YELLOW JACKETS THIRSTY FOR WILDCAT BLOOD

By Charles Didway
MULESHOE, Nov. 5—(Special)
The Muleshoe Yellowjackets, who
won a football game since
number 26 when they upset
the Littlefield Wildcats Friday
determined to salvage some
of gridiron glory from a
which already has gone by
boards as an unsuccessful one.
After defeat has left a bad
taste in the Yellowjackets' mouth
for the past two weeks they have
drilled, drilled under the
direction of Coach Prince Scitt—
the Littlefield game

just as surely as Littlefield pointed
for Olton.
"Beat Littlefield," is the chant of
the Yellowjacket squad as they go
through practice sessions with a
snap and sparkle hitherto conspicu-
ous by its absence. "Beat Little-
field," the hopeful words are pick-
ed up by hundreds of local fans and
repeated over drug store counters,
on street corners, in class rooms—
anywhere two Muleshoe fans chance
to meet.
Strong Forward Walls
It is conceded that Muleshoe has
one of the strongest, if not the
strongest, forward walls in the dis-

trict. Elzo Collier, rampaging Sla-
ton fullback couldn't dent it—the
first one he has failed to riddle for
at least one touchdown this sea-
son. Neither has any other back
gained through that rock-ribbed de-
fense between the ends. The Hedges
twins of Olton circled the ends; so
did the Levelland flash—Burl Tay-
lor. So did Kenneth White of Suda-
n.
And that yellow-jerseyed line,
which has stopped the thrusts of
other conference wheelhorses, will
be on Seely Field intact Friday
night to challenge the best efforts
of Floyd Holberg, Roy Hutson, Babe

Hammons, Jimmie Yarbrough, Bu-
ford Bradshaw or any other back
Coach Murphy designates.
Muleshoe Starting Lineup
Starting at ends for Muleshoe will
be Garland Kennedy, 165 pounds,
and Earl Schmitz, 160 pounds.
Kennedy's best friends call him
"Tuffy." His enemies just don't
call him. Until he suffered an ankle
injury in the Olton game, Kennedy
was the outstanding end of the con-
ference. He has scored three of
the five touchdowns the Jackets have
managed this season. Schmitz plays
like a veteran and is a place-kick
specialist.

At tackles will be Hubert Clark,
190 pounds, and Anthony Jesko,
170 pounds. This pair would be
good men on any Class AA team in
Texas and all season have consti-
tuted threats to opposing backs.
Both are All-District timber.
In the guard slots will be Harry
Walker, 180 pounds and Vanoy Tip-
ton, 160 pounds. Unusually fast for
guards, Walker and Tipton don't
know when to quit and are natural
gridders. Both Slaton and Littlefield
owe these two, along with Weldon
Standefor, center, votes of thanks.
The reason? They softened the
Hedges twins for the Tigers and

wildcats. Ask the man from Olton!
Standefor, playing his third year
at center, weighs 180 pounds, and is
the sparkplug of the Yellowjacket
team on both offense and defense.
He does the punting and there's
not a better kicker in the confer-
ence.
Backfield Lineup
Coach Scott was undecided Tues-
day just where he would place his
backfield men, but starting will be
Spud Thomas, 150 pounds; Pinky
Barbour, 160 pounds; Frank Stand-
efor, 135 pounds, and T. M. Cox,
150 pounds.

Region Auxiliary
to Sell Poppies
here Saturday
Mrs. Alice Douglass,
Gold Star Mother, in
Charge Of Poppy Sales

Organization of the corps of
volunteers who will distribute mem-
ber poppies here on Poppy Day,
Friday, is being completed by
the New Post No. 301 Unit of
the American Legion Auxiliary. The
unit, working under the leadership
of Mrs. Maude Street, president of
the local auxiliary, will be on the
streets throughout the day offering
poppies to be worn in honor of
World War dead, and to aid the
disabled veterans and dependent
children of veterans.
Mrs. Alice Douglass, the
Gold Star Mother who is a
member of the local auxiliary, will
be in charge of poppy sales Satur-
day. The place she has so ably fill-
ed for many years. She is a charter
member of the auxiliary here.

Where the poppies will be
sold will be located near the Stokes
Store, Mrs. Street said. A
group of members of the auxiliary
probably go to Sudan Saturday
morning and they expect to sell
about a hundred poppies there.
Selling poppy sales will in-
crease this year, the auxiliary will
sell 1,000 poppies for sale. Pre-
viously they have only sold about
500. The poppies are made by dis-
abled war veterans in veterans hos-
pitals, and they benefit both by the
money earned and from occupational
therapy value of the work.
Disabled veterans in need of
benefit through the vast re-
habilitation program of the Legion
Auxiliary, which Poppy Day
contributions help support.
Children of disabled and de-
ceased veterans benefit through the
Legion and Auxiliary child welfare
clubs which are given a support
from Poppy Day contributions.
The America benefits from the in-
creasing memories of patriotic service
sacrifice which are reawakened
year by the wearing of the
poppies.

