## Proclamation

**WORLD DAY OF PRAYER — MARCH 8, 1957**

WHEREAS, World Day of Prayer will be observed this year in 143 countries of the world where humble peoples living against a background of universal tension and uncertainty, will bow their heads and lift up their hearts to Almighty God in prayer and

WHEREAS, The United Church Women of Littlefield will join in this occasion with church women in communities throughout the nation and the world to form an articulate and inspiring chain of human prayer, and

WHEREAS, The troubled peoples in less fortunate nations than ours, and indeed even in our own beloved country need Divine Guidance as never before, especially as this is stimulated through prayerful communion,

NOW, THEREFORE, I Ray Keeling, Mayor of Littlefield, do hereby proclaim Friday, March 8, 1957 as

**WORLD DAY OF PRAYER**

in Littlefield and urge our citizens to observe this day by attending either the morning services at 10 a. m. or the evening service at 8 p. m. at the First Methodist Church, or if impossible to attend, to pause for a moment at one of these hours to ask the God of Grace and God of Glory to grant us the wisdom and courage to meet and successfully solve the profound problems of our times.

In testimony whereof,  
I set my hand and seal of office,  
March 1, 1957

Ray Keeling,  
Mayor of Littlefield

## Merchants Push Show

Littlefield merchants are going all out this week to make this the largest and finest Junior Livestock Show ever promoted here.

As a result, increased effort is being exerted by businessmen to raise funds for financing the project.

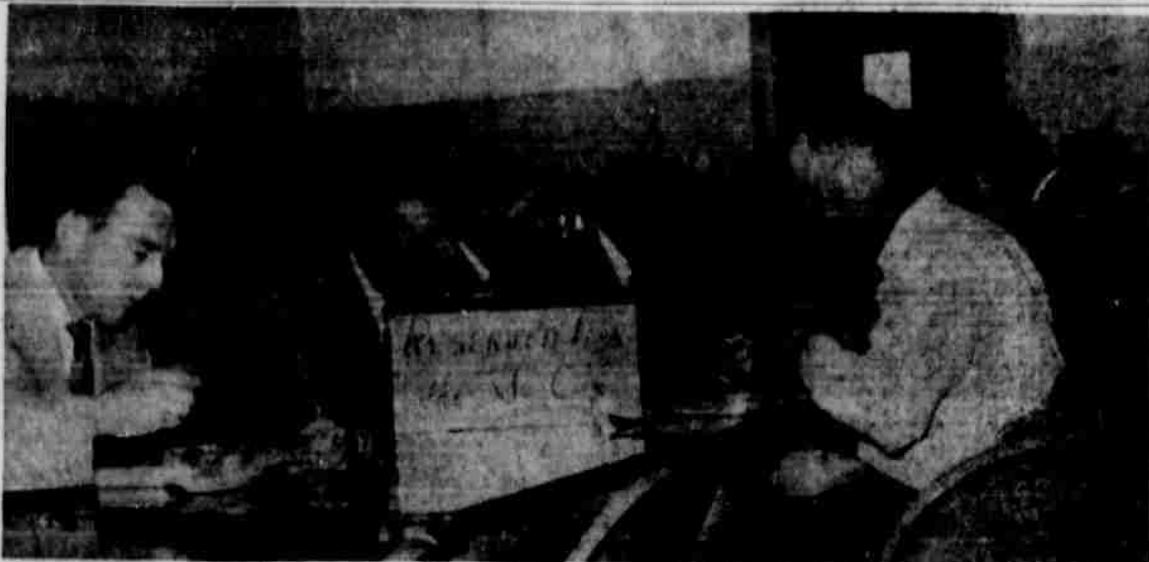

Farmers and businessmen alike realize the advantages of promoting the raising of better quality livestock in a farming community. Civic leaders the country over feel the best place to do this is among 4-H and FFA groups.

A goal of \$2500 has been set by Chamber of Commerce officials to be raised among local businessmen, primarily to finance the educational tour for the 35 to 50 winners.

In addition to having a long term effect in producing better livestock, the show is also a potent public relations project for the city as a whole.

Listed below are the merchants who had contributed to the show at noon Wednesday:

Pioneer Natural Gas Co. J. C. Hillbun  
Howard's Feed & Seed Co. Littlefield Butane Co.  
Sullins Farm Supply Heflin's Machinery  
C. H. Messer J. D. Dodge  
Staggs Drug (Continued on Page 6)

**PARENTS OF LITTLEFIELD** have joined the schools in observing "Public School Week" by visiting the classrooms of their children. "The attendance has been unusually good," one school official said Wednesday. Pictured above are member of the Jaycees who had lunch Tuesday at the school cafeteria. The Lions Club visited the schools at noon Wednesday and the Rotary Club will hold their weekly meeting there today. Open house continues through today. School will be dismissed at 2:45 for a faculty meeting today. There will be no school tomorrow when teachers go to Lubbock to an area teachers meeting.

### March 29 Named Junior High Night

#### Board Sets New Policy For Teen Town

The student board of Teen Town set March 29 as Junior High Night when the group met Monday night to plan activities for the coming month.

Under the board's new policy, senior high students will be invited to Teen Town only when they are the guest of a senior high student except on Junior High Night.

Likewise, no senior high student will be permitted to attend on Junior High Night unless they are the guest of a junior high member.

The overflow crowds each Friday night has necessitated dividing the group, a spokesman for the board said Tuesday.

Total membership is now almost 400. Over 200 students attended last Friday night.

The adult steering committee will meet tonight to consider a fund-raising project to help finance additional recreational facilities for the park.

March 22 has been named Birthday Night for the senior high group. Junior high students will celebrate birthdays of the members on March 29.

## Stanolind Stakes Offset; Bryce At 1920 Drilling

### G&C Auto Supply To Move Location

Owners of the G&C Auto Supply announced this week that they have leased the building at 4th and Harrell, and will move the firm in about two weeks.

The business which is presently located at 202 Littlefield Drive, is owned and operated by G. C. Chandler and his two sons, Odell and R. B. "Slick" Chandler.

The 50' x 50' brick building is being completely remodeled. The size of the building will allow the firm to increase its stock of auto parts.

The Chandlers moved to Littlefield seven years ago. In addition to their Littlefield operation, they own stores in Anton and Sudan.

### Absentee Voting Opens

Absentee balloting for the coming city election will begin next Wednesday, March 13, and continue through March 29. Ballots may be obtained at the City Secretary's office.

A south offset to the Young No. 1 well, five miles southwest of Littlefield, by the Standard Oil Co. The young well is the discovery well for the newly-established Illusion Lake-San Andres field.

Drilling began this week on one of the two long stepout wells staked by Delfern Oil Co. Approximately five-eighths of a mile northeast of the pool opener is the No. 1 C. F. Bryce well which was drilled at 1920 Wednesday morning.

The slush pit for the No. 1 Brewster located about one mile east northeast of the discovery well, has been completed. It will be drilled on a 4500 foot ticket.

Potential is being tested on the Messer well north of town. The Texas company well was drilled to a depth of 4001 feet.

Pay dirt was hit last Wednesday on the L. C. Hewitt 6A well north of town.

The water in the new W.V.V. Smart well, one-half mile south of the Young well, which was brought in last week has been cemented off and perforation in the oil section is completed. The well will be swabbed natura and then acidized.

## Egg Production Tops 1,000,000

More than 1,000,000 caged eggs per week are now being processed by the Plains Egg Producers, Burl Blackshear, manager, announced this week.

