

THINK

What do you think?

BY M. B. D.

THE THING—
That this is free publicity for the Palace Theater.

That free publicity is due the Palace Theater.

That Billy June is a pretty name for a girl.

That it will not be no time a-tall for the manager of the Palace theater will cease to cough in his private office.

That he will be hitting all the while, up and down the floor of his apartment atop the theater, calling Billy June that she is a wonderful little girl, but wishing she | | | etc., that she would saddle down north the daway covers and let Pa have some sleep.

What do you think?
Congratulations Mr. and Mrs. Bill Chesher!

MORE FREE PUBLICITY FOR THE PALACE THEATER

Bill Chesher, grand high functionary of the Palace theater, threatened the writer of this 'colyum' with sudden destruction unless he announced to Bill's public a recent outstanding accomplishment of the great motion picture emporium of which the said Bill is the said grand high functionary. Bill informs us that last Friday his theater showed the opening game of the World Serious on the same day the last game of the said World Serious was staged. Thank you, Bill, we appreciate your co-operation in the publication of this great family journal.

P. S. Anytime any of you folks want to get our smiling friend, Mr. W. J. Chesher, Jr., all set up and delightfully wild, come on down to the Leader office and we will explain in detail. Of course, if you are in the vicinity of the Stokes-Alexander drug store, just drop in and ask the Stokes of the concern; he also will explain in detail. Don Knight, prominent lumberman hereabouts, also will explain. All parties to this plot relinquish all responsibility for what happens to you. You have been warned; it's up to you.

FARMING ACCORDING TO LAW

"When are you going to start your spring plowing?"

"I don't know yet, I haven't called up the district attorney."

"The sheriff came out this morning and made me dig up that little patch of garlic I had in my garden."

"He did? What for?"

"Oh, he says he promised the voters he would purify breath from one end of the county to the other."

"I thought I'd try to slip in an acre of goobers this year."

"Might as well give it up. Two rangers were over at Bill Smith's the other day searching for seed goobers."

"Did you hear about Jim Doobit-ty?"

"No. What's his trouble?"

"He's in jail. The constable finally discovered that rutabaga patch Jim had down in the forks of the creek this winter."

"Too bad. I was afraid Jim would get caught. But you can't blame the constable. The law must be enforced."

"I had a little trouble myself last week. Arbuckle Smecker who's been

CITY CELEBRATES OPENING OF NEW RAILWAY STATION; BANQUET IS HELD

SCHOOLS HERE TO OPERATE ON NEW SCHEDULE

WILL OPEN AT 7:30 A. M. AND WILL CLOSE AT 12:30 NOON

At a special meeting of the Board of Trustees of the Littlefield Independent School District Tuesday afternoon, as announced by J. C. Hilliard, secretary, it was decided to re-open the schools Monday morning, October 19.

It was also agreed that the schools should open at 7:30 and the teachers continue their duties through until 12:30 noon, at which time school will be dismissed, in order to enable those desiring, to pick cotton in the afternoon. This schedule will be given a week's trial.

The new schedule gives the pupils the same number of hours of instruction per day as under the schedule in operation previous to the temporary closing of the schools two weeks ago.

WILDCATS WILL PLAY FLOYDADA

Littlefield fighting Wildcats will go to Floydada Friday for a game with the Floydada high school Whirlwinds.

Without a doubt these two teams will have to play again later in the season for the championship of the north half of District No. 2. The game Friday, however, does not count on either team's prestige, since only sub-district games count until after November 15.

Make it a point to see all the remaining games in which the local team plays, and BOOST FOR THOSE FIGHTING WILDCATS.

The watch-cry is: "On to the District Championship."

Cotton Co-op Sets Up Suspense Pool

The Texas Cotton Cooperative Association, through R. J. "Bob" Murray, general manager, announces the creation of a new co-operative pooling "an, to be known as the "Suspense Pool" in order that growers desiring to temporarily withhold their cotton from an unwilling market may take advantage of co-operative classing, and low cost services, yet retain the privilege of fixing the price on their cotton at any time.

In making the announcement, Mr. Murray stated that "many members and prospective new members, because of present low market levels, are undecided how they want their cotton handled by the association, whether in the seasonal pool or in the optional pool and are, therefore, holding their cotton pending the advent of indications pointing towards a more substantial and steadier market." To meet this situation, he said the so-called "suspense pool" has been set up, in which cotton may be placed until December 1st, at which time conditions will enable the grower to definitely decide whether to sell outright, place it in the optional pool for the remainder of the season or have it transferred to the seasonal pool. Initial advances on suspense pool cotton, Mr. Murray said, would be the same as optional pool advances.

... sore at me since last fall, reported me for having more than four hogs in my lot.

"What'd you do?"

"Oh I finally convinced the grand jury that one of them belonged to my brother-in-law."

"What do you think about the sorghum situation for the coming season?"

"I don't know, but I noticed where the governor says he intends to enforce the anti-sorghum law if he has to declare martial law."

"Hard to tell what to plant."

"Yeah. I'll be glad when the district attorney makes up his mind."

LITTLEFIELD—THE PULSE OF THE PLAINS

LAMBCOUNTY LEADER

Official Newspaper of Lamb County, Texas

LAMB—THE COUNTY OF OPPORTUNITY

VOL. 9 LITTLEFIELD, LAMB COUNTY, TEXAS, OCTOBER 15, 1931 NO. 27

WILDCATS DEFEAT LEVELLAND, 20-0; SCORE 21 - 19 VICTORY OVER FARWELL

Urges Farmers To Hold Cotton For Higher Price

A resolution calling upon Texas congressmen and senators to support the agricultural marketing act and the federal farm board, was adopted Thursday night at a mass meeting of about 100 farmers at the Littlefield city hall.

The action was taken at the conclusion of an address by E. S. Burgess, director of field service of the Texas Cotton Co-operative association, who urged the farmers to hold their cotton until the market price advances, regardless of the sacrifice such action would call for at the present time.

Western Union Gives Littlefield 7-Day Service

The Western Union telegraph office at the Santa Fe depot is now open from 7 a. m. till 6 p. m., seven days a week, according to announcement by Clay Pumphrey, Santa Fe agent. The enlarged service went into effect today with the arrival of a telegraph operator as an additional member of the local depot staff. Mr. Pumphrey has been performing the duties of telegraph operator in connection with his work as Santa Fe agent.

Mrs. Daisy Sellers of Pyote and Miss Maurine Wilson of Wink spent the week-end with Mr. and Mrs. E. Baird.

