ENGLISH TEACHER -- Mrs. Horace Mitchell replaced Mrs. A. D. Ward for two periods Tuesday morning. Above she is about to answer a question posed by one of the students.

THE SECRET IS TO BE CAREFUL -- Nelson Naylor, who replaced W. W. Hall in the Ag shop class Tuesday, posed and answered questions during the two periods he taught.

ENGLISH ISN'T EASY BUT IT IS NECESSARY -- This advice was given to all the students instructed by Arthur Duggan Tuesday as he relieved Mrs. Ruth Badger in the English department.

WHY DID THE U. S. GO TO WAR WITH SPAIN -- Does anyone know? Jack Christian, who instructed the American History classes Tuesday, asked the class members. He replaced Mrs. Lucille Betts.

Outsiders Replace Teachers Tuesday

Mrs. Betts Is Chosen Teacher Of The Week

Reading and playing bridge is Mrs. Betts' favorite pastime. She has been a teacher for 15 years. She is a member of the American History and Government Club. She also sponsors the "Wildcat" annual.

Littlefield. She graduated from "L. H. S." After high school, she attended New Mexico Highland University, Las Vegas, N. M., and Texas Tech, Lubbock. From Tech she received a BA degree. She majored in History and her minor was English, and

government. Mrs. Betts' pet peeve is chewing gum in the wrong places (school, church). In the summer she "helps" her husband with his farming, and travels (some) and just takes life easy.

Library Club Hears Report

Members of the Littlefield High School Library Club had their monthly meeting in the library Friday. Reports were given on the state library club convention by Rose Gomez, Linda Walker, and Sharon Foley. Rose reported on the main speaker of the meeting, Mrs. Genevieve Foster. Linda's report was on the play and other social activities and Sharon reported on the election of the new state officers.

I was sitting here wondering what to write about when a friend from a competing form of communication called and asked for my assistance in producing a local spectacular known as "The Wildcat Show." I of course rushed to his aid as the true friend and comrade (oops, now I'll be investigated by the Anti-Communist League) that I am.

This program, which is very interesting usually, offering little bits of information about school life, is sponsored by the Student Council, another of the Council's public services. This program proved very informative since it spread the antics of our friend, Sigafos, to a new group of fans, we hope. As suggested we hope to have Sigafos syndicated in every paper from here to Gober, Texas.

Ray McKinney, a Vocational Agriculture 32 student of Mr. ... was chosen this week because of his projects and additional activities. He plans to attend West Texas State the coming year.

Holiday Declared For School Friday

Public School Week, declared by Governor Price Daniel, began Monday and will end today. During this week, parents of students throughout Texas visited public schools to see daily classroom procedures and special activities. Littlefield High School students saw a week of activities. Senior high and junior high school faculty competed in a basketball game Monday night in the High School gym. Prize winning Kodak prints were shown Monday, Tuesday, and Wednesday in the high school library.

and fourth periods while high school and junior high teachers sat back and watched. Later Tuesday evening the Science Fair took place in the school lunchroom. All the Littlefield schools participated in the fair. Lubbock Christian College presented an assembly Wednesday afternoon in the high school auditorium. "A Rocket In His Pocket" will be presented tonight at 8 in the high school auditorium by the junior class to round out the week's activities. Friday students will enjoy a holiday while teachers journey to Lubbock for the District 13-TSTA meeting.

High School Faculty Junior High 48-24

"I feel that with the aid of a certain amount of luck we trimmed them pretty well," said Harold Green, ace cager for the LHS faculty team which played the local junior high faculty Monday night.

Susan, who was that you were talking to standing on the corner? Kaye, were your hands cold? Frank was lonesome Sunday. Everyone called had some excuse. Diane finally got home and double dated with Jim and Frank. Cindy seems to be worried about Junior High Girls. Spring is back in the high as bicycles started appearing on Main again. Schovajsa Wins First In Broad Jump

Gary Schovajsa was the only winner for the Wildcats at the Brownfield Track Meet Saturday. He won first place in the broad jump with a jump of 19 feet 9 1/2 inches. This was the first meet for the Wildcats this season. The other teams entered had already competed in other meets. The Wildcats will not compete in a meet this week, but will go to Denver City next weekend.

