No. 3

LAMB COUNTY SCHOLASTIC POPULATION INCREASES 1,644; LITTLEFIELD AND THE SOUTHERN PART OF COUNTY LEADS WAY

Lamb county has had an increase in population amounting to 4,000 during the past year, and that the present population is something like 15,000, is evident by the scholastic population of the county recently enumerated and filed with County Superintendent S. D. Hay.

According to this report the census of the various school districts throughout the county are as follows:

1928-29	1929-30
485	593
163	176
66	102
1301	1644
453	544
9	8
524	690
205	277
TOTAL 3206	4033

Littlefield with a scholastic population of 1,644, shows the largest increase of any school district in Lamb county. Its increase during the past year has been approximately 25 per cent. Its present school population being one-half the balance within the county, or one-third of the entire county scholastic enumeration.

Sudan rates second, with a scholastic population increase of 176. Amherst, third, showing an increase of 107. Olton, the present county seat, located in the northeast corner of the county, shows the smallest increase of any of the town schools, only 91 having been added during the past year. The total scholastic increase throughout the county during the past 12 months was 1,827.

The report shows that out of a total of 4,033 scholastics, 3,204 of them are located in school districts south of the Sand Hills, only 829 being in the northern part of the county. Furthermore, the record is still incomplete inasmuch as there are several pupils from the southern part of Lamb county attending the schools of Pep and Anton, both located in Hockley county.

COLLEGE HAS BEEN RECOGNIZED BY COLLEGE ASS'N

Student Jno. R. Freeman was in attendance at the Association of Colleges in Dallas Friday and Saturday week. He reports this as a matter of interest and material concern.

It has long been a custom of most colleges to send scholarships to honor students of the high schools. Due to the abuse of this custom by the high schools, it was resolved that the colleges would no longer send out such scholarships; but the secretary of the association will to each high school with 15 accredited units two scholarships for the honor boy and one for the honor girl. On the back of each scholarship will be printed the names of the colleges that will honor the student.

"EYES OF LOVE" TO BE GIVEN BY THE COLLEGE PUPILS

Friday night, May 10, the senior high school class of Littlefield college will present a play entitled, "Eyes of Love," at the Littlefield high school auditorium.

The play is a charming tale of a father's love and a daughter's devotion under very adverse circumstances. The action moves swiftly and the suspension is so well sustained that one will sit on the edge of their chair in breathless manner over the uncertainty of the fate of big-hearted, unfortunate Trusty Jim.

The cast of characters includes: A friend of the adventures type; a high-minded lover; an unfavored suitor of the evil hearted type; a faithful old negro mammy; a pert and flirtatious housemaid; a detective.

The play is full of thrills and anyone witnessing it may cry and laugh to their heart's content.

SEEK BETTER MAIL TIME BETWEEN DALLAS AND LFD.

J. Floyd Clouse, of the Federal Reserve Bank, Dallas, was in Littlefield Monday investigating the possibility of a better mail service between Dallas and Littlefield for the benefit of financial interests.

It was stated by Mr. Clouse that effort was being put forth to obtain mail pouch service by bus from Lubbock to points up this line, including Littlefield, Amherst and Sudan, which would give a two day mail service between these points and Dallas, whereas the service is now approximately four days with present connections.

TWENTY-EIGHT NEW NAMES ADDED TO C. C. IN WEEK

Tuesday's meeting of the Chamber of Commerce was one of the largest attended this year, 38 members sitting down to the dining table.

Among other matters of discussion, considerable time was given in reporting the favorable returns coming in from the court house movement now in progress.

Twenty-eight new members were reported since the meeting last week.

J. F. Clouse, representing the Federal Reserve Bank, Dallas, was present and gave a highly inspirational address on present conditions and future outlook of the South Plains area, paying cordial tribute to the spirit of progress manifested by Littlefield citizens.

Other talks of an inspirational nature were made by various members of the organization.

NEW STATION AND CAMP

W. H. Wade, formerly of Herford is this week opening a new filling station and tourist camp on State Highway No. 7 in the west part of town and opposite the local ice plant.

The Aim Is To Restrain The Calf

By Albert T. Reid

SHERIFF AND DEPUTIES OBTAIN LIQUOR AT DIFFERENT PLACES; FOUR MEN UNDER BOND FOR GRAND JURY APPEARANCE

Recent activities of the Sheriff's department bear evidence of continued violation of the prohibitory laws relative to the sale and use of intoxicating liquors.

Friday, of last week, Sheriff Len Irvin captured about 55 gallons of liquid, said to be "home brew," at a place near Sudan. O. D. Stevenson was arrested in connection with the raid.

It was stated by Irvin that some of the liquor was in a barrel planted in the garden, and surrounded by lanterns to keep it warm while in process of generating. The fact that recent high winds had blown some of the dirt from off the top of the barrel led to its discovery, according to Irvin. Stevenson was released on bond of \$1,000 for appearance before the grand jury at the August term of District court.

Saturday Irvin and Walraven secured about 10 gallons of beer and several bottles of another unknown liquid in the north part of town, and at the same time Valentine Zuber was arrested and placed under \$500 bond for appearance before the grand jury.

Monday morning a raid was made on a filling station in the east part of town and four gallons of red liquor secured. M. A. Harris was arrested at the same time, giving bond for \$1,000 for grand jury appearance.

Later the same day a man giving the name of Sam Hawkins was placed under a \$500 bond, following the discovery of about 25 bottles of alleged home brew and a bottle capping machine on his farm in the Spade section.

LFD. vs. LUBBOCK IN FIRST GAME OF SEASON HERE SUN.

The first baseball game of the season played in Littlefield will be next Sunday afternoon at 3:00 o'clock at the local ball park, between the Littlefield Leaders and Lubbock Hubbers.

The Hubbers are one of the crack teams of the South Plains area numbering in their aggregation several old time artists of the diamond and have been enjoying a winning streak this year.

The Littlefield team, whipping into shape for the initial game, will be composed of men, all of whom are experienced in the game, several of them having held places on good league teams. Preliminary work-outs indicate the locals are in true form and a close fought game will be in order from the first ball to cross home plate.

In this first game the Littlefield lads will be dressed in new uniforms recently purchased this season. The probable lineup for Littlefield is as follows:

Fox 2 b; Brittain, 1 b; N. Ratliff, s; Alvin Mueller, p; Hanks, c; Art Mueller 3 b; Altman, c f; H. Mueller, 1 f; Humphries r f. This line-up is tentative and other good uniformed players will be on the bench, possibly some of them going in at the beginning of the game.

It is desired especially in this first game of the season that there shall be a good attendance.

Catalogs come and orders go, but neither helps Littlefield.

LFD. HOTEL WILL BE MODERNIZED BY BIG IMPROVEMENTS

Work was begun this week on reconditioning and improving the Littlefield hotel, J. C. Whicker, proprietor.

The improvements embody the expenditure of several thousand dollars, which will make an entirely new and modern establishment out of the hostelry. Beginning with an ornamental iron fence around the spacious lawn, there will also be new sidewalks laid around the property, new porches, both front and rear, a new system of outside lighting and electric sign on roof. The building will be piped for gas, city water and sewer connections made and a large reserve water tank installed for emergency usage. The entire building is to be repainted outside and redecorated inside. New papering will adorn all rooms and metal ceiling installed in the large lobby. All rooms and halls will have new carpeting and floor padding. There will be new shades, awnings, furniture, bedding and complete renovation and modernizing of both dining room and kitchen.

The Littlefield hotel occupies the most desirable location in the city for such a business enterprise. Located just one block off Main street, fronting on a pavement, with large grassy lawn and fine shade, it affords an ideal home-like atmosphere for its patrons.

Between 1920 and 1925, 75,000 new farms were brought into cultivation in the United States. Thirty thousand of them were in Texas.

\$65,000.00 HOTEL TO BE STARTED IN LITTLEFIELD SOON

That work on construction of a new \$65,000.00 brick hotel will be started in Littlefield by the 15th of this month, is the statement of R. E. McCaskill, chairman of the hotel committee working on this enterprise for some weeks past.

Details of contract were worked out this week between the local committee and H. M. Prince, of Lubbock, who is to be the erector. A. H. Davis, experienced hotel operator from Gorman has obtained a lease on the building and is this week placing orders for its furniture and furnishings.

The hotel is to be located on the corner lot on Main street formerly occupied by the Quick Service station, and across from the Yellow House building.

