Hewitt also stated that the fund is being used to get an allotment from the State towards the reward, which would considerably reduce the amount to be paid. It was in Washington, however, that it was not possible to contact the committee in charge also. Hewitt is in charge of the fund. Anyone wishing to contribute to this fund may contact L. C. Hewitt, or see page 4.

ADDITIONAL ARRESTS IN HUNT MURDER ARE EXPECTED SOON

Officers Convinced Murderer Of Hunts Had Confederate

Sheriff Sam Hutson Says Murder Charges Likely To Be Filed Soon

James Clyde Thomas, Texas prison convict, is held in the Lubbock county jail for interrogation in connection with the Hunt case, and it has been reliably reported that additional arrests will be made soon. Sheriff Sam Hutson, at Waco and other places in connection with the investigation of the Hunt case, is announced to have declared that charges of murder likely are to be filed soon.

Hutson said that he and other officers are convinced that the murderer of Dr. and Mrs. Hunt had a confederate, although he was not in Littlefield at the time of the slayings.

Sheriff Hutson Tuesday afternoon disclosed that Thomas told him after his arrest that he had been at Amarillo where he had borrowed \$720, but had lost \$560 of it in a poker game. When nabbed at Galveston he had about \$100. The authorities were checking up on where Thomas obtained funds.

Sheriff Hutson announced that police have "established the fact" that Thomas put in a long distance telephone call from a certain point in the Panhandle.

With little more than a week elapsed since the fiendish murder of Dr. Roy E. Hunt, Littlefield physician, and Mrs. Hunt, in their bed at the Hunt residence in Littlefield, officers are bearing down on a number of leads in their efforts to solve one of the country's most baffling crimes.

The slayer shot Dr. Hunt through the upper bridge of the nose into the head. He probably died instantly. The assailant bludgeoned Mrs. Hunt so savagely that she died an estimated two hours after her husband.

It was the second attack on Dr. Hunt within 18 months. The first occurrence was when he was shot when he answered a midnight call to a point about three miles east of this city on the Littlefield-Lubbock highway.

Anaesthetized the Couple
 There was evidence that the killer anaesthetized the couple, but at what stage of his attack on the Hunts has not been determined.

The anaesthesia angle in the case has not been lost sight of by officers investigating the killings; in fact, it has figured very prominently in their investigations.

The killer tied the bodies of Dr. Hunt and his wife separately, then together, with an assortment of rope and cord and electric wiring and neckties and strap and a metal clotheshanger.

Police Act Quickly
 The first day after the murder, Sheriff Hutson issued a "pickup order" for a man desired for interrogation in connection with the case.

Late Thursday James Clyde Thomas, Texas prison convict out on parole at that time, was brought to (Continued on Page 4)

Rites Are Held In Littlefield Church And At Lubbock

Services Bespoke Of High Esteem In Which Couple Were Held

In three services Thursday afternoon . . . at the Littlefield Methodist Church . . . the Sanders Chapel in Lubbock . . . and at the graveside in Lubbock cemetery . . . final tribute was paid by sorrowing relatives and friends to Dr. and Mrs. Roy E. Hunt of Littlefield, murdered early Tuesday of last week in their bed at the Hunt home in the 600 block of East Seventh Street in this city.

Together in life . . . together in death . . . the Littlefield physician, 37, and his wife, 26, were committed to twin graves. Impressive in their simplicity, the services bespoke of the high esteem in which the Littlefield couple were held . . . the mourning of thousands at their passing.

Service At Church Here
 Subdued light filtering through tinted glazed windows in the Littlefield church touched the flower-banked altar and solid walnut caskets . . . softly played classical numbers with Mrs. A. I. Fowler at the organ . . . were expressive of the deep grief at the untimely passing of Dr. and Mrs. Hunt . . . the feeling that they are passing from us in this life, but we will reverently remember them in our memory down through the years.

More than 1500 persons gathered in and around the Littlefield church to pay a final tribute to the slain couple.

The Littlefield services were held at 2 o'clock with Rev. C. Frank York, church pastor, and Rev. G. K. Rodgers, Presbyterian minister of Plainview, and an old friend of the family of Mrs. Hunt, officiating. Hammons Funeral Home was in charge.

