CENTENNIAL SPECIAL TO CARRY PLAINS CITIZENS TO EXPOSITION

SPECIAL TRAIN TO MAKE TRIP TO CENTENNIAL

Starts At Farwell, Passes Through This City Thurs., 7:30 P. M.

H. C. Pumphrey, Santa Fe Agent, announced Tuesday that a special Centennial train, starting at Farwell, Texas, will pass through Littlefield about 7:30 p. m. Thursday, November 12, arriving at the Dallas exposition grounds at 7:10 a. m. Friday. Mr. Pumphrey stated that if as many as 25 passengers from Littlefield desire to make the trip, a special rate of \$3.95 for round trip will be given. If less than this number desire to take advantage of the special train, the round trip fare for each passenger will be \$4.50. The special train will leave the Centennial grounds on the return trip Saturday night, November 14, at 11 o'clock, arriving in Littlefield about 10:30 a. m. Sunday. This train was specially planned for Farwell, but due to the fact that an insufficient number of passengers were secured from this city to make the trip, it was decided to take passengers from points enroute to Dallas.

FIGHT UNDERWAY AGAINST COMMUNISM AND OTHER ISMS—The Christian American, issued at Houston, "Non-Sectarian," "Non-Partisan," "For Christian Americanism," and "Against Atheistic Communism," is offering newspapers free of charge a series of articles relative to Communism and other isms. Rev. J. Earnest Stack is the editor. A proof sheet of the articles offered the press leaves no doubt as to the non-sectarian, non-partisan character of the publication, and that the Christian American is fighting "Against Atheistic Communism."

There is an article, "Texas Under A Seventh Flag," written by Rev. Mr. Stack, who is a Baptist minister; an article by the Most Reverend A. J. Drossaerts, Catholic archbishop of San Antonio, on the subject, "Communism and Catholicism"; a contribution, "Communism Contrary to the Word of God," written by the Rev. F. W. NATIONAL EDUCATION WEEK

"Our American Schools at Work," is the theme of National Education Week being observed this, the week of November 9-15.

Chief objectives that present-day educators are striving for are the working out of a permanent financial plan for operation in public schools and a change in curriculum. Educators today are calling for a financial system asking for more state and national funds in an effort to equalize education and give every American child, regardless of his family status, an equal chance for an adequate education. A change in public school curriculum has been underway for the past two and one-half years and new tentative courses are now in use in many school systems. Educators claim the new curriculum will change the view-point of education making for a "dynamic" rather than a "static" school system as exists at present—the function being to adjust the child vocationally and socially to his environment. Designated as a "laboratory school," Littlefield has been granted a tentative course of study for every teacher in the grade school under the new courses of study. Under the new curriculum old traditional subjects will not be stressed as heretofore but a co-area plan of instruction will be inaugurated to teach language and art, social studies, home and vocational arts, fine arts, and mathematics and science. Grades of the Littlefield school have been arranged on this plan. Th remainder of the week's program during National Education Week follows: Thursday—"The Unfinished Business of Education." Friday—"Financing America's Schools." Saturday—"Education for Physical Fitness." Sunday—"Education for Character."

TAX COLLECTOR TO BE IN LITTLEFIELD NOVEMBER 18

Roy Gilbert, County Tax Assessor and Collector, has announced that for the convenience of the taxpayers, he will be in the following towns on the dates listed for the collection of all state and county taxes:

Spade—Tuesday, November 17. Littlefield, City Hall—Wednesday, November 18. Amherst, City Hall—Thursday, November 19. Sudan, City Hall—Friday, November 20. Earth—Saturday, November 21. Mr. Gilbert stated that on these dates he will have all tax records, both delinquent and current rolls, for the collection of taxes. He also said he would have exemption certificates for all young folks who became 21 years of age since January 1, 1936.

CONFESSIONS ARE OBTAINED FROM TWO OF QUARTET

Three To Get Preliminary Hearing Thursday; Fourth Is Juvenile

Four Littlefield youths have been arrested charged with burglary in connection with the breaking in of several business establishments Saturday night, and a previous series of robberies about a month ago. Saturday night four Littlefield business houses were entered; Foxworth-Galbraith Lumber Co., Bryan's Drug Store, Cameron Lumber Co., and the Lamb County Leader. Knobs were knocked off the safes in all places, with the exception of Cameron Lumber Co., but failing to get into the safes, nothing has been reported missing. J. D. Kincaid, aged 18, was apprehended on Phelps avenue and Lewis McGann, also 18, was arrested at his work on the construction of a residence in the east part of town.

Two Confessions Obtained Both were taken into custody Monday night. Two other youths, aged 14 and 17, were apprehended Tuesday. The arrests were made by Deputy Sheriff Sam Hutson, who stated that two had confessed before County Attorney Herbert Martin to the robberies of Saturday night, as well as a series of robberies, which occurred about a month ago, when Cobb's, Kersey's, Consumers Supply and Walters Drug Store were entered. In the confessions the other boys are said to have been implicated.

The fourteen-year-old boy will be given a juvenile hearing before Judge Simon D. Hay, stated Deputy Sheriff Hutson.

Preliminary Hearing Thursday The other boys will be given a preliminary hearing before Justice of the Peace J. B. Sikes Thursday morning.

Deputy Sheriff Hutson stated to the Leader that county, precinct and city officers had been working night and day to apprehend the offenders. Much credit is due Deputy Sheriff Hutson and the other officers in their speedy action.

PNEUMONIA IS FATAL TO ANTON MAN WED. LAST

Dies At Lubbock Hospital Following Illness Of Several Months

Edward Lee Harris, aged 58, passed away at his home at Anton Wednesday, November 4, following an attack of Lobar Pneumonia.

Funeral services were conducted at the Anton Baptist church at 4 o'clock Thursday afternoon, with Rev. W. O. Wilson, pastor, officiating. Interment took place immediately following in the Anton cemetery under the direction of Burleson Funeral home, Littlefield.

Deceased was born in Bollingreen, Ky., June 22, 1878, and is survived by his wife and seven adopted children, whom he raised and who loved him as a father.

"Uncle Ed," as he was known to his many friends was loved by all who knew him and will be greatly missed in the community in which he lived.

FOUR BUSINESS HOUSES BROKEN INTO SATURDAY

Knobs Knocked Off Safes At Cameron, Bryan's And Leader

Four Littlefield establishments were broken into Saturday night, but latest reports indicate nothing stolen. It is the general opinion that the parties were in search for money.

The back door of the Bryan Drug establishment was pried open, and the knob on the outside door of their safe knocked off. They did not get access to the safe, however. Nothing is reported missing, with the exception of a few pennies from the cash register.

A screen was taken off a rear window to the office of the Cameron Lumber company, and the window pried up, where thieves entered Saturday night, who rumaged the safe, which was left unlocked, scattering the company's legal documents on the floor, but as far as they could ascertain nothing was taken.

Thieves also broke into the Foxworth-Galbraith Lumber company's office, by climbing in a window of the second floor, and by prying up the trap door, got through to the office, knocking the knob off but failing to get access into the safe.

The Leader office was also entered Saturday night, entrance being gained by prying a rear window up. The outside door of the safe was open, while the inner door was locked. The knob on the inner door was pried out, but whether or not the offenders were disturbed while at this job, the safe was not entered.

Archer county farmers will probably be the first in the State to receive checks from the estimated \$38,000,000 to be paid Texas farmers for compliance with agricultural conservation plans made last spring, according to the announcement of the State agricultural conservation committee.

W. T. JONES OF AMHERST WINS MEDAL IN CONTEST

W. T. Jones of Amherst has been awarded a gold medal of honor for making the best report of any 4-H club member in the county in a National 4-H Rural Electrification Contest conducted by extension agents.

The winner who was designated by County Agent Ass't Donald Turner is automatically entered in the state contest, in which the prize is a \$50.00 merchandise certificate. Eight all-expense educational trips to the 15th National 4-H Club Congress, to be held in Chicago November 27-December 5, will be awarded to that number of highest scoring state champions. The three highest scoring of the

eight will be awarded cash college scholarships of \$400, \$300 and \$200 which are provided with all other prizes in the contest by Westinghouse Electric & Manufacturing Company.

Contestants were required to submit a diagram showing the location of their farm with relation to the nearest "high line," and another plan showing how to wire their home and out buildings if not now wired. They were also required among other things to indicate what appliances they could use to advantage, and what they could add where, they now have electricity.

To Spend Xmas Here

Tilden Wright, son of Mrs. Verne Wright, who has not visited Littlefield since he entered West Point July 1, 1935, is expected to arrive home December 23rd or 24th to spend about four days with his mother and other relatives.

Mr. Wright was born and reared in Littlefield, attended the local schools, was graduated from the Littlefield high school with the 1933 class, following which he attended the State University at Austin for two years. He won the State trophy in extemporaneous speech at the State Rally in 1933.

Mr. Wright will be at West Point three years, following which he has signed up for four years military service.

LAST RITES FOR WM. A. DUNAGAN 4 P. M. SUNDAY

Passes Away Sunday Morning Following Long Illness

Funeral services were conducted at the First Baptist church, Littlefield, at 4 p. m. Sunday, November 8, by Rev. Willis J. Ray, pastor, for William A. Dunagan, aged 56, who passed away at the Littlefield hospital Sunday morning at 5:20 o'clock, after a long illness.

Interment took place in the Littlefield cemetery immediately following the services under the direction of Burleson Funeral home.

Deceased was numbered among the pioneers of this city, having come from Paris, Texas, in 1923.

