Quiet Spoken Ben Ramsey Avoids Razzle-dazzle Shows

In this state of razzle-dazzle politics and slam-bang campaigns, the calm, deliberate manner of Lieutenant Governor Ben Ramsey is an oasis.
 A friend, in introducing Ramsey once remarked, "Ben has been more places and been seen by fewer people than any man in Texas public life."
 He might have added, as the record shows, that when the modest Ramsey was temporarily hospitalized during his first state-wide campaign, friends from the forks of the creeks and cities carried on. Ramsey won by 177,851 votes.
 The quiet campaigner for re-election as lieutenant governor formed his ideas about people and politics during his youth as the son of a district judge and farmer in Deep East Texas. He hasn't strayed.
 Ramsey lives on a farm near San Augustine and practices law there when official duties do not keep him in Austin.
 His own words seem best to explain Ramsey's campaign attitude. "A man or woman doesn't buy a suit or dress without feeling the cloth and I don't think the people of Texas will select their officials without checking the record. That is all," Ramsey said, "that I ask."
 Perhaps the key to Ramsey's success as a legislator and public official is his studious approach to problems, his experience and respect among colleagues as a sound thinker.
 Ramsey served eight years in the Senate and four years in the House of Representatives. He was appointed as secretary of state by the late Governor Beauford Jester and continued under Governor

one of the government's best lieutenants. On a train trip, the lieutenant governor will pull out a book on Thomas Jefferson he likes or if he moseys along with the family in the car, he likes to stop buy five gallons of gasoline and while the children are getting a drink, listen to what the people are talking about.
 Ramsey makes everything seem easy. When work is finished, Ramsey likes to skin off his coat, put his year-old daughter, Ann, on his knee or take Rita Rhea, age 3, for a walk or to the drug store for soda.
 It seems easy if you have the know-how — and Ramsey's got it. Pol. A.

Shivers Campaign Opens At Lufkin

Governor Allan Shivers announced this week that he will open his 1936 campaign with an old-fashioned political rally at Lufkin, his birthplace, on Monday evening, June 21st.
 The Governor's opening address will be carried over a state-wide radio broadcast from 8:30 to 9:30 p. m. Thirty-seven stations of the Texas State Network and the Texas Quality Network will carry the address.
 With the formal opening of his campaign, the Governor will begin a series of trips throughout the state during which he will review the accomplishments of his administration and outline future improvements which are a part of his plans for a greater Texas.

He's Ten Years Younger Today

Here's a man who has just taken ten years off his age—insofar as his spirits and mental outlook are concerned.

He's going for his first ride in his first Cadillac—and he's a happy, happy man—with his hopes in the sky and his heart singing a song it hasn't recalled for a decade.

He's having an experience which we can't tell you about. You have to live it yourself—at the wheel of that first Cadillac—in order to evaluate it.

You know how it goes. You work and you worry and plan and hope. The years go by—and, bit by bit, you get things done. The insurance creeps up where you want it—the mortgage on the home goes into the fire—there's that nest-egg against the future and the college fund is in the bank.

And then, one day, you feel there's no further need

for resisting—so you order the Cadillac—and wait for the happy news—"It's here!"

Your ride home will live in your memory forever. You've put the cap sheaf on your world of dreams.

Of course, this great sense of personal well-being is only the first thrill that comes with your Cadillac.

There's its magnificent performance—its marvelous balance and roadability—and its rare comfort and safety and handling ease. Every hour at the wheel is a privilege—and every journey is a wonderful memory.

Is the time about right for you to step up to a Cadillac?

If so—please come in and see us. The longer we're in business, the happier we are when we deliver a man his first Cadillac.

We'll be waiting to welcome you—anytime.

LaVoyce Oldham Is Attending Camp Sweeney

Miss LaVoyce Oldham, daughter of Mr. and Mrs. Buck Oldham, is attending the first session at Camp Sweeney. The session started June 3 and will continue through July 1.

Camp Sweeney, located at Gainesville, is a camp for diabetic children from the age of four through 18, and it also takes some children with a heart condition.

LaVoyce, who only had a few days of "homesickness", writes that she is learning something new every day about diabetes and how to care for them.

She said there are children at Camp Sweeney from all over the United States, as well as Old Mexico, Alaska and Canada. There are over 20 girls in her group, which ranges in age from 13 to 18.

Mascot of the camp is a scelp-eye dog owned by one of the boys attending the camp. A couple of crows that light on the children's shoulders also serve as camp pets.

LaVoyce will return home about July 2. Doyle Montgomery of Littlefield is acting as Junior Counselor at the camp.

Combs have been found among the remains of many very ancient peoples, particularly among those of the Swiss Lake Dwellers.

Area Men Report For Induction

Area men who reported for induction June 14, according to a report from Texas Local Board No. 4, Selective Service System, Muleshoe, were:

Traffic Deaths Are Far Below Last Year's Mark

There were 27 traffic fatalities in this district from January 1 to July 10 as compared to 51 fatalities during the same period in 1953, according to statistics from the Texas Highway Patrol, District 6.

Drill Stem Stuck

Sunray is trying to loosen up its drill stem which is stuck in the hole at 5129 feet in its wildcat well on the E. M. Hale lease near Whitarral. This hole is being deepened after tests of the San Andres proved the oil show there was not important.

Nothing In San Andres

In the R. C. Kirk well near An-ton, the Texas Company was drilling at 4196 Wednesday in the San Andres without finding any indication of oil. This well is scheduled to go on to the Clear Fork.

Nothing In Clear Fork

Great Western Drilling Company was at 6450 feet Wednesday in its George White well. White reported that they had found nothing in the Clear Fork but were going on down to 7000 feet.

Southwestern Public Service Company's office in Olton was entered by burglars Monday night, the safe "peeled" and the money boxes taken. Two were later recovered. The Lamb County Sheriff's office and Captain Raymond Waters of the Texas Rangers were investigating leads Wednesday and checking on two possible suspects.

Money boxes containing papers and checks were recovered in an alley in Olton, but the third box containing Saturday's receipts, estimated at \$100, is still missing. Howard Horne, district manager for Southwestern Public Service, said damage to the safe amounted to about \$250.

Burglars used a hammer and cold chisel. The safe had been turned over and was resting on a thick book when it was discovered Monday morning. This killed the noise. Sheriff Dick Dyer said he believed the firm was entered between 10 and 12 p.m. Sunday night during the rain and thunder storm.

Noise from the storm would also have helped conceal noise inside the building.

Burglars also entered an implement house at Olton that night, but overlooked money boxes. No safe is kept in the implement house.

Sheriff Dyer said an abandoned car containing burglary tools has been found in Parmer county, where a burglary was apparently attempted but the culprits were scared off, leaving the car. He felt the car was probably used by the Olton burglars.

A farmer south of Springlake also found a cache of guns which officers think possibly tie in with the burglary.

Dyer said he didn't believe there was any connection, although it is possible, with a burglary this spring in Olton in which a safe was blown open with nitro-glycerin. He said the methods of operating were quite different.

No night watchman is employed at Olton.

During the 13th Century a large whale swam under London Bridge and was killed up stream with bows and slings says the National Geographic Society.

Betty Byars, Pat Pointer Place 2nd At 4-H Round-Up

Misses Betty Byars and Pat Pointer placed second in the state vegetable competition at the Texas 4-H Round-up at Texas A and M, June 7-11.

Miss Byars and Miss Pointer, accompanied by their adult leader, Mrs. Joe Prater of Spade, left from Lubbock by chartered bus with other district II 4-H'ers and their leaders June 7.

Max Barnett and Ronald Rogers of Littlefield, accompanied by the assistant county agent, Lonnie Cole, were delegates from Lamb county to the Round-up.

Each 4-H club member and adult leader was enrolled in a short course. After the completion of the short course, each received a certificate. Betty, Pat and Mrs. Prater were enrolled in horticulture while Max, Ronald and Cole were enrolled in dairy judging.

The activities started Tuesday morning with talks based on the four I's - "Head, Heart, Hand, and Health," and the theme for the Round-up, "Building a Stronger America."

The short courses were held each afternoon. Awards and certificates were given after the Thursday course session. Tuesday night the group was entertained with a "Share the Fun Festival" contest. A chuck wagon supper was given Wednesday night for the 4-H'ers. Activities closed Thursday night with a banquet sponsored by Sears-Roebuck company, with entertainment furnished by television and radio stars.

The contestants, delegates and leaders returned Friday.

Cow Callers

NOWATA, Okla. (AP) - Ranchers' trucks are being equipped with cow caller horns that bring the cattle on the run when they are used.

Cattlemen say the mournful mooring sound works like a charm. The theory is it resembles a mating call.

Springlake Farm Bureau Begins Building Drive

A drive for funds for the planned community building at Springlake will begin next week, according to Richard Etter, member of the building committee.

The building is being sponsored by the Springlake Farm Bureau and is planned to serve as a meeting place for that organization, and an auditorium for all worthy community projects and activities.

W. T. Clayton of Springlake has donated the land for the building site, which is located near the park on the west side of Springlake.

The members of the Farm Bureau will begin calling on individuals in the community for contributions toward construction of the building Monday. A meeting will be held of Farm Bureau members Saturday at 4 p.m. at the Springlake Gin company to organize the drive, Etter said.

"We're all farmers and since this is a busy season we've been hampered in our progress. But we will begin contacting members of the community Monday for contributions to get the building program underway," Etter said.

The Springlake Farm Bureau members will be presented the building committee's recommendations on the type of building, which will be an all purpose building, suitable for use as an auditorium, for livestock shows, or anything. Etter said plans will be made so that the building can be expanded later to include such things as kitchen facilities.

The project is under the direction of Springlake Farm Bureau president, Gilbert Weisman. Etter heads the building committee and A. Whitford is chairman of the finance committee. Other committees will be appointed at the next meeting, July 13.

Officers of the group are Weisman, president; Billy Wayne Clayton, vice-president; Bill Struve, secretary-treasurer; Mrs. Ernest Green and Mrs. Ernest Baker, program chairmen.

Area Men Report For Induction

Area men who reported for induction June 14, according to a report from Texas Local Board No. 4, Selective Service System, Muleshoe, were:

Walter Doyle Bennett, Whiteface and Gilbert Leroy Wilson, Morton; Joe Pat Wagon, Muleshoe; Joe A. Walters, Littlefield; James Royce Cole, Muleshoe; Irvin Edgar Pet-ty, Whiteface; William Eugene Aylesworth, Muleshoe; Grady Lawrence Robbins, Muleshoe; James Oliver High, Sudan; Foy Leon Moore, Littlefield; and Cleveland Williams, Muleshoe.

Oma Gilder Is Probably First Woman To Solo From Littlefield Airport

Mrs. W. D. Gilder joined the ranks of the "plane drivers" Tuesday evening when she made her first solo flight at the local airport. Mrs. Gilder has had 16 hours of dual time with her instructor, Roy McQuatters Jr., and made her solo flight just before sundown Tuesday. She is the first woman on record to learn to fly a plane at the local airport.