A total of 700 cases was reached for the first time two weeks ago. Approximately 50 per cent of the production comes from Lamb County farmers. The remainder is shipped in from Morton, Turkey, Quidqua, Ralls, and Anton.

A display of XIT eggs was set up in the poultry show in Lubbock last weekend. According to Blackshear, 30 Lubbock stores are now selling the boxed XIT eggs. A large percentage of Lamb County stores have been selling the quality eggs for several months.

## Former Earth Woman Fined On Four Bad Check Charges

Mrs. Ben Northam of Vernon was brought to Littlefield Monday to face bad check charges in county court.

Mrs. Northam, who lived in Earth until a short time ago, was charged with passing four bad checks to Earth merchants for a total of \$75.69. In addition to making the checks good, Mrs. Northam was fined \$89.75, including court costs.

Charges were filed against the Earth woman on February 19 for bad checks she had cashed at B&I Variety for \$16.86; Market Basket, \$37.19; Ed Blair, \$9.14; Jack Hadaway, \$12.50.

Mrs. Northam was brought to Littlefield by Deputy Sheriff Ellison McNease.

### Methodists Hold Victory Dinner

All members of the First Methodist Church are invited to attend a Victory Dinner in the church basement at 7 p. m., Thursday.

The covered-dish dinner will be held in connection with the current building drive.

"We're running ahead of our expectations at this point", Rev. Harry Vanderpool, pastor, said Wednesday.

About 75 attended a workers' dinner in the church held Monday night. A total of \$35.94 in pledges was reported.

## Leon Pollard Sentenced For Theft Charge

Leon Pollard of Sudan was taken to Huntsville Tuesday after his probation was revoked by District Judge E. A. Bills, Saturday.

Pollard was convicted of burglary in April, 1955, and put on probation for three years. He was brought before Judge Bills Saturday on a charge of stealing \$20 from B. L. Thomas in Tahoka. He was sentenced to three years in the state prison.

Also taken to Huntsville Tuesday by Sheriff Dick Dyer and Shorty Randolph of Earth were Buford Rogers, convicted last week for the armed robbery of E. C. (Buck) Ross, and Gus Blaylock, Olton Negro who was given a 25-year-sentence last week for the murder of his wife in October. Rogers was given a 10-year sentence.

### Driver Released On \$2,000 Bond

Marvin James Stone, 34-year-old Lubbock man who was the driver of a pickup which overturned south of Olton Friday night, was charged with murder with a motor vehicle Monday and released on a \$2000 bond.

Jo Nell Shelly, 26, also of Lubbock, the only other passenger in the truck, was killed instantly. Stone was only slightly injured.

According to County Attorney Curtis Wilkerson, Stone signed a confession Saturday morning admitting that he had been drinking whiskey and was "too tight to drive". Stone was held overnight in the Olton jail and moved to Littlefield Saturday.

A former resident of Olton, Stone is now employed by a septic tank company in Lubbock.

### Onion Planting Begins

A call went out Tuesday for 100 local farm laborers to set out 100 acres of onions on the Gallin-Langford farms west of town.

According to the employment office, the workers have been recruited.

### Trash Cans Installed

## New Park Facilities Added

Work continued this week on improvement of Littlefield's 27 acre city park.

Located amid large elm trees and mature shrubbery, the park is one of the real beauty spots of the area. The City commission is making an effort to develop the park and provide the facilities necessary to serve the entire county.

Six trash cans are being set in the ground near the new picnic tables this week. A dozen concrete tables were recently installed throughout the park. Six of the tables were financed by the Rotary Club and are centered with bronze Rotary emblems.

Subterranean trash cans are expected to be constructed near the other tables soon.

A white concrete post fence is being installed around the front of the community center to prevent cars from crossing the lawn. According to City Manager Guy McCraw, grass will be planted on the enclosed area this spring.

ACK WITCHER, a city employee, is shown working on the new trash cans located near the picnic tables in the City Park.

# Miss Luciel Collins Is Bride Of Doby Todd

The wedding of Miss Luciel Collins to Doby Todd took place Sunday at 3 p.m. at the home of Mr. and Mrs. James Burnett at 2802 East St. in Lubbock. Parents of the couple are Mr. and Mrs. Joe Collins of Rt. 2, Littlefield and Mr. and Mrs. C. M. Todd of Troy, N. C.

Rev. Harold Ayers of Lubbock read the double-ring ceremony before a background of emerald palms highlighted by candelabra holding pink tapers. Larry Turney played traditional wedding music and accompanied Miss Ruby Nell Benington as she sang "Whither Thou Goest" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a street dress of blue polished cotton with a matching cloche bonnet. Her flowers were white carnations. Candelights were Miss Nell Collins, sister of the bride and Miss Mary Coker.

Warren Cates of Lubbock served Mr. Todd as best man.

A reception followed the ceremony. The serving table, covered with lace over a pink cloth, was centered with a two-tiered cake topped by a miniature bridal couple flanked on either side by the punch bowl and an arrangement of pink carnations and greenery. Assisting in the hospitalities were Miss Ruby Garvin, Mrs. J. Davis of El Paso, and Miss Jill Welch.

For a trip to San Antonio Mrs. Todd wore a brown linen suit with accessories in brown and beige. Her corsage was of white carnations.

The couple will reside in Salina, Kansas where the groom is stationed in the air force. The bride is a 1956 graduate of Whitnall High School and has been employed in Lubbock.

# Miss Stewart Is Bride Of Lt. George William Laing

Miss Ava Elisabeth Stewart, daughter of Mrs. James Louis Stewart of Savannah, Georgia, and the late Mr. Stewart, became the bride of Lieutenant George William Laing, son of Mr. and Mrs. John Martin Laing, Sr., of Earth, Texas. The ceremony was solemnized by Dr. LeRoy G. Cleverdon in the sanctuary of the First Baptist Church, Savannah, March 2.

The program of nuptial music was presented by the Madrigal group of John B. Stetson University of DeLand, Florida. Jacob Ayers was soloist, accompanied by Dwight James Bruce on the organ.

The couple stood before a background of Smilax, palms and magnolia leaves, interspersed with cathedral candles and baskets of white flowers. Greenery and lighted white tapers were used throughout the church.

The bride was given in marriage by her brother, Louis John Stewart of Shellman, Georgia. She wore a gown of ivory delustered satin, fashioned with round neckline outlined by appliques of hand clipped imported Scotch lace, which continued down the front and adorned the front panel of the full chapel-length skirt. Her long tapered sleeves of lace came to calla points over her hands and fastened with tiny buttons. A finger-top veil of French illusion was arranged from a coronet of natural size pearlized orange blossoms. She wore an heirloom lavender, pearl and diamond studded.

The bride's bouquet was a cascade of Valley Lillies, Phalaenopsis and centered by a Cattleya Tiana orchid.

Mrs. John E. Marshall of Lake Jackson, Texas was her sister's matron of honor. She was gowned in jonquil yellow lace, waltz-length and of empire design. Her head-dress was made of matching tulle and seed pearls. She carried a cascade of blue tulips.

The bridesmaids, Miss Charlotte Tarrasus of Jacksonville, Florida, Miss Janabeth Laing of Earth, Texas; Mrs. Charles R. Lee of

Savannah, Ga.; and Miss Joy McGee of Winston Salem, North Carolina, wore gowns of leaf green taffeta and satin, fashioned identically to that of the honor attendant, as were their mitts and bouquets. They carried cascades filled with blue tulips.

The junior bridesmaid, Miss Virginia Sue Marshall of Lake Jackson, Texas, niece of the bride, wore yellow taffeta and satin fashioned after the honor attendant. She carried blue tulips.