Those Fighting Wildcats of Littlefield High School, are still undefeated after meeting the two toughest teams on their schedule up to this time, on last Friday and Saturday.

Butter Bill Carter hogged the honors in Friday's game with Levelland to score 18 of the 20 points made by the Wildcats. Quarterback Harless kicked goal after two of the touchdowns for the extra two points.

The first score came early in the first quarter when Carter booted the ball behind perfect interference around left end for 15 yards and a touchdown. Harless failed to kick goal. Just a few minutes later Carter fumbled and after recovering, instead of following his interference to the right where the play was supposed to go, he saw that the entire Levelland team had shifted with the interference to the right, and he quickly stepped across the goal line to the left without any opposition, to score the second touchdown. Harless kicked goal and this ended the scoring for the first half. In the third quarter, after a brilliant passing attack which put the ball on Levelland's five yard line, Carter took the ball through the center of the line for the last touchdown followed by Harless' kick which made the score 20 to 0 when the final whistle blew.

The local team's defense was much improved in this game, particularly against line plays. There were no outstanding players in the line on Friday, but far better, a well balanced line which worked more nearly as a unit than in any previous game this

Funeral Services Conducted Monday For K. M. Collard

Funeral services were held Monday at 6 p. m. at the First Christian Church, Shamrock, Texas, for K. M. Collard, who was accidentally killed by a fall from a truck in North Platt, Nebraska, Saturday. Interment was made in the Shamrock cemetery immediately.

The deceased was well known in Littlefield, having lived here for two or three years, leaving about a year ago for the north.

A brother of the deceased, Lack Collard, met his death in an automobile accident between Littlefield and Sudan about two weeks ago, when an automobile collided with a truck he was driving.

The deceased is survived by his wife, and daughter, Maurine; three sisters, Mrs. H. G. Dobbs of Anton; Mrs. Emerson Monroe and Mrs. Jess Smyth of Wichita, Kans.; and two brothers, Leo Collard of North Platt, and Clyde Collard, Mangum, Okla.

Among those attending the funeral were E. S. Brock of Littlefield, and Mr. and Mrs. H. G. Dobbs of Anton.

MANY ATTEND I. O. O. F. BARBECUE AT FOUST RANCH

One of the most enjoyable occasions in which Oddfellows of Lamb County have participated in for some time, was the barbecue on Wednesday night of last week at the Ellis Foust ranch. There was an attendance of approximately 150, Oddfellows, their wives, and friends attending from all cities and communities of the county, and from other counties. J. E. Brannen, Littlefield postmaster, was chairman for the speaking program.

Announce Liberal Policy for Repayment Of Federal Crop Production Loans

The U. S. department of agriculture, through its subordinate channels—the feed and seed loan office in St. Louis and field agents—has announced a clearcut policy of liberality relative to the repayment of federal crop production loans made to cotton farmers of Texas.

Carl Ellis, state supervisor of field agents making headquarters at Abilene, said he had received instructions that when a borrower had deposited warehouse receipts on sufficient cotton collateralized at six cents per pound to cover the amount of his loan, the government will release its mortgage on the remainder of the crop, enabling him to dispose of that surplus as he sees fit.

Ellis said: "When final disposition of the cotton is made, if the proceeds do not meet the full amount of the borrower's obligation to the government, the balance due will be regarded as a moral obligation, and the government will expect him to finally liquidate in full. On the other hand, if in final disposition of the cotton the proceeds bring more than enough to liquidate the loan, the excess will be paid back to the borrower."

"As to the question of extension on crop production loans, there will be no consideration given in any case

until after maturity date, November 30."

Field agents have been instructed to issue temporary receipts, these to be replaced by official receipts from the St. Louis office. The temporary receipts will be the borrower's authority to dispose of his surplus cotton, in excess of his loan, as he sees fit.

Cotton Classifier Issues Statement

The following statement relative to feed and seed loans was issued from the office of the cotton classifier here:

"The following liberal plan has been adopted by the government in regard to farmers who have a feed and seed loan:

"The Texas Cotton Co-operative association has completed arrangements with the farm seed loan office of the U. S. Department of agriculture where by association members who have secured loans through such government agency, may have their cotton applied against such notes and mortgages on the basis of six cents (6c) per pound.

"This price is larger than prevailing street prices and will permit the borrower to liquidate his government loan indebtedness much sooner than otherwise."

"The government is authorizing only \$7.50 advance per bale to cover

picking and ginning expenses, which amount is authorized to be drawn against the association at time of shipment. Members may ship their cotton on any of the association's various pools, but the six cents per pound basis of credit can only apply against cotton placed in the optional pool, seasonal pool, suspense pool.

"Members having cotton stored in bonded warehouses and receipts deposited with government seed loan office may transfer such cotton to the association in a similar manner providing that such transfer charges are paid by the member.

"As shipments are made to the association, the members' notes and mortgages held by the government will be margined with an amount representing the difference of 6 cents per pound and \$7.50 per bale above mentioned.

"When sufficient cotton has been shipped to the association to fully margin the amount of the loan at the 6 cent note, the borrower will be advised by the government and will be allowed to receive full returns on the balance of cotton shipped.

The association will handle directly with the government agency all details in the matter including all remittance on cotton coming under the seed loan program."

Santa Fe Officials Guests of Honor, Many Visitors

Enjoyable Program Is Carried Out at Banquet at First Baptist Church

Littlefield Tuesday celebrated the completion of the new Santa Fe depot.

As fitting such an occasion a large number of Santa Fe officials joined in the celebration.

Throughout Tuesday open house was observed at the new depot, and that night a banquet was served to more than 200 visitors and Littlefield citizens in the basement of the First Baptist Church by the women of that congregation.

Littlefield is proud of the new Santa Fe depot, and the pride of this city was expressed in the enthusiasm, with which the celebration was entered into, and in the very hearty reception which was accorded the visiting railway officials. But in the celebration of the notable occasion the fact was not lost sight of that Littlefield's own "Clay Pumphrey", local Santa Fe agent—had done much more than his share in obtaining for Littlefield a structure of which this city and county has every right to be proud.

Welcome Pleases Officials

One thing can be said to have been accomplished as a direct result of the celebration; the railway officials came; they viewed this city; they mingled with its people, and went away expressing as they went that Littlefield had lived up to its reputation as a friendly, progressive city, and declaring that it would always be their greatest pleasure to extend all courtesies possible to a city so progressive as Littlefield. The Santa Fe officials now know Littlefield as they have never known it before. A friendly spirit of cooperation has been created to the mutual good of the Santa Fe and the city of Littlefield.

