

Census Enumeration Work To Start April 1 In Lamb County

ment will be made for field work as enumerators should apply to him between March 7 and 24, Whiteley said. Twenty-one enumerators will be used in Lamb County.

Training Course
Whiteley said a training course will start March 27, while actual enumerating will begin Saturday, April 1 and is expected to be finished by May 1.

Pay Scale Fixed
It will be a policy, he added, to employ people from the communities in which they are to do the enumeration work. For this purpose, the county has been broken up into 32 separate districts. When an enumerator completes work in his district, however, he will be expected to help out in other districts until the work is completed.

An allowance of 5 cents per mile in rural areas is fixed for mileage expenses, Whiteley said. Exact pay scale for enumerators has not been announced, but will probably be about \$8 or \$9 per day.

There will be no discrimination between applicants in regard to the time applications are filed, Whiteley announced. The applications will be received from March 7 to March 24, and all selections will be made after the deadline date.

To Announce Figures
The census group will announce a preliminary figure about May 15, the district supervisor said. The figure won't be official, but it will be accurate for most purposes. The final official count will come from Washington, D. C., about December 15.

The district census bureau office is being moved February 20 to the city hall at Lubbock, Whiteley said. The district coincides with the 19th Congressional District, including 25 counties.

Announcement To Voters Made By Judge Bills

Judge E. A. Bills, who is serving as District Judge of the 64th Judicial District by appointment of the governor, Wednesday issued his formal statement to the voters in connection with his candidacy for a first full term in the office he now holds.

Judge Bills is serving the unexpired term of Judge C. D. Russell, who resigned in December.

Judge Bills has been a resident of Lamb county for 26 years, a resident of Littlefield since the early days of the city, and previous to moving to this county was a resident of the South Plains, having taught school as a young man. The candidate for district judge has long and wide experience as a lawyer, including the trial of law suits of most every character; has served as attorney for the city and for the school board, and has long connection with civic work, having taken an active part over many years in projects and pro-

L. A. Campbell Dies At Detroit, Texas

L. A. Campbell, former resident of Littlefield, passed away Saturday, February 4, at 11:45 a.m. at the home of his daughter and son-in-law, Mr. and Mrs. W. A. Petree, at Detroit, Texas following a short illness.

Mr. Campbell moved to Detroit, Texas, about three months ago. He had been a resident of this area since October, 1927, when he moved to Enochs during Durant, Okla. He had resided at Enochs, Morton and Littlefield since that time.

Born In Walker County
Deceased was born in Walker County, Georgia, October 14, 1870. He married Miss Mary Ann Norris of Montague County, Texas, April 4, 1901. She was the daughter of the late Mr. and Mrs. G. K. Morris of Donna, Texas.

New High School Building To Start About March 8

Final approval of a contract for the construction of a new high school building in Littlefield was given by the Board of Trustees at a regular meeting Monday night, Mancil Hall, president, announced.

Under terms of the contract, work on the new half-million dollar building will start before March 8—thirty days from date of the contract signing, February 6. The contract sets completion time at 300 calendar days.

Final approval of the contract followed the clearing up of several legal aspects, Hall said. Contract agreements were made January 24, with Gilstrap Construction Company of Lubbock.

Littlefield voters approved a \$500,000 bond issue for the schools last summer.

Pressed white brick will be used in the building construction. Designed to be fireproof throughout, the structure will have 15 classrooms and other miscellaneous rooms for newspapers, a band wing, library, agriculture shop, administrative offices, an auditorium seating 1,000 persons and a gymnasium with about 1,000 spectator seats.

Girl Scout Leaders Are Training Today

Seventeen leaders attended the opening session of a two-day Girl Scout leaders' training course Wednesday morning in the Scout Hut.

Mrs. Ivalee Hobden, Dallas, regional advisor, led the program, which included study of the Scout manual, question forums, and teaching of songs and folk dances.

Schedule of meetings, announced by Nelson Naylor, council president, included sessions at 1:45 p. m., 3 p. m., and 7:30 p. m. Wednesday and an all-day meeting Thursday.

General Health Check Given 450 Pupils In School Health Project

About 450 Littlefield public school children have been given health examinations this year, completing one objective of an overall school health program set up by Parent-Teacher associations and school officials.

Dr. Helen Faust has donated her free time over a period extending from the third week of school to the present time, assisted by the school nurse, Mrs. Dalton Teague, in giving general physical examinations to the school children.

Examinations consisted of a check on heart, lungs, teeth and tonsils, Mrs. Teague reported.

About 150 students in the third grade and 300 in the fifth and seventh grades were checked. Dr. Faust and Mrs. Teague started Wednesday to examine Negro students at Dunbar school, and plan to examine as many as time will allow during the school year.

Because it would be impossible to examine every child in Littlefield public schools, the program calls for examinations every year in the third, fifth and seventh grades. In this way, different students will be examined each year, and every student will have an examination once in a two-year period.

ROTARY MEETING SET
A joint dinner meeting of Rotary and Rotary-Anns is set for 7:30 p. m. Thursday in the First Methodist Church. Dr. C. E. Payne will have charge of the program.

Bip's First Bath

By Faith Helen Faust

This is the third in a series of stories written by Miss Faust, the talented 12-year-old daughter of Dr. and Mrs. F. D. Faust. The stories, also illustrated by the clever Littlefield girl, are carried in the Lamb County Leader on Thursdays.

Bip was a small, long haired dog. He was white and black. He was dirty, too.

Bip's master, Jimmy, said Bip needed a bath. From his friend, Spot, he had heard that baths were not nice.

