

# CITY COMMISSION MEMBERS FILE FOR RE-ELECTION JUST BEFORE DEADLINE

## Littlefield School Election Set For Saturday, April 5

### Trustees To Be Named Fill Vacancies

Christian, Howton, Cunningham and Wilson in Contest

Friday, April 5, has been set for the Littlefield School District election, at which two trustees will be elected, the terms of Jack and G. G. Wilson expiring.

### Farr Not Candidate

In an interview with Mr. Farr, he stated that he would not be a candidate for re-election. Wilson has filed for re-election.

Persons who have filed as candidates to fill the vacancies are: Jack Christian, wholesale agent for the company; W. H. Cunningham, Cunningham Pure Seed; and Troy Howton, barber.

### Deadline 5 P. M. Wednesday

The deadline for filing was 5 p.m. Wednesday.

The board of school trustees at present time are: Dr. Wm. N. Christian, president; Frank Lehman, vice-president; and Buster Owens, Bob Jack Farr, G. G. Wilson and G. G. Wilson and G. G. Wilson.

Farr and Mr. Wilson have served three-year terms.

Patrons of the school district are invited to vote.

### Draft Meeting To Be Held March 31

Such as the Selective Service officers March 31, the last Lamb County draft board meeting will be held that date, according to Otto Schreiber, chairman.

Mr. Jones stated that it was requested that all draft members and clerks stay on for the time being.

Members of the Lamb County draft board are: Mr. Jones, chairman; and Mr. Schreiber and Mayor A. C. Schreiber.

### Operating Since 1940

The board has been operating since October, 1940—nearly seven years. Mr. Jones and Mr. Schreiber have served this entire period, and commendation is due these past hard-working men for the service rendered their county.

In an interview with Mr. Jones he said: "It has been a long time, and we are happy it is over."

### Volleyball Team To Andrews

The girls' volleyball team of Littlefield High school, accompanied by Coach Martin, coach, journeyed down last Saturday, where they played in the north half volleyball tournament, and beat Mule Creek, Levelland. They played for first place, but only received second place.

Second winners go to Andrews to play in the district volleyball tournament there this Saturday, starting at 10 o'clock a.m. They will be here at 7 o'clock on a Friday.

Teams which will participate will be Littlefield, Seminole, Denver City and Andrews.

Players who will make the team are: Delta Byers, Virginia Wuthers, Fred Price, Ottice Sullivan, and Virgean Fields and Brandt.

## Present Taxes Sufficient To Service Proposed Bonds

In regard to the bond issues which will be voted on Tuesday, April 1, W. G. Street, city secretary, has gone to considerable trouble in preparing a statement explaining the issues involved, as follows:

"Last week we discussed the matter of the bonds which the taxpayers have been asked to vote next Tuesday, April 1, at which election two issues are involved, that is \$65,000 for paving or street improvements, and \$10,000 for park improvements. Thinking some confusion may still exist in the minds of some of the voters, we are touching upon the matter again.

"Strange as it may seem to some voters, and this would be a justifiable conclusion, the outcome of the election on these two issues WILL NOT AFFECT THE TAXES IN ANY WAY. The city of Littlefield is in a very peculiar position as towns go in regard to taxes, for the maximum rate of \$1.50 on the \$100 in valuation is set by the statutes of Texas and a minimum rate of \$1.50 is set by a decree of the federal court, which is still in force. Under these conditions, the city commission is without authority to vary this tax either way during the life of the present outstanding bonds, which still have twenty years to run.

During the past week it has been suggested to this writer that maybe the tax rate may be fixed by law, but the valuations are not, and the city commission can increase tax values from time to time. This is a mistake, for the city commission is ABSOLUTELY WITHOUT AUTHORITY TO SET TAX VALUES, and all matters regarding tax valuations must be handled by a BOARD OF EQUALIZATION composed of at least THREE PROPERTY TAXPAYERS. The city commission cannot sit as a board of equalization and no member of the commission can serve on the board. As we stated last week, the matter of valuation was very thoroughly gone into in 1946 by a board of five very able and efficient business men who are well posted on values of property in Littlefield. The result of the deliberations of this board set a total tax value of \$2,577,665 at that time, and every one knows that quite a lot of new construction has taken place since the 1946 tax roll was prepared and the total values this year, using the same basis as 1946, will be in excess of last year. \$1.50 PER \$100 VALUATION BASED ON THE 1946

## Womanless Wedding To Be Staged Here April 4 Under Aides of FHA Club Girls

TOTAL OF \$2,577,665 PLUS SUFFICIENT REVENUE TO SERVICE THE PRESENT OUTSTANDING BONDS AND LEAVE SURPLUS TO BE APPLIED TO OPERATING EXPENSES OF CITY, without taking into consideration the increase in values since 1946.

"If and when the proposed bonds are voted and sold the proceeds of the sale will be used as follows: Applying a seal coat to the present asphalt paving in the city and also in paying a portion of the cost of the new or proposed paving in front of each 50-foot lot and 33 1/3 per cent of the cost of the 140-foot side of each corner lot. All notes and outstanding contracts that have been signed on a basis of \$4 per foot will be credited when the bonds have been sold for either 10 per cent or 33 1/3 per cent, as the case may be."

A womanless wedding will be staged under the auspices of the FHA club girls in the auditorium of the Littlefield High school, Friday, April 4, at 7:30 p.m. Price of admission will be 35 and 50 cents.

The "bride" will be played by Billy Hall, and Archie Dale will play the part of the "groom." Other members of the cast will be announced later.

The school board recently installed new table-top stoves and an ice chest for the homemaking department and the girls will use the proceeds from play to cover the floors of the room and kitchen.

### ND MRS. KEITHLEY ILL

Mrs. J. W. Keithley are pits in the Littlefield hospital, who has been suffering from Bright's disease and a pneumonia hospital about field brought back to Littlefield of last week, and is expected well as can be expected.

### Red Drive Nearing

The Red Drive is nearing completion and is nearing portions of County, with quotas lagging on. The quota for this county is \$6500, with \$3500 collected. Littlefield's quota is \$2,000.

### L. M. Rat Laundry To Jimmie

A deal was made whereby L. M. Rat and Jimmie Bryan the Southsimmie and house building, including two with half share in the business. McCormick is retaining McIn the laundry business took possession Monday.

In an interview Tom Riff stated he was yet as to his plans.

Mrs. Curtis Chisholm major surgery at the hospital Wednesday.

