FORT WORTH FIRM CLOSE CONTRACT WITH CITY FOR FIVE ACRES LAND; WILL FEED 15,000 SHEEP IN LITTLEFIELD

A contract was closed with the City Commission the first of this week by Roswell-Kahn & Wandle, of Fort Worth for the leasing of five acres of city property lying on the north side of the Santa Fe railroad east of the city wells. This firm will have here within the next 10 days about 5,000 sheep which will be fed here for the market during the winter it is expected that between 15,000 and 20,000 sheep will be fed on this lot. Work was begun this week on the erection of two sheep sheds, each 300 feet long, and one shed 240 feet long housing the animals. Improvements expended by the firm in this project will total around \$5,000. The lease from the City runs for

five years at the rate of \$30.00 per acre per year, the city also furnishing water for the animals at an agreed price per thousand head per month.

Bittner to Fatten Hogs

G. W. Bittner, living three miles northwest of Littlefield, the first of this week received three car loads of hogs from Benjamin for fattening purposes.

It is reported that other farmers are closing contracts for the shipment of cattle into this vicinity where they will be held for market fattening this fall and winter.

On account of the exceptionally large grain crop of this section stockmen are of the opinion it is cheaper to move their stock to the feed than to ship the feed to the stock.

STRAW VOTE TAKEN BY DIGEST SHOWS PRESIDENT DRIFT

Current copies of the Literary Digest, a weekly publication, were in great demand at local news stands last week, the proprietors quickly selling their available supply.

The demand was occasioned because a magazine has begun on a straw poll of 19 million American voters, an attempt to indicate the result of the next presidential election. The poll has just begun, and the results are very interesting. So far, the poll is taken from 12 states, and does not include the South nor New York.

The poll shows 198,292 votes for Hoover, 92,855 for Smith. The make-up of these totals shows changes of sentiment of voters since 1924. Hoover's vote includes the votes of 21 who voted the Democratic ticket in 1924, and 142,990 who voted the Republican ticket in 1924. The poll did not vote in 1924 or did not vote on their ballots how they voted in that year. Smith's vote includes the votes of 17 who voted the Republican ticket in the last Presidential campaign, and 4 who voted the Democratic ticket then.

TEST 11 MILES W. PORTALES TO BE MADE PROMPTLY

The Kegans and associates announce that they will start an oil test well in SE 1/4 SW 1/4, Section 1 S., Range 36-East, N. 10-M., which is only eleven miles west of Portales.

The rig is up and most of the machinery has been placed and actual drilling is to be started this week.

A surety bond has been made and it is expected that this well will be drilled to a depth of 3500 feet unless oil or gas is found at a lesser depth, so Mr. Kegans. Once drilling operations have begun work will be pushed day and night in order to locate the hole in the least possible time.

Kegans stated that this well is drilled strictly on geology and not on a large acreage basis.

and his associates extend to the public an invitation to visit the well at any time, as the log of the well will be open book to everybody. An invitation is extended to all well owners who have seen fit to lease their land to the next ten days on a leasing proposition, stated by Kegans to a representative of the Standard-Roosevelt Co. Herald.

MAY LOSE AN EYE

While repairing a punctured auto at a local service station Monday, the casing blew out at the eye of Joseph, striking an eye of Joseph, owner of the car.

Joseph was taken to the hospital by a local physician and the fact that a blood vessel was ruptured and sight from the eye member may be lost.

LAMB COUNTY WON NINTH PLACE AT PANHANDLE FAIR

Owing to a misinterpretation of classification, the Lamb county agriculture exhibit shown this week at the Panhandle & South Plains fair, Lubbock, dropped to ninth place, scoring 813 out of a possible 1,000 points of merit. However, the award is considered very satisfactory in view of the fact that no special preparation had been made for fair exhibits by any of the county's producers, and the exhibit was all gathered within three weeks time.

Roosevelt county, New Mexico won first place in the exhibits; Potter county second; Dawson, third; Swisher, fourth; Bailey, fifth; Crosby, sixth; Lynn, 7th; Hale, eighth; Lamb, ninth; Hockley, 10th.

There were 16 counties showing, Lamb county winning an award of \$50 for its relative position.

Commenting upon the Lamb county exhibit, County Agent D. A. Adams stated that it was purely a misunderstanding of classification which dropped this county to ninth place. He said there was plenty of material there to fully fill the score card, putting them several counties ahead, if the classification given by the judges had been thoroughly understood. The difference between the scoring of any two counties was never more than five or ten points.

LEADING TURKEY BREEDER PAYS VISIT TO LITTLEFIELD

J. N. Martin, of the Martin-Laney Turkey Farms, Dallas, is here this week visiting Mr. and Mrs. J. H. White, local turkey fanciers.

The Martin-Laney concern is known as one of the leading turkey breeders in the United States, winning 45 out of the 48 showings at the international turkey show at Chicago last year, and also leading winners at the last Dallas turkey show.

Mr. and Mrs. White last year purchased of Mr. Martin their first prize turkey, for which they paid \$400 the bird heading their flock this year. The Whites last year sold more than \$1,000 worth of turkeys, and raised this year more than 700 birds, some of which are being shown at the Lubbock fair this week.

DEBATE SUBJECT ANNOUNCED

Austin, Texas, Oct. 2.—Selected arguments pro and con and affirmative and negative briefs are included in the material for the Interscholastic League debates which is now available at the State office of the League, according to Roy Bedichek, chief of the University of Texas League Bureau. The subject for debate in Texas, Nebraska, Missouri, Arkansas and Tennessee will be: Resolved: That the English Cabinet system of legislation is more efficient in England than the American Committee system in the United States.

MORTON WON FIRST PRIZE AT COCHRAN COUNTY FAIR, SAT.