A. B. Brown Elected District Director At PCA Convention

A. B. Brown

A. B. Brown, a farmer 10 miles northeast of Littlefield, was elected to serve a three-year term as district director of the Production Credit Association at an annual meeting in Plainview February 9.

The district association embraces eight counties: Swisher, Floyd, Castro, Farmer, Hale, Briscoe, Bailey and Lamb counties.

Other directors elected were D. T. Northcutt of Silverton, R. A. Axtell of Springlake, Cecil Davis of Muleshoe and W. A. Painter of Plainview.

A number of Lamb county farmers attended the district P.C.A. meeting, which was addressed by Dr. Virgil P. Lee of Houston, head of the Texas Production Credit Association.

The district has field offices in Littlefield, which is in charge of Gip Hudson, and in Muleshoe, Dimmitt, Floydada and Plainview.

PLAN EASTER SERVICE
Plans for a union Easter sunrise service at the First Methodist Church were made by members of the executive committee of the Littlefield Ministers Association at a meeting in the First Presbyterian Church Wednesday morning, the Rev. Carter McKemy announced.

Two More Placed On Probation In One-Day Session

Jury To Hear
Murder Case
On March 13

Tried before the court on pleas of guilty, nine persons were sentenced here Monday by Judge E. A. Bills in a one-day session of 64th Judicial District court.

A petit jury called to serve went home without hearing any cases. One defendant, E. W. Tillman, indicted on theft charges, plead not guilty and will be tried when the prosecution's witness, who lives out of the state, can be here to testify.

Murder Trial Set
Trial of Zerroid Been, charged with murder in the death of Pardue Buchanan at Spade last summer, is set for March 13, when a special venire of 108 men will be called to try the case.

Judge Bills announced that he is disqualified in the case because he represented Been before his appointment to the bench. Judge Bills will exchange benches with a Lubbock judge, who will preside at the murder trial here while Bills hears Lubbock cases.

\$2500 Damage Suit Filed Here

Heirs of I. B. Williams, who died in October of 1949 after being injured at horse races in the Sudan festival, September 10, have filed a \$2,500 damage suit in district court here.

Plaintiffs in the suit are G. W. Williams, Mrs. M. D. Boatright, Mrs. E. G. Jones, Mrs. W. A. Jones, Mrs. Lucy Cohorst, Mrs. I. J. Blakey and Mrs. H. M. Gilbert, and Jack Patton is defendant.

Plaintiffs allege in the complaint that I. B. Williams received injuries at the Sudan horse races on account of the "negligence and willful acts of the defendant," Jack Patton.

The complaint charges that Patton, who had been running horses at the races, ran into Williams, causing the injuries which hospitalized him in Amherst for a month before his death.

They seek to recover \$2,500 paid in hospital and funeral expenses and other costs.

Brownies Enjoy Valentine Party

BULL LAKE PHILOSOPHER FAVORS \$12,000 ANNUAL INCOME IN 1999, BUT WANTS AN ADVANCE NOW ON HIS

Editor's note: The Bull Lake Philosopher on his Johnson grass farm on Bull Lake no doubt has misinterpreted the newspapers again, an habitual accomplishment with him, but here's what he has to say this week.

Dear editor:

I was out here yesterday doin' nothin', not even pretendin' to be doin' anything, a man ought to have some time every day when he hasn't got a blamed thing to do and he can sit down and sit and let his mind come to a halt, when I noticed a newspaper flutterin' down out of a tree, must have been picked up by the wind earlier in the day and since it wasn't any trouble to watch it I watched it and remembered where it landed and when I got through loafin' later in the afternoon I got up and went over and picked it up and took it home and after supper read where some Washington government experts estimate it's possible for every man to be earnin' \$12,000 a year by the end of the 20th century.

There ain't no argument against such a offer, I think it's reasonable and attractive enough and certainly ain't no more than a man could use if he set his mind to it, but I never did like to go hog-wild over money, there are other things in life, and in view of the fact I ain't sure I'll even be here for the end of the 20th century, I was wonderin' if I could maybe draw part of mine in advance?

I want to be entirely fair about this and will be willin' to settle for half, say \$6,000 a year, now, and let somebody more deserving get his 12 thousand and my extra 6 around the end of the century. Or, if the government is already overburdened with too much bookkeepin', I'd be willin' to handle this

privately, and would like to know if any of your readers would be interested in buyin' my \$12,000 a year income for 1999 for fifty cents on the dollar now? Seems like a awfully good rate of interest for somebody.

Will appreciate you sendin' any replies you get to me out here on Bull Lake and I'm goin' down to the mail box now to prop it up and get it ready.

Yours faithfully,
J. A.

Patsy Clement Weds Robert Payne In Pretty Home Ceremony Friday

In a pretty home ceremony Friday morning, Feb. 10, Miss Patsy Clement, daughter of Mr. and Mrs. Harold E. Clement, and Robert L. Payne, son of Mr. and Mrs. M. L. Payne of Amherst, were united in marriage.

The Rev. Elmer Crabtree, pastor of the First Methodist Church in Amherst, read the marriage service at 9 a.m. in the Clement home, 500 E. 12th Street.

The bride chose a navy blue bolero suit, worn with white accessories and a white meline and seed pearl hat. Her corsage was a white orchid.

Sister Is Attendant

Miss Betty Lee Clement, her sister's maid of honor, also wore a navy suit. Her accessories were pink and she wore a shoulder corsage of pink carnations.

Lee Payne served his son as best man, and Mr. Clement gave his daughter in marriage.

