Feed Grain Sign-Ups Continue

Condemnation Suits Continue Friday

Four Hearings Slated

Four more cases are scheduled to be heard Friday before a special commissioners jury in the continued hassle over right-of-way for the proposed widening of U.S. Highway 84, east to the county line.

Those cases on the docket for the end of the week sessions are: F. Reznick; H. E. Gohlke; Mary Whisenant; and A. H. Billington. Hearing for the arguments have been set to begin at 10 a.m. according to Judge Pat Boone, Jr., setting on the special commissioners jury will be Guy Willis, Littlefield, H. G. Walker, Olton, and John Dean, Sudan.

Lengthy Of Residency Cause

Council Entry Is Disqualified

Hershel Randall, a candidate for city councilman, was found unqualified due to his length of residency in Littlefield, City secretary, Joel Thomson, notified Randall early Monday that the city charter states a person must be a resident of Littlefield for at least two years.

Randall has been in Littlefield for a year and a half. He said early Wednesday he "wasn't aware of the two year residency qualification was required since it was not stated on the filing application." He continued that he was not unhappy about not qualifying.

Thefts Plague Police

City Police were kept busy over the weekend investigating two accidents, four thefts and arresting ten persons on a variety of charges.

Saturday a truck driven by Kenneth Wayne Kelly and an auto driven by Calle Good Jarnagin were in collision at West DeLano and XIT Drive.

Red Cross Drive Starts With Kickoff Breakfast

Lamb County's Red Cross Drive began Tuesday with a kickoff breakfast. Glenn Reeves, Littlefield chairman, presided at the meeting and challenged all workers to complete their area by the end of the week.

Every business house and most of the residential area will be covered by the workers in an attempt to raise the \$4250 set for the Littlefield area.

Injured Amherst Youths' Condition Still Unchanged

Hospital authorities at Lubbock said Wednesday morning that the condition of Jimmy Love and Jimmy Nix, both Amherst youths, was unchanged and both remain in "extremely critical" condition.

Neither has regained consciousness since they were injured in a car-train wreck here on February 21.

The authority also said that each was holding his own and were not any worse than when they were brought in. She continued that they are responding to treatment more and more each day, but some days they respond more than on others.

Three cases have already been heard by the jury involving the state and Thomas C. James; G.P. Maynard; and Percy and Bill Carter. According to Judge Boone, the Carters have appealed their award of \$10,000 for 24.11 acres of land near Bainer.

Maynard and James have until today to file appeals of their awards. James was given \$4,937.50 for four and eight-tenths of land (which included compensa-

Poll Tax Payments Go Over 3500 In County

Poll Tax receipts issued for the current voting year have been broken down into precincts by Herbert Dunn, county tax assessor-collector.

A total of 3551 receipts were issued including those exempt from payments for the voting duties. By precincts they are:

11.	34
12.	1364
13.	96
14.	51
15.	159
16.	227

This is an "above average" off-election year total but there are several local elections which have caused the rise, according to Dunn.

In Littlefield there will be both a city and school election. In Amherst there may be a liquor election called. And throughout the rest of the county there are school elections as well as a special senatorial battle.

District Cagers Chosen

Dumas' Demons, District 1 AAA basketball champions and Hereford, runners-up in the league each placed two men on the all-district first team, according to Paul Stevens, district chairman, who announced the choices Tuesday.

Levelland snagged the remaining spot on the top five.

Chosen were Larry Tiner, Dumas; Roy Sage, Levelland; Carl Miller, Hereford; Dennis Hodges, Hereford; and Dick Rector, Dumas.

Tiner, Sage and Miller were unanimous of the coaches in the league who picked the teams. Only players from opposing teams could be voted on by the coaches.

Making up the second team were Jerry Kolier, Littlefield; Thomas Coffman, Hereford; Jim Morgan, Dumas; Charlie Thomas, Hereford; and Ronnie Gray, Phillips.

Honorable mentions went to Ken Hunt, Phillips; Dale Moore, Phillips; Royce Taylor, Dumas; Glenn Staggs, Dumas; Jimmy Smidley, Levelland and Ted Turnbow, Levelland.

Diphtheria Clinic Slated Saturday

Another diphtheria clinic will be held this Saturday from 9 a.m. until 12 noon in the basement of the courthouse, a county health official announced this week.

