors' season record to 8-13. Slaton is 5-13 and Littlefield is 1-15.

The Matadors have scored about 300 more points for the year than have the Wildcats, but defensively, they've allowed about the same number of points to be scored against them.

A junior varsity game will precede the varsity contest, tipping off at 6:15 p.m.

Dunbar's junior varsity had no more trouble with Littlefield than did the varsity, winning 87-24.

OVERPOWERED—Littlefield's Gary Nace, 44, is overpowered by Dunbar's Mark Wilson, 50, and William Baldwin, 30, while fighting for a rebound. The Panthers outclassed the Wildcats here Tuesday night, 74-29.

### Olton Sweeps By Frenship

Charles McClain punished the nets with 26 points in Olton's non-conference victory Tuesday night over Frenship, won by the Mustangs, 60-46. Olton also won the girls' game. Katy Carson outscored McClain, with 29.

Leading Frenship scorers were Bill Henry, 11, and Glenda Henderson, 14. Olton also won the boys' B game, 31-19.

### Loses Two

Whitharral's Panthers took an 86-53 drubbing Tuesday night at the hands of Bledsoe, in a District 6-B contest.

The girls were edged by Bledsoe, also, 37-33.

### ... Board

Continued from Page 1

Board President Carl Nowlin, Vice-President W. W. Birkelbach and Calvin Price to expire.

None of the three has announced intentions to file for re-election.

Filing for the office of school board member must be done prior to 30 days before the election.

Election officials designated by the board are Mrs. Harold Clements, Mrs. H. C. Miller and Mrs. Delbert Ross. Voting will be at the Littlefield Junior High Library.

Clerks for absentee balloting are Sid Hopping, Mrs. Lorraine Hopping and Robert Montgomery. Absentee voting will be at the school tax office and the period for balloting will be March 13-April 1.

In approving the financial statement for the month, the board authorized transfer of \$1,250 from tax funds to the athletic fund, bringing the total amount of money remaining in the fund to a little more than \$2,500.

The board previously had authorized transfer of \$4,500 in tax funds to subsidize the athletic budget.

The athletic department's budget for the year was set at about \$21,000, but the football season did not bring in anticipated income. The intake from football was about \$9,600.

Expenses of the department already exceed \$14,000, but trustees said an effort would be made to make the \$2,500 now in the fund, plus other income which may come in, last the year.

Money apparently will not be available for the entire \$21,000 budget to be spent.

## Johnson, McAdams, Kesey Spade Tops Nazareth

Amherst's Mickey Johnson and Royce McAdams, and Anton's Raymond Kesey were named Wednesday to the Lubbock Avalanche-Journal's Class B All-South Plains Team.

Johnson and McAdams were members of the District 5-B championship Bulldog team.

Their coach, Bert Grimes, was named by the paper as the Class B South Plains Coach of the Year. He was in competition for the same honor among all coaches of the South Plains, which was won by Lubbock Estacado's Jimmy Keeling, whose club won the state AAA title.

Kesey, who has already received two All-State honors even though his Bulldog squad failed to capture a single victory all season, was named to both the offensive and defensive All-South Plains teams.

## Johnson, McAdams, Kesey Spade Tops Nazareth

Amherst also landed four players on the Defensive Honorable Mention list, and Anton had one.

Grimesmen named were linemen Darrell Moates and Tommy Kelton, linebacker Pat Duffy, and McAdams as a deep back.

Anton's Jesse Cantu was an Honorable Mention linebacker. Johnson, Amherst's second leading scorer for the season though playing the end position, is one of five juniors

on the offensive team. He was an Honorable Mention All-State selection, weighing 172 pounds.

McAdams led the Bulldogs in scoring. He is a 179-pound quarterback.

Kesey is a towering 210-pounder.

District 5-B dominated the All-South Plains first teams, with 11 of the 22 coming from the conference. Seven were on the offensive unit and four named defensively.

Spade romped to double District 5-B victories Tuesday night over Nazareth, with the boys and girls teams winning with almost identical scores.

