ON STARTS—James Anderson Boone (seated) of Spring-
lake is a petition asking the State Board of Water Engineers to
authorize an underground water reservoir for the purpose
of an underground water conservation district. Boone, a
Springlake farmer, was one of the first signers of the peti-
tioning May 15 in the Lamb county town. Circulation of the
petition marks the first step in legal procedure for creating an under-
ground water conservation district. Pictured with Boone, left to right
are J. B. (Doc) Holt of Olton, former representative from the
Congressional District, who introduced House Bill 162 provid-
ing for the creation of districts; Gus Parish of Springlake, president
of the Lamb County Water Conservation association; Boone; and
Fortenberry of Monroe, president of the High Plains Water Con-
servancy and Users association. Both Parish and Fortenberry are
farmers.

Local Workers Prepare Southern
Baptist Convention Literature

The Elementary Training Union
Department of the First Baptist
Church have written the literature
to be used throughout the Southern
Baptist Convention for October,
November and December of this
year.
This literature is prepared for
nursery, beginner and primary
ages.
The theme of the program is
based on Bible homes and families,
each program containing songs,
stories, scripture and handwork.
Fourteen Programs Written
The Quarterly, which will con-
tain the 14 programs, prepared by
the Elementary Training Union of
the local church, will be used in
the territory of the Southern Bap-
tist Convention for October, Nov-

Olton Teacher Will
Replace Mathews

The Littlefield school board has
recently received word from Mr.
Hall, agricultural teacher at Olton,
that he will accept the position of
agricultural teacher at Littlefield
High school.
Mr. Hall was chosen at a recent
election to replace Elwin Mathews,
agriculture teacher, who has re-
signed to take a teaching position
in Alaska.
The approval of Mr. Hall has
been pending for some time.

1500 Poppies To
Be Sold; Proceeds
Go To Help Needy

Everyone Urged
To Support This
Worthy Cause

All day Saturday, May 27, 10
girls from the High school band
and Gold Star mothers will sell
poppies on downtown streets.
Poppy Day in Littlefield is spon-
sored by the John Henry Chapman
post of the Veterans of Foreign
Wars, which has secured 1500 pop-
pies.
Funds derived from poppy sales
are used to aid the needy of all
U. S. wars, and to care for widows
and orphans of veterans.
Mayor A. C. Chesher has urged
everyone to give unselfish support
to this worthy cause in a procla-
mation issued today.
"When the citizens of Littlefield
buy their Buddy Poppies on May
27 they will be buying a product
endorsed by every U. S. president
since President Harding," V. F. W.
post commander Odell Matthews
said today.
President Harding was the first
to endorse the Buddy Poppy sale,
which originated in 1922. He was
followed in succession by presidents
Coolidge, Hoover, Roosevelt and
Truman.
"Countless thousands of our vet-
erans, from the Spanish American
war through World War II, have
received prompt material aid be-
cause of the fine support given the
Buddy Poppy campaign by the citi-
zens of America," Mr. Matthews
declared.
The commander said that he is
confident the citizens of Little-
field will support Buddy Poppy
Day this year as they have in the
past.
In cooperation with the sale of
poppies the Palace theater has
been running a film this week fea-
turing Doris Day, national Poppy
girl.

Ladies Sponsor
Cemetery Work

Owners of lots in Littlefield
cemetery are urged to clean up the
rubbish and place it on the east
side of their lots where city trucks
will pick it up Saturday.
The Garden Department of the
Woman's club is sponsoring a
cleanup of the cemetery in prepara-
tion for Memorial Day and hope
that everyone will cooperate as
well as they have done for the past
two years.
There will be plenty of water
available for watering flowers and
shrubs as the caretaker will turn
on the booster pump between the
hours of 8 a. m. and 5 p. m.
The Garden club has sponsored
this cleanup for the past two years
in an effort to have the cemetery
beautified for Memorial Day. Lad-
ies of the club are planting flow-
ers to help in this.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

Mental Attitude Causes Headache

A GROUP OF SCIENTISTS in a meeting at Columbia university made one of the most valuable statements the medical profession could announce for the benefit of laymen. Although they didn't couch their remarks in as simple language as I use, it sums up to the same thing:

When you have a headache, it is likely to be due more to your mental attitude than to any organic disorder.

Carnegie

To tell it in medical terms, I quote three neuro-psychiatrists of the college of physicians and surgeons who worked in the headache clinic at a Bronx hospital, New York City. They said "results strongly suggest that the effectiveness of treatment is primarily caused by the patient's psychological reaction to the treatment situation in general."

Dr. Sidney Carter, who has tested many persons with regard to headaches, says, "To overlook or to fail to treat the psychological conflicts in a patient with chronic headaches is to run the risk of failure."

So: don't you sum it up that you worry yourself into a headache, and if you can rout worry, you won't have headaches? Anyway, the next time a headache comes your way, ask yourself what you are worrying about? Then ask yourself if you can do something about that worry. If you can, then get at it. If you can't, then tell yourself the truth, put out of your mind the subject that you are worrying about and fill your mind with something else. The best thing to fill it with would be some thought of helping someone else who is worse off than you are.

