 of them wanted the
 straight, too, on their
 segregation.

The same man who thought
 well enough should be left alone,
 R. H. Davis, put it this way:
 "I don't want a segregated any-
 thing."
 Another man, Tony Johnson,
 called on Negro residents to take
 a more active part in school af-
 fairs.
 Negro students called upon to
 speak at the special meeting said
 they are treated well in the local

integrated system. One boy grin-
 ned and said he's "treated better
 than some of the white kids."
 At the end of a 1 1/2-hour ses-
 sion, Joe Johnson, chairman at
 the meeting, called for those in
 favor of the present school set-
 up to stand. Most of the people
 there stood.
 Then Johnson asked those who
 would favor a school in the Negro

community to stand. No one got
 up.
 Earlier, the Rev. Walter Grif-
 fin spoke for the three-man dele-
 gation which went before the
 school board here Nov. 9 to seek
 a grade school for the Negro com-
 munity.
 One other member of the dele-
 gation, H. B. McCarty, was pres-
 ent when Rev. Griffin spoke, but

segregated nothing."
 "I appeared before the board
 because Stewart came after me,
 I stand for what the Supreme
 Court stands for and always have,"
 he said.
 But he said he found out later
 "this thing wasn't done in order"
 and that the Negro community
 didn't know anything about the
 request in advance.
 He said he blamed himself for

acting "quick," but he added that
 he thought "D.C. had met with
 the people."
 Joe Johnson then stated his own
 case before opening the floor for
 comments from the crowd.
 "There have been some com-
 plaints about our kids crossing
 the track and having to walk to
 school," he said. "In any city,
 kids have to walk or their par-
 ents have to take them."

"These are not reasons why we
 should have a school here," he
 said.
 Johnson compared integration of
 the schools with integration of
 baseball here.
 He said the first year he tried
 to get Negro boys on the team,
 he was turned down. But the next
 year, he said he was called back
 and baseball has been integrated.

CATS, LEVELLAND BATTLE

Wildcats Get Underdog Role

BY JIMMIE HINE

"This is it."
 Those are three words that have been heard, spoken, written, and dreamed of all week by residents of the two neighboring county seats, Littlefield and Levelland. The teams of the two schools meet head-on in one of the top games in the state at Wildcat Stadium Friday night. Littlefield will be seeking its first win here since 1949, the year the Cats won state.

Cat-Lobo Series Tied At 12-12

But Levelland will enter the game as a slight favorite due to 12 returning lettermen from last year's District I-AAA champion ship team. The Lobos have dominated the district the past two years and were picked as the favorites again this year. Littlefield, overlooked by most area coaches and sports writers, already has clinched a tie for the district honors and could gain a play-off berth by defeating the Lobos for the outright district title.

The Lobos run from the "T" formation and use about 11 or 12 variations.
 "Stopping those variations is the big job facing our boys," commented Coach Williams. "If our boys recover from the Dumas bruises and colds, they'll give Levelland a good game."
 Reminded that none of the present coaching staff or Wildcat players has been on a Wildcat team that has defeated Levelland, Coach Williams said, "Yes, I know that and so do the players. That's another reason the boys have a desire to win."

James Blackwell, Bo Roberts, Jerry Marsh, Ronnie McWilliams and Nathan Hutson, senior starters on the Wildcat team, get their last chance to defeat Levelland and as one of the boys said, "We feel that this is our year; besides, we're not ready to give up our uniforms."
 Doug Cannon, Lobo quarterback, leads the list of Coach John Hickman's returning lettermen. The Lobos have a big gun in 190-pound Cannon, who throws the ball with finesse and accuracy. Cannon uses the rifle-type pass that is extremely difficult to defend against.
 Don Burch, end, and Halfback Danny Tyler are the favorite targets of Cannon's aerial attack. The Lobos have good runners in Cannon, Tyler, F. B. Neal, and Halfbacks Ronnie Fietz and Ronald McCann. Fietz scored the Lobos' only TD against Breckenridge. Levelland lost to the state's

Weather Plays 'Freeze Out'

Bone-chilling temperatures down to 15 degrees here Tuesday froze farmers out of cotton fields interrupting the rapid pace of the cotton harvest.
 However by Tuesday afternoon most of them had donned long-handled ana continued with stripping. No moisture was recorded with the cold snap which dropped the mercury down to 15 Tuesday morning.

