No. 26

## LITTLEFIELD COLLEGE CONTRACTS FOR CONSTRUCTION OF 130 HOMES AGGREGATING A COST OF \$260,000

Work on the construction of 130 residence buildings on lots and acreage tracts belonging to or recently sold by the Littlefield college will begin about November 1, according to long distance message received Tuesday by the Leader from R. O. Conner, Dallas, college business manager.

Mr. Conner states that arrangements have been made with the Higginbotham-Bartlett Co., Dallas, to finance the buildings, the sum embracing approximately \$260,000.00. Ninety of these buildings will be located on 10 acre tracts recently sold by the College, while 40 of them will be located on residence lots also recently sold by the institution. The buildings will all be of modern stucco construction, costing from \$2,000.00 up, each, and having modern conveniences.

Arrangements are now being entered into for laying water mains, stringing electric light wires, and making gas connections for the proposed building campaign, all of which will be well under way before the building construction begins.

The construction will be in charge of the N. H. Waller Construction Co., Dallas, who also has charge of the College building construction, and will mean the giving of considerable added employment to local labor.

It is understood that as fast as these new homes are completed they will be occupied by their owners, all of whom have children that will attend the college located here.

### MISS ANDERSON GOES TO COSTA RICA AS HEAD NURSE

Miss Dorothy Anderson, daughter of Dr. W. H. Anderson, this city, left Monday for Costa Rica, South America, where she has been appointed general supervising nurse for that nationality.

Miss Anderson is well known in Littlefield, having made her home here with her father a few years ago. She was formerly supervising nurse in West Texas, having charge of the county health nurses of this section, and later became state supervising nurse for the State of New Mexico, which position she resigned the first of September to prepare for taking up her new work.

During the past three years Miss Anderson has been doing wide research work in her chosen vocation and it was while attending a clinic of the Rockefeller Foundation that she was given the new appointment under the Ministry of Health in the Costa Rican government.

She expects to be away at least two years.

### B. TOOKE DIED TUESDAY FOLLOWING LINGERING ILLNESS

Leonard B. Tooke, after a lingering illness, died Tuesday afternoon at his home in Littlefield. He was born October 1, 1887, and was at his death 41 years and eight days of age. For about three years Mr. Tooke had been afflicted with cancer of the lungs, and during the past year had been confined to his bed a large part of the time, suffering from its ravages.

Funeral services of the deceased were held from the Baptist church Wednesday afternoon. Rev. Roy Camp, pastor officiating, Smith-Hammond Undertaking Co., in charge of the funeral arrangements, and interment was made in Littlefield cemetery.

Mr. Tooke was a member of the Baptist church, having joined that denomination at Mehlis, in 1905. He was survived by his wife, six children, three brothers and three sisters.

### OTTO CONDITIONS IN STATE ARE CHANGING FOR BETTER

Austin, Texas, Oct. 8.—Over the month of August, the cotton situation changed entirely, according to Bernard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

Early in the summer, there was a fear of a small crop," he said, "while the crop has deteriorated recent weeks, the deterioration has

### LONG-CALLAHAN

Mrs. Eula Long and Daniel Callahan were married Monday morning in the Lamb county court house by County Judge E. N. Burrus.

The bride was for some time a resident of Littlefield, having charge of the Palace Beauty shop. The groom is from Tucson, Arizona.

### 3 INJURED WHEN DODGE HIT FORD ON ST. HIGHWAY

J. B. Masengal and Misses Anna Mae and Opal Stewart were severely injured Sunday afternoon when the Ford car in which they were driving was struck by a Dodge.

At the time of the accident the car in which the three were riding was parked back of another Ford car that had stopped to repair a punctured casing, when struck by the Dodge, said to have been driven by a man from Lubbock, giving the name of "Wilson." There was another car parked on the opposite side of the road facing Littlefield, which is said to have been first struck, thrown into the ditch, ruining two casings and otherwise damaging the car. It is said that the Dodge car was traveling at the rate of 35 or 40 miles per hour and, according to report, the brakes of the car were not perfectly adjusted for prompt functioning.

From reports given out, it appears that the Ford undergoing repairs was not struck by the Dodge. After striking the first car, the Dodge then chipped across the road striking the coupe in which Masengal and the two young ladies were riding. This car is said to have been thrown into the nearby ditch, considerably damaging it. Miss Anna Mae Stewart received a bad cut on the forehead requiring 13 stitches by the attending physician to close, also three stitches were required to close a gash on one arm. Miss Opal Stewart received a gash on one cheek, the cut running diagonally between the nose and one eye, while Masengal, aside from severe bruises, is said to have sustained a badly gashed and mangled leg, requiring 32 stitches to close.

### LAMB COUNTY FAIR AT AMHERST WILL HAVE BIG CROWDS

Every effort is being put forth this week toward bringing about a first class county fair to be held at Amherst Friday and Saturday, October 12 and 13. Exhibits are being gathered from the four corners of Lamb county to be placed for vision and competition, and, with the excellent crop conditions the county affords this year, it is stated by men who know, there is little doubt but the various products will all compare favorably with those grown in any other county in West Texas, while the most of them will be superior. Prizes are being offered on livestock, poultry, cooking, canning, relics, flowers, art, clothing and fancy work.

A large number of citizens from in and around Littlefield are planning attending the fair.

been less than usual. Insects continue to damage the crop, and diseases have destroyed a large percentage of plants in some districts. Harvesting is quite general over the State and the demand for pickers is growing. Prospects for a top crop are only fair."

George Bernard Shaw addresses his latest work to "intelligent women." Some cynics can't believe he cares so little for royalties that he wants to limit its perusal to that class!

### CHRISTOPHER COLUMBUS

The most heroic story of history—the story of the voyage of Christopher Columbus and the discovery of America—is to be celebrated on October 12. On that day in 1492 when Columbus discovered a new continent, who could have guessed what an important part of the globe that continent would become, containing, as it does, several of the greatest nations in the world.

The story of Columbus in itself is inspiring and magnificent—the story of a brave pioneer who feared no disaster, spared no effort, to prove to his own satisfaction and to the satisfaction of Europe that the world was indeed round. Little honor was paid to Columbus during his life-time; he was jeered and thought crazy; his path was beset with difficulties and dismay, his accomplishments disbelieved, his theories discounted. Yet today his name is held in reverence the world over.