**Edwin's Election Based
On Work In Club And
Story On Electricity**

Edwin Lynn Hall of the Spade
4-H Club has been named the win-
ner of the state 4-H Club Rural
Electrification Contest according to
word received this week by W. B.
McAlister, Assistant County Agent
of Lamb County.
Awards for winning this contest
include a gold medal for winning the
Lamb County Contest and an educa-
tional trip to the 20th National
4-H Club Congress and International
Livestock Exposition to be held in
Chicago, November 30-December 6,
1941. His records will now be judged
for the National Contest Awards.
Edwin's selection for these awards
were based upon his fine work in

**Mr. And Mrs. Mahaffey
Celebrate 55th Wedding
Anniversary November 3**

Mr. and Mrs. J. R. Mahaffey cele-
brated their fifty-fifth wedding an-
niversary at their home on Avenue
W in Lubbock, Monday, Nov. 3.
Mr. and Mrs. Mahaffey are the
parents of Mrs. J. M. Johnson of
Lubbock; K. W. Mahaffey and Mrs.
Nellie Kilpatrick of near Fieldton,
and Mrs. O. D. Yeager of Little-
field; and grandparents of Eugene
Yeager, manager of the local Piggly-
Wiggly Grocery.
Those attending the celebration
were: Mrs. J. M. Johnson and son
of Lubbock; Mrs. Nellie Kilpatrick
and Mrs. O. D. Yeager of Little-
field; Mr. and Mrs. O. D. Yeager,
Jr., and Connie Sue, formally of

**FSA Executive Is
Guest Speaker At
Lions' Club Wed.**
Homer R. Robbins of Amarillo,
chief of the Tenant Purchase Ser-
vice of the Farm Security Admini-
stration of the Amarillo district, was
guest speaker at the regular weekly
luncheon of Lions' Club Wednesday
at noon.
Mr. Robbins outlined the begin-
ning of the tenant purchase plan
through FSA in the nation, and re-
ported that the program in Lamb
county had been in effect the past
two years, and 11 farms had been
purchased through that program,
representing approximately \$115,-
000. He stated that the FSA plans
to purchase six more farms in this
county this year, with an additional
\$55,000. Collections on payments
for these farms are above average,
Mr. Robbins said, and there are no
delinquents.
Guests at the Lions' Club were
former members of the local organ-
ization, A. B. Chapman of Muleshoe,
and J. R. Eagan of Lubbock.
Approximately 25 attended the
meeting Wednesday.

**W. B. McAlister
Asst. Co. Agent**
W. B. McAlister became County
agent of Lamb County on November
1st, succeeding H. T. Duke who
was transferred to Garza County as
county agent.
McAlister is a graduate of the
Animal Husbandry Division of the
Department of Agriculture of Tex-
as Tech College. Mr. and Mrs. Mc-
Alister have moved to Amherst and
are living in the house formerly oc-
cupied by E. T. Duke and family.

**Overplanting Not
To Be Tolerated
Under 1942 Plan**

**Deduction Rate For
Excess Wheat Has
Been Raised Greatly**
Wheat farmers overplanting their
1942 wheat acreage allotments by
any amount will be ineligible for
full parity and conservation pay-
ments and wheat loans, according to
Aubrey W. Bingham, Secretary of
the Lamb County ACA.
Under the 1941 program, farmers
who exceeded their allotment by not
more than larger of three percent
or three acres could dispose of the
excess acreage within a prescribed
length of time and qualify for maxi-
mum payments, Bingham said in ex-
plaining that this tolerance would
not be permitted under the 1942
program.
The deduction rate for excess
wheat under the 1942 Agricultural
Conservation Program has been
raised from six times the payment
rate specified under the 1941 pro-
gram to ten times the payment rate.
The new deduction rate applies to
parity as well as agricultural con-
servation payments.
If allotments are exceeded by as
much as ten percent, the penalty rate
will wipe out the entire wheat par-
ity and conservation payments. If

**Cannery Now Ready
For Garden Products**

The Littlefield cannery, under
the supervision of Mrs. J. D. Dodgen
has about completed the canning of
green garden products and are now
ready to take the fall field pro-
ducts such as sweet potatoes, pump-
kins, and hominy.
Patrons of the cannery return 15
percent of the products to the can-
nery for service, received and this
amount has reached approximately
4,600 cans. In this number is 400
cans of tomatoes; 550 peaches, pears
and apples; 1,100 corn, 800 peas,
700 dry, shelled and snapped beans,
100 hominy, 75 sweet potatoes and
approximately 275 are pumpkins,
greens, okra and soup.

**Local Squad Is
Groomed To Win
Over Muleshoe**

**Littlefield Team Must
Defeat Yellowjackets Or
Lose Title Chance**

The Wildcats, Littlefield high
school grid team, must beat Mule-
shoe Friday night!
That title crown of the district
5-A north zone is hanging over their
heads, but it seems yet too far up
in the clouds, for those Wildcats
must win over the Muleshoe Yellow-
jackets and the Levelland Loboes,
then their record will be put on the
carpet with Slaton's record, and the
district committee will have to de-
cide . . . then the winners will clash
with Brownfield, which is easily
tramping toward the south zone
championship . . .