McQuatters, who is only a spare time instructor when his farming duties at Spade allow, said, "Mrs. Gilder is very proficient. I've had many military students who were not so good."

He has instructed here off and on since he received his discharge from the airforce last June as a first lieutenant. He still does some flying in the "big planes" at Reese airforce base to get in his 100 hours a year of flying time, required to keep his proficiency. He is rated as a flight instructor.

Mrs. Gilder said, "I wasn't excited. After I got off the runway and over the house at the end of it, I felt fine."

She has been taking flying lessons from McQuatters in the Bonanza owned jointly by her husband and Homer Garrison. Gilder and Garrison both have their private licenses, and Garrison recently flew to California to attend the Flying Farmers of America convention.

"The Bonanza is harder to fly than the ordinary light airplane," McQuatters said. The plane is more similar to airforce trainer planes than to the light cubs. He said the average pilot solos in a cub with eight to ten hours dual time, and solos in a Bonanza with 15-20 hours.

Mrs. Gilder was given extra dual time by her instructor to insure her proficiency in handling the plane and still soloed in 16 hours. McQuatters said, "She's an above average student, for a man or a woman."

Mrs. Oma Gilder and her instructor, Roy B. McQuatters Jr., are shown above just after she made her first solo flight. (Photo by Taylor Studio)

Next step for Mrs. Gilder is her private license, which will allow her to fly with passengers for private use. She plans to continue her flying until she gets this license. Now that she has soloed, she must "log" or record the time she spends flying alone. Other prerequisites for the private license are a dual cross-country flight, a solo

cross-country, a written examination, and a flight check with a designated flight examiner. McQuatters, who will continue instructing Mrs. Gilder until she receives her private license, expects her to be ready for that in about six weeks. "She rides through the steep turns like they were every day occurrences," McQuatters said.

concerning Mrs. Gilder's adjustment to flying. "Last week the landing gear on the plane failed to come down, and she went through the emergency procedure without any trouble." Mrs. Gilder's solo flight was made without any trouble and her three solo landings were very good according to her instructor.

But They Don't Fly Cars

PHOENIX, Ariz. (AP) - Airplane-type safety belts have been installed in Arizona highway patrol cars as a safety precaution. Supt. Greg O. Hathaway said the belts offer better chance to survive a crash.

VFW And Jaycees Take First Games In League Play

The Little League of baseball for boys in Littlefield got underway last Monday night with the V.F.W. winning the first scheduled game from the Lion's Club, 5-2. The Jaycees took the W.O.W. Tuesday night, 11-8.

In Monday's game, little Keith Blair from Amherst gave up five walks and held the roaring Lions to only five hits while striking out four in his six innings of pitching. For the losers, young Saeger of Amherst struck out two and only gave one base on balls and four hits. Errors seemed the difference in runs scored. The game was close as the Lions threatened to tie the score in the last half of the sixth with two men on base. They were only able to bring in Manley, who had doubled, with a hit by Saeger.

Tuesday night lads Mac Eaton and Ball hit home runs to lead the Jaycees in their 11-8 victory over the W. O. W. However, mighty W. O. W. pitcher, Koeller, struck out 12 Jaycees in losing and struck up only three hits. Team-mates errors and his six bases on balls gave the Jaycees an edge.

Little Smith and Whitson shared the pitching honors for the Jaycees. Together they yielded only three hits but handed over twelve

bases on balls to the Woodmen. They struck out four men each. After the scheduled games Tuesday night the Smith-Badger colored boys team in the Littlefield Little League played a 3-inning exhibition game with the white-grown men and boys present, losing 8-2. It was a real show with Charley Duval imitating the great big league umpire, Ziggy Sears, and Whitson, Bill Fore and other grown men striking out on the sliding round house curves of little Billy Ray Morgan.

Slim little Thompson hit a home run through the legs of the short stop and center fielder for the Smith-Badger boys and Whitson, sr., hit a homer for the grown white men's team.

Thursday finds the highly rated Rotary team meeting the strong Smith-Badger boys in the Little League game at the fairgrounds diamond. The V. F. W. comes back Friday to take on the Rotary boys.

The games are free to the public and spectators can park their automobiles on the sides for excellent views and good seats. Tuesday night the bleachers were moved to behind the screens and the League-sponsoring Jaycees had received the new bases for the diamonds.

Jaycee Rodeo Is Set For Aug. 26-28

Littlefield Jaycees discussed plans for the ninth annual Jaycee Rodeo, to be held at the rodeo arena at the Lamb county Fairgrounds, August 26-27-28, at luncheon meeting Tuesday.

The local mosquito situation was also discussed, but no action was taken.

Zearl Young was named director from the Jaycees for the Community Center. He succeeds Elmo Jones.

Jones has been appointed committee chairman of state Jaycee religious activities. Only two of the 13 state Jaycee committee chairmen are from this area. Bill Mayes of Ralls is chairman of state youth activities.

Good Will Dinner Thursday Evening

The first of the annual Farm Dinners will be held Thursday night at Pleasant Valley.

Tickets may still be obtained by calling the Chamber of Commerce office Thursday. One ticket, for \$2.50 will pay for the supper of a businessman and a farmer. The meal will be served by the Pleasant Valley social club.

Local businessmen going will meet in front of the Chamber of Commerce office at 6:30 p.m. Thursday and go together.

Albert Miller will be master of ceremonies. Three other Farm dinners are scheduled during the summer at communities near Littlefield.

Purpose of the good will dinners is to allow businessmen and area farmers to become better acquainted.

Burglar Could Work

GOSPORT, Ind. (AP) - Burglars aren't supposed to be advocates of honest toil but the loot taken from a Gosport store included \$750 worth of work clothes.

Mrs. Joe Walden

Daisies And Ivy Form Setting For Anzeline - Walden Wedding

In a quiet candlelight ceremony at the First Presbyterian church Sunday, June 13, at five o'clock, Miss Garland Anzeline, daughter of Mr. and Mrs. Frank L. Anzeline of Littlefield, was married to Joe Verne Walden, son of Mr. and Mrs. G. V. Walden of Littlefield.

Rev. Henry Haupt, pastor of the church, performed the double ring ceremony before a background of wrought iron screens covered with ivy, trees of lemon leaves and baskets of Esther Reed daisies, and candelabra with white tapers.

Mrs. J. H. Penn of Littlefield played traditional wedding music and accompanied Miss Jan Cristal of Lelia Lake as she sang "I Love You Truly", "O Promise Me" and "The Lord's Prayer".

Given in marriage by her father and her mother, the bride wore an original gown of white embroidered Swiss organdy over net and taffeta. Designed with portrait neckline, the fitted bodice was made with long torso and tiny sleeves, and terminated with rounded line at hipline. From this stemmed a magnificent skirt of shirred fullness outlined at the bottom edge by scallops.

The fullness of net, taffeta and organdy was emphasized by net and ermine worn underneath.

Her veil of silk illusion was joined to a pill-box type hat of embroidered organdy to match the dress. She carried an 1894 Indian head penny given by her maternal grandmother. Something new was seed pearl earrings. She borrowed a white Bible from Mrs. Billy Derrick and wore a blue garter belonging to Miss Evelyn Berry of Durango, Colo.

Mrs. Wade Strother of Littlefield, cousin of the bride, was her only attendant. She wore a dress of white imported Swiss organdy over taffeta. Designed with portrait neckline with small net yoke outlined with upstanding cuff of scalloped embroidery, the fitted bodice was made of tiny shirred sleeves and joined to an immense waltz length skirt of organdy and taffeta, shirred at waistline, with bottom edge outlined by scalloped edge of embroidery. She carried an arm bouquet of white Esther Reed daisies and English ivy, and wore a headband of white daisies.

Tom Jinks of Canyon served as best man and Larry Rice and M. C. Northam, of Littlefield, were ushers. John Nail, of Littlefield, lighted the candles.

The bride's mother wore a beige dress and aqua summer velvet hat with beige and black accessories. Her corsage was of pink rosebuds.

The mother of the bridegroom chose a navy cotton dressmaker

suit, with navy and white accessories and a white carnation corsage.

A reception was held in the church following the ceremony, the beautifully decorated altar serving as a background for the bride's table, which was laid with a floor-length pale green faille cloth. It was centered with a three tiered wedding cake, decorated with daisies and lilies-of-the-valley and topped with an arrangement of loops of white ribbon. Five milk-glass cups, each holding a single large daisy and sprigs of ivy formed a circle in front of the cake. Green candies in milk glass holders were placed on either side. At one end of the table stood a milk-glass epergne filled with daisies and ivy, topped with a cupid holding streamers of green ribbon which ran down to the bride's bouquet. Cool green punch was served by Mrs. Billy Derrick from a milk glass punch bowl standing in a bed of ivy sprinkled with daisies.

Eaton Hawk cut the cake, assisted by Miss Mona Hawk. Out of town guests were Mr. and Mrs. Milton Moore and Mardell, of Bovina, Mrs. Vada Spence and Vagdel, of Lubbock, Mrs. Don Holder of Oklahoma City, Miss Judy Hunt of Plainview, Mr. and Mrs. Claude Brooks and Elaine of Amarillo, Buddy Holly of Amarillo, Mr. and Mrs. Fred Briggs of Lubbock, Mrs. Caroline Angeline of Trinidad, Colo., grandmother of the bride, Miss Ruth Jones of Denver City, Miss Marjorie Clinton of Lamesa, Miss Sandra Shelton of Lubbock, Miss Inelle Cox of Canyon, Mrs. Tom Jinks of Canyon, Miss Helen Benita Carr of Canyon, Miss Jan Christal of Lelia Lake, Lake.

For a wedding trip to New Mexico, Mrs. Walden chose a two-piece grey linen dressmaker suit, piped with white. Her accessories were white linen and she pinned a white orchid corsage to her suit.

Both Mr. and Mrs. Walden are 1951 graduates of Littlefield high school. Mrs. Walden attended Texas Tech and West Texas State College at Canyon, where she majored in commercial art. She was a member of the Gargoyles club and Engineering Society at Tech. Walden has attended West Texas State College two years, majoring in accounting and was a member of the "T" club. They will enroll

at West Texas State college for the fall semester.

After the wedding trip the couple will be at home in Littlefield at 501 e. ninth.

Rites Set Thursday For Anton Resident

Funeral services for William Lemuel Bailey, 72, of Anton will be held at 8 a.m. Thursday at the Bailey hotel in Anton and at 4 p.m. Thursday at the Baptist church at Bradshaw. Burial will be in the Bradshaw cemetery.

Bailey died unexpectedly Monday afternoon in Snyder while visiting a nephew. The body was transferred to Rix Funeral home in Lubbock Tuesday.

He was a retired farmer and had lived in Anton vicinity about 30 years. He was a member of the Primitive Baptist church, and a member of the I.O.O.F.