Surviving him are his wife, and four children, Howard Dunagan of Mobile, Arizona; Miss Kathryn Dunagan and Mrs. True Rantow of Los Angeles, Calif.; and Mrs. J. Frank Davis of Wellsville, Kans.; two brothers, Thomas C. Dunagan of Oakland, Calif., and J. A. Dunagan of Rockport, Tex., and two half brothers and one half sister of Paris, Texas.

November Pension Checks To Be Put In Mails Nov. 20

Orville S. Carpenter, Texas old age pension director, on his return from Washington Friday last, announced that November pension checks would be about three weeks late, stating he believed that "this month's checks in amount of \$87,000 would be distributed about November 20."

The delay, he said, was due to the fact that the new state pension law had not been approved by the federal social security board.

W. D. ARMSTRONG RETURNS AND WILL IMPROVE HIS FARM

W. D. Armstrong, formerly of Weatherford, but who has been in this section since October 1, is planning on improving his farm land about 3 miles northeast of Whitharral by a four or five room residence and shed, and will make this his home.

Mr. Armstrong lived in the Littlefield district for 9 years, previous to going to Weatherford, where he has been for the past three years.

POLITICS AND JOBS

The fight against the spoils system in appointments to public office began nearly sixty years ago. It did not become effective until in the 1880's, when the National Civil Service Reform League was formed and aroused enough public interest to obtain the passage of the first law providing for appointments on the basis of merit and fitness in Federal governmental positions. Since then the principle of making a career out of government employment, protecting appointees who have obtained their positions after examination and tabilizing the government personnel against political raids whenever there is a change of parties in power, has become well established. The bases have been broadened until now almost all of the permanent government establishments are manned under civil service regulations.

During the past three years, however, the creation of a large number of new "emergency" bureaus has resulted in an enormous increase in the number of Federal employees and Congress has specifically exempted most of these new posts from the operations of the Civil Service laws. One result of the filling of several hundred thousand new government jobs by political appointees has been a revival of efforts to extend the Civil Service regulations to everybody on the Federal payrolls. At present it is entirely within the power of Congress to exempt any group or class of employees, or even to repeal the Civil Service laws in their entirety.

The proposal has been put forward for an amendment to the Constitution, making it mandatory upon every person charged with administering any government department or bureau to select the employees only from the eligible lists of the Civil Service Board. Whether such a Constitutional amendment will be approved by any Congress seems somewhat doubtful. Congressmen thrive on patronage, and it is not easy to persuade them to relinquish their prerogative of putting their friends and supporters into public jobs. And whether such an amendment, if submitted to the states, would be ratified, also seems somewhat doubtful. Nevertheless, the proposal is an interesting and somewhat dramatic gesture which will serve to focus public attention once more upon the evils of the spoils system.

More Powerful Lobbies Seen For Capitol Hill

WASHINGTON. (Special to The Leader)—With the reelection of President Roosevelt the major question which now interests Washington is whether the New Deal policies will be continued or whether the Administration and the new Congress will take a more conservative attitude in public affairs. The general belief here is that the next four years constituting Mr. Roosevelt's second term, will not be so filled with spectacular experiments in government as the period just passed.

Despite the sweeping victory of the Democrats, it is the belief here that Republican opposition in Congress will be much better organized and led than in the past two Congresses, and that there will be a swing toward the conservative side in the Democratic Congressional leadership.

An interesting phase of the Congressional situation is the rise to prominence in the Democratic Party councils of the Texas group. Vice-President Garner is the leader of this bloc, which is more powerful than most people realize. Seven other Texans in the Lower House, including Representatives Rayburn, Connolly, Summers, Marvin Jones, Buchanan, Lantham, and Patman, wield among them a powerful influence. They have a close tie with the Administration through another Texan, Jesse Jones, Chairman of the Reconstruction Finance Corporation, who in many respects is the most powerful figure in the executive department. Texas has six committee chairmen in the House.

On the Republican side the stage is set for an active and aggressive opposition, looking forward to the Congressional elections of 1938 and the Presidential election of 1940. The foremost Republican leaders are Representatives Snell, Wadsworth, Hollister, Bolton, Martin and Treadway. In the Senate, Senator McNary will continue to be the nominal leader by virtue of seniority, but as he is regarded by his associates as being distinctly pro-Roosevelt, the actual leadership will fall to Senator Vanderberg of Michigan, who seized the reins last Winter and led the only effective opposition which has developed in the past 3 1-2 years.

All the indications, therefore, point to serious and intense political activity on Capitol Hill for the next two years.

There will be more lobbies and more powerful ones trying to influence Congress on behalf of special groups and minorities than at any previous time. The labor lobby will probably be the most powerful of these, having as its objective the Cuffey Coal Bill, the Six-hour Day for railroad workers and the 30-hour week for all employees. Part of the Labor program is to try to build up a strong labor party to play a part in the campaign of 1940. The effort of the farm lobby will be to keep what it has got rather than to urge further benefits for farmers. The Veterans' lobby will seek a general life pension for veterans and the widows and orphans of veterans.

Texans Estimated To Have Cast Total Of 650,000 Votes

The total number of ballots cast in the general election in Texas is expected not to exceed 650,000.

An unofficial tabulation shows that Texans cast 594,584 votes. The unofficial tabulation, last until the official count by State officials, follows:

Returns from 228 out of 254 counties, including 95 complete:
President—Landon 74,063, Lemke 1,796, Roosevelt 518,088, Thomas 637.

State Full Control of Liquor.—For 172,742, against 210,579.
Teachers' Retirement Pensions.—For 220,790, against 195,166.

Workmen's Compensation for State Employees.—For 246,125, against 161,190.

Revision of Pardoning System.—For 292,428, against 116,408.
Salary Increases for State Officers.—For 225,771, against 182,294.

Limitation to Seven House Members.—For 241,606, against 156,433.

Texans Leave to See New 1937 Ford Models

One hundred and thirty-four Ford dealers from the Dallas Ford Motor Company branch territory boarded a special train for Dearborn, Michigan, to see the unveiling of 1937 Ford V-8 models. More than 7,000 Ford dealers from all over the United States and Canada visited Dearborn to attend the gigantic meeting preceding the introduction of new models. Most of the Dallas territory dealers are pictured above.

FORD INTRODUCES NEW CAR EQUIPPED WITH LIGHTER "ECONOMY" 60 H. P. ENGINE

DEARBORN, Mich., Nov. 10.—A new Ford V-8 for 1937, presenting definite advances in modern streamlined styling, and powered either with the 85 horsepower V-8 engine now in use in more than 3,000,000

motor cars, or a brand new 60 horsepower V-8 "economy" engine, which is a smaller counterpart of its elder brother, was announced Saturday by the Ford Motor company.

The new cars were shown for the first time publicly at the Ford-Lincoln automobile show opening Wednesday at Hotel Astor, New York City. The cars will go on display next Saturday (November 14) at Ford dealer showrooms throughout the United States. They were shown at Dearborn, Michigan for the first time November 6 at a huge Ford dealer meeting, the first general rally of Ford dealers from all parts of the United States ever held with Henry Ford, founder, and Edsel Ford, president of the Ford Motor company.

Mancil Hall, local dealer, was present at this meeting.

Disclosure of the new lighter "economy" 60 horsepower engine as an optional power plant for the new Ford V-8 for 1937 will set at rest definitely rumors of a new "baby" Ford which have been circulated in the automobile industry for the past several years.

The new engine, Saturday's statement said, will give surprising fuel economy of a type new to present-day motoring in the United States, although it has been available to motorists in Europe for some years.

The new cars will be available in both de luxe and standard body types on the single Ford V-8 112-inch wheelbase chassis. De Luxe types will be powered only with the improved 85 horsepower engine. In standard types, either the new 60 horsepower engine or the 85 horsepower engine is optional.

The new standard types with the lighter engine are expected to carry the lowest base list price quoted by the Ford Motor company since the V-8 engine car was introduced by Ford to the popular-price field nearly five years ago.

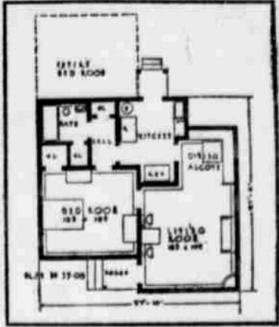

The 7,000 Ford dealers who gathered at Dearborn Friday last, for the meeting with the Fords predicted that the two new cars, one intended to give the public maximum performance, the other maximum economy, would widen substantially the Ford market and narrow still further gaps left uncovered by the Ford V-8, and the V-12 Lincoln-Zephyr and Lincoln motor cars, all produced by Ford.

Beyond the new appearance and the two engine sizes, two other important features mark the new 1937 cars. One is a new all-steel body, with new one-piece steel top, as well as steel structure, panels and floor. The other is a new braking system, designed by Ford to give "soft" easy-action control. The brakes are actuated through a cable-and-conduit system and have controlled self-energizing action, providing the safety of steel throughout the entire mechanism.

A new club coupe is the latest of the eleven body types which will be available. The five most popular types will be offered with or without de luxe equipment, and with either engine. The other six will be available only with de luxe equipment and only with the 85 horsepower engine.

The new 60 horsepower V-8 en-

PUBLIC AUCTION SALES TO BE HELD AT EDWARDS FARM STARTING NOV. 16

Beginning Monday, November 16, public auction sales will get underway at the C. M. Edwards farm two miles northwest of Littlefield on the north side of the Clovis highway, it was announced here this week.

The sales, which are open to the public, will offer for sale horses, mules and cattle of all kinds, Mr. Edwards said.

Considerable stock has already been listed for the first sale, November 16, Mr. Edwards said, any anyone having stock for sale is asked to bring it in early as plenty of pens and feed are available.