The building is to be two stories, 75x125 having 32 rooms upstairs, while the lower story will, in addition to a spacious lobby, have accommodations for coffee shop and several business concerns. It is understood that corner room with a drug store and Stokes & Alexander will occupy a Barnes Insurance agency will use that the Chamber of Commerce and another room.

It is stated the hotel will be in operation within 90 days following beginning of construction.

MANY ENQUIRIES RECEIVED REGARDING SOUTH PLAINS

To date there have been nearly 4,000 replies to advertising sent out by the South Plains Inc., organization Lubbock, as a direct result of its advertising of the merits of this section of the state. These enquirers have been furnished with suitable information relative to their interests, several hundred of them being favored with copies of the Lamb County Leader.

Some have already visited this section, making purchases, and correspondence with others indicates there will be many more to enter the South Plains area during the coming summer and fall tourist months.

J. W. ROBERTSON DEAD

The Leader is in receipt of a card from J. W. Robertson, Jr., of Woodward, Okla., stating that he had just received information that his father, J. W. Robertson, Sr., former citizen of Littlefield, had been drowned at Los Angeles, California.

No word has been received as to cause of the accident, neither had his body yet been found.

Mr. Robertson was formerly in the hardware business in this city.

LITTLEFIELD GETS ODD FELLOWS MEET AND NEW PRESIDENT

Littlefield was selected as the next meeting place of the South Plains I. O. O. F. convention, and C. A. Baird, this city was elected president of the organization, at a meeting held in Lubbock, Wednesday of last week.

There were about 50 delegates of local lodges throughout this section to attend the Lubbock meeting, and it is expected that the attendance at the coming meeting in Littlefield, to be held sometime in September, will be greatly increased. Already big plans are being laid here for the coming meeting. It is probable that the Palace theatre will be secured for the occasion, and a complete I. O. O. F. movie picture program will be arranged. It is also planned to bring here a band of 65 children from the Odd Fellow Home at Corsicana, to have part on the program. This will all be open to the public, and in addition there will be private ceremonies for members only.

Other officers elected at the Lubbock meeting last week were:

Mrs. Bessie Donnell, Slaton, vice president; Mrs. A. C. Davis, Lubbock, vice-president, and L. Alexander, Slaton, secretary, re-elected.

Degree work by both subordinate Odd Fellows lodges and those of the Rebekahs, was given at the night session, Lubbock winning the contest of Odd Fellows by default, as no other lodges competed, and the Slaton Rebekahs winning in that contest.

Lodges represented at the convention included Lubbock, Ralls, Littlefield, Amherst, and Slaton. Visitors included some from Amarillo, Plainview and Orange, Mrs. Catherine Dearborn, wife of the Chief Patriarch of the state of Texas, being from the latter city.

A. L. Bettis, Lubbock, retiring president of the South Plains association, presided at all sessions, other officers of the older regime including C. A. Baird, Littlefield, vice-president; Mrs. A. Dennis, Slaton, second vice president; and L. Alexander, Slaton, secretary-treasurer, as well as Mrs. Jessie N. Ross, Amarillo, president of the Rebekah Assembly of Texas.

The morning's program opened with the Rebekah Ode, invocation being delivered by A. C. Davis, and the Rev. J. T. Clinton, Lubbock, delivering the opening address. Mayor Harley D. Woods welcomed the visitors, a response being offered by Dan W. Lyle, of Slaton, and C. A. Baird, of Littlefield.

Others on the day's program included Mrs. J. F. Tom, reading; Mrs. T. C. Rainey, piano solo; Dr. W. N. Lemon, address; the Green brothers, musical numbers; Mrs. Eupha Parkinson, reading.

At the regular meeting of the Littlefield Independent Order of Odd Fellows, held last week eight new members of the Sudan lodge were initiated into the mystery rites of that organization.

The week previous the Littlefield lodge represented by District Master E. H. Flynn, C. A. Baird, marshal; A. L. Porter, secretary; J. E. Brannen, treasurer, Dr. M. V. Cobb, chaplain, and other members, went to Sudan where a new lodge was constituted, the Littlefield team conferring the degrees on nine new members while several old members signed the charter for the new institution.

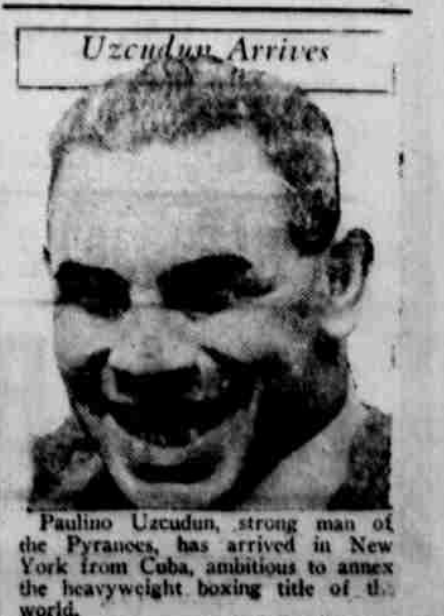

ODD FELLOWS LODGE IS ORGANIZED AT SUDAN

At the regular meeting of the Littlefield Independent Order of Odd Fellows, held last week eight new members of the Sudan lodge were initiated into the mystery rites of that organization.

The week previous the Littlefield lodge represented by District Master E. H. Flynn, C. A. Baird, marshal; A. L. Porter, secretary; J. E. Brannen, treasurer, Dr. M. V. Cobb, chaplain, and other members, went to Sudan where a new lodge was constituted, the Littlefield team conferring the degrees on nine new members while several old members signed the charter for the new institution.

Uzculun Arrives

Paulino Uzculun, strong man of the Pyraones, has arrived in New York from Cuba, ambitious to annex the heavyweight boxing title of the world.

Mrs. W. Elliott of Los Angeles must pay her husband alimony a month. This ruling was made by a new California law regarding husbands alimony rights.

PERSONAL ITEMS

Norman Renfro, H. G. Dobbs, Driskell Irvin, Carl Williams, Ira Parker, Clarence Evans and C. C. Thornton attended the I. O. O. F. Panhandle Association at Plainview, Wednesday night.

Mr. and Mrs. Roy Blessing and father Jim Blessing, took Mrs. Jim Blessing to Dallas last Saturday where she will take treatments under a specialist. Mr. and Mrs. Roy Blessing go-

ing from Dallas to Winters where they spent the weekend.

Mr. and Mrs. S. F. Hammet, of Lamesa, and Mr. and Mrs. Joe Safady of Lubbock, were Sunday guests of Mr. and Mrs. Ed Aryian. Mrs. Aryian accompanied Mr. and Mrs. Hammet to Lamesa, Sunday.

Misses Edna Davis, Gladys Porter and Elaine Baker, of Tech, spent the weekend here with friends and were accompanied to Lubbock, Sunday afternoon by Travis Jones, Kenneth Houk and Shirley Blakely.

F. O. Boles, Percy Carter, Ferrell Burford, Lawrence Thornton and George Bridges left Tuesday noon for Austin, where they will represent this district in the annual Texas State Interscholastic League meet.

John H. Arnett Motor company reports the following sale of new Fords: R. N. Triplett, Sudan, fordor; Whaley Lumber Co., Sudan, truck; W. E. Gregory, Sudan, tudor; Joe Sturgis, Sudan, coupe; H. T. Adams, sedan.

E. N. Arnn returned to his home at Carey, Sunday afternoon, after spend-

ing a week here with his parents, Mr. and Mrs. J. W. Arnn. He was accompanied to Lubbock, Sunday afternoon by his father, J. W. Arnn, and daughter, Lora, and E. F. Arnn.

J. A. Davenport, local garageman, accompanied by his family, returned Monday from a 10 days visit with relatives at Marshall. During the trip he covered more than 1,600 miles of territory, none of which looked so good as this county, he said. In fact, he expressed himself as not being willing to give one section of this territory for the whole country back where he visited. Crop conditions here are superior to anything he saw on his trip.

LOCAL DAIRYMEN COMPLAIN OF MILK THIEVES HERE

That there has been considerable pilfering of milk and milk bottles recently in Littlefield is the complaint of local dairymen serving the trade here. It is stated this has been going on in more or less degree for several months past, but recently the theft has increased.

