

Olton Youth Dies In Auto Accident

Four Others Injured

Gary Dean Copeland, 17, son of Mr. and Mrs. Derwood Copeland of the Halfway community west of Plainview, was killed instantly Monday night in collision of two automobiles and a farm tractor. The battering collision that strewed wreckage over a distance of almost a quarter of a mile on U. S. 70 three miles west of Halfway injured four others, one seriously. Seriously hurt was Kenneth Hooper, 17, son of Mr. and Mrs. Elbert Hooper of Halfway, owner of the car in which Copeland was riding when the vehicle collided with the rear of a tractor driven by Homer D. Ogle, farmer near Halfway. The car and tractor were traveling west. The accident occurred about 8:15. Young Hooper was taken to Methodist Hospital in Lubbock and was reported holding his own Wednesday morning. Occupants of the other automobile involved were Jimmy Banks, about 33, owner of the car, Ernest Goforth, about 45, and Wayne Davis, about 25, all of Springlake. None was seriously hurt. The Banks car was traveling east. Funeral services for young Copeland will be conducted at 3 o'clock Wednesday afternoon in the Olton High School auditorium. The Rev. Bob White, pastor of the Valleyview Baptist Church, will officiate. Interment will be in Plainview Memorial Park. Young Copeland was born in the Halfway community March 17, 1944. He would have been a senior student at Olton High School this fall. He was a member of the Valleyview Baptist the Valleyview Baptist Church. Besides his parents, survivors are a sister, Mrs. Margie Beth Mandrell, Olton, his grandparents, Mrs. Cathy Copeland, Halfway, and Mr. and Mrs. Roy Chandler, Morton. Parsons Funeral Home at Olton directed arrangements for the Copeland youth's rites. Highway Patrolman Thurman Keffer of Plainview (Continued on page 6)

Editorial This Might Be YOU

By David H. Penn

You're not immune! None of us are! It could happen to any of us at any time! "What?" You ask. A serious traffic accident causing a death or serious injury to a loved one or a good personal friend. Sometime during a life time we become involved with directly or indirectly with such an accident. It isn't a very pleasant thought. The Texas traffic safety council predicts that 25 persons will die on Texas highways during the July Fourth holidays. Only twice in the history of the council has this figure ever been higher than the actual total. Are you planning to go somewhere during the holidays? Yes, then just take a few minutes and read what might happen. It wasn't your fault, was it? It all happened so fast, but it happened. You can't remember much about it, but your car is demolished . . . and so is the one that you hit. What you do remember, you would like to forget . . . you were speeding. Speeding! Why is it in this day and time when modern medical science is making life longer . . . and you through your speed are trying to shorten it? You found out that two of the passengers in the other car were seriously injured and were taken for medical attention. You weren't hurt. . . just shaken. . . but you begin to worry about the others. The investigating officer comes up and asks a lot of questions, but the answers don't come easy, and you don't have answers for all his questions. You ask him about the condition of the two injured. After his investigation, he presents you with a citation for reckless driving by speeding. Your holiday is finished. . . and maybe your holidays for some time to come. You were just in a hurry. . . a hurry to get somewhere so you could have more time to kill. . . and you almost killed more than time. Don't let this happen to you. Drive to arrive alive. In Lamb County, as reported by the Littlefield Press, so far this year there have been 31 accidents, killing six persons and injuring 34 others. Slow down and live. . . you can't be in that big a hurry to die.

Highway 84 Letting Is Set For September

"We should have a letting by September 12 or 13 on the first eight miles on Highway 84," Rhea Bradley, resident engineer for the State Highway Department, said Wednesday morning. It was first thought that the contract would be let about the middle of August, but all the personal property within the right-of-way could not be obtained as soon as necessary, Bradley commented.

He continued, "We have had splendid cooperation from the four utility companies who had property to move from the right-of-way." "I have never seen so much moved in such a short time," he concluded. The state will sell the

improvements on July 5 through sealed bids handled by the State Board of Control in Austin. Bid forms are available for persons wishing to bid on the five pieces of property to be sold, at the County Judge's office in the court- (Continued on page 4)

"Old Timers" To Meet Friday

Judge I.B. Holt of Olton has announced a special called meeting of the directors and officers of the Lamb County Pioneer group at the county courtroom Friday night at 8. Purpose of the meeting is to plan ahead and make arrangements for the annual Pioneer Roundup in August. Judge Holt urged all interested persons to please attend the meeting.