The well-known Col. Jack Rowan of Sudan has been secured as auctioneer for the sales. Mr. Rowan has been auctioneering in the South Plains territory for a number of years and has an enviable record of sales to his credit. Charlie Clark of Littlefield will act as clerk. Mr. Edwards is sales manager.

Terms of sale are \$2 a head if sold; 50 cents if not sold. Mr. Edwards said. The sales will start promptly at 12:30 noon. Lunch will be available on the grounds.

Maytag Dealers Are Entertained During Visit Of Founder

"Mr. F. L. Maytag, Founder and Chairman of the Board, The Maytag Company, Newton, Iowa, made his annual visit to Texas during the first week of November. Mr. Maytag, age 79, comes to Texas each year to see "his boys and girls" as he calls all members of The Maytag organization.

Luncheon meetings in his honor were arranged for Dallas on November 3rd; Galveston on November 4th; Abilene on November 5th and

Amarillo on November 6th. One hundred and seventy five Maytag dealers from the South Plains including W. K. Tisdell, manager of the Maytag-Stratton company at Littlefield, and A. L. Stratton of Plainview, manager and owner of the Littlefield concern, attend the Amarillo meeting.

In Dallas, a special "MAYTAG DAY" was designated by the Centennial Committee to honor Mr. Maytag, who with the members of the Maytag Organizations in this vicinity visited the Centennial Grounds on November 3rd.

Special entertainment at both Abilene and Amarillo where luncheon meetings also were held.

Mr. Maytag founded The Maytag company in 1893, starting with a capital of \$2400 and has seen the plan grow to the largest washing machine company in the industry. More than 2,000 people are employed at the factory at Newton, Iowa, and it is estimated that more than 50,000 people are directly or indirectly dependent upon Maytag for their livelihood.

Attends Lumbermen's Meeting Thursday; FHA Plans Are Discussed

J. W. Porcher, manager of the local Wm. Cameron & Co., Inc., spent Thursday of last week in Childress attending a meeting of managers of the Cameron company's lumber yards of this section.

The purpose of the meeting was the explaining of the Federal Housing Act. Two representatives of the FHA explained in full every phase of securing and requirements necessary in applying for these building loans, Mr. Porcher said. Approximately 15 managers of the company's yards were present.

Local Man On First Board Of Stewards Of McMurray Church

ABILENE, Nov. 10.—With the Rev. Lance Webb as pastor, a McMurray college church has been organized with two purposes—to fill the religious needs of students, and to send young men and women back to their home towns trained in the organizational functions of the church. The membership is limited to students and they fill all the offices, while the church holds the same position in the district and Northwest Texas conferences as any other Methodist church, including appointment of the pastor by Dr. H. A. Boaz, presiding bishop.

Included on the first board of stewards is E. E. (Sing) Carter, son of Mr. and Mrs. W. F. Carter of Littlefield. Carter, a senior, is a star athlete in McMurray—he is playing his third year varsity football, has lettered two years each in track and basketball. In the Texas conference track meet last spring, he claimed the honors as fastest man in the conference.

Pontiac Announce Reduction In Price Of 1937 Models

Price reductions amounting to as much as \$25 on the faster selling new 1937 Pontiac models were announced by H. J. Klinger, president and general manager of the Pontiac Motor company, coincident with the first national public showing of the new cars.

Littlefield Motor company, are local Pontiac dealers. Prices on the line of new sixes range from no change over 1936 on the sport coupe and cabriolet to \$25 on the 2-door and 4-door sedans and touring sedans.

Reductions on the eight cylinder line range from \$5 to \$10.

All prices are f. o. b. Pontiac, Michigan, and are in effect on all new models displayed publicly at dealer showrooms the country over. Despite the reductions, both lines are five inches longer in wheelbase than in 1936, with wider and longer bodies, and a larger motor which delivers more power at an improvement in gasoline economy of from one to three miles per gallon, according to company claims.

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Bids To Be Let Nov. 23-24 On Lamb County Road Work

Bids will be received November 23-24 on a Lamb county project covering caliche base and asphalt surfacing of highway 28 from Center to 3.5 miles east of Circleback, the Associated Press reported on a Texas highway announcement Saturday.

The receiving of bids was said subject to approval of plans and specifications submitted to the bureau of public roads. The Lamb county project was one of 23, costing approximately \$2,440,000 on which bids will be taken.

Local Cannery Will Be Open To Farmers

The Lamb county canery will be open for meat canning from now until January 1, Mrs. Viola M. Honea,

supervisor, announced this week. Farmers wishing to can meat will be allowed the use of the county equipment and the services of a supervisor. Those desiring to can meat are to furnish their own cans and labor.

A charge of 15 per cent will be made for the use of the canning equipment, Mrs. Honea said.

Repairs To Interior Of Catholic Church Will Be Made Here

Painting and extensive repairs on the interior of the Sacred Heart church will get underway next week, the Rev. Father W. F. Bosen, pastor, announced this week.

The interior of the church will be finished in light brown and cream and besides the installation of a new furnace, several pews will be added, Father Bosen said.

VINTHER MOTOR COMPANY ARE NOW DISPLAYING THE NEW 1937 HUDSON AND TERRAPLANE ON GARAGE FLOOR

Three completely new 1937 Hudson-built cars, including the Hudson 6 sedan, and two Terraplanes, one sedan and a coach, are now on display at the showrooms of the Vinther Motor company, Hudson and Terraplane dealers for Littlefield.

Strikingly styled in the most advanced trend, the new cars are longer at the wheelbase by two inches, lower by two inches, wider, roomier and more powerful than preceding models. Characteristically sleek, the lines of the '37 cars flow rearward from the newly designed narrow radiator grille in perfect harmony around an interior said to afford a new conception of roominess and comfort in motor cars.

The complete line of Hudsons consists of an 8-cylinder car on 129-inch wheelbase, an Eight on 122-inch wheelbase, and a Six on 122-inch wheelbase. Both of the 122-inch wheelbase chassis in the Eight and

the Six carry a complete line of bodies, all of which are entirely new this year, while the 129-inch wheelbase chassis is available in two body models—the Sedan and Touring sedan.

Joining the DeLuxe Terraplane this year is a new Super-Terraplane of 101 horsepower featuring the new "Double Carburetion" principle, an engineering advancement introduced by Hudson for 1937. Both DeLuxe and Super-Terraplane carry a complete line of body models on 117-inch wheelbase as against 115-inches for 1936.

Brilliant new body colors feature both the new Hudsons and Terraplanes, a choice of seven being offered with five additional colors optional at slight extra cost.

Stressed for 1937 is a new Selective Automatic Shift with the Electric Hand, both exclusive Hudson features, which enables the driver to shift gears with the flick of a finger and the touch of a toe thereby simplifying driving and enhancing ease of control with resultant safety and freedom from fatigue.

The Electric Hand, which Hudson pioneered two years ago and which is now in use in over 90,000 Hudson-built cars, is continued. This method of gear shifting has provided close to one billion miles of satisfactory usage. The Electric Hand remains substantially the same except for a slight change in the shifter gate. For 1937, the reverse gate, instead of being just ahead of the low gear slot is to the side and is so arranged that it is no longer necessary to raise the shifter trigger to enter the reverse notch.

Also stressed in the 1937 Hudsons and Terraplanes is a substantial increase in engine power and economy due to the introduction of "double carburetion."

In spite of this increase in power, an improvement of 10 per cent in gasoline economy has been obtained due to more uniform distribution of fuel to the cylinders through "double carburetion."

A new and larger fuel pump is incorporated this year, provided with a glass trap. The new pump has a capacity of 40 gallons of gasoline per hour at 1950 r. p. m.'s of the engine. This larger pump, together with cooled fuel line, will be effective in preventing vapor lock.

Larger Capacity Generators
Alterations have been made in the electrical system, particularly in the provision of a larger capacity generator. On the DeLuxe Terraplane, which is not equipped with radio the generator has a maximum capacity

of 16 amperes. On all other models, and on DeLuxe equipped with radio, a generator with a capacity of 25 amperes is provided. All Hudson generators have a capacity of 25 amperes.

Roominess and Comfort Featured
While the distinctive lines of the '36 cars have been carried into 1937 there are developments and revisions which bring the new cars into full accord with the most advanced '37 style trends.

Lower by two inches than last year, with level floors, and slightly increased headroom, the new Hudsons and Terraplanes are also wider than last year, the front seat being roomier by 5 inches, measured at the cushions, providing 55 inches of seating room in the front seat. Roomy, comfortable seating room is provided for six persons in all the sedan models.

In the creation of new interior luxury for 1937 cars, Hudson designers have added numerous refinements in upholstery and trim.

The Duo-Automatic Hydraulic braking system, which was distinctive on Hudson-built cars last year, is continued on the 1937 Hudsons and Terraplanes.

With this system, the Hydraulic brake mechanism, which actuates the brakes on all four wheels in the usual manner, is backed up by a "double safety" feature consisting of a mechanical linkage which functions automatically from the same foot pedal if for any reason there should be a lack of fluid in the hydraulic system. In this emergency the mechanical brake takes hold on the two rear wheels and provides effective control of the car.

FUNERAL RITES READ FOR MRS. MARY SUE REED

Anton Woman Passes Away Nov. 4 At Home Of Daughter

Mrs. Mary Sue Reed, aged 77, passed away Wednesday, November 4, at about 1 o'clock, at the home of her daughter and son-in-law, Mr. and Mrs. C. G. Erwin, at Anton.

Funeral services were conducted by Rev. J. W. Partin, formerly pastor of Anton, but now of Happy, Texas, at 3 P. M. Thursday, at the Anton Baptist church, and interment, in charge of Hammons Funeral Home, took place in the Anton Cemetery.