4 Killed As Train, Car Collide

A warning trend forecasted the rest of this week will be good news, both to farmers and area football fans, who are anticipating a good week in the cotton field and on the football field.
 Littlefield plumbers reported a pickup in business due to several broken water pipes. One report of the effect of the cold said that a shower-bath pipe froze and burst inside a house. Most of the pipes which burst were those in the

SUDAN — Three broken bodies were pulled from a demolished car and another was found beside the railroad tracks Saturday night as four Latin American youths died when their auto was struck by an 80-car freight near Sudan.
 Two of those in the car and the one thrown from the auto were killed instantly.
 The dead were Modesto Olmos, 20; Jesus Olmos, 17; Florentino Castro, 18; and Guadalupe Cantu, 18. All four were farm workers from Amherst.
 The mishap occurred about 5:50 p.m. at a dirt road crossing near the northwest city limits of Sudan. The wreck delayed a Santa Fe passenger train which came upon the wreck scene later.
 Highway Patrol Sgt. D. S. Lawson said Castro and the two Olmos youths, who were brothers, were killed instantly. Cantu died at 8 p.m. at South Plains Hospital at Amherst.
 Bodies of the victims were crushed. Positive identification was not established until three hours after the crash.
 Officers said the car wreckage was dragged a quarter mile up the track.
 The freight was headed northwest out of Sudan, en route to Clovis, N.M. It was traveling at about 45 miles per hour, according to Conductor J. H. George, Slaton.
 George said the freight's bell and whistle were sounded for the crossing and added that the crossing is marked.
 The car approached the track from the Highway 84 side, officers said. The youths were in a

Soil Fertility Project Opens; Meeting Slated

"Don't Guess... Soil Test" is the slogan for the first step in Lamb County's forthcoming entry in the state's soil fertility plan.
 L. E. Sullins, local fertilizer dealer, will talk on the "Value of a Soil Test" at a farm meeting in Spade High School tonight as one of the first parts for the soil testing step of the program.
 In charge of the program will be Ben Spears of Texas A&M. The program will start at 7:30 p.m. Coffee will be served, and all area farmers are invited to attend.
 "Concentrated efforts by every farmer and everyone interested in the economy of Lamb County will be needed to see that a soil test is made on every farm in the county," said County Agent Bill Kimbrough.
 Bumper stickers are already on the road with the slogan in luminous paint. Lamb County fertilizer dealers are ready to take in the soil samples from the farmers and send them on to Texas A&M for analysis.
 Many fertilizer dealers will be offering free soil sample service to their customers.
 According to the Texas Agricultural Extension Service, this new intensified soil fertility program is designed to increase net profit for farmers through proper use of fertilizer and other good soil management practices.
 State Director John E. Hutchison said "three pilot" areas have been selected where an all-out effort will be made to use fertilizer the way it should be used.
 The areas include Hale, Lamb, Lubbock, and Terry counties on the South Plains. These counties include three of the major soil types and crop producing areas of Texas.
 This entire program is designed to fit fertilizer into farming to make farmers more money. Kimbrough pointed out, and he emphasized that fertilizer alone is not the answer. All other phases of crop management necessary for efficient production will be included.
 Looking at the four steps of the program, first is testing soil to determine the kinds and amounts of fertilizer and limestone needed. Second step is moisture management; third step, balanced fertility; and the fourth step is crop management.
 Kimbrough reminds county farmers that every fertilizer dealer, fertilizer companies, FFA and 4-H headquarters and gins who sell fertilizer will accept soil samples and send them off for analysis. Also each will furnish soil sample carton and soil auger to the farmer and instruct him on how to sample his entire farm.
 The County Wide News will publish more information on how to take the various samples in Sunday's edition.