The Longhorns put the Swifts down, 78-49 for the loop opener win. Raymond Sewell led the Spade hoopsters with 21 points, as compared with J. C. Pohlmeier's 23 for the losers.

It was a 77-39 point spread in the girls' game, with Spade's fine junior point-maker Belinda Thompson canning 38 for her club. Jackie Book had 16 for Nazareth.

**GRAND CHAMPION STEER**—Craig Barton of the Springlake-Earth FFA chapter shows off the middleweight Angus steer that he showed to the Grand Championship of the Lamb County Junior Livestock show Saturday. Craig is a repeat winner, having shown the Grand Champion Hampshire barrow in the same show last year.

## Barton's Angus Steer Is Grand Champion

A medium weight Angus, owned and shown by Craig Barton of Earth was named Grand Champion of the Lamb County Junior Livestock Show here Saturday.

Earth took the lion's share of the honors at the show as Bruce Bridges, also of that city, showed his lightweight Hereford steer to the Reserve Grand Championship.

Craig is a member of the Springlake-Earth FFA chapter and Bruce is a member of the Springlake-Earth 4-H Club.

Competition in the steer division was so keen that the judging ran well over an hour past the estimated time of completion.

Steer judge Calvin Holcomb, Gaines County Agent from Seminole, was highly complimentary concerning the quality of the show entries and in the conduct of the show. He was cool and deliberate in his judging and explained his choices to the packed audience after completing each class.

Gail Lichte, Spade High School junior, showed her 750-pound Hereford calf to the Heifer Grand Championship.

All three top winners this year are repeaters from last year, though they each won in different categories in this show.

Barton showed a Hampshire barrow to the Grand Championship of the swine division, Bridges had the champion in the light-heavyweight Angus class and Gail showed the champion middleweight Hereford in the 1968 show.

In judging Friday night, Freddie Maxwell's 115-pound Hampshire was awarded the Grand Championship in the sheep division. Maxwell is a member of the Sudan FFA chapter.

Saturday morning, prior to the Leader-News deadline, a Duroc heavyweight, owned and shown by Don Harper of the Sudan FFA chapter, was named Grand Champion of the swine division.

Barton's Angus was judged the best of the 63 entries in the steer division. It was a toe-to-toe struggle all the way between his steer and Bridges' Hereford.

There was the narrowest of margins between the champion Hereford and Angus, according to judge Holcomb and he admitted to difficulty in choosing between them.

Vying for the Angus title against Barton were Cheryl Carter, Littlefield 4-H, lightweight champion and Tracy Bowling, Sudan 4-H, heavyweight champion.

Hereford champions beside Bridges were Brad Bridges, his brother of Springlake-Earth 4-H, lightweight champion and Gary Lichte, Littlefield 4-H, heavyweight champion.

Results of the steer judging with the first four place winners in each class are as follows:

**GRAND CHAMPION**—Craig Barton, Springlake-Earth FFA.

**RESERVE GRAND**

**CHAMPION**—Bruce Bridges, Springlake-Earth 4-H Club.

**ANGUS CHAMPION**—Craig Barton, Springlake-Earth FFA.

**ANGUS LIGHTWEIGHT**—1. Cheryl Carter, Littlefield 4-H 2. Cory Logsdon, Littlefield 4-H 3. Gary Lichte, Littlefield 4-H 4. Bruce Nicholson, Amherst FFA.

**ANGUS MIDDLEWEIGHT**—1. Craig Barton, Springlake-Earth FFA 2. Sharla Cook, Littlefield 4-H 3. Gary Dickenson, Olton FFA 4. Jennifer Templeton, Springlake-Earth 4-H.

**ANGUS HEAVYWEIGHTS**—1. Tracy Bowling, Sudan 4-H 2. Tracy Bowling, Sudan 4-H 3. Chesna Dickenson, Olton 4-H 4. Bruce Bridges, Springlake-Earth 4-H.

**HEREFORD LIGHTWEIGHT**—1. Brad Bridges, Springlake-Earth 4-H 2. Rodney Logsdon, Littlefield 4-H 3. Gail Lichte, Littlefield 4-H 4. Chesna Dickenson, Olton 4-H.