Deceased was born August 26, 1859, at Forrest City, Ark. In 1877, as Miss Mary Sue Hughes, she was married to John Thomas at Mt. Vernon, Texas, to which union were born one son, W. G. Thomas, who is still living, but unable to be present at the funeral services.

After her first husband's death she moved to Arkansas, and married Richard Hoover in 1886 at Murfreesboro, to which union were born two children, Mrs. C. E. Storey of Stanton, Texas, and Sim Hoover of Texarkana, Ark. In 1888 Mr. Hoover died, and she was married to W. H. Reed in 1891. To this union were born three children, one of which predeceased their mother.

Mrs. Reed was converted at the age of 16 and joined the Methodist church, and later joined the Missionary Baptist church, of which she was a member at her death.

Deceased was survived by three sons and two daughters, W. G. Thomas, Sim Hoover of Texarkana, Ark., and S. N. Reed of O'Brien, Texas, and Mrs. C. E. Storey of Stanton, Texas, and Mrs. C. G. Erwin of Anton, twelve grand-children and four great grand-children.

TENTH INSTALLMENT

SYNOPSIS: Maris Trevor is discouraged because Rod O'Rourke spends all his money developing an invention which he hopes will provide an income so they can marry. Maris thinks they should enjoy the present rather than deny themselves for the future. She becomes uncertain of her love for Rod. Perhaps

there would be more happiness with someone else.

"How about coming for a ride? What say, sweetness?"
"But with this gown on? Oh,

"Just this, I'm tired hearing everyone rave about your beauty. I'm getting scared someone will try to cut in on me, so step in the car and I'll tell you the rest." There was a strange, restless look in Stan's eyes

"When we're eloping this doesn't seem to fit."

Stan, I couldn't."
"Of course you could. But here, hop in the car with me. I've fixed things."
"What do you mean?" she asked, as she stepped off the porch.

and his hand felt feverishly hot as he helped her in beside him.
"It sounds exciting," said Maris, suddenly catching the infection of his laughter. "You sound as though you were up to something."
"Maybe I am," he answered. He started his car and swiftly headed down the drive before he said any more. Then—"I'm running away with you. We're going to get married."

"Married—where—when?"
"Sure. You still love me, don't you, honeybunch?"
"Of course I do," she answered.
"Then," he said, "there's absolutely nothing to wait for, so we're heading for Connecticut, and by this time tomorrow you'll be Mrs. Stan Fayson."

"But your folks, Stan. I don't think your mother approved of me." Maris' voice was tremulous.
"She'll approve of you, all right, when I present you as my wife. There, honey, don't look so blue," and he slipped his arm about her.
"You're sure, Stan?"
"Of course I am. Who wouldn't approve of you, darling?"
"But I can't drive about the country like this." She looked down at her glorious wedding gown.

"No?" he questioned, and for a second a strange look leaped into Stan's restless eye. "Rather not have a wedding gown, huh?" he asked.
"Well, when we're eloping this doesn't just seem to fit."
"Oh, it's all right. You can slip this round your shoulders." He pulled out a thin tweed coat from the side of the car, and slipped it about her. "Now," he said, "we'll come back and look the place over after we're married. We're going straight to Connecticut now!" And letting out his engine, he raced the car along the shore road.
Quickly they skimmed along the road that headed for a small town in Connecticut when Stan said he knew a fellow who would marry them in a couple of shakes. They did not say much, for Stan kept his eyes on the road. He was driving at a terrific rate.

At last when they were well on their way, he suddenly slowed down. "Say, honey, I bet you're starving. Want something to eat now?" he asked.

"I wouldn't mind," answered Maris, "only I feel so foolish in this rig."

Swiftly he put his arm around her. "Well, you can soon take it off, because I put your suitcase in the rumble seat. But don't you want to wait till after we're married? You look so lovely, Maris darling, in that gown. I wish you'd keep it on."
"And you're sure you want me, Stan?" asked Maris wistfully.

"Of course I do," he answered as he kissed her. But he did not meet the questioning gaze of her dark eyes. "Come on, let's have some lunch," and reaching into the rumble seat, he brought out a picnic basket.

"You funny boy," she said. "I wonder what else you've got in there."

"You'd like to know" he questioned, as he held her in his arms. "Of course I would. Surely you won't keep any secrets from me?" she asked.

"I should say not. Well, look." He pointed to a couple of quarts of whiskey and a bottle of gin. "Just

something to celebrate with after we're married."

"Oh, Stan," she cried, "I thought you were going to cut out drinking!" There was a note of reproach in her voice.

"Was I?" he asked. "Well, we'll have drink now, so we can get on the water-wagon the minute we're married. How's that, Maris darling?"
"I'd rather you didn't," Maris said. "You told me once they're pretty strict about that up here when folks are driving."

"Oh you think a few drinks will spoil my driving? Nothing like that. See, I'll show you." And before Maris could stop him, he poured himself a good stiff drink.

"Want one, sweetheart?"
"No thank you, Stan."
"But it'll make your sandwich taste better. Here, have a drink," and with his arm about her neck, he tried to force it down her throat.

"Oh, you're spilling it on this lovely gown," she cried in alarm.
"That's nothing. You can get another," he answered thickly.

Maris suddenly realized he was getting to the stage when he was ready to pick a quarrel with anyone. And this was the man she had chosen to marry!

Taking another drink, he corked the bottle, and putting it back in its case, he said, "Well, my girl, if I don't hurry up we'll be too late. I promised—" Then suddenly he stopped, and once again, Maris caught a strange gleam in his eyes.

What was Stan thinking about, she wondered. Then she remembered he had been called to the phone, and before he realized the door of the booth was still open, she had heard him say, "We'll be there before eight o'clock and be sure to have on all the trappings. There had been a pause, and then she'd heard him laugh as he said, "You can depend on me."

But surely there was no connection with that and the adventure on which they were now setting out. Yet as Stan started up the car once more, swearing furiously as a little doe leaped suddenly from the side of the road and was almost run over, all the happiness Maris felt should be hers on her wedding day, seemed to have left her.

How changed Stan was! If only he wouldn't drink so much.

To Quickly Ease Pains of Rheumatism

Bayer Tablets Dissolve Almost Instantly

In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet in a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass happens in your stomach.

Ask Your Doctor About Genuine BAYER Aspirin

Any person who suffers from pains of rheumatism should know this: Two genuine BAYER ASPIRIN tablets, taken with a full glass of water, will usually ease even severe rheumatic pains in a remarkably short time.

Ask your doctor about this. He will probably tell you there is nothing better. For real Bayer Aspirin tablets not only offer a potent analgesic (pain reliever), but start going to work almost instantly you take them. Note illustration of glass.

Try this simple way. You'll be surprised at how quickly pain eases. Get real Bayer Aspirin by asking for it by its full name, "Bayer Aspirin" at any drug store. Now virtually one cent a tablet.

LITTLEFIELD CONTINUES CHAMPIONSHIP DRIVE, DOWNING OLTON 26 TO 0 FRIDAY

LITTLEFIELD.—Continuing their unbeaten drive down the championship Littlefield's raging Wildcats completely swamped an out-classed Olton eleven 26 to 0 in a 3-B conference grid tilt here last Friday afternoon.

Although weakened by the loss of several first string men, Olton would probably have been little match for Littlefield's powerful offense.

Piling up 20 points in the first half, the Wildcats established a lead which was never threatened.

Tom Morgan, rangy Wildcat end, snared a pass early the first period to chalk up the initial counter of the game. Touchdowns by McKnight and Neely in the second period swelled the Littlefield lead.

Moore, Littlefield halfback, chalked up the final two touchdowns for the Wildcats in the second half.

The score sheet gave Littlefield 14

first downs to 2 for Olton. Olton threatened to score only once. The Mustangs intercepted a pass and marched to the Wildcats 2 yard line where they were stopped cold by the Wildcats. Littlefield made 14 first down to 3 for Olton.

The line up:

Potett	RE	James
Englis	RT	Rowe
Bligh	RG	O. Walker
Hones	C	J. Walker
Givens	LG	Wilson
Englis	LT	Baize
Poteet	LE	McKnight
George	QB	Lee
Thurman	HB	Moore
Bryant	HB	New
Williams	FB	Neely

Officials:
 Referee: Potter.
 Umpire: Rich.
 Head Linesman: Rich.

Post Gridders Down Ralls 46-0 In Tilt

POST.—Post's high school Antelopes completely smothered the Ralls Jackrabbits 46 to 0 in a non-conference grid tilt here last Friday afternoon.

Ralph Brant, 150-pound quarterback, was the star of the tussle. He carried the ball for four touchdowns, in addition to a lot of yards in the middle of the field, and booted the pigskin between the uprights for as many extra points.

The Antelopes started early, scoring three times in the first quarter. Brant ran 43 yards for the first one and kicked goal. Wright scored the second, from the 2-yard line after Post had blocked a Ralls punt on the Jackrabbit 15-yard line, and Brant again added the extra point. Brant ran 14 yards off tackle for the third touchdown and booted extra point.

In the second, Brant scored a touchdown, failed to convert and Hundley added a touchdown in the same period. There was no scoring in the third, but in the fourth, Brant got going again, scored a touchdown and kicked goal. Wright made another touchdown.

Kitties Getting Organized For Basketball Season

Floyd Hemphill, coach of the Littlefield school girls basketball team, reports that about forty girls are working with high spirits for the coming games of the season. Being defeated in the first game doesn't mean that they can't win.

Those working for forwards are: Glendale Appleton, Ima Bennett, Mollie Carter, Christine Carpenter, Maeleane Copeland, Happy Dow, Loveta Dowdy, Gale Etter, Jewell Gibson, Bobbye Hood, Lucille McCurry, Maxine Owens, Lola Mae Scott, Lela Faye Walker, Pauline Wallace and Minnie Lee Wallace.