Previous to the banquet a majority of the Santa Fe officials visited among the business people of the city.

As the Santa Fe officials departed from Littlefield they expressed their deep appreciation of the courtesies, which had been extended them, declaring that in the carrying out of their work it was a matter of great pleasure to them to come in contact with so friendly a group of people; in fact it was an encouragement to them in the carrying out of their work of continually improving the Santa Fe service.

The setting of the banquet hall was truly befitting the occasion and the numerous speakers were not unimpaired of the fact that the women of the First Baptist Church had demonstrated their well known ability for serving a very tasty meal in an atmosphere perfectly suited to the occasion.

The well known Santa Fe emblem was prominent in the decorations, and as an indication of the complete railroad atmosphere, which the women had created, was the fact that the nuts were served in little paper containers fashioned not unlike a coal car.

In the center of the room was a cardboard model in exact colorings of the new Santa Fe depot, which was constructed by Virginite Staggers. A typewriter was in place, and with the opening of the banquet Clay Pumphrey took his position at the key. It was not long before messages began to arrive for numerous Santa Fe officials. Of course, all these messages, which were read to the gathering by Rev. Joe Grizzle, chairman of the depot celebration committee of the Littlefield Chamber of Commerce, were of a humorous character.

Arthur P. Duggan, president of the Littlefield Chamber of Commerce, under which auspices the depot celebration was carried out, ably presided at the banquet as toastmaster.

The banquet program got underway with the singing of two songs—

Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices must be paid for by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Lamb County Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

THE COW ON THE FARM

Quoting reports of the Red Cross divisional headquarters at St. Louis showing that a smaller percentage of farmers milking cows applied for help during the past year than any other class, the Southwestern Dairy Association suggests the desirability of possession of one or more milk cows as an economic measure from the farmer's standpoint. Milk and butter, the association points out, are fundamental and indispensable foods.

No one will doubt that few farmers applying for aid from the Red Cross last year possessed milk cows. The farm family which has a cow has a good part of its food supply provided for. The dairy cow, says the association, "should have a place on every farm, if only in numbers sufficient to supply home needs, and for making more profitable the poultry flock and the hogs to be produced for home consumption. This applies to farmers who are probably better fitted for feeding lambs and beef animals. It is a foregone conclusion that the logical way to reduce cotton acreage is to grow foods and feeds, and the only profitable market for feedstuffs is through livestock. Inverting raw feedstuffs into valuable finished products. With the hen, they think the dairy cow should be given a prominent place."

The dairy cow and the hog constitute the best possible factories for combine up a farm outfit that can hardly be operated otherwise than at a profit to the farm owner. Obviously, the farmer who has the three is not going to be found in a breadline.—Fort Worth Star-Telegram.

Amen, brother! Amen!!!

ACCIDENT PREVENTION "SPOTTY"

Accident prevention today throughout the nation is "spotty," both in respect to the states and their separate communities. There can be little definite improvement in the present deplorable accident record until a system of uniform laws and regulations is established for all states and their communities alike, according to Dr. Herbert J. Stack, Supervisor of Child Safety Activities of the National Bureau of Casualty and Surety Underwriters. Dr. Stack has just finished a ten weeks' trip in which he travelled 25,000 miles to lecture before 79,000 summer students at fifty colleges and universities. Between times he addressed luncheon meetings of insurance agents, Rotarians, Kiwanis and Lions. Therefore, he had ample opportunity to acquaint himself with conditions.

"There are some most progressive cities with respect to accident prevention in the most unprogressive states and there are some bad communities in good states," said Dr. Stack. "In short, there is an uniformity, no definite system employed to combat this tragic evil. The record must continue bad in the annual reports we receive until all get together on such things as drivers' license tests, inspection tests, and uniform traffic regulations, which include signals and the like."

"If adults were as safety-conscious as the school children of this land we would reduce the annual figures by a most substantial percentage."

SEEING AMERICA

Ocean passenger travel fell off so sharply this Summer that many great liners were used for week-end excursion trips. In the meantime, vacation travel by automobile in the United States again increased, as it has done each year in the past. The European hotel keeper's loss is the hot dog stand man's gain.

EIGHT YEARS AGO IN LITTLEFIELD

(Excerpts from Littlefield Leader)

Last Saturday J. P. White delivered 2,000 wether lambs to purchasers. The lambs came right off the range and averaged 58 pounds each. They were contracted for last spring at 10 cents per pound.

Crops, pastures, highways and railroads have suffered greater damage by the excessive rains of the past two weeks than at any time in the memory of the oldest pioneers of the South Plains country. In addition to the rain, the cold wave which struck this section last Friday sent the mercury scurrying toward the bottom of the thermometer.

The dedication of the Lutheran Church, which was scheduled for last Sunday, has been indefinitely postponed on account of the weather.

Last week State Health Nurse Miss Dorothy Anderson of Austin made a physical examination of the 226 children enrolled in the Littlefield public schools.

Miss Abbie Pomfret and Mr. Lawrence Mueller were married last Saturday at Falls River, Massachusetts. They left the following day on their wedding tour, arriving in Littlefield Thursday for a two weeks' visit with the groom's parents, Mr. and Mrs. E. Mueller and family.

W. P. Porter of Leary shipped in a carload of household goods Saturday, and this week moved into his newly acquired farm, purchased from the Yellow House Land company.

The Santa Fe is this week taking down the right of way fence, and putting in cattle guards and crossings

preparatory to opening the station at Amherst.

C. L. Hasie of Memphis, accompanied by his brother-in-law, W. M. Preston, of New York City, were in Littlefield this week. Mr. Hasie reports fine progress in Hall county road building, though temporarily delayed on account of rains.

J. E. Parsons, Mr. and Mrs. D. D. Vushenberry, Mr. and Mrs. J. H. Hawkins of Graham, are prospecting in Littlefield this week. Mr. Parsons was a former citizen of this community eight years ago. He expressed himself as wonderfully surprised at the progress of the town and country since he left.

W. D. Dunagin, official cotton-weigher, has received his scales and is ready for business. The public cotton yard will be located in the east part of town along the railroad right of way.

Business Picking Up In Littlefield

Business in Littlefield is picking up. There was a large crowd in town last Saturday, and, according to the merchants, a good business was enjoyed. The banks report collections coming in good; in fact the whole town is taking on a falltime aspect.

Weatherford ships from twenty to thirty carloads of turkeys to the northern and eastern markets every year.

HELP KEEP THE SCHOOL OPEN

Will the schools of Littlefield run the full nine months and keep their affiliation this year?

There is a big question mark following this sentence.