Survivors include his wife; one daughter, Mrs. Frank Griffith, of Arch, N.M.; three grandchildren; his mother, Mrs. J. A. Bailey, Anton; six sisters, Mrs. A. L. Young, Anton; Mrs. L. G. Aaron, Compton, Calif.; Mrs. Susie Gordon, Los Angeles; Mrs. Edna Jacobs, St. Louis, Okla.; Mrs. Celia Brock, Dallas, and Mrs. Bula Corey, Pampa.

Women who love to reform their husbands may be missing a chance to exercise these talents where they would do some good.

Not that husbands don't need reforming; or that many a wife couldn't re-make her man into something really noble—if he'd just do what she says. But the average attempt at husband-reforming is a washout. Unless a woman is a master psychologist, she ends up emphasizing the faults she would like so much to correct.

With children it's different. By tact and patience, children can be "handled" easily. They aren't yet set in their ways. They're open to suggestion, love Mom un-questioningly, and like to learn new things.

Hence, the mother who lets T.V. script writers, actors in western movies, and comic book artists mold her child's entire philosophy of life is asleep at the switch. She needn't be adog in the manger about these outside

Brock-Jones Wedding Is Sunday Event

Miss Claudene Brock, daughter of Mrs. C. E. Brock of Springlake, and A. J. Jones, son of Mr. and Mrs. Earl Jones of Springlake, were united in marriage, June 11, at eight o'clock at First Baptist church in Springlake.

The double ring ceremony was performed by Rev. John T. Williams, pastor of the church, as the couple stood before an arch covered with bridal wreath and daisies, topped with white wedding bells, and flanked by white tapers in candelabra.

Miss Barbara Brock, sister of the bride, played the traditional wedding music and accompanied Miss Beth Bull of Earth as she sang "Indian Love Call," and "Through the Years."

Given in marriage by her mother, the bride wore a gown of bordered lace over satin, with long tapered sleeves, the wide v-type neckline edged with scallops. Her flowers were white daisies on a white Bible, with showers of satin ribbons tied in lovers' knots.

Her maid of honor was Miss Betty Lou Gregory of Earth. Miss Norma Jean Jones was bridesmaid. Their dresses were made similar to that of the bride and were of yellow and off-white.

Dubb Jones and Jenna V. Brock were candlelighters. Judy Hollingsworth was flower girl and Delpha Jean Banks was ring bearer. Gilbert Lee Wisian served as best man.

A reception followed the ceremony. Assisting were Miss Joan Maxey, Miss Shirley Ann O'Hair and Miss Joyce Kirtrell.

Out of town guests included Mrs. Ola Bailey and daughters, Yvonne, Johnny Lee and Olivene, of Ft. Sumner, N. M., Mrs. E. W. Johnson and Connie of Amarillo, and Mr. and Mrs. Jess Padon of Spade.

Following a wedding trip, the couple will make their home in Hereford where the bridegroom is employed by El Paso Natural Gas Co. For travel the bride chose a brown and white linen suit with white accessories.

Both the bride and bridegroom are 1954 graduates of Springlake high school.

Fire Brings Rescue

NEW HAVEN, Conn. — Fire Marshal Eugene Mulligan and a fire department inspector went to a house next door to the scene of a fire to ask if they could use the telephone. They found Mrs. Helen Peterson and her seven children all partly overcome from lack of oxygen, caused by the flame in a ventless hot water heater.

"I guess the Lord sent us to that particular house," Mulligan said later. "I don't think they would have died, but they would have been much sicker if we hadn't arrived when we did."

TEXAS PRESS CONVENTION SPEAKERS—Two men of national prominence and one of the nation's most outstanding women in press circles and public life will address some 400 daily and weekly newspaper publishers in Fort Worth on June 18-19. The occasion will be the Diamond Anniversary meeting of the Texas Press Association. One of the speakers is Louise P. Throgmorton, pictured on the left above. He is vice president and director of public relations for the Republic National Life Insurance Company of Dallas. He will give a humorous talk titled "Novus Ordo Seclorum." Mrs. Oveta Culp Hobby (center), secretary of the Department of Health, Education and Welfare, Washington, D. C., is another TPA speaker. She is the wife of former Governor W. P. Hobby, publisher of the Houston Post and has served in many high offices in the newspaper profession and public life. She will address the 75th Annual TPA Convention on "Women in Public Life." Rhea Dox (right) will also address the newspapermen. He is vice president of Safeway Stores, Inc., Oakland, California. Dox has spoken before national and international audiences of service clubs and business groups. His talk is titled "Three Little Adages and How They Grow."

LETS ELECTRIC COOKING HELP HER RAISE A FAMILY OF 7!

The A. L. Otto family—all nine of them—are enthusiastic about electric living. They have found—as you will—that the comfort and convenience of electric living make electric service—truly—the biggest bargain in your family budget.

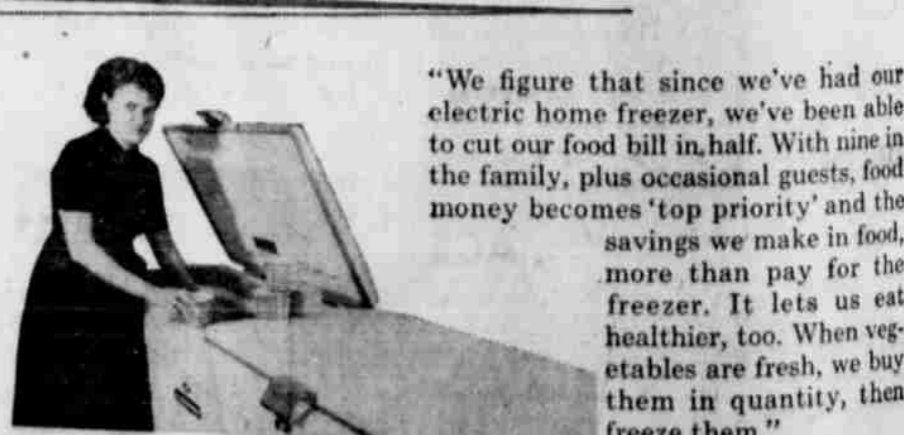

Mrs. OTTO says...

"With seven children and a husband, meal-making could keep me pretty busy, but my electric range solves my cooking problems nicely. The deep-well cooker, for example, is used continuously by me to cook nutritious food for my family. Of course, I use the top elements and the oven almost every day, so I feel that I know electric cooking 'personally' so to speak. It's the ideal way to cook."

"I often stop and wonder, 'What in the world would I do without my electric appliances?' Take the clothes washer and clothes dryer, for example. You who have children, know the washing problem involved. I just couldn't do without my washer and dryer. The towels come out so fluffy and nice. Funny thing, even boys help with the clothes folding since we got our electric dryer."

"We figure that since we've had our electric home freezer, we've been able to cut our food bill in half. With nine in the family, plus occasional guests, food money becomes 'top priority' and the savings we make in food, more than pay for the freezer. It lets us eat healthier, too. When vegetables are fresh, we buy them in quantity, then freeze them."

ELECTRIC SERVICE IS ECONOMICAL...

"Folks who aren't used to the time and money saving value of electric appliances often think our electric bill is high. Actually it isn't, for, in addition to the range, freezer, washer and dryer, we also have a refrigerator, toaster, mixer, waffle iron and grill, vacuum cleaner, sewing machine, iron, clock, television, radio, our lights, and even an electric train for the children. The little we pay out in electric service actually saves us money."

Cowan's Wedding 50 Years Performed In Buggy

Mrs. P. S. Cowan, 1005 ... celebrated their wedding on June 6, 1904. They were married "in a buggy under a mulberry tree" and the preacher "came up to the buggy and married us there". The children of Mr. and Mrs. Cowan honored their parents with a barbeque at the home of a son, A. M. Cowan of Fieldton, and later held a reception in their home where 101 guests registered. Many more than this number called during the day. They were recipients of many lovely gifts, including a new cook stove from the children.

Mr. and Mrs. Cowan have been the parents of 16 children, 12 of whom are living. One son, Cpl. Roland Cowan, is in the service at Fairbanks, Alaska, and was not able to be present. They have 26 grandchildren and six great-grandchildren living.

Miss Leta Merle Roberts

Crown Leta Merle Roberts Queen At ENMU Music Camp

Leta Merle Roberts, daughter of Mr. and Mrs. Virril Roberts, was chosen Camp Queen of the Seventh Annual Sunshine Music Camp held June 4 through June 13 at Eastern New Mexico university at Portales, N. M.

A primary election was held and Leta Merle was the only Texan nominated, with four New Mexico girls as competition.

She was known on the campus as "the tall Texan" and when election time came some of her fans found it necessary to ask how she was listed on the election ballot.

C. M. Stookey, chairman of the school of music at the college,

made the announcement in a ceremony at the college.

She was also awarded a full scholarship, including room, board and tuition and private lessons, to the Eighth Annual Camp in June, 1955, which is the highest single honor that can be bestowed on any camp member.

Miss Roberts sang in the White Chorus, played in two different bands, at the school, took twirling and played in the orchestra. She plans to enter Texas Tech Band School for the remainder of the session.

Several gifts were given by the hostess group and many other useful gifts were received.

Mesdames James Holland, Henry Brown, Neal Bench, Fred Wilson, A. D. Lynch, A. J. Mote, Eryle Abbott, Homer Campbell, Paul Gonzales, L. M. Atkinson, Herman Davis, W. M. Garton and Charlie Jones were hostesses.

**Sunday Afternoon Ceremony Unites
Miss Neuenschwander, Doyle Alford**

In a lovely four o'clock wedding at Emmanuel Lutheran Church in Littlefield Sunday, June 13, Miss Martha Ruth Neuenschwander, daughter of Mr. and Mrs. Albert Neuenschwander, of Littlefield and Doyle Dean Alford of Littlefield, son of Mr. and Mrs. G. B. Alford of Barbourville, Ky., were united in marriage.

Rev. G. B. Seager, pastor of the church, performed the double ring ceremony as the couple stood before an archway of greenery which held on each side baskets of yellow mums, tied with orchid bows.

Given in marriage by her father, the bride wore a gown of white Chantilly lace over satin. The fitted bodice was made with long tight sleeves, and a yoke of net which was outlined with iridescent sequins and buttoned down the back with tiny covered buttons. Tiny round collars of lace were also decorated with sequins.

The full skirt of lace over satin swept to chapel length as did the veil of lace-trimmed illusion which was joined to a tiara beaded with iridescent beads. She carried a corsage of yellow roses on a white Bible, with satin streamers.

The matron of honor was Mrs. V. J. Hobratchek, of Littlefield, sister of the bride. She wore a ballerina length strapless gown made with bodice and tiny bolero of Chantilly lace and voluminous skirt of six tiers of net and lace over taffeta. Her colonial corsage was of blue carnations and she wore a head band of maline to match her dress.

The bridesmaids were Mrs. Gerald Leavelle of Levelland and Miss Glenda Meeks of Vega. Their gowns were made identical to the matron of honor and were in yellow and blue. They carried colonial bouquets of yellow and blue

carnations. Darla Lou Neuenschwander, the bride's niece, served as flower girl and wore a floor length dress of pink organdy with a net overskirt and ruffled sleeve line. She wore a pink carnation corsage.