But—that's crossing bridges, and
winning games before the Wildcats
get there!
Be assured, however, that every-
one of those Wildcats will be at
Seely Field Friday night, when those
Yellowjackets will attempt to sting
them badly.
Local fans don't believe the Jack-
ets can get far enough into the Wild-
cats den to sting them . . . The
Jackets weigh more than the 'cats,
but for hustlin', bustlin' football,
they don't have anything on the lo-
cal boys.
Good Defense Record
Littlefield claims the best defen-
sive record on any team in the dis-
trict. Only 19 points have been
scored against the Wildcats, and
six of those were against the sec-
ond and third stringers. Littlefield
held the Olton Mustangs to three

Miss Xie Mae Mahaffey And R. Collins Are Wed In Reno, Okla. October 26

Announcement is made this week of the marriage of Miss Xie Mae Mahaffey of Norman, Okla., and T.

MRS. T. R. COLLINS
Collins of Littlefield. The ceremony was read at 4 p. m. Sunday, October 26, at El Reno, Okla., by Rev. J. B. Hodges, Baptist minister, who

officiated with the double ring ceremony.

The bride was attired in a soldier blue dress with wine velvet trim, and black wine accessories. For a corsage she wore a gardenia, and for something old, she wore her mother's locket.

Miss Daphne Wren of Littlefield was bridesmaid, and she wore a wine velvet dress with black accessories. T. A. Hilbun of Littlefield was best man.

Others attending the ceremony were Miss Kathleen Mahaffey of Norman, Okla., sister of the bride, and Neal Price of Oklahoma City.

The bride is a daughter of Mrs. G. A. Smith of Norman, Okla., and is a graduate of the University of Oklahoma. She is teaching homemaking in the high school at Newcastle, Okla., and was formerly homemaking teacher in the Littlefield high school.

Mr. Collins is the son of Mrs. Audie Collins and has made Littlefield his home the past 12 years. He is employed in the office at the Union Compress & Warehouse Co.

Mrs. Collins will arrive in Littlefield about December 1, and the happy couple will make their home here.

Edward G. Robinson and Edward Arnold head the cast of a story centering around a fearless newspaper man, all in all "Unholy Partners" is a dynamic picture that brings you the rumble of the press, the staccato rattle of gangster guns, and the overtone of laughter and melody heartbreak and courage, that make Broadway what it is and what it was, others in brand new roles in the picture are Laraine Day and Marsha Hunt.

W. Jack Lewis Speaker At Banquet Here

is a great heritage, and it is a glad, indeed, that our country's flag, Rev. W. Jack Presbyterial minister of told approximately 75 people at the second annual banquet Tuesday night. The was staged at the First Church, and was sponsored by the Methodist Youth Fellowship.

attention should still be trained to those things that transcend over force, greed, and hate," he continued.

J. B. Sharp, president of the local organization of the Methodist Youth Fellowship, was toastmaster for the affair.

The banquet room was elaborately decorated, carrying out the patriotic motif. The "V" for victory table was beautifully—at the point of the "V" a map of the United States was placed, with a miniature "Uncle Sam" standing over the map. A United States flag was placed in front of the map, and the flag was made from red, white and blue astors. Red, white and blue candles lighted the tables, and soldier dolls added to the attractiveness of the

SEE AN OLIVER "70" BEFORE YOU BUY

Roll easily and quickly through your harvest with an Oliver Row Crop "70" pulling and driving an Oliver Grain Master Combine. It's just one more job in the busy year-around schedule of the "70", and as the lucky owner of the outfit you'll know the "70" has everything, does everything and is a beauty to operate as well as to look at. You'll discover its great economy, easy handling and fast working speeds that get jobs done in a hurry at lowest cost.

Smooth, lively, 6-cylinder "70" power is ideal for operating small combines or similar power take-off jobs, and belt work such as driving a 22x36 threshing. The steady overlapping power of six cylinders means more effective delivered power for such work. Power take-off and belt pulley speeds depend directly on engine speed, and are independent of tractor travel. Finger-tip control of all operations, from the comfortable driver's seat, and automotive steering mean easier driving, time-saving operation. The Oliver Variable Speed Governor Control enables you to use only the fuel needed for the work.

Oliver builds the "70" in two fuel types for maximum fuel economy—the "70" HC with high compression engine for gasoline, and the "70" KD with engine designed for kerosene or distillate. Pick your fuel and your "70". Get modern low-cost tractor power. See us today about a demonstration.

Armistice Day

Tuesday, November 11th

We believe in our country and our countrymen, and we are mighty thankful and proud of the privilege of being Americans.

The first World War is an immortal memory . . . the monstrous armies who fought in that first Great World War were slowly sent home to begin the fight for peace . . . for a Greater America.

This year, as the war clouds hang over us again—we honor those men who fought for a cause and at the same time, use the memory of those terrible years as an object lesson of the blessings of peace.

And—On this Armistice Day, we salute the many boys in our nation who have entered the service, and are in training in the various phases of the great United States Army and Navy. These boys each have a part in protecting the real America, millions of people, with homes and children, hopes, ideals, faith, ambition, freedom to achieve life's highest standards.

Let us not forget, on this Armistice Day, as we honor those men who have built the foundation for peace in America since the first World War, to honor those boys who are in training at the present time, preparing themselves to safeguard America.

