

Area Farmers In Need Of Sunny, Dry Weather

Area grain and cotton farmers are casting their eyes skyward this week, hoping to find signs of clear, sunny skies, farmers, ginners and elevator operators are near unanimous in saying extensive rains of last weekend caused little hope to the county's multi-million dollar grain and cotton crop, although severe damage was received in some areas in hail.

Continued wet weather, however, along with cool temperatures and overcast skies could deliver a damaging and costly crop.

"Everything depends on what happens between now and November," one Littlefield cotton gin spokesman declared.

Harvesting of the county's estimated 206,000-acre grain crop is considered to be from 50 to 65 percent complete. Rains brought harvesting operations to a complete standstill for several days, although grain cutting was resumed Tuesday and Wednesday and, with weather permitting, is expected to be back in full activity by today.

The weekend rains blanketed all sections of Lamb County and surrounding communities with at least one-inch of moisture. Heaviest rainfall in the county was in the Fieldton area where up to three inches was reported. Littlefield had nearly two inches.

The biggest blow, however, came from hail that struck the crops in the Fieldton, Rocky Ford, Hart Camp, Spade and

Amherst communities. The hail shattered grain, beat leaves off cotton plants and damaged some cotton bolls.

In some areas where hail struck, it was estimated that 50 percent of the grain crop remaining in the fields was lost. One farmer said the hail cost him 200 pounds per acre.

As to the cotton, farmers and ginners said it would be hard to tell at this time the amount of damage caused by hail. "We'll just have to wait until it matures," one ginner told The Lamb County Leader.

The big concern with the county's cotton crop is over the maturing process for the approximately 135,000 acres of irrigated cotton. "All this rain and cool weather could hurt the irrigated crop, especially the cotton that was irrigated

late," one ginner said.

Dryland cotton "was not hurt one bit" but the abundant rainfall, a ginner said. He added that moisture was actually needed on the dryland crop at this time, to bed it down and to keep it from blowing later on.

"We now need a lot of sunshine to let the cotton mature," another ginner commented. "I don't think there's been too much harm, yet."

The weatherman has indicated favorable conditions for farming operations, at least through Friday. Skies are expected to be partly cloudy, but warming temperatures are forecast. As of Wednesday no rain was on the Weather Bureau's forecast board through Friday.

Wildcat Band Awarded \$100

The Littlefield High School Wildcat Band scored with \$100 honors for Class AAA bands opening parade of the Panhandle South Plains Fair at Lubbock Monday.

The \$100 band winners were Denver City in AA, Hale Center in A and Ropesville in B. The top prize winners Littlefield and Denver City will participate in halftime ceremonies for the Wildcat football game in Denver City Friday night.

READY FOR ACTION — The seventh and eighth grade cheerleaders pictured above will be leading yells for their team during the football season. In the front are Carla Chambers, left, head cheerleader, and Vicki McKinnon, eighth grader. Seventh graders are Tonya Bingham, left, and Diane Maner.

5 Accidents, Thefts Keep Police Busy

Five traffic accidents, four thefts and two acts of vandalism were among activities keeping Littlefield police busy in recent days.

One person, J.D. Barrett, an employe of the city, was injured in the traffic accidents. Barrett, however, was not listed as seriously injured. He was riding on the running board of a city truck driven by Mitchell Harrell when it collided with a pick-up truck driven by William H. Petty, Route 2, Lfd. in a Monday morning accident at the intersection of East Eighth and Morse. Barrett received treatment at a local hospital.

One of the vandalism acts may have been aimed at "peppering up" the Wildcats for their Friday game in Denver City. An illegal entry was made sometime Tuesday to Wildcat Stadium. Entry was made by breaking a window to the stadium locker room. Nothing was taken but scribbled on the blackboard were the words, "Beat Denver City."

Two of the thefts involved bicycles. A 26-inch black and silver English bike was stolen from the home of Kenneth Seal, 517 West First. The bicycle had one blackwall tire and one whitewall.

Another bicycle, a 26-inch girl's bike, was reported stolen from the Pam Hastey home at 901 East Eighth. The bike, green in color and with one pedal missing, had an extra seat on the back fender.

Other thefts reported include (See POLICE, Page 4)

SEASON'S FIRST — One of the first deer of '64 was brought home by Alvin Webb this week. Webb and three others, Bobby Rogers and T.G. Shaw, both of Littlefield, and District Attorney Jack Young of Muleshoe, each bagged a deer during a special 1 1/2 day hunt permitted in New Mexico. They made their successful hunt on the Pat Boone, Jr. ranch near Elda, N.M.

Thinking Things Over

By BERT C. WEST

The biggest eye-lifter creation in the Warren Commission report on President Kennedy's assassination was pointing out lack of co-operation between FBI and Secret Service.

According to the report, the FBI had a file on Lee Harvey Oswald, including the fact that he had been employed in the Texas Book Depository which was the site of President Kennedy's scheduled motorcade through Dallas. The Secret Service, on the other hand, had no file or data on Oswald.

We are well acquainted with the fact that the FBI is in possession of information from the CS - rice allotment scandal which we reported on along the Texas coast three years ago. It seems completely ridiculous that two such government agencies should fail to communicate with one another.

It stands to reason that law enforcement bodies charged with such all-important responsibility as the FBI and Secret Service must have close contact with one another. Perhaps the Secret Service should have a branch of the FBI vice versa.

While apparently thorough and extensive, the Warren Commission report did not give an absolute decision on the assassinations of President Kennedy and Oswald. Nothing is to do that. Those three days in Dallas will be a topic for conjecture, speculation and differing opinions for all time.