A wedding reception followed in the Clement home, where the bride's table was covered with a lace cloth and centered with a bouquet of snapdragons flanked by candles. A two-tiered white wedding cake was served by Mrs. Cecil Grimes. Miss Elsie Kloiber poured.

Trip To Mexico

The couple left immediately for a honeymoon in Mexico, returning to Littlefield Tuesday. They are at home to friends at 522 East Sixth Street.

The young matron has been employed as a bookkeeper in the First National Bank here. She was graduated from Amherst High School and attended Texas State College for Women two years.

Mr. Payne is employed at Higginbotham Lumber Company. He was graduated from Amherst High School in 1944 and served two years in the armed forces.

List Of Guests

Among out of town guests at the wedding and reception were Mr. and Mrs. Lee Payne, Amherst; Mr. and Mrs. Cecil Grimes and daughter, Amherst; Mrs. Harry Bennett, Lubbock; Mr. and Mrs. N. H. Greer and family, Muleshoe; Mr. and Mrs. Henry Benson and family, Hereford; Mr. and Mrs. Paul Corbitt and family, Hereford; Mrs. Loyce Walker and daughter, Amarillo; Mr. C. L. Clement, Amarillo; Miss Elsie Kloiber, Littlefield; and Mrs. Elmer Crabtree, Amherst.

Miss Anna Lee Holtkamp And Richard E. Black Exchange Vows Sunday In Methodist Church

A formal wedding in the First Methodist Church at Littlefield Sunday solemnized the marriage of Miss Anna Lee Holtkamp, daughter of Mr. and Mrs. L. A. Holtkamp of Route 1, to Richard E. Black, son of Mr. and Mrs. E. W. Black of Sudan.

The couple exchanged vows before a rose arbor, with the Rev. Carl Schulte, pastor of St. Martin's Lutheran Church, officiating.

Piano Prelude

A thirty-minute prelude of piano music was played by Miss Catherine Poltyn as guests were being seated. Mrs. Carl Schulte played the wedding music.

Given in marriage by her father, the bride was gowned in white satin and lace. A lace-trimmed bustle, a long train, and a lace-trimmed cape over the shoulders were fashion notes of the gown. The bride's veil of illusion was also trimmed with fine lace and fastened to a tiara of orange blossoms.

She carried a fan of baby hyacinths centered with an orchid, which she removed later to wear on her travel costume.

Aunt Is Attendant

The bride's aunt, Mrs. Henry Druedow, served as matron of honor. She wore an aqua dress and carried a fan-shaped bouquet of mixed flowers. Flowers also provided a headdress.

Bridesmaids, Miss Mary Helen Holtkamp, Miss Lillie Harms, Miss Ruth Hill and Miss Peggy Black, wore gowns of yellow, green, orchid and rose, fashioned identically. Flowers in their hair and fan-shaped bouquets of mixed flowers were also worn.

Houston Black, the groom's brother, served as best man. Groomsmen were Raymond Harper, Dale Maxwell, Skeet Black and John T. Smith of Lubbock.

Carol Schulte, dressed in blue, served as flower girl.

Reception Held

About 150 guests attended a reception in the Legion Hut, where wedding gifts were displayed by the bride. A large foam plastic heart, decorated with red carnations, centered the refreshment table. At either end were the punch bowl, at which Miss Verna Lichte presided and the four-tiered bride's

Returns Monday From Altus, Okla.

Mrs. J. E. Chisholm returned Monday night from Altus, Okla. where she had been visiting the sick bed of her sister, Mrs. Prentiss Bellenger, who is very ill.

Mrs. Bellenger, who has been ill sometime, had a decided setback recently when she suffered a blood clot on the brain and paralysis of a portion of her body. She was reported as resting better when Mrs. Chisholm left Altus.

Miss Kay Whitaker One Of Those Chosen To Sing In Choir

Thirty-six Eastern New Mexico University students have been selected to sing in the university choir after tryouts, reports Joe I. Myers, instructor in voice. Highlight of the semester for the choir will be a tour the first week in April. Included in the personnel of the choir, and singing soprano, is Miss Kay Whitaker of Littlefield, a student of Eastern New Mexico University.

Lums Chapel HD Club Learns Tooling Work

The Lums Chapel Home Demonstration Club met Thursday, February 9, in the home of Mrs. Charlie Landers.

Mrs. Paul Carlisle gave a demonstration on copper foil tooling and members took up the work with much enthusiasm.

Delicious refreshments were served to 15 members and two visitors.

Mrs. Doss Maner will be hostess when the club meets next on February 23.

Future Homemakers Hold Valentine Party

Members of the Future Homemakers of America held a Valentine party Monday night at the Legion hut. They entertained guests with games and refreshments.

The party room was decorated with red hearts and red balloons. Red and white streams added to the Valentine decoration scheme.

Local Women Guests At Lubbock Coffee

Mrs. Frank Rogers and Mrs. Harold Clement of Littlefield were among guests at a coffee Tuesday morning in the Lubbock home of Mrs. Fortenberry. Mrs. J. E. Walker was co-hostess for the courtesy.

From Amherst, those attending the coffee were Mrs. C. A. Duffy, Mrs. Lee Payne, Mrs. Merle Autry, Mrs. Lester LaGrange and Mrs. Allan White.

Miss Gayle Anglin And Littleton Married At Earth

Miss Gayle Anglin, daughter of Mr. and Mrs. L. Z. Anglin of Earth, became the bride of James A. Littleton, Jr., son of Mr. and Mrs. J. A. Littleton of Earth, in a ceremony read recently in the Earth First Methodist church. Rev. Bruce Gilles read a double ring service before an archway of greenery and candelabra flanked with palms and baskets of white gladioli.