Little Lee Alford, nephew of the bridegroom, served as ringbearer and carried the rings on a white satin lace-trimmed pillow.

Robert Alford, of Littlefield, brother of the bridegroom, was best man. Ushers were V. J. Hobratchek and Clarence Hobratchek, of Littlefield. Groomsmen were Herman Neuenschwander, brother of the bride and John Alford, brother of the bridegroom, both of Littlefield.

Mrs. Albert Neuenschwander, mother of the bride, wore an original two-piece suit of mauve boucle, with white accessories and a corsage of white carnations.

Mrs. John Alford, sister-in-law of the bridegroom, wore a one-piece printed silk dress with beige and white accessories. She wore a corsage of white carnations.

Immediately following the ceremony, guests were invited to a reception and bridal shower at the Community Center. They were registered by Miss Annie Neuenschwander, sister of the bride, and Miss Elysne Manthey of Lubbock, cousin of the bride.

The bride's chosen colors of yellow and orchid were used in decorating the tea table. A lace cloth

was laid over orchid and yellow, with a punch bowl at each end of the table, one with yellow and the other with orchid fruit punch. The 3-tier wedding cake, which centered the table, was decorated with roses of yellow and orchid and topped with a bridal couple standing under a large white lace bell.

Mrs. Gerald Green of Lubbock, cousin of the bride, and Miss Nadine Spann of Littlefield, served the cake.

Mrs. V. J. Hobratchek and Mrs. Curtis Wilkinson served punch, as did Mrs. Gerald Leavelle and Mrs. John Alford. Mrs. W. O. Stephens of Sudan, assisted with the gifts.

Plates of sandwiches and homemade cake, potato chips and pickles, green pink and yellow mints were served to the guests.

Out of town guests were Mr. and Mrs. Phillip Gillespie and Donald and Cora Beth of Levelland, Mr. and Mrs. A. Gillespie of Levelland, Mrs. Hubert C. Teinert of Wilson, Mr. and Mrs. Paul Manthey and daughter, Elysne of Lubbock, Mr. and Mrs. W. O. Stephens of Sudan, and Mr. and Mrs. Bob Crowell of Snyder.

For a wedding trip to Corpus Christi, Mrs. Alford chose a teal blue summer suit with yellow nylon blouse. Her accessories were beige and she pinned a corsage of yellow roses to her suit.

Mrs. Alford is a graduate of Littlefield highschool and Draughton's Business college and has been employed three and one-half years by the Littlefield Chamber of Commerce.

Alford is a graduate of Knox Central highschool at Barbourville, Kentucky and is employed by White Concrete Pipe company of Littlefield.

After a short wedding trip the couple will be at home at 715 E. 12th Street.

Witnesses of Christ

By TOMMY WILLIAMS, Minister with him" (John 3:2)

3. God. "And the Father himself which hath sent me, hath borne witness of me" (verse 37). God said, "This is my beloved Son in whom I am well pleased" (Matthew 17:5).

4. The Scriptures. "Search the scriptures; for in them ye think ye have eternal life; and they are they which testify of me" (verse 39). Jesus fulfilled the writings of the Old Testament concerning a Christ to come in even the smallest details.

5. Moses. "For had ye believed Moses ye would have believed me: for he wrote of me" (verse 46).

If we are willing to weigh the testimony, we must agree with Philip: "We have found him, of whom Moses in the law, and the prophets, did write..." (John 1:45).

Come next year, or the year after that, you'll be seeing on other cars some of the styling features you see in Buick today.

We expect it. It has happened before. And there is good reason for it — popular appeal.

Take, for example, the car model shown here.

We call it a Riviera. Most people call it a "hardtop."

When Buick introduced this body type in 1949, it was a completely new thing. And it was an instant hit.

Today, Buick "hardtops" outsell all other models in the line. It's the styling America has taken to its heart.

So today you find that every major car maker has his own version of this Buick original. (And we can't blame them a bit. They know a good thing when they see it.)

Maybe you've noticed other such borrowings from Buick.

The diagrammatic sketch shown here lists some of the Buick advances that are now

reflected in the styling of other cars — or will be soon.

For you can be sure that the great panoramic windshield first shown by Buick this year will be copied. It's too good to pass up.

And you can be sure that the full rear-wheel cutout now on every 1954 Buick Riviera and Convertible will show up elsewhere in the future. It's a sports-car touch that hits a really popular note.

We're sure of such things.

We're sure because the tomorrow-styled Buick of today seems to be just what people want. Because Buick sales are soaring. Because Buick now outsells every other car in America except two of the so-called "low-price three."

So to you we say — why wait another day to see and drive a new Buick? It's the beauty of the year. It's the buy of the times. And it's a wonderful way to head up the parade.

Drop in this week for a demonstration, won't you?

Gunn Bros. Redemption Store Opens Friday

Prizes Galore, Open House
Opening Of Gunn Bros.

Grand opening featuring \$500 in valuable prizes given away will be held Saturday for the new Gunn Bros. Stamp Redemption Store at 412 Phelps Avenue.

Prizes to be awarded to persons who register during the opening will range from a \$200 cash prize to luggage, Revere thermos jugs.

Friday festival will begin opening at 9 o'clock and continue at 6 p.m.

Gunn Bros. recently introduced Stamp Redemption in this area with 31 participating merchants in Littlefield, Amherst, Bala, Fieldton, Pep, Spade, Springlake and Whitharral. Stamps may be exchanged for 2,000 items to be carried over.

Blankets for the winter may be secured free of charge from each firm, and only those eligible to register. A person may register as many times as desired, providing registration cards are obtained from different stores.

Books must be filled in and returned to the Gunn Bros. Redemption Center located at 412 Phelps Avenue, former location of Lamb County Leader. It will be necessary to be present to receive the galaxy of prizes being offered.

The \$200 cash prize are a Revere thermos jug, a Revere electric ice cream freezer, a chest and jug, a camp stove, a Coleman lantern, a camera outfit, Deluxe aluminum pitcher and a colorful lazy susan, a serving dish, fitted picnic benches, pyrex sets, base gloves, and many others.

Redemption Store will be open 9 a.m. until 5 p.m. six days a week, beginning Friday.

Gunn of Amarillo, president of the Thrift Stamps organization. "We are very proud of this new stamp redemption store giving Gunn Bros. stamps to the citizens to use as a member of the community. We will do our utmost to maintain Littlefield and Amarillo as one of the best in West Texas."

Russell Durham will be in charge of the local store. Gunn Bros. stamps are a division of the Gunn Bros., a 32 year old firm with headquarters in Amarillo.

Stamp redemption stamps are used extensively by merchants in the area as a sales stimulus. Stamps are issued free with purchases made at participating firms and collected in books by the stamps may be exchanged for a wide variety of gift merchandise.

Redemption of the stamps, started last year by W. B. and C. Gunn, has expanded into Colorado, Oklahoma, New Mexico and Texas. People saving the stamps are in the tens of thousands according to the two brothers.

Interior of the building, designed by Marley Drake, has been completely remodeled and is flourishing. A soft fog-gray tone on the one wall and a modern design on the opposite wall contrasted by a dark wood paneling.

Decorations will be artistically designed to conform with the modernistic theme of the building.

There are four island displays, wall cases, four glass cases and seven indented cases in which more than 2,000 items will be shown. No items in the local store will be for sale only through exchange of stamps.

Light in the front of the building is featured merchandise and air conditioning unit has been installed as a convenience to customers.

Some of the firms giving Gunn Bros. stamps are also offering in addition to those offered in the Redemption Store, when a person has used a registration card from that particular firm.

**Spade HD Club
Has Program On
Civil Defense**

SPADE—The Spade Home Demonstration Club met in regular session at the home of Mrs. H. P. Pointer, Tuesday, June 8 at 2:30

p. m. The business session was presided over by the president, Mrs. Preston Pointer.

Mrs. Bayne McCurry led the group in a song, "Chester, Have You Heard About Harry?" The members answered the roll call with "One reason I am interested in civil defense."

The group voted to go to Lubbock, June 22 and tour some of

the business places and visit the television station. They will meet at 9:30 a.m. at Mrs. H. P. Pointer's and go as a group. They will eat dinner at Underwood's Bar-B-Q place in Lubbock.

Mrs. Travis Hopper presented a program on civil defense which included demonstrating the proper way of giving artificial respiration.

Refreshments of ice cream cake and punch were served to Mesdames: Ada Reed, Marie Hamilton, Lois Vrabel, Martha Parks, Anna Lynn Reed, Hazel Hooper, Lera Pointer, Doris McCurry and the hostess. The visitors were Mrs. Shine Miller and Janie Dean and a new member, Mrs. Robert McCurry.

Wed At Portales**

ANTON — Miss Kathlene Leavelle and Bill Wood were married at Portales, N. M., June 5. The bride is the daughter of Mr. and Mrs. J. M. Leavelle. The bridegroom is the son of Mr. and Mrs. Troy Wood of Friona. A double ring ceremony was

read in the First Baptist church of Portales, N. M., by the pastor, Rev. Brice Sandlin. Miss Carroll Sloome and Billie Ed Harper attended the couple. The bridegroom has lived at Anton for a number of years, and Billie Ed Harper lived here before he moved to Portales. Wood entered the U. S. Army June 15.

**VBS Ends At
Hart Camp**

HART CAMP — Vacation Bible school at the Hart Camp Baptist church closed Wednesday at noon. Commencement exercises were held Wednesday night. Pastor C. H. Vanlandingham acted as principal of the school with Mrs. Vanlandingham as general secretary. Frances Pressley was pianist and Sue Sullivan was song leader. A record of 61 pupils were registered in four departments. The school had an all-time high average daily attendance also. Workers in the beginners department were Mrs. M. W. Wheeler, Mrs. Roy Hendrick and Betty Franklin. Primary department workers were Mrs. C. P. Montgomery, Mrs. C. E. Timmins and Yvonne Huff. Workers in the junior department were Mrs. Junior Muller and Sue Sullivan. Intermediate department instructors were Mrs. Homer Worley and Betty Wheeler. Refreshments were served each day by the ladies of the church alternating in pairs under the direction of Mrs. Blanton Martin.

Headless Patient?

DES MOINES (AP) — The Iowa state board for vocational rehabilitation made public the following letter which, it said, was received by a doctor:

"Please call and see my husband. It's his head. He's had it off and on all day today and yesterday, and today he's sitting with it in his hands between his knees."

One Cent Dimes

SAN FRANCISCO (AP) — Alert city officials nipped a "flattened dime" racket by a few municipal bus drivers. Officials said flattened dimes registered as pennies when an operator dropped them into the cash box while making change for riders, giving the operator a 9 cent "profit." The company soon stopped the thievery.

This piece of luggage is one of the Grand Opening prizes which caught the eye of Mrs. Cecil Bartlett. Mrs. Bartlett is shown examining the luggage in one of the display counters in the new Gunn Bros. Redemption Store which will open at 9 a.m. Friday. Open House will be held Friday and Saturday and a galaxy of prizes will be given away at 6 p.m. Saturday.