Persons who received their first shot on February 11 are asked to come in for their second shot. Adults should have a series of two shots and children three.

To come in for their second shot. Adults should have a series of two shots and children three.

For persons who have received no shots to date, they may also get their first shot Saturday. To date approximately 1200 persons have been inoculated against diphtheria.

SIGNING UP—Farmers swarmed into Littlefield the first part of the week to sign up under the government's new feed grain bill. Here, Glenn Combest, on the left, from Olton, talks with Randy Whitson as he prepares the forms for Combest to sign. According to L. D. Aten, 747 farmers signed-up during the first two days. Goal Reached In Center Drive

Contributions and pledges for the Community Center drive have now passed the original goal of \$15,000 it was announced this week.

A spokesman for the center committee said they are most gratified with the response given by all the persons contacted. There are still several pledge cards that have not been returned, it was stated.

The \$15,000 estimate on the needs was for just the bare necessities for remodeling the building. There are many other things that should be done and will now that funds have been raised to cover the necessities.

The spokesman said that all the money raised for the center will be used for building improvements and furnishings.

The Jaycees voted to have a talent show with the proceeds to go to helping to furnish the center.

Spade WMU Studies Prayer Week Program

SPADE - The Women's Missionary Society of the Spade Baptist Church met at 2 p.m. Monday afternoon for the first two parts of their Week of Prayer program. These programs precede the taking of the Annie Armstrong offering for home missions.

The general theme of the week is "My Prayer to God... That They Might Be Saved."

Mrs. Donald Caldwell was in charge of the first part of the program and began by playing "Near to the Heart of God" at the piano for the meditation music. The group read the scripture for the program silently.

They sang "Jesus Calls Us" and Mrs. J. R. Inklebarger read the calendar of prayer and led in prayer for those listed on the calendar.

Mrs. Caldwell gave the introduction to the program which was entitled "How Shall They Call on Him?" The following parts were then given: "The Wistful Ones" by Mrs. W. A. Tindal; "The Woe-Full Ones" by Mrs. J. R. Hodges; "Waifs and Homeless Ones" by Mrs. Bill Hindman; "The Wand'ring Wayfarers" by Mrs. Inklebarger; and the conclusion, "An Unmet Need" by Mrs. Caldwell. As each lady concluded her part, she led in directed prayer for those mentioned in her part.

Mrs. Jess Emmons took charge for the last part of the program entitled "How Shall They Believe in Him?" Mrs. Emmons read a passage of scripture and then gave the introduction. This program was made up of several personal testimonies of different ones helped in the home mission program, and these testimonies were read by the following ladies: Mrs. Jim Matthews, Mrs. H. Harvey, Mrs. Ernest Savage, Mrs. Emmons, and Mrs. Doc Yann.

Each lady concluded her part with a directed prayer. Mrs. Emmons then gave the conclusion. Mrs. Inklebarger read the poem "No Longer Need They Walk," Mrs. Emmons concluded the program with the reading of 2 Cor. 5:2 as a dismissal.

A short business meeting followed with Mrs. Arthur Turner president in charge. The group discussed Easter clothes for their adopted daughter in the Beeville divar; Vice-President, Mrs. Lucy Children's Home, and decided to meet again at 2:00 p.m. Friday night at the church.

PENN POINT

BY D. N. P.

Seems as though the number of entrants jumped considerably in the Senator special election. The deadline for filing was Saturday night and when the final aspirant decided to run the total hit 71. This is ridiculous. Who said things weren't bigger in Texas. The ballot that will carry these names will have to be the size of a saddle blanket.

I like this statement by Lyle Wilson, UPI Washington manager. "Tax withholding by the employer so dulle the tax bite as to foster the belief among citizens that they are getting something for nothing in the way of services and benefits when the federal government pays the bill." Don R. Peterson publisher of the Tribune (Minn.) Tribune, did an experiment to make his employees aware of the tremendous tax bite. He paid them their full amount weekly and withheld the total from their last paycheck of the month. The man who was making \$100 a week, received this amount for three weeks and the fourth week he got only \$14 if single or

Party games including Bingo were played by the children. The following attended: Tonya Bingham, Nancy Downs; Betty Boone, Laqua Graham, Pamela Stafford, Wendelyn Tooley, Guy Ballard, and Janabeth Bowen.