The Frontier Fair held at Bledsoe last Friday and Saturday was attended by large crowds. The exhibits were good and not only represented the whole of Cochran county, but several communities of New Mexico, as well. A good showing of grain sorghums, corn, watermelons, pumpkins, cotton and a great variety of garden vegetables were in evidence. It was pictured very vividly what can be raised on this Cochran county land.

Some good dairy cattle, pigs, and poultry were shown. Morton won the prize for the best community exhibit and Whiteface placed second. Prize for the best individual farm exhibit went to J. B. Passmore, and second to D. O. Bilberry of New Mexico. Broncho riding, horse races, Ford races, and basketball games provided outdoor amusements.

The \$5.00 prize for the prettiest girl baby went to the little daughter of Mr. and Mrs. Chet Barnes, of Bledsoe, formerly Littlefield citizens.

In the basketball games Morton defeated Bledsoe in the first game and lost to Bledsoe in the second.

CONATSER'S CASE BEFORE THE COURT OF APPEALS

The petition of Lloyd Conatser, Levelland boy who was convicted and sentenced to 99 years on a charge of being implicated in the killing of the Sheriff and his deputy in Fisher County, will be heard by the Criminal Court of Appeals, Wednesday, October 3.

Smith, who was also convicted on the same charge and sentenced to death, has been reprieved several times on account of being adjudged insane, but will be electrocuted on November 9, unless again given more time by the Governor.

AUTO TURNS TURTLE

While returning home from work Saturday evening, the automobile in which Ray Callicutt and H. S. Pearson were riding, turned over on the Pep highway, about three miles southwest of Littlefield. Pearson sustained a fractured collar bone, while Callicutt was severely bruised.

AN AUTO COLLISION

Saturday afternoon an automobile driven by R. W. Jones and the one in which William Wingfield, Thomas Lowe and J. D. Porter were riding, collided on Littlefield Drive at the Carl Arnold corner.

Lowe sustained a cut thumb and bruises. Wingfield had to have 10 stitches taken in a jaw, and sustained a badly bruised shoulder, while Porter escaped with a few bruises. Jones was not injured.

The cost of repairing the Wingfield car was \$50; Jones' car was slightly injured.

Popular men always guess a woman's age and then divide it by two when they tell her.

ENOCHS GETS FIRST BALE

C. W. Brown, one of the leading farmers of the southwest territory from Littlefield, brought to Enochs last Friday its first bale of cotton for the season.

It was ginned by G. P. Howell, Enochs ginner, who also bought the bale, paying 17 cents per pound for the line.

In addition to the price paid, citizens of that section gave a premium totaling \$50.00.

WOMEN ANXIOUS FOR APPOINTMENT OF HOME AGENT

If plans do not go awry, when the Commissioners Court meets next Monday it is going to be greeted by a large delegation of women from all sections of the county asking for an appropriation for a Home Demonstration agent for Lamb county.

Recently it was learned that an additional appropriation of \$10,000 had been made by the state and federal governments to carry on this work in Texas, and while there are still nine counties whose applications for home demonstration agents have not yet been acted upon, yet the ladies of this county are anxious for the Court to take immediate action so this county may be on the waiting list in proper order to receive its appointment at the earliest possible date.

This week committees of ladies from all the towns and communities are out with petitions, which are being widely signed, and will be presented to the Court at its next meeting. Mrs. C. M. Owen, Mrs. A. C. Brigantes, Mrs. A. H. McGavock and Mrs. R. L. Whitaker, of Olton, were in Littlefield Monday afternoon in the interest of the movement. Mrs. Chas. Harless, Mrs. Pat Boone and Mrs. M. M. Brittain of Littlefield, are a committee that is working the south side of the county.

NEW GINNER HERE

S. H. Yoakum, formerly of Sudan, arrived here last week to take charge of the Farm Bureau gin, which opened for service last Monday. He is a successful ginner of several years experience.

The new gin, which has been recently completed, is a six stand, 70 saw type, and the management has recently installed a new Big Four Hardwick-Etter cleaner, the latest type on the market and the largest cleaner to be found in any gin in the county.

Good luck has a nasty habit of following people who have already had more than their share.

SCHOOL TEACHERS ARE ENTERTAINED BY ROTARY CLUB

The Rotarians gave a dinner of exquisite appointments last Thursday evening, honoring the faculty of the Littlefield schools.

The diningroom, with its wealth of roses, dahlias and other late summer flowers artistically arranged, was satisfyingly beautiful.

During the dinner the guests were entertained by an orchestra which was furnished by Max L. McClure, of the local theatre.

R. E. McCaskill, president of the Rotary club, presided at the festive board, and a very delightful program was enjoyed.

An address of welcome was given by T. Wade Potter, and responded to by F. O. Boles, principal of the high school.

To the delight of all, Mrs. T. Wade Potter sang Burleigh's negro spiritual, "Deep River," and Teschelacher's "In the Garden of My Heart."

Jake Burkett, with Mrs. Arthur P. Duggan at the piano, sang an "Arabian Love Song," and responded to the applause with "Day After Tomorrow" and a negro folk song.

Covers were laid for the following teachers:

B. M. Harrison, F. O. Boles, Helen Ruth Moore, Mary Louise Thaxton, G. M. Irvin, Mary Parilee Porter, Mrs. M. M. Brittain, G. H. Helweg, Mrs. Pat Boone, Anne Benzell, J. E. Chisholm, Elsie Mitchell, Thelma Killough, Mrs. J. M. Tunnell, Lucile Killough, Mrs. E. S. Rowe, Josie Hilburn, Gladys Wales, Margaret Everheart, Mrs. Malory Etter, Mrs. J. C. Tuttle, Ruth Matthews, Mrs. Janie Powers, Audie Terrell, Mrs. B. M. Harrison, Jimmie White, Mrs. R. A. Davis, Mrs. Annie Louise Wiseman, Mrs. W. G. Street and Mrs. Blanche Dodgen.