Mrs. Jerrell Haberer, pianist, played traditional wedding music and accompanied Mrs. Ed Dawson as she sang, "I Love Thee," and "Because."

Given in marriage by her father, the bride wore a slipper satin gown fashioned with a net yoke, outlined with chantilly lace, and a fitted bodice buttoned down the back. The long sleeves extended into points over the hands and rows of chantilly lace extended the length of the skirt and train. Her fingertip veil of illusion with hand rolled hem was caught by a tiara of French pearlized orange blossoms. She carried a white orchid showered with gardenias on a Bible, and wore the traditional something old, new, borrowed and blue.

Mrs. Jean Howard of Abilene, matron of honor, wore a yellow taffeta gown fashioned with a net yoke and attached to a bertha folded into a point, with a corded and tiered skirt. Matching mitts, a halo of net and red rosebuds and a bouquet of red roses completed the ensemble.

Brides matrons, Mesdames Delaine Crawford of Denver City, J. E. Smith of San Angelo, cousin of the bride, and Pete O'Hair of Earth, were gowned identically in electric blue fashioned similarly to the matron of honor's dress, and carried red roses.

Flower girl was Miss Eria Jean Wallace of Amarillo, cousin of the groom, and candlelighters were Misses Gay Reeves of Wellington and Jonnie Hudson of Lubbock. J. A. Littleton served his son as best man. Ushers were Doyle Underwood, Mervyn Cearly, Carl Jones and Jimmy Smith, cousin of the bride.

Francis Ann Hall Attends Twirling Clinic In Mineral Wells

Frances Ann Hall, 13, of Sudan, was one of the 100 high school girls who were instructed in the finer points of baton twirling at the three day meeting of the Texas Music Educators Association held at Mineral Wells last Thursday, Friday and Saturday.

The instructor was Dick Miller, a student at Sam Houston State College, Huntsville, and a faculty member of the college's annual twirling clinic. The young instructor at the TEMA convention came to Texas from South Bend, Ind., has competed in 33 major twirling contests, and was winner in all 33. Arlene Packwood Assistant In Keithley's School Of Music

Arlene Packwood, daughter of Mrs. E. J. Packwood of Plano, has accepted a position as piano teacher in Mary Keithley's School of Music. The school is located at 212 E. 13th Street, Plano, Texas. The first date has been set for Feb. 15, at 6 p.m. at the studio. Registration day will be Feb. 18, from 9 a.m. to 2 p.m. to 6 p.m. Those desiring to register on those dates should call Miss Packwood at 212 E. 13th Street, Plano, for an appointment. Arlene, who graduated from Plano High School in 1947, has been teaching piano for several years. She has been an accompanist in the community organization for individuals on the staff. As a result of her superior rating in the National Piano Playing Auditions she received a half scholarship for piano this year. Miss Packwood is a member of the Piano Pedagogy with

Mrs. Keithley, in addition to the regulation course in Plano for the Freshman year in college. She will play in the National Piano Playing Auditions in an attempt to obtain her diploma for that classification. Mrs. Keithley will give the first lesson of the student in each six weeks, and Miss Packwood will give twelve lessons. This extra lesson with Mrs. Keithley will be free of charge to the student and will be for the purpose of analization of the student's problems and planning of the student's work for six weeks. There is no question of "passing a course," but the amount of work covered will be up to the capacity of the individual. All lessons will be private. An Honor Roll system will be used for recognition of certain goals attained by the student. Miss Packwood will be co-sponsor with Mrs. Keithley of a Music Club to be formed after registration of students. This club, which will meet once monthly, will be a community service of Mrs. Keithley and Miss Packwood. Preparation for the National Piano Playing Auditions in any classification and toward any goal the student desires, will be afforded to those students who wish it. Tuition for six weeks will be \$12.00 which is the absolute minimum recognized by music teachers throughout the nation.

INFORMATION For VETERANS

Q—My husband, a World War I veteran, gets a pension and does not give me enough money to pay doctor bills. Could I get a part of his pension?

A—Pension may be apportioned only where the veteran and his wife are not living together. If you are living together, you may not be granted a part of his pension.

Q—Is it important for me to show that I have had experience in the line of business in which I am an applicant for a GI business loan?

A—It is important to show such experience because the law explicitly provides: "... that ability and experience of the veteran, and the conditions under which he proposes to pursue such business or occupation are such, that there is a reasonable likelihood he will be successful. . . ."

Q—Will I have to go to VA for advisement and guidance in event I wish to change my educational course under the GI Bill?

A—To avoid possible delays, a veteran seeking to make his first change of course may go to his school for counseling service. If the school has no organized counseling service or if the student seeks to make further changes in his course after the initial change, he must go to VA for advisement and guidance.

Q—I was discharged from the Army four years ago and now wish to enter a course of embalming. What school may I attend and get the benefits provided by the GI Bill?

A—You may enroll in any school of embalming approved by the state in which the school is located, provided it is willing to accept you.

Worry about your heart? — Suffer the haunting fears that undermine both your physical and mental well-being? Your doctor may well prove your fears to be foolish. But if they are real, isn't it better to know and to take the benefits of medical science, which has made such advances in the treatment of heart ailments? Through observance of the physician's advice, the person with "heart trouble" can live a long and practically normal life. Countless thousands are doing just that . . . thanks to medical diagnosis and advice.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

BUICK STYLE IS HERE AGAIN!

