The Wildcats can still share in the district crown, but only if a number of 'ifs' take place, if Littlefield drops Levelland and if Sweetwater stops Lamesa, and Levelland dumps Sweetwater, the 'Cats win the remainder of their games the muddled conference will end up in a three way tie for the crown.

This week the 'Cats have again devoted the majority of practice sessions to offense with several new phases being explored in the hopes the maroon and white can find a offense to go with the best defense in the league. The defensive unit of the Wildcats have not allowed more than two TD's per game with the exception of the Borger game to open the season. However, the offense has not been as successful and have not managed to score more than once in any ball game, except the Lakeview game, and has had difficulty in adding the extra points.

Several of the Wildcat games this season have been decided by still other 'ifs', against Lamesa last week, if Larry Schovajsa had gotten just one more step on the defenders, at least twice, the 'Cats would have downed the Tornadoes. Against Sweetwater if the Wildcats had

played in the first half as they did in the last 24 minutes, they would have forced Sweetwater from the field.

The years' big game Friday night can also be decided by the biggest if of the year, that being the ability of the local forces to find an offense. The defense is expected to hang tough, but no team has had too many wins without crossing the opponents goal line, and this is the task faced by the scrappy 'Cats.

Levelland has not shown well in the defense department this year having given up an average of three touchdowns per game, but in several cases have scored four to win.

No matter how you look at it the Wildcats will have their hands full Friday night, but with the changes the 'Cats have been working on this week they appear to be on the right track to get their offense untracked.

Physically the crew is in good shape, with the return of Richard Pryor who missed most of last week's second half with a pulled knee. Coach Howle said the 'Cats are as well as they have been all season, but nagging ills continue to plague the 'Cats. The coaching staff is in hope that the ailments of Williams and a few others will be cured by game time in Levelland Friday night.

Lions Club To Aid In Library Expansion

Members of the Littlefield Lions Club will conduct, next week, a drive to aid in the expansion of the Lamb County Library, through a house to house campaign picking up any old books the people of the city are willing to donate. A Lions Club representative said the Library, in the basement of the County Court House is currently in the process of enlarging the shelf space and is in need of additional books of all types.

There is a dire need for children's books, according to County Librarian, Mrs. Hicks. 'We feel there are a number of persons whose children have out grown some of their books, and there are the ones we need. We have countless calls for books of interest to children between 5 and 8, and cannot seem to get enough to meet the requests,' Mrs. Hicks said. There is also a need for books of a research nature and old text books which are used by older students and many adults.

When the expansion is complete there will be space for an additional 1000 books, which is the number the Lions are trying to collect. Any type of book will be collected, however hard back books are preferred due to their durability, but books which are paper bound will be collected. The drive is scheduled to get underway Monday and last through Wednesday, with the town being divided into four sections. The final breakdown has not been determined, but one section will be called on each night between 6 and 8.

If you have any books you would like to contribute to the Library you are asked to turn on your porch light so you will not be overlooked. The Lions Club will also accept cash donations to the Library project

United Fund Drive Underway

The Littlefield United Fund was kicked off Wednesday morning as the advanced portion of the drive got underway.

Workers for the advanced portion were given their cards, and Charles Duval, advance chairman stated that he hoped the advance portion would be completed within a week, prior to the start of the general and the employee portion of the United Fund Drive.

This year's quota has been set at \$22,650, which is about three thousand above the total last year. Seven agencies will receive the proceeds from this year's drive, one more than was included in the United Fund a year ago.

Of the five agencies scheduled to receive all but \$400 of the donations, at least 90 percent of the money, will be spent locally, or within the county. The three youth organizations, in the fund drive, the Boy Scouts, the Girl Scouts and the Boys Baseball Program, will assist more than 1,000 Littlefield youngsters.

The general drive under the chairmanship of Dr. James Shotwell and the employees portion of the drive, with Bill Weige as chairman, will kick-off their actual campaigns next Wednesday with both chairmen having meetings scheduled prior to that time.