So far as the schools of Littlefield are concerned, it remains entirely with the people as to whether or not this can be done.

We must make a sacrifice, and those of us who are able to pay our taxes now, should do so.

Letters have been sent out to all taxpayers as follows:

"Our public school system is the greatest institution we have, and must be kept open for the benefit and education of our boys and girls. We cannot afford to let it close.

"Heretofore, we have been able to borrow sufficient funds each year with which to operate the schools until January when most of the taxes are paid; but this year owing to financial conditions, money cannot be borrowed, and the only way we can operate the schools from now until January is for the people to pay their taxes early.

"We therefore, urge that all taxpayers pay their taxes NOW in order that the schools may be kept open this fall. If we fail to collect the taxes, we will be compelled to close the

schools.

"Please respond to this urgent call. Do not wait till January to pay your school taxes. Think of your children, help them get an education, support your schools, by PAYING YOUR TAXES EARLY.

"Yours for better schools,
"Board of Trustees, Littlefield Independent School District.

"By J. S. Hilliard, Business Manager."

NEXT time you are out of fix as the result of irregular or faulty bowel movement, try Thedford's Black-Draught for the refreshing relief it gives thousands of people who take it. Mr. E. W. Cecil, a construction superintendent in Pulaski, Va., says:

"When I get constipated, my head aches, and I have that dull, tired feeling—just not equal to my work. I don't feel hungry and I know that I need something to cleanse my system, so I take Black-Draught. We have found it a great help."

Sold in 25-cent packages.

Thedford's
BLACK-DRAUGHT

WOMEN who are run-down, or suffer every month, should take Cardul. Used for over 50 years. 1774

ONLY CONOCO
GERM PROCESSED OIL
Can Give You the Extra Benefits of the
"HIDDEN QUART"

that Stays Up in Your Motor and Never Drains Away

Almost half of all motor wear takes place while you're starting your car! And it's in the starting period that oils not germ processed fail to protect your motor. They lubricate your motor after it starts . . . but they drain away when your car is idle, leaving vital working parts unlubricated while you're starting.

Germ Processed Oil gives you safe lubrication not only after your motor starts but during the starting period! For only Germ Processed Oil has penetrative lubricity . . . the ability to cling to, penetrate and combine with metal surfaces. A "hidden quart" of Germ Processed Oil stays up in your motor and never drains away. It cuts down starting wear and makes

starting easier and quicker. Save your motor from wear . . . Change now to Conoco Germ Processed Motor Oil, the only oil in North America made by the patented germ process. Fill up at any station that displays the Conoco Red Triangle.

DOUGLAS FAIRBANKS IN CYCLONIC FILM PURSUES LOVE AND FORTUNE

Douglas Fairbanks has given the something new and years ago of the times in "Reaching For the Moon," his new picture for United Artists, directed by Edmund Goulding, who is called the most versatile in Hollywood. The modern comedy will be shown at the Palace Saturday midnight, Sunday, Monday and Tuesday.

Supported by a cast of noted stage and screen personalities, several of them stars in their own right, Fairbanks has put aside his spear and jerkin for a collar and fountain pen. He portrays a sensationally successful young stock broker who cuts a swath both in the financial and love mar-

kets. As the leading feminine interest in his life there is Bebe Daniels, a fit screen mate for the dynamic Doug, having beauty, courage, and a splendid sense of drama.

Jack Mulhall, young star with the experience of a veteran, is prominently cast as the star's best friend and confidant.

Edward Everett Horton, who has enjoyed starring for years, has an outstanding comedy part as Fairbank's valet.

The story of "Reaching For The Moon" is set in present-day New York, or rather, it anticipate the architecture, fashions and speech of two years hence. Skyscrapers, penthouses, a palatial ocean liner and fashionable haunts abroad provide the backgrounds.

This does not imply a fantastic riot of queer shapes and decorations. Modernistic furniture and appropriate settings in the best manner, beautiful and harmonious, have been designed and created by Edmund Goulding and William Cameron Menzies, the supervising art director. The smart, ultra effect is exactly suited to the theme and the tempo of the picture.

Instructions On Grading Sudan to Be Given Thursday

A school of instruction in grading sudan seed and sorghum grains will be conducted in Plainview Thursday, October 15, according to J. B. Wallace of the Plainview Grain Exchange. The school will be under the direct supervision of Miss Wynona Robbins, chief analyst of the Seed Division of the Texas Department of Agriculture, and all who are interested, both farmers and grain men, have a cordial invitation to attend.

The school will open at ten o'clock at the office of the Plainview Grain Exchange in the city auditorium at Plainview, Thursday, October 15.

CUENOD'S DRY GOODS CO. LITTLEFIELD, TEXAS

Members Local Unit American Legion Meet Monday Night

The members of the local unit of the American Legion met as usual Monday evening in the basement of the Presbyterian Church. Owing to the wet weather and muddy roads the attendance was small.

After a short business session, a quartette composed of Art Mueller, Van Clark, Roy Blessing and Herbert Brown, accompanied by "Happy" Jordan at the piano, rendered several vocal numbers, which was followed by three readings by little Maurine Igou.

Mrs. J. R. Coen and Mrs. James served refreshments at the close of the social hour.

The subscription price of The Lamb County Leader is \$1.50 and the Semi-Weekly Farm News \$1.00.

For a Short Time Only

You can renew your subscription, or subscribe for both papers for—

Wrestling Bout Will Be Staged Here Tonight

Wrestling matches will be held at the Littlefield Skating Rink at 8 p. m., today under the auspices of the Littlefield Fire Department. The main go will be between Bomar Moore of Levelland and Indian Chief Stine, of Tulsa, Okla.

Stine has been 29 years in the wrestling game, and Bomar Moore cannot be said to be lacking experience. Another go will be between Young Lewis of Amarillo and Clarence Dayton of Roswell.

It is planned to carry out the wrestling program each Thursday night for four weeks. One of the features of each night's program will be amateur boxing and wrestling matches. The winners at the conclusion of the four weeks' program of contests will each be awarded a wrist watch.

C. H. Crow will be the referee for the wrestling matches.

ANTON

C. M. Oakley of Lubbock has been appointed as acting postmaster for Anton until such times as an examination may be called to qualify a permanent occupant for this position.

Norman Bayless, manager of the Bureau gin here, had the misfortune of wrecking his Model A Ford automobile recently.

Mr. Bayless was driving south on Main street and when he started to turn into West 3rd street at Jackson Grocery corner he is said to have been blinded by lights from another car, causing him to turn short, striking the end of a tin drain with his transmission housing, breaking it into several pieces.