Only a few nights ago one dairyman reported picking up two empty bottles in which the thieves had placed notes reading as follows: "No more milk until you pay your bill." The note was placed there by the party stealing the filled bottle.

Stealing a bottle of milk may seem a very small matter, yet according to County Attorney T. Wade Potter, it is a crime that carries a fine upon conviction, up to \$500 or jail sentence up to two years, or both.

Officers are now on the watch, certain persons already having come under their suspicions as being guilty. Patrons are asked to assist in securing the necessary information, and it is stated that the guilty parties, when apprehended, will be duly punished.

ABOVE THE ARCTIC CIRCLE

A telephone service has been opened with Upper Lapland, 100 miles north of the Arctic circle. The line extends from Geneva to Kiruna and consists of 2,530 miles of double wire, which includes 1,125 miles of underground cable between Geneva and the Baltic coast at Stralsund, 100 miles of submarine cable between Stralsund and Malmo and 1,305 miles of overhead wire between Malmo and Kiruna.

LOTS OF JELLY BEANS

Anaconda, Mont.—A candy store proprietor called the police when he discovered that a dollar bill a boy gave him for the purchase of jelly beans was in reality a \$100 note. It was learned that the lad's mother had accidentally given him \$100, thinking it was a \$1 bill.

Fifteen miles of steel columns will be electrically welded to form the hood stacks of the \$7,000,000 Sterling Memorial Library in Yale University.

NEEDS TWO COTS

New Orleans, La.—Harry Baudot, weighing 340 pounds, claimed he was too fat and unsteady on his legs to be a bootlegger, but a verdict of guilty was returned anyway. The attorney for Baudot arranged for two cots for the jail for his client.

West Texas, which according to the West Texas Chamber of Commerce comprises the area west of the M. & T. Railroad to Waco and the southwest through Fredericksburg and Rock Springs to Del Rio, includes 135 counties and approximately 600,000 acres of land. Into it are dropped Maine, New Hampshire, Rhode Island, Connecticut, New Jersey, Delaware and Maryland and still leave unoccupied 100 square miles or eight more islands.

It is estimated that 5,000,000 persons residing in other American and in foreign countries are dependent largely on the products of Texas cotton fields for their living.

Every Family is Entitled to the Greatest Blessing on Earth— A "HOME"

Our principal business is the dispensing of this blessing.

We feel we have accomplished a real humanitarian task when we are privileged to furnish good sound material to enter into the construction of your home, whether it be a mansion or a cottage.

We have been building homes in and around Littlefield for several years past—we want to build many more. Our entire business is at your service. We will take pleasure in furnishing you with estimates for any buildings you may desire.

We have a large assortment of plans and specifications that are at your service—plus our personal assistance gladly rendered. Let's talk the matter over!

HJR. No. 6
A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5, Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless

he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this

amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and, upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate."

"Article V, Section 3. The Supreme Court shall have appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil Appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law, the appellate jurisdiction of the Supreme Court shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statute of the State is held void, and shall extend to such other questions as may be within the Court's Appellate Jurisdiction under the Statutes of the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations as may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the Governor of the State.

The Supreme Court shall have power, upon affidavit or otherwise, as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by the Court.

The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he may hold his office for four years and shall be subject to removal by said Court, for good cause entered of record on the Minutes of said Court who shall receive such compensation as the Legislature may provide."

Sec. 2. Said proposed Constitutional amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on Tuesday July 16, 1929, at which election each voter opposing said proposed amendment shall scratch off of the ballot with a pen or pencil the following words printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court," and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Against the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

Approved February 19, 1929.

H. J. R. No. 7
A JOINT RESOLUTION

proposing an amendment to Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor; providing for its submission to the voters of the State of Texas as required by the Constitution, and making appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Section 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Ten Thousand Dollars and no more and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that this amendment shall not become effective until the third Tuesday in January, 1931."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on July 16, 1929 at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor." And those voters opposing said proposed amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution of the State of Texas fixing the salary of the Governor."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is here-

by appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.

Approved March 19, 1929.
(A Correct Copy)
JANE Y. McCALLUM,
Secretary of State.

AN OBITUARY OF JAMES P. COURTNEY, WELL KNOWN HERE

Only meagre details of the death of James P. Courtney were available at the time of his decease, but a further account is contained in a recent issue of the Nashville (Illinois) Journal, former home of Mr. Courtney.

Mr. Courtney was past 87 years of age at death. He was the father of E. G. Courtney, of this city, and was well known locally by many other citizens, some of whom have been acquainted with him during the past 25 years. The report of his death from the Nashville Journal is as follows:

After a short illness Jas. P. Courtney departed this life at the home of his daughter, Mrs. Ora E. White, at Tonkawa, Okla., on April 8, 1929, at the age of 87 years, 1 month and 8 days.

He was born in Knoxville, Tenn., but on the death of his father, when he was a child of five, James moved with his mother to Nashville, Ill. When the Civil War broke out, he was among the first to volunteer his services for his country, serving in Company C of the 60th Illinois Reg., to the end of the war.

On his return to Illinois he was married to Pauline Farmer on Sept. 5, 1865, who preceded him in death Dec. 22, 1904. To this union were born 13 children, four dying in infancy.

In early manhood he was converted and joined the M. E. church and for the past 55 years he has been a faithful laborer in the work of the Master. He was interested in reform and in religion and was superintendent of the First M. E. Sunday school several years. He was also a member of the Masonic Order and of the G. A. R.

After the death of his wife, he moved to Ivanhoe, Okla., but has spent most of the last years of life in the homes of his children. Those living to mourn the death of a loving and devoted father are: Mrs. Ora E. White, Tonkawa, Okla., Mrs. C. G. Seibert, Wichita, Kansas; Mrs. J. W. Hanna, Hiawasa, Ark., E. G. Courtney, Littlefield, Texas; Miss Maude Courtney,

Boise City, Okla.; Harry Courtney, Lamont, Okla., Paul Courtney, Blackwell, Okla.; Mrs. Frank Des Georges, Gallup, New Mexico; Leon Courtney, Follett, Texas. All of these were with him at the time of his death. He is also survived by a sister, Mrs. Malinda Newman of Richview; 26 grandchildren and five great-grand-

children, besides a host of other relatives and friends.

WHEN BAKING A HAM Instead of basting roast or ham with its own juice, use the ham from a can of pineapple. It has a delicious flavor.

PRODUCT OF GENERAL MOTORS

Before you buy a car it's wise to compare with

THE NEW PONTIAC BIG 6

Some people make a fundamental mistake when they go to buy a car. They receive a demonstration and they compare the new car only with the car they are about to trade. To help you avoid this mistake we have arranged a special demonstration of the New Pontiac Big Six. See the others, by all means. But see the New Pontiac Big Six, if only for the sake of comparison.

Prices \$745 to \$895, f. o. b. Pontiac, Michigan, plus delivery charge. Bumpers, spring covers and Looney shock absorbers regular equipment at slight extra cost. General Motors Five Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.

JONES BROS. MOTOR CO.
Littlefield, Texas

EVERY FARM IMPLEMENTS

The symbol of better farm implements

The Avery trade-mark is universally recognized as the symbol of America's finest implements.

Over 100 years have passed since Benjamin Franklin Avery hammered out his first plow and in this past century his motto, "To build well—to deal square" has been the watchword of all who have succeeded him.

When you see the Avery trade-mark on a farm implement you are assured of more than its genuineness—you are given positive promise of unflinching service and lasting satisfaction.