The Rotarians present were: R. E. McCaskill and wife, J. S. Hilliard and wife, T. Wade Potter and wife, F. G. Sadler and wife, C. C. Clements and wife, T. S. Sales and wife, John H. Arnett and wife, E. A. Bills and wife, Clyde Rumbach and wife, M. V. Cobb and wife, Max L. McClure, Mon D. Thaxton and wife, T. H. Buckingham.

Other visitors, not teachers were: Rev. W. F. Fulton, A. C. Chesher and wife, Jake Burkett.

For the lovely dinner service, all participants of the banquet are indebted to the ladies of the Presbyterian auxiliary, with Mrs. J. S. Hilliard acting chairman of the catering committee.

WILD CATS MEET LORENZO TEAM ON HOME LOT FRIDAY

Lorenzo High school will come to Littlefield next Friday (tomorrow) to meet the local high school "Wildcats" in the first home game of the season.

Lorenzo held the strong Floydada High school team to a close score last week and will be a tough assignment for Coach J. R. Tucker's red and white team when the two teams face each other at 2:30 o'clock Friday afternoon on the gridiron at the ball park.

"The entire high school student body will be out for the game, full of pep and enthusiasm, ready to give the team a real boost on their way to a district championship. Every business man in town should cut his force down for an hour and bring or send several representatives to the game. A real football team is one of the best advertisements a town can have and every person in town can have a part in making such a team this year by being out there to root and yell for that bunch of gridiron warriors while they are playing the game," said Prof. Boles in commenting on the forth-coming game.

ANTI-SMITH RALLY HERE

Announcement is made of an anti-Smith rally to be held in Littlefield Thursday evening, October 11, probably at the Baptist church.

Dr. Sandefer, president of Simmons University, Abilene will be the principal speaker of the evening.

Following the speaking, and organization of the pro-Hoover forces will be made. Everybody is invited to attend.

LADIES BIBLE STUDY
The ladies of the Church of Christ met Tuesday at 3:30 with only six members present.
We have begun Paul's Missionary Journey's.

The program for next week follows:
Song.
Scripture reading, Lev. 13.
Prayer, Mrs. Faust.
Lesson No. 43, "The Question of Circumcision." Acts 15.—Reporter.

A BIRTHDAY PARTY

Wednesday afternoon at 5:30 o'clock, little guests begin to arrive at the home of Mrs. W. P. McDaniel, to help surprise Bobby Barnes with pretty gifts and a birthday party, as this day was his sixth birthday.

Games were played on the lawn until refreshments of punch, animal cookies and a big white cake with six candles were served by the hostess, Bobby's aunt, Mrs. McDaniel, and Mrs. J. E. Barnes to the following little tots: Sunshine and Maurine Burleson, Mary Louise Seale, Virginia Walker, Mildred Gregory, Kyle Seale Billy McDaniel and the honored guest Bobby Barnes.

**STATE OF TEXAS
COUNTY OF LAMB**
To the resident freeholders and legally qualified voters under the constitution and laws of the State of Texas, of the hereinafter described subdivision and territory of Lamb County, Texas.

TAKE NOTICE that an election will be held on the 6th day of Oct., A. D. 1928, within the limits of the subdivision and territory of Lamb County, Texas, hereinafter described by metes and bounds, to determine if said subdivision and territory shall have a Stock Law, in obedience to an election order entered by the Commissioners' Court on the 13th day of August A. D. 1928, which is as follows:

**STATE OF TEXAS
COUNTY OF LAMB**
On this the 13th day of August A. D. 1928, the Commissioners' Court of Lamb County, Texas, convened in regular session, at the regular meeting place at the Courthouse at Olton, Texas, all of the Commissioners and members of said Court being present except S. D. Hay, to-wit:

E. N. Burrus, County Judge.
E. G. Walker, Commissioner of Precinct No. One (1)
C. A. Daniels, Commissioner of Precinct No. Two (2)
C. E. Strawn, Commissioner of Precinct No. Three (3)
and wherefore came on to be heard and considered the petition of J. W. Duke, and twenty-one others all resident freeholders and qualified voters under the constitution and laws of the State of Texas, of the hereinafter described subdivision of Lamb County Texas, for the purpose of determining the following proposition:

Whether or not horses, mules, jacks, jennetts, cattle, hogs, goats and sheep shall be permitted to run at large in the hereinafter described subdivision and territory of said County, and State to be effected by said election being described as follows to-wit:

Beginning in Lamb County, Texas at the North-east corner of Section 1, League 657.

Thence East along the North line of Sections No. 46, 47, 48, 49, 50, 56, T. A. Thomson to the Lamb and Hale Counties' line.

Thence South along the Lamb and Hale Counties line across Sections 55, 54, 51, 50, 46, 45, 40, 39, 34, 33, Block 1-R. M. Thomson and across Section 118 Block A-R. M. Thomson to the Southeast corner of Lamb County Texas.

Thence West across sections 118, 119, 120, 121, 122, 123, 124, and 125, along the South line of Lamb County to the Southwest corner of Section 125, Block A-R.M. Thomson.

Thence North along the West line of Section 125, Block A-R. M. Thomson Section 6, 5, 4, 3, 2, 1, Block 1-R. M. Thomson and Section 68, 57, 56, block T. T. A. Thomson and Track 240, 209, and 208, of the Subdivision of State Capitol League No. 652, Abner Taylor Original Grantee, to the North-east corner of Section, League 657, the place of beginning.

And it appearing to the Court that said petition is signed by twenty-two resident freeholders, and qualified voters, under the Constitution and laws of the State of Texas, and that said petitioners reside within the subdivision and territory of Lamb County Texas, above described.

And it further appearing to the Court that the above described subdivision and territory is situated and lies wholly within the territorial limits of Lamb County Texas, and does not overlap or embrace any part of a political subdivision or defined Stock Law District that has heretofore been established or incorporated, in a Stock Law District, and that a Stock Law has not been voted, and at this time a Stock Law is not in force on any part of said territory.