The flower girls, Miss Rozane Stewart, niece of the bride, and Miss Carolyn Yonke, wore dresses of green crystalline with bouffant skirts, and carried baskets filled with rose petals.

Mr. John Martin Laing served as his son's best man and ushers were Dr. John E. Marshall of Lake Jackson, Texas; John M. Laing, Jr., of Earth, Texas; David Rick of Fort Worth, Texas; and George C. Yonke of Savannah, Ga. Ring bearer was Michael Malone.

Mrs. Stewart chose for her daughter's wedding a full length, gown of blue lace and net, a white orchid corsage.

Following the wedding a reception was held in Trinity House, which was decorated throughout with greenery, white carnations, tulips and snapdragons.

For her wedding trip the bride chose an apple green wool suit with bronze accessories and an orchid corsage.

Out of town guests were registered from Florida, Georgia, Massachusetts and Texas.

# Country Club To Have Spaghetti Supper March 12

A spaghetti supper at Littlefield Country Club has been announced for March 12, at 7:30 p.m. Bingo will be played during the evening. Members will be contacted for reservations.

# History Students Display Projects At Dunlap's

The seventh grade history class of Mrs. Fred Smith had on display in Dunlap's Department Store window this week projects made during a study of historic forts and missions of Texas.

Included were replicas of forts and missions, the first capitol building, maps of Texas, a replica of the old cannon "The Twin Sisters", flags. All were skillfully executed and represented much study and work on the part of the pupils.

The display was sponsored by the Littlefield Woman's Club whose members have made a study of old forts and missions and other Texas history. Mrs. Roy McQuatters, Sr., and Mrs. Kenneth Hinkle presented a program on Old Forts and Missions of Texas and showed slides made by Miss McQuatters in her travels over the state.

Mrs. McQuatters is State Chairman of the Committee on Old Forts and Missions. Mrs. T. L. Dunlap is district chairman of a Texas Feltlore and Texas Writers and Mrs. Kenneth Hinkle is District Chairman of Texas Wild Flowers. All are members of the Littlefield Woman's Club.

# Cookies, Cookies Anyone For A Box Of Cookies?

It's Girl Scout Cookie Sale time in the Caprock Girl Scout Council. Beginning Friday, March 8, girls in the Brownie and the green Intermediate uniforms will call on neighbors and friends in the ten counties of the Caprock Council, selling cream-filled sandwich and chocolate covered mint cookies. Each box sells for fifty cents.

Each Girl Scout troop is allowed only one money-raising activity during the year and most of the 3000 Scouts in the Caprock Council will be selling cookies. The sale ends March 22. Funds raised by this means will be used to develop and promote better camping facilities in the Council. Eighty cents out of each fifty cent sale will be used locally for our own girls.

Mrs. Chester H. Colbert is in charge of the Cookie Sale in Littlefield. Mrs. C. E. Slight, of Ardmore, chairman of AIT Neighborhood, is overall chairman for Archer and Littlefield.

# Roosevelt Dumps Bula Girls 84-78 At Abernathy

## Third Year For Roosevelt To Win In Bi-District Game

The Bula girls dropped their bi-district game to Roosevelt, 84-78 at Abernathy Monday night. This is the third straight season that Roosevelt has defeated Bula in bi-district play.

The highlight of the game was the scoring duel between Myrlene Nichols of Bula and Gloria Gammill of Roosevelt. Nichols won the contest dropping in 55 points but Gammill was close behind with 47 points.

Roosevelt's accuracy from the field proved the difference in this ball game. In the first quarter, Roosevelt hit 10 for 16 attempts from the field while Bula could manage only five for 15 attempts. Roosevelt added 10 free throws and Bula added 13 to their score to make the scoreboard read 30-23 in favor of Roosevelt at the end of that period.

Bula rallied in the second quarter with 2:14 remaining they had tied up the score at 37-37. With only seconds remaining, Miss Nichols grabbed the ball and shot a two handed set shot from 25 feet out. As the buzzer sounded to end the half the ball cut the cords and Bula went into the lead, 43-41. Bula was red hot with their shots from the field as they hit eight for 14 attempts while Roosevelt could manage only four for 10 tries.

In the third period, Bula held several four point leads but Gammill and Jones dropped in two quick field goals and with 2:27 to go the score was tied at 53-53. Another basket by Jones with six seconds left tied the score at 59-59 and the quarter ended there. Nichols hit 14 of Bula's 16 points during the period.

Roosevelt built up a four point margin early in the fourth quarter and went to to lengthen their lead to nine points at one time. Roosevelt led, 83-74 with only 52 seconds left in the game.

Roosevelt hit 58 percent of their

shots from the field and Bula managed only 45 percent of theirs. Miss Gammill the six-foot forward was the difference as she controlled the rebounds and was deadly accurate on her shooting.

Nichols was the high scorer of the game with 55 points and she was backed up by Betty Halford with 17 for Bula. Roosevelt was led by Gammill with 47 points and she was followed by Ann Jones with 22 points and Sue Williams with 11.

### SEEING DOUBLE?

Chester, Pa. — John O'Brien, patrolman, thought he was seeing double, when he spied two cars with identical plates — 8DK89. The two cars were parked in front of each other on a Chester street. O'Brien notified the owners, Mrs. Jean E. Johnson and Attorney Paul C. Van Dyke, both of Chester, and they in turn, notified the Bureau of Motor Vehicles in Harrisburg. A spokesman there acknowledged the error and pointed out the chances of such a thing happening are about one in 4,000,000.

# Sesame Is Second Profit Crop On High Plains Area

Sesame has won clear title as the No. 2 money-maker for the irrigated farmers of the High Plains. The new crop's position became clear with the announcement by the Texas Sesame Seed Growers that the 1956 crop of 3,300,000 pounds had been sold for \$341,880.00.

For many High Plains farmers this meant gross returns from Sesame of more than \$120.00 per acre — second only to cotton.

Robert L. Parker, executive vice president of Texas Sesame Seed Growers, production and marketing organization made up of farmers with headquarters here in Paris, Texas, gave this report: "Irrigated yields per acre were the best ever recorded. The average net price on the High Plains of \$10.34 per hundred to the grower is a record high. Most all of the Sesame produced was graded and sold as No. 1 quality seed."

The \$10.34 price compared with \$19.04 per hundred for the 1955 High Plains crop and \$9.60 for the 1954 crop.

Parker's organization, which has pioneered the production and marketing of Sesame, handles the bulk of the U.S. Sesame crop.

Farmers on the High Plains made the highest yields and profits on Sesame, Parker reported, but the 5-year-old crop continued to make gains in other sections of Texas, New Mexico, Oklahoma, Louisiana and Arkansas.

"It has been demonstrated clearly that there is a fine opportunity for this crop in the future," Parker said. "U. S. Sesame seed production in 1956 was only one-tenth of the total domestic market requirement, and we could have sold eight to 10 million pounds at the same good price had U. S. grown seed been available. The market will be just as big in 1957, and if we don't produce sufficient tonnage, buyers will return to foreign sources for Sesame seed."

The farmers of the High Plains achieved their record-breaking yields by following a simple formula developed jointly with Texas Sesame Seed Growers: (1) Good farming practices, (2) Thick stand, (3) High Fertility level in soil, and (4) Plenty of irrigation water.

Parker said that for the first time since domestic Sesame production began five years ago, irrigation farmers actually produced the yields which have always been expected.