Santa Claus Coming Stockin' Festival Set To Begin Here Nov. 27

Joe Fenn, chairman of the second annual Christmas Stockin' Festival, said Wednesday that plans are about complete for this annual event which begins the day after Thanksgiving.
 The festival will run four days, Friday, Saturday, Monday and Tuesday, Nov. 27 to Dec. 1.
 The retail merchants of the Chamber of Commerce stage the big four day event each year, expressing their appreciation to area shoppers and officially opening Christmas shopping in Littlefield.
 More than \$750 worth of gift certificates will be given away during the four days. Gift certificates will be awarded in downtown Littlefield at 4 p.m. each day.
 Shoppers may register for the certificates at each store that is participating in the Festival. These stores are giving either a \$25 or a \$10 gift certificate. Stores giving certificates will be identified by a placard in the window.
 Santa Claus will be in Littlefield for the big event all four days. He will have plenty of candy for the boys and girls as he visits from store to store.
 The Christmas spirit through carol hours and brilliantly lighted Yuletide decorations will be another big feature.
 Fenn reminds all merchants to contact the Chamber of Commerce if they are going to give a gift certificate and money for candy town Littlefield at 4 p.m. each day.
 The dinner is at 7 p.m. The group is expected to make a final review of its recommendations, then turn over their findings to the school board.

WHITHARRAL — Rev. Weldon Franks, pastor of the Trinity Baptist Church, Levelland, was guest speaker at the Brotherhood meeting of the Whitharral Baptist Church here Tuesday, Nov. 10.
"W. J. 'Boots' Crews was chef for the turkey dinner and all the trimmings (except cranberries) served to the group.
Present were Rev. Franks and H. W. Baggett of Levelland, L. L. Overman and Don Overman, Ed Johnson and Jimmy Johnson, C. B. Keeney and Jimmy Brantley, W. J. Crews and Mike Crews, Rev. M. D. Durham, George Lyle, Jack Milburn, John Waters, Jack Hisaw, Roy Johnson, B. E. Hayes, H. G. Walden, Rev. D. H. Montgomery, and Don Cheek.
receptional. Rev. John Rankin gave the benediction.
The altar was appropriately decorated for the occasion. In front of a green backdrop a white cross was in the center of the choir rail. White angel hair surrounded the cross and extended the length of the choir rail. It was interspersed with gold chrysanthemums. White baskets filled with greenery were placed on each side of the altar.
As the trio sang, a spotlight was on the cross.

TOWN AND COUNTRY
OK, here goes the helmet on again in the interest of BEAT LEVELLAND! From the looks of today's Lamb County Leader, Coach Williams has plenty of substitutes available! Here's hoping the first string will be able to handle the Lobos without the use of much substituting.
President of the Quarterback Club Ray Keeling presented Coach Williams a crying towel after the Sweetwater loss, looks like the coach should have given it back to Ray this last week, so Ray could cry over the Texas loss last week.
This is a good time to say that Ray has done a wonderful job directing the Quarterback Club this year. I think the support of Ray and all of the members of the club has gone a long way in helping the team do so well.
It's always good to hear optimism, and it was good to hear the quarterback club planning ahead to the Andrew's game, nothing like being ready for Andrews after taking Levelland!
One of the best reports for the United Fund we have heard is the Church of Christ and plan to move here soon. Groves began his work as principal last Thursday.

The Second Annual Christmas Stockin' Festival begins a week from Friday and it looks like it will be another big event. Littlefield merchants are again giving gift certificates. Santa Claus will be visiting in the stores and giving candy to the children. You may be a lucky receiver of either a \$25 or \$10 gift certificate. All you need do is register at the stores giving these gift certificates. An equal amount of certificates will be given away each day during the four day event. The Christmas Stockin' Festival reminds you it's time to start Christmas shopping and it also reminds our area shoppers that Littlefield merchants appreciate their business.
I've been waiting for old Amos Ward to bring in the ducks. He's been going out, but he still hasn't mentioned sharing his ducks with me. I'll wait on him one more week, especially this week, since it's so cold. Then guess I'll have to get out and get my own ducks.
Willard Hedges out at the Littlefield Nursery has a new color arrangement for your lawn grass. Suppose you have the type lawn that dies every winter. Willard comes along trims it rakes it, then sprays on about any shade of green you want for the winter. Willard says it's a good time to start setting out all kinds of trees and shrubbery and he also plans to do a lot of trim and prune work this winter.