Those competing for guards are: Mary Jane Speights, Edith Vandagriff, Lillian Carpenter, Susie Hook, Faye Smith, Goldie Appleton, Lorene Allen, Rasanna Bills, Sunshine Burleson, Melvita Lane, Alta Veda Harrison, Novine Harrison, Frances Humphries, Mildred Houk, Maurine James, Vera McQuatters, Phonita Ray, Gerry Robinson, Eloise Sharp, Ouida Mae Simpson, Iris Taylor, Emma Francis Weatherly, and Maurine Mitchell.

With strenuous practice, these girls hope to succeed in making an A-1 team.

Will Rogers Returns In Wise, Witty Hit, "Ambassador Bill"

The Will Rogers you loved, in his wisest, wittiest role as the homespun diplomat driving stuffed shirts silly with his shirt-sleeve etiquette and his hilarious horse sense, is starred in the return engagement of "Ambassador Bill," opening Saturday midnight at the Palace Theatre and running through Sunday and Monday.

"Ambassador Bill" presents America's own humorist in a role closely resembling that which he played often off screen. Dressed in unfamiliar "soup and fish," as the American Ambassador to an etiquette-ridden mythical European court, Rogers-puts capers that laugh all troubles away.

The hilarious Rogers wise-cracks combined with his common-sense homespun philosophy result in a humorous one-man revolution, with Will Rogers leading the way back to happiness for Sylvania and two romantic lovers.

Also featured with Will Rogers in "Ambassador Bill" are Greta Nissen, Marguerite Churchill and Gustav von Sefferitz who provide a tender romance as the king and queen torn apart by the wily machinations of the would-be dictator, von Seyffertitz. As a consequence of the separation, the throne is assumed by their eight-year-old son, played by Tad Tlexander, who has a grand time with the new American Ambassador.

The youthful king leans how to play baseball and starts the first Sylvania Boy Scout troop. Will Rogers sees to it that the cares of kingship do not weigh too heavily on his young shoulders, and even teaches him how to twirl a rope in the famous Rogers manner.

ANTON GIRLS ARE VICTORIOUS OVER NEW DEAL TEAM

The Anton girls were victorious over the New Deal Girls basketball team Tuesday night of last week in a very close game, as the score indicates—24 to 17.

Anton's starting line-up was: forwards, Mary and Virginia McGowen and Marie Spears; guards, Juanita Miller, Lena Matthews and Helen F. Grundy.

Others that participated in the game were: Faye Elkins, Lois Erwin, and Juanita Garden.

Contacts Buyers For Auction Sale

Mr. and Mrs. C. M. Edwards returned home Tuesday after spending Sunday and Monday in Fort Worth, where Mr. Edwards attended public auction sales and contacted eastern buyers for his public sale which will be held at his farm Monday, November 16.

Next Monday's sale will be the first of a series of weekly public sales which will be held at Mr. Edwards' farm.

Texas Man's Years-Of-Misery Quickly Stopped By Great Gas-Tons Tablets

Mr. E. S. Nelson of Shallowater, Texas, says that he spent eight long years a sufferer of stomach disorders. He states that during this eight years of suffering he went to any number of doctors and that three of them told him he had gastric ulcers. A short time ago Gas-Tons Tablets were recommended to him and after taking them for two months he gained 15 pounds and for the first time in eight years is able to do his regular farm work and is back to normal weight again and for the good of humanity wants to unconditionally recommend these tablets to any one suffering with severe stomach pains, gas or colitis, indigestion and other stomach disorders. Gas-TONS Tablets are on sale in Littlefield at Walters Drug. 25 tablets \$1, 100 tablets \$3. Ask Walters to explain to you what this remarkable compound is doing for others and also ask about the iron-clad guarantee which says you must be satisfied or your money back. (Adv.)

Annual Turkey Buying Season Opens Saturday

The annual turkey buying season for the Thanksgiving market opened Saturday in Littlefield, with the following prices: young toms, 10 cents a pound, and old toms, nine cents. The prices dropped a penny lower per pound Monday, and remained at this figure Wednesday.

Closing of the market has not been definitely decided by the trade, but it is believed that carload shipments will have to leave this territory by about November 14 in order to reach eastern markets on time. It is expected, therefore, that the market will close Nov. 13 or 14.

Charges of robbing the First National Bank of Sudan were dismissed against Thomas W. Osborne, who was arrested in Colorado recently, after L. L. Anthony and Mrs. Mozelle Sparks of Sudan failed to identify him as the bandit that robbed the Sudan bank.

Make Believe Bride—
(Continued from Story Page)

back door, as it were.
As they raced along nearer and nearer their goal, Maris put her arm on his. "Stan, darling," she asked, "are you sure your mother won't feel badly about what we're going to do?"

"Of course not," he answered thickly. "It won't mean a thing to her." A hint of sinister laughter lurked in his voice.

"But, Stan, it means such a lot to a woman—how her son marries," she insisted, her hand still on his arm.

Shaking it off rather roughly, he said, "Don't you think it's rather late to be thinking about that now? Gee, Maris, you're no kid. You've promised to marry me, and you're going to, so that's that."

The daylight faded, and the winding country road crept away from the city. Maris now felt a sudden fear of the man beside her. Swinging around corners on two wheels, darting past other cars, Stan took chances that no sane driver would have taken. Time and again Maris' heart was in her mouth. It was only by a miracle that they had escaped so far. She was ready for an accident any time.

Yet she knew she dared not speak to the man beside her. It would only infuriate him. Mile after mile they rode like this, Maris expecting that each moment would be her last.

Then as they turned into a lonely side road, a sudden, unreasoning dread seized her. When she slowed the car down, and whispered thickly, "We'll soon be there," her heart leaped into her mouth.

Not a light from any farmhouse illuminated the lonely country road, nor did she hear the welcoming bark of a single dog. Here and there, there were thick clumps of trees that looked as though they might tell of strange doings, mysterious happenings. She shivered.

Then, as they swung round a corner, Stan said, "Here's the place."

Maris peered into the darkness, and as her eyes grew accustomed to it, she saw a dejected looking house standing at one side of the road. One feeble light glimmered in a window on the ground floor, but it seemed to say to her, "Abandon hope, all ye who enter here."

Placing her hand impulsively on Stan's arm, she said, "You don't mean that wretched old house? Oh, we can't be married there."

"Sure we can," he answered, and as the light from the car flashed across his eyes, Maris surprised a sudden sensual look in Stan's face. His thick lips curved cruelly as he smiled at her. "Come on," he said as he opened the door of the car.

"Oh, but I can't!" cried Maris. "I can't bear the looks of that house. You'll never get me to go in there."

She pulled herself away from him. "Say, what's this you're staging now, Maris—a reluctant bride act? Snap out of it. Pretty soon you'll know what it is to obey." He tried to drag her from the car.

"Not you, Stan." She finally jerked herself free from his possessive grasp. "I'm not going to marry you. Turn the car around and take me home."

"What's that? Not going to marry me?" Stan replied as his blood-shot eyes opened wide. "What d'ye think I drove up here for? Just a jay ride? I should say not. Nothing like that—You're coming with me," he added, a note of fury in his thick voice as he tried to gather the girl into his arms.

"Don't you dare touch me," cried Maris, suddenly afraid as his hot, gin-reeking breath reached her cheek. "Come along, Maris. The preacher's waiting for us. Of course you're going to marry me," cried Stan, and he tried to drag the girl from the car.

"Never!" shrieked Maris, hysterically. She slipped from his grasp and jumped from the car.

"So you think you can pull a dirty trick like that on me? Nothing doing." Stan signagged after her, while the door of the sinister looking house opened, and two or three evil looking men tumbled from the broken doorway.

With a shriek of terror, Maris raced along the hemlock-fringed road, away from the treacherous house with its one lighted window—beyond the range of the auto's headlights. On into the mysterious darkness of the country road she stumbled, behind her the silence of the black night broken only by the echo pursued her.

Gathering the soft folds of the wedding frock around her, she ran as she had never run before, blindly, desperately. She splashed through

muddy pools, bruised her feet against the cruel, jagged stones that broke the bed of the rough, seldom-used road.
It was a twisting uncertain sort of road. After following it for half an hour, Maris found herself again on the high-road. Small white farmhouses nestled here and there among old apple orchards, and now and then the lowing of cattle reached her ears.

Surely at some of them she would find a welcome. Surely some farmer would at least give her a drink of water, and let her call Patsy. The thought of Patsy made her realize what a mess she had made of everything.

But as she rounded another bend in the road, she saw a stalled auto. Fear surged through her. There was still quite a distance to any of the farmhouses. And her fears were well founded, for suddenly a dark-haired man stepped from the car and started speaking to her.

At first she could not understand what he was saying. He spoke with a decidedly foreign accent. But as he repeated, "You had accident. You wanta lift. You come with us," she shook her head.

LECTURE GIVEN ON CITIZENSHIP TO HIGH STUDENTS

Mr. F. A. Hemphill spoke before the student body last Thursday on "School and Community Citizenship." He pointed out some significant facts concerning the needs of training for citizenship.

"There is no greater time in the history of America than now when she needs more law-abiding citizens. These citizens of tomorrow will come from the public schools of our nation." The speaker alleged.

"The Texas Public School System cost sixty million five hundred and fifty thousand dollars \$60,550,000 last year. This paid for the cost of running the schools and paid a salary to fifty thousand (50,000) teachers."

Our own school system cost ninety thousand dollars (\$90,000) last year being quite a sum less than years before. The school is far bigger and

better than schools in towns the size of Littlefield.