County Fines One For DWI

County officers arrested four persons during the weekend including two for traffic, one for drinking and one on DWI charges. Joe Orosco, 30-year-old Latin American of Rt. 2, Hart, was arrested by V. L. Smith, Jr. at Earth Sunday and charged with DWI. Orosco pleaded guilty to the charge when arraigned and was fined \$150 and costs.

Funeral services for young Copeland will be conducted at 3 o'clock Wednesday afternoon in the Olton High School auditorium. The Rev. Bob White, pastor of the Valleyview Baptist Church, will officiate. Interment will be in Plainview Memorial Park. Young Copeland was born in the Halfway community March 17, 1944. He would have been a senior student at Olton High School this fall. He was a member of the Valleyview Baptist the Valleyview Baptist Church. Staggs Drug City Police Will Open Investigate Friday Morn

Friday morning at 9 a.m. marks the opening of the new Staggs Self Service Drug store, located at 5th and XII Drive. The opening will climax several months of work remodeling and enlarging the store's facilities.

Staggs Drug, owned and operated by Dan Staggs, was formerly located on Phelps Avenue, but moved to the new, more spacious quarters. Floor space in the store was expanded to over 8400 square feet and is said to be the largest drug store on the South Plains.

Staggs said, "We have arranged our stock so that persons can now serve themselves in our spacious departments." "All the various types of merchandise is completely departmentalized for easy access to our customers," Staggs pointed out. "This new arrangement" Staggs said, "will allow ab-

City Police Investigate

City police investigated one accident and one break-in this week according to official reports. Monday, a truck driven by Alvin Lee Baldwin of Littlefield and a car driven by Robert Monroe Smith also of Littlefield were in collision on XII Drive.

Baldwin was going south on XII as Smith was starting into the one traffic lane and apparently didn't see Baldwin. Damage was only minor to the two vehicles.

Smith received a ticket for failure to yield the right of way.

The concession stand at the XII Drive In, south of Littlefield, was broken into and a quantity of candy taken. The incident happened sometime Sunday night.

Second Summer Semester Set

Littlefield schools will begin the second semester of summer school Tuesday, July 4. Enrollment will begin that day at 8 a.m. Tuition for the session is \$15. There were 80 students enrolled in the first semester this summer.

Barbecue, Game Set

Littlefield's American Legion Post is sponsoring a barbecue supper Saturday night at the PONY League ball park. Proceeds from the event will go toward the construction of a Legion ball park here.

The supper will begin at 5 p.m. with charges being \$2 for adults, \$1 for ages six to 12 and free for all children under six.

At 8 p.m. a special ball game will be played for entertainment of the fans. Tickets for the barbecue - and - baseball feast are on sale and can be purchased from any member of the American Legion. All Littlefield baseball players will be admitted free.

Saturday Storm Hurts More Crops

Lamb County's rich farmland suffered another setback late Saturday afternoon as heavy rains and spotted hail hit in several areas.

Bill Kimbrough, county agent, said the loss may amount to 12,000 acres wiped out by the hail. The areas heavily hit were north of Fieldton, east and west of Springlake, south of Olton and a spot northeast of Olton near the county line.

Kimbrough said he had received reports of up to three inches of rain in the Springlake and Circle Gin areas while others re-

ported from a half inch up. Several places north of Fieldton were heavily damaged.

He continued that all the cotton has been set back at least three weeks by the wet weather and diseases, but the outlook in most places is good.

Saturday's storm hit first at Dimmitt and continued south to Springlake. The heavy hail skipped places, leaving some undamaged and pouring large amounts on others.

Kimbrough said most of the area wiped out by the earlier storms has been (Continued on page 4)

replanted in cotton or feed grains. "What we need most is hot, dry weather for the next month or so," he commented.

The storm dumped .46 of an inch of rain on Littlefield according to the Western Cottonoil gauge. Several persons reported that winds gusted as high as they did the week before (75 miles per hour). Lightning struck one of the main feed lines of Southwestern Public Service and knocked out power for 15 minutes in some sections of town and 35 minutes in others. The line hardest hit is located on Littlefield Drive.

Alex Alexander, Public Service official, said "This is the fourth weekend in a row that storms have taken down one of our lines."

Property must be removed from the right-of-way within 60 days from July 5.

Bradley said, "After the letting in September, construction should begin within 15 days."

Pat Boone, Jr., County Judge, said Wednesday that the right-of-way purchase on the by-pass route and the north portion of the highway is about one-fourth complete.

"We are not getting in the appraisals on the by-pass route," Boone commented. "The appraiser said he has three appraisers working on the route and should finish soon."