Clayton W. Sanders of Farmer County, Texas, averaged 1,250 pounds of good seed per acre, a gross return of \$129.25 per acre, and a net profit of \$96.00 per acre after deducting total production and harvesting costs of \$33.25. Bill Wilson of Hale County, Texas, grew 1,180 pounds per acre, grossed \$122.00, had costs of \$29.65 and netted \$92.35. Weldon Bailey of Lynn County, Texas, averaged 1,200 pounds, grossed \$124.08, had costs of \$29.80 and a per acre net profit of \$94.28. These successes were duplicated many times over through the High Plains country.

"Sesame now has proved itself as a money-maker for the good farmer," Parker said. "The big problems of growing and harvesting and marketing have been removed and costs have been reduced. Most of the pioneering work is over, and an increasing number of farmers now are finding a place for Sesame in their cropping picture. Good profits will continue to lure more grain sorghum land in the irrigated areas and more corn land in the dry land farming areas into Sesame."

Parker said that his organization is already scheduling meetings of farmers of the High Plains and in the other production areas to demonstrate the latest and best methods of planting, cultivating, irrigating and harvesting Sesame. The Growers organization has produced a new color movie which illustrates in detail the various steps in the Sesame farming operation, Parker said. In addition, market prospects for the coming year will be presented at the meetings.

Parker said that Texas Sesame Seed Growers has reserved a sufficient amount of their special grown and processed best quality planting seed to plant enough Sesame in 1957 to produce between eight and 10 million pounds of seed. Varieties of seed being offered for commercial production this year are semi-shattering Renner No. 1, the new White Blanco and Rio Shatterproof. The seed is available either from seed dealers throughout the production areas, or directly from the Growers organization in Paris.

## Rescue Units CD's Good Samaritans

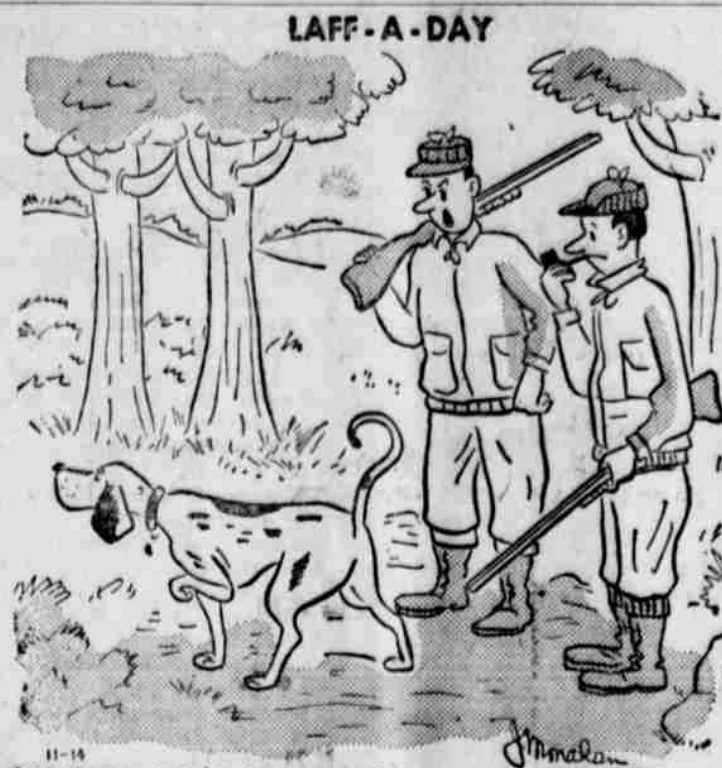

A "white charger," complete with a team of white-clad "knights," may some day come to your rescue if you are trapped under debris after an attack or natural disaster.

The "white charger" would be a Civil Defense "Calamity Jane" heavy rescue truck, or the recently announced light truck. Some 800 rescue trucks are now in use by local U. S. civil defense units.

Approximately 60,000 trained volunteers—some of them perhaps neighbors—are serving on civil defense rescue teams. All are organized — akin to America's pioneer era — against the day when their community might have to take care of itself for hours, or even days in the event of enemy attack or natural disaster before outside help could be spared.

## Baptist Minister Will Head Lillian Milan Home

DALLAS — D. C. Hamilton, former religious education director of Calvary Baptist church of Lubbock, has been appointed Supervisor of the Lillian Milan Home of Lubbock.

Appointment of Hamilton, who is well-known among Baptists of West Texas, was announced by Dr. E. L. Carnett, President of Buckner Benevolences, an agency of the Baptist General Convention of Texas.

"We are fortunate to obtain the services of Mr. Hamilton," said Carnett. "His popularity in West Texas and his experience in working with youth, qualify him well for this new position."

Hamilton and his wife will direct the activities of the home, which will provide group care for a maximum of 15 dependent teenagers.

Milam Home became the property of the BGCT in January of this year, when it was offered to Buckner Benevolences by the Milam Board of Directors, following the retirement of Lillian E. Milam founder of the home. Mrs. Milam has operated the home for dependent and neglected children of all ages for the past 25 years.

Dedication services for the re-organized agency will be held on Friday March 8, 1957, at 2:30 p.m. at the home. Dr. J. Ralph Grant, pastor of the First Baptist Church of Lubbock, will give the dedicatory address. G.P. Kuykendall, past president of the board of directors will also participate in the ceremonies.

Guests are expected from throughout the state.

Let the decorating and furnishing of your home reflect your own personality. The main factors to consider is you — your personality, your needs and your means. If you give thought to your decorating and furnishing it will add greatly to your pleasure and comfort.

Color is probably the most important decorative element. The colors referred to as "warm" are those containing red, yellow and orange. Decorators say that the "warm" colors tend to stimulate a feeling of intimacy. But when over-used, they may make you restless. These colors move toward you and make rooms seem smaller.

The cool colors are blue, green and violet and others predominated by blue. These cool colors give a feeling of serenity to a room.

If over-used, they can be depressing. Cool colors seem to move away from you, creating a feeling of spaciousness.

Furniture is important. For some people it is hard to decide between conventional and modern. If you have one type and want another but can't afford a complete conversion, keep in mind that beautiful results are achieved with combinations.

In most cases, one style should predominate with the other used more-or-less for accent. Every object in a room should serve some purpose and have a function. Added beauty is always a legitimate function.

Light and the way it is handled can make or break a room. You can accomplish some remarkable results with lightning and the costs need not be unreasonable.

### Rites Held For Former Resident

Funeral services were held at 3:30 p.m., Wednesday for Lafayette Carlton Gregg of Route 3, Plainview, former Littlefield resident.

Mr. Gregg, 83, died Tuesday afternoon in a Lubbock hospital following a month's illness. Services for the retired farmer were held in the Second and Beech Street Church of Christ with Floyd F. Moore, officiating.

Born November 12, 1873 in Travis County, Mr. Gregg moved to Littlefield in 1929 from Roscoe. Following the death of his wife, Annie, in 1949, he moved to Plainview.

Survivors include one daughter, Mrs. A. E. Gardner of Littlefield; four sons, Luther of Littlefield, Hermon, V. L. and Milvin of

Plainview.

Interment was in the Plainview Cemetery under the direction of the Lemmons Funeral Home.

## 25,000 Drive Underway for Earth Swimming Pool

\*\*\*\*\*

CONCEPTION of the proposed swimming Pool in this area. Overall length and width of the pool will be 60 ft. by 30 ft.

\*\*\*\*\*

Plans for \$25,000 to build swimming pool in Earth got underway Friday with Jarvin as chairman of the committee. Funds, which will be tax exempt, by the donor, are expected to be raised during a two-week period. Upon completion, the pool will be given to the city. Operating funds will be used for maintenance.