His only complaint is that the heavy dew, which is unusual for this part of the country, prevents the pickers from getting out into the fields very early. On Monday he reported that it was about 9 o'clock, and Tuesday between 10 and 11 o'clock before the pickers could start work.

Mr. Cunningham also reports plenty of pickers. He said his 30 workers gathered 7 bales of cotton Monday. However, he added that his cotton was of an early variety, and that some of his neighbors cotton

Schools Will Not Have Holidays On November 20-21

The Littlefield Public Schools will not have holidays the first Thanksgiving, or November 20 and 21. Supt. F. A. Hemphill announced Wednesday.

Mr. Hemphill stated that no official announcement has been made from the school board, whether or not the following week the students and teachers will have holidays.

Due to the heavy rains, the school buses have been unable to run quite a number of days this school term, and the attendance was so low that school was dismissed. It is necessary that these days be made up during the term, Mr. Hemphill said.

Football Game—

first downs and blanked them, 38-0, the first time since 1937 Olton had been held scoreless.

And—You remember how Olton trampled those Yellowjackets early in the season, 46-0.

Wildcats Well Groomed

Coaches Abe Murphy and C. L. Storrs are "giving the Wildcats the works" this week. They'll admit those Yellowjackets are rough and powerful. But they have trained the team to perform in a unit, not depending altogether on any one man. The coaches use two backfields with about equal success.

Roy Grisham, right tackle, and Floyd Holberg, fullback, will be co-captains for the Wildcats Friday night.

Adult fans will be admitted to the game, which starts promptly at 8 p. m. for 50c, plus tax, or 55c. Students will pay an admission fee of 25c, which includes a three-cent tax.

The Wildcats have won over the Muleshoe squad the past three years, but their lead has not been too great. They CAN take them down another trail of defeat this year . . .

Sports writers in this area don't believe the Wildcats can do it—but every person in Littlefield believes it can be done. They've been watching those Wildcats practice the past two weeks! We'll all be at the game Friday night!

Yellowjackets—

(Continued From Page 1)

Thomas started the season in All-District style, but slowed in the Levelland game and hasn't hit his peak since. Indications are, however, that he will be back in form for the Littlefield game and if he is—Wildcats watch out!

Barbour has shared the passing duties with Thomas and has helped some with the punting. He's a hard runner, tough as a boot and his tackles jar even the spectators.

Frank Standefer has come along fast to root a more experienced man out of his job. He has the makings of a real football player and with a trifle more seasoning will be a "one-man gang" in himself.

T. M. Cox is the wheelhorse of the Jackets' backfield and the team's leading ground gainer. He plays football for the sheer joy of playing, is good at diagnosing the opposing team's choice plays and swoops down on ball carriers like a Stuka. Cox is the boy to watch Friday night, but watching him won't stop him. He has averaged 5 yards per try in every game he's played this season.

In reserve will be such stalwarts as Gardner, Roberts, Wilhite, and Damron in the line, and Riddle, Jordan and Oliver backs.

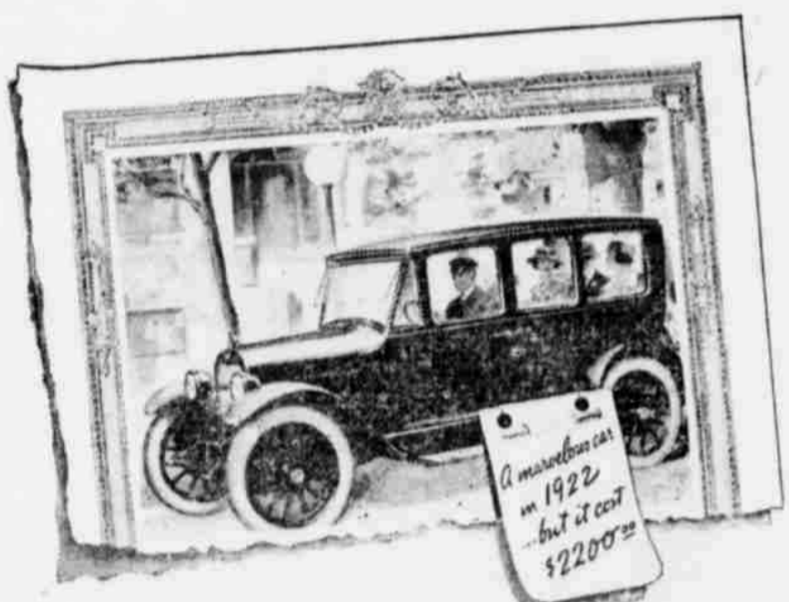

That's the Yellowjackets, and they'll be accompanied by hundreds of fans who don't concede the Wildcats a thing. There's a funny thing about these Jackets and their supporters. They never know when they're whipped!

Overplanting—

(Continued From Page 1)

the acreage allotment is exceeded by more than ten percent, deductions will be applicable to other payments earned unless the non-allotment wheat farm option was followed, the AAA officials said.