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said subdivision and territory on the 29 day of September, A. D. 1928, which is not less than thirty days (30) days from the date of this order, at which election the following proposition shall be submitted:

"Whether or not horses, mules, jacks, jennetts, cattle, hogs, goats, and sheep shall be permitted to run at large in the hereinafter described subdivision and territory of Lamb County, Texas.

The said election shall be held under the provisions of Chapter 5, Title 121, of the Revised Statutes of 1925, of the State of Texas.

All persons who are resident freeholders and qualified voters, under the Constitution and laws of the State of Texas, of said hereinabove described subdivision and territory, shall be entitled to vote in said election, and all voters desiring to support the proposition above stated, shall have written or printed on their ballot, the words:

"For the Stock Law"
And those opposing shall have written or printed on their ballot the words:

"Against the Stock Law"
The polling place and presiding officers of said election shall be, respectfully, as follows:

At Jack Fowler's home Lamb County Texas.
Election Judges J. W. Duke and J. W. Beckham.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections when not in conflict with the provisions of the Statute hereinbefore referred to.

The notice of said election shall be given by publication thereof for thirty (30) days before the day of election, in some newspaper published in Lamb County Texas.

The County Judge is hereby directed to cause said notices to be published as hereinabove directed and further orders are reserved until after the returns of said election are made by the duly authorized election officers and received by this Court.

E. N. BURRUS, County Judge of Lamb County, Texas.
Sept. 13, 20, 27, Oct. 4, 1928.

It's up to a man to sit down and contemplate a standing offer.

HONOR BRIDE-TO-BE

Mrs. H. B. Teal was hostess with a kitchen shower, last Tuesday afternoon, in honor of her sister-in-law, Miss Lois Teal, of Ralls, who is to be married soon.

As the guests arrived they were requested to write in the wish book, then followed contests of "pillow case race" and "floral love story." Prizes were then presented to the honoree by the winners of these contests. Miss Louise Baird gave a reading just before little Erma Louise Teal entered dressed as a little cook, pulling a covered wagon of yellow and white filled with gifts which she presented to Miss Teal. After the gifts were unwrapped and passed around the guests were invited into the dining room where the table was decorated with yellow tapers and a bowl of yellow dillias. Fruit punch and yellow and white angel food cake were served.

Miss Edith Ratliff, toasted the bride-to-be, and Miss Emma Ruth gave a toast to the girls left behind. Gifts were presented to Miss Teal by the following young ladies: Lora Arn, Emma Ruth Jones, Ratliff, Clara Wingfield, Fannie Over, Maurine Irvin, Vesta Loraine Still, Pat Dickey, Lora Clark, Lois Farquhar, Virginia of Ralls, Louise Baird, Sibyl Josephine Glenn, Jodie Lou Bernice Wales, Mesdames Carl nold, W. T. Jones, Jr., and the ess.

NEW VALUE
Brings New Heights
of Public Favor

As a result of the new value offered by today's Pontiac—as a consequence of its greater power, higher speed and smarter style—this low priced six is winning great new heights of public favor.

Pontiac Six now provides new motoring luxury. Staunch, beautiful bodies by Fisher—smaller, sturdier wheels with larger tires—an engine of 186-

cubic inches displacement—the cross-flow radiator—the G-M-R cylinder head . . . all these and many other advancements are emphasized by the performance supremacy resulting from new carburetion and manifold.

That's why today's Pontiac Six is attracting thousands of new buyers. That's why it is winning leadership in the low-priced six-cylinder field.

ADVENTURES IN THE KITCHEN!

They say that if a girl is beautiful, it isn't so necessary she be a good cook! But too Mother Nature gives the hair and the baby dimples somebody else's daughter. And if you are a wise mother, teach your daughter other ways of being attractive—among them is the old, old one, of being pretty at home over a kitchen.

Little Mrs. Percival had always been, in her gentle way, why not, her only child, had inherited all the late Mr. Percival's traits, and none of her mother's. She had been a rough-tumble baby; she had been a boy little girl. And now, at twenty, she was affecting a sleek and wearing horn-rimmed glasses and threatening to study.

Mrs. Percival had seen to it, ever, that Marion, in spite of masculine looks, could cook a fit for a king. And when she finally tumbled head over heels in love with a young man, she seemed a bit afraid to fall in with her, gentle little Mrs. Percival, armed herself for battle, sallied forth.

The Kitchen Club Helped Mrs. Percival was called into the kitchen, without being told the reason for the sudden change. Mrs. Percival's kitchen was a most delightful, most feminine description of it in Nancy's notebook.

A young man was invited to Mrs. Percival's kitchen as a guest. Mrs. Percival came down with a headache, and Marion solved the problem of entertainment while she cooked dinner. It was with his going to the kitchen and discovering there a young man, that he was not at all what he seemed.

How do you know the rest—"Here Comes the Bride," and all that. And the Kitchen Club never knew that it had called upon to play Cupid!

FIRES AND THEIR CAUSES

Over 60 per cent of the number of fires take place in homes, which means a home fire for every four minutes in the day. Each day there are, on the average, five schools, five churches, fifteen hotels, one hospital, four warehouses, three printing plants and three dry goods stores are destroyed by fire.

It is estimated that 85 per cent of all fires are caused from carelessness, and this is the one thing that must be eliminated from our daily lives in order to bring about a reduction of our fire loss. "Fire prevention" is the means by which carelessness may be eliminated.