Since the days of Columbus the Eastern and Western worlds are close neighbors; Lindbergh, by spanning the Atlantic in an airplane, showed us how close they really are. In the days of Columbus the way from Europe to America was beset with perils, both real and imaginary, and sailors on comparatively short trips always feared, tremblingly, that they would come to the "edge of the world" and fall off.

Now we do not fear the "edge of the world," science and improved methods of transportation have destroyed the bugaboos of the past; now a man may talk in one continent, and by radio, be heard across the seas; distance has been demolished—travel has become a pleasure instead of a hazardous undertaking. Yet we still cannot even glimpse the mystery of life, the Divine Purpose of it all—and probably never shall. We know more and more about ourselves—but have no more knowledge than in the past of the workings of Providence. But just as Columbus praised God for his accomplishment, so must we too praise God for the things that have come to pass since the days of Columbus.

Think of brave Columbus! Whitman has sung of him, "old, poor and paralyzed," nevertheless thanking God for His Divine help. We who have not to face the martyrdom of a Columbus, nor encounter the difficulties that he encountered, should surely not be swayed from the spiritual by the mechanical and scientific discoveries of this age. The Soul of Man is more important than man's accomplishments, important though they be.

### BOLTER POLITICS PRINCIPAL THEME OF DISCUSSION ON STREETS; MANY CITIZENS CLAIMING COUNTY WILL GO FOR HOOVER

Now that the street paving is well under way, the crops pretty well assured and the court house will probably remain at Olton for another year or so, the principal topic for discussion on Littlefield streets is "politics."

Some, of course, are only casually interested; while others are devoting their major time and talent in provocative discussion of the issues of the day. Generally speaking the principal phase of the discussion is the action of the "bolters," and it is freely granted there are more Republican-Democrats in Texas this year than ever before. Perhaps they are not essentially Republican in politics; but since the issues this year are as much moral and social as political, many heretofore staunch Democrats declare they are going to scratch the old time party ticket in favor of a mixed menu to their own taste.

While the "bolter" idea may be new to some of the twentieth century citizens, it is pointed out by others that there have always been "bolters" in every avenue of life. John Wesley bolted the old state church of England and founded the society called Methodists. Martin Luther bolted the Roman Catholic church when he nailed his seven articles on the old church door at Whittenburg and started the Reformation. John Calvin bolted the Episcopal church and started the Presbyterian order of religion.

In the realm of politics it is a known fact that John J. Raskob, chairman of the Democratic party this year, was a one time member of the Republican club in Philadelphia. John H. Kirby in 1920 publicly declared his preference for Harding, a Republican, over Cox, the Democratic nominee, and contributed generously to the Coolidge campaign in 1924. Woodrow Wilson, twice elected president of the United States by the Democratic party, in 1896 declared his hopes that Bryan and the ticket would be "knocked into a cocked hat." Grover Cleveland and his entire party, with one exception, bolted the Democratic party, and a good many years before that Jefferson Davis bolted the Charleston convention declaring: "I refuse to accept Douglas and the heresy of squatter sovereignty." So, with these and many other well known precedents, it is freely claimed by many Democrats of Lamb county that they are well warranted in bolting the old line ticket this fall.

It is being freely predicted at this early date that the Littlefield voting box will go strongly Republican on

November fourth; others claim the entire county will be carried for Hoover, while some go so far as to be willing to back their claims of the State of Texas turning Republican in the national election this fall.

### WHITES WIN MANY PREMIUMS AT THE LUBBOCK S. P. FAIR

Mr. and Mrs. J. H. White, proprietors of the Happy Hill Farm, Littlefield, were heavy winners of prizes at the South Plains fair, Lubbock, last week.

The Whites have a turkey farm, located about three miles north of Littlefield, on which they are raising this year nearly 800 pedigreed birds.

At the fair last week they won nine ribbons; three first premiums, also first, second and third on trio; first, second and third on toms; first on hens, second and third on pullets. Everything they entered took prizes, and their winnings were more than that of all the other turkey exhibitors put together.

### PRECINCT THREE VOTED IN FAVOR OF A STOCK LAW

Voting in favor of a stock law was unanimous at the election held in Commissioner's precinct No. 3 last Saturday. Only 10 votes were cast all being for the measure. It is stated that while the voting was exceptionally light, yet the sentiment was unanimous in favor of the stock law.

The territory embraced in the new restricted district is as follows:

Beginning in Lamb county at the northeast corner of Section 1, League 657, thence east along the north line of Section 45, 47, 48, 49, 50, 56, T. A. Thompson, to the Lamb and Hale county lines; thence south along the Lamb and Hale county line across Sections 55, 56, 51, 50, 46, 45, 40, 39, 34, 33, Block 1, R. M. Thompson and across Section 118, Block A, R. M. Thompson, to the Southeast corner of Lamb county, Texas.

Thence north along the west line of Sections 125, Block A, R. M. Thompson, and section 58, 57, 56, Block T, R. M. Thompson and Tract 240, 209, 208, or the subdivision of State Capitol League No. 652, Abner Taylor original grantee, to the northeast corner of Section 1, League 657, at the place of beginning.

### PETITIONS AND DELEGATIONS TO COMMISSIONERS' COURT OBTAINS \$1,500 FOR DEMONSTRATION AGENT

#### WOULD HAVE ASSOCIATION

N. T. Renfro, H. G. Dobbs and C. A. Baird went to Lubbock last Friday night to assist in the organization of a South Plains I. O. O. F. association.

A feature of the evening's work was a midnight supper served by the members of the Lubbock lodge. Delegates from other nearby towns were also present.

### LFD. SMASHED 44 SCORES IN GAME WITH LORENZO SAT.

The Littlefield High school football team smashed itself to a one-sided victory last Friday when Lorenzo went down in defeat with a score of 44 to 0. There was never any doubt during the game about anything except the total count that the local team would run up. The Lorenzo team showed lack of experience, but did not give up, and quit as lots of teams will do when being beaten badly.

The Littlefield aggregation presented a smooth working machine, although faults to be ironed out are still plentiful. Burford and Fox were particularly successful in making good gains around the ends, while C. Couch showed to advantage in carrying the ball through the line. Harry White, J. T. Alford, and W. B. "Doc" Phipps also showed promise as ball "toters." First string linemen who played Friday were Smith, Thornton, Rombach, Evans, Roberts, and Lucas. A team of reserves was sent into the game early in the first half and the first string team did not get back into the fray until the fourth quarter.