## Allan McDonough Opposes Cheshier For Mayor's Office Two Bond Issues To Be Decided At Tuesday's Election

Last-minute filings in the city election to be held Tuesday, April 1, when a mayor and two city commissioners will be elected, were:

For mayor, A. C. Cheshier (for re-election), and Allan McDonough, Littlefield barber.

For commissioners, L. C. Hewitt and Lon Campbell, both for re-election.

Andy Houk filed as a candidate for commissioner, but later withdrew his name.

To Present Bond Issues, Also Besides the city general election, two other issues will be presented at Tuesday's election.

Taxpayers will vote for or against the issuance of bonds in the sum of \$65,000 for the purpose of construction and improvement of the streets of Littlefield, and for or against the issuance of bonds in the sum of \$10,000 for the purpose of improving lands in said city for park purposes.

### Bond Issues Explained

City Secretary W. G. Street has very capably explained bond issues to come up at Tuesday's election, and voters are urged to read this statement thoroughly, as it sets out in detail the questions which are being discussed, and which may not be clear in the taxpayer's mind.

It is the taxpayer's privilege to vote... so each taxpayer is urged to read the city secretary's statement and exercise his privilege by voting in Tuesday's election.

### Here's a Report On Brother Jim

Every newspaper editor receives a number of newspapers; in fact, a big armful every week. These newspapers come to the editors on exchange; in other words, "You send me your paper and I'll send you my paper."

Opening the Scurry County Times last week, the first thing that attracted our attention was a picture of Rev. Jim Sharp.

The announcement under the picture said that "Preaching for the pre-easter revival of the Snyder First Methodist Church, March 23, through April 6, will be Rev. Jim Sharp, pastor of the First Methodist Church, Colorado City."

Seeing Brother Jim's picture brought back a lot of memories. Outstanding was our recollection of the long hours and hard work that Brother Sharp put in in order to build the beautiful new Methodist church in Littlefield. In those days Rev. Mr. Sharp spent a big portion of his time in overalls. Brother Jim did all kinds of work in the building of the church, including serving as a brick mason.

Wherever Jim Sharp is serving as pastor, there you will find a preacher who is doing much more than his ministerial duties.

### LOCAL BAND TO PARADE THURSDAY

The Littlefield High school band will parade downtown Thursday afternoon to display their new uniforms recently received.

The money for the uniforms was raised by the band mothers and campaigns put on by the band, contributed to by the various service clubs, civic organizations and individuals.

## Anton Junior High Class to Present Three One-Act Plays

The Junior Class of Anton High school will present three one-act plays March 28, at 7:45 p.m., in the high school auditorium. These plays will be used rather than a three-act play, in order that more students may participate. Only two members of the class will not be seen in these plays. The class promises an evening packed with entertainment.

The first play to be presented is titled "Deep In the Heart of Texas," a story of mountain folk at their funniest. You have heard the song, "Who Threw the Overalls in Mrs. Murphy's Chowder"—well, you will find out in Mrs. Murphy's Chowder.

No evening would be complete without a murder, so you folks who crave mystery stories must see "Murder, They Say."

**Anton Teacher To Review Book**

Mrs. Becky Nesmith, English teacher in Anton schools, will give a review of the book, "The Miracle of the Bells" by Russell Janney, Friday night, March 28, at 8 o'clock, at the First Methodist Church in Littlefield.

The review is being sponsored by the Woman's Study Club of Littlefield as a club benefit and plans are to use a portion of the funds to buy needed reference books for the Littlefield library, a project sponsored by the club since 1913.

Mrs. Nesmith, who is a native of Mississippi, gave the review at a meeting of the Anton Study Club earlier this year, at which a number of the Littlefield club members were present.

Her charm of manner and beautiful presentation so delighted the Littlefield women present that they requested that she give the same review for the benefit here.

Mrs. Ivan Fowler will give a musical prelude for the review, playing the following selections on the organ: "Bells of St. Mary's," Nevin's "Rosary" and Schubert's "Ave Maria."

Mrs. Bill Pass, president of the Woman's Study Club, will introduce Mrs. Nesmith.

Tickets for the review are 50 cents for adults and 25 cents for students. Study Club members from neighboring towns, and anyone interested in reviews and libraries are urged to hear the review.

**Presbyterian Women Install New Officers**

The women of the Presbyterian Women's Auxiliary met at the home of Dr. and Mrs. Ira Woods Monday at 3:30 p.m., in their annual meeting, ending the fiscal year, and new officers were installed.

Mrs. W. H. Rutledge, outgoing president, conducted the business session, during which plans were made for the congregational meeting and supper which will be held in the church basement April 2, at 7:30 p.m., and the Presbyterian, which will convene in Littlefield April 28-29.

Following the business session, Mrs. E. A. Bills gave the devotional which she combined with a very impressive installation service. Along with the incoming officers, the previously elected officers received the charge of service.

Newly-elected officers are: Mrs.

**Nursery Children Enjoy Ride On City Fire Truck**

The nursery school, under Mrs. Quinton Bellomy and Mrs. S. E. Ayres, visited the local fire department Wednesday. Fire Chief Roles and Mr. Waldraven, chief of police, took the group for a ride on one of the fire trucks. Then Mr. John Nail took pictures to commemorate the exciting event.

The children, much to the delight of the fire boys, sang "Hear the Fire Bells!"

Next Monday will begin the last six weeks' period of the nursery school. The last period, which will end on May 9, will consist primarily of nature study. The children will spend most of the time outdoors.

studying different varieties of leaves, and bird charts.

The last excursion project was a ride on the Santa Fe train. Mothers who are interested in contact either Mrs. Bellomy or Mrs. Ayres.

The children who rode the truck were Maybelle Ayres, Bellomy, Bill Fowler, Edwin Fowler, David Holmes, Jane Rumbach, Brown, Teddy Stone, Chip Paul, Ralph Gerald Maurer, Renny Gary Rogers, Frances Rogers, Jefferies, Monte Dean Hall, Johnson, Kenny Wilemon, Hart, Paula Sue Jensen, Gay Gayla Jane Smith, Hadya Carol Jean Naylor and Kay Smith.

The children were accompanied several of the mothers.

### Goes To Austin On Water Bill

Mayor A. C. Chesher, Arthur Dugan and J. H. Lee will leave Sunday for Austin, where they will exercise their influence on the State Affairs committee to have House Bill 606, controlling underground water, killed. This bill declares that "underground" water belongs to the public, and would empower the state board of water engineers to issue permits for the use of such water. A similar bill was virtually killed for all practical purposes in a House of Representatives committee a short time ago.