Services At Lubbock
 At a 5:15 o'clock brief service read at Sanders chapel in Lubbock, it required more than an hour for the line of friends to file past the caskets. Elder Liff Sanders of the Church of Christ, of Lubbock, invoked the blessings of the Lord on those who had been sacrificed to the blood lust of a fiend who had slain the physician and surgeon and his wife and trussed them with wire and cord and metal clotheshangers and straps and wearing apparel—and on those bereaved by the tragedy.

At the cemetery, several hundred persons attended Scriptural reading by Rev. Mr. York.

The service in the Littlefield church was held at 2 o'clock. The organ played: "The Rosary," "Berceuse," "Prelude in C Minor," "Elegy From Massenet," "Ava Maria," "Prayer From Finlandia," others.

"Jesus said, I am the resurrection and the life. Whosoever believeth in Me shall never die," Rev. Mr. York intoned.

Poppies Will Be Sold Here Saturday

One thousand poppies will be sold on the streets of Littlefield Saturday by members of the American Legion Auxiliary, commemorating the traditional Poppy Day, on the Saturday before Armistice.

Mrs. Neal A. Douglass, Gold Star Mother, is chairman of the drive, and she will be assisted by members of the Auxiliary. This year will mark the 16th year for the sale of poppies on the streets of Littlefield.

Mrs. Warren Rutledge, president of the Auxiliary, stated that the sale of poppies had a two-fold purpose this year. Since the little red flowers are made by veterans of wars in hospitals now, a part of the proceeds will be sent to them, while a portion of the amount received will be used to assist service men in this war and their families.

Mrs. Rutledge added that these (Continued on Page 4)

Cattle Grazing Test

A year's test has just been started by the Department of Animal Husbandry at Texas Technological College to determine the value of the grazing of Milo by cattle. Forty grade Hereford yearling feeder steers purchased by the department in December will be used in the test, according to W. L. Stangel, head of the department.

The 40 steers will graze 20 acres of milo, standard variety, which stands at an estimated yield of two tons of heads per acre. The field milo will be supplemented with two pounds of cake per steer per day.

A similar test in 1942 included 20 grade Hereford feeder calves on 20 acres of milo. At that time the estimated yield of milo was one ton per acre. It required 90 days for the calves to consume the 20 acres of milo.

During the experiment the calves were fed one pound of cotton seed cake and one pound of alfalfa per calf per day. Average daily gains for the 90-day period was 1.78 pounds per calf per day, and the cost based on the prevailing 1942 prices was calculated to be \$7.57 per calf for the period.

Pressure Cooker Rationing

Now that increased numbers of pressure cookers are on the market, it's possible for individuals to obtain them as well as groups. Rationing regulations recently have been relaxed in this respect, the War Food Administration has notified the Texas A. and M. College Extension Service.

Even though group use is not a prime requis-

ite for eligibility to purchase, individuals who buy new cookers should be patriotic enough to share them with their neighbors, suggests Mildred Horton, Extension vice director and state agent.

She explains that while Texas has received an additional allotment, there still aren't nearly enough to go around.

Persons who need pressure cookers should apply directly to their County Farm Rationing Committees for a certificate of eligibility. Or they may ask that previously filed applications be reviewed under the new ruling. On a state level, rationing of pressure cookers is handled by the Texas USDA War Board.

Applicants need no longer locate a cooker for sale before the application to purchase is approved.

Plenty Of Soap

Contrary to current rumors, there is going to be enough soap for everybody in this country during the next 12 months.

Sufficient quantities will be manufactured for each man, woman, and child to have 22 pounds of toilet soap and household soap, according to information received by the Texas A. and M. College Extension Service. That is the equivalent of 16 large packages of soap chips or flakes, or 35 bars of laundry soap, or about 94 cakes of toilet soap.

In addition, three and one-half pounds of soap per person will be available to commercial laundries, institutions, and factories. Extension workers say, however, that it's still important not to hoard soap and to use it carefully without waste.

Dairy Feed Payment Rates Announced

Rates of payments which will be made to Lamb County farmers and dairymen delivering whole milk and butterfat, to offset increases in dairy feed costs since October 1, 1943, were recently announced according to information received by the county AAA office according to L. F. Bain, Administrative Officer, AAA. Payments will be made at the rate of 40 cents a hundredweight for whole milk and 5 cents a pound on butterfat. Payments on sales of butter will be made at 80 per cent of the rate on butterfat.

