

One Killed, Three Hurt in Fire Truck Collision

Mrs. Julia Pinson Dies in Accident

Mrs. Julia Pinson was killed and three other Littlefield residents were injured, two critically, in a collision shortly after 3 o'clock Monday afternoon between the Littlefield fire truck and a motor car carrying Mrs. Pinson and her daughter and son-in-law, Mr. and Mrs. George Powell.

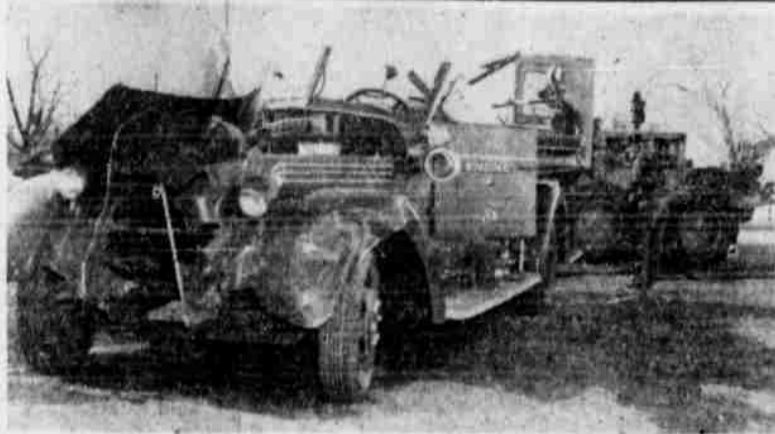

The accident occurred at the intersection of Seventh street and Westside avenue as the fire truck, driven by Roy Wade, was hurrying with screeching siren in answer to a call on Wicker avenue.

Mr. Wade, driver of the fire truck, miraculously escaped with less serious injuries when the heavy truck leaped out of control after the collision, careened up an embankment, knocked over a electric line pole and crashed into a house at the northwest corner of the intersection owned by Mr. and Mrs. R. H. Moses. The fire truck driver suffered from cuts and shock. He was taken to the Payne-Shotwell hospital.

One Son in California
A Hammons Funeral Home ambulance was called to the scene of the accident immediately and rushed the victims to the two hospitals. Mrs. Pinson, riding on the right side of the seat of the car

CAR OF DEATH—This photograph shows the damaged motor car of George Powell, in which Mrs. Julia Pinson lost her life in a collision here Monday afternoon.

SMASHED FIRE TRUCK—This photograph shows the front of the Littlefield fire department truck after it and a motor car collided and the truck, thrown out of control, careened into a tree, a electric light post, and a house. One person was killed, three others injured in the crash.

Three other persons were injured in the wreck but are marking satisfactory progress toward recovery.

Public Apathy Hit by C C Speaker

The reins of government are slipping away from the American people while they slumber with their ballots in their hands, the Rev. Leon Hill, humorist, philosopher and Baptist minister, told 300 persons present at the annual

Littlefield Chamber of Commerce dinner Tuesday night at the Littlefield Country Club. Mr. Hill branded public apathy as the worst enemy of democracy and said that when Americans departed from the fundamental

truths and principles upon which this nation was founded, the people themselves were to blame through failure to accept their responsibilities in government. "The trouble today is that people want somebody else to do their

thinking and planning for them," he said. "Whenever a people surrenders that responsibility they are inviting dictatorship." The Amarillo minister kept his audience in gales of laughter in the earlier part of his talk before en-

tering into the serious side of his observations. The speaker, a native of North Carolina, was a Baptist evangelist for 20 years before accepting a call to his Amarillo church. (Continued on Page 4)

Pink Johnson Married in New Home

'PINK' TAKES A BRIDE—William P. (Pink) Johnson, widely known Littlefield disabled veteran, joined the ranks of the benedicts Sunday

in marriage with Mrs. Agnes Hess in a ceremony performed by the Rev. F. M. Higgins of the Sacred Heart Church. The bridal couple, seated, are

shown with, front left to right, in back, Dee Myers, brother of the bride who acted as best man; Father Higgins and Mrs. Myers, matron of honor.

Inspiring Service Marks Dedication At Baptist Church

The new Educational Building of the First Baptist Church should serve as a center for a renewed effort to bring more and more people to the acceptance of the words of Christ, the Rev. A. A. Brian asserted Sunday morning in his dedicational sermon for the new building in the day-long program at the Littlefield Church.

Mr. Brian, vice-president of Howard Payne College at Brownwood, was guest speaker at the morning (Continued on Page 4)

Lamb County Duo Finds the 'Old Gray Mare' Is Not What She Used to Be

Say 20 odd miles from Littlefield, perhaps a few more miles, well, it doesn't matter, there is Spring Lake . . . a lake not far distant from the Mashed-O headquarters.

And in growling wintry blasts this lake freezes over. The Mashed-O, more properly the Spring Lake Ranch, has a foreman, one Johnnie Murrell by name and a fine fellow by reputation.

Sudan has a postmaster, one Simon D. Hay by name, who gained outstanding recognition in World War I.

Amherst has a mail carrier, one Lester LaGrange, highly es-

teemed all around these parts . . . and in Amherst, too.

Reports are current that Simon and Lester, in the days of their youth, were spectacular in their prowess as performers on skates atop the frozen, sparkling H2O. In fact they may have been, for all we know, the Sonja Heinies of their day and time, outstanding in spectacular artistry with only the handicap of having been born outside the feminine gender.

Reports are whirling around that Simon and Lester, after a skateless life of several years, decided last week to renew their youth fitting and swaying hither (Continued on Page 4)

4-H Recreational Club Meets Jan. 29

The Lamb County 4-H Extension club met January 29 in the Extension office at Amberst. The meeting was called to order by the president Eugene Young of Amberst. The roll was checked and minutes of the last meeting read by Dorothy Feltz.

A discussion of the time and place of the monthly meetings followed. Games and square dances were played for one hour. Refreshments of doughnuts, cookies and cakes were served. Mrs. A. H. Stewart of Littlefield, Mrs. Joe Feltz of Sudan, and Mrs. B. A. Leonard of Spade. Next regular scheduled meeting is February 25th.

Work of Heart Fund Described By Physician

The organization, aims and purposes of the American Heart Association, annual campaign for funds for which now is under way here under the auspices of the American Legion, is explained in the following article written by Dr. F. B. Faust, head of the Littlefield Heart organization. The American Heart Association has branches in every part of the United States. The local branch is sponsored by the local American Legion and is directly under the South Plains Heart Association, Lamb, Bailey, Hockley, Cochran Medical Society is an integral part of this association. Any physician a member of the "Quad" Medical Society can give you information concerning the American Heart Association. Through this society and the American Legion the great American heritage of local control and freedom of action is maintained; however, it is part of the greater World Medical association.

The World Medical Association met in October, 1950, in the Hotel Roosevelt, New York City. Dr. Hlasek, surgeon-in-chief, John Hopkins hospital, Baltimore, Mr. presented a paper on Recent Advances in Cardiac Surgery. Great advances have been made in the treatment of congenital heart diseases. These types of diseases are present at birth and are due to improper development while the baby was being formed in the mother's uterus.

Some types show cyanosis (blueness) from time of birth on; others develop this only under hard work or stress. The most common disease is called tetralogy of Fallot. This is named after a Frenchman who first described this condition in 1888. There are four differences from normal hence the term tetralogy. 1. The division between the right and left heart is incomplete. (Ventricular septal defect). 2. The right main chamber (ventricle) is enlarged. 3. The artery to the lungs is small (pulmonary stenosis). 4. The main artery of the heart (aorta) is on the right side instead of the left.

"In this condition, the pulmonary stenosis reduces the blood flow to the lungs and the ventricular septal defect allows venous blood to enter the aorta," Dr. Hlasek continued. "Treatment usually consists of making an anastomosis (new channel) between the aorta itself and one of the pulmonary (lung) arteries."

In conclusion Dr. Hlasek stated: "There are a great variety of mixed problems in cardiac surgery. Some will be solved with existing methods, some will await the further development of the artificial heart; still others will have to await the solution of problems concerned with the successful heterotransplantation of organs."

These great strides in scientific medicine and surgery are made possible by the workers of the American Heart Association but mostly by the contribution to make how great or small given by individuals as you and I.

H. S. Musicians Leave For Gulf

Two Hayes, Littlefield high school band director, and Bob Lutz, choral director, with a group of twenty band and choral club members, Mrs. Hayes and three parents of students making the trip, left at 6 o'clock Tuesday morning for Galveston to attend the state educational convention.

In the Gulf coast city one of the band members will join other top musicians from high schools all over the state to form the Texas All-State high school band. Membership in the all-state musical organization is the highest honor that can be paid a Texas high school band member.

Those from the Littlefield band selected to play in the all-state band this year at the convention are Joyce Tharp, Clarissa Doss, Wynona Johnson, Norma Kay Ross and Ronald Burden.

Four members of the high school chorus making the trip are Miryon Theobald, Betty Lee Clement, Jerry Roberts and Billy Orr.

Ten other members of the band going to Galveston to attend the band clinic classes were James Bealton, Larry Rice, Fredy Briggs, Nancy Morrow, Lehman Pace, Erpa

Baptist Hour Program To Be Broadcast Here

CHARLES WELLBORN

Starting this coming Sunday the national Baptist Hour radio program will be heard over Littlefield station KVOW. It was announced Wednesday.

The transcribed program will be heard over the Littlefield station from 2 to 2:30 p. m. each Sunday. Ed Packwood said. Mr. Packwood with Charles Heathman and J. D. Jordan formed a committee for the First Baptist church here in making the arrangements for the broadcast in Littlefield.

The Baptist Hour speaker is Charles Wellborn, widely known throughout the Southern Baptist Convention as an inspiring evangelist and radio speaker. His subject this coming Sunday will be "Broken Dreams."

A native of Gladewater, Texas, Mr. Wellborn received his early education there, later attended Kluge Junior College, and received an A. B. degree from Baylor a year following his graduation as an instructor in political science. Later he took special studies at the University of Edinburgh in Scotland, and last year was graduated from Southwestern Baptist Theological Seminary at Fort Worth, Texas. He is now working on his doctorate at Southwestern, and is teaching in the Department of Religion at Baylor.

The new Baptist Hour speaker has been on that program several times before, is an experienced radio speaker. He was in the Baptist Hour during the first quarter of 1950, has participated in the network broadcast "America's Town Meeting of the Air" and was once a news commentator for Radio Station KWBK in Corpus Christi.

Mr. Wellborn served with the Army's Tenth Mountain Division during World War II, and while overseas was twice decorated for heroic achievement in action. During his undergraduate work at Baylor he was twice acclaimed National Inter-collegiate Debating champion, and in 1942 won the National Debating contest of Inter-American Affairs, sponsored by the Department of State.

LUTHERAN LENTEN SERVICES FEB. 11

"A Question—Lord is it I?" will be the main thought of the first Lenten service at Emmanuel Lutheran church Sunday, February 11 at 7:30 p. m. Special Lenten services planned for "The Church of the Lutheran Hour" for the next five successive Sunday nights will provide followers of Jesus with the opportunity to make a special study of and to meditate upon His suffering and death. Lent, unobserved and unobserved by many is observed in the church primarily that sinners might have an opportunity to consider "a bit more intimately the fragrant cost of their redemption."

The blessing of the Cross of Christ is the thought being behind the window display in the Stokes Drug store. The Lutheran League of Emmanuel Lutheran was able to erect this Lenten reminder through the courtesy of the Stokes Drug store and its owner, J. M. Stokes.

Jane Jones, Orin Akin, Jack Mizell, Harold Basse and Don Lignedy.

The trip is being made in private cars with one adult in each car. The group expected to return Sunday night.

Parents accompanying the group were Mrs. Fred Briggs, Mrs. E. B. Tharp and Mrs. William N. Orr.

Two Arrested On Theft Charge

Two Latin-Americans were arrested by the sheriff's department Thursday last on charges alleging theft.

Jose Villanueva and Nestelo Cristian appeared before Judge Otha Dent in County Court, and pled guilty. Judgment was deferred by Judge Dent until some time this week. In the meantime the two young men are confined to the local jail.

Lamb county officers state that these young men were reported to them as being in the W-W Electric when one of the young men picked up a radio and started off with it. Upon the W-W Electric bookkeeper notifying three local youths at the electric company of the situation, Arlen Wesley and Dickey Hopping ran after the Latin-Americans, overtaking one of the young men with the radio, and bringing him back to the W-W Electric office. Officers then apprehended the second man.