... regards to the assassinations and that of President Lincoln, along with the successors Kennedy and Lincoln, we have obtained a clipping from the April edition of the Corpus Christi Caller-Times. Since we have seen the same article printed in several other newspapers and have received four re-prints since being Littlefield.

In view of many requests we are re-printing it as follows. It is, indeed, a curious coincidence.

Both Lincoln and Kennedy were presidents concerned with civil rights. Lincoln was elected in 1860 and Kennedy in 1960. Both were slain on Friday, in the presence of their wives. Their successors, both whom were named Johnson, were Democrats. Kennedy served in the U.S. Senate. Andrew Johnson was born in 1808. Lyndon Johnson was born in 1908.

The assassins John Wilkes Booth was born in 1839 and Lee Harvey Oswald in 1939. Both were Southwesterners favoring unpopular causes. Both slayers of Booth and Oswald (Waton Carboth and Ray) shot the assassins during their trials, and in a similar place.

Both presidents lost children through death in the White House and both presidents were killed in the head.

Lincoln's secretary was named Mrs. Kennedy and Kennedy's secretary was named Mrs. Lincoln.

Remarkable, isn't it?"

1-Price Market System Key To Cotton Economy

The continuation of a strong cotton economy and increased consumption of raw cotton by the textile industry depend directly upon a permanent one-price marketing system for cotton, members of the Plains Cotton Growers were told Wednesday in Lubbock.

F.S. Love of Charlotte, N.C., secretary-treasurer of American Textile Manufacturers Institute, central trade association for the U.S. textile industry, said the one-price system is necessary because "cotton needs and must desperately cling to price competitiveness and price stability." His comments were included in an address prepared for delivery at the annual meeting of the Plains Cotton Growers. Several members from Littlefield and Lamb County were in attendance.

Love also said, "If this story of a revitalized cotton economy can be attributed to the new cotton program, then it must follow as the night the day that this improved situation will not long remain unless the program is continued. The present law expires June 30, 1966, unless Congress take earlier action.

Reavis Buys Newspaper In Dumas

Majority interest in the Moore County Daily News at Dumas has been purchased by Dick Reavis, Littlefield, who assumes management of the newspaper effective today.

Reavis will be editor and publisher of the newspaper.

The Littlefield man became publisher of The Leader and County Wide News late in 1962. He and Sam Williams, Dallas, sold the Littlefield newspapers in March to a corporation headed by Gerald Sanders, Littlefield.

Before coming here, Reavis was publisher of the Port-Lavaca newspapers and previously published newspapers at Del Rio and Coleman.

The Reavis family will move to Dumas in a few days.

A meeting of the Chamber of Commerce Retail Council, to discuss activities for the Christmas season, has been summoned for 10 a.m. Friday in the council room at city hall.

Chairman Harry Austin said representatives of the Ministerial Alliance and the city will be at the meeting to assist with plans and co-ordination of the various Christmas season activities.

All merchants are urged to attend the Friday session.

It is expected that the special window decorations co-ordinated through the Ministerial Alliance for the past two years and assistance by the city in installing lights will be continued through the coming holiday season.

Republicans Open Local Headquarters

Lamb County Republicans this week opened campaign headquarters in Littlefield and began preparation for the homestretch race for Nov. 3 ballots.

Selection of a headquarters site, together with election of a new county chairman, featured a Monday night meeting of the county GOP committee and precinct chairmen. Dan Staggs was named county chairman, succeeding the late W.H. "Bill" Carter.

Campaign headquarters will be opened this morning at 305 West Fourth, adjacent to Pat's Record Center. The headquarters will be open daily, except Sunday, from 9 a.m. until 5 p.m. from now through Election Day. Telephone facilities are being installed at the site.

In other activity, Lamb County Republicans are making plans for an Oct. 8 trip to Lubbock when Presidential candidate Barry Goldwater will speak at a GOP rally and reception.

Wildcats Take Victory Hunt To Denver City

Two teams nearly identical in experience and weight, but with one having an aggressive winning habit tradition, collide in Denver City Friday night.

That's the setting for Littlefield's invasion of Mustang-land as the Wildcats again take up their hunt for victory.

Although a Class AAA team, Littlefield will be a distinct underdog in the skirmish with Denver City's Mustangs of the Class AA ranks. The Mustangs, tutored by Don Orr, have won 62 of their last 68 games. They were supposed to be facing a rebuilding job this season. If so, the reconstruction has been rapid as the Mustangs are off and running with a 4-0 record to date, including convincers over Brownfield and Levelland of Littlefield's district, plus Seminole and Lovington.

Kickoff time is billed for 7:30 p.m.

The Wildcats, staggered by their most shaggy performance of the season in last week's 21-0 whipping at the hands of Hereford, will be playing the No. 6 rated team in Class AA and a team the Cats have never beaten. It will also be Littlefield's final game before beginning its first season in District 3-AAA.

Coach John Howie, speaking at the Quarterback Club meeting Tuesday night, declared that in seven years of coaching he had never had a team "as flat as the Wildcats were against Hereford."

"We've been working on some changes this week and we expect to be fighting team Friday, playing football like it should be played," Howie said. "We're taking 32 boys to Denver City. We may play them all, looking for the ones who are aggressive."

A public pep rally for the Wildcats will be held in the high school auditorium at 12-

noon Friday. All boosters are invited to attend.

As stated, the Wildcats and Mustangs are practically even in weight—a factor claimed by some for hampering Littlefield's 1964 attack to date. If anything, Littlefield will have about one pound advantage per man. Denver City's starting line averages 167 pounds to Littlefield's 168.5. The Mustang backs average 155 to 156 for the Wildcats.