Payment will be made by draft direct to the producer by the County AAA Committee for the county in which the producer's farm is located upon the submission of satisfactory evidence of the quantity of milk or butterfat sold, according to Bain. For dairy producers selling whole milk to cooperative associations, milk distributors, etc.: the statement normally furnished the producer will constitute satisfactory evidence, provided it shows the quantity of whole milk delivered. The receipts furnished by creameries for butterfat will be accepted as satisfactory evidence under the plan outlined by the AAA administrator. Producers who retail milk will need to substantiate their claims by submission of customer's lists, number of cows and amount of feed bought. Producers who sell butter to customers, local stores, etc., will need to obtain receipts from the buyers.

Payments for October will start about November 8, and payments for November and December will be made early in January according to Bain. The War Food Administration has announced that the present program will be in effect for October, November, and December.

May Secure Loan To Erect Storage Bldg.

"Lamb County farmers who would like to take advantage of storing cotton on the farm should contact the Triple-A office immediately," said L. F. Bain, Administrative Officer.

Many farmers over the county have buildings on their farms which could be turned into suitable storage shelter for participating in the Commodity Credit Corporation farm storage program.

If storage is not available on the farm, the producer may secure a permit to build a new structure from the county war board. Commodity Credit Corporation requires that the building have a good roof, and a floor which holds the cotton at least 8 inches from the ground, and hog or poultry wire hung down the sides to protect the cotton from poultry and livestock.

"The cost of obtaining a farm storage loan is \$1.00 per bale," Bain said.

The loan rate is the same as the warehouse rate. Producers who deliver their cotton to Commodity Credit Corporation in satisfaction of the loan will receive 10 cents per bale per month storage. If the producer sells the cotton, no storage payments will be made.

Hunt Case Will Loom Prominent In Records Of Outstanding Crimes

Attaining prominence in several nations almost simultaneously with the discovery of the crime, the Hunt double murder will be recorded in the histories of criminology as a baffling mystery . . . will be orally discussed and written about down through the years . . . no matter what solution is achieved soon, or at some time in the indefinite future.

Newspapers throughout the nation have printed countless numbers of columns since the murder early Tuesday morning of last week of Dr. Roy E. Hunt and Mrs. Hunt in their bed at their home in Littlefield. Many of these newspapers have requested and received special coverage from news gathering agencies and correspondents.

Sheriff Sam Hutson of Lamb County, and other officers at work on the case, have received telephone

calls from newspapers as far north as Chicago.

Leader Receives Letters

The Lamb County Leader has received numerous letters, particularly from former residents of Littlefield, seeking information about the case and requesting copies of the Leader.

One letter was received from a woman living in Toronto, Canada, and who had visited in Littlefield several years ago.

From all parts of the United States have come letters to Sheriff Hutson and Capt. Maney Gault, commanding officer of the Lubbock Ranger district, suggesting solutions of the baffling mystery murders of more than a week ago.

Hutson Gets 200 Letters

More than 200 letters have been received by Sheriff Hutson and possibly an equally large number have been received by Capt. Gault, who is famous as a fearless and successful officer.

One letter was received by Sheriff Hutson from an 80-year-old former soldier in South Dakota.

"I have read in the papers that Dr. and Mrs. Hunt were murdered last week," wrote the former soldier. "If you will send me their birth dates, day and month, I can take my Bible and Jasperstone and give you a complete detail account of the murder, as if you had seen it with your own eyes."

"I have solved a large number of murders during the past 50 years for law enforcing bodies over the United States.

"I am an old soldier. I'll do the best I can to help you solve the mystery and get the right party punished."

Sheriff Hutson stated that he would answer the letter "just out of curiosity" to see how the Bible and Jasperstone works in solving murder mysteries.

Most every person has established in their mind their belief as to what the solution of the crime will be . . . if it is ever solved.

Additional Arrests—

(Continued From Page 1)

Lubbock by Texas Rangers. Thomas had been arrested Wednesday night at Galveston. His parole has been revoked by the State, and he is held in the Lubbock County jail.