Sid Hopping officiated in a very efficient manner, and there was no squabbling to mar the game.

Littlefield High school plays Sudan high school here next Friday at 2:30 o'clock, and it is the intention of the local team to take the second Lamb county team to be played this year into camp. The game promises to be a good one, and although the "dope" favors the local team, there is never any certainty that any team will win a football game until the goal line has been crossed and recrossed.

### CHILD IS KILLED INSTANTLY; STRUCK BY AUTOMOBILE

Izora Kelly, 11 years, daughter of Mrs. Monnie Kelly, was instantly killed Saturday evening, when struck by an automobile on the Pep highway about seven miles southwest of Littlefield.

The child, with others, had been heading maize and was returning home in a wagon when her bonnet blew off. Without stopping the wagon or notifying any of the other occupants, she jumped off to reclaim the lost bonnet just as an automobile, driven by a man giving the name of "Taylor," passed by. The child was struck by the car, the body badly crushed, death being instantaneous.

It is stated that Mr. Taylor was accompanied by his mother, wife and children at the time of the accident; that he was driving about 35 miles per hour at the time of accident. He states he did not see the child in the gathering darkness until he was nearly on her, when he quickly applied the brakes, grinding the wheels into the dirt about three inches, at the same time whirling the car into the nearby ditch, jeopardizing the lives of its occupants in his effort to avoid striking the little girl. He was enroute to the home of his father-in-law, living about four miles south of Enochs.

The funeral service of the child was held Monday afternoon at the Burleson-Mason Co., undertaking rooms, conducted by Prof. John R. Freeman, of the Littlefield college, and interment made in the Littlefield cemetery.

The Commissioners' Court of Lamb county, in regular session last Monday, voted unanimously the sum of \$1,500 toward paying the salary of a Home Demonstration agent for this county, the money to be available at any time the State will furnish an agent for the county. The sum was voted in consideration of \$1,200 which is to be furnished by the state and federal government, also applying on the salary.

There were about 50 women present from all sections of the county, to press the claim for a county demonstration agent, and presenting petitions of nearly 500 names favoring the action of the court.

Mrs. G. D. Daughtrey, of Olton, an ex-home demonstration agent, was spokesman for the delegation in presenting the petitions and explaining the nature of the work. Representing the different sections of the county, talks were made by the following women: Mrs. Applewhite, Circle community; Mrs. Clements, Sudan; Mrs. Howard, Earth; Mrs. Payden, Center; Mrs. Owens, Olton; Mrs. Smith, Fieldton; Mrs. Whitfield, Amherst. Jess Mitchell, of Littlefield, spoke in behalf of Littlefield, urging the necessity of an appropriation at this time, since there are nine counties already on the waiting list ahead of Lamb county. D. G. Daughtrey, of Olton, explained the action of the Smith-Lever bill, under which the Department of Extension operates in furnishing county home demonstration agents. Following the presentation of petitions and explanations the Court, after a brief discussion of the matter, on motion by Commissioner Daniels, second precinct, and duly seconded by Commissioner Strawn, third precinct, voted unanimously in favor of the measure and setting aside the required sum necessary for employing the agent. Just when an agent will be available for this county is not certain, but probably sometime in the early coming spring.

The work of the home demonstration agent is many fold in its activities. The women and girls of the county are organized into sectional clubs of different kinds. Food production and preservation is a major study, and, in counties where such agents are located, thousands of dollars of fruit, vegetables and meats are saved annually. The proper planting and maintaining of gardens is another valuable phase of the work. Also, there comes in instructions regarding the handling of poultry and of dairy products, making of the family clothing, home improvement, both inside and out, along with various other calls and individual instruction of incalculable value to the feminine citizens of the county.

While no definite action was taken by the Court, yet it is generally understood that the home demonstration agent of this county, when available, will maintain her office at Amherst in conjunction with that of the county farm agent.

### N. T. DALTON DIED AT HOME IN BROAD ACRES

N. T. Dalton, born in Grayson county, Tenn., April 22, died at his home in Littlefield Wednesday morning, October 10, from tumors of liver and glands.

Mr. Dalton was married to Miss Bertha Dillingham, of Coleman county, in 1910. In 1912 they came to Littlefield, making this their home since that time.

Funeral services for the deceased were held today (Thursday morning) by Rev. Geo. Turrentine, pastor of the Methodist church, and interment made in the local cemetery.

He is survived by his wife and other near relatives.

### SAVE TWO HOURS A DAY

A questionnaire recently sent to a large number of farm women living on electrified farms indicates that an average of two hours a day of household work is saved by the use of electric labor-saving appliances.

Some politicians evidently fear a wet plank would prove too slippery!

Buy it in Littlefield.

### Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borosone, to kill the germs, and then dust it with Borosone Powder, to hasten the healing. Liquid Borosone costs 30 cents, 60 cents, \$1.20 and \$1.50; Borosone Powder, 30 cents and 60 cents, and can be had at Stokes & Alexander Drug Company.

### METHODIST CHURCH

Rev. Claude Ledger, of Sudan, will preach both morning and evening, as there will be an exchange of pulpits Sunday. Rev. Turrentine will preach at Amherst, and the League will give a program at the Amherst church in the evening.

The men of the church are asked to be present Wednesday evening at the church council. All night services will now begin at 7:45 p. m.

—GEO. E. TURRENTINE, Pastor.

### JUNIOR ENDEAVOR, OCT. 14

Subject: Spelling Obey With Our Lives.

Scripture Lesson, Acts 26: 19-20. Louise Johnson, leader.

Talk by leader.

Spelling Obey with verses. Sharp-shooting contest. Roll Call, Memory work. Sentence prayers, benediction.

### NOTICE OF SALE OF DICKENS COUNTY SCHOOL LANDS, located in Lamb County, Texas.

Notice is hereby given that Dickens County, Texas, offers for sale the North one-half of Block 18, containing 316,264 acres of land, the West one-half of Block No. 20, containing 316,264 acres of land, and all of Block No. 21 containing 632,528 acres of land, Dickens County School land, located in Lamb County, Texas, as shown by plat of the Subdivisions of League Nos. 242, 243 and 244, Dickens County School lands of record in the office of the County Clerk of Lamb County, Texas. Each of said tracts to be sold upon the following terms, to-wit: One-fifth Cash, and balance in ten equal annual payments, bearing interest at the rate of five per cent per annum until maturity.