To Go to Committee April 1 House Bill 606 will go before the State Affairs committee on April 1. If they think it advisable and that it should be passed, it will be sent to the House to be voted on, and then to the Senate.

### Funeral Services Held For Clayton Ray Coffey, Aged 3

Clayton Ray Coffey, aged 3 1/2 years, son of Mr. and Mrs. Clyde Coffey, of north of town, passed away suddenly Sunday, March 23, at 2:30 p.m. at the South Plains Co-operative hospital. The child had been ill only a few hours.

Funeral services were conducted Monday afternoon at 2:30 o'clock at the Ninth Street Church of Christ, Littlefield, with Bro. J. E. Allen officiating. Interment, in charge of Hammons Funeral Home, took place in the Littlefield cemetery.

Flower-bearers were: Misses Jackie Vance, Goldie Westmoreland, Polly Harris, Wanda Slansan, Ruby Brock and Laura Bell Pass, nurses of Amherst hospital, where Mrs. Coffey has been employed as nurse.

Pallbearers were Bobbie Ramsey, Paul McCormick, Don Brown and Paul Burns.

Clayton Ray was born August 27, 1943.

Surviving deceased are his parents, Mr. and Mrs. Clyde Coffey; grandparents, Mr. and Mrs. J. C. Hulse, of 3 1/2 miles northwest of town, with whom the child had made his home the past few months; and a half-sister, Violenne Davenport.

Mr. and Mrs. J. C. Hulse of Littlefield, and Mrs. and Mrs. Weldon Rowland of Bula are aunts and uncles of deceased.

### JayCees Plan Donkey Softball Game Here

Littlefield Junior Chamber of Commerce met Thursday night in a supper-meeting at the Starr Drive-Inn Cafe.

Matters pertaining to the rodeo and the securing of the stock were discussed.

The club also talked over plans for a donkey softball game, and it was decided to endeavor to get the same stock as used last year.

Wayne Brown, president, presided over the meeting.

### BUSTER TIDWELL RECEIVES DISCHARGE FROM ARMY

Cpl. Buster Tidwell, son of Mr. and Mrs. Tidwell of Bula, stationed at Greenville, S. C. received his discharge Friday, and arrived home Monday. Mrs. Tidwell is the former Miss Maxine Winters and is employed as bookkeeper with Henry's Pontiac Service.

On Corporal Tidwell's return to Littlefield, Mr. and Mrs. Pirron Winters, parents of Mrs. Tidwell, plan to accompany their daughter and husband to Soap Lake, Wash., so that Mrs. Tidwell may take treatments. They plan to remain there for two months.

Mr. and Mrs. Tidwell will live in Littlefield, and farm 500 acres of land owned by Mrs. Tidwell's father, Pirron Winters, south of Portales, N. M.

### LAST RITES HELD FOR MRS. NANNIE INGLIS

The J. T. McGowen family left Anton Wednesday of last week for Amarillo, to accompany the body of "Aunt" Annie Ingle to East Texas for burial. Mrs. Ingle passed away March 19 in Amarillo, at the home of her niece, Mrs. Lovelady.

She lived for many years with the McGowens in Anton.

### PLANTS DERIVED FROM CUTTINGS

Many of the common shrubs, trees and vines may be grown easily from cuttings, and although they can be planted most any month of the year, cuttings set out early will give you larger plants to put out in the open ground next fall.

Miss Sadie Hatfield, landscape gardening specialist of the Texas A. and M. College Extension Service, outlines this procedure for selecting and planting cuttings: Choose a limb that grew last year, one about the thickness and length of a new pencil. Be sure to select a healthy, unbruised cutting. If the plant has leaves, two or three left at the top of the cutting will make feed for the new plant. Plant your cuttings in rows, four to

six inches apart—in the garden or in a cutting bed. Leave only an inch or two out of the ground. If the cutting has no leaves, see that at least one strong bud is growing about an inch from the top.

Planting four or five extra cuttings for each plant that you actually need is a smart move, says Miss Wakefield. Then the surplus plants can be exchanged with neighbors, or given as presents when rooted in pots, cans or boxes.

Sharp, clean sand is good rooting soil, but Texas gardeners have been successful in rooting cuttings in all soil types which grow crops in the state. But good drainage and plenty of moisture are necessary in growing young plants, and a two or three inch mulch, and half-shade promote growth in the summer.

Miss Hatfield says almost all our plants, shrubs and trees can be grown from cuttings, except a few like peaches, pears, pines, oaks, cherry, laurel, photinia and Arizona cypress. And they may be grown from seed.

If you started your tomato plants, lettuce, cabbage, pepper plants, and other slow-growing vegetables in a plant bed six or eight weeks back, the chances are you'll soon be wanting to go to the garden with them.

Plant Bed Tips A few tips that may help you out on this job are that your lettuce and cabbage plants can be moved direct from the plant box to the garden when they are up around two or three inches high. But, with tomatoes, pepper and eggplant, it's a little different story. When these vegetables reach a height of around three

inches, they need to be thinned to a spacing of two or three inches apart. This calls for transplanting some of the plants into another bed or box. A few more weeks of growth . . . spread out in the larger box, which will give you sturdier plants when you do set them out in the garden.

Some folks like to take vegetables from the plant box and transplant them into small paper cups or tin cans, and this method does have the advantage of giving you a good mold or soil around the plant when you start to put it out.

Generally, vegetables that come out of the plant box and are transplanted into a second container need about three or four more weeks of growth. When they become vigorous and stocky, they're ready for the garden. And these added weeks of protected growth will make your plants grow off more quickly and set fruit earlier than when small plants or seed are used.

### SEWING MACHINES ARRIVE

Four new Singer sewing machines have been installed in the Littlefield High school home economics department. They arrived Wednesday. The Home Economics club has raised funds through two box suppers and the funds have been used for the re-decoration of the home economics rooms.

**Lamb Among High Ranking Cotton Producing Counties**

LUBBOCK, March 25—During the decade 1937-1946, Lubbock County led the South Plains and Texas in the average number of bales of cotton ginned per year, with an average ginning of more than 75,000 bales.

Second highest county on the Plains was Lynn, with an average ginning of 64,715 bales for the ten-year period. Other high ranking South Plains counties are Lamb, with a 46,248 average, and Hockley, with an average of 46,121 bales. Lynn County led the state in 1942, when 98,243 bales of cotton were ginned there.