With the questioning of Thomas completed Friday, at least temporarily, officers on the case extended their investigation over a wide area, checking on many angles in the case.

Texas Rangers left Lubbock early Saturday night.

Capt. Maney Gault, commanding officer of the Lubbock Ranger district, said in leaving that "everything possible is being done. Every officer in this section has combined efforts, and we want to get to the bottom of this thing, just like every member of the public wants to see it done."

He declined to say "even what direction" he was going.

Sheriff Hutson left Littlefield Monday for an unannounced destination. The only information was that Mr. Hutson would be "out of the city all week."

Officers are believed to have gone to Central and South Texas in furtherance of their investigation.

Second Man Sought

From Galveston came reports that officers are seeking a second man for interrogation in the case; also a suitcase purportedly owned by Thomas.

Officers are reported to be working on the missing links in the case. One link is said to bear on Thomas' whereabouts from the Saturday previous to the Hunt murder and the

The list of firms and individuals, with the amounts subscribed, who contributed to the above fund, as furnished the Leader by Mr. Hewitt, indicated a wonderful spirit of fellowship, cooperation, sympathy, and generosity that could not be surpassed in any section of the country. The committee who gathered these funds devoted the entire week to this work, and in the list of contributors many firms and individuals gave such figures as \$500, \$250, \$100 and \$50 to this fund.

CAN VITAMINS CHANGE GRAY HAIR?

According to Good Housekeeping tests with Calcium Pantothenate on gray hair. Age—did not seem to affect results. The earliest response occurred in a 50 year old, the latest in a 23 year old. Color—began to appear near the roots of the hair. The color may not appear all over the head at the same time. Symmetrical areas, perhaps on the temples or the back of the head, may show traces of color first, after which the color will spread to other parts of the head. Time—varied from 1 month to 6 months. Results—88% of those tested had positive evidence of a return of some hair color. Now thousands use GRAYVITA, which contains 10 mgm. of Calcium Pantothenate. (the tested amount) PL136450 U.S.P. units of B₅. Try GRAYVITA. 30 day supply, \$1.50, 100 days, \$4.00. Phone, write.

Farmers SERVE AMERICA BETTER When They're Served By Amazing Comfort In...

WOLVERINE SHELL HORSEHIDES

TODAY, American farmers work harder and longer on their feet than ever before. That's why Wolverine's famous triple-tanning process means so much to them. It tans tough, super-durable shell horsehide as soft and pliable as buckskin—makes Wolverine Shell Horsehides feel like old house slippers. They even dry out soft after soaking. Wolverine Shell Horsehides are served America by helping farmers produce more food because their feet don't tire as fast in such soft, comfortable work shoes. Wolverine Triple-Tanning also helps retain all the natural wear-resisting toughness of shell horsehide in the soles and uppers. . . . Try a pair

Observe 20th Anniversary Of Chapter; Honor Worthy Matron

In observance of the twentieth anniversary of the local Chapter of the Order of Eastern Star, and also honoring its Worthy Matron, Mrs. G. M. Shaw, on the occasion of her birthday, a special program was enjoyed Tuesday evening at the beautiful home of Mr. and Mrs. Pat Boone, on Westside Avenue.

The program included a contest in which officers took part, and which when completed, spelled the words, "Worthy Matron." A word hunt was staged, in which the members were divided into groups headed by Mrs. Shaw, and Mr. Shaw. Mr. Shaw's group, being the loser, were obliged to sing a song, "When We All Get Together."

Mrs. G. M. Shaw, Worthy Matron, went on a treasure hunt, and found clues to her hunt on pieces of a picture, which when put together formed a picture of a room, and the last piece gave the clue to where her gifts, a lovely pair of hand embroidered pillow cases, would be found, behind the picture of Pat Boone, Jr.

The honoree, Mrs. Shaw, was also presented with a birthday cake from the Chapter. The presentation was

made by Mrs. H. C. Arnold, following which the group sang "Happy Birthday."