Marketing quota restrictions will apply to producers on farms subject to quotas on which wheat acreage allotments have been exceeded in the event a marketing quota on wheat is approved in a referendum next spring. In explaining wheat regulations further, the secretary said that if wheat acreage allotments are overplanted and marketing quotas are in effect, producers will be eligible for loans on only the marketing excess for the farm provided wheat loans are available.

...but what has this automobile to do with your **ELECTRIC SERVICE?**

FRANKLY, it has nothing to do with your electric service. Use it here to illustrate a point.

Automobiles were "rich man's toys" not so many years ago. They cost a lot of money and they cost a lot to run. They were gas-eaters and oil-eaters. The hills they could climb in high were few and far between. If you got them up to fifty miles an hour, the noise and vibration were terrific.

Today millions of American families can afford beautiful, powerful cars that outsmart, outshine and outperform the best models of the Twenties in every way, yet cost less than half as much.

This progress has not been confined to the automobile. Time was when electric service provided only your light. Today you can use more lights, a radio, refrigerator, vacuum cleaner, washing machine and other appliances, and the electricity to operate all of these costs very little more than you used to pay for light alone.

Like the automobile, your electric service improves steadily year after year. At the same time, its price comes down. This is possible because of the constant effort of the people of your electric company to improve service and reduce rates. It's an effort that goes on and on. Because of it, your electric service will be better and cheaper in the future than it is today. The credit belongs to a group of people who are never content to rest on their laurels, who strive to do their job just a little better today than they did it yesterday. They're the people of your electric company.

MORE FOR YOUR MONEY

In the last 10 to 15 years, the engineering improvements and operating economies of your electric company have made it possible to cut the average price of household electricity just about in half. Many customers now using more household appliances, lots of light, a radio and refrigerator pay very little more to operate all of these than they used to pay for light alone.

Map Shows Distribution Of Soviet Resources

As the advancing Nazi armies reported extensive gains all along the Russian front speculation grew as to the importance of the territory lost by the Soviet. The above map gives evidence of the distribution of national resources in Soviet Russia. Arrows indicate three possible routes by which supplies could be shipped to the embattled Red armies. At the extreme right is shown the important port of Vladivostok, through which shipments of American aid have already been made. Route of this shipping passes near Japan from the U. S. west coast and with a break in Russo-Japanese relations it would loom as a potential danger zone for U. S. merchant shipping.

Aid To Needy Blind Underway In Lamb Co.

Old Age Assistance Administrator R. S. Williams of Lubbock was in Littlefield early this week working with Mrs. Katie Green on applications for Aid to the Needy Blind and Aid to Dependent Children.

Since the beginning of this program by the state September 18th, three applications for the needy blind have been made from Lamb county, two of which were approved. Applicants for this assistance must have reached the age of 21 years of age and upon approval by the state are entitled to \$30.00 per month.

Twenty applications for aid to dependent children have been made from Lamb county and due to the fact that each child must have a birth certificate, progress is slow toward completing the claims. Only children under the age of 14 years of age, who are bereft of a father or whose father is mentally or physically incompetent to provide for the child are eligible for this

aid and after approval by the state has been made are entitled to \$16.00 per month per child and not over \$24.00 per month where there are two or more children in the household.

At the present time there are 350 persons in Lamb county receiving old age pensions.

Pvt. Smotherman Promoted Recently

Camp Polk, La., Nov. 2, 1941—(Special to Leader)—Pvt. Emerson Smotherman of Medical Detachment 67th F. of the 3rd Armored Division has been promoted to Private First Class, it was announced today by Capt. S. J. Karpenski commanding Med. Det. 47th F. A.

P. F. C. Emerson Smotherman is the son of Mrs. Mary Smotherman of Littlefield, Texas.

The 3rd Armored Division, one of Uncle Sam's latest panzer units is commanded by Brigadier General Alvan C. Gillem, Jr.

FORTY-FIVE OF BEST FLYERS IN COUNTRY RECEIVE WINGS SATURDAY

Forty-five of the "best fliers in the world—bar none" receive their "wings" Saturday as the first graduates of the new \$50,000,000 naval air station on Corpus Christi bay.

Capt. Alva D. Bernhard, commanding officer of the navy's "university of the air," said in passing his first graduate pilots that after less than eight months of training, the young men were able to fly any aircraft in service.

With 150 University of Texas coeds as well-wishers, the first class of young fliers received their commissions at a ceremony attended by 2,000 under-graduate cadets and 700 prospective cadets who will begin intensive training shortly.

The 45 men began training last March 12 when they knew practically nothing about flying. They advanced rapidly through their primary, basic and advanced aviation courses to set a "world's speed record" in pilot training.

Don Hager of Crockett, former Rice institute football star, was the only Texas graduate in the class. This big air base—the nation's largest, now nearing completion a full year ahead of schedule, turned out its first "completely fin-

ished" fliers 14 months sooner than originally planned because of the pressing needs of national defense.

Greetings and congratulatory messages were extended today's ceremonies from President Roosevelt, Secretary of Navy Frank Knox and other high officials.

Graduation ceremonies were held on ground that was part of the bottom of Corpus Christi bay when the navy took title to the 14,000-acre air station site July 6, 1940. The earth was pumped from the bay to raise the ground level.