Lubbock County ranked among the ten top Texas counties eight times out of the ten years, and was first in the state four of those years, 1937, 1941, 1943 and 1944. In 1946, the county ranked fifth within the state, despite a dry year.

In five years of the past ten, Lubbock County has ginned in excess of 80,000 bales. Top year was 1937, when a total of 163,500 running bales of cotton were ginned in the county, more than have ever been ginned in any other county in the state.

Mrs. Mary Dessen of five southeast of Littlefield is ill with pneumonia, and a patient at the Payne-Shotwell hospital. Mrs. Dessen makes her home with her daughter and son-in-law, Mr. and Mrs. H. H. Weige.

Mrs. J. C. Chaney visited from Sunday until Tuesday night of last week with her daughter, Mrs. Brode Puckett, and Mr. Puckett at Lubbock.

B. F. Eidson has been ill with influenza the past week and confined to his home. Mrs. Eidson is also on the sick list.

Mr. and Mrs. Chester Toney left recently for Portland, Ore., to make their home. Mr. Toney is employed by a neon sign company, and they like Portland fine, according to his mother, Mrs. C. E. Toney.

Mr. and Mrs. H. T. Bartley left recently on a trip to Midland, Fort Worth and Dallas. At Midland they visited their son and daughter-in-law, Mr. and Mrs. J. H. Bartley; Mrs. Bartley's sister, Miss Lucy Johnson, at Fort Worth. They returned to Littlefield Friday.

Mrs. J. W. McCormick, who has been ill and for the past ten weeks in Amarillo with her daughter and son-in-law, taking treatment, is much improved and expected to return home at once. Paul McCormick and his sister, Miss Catherine McCormick, went to Amarillo last week and Miss McCormick returned to accompany her mother home.

Mrs. Edgar Purvis left Thursday for Fort Worth to visit her daughter, Mrs. George Brewer, who suffered severe scalds on her hands. When sterilizing her baby's bottle the sterilizer tipped over and poured the hot water over her hands. Mrs. Brewer was the former Miss Angelina Evans.

Mr. and Mrs. Dee Chapman received a letter from Charles last week stating he had arrived in Cuba and that it was much warmer than in Virginia; was pretty country, with lots of flowers, etc. He stated he didn't think they would stay there long, as they are supposed to go to Europe May 1.

Larry Rice, who sustained severe burns on his neck, chest and body when he and a companion were roasting wieners in the backyard of the Rice home, about six weeks ago, is still in the Littlefield hospital, but is reported to be getting along as

well as can be expected. Skin was Saturday last grafted over his body where he had suffered the burns.

Mrs. W. H. Madden returned Tuesday of last week from Beaumont, Texas, where she visited with her son and daughter-in-law, Mr. and Mrs. Wayne Madden, who are parents of an infant daughter, born Thursday, March 6, weighing eight pounds. On learning the news, Mrs. Madden left here the day after the baby was born for Beaumont. The child has been named Emma Lee Christine. Mr. Madden is a chemist for the Firestone organization at Beaumont. Mrs. Madden's mother also visited them, and is remaining with her daughter for a time.

Miss Alyce Lynn Street of Borger spent the weekend with her parents, Mr. and Mrs. W. G. Street.

J. R. Farrell, AMMI/c (02) USNR, of Fort Worth, arrived Monday to spend a few days with his mother. He has been taking advanced training at Galveston Air Station, but is now on inactive orders.

Mrs. W. H. Thurmond of Seymour visited in the home of Mr. and Mrs. Otto Jones Saturday and Sunday. Mr. and Mrs. Jones accompanied her Sunday to Amarillo, where she is visiting her daughter, Mrs. George Stevens.

Miss Yvonne Smith underwent a major operation at the Payne-Shotwell hospital Saturday last, and is getting along nicely.

## Brownie Troop No. 2 Meet Thursday Last

Meeting of Officers A meeting of the officers will take place Saturday for the purpose of planning programs for the club and electing new officers.

## Lavender To Drive Lavender Auto

W. E. Lavender will drive a lavender automobile as soon as a Chrysler Windsor coupe, specially built and finished in a lavender color and to be used by Mr. Lavender as his personal automobile, arrives in Littlefield.

Mr. Lavender, in an interview Monday, stated that this car was being built and finished in a lavender color for his personal car, and that he expected it to arrive any day.

Lavender is not among the shades in which Chrysler automobiles are being finished, although cars are being finished in 20 different shades.

## City Mail Delivery Starts Here April 1

City mail delivery service will begin April 1, according to Postmaster W. D. T. Storey.

Also in an interview with the Leader, Postmaster Storey made the following announcement:

"Drop letters will be mailed at the rate of three cents per ounce, or fraction thereof, including delivery at letter-carrier offices."

Mr. Storey explained that the meaning of this information was that all letters mailed will have to carry three-cent stamps.

Around 65,000 veterans are applying monthly for admission to Veterans Administration hospitals or homes.

# Appeal Is Issued For Scrap Iron To Speed Up Machinery Production

Production of farm machinery and other items is being curtailed by the shortage of scrap iron. The sooner more scrap iron can be made available, the sooner factories can deliver more tractors and implements, the sooner automobiles, railroad stock and other equipment can be produced.

Supplies of pig iron have been as much as 25 per cent in many foundries. The need for scrap is as badly urgent now as any time during the war. The 60 to 90 days are the criticisms. After that, more scrap will flow from factories and other sources. This is the logical

period, too, because it is the one in which farmers can best devote time to the collection of scrap without detriment to their normal activity. In response to an almost unprecedented demand, the price of scrap has risen sharply, in some grades to almost twice wartime ceilings.

In the face of present shortages and the emphasis on scrap drives during the last six years, it may appear that use of scrap iron by steel mills is strictly an emergency measure. This, however, is not the case. New steel and new castings can be made from 100 per cent pig iron or 100 per cent scrap iron, or any

combination of the two. On the average, most steel mills use 50 per cent scrap iron and 50 per cent pig iron to make ordinary grades of steel, while foundries charge 65 per cent scrap and 35 per cent pig iron into their cupolas. Because scrap iron is iron or steel that has already been refined, its use shortens the process and lowers the price of new iron and steel. The country's supply of pig iron produced by smelting iron ore is limited by the capacity of existing blast furnaces. These are more than adequate to meet normal requirements. But present requirements are far above

normal. Generally, iron and steel used today for the manufacture of an automobile comes back as scrap in about seven to ten years. But because of the shortage of new automobiles and trucks and need for stripped repair parts, the automobile "graveyards" up to recently, have not scrapped old models in any volume. Also, during the war large quantities of other items. The supply of pig iron, limited to the capacity of iron and steel were supplied to our allies under lend-lease, and this potential source of scrap has been lost. Ships that were sunk, ammunition that was fired,

military equipment that was shipped abroad and not returned, all represent potential scrap that is irretrievably lost.