Merit Tests Given Juniors Wednesday

Juniors were given a National Merit Scholarship test Wednesday morning, March 7th, in the High School Auditorium by Mr. Tullis. This is the same test that has been given in the previous years.

Woody, Grote Picked Students Of The Week

When asked what changes they would make in our school, this week's students of the week gave very different answers. "I like our school" answered Raymond Grote, junior student. "I would appreciate more discipline, order, more courses, and a student should be allowed to take six solids. I also believe when we go to college, the school should send our grade point average, not 1, 2, or 3's. If they send 1, 2, or 3's, they should grade as other schools do, from 90-100, a 1; 80 - 90 a 2; 70 - 80, a 3."

Fun - loving Kathy Woody, Freshman, gave this answer. "I would like to have school sponsored dances." Kathy's future plans are to become an Airline Stewardess after college at either McMurry or SMU. Raymond plans on going to

Texas Lutheran College, and then to the worthy seminary where he will study to become like his father, a Lutheran minister. Kathy, a 5 ft. 3 in. blonde with blue eyes, has a typical teenage outlook on life. The main thing she likes about our school is "all the friendly people." Her favorite subject is Algebra. She plays on the Clarinet in the Wildcat Band and be-

Four Choirs, Soloists Enter District Contest

Litling melodies and lively folksongs along with majestic classics pour from the auditorium as the Littlefield choir prepares for the Interscholastic League Choir Contest. Littlefield will be represented by four choirs, and approximately seventy solos and ensembles. At contest, the choirs sing three songs, two of which come from a list supplied by the Interscholastic League. These songs are then graded by a group of judges. This grade represents the excellence of work done by the choir throughout the year.

song" by Thompson; Alleluia, by Mozart; Barbara Allen, by Nelson. Junior High Choir: Sweet Day, by Williams; Dear's of Nathan Hale, edited by Shaw - Parker; Will You Come to My Flower, by Fox.

Junior Play Is Tonight

A play will be presented tonight in the high school auditorium by the Junior Class, entitled, A Rocket In His Pocket. The play concerns the tribulations of a male teacher in a previously all female faculty. The play will start at 8 p.m. and admission will be 50¢ for students, and 75¢.

Three Girls Attend State Convention

Three Littlefield High School Library Club members, Sharon Foley, Rose Gomez, Linda Walker, and the Co-sponsor of the club, Mrs. L. J. Foley, left at noon Thursday, Jan. 22 for the State Library Club Convention at San Angelo. While there, they stayed in Room 213 of the Golden Spur Hotel. They took part in all the activities of the convention.

GUESS WHO - This week's Guess Who is a Sophomore. Her locker number is 17. She is 5 feet 4 inches tall and weighs 101 pounds. She has a special attraction for boys who drive 51 Chevrolets with "For Sale" signs on them. Her favorite food is chocolate covered pickles and sardines. Her favorite color is sunset orange painted in oils over pink chiffon. In her spare time, she enjoys watching TV's famous celebrity, Snagglepuss. Her favorite expressions are "Heavens to Mergetroid," and "Exit, Stage Right." This week's guess is not Shirley Sibert; she was last week's.

FLAG PRESENTED -- The Littlefield Woodmen of the World presented Littlefield High School with a 50-star American Flag Monday morning in commemoration of the beginning of Public School Week. Making the presentation is Ray McKinney, left, and Ed McCanlies of the local WOW and receiving the flag is Jim Nelson, student body president.

Sandhills Philosopher

Philosopher Wonders If Leader Has Enough Zeroes To Report National Debt

Editor's note: The Sandhills Philosopher on his Johnson grass farm seems a little worried about us this week.