At the present time it is still undecided if a house-to-house campaign will be conducted, but the entire drive is expected to be completed not later than the end of this month.

UNITED FUND KICKOFF -- The Littlefield 1965-66 United Fund Drive was kicked off yesterday morning as more than 25 workers attended a breakfast at which Charles Duval, chairman of the advance portion outlined the drive and gave out cards to the workers.

The advance portion is expected to be completed within a week and the General Employees part of the Drive will get underway next Wednesday morning as a goal of \$22,650 has been set for this year's campaign.

C of C Director Balloting Begins

Balloting to elect four new directors for the Littlefield Chamber of Commerce began this week when ballots were sent to all chamber members. Chamber of Commerce President, C.W. Conway said the primary ballots are to be returned to the Chamber office no later than Saturday November 6, to enable the chamber staff to count the returns and get the final ballots, containing 12 names out for the election.

Directors who are going off the board are: Jerry Sanders, Ray Keeling, Otis Bennett, and Conway. The membership will also elect one director to fill the unexpired term of Kenneth Rotan who resigned from the board when his company transferred him to Carlsbad, New Mexico. Dick Carl is presently serving the remainder of Rotan's term, but will step down at the end of this Chamber year.

When the ballots, which are now in the hands of the members, have been returned the results will be tabulated and a new ballot containing the names of the 12 members receiving the most votes will be sent out, from this ballot will come the directors for the coming year.

The new directors will take office at the annual Chamber of Commerce banquet which will be held at the end of January. Football Contest Winner Misses 6

Dean Chisholm, 2912 Harvard, Lubbock won this week's contest as he only missed six of the 23 games on the entry blank. Mrs. Sid Hopping won the second place money as she was the only other contestant to miss only six games.

John Clayton III won third place as he missed out three other contestants who also had seven errors. Clayton picked the tie breaker by a 12-6 score in Lamesa favor just beating out Max McLelland, Route 1 Amherst who had the Wildcats losing by a 13-7 score. Vernon Lee Jackson, Box 10 Littlefield had the Wildcats losing 21-0 and Fred Martinez had it 32-8 Lamesa.

In addition to the Hereford-Perryton tie which was missed by every contestant, the Amherst loss to Sundown caused the most misses among the high school games.

Two Southwest conference upsets were the two college games causing the most trouble as only two contestants picked SMU to down Texas and only 10 picked the TCU win over Baylor.

Skip-Row Planting Change Announced By Secretary

An announcement Wednesday by the Secretary of Agriculture concerning changes in skip-row cotton-planting regulations will seriously affect many producer operations here.

The announced changes will in effect levy acreage penalties on farmers who use skip-row patterns leaving less than four blank rows between rows of cotton.

Measurements of cotton acreage planted to the various skip-row patterns for 1966 and a comparison with this year's measuring method is shown in the table below:

PLANTING PATTERN	THIS YEAR
2 rows cotton, 1 blank	66 2/3 per cent
2 rows cotton, 2 blank	50 percent
4 rows cotton, 2 blank	66 2/3 per cent
4 rows cotton, 4 blank	50 percent
2 rows cotton, 4 blank	33 1/3 per cent
CHARGED AS COTTON	IN 1966
2 rows cotton, 1 blank	86 2/3 per cent
2 rows cotton, 2 blank	65 percent
4 rows cotton, 2 blank	76 2/3 per cent
4 rows cotton, 4 blank	50 percent
2 rows cotton, 4 blank	33 1/3 per cent

It will be noted that the patterns which involve skipping four rows were not changed from present methods. But the most widely used planting systems on the Plains have been two in-one out and two in-two out.

For producers whose moisture conditions require that they plant in one of these patterns the change simply means from 18 to 23 percent reduction in the land on which they can plant their allotments.

As an example, a farmer with a 100 acre cotton allotment this year could plant two in-one out and scatter his cotton over 150 acres of land. Next year if he utilized the same system he could only cover 115.5 acres with the same allotment -- a 23 percent cut.