The Commissioners' Court reserves the right to reject any and all bids. Done by order of the Commissioners' Court of Dickens County, Texas, this 11th day of September A. D. 1928. H. A. C. BRUMMETT, County Judge, Dickens County, Texas. Sept. 20, 27, Oct 4, 11, 1928.

### COTTON GOOD AT ENOCHS

G. P. Howell, ginner at Enochs, was in Littlefield the first of this week and reports a generally good cotton and specially fine feed crop around Enochs this year. He has invested \$40,000 in a first class gin located there.

In commenting upon the first bale

### CITY GARAGE

Let us look your car over for you! Perhaps your wheels stand askew! There might be some parts that need grease. Or body squeaks that do not cease. We'll drain the oil and give her a fill, And help prevent heavy car repair bill.

(Copyright. To be continued.)

H. W. WISEMAN, Prop. Littlefield, Texas

of cotton for this year brought in by Chas. R. Brown, of Bula, Mr. Howell calls attention to the fact that he purchased the cotton himself, paying 18 1/4 cents per pound, instead of 17 cents, as previously reported. He also gave the grower a cash prize of \$25.00.

The second bale of cotton was brought in last week by G. A. Blevins, of Enochs, selling for 17 1/4 cents per pound. It ginned 486 pounds of lint from 1,350 pounds of seed cotton.

### PERSONAL ITEMS

Mrs. Leonard Thedford, after a short visit with her parents, Mr. and Mrs. J. L. Carroll, returned to her home in Pampa, Friday.

Miss Addie Mae Hemphill and Dorris Williams spent the weekend at Lubbock, the guests of Mrs. Jimmie Pruitt.

Mr. and Mrs. M. W. Etter and daughter, Dorothy Wales, spent the weekend at Roby, with Mr. and Mrs. S. J. Etter.

Miss Gladys Hall and Miss Azalea Berryman, teachers in the Whitharral school, spent the weekend here with their parents.

Miss Lillian Busher, teacher in the high school at Hereford, spent the weekend here with her parents, Mr. and Mrs. R. L. Busher.

Rev. and Mrs. Roy Kemp and children returned home Friday from an extended visit with relatives and friends at Fort Worth, Bowie and Sunset.

Mrs. J. R. Reed, who has been visiting her daughters, Mrs. Foy Smith, of Levelland, and Mrs. Roy Gattis, returned to her home in Amarillo, Saturday.

Mrs. M. H. White after a short visit with her parents, Mr. and Mrs. E. G. Courtney, and Mr. and Mrs. T. P. Wright, returned to her home in Dallas, Saturday.

E. E. Wenzel, who has been here for the past few weeks, looking after his business buildings and having the side walks paved, left Saturday for his home in Pretty Prairie, Kansas.

Mr. and Mrs. Louis Condra and children, who have been in Dallas all summer have returned here, where Mr. Condra will be connected with the new drug store soon to open.

Carl Willingham and C. C. Perryman, former teachers in the Littlefield school, but now teaching at Lubbock, spent Saturday here with friends.

Rev. W. B. Phipps, former pastor of the Baptist church here, but now living at Mountainair, New Mexico, was here the latter part of last week visiting old friends.

Mrs. J. D. Dodgen, who has been visiting her parents, Mr. and Mrs. S. J. Farquhar, for the past two months left Monday for her home at San Marcos.

Mr. and Mrs. R. E. Rutledge, of Chicago, accompanied by Miss Mable Ruth Rutledge, of Anson, spent the latter part of last week, the guests of Mr. and Mrs. W. H. Rutledge.

### Vocational Agriculture Department

By G. H. HELWEG, Instructor

Terracing is the building or constructing of ridges in fields to retard or decrease the rate at which rainfall flows from the land. To do this these ridges are generally built across the direction of the water run-off. The ridges themselves have some fall, generally four inches to 100 feet of ridge, so as to allow some of the water to run off slowly in case of heavy downpour and prevent its breaking the terrace. The terraces are generally built up to a height of 16 or 18 inches and with a base of 18 or 20 feet. The cost of building terraces depends upon the amount of slope of the land, but generally ranges from \$1.50 to \$3.00 per acre.

Many farmers in this section are of the opinion that terracing is a problem of the farmer in East and South Texas. Of course, we admit that it is more important there than here, but we must awaken to the fact that it is of sufficient importance here to receive the attention of the farmers. Some farmers are aware of the advantages of terracing but hesitate to do it because they will have to change the course of the rows across the field. In some cases farmers run rows across the terraces but this weakens the terraces and they are liable to break. The expense of maintaining a terrace in the case of rows running across it is much higher because plowing across a terrace has a tendency to level or flatten it out.

In Circular 83 U. S. Department of Agriculture we read the following: "At the Spur substation of the Texas Agriculture Experiment Station in the sub-humid part of West Texas, 40.7 tons per acres of soil material were removed from a 2 per cent slope, of fallow land by approximately 27 inches of rainfall. Of this precipita-

tion only 55 per cent was retained (at least temporarily) on cultivated bare land of the same soil and slope, without terracing, whereas 84 per cent was retained on an area covered with buffalo grass."

### FIELDTON FACTS

As the fall of the year has arrived the people are busy gathering their crops.

Mrs. Henry Pickrell and Mrs. O. L. Smith were Olton visitors, Monday.

Mr. and Mrs. Clayton Woolrey of Hereford, were visiting friends and relatives in this community over the weekend.

Miss Mittie Sullivan a teacher of Delhi, Okla., is visiting her folks during cotton picking vacation.

R. P. Green and son, Albert, were Oklahoma visitors over the weekend. A new store is being built at Fieldton which adds to our little town.

Mr. Allen has completed a stucco filling station at Fieldton. Our new gin is almost completed and will be able to care for all cotton grown in this community.

A. H. Scivally was transacting business in Vernon, Saturday.

Miss Ethel Warren, Miss Mittie Sullivan, and Vurle Sullivan of Hereford, were Lubbock visitors, Sunday.

Lige Cook and W. J. Cowan were

Vernon visitors the first of the week. The young people enjoyed a party at Miss Imogene Perry's Saturday night.

The Fieldton High school met together and elected Ruby V. Sullivan, president; Odell Pickrell, vice-president; Albert Green, secy.-Treasurer; Virgie Neal, song leader; Joyce Miller, yell leader; green and white, school colors; motto, "Make the best better" team name, "Buffaloes." We the student body are proud of our school and with our teachers we are striving to make this one of the best schools in Lamb county.