Dear editor: I was looking over a stack of bills which arrived on the first of the month and to get my mind of the subject I opened up a newspaper and the first article noticed said that the cost of living stayed the same last month. It didn't go up or down. What I'd like to know is where is the government get its figures?

The cost of living, as far as can tell, has been going up every month for the past twenty-five years, and sometimes it doesn't even wait thirty days, goes up right in the middle of month.

High Plains Installs 20-Saw Gin Lab

Installation of the new twenty-saw laboratory cotton gin at the High Plains Research Foundation was completed in February. Donors of the new gin were the Moss - Gordon Company of Lubbock, the Murray Company of Texas, and the John E. Mitchell Company of Dallas. Motors, shafts, reducer drive, belts, wiring, fans, pipe and miscellaneous items were furnished by the Anderson & Birmingham Sheet Metal Works, American Electric - Lubbock Electric, and South Plains Electric, all of Lubbock, the Morning Gin Company, Whitharral Co-op Gin, Needmore Co-op Gin, Earl Hobbs Gin of New Deal, Halfway Co-op Gin, Hodges Electric and Earl Eeds of Hanover.

Ellis Serves Aboard USS Bennington

YOKOSUKA, Japan (FHTNC) - Roy E. Ellis, seaman, USN, son of Mr. and Mrs. Lee Roy Ellis of Sudan, Tex., is serving aboard the anti-submarine warfare support aircraft carrier USS Bennington, which arrived in Yokosuka, Japan, Feb. 15, its first stop on its current deployment with the Seventh Fleet in the Far East. The Bennington will serve as flagship of the Seventh Fleet's Anti-Submarine Warfare Task Group during its tour in the Western Pacific.

ARE YOU GOING TO WRIGHT DRUG FOR VITAMINS FOR YOURSELF?

It's my theory that the experts in Washington who read the economic index and whatever else they read to get these figures on the cost of living are sort of like meter readers. If a meter reader misreads your meter one month and your bill is a little lower than you figured it'd be, that doesn't mean the cost of living has dropped, it only means the error will be corrected on the next reading, and the cost of living will get back up high where it's always been.

Since that article on the cost of living didn't get my mind off my bills, I turned a page and ran into an article that made me feel better.

According to it, the United States government now owes

a trillion dollars, which, if the Lamb County Leader has got enough zeroes on its typesetting machine, reads \$1,000,000,000,000, and if you haven't got that many zeroes you'd better buy some more as the chances of the figure getting smaller are mighty slim and you've got to keep abreast of the times, just to be on the

safe side, maybe you ought to order a dozen or so more. The reason I felt better about this is that if the Federal government can live apparently cheerfully under this load, why should a few monthly bills bother me?

By the way, if you can find

anybody who can prove his cost of living is less now than it was the last time he looked, I wish you'd get hold of him and bring him into town. I'd like to talk to him, if he's able to have visitors.

Yours faithfully,
J. A.

Farm Facts

Crop production in the U.S. is breaking all records. Although total acres harvested were the lowest on record, new high yields were set in 1961 for corn, sorghums for grain and silage, soybeans, popcorn, dry beans, and clover-timothy hay. Yields of other hays, rice, and peanuts were second highest of record, and the winter wheat yield was third highest of record.

Crop production is breaking records.

This reflects a new record for efficiency by American farmers. One hour of farm labor now produces nearly twice as much food and fiber as it did in 1950.

In America one farm worker produces enough food and fiber for 26 people. In Russia, one farm worker produces enough for only four or five. More than 40% of the Soviet Union's labor work in agriculture and forestry. In this country, only 9% work on the farms.

And the benefits of this efficiency are passed on to the consumer, who spends only 20% of his take-home pay for

food. By comparison, Russians spend more than 50% for food, and the French and English spend about 30%. Our free enterprise system means fewer people on the farm and lower food costs for consumers.

Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more for your money. That spunky 6 with gas-sipping stinginess is just one example. VOTE BILL CLAYTON--YOUR VOICE IN STATE GOVERNMENT
FOR STATE REPRESENTATIVE, 91st DISTRICT

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. -- Although the Texas Youth Council lost its fight for a legislative appropriation of \$100,000 to add more officers to its Juvenile Parole System, it just won a battle for the benefit of orphans in state institutions.

Attorney General Will Wilson turned over the deed to a \$200,000 Bell County ranch along with a check for \$12,446 to Dr. James A. Turman, Youth Council director. Presentation represented the outcome of a four-year court battle. Heirs of the late Mrs. Pharric Haynes contested her passing the property to the state.

Dr. Turman said the orphans of Texas will receive all benefits from the 4,160-acre ranch on the Lampasas River. It will be used as a summer camp and activity center for orphans' homes. Youth Council will raise cattle, pigs, and sheep there to help feed thousands of children in its care.

HEARINGS SHOCK TURMAN -- Speaker of the House James A. Turman, candidate for lieutenant governor and former educator, expressed concern about the House Textbook committee, which he appointed.

Turman was shocked when he heard that a witness in an Amarillo textbook hearing alleged that Rep. Ronald Roberts of the committee was a "Communist."

"I am afraid the committee members have been too nice and open about letting anyone appear to talk about any sort of censorship," Turman said. He is worried about the committee getting too far astray of its goal of studying the textbook situation in Texas.

In an Independence Day address at Washington-on-the-Brazos, he advocated the teaching of Texas history in all grade levels, and declared, "I think it is a mistake -- a sad mistake -- for our educational system in Texas to relegate our great state's history into a sort of grammar school fairytale."

The speaker may be tempted -- or forced -- to touch on the subject again Wednesday when he is honored guest at the Public Schools Week celebration in Jasper, Texas.

SPACE AGE SEMBLAR -- Vice President Lyndon B. Johnson, head of the National Aeronautics and Space Administration, came to town to tell a congregation of high school counselors how the move into space will affect American youth.

The Vice President's talk was the highlight of a two-day conference at the University of Texas which featured a NASA exhibit of space vehicles and a talk on "Space Satellites" by NASA representative Dr. Robert Krebs.

MAST ROADWORK UNDERWAY -- In keeping with its claim that Texas leads the nation in highway building, the State Highway Commission issued orders to proceed with \$10,000,000 worth of road building, planning and repairs throughout the state.

Biggest assignment was an okay to purchase right-of-way on three projects on Interstate Loop 635 in Dallas County at a cost of about \$6,410,000. The Commission also authorized right-of-way on a 1.4 mile section of Interstate Highway 10 in Harris County for \$2,500,000. Original estimate was only \$600,000.

Other expensive items included: Purchase of \$1,900,000 worth of right-of-way on US 90 in Bexar County; plans for development of 1.5 240 out of Houston at a starting cost of \$2,510,000; \$797,000 to repair breaks in the Austin-Garrett a 300,000 right-of-way way for a two-mile segment in San Antonio and \$477,800 for relocation of US 59 around Wharton and El Campo.

Less costly projects are set for Fort Bend, Angelina, Brazoria, Gillespie, Hudspeth, Martin, El Paso and Nolan counties.

SUNDAY NO EXCEPTION -- just because April 15 will fall on a Sunday this year, drivers won't be allowed to put off auto inspection until the following day, Col. Homer Garrison, Jr., director of the State Department of Public Safety, says April 15 is the deadline -- Sunday or no.

Garrison said he won't ask inspection stations to stay open that Sunday, either. So, owners of the 2,000,000 cars in the state will just have to take care of this problem by the 14th of April, or risk arrest.

GOVERNOR GOES TO WASHINGTON -- Gov. Price Daniel went to Washington, D. C. for the weekend where he shared honors with Billy Graham as speaker for the annual President's Prayer Breakfast.