Meanwhile, in the fact of this understandable shortening of supply of scrap, steel mills and iron foundries have been attempting to operate at capacity to produce steel and castings to make up war-created deficiencies in farm equipment, automobiles, housing, railroad equipment and blast furnaces, steel mills and foundries is not now adequate. Scrap iron must fill the gap.

Scrap iron arises in every place where iron and steel is used. The supply is flexible as

compared to the rigidity in the supply of pig iron. Wartime losses and the present need for increased steel production, however, make it extremely urgent that we get every available pound of scrap to the steel mills and foundries with all possible speed. There is sufficient scrap iron in the country to meet the emergency. It's up to each of us to see that it is collected and brought in.

Western Wrecking Yard in Littlefield is buying scrap iron, and Lamb County residents are urged to gather up all scrap iron about their homes or farms and bring it in.

# LAMB COUNTY LEADER

VOLUME XXV. Littlefield, Lamb County, Texas, Thursday, March 27, 1947 NUMBER 1

### Why I Am Coming To Kansas

By ROGER W. BABSON

BABSON PARK, Fla.—Only a partial awakening can prevent World War II. If another war comes, some of our large coastal cities will be destroyed. The story should be given full force now to defend these cities; but, in addition, our government should now inaugurate a well-planned program of decentralization. This should include moving the important government departments from Washington, D. C., to the central area of the United States.

Naturally, the real estate and interests of these large cities violently fight such decentralization programs, but nevertheless should be insisted upon. Other populations may starve, or be killed if World War III

CENTRAL AREA IS KEY OF NATION

Whatever is done concerning the coastal cities, the people of the great central area should strengthen their resources, keep children at home and invest money where they make it. The central area will not only

be the freest from attack, but it is the richest and most self-contained of any part of the United States. When the rest of the country is panic-stricken and knows not where to turn, this central area should be prepared to take the leadership—unharmful, and in strong moral and economic position. Its 16,000,000 people will then be independent of the rest of the country and can be the nucleus of the new and better Democracy which will follow World War III if it comes.

The geographical center of this rich area is Eureka, Kansas, which also is practically at the center of the entire United States. To awaken the people of this central area to their wonderful opportunities and responsibilities, I am—purely as a gift—founding there a non-profit educational institution. I have named it Utopia College, believing that this central area should become the "Utopia" of America. The college work will be designed for adult men and women, given in short five-week

courses and limited to families now residing within this central area.

**EAST DRAINING CENTRAL AREA OF WEALTH, PEOPLE**

"As the future of America depends upon the people of this great central area, I am dedicating my life to help them. I agree with Bernard de Vota (see Harper's Magazine for January, 1947) that the large eastern cities have for years been draining this central area of its wealth and people.

My efforts will be directed to reversing this trend, believing that those who cooperate will both perform an important service to the nation and protect and increase their own property holdings through wise estate planning.

of Littlefield since 1935.

Deceased left a wife, Mrs. Iva Pearl Farrell, and eight children—four sons and four daughters. The sons are J. R. jr. of Dallas, Johnnie, Henry Knight and Tommy Ray, all of home. The daughters are Mrs. James Foster of Sweetwater, and Mary Catherine, Dollie Faye and Patsy Ruth Farrell, all at home.

Mr. Farrell is also survived by three brothers, Dr. J. M. Farrell, of Fort Worth; Jimmy Farrell, of McKinney, Texas; and Ernest Farrell, of Montana.

**PARENTS OF DAUGHTER**

Mr. and Mrs. Paul H. Odell are the parents of a daughter, born Wednesday of last week at San Diego, Calif. Mrs. Odell is the former Mrs. Jackie Eason and the daughter of Mrs. Minnie Eason, of this city. The child was named Paula Kaye. Mr. Odell is employed at Consolidated Aircraft at San Diego.

### Bussanmas Farm Home And Contents Burn

The farm home of three rooms and bath, owned and occupied by Mr. and Mrs. Harley Bussanmas, in the Rocky Ford community, was burned to the ground, with all contents, about noon Wednesday of last week.

Mr. and Mrs. Bussanmas were visiting Mr. Bussanmas' parents, Mr. and Mrs. E. J. Bussanmas, when the structure caught fire, and arrived home too late to save anything. Those who witnessed the blaze stated the entire building burned to the ground in about 45 minutes.

The fire is said to have started in the bathroom from a leaky gas hose, the blaze spreading from the bathroom heater to the escaping gas.

There was no insurance on either the house or contents, according to Mr. Bussanmas, who stated that friends and neighbors in the Rocky

Ford community had presented them with gifts of money and other articles.

Mr. and Mrs. Bussanmas are very appreciative of this assistance.

**Lions Club Meet At Starr Drive-Inn**

The Littlefield Lions Club met Wednesday night of last week at the Starr Drive-Inn Cafe, with Paul Pharris, president, presiding.

Among the routine matters discussed was the changing of their regular meeting to Wednesday noon instead of night.

**ATTEND FUNERAL**

Mrs. T. J. Pate, of near Anton, went to Fort Worth last week to attend funeral services for two nieces (Frasiers who were killed in a train-car collision near Fort Worth.

**FRANKLIN WINNER . . .** The 1947 Franklin medal, highest honor of the Franklin institute, has been awarded to Dr. Enrico Fermi, 46, physicist at Nuclear Research Institute, Chicago, for outstanding work in the field of atomic energy and physics of neutron.

### Last Rites Held For J. R. Farrell

Last rites were conducted Thursday afternoon at 3:30 o'clock for J. R. (Jess) Farrell, 49, of Littlefield, who passed away Tuesday, March 11, at 8 p.m., at the Amherst hospital, as the result of a heart attack.

Funeral services were conducted at the Missionary Baptist church, with Rev. Weldon B. Meers, pastor, officiating. Interment, in charge of the Hammons Funeral Home, took place in the Littlefield cemetery.

Mr. Farrell was born May 8, 1897. He was a veteran of World War I, and was gassed during that conflict. He had suffered from asthma for 20 years, and was stricken with a heart attack about 2 p.m., and passed away at 8 o'clock the same day.