J. T. HARRIS
Littlefield, Texas

Your MODEL T FORD is still a good car

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

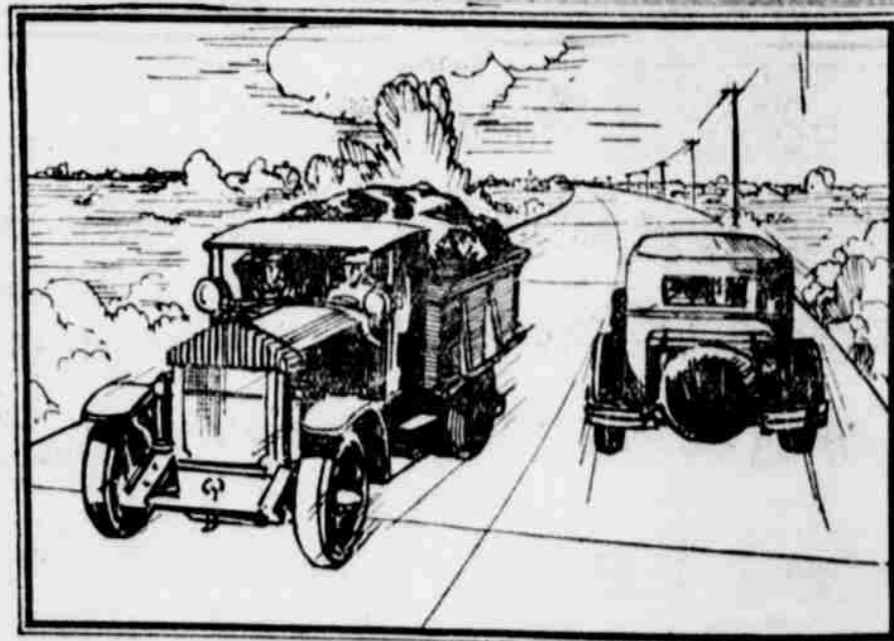

For a labor charge of \$20 to \$25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for \$3 to \$4. The cost of tightening all main bearings is only \$6. The labor charge for overhauling the front axle is \$4.50 to \$5—rear axle assembly, \$5.75 to \$7.

New universal joint will be installed for a labor charge of \$3. Brake shoes relined for \$1.50. Rear spring and perches rebushed for \$1.75. The cost of overhauling the starting motor is \$3. A labor charge of approximately \$2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

FORD MOTOR COMPANY

After Careful Study—

Is it any wonder the Texas State Highway Department and many counties and cities in this great state build portland cement concrete pavements?

The Bates Road, built by Illinois Highway officials to test pavements, contained 63 sections of three principal paving materials in various combinations and thicknesses.

At the end of the tests, after 377,460 tons had passed—motor trucks gradually loaded until each rear wheel carried 8,000 pounds—only thirteen sections remained undamaged.

Ten were portland cement concrete; the other three had heavy portland cement concrete foundations.

Experience and use prove also—there is no other pavement like it!

How It Started

By JEAN NEWTON

"JOTTING IT DOWN"

THIS expression is commonly used of something which is to be written, where the implication is that it will take no time nor effort, that the writing amounts to no more than a scratch or a "jot." We all know that there is a type of person who, not very fond of work himself, has the habit of minimizing anything that he asks other people to do. Accordingly he might request some one to "Just jot down" a dozen pages or more! That, however, would not be in keeping with the meaning or the origin of the phrase.

For the origin of "jotting it down," we must turn simply to the word "jot," derived from the Greek "iota" or "I." It means a little, the dot over the "I," or a mark over a letter to distinguish pronunciation, and its significance extends to anything of slight value or proportions.

Literally "jot down" would mean to make a mark. And it is in the sense of making just a few marks that we today refer to writing something down as "jotting it down."

**Irish Girl World Traveler at
Chautauqua**

Mrs. Harold R. Peat, who is traveling with Associated Chautauques and will appear on the second evening program, has had a wide experience as a speaker, writer and traveler. In a recent interview she mentioned that South America was the only continent which she had not yet visited. She has been in every State of our Union, every Province of Canada, and both American and British Alaska. Mrs. Peat says that, for most of her life she has been in the North of Ireland and her ancestral home was seven miles from the nearest railroad station. Mrs. Peat speaks upon "The International Future of Our Children"—she has a penetrating insight into the affairs of today, her knowledge of world politics is wide, and her elucidation is simple. She advocates World Peace, but is not a pacifist—Mrs. Peat herself says "How could an Irishwoman be a pacifist in the accepted sense of that word?"

As a writer Mrs. Peat was on the staff of the London Daily Chronicle, England—she wrote for the Daily Mail, Tatler, was Assistant Editor of Modern Society, and Work Editor of Everywoman's, also in England, whilst in this country she writes for leading papers and magazines. Bobbs Merrill of Indianapolis published her last book "Mrs. Private Peat," which is one of the few books published on this side to be placed on the honored shelves of the French Musee de la Guerre.

**JUNIOR TOWN BIG
CHAUTAUQUA FEATURE**

Chautauqua week is the big week of the year for the youngsters. The committee bringing Chautauqua here has just received plans from the headquarters of the Associated Chautauques, saying that this year's Junior Town program is to be bigger than ever. The young folks will elect their own mayor, the town clerk, the news reporter, the law and order commissioner, the service commissioner, and the health commissioners. It is expected there may be two or more candidates for the various offices, and that quite a campaign will be waged. One day during Chautauqua it is planned to have the Junior Town Offices administer the city government, with the assistance of the regular officers. The Superintendents on the circuit coming here are all ladies who have had a special training in the conduct of playgrounds and Junior Town. There will be picnics, hikes, parties, yells, stories, games, etc., and other special features that will make it an eventful week for the younger members of the community.

Those Who Laugh Last—
"Kicked by Mule" No Joke," says a New York Evening Post headline. It never was, but many persons have always considered it a joke. They were the ones who never had been kicked by a mule.

Seven Archangels
According to Kabbalah, the seven archangels are Michael, Gabriel, Raphael, Uriel, Zerubabel, Phanuel, and Remiel. They represent Wisdom, Splendor, Saving Power, Zeal, Justice and Mystery of God.

Earth's Composition
The earth, according to some modern scientists, is composed of a small core of metals, heavier than iron, around which is a 4,200-mile sphere of iron, then iron and a crust of granite.

Talent
Many eminent men have said that it is not the universal law that the French are the best of all people.

Brewster is the largest county in Texas, its area being 3,798,400 acres which is equivalent to 5,935 square miles. Rockwall is the smallest county in Texas, having 95,360 acres, of 147 square miles.

**Worried
Night after Night
as health declined**

"I SUFFERED frequently from nervous headaches, and I could not sleep well," says Mrs. Cora Dover, R. F. D. 2, Hickory Grove, S. C. "I was thin and pale. I was so weak I could scarcely walk. I tried several remedies which were suggested, but nothing seemed to help me. Night after night I worried because I could see I was going down-hill. I had my children to look after, and I was afraid of what would become of them if anything happened to me.

"I began to take Cardui on the recommendation of a friend. It wasn't long until I was beginning to pick up. My strength gradually began to return. I rested better at night and was less nervous. I took several bottles of Cardui, and when I had finished taking it I was in fine health."

COMPASS FINDS PIPE

The magnetic compass, for centuries the faithful servant of swashbuckling mariners and more recently the companion of venturesome and romantic aviators, has been put to the prosaic task of hunting out buried gas pipes for gas company workers.

In determining the best point for drilling holes for pipe that is no deeper than two feet, the magnetic compass has no close competitors, they report. It is also handy in locating gas piping hidden in house walls and floors.

LITTLEFIELD GETS PUBLICITY

In the April issue of West Texas Today, official magazine of West Texas Chamber of Commerce, and which was received by members here last week, there appears an interesting article delineating the forward activities of the Littlefield Chamber of Commerce and the prominent part taken in that direction by several of its citizens.

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

START SWATTING

The surest sign that spring is here and the summer is just around the corner is the presence of the early fly. Swat him!

A single fly swatted now prevents thousands, perhaps millions, a little later on. This filthy spreader of disease and dirt is still considered innocuous and harmless by many, and is still tolerated in Littlefield homes and stores.

Man's war against disease and death cannot reach its full measure of success until everyone begins to realize that the dirty fly is the most dangerous animal that exists. It is credited with causing more deaths of human beings than all the beasts of prey and poisonous reptiles combined. Flies are known to carry and spread more than 20 diseases, among them being typhoid fever, dysentery, infantile diarrhea and tuberculosis. They breed rapidly. A single pair of flies beginning May 1 are said to be capable of producing nearly 6,000,000 flies by the last of July.

The best way to control flies is to destroy all breeding places. They naturally prefer stables and out-houses, garbage cans or chicken yards. Screens should be put up immediately, and poisons and sticky fly paper generously used. But the best preventives are houses and premises that are kept absolutely clean. Clean communities have no fly problems.

Divorces are increasing so rapidly it would be a good idea for new bridegrooms, to set aside a sinking fund for alimony.

ANOTHER WORRY VANISHES

Quite a few western newspapers have recently issued editions on paper made of cornstalks. Already one large plant has been established for

making paper of this waste material, and since it is said to be of good quality, and can be produced at a satisfactory price as compared with the cost of ordinary wood-pulp paper, it looks like "farm-relief" from an unexpected source.