According to officers these men admitted the theft of other merchandise, including a watch from Jack Farr's Jewelry and radio from the Hawk & Hofackey Firestone Store.

FREEZE DAMAGES CITRUS — Citrus crops in the Rio Grande Valley were reportedly hard hit by the 27 degree cold wave. Mrs. T. S. Scott of Mission, reports freeze damage heavy as she in-

spects grapefruit. The freeze hurt many trees that already weakened by December and January freezes. (AP Photo)

St. Martin Luther League Entertains Federation Group

St. Martin Lutheran Church out on W. 10th and Curdiss Ave. will be observing the Lenten Season with a series of meditations on Wednesday evening from now until Easter. Rev. C. Schulte announced today.

Pastor Schulte will preach a series of sermons entitled, "Places of the Passion," describing in detail what transpired at the different locations mentioned in the Passion History of our Lord. They are: The Upper Room, The Garden of Gethsemane, The Palace of the High Priest, The Court of Pontius Pilate, The Way of Sorrows, and The Cross on Calvary.

The public is urgently invited to attend these services, which begin each Wednesday evening at 7:30 p. m.

After the services, Pastor Schulte announced, he will conduct a series of lectures called, "The Christian Way of Life." This course is open to all, and is a good way to find out what the Lutheran Church teaches, and where she stands on different life's problems. These lectures will be over with by 8:30 p. m. Pastor Schulte added.

Last Rites Held For Mrs. Camp

Funeral services for Mrs. Ruthie Jane Camp, grandmother of Mrs. J. C. Blackwell of Littlefield, were conducted at the Church of Christ, Knox City, Texas, Tuesday of this week, with the minister, Stanley Ship, officiating.

Sheriff's Posses Meeting Put Off

Lon Campbell, president of Lamb County Sheriff's Posses Wednesday all meetings of the organization would be postponed until April.

A meeting of the posses scheduled for next Monday Yuma; Mrs. Irvie St. Clair Centro, Cal. Mrs. George Loving, Texas, and Mrs. Reeves of Knox City, Tex.

Put Cabbage Back In Your Menu

Don't let lingering cooking odors rob you of your favorite dish. Cook cabbage, broccoli, cauliflower... fry fish, onions, etc. Have whatever your heart desires! With a Vent-A-Hood over your stove collecting and removing the steam and grease the minute it leaves the pot or pan you won't be able to detect the smell... even in the kitchen.

Grand Jury Commends Officials; Urges Stiffer Penalties for DWI Cases

In a manner in which Lamb County officials have handled the problem in this county was noted in a special report submitted to Judge Otha Dent and the county commission by the grand jury at its three-day session Monday.

The grand jury specifically commended Dent, former County Attorney Kirk and Sheriff Hopkins for their work in the past.

The grand jury also commended the officials for the stiff penalties inflicted in violations of the state liquor laws, but urged stiffer penalties be applied against persons convicted of driving motor cars while under the influence of liquor.

Following an inspection of the courthouse building the members of the grand jury called attention to a number of inadequacies, including the absence of fire-proof storage facilities for official records.

"In case of fire," the jury report pointed out, "title to all property in Lamb county would be jeopardized."

The jurors also pointed out the need for improvements in the jail section of the building, and recommended all space there be made available and more sanitary for the prisoners.

The jury also pointed out the need for improved rest room facilities in the building.

The report was submitted to the commissioners and the people of the county through the District Court of Judge E. A. Bills.

Grand Jury Votes True Bills in Closing Session

The district court grand jury turned 11 true bills in its session for the April term.

The bills were turned over to the prosecuting attorney for filing in court.

The grand jury opened its session Monday morning through Wednesday.

Witnesses were examined and examined.

Whether now held in jail or bond against whom true bills were voted are:

Stanton—defrauding by worthless check.

Ward—driving while in second offense.

Gallegos—burglary.

Rodriguez, Felix Sorenil—theft.

James Phillips, Clarence and Douglas Larkin—two counts for forgery.

Others against whom true bills were voted will be reported when they have been taken into custody.

Sudan, Amherst Score Easy Victories As District 6-B Tourney Gets Start

The District 6-B basketball tournament got underway here Tuesday night, with four games being played.

Lifting the lid on the 1951 championship tourney was a game between Whittharral and Bula. Whittharral had an easy time in taking a 40-19 victory, with Bobby Grant scoring 12 points and Dan Throckmorton tallying 11 markers for the winners. White paced Bula's point-making with eight points.

Sudan Wins Easily
Sudan rolled over Pettit, 42-14, with Mayfield and Patterson each scoring nine points for the Hornets. Harlan Pickett had eight points for Sudan.

Topping Pettit's scoring was John Hall, with six points. H. Stanley had five markers for the losers.

Amherst raced to a 69-38 win over Spade, with two Amherst players getting more than 20 points and neither taking highpoint honors.

Anton Squeezes By
Baird with 24 points, and Nuttall, with 21 counters, led the Amherst scoring spree. But high-point honors went to Ernest Trull of Spade, who had 25 markers.

In the closest game of the night, Anton squeezed out a 37-34 win over Three Way, after the contest had been nip-and-tuck all the way.

Watson Leads Scorers
Three Way took a 7-5 lead at the close of the first quarter, but the count was tied at 20-20 at the half. At the three-quarters mark, the score was deadlocked at 26-26. But Anton pulled away in the final period for the three-point win.

Bob Watson had 14 points to lead the winners.

Carter Foundation for the Lena Pope Orphans Home. The steer was purchased for \$6,000. Yoder is from Muscatine, Iowa. (AP Photo)

Wildcats Will Open 1951 Football Season Against Lockney On Own Field

Ten games are on the schedule of the Littlefield Wildcats for the 1951 football wars.

In the completed schedule for the season Coach Jay Fikes lists Lockney here Sept. 7 for the opener. The season will close against Brownfield at the Wildcat stadium the night of Nov. 16 unless the Littlefield gridders get into the playoffs for the state title.

The schedule:
Sept. 7—Lockney here.
Sept. 14—Andrews here.
Sept. 21—Post there.
Sept. 28—Slaton here.
Oct. 5—Paducah there.
Oct. 12—Seminole there.
Oct. 19—Muleshoe there.
Oct. 26—Morton here.
Nov. 2—Open.
Nov. 9—Levelland here.
Nov. 16—Brownfield here.

LFD Girls Lose To Amherst Six In County Play

Springlake took a long stride towards the Lamb County girls basketball championship in Amherst Tuesday night.

The highly-touted Springlake sextet outscored Sudan, 60-45, to jump ahead of the pack in the annual Lamb County tournament. Sudan was the pre-tourney choice to upset Springlake, heavy favorite to cop the crown.

Lois Cleavenger led the high-scoring Springlake attack with 24 points. Teammates Lucy Brown and Joan Maxcey were close behind, each getting 18 counters.

For the losers, Ann McWhorter had 19 points, and Sue Glover and Laquita Williams each had 13 points. Shirley O'Hair of Springlake and Marjorie Messemore of Sudan each turned in outstanding defensive performances.

In the second game Tuesday night, Amherst walked over Littlefield, 43-19, with Joan Young and Vonna Beth Davis leading the attack for the winners.

Young's 24 points took highpoint honors, while Davis had 11 counters. Loretta Owens scored all but two of Littlefield's markers as she dumped in 17 points.

NEW 1951 Chevrolet

AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

The Smart New Styleline De Luxe 2-Door Sedan

Yes—refreshingly new...

WITH FINEST QUALITY ALL THE WAY THROUGH!

One Killed

The main force of the impact. She was pronounced dead on arrival at the hospital.

Mrs. Pinson's remains were taken to the Hammons home awaiting funeral arrangements.

In addition to her daughter, Mrs. Pinson is survived by one son, Claude Pinson, a resident of Las Gatos, California. He was notified by telegraph of his mother's death and was expected in Littlefield Wednesday.

Members of the Littlefield police, the sheriff's department, and the State Highway Patrol and witnesses at the scene of the accident said the car driven by Mr. Powell was proceeding north on Westside avenue as the fire truck approached the intersection on Seventh street, heading west.

On Their Way Home
Mr. Powell, investigators said, apparently did not hear the siren of the approaching truck and started to cross Seventh street when the accident occurred.

Mr. and Mrs. Powell and Mrs. Pinson apparently were on the way to their home at 215 Austin avenue at the time. The three had left the Delano Cafe at Delano avenue and XIT Drive, where all were employed, only a short time before.

Preston E. Hazans, operator of the cafe, said Mr. Powell, a cook formerly employed at the Hays Cafe, had been away from Littlefield working in Delhart, Texas, and had returned here only about four weeks ago.

Mrs. Pinson had been employed at the cafe for more than a year. She was 62 years old.

Mr. Powell only recently had erected a small house at the Austin avenue address. There he, his wife and his mother-in-law made their home.

House Itself Not Damaged
No one was at home at the Moses house when the truck crashed into it. The front porch was torn from the residence and collapsed on top of the truck. The house proper, however, was not damaged.

It is believed the fire truck driver probably escaped death or more serious injuries when the door of the truck was sprung open by the impact and he was thrown from the exposed seat out of the way of the crashing timbers.

The West Texas Public Service company repair truck was on the scene a few minutes after the crash to remove the broken pole and erect a new one and repair the lines.

Service was disrupted only a short time. Traffic was routed away from the corner by Police Chief Walraven and police and sheriff's officers until the truck and cars could be removed and

the electric lined repaired. Mr. Wade, a mail carrier here, is a member of the Littlefield volunteer fire department.

Fire Truck "Ruined"
The fire truck was described by Bob Cox, fire chief, and Ralph Douglas, city engineer, as "ruined." The front of the truck was badly smashed after striking the electric pole, tree and porch.

The damaged truck was bought by the city in 1947 at a cost of \$7,750. When it was bought, the older truck, purchased in 1929, was retired. The city planned to sell it, but recently had it overhauled and decided to keep it. It now is in service.

The fire engine was answering a fire call which came from a location two blocks down Seventh street from where the accident occurred.

The fire was a grass fire which had been extinguished before the fire department got there.

District C. of C.

(Continued From Page 1)
address at the annual banquet of the Brownfield Chamber of Commerce.

Chamber of commerce managers are invited to attend the conference and present any problems their cities or counties might have, Muldrow said.

It is expected that about 15 cities and towns will be represented at the conference, which will be the first area meeting held by Husbands in this section.

Inspiring Service

(Continued From Page 1)
worship service in the church auditorium; Dr. J. Ralph Grant, pastor of the First Baptist Church of Lubbock, delivered the message at the afternoon services and the Rev. Roy Shahan of the First Baptist Church of Memphis, Texas, was the guest speaker in the evening.

Both Mr. Brian and Mr. Shahan are former pastors of the Littlefield church.

Special music was provided at the afternoon and evening services by famed Wayland choir. In the morning worship service special music was provided by Bob Irby, soloist, who sang "The Holy City" and, during the offertory, by Miss Ardith Ann Yeager, who played "When They Ring Those Golden Bells For You And Me" on the chromatic bells. She was accompanied by Mrs. Ed Packwood at the piano.

An organ prelude to the service was played by Mrs. Dewey Hulise.

Special prayer at the opening of the morning service was offered by the Rev. J. F. Nix of Lubbock, father-in-law of the Rev. Lee Hemphill, pastor of the church under

whose leadership the new building was conceived, erected and paid for. At the services Sunday it was announced by Mr. Hemphill that the entire indebtedness for the new building and furnishings had been subscribed by the congregation in the 18 short months from the start of construction last August.

The Sunday morning speaker praised the congregation and its minister for the fine accomplishment they had achieved in the building of the impressive new \$175,000 buff brick fireproof structure and also for the growth of the church in the eight years Mr. Hemphill has occupied the pulpit here.

He urged that the church and all its members redouble their missionary efforts to gain more followers of Christ.

"I believe in the work of the disciples of Christ, that the church should be unceasing in its efforts to spread the gospel and bring more and more persons into the way of Eternal Life," he said.

Following the morning service the congregation that filled the church auditorium to an overflowing adjourned to the new building where after a dedicatory prayer "dinner on the ground" was served in the spacious dining room by women of the congregation.

During the service, members of the church building and finance committees, the builders and members of the board of deacons were introduced by the pastor and their part in the construction of the new edifice acknowledged from the pulpit.