To go still further on the subject of how worry can get you down, I quote Dr. Edward Weiss, professor at Temple university, Philadelphia, who says that marital troubles are the most frequent cause of rheumatism, and he says he based his observations on a group of 83 selected from 400 people. All but 11 of these were married. The most frequent troubles underlying this physical condition were loss of sleep and poor sexual adjustment.

And he goes on to say that much of the trouble stems from a man or woman bottling up within themselves things they want to say to another in a fault-finding way but which they refrain from saying due either to fear of that person, or the wish not to hurt that other's feelings.

Dr. Weiss recommends relaxation, dismissing unpleasant thoughts from the mind, and taking up some occupation that will keep your mind off your worries.

Experts Assist Inspection

May 24 Three widely-known fire insurance communities are resting after completing a series of inspections designed to prevent fire.

of Littlefield in West Texas and the south and central Texas spent a week hunting for causes that cause fires.

assisted by 130 trained inspectors representing capital stock insurance companies which do business in the state.

in teams of two and in the Boy Scouts, the inspectors inspected every public and mercantile building in each of the communities in their search for causes of fire.

whenever they discovered a cause of fire, they tagged it.

warn each building owner or tenant where danger exists with the warning tag.

inspected a specific list of buildings on how to correct fire hazards they discovered.

inspectors visited Beeville on Wednesday (May 15) and Thursday (May 18).

Friday (May 19) and Saturday (May 20).

'NO CRIMINAL, HE'... Frank Costello denies before a senate gambling sub-committee that he ever was a member of a crime syndicate.

nearly 60 inspectors converged on Hillsboro and completed their check in one day. The inspections were arranged through the Texas Insurance Advisory Association and cost the communities nothing. Local civic groups were sponsors.

Eleven Texas communities have been inspected for fire hazards since the program was started by the capital stock fire insurance companies more than a year ago.

State Will Pay For Chiropractic Care

The State of Texas is now paying old age pensioners up to \$6 monthly for chiropractic adjustments they receive.

This has been announced by John H. Winters, executive director of the State Department of Welfare.

A monthly chiropractic treatment allotment is the direct result of the passage at the last session of the Texas legislature of the Chiropractic Licensing Act. The act gives chiropractic legal status.

Winters has sent a directive to the Welfare department's network of field representatives throughout the state, informing them to recognize chiropractic as a legal treatment and to plan with old age pensioners to meet the cost of chiropractic treatment up to a maximum of \$6 monthly.

This is the same amount as allotted by the state for medical services administered by a licensed medical doctor.

Only licensed chiropractors are recognized by the State Department of Public Welfare. The state will repay pensioners only for services given by a chiropractic doctor licensed by the Texas Board of Chiropractic Examiners.

For the time being it is necessary for the pensioner to know the license number of the chiropractor. Thus in presenting a bill for services to an old age pensioner, the chiropractor should include on the bill his license number.

Officials at the Welfare Department said the \$6 a month allotment is an addition to the regular pension.

It is unnecessary for the chiropractor to present a bill to the Welfare Department representative. The money for payment for chiropractic services will be paid directly to the pensioner, who in turn will pay the chiropractic doctor. It is necessary that a bill for

SENATOR DUDLEY J. LeBLANC

HADACOL sales or shipments have reached the amazing total of 5,000,000 bottles since January 1, more of any one tonic than has ever been sold in so small an area in so short a time.

Senator Dudley J. LeBlanc, Founder and President of The LeBlanc Corporation, Lafayette, Louisiana, makers of HADACOL, said the sales and shipments would have been far greater if his company could have obtained enough material to meet the demands.

"We have been several hundred thousand bottles behind in shipments since January 1," said Senator LeBlanc. "It looks like we just cannot catch up because every time we increase production the demand increases."

Senator LeBlanc credited the South's heaviest newspaper schedule with much of the success of HADACOL.

Method Of Learning Unborn Babies' Sex Has Been Revealed

Orange-yellow is the color for boys and bluish green for girls in a new method of foretelling the sex of unborn babies.

This discovery, reported to the international and fourth American Congress on Obstetrics and Gynecology, goes exactly opposite to the custom of assigning to newly born girls and blue to the boys.

The report was by Doctors Pierre Ross and Aubin E. Fanard, of the University of Brussels, Brussels, Belgium. They said this is the first test that is certain. They tried it on nearly 50 unborn children without a miss.

The color signs come from the amniotic fluid, a watery substance in which a prenatal child grows and lives, up to the moment of birth. This fluid contains tissue cells from all parts of the little body that is exposed to the liquid.

A small sample of the fluid is withdrawn, centrifuged and then made into a smear on a glass slide. Some of the tissue cells in this smear have natural tints of color.

In boys there is a predominance of cells with yellow tints, giving the smear a slightly orange-yellow hue. In girls the color is bluish-green, for similar reasons.

The differences, the report said, are clear-cut and absolutely constant. The testable tissue cells were traced to their points of origin. The reason in development for predominance of one kind of cell in the girls was found.

The principal cause of difference was tissue cells associated with sexual development. This fact limited the sex prediction to about four months before birth, when the differences between boys and girls were well developed.

The report said this new method of tapping the prenatal fluid is safe, but only in expert hands. It will be useful, the authors said, for scientific studies.