Only one case has been heard before the special commissioners, according to Boone. Friday, the commissioners composed of H. G. Walker of Olton, C.V. Hill of Littlefield and J.R. Dean of Sudan, awarded \$332 more than was offered for 20.123 acres belong to Mrs. Lela Elms. The total paid for the land was \$10,061.50.

"The front portion of the new building will be devoted to gifts and jewelry", Staggs commented, "while the back portion will house the drug, pharmacy, camera, fountain and hardware departments." "We have enlarged our pharmacy section for the convenience of our customers," Staggs continued. Staggs Drug has served Littlefield and surrounding area since 1953 when Staggs

purchased Walters Drug. Gene Pratt, who operates the jewelry and gift department of the new store, has been with the Staggs organization since 1954. He has been a resident of Littlefield for the past 18 years.

Pratt said, "We will now have the largest jewelry and gift department in Lamb County." Included in the gift department is the complete line of cosmetics. Staggs said the enlarged store will employ about 13 full and part time clerks. In addition to the instore services Staggs has provided a large parking lot for his customers.

The opening will be sparked by a \$2,000 giveaway and as a special attraction the first 200 women who come in the store Saturday morning will receive an orchid.

On July 10, the Texas State Legislature will convene for their special session on taxes.

Time is running out on the people of Texas. We must face up to our inescapable obligation if we are not to become a second class state. Texas has shown great willingness to render government services and at the same time been unwilling to pass tax bills that would raise the needed revenue.

I certainly agree with Jesse Osborn, that every appropriation bill presented should inherently include the amount and source of revenue to render the services proposed. I know that such a bill would make it difficult for these so-called statesmen to appeal to the public by voting for every appropriation and against every tax revenue bill. If such were the case, we could all analyze the glorified appropriation proposal and evaluate it alongside the type and amount of taxes needed to pay the bill.

Further, I think it is erroneous today to say any of us like this form of tax or that form of tax. None of us really want more taxes. It seems that we work more than half of our time now to pay the local, state and national taxes that we already have charged against us. Just where the tax spiral will end outside of bankruptcy and socialism, I do not know.

Presently tax money is extorted from the citizen with or without his consent on threat of jail or seizure of his property or both. Tax money is used for every conceivable project, some of them directly competitive with the private interests of the taxpayer himself, and some of it used to hire federal attorneys who prosecute the taxpayer.

But since our state legislators have seen fit to pass the appropriation bills (and perhaps some of them are needed) we are faced with the decision of deciding which form of increased taxation is least obnoxious. Regardless of what Governor Daniel says, the Texas Petroleum Industry can no longer bear the increase of taxes needed to run our State Government. According to the Texas Tax

Research League, the Oil and Gas business is already paying far more than its share of Texas Taxes; compared with other petroleum producing states.

I know of no group other than the A.F.F.L. and C.I.O. who is advocating a state income tax. You recall the Governor's Payroll Tax (actually an income tax) was rejected during the regular session of the legislature.

Surely no one advocates an increase in property taxes to meet our needs. At least no one proposed an "ad valorem" tax bill to the legislature this year. Actually, the C of C would prefer to see the state get completely out of the ad valorem picture, leaving this source of revenue to the schools, municipal and county governments. If this were done it would allow us to raise some salaries and meet more of our other own needs rather than begging for a big government hand out.

Since there are only three major sources of taxation: what you own (your property), what you earn (income taxes) and what you spend (sales taxes), we will take the latter in the form of a General Retail Sales Tax. Our Governmental Affairs Committee has advocated this form of taxation since early this spring when we rejected the Governor's "Payroll - Tax" Plan. We believe a tax based upon use and consumption by wealth is the most nearly fair tax devised. The non user is the non payer; and each man pays in proportion to his use.

"It is a political fiction that some sort of taxation 'soaks the rich' and leaves the poor man to enjoy a free ride. The rich and the poor and the great in-betweeners all pay taxes on everything they buy; and every tax is passed on to the ultimate consumer. The only way not to pay taxes is to starve to death and run naked in the woods. 'This method of tax-dodging is not widely practiced.'

Dinner guests Sunday in the home of Mr. and Mrs. Elbert Thommarson were their son and wife, Mr. and Mrs. R. D. Thommarson, Bulah, also another son and family, the Joseph Thommarsons, Dimmitt and their daughter and family, Mr. and Mrs. Raymond Rudd and children, Earth.

190 feet before coming to a stop.