Captain Bernhard said that by the end of the year, the station—the only one in the nation which offers a complete course in naval aviation—will be turning out finished pilots at the rate of 300 a month.

Facilities now available are 1,000 planes of all types, 400 buildings, a main landing field, three auxiliary fields, 28 outlying practice fields, five seaplane and four land plane hangars with more building, recreation halls and grounds and an auditorium seating 16,000—big enough to handle the entire naval, marine and civilian personnel.

Growers Urged To Allow Cotton To Ripen Before Picking

The grade of cotton ginned through October 17 in Texas and Oklahoma was lower than for any other year, and for the period October 1 to 17 about one bale in every 10 ginned in Texas was reduced to a lower grade because of lack of preparation, according to J. Kennedy of the U. S. Department of Agriculture's Marketing Service, Dallas, Texas.

With continued light to heavy rains, picking and ginning are making slow progress. The proportion of cotton now being classed under the Smith-Doxey Act for organo-chemical treatment is being reduced from Strict Low or Middling to Below Grade because of rough preparation. Losses are running as high as \$25.00 per bale.

Cotton is being damaged in the field by heavy rains. Growers are naturally anxious to harvest their crops, but if picked and ginned in a wet or damp condition further losses will result. Cotton now being classed under the Smith-Doxey Act for organo-chemical treatment is being reduced from Strict Low or Middling to Below Grade because of rough preparation. Losses are running as high as \$25.00 per bale.

during heavy rains. Growers are urged to let their cotton dry in the field, if possible, before pulling or picking, particularly if the gins are not equipped with driers, and when ginned out, put their cotton either in a waterproof building on their farms or in a warehouse where it will be adequately protected.

CELEBRATING ARMISTICE DAY

The feeling expressed by some people that we should not celebrate Armistice day this year because we stand on the brink of another war, seems to indicate a lack of understanding about what Armistice stands for. Actually, we should give more attention to Armistice day this year than we have in any year since the World war ended.

To many people in America, Armistice day meant the celebration of the fact that we were at peace—that war had ended. But if peace was all we were celebrating, it could have been celebrated whether we had won or lost. What we really were celebrating was the victory which ended the threat to our Democracy and our freedom.

After that victory, probably more should have been done to guarantee the preservation of peace. The German nation shouldn't have been allowed to build the murder machine which has been running wild over Europe and is now threatening America again. It never should have been allowed to happen—but it has happened and no matter how wrong it is, we have to look it in the face as a fact.

In celebrating Armistice day this year we are celebrating the fact that the American flag and all it stands for still flies over our nation—and with the threat of new attacks upon it we should also use Armistice day as an opportunity to pledge ourselves to see to it that our flag and our way of living is guarded against all present threats.

The American Legion, which gave us the victory and peace which we have celebrated on Armistice day for twenty years, spoke for a large part of our nation when it said, in a resolution

passed at its last convention "We want America strong enough to meet any possible attack before it arrives and to turn the enemy back so that our homes remain intact and our families secure. If fighting is necessary to defend the United States, we insist upon being prepared to do the fighting outside of the United States."

NURSES NEEDED

If there are retired nurses in this town, or women who have had some nurse's training, who could arrange to become active in that profession, they could help in solving one of the critical problems facing our country today.

The big demand for nurses in connection with our armed forces and great industrial plants has caused a serious shortage in hospitals and homes where nurses are needed.

It is estimated by Miss Mary Beard, chairman of the subcommittee on Nursing of the Health and Welfare division of the government, that more than 31,000 additional nurses are needed this year by the army, navy, government, agencies and civilian institutions.

To meet these requirements, it will be necessary for many retired nurses to return to active duty. In addition, 50,000 girls must be enrolled in schools of nursing and hundreds of thousands of women must be trained to be volunteer nurses.

Whether or not we become engaged in a shooting war, a large number of additional nurses are needed to meet our present needs. Becoming a nurse today is not only an opportunity for women to learn a worthwhile profession but is as patriotic a step as it is for a man to join the army.

School For Drama To Be Presented At Littlefield School

School for Drama, will be presented in Littlefield Public Schools on

Monday, November 10, at 7:45 p. m. according to an announcement by F. A. Hemphill, Supt.

Because everyone is keenly aware of the radio and theatre, this two-fold program, in which each is demonstrated, will be given. First, a typical studio representation of a

radio "Murder Mystery" and second, as a contrast, a one-act play in the best tradition of the theatre will be given so the audience will see the difference in technique of these two types of dramatic representation.

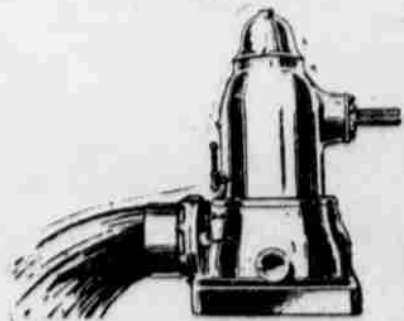

Not the least interesting part of the radio program will be student participation in the "Man on the Street" manner and the use of a great variety of sound effects, both manual and recorded, to show "how it is done". For this work a cast of artists with both radio and theatre experience has been assembled.