See our fresh stock of chocolates.—Eagle Drug.

INTERESTING NEWS BRIEFS

Downtown Sunday Morning Class—Considering the very unfavorable weather, there was a large attendance at the Downtown Sunday Morning Class for men, which is conducted at the Palace Theatre each Sunday morning at 5:45 by Rev. Joe F. Grizzle, pastor of the First Baptist Church.

This is a non-denominational class, and all men who are not enrolled in some Sunday school are particularly urged to attend.

This class will meet again next Sunday morning at the regular hour.

Hawk is Honored—Honorary membership in every luncheon club in Amarillo has been extended to Wilbur C. Hawk, publisher of the Amarillo News and Globe and president of the Tri-State Fair association since the recent exposition. While many cities of the Southwest were postponing their fairs for one year because of the business depression, Hawk staged the local exposition with a profit of several thousand dollars.

Rotary Club Meets—The members of the Littlefield Rotary Club met as usual for their weekly luncheon meeting Thursday in the Methodist church, with President R. T. Badger presiding, and 27 members present.

Sam Rumbach had charge of the program for the day, which included a vocal number by Mrs. G. M. Shaw and readings by Miss Helen Rumbach.

PEP PARAGRAPHS

Mrs. Geo. H. Hughes threshed his sudan last week and according to all reports it turned out mighty well. L. H. Albus is busy combining kaffir, hegari and milo in the neighborhood. This is without doubt the fastest and perhaps the most economical way to harvest the large grain sorghum crop this year.

A. G. Jungman was in Levelland Tuesday looking over the work of some of the mechanical cotton stropers at work near there and in the Whitherald community. He and Mrs. W. J. Baldwin, editor of the Herald, drove over to the Joe Woods farm five miles south of town to see the large tractor driven stripper and cleaner demonstrated. This machine and the single row horse drawn machines apparently all will do good work after the cotton sheds its leaves, and the bolls all open. The dealer stated that they have sold all the machines that they are able to get this year.

Mr. and Mrs. F. S. Murphy and son, and Mr. J. J. Lynch were in Levelland Saturday.

Mr. M. A. Burt and Mr. W. T. Jungman were transacting business in Littlefield Saturday.

Mr. G. C. Keith was in Morton on business Saturday.

The light rain of Saturday night and the drizzly weather that followed will delay cotton picking for some time.

FAT GIRLS! HERE'S A TIP FOR YOU

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat" and brings "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Get an 85c bottle of Kruschen Salts at the Eagle Drug Store, or any drug store (lasts 4 weeks)—you must be satisfied with results or money back. —adv.

"More genuine satisfaction than any car I ever owned"

THE FORD is good-looking. It is safe. Comfortable. Speedy. Reliable. Long-lived. Economical. Everything a good car should be.

There is, too, an added something about it that brings enthusiastic comments from every one who has ever driven a Ford . . . the joy it puts in motoring.

"I have been a car owner continuously for nearly 20 years," writes a motorist connected with a leading university. "During this period I have bought eleven new automobiles. Eight of the eleven were in the middle-price field, one cost three thousand dollars, and the last is a Ford I purchased thirteen months ago.

"In the light of this experience I can say in all sincerity that I have derived more genuine satisfaction from the Ford than any car I ever owned. In

saying this, I am thinking in terms of comfort, safety, driving pleasure, ease of control and economy. My next car will also be a Ford because it will give me what I want at a price I can afford to pay."

When you get behind the wheel of the Ford and drive it yourself you will know it is a truly remarkable car at a low price. You will like it when you first buy it. You will become more and more enthusiastic the longer you drive it.

After thousands of miles of driving you will say "it's a great car." Its economy will save you many dollars.

.. SOCIETY ..

Mrs. Ray Jones Is Charming Hostess Thursday At Bridge To Club Members, Friends

The attractive home of Mayor and Mrs. Sales provided a perfect setting for the occasion of a delightful party when Mrs. Ray Jones was hostess to the members of the Thursday Bridge Club and their friends.

The tables of bridge were in play during the afternoon.

Everywhere the Spanish motif predominated in decorations of cactus, paper grass, festoons of red and green peppers and red rose buds. The black and white costume of the hostess and her black velvet clad cavalier assistant in person of her little son, Bob, who acted out the tallies featuring uniformed Spanish maids, to the incoming guests, further emphasized the Spanish note.

Following the games a delicious colorful salad course, with green and rose colored sandwiches cut in diamond emblems of the diamond spade, with salad, date nut pie, a demi-tasse of hot coffee was served to the following members and guests: Mesdames John Arnett, A. P. Duggan, M. M. Brittain, J. M. Stone, H. W. Wiseman, T. S. Sales, W. Gardner, R. A. Davis, S. J. Farner, Lena Howard, W. G. Street, J. Shaw, R. T. Badger, Mallory, Jim Etter, Clyde Hilbun, W. O. Weston, Sidney Hopping, J. C. Baker, C. C. Clements, E. S. Stone, T. Wade Potter and Misses Della Hamphill and Gladys Wales.

LADIES' AUXILIARY POSTPONES MEETING

Owing to the very disagreeable weather Monday evening, the members of the Ladies Auxiliary of the American Legion did not meet as usual.

Mrs. W. H. Gardner To Attend State Meet in Lubbock

The Woman's Study Club met Wednesday afternoon, October 7th, in the club room. Mrs. W. H. Gardner was elected delegate to the State Convention of Women's Clubs to be held in Lubbock in November.

Mrs. B. L. Cogdill was placed on the book committee, and Mrs. S. T. Hodges on the civic committee.

Mrs. R. T. Badger reviewed the life of Disraeli, by Maurois, and Mrs. J. M. Stokes discussed Queen Victoria, by Strachey.

Those present were as follows: Mesdames John Arnett, R. T. Badger, B. L. Cogdill, A. P. Duggan, R. A. Davis, T. B. Duke, R. E. McCaskill, W. H. Gardner, L. C. Grissom, R. M. Harrison, J. C. Hilbun, S. T. Hodges, T. Wade Potter, C. O. Stone, W. G. Street, H. W. Wiseman, J. R. Coen and G. M. Shaw.

MRS. W. P. McDANIEL HOSTESS CHURCH OF CHRIST LADIES

Mrs. W. P. McDaniel was hostess to the Ladies' Bible class, September 28.

An interesting lesson of the last four chapters of Mark was led by Mrs. Mayhew. A pleasant hour was spent with 16 ladies.