Riding tall in the Mustang saddle is David Mitchell, 160-pound junior quarterback, an excellent passer and runner. Mitchell leads the team in ground gaining and has tallied 43 points to date.

Helping Mitchell in the backfield are three seniors, halfback David Laughlin and Roy Henson, and fullback Dennis

Morgan. Morgan is the heaviest at 172. All four backs are lettermen except Laughlin who has advanced from the B-team.

Six lettermen are stationed on Denver City's line. The exception is 162-pound junior guard John Groves. All are seniors on the line except Groves and junior end Billy Childers, who lettered at guard last season.

The Wildcats meanwhile have been unable to muster a steady offensive attack to date. They are averaging a mere 2.8 yards per carry from scrimmage after three games and have a total of 455 offensive yards in 137 passing and rushing efforts for a 3.3 yards per play average.

Only once this year have the Wildcats came up with a series march for a score. That was against Plainview when they drove 75 yards in seven plays. Although carrying but twice last week, Ronnie Sitton re-

Geistmans Enjoy Yard Work

Mr. and Mrs. W. R. Geistman, 2701 Sunset Avenue, no doubt spend many hours a day as busy as they are on their favorite hobby. Working in the yard is a hobby shared by Mr. and Mrs. Geistman.

He begins working in the yard soon as it is light enough for Mrs. Geistman to join him in her morning housework is to work among their

flowers or on the lawn until nearly noon, and then again later in the evenings. The result is a beautiful yard with lots of pretty flowers including a row of cockscomb along either side of the front walk.

Residents of this area since 1929, they lived on their farm just west of Littlefield until about 14 years ago when they moved to town.

Attends College Session

Mrs. W. T. Clayton of Springlake attended the 55th session of Wayland College last Monday morning. Dr. Roy McClung opened the session with the traditional President's Chapel.

Equally traditional is the introduction of special guests and at this time Dr. Hope A. Owen, President Emeritus and Mrs. Owen, Mrs. W. T. Clayton, Springlake, Mrs. Roy McClung and son, Mark were introduced. Mrs. Clayton is president of the area organization of "Women for Wayland."

Dr. McClung used "Symbols of Faith on Which Wayland was Founded and has Continued" as the theme for his address. R. B. Hall, director of religious activities read the opening scripture and Dr. W. Record Neil, assistant to the president, gave the invocation.

Under the direction of James D. Cram, the Wayland International Choir sang "The Face of Moses Shone". Dr. Owen pronounced the benediction.

Adult 4-H Club Leaders Needed in County

The need for adult 4-H leaders in Lamb County has been cited by Mrs. Lady Clare Phillips, County Home Demonstration

Agent, as National 4-H Club Week arrives on the scene. The theme for the National 4-H Club week September 26 through October 3, is "4-H Learning for Living".

Adult leaders are a vital part of 4-H Club work. They work with groups of girls or boys and help them to learn by doing.

4-H projects meet the needs of youth in both town and country. There are some 27 programs in which boys and girls may enter. At present many girls in the county are studying foods and nutrition and will later compete in a Favorite Foods Show. They are required to accomplish certain things in order to complete their goals. This project and others could lead to an award of a trip to Washington, D.C. or National 4-H Congress in Chicago or perhaps a college scholarship.

4-Hers conducts a project at home in which they learn scientific ways of doing things. They learn to develop leadership talents and to work toward the objectives of character and effective citizenship. They learn to improve skills and how to apply their knowledge to everyday living.

At this time there are about 26 adult leaders in the county and close to 500 4-H members. Plans for expansion in 4-H Club membership is for each member to secure another member. The same is true with adult leaders; "each one get one."

Both leaders and members are needed to help promote their community. Prospective leaders are reminded that building tomorrow's citizens today is a challenge for them this year.

About 2,224,500 boys and girls from coast to coast will be observing National 4-H Club Week. This year's observance is especially important because it recognizes the 50th anniversary of the Cooperation Extension Service of which 4-H is a significant part.

4-H GROUP MEETINGS -- The above pictures show two different subject matter 4-H groups working on clothing projects. The left picture shows Mrs. Melvin Williams, Littlefield, adult leader, as she assists second year clothing girls, Georganne De Busk, Vickie Cook, Elaine Graves and Junie Gray. The picture on the right shows Ramona Neinast and Michelle Montgomery looking on as Karyn Vrabel is sewing a skirt. These girls are from Spade and Mrs. John Vrabel is their adult leader.

West Texas Demos Hold Rally Tonight

Gov. John M. Dalton of Missouri will be the keynote speaker when area Democrats gather in Lubbock's Municipal Coliseum at 7 p.m. Thursday (tonight) for a West Texas Democratic rally.

Ralph Brock, Lubbock County Democratic Chairman, announced that the gigantic rally will draw Democrats from throughout the area for the \$10-a-plate dinner and campaign kickoff.

Top Texas Democratic officials will also be on hand for the rally, Brock announced.

Brock reports that tickets are available through local Democratic officials and representatives, or at Lubbock Democratic headquarters, 3029 34th St., phone SWS-3635.

Governor Dalton, a Democrat and Missouri's 44th governor, was elected in 1960 with more than a million votes — largest number ever given a

Missouri gubernatorial candidate.

His term in office has been distinguished by improvements in the Missouri public schools and programs for mental health and higher education. Gov. Dalton also led a successful statewide campaign for improving the state highway system.