**HEREFORD MIDDLEWEIGHT**—1. Bruce Bridges, Springlake-Earth 4-H 2. Debbie Fields, Sudan 4-H 3. Gail Lichte, Littlefield 4-H 4. Kenan Lichte, Littlefield 4-H.

**HEREFORD HEAVYWEIGHT**—1. Gary Lichte, Littlefield 4-H 2. Brad Walden, Springlake-Earth 4-H 3. David Templeton, Springlake-Earth 4-H 4. Larry Dear, Springlake-Earth 4-H.

### Area Tryouts For All-State Band Scheduled

West Texas High School Area Tryouts for All-State Band positions are scheduled this Saturday at Texas Tech, and Littlefield High School's Wildcat Band will be represented by Kenneth Richardson in the competition. He qualified for the event when he entered regional tryouts at West Texas State University at Canyon Jan. 4, according to Phil Anthony, Wildcat Band director. Leroy Smith also entered regional tryouts.

Richardson plays the timpani, or kettle drums, and successful qualification at Saturday's area tryouts will place him on the All-State Band.

Members of the All-State Band will play in concert Feb. 22 closing day of the Annual Texas Music Educators' Convention-Clinic, which is scheduled for San Antonio Feb. 20-22. The All-State competition will be held in conjunction with the music teachers' convention.

The concert will be taped and later shown on a Lubbock television station.

### CORRECTION

In the story Sunday of Army Specialist Four Raymond Guajardo's award of the Bronze Star, his father's name was inadvertently left out of the story. He is son of Mr. and Mrs. Raymond Guajardo Sr. of Amherst.

ending Friday, Jan. 10. This brought the total for the entire season to 1,400,000. One million fifty-five thousand (1,055,000) samples have been classed on the South Plains time last year.

Predominant grades: Strict Low Middling, Spotted, Low Middling, Spotted, Strict Low M Spotted. These three represented 65 percent total classed.

Micronaire readings: percentages were: 3.5-4.0 percent; 3.3-3.4, 12 percent; 3.0-3.2, 30 percent; 2.7-2.9 percent; and 2.6 and below, 17 percent. The average length of the fibers, Lubbock area was 30.5 microns per square inch, Lamesa area was 30.5 microns per square inch, and the Brown area was 30.5 microns per square inch.

Prices reported to Consumer and Marketing Service of the USDA: Lubbock ranged from \$7.50 per bale over Government loan value to \$10.50 per bale over the loan for Spotted grades, and \$9.50 per bale over the loan for Spotted grades in the 4.9 micronaire range.

## Bureau Launches Drive

Breakfast at the Crescent House this morning kicked off the annual Farm Bureau membership drive in Lamb County.

Farm Bureau members are calling on fellow farmers and ranchers in the Littlefield area to help boost the FB membership.

Members of the Farm

Bureau comprise the largest farm organization in the county and are shooting for a county membership of more than 1,100.

County Judge G. T. Sides signed a proclamation this past Wednesday designating the week of Jan. 13-18 as "Farm Bureau Week" in Lamb County.

Elroy Wisian is president of the Lamb County Farm Bureau and Royce Turner of Pleasant Valley is county membership chairman. Dewey Parker of Hart Camp is secretary-treasurer. All directors and assistants will be working on the membership drive. George Stewart, information chairman said.

# OBITUARIES

### FIDENCIO V. SERNA

Funeral services were pending at Hammons Funeral Home today for Fidencio V. Serna, who died Tuesday night in Littlefield Hospital following an illness of three weeks.

Born Nov. 16, 1889 somewhere in Texas, Serna was a farmer and lived 1/2 mile south of Littlefield. He was a WW I veteran.

Surviving are one son, Ray Serna of Littlefield; three brothers, Narsiso Serna of Edinburg, Lupe Serna of Laredo, and Toyo Serna of Beeville; one sister, Miss Wuicha Serna of Beeville; and one grandchild.

### JAMES ROBBINS

Funeral services for James Robbins, 63, longtime Littlefield resident who died Friday, will be held at 1:30 p.m. today at Irvin Street First Baptist Church.