On top of that comes a report that the slash-pine areas of the south are being drawn on for paper material, and are meeting every test.

With this country able to utilize the millions of tons of corn-stalks that come on every season, and the vast supply of slash-pine the south is able to furnish, it appears that Canada's stranglehold on the wood-pulp industry is going to be broken. Not only that, but it looks as though the fellows who have been worrying for fear raw material for the manufacture of paper would soon give out are going to have to hunt up something else to worry about.

An onion a day will also keep the doctor away—and a large part of the others in the neighborhood.

WATCH FOR THEM

Within a short time Littlefield citizens who are lucky enough to handle paper money will find themselves in possession of bills of a new size. They will be smaller than the present ones, and since denominations of both sizes will be in circulation for awhile, some confusion may result. But this will be short lived, and probably by the first of the year we will be so accustomed to the newer and smaller bills that we will have forgotten we once used a larger size.

They won't buy any more unfortunately, than the kind we are now always reaching for. But Uncle Sam is going to save \$2,000,000 yearly in paper. And that is worth while, since it's our money he has to spend in printing more money. But the new size is on the way and our advice to the thrifty is to keep a close watch for them—and get hold of all of them you possibly can.

Trades Day SPECIALS

In order to help make May 6th the most successful of any big event ever staged in Littlefield, we have decided to disregard profits, and on that day will sell you merchandise at prices that will enable you to make your dollars go farther than ever before.

LITTLEFIELD, TEXAS

LITTLE LEADERS

The average Littlefield girl never is content to be merely good; her ambition is to be good-looking.

The Littlefield boy who makes a three-ring circus out of life when he is young isn't going to have much of a show when he grows old.

Nowadays when they are made up it's hard to tell a Littlefield mother from her daughter, except that one is impudent.

We've lived in Littlefield long enough to realize that a girl can be mighty good looking and still not win a beauty prize.

The Littlefield fellow who knows the fine points about holding a golf club might be somewhat at a loss to know how to grasp a hoe handle.

We know a few men around Littlefield so suspicious minded that they actually believe the U. S. was laid off large so the railroads could collect more fare.

A Littlefield wife is a better diplomat than her husband. She will stand around with the neighbor women and brag about her husband's ability even when she knows he hasn't any.

When a Littlefield woman can't find anything else to worry about she will

sit down and worry for fear the laundry will starch her bloomers and forget to put any in the lace curtains.

No man in Littlefield completes his education until after he gets married and then he complains about the tuition.

Negro Body Taken Up During Night Excites Curiosity of Citizens

Just why a negro body should be raised from one grave and placed in another, is a question which has been wobbling around in the mind of some Littlefield folks recently.

It occurred about two weeks ago and in the local cemetery. At least one morning about that long ago a grave was found open in which was known to have been buried a negro who died about six or eight months ago, and in another part of the cemetery was discovered another newly made mound under which the body of the deceased black is supposed to be reposing.

Local cemetery authorities have been making some quiet investigations since the event transpired, but apparently are no wiser now than at the start. It has been rumored that the body might have been taken up and sold to some hospital for dissecting purposes, others think some of the deceased's relatives may have spirited it away in clandestine manner, while still others intimate that it may

have been moved by some personally interested parties because it was located in the "white" portion of the cemetery. However, the only thing that is positively known is that the grave in which it lay was opened by unknown parties sometime in the night and the body removed.

A FREAK HEN EGG

J. W. Horn last week brought into the Leader office a freak hen egg laid by a White Leghorn biddie belonging to Alfred Shipley, four miles west of town.

The outside egg was a perfectly normal developed shell, but it was minus its usual contents. In one end there was a perfectly cut hole just

the size of a smaller egg which nature had evidently pushed into the larger shell. This is the second egg of this kind laid by this hen.

It is understood that E. C. Condit and W. T. Jones Jr., have bargained for this particular hen with the idea of developing her double egg-laying propensity to the point of perfection, wherein she will lay a double amount of eggs annually.

No doubt their fortune is assured if they are successful in their experiments.

The Illinois Commerce Commission states that in Chicago it costs 24 cents more to carry a passenger on a bus than on a street car.

Their Lives In Your Hands

SO MUCH depends upon the care you give them. Now... when they're so helpless and dependent on you to keep them alive... now, when their whole future depends on the feed you choose... is the time to feed Purina Chick Starters and Purina Baby Chick Chow.

They'll repay you for it many times in the months to come. Purina has all the proteins, minerals and vitamins it takes to strengthen and develop their tiny frames and start them on the way to early and profitable maturity.

Chicks' lives are in your hands. Feed them the best and safest feed that science can produce. Feed them Purina.

RANGES ARE GOOD

Rains and warm weather have improved the cattle ranges in West Texas during the last month and the outlook for the live stock industry is very much brighter than it was six weeks ago.
Animals are putting on flesh rapidly and it now appears that the spring movement of grass fat cattle will start earlier than was thought possible a month ago. Winter losses in this section were very small this year, despite the fact that ranges were not the best and considerable feeding was necessary. If prices hold at present levels, this should be a satisfactory year for the cattle industry.

LITTLEFIELD AGGI BOYS LEARN ART OF CAPONIZING, PAVING WAY FOR BIG NEW INCOME POSSIBLE FOR SOUTH PLAINS

Members of the agriculture classes held a caponizing demonstration at the farm of A. Clark, Thursday of last week. Nearly all of the 25 students learned to perform the operation without the loss of a single bird. Some 50 birds were caponized. The students were interested and eager to learn. It is hoped that this interest in caponizing and the production of capons will increase so that within the next few years this county will be able to list among its exports carload shipments of capons, according to Prof. G. H. Helweg, vocational teacher.

The following is an extract from a bulletin, Capon Gold, published by George Bouey, Cedar Vale, Kansas: "No business, not even a gold mine could operate at a profit, were it necessary to expend one dollar in order to coin another, yet many poultry raisers are trying to handle poultry exactly that way." Spending one dollar to produce another. Taking one step forward, then one back. Unable to understand why they cannot find the way to coin their share of the elusive "Pot of Gold." Really they have allowed it to escape their account, actually squandered in the production of the "rooster-half" of the flock.

"The 'rooster-half' of each poultry crop, can and should be made as profitable as the 'pullet-half.' Roosters marketed as capons are often the most profitable part of the poultry business. Selling for 'Golden Dollars' as capons instead of 'Copper-Cents,' as roosters.

"There is no mystery involved in making capons out of young roosters. The removal of two small glands early in the life of each young rooster works the most wondrous change necessary to put the "Pot-of-gold" in easy reach of the progressive poultry raiser.

"It is generally agreed, early spring hatched pullets are the most profitable egg-producers. Accounting to a large degree for most baby chicks hatching in March, April and May of each year. The pullets are wanted for layers, therefore present no serious market problem. It is the almost equal number of roosters hatching at the same time which present the problem. These young roosters will reach the frying size during June, July and August, the three hottest months of the year. So many young roosters reaching the desirable size at the same time, it is impossible to consume them all as food. Hardly a noticeable part can be eaten in the short period they remain edible. Cold storage offers relief, might even handle the rooster surplus were it not also true that old breeding stock in immense numbers is arriving on the market at the same time. The result is a glutted market, full cold storage capacity, with market prices below

production on all grades." The production of capons will relieve this condition. Instead of being sold as fryers in the ninety day period they will be ready for market as capons in ten or twelve months or in February, March and April. Instead of weighing a pound or two as a rooster, worth just a few cents he will as a capon, weigh eight or ten pounds worth dollars in place of cents.

THE ROTARY MEETING

The Littlefield Rotary club met last Thursday noon with 25 members present, President R. E. McCaskill, presiding. E. S. Rowe, Littlefield, and G. W. Parsons, Dallas, were present as visitors.
After roll call, Messrs. Parsons, Duggan and Rowe made short talks. Mr. Duggan presented the boys organization of the high school with a number of boys books for their library at the school.

The president then announced that it was the date for the nomination of directors for the coming year, which are to be elected at the annual meeting, May 23. The following members were nominated: Dr. C. C. Clements, T. S. Sales, J. S. Hilliard, R. E. McCaskill, A. P. Duggan, W. J. Harris, F. G. Sadler, Chas. J. Dvorak, B. M. Harrison, J. E. Barnes and Geo. E. Turrentine.
J. S. Hilliard was elected delegate to the International convention to be held in Dallas, May 27 to 31.