RULE HITS 'CORPORATE OPTOMETRY' - Within the next few weeks Texas optometrists will vote on a proposed new rule prohibiting practice under any name except the name under which the optometrist is licensed.
Before polling the optometrists, the Board of Examiners in Optometry got a ruling from Attorney General Will Wilson stating that the regulation would be legal and valid.

While the board is not bound by the results of the balloting, it was predicted that a favorable response would almost certainly result in adoption of the rule. This, because there are hundreds of individuals engaged in optometry as compared with firms so engaged.
If adopted, the rule would prohibit practice "under an assumed name, corporate name, trade name or any name other than the name under which the optometrist is licensed."

Sandhills Philosopher Castro Using New Method In Buying Land, Cattle

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses a big Cuban cattle deal this week.
Dear editor:
While I don't own any cattle in Cuba, a head or two or my livestock have been known to turn up on, while not exactly foreign soil, at least on soil not my own, as my neighbors have been quick to point out, still I have been very interested in what Dictator Fidel Castro has been doing to some American cattle he found over there.
As I understand it, some Am-

ericans own a big ranch and about 7,000 head of cattle in Cuba, and Senor Castro, now that he has won his revolution and discovered keeping it won takes a lot more money than mountain fighting did, has decided to appropriate the ranch.
Well, maybe appropriate isn't the right word. He's paying for the land and cattle, but not in cash, in bonds, the land to be paid off in the next 20 years, the cattle in the next 5, provided the Castro government survives.

I don't think the Americans who owned the ranch will like this; in the first place they probably weren't interested in selling at this time and in the second place if they had to sell nothing beats cash and probably a lot of things beat Castro bonds, but Senor Castro's idea has great possibilities for this country.
For example, Senor Castro himself was in Washington not too long ago and he wasn't there for the social season. What Washington ought to do is tell him it has finally decided to make him a loan, but in lieu of cash we're sending over a large stack of Civil War Confederate currency. When that runs out, we'll send over a large stack of Russian bonds we have been holding for 30 or 40 years. If that isn't enough, I'm sure we have a good many old World War I notes put up by a wide assortment of European countries, and he can take his pick. Stuck away in the inactive files, Washington must have enough old notes to keep Castro in television time for years to come, if he can get the stations to accept them. If Washington runs out of old

About Your Health

There's a big three-dimensional outline map of Texas hanging prominently in an office at the State Department of Health in Austin. Bright orange blotches, neatly conforming to county lines, peck the face of the map from Texarkana to El Paso.

The legend underneath reads: "Rabies cases by counties, 1959."
The map is the Division of Veterinary Public Health's way of visualizing the extent of the State's rabies problem, both in wild and domestic animals. It is consistently one of the most acute in the nation, the record shows.

Says Dr. A. B. Rich, the department's veterinary specialist: "It indicates a dangerous undercurrent of rabies exists throughout the whole range of Texas wildlife. In an unguarded moment it could erupt into a full-blown epidemic."

Preventing that grim eventual- ity falls to Dr. Rich and his staff of two other veterinarians. Working an area the size of Texas, advising and assisting local health departments and county officials in rabies control means spreading themselves very, very thin.
County judges play key roles in combatting ever-present rabies. State law gives them authority to declare rabies emergencies and impose compulsory dog vaccination and stray dog control whenever circumstances warrant.
A major part of the veterinarians' task is convincing pet owners they are literally betting their lives when they forget or refuse to have the animals vaccinated.
The reason for Texas' consistently high incidence of rabies, say health department authorities, is the wide diversity of terrain and climate and the great abundance and variety of wildlife species.
Wildlife, notably foxes and skunks, perpetuate the disease among dogs. Dogs thus represent the most important source of human exposure to rabies.
Most recent episode in the man-against-rabies struggle came last week in Leon County in East Texas when 14 dogs were attacked and bitten by an animal known to be rabid. Dr. Rich went immediately to the scene to help local officials contain the outbreak through vaccination, stray dog impoundment and wildlife reduction.
Earlier in the week, increases in skunk and fox rabies in Howard County worried local authorities to the point of calling for State Health Department help in invoking emergency control measures.
Ironically, the know-how is at hand to erase rabies as a health threat—but it requires 100 per cent cooperation from the public.