He was a mechanic and a resident

can Dairy Association, held in Chicago, where he was re-elected a member of the ADA board of directors and also to its executive committee. Also elected to the national board were Grady Walker of Corpus Christi, and Henry Teubel of Tulia.

The new sales-making business program formulated at the nation-wide congress of dairy leaders in conjunction with the ADA annual meeting, calls for an investment of \$5,000,000 over a three-year period for industry-wide, nation-wide advertising, merchandising and research.

The business action program, according to Dieterich, is aimed at accelerating improvement of the American diet, building markets for butter as more becomes available, and expanding markets for all other dairy products, such as milk, cream, ice cream, cheese, evaporated and dry milk.

**Greater Sales Volume**

With a battle cry of "Sales; Not Surplus," the farmer-financed American Dairy Association, commonly known as ADA, has been charged by the dairy industry with responsibility of carrying out the program designed to keep the dairy industry "standing on its own two feet" and preventing the pile-up of ruinous surpluses, such as those which followed World War I.

Adoption of the program, it was stressed, reflects the dairy industry's faith that "America's economic outlook is nowhere near as gloomy as the bearish picture painted by textbook-thinking economic evangelists who are trying to sell America on another depression."

"Actually," the industry spokesman said, "the program underlines confidence that we are a nation facing 'the best years of our lives' with more people at work and fewer out of work than at any time in history. Income at its highest and needs at their greatest spell out a combination that turns its back on dismal depression talk and looks confidently to a business horizon far beyond the imagination of five years ago.

At the meeting of members, two new states, Ohio and Mississippi, were added to the association's membership, bringing representation to 36 states producing 90 per cent of America's milk in a united industry program financed through voluntary payment of one cent a pound on butterfat, or its milk equivalent, which they market during the month of June. Collections are made once a year at processing plants and turned over to ADA as the promotional organization of the dairy industry carrying out the program.

"This program," the ADA official said, "is one of self-help—not one that looks to a debt-burdened government for its financial support. It calls for salesmanship and showmanship by the dairy industry. With prices down from their peak levels, it is time to use salesmanship again. The new program, in effect, hitches the dairy cow to the powerful business force of advertising which, like dairying, has helped to build America to the highest living standard in the world."

**Big Advertising Program.**

He emphasized that use of the selling power of advertising is basic to maintaining the war-time advances in milk consumption, 30 per cent above pre-war levels, and especially to speeding up sales of butter as churns, so often idle during the war, once again are turning out butter in the quantities America wants and needs.

"The fact that it took butter seven years to come back after World War I to its consumption level prior to that conflict," the ADA leader stressed, "is a signal for us to give every ounce of promotional support that we can to this food product so vital to America's enjoyment and nutrition."

D. T. Caulson, Willmar, Minn., was re-elected president. New officers elected were: Vice president, W. J. Swayer, Chicago, Ill.; secretary, W. L. Hendrix, Boise, Idaho; and secretary-treasurer, C. R. Schoby, Bode, Iowa.

**Dog Strays To Porcher Farm**

John Porcher reported to the city office recently that a small black and tan dog, short-haired and attached to his collar, was brought to him last week, and was brought to town by Porcher to the Porcher home.

Mr. Porcher says the dog is the city of Littlefield 1947 tag No. 18 and the name H. L. Phillips is attached to his collar. Owners have this dog by proving possession. He may contact the John Porcher family by phoning 18, Littlefield. Mr. Porcher said he went to the trouble of contacting the city office to find who owned the dog, but could not find any address for Phillips.

Over 63,000 World War II veterans are studying farming right the farm under two Federal laws administered by Veterans Administration.

**BYRON PRICE**

Mr. Byron Price, U. S. Director of Censorship during the war and later vice-president of the Motion Picture Association of America, has been appointed Assistant Secretary-General of the United Nations. He will head the Department of Administrative and Financial Services, succeeding Mr. John B. Hutson, who recently resigned his post.

Veterans Administration now has about 130,000 employees eligible for veterans' preference. They comprise 60 per cent of all VA employees, male and female.

**WAR II VETS PICKET IN OHIO . . .** Approximately 1,000 veterans of World War II marched on the Ohio capital, Columbus, to apply maximum pressure on authorities for a speedy solution of veteran problems. Arriving by bus, train and "thumb," they attended meetings of the legislature. A committee called on Gov. Thomas J. Herbers, veteran of World War I. The group marched with placards displaying their problems and wants, as shown above.

**Eggs Cost \$1,000  
At Canton, China**

When Wu Yi, student from Canton, China, attending the University of Texas, eats her egg at breakfast each morning, she calls to mind the news from her home that eggs cost \$1,000 each now in China—or about \$3 in American money.

Wu Yi is a pretty, thoughtful young woman whose aim in life now is to return to her country to be a teacher in an orphanage. She got her first experience in working with homeless children during the war and, after seeing their great need, decided to further her studies in sociology and child welfare, then return to take up her work.

So last fall she enrolled in the University of Texas for graduate work in English and sociology. She is doing research on the teaching of English to Chinese students. She taught English in Lingnan University in Canton after her graduation in 1944, and then became superintendent of the Refugee Children's Center.

Wu Yi is a Christian, and a member of the Austin Baptist Church.

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
  - 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.
- Try Cardui. If it helps, you'll be glad you did.

### Smart Rooms Wear Stripes

**F**ASHIONABLY important and drawing special recognition in today's scheme of decoration is wall paper. Whether you are furnishing a new home or redecorating an old one, one of the cleverest ways to start out is to settle the wall problem. Once this has been decided, it is smart to coordinate the rest of your furnishing plans to the background the walls provide.

For example, choose a stripe in a wide, rich green and white, to accent the mood of a living room. This type of wall paper furnishes a dramatic background for the classic simplicity of the decor.

There are variations on the

stripe theme—the width and coloring should keynote the desired formality or informality you want to emphasize.

Striped paper can be utilized in a myriad of ways—use it on all four walls—use it in combination with plain papered walls, either just one wall of the room, or on all but one wall. Stripes can be used most effectively coordinated with floral print paper.

There are so many stripes available today, in all sizes and colors, that it is possible to choose the one which will contribute the most to your room's charm and livability.

### Elton Carrell Opens Barbecue Pit At Tenth and Phelps

Elton Carrell, who has been employed as chef at the Elliott Hotel Coffee Shop, Odessa, Texas, arrived home March 1, and is opening a barbecue pit at his home, corner Tenth Street and Phelps Avenue.

Mr. Carrell is handling hot barbecue daily, barbecue on buns, and other supplies for Mexican meals—tortillas, etc.