With a two in-two out pattern, he could have planted a 100 acre allotment on 200 acres this year. In 1966, using the same pattern, he will have to stop at 153.8 acres -- 18.1 per cent less.

J.D. Smith, President of Plains Cotton Growers has pointed out that the simplest way to figure out how much land a given allotment may cover is to multiply by a factor. Two in-one out patterns will require multiplying the farmers acreage allotment by 1.15. Two in-two out would call for multiplying by the factor of 1.53 to determine maximum permissible acreage. Four in-two out is figured by multiplying the allotment by 1.30.

Different conditions on individual farms and different areas of the High Plains make it impossible to calculate the economic effect to the area in dollars and cents.

Farmers without sufficient irrigation water or who farm dryland may decide to plant skip-row in spite of the acreage penalty. This will reduce total production through what amounts to an acreage cut.

Mrs. J.C. Hilbun Dies Suddenly

Funeral services for Mrs. J.C. (Iota) Hilbun, 77, a resident of Littlefield since 1927, were conducted at 2:30 p.m. Tuesday in the Crescent Park Church of Christ. The Rev. Robert D. Longshore, pastor

of the First Baptist Church officiated, assisted by Bob Wear, Crescent Park minister. Burial was in Littlefield Memorial Park under direction of Hammons Funeral Home.

A native of Lott, Mrs. Hilbun moved with her family to Fisher County in 1901 and then to Littlefield in 1927. She was married to J.C. Hilbun June 20, 1909 in Claytonville.

She died Sunday about 2 p.m. at her home, 222 East 11th, of an apparent heart attack.

Mrs. Hilbun was a longtime member of the Church of Christ and the daughter of a Church of Christ minister.

Survivors include her husband and several nieces and nephews.

Pallbearers were John D. Smith, Paul Carmickle, E.J. Foust Jr., Paul Hyatt, Mancil Hall and Raymond Renfro.

Close to one-third of the qualified voters, in the county, turned out Tuesday to voice their approval for one-half of the proposed constitutional amendments. The returns for the county, all in by 9 Tuesday night, showed the county voters favoring numbers 1, 3, 5, 6, and 8, while turning down 2, 4, 7, 9, and 10. Numbers 4 and 10 were defeated by wide margins with number 4, four year terms for State Officials being turned down by 321 and number 10, four year terms for state representatives being defeated by 455. The voters also turned down the veterans' land fund proposal, hospital tax exemption, and salary increases for the Lt. Governor and Speaker. Approval was given financing college buildings, aid to the needy, teachers retirement, Texas Opportunity plan and judges retirement.

The turn out, according to several observers, was better than expected, as a total of 1174 voters out of a possible 3506 who paid their poll tax cast ballots in the special election.

The issues passed by the voters will be put into effect January 1, 1966.

The voting by local voters corresponded with the feeling of the majority of Texas voters who split on the full ballot with the only issue still in doubt the veterans' land fund.

\$370 Collected In Crop Drive

Approximately 100 Littlefield youths from many churches, collected slightly over \$370 Sunday afternoon for use in aiding needy children over the world through the facilities of CROP.

The youths began their one hour city-wide canvass for funds from their own churches and ended with the counting of funds at the First Baptist Church where the workers participated in a song fest, were served refreshments and saw a film on CROP.

The money will be used to purchase, through Christian World Service surplus food and other essentials for distribution to children of needy nations throughout the world.

A spokesman for the Ministerial Alliance who sponsored the drive stated that they were thankful to the residents for their contributions and that any person who was not contacted Sunday can still donate to the CROP program by turning their money into their individual churches.

Building Permits Low For Month

Only \$26,150 in building permits were issued during the month of October which brought the year's total to \$1,231,915.

There was a permit issued for one new residence during the month for \$20,000 which accounted for most of the month's building activities.