The class met October 5 with Mrs. A. Stewart. Mrs. Hilbun, our teacher for the next quarter, had charge of the very interesting program:

Song—"Have Thine Own Way Lord."

Prayer—Mrs. Hood.

Lesson—Luke, 1 to 5.

Memory verses.

Song—"Evening Prayer."

Benediction—Mrs. Beebe.

A pleasant hour followed with the following ladies: Mesdames Hood, C. C. Beebe, Paul Beebe, Adams, Stone, Duke, Bigham, Mayhew, Armstrong, Vernon, Hilbun, Hays, Bennett, Stewart.

DEFEATS LEVELLAND—(Continued from Page 1)

season.

Defeat Farwell 21-19

Saturday afternoon Littlefield took the powerful Farwell team of District No. 1 into camp by the narrow margin of 21 to 19. Both teams showed a great deal of offensive power in this game, but each was weak on the defense. Littlefield made exactly twice as many first downs as Farwell, but the Farwell lads would tighten up when they were backed up against their own goal line and Littlefield would lose the ball. Littlefield scored first during the first quarter when Beebe took the ball on an end around play and ran 20 yards for a touchdown. Harless kicked goal after this and two subsequent touchdowns which alone of course spelled victory for the Wildcats.

During the same quarter, Fullback Hall for the Farwell Loins ran 15 yards through the center of the Cat line for the first Lion touchdown. During the second quarter Carter put on a nice exhibition of sidestepping to go through the powerful Farwell line and add six points to the Wildcat score. Shortly after the second half began, Caldwell took the ball on a triple pass fake around right end for another touchdown, and only a few minutes later intercepted a pass and ran for the third touchdown for his team, making the score 19 to 14 in Farwell's favor. Littlefield received on the kickoff and uncorked one of the fiercest passing attacks ever seen on the local gridiron, which attack was not stopped until Littlefield had made her third touchdown.

New Feed Mill Is In Operation

A new addition to commercial and industrial activity in Littlefield is a feed mill and an electric mixer which has been installed and is in operation at the P. W. Walker Seed and Grain Co. on Highway No. 7, just west of Phelps avenue. Part of the activities of the new plant is the doing of custom grinding for farmers.

It is seven hundred and seventy feet long, connects two main portions of the city and carries the traffic of eight state highways. Three hundred carloads of steel and concrete were consumed in its construction, and it cost a quarter of a million dollars.

CHURCHES FIRST BAPTIST CHURCH Sunday, October 18 Sunday School 9:45. Preaching 11 a. m. B. Y. P. U. 7 p. m. Preaching 8 p. m.

FIRST PRESBYTERIAN CHURCH Sunday, October 18 There will be services at the First Presbyterian Church Sunday morning at eleven o'clock. The Brotherhood will have charge of the service, and Dr. I. E. Wood will be the speaker for the hour. There will be special pipe organ music rendered by Mrs. A. P. Duggan and vocal numbers by a quartette during the service. All members are urged to attend.

METHODIST CHURCH Sunday, October 18 Last Sunday was a wet-cold day, and our attendance was off some, but a good crowd greeted us at all the services. We will be at our post next Sunday with the best we can bring you. Preaching at 11 a. m., and at night at 7:30 by the pastor. Sunday school promptly at 10 a. m. Missionary Society meets each Monday at 3:30 p. m. at the church. Leagues meet at 6:45 p. m. Come be with us and we will do you good. C. B. MEADOR, Pastor

LUTHERAN CHURCH NEWS Sunday, Oct. 4, marked the celebration of our annual mission festival. Several hundred fellow-Lutherans from the neighboring congregations at Kress, Plainview, Lubbock, Abernathy were present. The services held were very inspirational, which was evidenced by the collection raised for mission endeavor.

The morning service was held in the German language. The Rev. W. Remmert, of Plainview, spoke on Acts 13, 1-12. He emphasized the fact that all missionary work was in its first and last analysis, the work of the Holy Spirit. In the afternoon he delivered an English address based on Matthew 9, 37 and 38. He depicted the great needs of our mission fields, showing that while there exists a grave condition of unemployment in our country, in the Kingdom of God the opposite alarming condition exists. Few indeed are the laborers working to save immortal souls.

An octet from the local congregation sang for both services, rendering the following selection: "O, Zion Haste," "Praise the Lord, All Ye Nations," and "Send, O Lord, Swift Messengers." Dinner as well as lunch was served to all the visitors. The Sunday School Grows Our Sunday School has made progress. The enrollment has increased so that another teacher has been added to the staff, Mrs. R. Kelm. All parents ought to send their children to Sunday School. If you have no church connection you and your children will be made welcome by us.

Downtown Sunday School Class Has Now Fifty Members The downtown Sunday School class has out a committee to name the new enterprise and we are hoping that by the next announcement to be able to call it by name. There is one thing to say about it just now; that is it is the liveliest thing in the town. We are only five weeks old with an enrollment of some fifty men. Just this word: men if you are not in Sunday School, we want you to become a member of this class. Perhaps you think you do not want to become a member of the class. We leave that to your own judgment and urge that you make us a visit and look us over. You might change your mind. The Teacher.

Youth is Injured In Fall Monday The twelve-year-old son of Mr. and Mrs. Bill Bruce, who live northeast of Littlefield, had the misfortune Monday morning to fall off a vehicle he was playing on, and break his collar bone. The boy was brought to Dr. T. B. Duke's office, where he was treated and a brace put on his shoulders.

PERSONALS Hugh Sullivan, cashier of the First State Bank, returned Tuesday from a week-end business trip to Fort Worth and Dallas. Miss Margaret Teal is spending a few days with her mother, Mrs. Louise Teal, in Amarillo. Mr. E. A. Bills spent the week end in Canyon with his family. Pat Boone, Jr., who was operated on for appendicitis about three weeks ago, was able to be moved out of the West Texas Hospital Sunday, and is now recuperating at the home of his grand parents, Mr. and Mrs. R. C. Hopping, Lubbock.

Neal A. Douglass, Jr., of Texarkana; Mrs. H. S. Ury of Midlothian, and Mrs. W. F. Bean of San Angelo, who were called home on account of the serious illness of their mother, Mrs. Neal A. Douglass, Sr., left for their respective homes Wednesday of last week. Mrs. Douglass is much improved. Mr. and Mrs. R. E. Riley spent the week end with relatives in Amarillo. Mr. and Mrs. J. S. Hilliard and daughter, Betty Ann, returned Sunday from several days' visit with old friends in Oklahoma City. Clyde Arnold of Paint Rock, Texas, has been visiting his brother, Carl Arnold, and Mrs. Arnold the past few days. He plans on staying in Littlefield, and will be associated with his brother in the cotton business here.