He was discharged from the service a year and a half ago after serving four and a half years with the 33rd Division in the Southwest Pacific.

### President Truman Is Sponsoring Nation-Wide Program To Cope With Growing Fire Loss

Faced with an average annual toll of 10,000 deaths from fire, together with property losses which exceed \$560,000,000 in 1946, President Truman is sponsoring a nation-wide effort to cope with the fire menace.

The President's Conference on Fire Prevention is now past the formative stage and a volunteer staff is at work preparing for the meeting, which will be held May 6-8 in the departmental auditorium in Washington.

**Recommendations Being Prepared**  
Representatives of municipal and state governments, federal agencies, and of non-official organizations with a basic interest in fire prevention have been organized into a co-ordinating committee to draft an agenda for the conference and to appoint committees which will prepare recommendations to be submitted to the conference as a whole.

Especially because of his past experience as chairman of the President's Highway Safety Conference, held last May, President Truman has appointed Major General Philip B. Fleming, Federal Works administrator and administrator of the Office of Temporary Controls, to be general

chairman of the fire prevention conference. W. E. Reynolds, commissioner of public buildings, Federal Works agency, has been named chairman of the co-ordinating committee, and A. Bruce Bielaski, assistant general manager of the National Board of Underwriters, has been named executive director.

**10,000 Deaths Annually**  
"The action program adopted at the President's Highway Safety Conference is being increasingly applied throughout the country," General Fleming said, "and the ratio of traffic fatalities to miles driven has been greatly reduced. I am confident the same sort of concerted effort will drastically reduce fires which, during the last decade, have resulted in an average of 10,000 death a year."

"The fire toll has been rising since 1934, and 1946 was the most destructive year in our recent history, with a property loss of \$561,487,000. This was 23 per cent greater than in 1945. December, 1946, showed the heaviest fire loss for any single month in the last 16 years—\$58,094,000. This unnecessary, appalling waste of lives and property can be reduced by

### Amputee Vet Teaches Driving

JAMES W. REDDING (right) who lost both legs in the Ardennes campaign, now drives a car with such perfect skill and control that the Plymouth Motor Corporation has employed him to tour the country teaching other disabled veterans to do the same thing.

He is shown here instructing Melvin Lubarsky, a paraplegic patient at the Veterans Administration Hospital at Hines, Ill. Lubarsky lost the use of both legs as a result of spinal injuries suffered at St. Lo, France.

Redding was a paratrooper who made his first combat jump seven hours before H hour of D day. He holds the Purple Heart, the Bronze Star and the ETO ribbon with three battle stars and two invasion arrowheads. Lubarsky, an infantryman, was awarded the Purple Heart, the

Combat Medal and the ETO ribbon with two battle stars.

The car which Redding uses is equipped with the simplified driving controls developed by Chrysler Corporation engineers in conjunction with Plymouth and which compensate for arm and leg disabilities up to the loss of both legs, as in Redding's case. Ingeniously, control of clutch, gas and brakes is centered in a single lever mounted on the steering column.

The new Plymouth, including its set of simplified controls, will be available at government expense to those veterans of World War II who have lost, or lost the use of, one or both legs at or above the ankle; provision for payment by the government, up to \$1,600, is made under Public Law No. 663.

Mrs. Eva Stanaford of Nimrod, near Cisco, Texas, returned to her home recently after spending the winter with her daughter and son-in-law, Mr. and Mrs. Doss Maner, six miles south of Littlefield.

Accompanying Mrs. Stanaford home were Mrs. Doss Maner and Mr. and Mrs. Wayne Maner, who remain-

ed a couple of days at Nimrod before returning to Littlefield.

Mrs. Stanaford was called here due to the death of a close friend and neighbor, L. D. Allen, of Cisco.

### Apple Tree Versus Wheat Field

If you ever visit Jeb Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Jeb, "is nature's noblest creation—fifty years, and bearin' still the finest cider apples in the county!"

But last fall, when a group of us was there, Lud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeb goes to the icebox for beer and cider. And when the refreshments come, Lud chooses cider, and Jeb takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.

**Educational Program Needed**  
"The Highway Safety Conference found that education, enforcement and engineering are the keys to highway safety. I believe these 'three E's' also are the keys to fire prevention. We need widespread education in methods of fire prevention and control, more adequate laws and their rigid enforcement, and better engineering to make buildings fire resistant."

A staff under Commissioner Reynolds' direction, with offices in the Federal Works Agency building, will handle details relating to the conference. Invitation will be sent to governors, mayors and city managers, state fire marshals and municipal fire chiefs, and law enforcement officials, and to representatives of non-official organizations working in the fire prevention field.

Committees will be appointed to make advance studies of special as-

pects of the fire prevention problem, including enforcement, law revision, building codes, inspection, fire-fighting services, education and publicity, and to draft recommendations for the conference, General Fleming said.

**2,000 Delegates Expected**  
More than 2,000 delegates are expected to attend the conference, representing Federal departments, state, county and municipal governments and business and civic organizations with a basic interest in the fire prevention problem.

The conference will be in session for three days, during which, it is hoped, a co-ordinated program will be formulated that will revitalize the national effort to reduce death and financial loss from fire.

Members of the co-ordinating committee appointed to draft plans and policies for the conference met with President Truman at the White House on Jan. 28, 1947, for a preliminary discussion.

"The mill, located just east of the Muleshoe livestock barns, will be a two-unit enterprise and will take care of about two to three thousand acres of alfalfa," said Jones.

The vocational agriculture department of Muleshoe schools was opened by Jones in 1941, and has grown steadily. Since Jones returned from military service in January, 1946, the schools have employed two vocational agriculture teachers. A large registered Jersey program and registered hog program have been conducted successfully.

During World War II, Jones spent 23 months overseas and participated in four amphibious landings, including those at Saipan and Iwo Jima.

Construction is underway on nearly \$37,000,000 in contract awards for new Veterans Administration hospitals or for additions to existing hospitals.

**RESIGNS JOB AS AGRICULTURAL INSTRUCTOR**

Resignation as vocational agriculture teacher in the Muleshoe public schools has been given by Forrest Winford (Chief) Jones, who will become manager of Muleshoe Alfalfa Dehydrating mill.

He has served as vocational agriculture teacher since 1941, except for three years spent in the U. S. Marine Corps.

The resignation will become effective April 1.