Tommy Martindale Back, Will Team With Cortez To Try For Tag Trophy

Tommy Martindale, the handsome Milwaukee mauler, has returned to the Southwest States junior heavyweight wrestling territory after a lengthy tour of other sections, and will appear against Johnny Demchuck of Canada in Saturday night's main event at the Littlefield Sports Arena.

Martindale, tall, acrobatic and fast, has been missing from the local scene for several months. At one time last year he and Cyclone Anaya held the tag team championship of the territory, and were never defeated in defending it. The partnership was dissolved and the title surrendered when Anaya sustained a ring injury that kept him out of the game for nearly a year.

"Dynamite" Demchuck, Russian born, widely traveled athlete who has become one of the most popular grapplers in the territory, now shares the tag team title with veteran Bob Cummings of Hereford.

Cummings will also be along Saturday night. He meets the vicious Mexican wrangler from Los Angeles, Al Cortez, in the first section of Saturday night's double main event.

Each match is scheduled for two out of three falls or one hour

Tommy Martindale

time limit. Cortez has added a new sparkle to the game since invading this territory about three weeks ago. He takes his wrestling most seriously, and has no regard for his opponent and very little for the rules. West Coast fans know him

joined to a band of white roses and seed pearls. She carried a corsage of pink baby-doll rosebuds with white satin streamers.

Mrs. Bonny Medlin of Littlefield was matron of honor. She wore a ballerina length gown of white lace over satin and a white hat with white rosebud trim. Her colonial corsage was of red roses.

Mrs. Zeldia Wiggins, of Wagon Mound, N. M., Miss Katherine Furlow of O'Donnell, Miss Madeline Ryals of Anton, and Miss Lonnie Joan White of Andrews, were bridesmaids. They wore ballerina length strapless dresses of pink or blue satin and net.

Best man was Elmer Wiggins of Wagon Mound, N. M. Jimmie Donnell Coble and Jimmie Gartin, both of Las Vegas, N. M., served as ushers.

A reception was held after the ceremony in the home of the bride's parents. Assisting were Mrs. Bonny Medlin, Miss Madeline Ryals, Mrs. Barbara Truel, Miss Katherine Furlow, Miss Tommie Jo White, Mrs. Zeldia Wiggins, and Mrs. Oscar Furlow.

For a wedding trip to Fort Worth the bride chose a green and grey striped cotton and white accessories.

The bride attended public school in Littlefield and Las Vegas, N. M. She was a member of the Lamb county 4-H club.

Gartin attended school in Las Vegas and has taken special work in refrigeration repair service at Fort Worth.

Cupid Has Room

NEW ULM, Minn. — For the past 20 years, Mr. and Mrs. Harold Sallet have rented a room in their home. Nine consecutive occupants have left after getting married.

The ninth roomer, Miss Charlotte West, a kindergarten teacher, became Mrs. Hobart H. Anderson.

best for a series of bloody bouts with Danny McShain, former world's junior heavyweight title holder.

Cummings and Demchuck launched a partnership several weeks ago that led to victory over Roy Shire and Bobby Wallace for the tag title. They have successfully defended the trophy twice, most recently against the former champs, Dory Funk and Cowboy Carlson.

Patsy Ham Married In Anton Ceremony

Patsy Annette Ham, daughter of Mr. and Mrs. Leon Ham of Littlefield, was married June 6 at three o'clock, in a quiet ceremony at the Laurence Street Church of Christ in Anton, to Rayburn L. Gartin, son of Mr. and Mrs. W. L. Gartin of Las Vegas, N. M.

The ceremony was performed by W. R. Jones, of Lubbock, Church of Christ minister; before a background of red roses, orchid dahlias and candelabra.

Members of the bride's class Lonnie Joan White of Andrews, furnished the wedding music and sang "Love Divine" and "I Love You Truly."

Given in marriage by her father the bride wore a traditional white satin and lace wedding gown with train. Her finger-tip veil was

Pint - Sized Pinafores Easy to Sew

By DOROTHY ROE
Women's Editor

Pinafores are a summer must for little girls.

When hot weather comes an active moppet can be rough on clothes, and mothers insist on garments that can take a beating, breeze through wash day and still look pretty. Women who sew know that the pinafore is the answer in

SUMMER STANDBY . . . A pinafore that allows for growth, easy to make.

all categories, and start early to stitch up a summer supply.

Any commercial pattern book offers several pinafore patterns but local sewing center experts suggest a couple of tricks for easier sewing and longer wear.

Select a pattern with a straight strap over the shoulder. Then, instead of having a single non-adjustable strap, cut the piece about six inches longer than the pattern calls for, and cut it in half. Finish the edges and tie the ends in a rabbit-ear knot on the shoulder.

For the first summer, it gives a perky look and opens flat for quick ironing. For the next year, it can be fastened by buttons or snaps on the ends. In this way the waistline as well as the overall length is dropped to allow for growth.

Wise mothers also save time

and trouble by using the assembly line technique to make several pinafores at once. Cut all by the same pattern at the same time and in different fabrics of approximately the same weight, so you can do all machine stitching without changing thread or tensions.

Favorites Come Through In Club Tournament

All favorites in the first bracket of the Littlefield Country Club Tournament came through with their first matches this last weekend with the quarter finals starting today.

Melvin Best took young Dan Howard as expected in the first flight but only after the high school football quarterback made the veteran amateur defending club champion work hard for the edge by the 12th hole.

Neil Duffy of Amherst beat Jim Mangum in one of the top-rated matches by one up on the 18th hole.

In the first real tension match of the week, Dr. Jack Still edged out Herman Barnett one up on the 18th. Still and Barnett shot even throughout the first 15 holes, then Herman took number 16. The doctor birdied number 17 and parred number 18 while Barnett parred and bogeyed. They both got a bogey on the 18th where Barnett missed a chance to tie it up on a nine-foot putt. Still shot a remark-

able 74 for their match.

Vernon Eagan had no trouble with Dick Nichols in their match but will find a real test in the quarter finals against Dr. Jack Still.

Glenn Batson beat long ball-hitting Boyd "Sammy Sneed" Roberts and year-before-last champion, Alvin Webb, took an interesting match from "Flying" Dub" Gilder.

The best match of the tournament thus far proved to be between top rated Rhenard McCary and upset-minded Doug Howell. Howell had McCary three down on number 1, then hit out of bounds, whereas Rhenard took the 14th, 15th, and 16th holes. They tied for pars on 17 and 18. On the extra sudden-death holes, Doug and Rhenard hit long straight drives on number one. McCary landed on the low side of the green with his iron and Howell hit to the high side, both about 20 feet. They two-putted with safety. On hole number two they both dubbed their tees and made beautiful wood drives to the edge of the green for their second stroke. McCary chipped first to within five feet of the pin and Howell chipped to within four feet. McCary sank his second putt for a par and Howell missed his 4-footer for a bogey to

lose the tight and tense match, one up in 20. This contest found the biggest following of around three carloads of club members in the galleries.

This week finds Best vs. Duffy, Still vs. Eagan, McCary vs. Batson, and Webb vs. the winner of the unplayed Keithley-Roger Newton match.

Semi-finals and finals will probably be played next week.

Services Monday For 10 Month Old

Rites were conducted Monday afternoon at the First Baptist church by Dr. Lee Heraphill for Rhonda Jo Holbrook, 10 month old daughter of Mr. and Mrs. L. F. Holbrook of Aurora, Ill.

Rhonda Jo was born July 13, 1953, in Aurora. She died June 11 after being hospitalized with pneumonia for three days in Aurora.

Survivors include the parents, one brother, Leonidus; one sister, Fonda; paternal grandparents, Mr. and Mrs. J. W. Holbrook of Ardmore, Okla.; and maternal grandfather, W. E. Blue, of Littlefield.

Burial was in Littlefield cemetery.

Pool's Wins Double Header

The Pool Shoes baseball team won a double-header last Sunday afternoon against Bula Independents and the Fieldton Fielders, 7 to 5 and 9 to 8.

Bill Jones pitched the winning Littlefield team to victory in the first nine-inning affair giving up only about 5 hits while his team mates collected an even dozen.

R. L. Rhoten hit a home run with one man aboard in the 6th inning when the score was tied up 5 and 5. This proved to be the winning run as Bula went hitless and scoreless the last three innings.

Carl Halford was the losing pitcher for the Balle county boys.

In the second game, a nice inning contest also, Leldon Williams of Spade lead the Littlefield Pool Shoes team to victory with clutch pitching though yielding nine walks. He went the distance for the winners and was credited with the win.

Frank Fry and Waylon Fields hit homers for Pool Shoes.

The winning run came in the ninth inning as pinch hitter, R. L. Rhoten, was deliberately walked. This strategy backfired because he

was sacrificed to second, third on a fielder's choice. Rhoten got a squeeze steal but made it on an error.

This double-header made wins with no losses for Shoes boys.

Read Rites For Mrs. Cockerham

Services for Mrs. H. Cockerham of Sudan, June 13 in a Muleshoe hotel after a brief illness, were held Monday morning at the Sudan church. Rev. Wayne Perry officiated and burial was in field Memorial Park.

Mrs. Cockerham was born June 6, 1900, in Collin county and was a resident of Sudan for 25 years.

Survivors include the O. D. Cockerham; two daughters, Mrs. Max Blair, Los Angeles, and Mrs. David Keith, Littlefield; one son, Carl, or Consequences, N. M.; one brother, W. C. Lee of Earth, J. W. Lee of Earth, sister, Mrs. J. P. West, Amarillo; and nine grand-

Safe, Pretty Tan Is Not Yours In A Day In The Sun

Ingredients used in these lotions ration ultraviolet rays without impeding those that stimulate the tanning process.

1. There is no exact time limit of safe sunning because skin types differ in their sensitivity to ultraviolet. As a rule, however, fair skins are quicker to burn than olive skins, but the individual is the final judge of his own skin tolerance. Some will find their maximum exposure is 15 minutes. Others may tolerate as much as 50 minutes.

2. A good effective sun lotion can help double the time you may safely stay in the sun. Screening ingredients used in these lotions ration ultraviolet rays without impeding those that stimulate the tanning process.

3. Even with a suntan lotion you can't hope to acquire a tan the first day. Prolonged exposure to sunlight may result in a painful and serious burn or a tan that will peel away quickly.

4. You can take less sun at the beach where reflection by sand water doubles the intensity of ultraviolet that you can take near grass or trees. You'll need to wear lotion on cloudy or hazy days, too.

5. Oiliness has nothing to do with the effectiveness of a sun preparation, so be wary of picking up just any oil from pantry or medicine chest to use as a sun screen.

6. Be sure to coat yourself with sun lotion after each swim and whenever your skin begins to feel dry. Sun allergy creams are available, which are said to block out all sun rays and if applied to sensitive areas such as nose, lips, shoulders, back of the knees will help insure safe sunning.