But let us not brag too soon for we have been accused of not moving toward a better citizenship in this community. The teachers take their part of the blame and blame the students with the other part, the speaker added.

The students were asked to please remember when they are displeased with an organization that if it pleased them it would displease several others. They were also asked to refrain from any crude, or discourteous behavior and to act in a way fitting a worthy citizen.

In closing his talk Mr. Hemphill said, "if the shoe fits you wear it."

LECTURE GIVEN ON CITIZENSHIP TO HIGH STUDENTS

Mr. F. A. Hemphill spoke before the student body last Thursday on "School and Community Citizenship." He pointed out some significant facts concerning the needs of training for citizenship.

"There is no greater time in the history of America than now when she needs more law-abiding citizens. These citizens of tomorrow will come from the public schools of our nation." The speaker alleged.

"The Texas Public School System cost sixty million five hundred and fifty thousand dollars \$60,550,000 last year. This paid for the cost of running the schools and paid a salary to fifty thousand (50,000) teachers."

Our own school system cost ninety thousand dollars (\$90,000) last year being quite a sum less than years before. The school is far bigger and

DRESSED TURKEY SHOW TO BE HELD IN PLAINVIEW DECEMBER 2 AND 3; NATIONAL TURKEY MARKET REVIEWED

The Southwest Dressed Turkey show, an annual event sponsored financially by the Plainview Chamber of Commerce, will be held in Plainview December 2 and 3. This show, result of the Hi-Plains Turkey Improvement association organization, had its inception in 1934, and its purpose the improvement of

turkeys grown in this area. Members of this association specialize in the "baby beef" type of turkeys, noted for short, beefy legs, short necks and exceptionally plump bodies, being greatly in demand by consumers.

Turkey Auction
Each year turkeys shown are sold at public auction, always bringing exceptionally higher prices than those of regular market kind. This area of the state, because of its elevation, running from 3,500 to 3,900 feet above sea level, plenty of sunshine and dry atmosphere, also general fine pasture conditions during growing season, is rapidly forging to the front as one of the leading turkey growing sections of the United States.

DEATH CLAIMS MORTON GIRL THURSDAY LAST

Funeral Services Conducted Friday At Baptist Church

Estelle Christine Bedwell, aged 13, of Morton, Texas, passed away at the West Texas hospital Thursday afternoon, November 5, at about 2 o'clock, following an illness of several months.

Deceased was the daughter of Mr. and Mrs. H. B. Bedwell, and was born February 8, 1923. She moved with her parents to Morton sometime ago from Turkey, Texas. She professed religion a year ago, and was a regular attendant at the Baptist church of Morton.

Her sweet face will be missed by all who knew her, as she was greatly loved by her many friends.

Funeral services were conducted at the Baptist church, Morton, at 2:30 p. m. Friday, by Rev. J. B. Barker, pastor of Turkey, Texas, and an uncle of the deceased.

Interment took place in the Morton cemetery, following services, in charge of Burleson Funeral home.

The beautiful floral offering expressed the great love her relatives and friends held for little Estelle.

Flower girls were: Misses Beatrice Houghton, Margaret Houghton, Rosa Mae Littlefield, and Christine Bedwell.

Pall bearers were: G. A. Graham, J. F. Barton, W. L. Sandefer, J. W. Nichols, W. W. Ferguson and W. V. Chandless.

Deceased was survived by her parents, Mr. and Mrs. H. B. Bedwell, two brothers, Eugene and Herman, and her grandmothers, Mrs. Della Gore of Pryor, Texas, and Mrs. M. A. Cook of Morton.

Out of town relatives attending the funeral were: Mr. and Mrs. Johnnie Littlefield and Mrs. Della Gore of Pryor, Okla., Mr. and Mrs. L. J. Bedwell, Mr. and Mrs. J. T. Young and family, and Mr. and Mrs. Levi, all of Gasoline, Texas.

is good enough for us. This country owes everything to the old time Christian Americanism, to the old time ideals which has made of the United States of America a nation envied by all powers, and we see no reason for giving any quarter to these new isms. Keep America truly America—THE LAND OF THE FREE AND THE HOME OF THE BRAVE.

HOMER HALL THINKS THAT—
A national system should be created whereby boys and young men, who have finished school and are unable to obtain employment, would be placed in the army for at least two years.

Mr. Hall submits that the army offers excellent training in a great many ways, provides discipline for youth, and offers education advantages.

Without such a system boys and young men, who are unable to obtain employment, drift aimlessly along for a period of time and often idleness leads youth into wrong pathways, the Littlefield merchant says.

The army goes further in the training and discipline of youth than CCC camps, Mr. Hall submits. However, he did not offer any criticism of CCC camps.

AND WILL SOMEBODY GIVE MR. HALL AN ANSWER TO THIS QUESTION—

Why are there more boys in school than girls?

There are 725 boys in the Littlefield schools and 629 girls.

And the same situation exists to a large degree throughout the nation, Mr. Hall, who is vice-president of the Littlefield school board, has been informed.

Mr. Hall says that until recently there have always been more girls than boys in the local schools.

WE THINK—

That a good solution in a drive on burglary in Littlefield would be the equipping of a car with a powerful searchlight, and the keeping of the car continually in operation from dark until daylight.

This would enable the officers to sweep dark places with light at frequent intervals. Such a program would assist in the arrest of burglars and would have the effect of discouraging burglary. Burglars are fearful of a light being turned on them.

We have seen powerful searchlights used very successfully by officers.

We suggest that the city commission consider the matter of placing a car, equipped with a searchlight in active operation.

Wildcats To Meet Slaton For Championship

LITTLEFIELD IS 37 TO 6 WINNER OVER LEVELLAND

Slaton Downs Lamesa 14-0 To Win Southern Half Of Conference

Littlefield's 37 to 6 victory over Levelland here Wednesday night for the championship of the northern half of the 3-B conference will pit the Wildcats against Slaton, who defeated Lamesa 14-0 in an Armistice Day game to annex the southern half title, for the 3-B championship.

Littlefield's raging Wildcats wound up their conference grid schedule here Wednesday night by defeating Levelland 37 to 6 to annex the northern half championship of the 3-B conference.

Opening their scoring early in the first period, the Wildcats marched down the field on a series of three first downs to mark up the initial counter with Moore going over. A pass, Neely to Smith, gave the Littlefield eleven its second score in the first period. Behind perfect interference, Neely raced 15 yards for the locals third touchdown in the second period.

Not two minutes after the opening of the second half, Rowe intercepted a Levelland pass and raced 20 yards for a touchdown. Littlefield picked up four points in the last quarter on two safeties. The Wildcat's final score came in the last period when Neely raced 70 yards on a return kickoff.

Levelland's only touchdown came in the last minute of play on an 80 yard run. It was the visitors only scoring of the game.

The score sheet showed 17 first downs for Littlefield against two for Levelland.

LAST RITES ARE READ FOR M. L. INKLEBARGER

Passes Away Sunday At Home Of Son, Leon J. Inklebarger

Marshall Lee Inklebarger, aged 87, passed away at his home in Valley View community Sunday night, November 8 at 10:30 o'clock.

Funeral services were conducted Wednesday afternoon at 2:30 at the 9th St. Church of Christ, with Rev. Allen officiating, and interment took place immediately following in the Littlefield cemetery, in charge of Hammons Funeral Home.

Deceased was born and reared in Knox county, Tennessee, and came to Texas when 27 years of age, locating in Cass county where he lived a short time before moving to Wise county, where he made his home until 1889, when he went to Greer county, Oklahoma. After living in various places in Oklahoma he moved to this section in 1930, where he has since made his home with his son, Leon J. Inklebarger.

Although he had been failing for the past six months, he died quite suddenly Sunday. He had been going about as usual, but a few minutes before he died, complained of pains in his arms. Heart trouble is believed to have caused his death.

Deceased was survived by his wife and six sons and one daughter; Arthur of Medicine Park, Oklahoma; J. M. of Littlefield; Bob of Spade; Clarence of Lake Charles, La.; Ivan O. of Ada, Oklahoma; Leon J. of Valley View, and Mrs. E. W. Clark of Jester, Oklahoma.

AUTO IS STOLEN SUNDAY NIGHT

A 1936 Ford tudor sedan, owned by Carl Lambert, was taken about 7 p. m. Sunday from in front of the Esaman Phillips home. The automobile was driven to the Phillips home by Bernard Lambert, son of the owner of the car, and had been parked only 10 minutes when it was stolen. Bernard Lambert reported the theft of the car to City Marshal Ab Anderson, and Mr. Anderson immediately notified authorities in every direction from Littlefield. The car had not been recovered at a late hour last night.

MISS EMMA FRANCES WEATHERLY THURSDAY CROWNED LITTLEFIELD'S PERSONALITY QUEEN AT PALACE

Miss Emma Frances Weatherly was crowned Littlefield's "Personality" queen Thursday night at the Palace theatre, at the close of one of the biggest stage revues ever to be held here, in which about 50 attractive local girls, representing Littlefield merchants, entered.

Miss Clyde Willis was awarded second place, and received an enlarged tinted picture of herself as a prize.

Miss Genevieve Fleming was awarded third place, receiving a box of chocolates.

The affair was brilliantly directed by Mr. and Mrs. R. M. Davis, who are putting on like contests in the various other cities in West Texas Cotton Belt, after which they will return to Littlefield, bringing three girls from each city, and put on a grand contest, the girl winning in this final contest to be crowned Queen of the West Texas Cotton Belt, and to be presented with a radio.

Planning Program For Farmers To Be Launched At Once

Plans to determine farmer opinion on land use were recently presented to the Texas Extension Service staff by the State committee on county planning of which Geo. E. Adams, Assistant State Agent, is chairman and W. E. Morgan, Extension Economics, is secretary. The plans will be launched in a statewide way immediately, and within the next two months an effort will be made to secure estimates from every county in the State.