Now that talking movies have been perfected what is to become of all the people who went to the movies just for the pleasure of reading the titles aloud?

## COLLEGE NEWS

Some outside improvements have been added to the dormitory this week including steps and also door and window guards. A telephone has been

installed in the office of the administration building. The concrete foundations for two of the teacher's houses have been made and another two room house on the campus is nearing completion.  
Jno. R. Freeman and Geo. M. Mc-

Kinney made a trip to Lubbock Thursday and secured stoves for the school. J. Frank Copeland made a trip to his home near Lockney Friday afternoon for the purpose of bringing the remainder of his family to Littlefield. Two more of his children, Edna and

Dora, entered school Monday.

R. T. Cypert, of Hamlin, was here Monday and placed his boy, L. D., in school.

J. T. Corder and family were here last week visiting Miss Mary Corder. M. L. Waller, the head of the college construction work, was here on business last Thursday evening.

Word was received from R. O. Conner, business manager, Saturday night that prospects for the beginning of the construction of houses on the ten acre farms is favorable.

Several from here have been attending the Levelland meeting being conducted by Bro. Chas. W. Watkins.

Dotson G. Lewis and family, J. D. Latham and wife, and Miss Clessa Clark were visitors at the home of Mrs. Lillian Morton, near Ralls, Saturday and Sunday. Mrs. Morton is Mrs. Lewis', Mrs. Latham's and Miss Clark's sister.

Mr. and Mrs. Otis T. Jones expect to leave for their home in northern Okla., sometime in the forepart of the week. Two of Mrs. Jones' children, Don and Miss Bernice Tuerman, intend to remain here for school. They are to occupy one room of the house Mr. and Mrs. Jones are moving from and Mr. and Mrs. Latham are to occupy the other.

The young people and some of the older people have been enjoying the musical and entertainment programs at the college auditorium on Saturday nights.

Mr. and Mrs. R. W. Jones and two of their children, Wesley and Edith, were in Lubbock, Saturday.

## COUNTY FINANCES CONDITION GOOD SAYS THE AUDITOR

The special audit of the county finances, as handled by the various officers of Lamb county, prepared by the Thos. Y. Pickett Company, of Dallas, was received, reviewed and accepted by the Commissioners Court at its meeting last Monday. The report covers the period of business from January 1, 1927 to December 31, 1927. Generally speaking the report reflects much credit upon the character of the business as handled by its elected officers.

In the outset, however, the report calls attention to the fact that since the taxable values of Lamb county are now in excess of \$7,000,000.00 the compensation of the County Commissioners should be \$1,200 per annum, payable monthly, and the per diem compensation is not now in vogue.

Commenting upon the accounts of Len Irvin, sheriff and tax collector, the report says, "The records of this office has been very well kept," the errors are very few, and the report shows a sum of \$67.31 due the collector.

Relative to the accounts of A. H. McGavock, county and district clerk, the audit says: "The records of this office are in good condition. All bills allowed the Commissioners' Court are filed in such a manner as to be a ready reference at all times."

County Treasurer M. M. Brittain came in for complimentary remarks, as follows: "The records in the treasurer's office are well kept and no difficulty was encountered in arriving at an analysis of the accounts."

The report showed the sum of \$1,005.51 due the County in interest from the First National Bank, Littlefield, the county depository, on daily balances as provided in the duly accepted bid received by the Commissioners' Court.

The report shows the bonded indebtedness of the county (exclusive of schools) amount to the sum of \$201,533.93, as follows:

**Bonds**  
Road District No. 1, issue of 1919, \$50,000.00.  
Road District No. 2, issue of 1921, \$50,000.00.

**Warrants**  
Sudan road, issue of 1919, \$3,000.  
Court House building, issue of 1923 \$20,000.00.

Amherst road, issue of 1924, \$27,000.00.

Refunding, issue of 1925, \$34,000.  
R. B. George Mach'y Co. issue of 1926, \$5,000.00.

R. B. George Mach'y Co. issue of 1927, \$6,000.00.

Various time warrants, \$6,533.93.

The audit is a matter of public record, on file in the office of the County Clerk where it is available for the perusal of any citizens of the county so desiring.

For eight years Texas has been the leading state in total value of crops produced. It is estimated the production could be more than doubled by increased land in cultivation.

There are 3,753 wage earners in the slaughtering and meat packing industry in Texas. The products are valued at \$58,000,000 a year.

## FUR TRIMMED COATS

At Conservative  
Prices

What marble means to the sculptor, fur means to the woman—each is a beloved familiar medium for the expression of beauty.

Our new fur trimmed coats will envelope you with charm and grace. . . they are right up to the moment in style. . . the creations of master designers.

Canadian seal, fox, caracul, beaver, squirrel, raccoon, mink, etc. . . all high grade trimmings.

### NEW SHIPMENT OF WOMEN'S DRESSES

Just received—all of them wonderfully attractive in design, color and trimming, and selling at a range of prices to accommodate the desires of every buyer.

### HATS FOR WOMEN AND MISSES

We now have a larger stock of Feminine Hats than has ever before been in this store—all of them real beauties. Any woman may well be proud of a Hat which she buys of us—for two reasons—its exceeding fine quality and the exceptionally low price paid for it.

### OUR PRICES ARE LOWER

Few retail concerns are able to duplicate and none sell any lower than we. On account of our direct connection with one of the largest Ready-to-Wear wholesale houses in the west, we have opportunity for buying at a much lower price, which saving we pass on to our customers without interfering with our reasonable margin of profit. It will always pay you to get our prices in Dry Goods and Ready-to-Wear before buying elsewhere.

# LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.  
 Subscription: \$1.50 per year; 75 cents for six months.  
 Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

## A THOUGHT FOR THE WEEK

A soft answer turneth away wrath.  
 Prov. 15:1.  
 He submits himself to be seen through a microscope who suffers himself to be caught in a fit of anger.  
 —Lavater.

## FIRE PREVENTION

How many Littlefield property owners will do themselves the credit to make a thorough cleaning of their premises during the Fire Prevention Week? Probably not 50 per cent; yet it is to their interest to do so.

It is the general impression that every time the fire whistle blows one or more insurance companies suffer loss. This is only partly true, for the loss sustained by the fire insurance companies is only temporary.

Insurance companies are but collectors and distributors of the fire loss. They pay the losses as they occur, thus enabling the re-establishing of business; but collect all such amounts with the cost of doing business, in the premiums of succeeding years. The rates paid are large or small in proportion to the fire losses.