Miss Edna DeLashaw of San Antonio, is the guest this week of her sister, Mrs. J. R. Coen, and Dr. Coen. Miss Mozelle Jordan of Morton, Texas, is spending this week with Mr. and Mrs. Carl Jordan. Mr. and Mrs. W. C. Thaxton spent a few days this week the guests of Mrs. Thaxton's sister, Mrs. Van Bailey and Dr. Bailey of Abilene, and her mother, Mrs. Estes, at Clyde, Texas.

Rev. and Mrs. R. B. Meador started for Abilene Monday, but a short distance from Southland found the road impassable, and turned back. Mr. Meador said quite a number of cars had slid in the ditch, on account of the muddy roads. Mr. and Mrs. Clifton Duke and Baby of Canyon, Texas, visited Dr. and Mrs. T. B. Duke a few days last week.

Mrs. George Long left Littlefield last week for Artesia, N. M., to be with her mother, Mrs. M. A. Newcomb, who is seriously ill. Reports are to the effect that she is gradually getting worse. Mr. and Mrs. E. J. Newgent spent the week end with her sister, Mrs. A. E. Tarwater, and Rep. Tarwater, at Plainview.

Mrs. J. D. Dodgen and son, Jackie, left last week for Gonzales, Texas, to spend a couple of weeks with Mr. Dodgen. Mr. C. E. Hodge accompanied them as far as Marble Falls. Dick Johnson returned Sunday from the Lubbock Sanitarium, where he underwent a slight operation.

Mrs. Neal A. Douglass, Sr., who underwent an appendicitis operation at the West Texas Hospital, Lubbock, about two weeks ago, is much improved, and it is expected she will be able to come home the last of this week. Mr. and Mrs. B. L. Cogdill spent the week-end visiting her parents, Mr. and Mrs. Morris, and sister, Mrs. Garland Lewis, at Post.

News of Lamb County Cities --- Communities

AMHERST

Free pick-up service was instituted by the Santa Fe here last week. Local ginnings totalled 1224 bales up to Wednesday of last week, receipts by each gin being as follows: Farmers Gin 662 Melton Gin 406 Perry Gin 196

Miss Juanita Prowell and Mrs. Harry Bennett were married at Clovis, N. M., Sunday, October 4, at Clovis, N. M., Rev. Campbell, pastor of the First Methodist Church, officiating.

The bride is the daughter of Mr. and Mrs. Joe L. Prowell of this city. Mr. Bennett is the son of Mr. and Mrs. W. E. Bennett, who reside east of town.

OLTON

Automobile license tags for Lamb County for 1932 reached here recently, and were consigned to Gason Patterson, tax collector.

The plates are green with white lettering and numbers. They are different from this year's tags in that no initial letter precedes the number. 800 passenger car plates, numbering from 838561 to 842350, and 100 commercial motor plates numbering from 145176 to 146175, were received. In addition, the county received four motor bus plates, 225 trailer and tractor; 35 dealer's plates; 10 motorcycle; 2 side car and 25 chauffeur tags.

Warning against feeding alfalfa hay to milk cows has been issued by J. W. Hulsey, Olton agricultural teacher, who states two cows in this community already have been lost due to bloat caused by the hay.

SOUTHEAST NEWS

(By Edna Byers, Correspondent)
Mr. and Mrs. George Ross are the proud parents of a girl, Bula Theta Jean. She arrived Wednesday morning.

Miss Avis Dow returned Saturday from a visit with her sister, Miss Marine, in Lubbock.

Littlefield Vocational Students Win Premiums at Amarillo, Lubbock Fairs; Raising Poultry Shows Good Profits

MULESHOE

According to the report issued recently by Fred S. Reynolds, county farm agent, Bailey county citizens, it is estimated, will put up 300,000 cans of food for winter use, while 5,000 hogs will be slaughtered for use.

Movement of cattle from the ranches of Bailey county to markets and to the feed lots in other places will probably start early this month, according to H. A. Eckler, agent of the Santa Fe here. The Halsell ranches, V. V. N. ranch, Albert Taylor, Anderson ranch, and Chesher ranch are included in the shippers.

Automobile license plates for the year 1932 were received recently by Collector H. Sterling. The passenger car plates have a green background with white numbers, while the truck plates have a yellow background with green numbers. There were 1500 auto and 450 truck plates received.

SUDAN

Leon May and Miss Ethel Arp of Sudan were married at Muleshoe, Thursday, October 1, at the Methodist parsonage, Rev. W. B. Hicks officiating. Mr. May is one of the successful business men of Sudan, while the bride is a member of the school faculty.

Born, to Mr. and Mrs. W. J. Chesher, Tuesday afternoon, October 6, at the Lubbock Sanitarium, a five and one-half pound daughter, Billy June.

Several Littlefield future farmers, members of the classes in vocational agriculture, took premium money on exhibits in the Amarillo Tri-State Fair and at the Panhandle South Plains Fair at Lubbock. Selecting an exhibit of seeded ribbon cane, Earnest Goertz took first prize, and Marshall Parks second at Amarillo. Billy Touchon drew second on an exhibit of ten heads of kafir selected from his father's field. Welty Thedford placed third with an exhibit of hegari from his five-acre field which he worked as one of his three projects in vocational agriculture.

Norman Emfinger entered two exhibits from his projects, one of which, twenty open bolls of State Certified Acala cotton, took first place in the boy's club divisions at Lubbock.

Selecting exhibits from the home farm or from projects has proved an excellent means of teaching the boys the value of plant improvement thru selection, according to R. A. Box, vocational agriculture teacher.

Producing fifty two broilers and forty three pullets from one hundred week-old chicks, and making a labor income of 83 c per hour, is the accomplishment of J. P. Smith in one of his three projects in Vocational Agriculture in Littlefield High school.

J. P. started his project February 16, by purchasing 100 week-old chicks from the local hatchery. These

were placed in a garage which he had fixed up with a brooder stove, mash hoppers and drinking fountains. He fed a commercial chick starter and finely ground home-grown milo for the first seven weeks, and then changed to a growing mash, and

whole milo, making the change gradually. His records show that he sold 52 broilers for \$28.00, and had remaining 43 pullets valued at \$30.25, making a total income of \$60.25. His total expense including self labor was \$23.83. His net income, after sub-

tracting his total expense, was \$32.52, or 83c per hour for the time he worked on this project.