EMMANUEL CHURCH MEETING FEB. 14

Regular monthly meeting of Emmanuel Lutheran's Walthier League is set for Wednesday, February 14 in the church basement at 417 West Third street. In order to avoid a conflict with the Sunday night Lenten services the young people made this change in their meeting night.

The Walthier League sponsored movie night last Sunday, February 4, was well received. Next movie night at Emmanuel Lutheran is March 4. The movie for that night includes much of the Lenten story. Regular movie night, the first Sunday in the month, will bring such pictures as "God Is My Landlord" (the late Dr. Maler of Lutheran Hour fame is also in this movie), "God Of Creation," "The Temples Hills," "Salt Of The Earth" and others.

VISIT IN ALEXANDER HOME

Mr. and Mrs. T. Brewer and Mr. and Mrs. R. F. Boozer of Lubbock were Littlefield Sunday afternoon guests of Mr. and Mrs. W. L. Alexander and Polly Lou.

Public Apathy

(Continued From Page 1)
Mr. Hill was introduced by Troy Armes, principal of the Littlefield high school, following a short musical program presented by Mrs. Weldon Findley, Charles Heathman and Mrs. Ed Packwood, accompanist.

Mrs. Findley sang "Roses of Picardy," "Without a Song" and, assisted by Mrs. Packwood, "Play A Simple Melody." Mr. Heathman sang "Smoke Gets In our Eyes," "Stardust" and the Riff song from "The Desert Song."

David A. Kethley, president of the organization, served as toastmaster.

Harrell A. Collard of the Littlefield Drive Church of Christ gave the invocation for the banquet.

Mrs. B. W. Armistead, wife of the 1950 president of the organization was presented a gift.

Mr. Kethley introduced and welcomed guests from Lubbock, Brownfield, Levelland, Plainview, San Antonio, Hereford, Kerrville and Amarillo. The banquet was served by the Altar society of the Sacred Heart Catholic church.

Executive officers of the chamber of commerce for 1951 are Kethley, president; Nelson Naylor, vice-president; and J. H. Lee, secretary-treasurer.

Members of the board of directors, elected early in January, are C. O. Griffin, Allen Hodges, Kethley, Naylor, U. D. Walker, F. L. Newton, Jimmy Brittain, Charlie Duval, Harry Kline, W. B. Little, Skipper Smith, W. C. Cannon, Boyd Roberts, Ernest Connell, B. W. Armistead, and Bob Crowell, manager.

Old Gray Mare

(Continued From Page 1)
and you like birds in the spring-time . . . love time.
The old love of skating was in their heart . . . and what is in must come out, whether it be the thrill of skating, the measles . . . or just a plain rolling stomach.

When the two grown men decide to go galavantin' they most generally seek companionship . . . an accomplice . . . or perhaps two. But Simon and Lester . . . men of high standing . . . sought Johnnie Murrell.

They displayed their skates and it would have been clear to any old hoss, whether he couldn't eat or had his teeth floated recently, that what Simon and Lester wanted to engage in just wasn't hay . . . it was something big and sparkling.

Johnnie, bless his kind heart, wanted to be real nice to visitors, so he acquired a rope, a gasoline chariot, and two visitors, and to the lake they went, sweetly rolling along.

The masculine gender Sonja Henies dropped nimbly to the ground, affixed their skates, grasped the rope, and asiding went. But like many a ride, the transportation switched ends . . . and there were no pickup men in sight.

There are no authentic reports as to what really happened to Lester, but Simon honestly admits that he finally turned the rope loose and landed on the right side of that portion of man's anatomy on which he sitteth.

At last reports Simon sitteth on the left side of that portion

PVT. DONALD BRIAN NOW AT LOWRY AIR FORCE BASE

Pvt. Donald W. Bryan is now stationed at Lowry Air Force Base, where he is undergoing further training before entering one of the technical training courses.

Pvt. Bryan, the son of Mr. and Mrs. C. W. Bryan, 412 W. 3rd st., Littlefield, Texas, entered the service Dec. 12, 1950, and went to Lowry from Lackland Air Base, San Antonio where he completed basic training. He completed high school training at Clovis N. M.

Following his training at Lowry Field he will be assigned to one of the many commands that make up today's global Air Force.

F.H.A. Plans Valentine Party

The F. H. A. met Monday night at 7 o'clock.

Plans for a Valentine party were discussed and February 14 was tentatively set as the date.

Everyone will go dressed as little kids. Two prizes will be given, one for the cutist and one for the ugliest.

The eighth grade girl will be invited to the party.

The meeting adjourned at eight o'clock.

is supposed to sitteth on both sides at the same time, not being of man's anatomy on which he partial to either side as to the amount of pressure.

New Dodge Trucks Have 50 New Features

More than 50 new features have been built into the new B-3 Series of Dodge "Job-Rated" trucks to provide faster, safer and more economical hauling of larger payloads. Power increases up to 20 per cent, entirely new styling, better brakes, improved steering, newly designed shock absorbers and more driver comfort are among the major improvements in the new line which ranges from 4,250 to 40,000 pounds gross vehicle weight. Nominal ratings range from one-half ton to four tons.

New 1951 Dodge Trucks To be Shown at Garland Motor Company Saturday

As announced by the Garland Motor Company, Dodge and Plymouth dealers, the new Dodge "Job-Rated" Trucks for 1951 will be on display at their showrooms Saturday next.

At the same time, the Garland Motor Company revealed some of the 50 new features of the new B-3 Series of Dodge "Job-Rated" Trucks being introduced Saturday.

Increased power, new styling, better brakes, improved steering for easier handling, more driver comfort, and newly designed shock absorbers are among the new features providing faster, safer and more economical hauling of larger payloads.

Horsepower increases in some of the eight engines powering the new Dodge truck line range as high as 20 per cent. Gross vehicle weight ratings in the new trucks range from 4,250 to 40,000 pounds, and gross combination weight ratings range up to 60,000 pounds.

More Power Economy
Higher governor settings, redesigned fuel pumps "hotter" spark plugs with improved moisture-proofing larger-capacity generators, a new high-torque starting motor, and more efficient cooling systems are among engine improvements which provide the new line with greater power and economy.

A major engineering development for easier riding and better handling are the new Oriflow shock absorbers introduced on the 1/2-, 3/4- and 1-ton models. Featuring an entirely new design and valving system, they provide better ride control on all road surfaces.

Brakes have been improved on all models. All brake cylinders now are anodized for positive protection against destructive rust and corrosion. A new Cyclobond molded tapered lining was developed to give the brakes smoother, more positive action, and to reduce the tendency to grab or squeal. The new lining is now used on all models not equipped with air brakes from the 1 1/2-ton up.

Loading heights are even lower than before on all models from the 1/2-ton through the 2-ton. This was accomplished by redesigning the rear springs.

Twin Carburetion, Exhaust

A far-reaching development in the new Dodge higher-tonnage trucks is that the power and economy benefits of twin carburetion and twin exhaust — already proved in the Y (4-ton) model — are now provided on the R (2 1/2-ton) T (3-ton), and V (3 1/2-ton) models. Engine output on these trucks has been greatly increased — from 106 to 125.5 net horsepower on the R model, and from 111.5 to 134.5 net horsepower on the T and V models. The result is higher average road speeds, faster hill climbing, greater economy, and less driver fatigue through reduced gear shifting. Greater axle capacities for high GVW and GCW ratings are announced on many models.

New styling on all models features a new grille formed by two large horizontal louvers. A new "Job-Rated" medallion is centered in the grille beneath the redesigned Dodge nameplate. Wrap around bumpers give the fenders more protection.

GRAND CHAMPION BRINGS RECORD PRICE — Louis Reyes, 15, from San Antonio, Tex., kneels beside his winning steer, which brought a record price of \$17,800 at the Houston Fat Stock Show. Standing, left to right, are: Glenn McCarthy, buyer, and W. A. Lee, President of the Fat Stock Show. (AP Photo)

Funeral Services Held for E. S. Gee

Funeral services were conducted at 1:30 p.m. Sunday for E. S. Gee at the First Baptist Church, Littlefield, with Rev. Lee Hemphill, pastor officiating.

Burial took place in the Littlefield Cemetery under the direction of the Hammons Funeral Home. Pallbearers were: R. E. Morgan, J. P. Ray, J. D. Kirkland, Floyd Rogers, Elton Hawk and Griswold Gore.

Out of town attendants at the funeral were: Mrs. J. D. Bakowri, Wichita Falls, Texas; Claude Blanchard, Sudan; Mr. and Mrs. J. A. Cordell, Don Waller, Mr. and Mrs. Mack Waller, Clarence Waller, Mr. and Mrs. Bill Franks, Mrs. Underwood, Mr. and Mrs. S. D. Sullivan, and Mrs. F. E. Melton, all of Fort Sumner, N. M., and Fred Russell of Carlsbad, N. M.

Mr. Gee died about 8 o'clock Friday morning in a Littlefield hospital, only a little more than a

Thicker seat pad cushions and re-contoured seat backs provide greater comfort for the driver. Instruments are arranged in a cluster on the dash. Driver visibility has been increased by lowering the front of the hood line. The windshield wipers have been repositioned to cover a more usable area and to lay closer to the base of the windshield when not in use.

week after he and his wife, Mrs. Cassie Evelyn Gee, had observed the 50th anniversary of their marriage in Pendergrass, Ga., Jan. 21, 1901. He was 72 years old.

Mr. Gee, who had been a resident of Lamb county since 1926, coming here from Hollis, Okla., had been in ill health for several years. He and Mrs. Gee had moved into Littlefield from their farm 13 years ago.

In addition to Mrs. Gee, of the family home at 616 West Sixth street, Mr. Gee is survived by six sons, six daughters, 38 grandchildren and 10 great-grandchildren.

The sons are: Scott and J. T. Gee, of Monrovia, Calif.; Walter and Merbert Wayne Gee of Carlsbad, N. M.; Elmo, of Littlefield, and Hollis Gee of Ft. Arthur, Calif.

The daughters are Mrs. W. H. Snow, of Slaton; Mrs. F. E. Milton and Mrs. Wilson Kincaid, of Dumas, Texas; Mrs. Albert Turner of Ft. Sumner, N. M., and Mrs. W. F. McCarty and Mrs. J. M. Copeland of Duarte, Calif.

Two sons, Bud Gee and Robert Leon Gee, preceded Mr. Gee in death. The latter was killed on Luzon in World War II.

Mr. and Mrs. Gee first came to Texas in 1908, settling at Weatherford, where they made their home until 1915, when they moved to Hollis, Okla., remaining there until 1927, when they moved back to this State and to Sudan, Texas. From there they later moved to Muleshoe, and in 1935 settled in Littlefield.

Sudan News

Mrs. C. H. Nicholes Hostess to W. S. C. S.

The W. S. C. S. of the Methodist Church met Monday, February 5, in the home of Mrs. C. H. Nicholes in their week of prayer program. It was a covered dish affair.

The following program was given in the morning:

The leader was Mrs. Traweck Gaston of the Beck Community.

Several songs were sung, and prayer offered by Mrs. Z. B. Adair. Subject for the morning program was "The Mid Day of Prayer," in which all the women took part.

A short business session followed, after which the group were dismissed for lunch with prayer by Mrs. Eleanor Kimble.

A most delicious lunch was served.

The leader for the afternoon was Mrs. Effie Shannon. The subject was "Navajo Indians," with the following ladies taking part—Mrs. Francis Smith, Mrs. A. Dooley, Mrs. R. E. Heflin, and Mrs. Ves Terry.

The group were then dismissed with prayer by Mrs. T. B. Adair.

The following ladies were present: Mesdames Broyles, Gaston, Boyles, Heflin, Wood, Kimble, Crim, Pinkerton, Rodney Nicholes, Adair, Terry, Jones, Sherrill, Dooley, Shannon, Smith and the hostess, Mrs. C. H. Nicholes.

Attend Wedding

Mrs. Grace Robertson and son have returned from Hollywood, Calif., where they attended the wedding of her son, Bill, and Miss Barbara Bearg of Hollywood.

In Dallas

Rev. Sherrill, Pastor of the Methodist Church here, is in Dallas this week attending the "Ministers

Week" meeting. He will return home the latter part of the week.

Shop in Lubbock

Mrs. Ves Terry shopped in Lubbock Saturday.

Speaks in Grade School

George Campbell spoke Tuesday, February 6, at 2 p.m. in the grade school building. The P.T.A. has in-school building. The P.T.A. had in from Lawton, Okla., and was born blind, but after several operations he was able to see. He had lived in darkness for 17 years, being only 32 now. All who heard him enjoyed his interesting talks very much.