SHIPPING ON INCREASE

Rail shipments of fruits and vegetables in Texas amounted to 6,141 carloads in April as compared with 5,047 in March and 3,816 in April 1949, the University of Texas Bureau of Business Research reported.

New crops of onions and tomatoes gave impetus to the sizable increase from March in April shipments of fruits and vegetables. Other vegetables showing large gains from the previous month were corn, cucumbers, and potatoes.

With the exception of beets, cabbage, cucumbers, and potatoes, shipments of all kinds of fruits and vegetables were bigger for April 1950 than for a year earlier. Biggest gains were for corn, lettuce, onions, tomatoes, parsley, spinach, and mixed vegetables.

Why "Moose" Changed His Mind

Last week, parents were calling Moose Jackson on the phone — and kids were hooting at him in the streets. All because Moose fenced in his field near the depot, where the kids like to play ball.

Moose got sore the way folks acted — refused to budge. Then Doc Sherman, who likes to play center-field himself sometimes, decided to "use a little psychology."

Over a friendly glass of beer at Andy's Garden Tavern, Doc says, "Sorry this came up, Moose. We were thinking of asking you to umpire — what with your professional

experience and all." (Moose used to play a little semi-pro ball.)

That did it! Next day Moose put up a stile over his fence. In return, the kids promised not to cause any damage. From where I sit, when you try to understand the other fellow's point of view — like his personal preference for beer or coffee — and then take into consideration the will of the majority, why, things seem to go better all around.

"Fat" Jenkins Wins Trophy Race In Littlefield Junk Car Races

An overflow crowd watched the spills and thrills that marked the Junk Car Races Sunday afternoon at the Littlefield Speedrome.

Littlefield drivers walked away with all first place honors, crowding out the Lubbock drivers who have been controlling the races for the past few weeks.

Top driver for the day was "Fat" Jenkins who won the trophy race, first heat race, and placed second in the main event.

Jenkins was present with a gold trophy, on which was mounted a gold racing car, by Miss Melba Edwards. The trophy was given through the courtesy of Garland Motor Co.

Before the presentation of the trophy, Miss Edwards rode around the track on the fender of a 1950 Dodge driven by Pat Shipley of Garland Motor Co., displaying the prize to the large crowd.

Blowing Board Wall
As added attractions to an already thrilling afternoon, Clarence Carpenter of Littlefield ran a speeding car through a blazing board wall and Bill Stewart of Hereford rolled a speeding car.

Neither men had performed the stunts before but carried them off like professionals.

The day's races were marred by only one accident in which Weldon North's car, 999, turned over in the main event. North walked away uninjured.

Increased Interest
Increased interest is being shown by merchants in the Junk Car Races held every Sunday three miles north of Littlefield on the Springlake highway. Beginning next week, winners will receive a Hot Point battery from the Woosley Brothers Battery Co. of Lubbock and other awards are being considered.

Sunday's results were:
First heat race—"Fat" Jenkins, first; Midge Curry, second; Bill Thompson, third. (All of Littlefield).

Second heat race—M. C. Harlan of Littlefield, first; Dusty Williams of Hopes, second; Bill Brown of Hereford, third.

Trophy race—"Fat" Jenkins, first; Midge Curry, second; Bill Thompson, third.

Consolation race—Ross Nixon of Littlefield, first; Dutsy Stroud of

"Fat" Jenkins receives the coveted trophy presented by Miss Melba Edwards at the Junk Car Races last Sunday. The trophy was given through the courtesy of Garland Motor Co. Standing at the left of Miss Edwards is Richard Henshaw, shop foreman of Garland Motor. Standing between Miss Edwards and Jenkins is Pete Shipley, also of Garland Motor.

Clarence Carpenter of Littlefield made his first attempt at crashing a car through a burning board wall at the Junk Car Races held Sunday. The result, as the picture shows, matched any professional stunt man's efforts.

Main event—Bill Thompson of Littlefield, first; "Fat" Jenkins, second; Midge Curry, third; M. C. Harlan, fourth.

High Scoring Marks City League Softball Play

High scoring has marked most of the games as the City Softball League really gets underway.

Thursday night, May 18 Cal Harvey defeated Oil Mill to the tune of 30-1 in a game that was marred by many errors.

The winners collected 11 of their hits in the first two innings and added 12 in the third and 7 in the fourth. The game was called in the fourth inning as the sadly disorganized Oil Mill team got further into difficulty.

The majority of the Cal Harvey runs were gifts from the Oil Mill fielders who founds one difficulty is keeping track of the ball.

In the second game Maytag defeated Guy Brown 13-4. The one-sided score is to indicate the closeness of the game.

Maytag had only one big inning which was the fourth when they gathered seven runs. In the next

inning Charlie Duvall relieved Holder as the Guy Brown pitcher giving up only two hits and fanning five pitchers.

The lead off men for both teams knocked out home runs in the first inning. Brock of Guy Brown and Owens of Maytag both went all the way.

In a single game Friday night V.F.W. was not able to bunch their hits and fell before Anton by a score of 12-2.

Anton collected six runs in the first inning, one in the second, three in third, one in fourth and another in the final frame.

V.F.W. scored their two runs in the fifth on a walk by Sparks, a single by Yaris and a double by the short stop, Mathews.