Plans are for a 30' x 60' pool, a 10' x 30' wading pool and dressing rooms. The pool, complete with circulation and purification systems, is expected to cost \$22,000. The additional \$3,000 will be used for dressing rooms and decking.

Donations are being made in cash, materials and labor. Members of the finance committee are Mrs. Bernice Haberer, Clarence Kelley, Pody Welch, Buzzy Welch, Ardis Barton, Cecil Lemmons, Oliver Tunnell, Bill Beasley, Mike Dent, Marcus Messer, Lynn Glascock and Mrs. Barney Glascock.

The advisory board of the County Library, of which Mrs. C. O. Stone is president, has opened the way to honor those to whom we wish to pay tribute and at the same time perform a special service to the library and its patrons.

The "Memorial Books" program has been established at the library. All persons who wish may donate books in memory of some person they desire to honor.

All donated books will have a plate bearing the donors name and the name of the person in whose memory the book was donated.

Miss Lula Hubbard, Librarian, will be pleased to accept the donated books.

Some interesting information relative to the outlook for Texas' petroleum industry this year has been given by French M. Robertson, president of the Texas Mid-Continent Oil & Gas Association.

Robertson said that the drilling of 23,000 wells at a cost to Texas operators of some \$1.3 billion is a possible outlook for the state's petroleum industry in 1957.

The Mid-Continent Association head said a major portion of an estimated \$3.7 billion gross income from Texas crude oil sales in 1957 would be plowed back into drilling and development work. He said the Texas drilling outlay may exceed that of 1956 by some \$1170,000.

Indications are that Lamb County will have a part in the increased drilling activities in Texas.

With 67 producing oil wells in the trade territory at this time; other locations being drilled, or soon to be drilled, and general oil activity increasing, this section gives promise of making a net contribution to the state-wide oil picture.

Such oil activity... especially with a favorable allowable... always puts a lot of money into a territory in which there is a "play."

For Lamb County a new "cash crop" is in the harvesting stages.

—mbd—

We have often said that we like to write about the events surrounding the lives of former Littlefield and Lamb County residents. One of the many publications we receive is the Baptist Beacon, official paper of the Baptist General Convention of Arizona.

Two articles in the last issue concern three former Littlefield residents: Dr. Willis J. Ray, a former pastor of the First Baptist Church in Littlefield, and now head of the Colorado Baptist General Convention; Rev. John Street, son of Mrs. Maud Street and now pastor of the First Baptist Church in Gilbert, Arizona, and Paul P. Mayer, a former employee of the Lamb County Leader and now publisher of the Gilbert Enterprise.

The Gilbert Enterprise is the first Arizona newspaper to print the advertisements, "Baptists Believe," a series prepared by the Executive Committee of the Southern Baptist Convention.

The advertisements are sponsored in Gilbert by the First Church of which John Street is the pastor. Rev. Street explains that the ads are written in popular newspaper style and were contributed by some of the leading writers of the Southern Baptist Convention.

And now for some about a new activity in the area served by Dr. Ray:

Colorado state officials have joined the Colorado Baptist General Convention in requesting the Southern Baptist Convention to locate its fifth seminary in Denver.

Governor Steve McNichols of Colorado has extended Dr. Louis D. Newton, Atlanta, Ga., member of the Southern Baptist Convention committee to study theological education, to visit the state "to see the possibilities our great state offers."

We read the statements of a number of Colorado officials in the effort to obtain the new seminary. When it comes to busting about their state, Colorado folks can be justly declared to rank with Texas and California people.

Chicago and Kansas City are both after the new seminary but they'll have to "get up and travel" to beat out those Colorado boys.

A man's true wealth is the good he does in the world.

### Wilkinsons Attend Lockney Funeral

County Attorney and Mrs. Curtis Wilkinson attended funeral services Tuesday for Mr. Wilkerson's uncle, W. A. Alford, held in Lockney.

Alford, age 74, dropped dead of a heart attack in downtown Lockney Sunday. A pioneer of West Texas, Alford had lived in Lockney for 65 years.

Also attending the funeral was Mrs. Ann Pavelka of Olton, Alford's sister.

#### FHA Group Attends Area Meet Saturday

Mrs. Alvis Ray Jones, Home Economic Teacher and Mrs. R. E. Edwards sponsored a trip to Amarillo Saturday where the area F. H. A. meet was attended.

Local F.H.A. members included Misses Gwen Bolton, Kay Maner, Linda Ried, Geneva Raines, Donna Kay Denney, Geraldine Oates, Patsy Baisden, Peggy Baisden, Shirley Edwards, Martha Vinyard, Jane Mitchell, Wynell Gilley and Linda Martin.

Miss Reed was voting delegate and Misses Bolton and Gilley sang in the area choir.

Education should be considered an endless affair.

An independent volleyball tournament will be held March 20-21 in the Pep school gymnasium under the sponsorship of the Pep Senior Class.

Teams that wish to enter are asked to send their name and address to the Pep Senior Class or phone Webster 3-2182. Deadline for entries is Friday, March 15.

#### Hot Water Tank Causes Minor Fire Monday

Firemen answered a call to 821 West 8th about 1 p.m., Monday. A faulty hot water tank has caused the linoleum beneath the tank to catch fire.

Firemen disconnected the gas and easily extinguished the flame. Only a small amount of damage was done.

### DOG GUARDS CAR

Dallas, Tex. — Charles Graham left his car in his driveway and went into his house. When he returned and went to his car, a boxer wandered into his yard. When Graham opened the car door, the dog jumped in but when Graham attempted to get in, the dog growled. Finally, Graham had to call police and the police called the health department. After an hour, the dog was taken from the car and taken for a ride — to the animal shelter.

Chevy is  
America's "hot" car  
—officially!

Chevrolet Wins Coveted  
Manufacturers' Trophy at  
Daytona Beach as "best  
performing U. S. automobile!"

Want facts about performance?  
Then look at the official figures from NASCAR's\* internationally famous Daytona Beach competition for stock cars. Here's what you'll find: Chevrolet, in two weeks of blistering competition, proved itself as America's Number One performance car. Nothing in the low-price field could touch it.

No other car, regardless of price, scored such a sweep. And Chevy walked away with the famous Manufacturers' Trophy, hands down!

The 1957 Chevrolet is, by all odds, the most astonishing performer ever produced in the low-price field. Best of all, this superiority isn't limited to just a few extra-cost high-performance models. Every type of Chevy—from the six-cylinder models right up to the 283-horsepower "Super Turbo-Fire" V8's, from the single-carburetor V8's with Powerglide to the stick-shift "270's"—is a championship car.