Return From Trip

Mrs. Hugh Vincent and son have returned from South Texas and Mexico. They spent some of their time travelling through Eagle Pass, Wealaco and points in Mexico. They enjoyed fishing while gone.

Dinner Party Is Enjoyed

Mr. and Mrs. Ernest Minyard entertained their bridge club Thursday night, Jan. 25, with a dinner party.

A most delicious meal was served to the following club members, after which they enjoyed bridge: Mr. and Mrs. Harold Close, Mr. and Mrs. E. M. Smith, Mr. and Mrs. Jiggs Nicholes, Mr. and Mrs. J. W. Miller and Mr. and Mrs. Doyle Watkins.

On Winter Trip

Mr. and Mrs. Arthur Ormand left this week for a two months' vacation trip at Corpus Christi, where they will visit their daughter and son-in-law, Mr. and Mrs. Jim Abslow.

In Hospital

Gilbert Masten is a medical patient in the Amherst Hospital.

Return From Hospital

Mrs. Vernie Wood, who had a major operation two weeks ago in the Amherst Hospital, has returned home.

Return from Missouri

Mr. and Mrs. Geo. Reinhardt, Jr., and two sons have returned from a two weeks' trip to Missouri, where they visited her parents.

Return From Cuba

Mrs. Arthur Ormand and son, Reagan, of Morton, have returned from a trip to Cuba. Reagan was a major in the second World War and was instructor in the Air Force, and is a very experienced flyer.

Sells Cafe

Mr. and Mrs. Vernie Wagner have sold their cafe the "De Luxe" to his brother and wife, Mr. and Mrs. H. W. Wagner. Mr. and Mrs. Cloc Blanchard will assist in the operation of the cafe.

Coffee Donated

The Allen Drug Store gave free coffee to help out on the March of Dimes Saturday.

Move To New Home

Mr. and Mrs. Louis Fields moved this week to the Dryer Love home on North St. Mrs. Fields is the former Miss Wanda Olds.

Attends Reunion

Noel Lumpkins left this week for Toledo, Ohio, to attend a reunion for the First Cavalry Division of which Noel was a member in World War II. He is part owner of the L. & N Food Store here. He plans to be gone 10 days.

Buys New Home

Mr. and Mrs. Gilbert Masten of east of Sudan bought a new brick home in the Shannon addition last week from Mr. and Mrs. Olan Roark.

Soldier Transferred

Pvt. Ralph May has been transferred to Fort Benning, Ga. from Ft. Sill, Okla.

MAKES BUSINESS

Mr. and Mrs. E. Amherst made a business trip to Elk City, Okla., the same night.

MRS. ROBINSON

Mrs. M. V. Robinson, ing her home with flu, and has been in bed. She was reported improved.

RECIPE OF THE WEEK
By Mary Lee Taylor

Golden Potato Soup
Broadcast: February 10, 1951

1/2 cup finely cut onion
2 tablespoons shortening
1 tablespoon flour
1 teaspoon salt
few grains pepper
1 cup water
1 cup mashed potatoes
1/2 cup Pet Milk
1/2 cup grated American cheese

Cook onion slowly in shortening until yellow. Blend in flour, salt and pepper. Stir in water. Boil and stir 2 min. Add potatoes; mix until smooth. Stir in milk. Add cheese. Heat slowly until cheese melts; do not boil. Serve hot. Makes 4 servings.

You Will Need:
Pet Milk, Onions, Shortening, Flour, Potatoes, American Cheese.

Sunday night the Methodist Church had its second quarterly conference. Rev. Marvin Boyd was in charge of the service. Wednesday night a meeting of stewards was held.

LITTLEFIELD VISITORS

Mr. and Mrs. Lester Parker of Littlefield spent Sunday visiting with Mr. and Mrs. B. G. Stafford and family.

control work at the Amarillo Experimental Station. He will report on weed control research work there.

Don Jones, superintendent of the Lubbock Experimental Station, will speak on "Varieties of Grain Sorghum and Cotton and Mechanized Cotton Production" at 1:45 o'clock. At 2:45 Guy Carpenter, district entomologist, Lubbock, will discuss insect control on cotton, wheat and grain sorghum.

Startime at 3:15 o'clock Jarvis Angley, president of the Lamb County Farm Bureau will close the program with a 15-minute summation of the entire proceedings.

SUNDAY VISITORS

Mr. and Mrs. Robert Wallace spent Sunday visiting with Mr. and Mrs. Fred McCoy and family.

HOME FOR WEEK

Pfc Joe D. Greer of Sheppard Field Air Base was home for the week end visiting with his parents, Mr. and Mrs. J. A. Greer, and other relatives.

SEAGRAVES VISITORS

Mrs. Billy Squires of Seagraves spent a few days this week with Mr. and Mrs. W. S. Savage.

IN AMHERST HOSPITAL

Last week Mrs. H. C. Lacey was in and in the Amherst Hospital. Her condition is reported as better this week.

COLD WEATHER

Due to the cold weather the past week most everyone has remained close to home, and there isn't much news this week.

Mr. and Mrs. Kay Smith of Hale Center spent Sunday with Mr. and Mrs. H. R. Wallace.

Week-End Is an Eventful One for Pink Johnson

It was an eventful weekend for Pink Johnson.

In the first place, last Friday night, the Littlefield disabled former Marine moved into his new home on East Fourteenth street. Sunday he got married.

He hadn't planned, originally, to do either on the specific days that the two events took place, but when he made his original plans he hadn't figured on a blizzard of below zero proportions descending on Littlefield the first of last week, and he hadn't thought about the nearness of Lent when he made his marriage plans.

Storm Changes Plans

As a result his moving from his old home on Fremont avenue, was delayed by the storm. He had planned to get into the new home the first of last week, when it was completed and the furniture put in place.

Then he had planned to take a week or so to "get settled" before his marriage.

But after moving he found he'd either have to get married before Wednesday, the start of Lent, or wait until after Easter.

So William F. Johnson—to give Pink the name that appears on the marriage license—and Mrs. Agnes Hess were united in marriage in the new home Sunday afternoon, the Rev. F. M. Higgins, pastor of Sacred Heart Church performing the ceremony.

Only a few close friends and relatives were in attendance.

Moved in Ambulance

The World War II veteran, who must spend his days in a wheel chair because of spinal injuries suffered in a shell blast in the invasion of Guam, made the move from his old home to the specially constructed new residence on Fourteenth street in an ambulance from the Hammons Funeral Home, under the care of Pryor Hammons and Lenton Smith.

Despite the care of the two in making the transfer, however, the unusual motion was sufficient to confine Pink to his bed Saturday. It isn't easy for a man with a fractured spine to withstand even the most gentle travel.

Throughout the first day and Sunday, and the days following, numerous friends and well-wishers dropped in to say hello and congratulate the disabled veteran and his bride.

The attractive white side-walled home with its unusual features impressed visitors not only because of its structural beauty and well-planned interior scheme, but also in the manner in which it was adapted to fit the special needs of the veteran.

All the doors are of extra width to allow for free passage of the wheel chair in which Mr. Johnson must travel from one room to another.

And throughout the house all rooms are on the same level, without a step up or down in the entire construction.

Access to the porches both front and rear are gained from the sidewalk or yard by means of a gently inclined ramp, easily negotiable in a wheel chair.

A level concrete run-way extends from the front entrance around the east side of the house to the sun porch in the rear, from which a ramp descends to the back yard.

The attached garage also is level with the house floors.

Wide windows, with venetian blinds, provide for plenty of sunshine and air in the new home, which is equipped to provide conditioned temperatures either winter or summer.

The plastered interiors are finished in soothing pastel shades.

House-Warming Planned

Friends of the Littlefield veterans in the VFW and the American Legion posts had a house-warming planned for Mr. Johnson and his bride of which he was supposed to know nothing, he told a Leader reporter Saturday.

"I don't know exactly when they'll have it," he said at that time, "but I expect it won't be for another week. Mrs. Lyle Brannan of the Red Cross probably knows more about it than anyone else."

Then he hadn't had time to do much inspecting.

"I think, however," he said, "I'm going to like it fine after I get feeling a little better. I didn't know moving a few blocks could make a person so tired."

Program Set for Farm Meet

Completed this year the annual Lamb County Soil Conservation Conference will be held in the county next Tuesday. The joint auspices of the County Farm Bureau and the Chamber of Commerce will be the two organizations leading part of the conference. Mr. J. W. Eaton has been named as the official welcome at 9:45 a.m. and the first of the afternoon program at 1:15 will be Roger Hamilton, Jr., in charge of the weed

Mussolini's Cook Refuses to Write Memoirs; Owes Life to U. S. Captain

ROME (AP)—The man who was Benito Mussolini's cook for 18 years recently got his picture in the newspapers for refusing to write his memoirs.

The cook, 47-year-old Mario Ercoli, turned down a publisher's offer with a shrug and the

remark that he could cook the best plate of macaroni and cheese ever tasted.

Ercoli is alive today because an American Army officer kept him from executing him when Il Duce was shot and strung up by his heels.

About People You Know

Mr. and Mrs. Elmer Lewis of Lubbock were visiting friends in Littlefield Saturday.

M. L. Ellis of Anton was admitted to the Payne-Shotwell Foundation Monday of last week with a deep chest cold and threatened with pneumonia. He is now getting along satisfactorily.

Mr. and Mrs. Jarold Jones left Saturday for Los Angeles, Cal., where they will visit cousins of Mr. Jones, Mr. and Mrs. C. D. Fairbanks. They will also visit Mr. Jones' aunt, Mrs. L. L. Manley at Long Beach, Cal.

Mr. and Mrs. L. A. Blair of Emporia, Kans. left Saturday after spending about a week with Mr. and Mrs. John Blair here.

Mr. and Mrs. Oscar Timms of Morton visited friends in Littlefield the past week. Mrs. Timms, the former Mrs. Ruth Perry, has been nursing Mrs. Nichols at the Payne-Shotwell Foundation the past few days.

Dr. and Mrs. I. T. Shotwell left Saturday for Galveston, where Dr. Shotwell will take a special course and attend lectures on psychiatry.

Buddy Duggan, son of Mr. and Mrs. Arthur P. Duggan, was ill with flu all last week, but is now better again.

Sgt. Hubert P. McCain, son of Mr. and Mrs. M. McCain of Littlefield, is with the 27th Infantry

and the 25th Division. His parents did not hear from him for over two months during October and November and were much concerned for his welfare. However, they received a letter December 29, and since that time have heard from him regularly. He reports that he is O.K. with the exception of frost bitten fingers. Mrs. McCain received a letter from her son Wednesday of last week written in a rest area.

Stephen Brock and friend, Ronnie Makin, students of McMurray College, Abilene, spent a recent week end in the home of Brock's parents, Mr. and Mrs. Ernest Brock here. Dinner guests also in the Brock home Sunday of last week were Mr. and Mrs. W. T. Holder and daughters, Charolett and Carol Loyce, of Lubbock, Mrs. I. S. Brock and Patsy Phillips, both of Littlefield.

Mrs. I. S. Brock, due to ill health, has given up the City Hotel, and is now living with her son and daughter-in-law, Mr. and Mrs. Ernest Brock. Mrs. Reese is now in charge of the hotel.

Mrs. John H. Smith of Leveland, suffering from a chest cold, was admitted to the Payne-Shotwell Hospital Thursday last.

O. C. Fox, who left Littlefield about ten days ago for Amarillo and the Veterans Hospital, where he was having a checkup and minor operation, was expected to arrive home Saturday night for the

week end. W. A. Hutto, who is suffering from a heart ailment, was admitted to the Payne-Shotwell Hospital Friday for treatment. He is reported as doing nicely.

Mr. and Mrs. Wayne Duffey and daughter, Faydell, left Tuesday of last week for California on a three weeks' trip. Among those they will visit are Mr. and Mrs. Ewell Duffey at Los Angeles.

Mr. and Mrs. B. D. Garland attended the stock show at Fort Worth. They left here on a Sunday and returned Monday night.

Mrs. J. M. Stokes spent a week end recently with her daughter and son-in-law, Mr. and Mrs. Richard Cutting at Pampa. She was accompanied home by her granddaughter, Cheryl Lynn Cutting, who is spending this week in the Stokes home.