Manufacturers, who pay the largest premiums, add these with the other items of expense to the cost of their product, and this is all finally paid by the consumer. The bread we eat, the clothes we wear, the books we use, and the machinery we operate all have in their cost a part of the national fire loss.

Thus, every Littlefield property owner who helps in keeping down fire hazards is helping to reduce the rate of his own insurance—a saving to him.

## WELCOME FALL!

A tinge of crispness in the early morning air, occasional overcast skies, corn in the shock, cotton turning snow white, Buffalo grass gray and brown, and the county fairs all in full blast announce that Fall is here. Vacations are over, the fishing rod has been put away and the work at hand is attacked with renewed zest.

"Hold 'em" is the hoarse shout on the gridiron as the pigskin is carried to the three yard line. Hunters take an added interest in their dogs and camping equipment, and the old rifle or scatter gun is cleaned up in anticipation of a tramp across field for quail, waiting patiently in the blinds for ducks or hieing away to the roufhs for deer.

Thus man goes on living; eating, sleeping, working, playing and hardly pausing for thought or thanks to the Great Architect of the Universe who has so arranged the seasons that each differs in practically every respect.

The scheme provides a variety of temperatures, numerous and different activities, all of which add to the interest of life and break the monotony of time.

Then welcome Fall for you are the announcer of winter, which is the forerunner of spring, the predecessor of summer.

## A GOOD EXAMPLE

The Littlefield lad who has acquired the belief that boys reared in small towns or rural communities haven't the opportunities afforded those brought up in big cities can change

their minds since the newspapers a few days ago carried the announcement of the death of Robt. H. Ingersoll.

Born and reared in a small western community, he tinkered with watches and clocks, making a little money in his home town doing repair work. He conceived the idea of making a watch that could be sold for a dollar, and quickly found backing. He started turning out the Ingersoll dollar watch in a meager way, and advertised. In the 35 years he was in business he sold 80,000,000 dollar watches, and retired a millionaire many times over. His death marks the end of a successful life, and offers an excellent example to the boy who is willing to use his head in an effort to make his own opportunities.

## WASTING MILLIONS

There was a fire in Baltimore not long ago and it was necessary to call on neighboring cities to send fire equipment to help check the flames. We read that when those other departments arrived they were unable to aid because the hose they had didn't fit the hydrants.

All of this reminds us of the fact that Littlefield has spent \$75,000 for a supposedly up-to-date water system and hasn't got it. The Leader has been informed that there are no more than eight standard size fire hydrants in the city; these being located in the business district; other fire plugs are of smaller size and the footage of most of the city mains is of such small diameter that a first class fire engine could not be efficiently operated. In addition to these facts there are several "dead ends" in water lines where the meters register air as positively as water.

Small towns, as well as cities, cannot be too careful in municipal improvements.

## LITTLE LEADERS

The man who takes a nap while holding a steering wheel usually wakes up holding a harp.

There are two kinds of people around Littlefield—happy ones and the ones who drive second-hand cars.

We heard recently of a Littlefield man who calls his flivver "True Love" because it never runs smooth.

The labor-saving device that most Littlefield men are interested in is made in the U. S. Mint.

Littlefield husbands haven't changed in the last 25 years, but it has been a long time since we heard a woman calling one of them "Angel."

It has been our observation that a handsome Littlefield woman can make a man do anything—unless the man happens to be her husband.

Who can remember when local men boasted that their wives were the best cooks in Littlefield instead of the best auto drivers?

Probably the happiest middle-aged man in Littlefield is the one who has no more idea than a rabbit what his blood pressure ought to be.

An average Littlefield wife is one who thinks her husband's job takes too much of his time and doesn't pay him enough.

Who'll be next president doesn't worry some Littlefield people as much as where the next installment on the car is coming from.

One thing no Littlefield man has ever been able to tell off-hand, is whether a widow is living on life insurance money or alimony.

## COTTON CROP IS DECREASED

The Government estimate of this year's crop, issued last Monday, placed the number of bales at 13,993,000 as against 14,439,000 bales, according to the previous estimate.

As a result of the decreased amount the price jumped \$4.00 per bale that day, closing at \$1.75 per bale over the price paid the previous day.

## COTTON PICKERS WANTED

As the cotton fields are rapidly whitening now, farmers are beginning to make enquiries regarding cotton pickers. The price for picking is opening at \$1.25 per hundred. Many of the farmers have arranged to house the pickers and their families.

Those desiring pickers should see F. M. Burleson, secretary of the Littlefield chamber of commerce.

The only mystery about some mystery novels is how they ever came to be published.

A Long Island lady was divorced and remarried the same day. Some people are born optimists.

One farm plank all the parties can agree to is a resolution disapproving of the seventeen-year locust.

## Be Careful with Your Buying!

Most people are very careful about their banking. They are particular about the bank they patronize. They want to know that their money is securely placed. To lose the results of years of hard labor is no small matter.

People who loan money are particular about the rate of interest they receive. They figure closely the difference between six and eight per cent—and it amounts to considerable in the course of time.

People should be just as particular in the purchase of their Groceries. Food is necessary to life; but why pay more for it than necessary? Other things being equal—such as quality and freshness—you owe it to yourself to buy as cheaply as possible. Remember, a dollar saved (no matter how you save it) is a dollar made.

Buy your Groceries at the M System Store and you will save money. The saving will amount to eight per cent interest on several hundred dollars in the course of a year's buying.

**WHY NOT MAKE INTEREST ON YOUR GROCERIES AS WELL AS YOUR MONEY!**

Littlefield,

Texas

## A GREAT ACHIEVEMENT

IMPROVED COLD WEATHER PERFORMANCE

Resulting from the

## CROSS-FLOW RADIATOR

The cross-flow radiators in the cooling systems of the Pontiac Six and the Oakland All-American Six reduce to a minimum the evaporation of water and alcohol. An automatic thermostat prevents water circulation until the engine reaches correct operating temperature. As a consequence the engine warms up quickly and less choking is needed, reducing dilution of crankcase oil. Because of the protection the cross-flow radiator provides against losses of water and alcohol, the Pontiac Six and the All-American Six require less attention in winter than other cars. Also, through their thermostatic control, they reveal far better performance than other cars in their fields when the temperature is low. . . . The cross-flow radiator is available only on the Pontiac Six and the All-American Six. Come in and see it. And learn while you're here of the many other advancements which only these two great General Motors Sixes provide.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. All prices at factory. **Pep Paragraphs**

By all reports, the best cotton in Hockley county is that around Pep. The fields are white with open bolls and cotton pickers are needed badly. The Pep gin is running regularly. It turned out several bales last week.