Financing during his term was achieved largely through more efficient collection of existing taxes and minor raises in levies on some luxuries, achievements which were received with virtually unanimous editorial applause throughout the state.

Two Traditions Collide Friday

By BERT C. WEST

It won't be creating much interest in this neck of the state but one of the most important and interesting games in the schoolboy football front tomorrow night will be played down in the Valley at Pharr where the PSJA Bears will be hosting the Donna Redskins in a 3-AAA clash.

Prospects are good that the district title may go to the winner. All staunch schoolboy grid fans have heard of both teams. PSJA (a consolidation of three towns of Pharr, San Juan and Alamo) has been to the Class AAA state title game in each of the past two seasons. Donna, which is right next door to Alamo, won the Class AA state title in 1961, beating Quas-

This year Donna has been elevated to the Triple-A category and the Friday meeting sets the stage for a clash between two schools and two coaches with some of the most impressive records, statewide.

We have previously mentioned notes on PSJA, which has lost but once in its last 29 district games and which has now gone through 11 straight district bouts without defeat. Coach Charlie Williams, in two years as PSJA coach, has never lost a district game and had led his team to the state title contest both years.

Donna is coached by 37-year-old Earl Scott, in his fifth year at the school. Scott has the same reputation as Borger's Gene Mayfield for making the most of what he has in the cupboard. In his four previous years at the Redskin helm, Scott directed the Skins to four straight district crowns and the 1961 state title when he was named Texas High School Coach of the Year.

Scott is actually shooting for his sixth straight district title. The year before going to Donna, Scott coached Laredo Martin to its first district crown in 27 years. He has also coached at Pearsall and Eagle Pass.

On paper, Donna is not supposed to be a tougher this year. The Redskins have only three returning starters (two juniors and one sophomore), plus 10 other lettermen.

But, then, in each of the past four years Donna was not the pre-season favorite to win district. Friday should be an interesting evening down in Pharr.

STREAKS . . . Defending AA champ Rockwall is now all alone as holder of the longest all-winning streak on the schoolboy football scene following the fall of Corsicana. Rockwall has won 17 straight. Garland is next with 15 in a row and Petersburg has 10 straight and 19 games without a defeat.

The team with the longest all-winning record in Class AAA is LaPorte with six straight. Next with four in a row are Cuero, Vidor and Wharton.

ODDS 'N' ENDS . . . Brownwood rambled for 54 yards in the 62-8 rout of San Angelo Lakeview last week, with 452 coming on the ground. . . In the Texas-Texas Tech gully-washer last Saturday, Tech quarterback Tommy Wilson completed one pass to Darrell Royal. Wilson's aerial overshoot its mark and wound up in the arms of the UT coach who was pacing the sidelines. . . As one wag commented, the downpour probably kept Tech from getting flooded with a deluge of Longhorn points. . . Kerrville is the highest scoring Triple-A team with 97 points in two games for a 48.5 mark. Liberty is second with 115 in three for a 38.3 mark and Azle is next with 94 in three for a 31.3 average. . . Andrews' win over Brownfield was expected. The Cubs have never beaten Andrews.

AREA SCORING . . . Springlake's Floyd Bennett is the leading individual scorer for the Littlefield area with 30 points. Amherst's Leon Hardwick and Olton's Richard Hall are tied for second with 24 points, followed by Sudan's twosome of Danny Masten and Mike Smith, each with 18.

3-AA SCORING . . . Doug Dodd of Friona continues as the scoring leader with 25 points, but Olton's Richard Hall has pulled to within one point with 24. Next comes four Lockney players, Rusty Smith and Neil Mitchell (20 each) and Dale Galloway and Roger Dorman, who along with Floydada's Keith Teague have 15 points each.

3-A SCORING . . . Floyd Bennett of Springlake moved into a tie with Hale Center's J.D. Devia for the individual scoring lead, each with 30 points. Silvertown's Greg Towe has 26 and teammate Max Garrison has 24. Tied with 18 each are Mike Smith and Danny Masten of Sudan and Monty Smith of Silvertown.

WE PICKED 'EM . . . It isn't over yet, but for the record and

We have the clipping to prove it. Last April we tagged Cincinnati to win the National League baseball crown.

3-AAA SCORING . . . Snyder's Leslie Brown and Sweetwater's Danny Foust pace the 3-AAA scoring parade with 18 points apiece. Foust got 12 of his in last week's game with Coleman. Next in line are Keith Yeager of Levelland, C.L. Avants of Lakeview and Benny Pace of Sweetwater, each with a dozen points.

COLLEGE TRY . . . It was back toward normal last week with an 8-4 mark, dropping the seasonal percentage to .750 with 18 winners in 24 games.

For this week's tough dozen it's Arkansas over TCU, Baylor to beat Oregon State, Mississippi topping Houston, Rice socking West Virginia, SMU rapping Arlington State, Texas to edge Army, Texas A&M to shock Texas Tech, Alabama scuffling Vanderbilt, Notre Dame to track Purdue, Duke over Tulane, Minnesota over California and Kentucky to beat Auburn.

CRYSTAL BALL . . . It was a rough go on area efforts last week but we pulled our state-wide to finish with 59 winners, 16 losers and two ties in 77 games for a .779 percentage. That lifted the seasonal mark to 194-59-6 in 254 games and a .755 percentage.

This week, in District 3-AAA, it's Snyder keying Kermit, Levelland leveling Hereford, Sweetwater sacking Graham, Lamesa to lose to Monahans, Seminole scarping Brownfield and Denver City roughing up the Wildcats by 17, something like 29-12, if willing, the Cats could prove that one wrong and make up for some lost time.