S. T. Ivey of Pettit is a patient of the Payne-Shotwell Foundation suffering from Shingles, a nervous disorder.

Mrs. W. H. Walker, who is suffering from a diabetic condition, was admitted to the Payne-Shotwell Foundation Thursday for treatment.

Mrs. E. M. Akin has returned home after spending three weeks with her daughter and son-in-law, Mr. and Mrs. A. N. Richards at Abilene. Mrs. Richards underwent a major operation and Mrs. Akin remained with her daughter to take care of her. Mrs. Richards is getting along nicely.

Aletha Mae and Martha Jo Naylor have both been ill and confined to their home with Strept throat. Mrs. Naylor has also been under the weather with a cold.

Mrs. Jim Douglass is visiting her mother, Mrs. P. A. Magruder, who is ill. Mrs. Douglass is expected home in about a week or ten days.

Mrs. Pearl Jones of Littlefield, who underwent surgery at Dallas, was admitted to the Payne-Shotwell Foundation Thursday for medical attention.

Miss Ellen Webb Massengill, who was home between semesters visiting her parents, Mr. and Mrs. L. L. Masengill, had as her guests Sunday, January 28, three friends from Texas Technological College. They were Misses Mary Lou Crump, Novella Crump and Jean Jones.

Mr. and Mrs. Harold Clements and daughter Betty spent Sunday of last week at Quitaque, Texas, with their daughter and son-in-law, Mr. and Mrs. Bobby Payne and son, Harold Lee. Mr. Payne is manager of the Quitaque yard for Higgenbotham - Bartlett Lumber Co. Mrs. Payne is the former Patsy Clements.

Gene Ratliff, son of Mr. and Mrs. G. O. Ratliff, of Littlefield, who has been in the air force for the past two months, and has been stationed at Lackland Field, San Antonio, is being transferred to Ababama.

Mr. and Mrs. L. M. Jackson and daughter of Carter, Okla., visited her niece and nephew, Mr. and Mrs. Odell Matthews, of Littlefield, and their daughter and son-in-law, Mr. and Mrs. Dalton Hudson, who recently moved to a farm at the County Line, north-east of Spade.

Mr. and Mrs. A. W. Ray plan to leave this week on a month's vacation trip to South Texas. They will enjoy fishing while gone.

Delaware is the state with the lowest elevation, averaging around 60 feet; Colorado, averaging 6,800 feet, has the highest.

A fault is a displacement along a fissure, or series of fissures, in any kind of rock formation.

Spur Voters OK Hospital Bonds

SPUR (P)—Voters approved a \$125,000 bond issue by a ballot of nearly four to one for the construction of a municipal hospital.

Mayor Ned Hogan said the final vote was 362 for and 94 against the issue. He made it clear the city will build the hospital only if the \$125,000 garnered from the sale of bonds is matched by state funds. Officials have indicated this will be done.

Opposition to the bond issue was slight even though city councilmen have said approval will require the raising of city tax evaluations by about one-third in or-

Handy Hotbed Can Be Outside Basement

Most economical hot-bed in space, cost and upkeep, is built around a window opening from a heated basement, preferably a south window. In front of the window make a shallow excavation, about a foot deep. The size must be figured carefully, so that a frame set in this excavation can be covered by window or hot-bed sash. As in the case of other hot-beds, a glass substitute may be used on the sash, if desired.

Build a frame to fit in the excavation. The sides must slant sharply from a point above the window, almost to the ground. Fit the sash on this frame, using hinges at the top so the sash may easily be raised for ventilation. Earth may be banked around the frame to keep out the cold; and the sides should be as tight as possible to keep out the wind.

The frame may have to be caulked, where it joins the foundation to prevent drafts, otherwise it is built like the garden type, using a standard or odd size sash as you choose.

Heat is supplied to this bed by opening the basement window, and allowing the heated basement air to enter the bed. The window is left open at night, and may often be closed during the day, when the sun

der to retire the bonds. An architect will be selected immediately to start work on sketches for the hospital, officials said.

Texas Tech's Grid Schedules Makes It Tough on Coaches

BY WILBUR MARTIN
Associated Press Staff

When Eck Curtis decided he didn't want to be considered for the Texas Tech head football coaching job he mentioned as one of the reasons "the uncertainties generally."

The University of Texas backfield coach was probably talking about the uncertainties facing the nation as a whole, but he could have been more specific.

The person who takes over Dell Morgan's job will face a tough proposition. Tech has been said to play a "Southwest Conference schedule with a border conference team."

The big Technological college on the South Plains of West Texas is in a peculiar spot. It wants to get in the Southwest conference and it wants to play conference teams as one way of getting recognition.

But Tech has a hard time attracting good football players. Most want to play in a "Big League" conference. The Red Raiders are members of the border conference and while this is no bush league it isn't in the SWC class.

Personal recognition is one of the factors high school stars consider when they choose a college. It's a lot easier to make All-American from a university like Southern Methodist or Texas or Rice than it is from Texas Tech.

In fact, while Tech is a major college, many sportswriters in other sections are inclined to value its players as "Little All-America" prospects instead of for the big team.

That doesn't mean the Red Raiders don't play good football. They do, year in and year out. But they simply can't compete, in manpower, with a school in a major conference. You just can't convince a guy who's been a high school hero that he can make the same splash in a minor conference.

This handicap may loom important to a coach who's thinking of moving to Lubbock. Then again, it may not enter into picture. But it certainly is worth thinking about.

Included McDougal, Smyer; Burnett, Witharral; Ashby, Whiteface, Winder, Morton; and Lawhon, Levelland. Deny of Witharral won the boys sportsmanship trophy.

Spade Sextet Defeats Littlefield High In County Basketball Tourney Play

Springlake chalked up second-round wins in the Lamb county girls basketball tournament here last Saturday night.

Spade, tourney darkhorse which was upset by Amherst in the meet's opening game Friday, rebounded to take a 51-33 victory over Littlefield Saturday night. Adella Sladek was the big gun for the winners, dumping in 26 points. Loreta Owens scored 19 counters for Littlefield.

Springlake's highly-favored girls team had an easy time defeating the host Amherst sextet, 45-28, with Maxcey scoring 21 points for the winners. Vonna Beth Davis had 11 markers for Amherst.

Teams took until Tuesday night, when two more contests were run off in the week's only night of play.

All profits from the tournament went to the March of Dimes. Officials late tonight estimated the donation from the meet will be about \$200.

16 Teams Enter Anton Tourney

Sixteen teams are expected to enter the Anton Independent Invitational basketball tournament which will be held in the new Anton High school gymnasium from Feb. 12-17.

The winning team will receive 50% of the entry fees and gate receipts, while the second-place squad will receive 30%. The team that captures third place will get 20% of the intake.

Entrance fee per team is \$10, and advance indications were that the tourney would have around 16 teams ready for opening night.

Tournament schedules are being arranged so that they will not conflict with Lubbock's City league play, enabling all Lubbock independent teams to enter.

Teams interested in participating should contact Pat Byrum at box 313 or phone 2914, Anton, by Saturday.

Plastic pipe in place of metal is finding wide use on the farm, including irrigation.

Picnickers are advised to provide some means to keep their food supplies cold on summer's hot days and thus avoid spoilage.

The yucca, New Mexico's state flower, is said to obtain much of its sustenance from the air.

Last Rites Held Sunday For Mrs. Viola Scheller

Funeral services were conducted in the First Baptist Church in Dimmitt 5:15 p. m. Sunday for Mrs. Viola Scheller, wife of A. G. Scheller of 11 miles northwest of South.

Burial was in the Dimmitt cemetery under direction of the Payne Funeral Home of Amberst.

Mrs. Scheller, 65 years old, died Sunday at her farm home.

In addition to her husband she is survived by her parents, Mr. and Mrs. Duane W. Springlake, 11 brothers and sisters and 22 children.

The children surviving are Mrs. Mary Foster, Mrs. Grace Anderson, Mrs. Lucine Lambert, Mrs. Catherine Anderson, Mrs. Martha Omerit and O. D. Barney, Wynell, Bobby Jackie, Linda and Patricia Ann Scheller.

All except Mrs. Foster, of Priddy, N. M., and Mrs. Lambert of Muldoon, reside in the Earth-Springlake section.

Medical Society Elects Officers

The Lamb-Butler-Hookley-Cochran Medical Society held their regular Annual Election meeting in Edges-Resopac hospital in Levelland Tuesday night, January 30, at 8:30 o'clock.

The following were elected to office for the ensuing year:

President: J. D. Dupre, M.D. of the Phillips-Dupree hospital of Levelland, Texas.

Vice-President: Marion Green, M.D. of the Green hospital at Muldoon, Texas.

Delegate at Large: G. V. Edgar, M.D. of Levelland, Texas.

Alternate Delegate: C. M. Phillips, M.D. of the Phillips-Dupree hospital at Levelland, Texas.

Secretary-Treasurer: Ralph E. Maurer, M.D. of the Payne-Shotwell Foundation at Littlefield, Texas.

Wildcat Teams Invade Morton For Cage Series

The Littlefield high school Wildcat basketball teams will invade Morton Friday for a three-game series with the Indians.

Making the trip will be the Wildcat Varsity five, the boys B team and the girls quintet.

The B teams of the two schools will open the night's program, followed by the girls teams.

A number of high school students here planned to make the trip to lend moral support to the school representatives.

The next scheduled meeting will be held at the Payne-Shotwell Foundation in Littlefield, Tuesday February 7.

"Suffered 7 years - then I found Pazo brings amazing relief!"

SOUTH TEXAS DROUTH — Winds in douth-stricken south Texas rolled this field against the fence row and spilled some of it over onto the field next door. Many such scenes are found in Kingsville.

District Scout Meeting Held

A district meeting of the Boy Scout councilors and committee was held at the Methodist Church in Sulist Jan. 25. A lunch and supper was prepared by Ray L. Howard, field executive and Shelby Morris, Sudan scout master.

W. R. Postma, scout executive of Lubbock, talked on "Scouting" and commented that "boy scouting is needed more now than ever before." He stressed the points that the boy scout's duties are first to God, second to his country, third, serving other people and fourth, to himself. Mr. Postma mentioned that when churches sponsor local scout groups, their influence is greater than when a civic organization is the sponsor.

During the evening, films were shown depicting the organization of scouting in England, United States and on down through local units.

Those attending the meeting were Shelby Morris, scout master; Edgar Chaney, chairman of troop committee; Tom Hillborn, of Littlefield district committee chairman; Maurice Carlson, Littlefield, senior scout leader; Ural S. Sherill, member; O. L. Shannon, member; Wayne Brown, member; Joe T. Salem, representative of sponsoring institutions; W. R. Postma, Lubbock, South Plains Council scout executive and Ray L. Howard, field executive.

Plans were made to organize a scout pack in Sudan in the near future and if possible organize two scout troops.

Parts in the play are Laquita Williams, Dolly Cook, Freda Patterson, Don Cook, Rosa Wiseman, Ann Meeks, Frances Hall and Bennett McGuire.

Army's Versatile "Eager Beaver" Trucks Roll Off Assembly Line

Colonel W. A. Call, Chief of Development and Engineering Dept., Detroit Arsenal, "cuts the tape" marking "Eager Beaver" Truck No. 4,566 to No. 1 of the second Army contract, as Geo's President, Joseph S. Shaver, Jr., assists.

LANSING, MICH.—Completion of the Army's first major automotive contract since World War II was marked by ceremony here when "Eager Beaver" No. 4,566 rolled off the assembly lines at Geo Motors, Inc. At the same time Geo announced receipt of letter contracts for more of the versatile new, 2 1/2-ton, 6x6 trucks, bringing the total value of four contracts to date to over the \$100-million mark.

The "Eager Beaver" is built to operate normally under a wide variety of terrain and climatic conditions. Equipped with snorkel and snorkel air intake and exhaust tubes, the new trucks can be driven while completely submerged in water.

Anton Superintendent of Schools Given New
J. S. Bridges was given a new three year contract as superintendent of the Anton schools, according to a statement released last week by E. R. Williams, president of the board of trustees. The action was taken at a meeting of the board Monday night of last week. It would appear from Williams' statement that Supt. Bridges desired an expression of confidence from the board, and this new contract was voted by the board. Bridges' former contract had two years to run before expiration.
F. E. Spradley was chosen by the board as trustee to fill the unexpired term of Jack Grace, who recently resigned from the board.
In 1860, total value of U. S. manufacturing was two billion dollars; in 1929 it exceeded 70 billions.
A flood in the Ohio River valley in 1913 accounted for the loss of 400 lives and 1100,000,000 in damage to property.