Quality Statistics On 1959 Cotton Announced

Quality statistics on what will probably be the second largest cotton crop in history as produced on the Texas High Plains—estimated at 1,828,000 bales—have been announced by George W. Pfeifferberger, executive vice president of the Plains Cotton Growers, Inc., and show data better than the 1957 crop but slightly below that of the 1958 crop.
Average staple length of the 1958 crop thus far - which represents 550,000 bales, is 31.32 inch, white cotton accounted for 66 per cent with about 53 per cent middling white and above. Light spots

Hunters Asked To Save Hides For Hospitals

Operation "deer hide" will be in effect again this year, it has been announced by the director of information of the Game and Fish Commission.
Hunters are asked to save their deer hides for use of hospital patients. Formerly they were sent only to tubercular hospitals, but this year they will be made available for patients in mental hospitals and special schools.

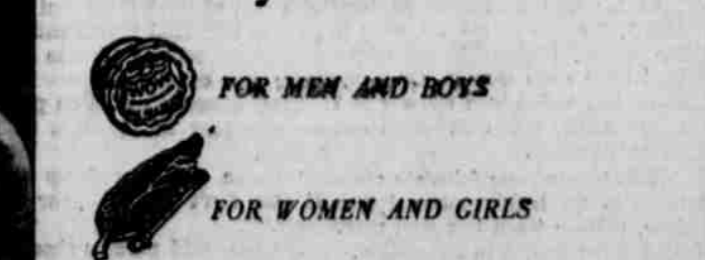

Wherever possible the hides should be sent to L. M. Rathbone, Austin taxidermist, who will handle them out to the tanneries. Hunters should rub salt on the green hides before sending them in. If the hides cannot be delivered direct to the taxidermist they should be left with the nearest frozen food locker plant. These locker plants then will route them to Austin over motor freight lines which have agreed to handle them when they are marked "charity!"
On hides west of the Pecos, they should be routed to the Russell Williams Frozen Food locker on N. Grand Street, Odessa. From there they will be picked up by Omar Dreiling of San Angelo and routed into Austin.
From Austin they will go to tanneries, and then be sent to the hospitals for use of patients in handicraft.

The entire operation is on a cost-free basis, under direction of the Board of Hospitals and Special Schools.

Roy Howell Wins Press Grid Contest

Two Littlefield football forecasters ran a close race in the Littlefield Press' weekly grid contest this week, each picking 13 of the 15 games on the card.

Missing only two games were Roy Howell and David Bawcom, Howell won with a closer guess on the tiebreaker.

Howell won with a closer guess on beat Dumas, 15-13, while Bawcom guessed it would be 20-14.

Third place went to Bennett Hutchinson of Sudan, who missed only three games.

John Clayton III of Littlefield also missed only three, but Hutchinson's guess of 14-6, Littlefield, on the tiebreaker edged out Clayton's forecast of 22-20. Final on the Cat-Dumas game was 9-7.

Howell wins \$5, Bawcom \$3 and Hutchinson \$2.

The Littlefield-Levelland game features this week's contest. Persons may enter by clipping a contest blank from Sunday's County Wide News and depositing it at any store listed on the contest page.

number one AAA team, 7 to 6. In the Lobo forward wall are two giant-sized tackles, Charles Macach and Earl Jackson, both lettermen from last year. Other returning lettermen are Carlton Woodson, an exceptionally fine linebacker, and Guy Davis, another top linebacker. Veterans Don Bennett and Larry Carlisle still occupy the guard positions, with letterman Don Allen in at the center post.

Littlefield will be outweighed in the line by about 10 pounds per man, and the Lobos have the weight edge in the backfield.

present at the 1936 game, which Littlefield won, 37 to 6.

As far as the records go back (1934), the two teams are even in the series. Littlefield and Levelland have each won 12. Only one game has ended in a tie, a 7 to 7 affair in 1935 which Littlefield won on penetrations.

Both teams have failed to score twice in the hotly contested tilts. Also, neither team has won more than three games in succession.