Cal Harvey started slow in the first game Monday night but finished strong enough to nose out Sudan 16-13.

The game was played under protest by Cal Harvey following a dispute over the umpire's ruling. Catcher Robinson protested when Whitmeyer of Sudan was called safe on a close play at the plate by Van Laughlin.

Cal Harvey trailed Sudan 5-4 at the end of the fourth inning but capitalized on three hits, two walks and two Sudan errors to push five runs across.

They led the rest of the way; except for a brief 10-10 tie in the sixth inning.

Oil Mill came out on the short end of the score again, in the second game of Monday night play.

Anton dropped them 21-13 in another wild affair marred by errors. J. D. Molder, rightfielder, was knocked unconscious when he ran into a post supporting the flood lights. He was on his feet in a few minutes to continue the game.

Petitions Circulated For Water District

CHAPEL TO BE ORGANIZED INTO SOUTHERN BAPTIST CHURCH

The Westside Chapel, which has been supported during the past 9 months as a mission of the First Baptist Church, will be officially organized into a regular cooperating Southern Baptist church. The organization will take place Sunday afternoon at 3 o'clock at the Chapel. Representative from other cooperating Baptist Churches of the area are to assist in the organizing of the church.

70 Additions
During the past nine months the Chapel has grown into a self-supporting body of people. They have had 70 additions during this period of time and for the last 2 months have averaged 115 in Sunday School. The Sunday School will need additional facilities in the immediate future. This splendid progress has been made under the capable leadership of the Chapel pastor, Rev. E. R. Ingram.

Letter To Be Presented
A petitioner letter will likely be presented to the West Plains Baptist Association for admission into the association at their annual meeting in September. Becoming a member of the association will be their first step toward affiliating with the Baptist General Convention of Texas and the Southern Baptist Convention.

Circulation of petitions asking the Board of Water Engineers to designate an underground water reservoir or sub-division thereof is continuing in Lamb County under leadership of the Lamb County Water Conservation Association, which is seeking about 600 signatures.

Claude Gage Rests At Hospital After Head-On Collision

Claude Gage, 70, who was injured in auto accident near Sudan Monday morning is resting comfortably in the Payne-Shotwell hospital.

Gage received injuries to his left hand, several ribs torn loose, and possible injury to the head.

Gage lives five miles south of Sudan where he operates the Fairview Gin.

Joe and Jack Lane, brothers of Sudan, who were riding in the other car involved in the head-on collision were treated in the Amherst hospital for minor injuries. Joe Lane received a broken nose in the accident that practically demolished both cars.

Attend Conference At Big Spring

Rev. and Mrs. Frank Beauchamp and W. B. Little are attending the 41st session of the Methodist Northwest Texas Conference, which opened at the First Methodist Church at Big Spring Wednesday morning, and will continue through Sunday, when the appointments of the ministers to their charges will be read.

Park Place, Wesley Memorial and First Churches are being hosts to the Conference.

One of the high points will be the appearance of the Circuit Riders' Quartet with Rev. Roy L. Smith one of the publishing agents, on May 26, celebrating 160 years of Methodist Publishing House history. The Riders will represent Methodist Pioneers clad in 18th century style. Dr. Smith is one of the most popular speakers in the church and address the Conference Friday night.

The Conference preacher will be Rev. Robert E. Goodrich, Jr., pastor of First Methodist church, Dallas.

Ex-students of Methodist colleges will have their customary banquets—McMurry College, Thursday evening; Texas Wesleyan, Friday morning; Southern Methodist University, Friday evening.

Purposes of the Conference will be achieved in the informal and inspirational features, in reviewing the results of the past year's work and in projecting plans for the coming year, including the reading of the appointments of ministers to their charges on Sunday afternoon, May 28.

Groundwork for the business of the Conference was laid at a meeting of Bishop Martin and the district superintendents with board and committee leaders at Plainview, May 8.

Assisting Bishop Martin in the direction of the Conference will be the cabinet composed of nine district superintendents: H. C. Smith, Abilene; E. D. Landreth, Amarillo; W. E. Hamilton, Clarendon; J. O. Haymes, Lubbock; R. L. Kirk, Perryton; Marvin L. Boyd, Plainview; J. H. Crawford, Stamford; O. P. Clark, Sweetwater; T. M. Johnston, Vernon. The six-year term of Landreth will expire and Bishop Martin will appoint a new superintendent to the Amarillo district.

"The Life Of Jesus Christ" To Be Shown Sunday Night

The privilege of seeing the greatest story ever filmed, "The Life of Jesus Christ," will be given the people of this community this Sunday, May 28, at 8 p. m. in the local high school auditorium. Scripture itself will come to life under the magic of the camera.

Out of the pages of the Bible and onto the silver screen will walk the flesh-and-blood characters of the greatest story ever told—Peter, James, John, Mary, and all the familiar names of sacred record. Most impressive of all is the masterful portrayal of the life of the Lord Jesus Himself—as He goes up and down the Holy Land helping people by word and deed.

This famous pilgrimage, Play includes such eminent actors as Nelson Leigh, Leonard Penn, Stephen Chase. The Roland Reed Studios were in charge of filming the picture.