## Miss Ranell Chaney and J. A. Rollins Wed At Manila

Miss Ranell Chaney, daughter of Mrs. J. C. Chaney, became the bride of Jack A. Rollins, son of Mr. and Mrs. C. R. Rollins, of Fort Stockton, Texas, Wednesday, March 12, at Manila, Philippine Islands.

Miss Chaney sailed on the SS Conquest February 19, accompanied by Mr. and Mrs. John Laurence, sister and brother-in-law of the groom, and their two children, who had lived in Cebu, P. I., for 15 years, and spent four years in a concentration camp during the war, and who were returning to Cebu after recuperating in the United States. They arrived at Manila March 10.

The ceremony was performed by Chaplain Arthur M. Frieberg in the Navy chapel at Manila, at 4:30 p.m. A Philippine woman played the wedding music on the piano.

The bride was charming in a wedding dress of white crepe, with net veil, trimmed with fresh white Marigold orchids, which were tied with white satin ribbon. She carried a white Bible topped by an orchid.

The bride was given in marriage by John Laurence, brother-in-law of the groom.

The bride's attendant was Mrs.

John Laurence. Her corsage was of orchids.

Marion G. Tully, a friend of the groom, formerly of Galveston but now of Manila, acted as best man.

Mrs. Rollins was graduated from Texas Tech, Lubbock, and was a member of the Fort Stockton High school faculty for the past two years.

Mr. Rollins is a graduate of Fort Stockton High school, and attended the University of Texas. He entered the United States Army in 1943, and received his discharge a year ago. He is now engaged in engineering work for the government.

The couple are living at the Manila hotel for the present, but expect to move to an apartment furnished by the government in the near future.

The bride's mother, Mrs. J. C. Chaney, received a letter from her daughter Friday last in which she stated that their wedding was a very simple but pretty ceremony, and that they were very happy.

Veterans Administration is authorized to accept gifts and donations for the benefit of veterans who are patients in VA hospitals.

### FRESH FROM THE FEED BAG

Small wonder the cotton bag is called a bag of tricks! But the beauty of the garments-from-bags stunt is that it doesn't take a skilled magician to do it. The housewife finds it simple sewing fun to make dresses like these from empty sacks. Included in the National Cotton Council's bag wardrobes are the glowing formal above; and the precision-made slack suit dyed denim blue.

## Mrs. H. A. Collins Honoree at Lovely Party Recently

A going-away party for Mrs. H. Collins was given in the home of Mrs. R. V. Armstrong Friday afternoon, March 14.

The hostesses of the occasion were Mesdames R. V. Armstrong, E. Wallace, Joe Wells, Pickrell, and L. Brawley.

As Mrs. Collins arrived, the guests sang "Red River Valley," substituted "City of Valley," which was followed by a reading given by Mrs. Joe W. entitled "Friends," after which a game was enjoyed.

The gifts then were presented to the honoree, and passed around and admired by all.

Refreshments of chicken sandwiches, pickles, potato chips, cookies and punch were served.

A poem entitled "Hell in Mexico" was read by Mrs. Joe W. In conclusion, the group sang "Be With You Till We Meet Again" accompanied by Mrs. Luke on piano.

The guest list included: Mesdames E. L. Price, Bob Cox, Ruth Zook, D. Chapman, Buster Lorenson, A. Rhodes, L. W. Cockerham, C. F. Cormick, W. A. Dyser, F. N. Hollis Smith, Effie Strange, H. Luke, V. C. McBee, A. H. Meade, J. C. Houk, R. L. Byers, T. A. son, Ed Womack, Bob Taylor, A.

## Miss Rose Sandefer and Thurmon E. Brown Wed Recently

Mr. and Mrs. W. B. Sandefer of Lockney are announcing the marriage of their daughter, Miss Rose Sandefer, to Thurmon E. Brown of Lubbock, son of Mr. and Mrs. J. T. Brown, of Littlefield, on Friday, March 14, in the First Methodist Church in Clovis, N. M.

The bride was dressed in a winter white wool dress with black patent accessories, and wore a corsage of fuchsia carnations, tied with white ribbons. For "something old" the bride carried a linen handkerchief given to her by her mother; for "something borrowed" she wore a string of pearls belonging to Miss Ted Sandefer of Littlefield; and for "something blue" she wore a blue satin garter.

Mrs. Brown was employed by the J. C. Penney Company in Littlefield until her marriage. The groom is an engineering student in Tech College at Lubbock.

The couple are at home at 2311 27th Street, Lubbock.

## Mrs. Reid Hostess To Methodist Women Recently

Mrs. M. P. Reid was hostess to the Methodist Women's Society of Christian service Monday evening, March 17, in the Reid home.

Opening hymn was "Breathe on Me, Breath of God."

Mrs. Paul Pharris gave the devotional, choosing Scripture from Mark 18:3-7; Matt. 10:14-15, after which the following program was rendered:

Solo, "Gentle Jesus, Meek and Mild," by Mrs. L. N. Bridges.

"Litany on Children," by devotional leader, with responsive readings by Mrs. Jack Wingo.

Hymn, "We Give Thee But Thy Own," sung by the group.

Mrs. Roy Wade had charge of the program, and gave a very interesting discussion on "Children and Their Council."

Mrs. Hoover discussed "The Child Attitude of the Church"; also "The Primary Children."

Mrs. Pharris discussed "Kindergarten Children."

Mrs. W. P. Kirk discussed "Ques-

tion on Church Methodism."

"Church Activities for Children" was discussed by Mrs. S. M. Dunnam.

At the conclusion of the program, Mrs. H. R. Bilderback had the honor of presenting to Mrs. Kirk, a life membership to the Woman's Society of Christian Service, as a birthday gift from her san and family, Rev. and Mrs. Kirk and family, of Slanton, Texas.

Mrs. Houston Hoover was elected delegate to the annual conference of Woman's Society of Christian Service, which meets in Big Spring, March 24-25-26. Mrs. W. B. Kirk will be alternate to this conference.

Refreshments were served to two new members—Mrs. W. B. Little and Mrs. Jack Wingo—and the following regular members: Mesdames Jack Wingo, W. B. Little, Paul Pharris, S. M. Dunnam, H. R. Bilderback, Van Clark, J. H. Lippard, Roy Wade, L. N. Bridges, W. S. Glenn, W. P. Kirk, Willis Giddens, and the hostess, Mrs. Reid.

Premiums collected on National Life Insurance policies in force with Veterans Administration on Dec. 31, 1946, was around 5,600,000, consisting of nearly 5,000,000 terms over 600,000 permanent plan policies.