GRATEFUL CAPTIVE
SALT LAKE CITY (AP)—Reporter William B. Smart thought he made an enemy when he aided in the capture of an escaped Utah state prison inmate. Smart, of the "Desert News," and a parole officer recaptured Bertram G. Hall, convicted robber, after a fistie battle on a downtown street. As a result, Hall spent two weeks in solitary and lost trusty privileges. The next contact Smart had with Hall was a package in the mail. It contained a hand tooled cowhide wallet.

ESCAPE COSTS \$100
LIBERTY, N. Y. (AP)—When a passenger car and a light truck he was driving collided head-on near here, Charles Bartels, a worker on the New York reservoir project in this area, got a vise-like grip on the steering wheel and tried to pull out of harm's way. He escaped injury, but after he was hauled from the wreckage discovered that he had gripped the wheel so hard that he forced from a ring he was wearing a diamond worth \$100.

Cold Frame Will Double Output of Small Garden

Working Drawing for Standard Single Sash Cold Frame.

In every month of the year there is important service a cold frame can render to a garden. In the spring it is a nursery for young plants; under its protection vegetables and flowers can be started weeks earlier than they could be sown outdoors; and guarded from belated frosts until time to set them in the garden.
Any one who can wield a saw and hammer can make a cold frame. It is usually made 3 by 6 feet, or some multiple of this, for the reason that standard hot-bed sash are of these dimensions. This standard sash may be used for both hot-beds and cold frames, which are alike except that the cold frame is unheated. But a cold frame (or a hot-bed either) may be any size you wish, to fit old windows, or frames covered with one of the modern glass substitutes.
These glass substitutes are worth considering. They do not break, and the breakage of glass in windy localities is sometimes considerable. They are much lighter than glass, a merit which women appreciate. They do not let in as much light as glass, but for growing seedlings they let in enough.
A sunny spot in the garden, protected as much as possible from the full force of winds and driving rain, is the best situation for the cold frame. It may be too cold now to dig in the garden, but the sash may be procured and the lumber frame made, so that when the first warm days arrive you are ready for serious gardening.

"LUCKY" AND HIS GANG

By Sam Iger

New Chryslers will be on Display at Ideal Motors

The new 1951 Chrysler will be on display at the show rooms of the Ideal Motors, Littlefield dealers, Saturday, February 10.

Advanced styling inside and out, a new 180-horsepower Fire-Power engine and an improved Chrysler Spitfire engine head the list of 73 major improvements incorporated in the new 1951 Chrysler line.

Chrysler Division officials state that in no previous year has the division introduced so many major mechanical features, nor done more to increase the esthetic appeal of the Chrysler models.

Major developments in the new line include an Oriflow shock absorber, standard equipment throughout the line; Hydraguide hydraulic-mechanical power steering; and a Fluid-Torque Drive torque converter.

The power steering unit and torque converter are standard equipment on the Imperial 8-passenger sedan and limousine, and may be had as optional equipment on all other Imperial and New Yorker models.

The 1951 Chrysler is offered in twenty-one body styles in the Windsor, Windsor Deluxe, New Yorker and Imperial lines.

Styling Advances
In appearance, the 1951 line fully sustains the pace of the mechanical improvements. All models have been completely restyled, inside and out, and each model has its distinctive individual characteristics that make it readily distinguishable from all others in the line. Changes have been made in the direction of further streamlining and the enhancement of sleek, luxurious appearance.

Styling changes include a new wide sloping hood that helps to increase driver visibility; new front fenders; new curved bumpers and massive bumper guards; new front and rear ornamentation; new grilles that are distinctive for each model; new front and rear fender moldings; and a belt molding that now completely encircles the car.

The new wrap-around "Clear-back" window is now used on all models increasing rear-window area by 201.7 square inches or 39 per cent as compared with 1950 models not having this feature.

Accent on Beauty
Length of the car is accentuated by the new front fender line, which extends further back in the front floor panel. A distinctive turn signal and parking light combination is found on each model, and the span between the headlights has been increased 3.5 inches, better to outline the width of the car.

Interior styling includes improvements in upholstery and trim with an unusually wide choice of materials that are the most luxurious and tasteful that Chrysler has ever offered.

Sudan Band To Give Program

First of a series of plays given by classes in the Sudan schools will be the play, "Huckleberry Finn" on March 16 presented by the Sudan Band.

Donald Chaffin will portray Huckleberry and Tommy McKenzie will be his friend Tom Sawyer. Other members of the band having

Last Rites Held Sunday For Mrs. Viola Scheller

Funeral services were conducted in the First Baptist Church in Dimmitt Sunday afternoon for Mrs. Viola Scheller, wife of A. G. Scheller of 10 miles northwest of Earth.

Burial was in the Dimmitt cemetery under direction of the Payne Funeral Home of Amherst.

Mrs. Scheller, 44 years old, died Saturday at her farm home.

In addition to her husband she is survived by her parents, Mr. and Mrs. Beavers of Springlake, 14 brothers and sisters and 12 children.

The children surviving are Mrs. Mary Bogart, Mrs. Grace Anderson, Mrs. Larine Lambert, Mrs. Catherine Anderson, Mrs. Martha Ozment and O. D. Barney, Weyland, Bobby, Jackie, Linda and Patricia Ann Scheller.

All except Mrs. Bogart, of Portales, N. M., and Mrs. Lambert of Muleshoe, reside in the Earth-Springlake section.

District Scout Meeting Held

A district meeting of the Boy Scout counselors and committeemen was held at the Methodist Church in Sudan Jan. 29. A ranch style dinner was prepared by Ray L. Howard, field executive and Shelby Morris, Sudan scout master.

W. R. Postma, scout executive of Lubbock, talked on "Scouting" and commented that, "boy scouting is needed more now than ever before." He stressed the points that the boy scout's duties are first to God, second to his country, third, serving other people and fourth, to himself. Mr. Postma mentioned that when churches sponsor local scout groups, their influence is greater than when a civic organization is the sponsor.

During the evening, films were shown depicting the organization of scouting in England, United States and on down through local units.

Those attending the meeting were Shelby Morris, scout master; Edgar Chance, chairman of troop committee; Tom Hilbum, of Littlefield district committeeman chairman; Maurice Carlton, Littlefield, senior scout leader; Ural S. Sherill, member; O. L. Shannon, member, Wayne Brown member; Joe T. Salem, representative of sponsoring institutions; W. R. Postma, Lubbock, South Plains Council scout executive and Ray L. Howard Plainview, field executive.

Plans were made to organize a cub pack in Sudan in the near future and if possible organize two scout troops.

parts in the play are Laquita Williams, Dolly Cook, Freda Patterson, Don Cook, Rosa Wiseman, Ann Meeks, Frances Hall and Bennett McGuire.

Medical Society Elects Officers

The Lamb-Bailey-Hockley-Cochran Medical Society held their regular Annual Election meeting in Edgar-Renegar hospital in Levelland Tuesday night, January 30, at 8:00 o'clock.

The following were elected to office for the ensuing year:

President: J. D. Dupre, M.D. of the Phillips-Dupree hospital of Levelland, Texas.

Vice-President: Marion Green, M.D. of the Green hospital at Muleshoe, Texas.

Delegate at Large: G. V. Edgar, M.D. of Levelland, Texas.

Alternate Delegate: C. M. Phillips, M.D. of the Phillips-Dupree hospital at Levelland, Texas.

Secretary-Treasurer: Ralph E. Maurer, M.D. of the Payne-Shotwell Foundation at Littlefield, Texas.

Wildcat Teams Invade Morton For Cage Series

The Littlefield high school Wildcat basketball teams will invade Morton Friday for a three-game series with the Indians.

Making the trip will be the Wildcat Varsity five, the boys B team and the girls quintet.

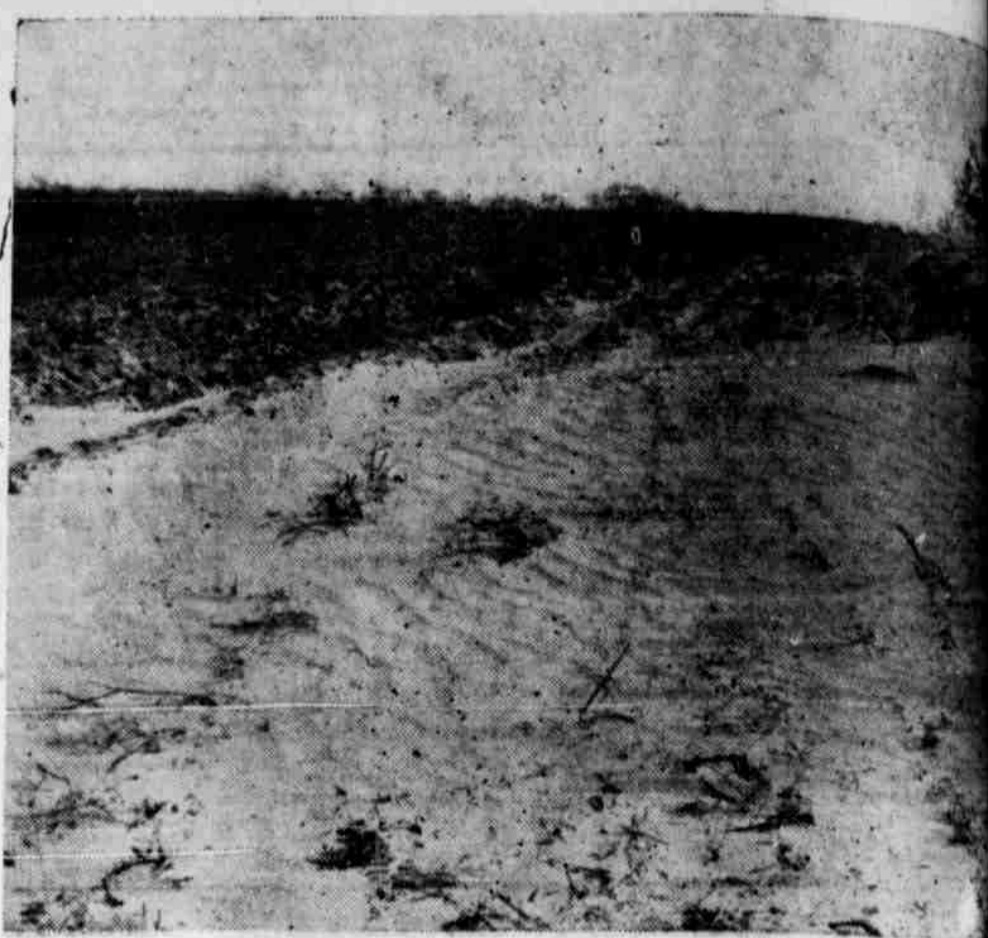

The B teams of the two schools will open the night's program, followed by the girls teams.

A number of high school students here planned to make the trip to lend moral support to the school representatives.

The next scheduled meeting will be held at the Payne-Shotwell Foundation in Littlefield, Tuesday February 27.

"Suffered 7 years - then I found Pazo brings amazing relief!"

says Mr. M. W., Los Angeles, Calif. Speed amazing relief from miseries of simple piles, with soothing Pazo! Acts to relieve pain, itching instantly—soothes inflamed tissues—lubricates dry, hardened parts—helps prevent cracking, soreness—reduce swelling. You get real comforting help. Don't suffer needless torture from simple piles. Get Pazo for fast, wonderful relief. Ask your doctor about it. Suppository form—also tubes with perforated pile pipe for easy application.

In every month of the year there is important service a cold frame can render to a garden. In the spring it is a nursery for young plants; under its protection vegetables and flowers can be started weeks earlier than they could be sown outdoors; and guarded from belated frosts until time to set them in the garden.
Any one who can wield a saw and hammer can make a cold frame. It is usually made 3 by 6 feet, or some multiple of this, for the reason that standard hot-bed sash are of these dimensions. This standard sash may be used for both hot-beds and cold frames, which are alike except that the cold frame is unheated. But a cold frame (or a hot-bed either) may be any size you wish, to fit old windows, or frames covered with one of the modern glass substitutes.
These glass substitutes are worth considering. They do not break, and the breakage of glass in windy localities is sometimes considerable. They are much lighter than glass, a merit which women appreciate. They do not let in as much light as glass, but for growing seedlings they let in enough.
The substitutes most commonly used consist either of wire screens covered with material resembling celluloid, or fabrics treated with wax to make them waterproof, and let more light through.
The frame of a cold-frame should be constructed according to the plan herewith of 1-inch boards, of cypress, white pine or some wood which resists rot. Then dig a hole in the ground slightly larger than the size of the frame and a foot deep. Into this hole put the frame so that the front is 4 inches above the surface, and the rear, 9 inches. It must slant toward the south, where the winter sun shines. It is well to hinge the sash at the top of the frame, so it can be easily opened for transplanting purposes and closing.
A sunny spot in the garden, protected as much as possible from the full force of winds and driving rain, is the best situation for the cold frame. It may be too cold now to dig in the garden, but the sash may be procured and the lumber frame made, so that when the first warm days arrive you are ready for serious gardening.