NO question now as to who has the ball on automobile styling!
Take a look at almost any blockful of new cars—and you will see once more the sweep and dip of tapering fenders that Buick pioneered—and that the whole country went for with a joyous whoop and holler.
They're a little smoother now, of course, rounded a bit—and are molded right into the body. And they flow sweetly into rear-fender forms that look for all the world like a jet plane's power plant.

Then look how wonderfully they are topped off in the upperstructure—with wide, curving, one-piece windshields, and with smart, Buick-originated wrap-around back windows!
Yes, Buick style is here again. The sleek, swift-lined style that has put Buick right in the fashion forefront of postwar America.
And you can have it in a choice of many sleek and roomy models, ranging in

price from just above the lowest brackets to the fine-car field.
Come in to see your Buick dealer—and start traveling in the smartest styling of the times.

Phone your BUICK dealer for a demonstration—Right Now! Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

The Private Flying Forum By "Ernie" Bode

A question was asked at the airport a few days ago as to the "C.A.A." acting as a "police force" designed to enforce C.A.A. rulings. I thought perhaps everyone would be interested in knowing just who enforces laws and how they're enforced.

Suppose "Gilbert" (the fictitious trouble-maker around airports) breaks a Civil Air Regulation by cutting in front of an airplane that is approaching for a landing. The control-tower operator or airport manager would file a violation report to the office of C.A.A. The action taken by C.A.A. depends on the severity of the violation. The C.A.A. then levels a choice of a payment of a fine or court action.

Now, suppose you (or Gilbert) rented an airplane at Duggan field and went out to your neighbor's house and gave him a low altitude (and reckless) "buzz-job," that violation of C.A.A. rules can, and quite often is enforced by the local police force. The sheriff is liable to be waiting for you at the airport when you come back to land! There are thirty states who are actively enforcing the C.A.A. rules and they

have levied fines totaling \$36,000 for 349 violations in 1949. Pennsylvania leads with a list of 107 violators and in 23 cases jail sentences were imposed. California is second with 84 violations—I have no information as to how Texas stands on this matter of aerial traffic violation. I can assure you, however, that all airport operations cooperate 100 per cent with the local law enforcement agents to prevent and prosecute violators of Civil Air Regulations—especially those affecting the general public—such as reckless flying, of flying while intoxicated.

Private aviation is having enough difficulty getting the general public's acceptance without making enemies by a few irresponsible trouble-makers (and headline makers) going out and flying as recklessly as they drive on the highway. An old flight instructor I had years ago once said that the thing that causes air accidents is the same thing that causes auto accidents—Carelessness! That old-time pilot has been (and still is) flying for over twenty years without a single accident! I think he knows what he's talking about, don't you?

I had four visitors, two from New York and two from somewhere back East—but they were in too big a hurry to tell me their names. They were trying to get to their destination before dark and just didn't have time to talk, so I sold them some gas and some maps and welcomed them to come back. Kenny Hamilton's dad took a ride and liked it fine—how about joining in the flying fun Mr. Hamilton? Jack Johnston and Dick Milligan have been out and Jack has been flying quite often—looks like we'll have another pilot soon. Bob Dillard has been flying the Fairchild and it looks as if Bob is a good ambassador to aviation—he's promised rides to three long ladies who are local nurses—nice work Bob. Earl Dow flew his Aeronca Chief awhile and Ben Gage dropped in for a visit in his Taylorcraft. Virgil Teague flew our Aeronca Champion and Herb Owens Jr. flew the Funk awhile. Ruth Martin dropped in from Ft. Worth in her Aeronca Sedan.

Sunday was a pretty rough day for anything because of a very cold choppy wind that I have learned to call (besides some nasty names I know) a "Norther." For the scientifically minded, it's the tail-end of a low pressure area that has moved past us a few hundred miles to the north. Amarillo had a thunderstorm last Saturday night and that was caused by warm,

SCHOOL DAYS

By D...

moist air from the South being moved northward on its way to an area of lower pressure. The air around a low pressure area circulates in a counter-clockwise manner and the tail-end of it comes from the North—hence, brrrrr!

Anyone requesting further meteorological information had better check with our well-informed ground instructor, Jack Brooke, 'cause I'm not so sharp on that stuff!

Truman Jones Named To State Legume Soil-Building Committee In Dallas

The value of legumes and cover crops and the probable extent of plantings were among subject matters discussed at a meeting of a committee on legume soil-building and cover crops held in Dallas, Truman J. Jones, county supervisor of the Farmers Home Administration, who is a member of the committee and was in Dallas for its session, reported.

Some farmers in Lamb County have profited by planting legumes. The "know-how" in planting legumes was sketched by Lawrence Smith, farm management specialist, who pointed out that Farmers Home step-by-step methods may easily be taught to farmers. They concern chiefly proper crop rotation, land preparation, seed treatment, fertilizer, planting, and handling at the time of land preparation for the next crop in a manner that will improve moisture conserving conditions and texture of the soil.

Placing stress on the improvement of farm and home management practices of farmers associated with Farmers Home Administration, Jones was named on the State Legume Soil-Building and Cover Crop Committee. Its activities will be pointed toward increasing the yields of cash crops by drawing borrower families into the program and encouraging them to follow successful methods, such as growing winter and summer le-

gumes to rebuild worn-out soil that has had its nutrients removed by constant growing of a single crop. Some of these families who have had success with their legume crops will teach the practice to their neighbors. Similar efforts are being put forth throughout the state, as the soil building and cover crop committee is statewide in scope.

Commercial Students Training To Compete In District Contest

Littlefield High School's commercial department will be represented at the district Interscholastic League meet in Levelland April 8.

Commercial teachers are training both typing and shorthand teams to take part in the meet, they reported.