Refreshments of Pumpkin Pie and coffee were served to the following: the honor guest, Mrs. G. M. Shaw, and Mr. Shaw, Mrs. and Mrs. Geo. A. Stagers, Dr. and Mrs. A. B. Haynes and Mesdames Roy Hulise, H. C. Arnold, H. W. Wiseman, Vernie Wright, J. D. Dodgen, S. J. Farquhar, E. S. Rowe, Lloyd Sewell, Lyle Brandon, Jimmie Singer, W. D. T. Storey, J. A. Leaf Cluster

Flight Officer Jerry Montgomery, 21, son of Mr. and Mrs. C. J. Montgomery, of Hart Camp, who is operating a Thunderbolt Fighter plane with the American Eagle Squadron, and stationed in England, has been awarded the Air Medal and Oak Leaf Cluster.

Flight Officer Montgomery has been in overseas service about three years. He enlisted with the Canadian Air Force at Dallas before the Pearl Harbor attack, and received training in Canada, following which he was a pilot in the Canadian Air Force for nearly two years, and served as Sgt. Pilot with the RAF several months. He asked for and received a transfer to the American Air Force on February 23rd of this year.

Flight Officer Montgomery wrote his parents recently that "raids over the Continent are as routine as carrying the mail."

The Air Medal is awarded for 25 trips over enemy territory; and the Oak Leaf Cluster for meritorious service.

Flight officer Montgomery wrote his parents sometime ago that he had at last attained a long cherished ambition to pilot the fastest American Fighter Plane, and the Thunderbolts are believed the fastest in the hands of the Allies. They are reported to have a speed of 420 miles per hour, and are now equipped with extra gas tank, enabling them to go on longer trips over enemy territory.

Neal Montgomery, of Hart Camp, younger brother of Flight Officer Jerry Montgomery, has been accepted for Air Cadet training, and leaves on November 15 for training.

Sudan 4-H Club Elect Officers

The Sudan 4-H Clubs met Monday in regular monthly meetings, the Sudan Junior Club meeting separately from the Senior Club. Donald Lance, president of the Junior Club for last year, presided during the meeting. New officers were elected to serve until November of next year. Arville Moore was elected president; Buddy Testerman, secretary; Cal Foster, vice president, and Mr. Bill Stevens as adult sponsor.

Each boy filled out a special Report Card on amount of bonds bought, scrap collected, and other war activities.

The Senior Club decided to cast all their votes for Stephen F. Austin as the man in Texas History to name the Liberty Ship after. All 4-H Club members in Texas have an opportunity to vote for and name a Liberty Ship. This honor is given Club boys and girls for the amount of bonds bought and sold in bond campaigns by them.

Wayne Milk Co. Organized Here

This week the Wayne Milk Company of Littlefield was organized. This new company will be processors of milk products, chiefly pasteurized milk bottled and distributed in Littlefield.

Jack Wayne, creamery owner of Cero and Victoria, is well known here. He started the South Plains Creamery and the manufacture of butter here 10 years ago. This plant has been in continuous operation since.

It is understood that the Wayne Milk Company will be a permanent organization. Equipment has been purchased and the plant will in the very near future be in operation.

It will be in a different location from the butter plant and managed separately.

Viggo Peterson has been hired as manager with Paul Jenson as plant superintendent. Mr. Jenson has had some 20 years experience in pasteurized milk plants.

Armistice Day

This Armistice Day—25 years after the first World War—finds our fathers, our sons, our husbands, brothers, and sweethearts scattered to the far corners of the world engaged in another great conflict for World Liberty and Peace . . . for the Preservation of the American Way of Living.

As we pay tribute to the heroes of World War I, we also salute these men of our country who are today making sacrifices to bring about a better world . . . to protect their families and their homes, their hopes, ideals, faith, ambitions, freedom to achieve life's highest standards.

And as we observe Armistice Day, we pray that the day may come when, through better understanding between nations . . . more effective regulation . . . wars shall be no more . . . Peace Shall Be With Us.

REMEMBER POPPY DAY

Men serving in the Armed Forces today, who are disabled, and their families—as well as disabled veterans of World War I, will benefit in many ways from America's custom of wearing poppies in honor of the war dead, on the Saturday before Armistice Day.

Be sure to buy a poppy Saturday from the members of the American Legion, who are sponsoring the Poppy Day Sale.

The sale of poppies means compensation to veterans of wars, who make the little red flowers.

The Amherst Schools staged a Harvest Queen Festival in the Gymnasium Friday night, when all classes were represented.

