

Bennett In Serious Condition; Trampled By Cow

Suffering From Broken Back And Fractured Ribs

Bennett, 70, is a patient in Payne-Shotwell Hospital in a serious condition, as a result of a broken back and fractured ribs, sustained about 5 p. m. Saturday, when he was knocked down and trampled by a cow.

The animal, only recently acquired by Mr. Bennett, had been staked to the stake, and was in the habit of leading the cow away when it became ugly and grazed his face on her hoof. Hearing or noticing children in the immediate vicinity, Mr. Bennett turned to warn them to keep away from the animal. As he turned his head the animal attacked him, knocking him down and trampling him.

Immediately the alarm was spread and Mr. Bennett had been seriously injured, and he was rushed to the Payne-Shotwell Hospital where examination by Dr. C. E. Payne revealed that the elderly Littlefield had sustained a broken back, fractured ribs, and numerous severe lacerations.

Mr. Bennett enjoys a wide circle of friends, and deep regret was expressed that he should meet with such a serious accident, particularly at his advanced age.

His children, living out of town, were notified. Mrs. Robert Parker, daughter of Edna, Texas, and Mr. Bennett, a son of Dallas, arrived Tuesday to be with their father. Ferrel Bennett of Lubbock, another son, was here over the week end. John and Will Bennett, of Fort Worth, brothers of Mr. Bennett, also arrived Tuesday. He was reported to be resting better Wednesday.

Mr. Bennett received a Citation of Honor from the War Department. The "Florida Wildcat" is reported to have been shot down over Italy November 27, about 1:15 p. m., after completion of a bombing mission, reportedly Rimini, on Adriatic Sea, about 180 miles north of Rome. In a letter received by Mr. and Mrs. Lenz, recently from the father of the pilot, 1st Lt. Holmes Elmore, it had made much investigation and interviewed a Captain and close friend of his son and a member of the same squadron (but who having completed his 50 flights was not in the flight) who had come through Jacksonville, Fla., stated that over 40 planes were attacked over Florence, Italy, and the "Florida Wildcat" was damaged and from one from 4 to 7 holes were seen to come out; that the other 3 or 4, but it could not be verified as to exactly how they came out. One plane was reported to have fallen in flames, and again observers could not say which one. The other was lost sight of.

As much as the information obtained indicates that certain of the planes hailed out, Mr. and Mrs. Lenz have hopes that their son may be returned.

Following the receipt of a telegram from the War Department last week advising Mr. Poyd McCain of three months' leave from Littlefield that his son, T-Sgt. Earl F. McCain, was missing in action over Germany April 24, they received on Wednesday a letter of commendation from his officer commanding, dated April 24, which would indicate outstanding service of the highest degree of skill by T-Sgt. Carl F. McCain, which reads as follows:

Subject: Commendation

"JERRY" MONTGOMERY IN 105 MISSIONS; IS MADE CAPTAIN

G. E. (Jerry) Montgomery, 21, son of Mr. and Mrs. C. P. Montgomery of Hart Camp, has been promoted to the rank of Captain.

Capt. Montgomery has been awarded the Distinguished Flying Cross, Three Oak Leaf Clusters and Air Medal. He has been in the service over three years, and is Commanding Officer of one of two flights in his squadron. Recently, about May 7, after completing his tour of combat duty, he was given the choice of going on instructional duty, or having a month's rest, and returning to combat duty. He chose the latter, so is now having a furlough and rest.

Having participated in 105 missions, Capt. Montgomery has seen considerable active warfare. On one raid he was responsible himself for three German planes. When returning from a mission sometime ago, eight of the planes in his fighter group got separated from their main group, and were attacked by 60 German planes. They knocked out four German fighters, and lost three of their own group. Needless to say, Capt. Montgomery was one of the five who got back to his base. The Germans would ride out of the sun and were not seen until they were right up to the American flyers.

In a letter from Capt. Montgomery dated April 21, to his parents, among other things, he said: "Things are getting hot now, and (Continued on Back Page)

Lt. Woody Awarded Oak Leaf Cluster

First Lieutenant Harry E. Woody, son of Mr. and Mrs. Harry J. Woody of Spade community, a navigator on a four-engine Liberator bomber, has recently been awarded an Oak Leaf Cluster to the Air Medal for participation in bombing missions over occupied Europe from an East Anglian base. He is a member of the oldest Liberator unit in the Eighth Air Force. In addition to the latest award, Lieut. Woody also wears the Distinguished Unit Ribbon, the organization having won a citation from the War Department for its role in the historic battle of Plouist on August 1, 1943.