Levelland has scored 432 points to the Wildcats' 369 in the games dating back to 1934. The two teams have played each year since 1934 with the exception of 1942 when Littlefield did not field a football team.

ever since. "We've been treated well ever since, too," he said. "I think that's progress."

Johnson said he believed this could not have happened without an integrated school.

The chairman then opened it up for comments. The first was from Harrison Ballard.

"Rev. Griffin is entitled to a second chance. I'm well pleased with where my kids are going."

Jasper Colbert said, "My kids love it up there. Rev. Griffin has erred—and it was about the biggest error ever made in this community. We want to go forward, not backwards, and that was a backstep."

Others said they were sorry the whole thing happened. "Rev. Griffin said he appreciated the 'sympathy' but I don't feel that I erred. I just served where I was asked. The word 'segregated school' shook the nation, it hurt the children, it hurt you, but it was an error."

Tony Johnson said Littlefield was the "only school in the South that integrated with no disturbance. In due time, my wife will be teaching in a white school, but these things take time."

R. H. Davis said that, regardless of how the school issue got started, "we should let the world know what we stand for."

He said he was "here to let you know I don't want a segregated anything. Our children are doing good where they are. When a thing's going well, let it alone."

Rev. H. V. McCarther said that "for us to fail to accept what is offered would be showing an ingratitude."

"I'm not for a school of any nature in this part of the city," he said he would favor asking the school district to run a bus to the Negro community to help the children get to school.

But he added that if a school were placed in the Negro community, "the white children would not attend and it would be a segregated school just the same. I'm satisfied with what we already have."

The students who spoke included Bobby Walton, a junior, who said he was treated the same as any white student, Wendell Johnson, another student, agreed.

Hal Holmes, a sophomore, said he thought before he went to an integrated school that he might be "treated wrong," but he said he was "treated better than some of the white students."

Other students, Lucky Johnson, Ashbery Hodge and Van Ashley, also told of good treatment in the schools and said they'd rather go to present schools than to one in their own community.

Tony Johnson called on parents to take part in activities at the school.

"You're not barred up there. If you don't go, it's your own fault."

Johnson said parents should get behind their children and go to P-TA meetings and other school activities.

"Nobody's gonna bite you, I've been and I was treated nicely," he said.

David Solis Is Hurt Tuesday In Accident

David Solis, 49, Anton, was admitted to the Littlefield Hospital Tuesday with injuries received in a boll pulling machine accident at 2:30 p.m.

Solis was pushing cotton into the machine when his right foot became caught. The foot was broken in two places.

He was working for P. L. Swan.

BOBCAT BOOSTER—Miss Sandra Henderson, sophomore, is doing her part to boost spirit of the Bobcat team. She won't be in the starting lineup, but the program would list her at 116 pounds and 5'10".

Hobby Kart Racing Plans Set At Lubbock Coliseum

LUBBOCK — At a recent meeting in the offices of the Chamber of Commerce, the board of directors of the Panhandle South Plains Fair Assn. decided to sponsor Go-Kart racing in the Fair Park Coliseum during the coming winter months.

Joe E. Baldridge, president of the fair association, announced that the first race is scheduled for 8 p.m. Saturday, Nov. 21. He indicated that the South Plains shares with the rest of the nation in having wide-spread interest in Go-Kart or Hobby-Kart racing, and that enthusiasm for the family sport was high in Lubbock racing clubs as well as in similar clubs in Seminole, Brownfield, Littlefield, Plainview, Hale Center and Abernathy.

Go-Kart racing is a family affair. There will be four classes of entries in the Fair Park Coliseum races: children, 9-12; teenagers, 13-17; and adults (over 18) both men and women.

All Go-Karts will be of the Class A Industrial Type, with engines of 2.5 h.p. which will power the midge cars to a speed of between 25-35 mph.

The races will be open to anyone having an A Industrial Type Kart, and officials particularly desire to encourage clubs and individuals from surrounding cities and communities. A large number

of drivers are expected to sign up for the first races and officials say that the races in the Fair Park Coliseum, with its flat, slick track, will provide "spills and thrills". Circling the track in the coliseum, will be miles of bored hvy. designed to cushion erected bumps.