Ogle told members of his family he did not remember what happened. He is receiving treatment at the Plainview Medical Center Hospital for a brain concussion and rib fractures. He was thrown off the tractor and fell into the muddy bar ditch.

Patrolman Keffer said the tractor apparently was well over on its side of the pavement. Mrs. Ogle said her husband was on his way from their home just north of Halfway to another farm where he was going to bale hay. Ogle would have turned off the highway a short distance farther down the road.

The men from Springlake were not thrown out of their car. Banks was taken to a Littlefield hospital. Go-forth and Davis were given treatment at the Olton Clinic and released.

An Even More Modest Proposal

by JOHN PETTY

Idea of strengthening our economy through programs is not new. A few decades ago, government under way on the west coast proposed the government could help the then depressed U.S. by giving all people over a certain \$200 per month. A stipulation was that the money had to be spent each month -- none could be saved -- so that our economy would have this injection of cash each month. Too, claimed the problem of the dependent aged would be solved.

The plan was never adopted, of course, so we do not know what kind of effect it would have had on our economy.

Kind of thinking might very well be put to rest. JFK's New Frontier -- only in reverse. The suggesting giveaway programs seems to be the current trend in political thinking, here is one might get some politician a lot of votes.

The idea for this program began in the mind of a man who lived in the mid-nineteenth century Massachusetts. This man -- Henry Thoreau, said in one of his novels that he felt that it was horrible for young men have to work when they were at the peak of their really enjoy life. When financial stability is reached, a man is at an age when the only thing he should do was sit on the porch and rest.

Thoreau has a point. This is the seed for the idea of the program, developed into something like this:

Instead of finding ways to finance old age, let the government find ways to finance the prime years of a man's life so that he can enjoy the good, rosy times and then work it off in the latter years. He would work this way:

A young man (women would have to be excluded unless they sign a statement agreeing not to marry for they would have to work in later years to complete the later part of the plan) reach the age of 35 would be immediately put on a pension of \$100 a month by the federal government. He would be allowed to draw this money until he reaches 65.

Income would allow the young man to travel, enjoy the arts, read all the good books, develop his capacities for thinking and really enjoy life without having to go through the drudgery of working during these most wonderful years. He could expell the man from the program. He would pay for these carefree years (we are not talking about the country and so, whatever the government gives us, we have to pay back). When the young man's age of 35 is reached, the man would pay for anything he wishes. He would pay the government 10 per cent of his income for the rest of his life. (10 per cent after taxes)

Advantages of such a program are many. The country would have a fairly level economy with an assured flow of money onto the scene. 2.) Marriage is discouraged through the "pay-

if-you-stay-single" plan, the danger of the expected population explosion would be greatly reduced. 3.) educations could be completed without any financial worry, thus eliminating the fear that the Russians will be smarter than we and 4.) the problem of what to do with people who are forced to retire after 65 would be done away with -- all men would be obligated to work until they died to pay back the government.

To explain the plan further, the government, with all the money that it would save by doing away with old age pensions, unemployment compensations and such current plans, would be able to invest huge sums into medical research, finding ways to reduce the illnesses that come with age, thus boosting greatly to the march forward by mankind (and protecting its investment by making people live longer.)

The 10 per cent would be paid in for the rest of the person's life, thus giving the individual an added incentive to climb higher on the ladder of success (so that he could have a decent income after the 10 per cent and taxes were taken out.)

If this were adopted on a world-wide plan, the threat of wars would be eliminated because men would have learned so much in their "broadening" period that they would be too smart to fight each other.

Think of billions that would save! So, for some enterprising young politician who is looking for the basis of a platform to take him to great heights, here is the plan. This Great Giveaway would supercede all giveaways, and could make him one of the most popular politicians in the country.

Missionary Arrives In Brazil

A cablegram was received by Mr. and Mrs. Bill Owen last week from their son, Glenn stating that after a 17 - day voyage they had reached their destination well and safely.

Glenn and family, along with twelve other young families set sail from Houston on SS Del Norte June 1, enroute to Sao Paulo, Brazil, where they will do mission work for the Church of Christ.

Most of these young men were preachers, some business men and one doctor was in the group. Glenn, who speaks foreign languages, had already

spent three weeks in Brazil in the summer of 1960 and had held a meeting there speaking in Portuguese.

He was accompanied on this flight by Mr. Wade Banowsky, who is an elder of the Eastridge Church in Ft. Worth, and along with the Highland Park Church of Christ in Dallas, is supporting Glenn in this work. He plans with his family to return to states in November of 1963 for a 90 day stay.