J. P. is also taking ten acres of state certified Acala cotton and five acres of state certified milo as projects.

SANTA FE CELEBRATION—
(Continued from Page 1)

"The Eyes of Texas," and "Working on the Railroad." This was followed by the invocation, which was offered by Rev. Bruce Meador, pastor of the Methodist Church.

Mr. Duggan, in making the address of welcome, declared that the Santa Fe had pioneered the west part of the state, and had repeatedly demonstrated their great faith in this section of the country, the last expression of their confidence in the territory being represented in the fact that a large new depot had been completed for Littlefield.

Mr. Duggan, the man who started the city of Littlefield, then launched into some of the facts surrounding the coming of the Santa Fe to Littlefield, and concluded his address of welcome by calling upon a quartette to assist him in extending suitable greeting to the visitors, particularly the Santa Fe officials.

The quartette composed of Mr. Duggan, Herbert Brown, Arthur Mueller and Pryor Hammons, sang strictly modernized verses to the tune of an old song, in which the names of the Santa Fe officials occurred with much frequency, and in a humorous manner. The modernized words to the old song were written by Mr. Duggan, who took a very leading part in bringing about the celebration, marking the completion of the depot.

The response to the address of welcome was made by T. B. Gallaher, General Freight and Passenger agent of the Santa Fe. Mr. Gallaher said in part:

"Ordinarily a railroad is considered of foreign existence, functioning solely for a selfish purpose and without regard or sympathy for the civic and community welfare. Just the contrary is true, in fact, we are like any other mercantile establishment in your city and community; we have a store here in Littlefield and we have freight and passenger transportation for sale; we are just as anxious to sell a high grade standard of merchandise transportation as any other store in your town; Mr. Pumphrey is the manager of our local store, and he has other assistants, who willingly and gladly serve the trade with an article which they can well afford to recommend. We want Mr. Pumphrey to take a part in the chamber of commerce activities and in all causes of constructive development and benefit in your city and this community. He and we are just as much interested as any other business or profession engaged in an honorable pursuit of happiness and existence—indeed we may be in a manner more interested because we are spiked down here to stay, while some of the other lines of endeavor or profession can pick up and leave over night. If Mr. Pumphrey is serving you well, then give us credit for having sent to your town and community a good citizen—if he is not—then, well blame him.

"It is common knowledge that railroad service in the United States today, and for the past several years, is and has been the best that has ever been available anywhere in the world. Now the railroads are facing new problems, problems of competition from buses and trucks and other instrumentalities of transportation. Because the railroads are public servants, you therefore have a vital interest in the equities, as well as a future transportation service meeting the requirements of the producer and the user thereof. Certainly you want to deal fair in this problem which is yours as well as the executives of the rail carriers, and it is not a fair proposition that if the rail carriers are to be hand-cuffed and shackled with numerous laws of regulation, should not their competitors be dealt with accordingly and simultaneously that there may be no undue preference; or would it be better yet to remove the shackles from the rail carriers and permit them to meet the competition of the bus and truck upon the highways, if you please upon free right-of-way and road-bed furnished by popular taxation by the state and nation. There is food for thought and possibly you may not take it seriously, but I venture the assertion that if the railway executives would close all of their depots, stop all of their trains, and quit performing entirely for a period of ten days or two weeks, that you would find that the rail carriers are a greater part of your welfare and existence than you realize and appreciate.

"I feel also, Mr. Toastmaster, that I have not fully responded. I sincerely thank the ladies for the splendid meal prepared so nicely, and on behalf of my associates and myself I want to say we thank you."

The response to the address of welcome was followed by a whistling solo by Mrs. Stella Bob Turner with Mrs. Gus Shaw at the piano.

Many Officials Present
The "Unravelling of Santa Fe Officials in attendance" was carried out by H. C. Pipkin, General Attorney

for the road; and among the officials and employes introduced by Mr. Pipkin were J. R. Hitchcock, vice-president and general manager; T. B. Gallaher, general freight and passenger agent; J. A. Gillies, superintendent of the Slaton Division, of which Littlefield is a part; T. C. Tice, assistant general manager, with headquarters at La Junta, Colo.; Avery Turner, land tax commissioner for the Santa Fe, who at 80 years of age continues active in the service of the railroad; F. L. Myers, assistant general manager, with headquarters at Amarillo; Walter Irwin, travelling claim adjuster; R. F. Bayless, Santa Fe agent at Lubbock; E. Kancher, division freight and passenger agent, Lubbock; J. N. Freeman, treasurer; A. E. Myers, auditor; G. A. McCullough, car accountant; Bowman Jarrott, general claim agent; Charles Walsh, general baggage agent; W. W. Kelly, chief engineer for Western Lines; E. A. Tusha, travelling freight, and passenger agent, Lubbock; I. M. Robinson, chief clerk to Mr. Kancher; O. H. Osborn, secretary to Mr. Gillies; Ted Kiene, who was superintendent of construction in the erection of the depot here, and the Littlefield personnel of the Santa Fe, including the agent, Clay Pumphrey.

The presenting of Santa Fe officials and employes in attendance was followed by the introduction of visitors.

Virtually every city and community in Lamb county was represented, and one of those present, Fred Mangeldorf, was from Atchison, Kans., the original starting point of the Santa Fe.

Among other visitors were Maury Hopkins of the West Texas Chamber of Commerce, A. B. Davis, manager Lubbock Chamber of Commerce, and officials of the Texas Utilities company. A cornet solo, which was rendered by Jack Norman, with Mrs. T. A. Henson at the piano, followed the introduction of visitors.

Talks were then made by Mr. Tice, Mr. Turner, Mr. Mangeldorf, and others. The concluding address was delivered by Mr. Hitchcock, who made a very brief, but nevertheless,

exceedingly pleasing talk.

Mr. Pipkin extended a special vote of appreciation to the ladies of the First Baptist church for the delicious dinner, which they had served. He was followed by Mr. Pumphrey, who made a brief but entertaining and suitable talk.

Throughout the serving of the banquet a number of humorous stunts were carried out, including the arrest of Mr. Walsh, the general baggage agent, for the carrying of a pistol, by Deputy Sheriff Miller, and the handcuffing of him to Miss Touchon, who, by the way, operates a truck line between Littlefield and Lubbock.

The program was concluded with a song "We are Sorry You are Going Away", which was rendered by the Rainbow Girls, with Miss Elmer Crockett as accompanist.

EXTRA! EXTRA! EXTRA!
NEW LAMPS FOR OLD

From Oct. 15 to Nov. 14 Inclusive We Will Allow You

\$1.50 to \$2 on any old lamp