He said "I don't know nothin' about them hits but I've got 3 scores." Isn't that what counts in the long run?

A colored twin battery. That's what you'll see at these little league games. Rudolph Smith pitches and Adolph Smith catches.

I was complimenting the fine coach on his good team and he apologetically said, "I don't know what's wrong tonight. I got three of my best players out. They're over there at the Baptist Bible school tonight. I'll have them next week. One of them is the principal's kid. He's a ball player."

The coach was offering those apologies when his lads were already ahead 17-2. Branch Rickey would give anything for that amount of talent in the Pirate's organization today.

GOLF TOURNAMENT

The first match of the local club tournament found Mayor Hewitt taking Attorney Arthur Duggan 7 up with six holes to go on number three of the back nine.

The match of the day, and one hard to beat in the whole tournament was between Dr. Jack Still and Herbert Barnett. They were fairly even all the way around. After 14 holes they were still even. Barnett sank a nine foot put to go one ahead of Still on number 15. Still took 17 and 18 by a stroke each. Then on the last hole they teed off to the right of the green in the lower frog hair. Still chipped to within eight feet of the cup. Barnett chipped to within 7 feet. Still missed his first put. Barnett missed his for the match. That was a match for the gallery to watch.

Several Foresome saw the Still-Barnett match bearing down and very close so they let them through and watched them on in

number 18. There will be some beautiful golf this week as the bracket shows the club members very evenly matched. You can see the last two holes good from your car parked on the roadside.

My prediction this week without having seen all the golfers would pick Melvin Best for the first flight. McCary will be runner-up. Still will take third in the first flight from probably Alvin Webb.

In the second flight I'll pick Hedgepeth to edge out Fly Thornton. Third flight, his Honor, the Mayor will take Duffy the banker from Amherst. Fourth flight, we'll pick Griffin over Keeling in the heavy-weight division and to tell you the truth, Paul Hilbun is the only one in the fifth flight we've ever seen play. If nobody insists he takes much time on his shots, he'll hit down the middle and take that flight.

Give me one more chance to predict the winners after I've seen all the players do a round this week.

Lee Qualifies As Carrier Pilot

PENSACOLA, FLA. — Qualified as a carrier pilot after six successful landings aboard the light aircraft carrier USS Monterey in the Gulf of Mexico recently is Naval Aviation Cadet James T. Lee, son of Mr. and Mrs. J. H. Lee of 301 East Eleventh, Littlefield. He attended the University of Houston before entering the Flight Program through the U. S. Naval Air Station, Dallas.

The landings completed a stringent schedule in military, academic, physical and flight training at the U. S. Naval Air Station here. The Annapolis of the Air.

A course of instruction in instrument flying at the U. S. Naval Auxiliary Air Station, Corry Field, here, is his next step towards earning the coveted Navy "Wings of Gold."

Lee spent a recent weekend here visiting his parents.

No Hard Time

STROUD, Okla. — The Stroud American has come to the conclusion hard times are not here yet. "We offered to give away a pound of coffee with each subscription," the paper said. "People called to see what kind it was before they came in, or if they came by and didn't like the brand, just passed by the offer."

Floating Fire

MT. VERNON, Ind. — Fires have come to fire departments before but this one was a little unusual. Floating trash saturated with waste oil caught fire on Mill Creek and floated through Mt. Vernon. Firemen put out the blaze without damage.

Wayne

Cunningham...

The sport's drought is over—at least for writers. Good shows of local baseball, the little men's league and the Country Club's membership tournament are giving us plenty of moisture for the type. Believe we'll make it through the summer until football season begins.

SWIMMING POOL

Gene Mayfield did a super job with the City's assistant getting the swimming pool in the park in shape. New paint, patches, scrubbing and a little hammering makes it a pretty fair community pool.

Thus far, there hasn't been much "horse play" around the pool. That sort of thing getting out of hand causes a lot of injuries and accidents around swimming pools. Mayfield has the pool and crew well in hand and a reliable life guard at all times.

That pool is an oasis in this desert heat—and the summer is well in front of us, too. Dr. Cunningham can give you a good prescription for all aches and

pains: Cool afternoons at the Park swimming pool, cool evenings at the golf course and cool evenings at the ball diamond. Nobody's making any money now anyway, why work?

LITTLE LEAGUE

Exhibition games Thursday night showed the thrills the public is in for this summer with the little boy's baseball league.

Jaycees lead 2-0. Then teeny Johnny Schenck tired a little from throwing over 30 warm up pitches while the catcher tugged at his equipment. He walked a man. He dropped two infield flies that he didn't want to trust to the third baseman and the next colored boy up hit a home run through the legs of the first baseman and right fielder. Two more hits and another homer through the center fielder's legs. Boy it was fun.

However, there is some real baseball in every inning. 35-5 and 20-2 doesn't sound like good games, but every inning had some beautiful plays for the little lads.

That boy, Ball for the Jaycees can scoop up the grounders and get a throw off like a big leaguer. Schenck will do some mighty good pitching this summer. It

Let Teen-Agers Sleep Late Saturday Morning

By Dorothy V. Whipple, M. D.

Mrs. Mayberry and 14-year-old
Jane fussed at each other about a
lot of things, but the worst dis-
agreement of all was about Satur-
day mornings.

Mrs. Mayberry worked hard all
week taking care of her house and
four children. Now that Jane was
a big girl she felt that four hours
of work on Saturday morning was
not an unreasonable request. She
told Jane exactly what she wanted
her to do: clean the refrigerator,
scrub the kitchen floor and finish
up the ironing.

But when Saturday morning
came Jane just wouldn't get out
of bed. After periodically awak-

and left Miss Harriet Bean to at-
tend the Methodist Assembly for

Mesdames Elva Crank, W. H.
Kilgore and Norman Hodges were
Lubbock visitors Monday. While
there they visited Mrs. G. C.
Whiteside who moved there sev-
eral months ago and Mrs. Carrie
Robinson, who is Mrs. Kilgore's
aunt.

Everett Gage is out of the hos-
pital in Littlefield where he was

ing her, Mrs. Mayberry stormed
into her room at 10:30 a.m., yank-
ed the bedclothes from the bed and
gave Jane a good hard spank. Jane
screamed back and an unpleasant
scene followed.

When Jane did get up, she dawd-
led through her dressing and ap-
peared downstairs at 11:30 to eat a
large, leisurely breakfast. At
noon no work had been done.

Mother was furious and said
Jane would have to do the work
that afternoon instead of going to
the movies. Jane sullenly went
through the motions, making a
poor job of her tasks. The final
straw was a big scorched spot in
the front of her little brother's new
white shirt.

What's the answer?

Jane and her mother need a little
more understanding of what's go-
ing on inside of Jane.

Jane at 14 is growing very fast.
Adolescents go through a rapid
spurt of growth and may put on
10 or 15 or even 20 pounds in a
year. That's a lot of pounds com-
pared with the 4 or 5 pounds Jane's
been adding each year all through
her childhood.

It takes food and sleep to put on
pounds. Jane needs more sleep
than her 9-year-old sister.

Emotional changes are hap-
pening to Jane too. She is growing
up emotionally as well as physical-
ly. She wants the privileges that
go with growing up—such as sitting
up later at night than the younger
children.

Here's where we run into one of
our big conflicts. Jane's body
needs extra sleep; Jane's mind
needs the privilege of sitting up as
the grown-ups do.

If Jane and her mother talk it
over they could very likely come
to an agreement.

Let Jane sit up weekend nights
so that she can feel the privileges
of her developing maturity. Early
bedtime school nights is intelligent
because it's no fun to be tired all
day at school. Jane will under-
stand that.

Saturday and Sunday mornings,
however, are just made for teen-
agers to catch up on needed sleep.
When Jane stops growing so fast
she'll not need so much sleep.
These late week-end mornings are
only a temporary need.

But right now let Jane sleep as
late as she wants. When she does
get up, she'll be rested and cheer-
ful because her body is working

Velvet Hats Top For Summertime

By Dorothy Roe
Fashion Editor

Time was when the well-dressed
woman wore a velvet or felt hat
in winter, changed to straw in the
summer.

But times have changed. One of
the top fashions of this season is
the summer velvet hat. So popu-
lar have these flattering velvets
are thinking of reversing the sea-
sons, and trying out straws for
winter.

The little black velvet hat for
August and early fall has been
gaining ground for several years,
but this is the first season when
velvet hats of all sizes, shapes and
colors are seen in mid-summer.

You'll find them in all price
ranges, from the expensive Paris
imports and custom made models
at \$45 and up, to little hat bar
numbers that can be bought for
pin money.

Whatever their price, these new
summer velvet hats are smart and
new-looking, especially in color.

It's a good chance too, she'll feel
more grown up and responsible
and will actually offer to help her
Mom carry the load of family re-

You'll be seeing them in yellow,
violet, silver grey, raspberry pink,
tangerine and white, in addition to
the traditional black. You'll find
them in dramatic cartwheels and
little chignon twists, to fit over the
bun at the back of your head.

If you want to be ultra-smart,
add velvet gloves to match.

Why GMC's make other trucks out of date

Be careful—drive safely

- The GMC light-duty truck **does more** because it has, as standard equipment, a full 125-horsepower engine—the most powerful 6 in its class.
- The GMC light-duty truck **saves more** because its Truck Hydra-Matic Drive® ends repairs caused by shock-loading strains—ends all clutch costs—uses less gas—spares the tires.
- The Hydra-Matic GMC light-duty truck **performs better** because it always is in the correct gear for the need—regardless.
- The Hydra-Matic GMC light-duty truck **handles easier** because you never have to shove a clutch or shift a gear.
- The GMC light-duty truck **commands respect** with its dashing smartness—its look of quality—its spacious luxury cab, that make you and your wife proud to take it anywhere.
- The GMC light-duty truck **costs less to own—less to run—than old-style trucks. Come in and we'll demonstrate it!**

Actor Favors Large Families But Says Wives Are Hard To Interest

By Joy Miller
Newsfeatures Writer

It took Burgess Meredith 45 years to appreciate children, but now he thinks he does. Up to a point. He concedes they're wonderful, but wearing.

His training began fairly recently with his own children, Jonathan, now 3, and Tala, 2. It was polished up in a TV series, "Excursion," a show for children on which he was both master of ceremonies and commentator.

Now he's playing the title role in "The Remarkable Mr. Pennypacker," an 1890 father of 17 children. As such, he is backstage tutor, confessor, games supervisor and second baseman. His entire brood isn't in the play, but enough have roles to provide a representative cross-section and pose plenty of problems.

Even so, Meredith says, he's as much in favor of large families as Pennypacker. But:

"It's hard to get girls interested these days, and after all it's more of a woman's problem than a man's. But large families are fine if you can afford them."

Of his stage family all from the youngest, (8, on up) do their homework backstage and frequently consult him. "If it's mathematics, though," he explains, "I run."

He waves a hand toward several boys in knee pants who are trooping in and out of his dressing room. "The problem's the same, home or here, you've got to keep youngsters occupied. Their energy is overwhelming. They don't stop for one minute while they're in the theater. It's tiring just to think about it."