# Sudan School Building Program Well Underway

## Ag Building Completed This Month

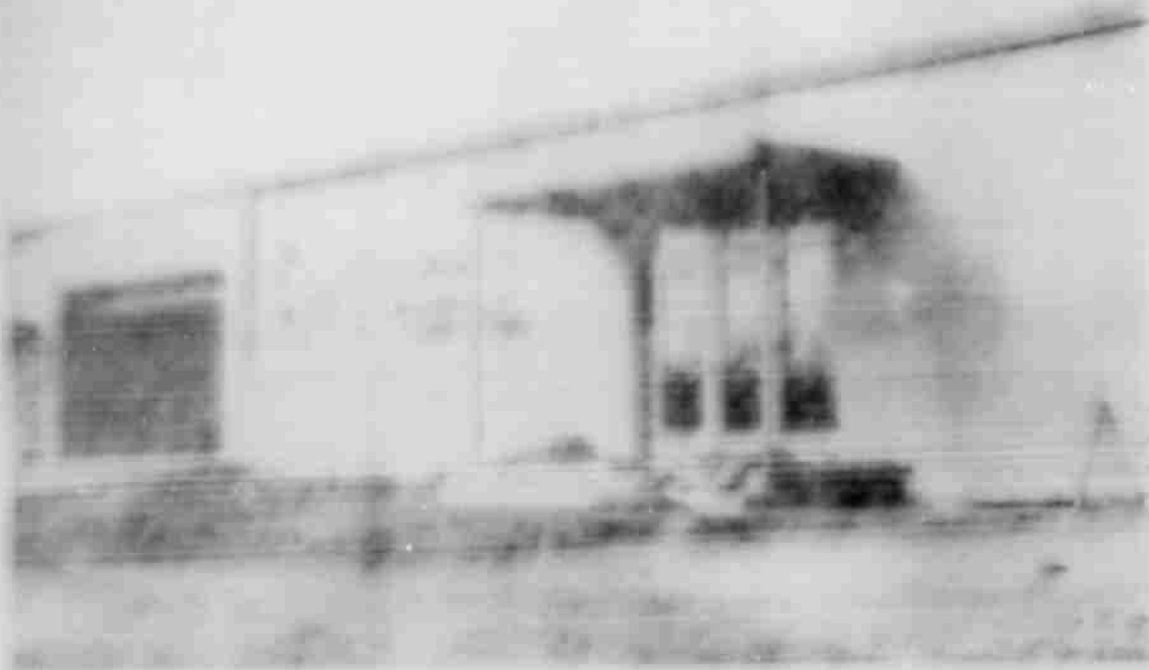

PHOTO ABOVE is the new Composite Agriculture building of the Sudan schools under construction. The large porch at the entrance to the shop area is shown in the foreground. The building is situated on the corner of 10th and 11th streets. (Scott Photo)

Industrial and Agriculture shops of Sudan Schools will soon be housed in the new vocational agriculture building which is scheduled to be completed within the next few days according to W. C. Gregory.

Work on the brick and concrete block structure is in the process of completion with the finishing touches now being made to the interior.

Featuring the latest in modern design the outside view is distinguished with gleaming windows while inside are equipped with an office, classroom, supply and work room, storage room and shop quarters.

W. C. Gregory estimates the cost of the building at approximately \$10,000. The contract for the building was included in the \$200,000 contract let to the Hammock Bros. construction company in Lubbock which included the new elementary building, too.

Architectural firm doing the work is the Wyatt C. Hedrick firm of Fort Worth.

## Rites Held For Mother Of Dr. Bennett

Last rites will be held at 2 p.m. today in Lamoni for Mrs. Eulah Bennett, 64, mother of Dr. Clyde Bennett, who died Thursday morning in a Clovis hospital. Grave side services will be held in the Lamoni cemetery.

Mrs. Bennett was in good health until she suffered a stroke about a month ago. A resident of Lamoni since 1919, Mrs. Bennett had made her home in recent years with her daughter, W. T. Duke of Fort Sumner. She was a member of the national Agricultural building.

The funds used for the building was from the \$425,000 bond voted by the Sudan Independent School District in April of 1936.

Construction is by the Hammock Bros. Company in Lubbock with the Wyatt Hedrick firm in Fort Worth in charge of the architectural work.

First Methodist Church of Lamar. She is survived by three sons and three daughters, 10 grand sons and 11 great-grandchildren.

Her husband, the late H. B. Bennett, died in 1928. The only real justification for money is the selfishness of one person.

The nerve of the borrower is exercised at times only by the wish to, the lender. The man who plays too much is about as sensible as the man who works too much.

A little recognition to the head of a really person. The individual is thinking for himself and wary, by himself.

Kay, small daughter of Mr. and Mrs. Edith Borum of Lubbock, spent last week visiting in the home of her grandparents, Mr. and Mrs. B.

Mrs. Jack Calhoun and Glenda visited last Monday and Tuesday with her mother, Mrs. Flora Hardin in Midland.

Mr. and Mrs. Kirk Pitts and children visited in Tahoka Thursday night with her father, Mr. Tate, who is ill.

Mrs. Bonnie Haberer and Mr. and Mrs. Oscar Allison attended the Red Cross banquet held in Littlefield last Thursday night.

Mr. and Mrs. Duane Darling and family visited relatives in Portales last weekend.

Miss Darlene St. Clair and her friend, I. V. Pierce, visited with his parents, Mr. and Mrs. Pierce in Bula Sunday.

Mr. and Mrs. Harold Shoemaker and family of Carlsbad, N. M., and Mr. and Mrs. Roger Crane and family from Dallas spent the first of last week visiting in the Roy Shoemaker home.

Several women of the community met Friday afternoon at the P.V. Community Center to plan the color scheme for the kitchen. It was decided to varnish the cabinets. For the walls and ceiling of the kitchen a teal blue color.

Mr. and Mrs. John St. Clair visited with the T. B. Dyers in Springlake last Sunday.

Mr. and Mrs. Louis Hicks and son of Farwell were visiting in the community Sunday.

The P.V. Social Club met Feb. 28 with Mrs. Norman Hodges presiding.

June Free acted as secretary in the absence of Gaynell Pitts. Further plans were made for the supper which is to be held at the center on March 12.

The club welcomes three new members, Mesdames Jean Hardin, Eula Calhoun, and Dotty Bryant. One visitor was present, Mrs. Ann Adell.

Delicious refreshments were served to the visitor and members present, Mesdames Adell, Calhoun, Hardin, Bryant, Glenda Hutton, Pauline Adams, Leona Hicks, Alice Angeley, Free, Hodges, Hatfield Bickel, Victoria Handricks, Nell Shoemaker, Ethel Allison, Hazel West, Edith St. Clair, Leah Jones, Jean Allison, Katie Roubinck, and Judy Green.

The next meeting will be with Jean Allison hostess and June Free as co-hostess.

Several attended the P.V. Community meeting Tuesday night with Gerald Allison presiding.

A minimum fee of \$3.25 was voted to be paid by each organization at each of their meetings held in the Community Center.

There were discussions on buying chairs for the center.

Visiting in the home of Mrs. Bonnie Haberer last Wednesday morning were Bill Kimbrough (county agent) Asst. County agent, Bob Haney, Mr. and Mrs. Hill and daughter, and Wayne Walden all of Littlefield, Merrill Briggance of Olton and Tracy Angeley.

**Jack Pugh Home After Operation**

Jack Nichols of Amherst, who has been employed by the H. C. Price & Co., pipe line company at New Orleans, La., and who was injured about four months ago was released from the hospital last week, and arrived home Sunday.

He had his back in traction for two months and underwent surgery recently at the Turo Infirmary, New Orleans.

He is visiting his mother, Mrs. Jim Pugh and Mr. Pugh, and other relatives, including his sister, and brother-in-law, Mr. and Mrs. W. J. Williams, also of Amherst. He will return to the hospital March 22 for a checkup.

The reason many enterprises fail to go forward is that it is much easier to plan to do than to do.

One of these days everything will be known, but we do not expect to be around for the revelation.

## Soviet Rocket Program

Defense Minister Duncan Sandys, of the United Kingdom, recently told the House of Commons there is good reason to believe the Russians have a rocket which is capable of bombarding Britain from Russian-occupied territory. This is certainly not startling news, since the Germans were bombarding with rockets which had ranges of approximately 100 and 175 miles back in 1945.

However, the Russian missiles, Mr. Sandys says, are armed with nuclear warheads, which give them a terrific striking power.