Beginner Games Set For Saturday

Duplicate bridge players met at the country club Saturday evening with six tables in play, following a chili supper.

Winners were: East-West, first, Mr. and Mrs. J. S. Brown; second, W. F. Gilliam, and L. L. Chamberlain, Jr; third, Mr. and Mrs. Kenneth Ramage.

North-South, first, Mrs. Gene Lovelace and Mrs. Aldridge, Farwell; second, Mr. and Mrs. M. W. Howard; third, Mrs. Ophelia Stone and Mrs. Rhenard McCary.

The club will meet Saturday evening at 8 o'clock in the ballroom of the club house. A special game for beginning duplicate players will be conducted. A trophy will be awarded the new player who has the best score for the evening.

HD Leaders Hold Training Meeting

A leaders training meeting of home demonstration clubs was held in the agent's home Wednesday, Mar. 1. The demonstration was on preparing a master mix for pie crusts and filling. From this mix 14 different pies can be made. It is a time saver to prepare the mix ahead and can be stored on the shelf for at least two months.

Those attending were: Mrs. Jimmy Starnes, Mrs. Ralph Carter, Oklahoma Ave Club; Mrs. Foy Cook, Springlake; Mrs. Gifford Kennedy, Mrs. Mack Tucker, Yellowhouse; Mrs. Louise Brice, Mrs. Ernest Brooks, Sunnydale.

The couple will be at home in Lubbock after a honeymoon trip to Houston and Galveston.

Feed Grain --

(Continued From Page One) The 80 acres he plants and receives the \$1.68 price support he will receive \$2,688 for the grain raised. When you add the \$400 he received for not planting the 20 acres to this figure you have a total of \$3,088 for the gross income on his 100 acres.

Using the same figures on land and average yield but at the price support for 1959-60 of \$1.48 he would receive \$2,960 for his gross income. The bill would increase the gross on this farm by \$128.

Allen concluded if this bill is passed and there is every reason to believe it will, it will be the biggest farm legislative move in recent years.

JC news

Twenty members of the Littlefield Junior Chamber of Commerce attended their Tuesday meeting and members present approved the sponsorship of a talent show to be held in Littlefield at a later date.

Proceeds from the show will go to help furnish the Community Center. A committee was appointed to work out the details of the show and report back when a date can be set.

Chairman of the committee is Earl Pierce, Jaycee president. Wendell Clark was welcomed by the organization as a new member and Jimmy Maynard as a guest.

Another ad rime sheet appears in this issue of the Leader.

Town & Country-

(Continued From Page One) wouldn't be worth taking home if in fact it were printed at all!

As for news-- well the most popular features in any newspaper, speaking from the feminine viewpoint to which we cater, are the personals and the social news. Inside also you'll find the sports department, informative letters sent in by our correspondents and legal publications. Some folks even read the special columns and the editorials!

Of course, the front page of a newspaper is attention compelling--it should be. But never make the mistake of thinking that your newspaper stops there.

Read it each week from kiver to kiver. You'll find every column is well worth your attention!--The Pilot-Tribune, Storm Lake, Iowa.

Boy, aged six: "I love you. You are the only girl I ever loved."

Girl, aged 5: "Darn it, another beginner."

The hotel clerk was losing his patience. "Look," he said, "I've told you a dozen times, we don't have any rooms. We're filled up."

"If President Kennedy came in," persisted the man, "would you find a room for him, wouldn't you?"

"Well, of course," admitted the clerk. "Then let me have that room. He's not coming."

MY OLD BUDDY Roy Wade at the Post Office and I have been discussing sandstorms. Roy contends that "all sandstorms are bad!"

THEN A BEAUTIFUL day

like Wednesday comes along and it makes a fellow sorta wish he were on Kennedy's unemployment list... surely would be good fishing down south on those bass lakes!

TWO OUTSTANDING pre-Easter movies are coming to the Palace... "The Ten Commandments" and "The Robe." We think this is timely scheduling of these two shows.

We also look forward to "The Alamo" which is to appear at the Palace soon.

Council Entry --

(Continued From Page One) now held by Bob Manley and M.A. Elms, Jr.

There are four candidates running for two positions on the school trustee board. They are Dr. Albert Perkins, local dentist, seeking re-election; Delbert Ross, local farmer; Jack Barton, local egg producer and manager of Plains Egg Producers; and Mrs. Carlene King, receptionist at a local hospital.