One hazard that many drivers seem determined to eliminate is the pedestrian.

OLTON NEWS

OLTON - Mrs. W. D. Holley took the local YWA girls to Floydada Thursday to attend an associational meeting and make plans for their trip to Glorieta camp in N. M.

Those from Olton attending were: Jo Anna Lewis, Lavon Estes, Judy Pinson, and Sharon Brigance, two guests, Elaine Lewis and Sharon Miller and their leader, Mrs. W. D. Holley.

To Represent Littlefield Area

Smith To Speak At Assembly

Raymond H. Smith, prominent locally as a supervising minister of Jehovah's witnesses, will represent the Littlefield area at one of the largest assemblies of Christian families scheduled in the United States and Canada this year.

Stated for July 4 - 9 at Empire Stadium in Vancouver, British Columbia, the United Worshipers District Assembly of Jehovah's Witnesses is one of seven such conventions scheduled by the Watchtower Bible and Tract Society. The Vancouver gathering will draw some 20,000 to 25,000 delegates, according to Mr. Lowery presiding minister of the Littlefield congregation.

Smith will speak on the subject, "Do You Believe in Discipline?" at this united gathering. With the growing tide of delinquency and wrong doing, Smith said, "A Christian needs to discipline every step of his way to Christian maturity and life."

Noting that the phenomenal 6 per cent increase of the faith in the past year resulted primarily from increased "voluntary, personal ministry," the local minister said that Mr. Smith will serve on the organizational staff of the convention in the volunteer service department. "Volunteer service is the basis for the effectiveness of the Witnesses' world-wide Bible - training program which has produced an organization of more than 900,000 Bible teachers," Lowery said.

Mr. and Mrs. Smith serve Texas Circuit No. 9 of Jehovah's Witnesses for the Watchtower Bible and Tract Society and are regular visitors to the Littlefield congregation. The couple will visit Mrs. Smith's parents, Mr. and Mrs. Edgar C. Kennedy, during the six-day Canadian convention. Mr. Kennedy is a district supervising minister for the Witnesses in the Pacific Northwest.

In commenting on the purpose of the assembly, the local presiding minister, Mr. Lowery, stated that Jehovah's Witnesses recognize the "need for Christian unity in a world torn apart by divisive interests of all types," and that "proper application of Bible knowledge in a uniform manner is essential to unity."

"For this reason the Watchtower Society will send top speakers from the world headquarters of Jehovah's Witnesses in Brooklyn, New York, to speak at the Convention. They will give practical information on how Christians may live in harmony and peace in spite of stresses and strains imposed upon them by chaotic world conditions."

Nathan H. Knorr, president of the rapidly expanding Christian faith, will say it is better to drive slowly--than to be driven that way.

climax the six-day Bible-training course with a free public talk on Sunday, July 9th. His subject will be, "When All Nations Unite Under God's Kingdom."

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Ford Dealers were first with a long-term warranty ...because they have the car to back it up

For 1961 the warranty* on all Ford cars was extended to 12,000 miles or one full year, whichever comes first. This action tripled the existing warranty—and scooped the American automobile industry. It was dramatic proof of your Ford Dealer's confidence in the finest, most durable, most reliable Fords ever built. These are the cars with the new service-saving features most other manufacturers are just planning for

the future. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles before you need to change oil. Brakes adjust themselves automatically. The muffler is built to last three times as long as the ordinary type. Body and underbody are specially protected against rust and corrosion. And, Ford's Diamond Lustre Finish never needs wax. STOP spending money on a car

that's behind the times. SWAP for a '61 Ford while sales are booming and the deals are sensational. SAVE when you buy. Continue to save with the car that's built to be more service-free. *Extended Warranty—Each part of '61 Fords, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

Today is the day to STOP . . . SWAP . . . SAVE

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. - State Capitol is having a relatively quiet period -- somewhat like the "eye" of a hurricane.

Legislators are at home and Gov. Price Daniel has gone to Hawaii for the National Governor's Conference. Officially, the "time out" ends July 10 when the special tax session begins.

But despite the lull, sharp gusts of differing opinion are still blowing. Before leaving, Gov. Daniel issued a parting blast at lobbyists in particular and critics of his anti-sales tax stand in general. He is thinking of asking for tighter lobby control measures, particularly in regard to reporting of money spent to influence legislation. He also accused opponents of his tax plan of being unwilling to compromise.