Lieut. Woody wrote his parents recently to the effect that he had only one more mission to make, and hoped to get a furlough home.

Wayne Madden Gets Ensign Commission

Wayne Madden, 23, son of Mr. and Mrs. W. H. Madden of Littlefield, won his Navy "Wings of Gold," and was commissioned an Ensign in the Naval Reserve Friday, May 5, following completion of the prescribed flight training course at the Naval Air Training Center, Pensacola, Fla., the "Annapolis of the Air."

Ensign Madden arrived home Wednesday of last week on a 15-day furlough, following which he will return to Pensacola as an instructor.

Previous to entering the Naval Service in February, 1943, Madden attended the Texas Tech College for four and one-half years, where he received a B. S. degree.

"1. Although you failed to return from our last mission over Germany on April 24, 1944, I take great pleasure in being able to commend you for your meritorious achievement on that date. Your performance of duty on the important mission was superior. In spite of heavy fighter and flak opposition you coolly accomplished your duties as Engineer. By your skillful airmanship and courage you enabled our Group and Wing to deal a vital blow to the enemy. (Continued on Back Page)

What the angles are has not been officially disclosed, but something new and possibly much unexpected can develop at any time.

Drive To Get Underway June 12; \$464,000,000 Is Quota For Texas

Pat Boone, County Chairman of War Bond Committee, announced Tuesday Lamb County's quota in the Fifth War Loan at \$755,000, with \$305,000 to be purchased in "E" Bonds, which are securities of smaller denominations.

Mr. Boone stated that the same committees who worked so loyally in the last campaign would again serve in the Fifth War Loan Drive. C. O. Stone, as chairman of the Fifth War Loan Drive, will work with Mr. Boone in this campaign, which gets underway June 12, and will continue until July 8.

In an interview with Mr. Boone Tuesday, he said:

"Nobody needs to tell you that the fighting in this war is reaching a crisis. But we've got to realize also that we face a similar crisis in financing the war. The 5th War Loan is the biggest, most vitally important financial effort of this war. We can't afford to fail. Now is the time for every American to lay his or her plans to make their supreme effort of the war and buy double the extra Bonds they bought last time.

A state quota of \$464,000,000 for the Fifth War Loan has been announced by State Chairman Nathan Adams of the War Finance Committee of Texas. This is the largest sum yet, and the drive will be "a big and vital effort," Adams said. Of the total, \$236,000,000 has been set for individual Texans alone, \$125,000,000 of this to be in Series E Bonds.

"No one is exempt," Adams said. "Our boys are dying for you and for me. Think of the invasion and you cannot think of not buying war bonds."

Install 164 New Lockers At Plant

Considerable improvements have been underway for sometime at the Littlefield Farmers Coop. Locker Plant.

Provision was made for 164 new lockers, which were installed Tuesday and Wednesday, and which, according to the manager, Otha Key, are all rented.

The interior of the building has been completely remodelled and redecorated. A portion of the space formerly used as a lobby has been converted into a locker room, and the balance added to the processing room, thereby doubling the working space, and giving the processing room the much needed additional space. The curing and smoke room has also been greatly enlarged, and the interior has been completely redecorated. The outside of the building has also undergone a complete new coat of paint, the structure being painted white, with a tan trim.

John Standifer, who has been butcher in charge at the Cold Storage plant for the past four years, and Mrs. Standifer, who has been assisting him, have resigned. Mr. Standifer will leave Saturday, and his wife will remain until June 1. Bill Clark, of considerable experience along this line, is taking Mr. Standifer's place, and started at the plant Monday.

COTTON SEED HULLS

DRAFTED FOR OUR FIGHTING FORCES

Selective Service applies to essential war materials, as well as men. Men and materials, both, must go to war when our Government says they are needed. Every American would have it this way, for WINNING THE WAR IS THE MOST ESSENTIAL JOB WE ALL FACE TODAY.

COTTONSEED HULLS are ESSENTIAL WAR MATERIAL, as well as important Livestock Feed for dairymen and other livestock producers.