PARENT-TEACHERS ASS'N ELECT NEW OFFICERS

At the last meeting of the local Parent-Teacher's association the following officers were elected for the ensuing year:

Mrs. R. E. McCaskill, president, re-elected; Mrs. Pat Boone, first vice-president; Mrs. Chas. Harless, second vice-president; Mrs. Jack Brannen, third vice-president; Mrs. E. A. Bills, treasurer; Miss Thelma Killough, secretary, re-elected; Miss Gladys Wales, reporter.

At the next meeting which will be May 8, the officers will be installed. It is hoped that the district president will be present to preside at this meeting.

SOUTHWEST NEWS

President G. E. Lawson, of National Business college, Abilene, visited J. M. Schuer and family Thursday evening and while there enrolled Miss Rose as a student of that college.

Mrs. Mare Kopp and son, Max Joe, also Mrs. O. L. Schlotman and daughter, Laura, spent last Friday with Mrs. Scheuer.

Onida May Simpson was absent from school the past week on account of illness.

B & M GROCERY AND MARKET IN CHARGE OF D. LAMBERT

The B & M Cash Grocery, popular provision purveyors in Littlefield, have this week added a meat market to their growing business.

The new enterprise embodies a large size Freidrich refrigerator, Seaplane refrigerator and show counter, together with the other necessary impedimenta and equipment required for a first class market, and put in charge of D. Lambert, well known expert meat cutter. It is stated by the management that the new department will at all times carry a complete line of choicest meats, both fresh and cured.

Next Saturday will be the formal opening day, at which time a general invitation is extended the public to call, visit and inspect. Sandwiches will be served all guests during the day.

HIGH SCHOOL BANQUET

The Junior-Senior banquet will be held Friday night in the Masonic hall. The Eastern Star ladies will serve the banquet and expect to have 100 present. The hall will be decorated as a flower garden.

Texas has 581 active chambers of commerce, an increase of thirty-five over 1928. Of these 231 have full-time paid secretaries.

CAMP FIRE GIRLS ORGANIZED HERE; OFFICERS ELECTED

Thursday, April 25th, a group of Lubbock Camp Fire girls, accompanied by President J. M. Gamel, and Guardian Mrs. Bradshaw gave a very pretty and impressive camp fire program here.

As dusk approached sticks were laid for a council fire. Mr. Gamel gave an interesting and inspirational address on "The Purpose and Aim of Camp Fire Work."

Mayor Otto Jones responded to Mr. Gamel and also welcomed the Lubbock visitors.

District scout-master Clapp, of Lubbock, gave a short talk, emphasizing the fact that cooperation should exist between the Boy Scouts and Camp Fire Girls.

A. P. Duggan gave an excellent address in which he pointed out reasons why any girl can be benefited through camp fire work, and why Littlefield should support the camp fire organization.

After the fire was lit the Lubbock girls gave the following numbers:

Call of Wohelo.
Entrance of Girls, Wohelo for aye.
Roll Call.
Fire Lighting Ceremony.
Wohelo.
The Creed.
Awarding of Rings, Mrs. Bradshaw.
That's a Camp Fire Girl.
Awarding of Ranks, Mrs. Bradshaw.
The Sun is Sinking in the West.
Fire Extinguishing Ceremony.
Mammy Moon.
Taps.

The Camp Fire had its beginning in 1911 when several persons interested in girls, saw the need of an organization that did for girls what the organization of Boy Scouts was doing for boys.

The system of honors began when a family camping in the Maine woods, found a way to keep their children's interest in the work that had to be done. By awarding small honors for each task which was well done, they made popular the pleasure of accomplishment.

The organization has grown until it has reached 22 countries of the world.

In America there are 150,000 Camp Fire Girls.

The Camp Fire lay is:

Seek beauty.
Give Service.
Pursue knowledge.
Be trustworthy.
Hold on to health.
Glorify work.
Be happy.

There are three ranks of Camp girls, the Wood Gatherers, the Fire Maker, and the Torch bearer.

The Camp fire slogan is "Give service." The watchword is "Wohelo" which means work, health and love.

W. M. U. SOCIAL

Last Friday afternoon the W. M. U. honored Mrs. E. K. Hall with a farewell party in the home of Mrs. J. E. Barnes. Mrs. Hall is leaving to make her home in Lovington, New Mex., and as a symbol of appreciation, the W. M. U. presented her with a lovely bed spread.

The presentation of this beautiful gift was made by Mrs. R. E. McCaskill, who portrayed the regrets of the W. M. U. and those of the church in her departure.

A delightful social hour was enjoyed, humorous games and interesting contests featuring the entertainment after which refreshments of ice cream and cake were served to the following:

Mesdames E. K. Hall, Jake Hopping, Bob Cox, Earl B. Lee, Mid Seale, J. L. Pate, W. D. Shelton, W. T. Morgan, C. O. Griffin, L. W. Jordan, E. De Lashaw, Ike Griffin, Acree Barton, G. G. Shirley, Jesse Seale, J. E. Braunen, S. C. Lloyd, L. E. Howard, Pryor Hammons, R. E. McCaskill, and J. E. Barnes.

W. M. U. MEETING

All circles of the W. M. U. met at the church Tuesday afternoon at 3:00 o'clock for a Missionary program. Devotional, Mrs. G. G. Shirley. Prayer, Mrs. Lena Howard.

Mrs. Barnes taught the missionary lesson on "Stewardship." Those appearing on the program were Mesdames Pryor Hammons, Otha Key, and L. W. Jordan.

Next Tuesday the W. M. U. will meet in their respective circles.

Texas produces more sheep and goats and more wool and mohair than any state in the union.

COMMERCIAL BODY TO RAISE \$6,000 BUDGET FOR WORK

The Littlefield Chamber of Commerce recently staged one of the thorough membership drives in history and has been successful in listing practically every business professional man in Littlefield in work for building a greater Littlefield. The membership register carries the names of 168 business and professional men and sever-

al farmers. The membership committee, of which F. G. Sadler is chairman, is working to raise a budget of \$6,000 before they let up on their work. A program of work will soon be set out and many standing committees appointed. "The Chamber of Commerce is an absolute necessity for the building and progress of Littlefield," says Secretary J. W. Ratekin, "therefore, it must be supported. There has been an excellent spirit manifest by the business men and citizens of Littlefield since the membership campaign began, and in a short time the

full budget will no doubt be complete. The main objectives of the organization for the year are to bring about a closer friendship and relation between the farmer and the business man; to see that every man is invited to become a member of the Chamber of Commerce; to put the needs of the community more strongly before the people, and to create a stronger sentiment for civic improvement and start a campaign to that end.

COLLEGE NEWS

O. C. Ribble, of South Bend spent a few days here recently. We are sorry to state that his wife, who had been in bad health for a number of months, died April 15, after having undergone an operation. He has been a helpful friend to the school and is now a member of the Board. He has a large number of friends here who were greatly pleased to meet him again and who deeply sympathize with him in his grief.

R. O. Connor who has been here for a number of days returned to Dallas last Friday.

Mr. and Mrs. Leonard Clements have gone to Crowell where her parents live.

One of the school quartets has recently been accompanying the Littlefield court house boosters on some of their trips in interest of the court house being moved here.

Roy E. Hazelton, science instructor, and his biology class, accompanied by Miss B. A. Boyle, English instructor, took off a few hours from school room study Friday afternoon and made a trip to Blackwater draw to obtain some specimens of the crustacean and amphibian types for study in their work. The class was able to study crawfish and frogs on this trip, under natural conditions. The trip was

one of profit and greatly enjoyed.

A number of people from here went to Petersburg Sunday to hear Van Bonneau preach. He is a graduate of Gunter college and has a host of friends here.

Some of the students, patrons and friends of the school, including a quartett, went to Cone, Texas Monday afternoon to a school meeting.

Some of the college education students have recently been doing some interesting work in the line of play directing among the students of the elementary grades.

J. R. Reid, state college inspector, was here again this week and seems to have been favorably impressed with the progress the school has made since his last visit.

Dean Oliver A. Burk is the owner of a new Chevrolet coach.

B. Y. P. U. MEETING

The B. Y. P. U., of the Baptist church, met last Sunday with 20 members present.