They are seeking the posts now held by Dr. B. W. Armistead and Dr. Perkins. The election has been set for April 1.

Red Cross --

LAMB COUNTY BUILDING AND SUPPLIERS NEWS

'BLOCK HOUSE': This experimental house was built in Champaign, Ill., of huge "building blocks," which developers say cut labor costs in half.

Special Houses continue to be built for special purposes. These houses get all sorts of names—"research", "development", "experimental", and so on. The object in every case is to show how certain materials can be given new uses, to illustrate new methods of construction and to demonstrate the durability of new products.

While occasionally such houses are built and paid for by a single manufacturer, more often they are the joint effort of a group of companies or associations. One of the latest enterprises of this nature is a house at Champaign, Ill., constructed under the sponsorship of the Lumber Dealers Research Council, the Douglas Fir Plywood Assn. and the Plywood Fabricators Service, Inc.

The three-bedroom, 2000 square foot house was built completely and joined at the job with plywood components, prefabricated un-

its that are used like giant building blocks and eliminate virtually every cutting and fitting operation at the job site. The system is described by its developers as incorporating all the money-saving advantages of prefabrication but eliminating the undesirable appearance of mass-produced houses.

The seven different components used in the house were shop-fabricated with nailed and glued joints and then trucked to the site. Three newly-developed components were used. They included:

Cathedral beams—These were used as roof supports in the living wing and were fabricated from dimension lumber and prewood finished plywood webs. They were shop-built in longitudinal halves and joined at the job with plywood splice plates on the top edge,

Floor panels—Full-sized sheets of half-inch plywood, with 2 x 4 stringers already attached, were dropped quickly into place over plywood box beams. Splines made from 2 x 4's on edge topped the beams. The panels overlapped the splines and were joined together with nails through the splines.

Rigid frames—These angled halves of 2 x 8 framing and 3/4-inch plywood gusset plates, then joined at the site with a nailed crown gusset. They were used as roof supports for the two-car garage.

On the more conventional side, the construction system used pre-assembled wall units four feet wide. These units included all framing, windows and a plywood combination sheathing-siding.

The system, the developers claim, saves up to 50 per cent in labor costs.

Local Happenings This Week In 1928

(Editor's Note: From the files of the Lamb County Leader for March 8, 1928. Anyone who wishes to see the bound file of the Leader for 1928 may do so by getting a copy of the bound file of the Leader for 1928 at the office of the Littlefield Press.)

\$40,000 is voted to pave main street to city park. — "Also \$10,000 waterworks extension is favored by citizens." Littlefield citizens voted in large majority at a luncheon held at the Home last Tuesday for the paving of the four blocks of Main street, extending from the Santa Fe depot to the City park, also, for certain extensions of the municipal waterworks. The bond issue involved a sum of \$40,000 as the city's part of the paving program, the other two-thirds cost to be born by the property owners. The waterworks extension bonds were for \$10,000.

Olton, county seat of Lamb County, which has been trying to get a railroad for several years past, was considerably encouraged last Monday when they received a contract to be signed by citizens guaranteeing the right time at the office of the Littlefield Press.)

Remember When: We don't know much, but we do know there would never be a divorce in Littlefield if every married man thought as much of his wife as he does of his wife's husband. Many things can be preserved

Talent Show Planned By Springlake P-TA

EARTH — Initial plans were laid this week for the fifth annual P-TA talent show to be held at 7:45 p.m. Thursday, March 24 at the Springlake School Auditorium.

According to Ted Row who heads the planning committee, \$100 in prizes will be awarded this year's winning contestants. Amounts of \$15, \$10, and \$5 will be given first, second and third place winners in each of the three divisions: pre-school and elementary, junior high and high school and above.

First place winners in each division will compete for an additional \$10. Entry blanks may be obtained at the following area schools: Amherst, Muleshoe, Olton, Littlefield, Sudan and Dimmitt, or by writing Springlake School.

Letters are also being sent to Friona and Clovis, N. M., inviting contestants to enter the show.

A deadline for entrance has been set at 12 noon, March 22. Judges will be from Texas Tech, Lubbock. \$75 of the prize money has been donated by Northern Star Seed Farm, O'Brien, Texas, with the remainder being given by the PTA executive board.