Two boys leave with the shoe shine kits Meredith got them soon after the show opened last December. They operate a thriving business backstage at 15 cents a shine.

As the actor straightens his costume — plaid jacket and knickers and striped hose, a third lad tells him what a vital spot second base is. That's the position Meredith will play when the "Pennypackers" meet the adult team from "Wonderful Town," another Broadway hit, in Central Park one of these days.

An "on stage" call for the boys leaves him free to talk about his own children and modestly pass around snapshots of the young-

sters with their pretty mother, the former Kaja Sundsten of the New York City Ballet. The Merediths live on a farm in Spring Valley, N. Y.

He enlarges upon his hobby: children. "I never had any before. They fascinate me. If I had had them when I was in my 20s, I wouldn't have appreciated them half so much. I find it's no trouble to leave my own activities to play with them."

He grins, runs a hand through his rumpled hair "that used to be red, but it's more brown now," and says:

"Of course, there comes a time — usually 7 a.m. or thereabouts — when I am home late from the play and it seems I have barely gone to sleep and I open one eye and there's a child urging me to get up and play. I ask myself: "Do I like them or not?" He chuckles convincingly.

"The funniest thing about being a parent. You miss your children all day. You can't wait to get home to see them. But after 15 minutes of seeing them you are worn out. I never realized it was so strenuous playing with children. Training for a heavy-weight fight can't be nearly so difficult."

So he greets Fathers Day as a worthy memorial to his paternal zeal?

"Fathers Day," he says, "is one of those hopeful things like going to church on Easter. The only thing it accomplishes is to enable the manufacturers to unload all the monstrosities they've accumulated over the year."

"Fathers Day should be celebrated by complete vacation of father from child, so father can store up enough energy to go back to it."

Miss Sue Carpenter is scheduled to appear on the Channel 11 Revue Thursday night at Lubbock television station, KCBT-TV. Miss Carpenter, young daughter of Mr. and Mrs. W. O. Carpenter of Littlefield, is also on the program to be broadcast by Hi-Pockets from Lubbock Sunday afternoon.

Miss Carpenter will sing and dance Saturday night for Texas Tech exes.

Mr. and Mrs. Hayes Huff of Amarillo were Sunday afternoon visitors in the W. G. Huff home.

Yvonne Huff returned home Sunday from E. N. M. W. at Portales, N. M., where she attended band and choral school.

Mrs. Junior Muller was honoree at a luncheon Thursday in the J. C. Muller home. In addition to the J. C. Muller and Junior Muller families, Mr. and Mr. H. E. Lacy of Spade were present.

Mark Muller had a case of tonsillitis the early part of last week.

Mr. and Mrs. Junior Muller and Mark were Sunday dinner guests in the J. C. Muller home.

Sunday visitors in the J. C. Muller home were Mr. and Mrs. Mere Pickrell and daughter, Mr. and Mrs. Fred Muller of Hereford, Mary Jo Poreher of Littlefield, Mr. and Mrs. Gerald Landford of Leveand and Mr. and Mrs. Junior Muller and Mark.

Due to the rough roads and disagreeable weather services were not held Sunday night at the Hart Camp Baptist church.

First Baptist Young People Direct VBS

The young people of the First Baptist Church of Littlefield under the leadership of Mrs. Viggo Peterson promoted a Dally Vacation Bible School in the St. John's Baptist church for colored children last week.

Mrs. Peterson reports that 250 colored children and adults enrolled and the average attendance for the week was 162.

The Bible school included an opening assembly of worship by singing, scripture, flag and Bible allegiances and marching. The pupils were divided into age groups where they studied missions, Bible stories, and character lessons with memory and hand work.

Each night in the closing assembly religious films were shown, including the Biblical stories, "The Children of Bethlehem," "The Raising of Lazarus," "The Prodigal Son," "The Good Samaritan," and "Daniel In The Lion's Den".

The following is a list of faculty teaching in the school: principal, Mrs. Peterson; Young people and intermediates, Sue McCown, supt., Mrs. M. P. Theford, Barbara Dunn and Margie Goodwin; Juniors, Rosa Lee Hemphill, supt., Ellen Webb Massingill, Vinita Roberts, Mrs. Sherman Goodwin, and Mary Jane Coen; Primary, Claudette Renfro Sue Haynes, Supt. Mrs. W. H. McCown, Karlyn Hulse, Georgian Walker, and Teddy Jo Bitner; Beginners, Judy Christian, supt., Mrs. Kenneth Berg, Ann Walden, Paula Carnicke, Jean Jaquess, Glenda Renfro and Jackie Thompson.

John T. Street, ministerial student from Southwestern Seminary at Fort Worth, taught the book of Mark to an adult class. Wayne Wicker served as Gen-

Mr. and Mrs. Buster Owens Jr. and son, Steve, went to Altus, Oklahoma, Saturday to visit Mrs. Owens' parents, Mr. and Mrs. Tom Thaggard. Their daughter, Amy Cathryn, who has been visiting her grandparents, returned home with them Sunday.

Mr. and Mrs. Tom Hilburn and son, Joe, went to Haverford Sunday to attend a dinner party at the home of Mrs. Hilburn's sister, Mrs. O. G. Hill Jr. honoring Candice Lee Hill on her fourth birthday and Mr. and Mrs. Sam Patton on their 33rd wedding anniversary.

Miss Barbara Patton of Lubbock and Mr. and Mrs. Virgil Johnson of Bowma, also daughters of Mr. and Mrs. Patton, and Mrs. Holly Kinde of Lubbock, sister of Mrs. Patton, were also present. Mr. and Mrs. Patton are former residents of Lubbock.

Mr. and Mrs. W. B. Little have returned home after a month's absence from Littlefield. They first attended Market in Dallas for a week and left from there to continue a vacation trip through Mississippi, Tennessee, Kentucky, Ohio, Indiana, Missouri, and Kansas. Little stated they "didn't travel so far, but made lots of stops" during which Mrs. Little purchased a "carful of China" to be painted. They particularly enjoyed the scenery, the grass and cattle, and the delightfully cool weather.

Sanitation Reduces Danger Of The Spread of Polio

By Dorothy V. Whipple, M. C. AP Newsfeatures

Along with the pleasant things of good old summertime comes the fear of polio.

Polio begins with vague symptoms: fever, a generally tired and irritable feeling and headache. There may be vomiting and diarrhea; there may be constipation. These are the symptoms of lots of minor illnesses. Don't jump to the conclusion your child has polio just because he has a headache and fever. It's much more likely to be a throat infection or flu or a stomach upset than polio.

However, it's a good idea to have your child seen by a doctor whenever he gets sick. Mild illnesses and serious ones often start the same way.

If you can't get to the doctor right away, there are two simple tests that may reassure you. If your child can bend his head so that his chin touches his chest, and if he can put his head between his knees, he probably doesn't have polio. Even if he can't do these tests, it isn't sure that he has polio.

If he does have polio, it's important that he be under the care of a good doctor right from the beginning. Good care can do much to prevent serious after-effects by protecting weakened muscles from strain.

The great majority of children who do get polio never have any paralysis at any time. Of those who do have some paralysis during the acute stage a goodly number recover completely. Those few who have considerable paralysis improve a good deal during convalescence.

If any weakness remains it is very important that the child continue to have whatever physical therapy the doctor recommends. Many weakened muscles can be brought back to fair function with long continued treatment.

During the polio season, and especially if a few cases of the dreaded disease occur in your community, you may be asking what you can do to protect your child.

Nobody knows exactly how polio is spread from person to person. We do know, however, that the virus that causes it is present in the mouth secretions and also in the stool of people who have the disease. It is probably that the disease is caught by getting this virus in the mouth.

But everyone who gets a dose of polio virus doesn't come down with the disease.

It has been discovered that when a case of polio occurs in a household almost everyone in the house

will have the germ, even if not another one becomes sick. These healthy people are just as likely to spread the disease around the community as is the person with polio — more so in fact, because the sick person is at home in bed.

A great many people seem to resist catching polio. Maybe it's because they have had small dose of the virus from time to time and have built up an immunity. This may be the reason why children are more susceptible than grownups, to polio — they haven't had time or opportunity to build up resistance.

In any case, in time of a polio epidemic there are probably many healthy people walking around who have the polio virus in their bodies. To protect your child, take a little extra care with cleanliness. See to it that hands are well washed before meals and, if you can, before they go in the mouth.

Since anyone is more apt to catch anything when he is tired or chilled, it's a good idea to avoid fatigue.

Probably it's also a good idea to keep children out of crowds during a polio epidemic. Avoid crowded stores, amusement parks, movies.

At the same time don't make a hermit of your child. Let him play with his friends and live as normal a life as possible.

The time may soon be at hand when we will have a vaccination against polio, but for this summer you will have to protect your child with general measures.

Veneer Is Thin

Americans pride ourselves on our democratic ways, and we are probably more democratic in our government and private life than any other nation has ever been. And we scoff at the dictatorships which cling to the appearances of democracy while they are actually only a step away from them. Have we really advanced so far in our democracy that we are now questioning how little democracy there is in our government and our organization sponsored or controlled by a nominating committee appointed by the president? Or if the nominations were from the officers elected by acclamation as soon as the president was offered?

How many committees or boards of directors of our government sponsored organizations have you observed? How many organization elections have you taken part in that were not railroaded? Weren't the officers elected by a nominating committee appointed by the president? Or if the nominations were from the officers elected by acclamation as soon as the president was offered?

THAT HAS A FAMILIAR RING

Soil Conservation Won't Cut Water For City, Industry

Cities and industries have been asking whether soil conservation being carried out by thousands of farmers and ranchers through soil conservation districts will reduce the amount of water available for municipal and industrial uses.

H. N. Smith, State Conservationist for Texas, says that for all practical purposes the answer seems to be "no".

The Soil Conservation Service has been studying this problem at the Blacklands Experimental Watersheds project near Riesel, Texas, since 1940. The studies include measurements of rainfall and runoff from two similar watersheds. They are still in progress.

Similar farming practices were being followed on both watersheds at the beginning of the study. Conservation practices were established on one of the watersheds in the spring of 1943. These practices included changing part of the cultivated area to grassland; the use of improved crop rotations; and the construction of terraces on land in cultivation. No change was made in the farming practices on the other watershed.

During the first five years, rainfall was slightly above normal and the runoff-producing rainfall averaged 17.4 inches annually. The following five years, 1948 through 1952, were drought years and the runoff-producing rainfall averaged only 4.8 inches yearly. The total rainfall during the drought period was two-thirds the amount for the normal five years, but most of it fell in such small amounts or at

such a slow rate that it produced no runoff.

For the normal rainfall period there was almost no difference in the runoff from the untreated and treated watersheds, Mr. Smith reported. The annual average was 10.3 and 10.4 inches, respectively. During the drought period the average yearly runoff from the untreated and treated watersheds was approximately 1.4 and 0.9 inches.