Persons desiring further information concerning the races are asked to contact Gene Linn, assistant manager of Panhandle South Plains Fair, at his office in the Lubbock Chamber of Commerce, 902 Texas Ave., P.O. Box 3-4666.

Lubbock Minister Speaks At Barbecue

WHITHARRAL — Rev. J. T. Bolding, assistant pastor of the First Baptist Church, Lubbock, was guest speaker at the annual deer barbecue supper at the Hebrew Baptist Church Tuesday night, Nov. 10. His message was "A Blueprint for Happiness."

He stressed looking to the spiritual things rather than to material things for happiness. He also noted that we are to love one another and to abide by "The Golden Rule."

Accompanying Rev. Bolding was Mrs. Bolding. About 55 were present for the meal.

Northside HD Holds Meeting

WHITHARRAL — Mrs. J. E. Wade was hostess to the Northside HD Club Thursday, Nov. 12, at her home on the Anton Highway. In the absence of the president and vice president, the secretary - treasurer, Mrs. Billy Williams, presided. The "Annual Evening Out" was discussed. Mrs. Trova Quigley of Littlefield, demonstrated "quick and easy ways to make decorative candles", and "how to shape decorator's aluminum into picture frames."

Cream cheese pie, cheese crackers, coffee, and spice cake were served to Meses. Quigley and Lee Holtkamp of Littlefield, Leon Slape of the Whitharral Club, Billy Williams, Doss Maner, J. B. Wren, Sr., George Wade, Jr., Ed Blackwell, and C. G. Landers.

Whitharral Group Goes To Youth Rally

WHITHARRAL — Attending the Youth Rally at the First Baptist Church at Levelland Monday evening were the following from the Whitharral Baptist Church: Rev. M. D. Durham, Don Cheek, Don Overman, Jimmy Brantley, Mrs. L. L. Overman, and Misses Shirley Edwards, Marvalynne Durham, Mary Edwards and Barbara Crews.

The Billy Graham film, "The Heart Is A Rebel," was shown.

Off-Dinner Held UF Employee Drive

Persons attended the talk of the Red Cross, Tom Hilban on Boy Scouts, Ann United Fund Monday Ownes on the Girl Scouts and Wendell Tooley on the Salvation Army.

All workers are urged to get their reports in by Friday. The employe effort lasts one week only, according to Saunders.

Duval also reported that a 100 per cent honor roll would be published in the newspaper, listing all firms that report every employe has given to the United Fund.

Whitharral P-TA Meeting Held

WHITHARRAL — Mrs. George Wade, Jr., presided at the regular monthly meeting of the local P-TA here Tuesday evening, Nov. 10. A brief business meeting was held. The 3rd grade word contest won first place and the two dollars given the grade having the most parents present.

Mrs. Ervin Sadler, program chairman, presented the following pupils who won first places in the Interscholastic League last year: Janis Northern - "Specially Jim"; Marsha Burrus - "The Unknown Soldier"; Rodger Wade - "Two Temples."

A spelling bee followed with these contestants: Cheryl Chisholm, Jimmy Strickland, Carol

Local Scouts To Attend Camp

John Thomas of Ralls, the South Plains council Boy Scout Jubilee Jamboree chairman, has announced that the following Scouts from the George White District have made reservations to attend the 5th National Boy Scout Jamboree to be held in Colorado Springs, Colorado in July of 1960.

Littlefield - Troop 38, Billy Don Yohner and John Dick Carl, Troop 41, Phil Sullins, Squadron 38, David McNeese.

Reservations to attend must be made by Dec. 1 to assure space for a Scout to attend the Jamboree. The Jamboree will attract approximately 50,000 Scouts from the United States and foreign Countries.

A \$25.00 deposit made at the Boy Scout Service Center, 2106 Ave. X, Lubbock, will hold a space.

Elizabeth Ray Attends Nursing Course At Austin

Elizabeth P. Ray, director of nurses, of South Plains Hospital-Clinic, Amherst, is one of 36 instructors and supervisors of vocational nurse training programs who completed a "Techniques of Instruction" workshop at the University of Texas in Austin, Nov. 13.