Advance ticket sales began this week. Admission price is 75 cents for adults, 25 cents for children. Paul Wood is in charge of sales in Earth with W. B. Hucks manager of sales in Springlake.

A goal of \$300 has been set for advance sales.

Candy will be sold between each talent division at the show.

The public is invited to attend this full evening of entertainment.

Letter To The Editor

Littlefield Press
Littlefield, Texas.
Dear Sirs:

May we, on behalf of the entire Caprock Council, express our appreciation to you for your part in the recent Girl Scout Fund Drive.

Littlefield was able to pay their entire 1961 quota. We do hope the Littlefield Girl Scout Neighborhood will be able to complete the needed repairs on their Scout House.

We also appreciate your interest and the news space you give to Girl Scouting throughout the year.

Irene Beck,
Executive Director,
Caprock Girl Scout Council.

Local Store Eligible For "World Tour"

C. R. Anthony, President of the C. R. Anthony Company, which operates 260 department stores in 20 states, has announced that Amos Ward, manager of the Anthony store in Littlefield, and his wife have been offered the opportunity for an all expense paid, around the world market tour.

It was also announced by Anthony that in addition to the world tour for the manager and his wife, employees in the Littlefield store have been offered the opportunity to participate in extra cash benefits. This offer is being made to each of the 260 store managers, their wives and employees throughout the 20 states where Anthony stores operate.

Lt. Byars Trains At Camp Wolter

FORT EUSTIS, Va. — 1 Lt. Harold W. Byars, Commanding Officer, First Student Enlisted Company, U. S. Army Transportation School, will depart here this week for Camp Wolter, Texas, where he will attend the Officer Rotary Wing Qualification Course.

The 10-week course provides training to qualify fixed-wing aviators to fly rotary-wing aircraft.

The 24-year old Army aviator entered the military in July 1958. Before his Transportation School assignment he was assigned to the 40th Transportation Army craft Maintenance Battalion on post.

in alcohol, but law and order are not on the list in Littlefield.

Now that a pneumatic auto bumper has been placed on the market the only thing left to make life perfect, is for some one to invent a rubber telephone pole.

"More development is going on today on the Spade lands than ever before," said Judge R. C. Hoppling, a representative of the Ellwood Farms Co., who was in Littlefield this week with a bunch of prospective land buyers.

Your RIGHT TO VOTE

MR. AND MRS. VOTER, do you feel that you should have an opportunity to vote on legalizing Parimutuel Horse Race Betting?

A constitutional amendment (H.J.R. #4) is being considered whereby Texas will be given an opportunity to legalize horse race betting in Dallas, Tarrant, Harris, Galveston, Bexar, Midland, Hidalgo, Cameron and Webb Counties, subject to approval by LOCAL OPTION.

H.J.R. #4 provides for distribution ANNUALLY among all counties that do not have race tracks, one-half of the STATE TAX REVENUE obtained from horse racing. Each county would receive approximately \$1.00 per capita population the first year. Counties where the tracks are located would receive 2% of parimutuel handle. The state's tax income from horse racing alone would run close to \$12,000,000 the very first year—possibly more—besides all the income tourists would bring to Texas—which would amount to millions of dollars, plus a great deal of valorem tax on race tracks, breeding farms and many valuable race horses.

Please express your opinion by checking X the appropriate box below. You do not have to sign your name unless you like, but we would prefer it.

YES: I feel that the people should have an opportunity to vote on horse race parimutuel betting.

NO: I am not in favor of letting the people vote on the subject.

LAMB COUNTY LEADER FARM PAGE

Lamb County Leader, Littlefield, Texas, Thursday, March 9, 1939 Page 3

SHOULD BENEFITS—Pictured are two stretches of farm roads northeast of Littlefield that show the advantages and disadvantages of crop residue on the road. The picture on the right shows snow on the road with very little on the fields due to the absence residue. On the left is pictured a road clean of the sorghum stubble caught most of the snow and kept it in the field where the moisture is needed.

Residue On Fields Stop Wind Erosion

Conservation of moisture is helpful through mulching in several ways. It increases the intake rate of the soil surface, letting more water into the soil during rains, and catching and holding blowing snow; reduces wind velocities on the soil surface, cutting down on the evaporation rate. The mulch also protects the soil surface from sunlight, reducing evaporation again.

One of the cheapest and easiest conservation practices to apply, it is still one that has been used to good advantage on many farms of the Lamb County Soil Conservation District.