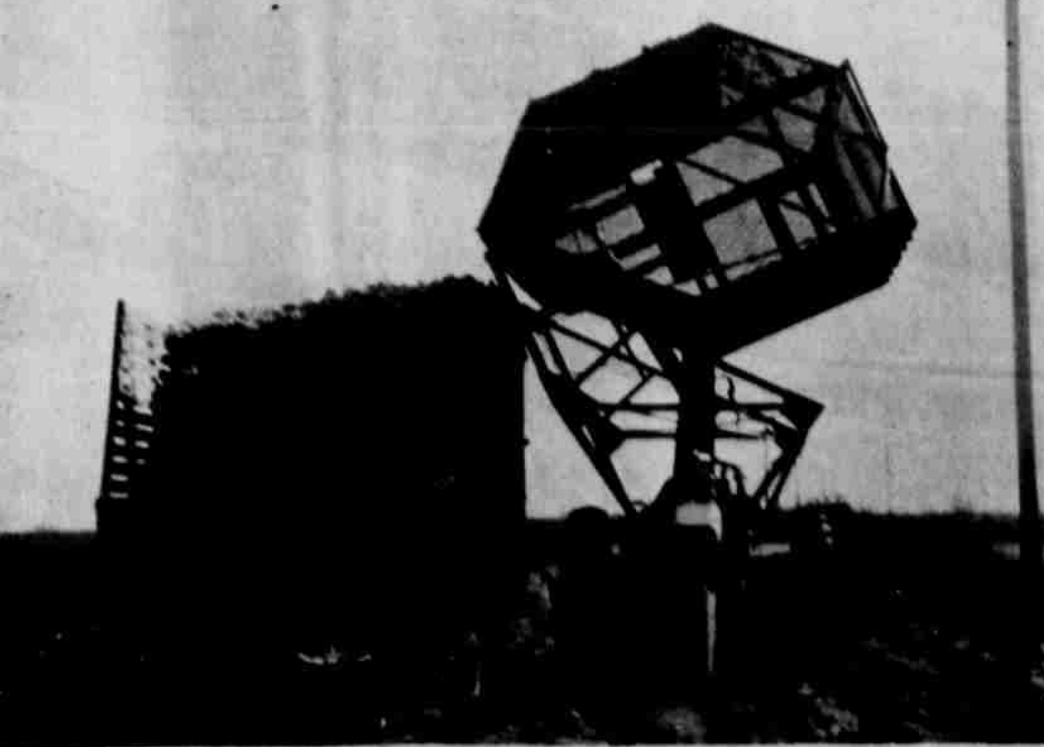

The other two permits issued by the city were one for a move in house for \$5,750 and the other for the addition of a utility room for \$400.

Tax Collections Up Over 1964

Littlefield residents are paying their 1965 taxes at a faster rate than a year ago at this time.

Clyde Glenn, city tax assessor and collector stated that through the end of October a total of \$35,970 which represents 20.6 percent of the total taxes, had been paid.

Through the same date last year, Littlefield residents had paid a total of \$30,793 which represented 18.8 percent of the total tax roll for the year.

HARVEST BEGINS -- Due to the shortage of trawler hands many farmers are turning to a more mechanized method of gathering cotton this year, namely basket strippers. John Vrubel, Spade, is shown above gathering cotton on the Les Lichte farm northeast of Littlefield, with a self-propelled cotton harvester.

Missionary Speaks Here

Guest speaker at the Assembly of God Church Sunday evening was Mrs. Lois Carrouthers, who has been a missionary to the Indians in Arizona nine years. She showed slides and spoke of her work with them. Mrs. Carrouthers is director of the Peema Children's Home for Indian children.

She is also associated with the Social Service and Bureau of Indian Affairs, organizations which work with rehabilitating children.

Previous to her work in Arizona she was associate to Rev. E.R. Foster, pastor of the First Assembly of God Church in Amarillo, and did missionary work a number of years in Hawaii.

Carpers Mark Golden Wedding Anniversary

AMHERST: Mr. and Mrs. William J. Carper were honored on their golden wedding anniversary Sunday with a dinner and reception at the Amherst Community Center.