The Causes

The six causes having the largest

Just Like An Ostrich

A medical authority says that a person who tries to cover up skin blemishes and pimples with toilet creams and powders is just as foolish as an ostrich that buries its head in the sand to avoid danger. Skin eruptions are nature's warning that constipation is throwing poisons into your blood stream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up your disfigured skin. The best way to do this is with a course of Herbine, the vegetable medicine that acts naturally and easily, which you can get at Stokes & Alexander Drug Company.

amounts of loss are as follows for the year 1927:

The cost of carelessness in handling matches, cigars, cigarettes and other smokes, was \$37,700,292. It cost \$28,289,523 to pay for the losses occasioned by defective chimneys.

Stoves, furnaces, boilers and other pipes caused a toll of \$27,471,393. Spontaneous ignition caused a loss of \$19,373,515.

Sparks on roofs destroyed \$17,716,184. Carelessness in handling electricity and electrical appliances caused a loss of \$17,229,129.

Mrs. Russel visited Mr. and Mrs. Lindae in Plainview last week.

Mrs. W. W. Barbarick's mother and daughter, Blanche, have returned home from an extended visit to Big Spring and Brady.

Elder G. A. LaGrove, Adventist minister from Amarillo, occupied the pulpit at the church Saturday night, Sunday and Sunday night. Ben Gann and Ben Branner have returned from a three week's recup-

eration at Hot Springs, New Mexico.

The whirring of the corn binder and a glance at the register on the pressure cooker is significant of the thrift in Spade community.

Henry Rowe, who has been in a Lubbock hospital the past few weeks, is at home convalescing nicely.

The contest between the blue and yellow ribbons of the young peoples Sunday school class was decided a tie. Therefore they will entertain each other to a weiner roast in the Sand Hills, Tuesday night.

A large crowd witnessed the baptizing of Mrs. S. E. Darby, the fourth Sunday after noon at Hart's camp. Rev. Embree, of Plainview, officiated.

Mrs. Carrie Collins, who has been visiting with her daughter, Mrs. Ethel Stewart, left Wednesday for Roswell, New Mexico, where she will visit some time with another daughter, Mrs. M. V. Bridge.

Home Builders Meet

The Home Builders club met with Mrs. W. W. Barbarick last Wednesday afternoon with seven members present. Two new members, Mrs. Odie Yeager and Mrs. Marshall Blewitt, were taken into the club.

After an interesting program, fruit salad, cake and cocoa were served to the club members and a number of

visitors.

Mrs. Barbarick is an admirable hostess. The next meeting will be with Mrs. W. A. Fitch, Oct. 17th.

MRS. LICHTER ENTERTAINS

Mrs. Otto Lichte was hostess Wednesday afternoon at a miscellaneous shower in honor of her sister, Mrs. N. H. West.

After the many pretty gifts had been unwrapped and looked at, the hostess served refreshments of cakes and lemonade to the following guests: Mesdames Baird, Floyd Wynn, L. W. Wynn, Weatherly, Ed Aryan, Ed Anderson, Smith, Elbert Kemp, Carroll, Theford of Pampa, Ellis Foust, the honoree, Mrs. West, and the hostess.

HAMMOND INFANT DIES

Monday afternoon at five o'clock the infant baby boy of Mr. and Mrs. Tony Hammond, died at their home seven miles northeast of Littlefield.

Interment took place at the Littlefield cemetery with Smith-Hammons undertakers, in charge of the funeral arrangements.

Plenty of MONEY To Loan!

I make loans on Improved Farms at 50 per cent of their value. Our loan limit, so far, is \$60.00 per acre on farms, and city property, based on it's actual value. I will take up and extend Vendor's Lien notes or loan you money to help build a home. Our plan of payment is easier than rent. If you need money to put over any legitimate proposition I will be glad to discuss it with you.

JESS MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Whatever thy hand findeth to do, do with all thy might.—Ecc. 9:10.

Our grand business undoubtedly is, not to see what lies dimly at a distance, but to do what clearly lies at hand—Carlyle.

BE A GOOD AMERICAN

We are quite a way from election day, but it is not too early to pledge yourself that this year, come what may, you will cast the vote to which you are entitled.

A good American is one who votes. A man may otherwise be a good citizen, loyal and patriotic, but unless he votes he is not doing his duty toward American institutions.

In the presidential election in 1920 only 49 per cent of those entitled to vote went to the polls. There was a slight improvement in 1924, yet even then only 51 per cent of the eligible voters went to the polls. Older citizens of Littlefield can recall that people used to take greater interest in elections, and figures will bear them out. In the campaign of 1896, for instance, nearly 80 per cent of the qualified voters cast their ballots.

These figures call for thoughtful consideration of all good citizens. The usual drive to get out the vote will be made this year. It should have the support of all good citizens. The people who solicit voters to go to the polls and vote should not be put off with a vague promise which is not intended to be kept. They should be received cordially as individuals who are trying to do the country a good turn, and this reception should be followed up by the actual voting.

The man who doesn't vote has little cause to offer criticism as to how the country is governed.

If agricultural plants got along as well as automobile plants there would be no need for farm relief.

BETTER WATCH OUT

Auto clubs over the country are being notified of the arrest in New York of an organized gang of fake tire retreaders.

They have been melting up old rubber shoes, boots, garden hose and the like, pouring it into the moulds they had secured from a firm that had quit business, and, wrapping them the same way as tires come from the factory, they have been peddling them and even selling them by parcels post at prices far below those charged for tires of standard brands.

The clubs are informed that this fake retreading process is spreading to other sections of the country, and club officials are asked to warn motorists to be on their guard.

Buy tires only from a reputable local dealer, is their warning. Don't deal with a tire peddler, and if you feel you must order them by mail be sure it is from a house with a reputation for honesty. But if you want to be wholly safe—if you want to be absolutely sure of what you are getting—buy tires from someone in your home town. Do this and the "gyp" tire promoters will soon be put out of business.

A scientist predicts milk will soon be made from grass. To start a creamery all you'll need will be a lawn mower.

SHOW HIM THIS

The next time you hear an enthusiastic Littlefield motorist talking about those days of "cheap transpor-

tation" spring this on him.