Other Loans Available From Federal Agency

An additional \$50 million has been made available to the Farmers Home Administration for farm housing loans. Mr. T. J. Jones, agency's county supervisor announced today.

He said that the new loan funds assure an adequate supply of this type of credit for eligible farm families during the balance of the fiscal year. Loans made so far this year plus those being processed had practically exhausted the funds previously available.

Farm housing loans are made throughout the rural areas of the United States. The loans provide farm families with an opportunity to acquire an adequate house and efficient service buildings.

Applications for farm housing loans may be made at the local office of the Farmers Home Administration, Mr. Jones said.

The loans bear 4 per cent interest and are payable over periods up to 33 years. The major demand in Lamb County is for loans to construct and modernize farm houses, and most of the funds are used for new construction.

Improvements financed with the loans include the installation of central heating, and pressure water supply systems, the addition of bathrooms and the modernization of kitchens. Many local farmers also use the loans to adjust their service buildings to the changing requirements of agriculture.

To be eligible a farmer must own a farm that will annually produce for sale or home use at least \$400 worth of commodities based on 1944 prices and be of sufficient value to adequately secure the loan. In addition, he must lack the resources needed to obtain credit elsewhere and have sufficient income to pay farm operations and family living expenses, and meet payments when due on his debts.

Your Crop a Booster Shot Fertilize As You Plant...

— Says KENNETH PURTELL, Terry County Farmer

How Purtell Does It!...

Purtell added: "It is easy to convert your planter to handle LIQUID FERTILIZER at the time you do your planting. You use the usual opening plows on the planter feet, plus a 3/8" fertilizer knife—4" to the right of the foot, as shown at the left. Weld a pipe on the back of the knife to connect the fertilizer tube to the back of the knife to connect the fertilizer tube to the seed. The barrels for the fertilizer are located 'saddle-tank' style on the sides of the tractor. With this set-up I have cut out one complete farming operation, plus reducing the amount of pneumatic packing of my farm land. The cost of converting your planter to this type of operation is nominal."

If you are already using LIQUID FERTILIZER, come by and let us show you how easy and inexpensive it is to do both—planting and fertilizing—at the same time. If you are not a user of Goodpasture LIQUID FERTILIZER then you are in for a treat. LIQUID FERTILIZER takes the 'work' out of fertilizing, plus saving you money.

Remember! We have a SOLUTION for any fertilizer problem. See our nearest Goodpasture LIQUID FERTILIZER dealer for more details about modern fertilizing... the safe, fast, economical way.

About Your Health

Malignant neoplasms—as cancer is listed in statistical studies claimed 11,390 Texas lives during 1960 according to State Health Department provisional estimates.

This is a rise of only about 300 deaths over the final 1959 figures. However, the 1960 death rate—per 100,000 estimated population—was 118.4 compared to 117.7 for the previous year.

Only heart diseases caused more deaths in Texas last year. Deaths from cancer begin to take a significant toll after age 40, when the rates begin rising sharply over the earlier years.

They key to cancer cure or arrest lies in early detection, a fact which is repeated continuously to the public over every possible news and information outlet.

However, one leading national organization estimates that only one out of six women have physical examinations each year.

For women, early cancer detection is surprisingly simple, provided proper examination techniques are performed.

Self breast examination can be taught quickly and simply to any woman during a visit to her family doctor. There is an excellent film available, from the State Health Department film library on the subject, suitable for showings to women's groups.

The film should be viewed in the company of a physician who can offer further explanation and answer questions.

Breast cancer accounts for about one-fourth of all cancer cases in women, while uterine cancer is next in order of occurrence.

In a yearly physical check-up, a physician may take a uterine smear for analysis, whereas a trained technician can detect early cancer.

The universal use of uterine smear analysis at least once a year would virtually nullify uterine cancer as a leading cause of death. Nearly all physicians are qualified to make this examination today.

Cancer prevention begins with the individual. (A weekly feature from Public Health Education Division, Texas State Department of Health.)

Earth Jaycees Elect Officers

EARTH (Special) Elected this week to head the Earth Jaycees during the coming year, are following men: Ted Robbins, president; Melvin Parish, 1st vice president; Charlie Dunn, secretary and Charles Crable, treasurer.

Earl Jordan will serve as state director with Gary Bulls and John Laing, Jr. serving as local directors.