From a shorthand team composed of Nadine Spann, Lavonda Farington, Ernestine Sell, Betty Jo Davis and Eudene Glover, two girls will be chosen to compete. Miss Doris Brantner is their teacher.

The typing team includes Diane Hall, Patsy Gregg, Joan Beauchamp, Margaret Nickelson, Sue Landrum and Joanne Schovajsa. Five girls will go to the district meet. Mrs. Ruth Matthews is their teacher.

Umpires To Organize At Lubbock Meeting

An organizational meeting of the South Plains Umpires Association will be held at 2 p.m. Sunday, February 19, at Lubbock City Hall, according to word received here.

Object of the meeting is to bring together prospective baseball and softball umpires in the area and to discuss plans for the coming season.

Local Schools Have Full Enrollment In State Teacher Group

All Littlefield public schools have 100 per cent enrollment in the Texas State Teachers Association. It was reported this week by Troy Armes, high school principal.

At least three other schools in the area have a similar record: Fieldton, Hale Center and Muleshoe, according to a report in the Texas Outlook, official publication of T.S.T.A.

Armes said March 17 is the date for the annual Texas State Teachers Association district meeting. Local teachers will attend a one-day session of District Four at Midland, Texas. Previously, the district conventions were held in Lubbock.

SNYDER TO GET BIG GAS REFINING PLANT

Construction of a high-pressure absorption-type casinghead gas refining plant seven miles north of Snyder, Tex., is scheduled to start immediately, according to an announcement by the Standard Oil Company of Texas, builders.

The plant will be completed about June 30, officials said, and will handle about 30 million cubic feet of casinghead gas daily as it comes from the oil wells and is separated from the oil. The plant will produce four products—raw gasoline, butane, propane and refined natural gas.

NYLON FLAGS WAVE LONGER

Flags made of nylon are being substituted for the less lustrous cotton and wool flags which have flown over government buildings for generations. A nylon flag will last three months, while a cotton or wool flag requires repairs or replacement in 30 days, public building services have found. The government uses 10,000 to 15,000 flags a year.

"Soul Winning" Theme Of Baptist Workers Meet At Amherst Feb. 24

"Soul Winning" will be the theme of the monthly Workers' Conference meeting at the First Baptist Church in Amherst on Friday, February 24, the Rev. J. Henry Cox, pastor, announced.

Starting at 10 a.m., the program will include song and worship led by Charles Heathman of Littlefield; at 10:10 a.m., "The Place of the Sunday School in Soul Win-

ning" by Henry Banks of Littlefield; 10:55 a.m., "The Place of the Training Union in Soul Winning" by Mrs. E. R. Richardson of Sunday.

At 11 a.m., Mrs. Viggo Peterson of Littlefield will discuss "The Place of the W.M.S. in Soul Winning;" at 11:25 a.m., Charles Heathman will lead special music; and at 11:30 a.m., F. L. Swanner

of Plainview will discuss "The Place of Preaching in Soul Winning."

A noon lunch will be served by the host church. Executive and W. M. U. board meetings will follow at 1:30 p.m. Special music by W. D. Bay of Amherst is scheduled for 2:30 and a message by Chester Watts of Olton at 2:35 p.m.

The East Zone Training Union will meet at 3 p.m. Sunday, Feb-

ruary 19, at Rocky Ford Church. Theme of the meeting "Can We Know We Are Saved?"

Program assignments announced to include "The Great Commission Teaching on Earth;" "The New Testament Salvation;" Lums Chapel, "Divine Assurance That We Are Saved;" Hart Camp; a special message in song, Rocky Ford Lee Furrh will speak on "In Being Saved." A program is also planned.

All New 1951 Kaiser Makes Bow With Many New Safety Features

Kaiser-Frazer Corp. today (Thursday) are presenting the completely new line of 1951 Kaiser automobiles—all-new from bumper to bumper and from road to roof.

First of three all-new lines to be marketed this year by Kaiser-Frazer to compete in every major price range in 21 body styles, the 1951 Kaiser models are distinctively styled in custom-built Continental fashion.

New Kaiser styling and functional "firsts" offer such features and innovations as "control tower" vision, with larger passenger car glass area than any other sedan; a new Kaiser "Supersonic" 115-horsepower high torque engine; balanced body and chassis design combining light weight with extraordinary structural strength; a low, 60-inch profile with the center of gravity cradled below the tire line; the industry's first full-padded crash absorbing instrument panel, and new living room interiors with lounge-type seats.

A well-balanced blending of body and chassis has given the new models exceptional headroom, legroom and ease of entry, without resort to depressed floor construction or other design compromises.

The 1951 Kaisers are offered in 12 body types—Special and DeLuxe four-door sedans, two-door sedans, club coupes, business coupes, and two and four-door Traveler utility sedans—each with a customer's choice of conventional drive, overdrive or Hydra-Matic.

Edgar F. Kaiser, president, described the new Kaiser line as Kaiser-Frazer's answer to "public desire for a truly modern, safety-styled automobile . . . a car balanced in every detail without being radical in any . . . the car of tomorrow, today."

Kaiser said that the 1951 line is the result of nearly five years of creative engineering by K-F styling, body, engine and chassis designers.

Unmistakable Continental styling touches are apparent in the new automobile. They are evident in the "sweetheart curves" in the roof at the top centers of the windshield and rear window, and in the "gull-wing" dips which simulate rear fender lines.

Likewise of Continental flavor is the "single roll" design of the body, which curves in an unbroken line from base to window level.

There is a slight down-sweep to both front and rear fenders, with the overall flowing design theme carried out in the lines of the "cascade" back.