Inform him that account books kept by Christopher Columbus, and still preserved, show that the total cost of discovering America was \$17,000.

Columbus, as admiral of the fleet of three boats, was paid \$300 a year for his services. His sailors were each paid \$30 a year. The food allowance was figured at about five cents a day for each sailor. The wages paid to the three crews and the pilots for the entire voyage which lasted from August to the following May, amounted to about \$4,400.

Of course, if Chris could have come across in auto busses he might have saved a lot of money, but even then his hot dog and filling station and garage expenditures would probably have been as much as the entire trip cost him by boat.

THE THINKER

Under the spreading chestnut tree
A stubborn auto stands;
The smith an angry man is he,
With trouble on his hands.

The carburetor seems to be
The cause of all his woe;
He tightens half a dozen bolts,
But still it doesn't go.

He sits beside the road to give
His brain a chance to cool,
And wonders on his training at
The correspondence school.

And then he starts his job once more
And just by chance 'tis seen
The cause of all his trouble is
He's out of gasoline.

The Chaser.

LITTLE LEADERS

The Littlefield man who takes his grouch home never carries much candy to the children.

About all a birthday means to the average Littlefield man is a day on which he gets a new necktie.

The most enjoyable feature of farm life to some fellows around Littlefield is knocking off Saturday and coming to town in the flivver.

Most women are worried more over getting a wing on their hat than they are over getting a pair on their shoulders.

Job had his troubles, but they were no greater than the trouble a Littlefield man encounters when he tries to unscrew the top off of a fruit jar.

It never takes a Littlefield father and mother long to reach the conclusion that the meanest boy in the neighborhood doesn't belong to them.

Why is it some Littlefield men will vote against a thing not because they don't favor it, but because they don't like someone who is voting for it?

We don't suppose there is a man in Littlefield who isn't sure he could become famous if he wasn't so busy trying to make a living.

City taxes are now due—and that is no josh!

Everything seems to get delayed in the mails this week, except bills.

The woman on XIT drive insists that if the workmen don't quit squirting water on the newly laid pavement it never will get hard enough to ride on.

A negro was working on the top of Sam Rumbach's two story brick building last week and accidentally dropped a brick on the head of another negro working on the ground. Of course, he became indignant and

yelled to the one above: "Be a little more careful up thar. That brick hit me and made me bite mah tongue."

"My memory goes back to the time," says W. S. Brandon, "when if a neighbor woman told how many quarts and pints she puts up you'd know she meant fruit."

Clay Pumphrey was wondering the other day what had become of the old fashioned man who let his cow graze on the railroad track when he couldn't sell her.

The small daughter of a Littlefield professional gentleman, of rather rosy and corpulent, remarked to him the other day: "Daddy, you've quit growing at both ends, haven't you?"

"Yes, daughter," replied the august father.
"But not in the middle, have you Daddy?"

"We've got a new baby at our house!" The speaker was a little four year old tot in one of the Littlefield Sunday schools last Sunday. "But it can't talk," she continued. "I wonder why."

"Babies can't talk very young," explained the teacher.

"But, some of them do. Mother read in the Bible the other day where Job cursed the day he was born."

Will Rogers Says-

You can't hardly get a man to do anything for you these days in politics without offering him a Cabinet position. I been giving a mighty lot of thought to my Cabinet and I find that every rich man now pictures himself as another Mellon. The rich man used to think that he would be slumping if he mixed himself up with any of those Pumpkin Seed jobs, like a Cabinet officer, but Mellon stepped out and got so much publicity that all the rest began to think, "How long has this been going on?"

I have made a lot of promises, but they were only political promises, and I have no idea of keeping any of them. I can promise the best Cabinet of any of them, Henry Ford would be my secretary of the Treasury, he would make us forget that illumium pays as well as shines, and

as for General Motors and Raaskob and that gang, we would cut our profit to \$300.00 a car and put them right out of business. Say, Ford could take our little dab of money, that our Treasury has, and let him handle it a little while and he would have us out of the Red by Xmas. And as for my Secretary of State, what's the matter with using Coolidge? He knows everything that a Secretary of State does and I believe if a man could get him he'd be worth the money.

So with Calvin and Henry in there I got the nucleus of a pretty snorty cabinet. You see I am in a position to get the best talent available. I have no Campaign Manager to take care of. And there are no "president makers" in our Anti-Bunk party that has to be rewarded. I'm self-made.

There is some fellow named "Vox Poppuli" or something like that, I don't know who he is, but I want him for Post Master General, he writes more letters than anybody.—WILL ROGERS.

DOCTOR FRANK CRANE SAYS

THE SNAKE BITE

One by one our traditions are destroyed.

Historians have thrown doubt upon the stories of Romulus and Remus, William Tell and other figures of the past.

Cold and heartless scientists tell us that there is nothing to planting potatoes in the dark of the moon, that the number thirteen is some baneful superstition, and that you can walk under a ladder or carry an open umbrella in the house all you please and it won't hurt you. They have even suggested that Friday is quite as likely to be fortunate as unfortunate.

And now comes the old belief that in firmly fixed in all of us, that a good dose of whiskey will cure a snake bite. A great many have kept nicely cornered for fear that they might accidentally get bitten some time by a snake; but Dr. Afrain do Amaral, director of the world famous Snake Serum Institute at Butant, South America, not only says that alcohol is not a remedy for a snake bite as was heretofore almost as firmly fixed in our belief as any of the 13 articles, "but on the contrary alco-

holic liquors are harmful to persons bitten by venomous snakes."

What alcohol does to you is to quicken the circulation. This spreads the venom more rapidly throughout the system. Therefore, the administration of alcohol but increases the danger from snake poisoning.

The best thing to do when bitten by a rattlesnake is to make a tourniquet above the bite in order to obstruct as much as possible the circulation of the blood from the bitten area.