These men will be installed at a joint installation banquet with the Littlefield club. It will be held March 18 at the Littlefield Country Club.

Outgoing officers for the Earth Jaycees are Gene Templeton, president; Bobby Messles, 1st vice president; Ted Robbins, secretary; Fluff Myers, treasurer; Lynn Glasscock, state director and the following local directors: Harold Britton, Earl Jordan, Golfer Ferguson, and Robert Riley.

New members of the club are Gary Bulls, John Laing, Jr., Glenn Bulls, Robert Taylor and Marvin Been, Jr.

Present for the election meeting Monday at noon were 17 members.

The club members plan to eat at the School cafeteria Monday March 6 in observance of Public School Week.

Sesame Growers Plan Olton Meeting Monday

Area farmers interested in growing sesame this year are invited to attend a special sesame meeting and chili supper, to be held in Olton Monday, Mar. 13. Meeting place is Don Spain's Olton Farm Supply Store, and the meeting time is 7:30 p.m. First order business is eating chili and special sesame chips will also be served.

Robert L. Parker, Exec. Vice-President of Texas Sesame Growers, Inc., will be the principal speaker. Demand for sesame is excellent, according to Parker, and there is room in the market for sesame produced from over 2000 acres in the Olton Area. Fieldman Raymond Hodges will also be on the program to discuss the special effort being made to improve sesame planting and harvesting machinery.

"There is more interest in growing sesame this year than at any time since 1938," reports Don Spain, Olton and Lamb County Sesame Dealer. "Many area farmers pocketed more than \$100 per acre from their sesame crops last year."

Parker attributes the increased interest to good yields for early planted sesame in 1939 coupled with a record shattering price to growers for No. 1 quality seed of 10 1/2 cents per pound. "This very favorable market situation is expected to carry over into 1941," says Parker, "because world oilseed supplies, including sesame are in short supply. Also market development work done by our organization over a period of years has started to pay off in big new United States markets for sesame seed."

Lamb County Agent Bill Kimbrough will be in charge of the meeting, sponsored jointly by Olton Farm Supply and Texas Sesame Growers, Inc., of Paris and Muleshoe.

All farmers in the Olton, Hart, Sando, Littlefield, Springdale, and other nearby areas who are interested in growing sesame are invited to attend the meeting. There will be plenty of good chili for everyone.

Philosopher Demands Right Politician's 'Misquote'

...the Sandhills was misquoted. This Johnson grass is that everybody seems to accept this explanation, the newspapers carry it, and everything goes along like nothing had happened. The same fellow will be on television next week making another statement.

I am not criticizing this, I'm just asking why it can't have a more widespread use? For example, say six months ago I went into the bank and told my banker if he'd let me have some money I'd pay it back on March 9, but here it is March 9 and I can't do it. Why can't I call up the bank and say, "Look here, I got this notice in the mail this morning saying my note was due. There's been a mistake. I been misquoted. I been misconstructed. I been taken out of context. When I said March 9, I didn't mean March 9, 1961. I meant March 9, 1971. There's a big difference, you know. Let's set the record straight."

I don't know why it is, they don't read the newspapers enough I guess, but if you tried to pull this on the bankers I know, the story wouldn't end there, like it does in politics.

Or take my neighbor. He's always misquoting me. Just this morning he came over and said, "Where's that pipe wrench you said you'd return in two hours when you borrowed it month before last?" I said no such thing. What I said was I'd return it in two hours, all right, but that meant I'd take two hours in returning it when I started toward his house. I didn't say what day the two hours would come out of. But he's not up on the national level either and he wanted it right then and was mad to boot.

This misquotation business is one of the handiest devices ever invented by a public official, and I would like to see its use trickle down to us plain citizens. No telling when I may say something I wish I hadn't in one of these letters to you, and when I do, I hope you stand ready to admit you misquoted me.

PIONEER SUPER MARKET

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN, Tex.—Hopes for early legislative agreement on money-raising measures hit the dust when the House began to vote.

Future is dim for three of the four deficit-erasing measures recommended by Gov. Price Daniel.

First to be defeated was a proposal to raise the gas production tax from 7 to 10 per cent. Its sponsor, Rep. George Hanson of Mineola, asked that it not be voted out of committee. He expressed hope that the measure could be pulled some other way.