"LUCKY" AND HIS GANG

By Sam Iger

America's Leading Killer

Here are a few simple statements of fact that show why everyone should support the campaign for funds of the American Heart Association.

The campaign now is in progress in Littlefield under the sponsorship of the American Legion.

Here are the facts:

Today, heart disease is the leading cause of death in the United States.

One out of every three deaths is due to diseases of the heart and blood vessels. It is estimated that one out of every 20 persons suffers from some form of heart or blood vessel disease.

There are few people who have not lost friends or relatives as a result of the heart diseases. The obituary page of the daily press further emphasizes the seriousness and extent of heart disease.

Heart disease takes a greater toll than the next five leading causes of death combined.

In 1948, the last year for which complete figures are available, more than 637,000 persons died of diseases of the heart and blood vessels. During the same year, fatality figures for the next five highest causes of death were: cancer, 197,000; accidents, 98,000; nephritis (kidney disease), 77,000; pneumonia, 56,000; tuberculosis, 44,000.

Mortality from diseases of the heart and blood vessels is three times as high as cancer, six times as high as accidents, ten times as high as pneumonia, and fourteen times as high as tuberculosis.

Heart disease is no respecter of age.

There are congenital malformations of the heart which are evidenced at birth, but these are comparatively few.

Rheumatic fever and the resulting rheumatic heart disease together constitute the leading fatal disease among young people between the ages of 5 and 19.

Over the age of 35, diseases of the heart and blood vessels lead all causes of death. Nearly one out of every two deaths after the age of 45 is caused by heart diseases.

Heart disease takes a heavy toll in sickness and disability as well as death. It strikes down thousands of men and women in the prime of life.

when they are beginning to make the richest contribution to society.

The economic cost of heart disease is staggering in terms of loss of life, absenteeism, disability, loss of gainful employment, and care and treatment programs.

An estimated 152,100,000 work days or billions of dollars in productivity, are lost each year because of heart and blood vessel disorders.

Heart disease is a leading occupational disease of business executives. It drains business of brain power, training and leadership.

The term "heart disease" covers a broad variety of different diseases.

Most of these diseases are unrelated. But all involve the circulation including the heart and blood vessels.

The three most important forms together account for about 90 per cent of all heart disease. They are rheumatic heart disease, which is caused by rheumatic fever; coronary heart disease, caused by hardening and narrowing of the coronary arteries (arteriosclerosis); and hypertensive heart disease, resulting from high blood pressure (hypertension).

Congenital malformations of the heart, present at birth, are estimated to account for about two per cent of all heart disease.

Syphilitic cardiovascular disease, which appears as a late result of syphilis, is now among the less frequent types.

Rheumatic fever frequently attacks the heart, resulting in rheumatic heart disease. It causes a large percentage of all heart disease at all ages and 90 per cent of heart disease in children.

Rheumatic fever and rheumatic heart disease are responsible for almost five times as many deaths as infantile paralysis, whooping cough, diphtheria, scarlet fever, measles and cerebrospinal meningitis combined.

It is estimated that more than 1,000,000 people in the United States today are suffering from rheumatic fever and rheumatic heart disease.

SCHOOL DAYS

BULL LAKE PHILOSOPHER AGREES WITH EXPERTS WARNING AGAINST WEARING SOIL OUT IN EMERGENCY

I was out here yesterday still trying to thaw out from the cold spell we had, as far as I'm concerned the kind of weather we had during that spell can just skip me from here on out. Most folks spent the time worrying about their livestock but after the temperature goes below 32 I stop worrying about my cows and start worrying about myself, at any rate after the sun came out and I was convinced it was going to stay out a while I eased out of the house and wandered around and found a copy of a newspaper which had frozen stiff during the blizzard but was now as limp as the day it came off the press and picked out a sunny spot and started catching up on the news.

After I caught up on the war news, found out which side had Seoul this week and what the United Nations was voting on, they've got their voting down pretty now but ain't had much luck getting anybody to pay any attention to the results. I got on down to the home front news and read where an agricultural expert has been worrying about farmers doing too good a job this coming year in meeting the nation's production needs. This expert was warnin' farmers in their all-out effort to produce not to harm their soil through over-enthusiasm to produce more.

This may be good advice for some farmers, but I will appreciate you telling the experts from Austin to Washington that with all the things they got to worry about they can ease their minds when it comes to worrying about me producing too much. I stopped weeding out my soil years ago, not so much on account of what it was doing to the soil as what it was doing to me. If there's anything I can do, it's hold the line when it comes to getting over-enthusiastic about plowing. Me and the experts see eye to eye on that. And if it don't rain around here my neighbors may not produce any

INFORMATION FOR VETERANS

QUESTIONS AND ANSWERS

Q—Yesterday a salesman came around selling subscriptions to a veterans' magazine which he was endorsed by VA. Is that true?

A—No. VA has never endorsed any magazine or other publication. The salesman was misrepresenting the facts and should be reported to the proper authorities.

Q— I just received a small inheritance and I'd like to pay my GI home loan in full. Is that permissible?

A— Yes. All GI loans may be paid off ahead of the due date, without fee or penalty on the veteran's part.

Q— I am conducting a GI job training program in my commercial garage, and I want to increase the wage scale of the trainees. How do I go about it?

A— Notify the State Approving Agency in your State. That agency, in turn, will inform VA of the new wage scale, so that GI subsistence allowance payments can be adjusted accordingly.

Q— My husband, World War II veteran, died recently. What will happen to the GI loan he obtained for our house?

A— You may take over his GI loan contract and keep making payments on your home under its terms.

Q— I am a World War II veteran who lost a leg in service. Last summer I applied for an automobile under the "cars for amputees" law that limited the cost to \$1,600. But I had to go back to the hospital and never received the car. I did receive a certificate of authorization from VA. May I use the certificate now, under the new law that allows VA to pay \$1,600 toward a car that costs more?

A— Yes.

more this year than I do, and it's frank to say there ain't no nation on earth can win a war on that sort of production.

Yours faithfully,
J. A.

Congratulations To....

Mr. and Mrs. James Arthur Green, Jr. of Bula on the arrival of a son Wednesday, January 21, at the Littlefield Hospital. The infant weighed 7 lbs., 4 oz. and has been named Sheridan Green.

And to Mr. and Mrs. Lowell Irvin St. Clair of Muleshoe on the birth of a son at the Payne-Shotwell Foundation, Tuesday, January 30 weighing 6 lbs., 14 oz. The boy has been named Johnny Irvin. Mrs. St. Clair was the former Dorothy Perry. Mother and son were released from the hospital and went home Friday.

Mr. and Mrs. T. E. Alair of Dimmitt, Rt. 1, on the birth of a son Friday morning at the Payne-Shotwell Hospital. The infant weighed at birth 7 lbs., 14 oz. and has been named James Davis. Mother and son are doing nicely.

Cpl. Turner Will Spend Six-Day Leave in Littlefield

Cpl. Eulis S. Turner, who is connected with the ground crew of the U. S. Air Force, and stationed at the Municipal Air Port, Memphis, Tenn., is expected home soon on a six days' leave.

He phoned his wife here Wednesday night of last week to the effect that he had six days leave, but that they were "iced in" and nothing leaving but trains; and that as soon as he could get a plane, would make the trip home.

Cpl. Turner, after serving six years in the Air Force, was released January, 1946. He had spent 18 months in the South Pacific during World War II. He was called back into the service in December last, and has since been stationed at Memphis, Tenn.,

Mrs. Turner is employed in the office of the Littlefield Hospital.

In this electrical era the metal tungsten is widely used for the construction of filaments for many types of light bulbs.

The rural free delivery service, which brings mail regularly to the farm home, was inaugurated in 1896.

Dignity Rules in Hallowed Halls of Texas Supreme Court at Austin

Austin, Texas — (AP) — The most dignified — almost hallowed — spot in the state capitol is up on the third floor where the State Supreme Court sits in solemn deliberation.

All may be bedlam down in the house and Senate on the second floor.

But at the stroke of 9 on each Wednesday morning, the nine members of the Supreme Court gather in their consultation room, march around the rotunda in the middle of the capitol and file into the courtroom in the north wing.

"Oyez, Oyez, the honorable supreme court of the State of Texas is now in session, pursuant to adjournment," cries the clerk at the door.

The court has been sitting in session in Austin since January 13, 1840, in the days of the Republic of Texas.

"There's been no break in continuity," said Chief Justice John E. Hickman. "New judges — they filter in, but the court goes right on. There's been no change in policy, and our policy is just trying to find out what the law is."

The chief justice and eight associate justices meet each Monday morning for consultation on applications for cases to be heard before their court. In a year's time they handle five to six hundred of these applications, known as writs of error, on appeal from a court of civil appeals. The court must decide whether it will grant a writ of error and hear the case.

Each Tuesday morning the court meets again to discuss opinions. Each case is assigned to a judge; he studies the case, sometimes for months, and then writes an opinion. This opinion is passed around to the other judges. If five of the nine members agree with the opinion, it is then ordered by the court.

Each Wednesday morning the court assembles in its courtroom and announces its decisions. After that, it listens to oral arguments from lawyers on cases. Just lawyers — no witnesses — appear before the court.

The rest of the week is left for research and study.

"Here we have opinions that have been delivered on every question in the English-speaking world. They have been the balance rules of equity and justice through the years."

"Sometimes a ruling works a hardship. But laws must be universal."

Once a case has been decided by the state Supreme court there is no appeal except in a case where a man believes that his rights of freedom under the Federal constitution have been deprived. Then he goes to the U. S. Supreme court.

"Very rarely has the United States Supreme Court reversed the state supreme court," Justice Hickman said. "I recall once in the past 15 years in the case of a labor organizer who did not have a certificate of permit under the state law."

The court of criminal appeals handles all criminal cases such as murder, rape and assault. The supreme court handles all else — personal injury, workman's compensation, land title, oil litigation,

condemnation, and breach of contracts. "A kaleidoscopic view of the whole of human living comes before us every week," Justice Hickman said.

"Instead of being very dull, it is very exciting."

Justice Hickman went on the court of civil appeals at Eastland in 1927. In 1935 he became a member of the commission of appeals, which worked with the state supreme court, then composed of

"Rocky Mountain blizzards couldn't stop me!"

"The two winters I tested new Conoco Super Motor Oil—as one of a group picked to prove its winter wear-fighting ability—we had the worst weather in years. Blizzards came in on top of blizzards. The temperature went to the bottom and stayed there.

"BUT MY CAR ACTED LIKE IT THOUGHT IT WAS JULY! With new Conoco Super that car performed better than it ever had. At the end of the test, with proper drains and regular care, gasoline mileage was practically as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Seefeld and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of drains showed this great oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to Conoco Super, now.

Area SC Group Elects Brownfield Man As Director

Jay Barret of Brownfield, chairman of the board of supervisors of the Cochran-Yoakum-Terry Soil Conservation Service district, was elected director for Area 1 at a recent meeting of soil conservation supervisors in Mineral Wells.

Counties comprising Area 1 are Farmer, Castro, Bailey, Lamb, Cochran, Hockley, Yoakum, Terry and Gaines.

The CYT District board met this week to hear Barret report on the Mineral Wells convention and to transact several items of business.

The board approved 15 farm plans for Terry and Yoakum counties, consisting of 6,470 acres planned for conservation practices during January.

The board also approved 14 applications for conservation planning consisting of 6,701 acres for this month.

Bucket Brigade Puts Out Fire at Courthouse

A bucket brigade got underway in the Court House Thursday about 11 a.m. in the office of the Justice of the Peace S. J. Farquhar, to put out a blazing waste paper basket, caused through a burning match accidentally thrown into the paper by Mr. Farquhar.