Their son, Truman Carper of Seattle, Wash., and local nieces and nephews, Mrs. Robert Nichols, Mrs. J.B. Allensworth, Lavern and Alvin Long of Amherst hosted the occasion.

Fifty-two relatives attended the covered-dish dinner at the noon hour.

For the reception, callers were registered by the honored couple's niece, Judy Long, between 2:30 and 4:30 p.m.

The tea table was laid with an ecru crocheted cloth over gold. The center decoration featured chrysanthemums in shades of gold, a wedding ring

encircling the figures 50 and a miniature bride and groom. Serving the anniversary cake and punch were Mrs. James Nichols of Lubbock, Mrs. Dale Johnson of Floydada and Mrs. Hudson Cantrell.

The Carpers received many beautiful and useful gifts.

Nieces and nephews were here from Parker, Ariz. and Shafter, Calif. Other out-of-town relatives and friends attending were from Ada, Okla.; Hobbs; Littlefield; Lubbock; Floydada; Amarillo; Tulla; Midland and Muleshoe.

Whitharral Homemaker Shares Cake Recipe

LAQUITA COURSEY

A recipe for a good fall weather cake is being submitted by Mrs. J.D. Coursey, a teacher in the Whitharral School System.

Laquita was born in Lubbock and graduated from Whiteface High School and Texas Tech. She taught homemaking two years in the Dawson Schools at Welch before moving to Whitharral. She is now teaching English and reading in the sixth grade, social studies, science, art and reading in junior high.

She and her husband, Dee, moved to Whitharral in August. He is employed at the Post Office in Lubbock. They have a son, James, a first grader at Whitharral.

Laquita is a member of the Whitharral Young Homemakers and active member of the Church of Christ. Her favorite pastimes are sewing and various types of art work. At present she is making pillows of wash cloths and dish cloths.

Dee enjoys fishing and sports of all kinds. They attend most of the Whitharral football games.

Laquita recommends this apple cake recipe since it is a good 'fall weather cake'. It is easy to make since the ingredients do not have to be combined separately or in separate bowls and needs no frosting.

APPLE CAKE

- 1 cup brown sugar
 - 1 cup sugar
 - 1 teaspoon salt
 - 2 eggs (beat eggs a little before adding to above mixture)
 - 1-1/4 cup Wesson oil
 - 1 teaspoon soda
 - 1/2 teaspoon each of cinnamon, nutmeg and allspice
 - 3 cups flour
 - 3 large apples, grated
 - 1 cup pecans
 - 1 teaspoon vanilla
- Mix ingredients together well and bake in a tube pan 1 to 1-1/4 hours at 325 degrees. Icing not needed.

Area Church News

BULA METHODIST:

The Women's Society of Christian Service of the Bula Methodist Church, under the leadership of Mrs. Harvey Whittenburg, observed the 'Call to Prayer and Self Denial' Wednesday October 27 in the home of Mrs. F.L. Simmons.

The theme of the program was 'Attempt Great Things for God.' The study opened with Mrs. Whittenburg reading an article from a newspaper correlating with the lesson, 'The Call to Worship with meditation and prayer was also led by Mrs. Whittenburg, followed by the group singing, 'The Kingdom is Coming.'

A discussion of this year's mission projects was presented which included medical missions around the world and library expansion at Scarritt College, Nashville, Tenn.

Part two of the program Mrs. George Bahlman gave 'Renewal Through Silence'; Mrs. Whittenburg, 'Renewal Through Speaking'; and Mrs. Tommie Kirk, 'Renewal Through Discipline.' A litany for healing and learning was recited by the group and at this time a special offering was taken. The lesson concluded with Mrs. Whittenburg pronouncing the benediction.

Hostess Mrs. Simmons served refreshments of open faced sandwiches, cookies and coffee to Mrs. Whittenburg, Mrs. George Bahlman, Mrs. B. L. Blackman, Mrs. W.L. Clawson, Mrs. Charlie Landers, Mrs. Tommie Kirk, Mrs. Paul Young and Mrs. Simmons.