Two others—the abundance property act and a bill to raise the franchise taxes on interstate corporations—got overwhelming approval of the House Revenue and Taxation Committee, but ran into a hornet's nest of opposition on the House floor. Both were opposed by 79 to 69 votes.

Vote on another revenue measure for utility companies was postponed after its sponsor claimed it had been "amended to death." This bill, by Rep. Max Carriker of Roby, would set a uniform utility tax rate of 1.5 per cent and eliminate exemptions for rural areas and REA co-ops.

Fourth of Governor Daniel's deficit-cancelling measures (the sides the gas tax, franchise tax and abandoned property act) is a proposal to take the \$15,000,000 a year for farm-to-market road building from regular highway funds rather than the general revenue funds.

MAILMEN STAGGER—Supporters of legalized horse racing bargained for time as aroused church people flooded House members' desks with anti-racing letters.

Rep. V. E. Berry, sponsor, won by a narrow 79 to 70 vote a motion to postpone action on the

They say required inspection of aircraft dealers would be impractical and unworkable. Result: the measure would be a money-losing Texas producers and high prices to consumers.

Senate Public Health Committee approved the bill.

AERONAUTICS BOOST URGED—A bill to make more money available for aeronautics regulations was Senate State Affairs.

Sen. Ray Roberts of Moffett and Grady Haselwood of Amville are sponsors of the bill to provide for allocation of some \$70,000 to \$100,000 from Texas public airplane fund.

Under the Roberts-Haselwood plan, 33 per cent would go to the Aeronautics Commission for training, 43 per cent to the Civil Aeronautics for airport and landing strip improvements and 25 per cent would go to the available school fund.

FIREMEN'S PENSIONS STUDIED—A plan to bolster the firemen's pension fund brought howls of protest from those asked to defray the tax—municipal government and fire insurance companies.

It is under study in the House Revenue and Taxation Committee. Rep. Franklin Spears of San Antonio is sponsor of the bill which would levy an extra 2.75 per cent tax on fire insurance premiums, with three-fourths of the money raised to go to the firemen's pension fund. Municipal governments also would be asked to up their allocations to the fund.

City officials said they didn't know where the money would come from. Insurance industry spokesmen declared it would be unfair to charge all insurance buyers in the country as well as the city—to pay for city firemen's pensions.

DRIVER INSURANCE DEBATE—Everyone wants to promote safe driving. Disagreements came only on whether the present method of raising auto insurance plan is a fair and effective means of achieving that end.

In a background briefing for Austin newsmen, Sen. Grady Haselwood, opponent of the present plan, declared, "I'd like to see a plan that would really promote safe driving... but one that would add to the present plan."

Referring to letters he had received, Haselwood cited case after case in which people declared they had received insurance premium penalties for relatively harmless, minor violations or for incidents that were not their fault.

In the same briefing, former Sen. Johnny B. Rogers of Austin defended the plan as basically sound despite problems arising from uneven or unfair law enforcement. "During the past year, under the present plan," said Rogers, "Texas had the lowest number of highway deaths since 1949."

Number of deaths in proportion to the number of miles traveled was the lowest in history.

Rogers said there was no objection to removing some of the more petty, inconsequential violations from the penalty point list.

MILK IMPORTS CAUSE HASSLE—Two segments of the milk industry are pined in battle over the conditions under which milk from other states may be brought into Texas.

Milk producers are pushing a bill which would require that the Texas Health Department certify that any milk shipped into Texas meet standards for milk produced in Texas. This will prevent importing of substandard milk.

Milk distributors oppose the measure, saying that it would make it impossible for them to buy from anyone but Texas producers.

Spade Graduate Serves in Korea—Army Staff Sergeant Finis F. Largent, whose wife, Rosina, lives at 23 E. Ramona, Colorado Spring, Colo., recently arrived in Korea and is now serving with the 1st Corps.

Sergeant Largent, an airplane repairman in the corps' 3d Light Air Section entered the Army in June 1953.

The 25-year-old soldier is a 23 graduate of Spade (Tex.) High School.

Veterans Ask—Q—Is there any chance for a woman to get into a VA hospital as a patient? I'm a World War I veteran but was never stationed outside the States.

A—Yes, women veterans are eligible for VA hospitalization on the same basis as are men. For further information, get in touch with the nearest VA regional office or apply directly to a VA hospital.