Elsewhere it's Ropesville over Amherst, Sudan over Friona, Anton over Hart, Petersburg bombing Roosevelt, Plainview upsetting Borger, Seagraves sacking Farwell, Floydada topping Tulla, Idalou chipping Spur, Andrews slamming Hobbs, Morton dimming Dornmitt, Sundown dropping Lazbuddie, Lubbock capping Caprock.

Brownwood over Abilene Cooper, Arlington over Halrom, Irving bopping Rider, Weatherford ramming Breckenridge, Stephenville over Dublin, Stamford stomping Hamlin, Albany over Eastland, Dumas over Carlsbad, McAllen over Odessa, Dallas Hillcrest topping Oak Cliff, Garland to slaughter Richardson, Highland Park over Denison, Spring Branch to beat Lufkin, Tyler topping Carthage, Orange squeezing Bridge City, Port Arthur sinking Houston Jones, Galena Park over Spring Wood, Lamarque mashing Westbury, Pasadena ripping Port Neches, Cleburne over Eastern Hills, Corsicana capping Jacksonville, Alice sacking Edison, Breckenridge pounding Miller, Corpus Ray over San Antonio Lee, Edinburg beating Nuevo Leon, Kingsville crushing San Benito, Jefferson over Johnson.

Donna to upset PSJA, Ed-couch-Elsa bopping Hebronville, Falfurrias over Raymondville, Highlands hitting Harlingen, LaFeria lashing San Diego, Los Fresnos over Corpus Academy, Rio Hondo nipping Lyford, Mercedes kayoing Mission, Westlaco walloping Rio Grande City.

Assistant Coach John Hughes, who has scouted Denver City twice this year, said the Mustangs "are as fine a team we will play this year."

Hughes said Denver City is "real good and a confident team. They are bubbling over with confidence. They all like and enjoy playing football and they have several boys we will have to stop."

without much fear of contradiction that if cotton goes back to the old two-price system, the textile mills will desert it in large numbers."

Lower said the present cotton program, approved last April by Congress, had put new life in the cotton industry. He pointed out that cotton consumption by textile mills in August was more than 2,000 bales a day over consumption during August 1963. In addition, he said current Department of Agriculture production estimates are for consumption during the 1964-1965 cotton year to be more than a million bales higher than during the 1963-1964 year.

"It is too soon to make long-range claims for the new program, and we are aware that there are negative factors, including cotton stocks that are too high, but the textile industry sees new hope in cotton's future. This hope is being reflected in increased consumption."

Bus Scheduled To Levelland For JV Game

A bus has been scheduled to take students to Levelland this evening (Thursday) in order to provide fan support for the Junior Varsity. The game is scheduled for 8 p.m.

Bus fare will be 25 cents per student. Interested students should contact the high school principal's office prior to noon today. The undefeated Freshmen will play at Levelland at 8 p.m.

John Clayton Saags Honors In Grid Game

A season's high in the number of contestants produced a two-way tie for first and a six-way deadlock for third money in the weekly pigskin guessing contest sponsored by the Leader-News and local merchants. The feminine sex also scored with money claimers for the first time.

John M. Clayton III of 1304 West 13th joined Kathy Pirkey of Star Route 1 at the head of the class, each one having 16 winners in the 21-game lineup. Both had Littlefield beating Hereford in the game used to break contest ties, but Clayton came nearest to the total points with a guess of 26 to Kathy's 42. Actual total points were 21. Thus John takes the \$7.50 top money and Kathy claims the \$5 second place lot.

The six-way tie for third was among Mrs. L.V. Cline, Travis Spencer, Hershel Wilson, Jimmy Burk, Jim Zoth, all of Littlefield, and Lee Roy Nunnall of Route one. Amherst, each scoring with 15 winners.

Nuttall, Wilson and Mrs. Cline picked Hereford in the tie-breaker, but Mrs. Cline missed the actual point total by one (she guessed 30) and so is awarded the \$2.50 third money.

Hereford's win over Littlefield, the Anton-Cooper tie, Houston's victory over the Aggies and Hale Center's win over Olton were the major stumbling blocks

Five Area Tilts On Friday Chart

With two area teams taking a rest this weekend, five other teams of the neighborhood -- including three who are searching for their initial victories -- will take to the gridiron Friday night.

Sudan's Hornets will be out for their fourth win in five starts when the host 3-1 record Friona, the latter, which beat the Hornets, 28-14, last year, was idle last week.

Amherst draws a tougher when it entertains undefeated Ropes-

ville. The host Bulldogs are 2-1 for the season and Ropesville, averaging 26 points per game, is all victorious after three starts.

Anton stages its homecoming this week and will be trying to grab the victory ring for the first time when the Bulldogs host wireless Hart. Anton is 0-2-1, while Hart is 0-3.

The two eight-man teams of the area, Whitharral and Bula resume their search for a win, Whitharral, 0-3, is home to Lakeview, while Bula takes on Three Way in a game scheduled for Muleshoe. Three Way is in the same district as Bula, but this one won't count. The two rivals will meet again on Nov. 13 and that one will count in the district race.

Springlake and Olton take a rest this week, with Springlake playing Amherst and Olton tackling Canyon on Oct. 9 games.

4 Lfd Teams Play Today

Four Littlefield football teams take to the gridiron today, including the three undefeated and unmet junior high squads. Two games will be at home and two on the road. Levelland is the foe in all four tilts.

The Seventh and Eighth Graders will be at home and gunning for their third straight wins when they host Levelland. The Seventh Graders collide at 5 p.m., followed by the Eighth Graders at 6 p.m. Levelland's Seventh Graders beat Plainview Coronado, 6-0, last week and the Eighth Graders beat the Plainview school, 14-6.