THE UNITED STATES GOVERNMENT IS 'DRAFTING' COTTONSEED HULLS FROM THIS OIL MILL NOW, FOR USE BY THE CHEMICAL PLANT AT MEMPHIS IN MAKING SYNTHETIC RUBBER AND OTHER WAR ESSENTIALS. This War Plant has a certificate which gives it priority in the purchase of cotton-

seed hulls or hull bran up to 100% of the output of any oil mill during the period May 6th, through July 30th.

We must, of course, comply with this Government order. It means a sacrifice for us and our regular customers—dairymen and others who need these hulls for livestock feed, BUT, OUR FIGHTING FORCES COME FIRST, AND WE KNOW THAT LIVESTOCK PRODUCERS WILL WILLINGLY MAKE THIS CONTRIBUTION TO WINNING THE WAR, JUST AS THEY HAVE PATRIOTICALLY MADE SO MANY OTHER CONTRIBUTIONS.

As soon as cottonseed from the new, 1944 Cotton Crop begins to come to our mill, we hope to be able to supply our regular livestock customers with cottonseed hulls, as usual.

Cotton Farmers Can Help To Solve This Problem For Themselves and Other Livestock Producers by Doing Everything They Can To Increase Cotton Production This Year.

Amherst School Instal Moving Picture Machine

Through the efforts of the Amherst School faculty and the students during the past year, including the school carnival, and various other school projects, sufficient money was derived, and a moving picture machine purchased, which was installed at the school Tuesday, and which will be used for both instruction and entertainment. This machine represents an investment of \$500, which, indeed, is a valuable addition to the school, and the faculty and students deserve great commendation for their splendid work. The Senior students are reported to have contributed \$50 to pay for the loud speakers, and the Juniors bought the microphone, which completed the equipment for the moving picture machine.

According to Miss Eloise Clark, sponsor of the senior class and teacher of Spanish, some films will be shown this week on South America, which will be of vital interest to Spanish students, and help create good will between Americas.

STAR CLUB GIRL TO BE ANNOUNCED AT COMMENCEMENT

This year the F.H.T. has had an active part in all the school's activities.

Last fall we had a large rummage sale. This was very profitable. Later we filled Red Cross boxes for the Red Cross.

A comfort was made by the group and Jeannette Peebles was the lucky person who received it.

We enjoyed a joint costume skating party with the F.F.A. to celebrate Hallowe'en. Prizes were awarded to those with the best costumes.

November 28, we had a kid party. Juanita Hamilton won a little white mouse for being the best dressed "kid."

We have attended several joint F.H.T.-F.F.A. skating parties and a theatre party or two.

We fixed boxes for the needy at Christmas and distributed them.

In February we had a Twelfth Night Party with the F.F.A. in the Agricultural building.

We gave Mr. and Mrs. King a farewell gift and also a "get well-birthday" gift for Miss Stith during her convalescence from an operation.

We served the F.F.A. banquet and the F.F.A. served the Mother-Daughter banquet May 12.

We have enjoyed seven very interesting meetings during the past school year.

We are to have a Star Club Girl this year. She will be determined by the amount of points on her record sheet, which are kept for each F.H.T. girl. The Star Club Girl will be announced at the Senior Commencement exercises.

CONGRATULATIONS TO THE GRADUATES of 1944

... AND NOW FOR THE BOOK OF LIFE ...

"My Country 'tis of thee, Sweet Land of Liberty—"
Thousands of boys and girls, young men and women are gradu-
ating in schools all over the country. Some look forward to more
education . . . some will enter the service of their country in this
time of war . . . some will take up tools . . . others start careers
and professions. Each is turning a page of the Book of Life . . .
what will be written on the new page?

"We, the people of the United States in order to form a
more perfect union," . . . George Washington was a well edu-
cated man—but high school students of today are presented with
vaster fields of learning than were available to anyone in Wash-
ington's time. But Washington was great then—and would be
great today—because he could think, perceive, evaluate and
act! He learned more from life than he did from books. So did
Abraham Lincoln . . . a great man without formal education.
So can today's graduates . . . that from which they graduate . . .
a school . . . is intended to prepare them for learning from life.

World conditions necessitate and produce action and reac-
tion, defense and offense, war and peace, prosperity and depres-
sion. . . Great problems lie before the graduates of 1944. To
some, further preparation is necessary before tackling them . . .
others find themselves on the long road that leads to future re-
sponsibility.