The movie of the Life of Jesus Christ, in full color and feature length, was produced under the direction of Concordia Publishing House in St. Louis, Missouri, the publication center for the Lutheran Church-Missouri Synod, of which Emmanuel Lutheran on West Third is a part.

This movie is the bi-monthly movie night sponsored by Emmanuel Lutheran's young people. Pictures of similar value and inspiration are shown the last Sunday of every other month, usually.

57th Birthday Of Walther League Is Observed

The 57th Birthday of the Walther League, youth organization of the Lutheran Church—Missouri Synod, was celebrated twice in this area during the past week. Last Sunday night the Hilton Hotel in Lubbock was the sight of such a birthday celebration. And inspiring and interesting program under the "me-ing" of J. A. Reber of Lamesa was presented by the Walther League of Sparenberg. Attendance ran beyond the figure 80.

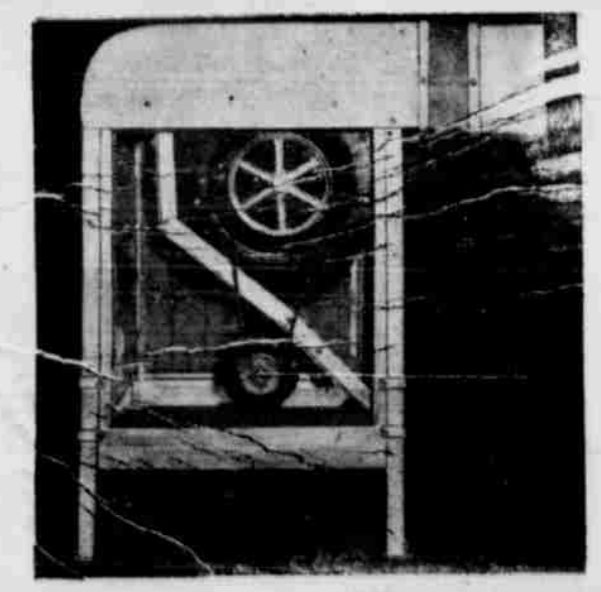

The other birthday celebration was held in Amarillo's Thomas Dinig Room last Tuesday night, the actual date of the Walther League's origin 57 years ago. Guest speaker for Amarillo's festivities was H. A. Heckmann, pastor of Littlefield's West Third Lutheran Church, Emmanuel by name. The speaker centered his remarks on the question: "Why Are You Here?"

The Walther League, youth group of the Lutheran Church—Missouri Synod, bears the name of one of the church's outstanding American Leaders, Dr. C. F. Walther.

BULL LAKE PHILOSOPHER FAVORS BANKS LENDING MONEY EVERY TIME IT RAINS, BUT FINDS BANKERS DON'T

Editor's Note:
The Bull Lake Philosopher on his Johnson grass farm on Bull Lake has another odd idea about finances, his letter this week reveals.

Dear Editor:
A while back when it rained right when things was gettin serious and it had looked like we was in for a real drought and the newspapers hailed the rain as a million dollar one I was in town because it was Monday which is washday out here and any man who can't think up a good excuse to get into town on that day ain't capable of thinkin, well, when I got into town feelin fine after the rain, when life takes on a brighter look and you can almost hear the grass growing and the seeds sproutin, I expected to find a similar feelin. "How's things?" I asked a business man.
"Fair," he said.
"Fine rain, wasn't it?"
"Sure was."
"Worth a million dollars."
"Yeah I guess so. But it ain't helped business none yet," he complained.
As I understand it, he expected us farmers to hit town the minute

it stopped rainin' and start spendin'.

Thunder. Them business men ought to be patient and recognize that while they gonna get most of my money and I'm perfectly willin to spend it with em just as long as it or my credit holds out, they got to recognize that one of the darndest things on earth to do is to convince a banker one rain is worth a new loan. Borrowin money on good prospects is one of the envolved jobs there is.

I ain't never seen a farmin year yet when some time or other in it my prospects wasn't pretty good, but there ain't much market for corn or cotton or wheat or rice at that stage. There may be bankers who loan money on good farmin prospects, but either I don't know the right bankers or the bankers know too much about the history of my prospects.

I'd be perfectly willin to borrow money every time it rains and spend it all in town the same day, but the financial structure of this country ain't just in tune with that system. It sure would make business boom, though.

Yours faithfully
J. A.

Postal Receipts Decrease 11 Per Cent

Postal receipts in Texas decreased 11 per cent from March to April, the University of Texas Bureau of Business Research reported.

April receipts for 66 Texas cities totaled \$3,646,132, slipping 1 per cent from a year earlier.

After adjustment for seasonal variation, the Bureau's index of postal receipts declined 9 per cent from 304 in March to 277 in April (1935-39-100). The April 1949 index was 280.

Lubbock, with an 18-per-cent gain, turned in the biggest March-to-April rise in postal receipts. Receipts were up 15 per cent in Burnet and Mission; 13 per cent in Pampa, 12 per cent in Vernon and Raymondville; 11 per cent in Cisco and Marshall; and 10 per cent in Seguin and Jacksonville.

Decreases from March ranged from a fractional dip in Corsicana and Texas City to a 31-per-cent drop in Gladewater.