Lawmakers are having their say before the Daniel-appointed committee to study tax measures. Sen. Wardlow Lane, sponsor of the Senate-passed sales tax bill, took a dim view of the "compromise" talk. Legislature compromised on taxes in 1959, he reminded, and the state government ended up more deeply in debt.

As to lobby control, Sen. Lane said the Legislature had already passed the measure that the governor had said would do the job. In general, Sen. Lane urged "a stop politicking and get on with the job" approach.

NEW LAWS COMPLETED Before leaving for Hawaii, Gov. Daniel signed scores of bills into law, vetoed a few, and otherwise cleared the decks from the 57th regular session.

He signed the bill which will allow the University of Houston to become fully state-supported in the fall of 1963. This bill was the cause of a month-long filibuster in the Senate.

He let become law without his signature a measure known as the Carling Brewery bill, also highly controversial. It was sought by the Carling Brewery which plans to build a \$20,000,000 plant in Fort Worth. Under the bill, a brewery may continue to operate in an area even if it is voted dry. By not signing it, the governor demonstrated his lack of enthusiasm.

Altogether the Legislature passed 549 bills in the regular session. Only 14 were vetoed by the governor.

SCHOOL BUS PRICES PROBED -- Atty. Gen. Will Wilson has launched inquiry into the prices being paid by the state for school buses.

Wilson announced courts of inquiry to be held in Austin, Dallas, and perhaps later in San Antonio. He said investigation had been under way for six weeks and had revealed that Texas was paying from 10 to 25 per cent more for school buses than other states. He said there was no evidence of identical bids, but that he felt there was a strong possibility of "rigged bidding."

School buses are bought by the Board of Control with state school funds on the basis of sealed bids. Bus dealers could, if found guilty of conspiring together over prices, be subject to both civil and criminal anti-trust suits.

(Courts of inquiry are not trials, but proceedings for the taking of sworn testimony to see if there is evidence for filing suits.)

PARENT LIABILITY UPHOLD - In a recent case, the Supreme Court refused to change a lower court decision that the law holding parents liable up to \$300 for damage caused by their children is constitutional.

Challenging the law was a father whose 15-year-old son had stolen and wrecked a car. Three courts upheld the constitutionality of the law and the father's responsibility.

It holds parents liable for "malicious and willful" destruction of property by children between 10 and 18 years of age.

INSURANCE HIKE FORECAST -- Higher auto insurance premiums are predicted by officials of the State Board of Insurance.

Board has the matter under advisement after a public hearing. New rates, if set, will go into effect Aug. 1.

Increases suggested by both industry spokesmen and the Board's actuarial staff are the same. They are 8.7 per cent for comprehensive passenger coverage, 8.1 per cent for collision, 23.6 per cent for liability, and 16.1 per cent for medical coverage.

A department study showed that premiums were down as a result of the new safe driving plan and that claim costs were up because of the costliness of replacements on today's automobiles.

GAS TAX RULINGS ASKED -- Probability of a strong push for a gas tax in the coming special session was indicated by Gov. Daniel's request for opinions from Atty. Gen. Will Wilson on the constitutionality of two such proposals.

One is a proposal by Rep. Bob Eckhardt of Houston which would require the holders of contracts for dedicated gas reserves to guarantee the state a tax of at least one cent on each 1,000 cubic feet of gas produced.

Another, by Rep. George Hinson of Mineola, is a rewrite of the severance beneficiary tax passed in 1959 and since held unconstitutional by the courts. Gov. Daniel has said that the 1959 bill would have stood up in court if it had been enacted as he recommended.

Hall Named Director Of Texas ADA

M.L. Hall of Littlefield, Texas has been appointed an Associate Director of the Texas Automobile Dealers Association.

Announcement of the appointment was made by TADA President C.C. Gunn of San Antonio.

"Membership of our organization includes 1,200 factory-authorized new car and truck dealers," Gunn stated. "Our purpose is to maintain a high plane of commercial integrity for those engaged in the new car and truck business. Hall, as one of our Associate Directors, will work closely with J.B. Bratcher of Plainview, who is the TADA Director for this area. We are extremely proud to have men of this calibre in responsible positions within our organization, and working together to provide maximum service to the motoring public," Gunn said.

TADA has a history of more than 40 years in Texas. Headquarters are located in the Driskill Hotel in Austin, with H.C. Pittman as executive vice president.

EARTH NEWS A meeting of the Earth Rebekah Lodge was held at 8 p.m. Thursday at the IOOF Hall here.