The fact that there was a difference of one-half inch in the annual runoff from these two watersheds during the drought years is not the significant point, said Mr. Smith. This minor difference in rate, even over a period of several years, would amount to so small a volume of water that it could not be considered in the planning of a dependable municipal water supply. The important point is that the TOTAL runoff from the untreated watershed during the five drought years was only about two-thirds of the average runoff for ONE year during the normal rainfall period.

Mr. Smith emphasized that because runoff during drought years may be very small, water supply reservoirs must have enough capacity to catch the water during years of normal to high runoff and store it for use during drought periods. A city cannot depend on the runoff during a drought to maintain its water supply. This is a fact which needs to be widely understood.

Although soil conservation practices on a watershed will not have a significant effect on water yield they can help greatly in protecting water supplies from loss of storage space by sedimentation. Conservation practices reduce erosion and the rate of reservoir sedimentation. By slowing down the rate at which reservoirs are filling with sediment, Mr. Smith said, more storage capacity will be maintained in which to store water for use during drought years.

If you are 65 years old, your life expectancy averages 13.4 years.

State Accepts 4-H Award Offer

The State Extension Service has accepted the Santa Fe Railway System's 1954 offer of awards to 4-H boys and girls in Texas. A total of 70 educational awards are provided for club members in 11 states served by the railway system, and 15 are allotted to Texas. The awards are sufficient to pay all the winners' expenses to the National 4-H Club Congress in Chicago next fall.

In addition, Texas will receive two of 20 Santa Fe college scholarships of \$250.00 for 4-H members. Other states sharing in the grant of \$15,890 for Santa Fe awards and scholarships are Arizona, California, Colorado, Illinois, Kansas, Missouri, New Mexico and Oklahoma.

Winners for both the Club Congress and scholarships awards will

'Modern Bride' Features Gowns Designed By George Maurer

A collection of 14 outstanding wedding gowns by George Maurer, creative designer, is featured in the summer issue of Modern Bride. The gowns, Maurer Originals, "represent the epitome of bridal beauty from their ultra-smart styling and exquisite fabrics to their inspired detailed touches," according to the publication.

Maurer, 1111 Park Ave., New York City, is the younger brother of Dr. R. E. Maurer of Littlefield. The George Maurers have two children, a son and a daughter. Their son, Jerald, was a student in Texas Technological college four years ago, and a frequent visitor in the R. E. Maurer home. Their daughter, 17, is attending Finch School for girls.

George Maurer has been a designer for 30 years, with the

exception of four years in the service during World War II. He served with Patton's Third Armored Division which landed on Omaha Beach and ended the drive in Germany.

His creations were recently shown in Houston and are obtainable in this area at (Hemp-hill-Wellis) one of the larger department stores in Lubbock.

And VA Answers

Q—My husband, a World War II veteran, died recently. Would I be eligible for VA death pension if my yearly income falls below the \$2,700 limit? I have a young child.

A—You would be eligible only if your husband had a service connected disability at the time of his death. His disability, however, need not have been the cause of his death.

Q—I am a disabled Korean veteran, and I'm planning to take on-the-job training under Public Law 16. Will VA furnish me with supplies I need to pursue my training?

A—Yes, within limits. The kind and amount of supplies will be limited to those commonly required to be owned personally by non-veterans taking the same training. If your disability warrants it, you may be issued special equipment to help you do your job.

Q—I am a Korean veteran who was totally disabled in service. I intend to apply for the special GI permanent-plan insurance available to disabled Korean veterans. Would it be possible to have my premiums waived because of my total disability?

A—Yes, you should apply for a waiver of premiums at the same time you apply for your insurance. But be sure to pay the required premium with your application, and be sure to continue to pay premiums until VA tells you your waiver has been granted. If it is granted, you will get a refund of premiums paid under waiver.

Q—If I get a GI business loan, will I have to operate the business myself? Or could I turn it

AUSTIN. Optimistic reports have been received on mourning dove prospects by the Executive Secretary of the Game and Fish Commission.

He said several of the Commission crews now surveying dove populations throughout Texas indicate that the birds are nesting in good numbers and that a successful harvest may be in the offering.

The Executive Secretary said the count is being made by twenty-seven field men of the Game and Fish Commission staff in cooperation with personnel of the United States Fish and Wildlife Service.

The Fish and Wildlife Service has final authority on mourning dove open season details since these birds are migratory and thus under Federal regulation.

The data now being collected will be used by the Commission to make its harvest recommendations to the Fish and Wildlife Service.

The Commission will act on this and other harvest routine at its July 9 meeting in Austin. Last year, Texas was closed for mourning dove hunting. The north zone season was from September 1 through October 10, and the south zone from October 1 through November 9.

Meanwhile, favorable reports on the Panhandle antelope also have been received although the population census has not yet been completed. Sportsmen meeting with Commission officials preliminary to setting harvest details in the Panhandle where

The outlook seems dark for an open season on antelope West of the Pecos because the population suffers from prolonged drought.

General rains meanwhile have brought encouraging news on quail, according to the Executive Secretary. Prospects

COURT APOLOGIZES
DETROIT — Harold Mikkelsen
and Milton Santwire were ar-
rested for loitering in an after-
hours drinking place. The occa-
sion was a membership party of
the Civil Rights Congress, which
is on the attorney general's list
of subversive organizations.
They meekly pleaded guilty and
accepted \$10 fines and a year's
probation. Later the two were
revealed as FBI undercover a-

THE GROWING TREND TO LINCOLN

Look at modern living on the move--then try it!

This picture gives you just a glimpse. You've got to put yourself in this picture to find out how modern your driving can be. And the way to do that is to come in and see us. We'll give you the keys. You do the rest.

Take the new Lincoln out in traffic. First you'll notice that you can see more of the road. Lincoln's hood is low—the fenders where you can see them. It's easy to tell how near you are to the car alongside.

Next, head for some rugged back roads. Test Lincoln's handling on hills, around sharp curves, over ruts. You'll find you're in complete control at all times. The reason is more than metal deep. It's the *hidden quality*

engineered in every Lincoln. Advances like the precision-balanced chassis, ball-joint front suspension, and variable-rate springs.

Then take Lincoln out on a parkway. Whatever happened to that traffic that was ahead? You feel a supreme confidence for you command the mighty Lincoln V-205 engine—the finest of high-output, low-friction designs to come from the most experienced of V-8 builders. The gentlest touch of your toe lets you surge ahead because of Lincoln's new vacuum-controlled 4-barrel carburetor.

Do more than look at modern living on the move. Come in and try it.

For the fourth straight year, Lincoln wins first place in its field for economy in the famous Mobilgas Economy Run.

Quiet Spoken Ben Ramsey Avoids Razzle-dazzle Shows

In this state of razzle-dazzle politics and slam-bang campaigns, the calm, deliberate manner of Lieutenant Governor Ben Ramsey is an oasis.

A friend, in introducing Ramsey once remarked, "Ben has been more places and been seen by fewer people than any man in Texas public life."

He might have added, as the record shows, that when the modest Ramsey was temporarily hospitalized during his first state-wide campaign, friends from the forks of the creeks and cities carried on. Ramsey won by 177,851 votes.

The quiet campaigner for reelection as lieutenant governor formed his ideas about people and politics during his youth as the son of a district judge and farmer in Deep East Texas. He hasn't strayed.

Ramsey lives on a farm near San Augustine and practices law there when official duties do not keep him in Austin.

His own words seem best to explain Ramsey's campaign attitude. "A man or woman doesn't buy a suit or dress without feeling the cloth and I don't think the people of Texas will select their officials without checking the record. That is all," Ramsey said, "that I ask."

Perhaps the key to Ramsey's success as a legislator and public official is his studious approach to problems, his experience and respect among colleagues as a sound thinker.

Ramsey served eight years in the Senate and four years in the House of Representatives. He was appointed as secretary of state by the late Governor Beauford Jester and continued under Governor

Allan Shivers until he resigned to make the race for lieutenant governor.

A man of few words, Ramsey is quick to act when a problem comes within the scope of his authority.

The lieutenant governor had announced strengthened insurance laws "to weed out the few parasites" as one of the planks of his platform for re-election several months before headlines spotlighted certain insurance operations.

Ramsey, who doesn't have a vote in the Senate except in case of a tie, does head the Legislative Council and Legislative Budget Board. They are the research arms of the Legislature.

Ramsey set these legislative wheels turning on the insurance problem as quietly and studiously as he went about building up, with soil conservation practices, 200 acres of depleted East Texas soil into a year-round pasture for his small herd of cattle.

Ramsey's experience as a farmer of a coordinated water and soil er led him to single out the need conservation program, and rural roads as chief problems before Texans. "A man who has fought this battle knows it is the state's foremost challenge," he said, "and farmers must have good market roads."

A keen wit and ability to conciliate warring factions enable Ramsey, as presiding officer, to ease the tension of heated Senate sessions. His gavel is grafted to fairness and his theory of government is to provide the people the services they need and require at the least possible cost for efficient management.

An avid reader, Ramsey too is

one of the government's teners. On a train trip, tenant governor will pick up book on Thomas Jefferson or if he moseys along family in the car, he likes buy five gallons of gas while the children are drink, listen to what they are talking about.

Ramsey makes everything easy. When work is finished he likes to skin off his his year-old daughter, a knee or take Rita Rhea, a walk or to the drug store.

It seems easy if you know-how — and Ramsey

Shivers Campaign Opens At Lufkin

Governor Allan Shivers led this week that he won his 1954 campaign with a fashionable political rally at his birthplace, on Monday, June 21st.

The Governor's opening will be carried over a radio broadcast from 8:30 m. Thirty-seven stations Texas State Network and as Quality Network will address.

With the formal opening campaign, the Governor will begin a series of trips throughout the state during which he will view the accomplishments of administration and outline improvements which are his plans for a greater Texas.

Cadillac

He's Ten Years Younger Today!

Here's a man who has just taken ten years off his age—insofar as his spirits and mental outlook are concerned.

He's going for his first ride in his first Cadillac—and he's a happy, happy man—with his hopes in the sky and his heart singing a song it hasn't recalled for a decade.

He's having an experience which we can't tell you about. You have to live it yourself—at the wheel of that first Cadillac—in order to evaluate it.

You know how it goes. You work and you worry and plan and hope. The years go by—and, bit by bit, you get things done. The insurance creeps up where you want it—the mortgage on the home goes into the fire—there's that nest-egg against the future and the college fund is in the bank.

And then, one day, you feel there's no further need

for resisting—so you order the Cadillac—and wait for the happy news—"It's here!"

Your ride home will live in your memory forever. You've put the cap sheaf on your world of dreams.

Of course, this great sense of personal well-being is only the first thrill that comes with your Cadillac.

There's its magnificent performance—its marvelous balance and roadability—and its rare comfort and safety and handling ease. Every hour at the wheel is a privilege—and every journey is a wonderful memory.

Is the time about right for you to step up to a Cadillac?

If so—please come in and see us. The longer we're in business, the happier we are when we deliver a man his first Cadillac.

We'll be waiting to welcome you—anytime.