" . . . testing whether this nation, or any nation, so conceived
and so dedicated can long endure . . . so that government of the
people, by the people and for the people shall not perish from
the earth . . ." Graduates—the book of life is open before you.
May it become a history of continued success for you, for Little-
field and district, for the United States of America which is you!

It Is A Great Pleasure To Us
To Extend Our Personal Congratulations
To the Members of the 1944 Class
.... GOOD LUCK TO YOU

To Our Friends and Customers

A growing city is almost invariably a city with a friendly and hospitable spirit. Sometimes a city achieves a sudden growth as a result of an oil boom or the discovery of other wealth hidden beneath its soil. But these instances are only rare. Most cities are man made.

Small cities become great cities through the vision and energy of it's citizens. Such a city constantly seeks new capital investment in its development, new enterprises, new industries, new payrolls and new citizens.

This program of city building, featuring the welcoming hand of friendship to new citizens and new enterprises and accompanied by the fullest possible support of the industries it already has, brings rich rewards. The great cities of the Southwest were built and are being further built in just such manner.

The Southwestern Public Service Company is an independent company operating wholly under local management, since it has no holding company over it whatsoever. Thus it's officers and managers are in position to conduct the operations of the Company under a policy of cooperation with the people of the cities and communities it serves.

This policy means the finest possible service to the public at the lowest possible rates consistent with such service. It also means the fullest cooperation with the citizens in all matters leading to the development and upbuilding of the cities and communities served by the Company.

We're Starting Our 23RD YEAR of Service

We Have Filled More Than 100,000 Prescriptions

Since our first day in business we have considered our Prescription Department the most important phase of our business, and have maintained it at the highest standards.

During the 22 years we have been in business we have filled more than 100,000 prescriptions... a tribute to us from you which we will always remember with lasting satisfaction. We intend a highly valued expression of the confidence you have placed in us... a reputation we shall continue to maintain.

La. Hershel L. Harrell, son of Mr. and Mrs. G. P. Harrell, stationed at Otatham Field, Ga., as an instructor in the Air Corps, writes recently to his parents here regarding his work: "I'm still flying pretty regular. Most all the flying is at high altitude again. It's certainly not hot at 20,000 feet. I nearly freeze every time I go up. The only things that get cold are my feet and hands. I can't seem to find the kind of gloves I need, so I can work in them and still keep my hands warm. I may get to go back to Cuba in a week or two. I would like to go back again. It was rather nice down there. I may be able to get a leave soon. I'm looking forward to it anyway. Tell everyone Hello for me."

Jody Jones, younger son of Mr. and Mrs. Otto Jones, and Winston

Barton, son of Mr. and Mrs. Acry Barton, recently enlisted in the Navy, and are now stationed at San Diego, Calif.

Jody writes home that he is getting along fine and liking his training.

T. M. Valentine, S 1-C, brother of Mrs. W. E. Bass, who has been three years in service, recently arrived in the United States from Bougainville, on a 30 day leave. He arrived in Littlefield Sunday and spent until Tuesday in the home of his sister and brother-in-law, Mr. and Mrs. W. E. Bass. From here he went to Wilburton, Okla., where he is visiting another sister, Mrs. J. A. Garrett.

Seaman Valentine has been in action in the Southwest Pacific and Atlantic, and took part in the North African campaign. His ship was hit twice by submarines, but no one was hurt, and the ship was not put out of action. He took part in six engagements.

J. H. Carl, EM 1-C, U. S. Navy, arrived in San Francisco, Calif., May 7, and was there six days. His wife, however, was not able to visit him. He phoned Mrs. Carl, who is a member of the local school faculty, on May 8.

Calvin Lippard, son of Mr. and Mrs. J. H. Lippard, has been promoted to the rank of Corporal. He took part in the invasion of the Marshalls, but is now back at Hawaii completing his training. Cpl. Lippard has been in service over a year, and overseas since January 1.

Pfc. David Storey, who had been home on a short furlough to visit his parents, Postmaster and Mrs. W. D. T. Storey, left here Saturday for Camp Reynolds, Va., to which camp he was transferred from Camp Eustace, Va. His parents accompanied him to Farwell to board his train.

Pfc. Storey completed an A.S.T.P. course at Lehigh University and was sent from the University to Camp

Eustace, Va., and then later transferred to the Quartermaster Corps at Camp Reynolds, Va.

Cpl. Richard Stripe, son of Mr. and Mrs. R. T. Stripe, of Littlefield, is attending Navigation school at Honda, Texas. When he completes this training he will be given a commission.