Levelland will also provide opposition for the Freshmen when they travel to Lobo town for a 6 p.m. game. Levelland whipped Whiteface last week while the Littlefield squad was winning its third straight from Plainview Escobedo.

Also going to Levelland will be the Junior Varsity seeking its first score and initial victory after losing to Monterey and Muleshoe.

Springlake Returns To Grid Poll

The Springlake Wolverines have vaulted back into the top 10 for Class A teams in the statewide ratings of schoolboy football teams. The Wolverines, dropped from the elite following their defeat at the hands of Seagraves, moved into No. 10 slot on the weekly poll conducted by the Fort Worth Star-Telegram.

Denver City, this week's opponent for the Littlefield Wildcats, has inserted as the No. 6 team in Class AA. The poll ratings for this week are as follows:

- AAAA -- 1. Garland, 2. Spring Branch, 3. Galena Park, 4. Tascosa, 5. Victoria, 6. Pasadena, 7. Tyler, 8. Dallas Hillcrest, 9. Port Neches, 10. Richfield.
- AAA -- 1. Dumas, 2. McKinney, 3. PSJA, 4. Brownwood, 5. Andrews, 6. Vidor, 7. Kermit, 8. Clear Creek, 9. Austin Lanier, 10. Palestine.
- AA -- 1. Phillips, 2. Balinger, 3. Hondo, 4. Crane, 5. Rockwall, 6. Denver City, 7. Iowa Park, 8. Taylor, 9. Palacios, 10. Sinton.
- A -- 1. Hull-Daisette, 2. Petersburg, 3. Seagraves, 4. Three Rivers, 5. Clifton, 6. Idalou, 7. George West, 8. Jefferson, 9. Big Lake, 10. Springlake.

was reported by Jackie Warner, 1314 West 15th, who reported the windshield on a local truck had been smashed by an unknown object, apparently a rock.

No injuries were listed on the three other traffic accidents. Damage was estimated in an 8:38 a.m. Wednesday crash at the intersection of Ninth and Hall. Involved were automobiles driven by Jack Doyle Dean, Jr. and Leonard Howard Awbrey, both of Littlefield. The Awbrey vehicle was listed as totally demolished while damage was estimated at \$380 to the Dean automobile. Damage was estimated at a total of \$85 in a Saturday morning collision on 10th Street, involving two automobiles driven by Carol F. Tubbs, Route 1, L.D. and Jack W. King of Littlefield.

A Monday accident on Highway 84, west of College, involved a truck-trailer driven by Edward R. West of Lubbock, involved a automobile driven by Domingo Rodriguez of Muleshoe. Damage was estimated at \$200 to the automobile and \$80 to the truck.

Memo to High Plains Growers . . .

LABOR SAVING See For Yourself!

Would you ever believe you could get 175-80 pound bags of fertilizer in just one TIDE Tilt-Box? You sure can. Count them. Using Tide's Tilt-Box you don't have to handle a single bag . . . simply open a gate and fill your fertilizer applicator in minutes. Labor saving? I'll say it is!

HOW TIDE'S TILT-BOX SERVES YOU:

Tide's TILT-BOX, pictured above, is an air-tight, all weather container. It keeps your fertilizer dry, fresh, and free-flowing. This TILT-BOX puts 14,000 pounds of fertilizer where you want it . . . at the most convenient location to the field and high enough to make loading any type of application equipment easy.

PRESCRIPTION MIX FERTILIZER

Tide takes soil samples from your land, free of charge to determine exactly what your soil needs. Then your fertilizer is mixed from high analysis raw materials to fit your exact requirements. Because it is made "on order", your fertilizer is fresh, dry, and free-flowing.

ECONOMICAL

Ease of handling fertilizer in Tide equipment reduces cost . . . saves time and labor. One man can fill an applicator or spreader with Tide fertilizer in 2 to 3 minutes simply by opening a gate.

With "prescription-mix", you buy only the nitrogen, phosphate, and potash your soil test shows you need. High analysis fertilizer cuts material handling costs. No bags to handle (unless you want it bagged) and storage is no problem, as Tide's Tilt-Box, holding 14,000 pounds, provides air-tight delivery and storage at the end of the row.

TIDE SERVICES

Tide grower services and products are planned to save time and labor . . . help take the guess-work out of farming. Agricultural Consultants, free soil tests, and Tide's custom-designed, weather-proof, delivery and storage equipment, cut your production costs. TRY TIDE . . . you'll be glad you did.

Employ The Handicapped Week Proclaimed Here

Governor John Connally has proclaimed the week of October 4-10 National Employ the Handicapped Week in Texas, urging that "the continued expansion of employment opportunities for these qualified workers should be actively encouraged."

"Our belief in the dignity and worth of each individual can be demonstrated by wiping out prejudices against the intelligent

utilization of our state's handicapped citizens," the Governor said. "The performance records of handicapped workers have proven that they are valuable employees when placed on jobs suited to their physical and mental abilities."

The Connally proclamation follows President Johnson's recent proclamation in which he urged Governors, mayors of

cities, and other public officials, as well as leaders of industry, educational and religious groups, labor, and others to participate in the 20th annual observance of this week set aside to focus attention upon the employment needs of the handicapped.

The President called the observance "a mark of our esteem for all humanity, and a test-

imonial of our faith in individual worth."

"Our hopes for the handicapped can be realized if the employers of this Nation will but consider all job applicants solely on the basis of their qualifications to do the job," President Johnson said.