In attendance were Mary Gilmore, Lora Bell Hickman, Henrietta Armstrong, Mary Parish, Bobette Marshall, Maydel Simmons, Clydell Simmons, Anna Mae Houston and Minnie Parish.

Refreshments were served by Maydel Simmons and Mary Parish.

H.W. Kendrick received a call early Monday that his mother, Mrs. Sally Kendrick, Bell Garden, Calif., was to have emergency surgery at 8 a.m. Monday. No report of her condition was available at mail time.

AMHERST NEWS, By Mrs. Lester LaGrange

Donna Zachary Is GA Of Month

Donna Zachary was selected as "G A of the Month" for June at a meeting Wednesday evening. Her selection was based on attendance, her outstanding work as program chairman and extra time spent on Forward Steps. A clever program which encouraged the girls to work on their Forward Steps was presented by Linda Clayton.

Plans were made for G. A. Focus Week which begins Sunday, June 25. The highlight of the week will be a coronation service at the First Baptist Church, Wednesday, June 28. The public is invited to attend.

Mr. and Mrs. Carl Tillman, Water Valley, Miss. returned home Sunday after spending the week with her sister, Mrs. John Foust and brother, W. E. McDaniel and other relatives.

George Hood, Tucson, Ariz. visited his father, Fred Hood and sister, Mrs. Lee Payne during the weekend.

Guests of the Albert Johnsons are the Orville Laster family, Las Vegas, Nevada, Mrs. Herman Davis, Anderson, Calif. and Mrs. Tom Farris and Amy Jo, Redding, Calif. They are here due to the surgery of their father, J. R. Simons. He is expected to be brought home this week from Lubbock.

Miss Mary Rankin, Lorenzo spent Sunday with her brother and wife, Rev. and Mrs. John Rankin.

Previous Wages Indicate Amount Of SS Benefits

The amount of benefits payable to a worker and his dependents at retirement, if he becomes disabled, or to his survivors in case of his death, depends upon the amount of wages posted to his social security account, John G. Hutton, Manager of the Lubbock District Office of the Social Security Administration, pointed out today.

The Social Security Administration is responsible for keeping an accurate and up-to-date record of each earnings record; however, the cooperation of employers and employees is needed in maintaining these records. A person working for someone else should be sure his employer gets his correct name

Mr. and Mrs. D. G. Ewing and son, Don spent a week visiting relatives in Dublin. While there they attended a family reunion.

Mr. and Mrs. George Harmon were weekend guests of the Sam Harmons at their cabin in Ruidoso, N. M.

and account number when he starts to work. If a pay slip or withholding statement has an incorrect name or number, the worker should call this to the attention of his employer. The employer should also make sure the correct names and account numbers are on the quarterly reports of earnings sent to the Internal Revenue Service.

A person who is self employed should pay his social security self employment tax and report his net earnings at the end of each year if those net earnings are \$400 or more, Mr. Hutton said. These reports must be based on records of income and expenses in

Barbee Funeral Held Sunday

Mangum-Hilbun Agency Praised in Magazine

Local men, Tom Hilbun and Jim Mangum, have singled out by the insurance company they represent here for a large spread in the current issue of company trade journal, "INA Fieldman". The article, titled "Growing With West Texas" tells the story of the growth and development of the Mangum-Hilbun Insurance Agency and parallels it to the growth of this area.

The agency, according to the article, began in 1951 when the two men, with another partner, merged two agencies to form a larger one. In 1954, they bought out their partner and became the sole owners of the firm.

Jim Mangum and Hilbun, in their research and analysis of insurance companies, the article tells the agency saved the Littlefield tax money through check of the firm's insurance program. The analysis of the performance on its (Littlefield) property (by Mangum and Hilbun) .. recharges for coverage building that had been torn down," Mangum says. "As a result of this service, Mangum-Hilbun now writes the insurance." Mangum is satisfied with the credit rate, "the agencies," the investigation at the hospital in Austin and the outstanding records of the fire trucks,

at the South Pole, and snow shoes at the equator." Mangum says about his partner.

Hilbun tributes Mangum by commenting on his "outstanding knowledge of the insurance business and his administrative ability."

In recognition of their being selected for publicity in the firm's trade magazine, Insurance Company of North America has presented the two men with tokens of the company's satisfaction with their work. Both were given replicas of fire marks, old-time emblems insurance companies.

The fire marks are cast iron ovals depicting an eagle. They were the symbol of INA when fire marks were in use.

"In early days," Mangum said in describing the use of fire marks, "a company would put its fire mark on every building that it had protected with insurance."