The one-week workshop held personnel in hospital-sponsored training programs improve both their training and supervisory abilities. Student were drawn from throughout the state, from Dalhart to Brownsville.

Mrs. Ray is a second year student. She took courses in "Problems of Licensed Vocational Nurse Training," "Effective Supervisory Communications," and "Development and Use of Instructional Aids."

Rogers Serving On Destroyer

Clifford Rogers, ship fitter third class, USN, son of Mr. and Mrs. Omer J. Rogers of Route 2, Littlefield, is serving aboard the newly commissioned destroyer USS Parsons operating out of Charleston, S. C. Commissioned Oct. 23, the Parsons will transit the Panama Canal enroute to her home port, Long Beach, Calif., following her sea trials.

"IT'S CERTAINLY THE MOST BEAUTIFUL CAR OF ITS SIZE!"

"AND IT'S THE EASIEST CAR IN THE WORLD TO OWN!"

FALCON, the New-size Ford, delivers the value and cuts the budget!

Handling that's really a breeze. The Falcon parks and turns on a dime. You'll be able to steer with power steering ease . . . without power steering. You'll be able to stop as though you had power brakes . . . without power brakes.

Room for six—and all their luggage. There's hip, shoulder, knee, and head room galore! Both two- and four-door models are a cinch to enter. Then, thanks to the Falcon's front-mounted engine, there's luggage space aplenty for everyone.

Up to 30 MPG on regular gas, too. And the Falcon's new Six actually crossed the country without any oil added. Speaking of thrift, the Falcon's finish never needs wax. Its aluminum muller normally lasts up to twice as long.

Sweet performance from Ford's most modern Six. You'll have to feel the pickup and responsive power to believe it! And each Falcon Six is electronically balanced, while running under its own power, for top smoothness.

New luxury interiors. You'd expect to find these materials in cars costing twice the money. Seats are chair high. The front seat cushion is foam padded. And the Falcon rides smooth as silk . . . corners on rails.

Proved over 3,000,000 miles. To top off 3 years of testing, a fleet of Falcons has just been proved over every mile of numbered Federal highway. It's the world's most experienced new car.

Plans are being made by the Parishioners for a bigger and better celebration. The public is invited.

DRY CLOTHES ANYTIME.

Electrically!

You can dry clothes around the clock and get around the weather when you have an electric clothes dryer. Electric clothes dryers are your best buy. They cost less to own, less to install, less to maintain. You save dollars instead of pennies — and that makes sense.

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars... and what they want most in their 1960 cars. Here's what the people tell us they want... and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid thump of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"Me for a sweet-handling car." Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"... a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: value.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came...

THANKSGIVING DAY

The foresight of our forefathers is quite amazing. In the infant days of our country, they saw the need of setting aside a special day for giving thanks for the blessings received during the year. That need is still with us today and that day is still with us. Thanksgiving... a day to stop and count out blessings... and give thanks for those we have received. A happy Thanksgiving Day to you and your friends at Piggly Wiggly.

IN COOPERATION WITH LAMB COUNTY'S SELECTION TO BE ONE OF THE "PILOT" COUNTIES IN THE SOIL FERTILITY PLAN FOR TEXAS WE WILL OFFER----

FREE SOIL TEST FOR EVERY FARM IN LAMB COUNTY!

We are glad to know that Lamb County farmers have the opportunity of taking part in the "4 POINT SOIL FERTILITY PROGRAM", for, as their soils become richer and their yields more abundant, all people in Lamb County will reap greater benefits from a more progressive and more prosperous agriculture.

FREE SOIL SAMPLE AVAILABLE TO FARMERS, GARDENERS, FFA AND 4-H MEMBERS. HOME DEMONSTRATION MEMBERS . . . OR ANYONE ELSE INTERESTED IN IMPROVING LAMB COUNTY SOIL.

SOIL TESTING is step No. 1 in the four point soil fertility plan for Texas and we urge every farmer in Lamb County to take advantage of this free soil sample. Ordinarily the farmer will pay \$1.00 to \$2.00 for this service . . . but if the sample is brought in to any of the following Lamb County fertilizer dealers who sell Caprock fertilizers the sample will be sent on to A & M for complete analysis and we will be happy to pay the charges.