Edward Rees did a remarkably fine piece of acting this past season as young Abe Lincoln in "Prologue to Glory". His work in the theatre includes leads in such plays as "Winterset", and "Personal Appearance," and he has done consider-

Christian Piety Urged In Homes By Lutheran Preacher

Appealing for Christian piety in the home, Dr. Walter A. Maier of Concordia Seminary declared last Sunday in his Lutheran Hour broadcast "that men and women nowhere sink to lower levels than in the home where Christ is denied a welcome."

"As long as sin rules unchecked in any home," the radio evangelist said, "the forces of evil will seek to banish peace by promoting selfishness, lust, hatred and a dozen other vices. Without Christ people often seem to live in a certain kind of harmony, yet if the Savior is not accepted and acknowledged in our earthly homes, we shall never be accepted and acknowledged in the heavenly mansions."

Dr. Maier urged mothers to drop any outside activities, even church work, if they interfered with the proper Christian supervision of children in the home; and reminded fathers that business success had no value if it caused the head of the family to lose his soul and to see his children similarly lost.

Pat Boone Elected Grand Office O. E. S.

With annual session of the Chapter of Texas, Order of the Star was brought to a successful close Sunday night, at Amarillo, Texas, filled with activity.

Lillian Barnard, of Lubbock, elected associate grand officer. She has previously served as examiner.

Pat Boone, the first worthy of the Littlefield chapter, was appointed Fraternal Counselor of the Grand Chapter.

Robbie Dyer, worthy grand of Amarillo, presided during the session. She was assisted by Grand Patron, A. E. J. Aldridge, worthy master of the local chapter.

Accompanied by Mrs. Aditt, who remained throughout the four days.

Social functions were arranged beginning with a chuck luncheon at the Amarillo throughout the meeting many appointed luncheons and were enjoyed climaxed with a ball of the newly elected Thursday evening.

The solemnity of the memorial held Tuesday evening in honor of the departed members, was very impressive.

Decorations carrying out a scene in the colors of all-blue were assentuated with "Star in the East" in the colors. The pages wore crepe dresses while the officers were attired in mid-rose with silver trimming. The closing session were commingled to an autumn scene.

Buick Equipped With New Stepon Parking Brake

FLINT MICH., Nov. 6—Automobile engineers have long worked for the "Emancipation of Women" in the operation of their cars. Prior to the perfection of the self starter, few women were able to drive automobiles simply because the work of starting the car by the crank method was a man's job.

The self starter changed all that and brought about a tremendous increase in the use and operation of automobiles by women. Since that time, many detailed refinements have been made in motor cars to make them easier for women to handle.

The latest move in this direction, according to Charles A. Chayne, Buick chief engineer, is the adoption on all 1942 Buick cars of the new foot operated parking brake which has greatly reduced the effort of setting and releasing the brake and eliminated the inconven-

ce of the former hand lever.

"Development of the new design was promoted by a demand from women drivers, ascertained through customer research, for an easier method," Chayne said. "Many women drivers were unable successfully to operate the former hand type of brake lever, not having the strength required to pull the brake firmly on nor the grip frequently needed to release the brake.

"Frequently, the husband who parked the car was not on hand when the wife wanted to use it, and it required all her strength and patience to get going. Not infrequently, the brake set by a parking lot attendant would refuse to budge under her manipulation.

"With the new stepon parking brake it is no longer necessary to have a long reach and strong left arm. The brake is actuated easily and naturally by applying the left foot to the special parking brake pedal. A small button control, located within easy reach of the dash sets the brake and releases it."

Of 30 Percent Farm Reported

Oct. 31—A 30 per cent increase in farm income during September, compared with 1940, was reported today by the University of Texas bureau of business research.

The bureau reported that farm income for September 1941, was \$100,609,000, compared with \$76,698,000 a year ago. For the first nine months of this year, the income was \$330,512,000, in increase of 25 per cent over the corresponding period of 1940.

"With the exception of September, 1937, the year of the record cotton crop in Texas, this is the best September showing for more than a decade", said Dr. F. A. Buechel, director of the bureau. "Present indications point definitely to further substantial gains in farm cash income from livestock and livestock products."

Plans Underway For Tech's Homecoming Saturday, Nov. 8

Texas Tech's annual homecoming celebration will be held Sat. Nov. 8. Plans have been made for a great reunion of alumni and ex-students in a real old fashioned get-together. Homecoming is always the day for renewing old acquaintances with former schoolmates and the faculty. It will be a day for reminiscing the old college days, and re-living on one day the pleasures of the past.

It will be Texas Tech's sixteenth annual homecoming and will really start on Nov. 7, but the grand climax will be at 2:30 Saturday afternoon, Nov. 8, when the Texas Tech Red Raiders battle the Creighton University Bluejays in Texas Tech's seventh football game of the season.

Previous to the game there will be an open meeting of current and ex-students. There will be a colorful downtown parade Saturday afternoon, a parade which will be headed by Professor D. O. Wiley and his huge Texas Tech band. Friday night will see the big pep rally in the Tech gymnasium, followed by the huge bonfire on the Tech campus.