PVT. S. A. DOSS LEAVES AFTER FURLOUGH HERE

Pvt. S. A. Doss left Saturday afternoon for Camp Beal, Calif., where he has been assigned to the Quartermaster Division, after a week's furlough with his wife and daughter here.

Pvt. Doss has been stationed at Camp Lee, Va., but was transferred to Camp Beal, which is a replacement center, and where he awaits assignment to another Unit.

Expected To Visit Here About June 1

T-Sgt. J. E. Brannen, Jr., who recently returned from service outside the Continental United States, now is being processed through the Army Air Forces Redistribution Station No. 2 in Miami Beach, Fla., where his next assignment will be recommended.

Winner of the Distinguished Flying Cross, and the Air Medal with one Oak Leaf Cluster, Sgt. Brannen flew 65 missions during 15 months in the China-Burma-India theatre. The 32-year-old B-25 Mitchell bombardier-navigator is the son of J. E. Brannen of Littlefield. His wife resides at Tarpo Springs, Fla.

T-Sgt. and Mrs. Brannen expect to visit his parents and other relatives here about June 1.

Jerry Montgomery—
(Continued From Page 1)

I wear out a set of guns about once a week. Wish I could tell you more, we's rather exciting work. We have the top scoring squadron in the U. S. Army Air Corps, so anytime you

read about our fighters in the papers, well I'm usually right in the middle of it.

"Haven't heard anything from Junior Talburt yet. Since he is an enlisted man he probably doesn't get much time off, so if you can send me his bomb group number, I'll fly over and look him up.

"I haven't run across anybody from Littlefield over here, but if you hear of anybody I know that is here, let me know and I'll be only too glad to talk to somebody from home.

"Don't guess I can answer your questions without getting into trouble with the censor, but guess I can answer a couple of them. I couldn't say just exactly how many trips I have, because I haven't checked up lately, but it's somewhere around 105, possibly more. I'm about ready for a release from combat for re, out doubt very much if I'll be able to come home. However, I hope things will be over, over here very shortly, and I can be home in time to enjoy some of those real eggs you grow out in the back yard, and a few dozen spring fryers, fried as only Mom can do it."

Another son of Mr. and Mrs. C. P. Montgomery, Neal Montgomery,

program. "The various clubs, the F.F.A., the F.H.T. and 4-H, offer ideal opportunities for leadership and promote the development of initiative among the members. Each organization is needed and helps to bring about school spirit and fine fellowship among the students.

"The most commendable attainment, however, in school is scholarship. The students who lead in class work are worthy of the highest praise. They have the admiration of all and the appreciation of the faculty for their splendid cooperation and their evident advancement."

county attorney. "The tire and gasoline situation renders it impossible for me to talk with each of you in person, so I trust that you will take this as a personal solicitation for your support in the coming primary election. "Your support and influence will be greatly appreciated. "E. S. ROWE."

S-Sgt. McCain—

is through such acts that we are able to continually press home our blows to the enemy and assures us of ultimate victory. The courage, coolness and skill displayed by you reflects great credit upon yourself, the 384th Bombardment Group (H), AAF, the Army Air Forces and the Armed Forces of the United States.

"2. As Commanding Officer of the 384th Bombardment Group (H), AAF, I ask for its entirety in saying we are proud for your gallant actions; we sincerely hope you are safe and that we shall be able to fly with you wing to wing.

College Heights Home Burns Thursday

Mr. and Mrs. W. D. Kennemer of College Heights Addition were unfortunate enough as to lose their furniture, clothing and almost all their personal effects Thursday evening, about 5:30 o'clock when their home, a three room house, was completely destroyed by fire, said to have been caused by a leaky kerosene stove. The kerosene, said to have leaked onto the floor, is reported to have caught fire and quickly spread. The fire department was called, but the blaze had made too far headway to save the building and contents.

Mrs. Kennemer had just been to the laundry to wash the family clothes, and this laundry in the tub was not burned, and this together with the clothes the various members of the family had on are said to have been all that was saved from the blaze.

There was no insurance carried.

C. Beyer, and her parents, Mr. and Mrs. E. S. Billings.

A-C Beyer will return to McClosky Hospital, Temple, the latter part of this month for another minor operation and grafting of skin. His wife will accompany him to Temple. Wednesday afternoon of last week he attended the graduation exercises of the class of air cadets of which he was a member when injured at Wingate Field, and with whom he would have received his wings had he not been the victim of the serious accident.