Entertainment included booths, bingo games, throwing dummies, etc. Each class in the school was responsible for a booth, and received 10 per cent of the proceeds, the balance going towards a fund to buy a moving picture machine for the school.

Mrs. C. R. Stephens, high school principal, was in charge of the program.

Votes were sold for the various candidates for queen, each penny counting a vote.

The various departments of the Amherst Schools were represented as follows:

Seniors—Miss Mary Ellen Duffy.
Juniors—Miss Billie Sue Priddy.
Sophomores—Miss Billie Marie Roberson.

Freshmen—Miss Dorothy Jean Thompson.

On the stage was an elevated snow white throne in the center with colors of the rainbow in the background, on which the Queen was crowned.

The Queen was crowned by Alton Goodin, president of the Senior Class.

Flower Girls were: Lecruita Gaye Payne and Norma Roe Huffstедler, and little Miss Linda Jones, crown bearer.

Ted Cummings was announcer for the program.

After her coronation of the queen the following program was rendered: Song by High School Chorus—"The Bells of Saint Mary"; Stunt by Donald Stagner;

(Continued From Page 1)

Signor, J. D. Evins, and Misses Mary Beth Bilderbach and Roverta Sullivan, sang, "In the Garden."

"I'll lift up mine eyes to the hills . . ." Rev. Mr. York continued. He said several of the Psalms.

Rev. Rodgers spoke:

"This life cannot attain to its hope of happiness. 'As for me I shall behold Thy face in righteousness—I shall be satisfied when I awake in Thy likeness.' . . . Sorrow will be removed and there will be peace—but not until we have passed over."

Prayer Is Spoken

He said a prayer:

"The same God they were taught to serve as children is their God today. . . . It matters not that our lives be long or short—or what we experience—we will be satisfied in the presence of Thy love."

Rev. Mr. York said Littlefield, the South Plains and West Texas had lost elements of a family that had pioneered building of this area. He referred to a relative, the late Dr. J. W. Hunt, president of McMurry College in Abilene, and to the ministry of Dr. Roy Hunt to the needs of Littlefield the last seven years; the influence of Mrs. Hunt as a wife and a mother of two young children.

" . . . 'I will receive you to Myself. . . .'" he read.

The sermon of Rev. Mr. York was a message to the family of consolation and hope, bringing out the fact that Jesus Christ as God's son, is with us in the time of most intensive sorrow, and that in such times the Lord does not leave us comfortless.

The service was closed with a number by the quartet. "God Will Take Care of You."

Pallbearers for Dr. Hunt were Dr. J. R. Coen, Littlefield; Dr. F. W. James, Jr., of Olton; Dr. A. L. Poppewell, Anton; Dr. Wm. N. Orr, Littlefield; Jack Henry, Littlefield, and Floyd Coffman, Littlefield.

Pallbearers for Mrs. Hunt were: E. C. Cundiff, Jack Farr, J. H. Ware, O. K. Woodall, and L. C. Hewitt, all of Littlefield, and George Broome, Anton.

Flower bearers were members of the organization of the Littlefield Hospital & Clinic, employees of the First National Bank, and a number of intimate friends of Dr. and Mrs. Hunt.

Large, Reverent Crowd

A reverent crowd, heads bared, crowded the immediate environs of the church, stood across the street to the south on the steps of the First Baptist Church, lined the expansive steps and entrance to the foyer of the postoffice building and stood on parked cars and a vacant lot westward from the church.

Before the service there, Littlefield physicians through an authorized spokesman, paid this tribute to Dr. Hunt:

"He most adequately performed his duties, and will be mourned for his personal qualities as well as for his loss to us as a physician and a surgeon." They and others said Dr. Hunt was vice president of the Rotary Club, a member of the Chamber of Commerce and of the four-county medical fraternity—"and one who always responded financially to institutions and causes existing for the public's welfare."

Through the murder of Dr. and Mrs. Hunt, two little tots are left parentless . . . Jo Ann, 5, who after discovering that her parents had been murdered, was the first to give the alarm, and her baby sister, Jane, 2. They were not at the services for their parents.