Governor Connally pointed out that last year 25,005 handicapped workers were placed in jobs by

District Teams Face Another 'Tough' Friday

District 3-AAA teams, going into their final pre-district skirmishes with outside rivals, face another apparent tough

Friday. All seven members will be in action with exception of Lakeview which will be idle and licking its wounds following the 62-8 bombing at the hands of Brownwood.

The big game will have Snyder traveling to Kermit. Snyder began to make sounds of at last rounding into form by socking previous undefeated Big Spring

last week. Kermit is also undefeated and riding with a 3-0 mark. Snyder won last year's match by a 21-8 margin. Sweetwater, only team with a winning record (2-1) in the district and boasting the best offensive average, 14.7 points per game, will be at home against a hot-and-cold Graham squad. Levelland, still somewhat of an unknown quantity and all even

with a 1-1-1 chart after games, hosts Hereford week. Levelland won last week. The district's three winners will be favored that way after Friday's travels to 2-1 Brownfield, 0-3 and with a setback. Pat Wheeler of the 0-3 Littlefield team, undefeated Doubleton, Denver City,

Early Bird Waits for Dry Cotton

COLLEGE STATION--Drink an extra cup of coffee and make money. This may not sound reasonable, yet it makes a lot of sense to Texans who use mechanical pickers to harvest their cotton and explain why they're in no great rush to start their pickers early in the morning.

Wise farmers wait for cotton moisture to drop to a reasonable picking level, says Beverly G. Reeves, cotton ginning and mechanization specialist, Texas Agricultural Extension Service. This waiting can get them a full grade or more at the gin.

Regardless of how dry the weather, cotton should never be harvested at night nor in the early morning or late evening, explains the specialist. Even on

the driest day, cotton will probably never be dry enough for machine harvest until 8 a.m. or later.

Moisture in seed cotton from humidity may not be seen or felt, says Reeves, but it is there. And, it limits the kind of job the ginner can do. Excess moisture in cotton usually results in the loss of grade and quality, and this can cost the grower \$10 or more per bale, the specialist points out.

Heat must be increased in gin dryers to try to get desirable grades from high moisture cotton. This increases the danger of fiber quality damage on dry portions of the bale being ginned and the dry bale that may follow, explains Reeves.

Overdrying can result, making for the kind of cotton that mills don't want.

When should you start your mechanical pickers? Delay harvesting, advises Reeves, until the relative humidity in the field at boll height is 60 percent or less. Normally, 60 percent relative humidity is correlated with eight percent lint moisture. If a hygrometer or cotton moisture meter is not available, Reeves says to pick a handful of cotton, squeeze it tightly in your hand and release it quickly. If the cotton fluffs out when released, it is dry enough for mechanical picking. Otherwise, wait and make another test later. Also, make the test at several different locations in the field, advises the specialist.

COUNTY'S VALUATION GOES UP

The continued growth and development of Lamb County is pointed out in the county's assessed valuation for 1964, representing an increase of nearly \$1-million over last year.

The 1964 valuation for Lamb County, announced by County Tax Assessor-Collector Herbert Dunn, totals \$28,492,729. That is an increase of \$971,128 over the 1963 valuation and represents a gain of \$2,078,426 for the county since 1960.

Assessed valuation in Lamb County is based on approximately 25 percent of the true or market value of property assessed.

"Just a lot of new property in the county," Dunn said in explaining the valuation increase.

SHOP LITTLEFIELD

When you Shop at Littlefield stores, chances are you'll be waited on by a neighbor... that's part of the fun of shopping there! There's another plus-factor to this pleasant situation that perhaps you may not have taken into account... your patronage of local shops helps the entire community to prosper, by providing jobs for many of your fellow residents.

Littlefield merchants take a justifiable pride and interest in local schools, for a portion of their taxes goes to support these public institutions. Indeed, one of the many advantages of shopping in your own community is the fact that a percentage of your purchase is, in this way, returned to you or your children, through local taxes.

McCoy Reliable Name In Serving Area Pump Needs

Mr. McCoy of the McCoy Machine & Pump Company has been serving this area for a number of years.

During this period McCoy and his machinists have been rated among the best as machine and pump repair specialists.

Mr. McCoy is the sales and service representative for the Layne Spinner Pump which he reports is the most adaptable pump in this area... less weight, costs less and lasts longer...