LITTLEFIELD EMMANUEL LUTHERAN:

The Sunday School children of the church enjoyed a Reformation party Sunday afternoon.

The young people of the congregation met at the church Sunday afternoon to canvass several blocks of town, soliciting funds for CROP. They then met in the basement of the First Baptist Church with other church youth for refreshments and a short movie on the work of CROP.

The confirmation class meets Saturday at 9 a.m.

Questions & Answers

Q - I have a large number of Savings Bonds purchased over a period of years. Is it possible to send these Bonds in and have them re-issued in one Bond of a larger denomination?
 A - No, regulations provide that Bonds may not be re-issued merely to change the denomination. However, should you desire to change the name of the co-owner or beneficiary, the Bonds could be re-issued in the denominations requested.

Q - An aunt, who died several months ago, had a number of Savings Bonds, but we have not been able to find them in her effects. Is there anything we can do about this?
 A - Yes, write and explain the circumstances to the Bureau of the Public Debt, Division of Loans and Currency, 536 South Clark Street, Chicago, Illinois 60605. You will be supplied the necessary forms and a search of the records will be made to see if the bonds are still outstanding. All Savings Bonds are registered in the name of the owner to safeguard his interest.

Q - As a patriotic gesture, I purchased a \$100 Savings Bond at a rally in July, 1941. What is it worth today, and is it still earning interest?
 A - Your bond today is worth \$156.62 -- more than double the \$75 you paid for it -- and it is still earning interest at the rate of 3 3/4 per cent, compounded semi-annually.

Q - What is the objective of the Treasury's School Savings program, and how many dollars does it account for?
 A - The primary objective of School Savings is to encourage school children to practice thrift and to participate in the responsibilities of citizenship through the regular purchase of U.S. Savings Stamps and Bonds. More than 100 million Savings Stamps are sold

Q - Over a period of months, along with a number of other members, farmers farm organizations, I have actively protested any change skip-row practices. The posed change is wholly unwarranted, especially in view of drastic changes and readjustments which must be made farmers as a result of the farm law. We already had farm problems without additional blow.

Q - Running through papers recently, I found those 'F' Bonds which had some years ago. What is present status, and can be exchanged for H Bonds?
 A - Although they have earned interest since those 'F' Bonds were worth face value anytime you them in. They may be 'invested' in H Bonds, with regard to the annual limit on purchases, but there is a tax deferral privilege, such is the case when E Bonds exchanged for H's.

Q - George Mahon, 19th District Congressman, issued this statement:
 "Over a period of months, along with a number of other members, farmers farm organizations, I have actively protested any change skip-row practices. The posed change is wholly unwarranted, especially in view of drastic changes and readjustments which must be made farmers as a result of the farm law. We already had farm problems without additional blow."

THE FAMILY LAWYER

Witness Stand Jitters
 Right now, cases are pouring our legal channels at the rate of half a million every week. result is a growing likelihood you yourself, some day soon be summoned to the courtroom be a witness.

Many people get the jitters mere thought. A woman was so flustered that, when for her age, she gave her best urement instead. A man,

asked if he wanted to clear point, blurted out that he "rather depend on the ignorance of the court."

No doubt the very setting courtroom helps to frighten the mess. Above him sits the judge, majestically representing awesome might of The Law front of him, hanging on his word, sit the embattled litigants their attorneys. Strangers in the box study him intently to see is telling the truth.

Yet, if you should be called to testify, you might find relief in a few fundamental facts.
 1. You are a witness, not a actor. You are not expected to smooth and polished performance. Remember that the jurors, in unfamiliar surroundings, to know just how you feel. Shy, not gibbous, will impress most.

2. You have powerful ally. One is the lawyer who summons you. And the judge has every son to be patient and sympathetic. The more he helps you to do job, the more you are helping to do his.

3. That big bugaboo, cross-examination, is usually not terrifying. Tell the truth and you have nothing to fear. The slashing, bullying examination, so often seen in is seldom seen in court.