Dr. W. A. Terry, pastor, will officiate and burial will be in Littlefield Cemetery, with McCarty Funeral Home in charge of arrangements.

Born Oct. 5, 1905, at Paris, Texas, Robbins came to Littlefield in the early 1940s.

Surviving are his mother, Pasiner Robbins of Breckenridge; one sister, Lucille McCarty of Breckenridge; a daughter, Patricia Robbins of Lubbock; six brothers, Tommy Robbins and Alf Robbins, both of Littlefield, Eli Robbins and Elihue Robbins, both of Los Angeles, and Willie Robbins of Tacoma, Wash.

### GEORGE ELMER BROWN

Funeral services for George Elmer Brown, 74, a resident of the Olton area 51 years, who died Sunday morning at his farm home near Olton, after apparently suffering a heart attack, were held Tuesday afternoon in Olton's First Baptist Church.

Rev. John Lewis, pastor and Rev. R. H. Campbell, a retired Methodist pastor, officiated.

Burial was in Olton Cemetery with Parsons Funeral Home in charge of arrangements.

Mr. Brown was a member of First Baptist Church, Masonic Lodge, the Order of the Eastern Star, and was to have received a 50-year award as a master Mason today. He was a member of the Khiva Temple of the Shrine in Amarillo.

He was married to the former Ruby Boyd in 1917 in Archer City.

Surviving are his wife, Ruby; two sons, George Brown and Jim Brown both of Olton; two daughters, Mrs. Mitchel Haddad and Mrs. Dan Quigley both of Olton; and 12 grandchildren.

### LEE CHANDLER

Funeral services for Lee Chandler, longtime Littlefield painter who died Tuesday in Littlefield Hospital, scheduled for 10 a.m. Friday in Hammons Funeral Home Chapel with Elder Jim Bass officiating.

Burial will be in Littlefield Cemetery. Born June 27, 1889 in Oklahoma, came to Littlefield in 1924 from Okla.

Surviving are his wife, Maggie; two sons, Marvin Chandler of Littlefield, Orbie Chandler of Muleshoe; three daughters, Martin Shuart of Kansas City, Mo., Mrs. Niven of Tulsa, Okla., and Mrs. Elton Niven of Poway, Calif.; 15 grandchildren and great-grandchildren.

### OPAL KITTRELL

Services for former Earth resident, Opal Kittrell, 55, of Clovis, N. M., a junior high school language arts teacher, were held Tuesday morning at the 16th Street and First Street Church of Christ in Clovis.

Officiating was Robert B. Hawley, pastor of the church, and Dew Roberson, the Farwell Church of Christ.

Burial was in Earth Cemetery with Sherwood Mortuary in charge of arrangements.

Miss Kittrell was found dead of gunshot wounds at her home in Clovis by friends about 8 a.m. Sunday.

Police said she was found lying face down on her bed with a small automatic pistol in her right hand. She had wounds on her right temple, left temple and upper arm.

Surviving are a brother, T. P. Kittrell Farwell and a sister, Mrs. May Hazel Frederick, Okla.

### EDNA MAEBELL DUNN

Mrs. Edna Maebell Dunn, 69, of Ruidoso, a longtime resident of Crosby County, died early Sunday morning at St. Ann's Hospital in Truth or Consequences, N. M.

She was a sister of George B. Stewart of Amherst.

Funeral services were conducted Monday afternoon at First Baptist Church in Ruidoso with Rev. H. Leon Bruce, pastor, officiating.

Graveside service was held Tuesday afternoon at Crosbyton Cemetery with Rev. Ernest Stewart officiating.

Mrs. Dunn was born Feb. 21, 1889, in Brady and was a member of the Order of the Eastern Star and Ruidoso's First Baptist Church.

Surviving are a son, Edward Dunn of Lubbock; a daughter, Mrs. Roberta Larson of Ruidoso; two brothers, E. O. Stewart of Clovis, N. M., and George B. Stewart of Amherst; a sister, Mrs. Mabel Brown of Paducah; three grandchildren and a step-grandchild.