Several families have recently moved to Pep and absentee landowners are improving their land with a view to renting it for another year.

A nice tennis court was recently laid off on the school grounds and the young people are exhibiting much interest in learning to play.

**Win at Fair**  
 The Pep Community club held its regular meeting at the school auditorium last Friday night.

The Economic committee reported on the community exhibit at the county fair.

A. G. Jungman and Gilbert Keith spoke on the communities preparation for a bigger and a better exhibit for next year.

The Pep community won second place at the county fair this year. Club members were enthusiastic in co-operating to win for Pep first place next year.

The club extended a vote of thanks to the club's fair committee: Messrs. Allison, Fortenberry, Keith, Hanley and Jungman and to the following ladies from Pep who decorated the Pep booths: Mesdames Allison, Keith Murphy and Miss Elizabeth Lupton.

J. E. Stengel, club president expressed in behalf of the club appreciation of the nice exhibit put on by the Pep school at the fair. Pep school won third place in school exhibits.

After the club adjourned refreshments and a pleasant social hour, thanks to the entertainment committee were enjoyed by club members and visitors.

The next club meeting will be held Friday, November 2nd, at 8:00 p. m. The public speaking class of the high school department entertained the club before the meeting.

Mr. and Mrs. Ben Dolle, of Littlefield, visited the family of H. J. Greener, Sunday.

Reverend Dvorak baptized Herbert Alfred, infant son of Mr. and Mrs. H. J. Greener, Sunday. Mr. and Mrs. Ben Dolle were sponsors for the child.

W. F. Dempsey was in Levelland, Friday.

Mrs. J. O. Allison was ill, Monday.

A. B. Wibonczyk and John Decker visited at the home of A. G. Jungman, last week.

W. F. Dempsey and family visited Mr. and Mrs. L. O. Bray and family, Sunday.

**TO BIND DRESS NECK**

When binding the neck of a dress, use a double bias fold about three-fourths of an inch wide when folded. Place the raw edge around the neck edge of the garment with the binding lying on the right side. Stitch about a quarter inch from the edge. Turn the binding over and baste down, without turning in the folded edge. Stitch again on the right side, close to the first stitching. This catches the binding at the back and makes a neat, firm finish.

**WANTED**  
 WANTED: To rent farm of 350 or 400 acres, also, buy teams, tools and feed from owner. R. L. Herrell, Earth, Texas. 24-4tp

**MISCELLANEOUS**

**HIGHEST prices** paid for Jersey juice and cackle berries. We want ALL your farm produce.—Wilson Produce. 11-tfc

Carbon Paper and Second Sheets, at the Leader office. tf.

**LOST.**  
 LOST: Eastern Star pin, surrounded by pearls. Mrs. B. L. Cogdill. 26-1tc

**LOST:** A pocket book of great value as a gift. It may be returned through the post office or to me. Dr. W. H. Anderson. 26-1tp

**FOR RENT**  
 FOR RENT: Furnished room. Phone 77. 26-1tp

Texas is second only to Iowa in total value of the live stock industry. The annual production in Texas is about \$300,000,000.

**MONEY SAVING ON THE FARM**  
 Not only is a tractor superior to teams for plowing, in speed, power and efficiency, but its per acre cost of operation is cheaper as well. A number of farmers in the State of Washington kept records in order to make this comparison and found that where team plowing cost \$1.97 per acre, the tractor did the work for 86 cents.  
 From this direction greater farm prosperity must come. Modern labor saving machinery and instruments of greater efficiency are the money makers for agriculture.

**WELCOME TO**

**After 50 Years of Service**

**De Laval Points the Way to Still Greater Dairy Profits**

**THE De Laval Company** is celebrating its 50 years of unparalleled service by offering to the public the finest line of cream separators ever made. They are known as the "Golden Series" and we believe you will agree after seeing them that they are the most beautiful, convenient, and easiest running separators you have ever seen.

But the best of it is that these Anniversary Series De Laval will soon pay for themselves. They have the wonderful "floating bowl"—the cleanest skimming bowl ever made.

In order to show exactly how much money is being lost by poor separators, De Laval Dealers in 17 states during the past year held hundreds of tests, in which the skim-milk from some separator chosen at random in each community was run through a new De Laval and separated again.

**In all these tests De Laval Separators never failed to recover butter-fat from such skim-milk.** The butter-fat recovered in this way was immediately weighed and tested at the local creamery or cream station, and varied in value from a few cents to over a dollar.

**The average results from all the tests showed that the separators from which De Laval skimmed the skim-milk were losing butter-fat at the rate of \$78.00 a year.**

We shall be glad to demonstrate a "Golden Series" De Laval for you.

**TO RUN SPECIAL TRAINS**

Lubbock, Texas, Oct. 10.—Texas Technological College will run two special trains during the present football season, one to Fort Worth for the Texas Christian University game October 27 and the other to Canyon for the West Texas State Teachers College game on Thanksgiving day

November 27. Interest now indicates that Tech will descend on the Cowton school for the third game in unprecedented numbers. The flaming Tech pep squad and a big band will lend color to the occasion and with a much stronger football team than ever before followers of the Scarlet and Black are expecting to bring T. C. U.'s scalp back to Lubbock.

Kaolin is the most valuable of clay products for the manufacture of porcelain pottery. Kaolin exists in large quantities in several Texas counties.

It is estimated that 5,000,000 persons outside of Texas are engaged in industries directly dependent on or connected with Texas cotton.

## METHODIST ZONE MEET HERE HAS A LARGE ATTENDANCE

Littlefield was hostess to the zone meeting No. 3 of the Methodist Women's Missionary society last Monday afternoon, led by Mrs. C. H. Ledger. Amherst, Sudan and Muleshoe were the guests.

The program was as follows: Opening song, The Kingdom Coming.

Devotional, Rev. C. H. Ledger, Sudan.

Welcome Address, Mrs. W. W. Gillette.

Response, Mrs. F. Z. Payne, of Sudan.

Address, Mrs. W. K. Crawley, district secretary, Lamesa.

Reports from the auxiliaries. Stewardship, Mrs. Nina Elrod, Muleshoe.