Snyder continued to record the biggest increase from a year earlier in postal receipts (up 144 per cent). New Braunfels registered a 23-per-cent rise; Luling, 19 per cent; Seguin, 12 per cent, and Plainview, 11 per cent.

Decreases from April 1949 varied from 1 per cent in Elgin Springs and Houston to 26 per cent in Gladewater.

Postal receipts in April amounted to \$996,843 in Dallas; \$609,727 in Houston; and \$351,393 in Fort Worth. San Antonio, El Paso, and Austin followed in that order.

Jim, The Scared Puppy

By FAITH HELEN FAUST

Jim lived in a barn near a forest with his brother, Jinx. Jim was afraid of nearly everything. He

sometimes went for walks in the forest, but he did not stay long. He would run when ever he saw a

Squirrel. Jack, Jinx and Jim's master, liked Jinx more because he wasn't afraid of anything.

One day Jim was walking through the forest when he heard Jinx calling for help. He ran to see what was the matter. When he got there he saw Jinx trying to keep a fox from killing Jack's lambs. Jim knew Jack did not like the fox to do this. Jim thought that if he helped make the fox go away Jack might like him too. So Jim and Jinx made the fox run away.

In the house Jack heard a lot of noise. He ran out to see what was the matter. He saw the fox running away with Jim and Jinx chasing it.

The next day Jack told a friend of his that Jim and Jinx were the best dogs there ever were. Jack liked Jim as much as he liked Jinx. Jim is now a brave puppy and he is very happy.

HOME FOR HOLIDAYS

Mrs. Jim McGuire made a trip to Lubbock Tuesday to bring her daughter, Connie Wray Hopping, home for the holidays.

Retail Sales Drop 5 Per Cent

AUSTIN, May 20—Texas retail sales dropped 3 per cent from March to an estimated \$417 million in April, the University of Texas Bureau of Business Research reported.

April sales of Texas retailers were 3 per cent above a year ago, however.

Durable goods store sales fell 11 per cent from March to more than offset the 2-per-cent gain for non-

durable goods stores. In comparison with the same month of last year, durable goods store sales picked up 15 per cent as contrasted to a 4-per-cent decline for non-durable goods stores.

Hardware stores turned in a 3-per-cent rise from March in their April sales, while other durable goods stores turned in declines. Sales of jewelry stores were down 5 per cent; furniture, 7 per cent; lumber and building materials, 10 per cent; and motor vehicle dealers, 15 per cent.

Most types of durable goods stores surpassed their year-earlier

sales records in April. Lumber and building material dealers tallied a 19-per-cent increase; household appliance stores, 16 per cent; motor vehicle dealers, 14 per cent; and hardware stores, 8 per cent.

Jewelry stores and farm implement dealers registered sales decreases of 11 and 18 per cent, respectively, from April 1949, for the only declines among durable goods stores.

In the nondurable goods line, apparel, country general, and general merchandise stores benefited from last minute Easter buying, their sales increases over the preceding month ranging from 1 per cent for general merchandise to 22 per cent for men's and boys' clothing stores.

An early Easter this year kept apparel store sales 7 per cent below those of last April. Family clothing store sales dipped 2 per

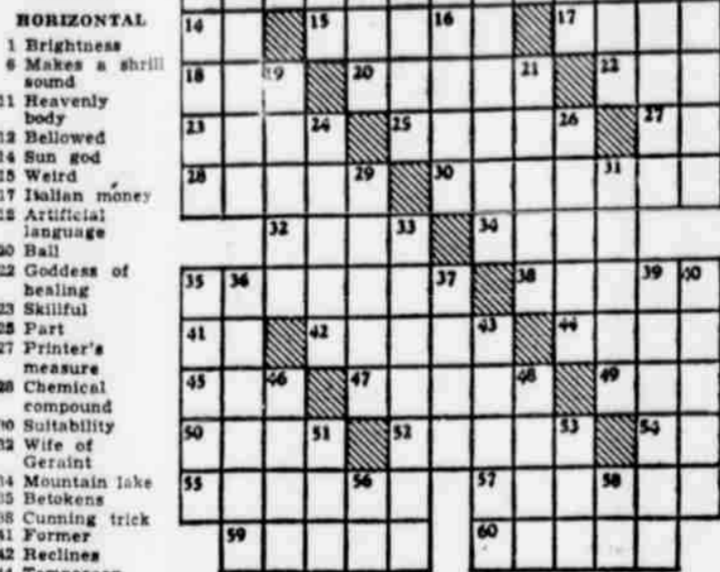

cent; men's and boys' clothing stores, 3 per cent; and specialty and shoe stores, 1 per cent.

Sales of food stores were up 5 per cent; general merchandise stores, 5 per cent; and drug stores, 5 per cent.

Department To Fight Rural Traffic Accidents

The first of a series of articles which will appear in the Leader Thursday in the hopes of the frightful death streets and high-

Highway Department launches in an all out traffic accidents that of 1,395 lives, left 24,926 injured and resulted in an estimated loss of \$43,710,600 in 1949. Taking note of the tremendous toll of human property, a safety-conscience Commission has developed possible measures to be applied to make highways as safe as possible. The department is employing many weapons in the fight for traffic safety.