It is the consensus of opinion that the sixteenth annual homecoming will be the largest and most colorful in history of the comparatively

Lubbock Well Is Producer; Drilling Southwest of Sudan

The L. C. Harrison Nairn estate No. 1, Lubbock county discovery well, 3 1/4 miles northeast of Lubbock, tested 168 barrels in a 24-hour test given by the Railroad Commission of Texas Thursday, Harrison was quoted as saying.

The test was begun at 2 o'clock Wednesday afternoon and was concluded at that hour Thursday afternoon, it was pointed out.

With such a yield, the well was assured of being a commercial producer, oilmen said.

Drilling got underway on Bailey county's latest wildcat oil test early last week and is down several hundred feet. The football game will definitely be one of the two toughest on the Red Raiders 10-game schedule. The Bluejays boast a powerful team and have won five of their six games. It will be the first meeting between Texas Tech and Creighton since 1937 when the Red Raiders walked off with a 27 to 0 decision.

Brownfield Downs Post Antelopes 32-7 Friday Last

Marching towards their fifth consecutive zone championship, Brownfield's Cubs won from an outclassed Post Team Friday 32 to 7.

The well-drilled Antelopes were shocking the Cubs all the way with hard tackles and blocks, but they didn't have the size nor experience to cope with the terrific power generated by the Cubs.

Behind fine blocking by Spencer Murphy, Deverelle Lewis swept to three Brownfield touchdowns, all on lengthy dashes. Jiggs Tankersley added another on a plunge that climaxed a Cub drive, and Sonny Walls scored after the reserves were inserted in the game.

Charley Luttrell, halfback for the losers, was the outstanding player on the field. The little Post lad did a little bit of everything, and did it in fine fashion, to earn the plaudits of a crowd that was cut down by cold weather.

The lone Antelope touchdown came early in the fourth quarter when Luttrell pitched to Quarterback Winifred Carpenter for 10 yards, climaxed an aerial assault kept Brownfield worried all through the second half.

J. W. Hodges turned in his usual fine game of defensive ball at tackle for the Antelopes.

Only one conference game remains for the Cubs, and they are sure of nothing worse than a tie for the area championship.

Whiteface Winner Over Draw 44-0

Whiteface downed Draw in a six-man football game at Whiteface Friday afternoon, 44 to 0.

Whiteface rolled over Draw in a six-man football game here this afternoon, 44 to 0.

The victory leaves Whiteface and New Home tied for the lead in the district. Each has lost a single game.

Joe Nixon, Troy Overman, Alonzo Peters, Jack Stevenson and Harold Woodley all took a hand in the scoring today.

Next game for the Antelopes will be at Wilson Tuesday. Wilson will play here Nov. 14.

Slaton Tigers Beat Levelland; Winners Scored 18 To 12

With one-touchdown margin, 18 to 12, Slaton High school's Tigers nosed out on the Levelland Lobos Friday night.

The Lobos led the Tigers in first downs, 11 to 7, but the scoring punch was below that of Slaton. Both teams made three penetrations and the muddy field probably kept the score from being higher.

Jimmie Cooper sparked the Tigers offense with a 65-yard run in the second quarter and plugged over from the eight to add another six points. Elzo Collier, all-district fullback for the Tigers' battered his way over from the five-yard line to make the final tally for the Tigers.

Levelland and Slaton were both strong contenders for the northern zone title of district 5-A and the results left Slaton and Littlefield tied for the top honors of the north zone.

Billy Green, fullback for the Lobos and one of the outstanding backs in the district last year, made both of the touchdowns for Levelland.

Improve Sight By Eating Carrots

Americans can take a tip from the story of Cat-Eye Williams, ace pilot of the R. A. F., who is said to have achieved inter-national recognition by eating raw carrots to prevent night blindness. Regardless of the truth of that story, scientists say carrots furnish vitamins which help keeps eyes functioning normally.

Lamb County home Demonstration club women are using carrots abundantly in preparing meals for their families. Many have fresh carrots from the garden for 12 months during the year. Recipes which these women are using have the approval of Hazel Phipps, specialist in food preparation for the A. and M. College Extension Service. Here are some of them:

Cabbage and Carrot Slaw

- 2 cups carrots cut in fine long strips
- 2 cups cabbage, finely shredded
- 1-3 cup vinegar
- 1-2 cup cooked salad dressing
- 1-3 cup sour cream

Crisp carrots and cabbage by allowing them to stand in ice water. Drain cabbage, add vinegar, and chill 15 minutes. Drain and fry vegetables thoroughly. Combine lightly with dressing made by combining salad dressing and sour cream.

Cabbage Slaw Dressing

- 2 T. Sugar
- 1-2 t. Salt
- A few grains of paprika
- 2 T. vinegar
- 1 C. Skim Milk.

Put seasoning into vinegar and stir until sugar is dissolved. Then stir this mixture slowly into milk. Pour over shredded cabbage.

Carrot, Cabbage and Raisin Salad

- 3 cups cabbage
 - 2 cups carrots
 - 1 cup raisins
- Combine with cream dressing

Carrot Apple Salad

Put equal amounts of diced carrots and apples blended with salad dressing, paprika, salt, pepper, and sugar.