The trouble with alcohol in its every phase is that it is the arch deceiver of humanity. It deceives people into believing they are having a good time. It is the ingredient of almost all patent medicines that profess to cure everything, but really cure nothing. It gives the mental worker a false brawn. It is the worthy son of that gentleman who is described as "the father of lies."

Texas is the leading state in number of sheep, number of mules, number of beef cattle and number of goats.

WEEVIL IN BREAKFAST FOOD

No matter how careful you are, you will sometimes find weevil or worms in packages of cereal, in the flour bin or on dried fruits or nuts.

These pests come from minute eggs deposited probably before the package was sealed, or before the food entered the kitchen.

Destroy all badly infected food and any paper containers. Wash and scald the flour bin and other permanent containers before using them again. Never leave cereals when going away from home for any length of time. One weevily package will contaminate everything else the insects can reach.

SUPPOSE YOU TRY THIS

Put down the number of the month in which you were born, then multiply it by 2, then add 5, then multiply it by 50, then add your age, then subtract 365, then add 115. The two right figures should be your age, and the remainder the month of your birth.

Be Careful with Your Buying!
Most people are very careful about their banking. They are particular about the bank they patronize. They want to know that their money is securely placed. To loose the results of years of hard labor is no small matter.
People who loan money are particular about the rate of interest they receive. They figure closely the difference between six and eight per cent—and it amounts to considerable in the course of time.
People should be just as particular in the purchase of their Groceries. Food is necessary to life; but why pay more for it than necessary? Other things being equal—such as quality and freshness—you owe it to yourself to buy as cheaply as possible. Remember, a dollar saved (no matter how you save it) is a dollar made.
Buy your Groceries at the M System Store and you will save money. The saving will amount to eight per cent interest on several hundred dollars in the course of a year's buying.
WHY NOT MAKE INTEREST ON YOUR GROCERIES AS WELL AS YOUR MONEY!

COLLEGE NEWS
 Teachers and students are getting
 fairly well arranged. The schedule
 is perfected and classes are meeting
 regularly. The character of the work
 and the disposition of all guarantee
 to us a pleasant and profitable ses-
 sion.

The College cafeteria, under the
 management of L. A. Gastinel with
 the help of his wife, is being run up-
 on an economical and satisfactory
 basis. The people of the community
 are invited to come out and judge for
 themselves. "The test of the pudding
 is in the eating."

The president's home on the col-
 lege campus is undergoing thorough
 exterior and interior decoration, and
 will be ready for occupancy within
 a very few days.

Tuesday's rain convinced some of
 our people from East Texas and parts
 of other states that it can rain on the
 Plains. Fortunately for us in the ab-
 sence of concrete walks, the campus
 is covered with a heavy native sod,
 which will keep us well on top till
 walks can be built.

Mr. and Mrs. Jno. R. Freeman, who
 were in Lubbock Monday, report that
 Jewell Martin, who recently under-
 went an operation for appendicitis,
 is rapidly recovering. She will likely
 return to her home at Petersburg,
 about the middle or last of the week.

E. J. Stone, of Celina, and Z. C.
 Thompson, of Denton, visited with re-
 latives here this week and looked
 the town and community over with a
 view to locating for business and
 school advantages. Mr. Stone is a
 prosperous farmer and Mr. Thompson
 is a traveling salesman of unusual
 merit.

Chas. W. Watkins, who is now in
 a meeting at Levelland, visited friends
 on the college campus Sunday after-
 noon. He hopes to move to Littlefield
 in the near future.

A Mr. Stout of near San Angelo,
 bought lots in the south part of town
 and will build soon. He is coming for
 educational advantages.

 Mrs. C. C. Clements entertained
 the ladies of the auxiliary Tuesday
 afternoon.

The ladies voted to meet at two
 o'clock p. m., beginning next week
 in order to work on their sewing for
 the bazaar in December.

The roll call next week is to be a
 verse from the first Psalm.
 Mrs. W. O. Stockton gave a very
 interesting lesson on Alaska and what
 our missionaries are doing there.

The hostess served dainty refresh-
 ments of sandwiches, cake and coffee
 to the following:
 Mesdames Underwood, Miller, Hills,
 Cates, Porcher, Cook, Stockton, Hill-
 liard, Wiseman, Chesher, Cobb, and
 Miss Lulu Hubbard.

The meeting next week will be with
 Mrs. Hilliard.

**WHAT IS DOING IN
 WEST TEXAS**
 Twenty thousand dollars have been
 subscribed to a \$75,000 hotel for Mer-
 kel. According to plans, \$40,000 is
 needed before the hotel building will
 start.

The Commissioners Court of Floyd
 county in session recently let the con-
 tract for the paving of the four
 four blocks around the square. The
 cost will come out of the 25 cent
 maintenance and improvement tax.

John M. Gist, fancy Hereford breed-
 er of Odessa, recently sold 40 head
 of six months old bulls to Marfa breed-
 ers for \$250.00 a head. The 40 were
 of a herd of 100, the balance of
 which will be groomed for late fall
 shows.

A campaign to solicit \$100,000
 stock subscriptions for the erection
 and equipment of a powdered milk
 plant at Brady recently got under
 way. The plant is to cost \$200,000,
 but one half the capital is to be fur-
 nished by foreign interests.

Farmers in the immediate vicinity
 of Olney are taking advantage of the
 employment of a county agent to
 learn about terracing, caponizing, and
 culling, through demonstration.

The cotton compress at Turkey
 built at a cost of \$100,000 is induc-
 ing many farmers to bring their cot-
 ton to that thriving South Plains town
 Turkey has four gins which give ex-
 cellent service.

Roby public schools lay claim to
 having the unique distinction of serv-
 ing 100 sections of land. The school
 has had a phenomenal growth and its
 scholastic and athletic records draw
 recognition all over the state.