Flight Officer Henry J. Koke, son of Mr. and Mrs. Will Koke, who has been stationed at Victorville, Calif., has been transferred to Salinas, Calif., where he is taking special ground school training.

F-O Koke left here Friday, April 28, for Salinas, after spending a short furlough with his parents. He came on a 15 day furlough, but his time was cut short three days with orders to report back to camp.

F. O. Koke received his wings, and was granted the commission of Flight Officer on March 12.

While their brother was here

Misses Marie and Irene Coke, student nurses at the West Texas Hospital, Lubbock, spent a week end at home. Miss Irene Koke has been elected president of the student council of nurses at the West Texas Hospital.

Pvt. Ben Mouser, stationed at Camp Shelby, Miss., accompanied by Mrs. Mouser, arrived home Friday at Spade, where they are visiting his parents. He is being transferred but is reporting back to Camp Shelby on May 19. Mrs. Mouser will remain at her home at Spade for the present.

Seaman Second Class Ralph Lair, stationed at Farragut, Idaho, arrived home recently on a 15-day leave. He is spending his leave with his wife and son, Gene, and his parents, Mr. and Mrs. H. C. Lair. A former Littlefield business man, Mr. Lair, entered the service March 11 of this year.

Sgt. Marion T. Burrus, son of Mr. and Mrs. M. D. Burrus of Whitharral, who was wounded in the battle of Los Negros, Admiralty Islands, on March 2, returned to active duty on April 13, according to a letter received by Mrs. Burrus from the War Department. He was confined in an Army Hospital from March 2 until April 9. He wrote his mother that he had a bullet enter his upper lip and come out through his jaw below his left ear, and another through his left shoulder, but that it did not break a bone or knock a tooth out.

Sgt. Burrus is with the Dismounted Cavalry, and is now stationed "somewhere in New Guinea."

Petty Officer Third Class Lester Price, son of Mr. and Mrs. L. B. Price of Sudan, is home on a 15 day leave. Lester is a Metalsmith in the Navy, and is stationed at Ottumwa, Iowa. Pvt. Billy D. Stovall Member Of Laundry Invasion Unit

Within 10 days after they have cracked the defenses of Europe, United States Army Shock troops will be given the opportunity to bathe and to have their clothes laundered by mobile units operating under the Quartermaster Corps. Pvt. Billy D. Stovall, 20, son of Mr. and Mrs. J. C. Stovall of Littlefield, is serving with this group, according to a release from headquarters of European Theatre of Operations.

Organized and trained to follow combat troops and to make possible such bathing and sterilization facilities, these units are now taking advantage of the period of pre-invasion training to perfect their systems. Meanwhile, they are providing laundry service, at a reduced cost, to soldiers who otherwise would have

difficulty in obtaining such services regularly.

So proficient have they become that one unit, operating at a Northern Ireland port, is set up to provide a bath and clean clothes for a soldier within 10 minutes—under combat conditions. At present, however, the task of laundering almost 50 thousand pounds of GI laundry per week is its prime concern.

Commanded by Lieutenant Colonel Raymond E. Zickel of Media, Pa., the unit is made up largely of men who have specific training as well as experience in this field. Long ago, Lt. Col. Zickel selected key men of his organization and sent them to the Mobile Laundry school in England. The present smoothly-functioning group is the result.

In combat, the soldiers' needs would be cared for something like this:

Each soldier would turn in his clothing as he undressed, and upon completion of his bath he would be issued clean clothing. He would be allowed a maximum of 10 minutes for bathing, broken down according to a specific schedule.

Pvt. Stovall has been in service since May, 1943, and overseas since November, 1943, and is now stationed in North Ireland. He was a graduate of the 1942 class of Littlefield High School, and attended Tech college before being inducted into the service.

Pvt. Stovall writes home that he has been on several bicycle trips, and made one while on leave to a town 24 miles away. He is hoping to get a furlough and go to England to visit his brother.

Another son of Mr. and Mrs. J. C.

Stovall, Pfc. J. C. Stovall, Jr., 28, Technician for 41st Armoured Infantry, has been in the service 2 1/2 years, and overseas since October, 1942. He was stationed in North Africa for over a year, and has seen considerable combat service. He is now stationed in England.