As a US Senator, Daniel was president of the Christian Leadership group, sponsors of the

annual breakfast for the President, his cabinet and members of Congress. He has remained active in the program in the nation's capital and in Austin. Judge Zolie Steakley of the Texas Supreme Court hosted a

similar event in the governor's mansion while he was gone. SALES TAX HEARING SET -- Sen. George Parkhouse of Dallas, chairman of the Texas Commission on State and Local Tax Policy, invited anyone interested in changing the sales tax structure to attend a public hearing on suggested changes in Dallas on March 30. Parkhouse asked that anyone who wants to appear at the hearing advise the commission by sending a letter to Drawer C, Capitol Station, Austin, 11.

The commission was authorized to study proposed changes in the new sales tax during the recent special session of the legislature.

Members include Senators Louis Brown of San Saba and

Jep S. Fuller of Port Arthur; Representatives Charles Ballman of Borger, Charles Sandahl Jr., of Austin, and Charles Wilson of Trinity; Dr. John R. Steokton of the University of Texas' Bureau of Business Research; John McKee of Dallas and Hugh Loewenstern Sr., of Amarillo.

ARMY CALLS FOR APRIL QUOTA -- Eligible men 22 years old and older will make up the April army draft quota of 244, says Col. Morris S. Schwartz, state selective service director.

Number of inductees is up from the March quota of 225. Schwartz said local quotas already have been sent to the 137 local boards in the state.

WHITHARRAL NEWS by Mrs. Elva T. Crank

Lions Club Votes To Aid FFA Livestock Purchase

In the regular meeting of the Whitharral Lions Club Thursday evening it was voted for the club to furnish \$200.00 on the purchase of animals for the local FFA at the Fat Stock Show at Levelland on March 10. C. W. Stafford and Boots Crews were chosen to do the bidding on the animals. Donations on a voluntary basis will be accepted from the citizens of Whitharral. Pervadius Wade is the chairman of this committee.

Supt. J. W. Bowman opened the meeting. R. H. Bryant led the singing after the pledge of allegiance to the flag was given. Don Reding was named chairman of the delegation to the District Lions Club meeting in Lamesa at a later date.

Miss Jackie Stafford was elected Lions Club Queen. Runners-up were Misses Marsha Burrus and Kay Gilley.

A pie supper with candidates speaking is slated for a later date suitable for the candidates. Prior to the meeting, Mrs. Viola Goad and Mr. and Mrs. Richard Horton served the group with a dinner, to one guest, J. C. Hodges of Anton, and the following members: Bowman, Bryant, P. Wade, Tom Burrus, Max Dickerson, Coy Grant, J. E. Wade, B. F. Helms, V. D. Hodges, C. B. Keeney, Earl Lewis, T. D. Northern, Ralph Wade, E. E. Pair, Don Reding, Rafe Rodgers, C. W. The home of Mr. and Mrs. Gene Wynn was the scene of the "42" Club party Friday evening. Hot dogs, red beans, potato salad, coffee and cokes started the evening's get-together. "42" furnished the diversion for the evening.

Present were Mr. and Mrs. Dale Hewitt, Mr. and Mrs. Bob Grant, Mr. and Mrs. Roger White, Mr. and Mrs. Jimmy Hisaw, Mr. and Mrs. Doyle Hewitt, Mr. and Mrs. Leslie Hulse and the hosts.

Mr. and Mrs. Norman Theford and Mrs. D. C. Theford were hosts at the latter's home Wednesday afternoon honoring Miss Kathy Theford on her fourth birthday. Balloons, whistles, and little hats were given each one present.

Penn. Point

By D.H.P.

A year ago you could have asked the man on the street "Who is John Glenn?" Chances are one in ten million, that any one could have given the correct answer. Today, everyone knows the name and what this man has done.