Much excitement was manifested for a few minutes and officers scurried to help put out the fire. The blaze was soon extinguished with no damage to the building, thanks to the prompt action of Jude Otha Dent and Mr. Farquhar.

Announcing... New DODGE "Job-Rated" Trucks

The trucks that do the most for you!

More powerful than ever! Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history! Eight engines—94 to 154 horsepower—with power increases as high as 20%!

You get the right power for your job... in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

NEW! Smarter styling! New beauty combined with massive, rugged appearance. New hood line for better road visibility. Roomy new cab interiors in contrasting colors—new comfort with redesigned seats.

NEW! Easier handling! Shorter turning diameters than ever before—for even greater maneuverability! More convenient steering wheel angle for greater driving comfort. New worm-and-roller steering gears for easier steering—plus all the ease-of-handling features that made Dodge "The Choice of Champions" in the 1950 National Truck Roadtest!

NEW! Extra-quiet brakes! Another Dodge engineering first! New, molded, tapered Cyclobond brake linings contact brake drums with smoother, more even action—practically eliminating brake squeal. Less tendency of brakes to "grab"—and lining life is greatly extended. Standard on trucks 1 1/2-ton and up, except for air brake models.

More than 50 brand-new features including...

- NEW SMOOTHER RIDE with new, "Oriflow" shock absorbers; standard on 1/2-, 3/4-, and 1-ton models.
- NEW EASIER LOADING with lower ground-to-floor height on all models through 2 tons.
- NEW EASIER BAD-WEATHER STARTING with new moisture-proof ignition and high-torque starting motor.
- NEW MORE ECONOMICAL PERFORMANCE with higher compression ratio—on all models through 1 ton.
- NEW EASIER-TO-READ INSTRUMENTS—now grouped in a cluster placed in front of the driver.
- NEW TWIN CARBURETION AND EXHAUST SYSTEM for greater power with economy—available on all high-tonnage models.
- NEW SMOOTHER ENGINE IDLING with "hotter" spark plugs; on all models through 1 ton.

A model to fit your job!

ANOTHER DODGE EXCLUSIVE! gyrol Fluid Drive now available on 1/2-, 3/4-, and 1-ton models.

Come in to see the new DODGE TRUCKS on display Saturday, February 10

TIRE STARTS GAS FIRE — Nobody was hurt, but windows were shattered 200 yards away when a truck load of acetylene and oxygen exploded at Austin.

Tex. Driver James Garcia said a rear flat tire ignited and set fire to the tanks of gas on the truck bed. The explosion photo was taken by B. R. Criswell, an

employe of the University of Texas Defense Research Laboratory. He happened by and stayed close enough to get the photo.

Cat Chasing Dog Learns Painful Lesson From 'Tame' Mountain Lion

FILLMORE, Calif. (AP)— The dogs around here will think a long time before they pick on Squeaky again. Squeaky is a young mountain lion captured in the woods by Agent Jesse Bice of the U. S. Wildlife Service.

The cat soon became the target of barks and snaps from all the dogs in the neighborhood.

At first Squeaky cowered and hissed in terror. As she grew, the hisses turned into growls. One day Squeaky, big as a dog herself, lost patience. She lunged and the chain snapped.

A policeman finally caught her, but she had gotten in her licks. The dogs, scarred and wiser, don't come around much any more.

delicacy called Haggis. Britons are buying more of it now that the weekly fresh meat ration

Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful!

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

Olympic Games To Be Restaged At Original Site

ALEXANDRIA (AP)— The athletic feats of ancient Hellas will be revived next fall in this city founded 23 centuries ago by Alexander the Great.

Ten nations have accepted to send their stars to the First Mediterranean Games, to be held here October 5-20. The Egyptian Olympic Committee has listed Spain, France, Italy, Yugoslavia, Greece, Turkey, Syria, Lebanon, Monaco and Egypt as entrants. Malta also is considering taking part.

An Olympic torch, kindled at the ancient temple of Karnak, will be carried to Alexandria by some 1,000 runners. Each runner will take it for a short leg down a 500-mile stretch along the Nile river. The flame will burn throughout the games.

The scene of most of the games will be the Fouad I Stadium. Built in 1929 under the late King Fouad, it has a seating capacity of 30,000.

It is planned to hold the Mediterranean Games every four years.

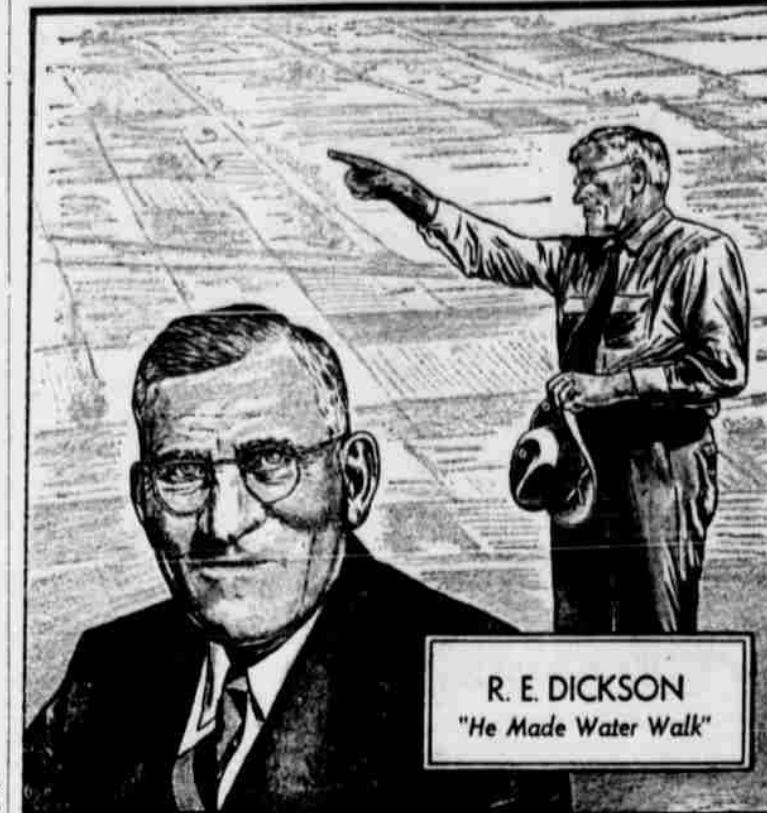

SAILS TO MALAYA

PENANG, Malaya (AP)— A 35-year-old American, after sailing 16,000 miles in his own yacht on a round-the-world tour, has found the people of Far East "very friendly." Alfred Peterson, from Brooklyn, New York, reached this North Malayan port after visiting several islands in the Pacific, Sydney, Port Moresby, Bali, Sourabaya, Jakarta, Singapore and Port Swettenham, after piloting alone his 33-foot, 12-ton "Stormway." He is a toolmaker by trade and a bachelor.

First ship of the new American Navy to go to sea was the Ganges in 1798.

The Mississippi Delta is advancing into the Gulf of Mexico at the rate of 260 feet a year.

Our first state college—Texas A. and M. is now in its seventy-fifth year

On the rolling plains of West Texas, where an annual average rainfall of 20 inches creates the most serious problem for agriculture, Ray E. Dickson will be long remembered as "the man who made water walk." In his 36 years as superintendent of the Texas Experiment Station at Spur, this Texas A. and M. researcher led the way to full use of the country's precious rainfall through development of sryrup-pan terraces. He learned and then preached that the rainfall of the plains country was sufficient, if properly conserved. He proved that water conservation is the quickest way to soil saving. On the basis of his pioneering much of the work of the national Soil Conservation Service was established.

The Sahara Desert of northern Africa is the largest arid region in the world.

latitude as northern Germany, is 40 degrees colder in January.

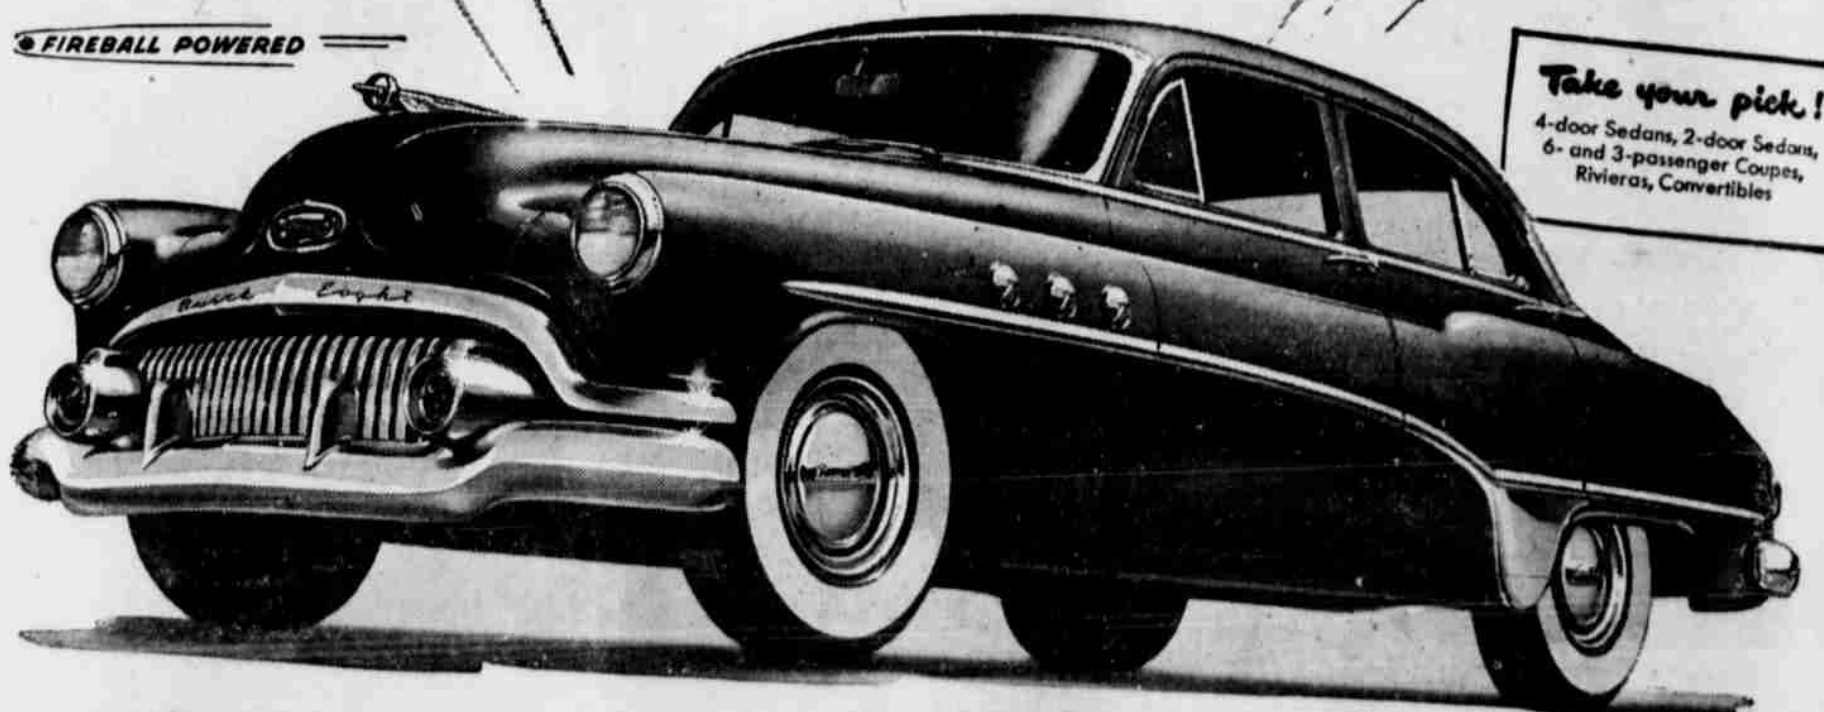

The northernmost point in the United States is in Minnesota; the southernmost, Cape Sable, Fla.

Labrador, which is the same

New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horse-

power with standard transmission—128 with Dynaflo Drive.*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road. That title, in three words, will be: "Thriftiest Buick Yet!"

*Standard on ROADMASTER, optional at extra cost on other Series. Standard equipment, accessories and trim illustrated are subject to change without notice.

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

No other car provides all this:

Dynaflo Drive • Fireball Power • Torque-Tube Drive • Dual Ventilation • Push-Bar Forefront • Dreamline Styling • White-Glow Instruments • 4-Wheel Coil Springing Body by Fisher