The following program will be given next Sunday evening, with Miss Leszie Dunagin, leader.

Subject, Devotional Meeting, where Christs Disciples serve him.

Passages from the sermon on the Mount, Elizabeth Brwer.

Consider Peter's Sermon, Edna Byers.

Cooperation essential to success, Rudolph Kemp.

The old question, often asked, Alonzo James.

How would Jesus Decide, Florence Hendrix.

What Church? Any Difference? Aline Shirley.

16,000,000 BALES IN 1929

Austin, Texas, April 30.—Approximately 16,000,000 bales of cotton will be harvested in the United States

this year, according to Bernard Nichols, who is in charge of index numbers in the Bureau of Business Research at the University of Texas. This compares with last year's crop of 14,373,000 bales. The acreage that will probably be harvested has been calculated at 45,375,000 acres, or only a slight increase over that of last year.

The Leader for printing.

"TWO BATHS"

—The Sales value of the extra bath is great. Modern homes are being equipped with more than one bath. Older homes which must compete in the rental or sale market with these newer types of buildings ought to be remodeled in order that they may have some chance in the keen competition. A second bath can be fitted into a space as small as five feet square—and most houses have that much waste space somewhere. What it will cost to put in the extra bath will pay a much larger dividend in terms of rental or sale value. Telephone for particulars.

L. C. CAWTHON

Plumber, Phone 180

ADVERTISEMENT OF LIMITED PARTNERSHIP

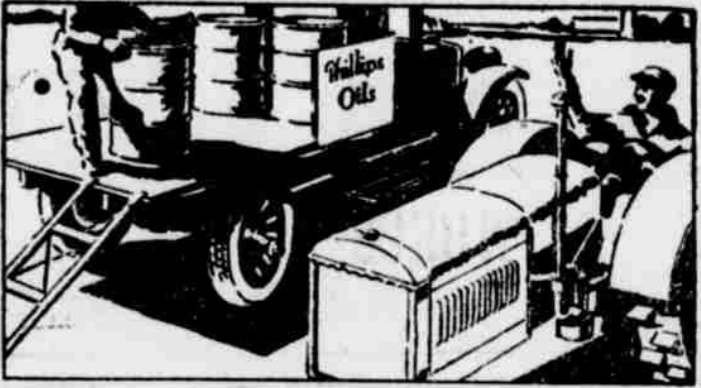

We, the subscribers, have this day entered into a limited partnership agreeably to the provision of the Revised Statutes, Title 105, relating to limited partnerships, and do hereby certify that the name of the firm under which said partnership is to be conducted is HAPPY HILL FARMS; that the general nature of the business to be transacted is the buying and selling of chickens, turkeys, hogs, cattle and other livestock, and producing crops of different kinds and doing a general stock farm business, and the same will be transacted in the city of Amherst; that the names of the general partners of the said firm are J. W. White and his wife, Velma G. White, of Lamb County, and the special partner is Wm. J. Harris, of Lamb County, Texas; that the capital contributed by the said Wm. J. Harris, special partner, is \$500.00 in cash; that the period at which said partnership is to commence is the 31st day of January, A. D. 1929, and that it will terminate on the 31st day of December, A. D. 1929. Dated this 31st day of January, 1929.

J. H. WHITE, VELMA G. WHITE, General Partners.
Wm. J. HARRIS, Special Partner.
April 25, May 2, 9, 16, 23, 30, 1929

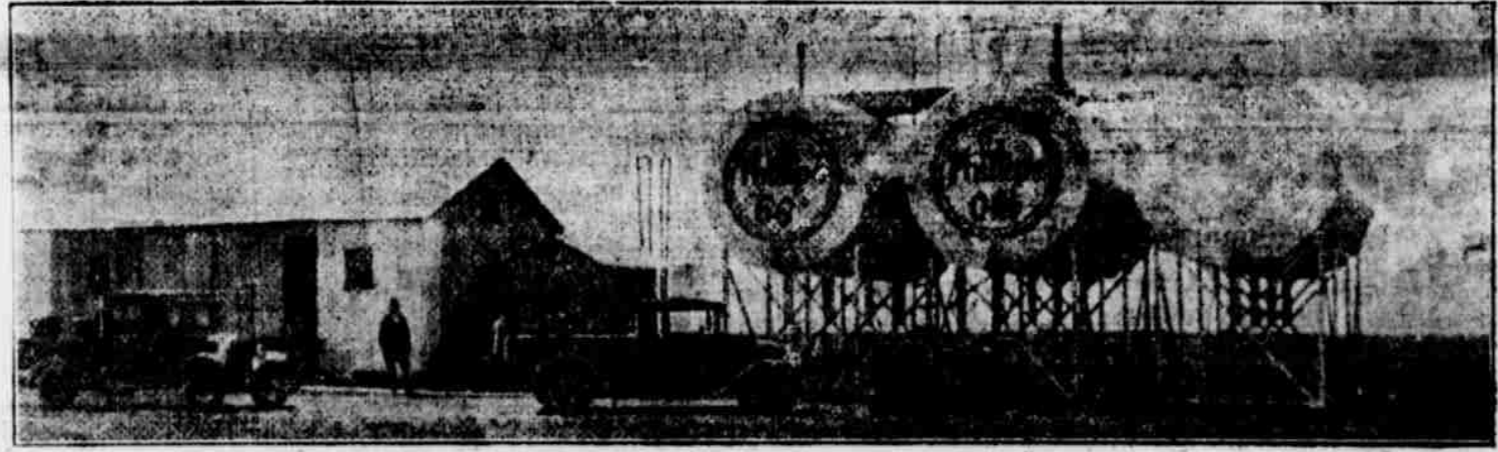

In 1928 Texas produced and marketed 2,830,000 quarts of strawberries valued at \$566,000, 91,900 tons of cabbage valued at \$1,760,000, 5,000,000 bushels of spinach valued at \$2,250,000.

The 1920 census showed that during the preceding decade Dallas had increased 72.6 per cent in population, Houston 76.2, and San Antonio 67 per cent, with Ft. Worth a 45.2 per cent.

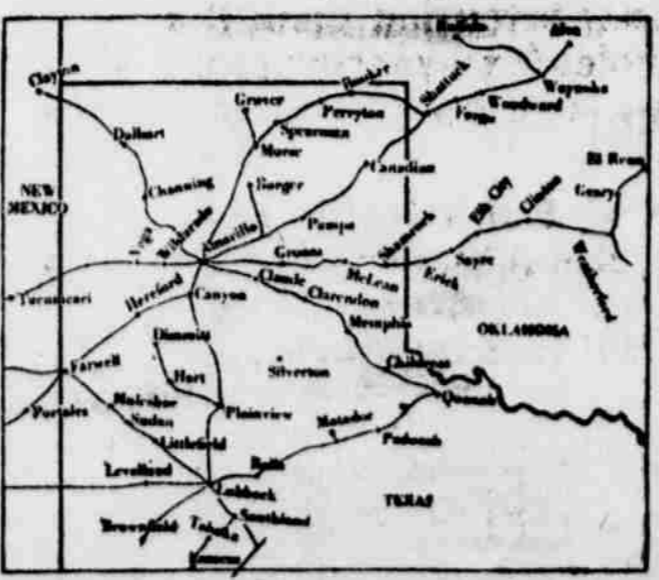

Quick Deliveries to Your Farm

Phillips Oil delivered when you want it

One of the many Phillips Bulk Stations located in Texas and western Oklahoma

There's full satisfaction in Phillips Products

THE map at the left shows the location of Phillips stations in west Texas and southwest Oklahoma.

Free deliveries of Phillips Oil, Kerosene, and 66 are made to any farm. All of these stations keep on hand a good big supply of Phillips products. You don't have to wait to get what you want. You won't be told "that we are just out and that a supply is coming in a few days." You get your kerosene, oil and gasoline within a few hours after you order it.

Phillips knows what it means to the farmers to get prompt service, especially at harvest time, and guarantees fast delivery on a quality line of products.

Look over this map. Pick out the Phillips station nearest you and drift over right soon to see the Phillips agent about your harvest supply of oil, kerosene and gasoline. Phillips products are favorably known in the entire Southwest. It will pay you to use them.

Another Record!

over
500,000
New Six Cylinder
CHEVROLETS
since Jan. 1st

Sweeping constantly ahead to greater and greater heights of popularity . . . making and breaking new records of success with impressive regularity . . . the new Chevrolet Six has established one of the most remarkable records in automotive history—more than 500,000 on the road since January 1st!