"When the fire alarm rang, the company would send its own fire brigade to the scene of the blaze. If its company had a fire mark on the building, the brigade would immediately begin to

bring the records up to date results in maximum credit rating for Littlefield. The maximum has been maintained for four years, thanks to close check on city fire prevention activities by the agency.

"One simple but potentially disastrous matter in which Mangum - Hilbun helped was sponsoring an ordinance prohibiting parking at the fire station."

The article goes on to describe the efficiency of the agency office which uses the latest innovation to help maintain superior service to the people of Littlefield. In the article, both men praise each other as top-notch insurance men.

... it's no secret

"Why, I just read where some government bureau that reports on statistics says that electric service costs me only one and one-third cents out of each dollar that we spend at our house."

"Then I found out that the more hours I use Reddy Kilowatt -- he's the electric servant, you know -- the less he charges for each hour."

"You say your electric bill is higher? Oh, ours is, too, but we're using twice as many appliances as we did 10 years ago. Skillet, television, hair dryer, clothes dryer, why, those are just a few of our new ones. You're probably using a lot more appliances, too."

"On top of everything else, my Public Service neighbor told me the average hourly wage for that little fellow we were talking about, Reddy Kilowatt, is 21 percent lower than it was 10 years ago."

"I can't think of anything else that costs less today than it did in 1951. Can you?"

PENTHOUSE FOR BIRDS
 SPRINGFIELD, Ohio
 There's a pigeon penthouse atop the modern Boston Store in downtown Springfield.
 Louis B. Margolis, executive manager of the store, says he understands the birdhouse was specified in the sales agreement between the store and Second Presbyterian Church when the church sold the lot 40 years ago.
 But Henry P. Quentin, assistant manager in 1921, says it was a matter of sympathy; the pigeons lived in the church belfry.
 However, while the birdhouse remains, it has been vacant for many years. Apparently the elevator in a shaft just below it makes too much noise.

PIED PIPER OF BEES
 CONWAY, Ark. — A swarm of bees took up residence on the rear bumper of a new convertible owned by J. C. Curtis. Among the curious persons who dropped by was Judson Goad, who keeps bees. He went for a beehive and raked the swarm off the bumper. At first the bees buzzed furiously, but when the queen entered the hive all the others followed into the permanent home.

New Phone Books To Be Out Soon

"It won't be too long before all telephone users, residential and business customers alike in Littlefield, Amherst, Olton, Sudan, Anton, Spade, Whitarral will receive new telephone directories for 1961," R.E. Saunders, district manager for the General Telephone Company of the Southwest announced today.

"Correct initials, names, and addresses are necessary to assure complete and adequate representation in the alphabetical section and the Yellow Pages as well," he said.

The final closing date for making changes or adding new listings to the new telephone directory will be July 21, 1961.

R.E. Saunders urged that all subscribers wishing to make any changes should call the business office as soon as possible to enable the telephone company to make the corrections or additions before the new directory is printed.

Stronger Home Schedule Spurs Grid Ducat Sales

Although Coach J.T. King isn't selling his first Texas Tech football team short, he's willing to agree that the strength of the Red Raiders' 1961 schedule rather than the grid potential of the Raiders is mainly responsible for an upsurge in season ticket sales.

"Look at the schedule -- four Southwest Conference games in Lubbock plus West Texas State and Boston College," asserts King. Texas A & M, Baylor, and Texas Christian are always popular in this region, and Rice is coming up with a team that may be the favorite.
 King figures too, that West Texas State, with its strongest team in several years, and Boston College, returning its top 22 players, are also drawing a good share of attention.
 Aiding the ticket sale this summer is the fact that they may be purchased on the installment plan, and that tickets are available on a season basis in all sections -- including the option area -- of Jones Stadium.
 Ticket application blanks and details on the installment plan may be obtained by writing Jimmie Wilson Business Manager of Athletics, Texas Tech, Lubbock.
 The Red Raider's home game dates are Oct. 7, Texas A & M; Oct. 14, TCU; Oct. 21, Baylor; Nov. 11, Boston College; and Dec. 2, West Texas State.

SPECIAL PRIZES GOOD THURSDAY-FRIDAY-SATURDAY

It is with a great deal of pleasure that we observe our third year of business in Littlefield and service to this entire 6 county trade area. We take this means of expressing our sincere thanks to our many friends who have supported our brands and services. We are proud to be one of Littlefield's leading industries and the largest recapping industry on the South Plains. We pledge our continued best efforts to advance with this progressive area and render a personalized service to everyone.