South Plains Men in the Armed Forces

Boy E. Swanner, son of Mr. W. H. Swanner of Houston, returned Sunday, October 24, on furlough, leaving Wednesday his wife, the former Miss Joe McKinnon, and small

son, Jimmy Ray, joined him when he arrived in Houston and accompanied him home. He is stationed with the Quartermaster Corps attached to the Air Corps. He was wearing a ribbon for one year of good conduct, another for driving 5,000 miles of convoys without an accident, a medal for skilled heavy truck driving, one for pistol, rifle and sharpshooter guns. He went back to Avon Park, Fla., awaiting further orders. They were met at the train by Cpl. Tommy McKinnon, guard, stationed at Bryan Field, Bryan, Texas. He returned Tuesday. He is the son of Mr. and Mrs. M. T. McKinnon of 2 1/2 miles northwest of town.

G. W. Steffey, Jr., son of Mr. and Mrs. G. W. Steffey, Sr., of Spade Community, has just been promoted to Petty Officer 2-C after being overseas for 16 months. He is now in the States and has been joined at Port Blakely, Crystal Springs, Wash., by his wife, daughter of Mr. and Mrs. R. C. Roberts of Spade Community, and baby daughter, Gaye.

Lieut. W. V. (Bill) Tolbert, son of Mrs. Frances Lee Tolbert, 2119 Twenty-seventh street, Lubbock, reported by the War Department to be missing in action October 1 after a mission in the European theater, is back at his station, his mother has been informed. Lieut. Tolbert is a bombardier and was at a base somewhere in England the last time his mother heard directly from him.

Major Albert Ray Brownfield, Jr., of Brownfield, has been promoted to a lieutenant-colonel in the field artillery, the War Department announced Saturday, along with temporary promotions of four other South Plains men. Edgar Reese Hoover, 2223 Thirteenth Street, Lubbock; Curtis Vadin Odom, Morton, and Edward Lee Gummelt, Sudan, were promoted to first lieutenants. James Elbert Loveless of Slaton was promoted to a captain in the medical corps. He is a former Slaton physician. Alice Genevieve Colvin of Tahoka was promoted to a captain in the Women's Army Corps. Lieut.-Col. Brownfield is a graduate of West Point.

Pfc. Marion R. Harrison, son of Mr. and Mrs. C. M. Harrison of Anton, Texas, has just been graduated from the parent radio school of the Air Forces Technical training command at Scott Field, Ill.

During the intensive training period there, Pfc. Harrison received instruction in radio operation and mechanics and is now qualified for duty as a member of a fighting bomber crew.

Since Scott Field, part of the vast network of the Technical training command schools under Major Gen. Walter R. Weaver, is devoted solely to radio, the destination of Pfc. Harrison may be a more advanced radio school, a gunnery school, or an operational training school, where he will receive instructions as part of a bombing "team."

Cpl. Leonard O. Mouser, 20, brother of Pfc. Benjamin Neil Mouser, is a radio mechanic in the Air Forces, and is stationed at Marshfield, Calif. He expects to go into advanced radio training.

Pvt. Melvin B. Edwards, son of Mr. and Mrs. Dick Edwards, with a Parachute Division, and stationed at Camp Mackall, North Carolina, arrived home Sunday. His parents met him in Amarillo and accompanied him to Littlefield. He left again Sunday to return to his base.

In an interview one day last week Pvt. Edwards said in connection with the Parachute branch of the service: "I wouldn't be in any other branch of the service. I like my work very much, and think the parachute division the best branch of the service."

Levelland Lobos Win Over Olton Mustangs 19-6

In a game that had been heralded as a duel between Seth Murphy for the Levelland Lobos and James Franks of the Olton Mustangs, the Lobos won a District 5A grid battle 19 to 6. Murphy carried over two of the three touchdowns, romping 18 yards for the first score in the first per-

iod and in the third quarter he took a pass from Barley to romp 30 yards for his second six-pointer. Houser scored the third touchdown in the second period on a 19-yard run.

But Franks lived up to his advance notices and scored in the third period for Olton, romping 23 yards as a climax to six straight times to carry the ball.

The play of Charles Balew and Bill Tibbets in the Lobo line featured the game.

First downs were even, 11 to 11, but the Lobos packed an advantage in penetrations with four to one for Olton.