Grading work on Highway No. 91
 through Hale County is progressing
 steadily according to accounts from
 Plainview. It is expected that the
 road will be ready for paving on
 schedule time.

Wheeler is proud of the fact that
 thirteen carloads of dressed poultry
 and ten carloads of live poultry have
 been shipped out of Wheeler county
 which until recently was considered
 fit only for cattle grazing.

A check of the building program in
 Dublin reveals expenditures in excess
 of \$100,000. These include \$50,000
 by a products company, \$35,000 by
 the Katy Railroad, a \$10,000 cream-
 ery and \$3000 fair exhibits.

A building 27 feet by 100 feet,
 built of brick with concrete floor will
 house the Lockney Beacon at Lockney
 soon. Part of the building will be
 available for meetings of organiza-
 tions without buildings.

CONCENTRATION OF EFFORT NECESSARY FOR PERSONAL PROGRESS IN THIS LIFE

By E. W. STRAUS, President American Society for Thrift.

We hear the statement made now and then that such a man has a "one-track mind." Whether such a characterization is intended as criticism or compliment, the fact remains that the power of concentration is a valuable possession.

Nothing worth while was ever accomplished without concentrated effort. This rule applies with special force to the administration of one's personal affairs. Those who scatter

their efforts and give their time to all sorts of activities and enterprises are not apt to gain satisfactory results.

Observation in any community will show that those who are succeeding best in life are to a great extent men of single purpose. A study of the careers of the successful men of this or of any other country will bear testimony to the same truth.

This does not mean there is any virtue in selfishness or in a narrow attitude toward life. Successful men keep themselves in a receptive mood to changing conditions in order that they may not get out of step with the marching feet of progress.

But it is lack of thrift—a sheer waste of time, effort, opportunity and money—not to have one outstanding purpose in life—one outstanding plan—and bend every effort accordingly. It is always better to do one thing well than to do many things poorly. It requires will power and strength of character to stick to a given purpose. It is the weakling—the potential failure—who follows over the line of least resistance, enthusing over one project today and casting it aside for another one tomorrow.

Doctors Disagree

When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old fashioned remedy, which you can get at 35c per bottle from Stokes & Alexander Drug Company.

CHIROPRACTIC

When some nerve gets squeezed by slip of the spine
Vital energy's reduced along that nerve line.
Distress of the body will appear here and there.
Spinal adjustment gives the needed repair.
All that is needed is just the bare hands.
This the Chiropractor's trained to do. He understands.

STATEMENT OF THE OWNERSHIP MANAGEMENT, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, Of Lamb County Leader, published weekly at Littlefield, Texas, for October, 1928.

State of Texas,
County of Lamb.

Before me a Notary Public in and for the State and county aforesaid, personally appeared Jess Mitchell who having been duly sworn according to law, deposes and says that he is the editor and owner of the Lamb County Leader, and that the following, is to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, to-wit:

That the name of the publisher, editor, managing editor and business manager is Jess Mitchell, Littlefield, Texas.

That the owner is Jess Mitchell. That there are no bondholders, mortgagees or other security holders of any kind.

—JESS MITCHELL.

Sworn to and subscribed before me this 3rd day of October, 1928.

E. A. Bills.

(Seal)

My Commission expires June 1, 1929.

The world is a beautiful book, but of little use to him who cannot read it.—Goldini.

CITY GARAGE

METHODIST MISSIONARY

The Methodist Missionary ladies met Monday afternoon at the Methodist church with the president, Mrs. B. L. Cogdill, in charge of the meeting.

Mrs. G. S. Glenn was leader of the lesson on the fourth chapter in the book of "Women and the Kingdom," and was assisted by Mrs. A. G. Hemphill, Mrs. H. B. Teal and Mrs. Cogdill.

After the lesson, the plans for the bazaar, which is to be held the 15th of December, was completed, and the Zone meeting, which is to be held next Monday afternoon, starting at 1:30, was discussed and all the members who can are urged to be at the church at 9:30 Monday morning to help clean up the church.

The members who were present at this meeting were: Mesdames A. G. Hemphill, B. L. Cogdill, Lakey, Fondra, Griffey, G. S. Glenn, W. H. Gardner, Dow, W. C. Thaxton, George Turrentine, W. T. Kirk, Luther Kirk, Pace, and Carl Arnold.

SUNDAY SCHOOL MEETING

The Fidelis Sunday school class of the Baptist church has been re-organized with the following officers: Thelma Killough, teacher; Josie Hilbun, president; Leone Jordan, membership chairman; Elsie Mitchell, social chairman; Polly Porter, devotional chairman; Corinne Wright, secretary and reporter.

The class extends a cordial invitation to all the young ladies of the vicinity to come and become a member.

SAVING KITCHEN STEPS

If you diagram the paths you travel in doing ordinary kitchen work lines would cross and recross other needlessly. Sometimes a change in arrangement will save many steps.

Four main kitchen activities—low each other every day, and several times a day; food preparation, serving and clearing away dishes, dishwashing. Compact centers—these four jobs should follow same order around the room, usually from left to right.

Equipment should be placed accordingly. Needed vessels should be at each work center, and there should be good window light and artificial light for any task.

Gladys (sweetly), "Just as soon as you build a house on it, Big Boy!"

She Knew Her Flies

"If there were four flies on the table and I killed one, how many would be left?" asked the teacher.
"One" said the bright little girl, "the dead one."

It is said that a man and wife can get along nicely as life partners if they can avoid being card partners.

A stumbling block is only a stepping stone to a real man.

FIRE ACCIDENT THEFT

"It is better to be always prepared than to suffer once."—Latin
CAUTION IS THE PARENT OF SAFETY!

Think of the tremendous odds against you, if you do not protect yourself with insurance.

Insurance is your safest protection against all hazards. The cost of Fire, Theft, Accidents and all kinds of Insurance is mighty small, compared to the benefit derived and the feeling of safety and protection it provides.