Song, "Resignation," Mrs. T. Wade Potter, accompanied by Miss Lois Farquhar.

The "Missionary Voice" as the best source of missionary information Mrs. C. H. Ledger.

Reading, Mrs. H. B. Teal, Littlefield.

Jubilee Goals, Mrs. Crawley.

Violon solo, Miss Kelly, accompanied by Mrs. Holland, Sudan.

The next meeting will be held at Amherst.

After the meeting at the church the Methodist ladies of Littlefield entertained the out of town guests, together with the women of the Baptist and Presbyterian churches of Littlefield, with a tea at the home of Mrs. E. H. Williams.

The house was beautifully decorated with autumn flowers.

The guests were met at the door by Mrs. B. L. Cogdill, president of the Littlefield society, and Mrs. Williams. Then after registering, they went to the diningroom, where they were served nut bread sandwiches, angel food cake, spiced tea and mints.

Mrs. T. Wade Potter and Miss Dahlia Hemphill poured tea, assisted by Mesdames R. A. Davis, Van Clark, Star Halle, and Misses Doris Williams and Addie Mae Hemphill. Others helping were Mesdames A. G. Hemphill, George Turrentine and H. B. Teal.

The following out of town guests attended:

Mesdames C. M. Furneaux, C. Barron, W. V. Foote, A. E. Ketchum, Guy Russell, H. H. Weinholm, F. C. Broyles, John Dryden, J. R. Dean, F. Z. Payne, Pearl Franks, Claude Ledger, Miss Katherine Dean, and Rev. Ledger, all of Sudan; Mesdames C. Walden, Maude Bradley, of Amherst, and Mrs. Nina Elrod, of Muleshoe.

The Littlefield guests were Mesdames H. W. Wiseman, M. P. Reid, L. W. Jordan, John Blalock, Clarence Grow, Ed Aryan, Acree Barton, W. P. Kirk, George, R. L. Kirk, Carl Arnold, Claude Thaxton, Irvin Miller Otha Key, C. C. Clements, E. A. Bills, J. S. Hillard, Jess Mitchell, Paul Vause, G. C. Vauget, R. E. McCaskill, W. H. Gardner, J. E. Barnes, W. W. Gillette, C. E. Barber, Bob Smith, G. G. Shirley, L. B. Lakey B. D. Fonfren, Misses Lulu Hubbard and Mary Louise Thaxton.

CO. FARM AGENT BUSY MAN DURING FIRST MONTH WORK

If anyone thinks County Farm Agent D. A. Adams has not been moving about some since he came onto the job, they have another think coming. Here is a leaf taken from the record of his first month's work in Lamb county:

"Spent 215 hours in the fields with farmers giving advice and assistance; 31 hours in office work; talked with 32 callers in his office; wrote 58 letters; made 9 demonstrations which were attended by 141 interested people; drove his automobile 1451 miles."

Between times Mr. Adams gathered up specimens for the Lamb county exhibit at the Lubbock South Plains fair, which exhibit was a cash premium winner.

It is stated by parties who ought to know that Mr. Adams has more than earned his entire year's salary the first month in the saving of poultry through vaccination. However, the Agent has only just started his laudable work. Different clubs are soon to be organized, a big plan of terracing is soon to be inaugurated throughout the county, and numerous other needed and profitable plans for the farmers are soon to be launched.

Mr. Adams' services are entirely free to the farmers; he is anxious to be of service to every landman who has any need of him, and, as one farmer has said: "He can well be worth 100 times his salary, if folks will use him."

**MARRIAGE LICENSE ISSUED DURING MONTH SEPTEMBER**

Clarence E. Williams and Clara Nita Turner.  
Virgil Cowser and Miss Rena Wood.  
R. Lee Roach and Hester iPerce.  
J. L. Fairry and Sunshine Hale.

Noel Johnson and Miss Lennie Ma McCreary.

Daniel Callahan and Mrs. Eula Long.

Help keep Littlefield clean!

**ONE MAN CARS**

The Louisiana state legislature has refused to pass a law forbidding the use of one-man steel cars, generally considered necessary now for economical city transportation. Thousands of one-man cars are now in use throughout the country.

Texas spent \$21,210,623 last year on her schools.

**Dangerous Business**

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or irritants, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove harmful. The safe way to relieve constipation is with Herbine, the enteralia that is made from herbs, and acts in the way nature intended. You can get Herbine at Stokes & Alexander Drug Company.

## COTTON SEED MEAL

**JUST RECEIVED—**  
A Car of Cotton Seed Meal and Cake, and another car is now in transit—wholesale and retail prices!

## JUNIOR CLASS ORDERS PINS

The High school Junior class during the past week had several class meetings for the purpose of selecting class pins. We appointed a committee, who selected a pin and put it before

### An Unpleasant Subject

All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restlessness, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from Stokes & Alexander Drug Company.

the class. We selected a snappy little pin, and the president has just sent off an order for 21. We intend to get our rings with the same symbol next year. In about five weeks, if you see some of the students with their heads in the air, feel most assured that they are wearing a Junior pin.

The Junior class is a class with lots of pep. We are now planning for a Hallowe'en party. We already have access to the gym. The Junior class also has charge of the assembly program week after next.—Reporter.

### O. G. S. CLUB MEET

Miss Maurine Irvin was hostess Monday afternoon to the O. G. S.

Club. Bridge was the game of the afternoon, with Miss Mattie Middleton, winner of high score and Miss Bernice Wales, winner of the low score.

The members who enjoyed the refreshments of fruit punch, pineapple salad and cake were Misses Pauline Courtney, Mattie Middleton, Vesta Henson, Josephine Glenn, Fern Thornton, Kathryn Dunagin, Bernice Wales and the hostess.

Long Island is all excited about a man who has such strong teeth and tough tissues that he can eat pieces of glass and remain unharmed. We'd like to see how he reacts on the first biscuits of some prospective brides we know.

## Protect Your Crop Profits . . . .

From ploughing to threshing, your crops depend upon your tractor.

And the life of your hard-working tractor depends upon the kind of lubricating oil you use.

Mobiloils are especially made for your every farm need. They stand up. They don't thin out. They last longer—therefore cost less per mile and per year.

You can't risk a tractor breakdown so you can't afford to use a cheap oil. Make sure! Protect your tractor and your crops with Mobiloil. It will save you money in the long run.

We can supply you with Mobiloil in cans or drums—in handy sizes for farm use.