Another identifying note is a protective chrome trim panel, or rub rail, which extends at bumper level for the entire length of the car.

The 3,541-square-inch safety glass area, in addition to providing unmatched vision, also offers the advantages of aerodynamic design. The windshield, which sweeps back at a 51.5 degree angle, presents a total area of 1,096 square inches—by far the largest of any sedan.

The windshield posts, which are rigid structural members of the all-steel body, are set well back from the driver's lateral range of vision. Slimmest in the industry, the slender posts virtually eliminate a "blind spot" particularly hazardous in city driving.

The broad, 1,000-square-inch rear window curves in harmony with the lines of the cascade back, thus contributing to greater all-around vision and reduced wind "drag." New type mounting of the side glass, nearly flush with the exterior body panels, effectively curbs wind noise.

Blending of chassis and body design has resulted in two "plus" performance factors. One is an unusually short turning radius which permits the driver to maneuver the car in a tight circle. The other is exceptional clearance provided for vertical travel or "jounce" of wheels when the car is driven over rough roads.

Safety and ease of handling also stem from the design of the new x-type frame, which acts as a skid in protecting the engine and vital underbody parts from damage.

Other advances include oversize "jumbo" brakes nearly double the efficiency and life of that of the average of the industry; new "Tru-Line" center-point steering with "lock-socket" linkage; new springing which curbs side sway and "squat" and "dip" in starts and stops; new pistol-grip hand brake conveniently located next to the ig-

niton switch; high capacity fresh air-conditioning with defrosting across the entire windshield; single-key ignition and lock system; customer-tailored front seat location with an adjustable range of seven inches, as compared to the industry's average of four; freeze-proof door locks and door latches effective against accidental opening, and "tumble-home" doors.

An exclusive Kaiser convenience feature is the "tuck-away" tire well in the spacious trunk, where the spare tire is recessed out of sight and out of the way for scuff-proof luggage storage. When in place, the tire well cover is an integral part of the floor.

New also is the 115 h. p. Kaiser "Supersonic" engine offered for the first time in K-F's 1951 models. The Supersonic is smoother, quieter and more powerful than any previous K-F engine, with substantially better acceleration and fuel economy.

Among the features contributing to its efficiency are a high-capacity sealed cooling system; precision balanced pistons with a flash chrome upper ring; center-of-gravity type engine mounting; a 100 per cent counterbalanced crankshaft; a hydraulic damper; extra rigid block, and new "mushroom" tappets.

"Our dealers," Mr. Kaiser stated, "are the only new car dealers in America who will have absolutely new 1951 automobiles, with styling and engineering features years ahead of competition. With three new lines of merchandise created to fit every pocket book, Kaiser-Frazer is in a position to make an aggressive bid for a leading place in the industry."

Drivers Licenses

To Take New Form

Texans will get a new form of drivers' licenses beginning this week, the Texas Department of Public Safety announced.

The new license will be mailed out in the form of a post card arranged to permit separation to allow for proper fitting into bill-folds or card cases.

Old licenses are still valid, but will be replaced with the new form as they expire.

The Safety Department also announced that it would notify drivers about a month before their licenses are due to expire.

50,000 Miles - No Wear!

1. Driven "Twice Around the World!" For 50,000 killing miles, six brand-new cars raced over the hot desert along the Mexican border . . . testing the wear-fighting qualities of amazing Conoco Super Motor Oil. At the end of 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Startling proof—factory finishing marks were still visible on piston rings!

2. New-Car Mileage for 5 Years! This punishing road test—equal to 5 years' normal mileage—proved, as nothing else could, that Conoco Super Motor Oil, with proper crankcase drains and regular care, can keep your new car new! Gasoline mileage for the last 5,000 miles of the test was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon!

3. New-Car Power! Quicker Starts! Yes—the extra protection of Conoco Super Motor Oil keeps that factory flash . . . that showroom smoothness . . . year after year after year! Conoco Super Motor Oil's exclusive ability to OIL-PLATE metal surfaces makes your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean. Conoco Super Motor Oil has proved itself to be the great new modern wear-fighter!

Water Code Hearing Slated In Amarillo

E. A. Bills—

grams in the interest of his city, his county, and the South Plains. Judge Bills announcement reads as follows:

TO THE VOTERS OF LAMB COUNTY:

At this time I am serving you as District Judge of the 64th Judicial District, which includes Lamb county. The other counties in the district are Hale, Bailey, Farmer, Castro and Swisher. As you know, Judge C. D. Russell of Plainview resigned as district judge in December, and on the very generous endorsement of citizens of the district the governor appointed me as district judge to serve out Judge Russell's unexpired term which continues for one year through 1950. I took over the office on January 1st and will serve through the year by virtue of my appointment.

I am now making my announcement as a candidate for nomination by the Democratic party as district judge for a full term. I have practiced law in Lamb county and the other counties of this district for more than 25 years, my experience consisting principally of the actual trial in the courthouse of law suits of most every nature in this and surrounding districts and in our appellate courts, and I am willing to leave it up to the people of the district who know me to judge my qualifications.

The duties of this office require most all my time holding court in the six counties of the district and for that reason it will be impossible for me to see you in person and solicit your vote. So, I take this method of presenting to you my candidacy and earnestly solicit your vote and influence for me as district judge of this district. I promise faithful, unprejudiced and impartial service.

Sincerely yours,
E. A. Bills

Bip's First Bath—

(continued from page one)

One morning Jimmy told him "I am going to give you a bath." Jimmy went into the house and got a tub. Then he got some warm water, soap and a comb and brush.