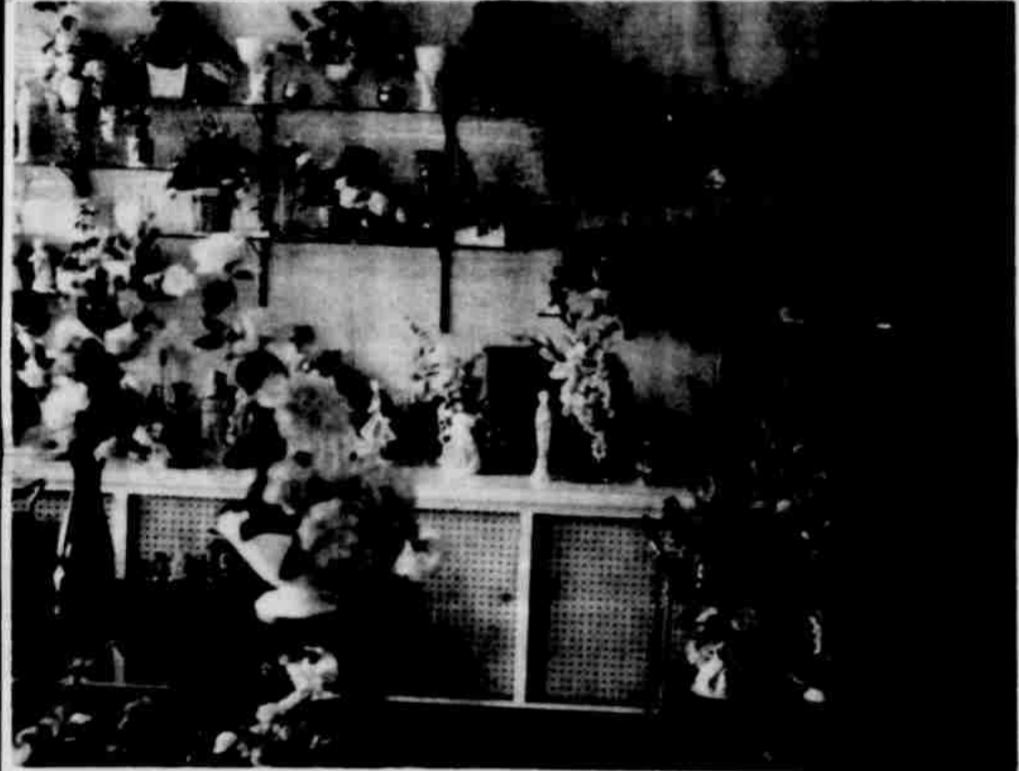

functions more efficiently than many other pumps on the market.

The McCoy Machine & Pump Repair is located on the east Lubbock Highway. It has a modern up to date machine shop and can handle most any of your requisites.

McCoy repairs any make of pump and specializes in pump gear head repair. They also do welding of any kind.

Quality workmanship is their main-stay and by doing so they have built a reputation for good work, honest prices and quick service.

An after quote: "Do you know, Paul, I think the New Layne Spinner Pump is one of the best pumps on the market today. It costs less, last longer, and I really believe they work better than any of the pumps offered in this area of the Southwest."

Death of Local Resident Dies

Funeral services were held at 3 p.m. in the First Baptist Church, Petersburg, for Mr. Williams, Sr., 76, father of Mrs. O.B. Scott of Littlefield. The pastor, Rev. Russell, officiated.

Mr. Williams, Sr. was a resident of Petersburg for 25 years. Mr. Williams died at home Friday at 9:30 a.m. after a heart attack. He was a retired farmer.

Survivors include his wife; two daughters, including Mrs. O.B. Scott; six sons, 32 grandchildren and 17 great-grandchildren.

Sales Clinic Starts Here on Tuesday

More than 40 persons, representing 16 different local business houses, stores and firms, have registered for the Consumer Relations Sales Clinic to be held in Littlefield next week.

The clinic, sponsored by the Chamber of Commerce, will be held from 7:30-9:30 p.m. Tuesday through Thursday in the Littlefield High School Auditorium. Registrations are still being accepted at the Chamber office and registrations will be available at the auditorium.

The course for the clinic will be taught by Frank A. Patterson, nationally known teacher of customer relations and salesmanship from Phoenix, Ariz.

Topics to be covered in the clinic include: telephone sales, how to quote prices, overcoming sales resistance and objections, how to close, and when to close, suggestion selling.

The final session will feature: the people, effective speaking, human relations, how to get member names, getting the sale done and presentation of a booklet, "Customer Relations and Sales Methods that Work."

County Lists Two Arrests

Two persons were arrested by the Lamb County Sheriff's Department this week. One, 25-year-old Alice boy, was arrested and turned over to authorities at Alice on charges of statutory rape.

Also arrested was Otha Long, 34, of Robert Lee, on felony charges. Details of the arrest were not immediately available.

Spade Scout Pack 674 Meets in Duane Gray Home Monday

The Spade Cub Scout Pack met Monday night at the home of Mr. and Mrs. Duane Gray for their monthly pack meeting. The theme was "Come to the Fair". Various fair booths were set up with scouts and their parents participating. Booths included: instant hairdo, clothing gallery, marble toss, raffle, to the moon and guess how many, following the entertainment, den mother and den mother, Mr. and Mrs. Duane Gray conducted

the pack meeting. The opening ceremony was the pledge to the U.S. flag and Texas pledge. Brian Moore was presented a bobcat pin; David Gray, a bear badge and one gold arrow point under bear; Ronnie Nix, one year pin; and Boyd Moore, a recruiter badge. Year's most talked-about new cars

'65 Chevrolet Impala Sport Sedan—with a roof line all its own.

'65 Chevrolet Impala

It's '65's biggest, most beautiful change. There's striking new styling. New length, width and lowness. A roomier new Body by Fisher housing an interior that's a knockout—with richer looking fabrics and new curved side windows. Also a showpiece of an instrument panel with the look of walnut in the Impala series. And a more serene Jet-smooth ride that's rooted in a new Full Coil suspension system and Wide-Stance design. Fact is, if you overlook just one thing you can easily convince yourself you're onto a big expensive car here. And that one thing is its Chevrolet price.

New Corvair Corsa Sport Coupe—with new higher powered range of engines.

'65 Corvair Corsa

There's never been anything like it from either side of the Atlantic. From the new top-of-the-line Corsa series to the Monzas and lowest priced 500's, there's new thin-line hardtop styling for all closed models. More length and width, more entrance and shoulder room in all models. Dramatically new interiors. A flatter ride with a more solid feel stemming from a new independent suspension and wider wheel stance. And a higher powered range of engines—with up to 180 hp available in the Corsas. How sporty can a car get? Your dealer's got the Corvair that'll show you.