After all, a lawyer's cross-examination of her tardy husband's one main purpose: to prove lies. Unless the opposing attorney has good reason to think you lying, he is not likely to treat roughly. He would be running much risk of winding up as a in the eyes of the jury.

Why not see for yourself before your own day in court, courtroom to watch what goes on? For witness stand jitters, family is the best antidote of all.

Kindergarten Pupils Present Program Thursday

Children of all kinds were on stage at the Williams Day Kindergarten for the annual program for parents Thursday. The program was as follows:

General Telephone To Hold 10 Day Conference Here

A series of three area public relations workshops for supervisory personnel in the plant of General Telephone & Electronics Corporation of the Southwest will be held Monday and Tuesday at Littlefield, according to Elam, western division manager.

Briggs, vice president of the plant, will deliver the address at a dinner Monday at the Crescent Hotel. G.T. Sims, plant manager of San Angelo, will give closing remarks Tuesday. The program will be given Tuesday afternoon by Joe H. Collins, general manager of public relations, and Allen and J.J. Parrish, relations assistants, all of San Angelo.

Participants on the program are C.C. Brownfield, and Melvin Brownfield, both serving as facilities managers; Rex Timms, revenue manager and tax representative of San Angelo. The highlight of the workshop will be a preview showing of a film entitled "Radiant Texas" which was produced

Lamb Group Attends State Historical Meet

The annual meeting of the Texas Historical Survey Committee and the Texas History Commission was held in Odessa Nov. 28-31. All 254 counties were represented. Seven members of the Lamb County Historical Survey Committee attended.

Since Texas is 50 years old, locating, restoring and marking their historical places and since our history is our greatest tourist attraction, and tourists spend money, the state is making a concerted effort to preserve and mark all things of historical importance. It is estimated that the historical marker adds \$10 million additional income per year.

To implement his program workshops were held on the following: historical markings, preservation and restoration of historical buildings, established and operating museums. Lamb County group attendees were:

Delegates were served a breakfast on Saturday morning at the meteor crater and then proceeded to Monahans Hills Park for a jeep ride over the sandhills and a visit to the Sandhills Museum. In the morning they were treated with a coffee and a luncheon at Pecos. They were guests of the manager, at his lodge in the Pecos Canyon in the Big Bend Mountains, for a luncheon. "The canyon is a beautiful area," stated one of the delegates.

Following the luncheon, the delegates visited the McDonald Observatory in the Davis Mountains and then continued to Fort Hancock where they spent the night. The following morning the entire group attended an inter-faith service at the chapel of old Davis, before departing for

GIRL SCOUT PLAY DAY -- The group of girls above are enjoying a relay which involves carrying a peanut on a knife. They were among the 140 Brownies, Junior Scouts and Cadettes who participated in the game, songs, hikes and other entertainment Saturday when Scout Play Day was held in Laguna Park. A sack lunch was served at noon.

Girl Scout Play Day Held Saturday At Scout House

Approximately 140 Girl Scouts participated in the Play Day activities Saturday at the Girl Scout House. Each of the twelve troops were represented including Brownies, Junior Scouts, and Cadettes, and each troop had a part in the day's program.

The group met at 10 a.m. and opened the program by singing 'The More We Get Together' led by Mrs. Glenn Batson.

Mrs. John Terry and Mrs. Oran Carter conducted about 35 Junior Scouts from Troops 279, 150 and 269 on a bicycle hike. The Brownies played games and sang songs, led by Cadette Troops 319 and 203.

A sack lunch was served at noon. Cadette Troop 21 distributed the lunches and led in prayer.

In a ceremony in the afternoon donations taken by each troop for the Juliet Lowe Friendship Fund were placed under a money tree. This fund is used to send senior scouts abroad. Mrs. Leonard

McNeese, a girls scout leader for a number of years, spoke to the girls about the founder of the girls scout program, Juliet Lowe.

Prizes were awarded to Vickie Collins and Patricia We-

del for having the best decorated bicycle in a bicycle parade.

The day's activities were concluded by James Feagly, Bill Weige, firemen, demonstrating several fire extinguishers.