Judging from the remarks made by the British Defense Minister, it would appear that British intelligence is not of the opinion that the Russians have either an intermediate or a long-distant ballistic weapon. By that, we mean a rocket missile capable of a range of either 1,000 to 1,500 miles, or approximately 5,000 miles, which is the range of the long-distance weapon.

In revealing the British appraisal of Soviet weapons recently, Defense Minister Sandys announced that Britain would henceforth concentrate on modern weapons to a large degree, abandoning the conventional weapons approach as far as possible. Britain's forces in Germany will be reduced and naval squadrons will replace the shore-strength Britain maintains in some of her possessions.

As soon as possible, Britain will end conscription and will de-emphasize as many of the conventional features of her defense program as possible. The British, in other words, are going all out for modern weapons, especially unmanned missiles and rockets.

In Britain, it seems, the day of big standing defense establishment, in conventional terms, is at an end. And we suspect that in this field economies might be made in the U. S. defense program — economies which would not jeopardize our security or reduce our actual military punch.

## Prices Up Again

The Government recently reported that consumers prices were the highest on record and expected to continue their climb. This was the announcement from the Bureau of Labor Statistics, of the Department of Labor, which reported the fifth successive monthly increase in the U. S. Consumer Price Index.

As the reader knows, one effect of this rise is in automatic pay hike for almost a million and a half employees. For about a million of this number, the pay rise will amount to one cent an hour.

We are not opposed to the pay increase, and if the cost of living cannot be held in check, then pay increases are automatic. However, it is a matter for concern when pay increases continue to be granted automatically in a time of highly threatening inflation.

The increases are highly inflationary themselves and it appears that we are in something of a spiral, which — if not checked — could lead to a pretty rough bump in the coming months or years.

It should be recalled, too, in this connection, that recent reports of increases in business during the past year do not make it clear that about fifty per cent of the reported increase is merely due to higher prices and not actually to increased business.

It is true that current inflation is not exactly run-away inflation, although it seems to be steadily creeping forward. The regularly-increasing cost of living and resulting wage hikes will have to be accompanied by increased production efficiency, general economic advancement in other fields, and a broader economic base if an unfavorable reaction is to be avoided.

## The Tab Hunter Craze

An interesting development is the rise to stardom of Tab Hunter who has the girls of the country, the movie-fan-type, a little bit goggle-eyed. Hunter seems to be taking over where the late James Dean left off.

We note with much interest the fact that Hunter's fans, usually in the teenage bracket, are so loyal that they are reported to have stayed home one night recently to watch him on television, rather than going to the cinema. This is not just a report, but cinema operators and moving picture producers actually noted the drop in attendance the night Hunter made his first television appearance, and requested him from making further video appearances.

Hunter says he has turned down several invitations so that cinema attendance will not be affected. This is an example of the pull he seems to exert on teen-agers.

Probably the greatest appeal exerted by Hunter is the fact that his physical appearance is one of a clean cut, blue-eyed blonde, who appears to be the All-American type boy, the football hero type and so on. Whatever the reason, Tab Hunter is the current super-sonic darling of the rock 'n roll set. When he cuts in his after-burner, he is irresistible. So they say!

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
— Texas Press Association

AUSTIN, Tex. — Bribery charges and counter-charges have driven the insurance investigations out of Austin headlines.

It's at least temporary relief for the insurance companies . . . who have been hurt by loose accounting methods within their industry.

Grabbing the spotlight from the insurance firms was a naturopathic doctor and a lone member of the Texas House of Representatives.

Dr. Howard Harmon of San Antonio hurled charges of "offering to accept a bribe" against Rep. James E. Cox of Conroe.

Cox countered with a "offer-to-bribe" charge against Harmon.

Dr. Harmon produced a tape recording of an alleged conversation he had had with Cox.

A Travis County grand jury investigation resulted in indictments against Cox, charging him with "conspiring to accept a bribe."

Cox' attorney announced a slander suit would be filed against Dr. Harmon.

Meanwhile, a House investigating committee eluded into all phases of the matter.

All in all, it was the fastest action seen around the Capitol in many years.

REORGANIZATION BILLS — Two bills to reorganize the Insurance Commission have been introduced in the Legislature.

One, by Sen. Williams S. Fly of Victoria, proposes a part-time policy making board. Members would meet 24 days a year. Executive director would run the department.

A second, prepared at Gov. Price Daniel's behest, was introduced by Rep. Marshall O. Ball of San Antonio. It would provide a full-time board limited to judicial functions and, like the Fly bill, a department director.

SENATE RACE — With little time left for the special U. S. Senate race, little has changed since the last such election in 1941. Field is overflowing; rules intact.

Pool bill, which would require a run-off if the top man lacked a majority, was lying in state in the Senate. Even supporters said it looked dead.

In 1941, W. Lee O'Daniel was top man in a field of 21. This year the field is laden with almost the same number of contenders. One Republican and almost every conceivable type of Democrat are included.

WATER BILL PASSED — First water conservation bill to gain final passage would allow the Water Board to cancel unused water permits to ridges.

Sen. Charles Herring of Austin protested the plan could take away water supplies cities need for growth. He attempted to amend the bill to limit cancellation to permits for which cities could not show prospective need.

MCLARTY CONVICTION UPHELD — Brady Land Dealer T. J. McLarty apparently is to be the second man to go to the penitentiary for fraud in connection with the veterans land program.

McLarty's conviction was upheld in Court of Criminal Appeals. He was sentenced to four years for "falsely interpreting a written instrument" in selling a tract in a Zavala County block deal.

MORE REVENUE SEEN — Possibility of new taxes this session faded with advance reports of the comptroller's report of expected income.

Comptroller Robert S. Catvert's estimate of revenues for the next two years is expected to show \$30,000,000 more than was available

## The Sandhills Philosopher Frowns On Federal Aid

Editor's note: The Sandhills Philosopher on his Johnson grass farm probably been reading too much of the "Philosopher" and his letters to the editor.

I was reading in a newspaper last night which a banker friend in town handed me yesterday some people have the idea bankers are right-fisted but this one frowns handed me the paper without asking me to sign a ring, where some experts in Washington are urging the Federal government to extend financial and technical aid to depressed areas in the United States the same as it gives to some foreign countries.

As I understand it, the aid to foreign countries is given on the understanding the countries, now sort of tottering a little, will build up their strength against Russia and won't spend any of the aid money for Russian goods.

I believe I can give those terms satisfaction. I'm tottering a little, have been for years, and I will be glad to build up my strength against Russia and I guarantee to spend it within a 25-mile radius of my farm, within two weeks after I get it.

However, there is one point I'd like to clear up. I notice the experts are proposing both financial and technical aid for depressed areas like my farm.

I can save the government some money. It won't be necessary to send any technical aid out here to me. I'm a democrat. I don't want any preferential treatment. Just treat me like King Saud. As I understand it, they're fixing to give him a couple of hundred million dollars and ask him to ignore the Russians. Those are the kinds of terms I'm interested in.

As for technical aid, I guess a technician could be of some use on this place, if he knew how to string a hoe, grease a tractor, fix a flat, patch the roof, repair the back door step, and things like that, but my information is that most technical aid comes on paper, and King Saud ain't very interested in that kind of help.

It's the cities that need technical aid, I don't have any parking problems out here on this farm, and when the government gets around to figuring out the kind of assistance a depressed area like this needs, it can skip the technical part and just send me the money. I'll keep it out of the hands of the Russians.

Yours faithfully,  
J. A.