When he came out Bip wasn't to be seen. Jimmy looked everywhere and still no Bip. Jimmy called and called, "Here Bip, nice Bippie, come on Bip." Still no Bip.

When lunch came Jimmy went into the house to eat. Jimmy asked his mother, "Have you seen Bip?"

"No," answered mother. Father said, "I thought I saw him. He was running down the alley toward Spot's master's back yard."

"Thank you," said Jimmy. After lunch he got some more warm water and then went to see if Bip was still at Spot's house. Yes, there was Bip asleep on the back porch.

Jimmy picked Bip up and carried him home.

When Jimmy got home, he put Bip in the tub of warm water. Bip didn't like it. Then he rubbed soap on Bip.

"This is worse!" thought Bip. Bip began to wiggle and yap and try to jump out.

Jimmy wouldn't let him jump out. The more Bip wiggled and yapped the more water got into his mouth and ears. Pretty soon, Bip stopped wiggling and jumping.

Then Jimmy let Bip out. Jimmy dried him with a towel. Bip shook himself to make sure he was dry. Jimmy got the brush and brushed him until his hair shone. Then he combed the rest of the tangles out.

"Now you may play with Spot," he said.

Bip went down the alley into Spot's yard. There he had a lot of fun playing with Spot. Bip told Spot that baths weren't so bad after all.

Mercury Readings

Show 20 Degrees Low

Daily readings of temperatures in Littlefield over the past week showed a minimum temperature of 20 degrees on Tuesday and a maximum of 70 degrees last Saturday.

As reported by the West Texas Gas Company, the readings were:

	Low	High
Wed., Feb. 8	41	55
Thursday	30	62
Friday	33	68
Saturday	48	70
Sunday	35	52
Monday	32	40
Tuesday	20	58
Wednesday	27	63

Next meeting of the Texas Water Code committee will be held in Amarillo the third week in March. It was learned here Wednesday.

The announcement followed a meeting of the code group last week-end in Austin, when they heard several attacks on a present law protecting individual control of underground water supplies.

At the meeting in Amarillo, irrigation farmers and the 11 cities who plan to use water from the proposed Canadian River Dam will be asked to testify, it was reported.

The hearing in Amarillo is one of several to be conducted in every section of the state. When the hearings are over, the Water Code committee will draft a set of recommendations for the legislature to consider in writing a new uniform water code.

Officials Of Kaiser-Frazier Corporation Visit Local Dealer

James C. Youdan, District Manager of Kaiser-Frazier Sales Corporation, of Detroit, Mich., and T. A. Davis, of Amarillo, District Representative, spent Tuesday in Littlefield at the office of the local dealers for the Kaiser and Frazier automobiles, Batson Motor Company.

According to these automobile officials, the Kaiser-Frazier Corporation have an extensive program underway for 1950.

Safety Films Shown To Central Students

Central School pupils in four grades were scheduled to see motion pictures on safety in assembly programs Wednesday and Thursday afternoons in the High School Auditorium.

Principal D. C. Lindley said the seventh and eighth grade enrollment would see the films Wednesday afternoon, and fifth and sixth graders would assemble Thursday afternoon.

Lions-Rotary Benefit Game Set For Tuesday

Lions will play Rotarians in a basketball game set for 7:30 p.m. Tuesday, February 21, in the high school auditorium. Proceeds from the game will be donated to the March of Dimes fund.

Last year's hard-fought Lions-Rotary match ended in a tie, with some doubt, observers said, as to whether it was a basketball or football game.

REHEARSE SENIOR PLAY
High School seniors are now holding nightly rehearsals for their senior play, "Who's Batty Now," which will be produced March 2 and 3, school officials report.

Seven Sentenced—

(continued from page one)

sentenced Monday plead guilty and were tried before Judge Bills. Two of the number were put on probation.

Charley Ervin, found guilty of car theft, was sentenced to three years in the state penitentiary; and Horace Gordon, found guilty of burglary, was sentenced to three years in the state pen.

Eddie McClendon, Ben Junior

Chadwick and Robert Selman plead guilty on two charges of burglary and were sentenced to two years each in the state pen.

Lloyd Burgess, who plead guilty to charges of defrauding with a worthless check, drew a two year sentence.

Frank Madison Reed, who originally announced his intention to plead not guilty, changed his plea and was tried before the court. Charged with the second offense at driving while intoxicated, Reed was found guilty and sentenced to serve one year in the state penitentiary.

On Probation
Horace Stevens Loe, who plead guilty to an indictment charging second offense of driving while intoxicated, and Joel Eastridge, who plead guilty to car theft charges, were put on probation. Loe's sentence was for 18 months and Eastridge's was for two years.

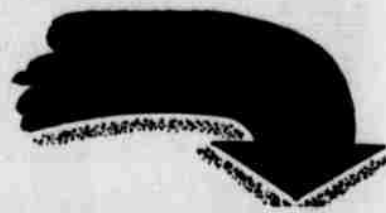

Under the probation law, Loe and Eastridge are warned not to violate any law, not to drink, to avoid vicious habits, support their dependents, remain gainfully employed, and to report once a month to the probation officer. Failure to comply with the terms will bring about a court order that the sentence be executed and the prison term served.

Five Transfers
Sheriff Sid Hopping said transfers are being arranged for five of the prisoners, and others will be taken to the state penitentiary

as soon as possible. E. W. Tillman, attorney to Hockley county, faces similar charges. Burgess, sentenced to less check charges, is in the custody of McClendon, Chamberlain man remained but will be transferred to county, where they face burglary charges.