Not only does this brilliant accomplishment surpass the greatest record that Chevrolet has ever achieved in the past—but it brings to Chevrolet the significant honor of having built in only four months a greater number of six-cylinder cars than any other manufacturer has ever produced in an entire year!

Even with such a record to focus attention upon the outstanding value of the Chevrolet Six—many people still do not appreciate what "a Six in the price range of the four" actually means!

To such persons, consideration of the features responsible for this tremendous popularity will prove a revelation. So read the adjoining column carefully—and then come in and ask for a ride in this sensational six-cylinder car.

The ROADSTER . . . \$525	The COACH	The Convertible LANDAU . . . \$725
The PHAETON . . . \$525	\$595	The Sedan Delivery . . . \$595
The COUPE . . . \$595		Light Delivery Chassis . . . \$400
The SEDAN . . . \$675	All prices f. o. b. factory, Flint, Mich.	1½ Ton Chassis . . . \$545
The Sport CABRIOLET . . . \$695		1½ Ton Chassis With Cab . . . \$650

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Outstanding Features of the New Chevrolet Six that have created this Tremendous Popularity

6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder motor—the new Chevrolet Six provides that smooth, quiet, flexible performance which is characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibrations.

6-Cylinder Getaway

In sheer brilliance of performance, as well as smoothness and quietness of operation, the Chevrolet Six is a revelation. Acceleration is remarkably fast. And a new non-detonating cylinder design eliminates every trace of "lugging."

6-Cylinder Speed

The new Chevrolet Six has speed in abundance—even more important than its speed is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide and still have a feeling of complete security.

Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six is exceptional in any car. But in the new Chevrolet Six it is actually sensational—for here it is combined with an economy of better than 20 miles to the gallon of gasoline!

Exceptional Riding Comfort

Another vital factor that has influenced over a million people in their selection of the new Chevrolet Six is its marvelous riding comfort. It is smooth over rough roads—and its balanced turns and corners is exceptional.

Beautiful Fisher Bodies

Longer, lower and roomier—finished in attractive long-lasting colors—and upholstered in rich, tufted fabrics—the new Fisher bodies on the Chevrolet Six introduce into the low-price field an entirely new measure of style and distinction.

Proved Dependability

Tested for more than a million miles on the new General Motors Proving Ground—the new Chevrolet Six went into the hands of its owners thoroughly proved in every detail. And now reports of its performance on the highways of the nation pay tribute to its endurance and dependability.

Amazing Low Prices

An achievement that surpasses even the brilliant performance qualities of this sensational six-cylinder car are the prices at which it is offered. Study these prices and compare them with any other car and you will recognize the remarkable value represented by the Chevrolet Six in the price range of the four!

RADIO WARBLERS BROADCAST HAPPY HARMONY
Audience Gets Wonderful Program With Static Left Out

No static, no advertising, no letters from listeners, no announcer, no conflicting wave lengths, no bedtime stories or market reports, nothing but clear joy and good natured entertainment at the program given by Corine Jessop and her Radio Warblers on the second day of Chautauqua. One of the most popular companies of radio entertainers in the country is coming to the Chautauqua audiences their finest, funniest and most pleasing entertainment. Radio has come to take a wonderful part in the life of the United States. Everybody is becoming neighborly again, the best artists appear on the radio programs. Miss Jessop herself is a comedienne with a unique type of personality which cannot be set down on paper. A sort of Beatrice Lillie of Chautauqua, she is a singer, leader and accompanist, but more than that, she is Corine Jessop, and that's what counts. With her are David Hartley who has been with Howard Russell's Collections the past two years, and Fern Zinser, an accomplished cellist from the Chicago Civic Orchestra.

The company has some of that fine close harmony that is so popular with radio audiences and in addition to this they give some beautiful instrumental ensembles and plenty of unexpected stunt numbers.

Miss Jessop and her company have been for the past eight years with the Redpath organization and this is the first time this sort of an attraction has been offered over the West Coast circuit. Nothing takes the place of hearing and seeing artists in the same room. Corine Jessop and her happy-go-lucky gang appear to the very best advantage in a Chautauqua tent, and it's another feather in the Chautauqua cap to be able to offer them in a personal tour.

32 ARE ADDED TO BAPTIST CHURCH IN REVIVAL MEET

The revival meeting at the Baptist church, led by Rev. J. C. Sisemore, of Amarillo, closed Sunday night. During the meeting there were 32 additions to the church, 17 of them coming by baptism. A large crowd was present Sunday night to witness the baptismal service.

The music, during the meeting, was under the direction of L. W. Jordan, local song leader, with Mrs. J. H. Lucas, Mrs. Jake Hopping and Mrs. T. A. Henson as pianists. There was a good chorus of voices at all services, and under the direction of Mr. Jordan the music was a large and inspirational part of the meeting.

During the meetings, close co-operation was given by the Methodist pastor, Rev. Geo. E. Turrentine, and his people, who attended in large numbers and rendered valuable assistance.

As a result of the series of meetings both the Sunday school and young peoples societies have taken on new activities and are enjoying increased attendance.

Rev. Roy A. Kemp, pastor, reports great satisfaction over the general results of the meeting.

QUESTIONS

- Why do high school boys go bare-headed?
- Ask J. N.
- What made this issue of the Wildcat successful?
- Ask the Sophomores.
- Who gives hard exams?
- Ask Mrs. Etter.
- Who is the "dummiest" student in High school?
- Ask Curtis Heard.
- What is the matter with every one these spring days?
- Ask Mr. Tucker.
- Why does High school have assembly so often?
- Ask Mr. Harrison.
- What makes Mrs. Boone so kind?
- Ask her English students.
- From the Wildcat.

Texas stood ninth in number of individual income tax returns in 1926 and also in net amount of income, 111,438 Texans reporting \$547,562, 501 net income. California, Illinois,

Massachusetts, Michigan, New Jersey New York, Ohio, and Pennsylvania were ahead of Texas. Texas had one taxpayer on more than \$5,000,000 net income.

More than 537,000 Texas homes are served by electricity.

TWO FIRE CALLS

The fire trucks made a quick call Monday when Ira Parker's house caught fire. The origin of the fire was unknown, and only slight damage was done.

Tuesday another alarm called the department to put out a gasoline pressure system that ran ablaze in a local cafe.

THE STATE OF TEXAS COUNTY OF LUBBOCK NOTICE OF EXECUTION AND SALE

By virtue of an execution, issued out of the District Court of Lubbock County, Texas, for the 99th Judicial District, on a judgement rendered in said Court on the 9th day of April, A. D., 1929, in favor of Finerty Investment Company, a corporation, and against the said E. W. Herman, in the case of Finerty Investment Company against E. W. Herman, numbered 36-14 in such court, I did on the 30th day of April, A. D., 1929, at 1:05 o'clock, P. M., levied upon the following tract and parcel of land, situated in the County of Lamb, State of Texas, as the property of E. W. Herman, to-wit:

Lots 1, 2 and 3 in Block 5 of the Highway Addition to the town of Littlefield, Lamb County, Texas. Said property being originally deed by the State of Texas to Abner Turner.

And on the fourth day of June, A. D., 1929, being the first Tuesday of said month, between the hours of 10:00 o'clock A. M., and 4:00 o'clock

Gas Forces Woman To Sleep in Chair

"Nights I sat up in a chair, I had stomach gas so bad. I took Adlerika and nothing I eat hurts me now. I sleep fine."—Mrs. Glenn Butler.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you.

Stokes & Alexander Drug Co.

P. M., on said date, at the courthouse door of said County, I will offer for sale, and sell, at public auction for cash, all the right, title and interest of the said E. W. Herman in and to said property.

Dated at Littlefield, Texas, this the 30th day of April, A. D., 1929.
J. O. CONNELL, Constable, Lamb County, Texas.
May 2, 9, 16, 1929.

NOTICE TO BIDDERS

The Commissioners' Court of Lamb County, Texas, will receive bids at Olton, Texas, on May 9, 1929 for the purchase of one or more Sixty Horse Power or more road tractors, and one or more 12 foot Road Graders. Simon D. Hay, County Judge, Lamb County, Texas.
At Olton, Texas, April 10, 1929.
April 11, 18, 25, May 2, 1929.