County agricultural and home demonstration councils will be asked to meet first and appoint a joint committee to have charge of the work within the counties. These committees will arrange schedules of community meetings where farmers will be given farm plan sheets upon which to write down their figures as to present land use on their own farms and the estimated changes if the land use is to be planned to keep up and improve soil fertility and prevent erosion.

These sheets will be collected in each county and tabulated, and the county committee will prepare from them an estimate for the whole county. County estimates will be collected by the State committee at College Station, summarized for the State, and forwarded to Washington where Texas figures will be compiled with information from the other states.

This information, originating with the farmers themselves, the Department of Agriculture will use for guidance in agricultural programs.

Knife Wounds Are Sustained By Two Negroes Saturday

One negro is in jail, another in a hospital, and a third was given into the custody of another negro, after receiving medical attention for a long knife slash across his face.

Jack Shaw, negro, who was picking cotton in the Enochs section, sustained a knife slash almost from ear to ear, about midnight Saturday. He made his way from the negro section of Littlefield to the downtown area, where he collapsed. Officers took him to jail and later to a hospital where he received medical attention. When he had sufficiently recovered he was given into the charge of another negro from the Enochs section.

Joe Schellenberg, negro, is in jail in lieu of the payment of a \$28 fine on an aggravated assault charge. Schellenberg and another negro were placed in jail late Saturday night.

Later officers found that the negro placed in jail at the same time as Schellenberg had sustained a stab wound after being placed in jail. He is in a hospital.

Musical Comedy To Be Presented By P.T.A. Organization

A musical comedy, "Black-eyed Susan" will be presented Thursday and Friday nights of next week, November 19-20 in the high school auditorium, under the auspices of P. T. A.

In addition to the regular cast which includes approximately fifteen characters, all of whom are faculty members and local business people, there will be several choruses composed of twenty-five beautiful girls.

A baby contest will be held in connection with the program. Each room in the primary and grade building has selected a baby and the winner will be determined by the one receiving the largest number of votes. Voting will continue through this week and next. Votes will cost one cent each.

About twenty-five babies between the ages of one and four years have been named as entries and will pass in revue at the Thursday evening performance. The winner will be announced at the Friday evening's show and the lucky baby will be given a life size, hand tinted portrait by the J. E. Chisholm Studio of this city.

in. Displacement,
136 cubic in.

The New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one size—with one standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car—a lower-priced car, with lower operating costs—and permits still more people to enjoy the smoothness, quietness and reliability of the V-type 8-cylinder engine.

IMPROVED 85-HORSEPOWER V-8 ENGINE—DRIVE IT AND WATCH THE SPEEDOMETER!

If any single factor contributes more than another to establish the Ford as the quality car in the low-priced field, it is the V-type 8-cylinder engine. More than three million owners are now enjoying the superior performance on the road. When you drive the 1937 Ford powered with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today it is a better engine than ever—with a better cooling system and new smoothness. Yet improved carburetion enables it to deliver its thrilling performance with the best gasoline mileage ever recorded for an engine of this power.

NEW 60-HORSEPOWER ENGINE DRIVE IT AND WATCH THE FUEL GAGE!

The new 60-horsepower V-type 8-cylinder engine is almost an exact replica of the 85—except for size, weight and power. It delivers V-8 smoothness, quietness and reliability—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation. We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits your own needs.

FEATURES THAT CHANGE—AND SOME THAT DON'T

NEW FEATURES OF THE 1937 FORD V-8 CAR—

APPEARANCE—a newly designed car—wide and roomy, with a low center of gravity. Distinctive front end, with headlamps recessed in fender aprons. Modern lid-type hood hinged at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. The slanting V-type windshield opens in closed cars.

ENGINES—A choice of the improved V-8 85 h. p. engine or the new V-8 60-h. p. engine. More efficient cooling. Quieter performance. New economy.

BRAKES—New Easy-Action Safety Brakes, of the cable and conduit control type. Positive and direct—"the safety of steel from pedal to wheel." Self-energizing—car momentum is used to help apply the brakes. One-third less pedal pressure to stop the car in a given distance at any speed.

BODY—All-steel body construction—roof, sides, floor and frame. The

new all-metal top is a single steel stamping, and the entire body is welded into a single steel unit of great protective strength.

COMFORT AND QUIET—By every modern standard of design, the 1937 Ford V-8 is a big, roomy car. Extra space in the body, where you want it—not taken up by the engine under the hood. Comfort of the Ford Center-Poise Ride is further increased by smoother action of the long tapering springs, with new pressure-lubrication. New methods of mounting body and engine make this a quieter car.

FORD FEATURES THAT NEVER CHANGE

Emphasis upon precision manufacture . . . high-quality materials; specialized steels for special uses . . . no experiments . . . every feature proved before adopting . . . long life and reliability . . . low first cost and low operating cost . . . all the Ford standards that have created The Quality Car in the Low-price Field.

Ford V-8 de Luxe Touring Sedan for 1937

THE Ford V-8 de Luxe touring sedan pictured above is a roomy family type car especially suitable for touring. Baggage can be stowed away in the deep luggage compartment, leaving the interior of the car unobstructed. The new grille, new bar bumpers, headlamps recessed into fender aprons and slanting V-type windshield that opens, highlight the car's new lines. Seats are wide enough for three. The rear compartment is fitted with robe rail, foot rest and pillar lights. The body type is available with the 85 horsepower engine, with or without de luxe appointments, or with the new 60 horsepower V-8 engine without de luxe appointments.

REV. J. W. HENDRIX TO GO TO LEVELLAND; PASTOR FOR LOCAL CHURCH TO BE DESIGNATED SOON

"Reunion of the Church," was the theme at the annual conference of the Methodist Episcopal church South held at Houston last week, which was concluded Sunday. Bishop Edwin D. Mouzon of Charlotte, N. C. was the principal speaker at the closing meeting. He denounced "the growth of nationalistic thought and the inroads of religious personality," and scored the "suppression of the orthodox church in Russia and religious persecuting in various parts of the world."

Approximately 10,000 delegates were registered.

Rev. J. W. Hendrix, pastor of the local Methodist church for the past three years, will preach in the Levelland church for the coming year. A new pastor for the First Methodist church, Littlefield, will likely be designated Friday evening at a meeting of the Board of Stewards, at which the Presiding Elder of the District, E. E. White of Plainview, will be in attendance.

Other appointments in the Plainview District are:

Presiding elder, E. E. White; Abernathy, M. B. Norwood; Aiken, J. R. Bright; Amherst, R. R. Gilbreath; Bula, C. P. McMaster; Earth, L. L. Hill; Floydada station, J. E. Eldridge; Floydada circuit, W. Blue Bonnet News

Mrs. Henry Meyers visited her mother of Gasoline, Texas over the week end.

Mr. McWells of Wellington, Texas spent Saturday and Sunday in the home of Mr. and Mrs. Harris Brantley.

Charlie Crawford had the misfortune to fall and stick a nail in his knee last Sunday. It was necessary to cut it some to force bleeding and then inject the "Letanus Antitoxin."

BLUE BONNET CLUB

If every mother could only have a well filled pantry, that she might have well balanced meals for her family, Mrs. E. L. Yarbrough can do this for her family for several months. She gave us a talk and the history of her pantry, then exhibited it to the guest, it was in her kitchen and filled from the floor up. She used a lovely color scheme inside. Mrs. Yarbrough is "food supply" instructor for the club.

After adjournment Mrs. Chas. Crawford gave a reading, a guest was surprised with a well filled box of nice gifts, she being Mrs. Joe Collins, she was Miss Katie Phowgh, a sister of Mrs. Harry Brantley from Earth, Texas and Mr. Collins will reside on the W. E. Logan farm.

The next meeting will be in the home of Mrs. Walter Brantley November 17th. Miss Westbrook will teach how to wrap attractive Xmas packages.

Mrs. E. L. Yarbrough served refreshments to sixteen present.

Leader Receives Postal Card From Local Ford Dealer

The Editor of the Leader is just in receipt of a postal card from Mancill Hall, local Ford dealer, written from Detroit, while he was there attending a Ford meeting, in which Mr. Hall says:

"We have been selling automobiles for a long time, we've had many thrills, but the greatest was when we saw the 1937 Ford V-8 here in Detroit today. Be sure to come to our showroom November 14th and see this new Ford V-8 yourself. Sensational improvements have been made in brakes, economy and appearance."

Sudan Retains Place At Top Of Ladder In Court Of Honor

The Northwest District Court of Honor was held at the Littlefield high school auditorium Thursday night, with Floyd Coffman, chairman, presiding. He was assisted by Floyd Hemphill, Willard street, Eugene Latimer of Littlefield; H. B. Teal and Joe Hutchinson of Sudan; A. A. Alexander of Muleshoe and Gordon Bain of Bula.

Eighty-eight awards were presented the scouts in four towns represented.

Troop 39-Sudan—retained their place at the top of the ladder, with Troop 25 and 26 of Littlefield tying for second place, Muleshoe fourth, and Bula fifth.

The next Court of Honor will be held at Muleshoe during the first week in January of the new year.

WHATS WHAT

Led by one of the broadest advances in government securities in many years, bond stock and commodity prices continued a post-election surge on the New York exchange during the past week with trading on the widest basis in months. Banks and insurance companies poured idle funds into the market for treasury loans, spurred by the conviction that the New Deal's easy money policy would be continued.