DR. KENNETH J. FOREMAN  
Bible School, Littlefield, Texas

**Seventy X Seven**  
Lesson for March 20, 1957

It is a mark of high breeding never to forget an injury. One of the great famous Americans was known also as a snail. When he left home as a boy, his mother wrote him a letter which contained some Christian advice, but she missed with it an idea she could not have found in her New Testament; he must never overlook an insult or a slight. It is rather strange how many Christians elsewhere, that they had the same point long after that.

Dr. Foreman

Long after that the war followed in most states. It was still going on in the "Bible Belt." It has gone out there too by now, which may be an indication that people understand the Gospel better than they once did.

**The Need for Forgiveness**

In a southern town there lives a man who was in a penitentiary in another state for 12 years. For a crime he did not commit. He was a stranger and he had a gun on when the local hoodlums all came up with him. The man was a momentary drunk and he was the penitentiary he went. And there he stayed even after the real criminal was released. Authorities kept him there because of the facts he was a stranger and the man released, some important reputations and factors would be ruined. Finally through the efforts of a sister and a friend, he was released. It took her a long time, but she persisted all the time, even years after the man was released. Would you be in a forgiving mood after that? Not many people have tremendous long-lasting injuries done to them of that sort. Yet the story illustrates one point about forgiveness. It is not always a matter of forgiving persons directly. One may suffer severely, unjustly, without it being possible to identify the person who are responsible for things we suffer (such as unfair laws or customs which hurt us in some way), but although we cannot locate the responsible persons who may be many—how to face it as just as satisfaction to terrible bitterness in the heart against "the" person as if it is just entirely about them, we know.

**God Has Help to Put Up With**  
When Peter asked his question about forgiveness he was thinking of a man of a kind of sin. He gave a man more than a year in prison. But the state long ago was the "Bible Belt" type. That is a brother reports to him. Peter says he was in the penitentiary for 12 years. He had a gun on when the local hoodlums all came up with him. The man was a momentary drunk and he was the penitentiary he went. And there he stayed even after the real criminal was released. Authorities kept him there because of the facts he was a stranger and the man released, some important reputations and factors would be ruined. Finally through the efforts of a sister and a friend, he was released. It took her a long time, but she persisted all the time, even years after the man was released. Would you be in a forgiving mood after that? Not many people have tremendous long-lasting injuries done to them of that sort. Yet the story illustrates one point about forgiveness. It is not always a matter of forgiving persons directly. One may suffer severely, unjustly, without it being possible to identify the person who are responsible for things we suffer (such as unfair laws or customs which hurt us in some way), but although we cannot locate the responsible persons who may be many—how to face it as just as satisfaction to terrible bitterness in the heart against "the" person as if it is just entirely about them, we know.

**Forgiving From the Heart**  
Peter asked his question about forgiveness he was thinking of a man of a kind of sin. He gave a man more than a year in prison. But the state long ago was the "Bible Belt" type. That is a brother reports to him. Peter says he was in the penitentiary for 12 years. He had a gun on when the local hoodlums all came up with him. The man was a momentary drunk and he was the penitentiary he went. And there he stayed even after the real criminal was released. Authorities kept him there because of the facts he was a stranger and the man released, some important reputations and factors would be ruined. Finally through the efforts of a sister and a friend, he was released. It took her a long time, but she persisted all the time, even years after the man was released. Would you be in a forgiving mood after that? Not many people have tremendous long-lasting injuries done to them of that sort. Yet the story illustrates one point about forgiveness. It is not always a matter of forgiving persons directly. One may suffer severely, unjustly, without it being possible to identify the person who are responsible for things we suffer (such as unfair laws or customs which hurt us in some way), but although we cannot locate the responsible persons who may be many—how to face it as just as satisfaction to terrible bitterness in the heart against "the" person as if it is just entirely about them, we know.

### Army Reservist Program Shows Consistent Gains

The Department of the Army has advised that the number of Army Reservists in a paid participating status shot up 34,450 in the last six months of 1956 to reach a total of more than 240,000 by December 31, the highest total yet recorded. It was announced today by Major General Lewis S. Griffing, Chief, U. S. Army Military District, Texas.

This net gain for the first half of Fiscal Year 1957 included 20,700 enlisted men and 3,700 officers. Of the enlisted strength, 18,000, aged 17 to 28, signed up for the six months active duty for training program. Many of these are among the 12,000 Reserve component trainees now undergoing active duty training.

At the present rate of increase, Army Reservist gains in a paid participating status will by June 30, 1957, the end of the fiscal year, consistently exceed the 45,000 recorded the year previous when the figure was the great achievement net gain ever made in the history of the Army Reserve.

### Three County Schools May Get Transportation Refunds

Under a bill proposed in the Texas Senate, three school districts in Lamb County stand to gain back \$3,745 in losses incurred in transportation costs during the 1955-56 school year. Of this total gain in their appropriations, the Otton district would get \$1,836, Spic's would get \$674, and Springlake district, \$1,175.

Senator Andy Rogers, District 30, of Childress said today that some thirteen school districts in eight counties in District 30 stand a chance under the bill to gain back \$17,208 lost last year because of the failure of state transportation aid to equal current operating expenses. Senate Bill 102 is designed to eliminate a section of the present Transportation Law which limits school transportation expenditures to a 1949-50 formula plus ten per cent. "The trouble with the formula under the present law is that it penalizes school districts which, for one reason or another, had a very low bus transportation cost in the 1949-50 school year," Senator Rogers said. "Normal rises in total cost, such as purchases of new buses and equipment, have since made the old formula extremely unrealistic in most cases."

### Pfc. George M. Allen in Rifle Competition

PORT MACARTHUR, CALIF. (AP)—Army PFC George M. Allen, 25, of Muleshoe is one of 35 men competing for a position in the 4th Antiaircraft Artillery Brigade's six-man rifle team at Fort MacArthur, Calif. Allen, son of Mrs. Rose Allen, Route 7, is a radar operator in Battery D of the 86th AAA Missile Battalion.

A former employe of the Progress (Tex.) Cotton Gin Co., he entered the Army in October 1955 and completed basic training at Fort Ord, Calif. His wife, Shirley Mae, lives in Lomita, Calif.

### Chesley Speaks To Kermit Teen Town

Bob Chesley, chairman of the adult committee of Littlefield's Teen Town, was principal speaker at the fifth anniversary meeting of Teen Town in Kermit. Chesley is a former member of the Kermit board, and one of the founders of Teen Town there. Chesley moved to Littlefield from Kermit about a year ago and has been associated with Chisholm Floral since that time. He has been an active leader in youth activities of the First Baptist Church.

IN REPLY YOUR TELEGRAM FEBRUARY 6, RAILROADS HAVE NOT BEEN COMPENSATED BY GOVERNMENT SUBSIDY OR DIRECT PAYMENT FOR THE FIFTY PERCENT REDUCTION THEY VOLUNTARILY MADE ON SHIPMENTS OF HAY TO DROUGHT DESIGNATED STATES. MANY REPORTS WE HAVE RECEIVED FROM THESE STATES INDICATE THESE REDUCED RAIL RATES HAVE BEEN VERY HELPFUL TO FARMERS AND RANCHERS. WE WOULD APPRECIATE IT IF YOU WOULD PUBLICIZE THIS STATEMENT.

**\$25,000,000 Contribution ... to Farmers and Ranchers**

Within the past four years the railroads have contributed to the farmers, ranchers and dairymen, through a 50% reduction in rates on hay and other feedstuffs, 75 million dollars.

Both the Congress of the United States and the Legislature of Texas, by resolution, have expressed their thanks to the railroads for this substantial contribution.

Through the years the railroads have always extended a helping hand to their neighbors in times of disaster. To us this is a basic responsibility of good Americans.