The granddaughter of Mr. and Mrs. W. T. Cook of Spade, 13-year-old Lee Ellen Woods of Longview, has written a poem about the historic event and sent a copy of it to her grandparents. Lee Ellen's mother is the former Pearl Cook.

Lee Ellen entitled her poem "Colonel Glenn's Flight" and tells the story of the flight, the landing and a teenager's fascination.

"Colonel Glenn went up in air Up in the clear blue sky The men were trying to send him up As the weeks went flying by.

On February Twentieth They sent him into orbit It was almost as fascinating As a flying carpet.

Many people were there too, To see him that day Or at least that Is what the radios say.

The weather was good The weather was fine, Then the count started down Ten to nine.

Then eight to seven And right on down And when they came to zero There was not a frown.

As he went up On his long flight, It was 300 degrees Fahrenheit

He went up in the air Around 9:45 At that very second People were glad to be alive

In the world today People are so glad, Except in Russia, and I guess, the communists are mad.

He soon will be in history books For its minutes away now He circled the earth three times, But please don't ask me how."

I guess this little girl said in her poem exactly what all of us would have like to say, but just never could find the words.

The question as to whether water is a depletable mineral hasn't been answered as yet, but there are many interesting side effects growing out of the court case recently held in Lubbock.

If a depletion program is eventually obtained, some formula will be devised that will involve the measuring of static water levels to determine the amount of water used during the preceding year.

Under such a program, each individual will determine annually the amount of depletion he has actually experienced. With this information, he has firsthand knowledge of the fact that his water supply is actually being depleted, and the rapidly with which depletion is occurring. When a person comes face to face with these facts, he then definitely realizes that he is not pumping water from an inexhaustible reservoir; consequently, he has a genuine reason to conserve his ground-water supply.

I am sure the local farmers had much rather have the water than the tax deduction, because without water there would be no reason for such a deduction.

I have observed on several occasions, and even saw one Sunday afternoon, a field being irrigated, but a turnrow broke and let the water run into the barrow ditch.

Such wastes of water are unnecessary and should be stopped, but the individual producer must make the first step.

Tuesday was a "big day" in the lives of High School and

Junior High students. Many local businessmen and women and civic leaders changed places with the regular teachers for two hours that morning.

I am not sure that the students learned anything, but their elders certainly did, I think one thing the substitutes decided was to leave the teaching to those trained for it...it's easier to sell a car or a shirt than to direct the band, teach English, science or math.

Everyone seemed to have a good time with the exchange and this year will probably set a precedent for next year.

If you haven't visited the schools yet, today is the last day to do so...at least this week.

Something everyone has been watching for almost a year is how the Community Center would do financially. Monday night the board met and for the first time in many years, the center showed a small profit in its operations.

It appears that if a facility is provided, a nice neat facility, the public will use it to its fullest extent. Our congratulations to the Center board for the good work they have done.

No Extension Planned For Safety Sticker

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today there will be no extension of the April 15 deadline for inspection of all motor vehicles in Texas.

"The April 15 deadline this year falls on a Sunday, a day when most inspection stations are closed," Garrison noted. "We are not asking these stations to remain open on that day, and, under the law, there can be no extension of the deadline."

He said approximately 2,000,000 vehicles in the state remain to be inspected during the remaining 10 weeks of the 1962 inspection period. He urged motorists to get their inspection stickers early, pointing out that as the deadline approaches waiting lines will begin forming.

"We would like to point out that the purpose of motor vehicle inspection is to discover any defect that might become a link in a chain of events leading to an accident," the DPS Director said.

"It is encouraging to note that

since the inspection program began in 1951, vehicles with defect that was a causal factor in fatal accidents decreased from 13 per cent to three per cent."

Under the law, persons operating vehicles without 1962 inspection stickers after April 16 are subject to arrest. Authority to enforce provisions of the Texas Motor Vehicle Inspection Act is vested in the patrolmen of the Department of Public Safety, sheriffs and their deputies, and policemen.