As a motorist ever the meaning a center line should convey would tell you that the half of the road is yours to keep one and it should tell you to cross it to overtake another car that you are the other half of the road is clear.

To observe the simple meaning of the center line in a tragic end of year (1949) on rural roads were 3,625 accidents by thoughtless driving on the wrong side of the road and they were not aware of passing another vehicle on the wrong side for no good reason. These needless "on-the-road" accidents resulted in 253 people; maimed 2,316 others; and property damage of \$7,927, a good look at that center line you drive and think mean to you.

That's where the real fun is. Where the land stretches free to the beckoning horizon, where the air is clear of city smoke and the highway's fumes, where a man and his family can really enjoy the pleasure a car can give.

Even your mighty power plant — cradled

Legion Meeting Is Scheduled

Three state American Legion commanders, the governor of Texas and a member of the Texas Railway Commission will be among those upon the program for annual Fifth Division convention of the American Legion to be held at Amarillo Saturday and Sunday, May 27 and 28.

The convention will be the occasion for the formal opening and dedication of the new \$115,000 American Legion home of the local Hanson Post No. 54, Wayne Middleton, Commander.

Joe Spurlock, Commander of the Department of Texas; Dick Warren, Commander of the Department of Oklahoma and Seaborn Collins of the Department of New Mexico will be on the program with Governor Allan Shivers of Texas and Col. Ernest O. Thompson of the Texas Railway Commission. Col. Thompson was the first commander of the local post and will preside at the dedication of the new home.

Legionnaires from the 16th, 17th, 18th, 19th and 21st Congressional districts will be present. The question ahead was not clear? These mistakes cost the lives of 46 people; maimed and injured 462 others and added more thousands of dollars to the toll of property damage. It is not too hard for the average motorist to make a mistake in judgment on the distance ahead a roadway must be clear for him to overtake and pass the car ahead of him.

Take a look at the sketch showing the distance required for a car traveling 60 m.p.h. to overtake and pass a car traveling 50 m.p.h. when there is a car traveling toward him at 60 m.p.h. in the opposite lane—2,360 feet or 6 1-2 city blocks! If the car in the sketch had failed to complete his overtaking and passing maneuver safely and had met the opposing car head-on at 60 m.p.h., the energy developed by the collision would be as great as though one car had been driven off the top of a 21 story building. Head-on collisions are deadly!

Respect that center line and stay on your side of the road; cross that single center line to pass another car only when you are sure that the roadway is clear far enough ahead for you to do so safely, but don't ever cross that double center line unless directed to do so by an officer.

Extensive Search Fails To Reveal Drowning Victims

Extensive search has failed to reveal the bodies of Raymond McGarr, 15, his father, Woodrow Houser, 35, and Betty Leighton, 21.

The trio vanished Sunday while fishing on the Truckee river 39 miles northeast of Reno.

A fishing companion, Roy M. Woody, said that he had fallen asleep about noon Sunday and the trio had disappeared when he awoke.

Raymond McGarr, who has been living with mother and stepfather, Mr. and Mrs. D. D. McGarr, was visiting his father in Reno at the time of his death. Mr. and Mrs. McGarr left for Reno Monday morning after hearing of his death.

A search party of Indian guides, U. S. Army amphibious vehicles, police and civil air patrol pilots continued the search, but the bodies are believed to have been lost in treacherous quicksand. The waters of Pyramid lake, which the river empties into were dragged without result.

And I will on the first Tuesday in the month of June, 1950, the same being the 8th day of June, 1950, proceed to sell all of the right, title, and the interest of defendants above named in each said cause in and to the property described in each said cause at the Court House door of said County in the City of town of Littlefield, between the hours of 10:00 A. M. and 4:00 P. M. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to said suits for less than the amount of the adjudged value of said property or the aggregate amount of the judgment against said property in each said suit, whichever is lower, subject also to the right of the defendants to redeem same in the time and manner provided by law, and subject also to the right of the defendants to have said property divided and sold in less divisions than the whole.

Dated at Littlefield, Texas, this the 2nd day of May, 1950.

SIDNEY C. HOPPING,
Sheriff of Lamb County, Texas
(Published in Lamb County Leader May 18-25, June 1, 1950.)

"I REMEMBER" BY THE OLD TIMERS

From Mrs. Marie Land of Montgomery, Ala.: "I remember when we had gingham carpets on floors, with straw underneath. At spring house-cleaning time, we would take them up and put in new straw."

From Mrs. Ethel Paulek Millard of Melba, Ida.: "I remember the summer of 1901 when we were living in the mountains, near a saw mill in Colorado, and I used to watch the old ox teams go right by our door every day with great loads of pine logs. One afternoon five men on horseback came along as I was out gathering firewood. Seeing a golden-haired young girl was reason enough for them to stop and say howdy, ask about the country and if I had seen any cattle. I answered politely and noticed how beautiful their horses were and their cartridge belts. They all wore a pair of pearl-handled six shooters and had Winchester in scabbards on their saddles. Later I learned I had been hostess to the Black Jack Gang."

From Mrs. Alice Shetter of Apollo, Pa.: "I remember when it was illegal to transact any business on the Sabbath . . . and when a one-room schoolhouse and one teacher was expected to handle from 50 to 70 pupils."