Following his victorious re-election landslide, President Roosevelt returned to Washington from his Hyde Park home last week amid an uproarious welcome. The chief executive declared he came back to "try to balance the budget, thereby carrying out the first campaign pledge." Even as Mr. Roosevelt returned,

however, he looked forward to more travel. His aides held out strong possibility that shortly he would dash by cruiser to Buenos Aires to open the Pan-American peace conference December 1.

The prospect of a revamped cabinet loomed large in the Washington picture this week, but President Roosevelt has given no hint as to what cabinet changes he may make, and, in the absence of official word, rumors flew thick and fast. In general they pointed only to the widely held conclusion that Mr. Roosevelt would follow precedent of previous chief executives and have several new faces in his second cabinet.

Powerful labor groups who strongly backed President Roosevelt for re-election, entered Washington during the past week with demands for new legislation reminiscent of NRA's aims, and for a major change in the social security act. American Federation of Labor chieftains mapped plans to ask the next congress to shift the whole social security payroll tax to employers, instead of collecting part of it from workers, as provided in the present law. Renewed attention to the problem of unemployment was also on the President's program.

Sally Rand, fan dancer, who recently completed an engagement at the Frontier Centennial celebration at Fort Worth, announced this week she would purchase a Texas ranch and become a resident of the state. Miss Rand is negotiating for a large ranch.

Foreign officials and newspapers tailed with enthusiasm the landslide re-election of President Roosevelt. In European nations where the press is controlled by authoritarian governments, editorial writers suggested the overwhelming New Deal vote might show a trend toward a single party system as in their own countries.

A demand for a strong federal production control program along the lines of the invalidated AAA was

presented to the administration Saturday by a group of farm representatives called together primarily to discuss crop insurance. The administration proposal for crop insurance was mentioned only incidentally in a resolution adopted by 100 farm spokesmen asking direct control of crop production and maintenance of "parity" prices. Edward A. O'Neal, who, as president of the American Farm Bureau federation, is head of the largest farm organization, said he wanted reenactment of the old "Triple A" together with features of the present soil conservation plan and loans to farmers on commodities.

PHILLIPS PETROLEUM DEVELOP NEW PROCESS TO PROVIDE U. S. AVIATION WITH HIGH SPEED GAS

A sufficient supply of 100 Octane gasoline for U. S. Aviation needs was shown yesterday to be a certainty. In a paper presented to the California Natural Gasoline Association in Los Angeles, Fred E. Frey, chief chemist of Phillips Petroleum company research staff, described the new Alkylation process which is a further development of the Polymerization process announced by this company last year. This process offers economic commercial production possibilities of 100 Octane gasoline on a scale not yet practiced with the more complicated processes now necessary to make this super speed gasoline. This gasoline will be known commercially as Neo-Hexane, the laboratory nickname for 2,2-Dimethyl Butane, its principal constituent.

Not only will this gasoline be useful in this very special field but the addition of Neo-Hexane to present day gasoline will give a motor fuel which will have more power and will accelerate more rapidly than present gasolines.

Conservation of the crude petroleum supply was indicated by Mr. Frey's statement that Neo-Hexane is made from the lighter gases which are wasted in the present methods of making gasoline.

Using 100 Octane gasoline, Howard Hughes set the transcontinental speed record of 9 hours, 27 minutes, 10 seconds for the world's land plane speed record of 352,388 miles per hour. The assurance of an adequate and economical supply of this fuel is an important step in the maintenance of the air superiority of the United States.

NEWS BRIEFS

A group of Anton school children and parents, numbering approximately 100, departed from the Santa Fe depot Friday night at 10:10 o'clock for the Central Centennial exposition at Dallas.

Miss Mattie Mae Warren and Emmitt Sheek of Pettit, were married Saturday, October 31, at Lubbock by Rev. Jeff D. Welch, Baptist pastor.

A skating rink is being constructed on a lot just east of the Wallace Theatre, Morton, by J. I. Blanton, who states he expects to have it in

operation very soon.

The Morton postoffice recently installed a section of new postoffice boxes, 58 in number. The increasing call for lock boxes has demanded this improvement.

Wallace Langford, only son of Mr. and Mrs. Fletcher Langford of Morton was injured when he fell from a moving pickup truck the first of last week. He was treated by Dr. Rushing, who closed the wound by several stitches.

Up until October 18 a total of 1,506 bales of cotton had been ginned in Cochran county, as compared with 266 bales for the same period last year.

A. J. Anderson, father of Mrs. W. Cook of Morton, died at her home Friday morning, October 30. His body was carried by an ambulance to Roaring Springs, where he was buried beside his wife who passed away four years ago.

Rev. and Mrs. Vernie Pipes of Sudan left Monday morning for Mineral Wells where they will attend the Baptist General Convention of Texas. The convention continues until Friday.

Rev. T. B. Randolph, pastor of the First Baptist church, Linden, Cass County, Texas, preached at both services Sunday at Anton First Baptist church.

Mrs. John Ogden of Olton suffered a stroke of paralysis at the home of her daughter and son-in-law, Mr. and Mrs. Jesse Spencer, recently and was taken to the Plainview sanitarium. She had just recently returned from a trip to California, Alvin Ogden, her son, at Alpine, was called and returned to Olton to be with his mother.

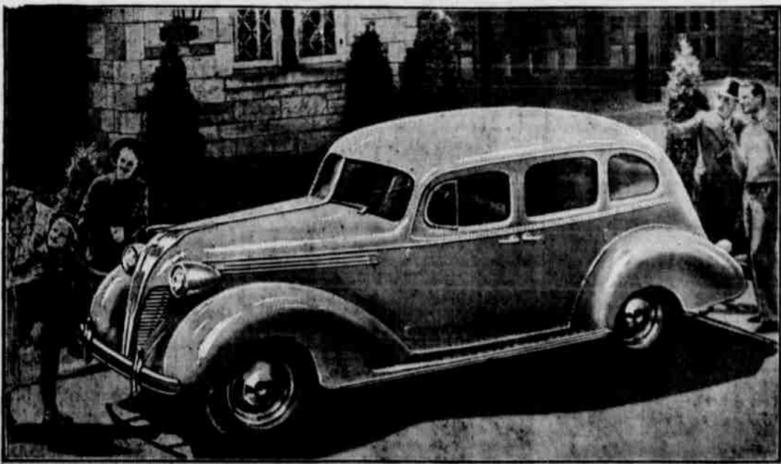

Silage used in his feeding operations during 1935 was so satisfactory that Fred Nickels, Cochran county livestock feeder, is refilling his 240-ton trench silo for immediate use. He is using an ensilage cutter and filling the silo with kafir, cane and begari, according to Roy Hickman, Jr., county agricultural agent.

1937 Hudson Custom Eight Sedan

Hudson's king of the highway—the Hudson Custom Eight Sedan. Not only is it a car of beautiful, advanced lines, but it is one offering exceptional room. It is built on a 129-inch wheelbase and has a 122-horsepower motor. A DeLuxe series sedan also is available on this wheelbase. Both DeLuxe and Custom Eight Sedans also are being presented on a 122-inch wheelbase.

1937 Super Terraplane Sedan

Here's the sedan model in the Super Terraplane series. It has 117-inch wheelbase and a 101 h.p. motor. A 107 h.p. special power dome motor is optional equipment in this series.

In 57 Texas counties 947 Texas boys will go to work on November 1 as employees of the NYA under supervision of the Texas Extension Service to speed up terracing during the season when crops are off the land. The project is to run through

November, December, and January, according to a statement issued here by Jack Shelton, vice director and state agent of the Extension Service. Two carloads of four-year-old

steers fed out on a home grown ration of corn and ground maize heads, supplemented with seven percent of cottonseed meal, were recently sold on the Chicago market by O. G. Hill of Hereford at \$9.30 per hundred, according to A. R. Bateman,

agricultural agent of Deaf Smith county.

Mr. and Mrs. Pfeiffer Ramby have moved back to Sudan so Pfeiffer could take over the duties of manager of the local Ramby's Pharmacy and relieve his father, H. G. Ramby who has been in ill health the past year.

Mr. and Mrs. Ramby have been in Morton for over a year where they have a drug store. Pfeiffer employed Mr. Wright of Lubbock to manage his Morton store.

The E. C. Gage and son gin at Circle Back was damaged by fire Tuesday morning of last week, when 37 bales of cotton on the gin platform burned.

Raymond Gage discovered the fire and immediately turned on the fire whistle. He had kept the steam up all night; so by the time help arrived plenty of steam was available.

The bales of cotton on the platform were rolled off and the blaze was put out before it reached the inside of the gin. Although the fire did \$500 worth of damage besides burning the 37 bales of cotton, the gin was able to resume work before noon.

All of the losses were covered by insurance.

Last rites were held Thursday afternoon, October 29 at the Olton Baptist church for J. A. Dudley, about 66 years old, who died the previous evening at the Plainview sanitarium. Interment was in the Olton cemetery.

Deceased is survived by his widow and several children.

Mr. Dudley, whose home was northwest of town, had been in ill health for several months, and underwent an abdominal surgical operation.

**Large Re-Settlement
Community Proposed
For Cochran County**

Encouraged by the success of the Ropesville Colony, which is situated in the southeast part of Hockley county, and which consists of thirty-three homesteads of 120 acres each, the Re-Settlement Administration has taken preliminary steps to create an even larger project in eastern Cochran and in the western part of Hockley county.

Negotiations are underway with ranch owners, an option being taken last week from the Slaughters on League 83 and 84, with the exception of about five or six labors, which had previously been sold. In addition 10 labors were taken from League No. 80. All of this land is in eastern Cochran county with the exception of about 20 labors which adjoin in Hockley county. It lies north of Whiteface and about 15 miles west of Levelland. It is estimated that the total expenditure will amount to about \$202,500.