From O. S. Sharp of Sturgis, Miss.: "I remember when cotton was ginned by horse or mule power as a man stood in front of the gin and dropped the cotton in the breast by hand. Cotton gins had no feeders or condensers in those days. Air blew the cotton into the lint room where it was put in a basket and carried to the press outside the house. A man would operate the press by hand awhile, then hitch a horse or mule to it."

From Clara Wepler of Coshocton, O.: "I remember when I was six years old my parents used a little heart-shaped 'boat' filled with grease to light our home in Elk Township, O. A candle wick stuck out above the edge of the boat and we ate supper by its light every night."

60th Anniversary Year

Woodmen Are Saying "HAPPY BIRTHDAY!"

Woodmen of the World camps throughout America will hold special public meetings June 6 to celebrate their Society's 60th birthday.

On this happy occasion, Woodmen will hear their Society highly praised for the fraternal, civic and patriotic services it has rendered throughout the past three-score years.

In a radio program that night over some 70 stations, prominent Americans will pay tribute to Woodcraft. Among the speakers will be Vice-President Alben Barkley, U. S. Senators Harry Byrd and Claude Pepper, Congressman Joseph Martin, Major General Lewis B. Hershey, Governor Dan E. Garvey of Arizona, Attorney General Price Daniel of Texas, and Insurance Commissioner Bernard Stone of Nebraska.

Join America's 426,000 Woodmen, their families and millions of friends at these local "Happy Birthday" parties, and listen to this interesting broadcast on Woodcraft's 60 years of service.

King and Queen—

(Continued From Page One)
Fieldton 4-H Clubs are to be commended for supporting their kings so well. Other kings in the race were: Kenneth Watson of the Springlake 4-H Club; Marvin Whitfield of the Hart Camp 4-H Club and Jack McKeown of the Spade 4-H Club.

Sudan merchants are to be commended for the fine support they gave in helping their queen win the race. Joe Salem, of Salems Dry Goods; S. D. Hay, Rhinehardt Grain Co.; Olen Roark, Roark Grocery; E. A. Harris, E. A. Harris Grocery & Market; John Tucker, Magnolia Petroleum Co.; Mr. O. L. Shannon, Shannon Elevator; Curry Furniture Store, Close Drug, Turner Grocery & Market; Morris Variety & Hardware; Doty's Garage.

The 4-H Talent show held Saturday night brought some real talent. Along with the show was a Chinese Auction of a wrist watch. Those appearing on the program were: Loretta Owens, Amherst, Vocal Solo.

Virginia Melton, Amherst, Piano Solo.

Jean Parkman, Bula, At Piano and Bula Quartette.

Lattis Stemmans, Amherst, Vocal Solo.

Savino Galvana, Sudan, Trumpet Solo.

Joan Nix, Amherst, Piano Solo.

Barbara Ottwell, Sudan, Vocal Solo.

Loretta Owens and Lattis Stemmans, Amherst, Duet.

Bud McNamar, Earth, Piano Solo.

Linda Jo and Norma Ann Gibson, Amherst, Duet.

Delora Whitford, Earth, Vocal Solo.

First prize winner was Dorothy Kassing of Earth, who with her steel guitar captured the audience hearts.

Runnerup in second place were two little ladies Linda Jo and Norma Ann Gibson who sang a very entertaining number.

Third, was Savino Galvano (a second Harry James) who played a trumpet solo followed by several encores.

By popular request Mr. Simmons Assistant County Agent, and Master of Ceremonies, was persuaded to sing a couple of vocal numbers.

Spunky Ridin'—

promises to surpass any previous rodeo held at the county fair grounds.

Tommy Steiner, rodeo producer, said recently:

"Our stock has wintered in excellent shape, and they're plenty salty and rank. We know the boys who can stay with them eight seconds deserve to get in the money."

Long Career

Tommy's father, T. C. (Buck) Steiner, eased down in a rodeo chute 30 years ago into the saddle on a snorting maddened bronc and a few seconds later he had begun a career that has taken him into rodeo arenas all over the nation, not only as a contestant, but as a producer as well.

Tommy Steiner is following in his father's boot tracks and ranks among the top bareback riders in the country.

With a combined 48 years of experience the Steiner team know the ropes and when the grand entry begins, people in the stands of the Littlefield rodeo are assured a first class, fast moving, thrilling performance.

Rodeo Thrills

The rodeo will include bull roping, bull dogging, and bareback riding.

Other attractions will be the Wonder Dog, and Juan Gray and her ball kicking Baby Mine.

The three-day rodeo will begin with a parade at 8 p. m. Thursday, June 15, in which anyone may enter.

One Williams, president of the Roping club, will sponsor the selection of a rodeo queen in the future.

Boys from 16 up are eligible and should contact Williams or vice president Allen McDonahue, if they desire to compete. They will be judged on horsemanship and western attire.

from Banks-Packwood Motors. They opened Motor Parts Co. in 1935 under the management of R. J. Stoneville.

Messrs. Banks and Packwood are that in making the present change, they each feel that they can concentrate their full efforts to a better advantage on one business. They both emphasize that their relationship has been most pleasant and that this business change shall in no way affect their high degree of friendship and good will.
